The House met at 10 a.m. and was called to order by the Speaker pro tempore (Mr. Cuelllar).

DESIGNATION OF SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC. December 11, 2019.

I hereby appoint the Honorable Henry Cuellar to act as Speaker pro tempore on this day.

Nancy Pelosi, Speaker of the House of Representatives.

MORNING-HOUR DEBATE

The SPEAKER pro tempore. Pursuant to the order of the House of January 3, 2019, the Chair will now recognize Members from lists submitted by the majority and minority leaders for morning-hour debate.

The Chair will alternate recognition between the parties. All time shall be equally allocated between the parties, and in no event shall debate continue beyond 11:50 a.m. Each Member, other than the majority and minority leaders and the minority whip, shall be limited to 5 minutes.

IMPROVING OUTCOME FOR ALL STUDENTS AT ALL LEVELS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Oregon (Ms. Bonamici) for 5 minutes.

Ms. Bonamici. Mr. Speaker, I rise today to commemorate the passage of the Every Student Succeeds Act, which President Obama signed into law 4 years ago yesterday.

When I came to Congress, updating the Elementary and Secondary Education Act was one of my top priorities, and I was proud to stand with President Obama on the day that we finally left behind No Child Left Behind.

More than 50 years ago, President Lyndon Johnson signed the Elementary and Secondary Education Act into law, and he said ESEA represents a major new commitment of the Federal Government to quality and equality in the schooling that we offer our young people.

I agree with President Johnson. When we promote and realize equity in education, when we expand and invest in educational opportunities, we can improve outcomes for all students at all levels.

Reauthorizing ESEA in 2015 was meant to put us closer to achieving that equality envisioned in the original law, but there is still much work to be done.

ESSA created new opportunities to make sure that all students, regardless of their race, color, national origin, ZIP Code, or family wealth, could have an equal opportunity to obtain a high-quality public education.

It returned flexibility and autonomy to States and districts to set high standards for all students, to evaluate schools using multiple measures of student learning, and to design systems for identifying schools in need of additional support.

With provisions I championed, States were also given the ability to eliminate unnecessary or duplicative testing and access to resources for fewer, better quality assessments. Importantly, the Every Student Succeeds Act put more emphasis on well-rounded education that prepares students to be creative, critical thinkers.

Since ESSA’s passage, I have worked with appropriators to make sure Congress fulfills the commitments made in this law with robust funding of Student Support and Academic Enrichment Grants.

As we continue to implement this law, strong Federal accountability and support are necessary to make sure that the flexibility and autonomy that States and districts now have is used to identify and close achievement gaps, rather than to shirk responsibility to students. We know there is more work to be done in that area, as well.

Unfortunately, the current Department of Education is more focused on privatizing education than on making sure that the States fully implement the law. They are not holding States accountable for improving outcomes of disadvantaged students. This is most noticeable in the Department’s approval of State plans that ignore the performance of subgroups altogether and the lack of guidance and regulations available to help States implement the Every Student Succeeds Act.

As we reflect on passage of the Every Student Succeeds Act and the opportunities it provides, I urge the Department of Education and Secretary DeVos to support States and hold them accountable for implementing this law with fidelity. My colleagues on the Education and Labor Committee will continue our robust oversight of the Department’s implementation to make sure that the Every Student Succeeds Act fulfills a promise we made to all students when President Obama signed it into law.

RECOGNIZING MISSISSIPPI FOOTBALL STATE CHAMPIONS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Mississippi (Mr. Kelly) for 5 minutes.

Mr. Kelly of Mississippi. Mr. Speaker, today, I rise to recognize five 2019 Mississippi football State championship teams that hail from my district.

In 1A, the Nanih Waiya Warriors defeated the Lumberton Panthers 28-to-14.

In 4A, the Corinth Warriors defeated the Poplarville Hornets 55-to-21.

In 5A, the West Point Green Wave defeated the Neshoba Central Rockets 20-to-7.
In 6A, the Oxford Chargers defeated the Oak Grove Warriors 31-to-21.

Finally, in MAIS 5A, the Heritage Academy Patriots defeated the Starkville Academy Volunteers 55-to-10.

There is nothing that brings Mississippi together more than Friday night lights, and to have this many championship teams in the First District is quite an honor.

I am proud of the young men who gave their all in the heat of August two-a-days, the regular season and the playoffs, and, finally, at The Rock in Hattiesburg to win a State championship.

I recognize the hard work and dedication of the bands, cheerleaders, dance teams, and all the other participants who make football games such an exciting Friday night community event in Mississippi.

I thank the parents who drove their children to and from practice and spent every night in the stands watching their kids compete on the field.

Finally, I express my heartfelt gratitude to the teachers, school administrators, and coaches who work every day to make sure that our kids have a bright future on the field and in the classroom.

SUPPORT LOWER DRUG COSTS NOW

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Georgia (Mrs. MCBATH) for 5 minutes.

Mrs. MCBATH. Mr. Speaker, today, I rise in support of H.R. 3, the Lower Drug Costs Act.

I thank the Speaker and my colleagues for working so hard to bring this important piece of legislation to the floor. I believe there are few issues more significant and few issues more impeding the quality of life for working Americans than the ever-increasing costs of healthcare and the lack of access to vital treatment.

As a two-time breast cancer survivor, I know all too well the stress and the heartache of a life-changing diagnosis. Treatment was exhausting, both physically and emotionally, but I was truly blessed to be able to afford my medications.

Even today, I continue to pay excessive out-of-pocket costs for my medications. However, I am lucky to be in a position where I do not have to make serious sacrifices to pay for the care that I need.

Unfortunately, this is not reality for all Americans. We live in the richest Nation in the history of nations. This is the greatest country on Earth. I refuse to believe that we cannot find a solution that allows every American to afford the medications that they need. I have been shocked by the stories from families about how pharmacuetical companies continue to gouge their pocketbooks and affect their quality of life.

I heard a story recently of a mother in my district who wrote in about her son, who is 27 and has type 1 diabetes. He pays $400 a month for his insulin while also trying to repay his college loans from pursuing his master’s degree. She wrote in to speak for her son because she is scared. Her son experiences the same hardship that so many Americans do because of a diagnosis they did not choose.

Too often, stories like this end with a patient resorting to rationing of essential treatments, often with catastrophic results. These are lifesaving medications. They are not optional, and people should never have to make the unthinkable decision about whether to purchase their medications or put food on their tables or gas in their cars.

On average, Americans pay three to four times as much for the same prescription drugs as people in other countries. Over the last two decades alone, the drug prices in this country have increased by 1,000 percent. There is no reasonable explanation for these costs, and the American people have had enough.

The constantly rising prices have far-reaching consequences, increasing the price of premiums and eating into workers’ wages.

Let us be clear, it is taxpayer dollars and wages that go toward paying for these outrageous prescription drug prices, and it is time for Congress to say that enough is enough.

This is the most comprehensive solution to our country’s drug pricing problem ever to be seriously considered by the House of Representatives. This legislation would give Medicare the power to negotiate directly with the drug companies and create a powerful mechanism that forces drug companies to the table to compromise on real price reductions.

It also stops pharmaceutical companies charging other countries less for the same drugs, and it creates a $2,000 out-of-pocket limit on prescription drug costs for Medicare beneficiaries.

Finally, it will reverse years of unfair price hikes above inflation across thousands of drugs in Medicare, making lower drug prices negotiated by Medicare available to Americans with private insurance, not just Medicare beneficiaries.

The Lower Drug Costs Act is a good deal for the American people. It saves the taxpayers over $450 billion during the next decade and allows us to make long-sought-after investments into Medicare and the National Institutes of Health.

In fact, this bill includes legislation that I wrote to include coverage of hearing aids in Medicare, making them affordable for our seniors. It will also deliver vision and dental benefits while investing huge sums into the search for new cures.

All the mothers and fathers who lay awake at night worried about enrolling their kids in after-school activities or making their mortgage or car payments will benefit from this bill. We are fighting for them, and it is a fight that we intend to win.

HONORING THE LIFE AND SACRIFICE OF STEPHEN CARR

The SPEAKER pro tempore. The Chair recognizes the gentleman from Arkansas (Mr. Womack) for 5 minutes.

Mr. Womack. Mr. Speaker, it is with a heavy heart that I rise today to honor the life, service, and sacrifice of a hero from the Third District of the great State of Arkansas, Fayetteville Police Officer Stephen Carr.

On Saturday, December 7, Officer Carr was preparing to begin another shift of keeping his community safe when he was cowardly ambushed and executed, most likely because of the uniform he wore.

We have lost one of our finest law enforcement officers, someone who dedicated his life to serving Arkansas and defending others. Officer Carr made it his mission to make our State a safer place for everyone.

Officer Carr served as a protector, promoted peace and justice, and demonstrated the valor and integrity that the uniform embodies.

Our hearts are broken as we grieve this unthinkable loss. Today, we vow never to forget his memory and pledge to honor his life and service forever. I join all of Arkansas this morning in the mourning of the loss of Officer Stephen Carr. Our prayers are with his family, his loved ones, and the Fayetteville Police Department.

I also recognize Corporal Seay Floyd and Officer Natalie Eucce, who immediately engaged and eliminated the suspect.

Our police deserve our deepest respect and gratitude. While they know the risks they face are greater than ever, they refuse to shy away from their mission to protect and serve.

Stephen Carr was a native of The Woodlands, Texas. Mr. Speaker, my friend and colleague Representative Kevin Brady would have been on this floor this morning to offer his condolences to the family, a family that he knew personally, but because of a markup in the Ways and Means Committee, he is unable to be on the floor with me this morning.

Mr. Speaker, if it please the House, I would like to ask for a moment of silence for Officer Carr, who will be laid to rest tomorrow, and, in fact, for all of our heroes who have faced the end of watch.

H10020

CONGRESSIONAL RECORD — HOUSE

December 11, 2019

KEVIN BRADY would have been on this floor this morning to offer his condolences to the family, a family that he knew personally, but because of a markup in the Ways and Means Committee, he is unable to be on the floor with me this morning.

Mr. Speaker, if it please the House, I would like to ask for a moment of silence for Officer Carr, who will be laid to rest tomorrow, and, in fact, for all of our heroes who have faced the end of watch.

Mr. GREEN of Texas. Mr. Speaker, and still I rise with love of country at heart and my mnemonic notes in hand.
Mr. Speaker, I rise today with the preeminent privilege and singular honor of paying tribute to a great American institution. I do so with H. Res. 760, commemorating Houston Methodist Hospital for 100 years of service—23,000 professional years of working in healthcare, 100 years of saving lives, 100 years of groundbreaking research.

Houston Methodist Hospital, the world’s first multiorgan transplant hospital; first coronary bypass, grafting with the patient’s leg vein; ranked the number one hospital in Texas for 8 consecutive years and a national honor roll hospital by U.S. News and World Report.

Houston Methodist has eight hospitals, employing more than 23,000 persons, 1.3 million patient encounters last year alone, acknowledged for their outstanding specialties in neurology, neurosurgery, pulmonology, orthopedics, cancer, cardiology, heart surgery, and urology.

Mr. Speaker, I am so proud to say that all of my colleagues in the Houston area are cosponsors of this resolution—original cosponsors, I might add. This would include the Honorable Sheila Jackson Lee, the Honorable Lizzie Fletcher, the Honorable Pete Olson, the Honorable Sylvia Garcia, the Honorable Michael McCaul, the Honorable Randy Weber, the Honorable Brian Babin, the Honorable Dan Crenshaw, and the Honorable Kevin Brady.

