STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. SCHUMER (for himself, Mr. LEAHY, Mrs. GILLIBRAND, and Mrs. SHAHEEN):

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 2444

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLES.

This Act may be cited as the "Border Officers Utilization for National Defense Act of 2019" or the "BOUND Act".

SEC. 2. MINIMUM U.S. CUSTOMS AND BORDER PROTECTION STAFFING ALONG THE NORTHERN BORDER.

(a) IN GENERAL.—Beginning on the date of the enactment of this Act, the Commissioner of U.S. Customs and Border Protection shall ensure that not fewer than the maximum number of U.S. Customs and Border Protection officers deployed along the international border between the United States and Canada (referred to in this Act as the "northern border") at any time between January 1, 2016 and the date of the enactment of this Act are always deployed along the northern border, including ports of entry along the northern border.

(b) LIMITATION ON TRANSFERS.—The Commissioner of U.S. Customs and Border Protection may not transfer any U.S. Customs and Border Protection officer away from an assignment along the northern border if such transfer would reduce the number of such officers assigned to the northern border below the level required under subsection (a).

By Mr. REED (for himself and Mr. CASSIDY):

S. 2443. A bill to amend the Public Health Service Act to provide for investment in tomorrow's pediatric health care workforce; to the Committee on Health, Education, Labor, and Pensions.

Mr. REED. Mr. President, I am pleased to be introducing the Investment in Tomorrow's Pediatric Workforce Act with Senator CASSIDY. This critical legislation would provide fund-

ing for the Title VII pediatric subspecialty loan repayment program.

The Title VII health professions programs have a longstanding history of increasing the supply of health care professionals, expanding access to care in rural and urban underserved areas, and developing a workforce that reflects the Nation's diversity and the needs of patients. These education and training programs guide current and aspiring health professionals to high-demand careers in areas of greatest need. Pediatric subspecialty care is one such shortage area.

According to the American Association of Child and Adolescent Psychiatry, there are currently only 8,300 child and adolescent psychiatrists (CAPs) in the United States—many of whom are not practicing full time—far short of the estimated need of over 30,000 CAPs. On average, patients wait almost two months to see a CAP, a startling concern given that the incidence rates of mental illness and behavioral disorders among children in the United States continue to grow. Fifty percent of all lifetime cases of mental illness begin at age 14; seventy-five percent by age 24.

This legislation would take an important first step in incentivizing more health care professionals to go into pediatric subspecialties and increase the supply of these professionals to ensure more children have greater access to the health care they need. I look forward to working with stakeholders supporting the legislation including the American Academy of Pediatrics, the American Association of Child and Adolescent Psychiatry, the Arthritis Foundation, the American College of Rheumatology, and the Child Neurology Society, as well as my colleague, Senator CASSIDY, to pass the Investment in Tomorrow's Pediatric Workforce Act, and to strengthen all of the Title VII health professions programs.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from Colorado.

BLM HEADQUARTERS RELOCATION

Mr. GARDNER. Mr. President, of course, the Senate is back in session after the August work period, where all of us were able to go home—and in the case of Colorado, go corner to corner—to visit with constituents, to have meetings, to talk about those issues that are concerning to the people of Colorado and what we can do to help provide solutions to the greatest challenges they see in their lives, their businesses, and in their State.

It really is a remarkable time to go through such an incredible and beautiful State. In Colorado and in the West, we are blessed with amazing beauty and splendor. Our public lands are one of the smartest ideas this government has ever created over the 200-plus years of our Nation's history.

To spend time in Southwestern Colorado, down by Mesa Verde National Park, over by Larimer County and Rocky Mountain National Park, to be on the Eastern Plains of Colorado, to visit places like the Sand Creek Massacre site, to reflect on what that dark chapter in our American history
