

Mr. LANGEVIN. Mr. Speaker, on my staff, I am indebted to my health and disabilities LA Katie Lee and also Todd Adams, my Chief of Staff, who has been intimately involved in these issues for more years than he probably would like to admit.

I also want to thank again Chairman PALLONE and his staff, as well as Ranking Member WALDEN, for supporting this effort through the committee.

I also must acknowledge the leadership of Senator COLLINS. I hope that our actions today will help her in her effort to get this important bill through our sister Chamber.

Finally, again, I want to thank the gentlewoman from Washington State, my colleague, Mrs. RODGERS, for partnering with me on this bill when we first attempted to reauthorize this program in 2011 and for her continued leadership on this issue in Congress and on many others in the disability community.

Mr. Speaker, I urge my colleagues to support family caregivers and vote in favor of the Lifespan Respite Care Reauthorization Act. I thank the gentleman for yielding.

Mr. BURGESS. Mr. Speaker, I yield 5 minutes to the gentlewoman from Washington State (Mrs. RODGERS).

Mrs. RODGERS of Washington. Mr. Speaker, I want to first just say how much I admire and appreciate the leadership of Mr. JAMES LANGEVIN from Rhode Island on this important legislation. I am proud to have joined with him partnering to lead the legislation this year, the Lifespan Respite Care Act of 2019.

This is important legislation. I think he laid it out really well. It is supported with bipartisan support. It would authorize \$200 million in funding over the next 5 years for improved respite care services for families caring for loved ones battling chronic, debilitating conditions.

Today more than 43 million people are providing long-term care for family members in America. The role these caregivers play cannot be understated. They ensure that their loved ones receive the care that they desperately need in their homes and often at a lower cost.

Respite care providers relieve their family caregivers, and it is an essential part of our comprehensive healthcare approach. This legislation will support respite care agencies so that they can support family caregivers in communities across the country.

Mr. Speaker, I urge my colleagues to support it. It expands services and access to care, and it will improve healthcare outcomes.

Mr. BURGESS. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, most insurance plans do not cover the cost of respite care, but the Administration for Community Living at the Department of Health and Human Services works with the

ARCH National Respite Network and Resource Center to provide respite care to caregivers across the United States of America. This legislation is vital to ensuring that we maintain our access to respite care for our caregivers and their loved ones.

Mr. Speaker, I urge Members to support H.R. 2035, and I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I yield myself the balance of my time and just urge support for this legislation. Again, this is bipartisan, and I thank everyone who worked on it.

Mr. Speaker, I yield back the balance of my time.

Mr. WALDEN. Mr. Speaker, I rise today in strong support of H.R. 2035, the Lifespan Respite Care Reauthorization Act. This legislation, led by Representatives JAMES LANGEVIN and CATHY MCMORRIS RODGERS, reauthorizes critical grants to states to implement coordinated systems of respite services for caregivers, provide planned and emergency respite services, recruit and train workers and volunteers, and provide information to family caregivers to help them access these critical services. Many of us have had a loved one with a caregiver—this bill provides those caregivers with the support they need and deserve. I urge my colleagues to vote yes on this legislation.

Ms. ESHOO. Mr. Speaker, I rise in support of H.R. 2035, the Lifespan Respite Care Reauthorization Act. I'm proud that my Subcommittee on Health advanced this bipartisan bill, authored by Representatives LANGEVIN and MCMORRIS RODGERS.

This legislation is now being extended for five years and the funding for the program is being increased. The program is administered by the Administration for Community Living and has provided grants to 37 states and Washington, D.C. since it was created in 2009.

More than 40 million Americans serve as family caregivers and this program is their lifeline. Being an unpaid caregiver for a loved one can be physically and emotionally exhausting and isolating. The average family caregiver is a woman who works full-time and is providing care to both aging parents and children living at home.

This bill allows caregivers to take a break from their caregiving responsibilities. About 85 percent of family caregivers of adults are not receiving any respite services whatsoever but through the Lifespan Respite Care Program, caregivers can receive support services from highly qualified, well-trained staff.

Grant programs through the program support day care, transportation and summer camp for Americans living with disabilities. For their caregivers, these programs give them much needed time off, time to do chores around the house or just take a breather.

These programs are critical to the many Americans, mostly women, who are taking care of their loved ones every day. I'm proud to support this important legislation and I urge my colleagues to vote for H.R. 2035.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 2035, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.