Houston Methodist has a great president who not only responds to congressional inquiries, but also to the patients themselves. I know. I have known of patients who have actually had the opportunity to see the president of the hospital, Dr. Mark Boom, is the president. He is a medical doctor himself, and he is the chief executive officer.

This great institution is one that I am proud to have in my congressional district. I am proud to represent, and I am also proud to say is a part of the great institutions in the United States of America.

Houston Methodist Hospital is celebrating its centennial, 100 years of faithful service and saving lives, not only in Houston, Harris County, in the State of Texas, but across the world.

RECOGNIZING BUCKS COUNTY ELITE GIRLS BASKETBALL PROGRAM

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. Fitzpatrick) for 5 minutes.

Mr. FITZPATRICK. Mr. Speaker, I rise today to recognize the Bucks County Elite Girls basketball program and those who were recently recognized by the Monroe Foundation for Youth and presented awards for their service to our community as well as for their athletic and their academic achievements.

Over the last year and a half, the team has won 11 tournaments. This is an incredible achievement that speaks to their teamwork, their coaching, and their dedication. Moreover, many of the team members are also honor students, and many more are active community volunteers throughout our region.

Mr. Speaker, I would like to congratulate the Bucks County Elite Girls basketball program for this amazing accomplishment, and we look forward to their future success.

KEYSTONE FOOD DRIVE

Mr. FITZPATRICK. Mr. Speaker, I rise today to recognize the incredible work of the staff, the students, and the families of Bristol Township’s Keystone Elementary School.

This holiday season, the Keystone community came together to help 27 local families in need. The students and staff at the school donated non-perishable items throughout November, and Oldcastle Infrastructure of Croydon, Pennsylvania, provided turkeys and pies to accompany the meal baskets.

Mr. Speaker, this is the third consecutive year that Oldcastle Infrastructure has partnered with the Keystone families. It is great to see our community come together to help those families who have fallen on hard times, and that is what makes neighbors so great. They are always there to help others in times of need.

Mr. Speaker, we hope to see this program continue in the future, and we hope other communities will follow their lead.

SALUTE 2 SERVICE

Mr. FITZPATRICK. Mr. Speaker, I rise today to recognize Salute 2 Service, a veteran outreach program based in Bristol, Bucks County, Pennsylvania.

Founded by Langhorne’s Rodney Wyatt, Salute 2 Service prides itself on its ability to provide a multitude of services and resources for our veterans in distress. In addition to extensive work towards career growth and homeless outreach, they help veterans through local, State, and national advocacy, community activism, and emergency assistance.

Mr. Speaker, the motto of Salute 2 Service is “Leave No Veteran Behind.” With nearly a half million unemployed veterans across our great Nation, Salute 2 Service has vowed to help find jobs for the servicemen and servicewomen in our community.

I am proud to represent Salute 2 Service and Rodney, and I am glad to see like-minded groups working together to help our veterans each and every day.

SOCIAL SECURITY IS THE NORTH STAR OF HUMANE PUBLIC POLICY

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Wisconsin (Ms. Moore) for 5 minutes.

Ms. MOORE. Mr. Speaker, I am just so thrilled and excited to be reintroducing my Social Security reform bill, the Social Security Enhancement and Protection Act of 2019.

Today, our prized Social Security program is at risk. Currently, Social Security is fully funded until 2035 but faces serious financial challenges after that.

And while there is broad agreement that we need to take steps to improve the fiscal outlook for Social Security, there is not enough attention given to the need to improve the system so that it works better for vulnerable populations, people of color, and low-income people. My bill would both improve benefits and extend the program’s solvency.

Mr. Speaker, I would like to draw your attention to three critical components of my bill:

My bill would modify the special minimum benefit to credit workers for up to 5 additional years of work to reflect the years workers provide care for a child under 6 years old. This, of course, is especially important for women. We need to value caregiving and acknowledge that this uncompensated labor is not free. Mother work is work.

My bill also extends the benefit eligibility for children of retired, disabled, or deceased workers who are full-time students enrolled in college or vocational schools up to the age of 26 years old.

In this knowledge-based worldwide economy, this benefit needs to be reinstated. It was particularly helpful to students of color, low-income families with parents working who were at higher risk, those with parents who were blue-collar workers, and women.

My bill also provides additional benefits for all beneficiaries of any income age 20 years after their retirement. People who live beyond the age of 85—God bless them—tend to be more likely to be financially vulnerable, even with their Social Security. They may have exhausted their savings by this point or have more serious health problems that may have been a drain on their finances or have faced any number of financial strains.

Mr. Speaker, Social Security has become one of the hallmarks of our safety net, and I urge my colleagues to improve this system, which has been an integral part of our Nation.

Mr. Speaker, Social Security is the North Star of humane public policy in the United States, and I would invite all of my colleagues the opportunity to cosponsor this legislation and vote for the Social Security Enhancement and Protection Act of 2019.

MATTHEW CLIFFORD NAMED STATE MIDDLE SCHOOL PRINCIPAL OF THE YEAR

The SPEAKER pro tempore. The Chair recognizes the gentleman from Indiana (Mr. Pence) for 5 minutes.

Mr. PENCE. Mr. Speaker, I rise today to recognize Matthew Clifford on being named the 2019 State Middle School...
Principal of the Year by the Indiana Association of School Principals.

After being named the District 10 Middle School Principal of the Year, Clifford was then nominated by his peers at Greensburg Junior High School across the State to become the State Principal of the Year.

Mr. Speaker, I want to congratulate Matthew for this tremendous honor and thank him for his dedication to improving the lives of Hoosier kids and families.

FIRST CHRISTIAN CHURCH GRANT

Mr. PENCE. Mr. Speaker, I rise today in support of the grant application submitted by the First Christian Church of Columbus. This grant will save one of America's treasures in my district.

The First Christian Church has been a staple in the Columbus community for years and is a jewel of architecture and history.

Since 2001, the First Christian Church has been designated by the National Park Service as a U.S. National Historic Landmark, but now it needs essential renovations. I pledge my support for this program so that this church may be restored to its original beauty.

IU HEALTH COMMUNITY INVESTMENT

Mr. PENCE. Mr. Speaker, I rise today to express my support for IU Health's investment of $1 million into the Muncie community.

Over the next 3 years, IU Health will give $1 million toward revitalization of the Thomas Park-Avondale and South Central neighborhoods in southeast Muncie. The investment plans include bike lanes, walking trails, access to better food, a new health center, and much more.

I applaud IU Health for investing in our local community and promoting healthier Hoosiers.

INDIANA BROADBAND EXPANSION

Mr. PENCE. Mr. Speaker, I rise today to show my support for IU Health's investment of $1 million in rural broadband expansion in the Sixth District.

In my time in Congress, I have worked with local groups to address broadband in schools and hospitals and supported Distance Learning and Telemedicine grants. I have introduced a bill to make sure Federal agencies effectively work together in this arena.

I am glad to see the Governor announce a boost for grants to counties like Jennings, Scott, and my home county of Bartholomew.

I look forward to seeing the State’s continued work on this as I fight for rural high-speed internet on behalf of the Sixth District.

WAYNE COUNTY VETERAN APPRECIATION DINNER

Mr. PENCE. Mr. Speaker, I rise to honor the Hoosier veterans and their brave families I met at the Veterans Christmas Appreciation Dinner of Wayne County.

Nearly 600 veterans, including World War II vets, gathered in Richmond to enjoy an evening of celebration and holiday cheer. A career fair was held before dinner to help those in need to access work opportunities, resources, and support.

It was a privilege to speak at this appreciation dinner, and I stand today to wish every veteran across this country and Indiana’s Sixth District a very merry Christmas.

CONGRESS NEEDS TO ADDRESS RISING COST OF HEALTHCARE

Mr. PENCE. Mr. Speaker, I rise today to ask, for the American people, Congress to do its job and address the rising cost of healthcare, but Speaker Pelosi’s H.R. 3, is not the answer.

H.R. 3 will limit choice and innovation. It is a partisan messaging bill that will not be considered in the Senate or signed into law. We are letting the American people down by not voting on bipartisan legislation that will actually address skyrocketing drug prices.

H.R. 3 would increase premiums while punishing American innovation and enabling foreign competitors to flourish.

H.R. 19, the Republican’s alternative drug pricing bill, is filled with more than 40 bipartisan, commonsense reforms that reduce prescription drug costs and increase access to affordable, high-quality and lifesaving care for Americans.

H.R. 19 expands low-cost options for patients by bringing more generic competition to the market.

It lowers out-of-pocket spending, protects patients’ access to new medicine and cures, increases transparency, and boosts innovation. The American people should be empowered by bipartisan proposals not restricted by partisan politics to make the best healthcare choices for themselves and their families.

INABILITY TO AFFORD PRESCRIPTION DRUGS SHOULD NOT BE A DEATH SENTENCE

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Virginia (Ms. WEXTON) for 5 minutes.

Ms. WEXTON. Mr. Speaker, a constituent of mine named Josh aged out of his parent’s health insurance when he turned 26. Josh was a Type 1 diabetic and by then, his insulin cost was nearly $200 per month.

So he switched to over-the-counter insulin because, like so many others, he couldn’t afford the prescription brand recommended by his doctors. Already on a tight budget, Josh was engaged and wanted to save up some money for his wedding and building a new life with his fiancée.

His mother knew that he had changed his medication and when she would check on him, his blood sugar would be high, but he assured her that he was doing all right and the insulin was working.

He was alone at work in June of this year when he suffered a series of strokes that would prove fatal, and it was his fiancée who found him.

We have miracle drugs that can save lives, but they don’t do any good when the American people can’t afford them.

In April, I hosted a roundtable with constituents and healthcare providers about the skyrocketing price of diabetes medications. Nurses and pharmacists shared stories about patients who had no option but to ration their insulin, putting their lives and their health in serious jeopardy.

One, who ran a free clinic, spoke about how refugees were absolutely stunned at how much more Americans were paying for their prescription drugs than they did in the countries that they were fleeing from.

Mr. Speaker, I am proud to support H.R. 3, the Elijah Cummings Lower Drug Costs Now Act because the inability to afford necessary drugs should present a death sentence in the United States of America.

We are going to give HHS the power to negotiate lower drug prices for the American people. And those lower prices will be available to Medicare beneficiaries, but also to Americans with private health insurance.

With the projected savings from this bill, nearly half a trillion dollars, we will provide vision, dental, and hearing benefits for all Medicare beneficiaries and invest in new medical research.

American families and seniors should not pay more for their medications than what the drug companies charge people in other countries.

This bill is a win for the American people. It represents a historic investment in Medicare and historic savings on the cost of prescription drugs.

Without this legislation, the rising price of prescription drugs will continue to take a toll on the finances of American families, and in worst cases, cost lives.

What happened to Josh should never happen to anyone in this country. I urge my colleagues on both sides of the aisle to support this lifesaving legislation.

SOCIALISM IS A PHILOSOPHY OF FAILURE

The SPEAKER pro tempore. The Chair recognizes the gentleman from North Carolina (Mr. BUDD) for 5 minutes.

Mr. BUDD. Mr. Speaker, Winston Churchill once said: "Socialism is the philosophy of failure, the creed of ignorance, and the gospel of envy. Its inherent virtue is the equal sharing of misery."

Despite the truth of these words, unfortunately, more and more young Americans hold positive views of socialism and negative views of capitalism. A recent Gallup Poll found that 51 percent of young Americans view socialism favorably, while only 45 percent view capitalism positively.

That marks a 12-point decline in the popularity of capitalism just this decade.
So the question is, Why are increasing numbers of our young people supporting socialism? 

The answer is, because they have been told that it is somehow "moral" and "compassionate" and "fair" by leading socialist policies in media and government. Socialism has become the model of one of the most foundational principles of human behavior, and that is, incentives. 

