

oxycodone and hydrocodone source of supply. During his tenure at the Las Vegas TDS, SA Smith's investigations brought money laundering charges, substantial monetary civil penalties, and regulatory sanctions to bear along with Title 21 violations against DEA registrants and diversion drug trafficking organizations (DTOs).

In November 2012, SA Smith was promoted to Group Supervisor (GS) of the Oakland Resident Office TDS with an area of responsibility which included over 50,000 DEA registrants in 15 counties of northern coastal California. GS Smith enhanced the mission effectiveness of the group by directing major enforcement initiatives at high value targets within the TDS Area of Responsibility (AoR). Asset seizures from his group increased nearly fourfold from \$510,180 to \$1,989,741, which enabled GS Smith to persuade local agencies to double the number of investigators assigned as Task Force Officers to the TDS. Under SA Smith's leadership, Oakland TDS investigations charged eight doctors and three physician's assistants with criminal offenses and put them out of business for good.

Prior to employment with the DEA, Supervisory Special Agent (SSA) Smith served on Active Duty as an Army Reserve Military Intelligence Officer at the South Florida Investigative Support Center (now the South Florida HIDTA Intelligence Center). SSA Smith served in Iraq under the U.S. Army V.Corp during the 2003 invasion. SSA Smith maintained staff oversight of all tactical human intelligence operations in theatre while serving as the CJTF-7 Task Force Counterintelligence Coordination Authority charged with the de-confliction of all counterintelligence operations in the Iraqi Theatre of Operations. SSA Smith holds a Bachelor of Science in Criminal Justice from Florida International University and currently resides in Loudoun County with his wife and two children.

I am proud to represent Mr. Smith in Congress and I thank him and his family for their honorable service to our nation with the United States Army. Madam Speaker, I ask my colleagues to join me in congratulating Mr. Smith as he concludes a distinguished career in public service.

IN RECOGNITION OF AMBASSADOR RONALD N. WEISER AND THE OPENING OF THE WEISER DIPLOMACY CENTER

HON. DEBBIE DINGELL

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 11, 2019

Mrs. DINGELL. Madam Speaker, I rise today to recognize the work of Ambassador Ronald N. Weiser in so many arenas but today specifically for his leadership in launching the Weiser Diplomacy Center at the Gerald R. Ford School of Public Policy at the University of Michigan.

The Gerald R. Ford School of Public Policy at the University of Michigan is America's first graduate public service training program. Since 1914, the Ford School has been teaching students how to address the public's most pressing concerns by using research and cutting-edge problem-solving methodologies to develop actionable policy solutions. The Ford

School is renowned for its quantitative analysis of a wide-range of policy issues, making the school a frequent destination for distinguished policymakers from around the world.

Thanks to the wisdom and understanding of University of Michigan alumni and Regent Ronald Weiser and his wife Eileen, the Weiser Diplomacy Center was established at the Gerald R. Ford School of Public Policy in January 2019. The Weiser Diplomacy Center provides a forum for leading diplomats and foreign policy experts to gather and offer practical training sessions and simulations to students to supplement their studies. The center will bring a diverse cadre of seasoned diplomats and foreign policy experts to campus. This year alone, the center will successfully connect students with distinguished leaders like Condoleezza Rice, Hillary Clinton, and Samantha Power, to name a few. In addition, the center sponsors a program for Weiser Diplomacy Fellows and helps students find internships pertaining to foreign affairs. The center will include lessons for students to practice international diplomacy and opportunities to learn from diplomats from around the world.

Madam Speaker, I ask my colleagues to join me in honoring Ambassador Ronald N. Weiser for his dedication to the Gerald R. Ford School of Public Policy. The immediate success of the center is due in no small part to his work and tremendous leadership. Ambassador Weiser's own experience has demonstrated to him the importance of preparing students in a quickly shifting foreign policy world through engagement with experts. The Weiser Diplomacy Center will be an invaluable resource not only for the students participating, but to our country as it trains the leaders of the future. This new diplomacy center will be critical for young people to engage with members of the foreign policy community and inspire a new generation of the importance of this field.

IN HONOR OF THE 40TH ANNIVERSARY OF GLENDI

HON. CHRIS PAPPAS

OF NEW HAMPSHIRE

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 11, 2019

Mr. PAPPAS. Madam Speaker, I rise today to celebrate the 40th anniversary of Glendi, a Greek festival held annually in my hometown of Manchester, NH. Over the past four decades, St. George's Greek Orthodox Cathedral has hosted this event, which celebrates Greek culture, crafts, music, and, of course, food

Every year, Glendi brings together thousands of people from across New Hampshire and the region to celebrate the contributions and traditions of Greek culture in America. I grew up and remain a member of the St. George's family, which for over 100 years has welcomed the faithful to gather and be part of this tight-knit community. Now as a member of Congress I could not be more proud to mark this milestone.

My great-grandfather Arthur Papathanasiou left Livadi, Elassona, a tiny hilltop town in Turkish-occupied northern Greece, to start a better life in 1906, and like many Greek immigrants, his family brought their culture and food and traditions with them.

