

detailed health information and genomic data volunteered by over 600,000 veterans.

But the VA simply doesn't have the computing power or expertise to analyze all of this complex data. In order to learn from their data and provide better healthcare for veterans, the VA needs access to more advanced computing capabilities, expertise, and infrastructure than is currently available at the agency.

As a world leader in high-performance computing, the DOE is an ideal partner to help the VA meet this need. In its national laboratory system, DOE hosts 5 of the world's top 10 fastest supercomputers, including the fastest supercomputer in the world, Summit, at Oak Ridge National Laboratory.

The DOE also funds research and computational sciences and data analytics, which can be used to solve a range of complex big data challenges in the physical sciences. The interagency partnership between DOE and the VA authorized by my bill is necessary to analyze this data and ultimately provide better care for our Nation's veterans.

DOE has the capability to securely store, using supercomputers at the national labs, and analyze the VA's health data to look for patterns. Learning from these patterns can help us improve the medical treatments for heart disease, traumatic brain injury, and cancer.

I think we can all agree that we should be taking any steps possible to improve the medical care of our men and women who have answered the call to serve. Not only does this bill take that step, but it has benefit in giving our scientists the ability to analyze complex data that will help America remain the world's leader in advanced computing.

The bill also requires the DOE to establish data storage facilities to securely transmit and store data that the VA provides. This will make certain that privacy and security are maintained for veterans who volunteer for the programs.

I am grateful that my colleagues on both sides of the aisle have been able to come together and move this bill forward. Providing better care for our veterans is a place where we can find common ground, especially since America's veterans fought to keep us all safe, regardless of our political party.

In closing, I would like to thank my fellow Committee on Science, Space, and Technology members who cosponsored this legislation and the many veterans serving in the House who supported my bill. I also want to thank Secretary of Energy Rick Perry, who has been a strong advocate of this partnership.

Mr. Speaker, I encourage my colleagues to vote "yes" in favor of improving healthcare for veterans.

Mr. LUCAS. Mr. Speaker, I yield 5 minutes to the gentlewoman from Puerto Rico (Miss GONZÁLEZ-COLÓN).

Miss GONZÁLEZ-COLÓN of Puerto Rico. Mr. Speaker, I thank Ranking Member LUCAS for yielding me the time.

I rise in strong support of H.R. 617, the Department of Energy Veterans' Health Initiative Act, introduced by my colleague, Congressman RALPH NORMAN from South Carolina.

I think this bill is very simple, but very essential at the same time. It essentially authorizes collaboration between the Department of Energy and the Department of Veterans Affairs to establish a program that facilitates computing capabilities to process data on health issues affecting all of our veterans. The bill will subsequently support the Veterans Administration with identifying potential health risks and challenges that our communities have.

I think it is important because combining those processing capabilities with health information compiled by the VA will help us to better understand the healthcare issues related to our veterans and the general population as well and ensures that both agencies will remain at the forefront of scientific and medical research.

I am a proud cosponsor of this bill on behalf of our veterans. Actually, we have more than 90,000 veterans registered in Puerto Rico, and we are very grateful to Congressman RALPH NORMAN for introducing this bill.

I want to also thank Chairwoman JOHNSON and Ranking Member LUCAS for their great work together on behalf of the scientific community and our veterans.

I urge all of my colleagues to vote in favor of this bill.

Mr. LUCAS. Mr. Speaker, I yield myself such time as I may consume to close, since I have no additional speakers.

Mr. Speaker, simply put, H.R. 617 harnesses the power of DOE's supercomputers to revolutionize the way we care for America's veterans.

I want to thank Representative NORMAN for his leadership on this bill.

I strongly encourage my colleagues to support this bipartisan legislation, and I yield back the balance of my time.

Ms. JOHNSON of Texas. Mr. Speaker, I would like to close by simply thanking all of the members of the full committee, as well as the staff, and to urge passage of this legislation, H.R. 617.

Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Texas (Ms. JOHNSON) that the House suspend the rules and pass the bill, H.R. 617, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

□ 1530

COMMUNICATION FROM THE CLERK OF THE HOUSE

The SPEAKER pro tempore laid before the House the following communication from the Clerk of the House of Representatives:

OFFICE OF THE CLERK,
U.S. HOUSE OF REPRESENTATIVES,
Washington, DC, July 23, 2019.

Hon. NANCY PELOSI,
Speaker, House of Representatives,
Washington, DC.

DEAR MADAM SPEAKER: Pursuant to the permission granted in Clause 2(h) of Rule II of the Rules of the U.S. House of Representatives, the Clerk received the following message from the Secretary of the Senate on July 23, 2019, at 11:34 a.m.:

That the Senate passed S. 1199.

With best wishes, I am,

Sincerely,

CHERYL L. JOHNSON.

OPPOSING GLOBAL BOYCOTT, DIVESTMENT, AND SANCTIONS MOVEMENT TARGETING ISRAEL

Mr. ENGEL. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 246) opposing efforts to delegitimize the State of Israel and the Global Boycott, Divestment, and Sanctions Movement targeting Israel, as amended.

The Clerk read the title of the resolution.

The text of the resolution is as follows:

H. RES. 246

Whereas the democratic, Jewish State of Israel is a key ally and strategic partner of the United States;

Whereas since Israel's founding in 1948, Congress has repeatedly expressed our Nation's unwavering commitment to the security of Israel as a Jewish and democratic state;

Whereas it is a hallmark of American democracy for citizens to petition the United States Government in favor of or against United States foreign policy;

Whereas the United States Constitution protects the rights of United States citizens to articulate political views, including with respect to the policies of the United States or foreign governments;

Whereas American policy has long sought to bring peace to the Middle East and recognized that both the Israeli and Palestinian people should be able to live in safe and sovereign states, free from fear and violence, with mutual recognition;

Whereas support for peace between the Israelis and Palestinians has long-standing bipartisan support in Congress;

Whereas it is the long-standing policy of the United States that a peaceful resolution to the Israeli-Palestinian conflict should come through direct negotiations between the Government of Israel and the Palestinian Authority, with the support of countries in the region and around the world;

Whereas cooperation between Israel and the United States is of great importance, especially in the context of rising anti-Semitism, authoritarianism and security problems in Europe, the Middle East, and North Africa;

Whereas the Global Boycott, Divestment and Sanctions Movement (BDS Movement) targeting Israel is a campaign that does not favor a two-state solution and that seeks to