Socialism doesn’t reward people for hard work, creativity, and entrepreneurial spirit. In reality, the overwhelming taxation necessary to support socialist policies penalizes people who work hard by forcing them to send their earnings, perhaps thousands of miles away, to Washington, D.C. 

The incentive that is created is one of mediocre performance. Under that system, not only do massive amounts of other people’s money flow here to Washington, but so does the decision-making capacity, over large swaths of people’s lives, from your healthcare decisions to how you power your home, or your car, or what school your child can attend. 

Liberal Democrats often mock Republican economic policies as trickle-down economics. But the socialist view essentially constitutes trickle-down bureaucracy. The theory is that if we give more money and power to Federal bureaucrats in Washington, that the benefits will somehow trickle down to those who need it the most. 

Further, it is fundamentally immoral for decisions over your life to be fundamentally outsourced to a far distant Capital hundreds or thousands of miles away with the dim promise of support after the Washington swamp has had its say. 

The best way to combat the rise of socialism is to educate Americans on the devastation that it has caused in other countries around the world. 

In Greece, socialist policies have crippled investment, innovation, entrepreneurship, and led to a shortage of food, money, and medicine. 

In Venezuela, the socialist policies of Hugo Chavez and Nicolas Maduro have led to mass shortages of critical medicine, widespread starvation, skyrocketing crime, and a terrible refugee crisis. 

In contrast, countries that have adopted the capitalist principles of economic freedom have fared much better. After trying Socialist policies in the 20th century, Israel, India, and the United Kingdom realized that their economies were hopelessly stagnated, and as a result, all three countries stopped allowing the government to dictate economic decisions and made the switch to free-market policies as a way to jump-start their economies. 

After embracing economic freedom, India now has the largest middle class in the free world. Israel is rated as the third most innovative economy in the world, and the United Kingdom’s economy grew faster than nearly every other economy in Europe. 

As a strong supporter of economic freedom, I stand firm in my commitment to capitalism. This dangerous ideology has failed in nearly every country where it has been tried, and we must do everything in our power to educate the next generation of Americans about the true nature of socialism. 

Socialism is not what made America great. Socialism is not who we are. America will never become a Socialist Nation.

WE HEAR AMERICANS REGARDING SKYROCKETING DRUG COSTS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Maryland (Mr. TRONE) for 5 minutes.

Mr. TRONE. Mr. Speaker, I rise today in support of H.R. 3, the Elijah Cummings Lower Drug Costs Now Act. This bill fulfills a promise that we made to the American people. 

We heard America when you told us drug costs were so high you sometimes had to choose between buying your medicine and paying your heating bill. 

We heard America when you spoke to us about skyrocketing drug costs compromising your quality of life. 

We heard America when you said you had to ration drugs because you couldn’t afford your next prescription. 

No one should have to make those tradeoffs for themselves or their children. 

In the United States, we pay more for drugs than any other country. For insulin alone, Americans pay four times the average of other countries. In my district in Maryland, people with Medicare are paying 4.9 times what they would pay in Australia; 3.5 times what they would pay in the United Kingdom; and 2.6 times what they would pay in Canada for prescription drugs. 

Marylanders and Americans have been getting a bad deal, and it is time to change the dynamic in the business world and in business you are successful when you negotiate a better price. Government should be able to do the same thing with pharmaceutical companies. 

H.R. 3 will allow us to do this. It will allow the U.S. Government to negotiate lower prices for Medicare and private insurance and put a $2,000 out-of-pocket limit on prescription drugs. It will also expand Medicare benefits to add coverage for dental, vision, and hearing for the first time ever. 

In total, this bill will save the Federal Government over $500 billion over the next 10 years. Not only will this save money in the pockets of the average American, but it will reinvest that money to help our children and our children’s children. 

It will do this by investing $10 billion for biomedical research at NIH. NIH is the best investment in our future that we can ever make. Every dollar spurs $8 in return. Investing money in NIH just makes sense. 

It will also do this by investing $10 billion to fight our Nation’s biggest problem: the opioid epidemic. Unscrupulous pharma companies fueled the opioid epidemic with irresponsible and illegal schemes to flood the market with prescription pain pills. We have paid dearly for those pills in lives lost. 

It is only right that the savings we create through lowering drug prices for Americans should go to fighting this epidemic. 

I am proud that the bipartisan bill I introduced with the Freshmen Working Group on Addiction, the State Opioid Response Grant Authorization Act, is included in H.R. 3 and will provide $7.5 billion over the next 5 years for consistent and predictable funding for the communities that are fighting the opioid epidemic on the front lines. 

Opioids have killed more than 400,000 Americans. It is time to act. 

Last month, I held a roundtable in Gaithersburg, Maryland, about the high cost of prescription drugs. At the roundtable, we had medical professionals and regular folks who wrote into my office about the incredibly high cost of prescription drugs. 

One of those people was Suzette Cumberland. Suzette has Type 1 diabetes, and over the summer the price for her medication shot up 300 percent without warning or explanation. This is not fair, and it is not right. 

I am standing on the floor of the House of Representatives today and say to Suzette: We all hear you. I hear you and the millions of people across this country who have to make decisions about whether to pay for food or the medication they need to survive. 

I urge my colleagues to vote for the Elijah Cummings Lower Drug Costs Now Act. It is time to stand up to the pharmaceutical companies and fight for those without a PAC or a lobbyist to represent them—the American people. 

Let’s fight for them.

The SPEAKER pro tempore. Members are reminded to address their remarks to the Chair.

HONORING THE LIFE OF ALLAN TRIMBLE

The SPEAKER pro tempore. The Chair recognizes the gentleman from Oklahoma (Mr. KEVIN HERN) for 5 minutes.

Mr. KEVIN HERN of Oklahoma. Mr. Speaker, I rise in recognition of the passing of a great man—a man of faith, whose mission field for 35 years was 100 yards long and 53½ acres.
yards wide. Coach Trimble was the most successful high school coach in Oklahoma history with 13 State championships, and in 2017, Jenks High School affectionately renamed their stadium the “Allan Trimble Stadium” in his honor.

He was inducted into the Oklahoma Sports Hall of Fame in 2018. Trimble believed that when you make better people, you make better players. For Coach Trimble, winning on the field was a by-product of winning off the field, keeping your priorities of faith, family, and football, in that order.

Coach Trimble was a master mentor who spent his entire adult life pouring his wisdom into high school students and young adults. Countless people were blessed by his mentorship. Despite his battle with ALS, Coach Trimble continued to believe that he was blessed and needed to bless others.

Coach Trimble spent his last year developing the Trimble Strong Foundation, a continuation of his efforts to serve others and mentor the next generation.

Last week, Coach Trimble left this earthly pain to join our Father in Heaven.

He is remembered a hero by thousands of lives he touched both on and off the football field. Oklahoma will never forget his legacy of service and of selflessness, faith, and football.

Mr. WELCH. Mr. Speaker, on November 20, 2019, only 3 weeks ago, Vermont lost a great Vermonter and an inspiring American, Jake Burton Carpenter, the person who started Burton Snowboards, the person who actually created “The Flying Tomato.”

Jake was a great Vermonter and pioneer of snowboarding. He was a great husband to his wife, best friend, and business partner for decades, Donna Carpenter, and the proud father of George, Taylor, and Timi, snowboarders all.

Jake’s life was one of great effort, inspiring originality, perpetual decency, and deep love of the snowboarding sport Jake created, deep love of the people who came to the sport, and deep love of his community and all the people who worked in his company.

Snowboarding in 2019 is a wildly popular sport that Jake started. It has a prominent place in our Winter Olympic Games, and it has extraordinary championships. It was banned and prohibited in all our ski areas.

Mr. Speaker, you couldn’t bring a board to a mountain, and it was because the kids who wanted to do this were rambunctious, energetic, and Jake would sometimes say disrespectful of their elders. But they loved to ride, loved to be outdoors, and loved to be with each other. It was this culture of community that Jake created as much as this extraordinary sport that allowed people to demonstrate amazing physical skills.

He started this company in Stratton, Vermont. He worked as a bartender at night. During the day, he worked not in his garage but in a barn at a house where he was house sitting. By himself, he was making these snowboards.

This is one of his early Burton Snowboards.

With Donna, whom he met in 1982 and married in 1983, he then started producing boards for these rambunctious kids ride. Ski area after ski area relented and ultimately came to see riding as the economic future of their mountains because as ski trips have gone down, boarding has gone up.

The company that Jake left behind that he started out of nothing now has about 32 percent of the sales in this huge market, about $400 million. It is over a $1 billion industry. It has over 1,000 employees in six different countries.

Riding today is something you do if you dare. It wasn’t always so. When Jake started in 1977, he started from nothing, but he loved it.

After he graduated from NYU in 1977 and married Donna, he realized that when he was a kid, the first time that he got on something that was the predecessor of a functional Burton Snowboards, it was two ski boards together with a rope at the top called a Snurfer, and he was 15 or 16. He started marketing to even younger kids. They went outside, got on the mountain, and then a sport was born.

Mr. Speaker, so many champions have been folks who rode these boards in their glory. One of them, of course, was Shaun “The Flying Tomato” White. The Flying Tomato got so many awards that he has become one of our greatest Olympic champions.

Now, Jake’s life was not without real suffering. He lost his beloved brother, George, in the Vietnam War. His mom, Kitti, died when he was 17.

I want to end with Jake’s words: “The riders, the product, the process, this is my heart and soul. I just love the freedom snowboarding gives you to do whatever you want.”

Mr. Speaker, so many champions have been folks who rode these boards in their glory. One of them, of course, was Shaun “The Flying Tomato” White. The Flying Tomato got so many awards that he has become one of our greatest Olympic champions.

Now, Jake’s life was not without real suffering. He lost his beloved brother, George, in the Vietnam War. His mom, Kitti, died when he was 17.

I want to end with Jake’s words: “The riders, the product, the process, this is my heart and soul. I just love the freedom snowboarding gives you to do whatever you want.”

USMCA WILL CREATE JOBS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Kentucky (Mr. COMER) for 5 minutes.

Mr. COMER. Mr. Speaker, I rise today to commend President Trump for the recent bipartisan deal with Congress to replace NAFTA with a new and significantly improved free trade agreement, the USMCA.

This deal will create jobs, boost our agriculture exports, and grow the economy in Kentucky. It is good for our farmers and manufacturers, and it will benefit all Americans.

The USMCA also encourages innovation, opens new markets for our farmers, and strengthens enforcement and accountability with our trading partners in the global economy.

Unfortunately, it took far too long for Speaker Pelosi and the House Democrats to come to the table and move toward action on an important priority to the American people. Their excessive, unfounded focus on impeaching the President has created months of needless delay on the USMCA, a vote we continue to await.

However, it is good news that a deal has finally been reached. It is one that will provide our economy with increased stability and confidence. But now that we finally have an agreement on a deal negotiated by the President over a year ago, Democratic leadership must act quickly and bring the USMCA to the floor for a vote. My constituents and all Americans deserve no less than a government that works for them rather than one that plays political games with our economy.

The need for a modern agreement with our major trading partners has been neglected for long enough. We must now do our duty and take a vote on the USMCA, which will help us remain competitive in the 21st century economy.

Recognizing Cumberland County Judge Executive John Phelps

Mr. COMER. Mr. Speaker, I rise today to commend my friend, Cumberland County Judge Executive John Phelps, for his recent selection to serve as president of the Kentucky County Judge/Executive Association.
This prestigious organization serves as the unified voice for county judge executives in all of Kentucky’s 120 unique counties. Judge Phelps will do good work in this role to promote the improvements of county governments all across Kentucky.