As a life-long resident of Manchester, Glendi was always a highlight and the chance to see

those traditions and culture on display was particularly special. There is truly no better celebration of the many contributions the Greek community have made in the greater Manchester area than Glendi.

By sharing our Greek traditions with the broader Manchester community, the festival makes our city more inclusive and open.

On behalf of my constituents in New Hampshire's First Congressional District, I want to thank George Copadis—President of the Board of Directors, Father Mike, and the St. George's community for their decades of dedication to our community. I congratulate them on this milestone and thank them for all that they do to make our state such a wonderful place to learn, live, and eat.

IN RECOGNITION OF ANGELINE "ANGIE" NANNI

HON. MATT CARTWRIGHT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 11, 2019

Mr. CARTWRIGHT. Madam Speaker, I rise today to recognize Angeline "Angie" Nanni for her critical role in the once highly classified Venona Project breaking encrypted Soviet communications. Angie, with her unparalleled gift for numbers and analytical thinking, dedicated her career to breaking codes to maintain the safety and security of the United States during the Cold War.

Born August 2, 1918 in the small town of Blairsville, PA, Angie was expected to work in her sisters' beauty salon. Not passionate about being a beautician, she ran the business side of the shop. However, during the end of WWII, Angie and her sisters set off to Washington, D.C. to help with the war effort. Once the war was over, Angie decided to stay near the capital. When the opportunity to take an exam for a government job arose, she decided to take it.

Angie, one of the only non-college educated women taking the coded exam, not only passed with flying colors, but also was the first person to finish the exam. Her natural affinity for numbers allowed her to strip down the codes and extract the pertinent information. Angie joined the female-dominated coalition of cryptanalysts based in Arlington, Virginia post. Described as a "needle-in-a-haystack ability," Angie's job was to match messages coming from two distinct channels, accessing vital information from what were thought to be unbreakable Soviet codes.

During the era of McCarthyism and blind accusations, there was a secret group of women who held more confidential knowledge than any branch of government so close to their chests that not even their family members knew the details of their jobs. Angie worked for the Venona Project until it ended in 1980. At her retirement party, nobody knew from what job she was retiring.

Due to her hard work, in addition to the other members of the Venona Project, many encrypted messages from the KGB were able to be deciphered. Some of the most notable codes Angie helped break were names for many prominent players of the era, including President Roosevelt, Winston Churchill, The Manhattan Project, Julius Rosenberg, and Washington, D.C.

It is a great honor to recognize Angie Nanni for her service to our nation throughout her life. May she inspire others to recognize their true potential to make a difference in the world.

PERSONAL EXPLANATION

HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 11, 2019

Mr. COSTA. Madam Speaker, due to unforeseen circumstances, I unfortunately was unable to attend the scheduled vote series on Monday, September 9, 2019. Had I been present, I would have voted yea on Roll Call No. 515 and yea on Roll Call No. 516.

RECOGNIZING FORMER CAPITOL HILL STAFFERS

HON. JOHN SHIMKUS

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 11, 2019

Mr. SHIMKUS. Madam Speaker, I rise today to recognize a group of former Capitol Hill staffers who will gather in Washington on September 20–22 to celebrate 40 years of bipartisan friendship.

Whether competing in softball and flag football matchups, celebrating victories over burgers at the Tune Inn, Christmas caroling with Leader Michel and his colleagues, enjoying weekend road trips to national parks and historic sites, there were always respectful and lively debates on the issues of the day. Accordingly, this group of friends shares a special bond that began right here in these hallowed halls and continues today.

Many of these congressional staffers began their careers in 1979, working over the years for the following Members: Representatives Wendell Bailey, Larry Craig, Dan Crane, Phil Crane, Ed Derwinski, David Emery, Billy Lee Evans, Joe Gaydos, Bo Ginn, Larry Hopkins, Dan Lungren, Ray McGrath, Dawson Mathis, Bob Michel, HAL ROGERS, Jim Slattery, Gene Taylor, Bob Whittaker, Henry Waxman, and Vin Weber, and Senators Jake Garn, John Glenn, Jesse Helms, Sam Nunn, Bob Packwood and Richard Stone.

Madam Speaker, it is my honor to recognize this lasting friendship that began right here in the halls of Congress, and I ask my colleagues to join me in wishing this special group well as they remember fondly their days on Capitol Hill and their years of fellowship and fun.

IN RECOGNITION OF JOSEPH ANTHONY KARCUKSKIE ON HIS INDUCTION INTO THE LUZERNE COUNTY SPORTS HALL OF FAME

HON. MATT CARTWRIGHT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 11, 2019

Mr. CARTWRIGHT. Madam Speaker, I rise today to honor former athlete Joseph Anthony

Karcutskie. This year, Joe was inducted into the Luzerne County Sports Hall of Fame on August 11, 2019 for his impressive athletic achievements in the sport of football.

Each year, the Luzerne County Sports Hall of Fame honors those who have brought fame and recognition to the state of Pennsylvania through their outstanding achievements and contributions in athletic endeavors.

