

breastfeeding also protects you and decreases your risk for breast cancer, one more reason why women should consider breastfeeding when they have their baby.

But what I want to emphasize today is that most new people diagnosed with breast cancer had no risk factors. Let me say that again: Most women who are diagnosed with breast cancer have no risk factor at all. That is why it is important to get your mammogram done on a regular basis.

The mammogram can pick up breast cancer 2 or 3 years before you can feel something, making the cancer much more treatable.

AFTER RECESS

The recess having expired, the House was called to order by the Speaker at noon.

PRAYER

Reverend Father Brian K. Burgess, Christ Church Episcopal, Woodbury, New Jersey, offered the following prayer:

O Lord our Governor, we beseech Thee to bless the leaders of our land, that we may be a people at peace among ourselves and a blessing to the other nations of the Earth.

To the President and members of the Cabinet, to Governors of States, mayors of cities, and to all in administrative authority, grant wisdom and grace in the exercise of their duties.

To Senators and Representatives and those who make our laws in States, cities, and towns, give courage, wisdom, and foresight to provide for the needs of all our people and to fulfill our obligations in the community of nations.

To the judges and officers of our courts, give understanding and integrity, that human rights may be safeguarded and justice served.

And finally, teach our people to rely on Thy strength and to accept their responsibilities to their fellow citizens, that they may elect trustworthy leaders and make wise decisions for the well-being of our society, that we may serve Thee faithfully in our generation and honor Thy holy name.

For Thine is the kingdom, O Lord, and Thou art exalted as head above all. Amen.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

PRAISING SAGE SAVOIA-DI GREGORIO

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Madam Speaker, I would like to take a moment to praise my district's 2019 Congressional Award winner, Ms. Sage Savoia-Di Gregorio from Maplewood, New Jersey.

This award is given to youth who achieve extraordinary results in four different categories: public service, physical fitness, personal development, and geographic exploration.

Sage was more than up to the challenge: She joined AmeriCorps and built outdoor trails in Virginia; she renovated museums and education centers in New Jersey; she helped clean and maintain a natural park in Kentucky; and she provided disaster relief to victims of Hurricane Florence in South Carolina—all this, while she maintained a strict workout regime every week.

She deserves this award, and I am proud to call her a resident of the 10th Congressional District of New Jersey.

ADAM SCHIFF CENSURE

(Mr. MCCARTHY asked and was given permission to address the House for 1 minute.)

Mr. MCCARTHY. Mr. Speaker, we have the solemn duty to find the facts, to be stewards of the truth. It is the truth that must guide our work. When the truth is contorted, twisted, and disregarded, the American people lose. The fabric of the institution starts to erode.

Sadly, that is exactly what is happening with the House Intelligence Committee under Democratic leadership. It should not have to come to this.

On numerous occasions, as outlined in this resolution, the chairman of the House Intelligence Committee has used

his position to mislead the American people.

But this resolution is about more than the actions of one individual. When false evidence is entered into the official record or communicated directly to the American people, the people's House loses the credibility it needs to function properly.

If the credibility is not restored, if the American people cannot trust that the process will be fair and that the information will be honestly shared, they will lose trust in the soundness of our system of government.

This is what this resolution is all about, and I want to thank Congressman BIGGS for introducing it: to protect the integrity of our proceedings, which censure is designed to do; to restore a process that is fair, objective, and fact-based; and to reassure the American people that the stakes and intensity of our current debate will not overwhelm their government.

We face a critical moment in the life of Congress in the history of this country. History will judge what happens on this floor.

Mr. Speaker, it should not have to come to this, but it has. This is not a decision we take lightly, but it is the right thing to do.

We serve on this floor as Americans, not as in a party. We have to stand for truth. We have to stand for a committee that many of us don't even have the capability or the opportunity to read what happens. We put a trust into those individuals to be honest with us and to the American public.

Mr. Speaker, that is why I urge all of my colleagues to join me in support of this resolution: to bring integrity back to this floor and to this body.

COMMEMORATING THE LEGACY OF ATATIANA JEFFERSON

(Mr. VEASEY asked and was given permission to address the House for 1 minute.)

Mr. VEASEY. Mr. Speaker, one of my favorite pastimes is playing video games with my 13-year-old son, just as Atatiana Jefferson was doing with her 8-year-old nephew when she was murdered by a police officer in front of him in Fort Worth, Texas, this past weekend.

I rise today to commemorate the legacy of Atatiana, also known as "Aunt Tay" by her 8-year-old nephew, and call on our law enforcement to stop these killings now.

It only took 3 seconds before a police officer fatally shot this woman in front of her 8-year-old nephew while they were playing video games. She didn't even have a chance to show her hands.

The reality for many Black and Brown people in this country is that this is our America, this is the America that we live in every day. It doesn't matter what neighborhood we live in or how much money we make. This is what we face.

Until law enforcement reforms their culture of rogue policing that has led
