

120C-7 AMRAAM Guidance Section. Also included were one (1) spare AIM-120C-7 control section, eight (8) AMRAAM Captive Air Training Missile (CATM-120C), missile containers, classified software for the AN/MPQ-64FI Sentinel Radar, spare and repair parts, cryptographic and communication security devices, precision navigation equipment, other software, site surveys, weapons system equipment and computer software support, publications and technical documentation, common munitions and test equipment, repair and return services and equipment, personnel training and training equipment, integration support and test equipment, and U.S. Government and contractor, engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated total cost was \$215 million. Major Defense Equipment* (MDE) constituted \$95 million of this total. This proposed sale was in support of Qatar's procurement of the National Advanced Surface to Air Missile System (NASAMS) via Direct Commercial Sale (DCS).

This transmittal reports the inclusion of up to eighty additional (80) AIM-120C-7 missiles, one hundred twenty (120) AIM-120C-7 ER missiles, thirteen (13) Multifunction Information Distribution System Low Volume Terminal (MIDS-LVT) Block Upgrade 2, and associated materiel, support, and services. These additional MDE items will result in an increase in MDE cost of \$461 million, for a total MDE value of \$556 million. Non-MDE cost will increase by \$16 million. Total case value will increase to \$692 million.

(iv) Significance: This notification is being provided as these additional missiles represent an increase in capability over what was previously notified. This equipment meets Qatar's requirements for a NASAMS capability providing a full range of protection from imminent hostile cruise missile, unmanned aerial vehicle, rotary wing, and fixed wing threats. The MIDS-LVT BU2 will contribute to the crypto capability of the NASAMS to enable Qatar's self-defense capabilities, and enhance its interoperability with the United States and regional partners.

(v) Justification: This proposed sale supports the foreign policy and national security objectives of the United States by helping improve the security of a key partner that has been, and continues to be, a significant host and member of coalition forces in the Middle East.

(vi) Sensitivity of Technology: The Sensitivity of Technology Statement contained in the original notification applies to the AIM-120C-7 missiles. The AIM-120C-7 ER missiles have the same capability and sensitivity of technology as the AIM-120C-7 but with a larger rocket motor to allow it to travel further. The MIDS LVT BU2 is classified CONFIDENTIAL and is a secure data and voice communication network using the Link-16 architecture. The system provides enhanced situational awareness, positive identification of participants within the network, and secure voice capability. The system provides the critical ground link for simultaneous coordination of air, land, and maritime forces.

(vi) Date Report Delivered to Congress: October 1, 2019.

*As defined in Section 47(6) of the Arms Export Control Act.

ARMS SALES NOTIFICATION

Mr. RISCH. Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon

such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. JAMES E. RISCH,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 19-54 concerning the Navy's proposed Letter(s) of Offer and Acceptance to the Government of Japan for defense articles and services estimated to cost \$140 million. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,
CHARLES W. HOOPER,
Lieutenant General, USA, Director.

Enclosures.

TRANSMITTAL NO. 19-54

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) Prospective Purchaser: Government of Japan.

(ii) Total Estimated Value:
Major Defense Equipment* \$0 million.
Other \$140 million.
Total \$140 million.

(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:

Major Defense Equipment (MDE): None.
Non-MDE:

Follow-On Technical Support (FOTS) sustainment and services in support of eight (8) Japan AEGIS Destroyers consisting of four (4) KONGO Class Destroyers, two (2) ATAGO Class Destroyers, two (2) MAYA Class Destroyers and one (1) Japanese Computer Test Site (JCPTS). The sustainment efforts will include AEGIS software updates, system integration and testing, U.S. Government and contractor technical assistance, and other related elements of logistics and program support.

(iv) Military Department: Navy (JA-P-QFA).

(v) Prior Related Cases, if any: JA-P-LYJ, JA-P-LZU, and JA-P-LZW.

(vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None.

(vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: None.

(viii) Date Report Delivered to Congress: October 1, 2019.

*As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Japan—Follow-On Technical Support (FOTS) for AEGIS Destroyers

The Government of Japan has requested to buy Follow-On Technical Support (FOTS)

sustainment and services in support of eight (8) Japan AEGIS Destroyers consisting of four (4) KONGO Class Destroyers, two (2) ATAGO Class Destroyers, two (2) MAYA Class Destroyers and one (1) Japanese Computer Test Site (JCPTS). The sustainment efforts will include AEGIS software updates, system integration and testing, U.S. Government and contractor technical assistance, and other related elements of logistics and program support. The estimated cost is \$140 million.

