

Just as importantly, it mandates implementation of an e-record system so that we are not letting anyone slip through the cracks.

An e-record system is not something we have never heard of before. What has happened at the border thus far, including the tragic deaths of the children, those mentioned by my colleague like Jakelin Caal Maquin and Felipe Gomez Alonzo, is proof that we are not doing enough, and that is not because we can't.

I am grateful to Ms. UNDERWOOD for stepping up to ensure we do more, and I urge all of my colleagues to support this important bill and its passage.

Mr. ROGERS of Alabama. Mr. Speaker, here we have another bill that demonstrates just how disingenuous Democrats are about securing our borders and fixing our broken immigration system. But in a new twist, today's bill shockingly prioritizes illegal immigrants over servicemembers and veterans. They are going to send another partisan messaging bill to the Senate, where it will promptly die.

When Democrats are ready to legislate real solutions to the problem that this country faces, Republicans stand ready to work with them. In the meantime, I urge all Members to oppose this bill.

Mr. Speaker, I yield back the balance of my time.

Mr. THOMPSON of Mississippi. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, in the last year, six children have died after being in CBP custody. This disheartening statistic demands our attention, especially when you stop to think that, in the entire decade preceding these deaths, not one child died in CBP custody.

Processes for the treatment of migrants crossing the border clearly need to be improved. H.R. 3525 does that by forcing DHS to look at its medical screening process and come up with ways to improve it and address any performance gaps. It also helps move the Department's recordkeeping into the 21st century.

H.R. 3525 is one step we can take to ensure that the money that DHS is already spending on screening and caring for apprehended families and children is done wisely.

And I might add, Mr. Speaker, all of us saw the conditions that children were kept in along the border. You can't put children in fences. You can't give people inadequate healthcare. You can't do those things.

Most of us in this body are either parents or grandparents or we have relatives who are. For us not to care about children is something that America should never be proud of. We are a nation of values. Our values have to say that children matter.

Ms. UNDERWOOD's bill clearly says that children in the custody of the United States Government matter. Not only do they matter, but we have to keep up with them; we should not lose

them. If they are sick, we need to have copies of their records accessible so that our professionals who are tasked with the responsibility of taking care of them actually know what is going on.

So I am clear about the bill. If my colleagues on the other side are not interested in helping children and solving this problem that we have along our borders, then that is too bad. Democrats are prepared to work with them if they want to. If not, children do matter.

Mr. Speaker, I urge my colleagues to support H.R. 3525, and I yield back the balance of my time.
