A motion to reconsider was laid on the table.

PERMISSION FOR MEMBER TO BE CONSIDERED AS FIRST SPONSOR OF H.R. 464

Mr. BALDERSON. Madam Speaker, I ask unanimous consent that I may hereafter be considered as the first sponsor of H.R. 464, a bill originally introduced by Representative Walter Jones of North Carolina, for the purposes of adding cosponsors and requesting reprintings pursuant to clause 7 of rule XII.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Ohio?

There was no objection.

HONORING DR. EMILY CLYBURN

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Madam Speaker, I would like to take a moment to honor Dr. Emily England Clyburn, the wife of Majority Whip JAMES E. CLYBURN, after her passing on September 19.

It is often said that behind every great man is an even greater woman. Certainly, this was true of Dr. Clyburn. She was a great woman who supported a great man.

Known affectionately as Miss Emily or Dr. Em, Dr. Clyburn was a kind, compassionate, and incredibly generous woman.

She spent most of her career as a librarian, first in public schools and then for almost 30 years at the Charleston Naval Base and Dorn VA Medical Center in Columbia, South Carolina. Her love of learning led her to raise millions of dollars to create more need-based scholarships for her alma mater, South Carolina State University.

Mrs. Clyburn knew the importance of a good education, and she wanted to create more opportunities for students of color throughout the State. It was part of her strong commitment to equality.

We will remember her as a dedicated fighter for civil rights. She was a model of class and character throughout her life.

My thoughts and prayers are with Mr. CLYBURN; his daughters, Mignon, Jennifer, and Angela; the family; and all the people of South Carolina during this time of loss.

WELCOMING PRIME MINISTER MODI

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Madam Speaker, on Sunday, I was grateful for the opportunity to participate in the “Howdy, Modi” welcome celebration for Prime Minister Narendra Modi of India in Houston attended by over 50,000 Indian Americans.

With President Donald Trump attending, this event was historic for being the largest such welcome for a world leader in the history in the United States. It was an extraordinary day to appreciate India as the world’s largest democracy, with America being the world’s oldest democracy.

The Prime Minister praised President Trump as a true friend in the White House, describing the President as “warm, friendly, accessible, energetic, and full of wit.” Mr. Trump praised Mr. Modi for doing a truly exceptional job for India. He also paid tribute to the Indian American community for its dynamic contributions with success in America.

I appreciate being invited by President KV Kumar of the Indian American

International Chamber of Commerce and being hosted by Ambassador Harsh Shringla and Consul General Swati Kulkarni.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism with the leadership of President Donald Trump.

INSPIRE TODAY’S INNOVATORS

(Mr. LANGEVIN asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LANGEVIN. Madam Speaker, last week, I was proud to support the Christa McAuliffe Commemorative Coin Act. There is no better way to honor an educator, explorer, and trailblazer like Ms. McAuliffe than to educate the next generation of learners.

The explosion of the space shuttle *Challenger* was a heartbreaking tragedy, but Ms. McAuliffe gave her life in pursuit of discovering the next frontier. She was not afraid of dreaming big. She boldly went out to test our knowledge of what is possible and pushed humanity forward.

The commemorative coins created through this act will inspire and support the same passion in the young people who participate in the FIRST Robotics Program today.

Founded by Dean Kamen—the inventor of my chair, the iBot—FIRST uses science, technology, engineering, art, and math, or STEAM, to get young people excited about learning and innovating.

In Ms. McAuliffe’s memory, FIRST competitions are inspiring the next generation of scientists, explorers, and leaders who we will need to solve the problems of today and tomorrow.

RECOGNIZING HARRY W. SWEZEY, JR.

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today to recognize Chief Warrant Officer Harry W. Swezey, Jr., as we celebrate his 80th birthday on September 27.

Mr. Swezey is a true American hero who served for more than 20 years in the United States Navy and Coast Guard, earning numerous awards for his valiant service.

Born in Malden, Massachusetts, in 1939, Mr. Swezey’s father served in the Navy during World War II but passed away in an aircraft accident after the war. Nevertheless, Mr. Swezey’s passion for serving our Nation persisted, and he enlisted in the U.S. Navy upon graduation from high school.

After transferring to serve in the U.S. Army, he fulfilled his lifelong dream of becoming a helicopter pilot, serving all over the world, including in the Korean Demilitarized Zone, the