This proposed sale will support the foreign policy and national security of the United States by improving the security of a major ally that is a force for political stability and economic progress in the Asia-Pacific region. It is vital to U.S. national interests to assist Japan in developing and maintaining a strong and effective self-defense capability.

The proposed follow-on technical support is critical to ensure Japan Maritime Self Defense Force's (JMSDF) Aegis Destroyer fleet and JCPTS remain ready to provide critical capabilities in the defense of Japan. Japan's AEGIS Destroyers provide ship-based ballistic missile defense capabilities and build upon a longstanding cooperative effort with the United States to provide enhanced capability with a valued partner in a geographic region of critical importance to Japan and the United States. Japan will have no difficulty absorbing this support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Lockheed Martin, Moorestown, NJ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require the assignment of two contractor representatives to Japan to support the program.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

ARMS SALES NOTIFICATION

Mr. RISCH. Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. JAMES E. RISCH,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(1) of

the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 19-56 concerning the Air Force's proposed Letter(s) of Offer and Acceptance to the Government of Tunisia for defense articles and services estimated to cost \$234 million. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

CHARLES W. HOOPER,

Lieutenant General, USA, Director.

Enclosures.

TRANSMITTAL NO. 19-56

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) Prospective Purchaser: Government of Tunisia.

(ii) Total Estimated Value:

Major Defense Equipment* \$115 million.

Other \$19 million.

Total \$234 million.

(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:

Major Defense Equipment (MDE):

Twelve (12) T-6C Texan Trainer Aircraft.

Non-Major Defense Equipment (MDE): Also included in this sale are spare engines, cartridge actuated devices/propellant actuated devices operational flight trainer, spare parts, ground handling equipment, support equipment, software delivery and support, publications and technical documentation, clothing, textiles and individual equipment, aircraft ferry support, technical and logistical support services, site surveys, minor modifications/class IV support, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support.

(iv) Military Department: Air Force (TU-D-SAB).

(v) Prior Related Cases, if any: None.

(vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None.

(vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Attached annex.

(viii) Date Report Delivered to Congress: October 10, 2019.

*As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Tunisia—T-6C Texan Trainer Aircraft

The Government of Tunisia has requested a possible sale of twelve (12) T-6C Texan trainer aircraft, spare engines, cartridge actuated devices/propellant actuated devices operational flight trainer, spare parts, ground handling equipment, support equipment, software delivery and support, publications and technical documentation, clothing, textiles and individual equipment, aircraft ferry support, technical and logistical support services, site surveys, minor modifications/class IV support, personnel training and training equipment, U.S. Government and contractor engineering, technical and logistics support services, and other related elements of logistical and program support. The estimated value is \$234 million.

This proposed sale will support the foreign policy and national security of the United States by helping to improve the defense capabilities and capacity of a major non-NATO ally, which is an important force for political stability and economic progress in North Africa. This potential sale will provide additional opportunities for bilateral engagements and further strengthen the bilateral relationship between the United States and Tunisia.

The proposed sale will replace Tunisia's aging trainer fleet and allow Tunisia to continue training pilots to support Tunisia's counter-terrorism and border security missions. Tunisia will have no difficulty absorbing this aircraft into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be Textron Aviation Defense LLC of Wichita, Kansas. There are no known offset agreement proposed with this potential sale. However, the purchaser typically requests offsets. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will require the assignment of nine U.S. Government and one contractor representative to Tunisia.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 19-56

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:

1. The T-6C is a single engine turboprop trainer aircraft that includes a virtual no-drop scoring capability. Its primary purpose is to teach air to ground operations. No hard points or weapons can be carried on the T-6C.

2. A determination has been made that the recipient country can provide substantially the same degree of protection for the technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

3. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Tunisia.

ARMS SALES NOTIFICATION

Mr. RISCH, Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. POLICY JUSTIFICATION

Ukraine—Javelin Missiles and Command Launch Units

The Government of Ukraine has requested to buy one hundred fifty (150) Javelin missiles and ten (10) Javelin Command Launch Units (CLUs). Also included are training devices, transportation, support equipment, technical data and publications, personnel training and training equipment, U.S. government, engineering, technical, and logistics support services, and other related elements of logistics support tools and test equipment; support equipment; publications and technical documentation; spare and repair parts; equipment training and training devices; U.S. Government and contractor technical, engineering and logistics support services; and other related elements of logistical, sustainment, and program support. The total estimated cost is not to exceed \$39.2 million.

This proposed sale will contribute to the foreign policy and national security of the United States by improving the security of Ukraine. The Javelin system will help Ukraine build its long-term defense capacity to defend its sovereignty and territorial integrity in order to meet its national defense