In Kentucky, we are fortunate to have strong leaders in our courthouses and city halls, many of whom serve cities and counties in the First Congressional District. These include leaders like Judge Phelps, whose exceptional service and commitment to addressing the needs of local government stand out.

I am excited to see him get started in this important job and know that he will be a strong advocate for the many needs of county governments. His service will benefit not only Cumberland County and south central Kentucky, but also the Commonwealth of Kentucky as a whole.

I am honored to recognize Judge John Phelps, whose distinguished record of service in Cumberland County and his many private-sector accomplishments in the real estate business will serve him well in this new role.

SUPPORT IMMIGRATION REFORM FOR FARMWORKERS

The SPEAKER pro tempore. The Chair recognizes the gentleman from California (Mr. Costa) for 5 minutes.

Mr. COSTA. Mr. Speaker, I rise today to support the Farm Workforce Modernization Act.

Americans want Congress to tackle issues that they care most about, and spiraling drug costs is one of the most important issues.

Passing H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act, will help lower prescription drug prices and hold drug companies accountable for unfair price hikes.

Prescription drugs in the United States we all know are four times higher than what they charge for the same drugs in many other countries. The soaring cost of insulin is one example of the way we see gouging, quadrupling over the last decade.

Diabetes is an epidemic in our country, affecting over 30 million people in the United States and costing Americans more than $100 billion a year to manage.

In Fresno County, one of the counties I represent in my district in the San Joaquin Valley, it is estimated 68 percent of the people between the ages of 55 and 64 have diabetes.

These Americans need insulin to manage their condition, but these high prices are causing them impossible choices. The question is: Do they pay for medication or do they put food on their dinner table, making sacrifices that are simply unacceptable?

Democrats are committed to putting the healthcare of American people first and stopping this unfair practice. So far this year, we have sent multiple bills to the Senate to reduce healthcare and prescription drug costs. Silence. Silence is the only answer we get from the Senate.

Tomorrow, we will pass another bill, H.R. 3, the Lower Drug Costs Now Act, and this aims to stop drug companies from gaming the system unfairly and raising prices on American families. That is what we are trying to do.

This bill also builds on the Affordable Healthcare Act by adding $10 billion a year for expanding community health centers, which have been instrumental in my area and throughout the country in increasing healthcare and access to healthcare in rural America.

In my district, 400,000 people would benefit if we passed H.R. 3 and it is signed into law. My constituents who rely on prescription drugs are depending on us to act to ensure that medications are affordable, and I intend to do that by voting to support this legislation.

It will also save Americans over $500 billion over the next 10 years.

So now is the time to act, and it is the time for the Senate to do their job.

IN HONOR OF CORPORAL, RETIRED, MATTHEW BRADFORD

The SPEAKER pro tempore (Mr. Rush). The Chair recognizes the gentleman from Kentucky (Mr. Barr) for 5 minutes.

Mr. BARR. Mr. Speaker, I rise today to honor the life of a unique and special fellow, and my good friend, U.S. Marine Corporal, Retired, Matthew Bradford. Matthew is stepping down as veterans outreach coordinator in my district office.

Matthew, who grew up in our district in Winchester, Kentucky, enlisted in the United States Marine Corps when he graduated from high school, and he was assigned to the 2nd Battalion, 3rd Marines, Echo Company, 2nd Platoon.

He was deployed to Iraq in 2006, and on January 18, 2007, he suffered catastrophic injuries as a result of the detonation of an improvised explosive device. His severe injuries left him totally blind, and he lost both of his legs.

Matthew persevered, and he learned to live at home and adapt from his injuries. In 2010, Matthew became the first blind double amputee in history to reenlist in the Marine Corps.

On behalf of a grateful nation, I thank him for his service, his sacrifice, and his patriotism.

Matthew Bradford is a very determined individual. After his service with the Marine Corps ended, he married his “Warrior Princess,” Amanda. Together, they have three children.

Matthew found his purpose in motivating and encouraging others to overcome difficult obstacles. He spends a great deal of his time speaking to groups and individuals and participating in challenging athletic events, including marathons, skydiving, surfing, hunting, and climbing 7,000 feet up Mount Rainier.

Matthew came to work in the Sixth Congressional District office in the spring of 2017, serving first as a college intern, then as my national security fellow, and, lastly, as our veterans outreach coordinator.

In his work in our district office, Matthew has been a strong advocate for veterans. He worked with our veterans coalition, and it has grown tremendously under his leadership.

Matthew has worked on many outreach initiatives, including our Facebook page, and has worked diligently to improve the lives of America’s veterans. His work with veterans has made quite a difference.

His passion, his humility, and his determination will be greatly missed in our office, but his life’s work in service to his community and the Nation will surely continue.

Matthew has earned many honors, including the Purple Heart, the George Van Cleve Military Leadership Award, the Gary Sinise Hope for the Warriors Award, and induction into the Kentucky Veterans Hall of Fame.
was also invited by President Trump to attend the 2018 State of the Union Address.

In his position in the Sixth District office, he has earned the respect of all of his coworkers and all of the constituents with whom he has interacted. He leaves a lasting legacy as a servant leader.

I am honored to call Matthew a loyal and trusted friend. I wish him all the best as he moves on to other interests.

Mr. BARR. Mr. Speaker, I rise today to acknowledge the United States most important strategic ally in the Middle East, the nation of Israel.

Last week, the House voted on and nearly passed, along mostly partisan lines, a nonbinding resolution reinforcing the failed two-state policy that has been pushed on both the Israeli and Palestinian people since the signing of the failed Oslo Accords. I opposed that resolution.

The truth is we need a new way of thinking about the path toward a lasting peace between Arabs and Jews in the Middle East. The idea that politicians from outside of Israel can impose a top-down forced division of Arabs and Israelis is nonsense.

Rhetoric about a negotiated two-state resolution is not credible when it is promoted by those who criticize Israel’s settlements within the Biblical homeland of the Jewish people. Current Israeli settlements established through peaceful means extend the reach of freedom and democracy, while the proposed ejection of Jews from settlements has a record incongruent with peace.

The 2005 Israeli withdrawal from Gaza has been a disaster for Palestinians, allowing terrorist groups like Hamas and PIJ to take over and terrorize that strip of land and its citizens. I have personally been to Judea and Samaria, and I have witnessed Jews and Arabs working together, side by side, in private enterprise, seeing that peace is possible.

When stability exists under the rule of law, under the freedom and security offered by the State of Israel, businesses thrive, families earn a living, and freedom and democracy expand—all things that I encourage my colleagues to consider.

IN MEMORY OF SECOND LIEUTENANT TRAVIS B. WILKIE

The SPEAKER pro tempore. The Chair recognizes the gentleman from California (Mr. PETERS) for 5 minutes.

Mr. PETERS. Mr. Speaker, I rise today to recognize the late Second Lieutenant Travis B. Wilkie, a veteran and San Diego native who lost his life while training at Vance Air Force Base in Oklahoma. Lieutenant Wilkie was a model citizen who exuded the values of service and sacrifice to his country.

A San Diego native, Lieutenant Wilkie worked diligently as both a student and as a member of his community, and his accomplishments earned him a spot at the prestigious Air Force Academy in Colorado Springs.

On November 21 of this year, Lieutenant Wilkie was training with a fellow pilot, Lieutenant Colonel John Rice, when the F-16 Fighting Falcon they were flying crashed during a landing formation. Both Lieutenant Wilkie and Colonel Kinkade tragically lost their lives that day.

Lieutenant Wilkie’s loss is felt in our community in San Diego, by his colleagues at the Air Force Academy, by his fellow servicemembers at Vance Air Force Base, and by his family. In a text to me yesterday, his mom, Carlene, said: “‘Devastated’ is not a strong enough word. Travis was a brilliant, hardworking 23-year-old who just married the woman of his dreams on October 14. I don’t believe any young pilot should die in a training mission. Unbearable.”

Please join me in remembering and honoring Second Lieutenant Wilkie and Lieutenant Colonel Kinkade, their families, and the communities they touched during their lives and their service.

IN HONOR OF ALBERT J. HICKMAN

Mr. PETERS. Mr. Speaker, I rise today to recognize the San Diego hero, the late Ensign Albert J. Hickman, a decorated veteran who gave his life to save many others.

Ensign Hickman was 21 years old when the FSH Demon, the jet he was piloting, malfunctioned. He was on a routine training mission over San Diego, California, when he lost control of the aircraft and began plummeting toward the ground.

At the time of the engine malfunction, Hickman’s jet was directly over a neighborhood elementary school playground crowded with children on their noontime recess. Instead of simply ejecting from the jet, he stayed with the aircraft and steered it into a remote canyon in order to avoid the playground.

Ensign Hickman sacrificed his life to save the lives of 750 children. He was posthumously awarded the Navy and Marine Corps Medal, the highest noncombat medal awarded for heroism.

Hickman Elementary School in Mira Mesa was also named in his honor, as was Hickman Field in Kearny Mesa.

At a ceremony at the school, 11-year-old Hawthorne student body president Kay Schade gave a speech that was quoted in the San Diego Union Tribune: “Ensign Hickman not only saved our lives but left us an ideal by which to live. Let us strive to be as brave and courageous ourselves as he was.”

December 4 marked the 60th anniversary of his death. In September, his heroism was recognized at Mount Soledad Veterans Memorial.

Please join me in honoring Ensign Albert Hickman for his dedication and sacrifice as we seek to continue his legacy of heroism.

IN HONOR OF SENIOR CHIEF PETTY OFFICER KENTON STACY

Mr. PETERS. Mr. Speaker, I rise today to recognize Senior Chief Petty Officer Kenton Stacy, a decorated veteran who gave his life to serve on the line of duty while on tour in Syria.

Senior Chief Stacy was on his final tour in Syria after having already completed one tour in Iraq and two in Afghanistan. He specialized in explosive ordnance disposal, managing his every assignment he undertook was a matter of life and death for himself and members of his team.

In 2017, Senior Chief Stacy and his unit were clearing a hospital in an area that had been recently occupied by ISIS. During their mission, an explosive device detonated, leaving Senior Chief Stacy badly wounded. While Senior Chief Stacy survived, the explosion ultimately left him paralyzed and unable to speak.

Senior Chief Stacy was honored this past Veterans Day with a plaque at the Mount Soledad Veterans Memorial in San Diego, the only memorial in the United States that honors veterans, both living and deceased, from the Revolutionary War until now. This will help ensure that his sacrifice is never forgotten.

Please join me in honoring Senior Chief Petty Officer Kent Stacy and his family and thanking them for all their courage and service to our country.

SOCIALIZED MEDICINE IS DEADLY

The SPEAKER pro tempore. The Chair recognizes the gentleman from Alabama (Mr. BROOKS) for 5 minutes.

Mr. BROOKS of Alabama. Mr. Speaker, 106—nearly half—of House Democrats have cosponsored the socialists’ Lower Drug Costs Now Act. We will not mince words: Socialized medicine causes worse healthcare at higher costs with longer waits and more dead Americans.

America must learn from countries that have experimented with socialized medicine. Per Britain’s Royal College of Surgeons, almost a quarter of a million people must wait more than 6 months—6 months—to receive planned medical treatment from the National Health Service. Worse yet, more than 3.1 Britons wait more than 9 months for medical care.

The photo next to me was taken by a British mother outraged by the healthcare her ill son received. As this photo shows, her son was treated on a hospital floor.

Do we want newborn babies kept in cardboard boxes like they are in socialist Venezuela? Is that really what we want in America?

I say no. But that is exactly what America will get if socialists have their way in this healthcare debate.

