REMEMBERING WILLIAM V.  
"BILL" BIDWILL, SR.

● Ms. SINEMA. Madam President, today I wish to honor the life and legacy of William V. Bidwill, who passed away in Phoenix, AZ, on October 2, 2019, at the age of 88. As the owner of the National Football League's Arizona Cardinals, Mr. Bidwill loved his faith, his family, and football. He will be fondly remembered as a principled leader and generous steward of his community.

Bill began his career in football by joining the family business as a ball boy for the then-Chicago Cardinals. After graduating from Georgetown University, Bill returned to Chicago to assist his father with day-to-day management of the Cardinals. Bill oversaw the team's move to St. Louis in 1960 and took on full ownership of the team in 1972. In 1988, Bill moved the team to Arizona, where it has found a home among a dedicated and growing fan base. In his time as owner of the Cardinals, Bill took unprecedented steps to rearrange the team's front office to improve diversity across the organization, setting an example for other NFL franchises for years to come. Bill also founded Cardinals Charities in 1990 to support women, children, and minorities across Arizona. Cardinals Charities has donated more than \$9.1 million to support these groups and other causes over the years.

Bill is survived by his 5 children, 10 grandchildren, and 1 great-grandchild. He will be dearly missed by other family members, friends, the Arizona Cardinals organization, and hundreds of thousands of fans grateful for his work to bring the National Football League to Arizona. Please join me in honoring his memory.●

100TH ANNIVERSARY OF  
KETTERING UNIVERSITY

● Ms. STABENOW. Madam President, I rise today to pay special tribute to Kettering University in Flint, which this year is celebrating 100 years of educating the people of Michigan and advancing innovation.

Let's think back to 1919. The Treaty of Versailles was signed, bringing an end to the Great War. The 18th Amendment to the U.S. Constitution—also known as Prohibition—was ratified by Congress. In our State, the Michigan State Highway Department took over the State trunk line highway system and first began putting up numbered

signs. And in Flint—the center of the automotive world—a group of entrepreneurs launched a school to train homegrown talent for Michigan's auto industry.

A few things have changed since 1919. We fought an even greater war, Prohibition didn't last, and Michigan has a few more highways. Yet one thing remains the same: Kettering University is still training the next generation of leaders, for the auto industry and beyond.

Louis Chevrolet, David Dunbar Buick, Charles Stewart Mott, Alfred Sloan, and Charles Kettering understood that to succeed in manufacturing, it isn't enough for students to know what is in the books; instead, these leaders built a school based on the idea that knowledge must be both learned and applied. This model is still in use at Kettering University today. Kettering's curriculum doesn't just expose its students to the very latest in science, engineering, and business knowledge; it also helps its students to put that knowledge to work through experiential and cooperative educational opportunities that turn learners into leaders.

Your record of success speaks for itself. From being named first in the country by the Wall Street Journal for career preparation, fourth in the Nation in producing alumni who hold patents, and first in the Midwest for return on investments; to the Kettering University GM Mobility Research Center, which is keeping Flint and Michigan at the forefront of autonomous vehicle research and development; to counting among your alumni General Motors CEO Mary T. Barra, former chairman and CEO of Gibson Brands Henry Juskiewicz, inventor and businessman Dean Kamen, former CEO of Merrill Lynch Stanley O'Neal, and Old Navy CEO Sonia Syngal; to making a real difference in the Flint community through your \$1 million Department of Justice grant for neighborhood revitalization, your Employee Home Purchase and Renovation Assistance Program, the transformation of University Avenue, and your support for Flint's young people through your Young Innovators Fair, the Flint River Watershed Coalition Green Summit, and FIRST Robotics.

Charles Kettering once said this: "We are not at the end of our progress but at the beginning." And I have no doubt that our progress as a State and Nation will continue to be led by Kettering's students, faculty, staff, and alumni.

Since 1919, Kettering University has been preparing students for extraordinary futures, and I can't wait to see what your future holds. Congratulations to Kettering University on your first 100 years.●
