Happy Pride Month.

GUN VIOLENCE AWARENESS
MONTH

HON. JOYCE BEATTY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 27, 2019

Mrs. BEATTY. Madam Speaker, I rise today to recognize June as Gun Violence Awareness Month.

So far this year, nearly seven thousand Americans have been killed and almost twice as many injured at the hands of gun violence.

Even more shocking, there have been 190 mass shootings across the country—in Shreveport, Philadelphia, Louisville, and Des Moines just within the last week.

Gun violence is a uniquely American epidemic, but unfortunately, failure to act has also been uniquely American.

Congress failed to act twenty years ago after Columbine, again twelve years ago after Virginia Tech, or after Sandy Hook, the Pulse Nightclub, Las Vegas, or Parkland.

Thankfully, the new Democratic majority has passed the first gun violence prevention bills in a generation.

Whether it's those bills or my SAFER Now Act (H.R. 282), Congress must continue our work "For the People" and act to prevent one more American from falling victim to gun violence.

HONORING AMERICA'S DAIRY
FARMERS DURING NATIONAL
DAIRY MONTH

HON. JAMES R. BAIRD

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 27, 2019

Mr. BAIRD. Madam Speaker, I rise today to recognize our nation's dairy farmers. Since 1937, the month of June has been set aside to celebrate National Dairy Month.

The dairy industry, and the products it produces, is extremely important to the agricultural sector and hundreds of millions of Americans and consumers around the world. It generates \$38 billion of direct wages for 3 million jobs on 37,000 family-owned dairy farms and related industries.

But times have been tough in recent years with narrow margins and low to no profitability. In fact, this is the fifth consecutive year that we've had low prices, pushing 2,700 dairy farmers out of business in 2018.

That's why USDA's Dairy Margin Coverage Program is so important to the American dairy industry. The Dairy Margin Coverage program will provide farmers with better coverage for lower premiums, including a retro-active start which means our dairy farmers will be able to get help with over 5 months of tough losses.

As we honor the dairy producers in our communities this month, I encourage all of our Hoosier dairy farmers to sign up for their program in order to secure much needed protec-

tion during times of uncertainty. I thank them for their tireless work for the American people.

COMMUNITY COLLEGE STUDENT
SUCCESS ACT

HON. GRACE MENG

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, June 27, 2019

Ms. MENG. Madam Speaker, community colleges play a critical role in American higher education. There are over 1,000 community colleges across the United States. Nearly 40 percent of undergraduates are enrolled in community colleges. Of these students a large portion are first-generation, low-income college students, and half are students of color. Community colleges indeed play a crucial role in closing our nation's skills gap through education and workforce training. Unfortunately, many of these institutions are often under-resourced. This leaves students without the necessary support to complete their degrees.

Access to college means little without degree completion. Studies show that only 20 percent of full-time community college students graduate after three years and just 35 percent graduate after five years. Research is also clear that students who do not complete a degree are at greater risk of defaulting on their loans.

That is why, today, I am introducing the Community College Student Success Act of 2019, a bill that will help community colleges around the country by giving under-resourced colleges with high percentages of low-income and minority students the necessary funding to develop and implement comprehensive student support services.

First, the Community College Student Success Act would provide academic advising, wherein, advisors will provide ongoing, academic, and personal advising to students including helping to clearly lay out a three-year graduation plan and creating strong transfer pathways for students interested in continuing their education.

Second, this bill would provide academic and career support, wherein, students on academic probation or who have been referred to developmental courses will be required to meet weekly with a tutor. These students will also meet with an on-campus career counselor or participate in career services events at least once a semester to promote career planning and success.

Third, this bill would provide financial support, wherein, students will receive a tuition waiver to cover the gap between the tuition and fees and financial aid. Additionally, students satisfying all the meeting requirements will receive a financial incentive, such as a transportation pass or gas card, at least once per month.

Additionally, the goal of this legislation is to replicate the remarkable and proven success of the Accelerated Study in Associate Programs (ASAP)—a program that was created and instituted by the City University of New York (CUNY) in 2007. This program has been found to consistently double the graduation rates of participating students.

Madam Speaker, the Community College Student Success Act of 2019 ultimately seeks to help achieve student success through holistic and student-centered services.

I urge my colleagues to support this legislation and join me in helping community college students across the nation by providing pathways to upward economic mobility and more opportunities. If Congress truly values the importance of educating our next generation, we must increase our investment in these institutions and the students they serve. Each person deserves a quality education—no matter their background—because education is a civil right.