Canada’s socialized medicine is no better. A 2016 survey by Canada’s Fraser Institute found a median wait of 20...
weeks, almost 5 months, for “medically necessary” treatments and procedures.

Britain’s National Health Service data reveals that almost 25 percent of cancer patients don’t start treatment on time, despite urgent referrals from their primary care doctors. Britain’s politicians whitewash this deadly statistic by claiming treatment is “on time,” if it is given within 62 days of referral—2 months of referral.

Such long wait periods for cancer treatment can be, and are, deadly. For example, 81 percent of British breast cancer patients live 5 years after diagnosis compared to 89 percent for American breast cancer patients. Stated differently, 8 of every 100 breast cancer patients who live in America would die in Britain’s socialized medicine system.

Americans with prostate cancer have a 97 percent 5-year survival rate. In Britain, it drops to 83 percent. Stated differently, 14 of every 100 prostate cancer patients who live in America would die in Britain’s socialized medicine system.

It is irresponsible and dangerous for America to copy socialized medicine, yet that is exactly what socialist Democrats want us to do.

The House soon votes on a socialist drug cost plan that gives the government control over drug pricing while suppressing the invention of lifesaving drugs. For example, the Congressional Budget Office warns this legislation results in 15 fewer drugs in the next 10 years. That is 15 drugs that help Americans live longer or more comfortably, gone, because of socialist Democrat wishful thinking.

Mr. Speaker, socialized medicine is not the answer. Government price controls are the answer.

The answer is more free enterprise competition that forces healthcare providers and drug companies to provide their best products at their lowest prices or go out of business.

I urge the American people to not fall prey to socialists who promise taxpayer-funded government healthcare.

I urge my colleagues to vote against this socialist drug pricing scheme.

Most importantly, I urge America to be wary of propaganda that claims socialized medicine lowers healthcare costs or saves lives. Socialized medicine does neither.

Remember that promise that ObamaCare will cut your health insurance premiums by over $400 billion, and reinvest those savings to combat the opioid epidemic, fund research for new breakthrough cures? It would expand Medicare benefits, and it would also be used to strengthen community health centers.

As the past Dean of the Medical School at Florida International University, I have worked directly with these centers and I have seen firsthand the impact that they have had on our community.

In my district, Community Health of South Florida, or CHI, plays a crucial role in providing care to the uninsured and underinsured.

In 2018 alone, CHI provided care for over 82,000 patients, including primary care services, behavioral health, OB/GYN procedures, and free HIV screenings.

These health centers serve everyone in the community, regardless of their ability to pay. They expand quality, affordable healthcare for everyone.

The time to act is now. We have to pass H.R. 3 to lower prescription drug prices and strengthen the healthcare centers that thousands in my district depend on for care.

Mr. Speaker, every day I hear from my constituents in Pennsylvania’s Ninth Congressional District about the skyrocketing costs of prescription drugs. Families should not have to dedicate such a high percentage of their disposable income on prescription drugs, and families should certainly not be forced to choose between buying medication or putting food on their table.

Over 70 percent of Americans think that lowering prescription drug prices should be a top priority for Congress.

Delivering for the American people will require a bipartisan approach with proposals that can actually pass the House and the Senate and be signed into law.

Unfortunately, Speaker Pelosi’s prescription drug pricing proposal, H.R. 3, was crafted without any Republican input and will be dead on arrival in the Senate.

A key component of H.R. 3 involves the Federal Government mandating pricing for prescription drugs. While supporters of H.R. 3, calling this “voluntary negotiation,” manufacturers who decline to participate in the process are taxed up to 95 percent of the medicine’s gross sales. That is 95 percent of the gross sales price.

This is not a negotiation. This is a heavyhanded government at its worst.

Mr. Speaker, every day I hear from my constituents in Pennsylvania’s Ninth Congressional District about the skyrocketing costs of prescription drugs. Families should not have to dedicate such a high percentage of their disposable income on prescription drugs, and families should certainly not be forced to choose between buying medication or putting food on their table.

Over 70 percent of Americans think that lowering prescription drug prices should be a top priority for Congress.

Delivering for the American people will require a bipartisan approach with proposals that can actually pass the House and the Senate and be signed into law.

Unfortunately, Speaker Pelosi’s prescription drug pricing proposal, H.R. 3, was crafted without any Republican input and will be dead on arrival in the Senate.

A key component of H.R. 3 involves the Federal Government mandating pricing for prescription drugs. While supporters of H.R. 3, calling this “voluntary negotiation,” manufacturers who decline to participate in the process are taxed up to 95 percent of the medicine’s gross sales. That is 95 percent of the gross sales price.

This is not a negotiation. This is a heavyhanded government at its worst. It is ridiculous. It is take this price or else. It is, figuratively and literally, a poison pill provision to this bill.

Government, command central price setting is not only un-American, it is ineffective. When countries with heavyhanded approaches to price controls, we find they have significantly less access to lifesaving medications and treatments.

Of the 270 new medicines available in the United States, only 41 percent are available in Australia; 52 percent in Canada; 53 percent in France; 67 percent in Germany; 48 percent in Japan; 64 percent in the United Kingdom.

Imagine, in our country, a lifesaving drug being available in another country but not available here. We can’t imagine that.

Fortunately, House Republicans have found a solution to lowering prescription drug prices without sacrificing American innovation or harming access to lifesaving medications.

H.R. 19, the Lower Costs, More Cures Act, is a package of over 40 bipartisan provisions to lower out-of-pocket spending, strengthen transparency, and spur competition.

H.R. 19 protects seniors by placing an annual cap on out-of-pocket drug costs and establishing a “smoothing” mechanism to allow them to distribute their prescription drug spending throughout the year. Rather than heavyhanded government overreach, H.R. 19 stimulates free market forces to spur innovation and lower costs by streamlining FDA approval pipelines, increasing availability of over-the-counter products and prohibiting anticompetitive practices that prevent access to generics.

H.R. 19 makes insulin more affordable—so important—by capping the costs at $50 a month after a Medicare beneficiary pays their deductible. Under H.R. 19, doctors would know what a patient will have to pay for a drug, allowing them to prescribe medication that addresses the patient’s needs and fits their budget.

Again, every single provision in H.R. 19 is bipartisan and would actually become law. President Trump has made it abundantly clear that lowering prescription drug prices is a top priority,
and H.R. 19 achieves this goal without harming innovation or access. I am a cosponsor to this vitally important legislation, and I do urge my colleagues on the other side of the aisle to work with the House Republicans on delivering lower drug costs for the American people.

MR. PRESIDENT, WHAT DO YOU HAVE TO HIDE?

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Ohio (Ms. KAPITUR) for 5 minutes.

Ms. KAPITUR. Mr. Speaker, yesterday, Russian dictator Vladimir Putin must have been consumed with delight. President Trump chose to invite to the White House Russian Foreign Minister Sergey Lavrov, the right arm of Vladimir Putin.

The American people should be on red alert, asking themselves what the President has to discuss with a senior leader of an adversary, in a meeting closed to the press and closed to the American people.

Mr. President, what do you have to hide?

Importantly, Mr. Lavrov is the individual that first concocted the Ukraine false narrative on December 1, 2016, that hid Russia’s involvement in our elections on Ukraine.

It seems that this meeting is a part of a pattern of President Trump’s disturbing behavior to cozy up to dictator Putin and his oligarch cronies, many of whom have invested heavily in Trump properties.

Astoundingly, President Trump welcomed Russia’s intervention in our 2016 elections, and then he invited Russia back to the Group of Seven.

He shamelessly kowtowed to Putin at the Helsinki Summit.

And additionally, President Trump withheld critical military assistance and a White House meeting from the President of Ukraine, Volodymyr Zelensky, urging him to investigate false conspiracy theories about President Trump’s political opponents here at home.

Meanwhile, the President publicly and continuously derides our closest allies, and questions the value of NATO, for heaven’s sake, the North Atlantic Treaty Organization, the bulwark of our security as free people. And he embraces dictators from around the world.

Yet, again, need I remind the President that Russia seeks to destroy liberty. Putin seeks to destroy critical democratic alliances, forged at great sacrifice, such as NATO, that have brought unprecedented peace, security, and prosperity to the free world, which includes us.

In 2019, Russia illegally invaded the independent nation of Ukraine, leading to already over 14,000 deaths and the displacement of millions. Ukraine is the emerging line for liberty in the Transatlantic Alliance. Russia has been working hard to destroy that alliance, which is freedom’s bulwark.

Russia has sided with the barbarous Assad regime in Syria, and Russia conducts constant cyberattacks and misinformation campaigns to meddle in democratic processes, including here in our 2016 presidential election; and she is intent to do it again next year.

Simply put, the enemy of liberty will stop at nothing to weaken the United States and our allies.

When the American people elect their President, they expect a leader to champion liberty on the world stage.

And he embraces dictators from around the world. How should they interpret the United States rolling out the White House red carpet for corrupt Russian leaders, while freedom-seeking Ukrainian President Zelensky is still waiting for his invitation to the White House? Indeed, this Lavrov meeting is rather sinister. It comes at a very sensitive time, domestically and internationally. On the eve of the meeting with Mr. Lavrov, Mr. Trump continues to deride our own national security institutions, such as the FBI, whose investigation clearly proved Russia interfered with our 2016 election, and she is on task to do it again.

Mr. Lavrov, himself, invented and directed the totally false narrative that Ukraine interfered in our election, a conspiracy theory spun up by the enemy of democracy himself. By siding with Russia, our President’s behavior encourages Russia’s malign behavior, while hurting our allies.

Interestingly, this secretive meeting in the Oval Office comes right after the Normandy Format talks in France between Ukraine, Germany, France, and Russia, when President Zelensky successfully withstood Russian pressure. He did not cross any red lines that could suggest capitulation of Ukraine in front of Russian aggression.

And during the Normandy meetings, thousands of freedom-loving Ukrainians showed up on the streets of Kyiv to show support for President Zelensky and their readiness to defend their beloved motherland.

So, our conclusion is what Russia couldn’t achieve through the open channel of diplomacy, it tries to do through the channels behind closed doors here in our own backyard.

Congress must demand full access to the transcript of the meeting between the President of our country and the Foreign Minister of Russia Lavrov.

Free people deserve it.

The SPEAKER pro tempore. Members are reminded to address their remarks to the Chair.

INCENTIVIZE BUSINESS TO HIRE VETERANS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Texas (Mr. WAXNER) for 5 minutes.

Mr. WRIGHT. Mr. Speaker, I am proud to introduce the Veterans Back to Work Act of 2019.

It is not hard to see that our economy is booming. We have the lowest unemployment rate in 50 years, and hourly wages continue to rise.

Despite the record-breaking economic numbers we continue to see every month, 390,000 veterans remain unemployed around the country. We should be doing everything we can to facilitate veterans’ transitions back into the civilian workforce to help fill the over 7 million open jobs we have here in the United States.

The Veterans Back to Work Act would make the work opportunity tax credit, which is set to expire at the end of the year, permanent. This tax credit is issued to businesses and nonprofits that hire individuals who consistently face significant barriers that prevent them from obtaining employment.

Making the work opportunity tax credit permanent is a great way to ensure our veterans are set up for success. There is no reason not to incentivize businesses to fill jobs with the men and women who have served and sacrificed so much for our Nation. I urge my colleagues from both sides of the aisle to come together and support this critical legislation.

RECOGNIZING BILL ZEDLER

Mr. WRIGHT. Mr. Speaker, a lion of the Legislature in Texas is serving his last term in office.

Since 2003, State Representative Bill Zedler has been a champion of liberty, a champion of free enterprise, a champion of religious freedom, a champion for life. He has been a champion like few others in the Texas Legislature.