While at Wyoming Area High School, Joe was a three-year starter in football, team captain, All-Conference, All-Scholastic, and All-Region on defense during his junior year. During his senior year, he was All-Conference and All-Scholastic on offense, defense, and as a punter. This awe-inspiring athlete led his team in the number of tackles, sacks, and in punting average.

Joe's high school career was incredibly impressive, but it was only the beginning. He continued his education at Brown University where he started every collegiate game as middle linebacker. During his junior year, he was named All-American. Still rising to fame, he was voted team captain during his senior year and was voted All-Ivy League in 1995, 1996, and 1997. During the same year, he was also voted All-New England. Joe still holds the Brown record for tackles in a season with 137, and he also holds the Brown record for tackles in a career with 404. Joe was the first player ever to record more than 100 tackles in two seasons and is still the only player to lead the team in tackles in three consecutive seasons.

Joe was named a member of Brown University's 125th Anniversary Team in 2003, inducted into the Wyoming Area Football Ring of Pride in 2004, and was welcomed into the Brown University Athletic Hall of Fame in 2014.

In addition to enjoying a prestigious athletic career, he is currently a Vice President of Investments at Wells Fargo Advisors. He also coaches his son's baseball team and has been a volunteer coach for soccer and the Wyoming Area football team.

It is an honor to recognize Joe on his induction into the Luzerne County Sports Hall of Fame. May his story and athletic career serve as an inspiration to the next generation of Pennsylvania athletes striving for excellence.

DIESEL EMISSIONS REDUCTION ACT OF 2019

SPEECH OF

HON. FRED UPTON

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Monday, September 9, 2019

Mr. UPTON. Mr. Speaker, I include in the RECORD a letter from the DERA Coalition in support of H.R. 1768 on the Diesel Emission Reduction Act.

DIESEL EMISSION REDUCTION ACT (DERA) COALITION

PLEASE SUPPORT ONE OF THE NATION'S MOST EFFECTIVE CLEAN AIR PROGRAMS

When it comes to improving air quality for communities across the country, one of the most effective strategies is to replace older heavy-duty vehicles and equipment with new and much cleaner options. That is the goal of the Diesel Emission Reduction Act (DERA) program managed by U.S. Environmental

Protection Agency (EPA). We urge you to support continuation of the program as provided under Matsui-Long reauthorization bill (H.R. 1768) which would deliver vital air quality improvements to your constituents.

Four out of every ten Americans reside in a region with unhealthy air, according to EPA. The American Lung Association estimates that air quality for many regions around the country is not improving. DERA helps communities clean up their air by replacing older trucks, buses, and equipment with newer, cleaner technologies. Replacing just one Class 8 truck with a new model can eliminate tons of emissions. DERA also enjoys broad bipartisan support, along with support from a long list of business interests and environmental and health advocates, including those signatories below.

According to the EPA's latest report to Congress on the program issued in July of this year, since DERA's funding was first appropriated in 2008, more than 67,000 vehicles and engines have been upgraded or replaced, delivering \$19 billion in direct health benefits. Those benefits include eliminating 15,490 tons of fine particles and 427,700 tons of nitrogen oxides, a smog forming compound. That works out to just about the same emission reductions as taking more than 236 million cars off the road for a year.

The program provides just enough funding to encourage owners to make a smart investment in their purchase of cleaner and often more fuel-efficient vehicles and equipment. As a result, every \$1 in public funds appropriated through the DERA program is leveraged with an additional \$3 in nonfederal funds, generating between \$11 and \$30 in public health benefits and an additional \$2 in fuel savings.

While DERA has been around since 2008, there still is much to be done. Heavy-duty trucks and off-road equipment are built to last, meaning a large fleet of older and higher emitting trucks remain in service. Only four in ten trucks on the road today is equipped with technologies to achieve the latest near-zero tailpipe emissions standard set by EPA. Research shows that off-road equipment, including locomotives, are of an even older generation technology and will be in the field for decades to come. DERA provides the funding needed to incentivize the replacement of those older and higher emitting vehicles and equipment. The program is voluntary, competitive, and technology neutral, allowing funding to be used for projects, advanced locally, that provide the highest benefits for the amount of funding requested.

The Diesel Emission Reduction Act has proved to be one of the most effective tools to generate short-term air quality and health benefits for local communities across the country, but those benefits cannot be sustained without proper funding. We encourage you to support extending the authorization of this cost-effective and environmentally impactful program for an additional five years as provided for under the bill.

Sincerely,

Alabama State Port Authority, American Association of Port Authorities, American Highway Users Alliance, American Lung Association, American Trucking Associations, Associated General Contractors of America Borg-Warner Inc., Clean Air Task Force, Cook—Illinois Corporation, Corning Incorporated,

Cummins Inc., DENSO International America, Inc., Diesel Technology Forum, Emissions Control Technology Association, Engine Manufacturers Association, Environmental Defense Fund, Faurecia Clean Mobility, The Lion Electric Co., Manufacturers of Emission Controls Association, Massachusetts Port Authority.
