

even Legos. Because these products are all around us, we need to prioritize the development of chemicals that are affordable, meet our needs, and are green, meaning that they protect our health and the environment.

By supporting research and educational efforts in green chemistry, my bill will ensure that American companies have the workforce and tools they need to create safer and more environmentally friendly products, while creating new American jobs.

H.R. 2051 is commonsense legislation that is a win for American workers and our health and environment.

Madam Speaker, I urge the Senate to act quickly and pass this bill.