Whether the issue was taxes, education, healthcare, veterans benefits, whatever it was, his was a voice to which others listened because that voice has always been a voice of truth and wisdom. That voice will be greatly missed.

All of us in public office at the end of our time of service have to answer the question, did we leave things better than we found them? For my friend Bill Zedler, that answer is a resounding yes because Texas today is better because State Representative Bill Zedler served in the Texas Legislature.

At the end of the movie “Troy,” Odysseus is commenting about how history will be written. He says that he lived among giants, that he wanted it to be said that he lived like Hector, that he lived in the time of Achilles. Well, members of the Texas Legislature can be proud that they served in the time of Bill Zedler.

I thank Bill for all of his magnificent service to the Texas Legislature.

COMMEMORATING LIFE OF REVEREND CLAY EVANS

The SPEAKER pro tempore (Ms. KAPITUR). The Chair recognizes the gentleman from Illinois (Mr. RUSH) for 5 minutes.

Mr. RUSH. Madam Speaker, I rise today to celebrate and commemorate the life of the prescient priest and prophetic pastor that was the Reverend Clay Evans.
Reverend Evans was the inspirational icon and tireless servant to his church, to his community, and to the people of Chicago and borders beyond. His untimely passing has left us all with yet another stunning and unimaginable loss.

Born in Brownsville, Tennessee, Reverend Evans founded the Fellowship Missionary Baptist Church in 1950. For the next 70 years, he would nourish and strengthen the souls of his flock with his unwavering wisdom, his incorruptible courage, and his unyielding devotion to the Word of the Lord, the Good News, the Gospel of Jesus Christ. The Bible, Madam Speaker, says at Psalms 119:106: "Your word is a lamp to my feet and a light to my path."

Reverend Evans lived his faith humbly. He was a prophet to both parishioners and pastors alike. When the Reverend Dr. Martin Luther King brought his movement to Chicago, Reverend Evans had the courage to welcome his church to this new challenge. The Reverend Evans exacted the objections and the retribution of then-Mayor Richard J. Daley and many others.

Reverend Evans was instrumental in founding the Rainbow/PUSH Coalition alongside Reverend Jesse Jackson, Sr. as chairman of the board of PUSH from 1970 to 1976. Reverend Evans worked diligently to establish Rainbow/PUSH as a national powerhouse in the fight for civil rights.

Madam Speaker, Reverend Evans leaves behind a long legacy of pastors who greatly benefited from his teachings, including Reverend Jesse Jackson, Sr. and Mother Consuella York, the first Chicago woman to be ordained in the Baptist denomination. In total, Reverend Evans ordained 93 preachers and pastors, inspiring them to go forward and spread the good news of the Gospel of Jesus Christ.

No celebration of Reverend Evans' life would be complete without mentioning the innovative role music played in his ministry. His radio broadcast reached far and wide into our Nation, into the homes of millions of Americans. Reverend Evans recorded 11 gospel albums and creatively infused gospel music into his sermons, evoking even more truth and life into the Scriptures from which he was preaching.

In October 2007, Reverend Evans graced this very Chamber with his powerful presence, serving as a guest chaplain. He has my deep honor to sponsor Reverend Evans. Even today, I can still feel his presence in the same way that I felt it all those years ago when he took us to church here in this very Chamber.

Madam Speaker, although we all feel deep pain with the passing of Reverend Evans, I am comforted in knowing that he is now with our Lord and Savior Jesus Christ and with our Father in Heaven.

Reverend Evans' wife, Lutha Mae; his daughters, Gail Claudette Pye and Faith Evans; his sons, Michael and Ralph; and all who loved him are in my deepest prayers and have my greatest sympathies as they mourn the loss of this truly great religious giant, Reverend Clay Evans.

RECOGNIZING COMPUTER SCIENCE EDUCATION WEEK

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. THOMPSON) for 5 minutes.

Mr. THOMPSON of Pennsylvania, Madam Speaker, I rise today to recognize Computer Science Education Week.

Ten years ago, this awareness week was established to highlight the important skill set and the role it plays in all industries.

Every year, Computer Science Education Week serves as an opportunity for educators and students to recognize the importance of computer science and the opportunities that abound with a skills-based education.

As the co-chair of the bipartisan House Career and Technical Education Caucus, or CTE Caucus, I am proud to support Computer Science Education Week.

Our Nation is facing a skilled worker shortage. With more than 7 million open jobs in the United States, CTE opportunities can offer rewarding professional futures for learners of all ages while simultaneously closing the Nation's skills gap.

One field in particular that needs workers trained in computer science is cybersecurity. I was pleased to cosponsor H.R. 1592, the Cybersecurity Skills Integration Act, alongside my fellow sor H.R. 1592, the Cybersecurity Skills Integration Act, alongside my fellow

Mr. ESPAILLAT. Madam Speaker, I rise today to recognize Computer Science Education Week.

Mr. BYRNE. Mr. Speaker, I rise today with sadness in my heart to honor Officer Bill Clardy III of the Huntsville Police Department.

Officer Clardy, a decorated 14-year veteran of the department who also served with distinction in the Iraq war, was tragically shot and killed recently during a drug investigation. Officer Clardy was assigned to a strategic counterdrug team called the STAC Team, leading a task force of Federal and local law enforcement agencies to make drug busts across north Alabama.

Sadly, the Clardy family knows well the sacrifices of service. Officer Clardy's father, Billy Clardy, Jr., was killed in a car crash while on duty in 1978.

We owe it to Officer Clardy not to forget him or his sacrifice. Officer Clardy's reputation for service and for caring for his community is unmatched.

Officer Clardy was a Huntsville hero, and he is an American hero. He will be greatly missed.

Our thoughts, our prayers, and our support now are with the Clardy family. We embrace you with our love. We offer you our support. In the days to come, we pledge to you, we will not forget his sacrifice.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until noon today.

Accordingly (at 11 o'clock and 45 minutes a.m.), the House stood in recess.

□ 1200

AFTER RECESS

The recess having expired, the House was called to order by the Speaker at noon.

PRAYER

The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer:

Almighty God of the universe, we give You thanks for giving us another day.

Lord, You are powerful and strong, yet You bend to Your people and show them mercy and sustaining grace.

Help the leaders of our Nation make wise decision in our day. May they look to You for guidance every step of the way until we stand in Your light forever. Set us all on a path that will lead to peace and security.

Bless us this day and every day, and inspire us to be grateful for the blessings we enjoy and the good work that does take place in our Nation's Capitol.

May all that is done within the people's House be for Your greater honor and glory.

Amen.

THE JOURNAL

The SPEAKER. The Chair has examined the Journal of the last day's proceedings and announces to the House her approval thereof.

Pursuant to clause 1, rule I, the Journal stands approved.

PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentleman from Pennsylvania (Mr. MICHAEL F. DOYLE) come forward and lead the House in the Pledge of Allegiance.

Mr. MICHAEL F. DOYLE of Pennsylvania led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

RECOGNIZING MARK COVALL

(Mr. TONKO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TONKO. Madam Speaker, I rise to recognize Mr. Mark Covall, who, after 34 years with the National Association for Behavioral Healthcare, is retiring.

For the past 24 years, as the president and CEO of the association, Mark has been a steadfast partner to me and others in Congress in the fight to improve our Nation's behavioral health system.

Under Mark's leadership, NABH was the leader in the fight to secure mental health parity, paving the way for the Paul Wellstone and Domenici Mental Health Parity and Addiction Equity Act.

More recently, Mark's advocacy was critical in the passage of CARA, the 21st Century Cures Act, and the SUPPORT for Patients and Communities Act.

Mark's leadership in coalition building as well as his work to develop strong relationships, both in the field and in Congress, explain why he has been so effective during his time at NABH.

Today, I join others in the mental health community in thanking Mark Covall for his decades of leadership, dedication, and passion for ensuring that millions of Americans have access to quality mental health and addiction treatment services.

We will certainly miss Mark's contributions and wish him well in his next phase of life.

HONORING DR. JIM WURGLER

(Mr. O'HALLERAN asked and was given permission to address the House for 1 minute.)

Mr. O'HALLERAN. Mr. Speaker, I rise today to pay my respects to Jim Wurgler of Williams, Arizona. Sadly, Jim passed away last month of a stroke.

Known to many as "Doc," Jim devoted his life to the health and betterment of others. He served as an Army physician in Vietnam and later as a doctor in several locations throughout the Southwest, including Grand Canyon Clinic and Williams Health Care Center in my district.

A lifelong mentor to others, Jim revitalized Yosemite National Park's EMT training program in 1978, teaching advanced emergency medicine to park rangers. One of his proudest moments was receiving an honorary park ranger award and a new title: The Ranger's Doctor.

Well into retirement, Jim worked to improve his community, going to great lengths to recruit and retain doctors in rural areas.

Always an optimist, Jim's family will be honoring his wishes and holding a ceremony of his life in lieu of a funeral.

Jim left an indelible mark on his loved ones and on the State of Arizona. He will not soon be forgotten.

I am keeping Jim's family in our prayers this holiday season, and I hope all of my colleagues will do the same.
FOOD PANTRIES THIS HOLIDAY SEASON

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, food banks and food pantries play a valuable role in our communities all year long, but around the holiday season their impact on families in need is magnified.

In 2018, more than 37 million Americans were considered food insecure, including 11 million children. The Department of Agriculture defines food insecurity as “a lack of consistent access to enough food for an active, healthy life.”

Access to quality food and nutrition is necessary for healthy families, and as the former chairman of the Agriculture Subcommittee on Nutrition, this is an issue that I feel very passionately about.

We can all help our neighbors in need by contributing to our local food banks and food pantries by making a donation or volunteering our time. Just a small contribution or a few hours out of our day can make a big difference in our communities.

During this holiday season, it is especially important that we support families who have fallen on hard times.

WE NEED BOLD ACTION TO LOWER THE COST OF PRESCRIPTION DRUGS

(Mr. KIM asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. KIM. Mr. Speaker, I rise today to call for bold action to lower the cost of prescription drugs.

Over the last year, I have held 15 townhalls across Burlington and Ocean Counties, and the number one issue I continue to hear about is the high cost of drugs and healthcare.

We have a real chance right now to pass critical legislation that will have a tangible and real impact on the lives of the people we serve:

By passing H.R. 3, we can help lower the cost of critical drugs like insulin for the tens of thousands of New Jerseyans struggling with diabetes.

By passing H.R. 3, we can save lives by making cancer medication more affordable.

By passing H.R. 3, we can finally deliver comprehensive dental, vision, and hearing benefits for seniors under Medicare, including over 130,000 people in our district.

And by passing H.R. 3, we can expand access to the Medicare Savings Program, a provision I was proud to introduce and champion to help 3.5 million seniors afford quality healthcare.

Mr. Speaker, we must take big, bold action because the challenges that our neighbors face in affording their healthcare is critical. I hope my colleagues will join me in passing this bill and making an impact we can all be proud of.

HONORING ALLAN BOGARD ON HIS RETIREMENT

(Mr. OLSON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. OLSON. Mr. Speaker, a Texas legend, Houston Oilers Coach Bum Phillips, said this about Hall of Famer Earl Campbell:

''Earl may not be in a class by himself, but whatever class he is in, it don't take long to call the roll.''

Those exact words apply to our retired city manager, Allan Bogard. Allan is retiring after 19 years running our city.

Sugar Land is Sugar Land because of Allan. He created Sugar Land Town Center, brought Constellation Field, brought Minute Maid’s headquarters to Sugar Land, made our airport number one in its class in America, all this while keeping a AAA bond rating.

