CELEBRATING HUMAN RIGHTS DAY

(Mr. PAYNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAYNE. Mr. Speaker, I rise today to celebrate Human Rights Day.

More than 70 years ago today, the United Nations established the fundamental human rights to be protected for every person in every nation, such as the right to liberty, freedom from slavery, and freedom of opinion.

But there were rights added in 1976 that bear repeating here today: the right to work in just and under favorable conditions, the right to an adequate standard of living, and the right to an education.

In the last few decades, we have failed to live up to these rights. We

have allowed unions to lose their power and protect worker conditions. We have failed to increase the Federal minimum wage. We have failed to provide funding for higher education.

We need to get these rights back for all Americans. We can regain the high ground in our struggle for human rights.

RECOGNIZING STAFF MEMBER BETTY FORD

(Mr. MULLIN asked and was given permission to address the House for 1 minute.)

Mr. MULLIN. Mr. Speaker, I rise today to recognize a member of my staff and a true servant of Oklahoma, Betty Ford.

Betty has served southeast Oklahoma, working as a congressional field rep for 29 years. She has worked for five different Members of Congress, including myself. At the end of the year, Betty is going to retire.

I know she is looking forward to spending more time with her grandkids and with her kids. While we will definitely miss her, we wish her nothing but the best in her next chapter.

I thank Betty for serving with a servant's heart, and I thank her for all she has done for all of us in Oklahoma.

May God bless her.

END THE USE OF HARMFUL BURN PITS

(Mr. RUIZ asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RUIZ. Mr. Speaker, many servicemembers and veterans across the country who have been exposed to military burn pits are becoming ill. Many are dying due to cancers and suffering from severe pulmonary and autoimmune diseases.

We have the chance to end the use of harmful burn pits this week with my two amendments in the National Defense Authorization Act for Fiscal Year 2020.

Our military uses burn pits to eliminate dangerous waste, including chemicals, jet fuels, and batteries, which can emit toxic smoke containing carcinogens and particulate matter.

In my district, we tragically lost to pancreatic cancer Jennifer Kepner, a 39-year-old Air Force veteran exposed to burn pits who left behind her husband and two young children.

We must act now for veterans like Jennifer, for their families, and for everyone affected by burn pit exposure.

My provisions in the NDAA require the Department of Defense to submit to Congress an implementation plan to end the use of burn pits and to inform Congress on all locations where burn pits were used.

These amendments are an important step in the comprehensive plan to end the use of burn pits. We must do it now.
