SEC. ____ . WORLD LANGUAGE ADVANCEMENT AND READINESS.

(a) FINDINGS.—Congress finds the following:

(1) The national security of the United States continues to depend on language readiness, in particular among the 17 agencies of the intelligence community.

(2) The levels of language proficiency required for national security necessitate long sequences of language training for personnel in the intelligence community and the Department of Defense.

(3) The future national security and economic well-being of the United States will depend substantially on the ability of its citizens to communicate and compete by knowing the languages and cultures of other countries.

(4) The Federal Government has an interest in ensuring that the employees of its departments and agencies with national security responsibilities are prepared to meet the challenges of this changing international environment.

(5) The Federal Government also has an interest in taking actions to alleviate the problem of American students being inadequately prepared to meet the challenges posed by increasing global interaction among nations.

(6) American elementary schools, secondary schools, colleges, and universities must place a new emphasis on improving the teaching of world languages, area studies, counterproliferation studies, and other international fields to help meet those challenges.

(7) The United States needs more people to speak languages other than English in order to provide social and legal services for a changing population.

(8) The study of a second language has been linked to improved learning outcomes in other subjects, enhanced cognitive ability, and the development of empathy and effective interpretive skills. The use of a second language has been linked to a delay in certain manifestations of aging.

(9) The United States lags behind most nations of the world, including European nations and China, in the percentage of its citizens who have some knowledge of a second language.

(10) According to the American Academy of Arts and Sciences Commission on Language Learning, Native American languages are distinct in political status and history and should therefore receive targeted support to ensure their retention in alignment with the Native American Languages Act (25 U.S.C. 2901 et seq.).

(b) WORLD LANGUAGE ADVANCEMENT AND READINESS GRANTS.—

(1) PROGRAM AUTHORITY.—The Secretary of Defense, in consultation with the Director of National Intelligence and the Secretary of Education, shall carry out a program under which the Secretary of Defense makes grants, on a competitive basis, to State educational agencies and local educational agencies to pay the Federal share of the cost of innovative model programs providing for the establishment, improvement, or expansion of world language study for elementary school and secondary school students.

(2) DURATION.—Each grant under this section shall be awarded for a period of 3 years.

(3) REQUIREMENTS FOR STATE AND LOCAL EDUCATIONAL AGENCIES.—

(A) GRANTS TO STATE EDUCATIONAL AGENCIES.—In awarding a grant under paragraph (1) to a State educational agency, the Secretary of Defense shall support programs that promote systemic approaches to improving world language learning in the State.

(B) GRANTS TO LOCAL EDUCATIONAL AGENCIES.—In awarding a grant under paragraph (1) to a local educational agency, the Secretary of Defense shall support programs that—

(i) show the promise of being continued beyond the grant period;

(ii) demonstrate approaches that can be disseminated to and duplicated in other local educational agencies; and

(iii) may include a professional development component.

(4) FEDERAL SHARE.—

(A) IN GENERAL.—Except as provided in subparagraph (B), the Federal share under this section for each fiscal year shall be 50 percent.

sion on Language Learning of the American Academy of Arts and Sciences.

(C) RESERVATION.—The Secretary of Defense may reserve not more than 5 percent of funds made available to carry out this section for a fiscal year to evaluate the efficacy of programs that receive grants under paragraph (1).

(6) APPLICATIONS.—

(A) IN GENERAL.—To be considered for a grant under paragraph (1), a State educational agency or local educational agency shall submit an application to the Secretary of Defense at such time, in such manner, and containing such information and assurances as the Secretary may require.

(B) SPECIAL CONSIDERATION.—The Secretary of Defense shall give special consideration to applications describing programs that—

(i) include intensive summer world language programs for professional development of world language teachers;

(ii) link nonnative English speakers in the community with the schools in order to promote two-way language learning;

(iii) promote the sequential study of a world language for students, beginning in elementary schools;

(iv) make effective use of technology, such as computer-assisted instruction, language laboratories, or distance learning, to promote world language study;

(v) promote innovative activities, such as dual language immersion, partial world language immersion, or content-based instruction; and

(vi) are carried out through a consortium comprised of the agency receiving the grant, an elementary school or secondary school, and an institution of higher education (as that term is defined in section 102 of the Higher Education Act of 1965 (20 U.S.C. 1002)).

(c) DEFINITIONS.—In this section:

(1) ESEA TERMS.—The terms “elementary school”, “local educational agency”, “secondary school”, and “State educational agency” have the meanings given the terms in section 8101 of the Elementary and Secondary Education Act of 1965 (20 U.S.C. 7801).