Mr. Speaker, on behalf of the 130,000 Texans who live in Sugar Land, Allan has given us unbelievably for all time: In Sugar Land, our sugar is so sweet, we have no Equal.

STAND FOR THE PEOPLE AND LOWER DRUG COSTS NOW

(Mr. CRIST asked and was given permission to address the House for 1 minute.)

Mr. CRIST. Mr. Speaker, I rise in strong support of the Elijah E. Cummings Lower Drug Costs Now Act. Pinellas County residents, my bosses, are fed up with the high cost of prescription drugs. One young constituent, Taylor McKenny, said it best: “You shouldn’t have to choose between paying rent or paying for life.”

You see, Taylor has type 1 diabetes, and when the insurance ran out, Taylor’s family had to pay $120 just for a 3-day supply of insulin, medicine she has to take every day simply to stay alive.

A lifesaving drug shouldn’t have a poisonous list price.

I cosponsored H.R. 3 so that Taylor can afford her insulin and nearly 600,000 of my constituents can get cheaper drugs.

I also cosponsored the Doggett amendment because everyone, those with or without insurance, should be protected.

Today’s choice is quite simple: Do you stand for the people or do you stand for big pharmaceutical companies?

I stand for the people. Lower drug costs now.

SKYROCKETING PRESCRIPTION DRUG PRICES

(Mr. MICHAEL F. DOYLE of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MICHAEL F. DOYLE of Pennsylvania. Mr. Speaker, millions of Americans suffering from skyrocketing prescription drug prices. They have to choose between medicine and food, or rent, or utility bills. People are actually dying because they have been forced to skip or reduce doses.

Prices aren’t soaring because of the cost of developing prescription drugs. Some of these drugs are decades old. No. Prices are soaring because drugmakers are jacking up prices wherever and whenever they can to maximize their profits. And they can do this because the United States is the only country in the world that subsidizes research on new drugs and then refuses to negotiate with drugmakers for lower prices.

This is insane. Americans shouldn’t be dying because drug companies want bigger profits.

I am supporting H.R. 3 because it will allow Medicare to negotiate drug prices, cap annual price increases, and set out-of-pocket maximums for seniors.

It is way past time Congress allowed Medicare to negotiate for lower drug prices. I urge my colleagues to vote in favor of H.R. 3 to lower drug costs now.
SUPPORT SENIORS AND THOSE ON MEDICARE BY LOWERING THE COST OF PRESCRIPTION DRUGS

(Mrs. AXNE asked and was given permission to address the House for 1 minute.)

Mrs. AXNE. Mr. Speaker, I rise today and call on Congress to support our seniors and those on Medicare by lowering the cost of prescription drugs.

Seniors will get a 1.6 percent cost-of-living increase this year, yet the cost of prescription drugs is expected to go up 3.8 percent.

How can older Americans on a fixed income afford this? The answer is they can't, and they need to act on this. I have spoken with Iowans who are rationing their medications or skipping meals just to cover the cost of the drugs they take.

I heard from Joan in west Des Moines, who has an autoimmune disease, and her medication suddenly skyrocketed. If she doesn’t take it, she will need a liver transplant, and she doesn’t know how she is going to afford the medication.

John in Madrid discovered his standard refill of insulin costs more than, literally, the price of gold.

So something must change. Older Americans need Congress to act.

That is why I am supporting H.R. 3 to protect our seniors. It means our older Americans won’t be robbed of their retirement savings and they will live healthier lives.

If you want to give seniors a healthier, happier, safer retirement, then I call on you to support this bill.

HONORING SERGEANT KORT PLANTENBERG; CHIEF WARRANT OFFICER 2 JAMES ROGERS, JR.; AND CHIEF WARRANT OFFICER 2 CHARLES NORD

(Mr. PHILLIPS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PHILLIPS. Mr. Speaker, last week, my State and our country lost three young and remarkable service-members in a tragic helicopter crash outside of St. Cloud, Minnesota.

Sergeant Kort Plantenberg; Chief Warrant Officer 2 James Rogers, Jr.; and Chief Warrant Officer 2 Charles Nord served our country with valor and leave behind grieving families and friends and heartbroken communities.

I recently flew with a crew from St. Cloud, and I lost my own father in a helicopter crash in the Vietnam war back in 1969, so my heart is particularly heavy today for Kalev Nord, 2-year-old Lydia, and her soon-to-be-born sibling, who will grow up without a father.

But we will never forget, and we will carry their legacies forward in the spirit of service, duty, and above all else, sacrifice.

May their memories be for a blessing.

PRESCRIPTION DRUG PRICES ARE OUT OF CONTROL

(Mr. CASTEN of Illinois asked and was given permission to address the House for 1 minute.)

Mr. CASTEN of Illinois. Mr. Speaker, prescription drug prices are out of control. Year after year, we see prices rise. Old drugs become unaffordable, and new drugs may cost more than a house.

That is why I support H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act. This bill would change the lives of the 89,000 seniors on Part D in my district and over 600,000 people on private health insurance plans in my district.

One of those, in particular, is Liz Phelan. Liz lives in Algonquin, Illinois, and retired after 38 years of public service. In 2007, she had a double transplant; a kidney and a pancreas. She is alive today for two reasons: One is the generosity of a donor, and, the second, the antirejection drugs that she has to take to keep her alive.

Those drugs alone cost $662 every 3 months, out of pocket, but because she needs additional medication, she hits the Medicare coverage gap, where she is on the hook for the balance of her costs. H.R. 3 would be a game changer for Liz. It would lower her prescription drug costs to $2,000 because H.R. 3 would create, for the first time, a cap on how much seniors need to pay out of pocket in Medicare. It would make sure that the drugs she needs to survive do not increase above the rate of inflation.

For Liz and for the millions of other Americans who face high-priced medicines, we must pass H.R. 3.

REDUCE OUT-OF-POCKET COSTS FOR PRESCRIPTION DRUGS

(Ms. UNDERWOOD asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. UNDERWOOD. Mr. Speaker, today is a historic day for patients in this country because today we will be voting for a piece of legislation that my community in northern Illinois wants urgently. It cannot wait.

I hear about unfortunate and unaffordably high drug prices every time I am home. Recently, a 15-year-old boy in my district who relies on insulin wrote to me: “I am concerned with what my future holds. I need this medicine to live, and if the costs continue to rise . . . I am afraid that, one day, I won’t be able to get the medicine and I will die.”

No one should be thinking about the possibility of death because they can’t afford a common, live-saving medication, and the Lower Drug Costs Now Act delivers the reforms we critically need because the bill reduces out-of-pocket costs for prescription drugs; it creates a new, $2,000 out-of-pocket limit for seniors; and it allows the Sec...

PUT THE NEEDS OF AMERICANS ABOVE THE GREED OF THE PHARMACEUTICAL INDUSTRY

(Mr. TAKANO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TAKANO. Mr. Speaker, Americans are skipping their medications because the cost of prescription drugs is too expensive. This is immoral.

Americans are going into debt because the cost of prescription drugs is too high. This is immoral.

Americans often pay four times more for the same drugs as those in foreign countries. This is immoral.

That is why I rise today in strong support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act, legislation that will lower the cost of prescription drugs for millions of Americans and benefit nearly 500,000 people in my district.

No one in America should have to ration their medicine. No one in America should have to travel to another country because the medication they need is too unaffordable here.

We have a moral obligation to put the needs of American people above the greed of the pharmaceutical industry.

I urge all of my colleagues to vote in support of this critical piece of legislation.

ALLOW DIRECT NEGOTIATION OF PRESCRIPTION DRUG PRICES BY MEDICARE

(Ms. KUSTER of New Hampshire asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KUSTER of New Hampshire. Mr. Speaker, I have long called for Congress to take meaningful action to lower prescription drug costs by allowing the direct negotiation of prescription drug prices by Medicare.

I am proud to cosponsor H.R. 3, the Lower Drug Costs Now Act, and I am pleased to see it includes my legislation, the Respond Now Act, as the basis for much needed funding to combat the opioid epidemic.

H.R. 3 provides $10 billion in direct funding, including investments directly into our communities who are the front lines of this epidemic.
I am also grateful to see that H.R. 3 includes funding to support children impacted by this crisis, so that they can access trauma-informed practices in schools.

I thank the Speaker for the inclusion of this critical funding to help Granite State families and communities across this country. I urge my colleagues to vote “yes” on the bill.

PFAS REPRESENTS CLEAR AND PRESENT DANGER

(Mr. PAPPAS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. PAPPAS. Mr. Speaker, I rise today on behalf of communities across the Nation that have been contaminated with PFAS.

PFAS represents a clear and present danger to families in my district, and I am disappointed that certain provisions to protect public health and our environment were abandoned by negotiators of the National Defense Authorization Act.

I am encouraged that several PFAS-related provisions were included, like the one I introduced which creates a clearinghouse of information for affected servicemembers and their families and one that phases out the use of PFAS in firefighting foam by 2024.

But Congress should have seized the opportunity to do much further in protecting people from these toxic-forever chemicals. Losing provisions for drinking water standards, environmental protections, and cleanup was a shameful missed opportunity.

People are getting sick from PFAS contamination, families are scared, and they are looking to us for answers. They need action now, and we must continue to fight for health information, stricter regulations, and mitigation so we can protect families, communities, and the environment from PFAS.

This fight is just beginning, and I look forward to working with my colleagues in both parties to pass additional legislation.

PREVENT BIG PHARMA FROM RAISING THE COST OF PRESCRIPTION DRUGS PAST RATE OF INFLATION

(Mr. CROW asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CROW. Mr. Speaker, I rise today in support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act.

For too long, we have seen the influence of Big Pharma on this Chamber. For every Member of Congress, there are three industry lobbyists looking to buy their vote.

Meanwhile, back home in Colorado, one in three of my constituents can’t afford to pay for their medication. It needs to stop.

I am proud to have helped introduce a provision to H.R. 3 that would prevent Big Pharma from raising the cost of prescription drugs past the rate of inflation.

I stand here today for the 300,000 Coloradans with diabetes who will save 75 percent on their insulin. I stand here today for the 400,000 Coloradans with asthma, who will save 80 percent on their prescriptions.

And tomorrow I will cast my vote for my constituents, people like Sue Way of Aurora, who, after seeing her insulin increase by 500 percent, was forced to ration her medicine, resulting in an ulcer.

Her story is the story of so many Coloradans. The time is now to deliver on our promise to reduce the cost of prescription drugs.

MS. SHERRILL. Mr. Speaker, on this historic day of SALT, my constituents have told me that they want me to read a resolution from the New Jersey State League of Municipalities.

In a unanimous, bipartisan resolution signed this month, the mayors of New Jersey urged Congress to act on SALT. Today, I would like to read part of this resolution into the RECORD.

New Jersey State League of Municipalities Conference Resolution Number 2019-14:

Whereas, our tax obligation is an issue that concerns all residents in every municipality in the State of New Jersey; and

Whereas, many New Jersey families relied upon the Federal SALT deduction to ensure tax fairness, and capping the SALT deduction has placed an unfair burden on New Jersey homeowners; and

Whereas, the SALT deduction cap presents a barrier to affordable homeownership in New Jersey, impacting the ability of new, young families to prosper in the future. Now, therefore, be it resolved that the New Jersey State League of Municipalities, in conference assembled, urges Congress to restore the full SALT deduction and provide more equitable taxation once again to residents of New Jersey.

Mr. Speaker, it is time to listen to our local elected officials, and I thank Committeewoman Amalia Duarte of Mendham Township for leading this resolution.

