

IN HONOR OF CHARLES B. RYAN  
III

**HON. H. MORGAN GRIFFITH**

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES  
*Wednesday, December 11, 2019*

Mr. GRIFFITH. Madam Speaker, I rise in honor of Charles B. Ryan III, a small business owner who died on November 27, 2019 at the age of 90. Mr. Ryan made the Roanoke Valley a better place to live thanks to his contributions.

Mr. Ryan was born on August 14, 1929. After graduating from Dartmouth University in 1951, he married his beloved wife, Ms. Susan Thomas. Mr. Ryan started his career working for Firestone Tire and Rubber, before moving to Mohawk Tire and Rubber in Arkansas. The experience Mr. Ryan obtained from his first two jobs prepared him for the creation of a new tire plant. In 1968, Mr. Ryan selected Salem, Virginia as the site of the new plant. He oversaw the construction of the new plant and served as the General Manager. After working there for a few years, Mr. Ryan became a manufacturing consultant. The Mohawk tire facility is now owned by the Yokohama Tire Corporation and remains a significant employer in the Roanoke Valley.

Mr. Ryan was a skilled athlete and sports was one of his biggest hobbies. He and his wife Sue devoted countless hours to amateur sports to the benefit of others in the community. Their involvement in expanding opportunities for swimming allowed more young people, including myself, to enjoy this activity. Mr. Ryan loved golf so much that he served on the Board of Directors at his local club, Hidden Valley Country Club. He decided to create a business devoted to his hobby by opening a store in Roanoke called The Sports Shop, which provided medals and trophies for many of the area's competitions.

After a few years of consulting and running The Sports Shop, Mr. Ryan moved to Winchester, Virginia where he managed the Stowe-Woodward plant. After receiving a master's degree in accounting from Georgetown University, Mr. Ryan returned to Salem and used his new degree to open an accounting business in Roanoke.

Mr. Ryan is survived by his wife, Sue, his children Deborah Howard, C. William Ryan, Thomas Ryan, and David Ryan, and his five grandsons, Conklin and Adam Howard, Sean Ryan, and Jack and Lukas Ryan. The Roanoke Valley and the Commonwealth of Virginia were fortunate to have this fine community member and small business owner among the citizenry. I offer my condolences to the Ryan family on their loss.

ENGINEERING BIOLOGY RESEARCH AND DEVELOPMENT ACT OF 2019

SPEECH OF

**HON. ANNA G. ESHOO**

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES  
*Monday, December 9, 2019*

Ms. ESHOO. Mr. Speaker, I rise in support of H.R. 4373, the Engineering Biology Research and Development Act. Engineering biology, or bioengineering, applies principles of engineering to living matter in order to develop new technology for a variety of applications. Breakthroughs in bioengineering have led to technologies that help many patients live fuller lives, including prosthetic limbs, biologics, micro-implants, medical imaging technology, and other medical devices. The applications of bioengineering also extend beyond medicine to fields such as agriculture, environmental science, and robotics, and I'm very proud to represent Silicon Valley where such of this cutting-edge research takes place.

While the United States has been a global leader in bioengineering, we cannot be complacent as other countries, including China, continue to invest heavily in research and development.

H.R. 4373 will help maintain American leadership in this critical field by establishing a federal bioengineering research initiative. It also requires the Office of Science and Technology Policy to coordinate with several agencies including the National Science Foundation, the National Institutes of Health, and NASA to develop a national bioengineering strategy.

The downside of this legislation is that it does not include any new spending. I look forward to working with my colleagues to ensure we provide these agencies with the funding they need to make this initiative succeed. China now spends 30 times as much on research and development as it did 25 years ago, and while the federal government has also increased its spending on science in real terms over the same timeframe, Congress must make the necessary investments to maintain our country's global leadership in bioengineering and other high tech fields.

I thank Chairwoman JOHNSON for her important work on H.R. 4373, urge my colleagues to support this legislation, and urge them to provide the resources necessary for a robust U.S. bioengineering effort.

12 DAYS OF SALT—DAY 6: NEW JERSEY LEAGUE OF MUNICIPALITIES RESOLUTION

**HON. MIKIE SHERRILL**

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES  
*Wednesday, December 11, 2019*

Ms. SHERRILL. Madam Speaker, to conclude my earlier remarks on the 12 Days of SALT, I include in the RECORD a resolution from the New Jersey League of Municipalities urging this Congress to remove the federal cap on State and Local Tax deductions.

NEW JERSEY STATE LEAGUE OF MUNICIPALITIES CONFERENCE RESOLUTION No. 2019-14  
RESOLUTION URGING CONGRESS TO RESTORE THE FULL DEDUCTIBILITY OF STATE AND LOCAL TAXES

Whereas, our tax obligation is an issue that concerns all residents in every municipality in the state of New Jersey; and

Whereas, the deduction for state and local taxes (SALT) has been a feature of the tax code for more than 100 years, with the first federal income tax form in 1913 allowing taxpayers to deduct state and local taxes, one of only six deductions allowed at the time, and even the federal Civil War tax in 1862 included a deduction for SALT; and

Whereas, this important provision ensures against double taxation and reflects mandatory tax payments, which support public services that benefit all citizens, such as K-12 schools, law enforcement and public safety, transportation and infrastructure, and vital community and public health services; and

Whereas, the SALT deduction is one of the few provisions in the federal tax code that recognizes the burden placed on states like New Jersey, which provide significantly more in federal tax revenue than they receive back in federal services and grants; and

Whereas, according to the New Jersey Society of Certified Public Accountants, in 2016 1.8 million, or 40 percent of New Jersey taxpayers, deducted from their federal income tax, their local property tax and state income taxes, averaging \$18,000 per deduction; and

Whereas, the federal Tax Cuts and Jobs Acts passed in 2017 capped the SALT deduction at \$10,000; and

Whereas, many New Jersey Families relied upon the federal SALT deduction to ensure tax fairness, and capping the SALT deduction has placed an unfair burden on New Jersey homeowners; and

Whereas, the SALT deduction cap present a barrier to affordable homeownership in New Jersey, impacting the ability of new, young families to prosper in the future. Now, therefore, be it

*Resolved*, that the New Jersey State League of Municipalities, in conference assembled, urges Congress to restore the full SALT deduction and provide more equitable taxation once again to residents of New Jersey; and be it further

*Resolved*, that copies of the resolution be transmitted to our representatives in Congress, the President of the United States, all members of the New Jersey State Legislature, the Lieutenant Governor, and the Governor of the State of New Jersey.
