HONORING JERRY ZREMSKI, BUFFALO NEWS WASHINGTON BUREAU CHIEF, UPON RECEIVING THE 2018 REGIONAL REPORTING AWARD

HON. TOM REED
OF NEW YORK
IN THE HOUSE OF REPRESENTATIVES
Friday, August 2, 2019

Mr. REED. Madam Speaker, I rise today to honor Jerry Zremski, The Buffalo News’ Washington Bureau Chief, for winning the National Press Club’s Washington Regional Reporting Award for 2018.

Zremski was recognized for this award due to his hard work and diligence in the reporting field. He has produced thorough, well-written work that gives the people of Buffalo and beyond the information they need from a trusted voice they know and love. He has reported on breaking news regarding federal issues, several presidential elections and political conventions. Zremski was embedded as a correspondent during the Iraq War, has reported on events in France, and also spent time in Asia as part of his “From Burma to Buffalo” series.

Zremski has been with The Buffalo News, starting out as a business reporter, since 1984. In 1989, he began his work in Washington on behalf of the beloved Buffalo paper, and has served as the Washington Bureau Chief since 2007. Previously, Zremski was a National Press Club president and the Nieman fellow at Harvard University. He is not a stranger to awards such as this, as he won the 2016 Professional Journalists award and last year received the Washington Club Foundation’s David Lynch Memorial Reporting Award.

Reporters are often present in places the general public cannot be, due either to restrictions or because they simply are not able to be. Jerry Zremski has done a wonderful job conveying the facts and figures of any given story to allow his readers a glimpse into what has happened. We salute and honor your work here today, Mr. Zremski. We know we can plan to see even more great things from you in the future.

Given the above, I ask that this Legislative Body pause in its deliberations and join me to honor Jerry Zremski for receiving this award and his body of work.

IN SUPPORT OF H.R. 2615, THE UNITED STATES–NORTHERN TRIANGLE ENHANCEMENT ENGAGEMENT ACT

HON. SHEILA JACKSON LEE
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Friday, August 2, 2019

Ms. JACKSON LEE. Madam Speaker, I rise in strong support of H.R. 2615, the “United States–Northern Triangle Enhancement Engagement Act.”

H.R. 2615 supports the people of Central America and strengthens United States national security by addressing the root causes of migration from El Salvador, Guatemala, and Honduras.

H.R. 2615 will provide reports on drivers of migration from the Northern Triangle to the United States and will identify methods for the United States to strengthen fragile democracies in the region.

Thousands of immigrants flee the Northern Triangle to seek asylum and refuge in the United States of America.

The number of asylum seekers worldwide originating from the Northern Triangle reached 110,000 in 2015, a five-fold increase from 2012.

Poverty, corrupt police forces, gang violence, political corruption, and economic instability exacerbate living conditions in the Northern Triangle.

Homicide rates are extremely high for Central American countries; El Salvador is leading the way with a rate of 82.84 per 100,000 persons.

Salvadorans, Hondurans, and Guatemalans leave their homes in search of physical security, democracy, freedom, and civil liberties.

They look toward the U.S. as a beacon of hope and prosperity, often traveling miles while battling hardships and risks to pursue the American Dream.

This bill seeks to combat corruption among political institutions in the region to reinforce security and lead to the development of civil society.

We must address the origins and the structural causes of migration to address the issues that lead to mass migration to our southern borders.

Our agencies are unequipped and are incapable of meeting the demand of sheltering and processing immigrants who arrive at our ports of entry.

Our nation’s security depends on the stability of the Northern Triangle.

We must act to ensure that the countries in this region return to a functioning democracy, free of corruption and violence.

Madam Speaker, I urge my colleagues to join me in supporting H.R. 2615 to assist in re-establishing democratic and peaceful societies in the countries of the Northern Triangle.

Their efforts and commitment are integral in creating this successful program.

THE EMMER COUNTY PUBLIC LAND MANAGEMENT ACT INCLUDED IN S. 47, THE JOHN D. DINGELL, JR. CONSERVATION, MANAGEMENT, AND RECREATION ACT

HON. JOHN R. CURTIS
OF UTAH
IN THE HOUSE OF REPRESENTATIVES
Friday, August 2, 2019

Mr. CURTIS. Madam Speaker, I rise today regarding the Emery County Public Land Management Act, that was included in S. 47, the John D. Dingell, Jr. Conservation, Management, and Recreation Act.

Throughout 2019 and early 2020, Senator Hatch, Senator Romney, and myself heavily engaged with the Emery County Commissioners and Emery County Public Lands Council to draft this important piece of legislation. After Senator Hatch’s retirement, Senator Romney helped to carry the ball across the finish line.

This law is the result of countless hours of deliberation, and thus I find it important to highlight some areas of congressional intent of particular interest. While these should generally be clear in the text and corresponding map, the historical context of how we arrived at some of these decisions may be of benefit to the Department of the Interior, future members of the Utah delegation, or those in Utah.

The Utah delegation, and particularly myself, look forward to the implementation of this new law.

Of note, Jake Bornstein (my Legislative Director), Romel Nicholas (Senator Hatch’s public lands staffer), and Kelsey Berg (Senator Romney’s Deputy Chief of Staff) were the main staff points of contact in our respective offices for the bill. Jake and Romel have extensive correspondence with the Bureau of Land Management (BLM) that further demonstrates the accurate characterization of the congressional intent I outline here.

Most important to this process, our founding principle was to never take any action that would end a current ongoing use. For example, we were immensely careful to not close a road, trail, air strip, or other existing use in the legislative text or corresponding map with a wilderness designation. Further, we worked extensively to avoid more restrictive designations, such as wilderness, to areas it would limit ongoing activity. We worked to draw designation boundaries along geographic and physical features, or just outside a cherry stem, to ensure management made sense for the area.

Any designation boundary that does not follow these trends, particularly any designation that puts at risk an existing use due to a poorly drawn boundary, was a clerical error and should be resolved under the authority clearly provided in Sec. 1221. Given the pure scale of this bill and legislative map, we realized this authority would be a vital tool to resolve these errors.

I’d also like to point out the clear intent within Sec. 1232. Section (e), which clearly states that non-wilderness activities or uses that can be seen or heard from areas within wilderness are to be left uninterrupted by this legislation.

On the topic of roads, we worked closely with BLM to ensure all roads in the 2008 RMP were not put into a wilderness designation, often referred to as “cherry stemmed.” Our intent was to preserve these roads and for them to stay open. These cherry stems are of various sizes and were intended to ensure an adequate corridor is there to facilitate necessary maintenance. In the Recreation Area, we included language in Sec. 1222 to ensure the necessary maintenance to existing routes may continue and allow rerouting of roads or trails to protect the resources of the Recreation Area.

Finally, I would like to explain that the driving force for this compromise bill was certainty, and thus preventing the designation of a national monument using the authority granted to the President under the Antiquities Act. As so many know, national monument designations in my home state of Utah have been the source of extensive controversy. In my view, land management is most effective when it is driven by local voices, compromise, and well-reasoned planning. Sweeping designations via national monument are often politically-inspired and they erode the quality and management for the areas they intend to protect.

With the passage of the Emery County legislation, the need for a national monument is forfeited because a clear plan has been laid out for the long-term management of the San Rafael Swell. To be clear, this is a law that demonstrates the accurate characterization of the congressional intent I outlined here.
