

EXTENSIONS OF REMARKS

RECOGNIZING ELLEN CRAIN OF
BUTTE

HON. GREG GIANFORTE

OF MONTANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 27, 2019

Mr. GIANFORTE. Madam Speaker, I rise today to honor Ellen Crain of Butte for her 29 years of service as the Director of the Butte-Silver Bow Public Archives and for transforming the public archives into a renowned source of research and community pride.

Ellen, a native of Butte, began her work as director of the archives in 1990. She immediately set out to acquire additional collections of historical documents, maps, books, and articles. Outgrowing their current location, the old Butte Fire Station No. 1, Ellen led an expansion project in 2007. Butte-Silver Bow voters overwhelmingly supported her efforts and passed a \$7.5 million bond for the archives.

The project included the renovation of the historic fire department station that had been home to the archives since 1981, and an expansion of two archival vaults and a community meeting space.

Under Ellen's leadership, the Butte-Silver Bow Public Archives has become a recognized source for research. Approximately 5,000 academic and family historians visit each year from all over the world. The community room is a busy place with bi-weekly brown bag lunches attracting large audiences and well-known speakers. Outreach efforts include workshops on preserving family archives and connecting with various ethnic populations in the community.

"Butte has had such a historic impact" said Ellen. "Much of the copper that electrified the country came from Butte. Hand-in-hand with that is the historic contributions to organized labor from a diverse ethnic population. It is such an honor for me and my staff to represent Butte. We are always uncovering new ways to look at old stories."

Madam Speaker, for her leadership and dedication to preserving Montana's historic impact on the country and the world, I recognize Ellen Crain for her spirit of Montana.

IN HONOR OF NATIONAL
SUNGLASSES DAY

HON. MICHAEL C. BURGESS

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 27, 2019

Mr. BURGESS. Madam Speaker, I rise today to recognize National Sunglasses Day and the importance of eye protection in the summer and throughout the year.

Unprotected exposure to UV rays may lead to serious vision problems including short-term issues such as sensitivity to light, trouble seeing, sunburn of the eyes or eyelids, irritated eyes, and red or swollen eyes—in addition to

serious long-term issues. Thankfully, this damage can be prevented. Manufacturers and suppliers in Texas and around the country that provide sunglasses with UVA/UVB protective lenses are helping to equip Americans to protect their eyes.

In the case of eye care, prevention through protection is critical. As a physician, I commend the Vision Council for its work to educate Americans on the importance of healthy vision. On National Sunglasses Day, we are reminded that everyone can take easy steps to protect our eyes.

INTERNATIONAL MOTOR SPORTS
ASSOCIATION (IMSA)

HON. MICHAEL WALTZ

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 27, 2019

Mr. WALTZ. Madam Speaker, since the 1940s, Daytona Beach has been the premiere destination for auto racing.

Fifty years ago, Bill France, Sr. and John and Peggy Bishop laid a foundation that today supports one of the most prominent auto racing organizations in the world—the International Motor Sports Association. What began as a sanctioning body for a Formula Ford and Formula Vee race at Pocono Raceway has grown to become an international powerhouse specializing in world-class sports car competition.

This year, IMSA, based in Daytona Beach, turns 50. It comes from humble beginnings. The IMSA started as a race with fewer than 330 attendees has expanded by leaps and bounds over the last 50 years now boasts some of the largest attendance numbers in its history.

Here in my district, we understand the excitement and the benefits of our car racing. IMSA has been an important piece of our community, debuting its Grand-Am road racing circuit in 2000 at Daytona.

This year, the IMSA will lead seven motor-sports platforms and deliver live coverage to racing fans all over the world.

It's an honor to recognize the IMSA and their contributions to our district and the racing community. I'd like to congratulate them on 50 years worth being proud of. Here's to many more.

IN SUPPORT OF THE SHERRILL
AMENDMENT NO. 191 TO H.R. 3055

HON. MIKIE SHERRILL

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 27, 2019

Ms. SHERRILL. Madam Speaker, today I rise today in support of the en-bloc amendment, and to thank the Interior and Environment Appropriations Subcommittee Chair-

woman, Ms. MCCOLLUM, for including the Sherrill Amendment No. 191 in the en-bloc package.

My amendment ensures that the EPA will continue to provide adequate funding, \$8 million, for the Children's Environmental Health and Disease Prevention Research Centers.

The Children's Centers have made profound contributions to our scientific understanding of how exposures to chemicals and pollutants uniquely impact children and pregnant women. Researchers working in the Children's Centers study how environmental exposures are linked to adverse health outcomes such as poor birth outcomes, behavioral and learning deficits, respiratory issues, and childhood cancers.

All children deserve a healthy environment where they can grow and thrive. It is imperative that we support the research necessary to understand how our environment impacts children and families' health and wellbeing.

I am concerned that the grants that currently fund thirteen Children's Centers are set to expire in July and that no announcement has been made to indicate renewed funding. To ensure that these valuable programs can continue, I am offering an amendment and asking the House of Representative to vote in strong support of the Children's Centers and their important work.

I thank Interior and Environment Appropriations Subcommittee Chairwoman MCCOLLUM and Ranking Member JOYCE for their leadership in adopting this important provision.

COMMERCE, JUSTICE, SCIENCE,
AND RELATED AGENCIES APPRO-
PRIATIONS ACT, 2020

SPEECH OF

HON. WILLIAM R. KEATING

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Monday, June 24, 2019

The House in Committee of the Whole House on the state of the Union had under consideration the bill (H.R. 3055) making appropriations for the Departments of Commerce and Justice, Science, and Related Agencies for the fiscal year ending September 30, 2020, and for other purposes:

Mr. KEATING. Mr. Chair, as many of bridges across the nation are reaching the end of their useful lives, it is important for the Department to prioritize funding for the design of new structures needed to replace these out of date and outmoded bridges. This is most critical for bridges that constitute essential components of evacuation routes, such as our two Cape Cod bridges. When these structures are owned by the United States Government, we have both a legal and a moral responsibility to ensure that they are adequate to the demands put upon them.

In my district, nearly 250,000 of my constituents live on the peninsula of Cape Cod and the Islands of Martha's Vineyard and Nantucket. In the event of an emergency, these citizens' only available evacuation route is