COMUNICATION FROM THE CLERK OF THE HOUSE

The SPEAKER pro tempore (Mr. PAYNETTA) laid before the House the following communication from the Clerk of the House of Representatives:

OFFICE OF THE CLERK

WASHINGTON, DC, DECEMBER 11, 2019.

Hon. Nancy Pelosi,
Speaker of the House of Representatives,
Washington, DC.

DEAR MADAM SPEAKER: Pursuant to the permission granted in Clause 2(h) of Rule II of the Rules of the U.S. House of Representatives, the Clerk received the following message from the Secretaries of the Senate on December 11, 2019, at 9:46 a.m.:

That the Senate passed without amendment H.R. 4566.

That the Senate passed without amendment H.R. 5362.

With best wishes, I am
Sincerely,
Cheryl L. Johnson.

PROVIDING FOR CONSIDERATION OF H.R. 3, LOWER DRUG COSTS NOW ACT OF 2019; PROVIDING FOR CONSIDERATION OF H.R. 5038, FARM WORKFORCE MODERNIZATION ACT OF 2019; AND PROVIDING FOR CONSIDERATION OF THE CONFERENCE REPORT TO ACCOMPANY S. 1790, NATIONAL DEFENSE AUTHORIZATION ACT FOR FISCAL YEAR 2020

Ms. SHALALA. Mr. Speaker, by direction of the Committee on Rules, I call up House Resolution 758 and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 758

Resolved, That at any time after adoption of this resolution the Speaker may, pursuant to clause 2(b) of rule XVIII, declare the House resolved into the Committee of the Whole House on the state of the Union for consideration of the bill (H.R. 3) to establish a fair price negotiation program, protect the Medicare program from excessive price increases, and establish an out-of-pocket maximum on Medicare part D enrollees and for other purposes. The first reading of the bill shall be dispensed with. All points of order against consideration of the bill are waived. General debate shall be confined to the bill and shall not exceed four hours, with three hours equally divided among and controlled by the respective chairs and ranking minority members of the Committees on Education and Labor, Energy and Commerce, and Ways and Means, and one hour equally divided and controlled by the Majority Leader and the Minority Leader or their respective designees. After general debate the bill shall be considered for amendment under the five-minute rule. In lieu of the amendments in the nature of a substitute, depended by the Committees on Education and Labor, Energy and Commerce, and Ways and Means
now printed in the bill, an amendment in the nature of a substitute consisting of the text of Rules Committee Print 116-41, modified by the amendment printed in part A of the report of the Rules Committee on Rules accompanying this resolution, shall be considered as adopted in the House and in the Committee of the Whole. The bill, as amended, shall be considered as the original bill for the purpose of further amendment under the five-minute rule and shall be considered as read. All points of order against provisions in the bill, as amended, are waived. No further amendment to the bill, as amended, shall be in order except those printed in part B of the report of the Rules Committee on Rules. Each such further amendment may be offered only in the order printed in the report, may be offered only by a Member designated in the bill, as amended, and shall be debatable for the time specified in the report equally divided and controlled by the proponent and an opponent, shall not be subject to amendment, and shall not be subject to a demand for division of the question in the House or in the Committee of the Whole. All points of order against such further amendment are waived. At the conclusion of consideration of the bill for amendment the Committee shall rise and report the bill, as amended, to the House with such further amendment thereto as may have been adopted. The previous question shall be considered as ordered on the bill, as amended, and on any further amendment thereto to final passage except one motion to recommit with or without instructions.

SEC. 2. Upon adoption of this resolution it shall be in order in the House the bill (H.R. 5038) to amend the Immigration and Nationality Act to provide for terms and conditions for nonimmigrant workers performing agricultural labor or services, and for other purposes. All points of order against consideration of the bill are waived. In lieu of the amendment in the nature of a substitute recommended by the Committee on the Judiciary now printed in the bill, an amendment in the nature of a substitute consisting of the text of Rules Committee Print 116-42, modified by the amendment printed in part C of the report of the Committee on Rules accompanying this resolution, shall be considered as adopted, and the bill, as amended, shall be considered as read. All points of order against provisions in the bill, as amended, are waived. The previous question shall be considered as ordered on the bill, as amended, and on any further amendment thereto, to final passage except intervening motion except: (1) one hour of debate equally divided and controlled by the chair and ranking minority member of the Committee on the Judiciary; and (2) one motion to recommit with or without instructions.

SEC. 3. Upon adoption of this resolution it shall be in order to consider the conference report to accompany S. 1790, the National Defense Authorization Act for Fiscal Year 2020. The rule provides for consideration of H.R. 5038 under a closed rule, with 1 hour of debate equally divided and controlled by the chair and the ranking member of the Judiciary Committee. The rule provides for a motion to recommit.

The rule provides for consideration of H.R. 5038 under a closed rule, with 1 hour of debate equally divided and controlled by the chair and the ranking member of the Judiciary Committee. The rule provides for a motion to recommit.

The rule provides for consideration of H.R. 5038 under a closed rule, with 1 hour of debate equally divided and controlled by the chair and the ranking member of the Judiciary Committee. The rule provides for a motion to recommit.

The rule provides for consideration of H.R. 5038 under a closed rule, with 1 hour of debate equally divided and controlled by the chair and the ranking member of the Judiciary Committee. The rule provides for a motion to recommit.

The rule provides for consideration of H.R. 5038 under a closed rule, with 1 hour of debate equally divided and controlled by the chair and the ranking member of the Judiciary Committee. The rule provides for a motion to recommit.

The rule provides for consideration of H.R. 5038 under a closed rule, with 1 hour of debate equally divided and controlled by the chair and the ranking member of the Judiciary Committee. The rule provides for a motion to recommit.
Mr. Speaker, H.R. 3 makes fundamental reforms to reduce drug prices to keep the cost hikes to no more than inflation and to limit out-of-pocket costs for those on Medicare, employer plans, and private health insurance.

To help secure these patient protections, this bill will require our government to negotiate prices directly with drug companies.

Mr. Speaker, I served as Secretary of Health and Human Services for 8 years in the Clinton administration. I repeatedly fought for the ability to negotiate with drug companies.

Only drug companies get to come to Medicare and set their own prices.

Hospitals don’t get to do that; doctors don’t get to do that; home healthcare agencies don’t get to do that; and medical equipment providers don’t get to do that.

Negotiation is the hallmark of good governance and a standard feature of government policy.

Mr. Speaker, we negotiate for everything, including military equipment and work with contractors. If we can negotiate for big ships, then we can negotiate for little pills. It is only drug companies that are able to write themselves a blank check from our taxpayers. Our legislation ends that practice.

Now is the time to join every other country on Earth in allowing our government to bargain for better prices and to put a cap on our out-of-pocket costs.

As citizens, we have always been willing to subsidize poorer countries. But subsidizing England, France, Canada, Germany, Australia, Japan, Sweden, Norway, and Denmark is not our responsibility. We are not their deep pockets.

Mr. Speaker, we should not pay substantially more for the same medicines than people in those countries. The current broken system is costing our families and businesses hundreds of billions of dollars. We must not accept this waste or this unfairness any longer.

Our bill is a solid plan to reduce out-of-pocket healthcare costs for every American, and it will create a huge savings for taxpayers.

These savings will allow us to make significant investments in the extraordinary biomedical science institutions that foster innovation, such as the National Institutes of Health and our great research universities.

These savings will allow us to modernize Medicare hearing and vision benefits and dental coverage.

This bill will expand our capacity for innovation and make drug companies more efficient. H.R. 3 is a historic step forward, and it will make all of our lives better.

Mr. Speaker, this rule also contains the Farm Workforce Modernization Act of 2019. This bill empowers families to build lives in the United States without the constant fear of being uprooted. It prioritizes the well-being of immigrant families, many of whom provide essential support for our Nation’s agricultural sector. This bill is an important step forward in improving our immigration system, in helping to make sure we treat everyone with compassion and dignity.

Finally, this rule also allows for consideration of the National Defense Authorization Act conference report. The first NDAA under our new Democratic majority that includes Congress’ crucial constitutional duties: providing for the common defense of our Nation.

The final conference report delivers a wide-ranging list of priorities the American people strongly support, such as paid parental leave, the end of the widow’s tax, better services for our men and women in uniform, and protections for Dreamers.

This report is the product of months of hard work by Chairman Smith and members of the committee and will undoubtedly keep our country safe.

Mr. Speaker, I proudly support these historic steps forward. Let’s pass this rule and these bills.

Mr. Speaker, I reserve the balance of my time.

Mr. BURGESS. Mr. Speaker, I yield myself such time as I may consume, and I thank Ms. SHALALA for yielding me the customary 30 minutes.

Mr. Speaker, there are considering a bill that does a lot of things, and, if nothing else, this should be an object lesson on why you don’t leave everything to the last minute because, indeed, is what we have done in this year, this session of Congress. So we have got a rule that has three fairly different bills contained.

We are considering a bill to reform the H–2A guest worker programs, the National Defense Authorization Act conference report, and H.R. 3, a bill that will allow patients from treatments and cures of tomorrow. H.R. 5038, the Farm Workforce Modernization Act, allows aliens who have worked in the United States for 180 days, are deportable, and have been continually present to be granted certified agricultural work status. The status may also be extended to a recipient’s spouse and children. Certified workers can then apply for a green card path to citizenship, and they are not required to work in the agricultural cap.

In addition, the bill would subject H–2A users to a private right of action and will not provide long-term wage relief. While the H–2A guest worker visa program arguably needs reform, this bill expands the ability to obtain legal status without adequate requirements, documentation, or protections for the H–2A program users.

Second, the National Defense Authorization Act is a bipartisan agreement to make sure that the military are not forced to pay for equipment to be used in the future. The CREATES Act and pay-for-delay to prevent pharmaceutical companies from gaming the system.

Third, the H–2A would pass—could pass—both Chambers of Congress and be signed into law in calendar year 2019.

Four, H.R. 19 will cap out-of-pocket costs in Medicare part D for seniors at $3,100 per year, ensuring protection from the high cost encountered with prescription drugs.

Five, H.R. 19 saves money for patients and their families rather than saving money just for the government.

Six, H.R. 19 includes policies such as the CREATES Act and pay-for-delay to prevent pharmaceutical companies from gaming the system.

Seven, H.R. 19 promotes healthy competition for lower cost generics.

Eight, H.R. 19 corrects for the increased threshold it takes to reach catastrophic coverage in part D, which is not fixed for in year 2020. This bill will provide seniors with a refund in 2020 for costs they should never have had to incur in the first place.

Nine, H.R. 19 strengthens transparency and accountability in the existing drug pricing systems.

Ten, H.R. 19 lowers the cost of insulin by capping the costs for seniors in Medicare part D at $50 per month and adds additional incentives for insurance to cover their fair share of insulin costs.

Eleven, H.R. 19 lowers the cost of drug administration by not paying drastically more for the same service, whether it is provided in a hospital or
other more traditionally expensive environments, the so-called site-neutral provision.

Twelve, H.R. 19 establishes a new negotiator at the United States Trade Representative to ensure that America is not subsidizing the world’s drug costs.

Thirteen, H.R. 19 makes permanent a threshold of 7.5 percent of the adjusted gross income for purposes of the medical expense deduction in the Internal Revenue Code. Recall that, under the Affordable Care Act, this threshold was increased to 10 percent, which many seniors found onerous. It was reduced in the passage of the Tax Cuts and Jobs Act of 2017 to the threshold of the 7.5 percent, but that threshold then expires, and it goes and reverts back to the 10 percent threshold at the end of this year. This would make that permanent.

Fourteen, H.R. 19 requires pricing information in direct-to-consumer advertisements.

Fifteen, H.R. 19 cracks down on pharmacy benefit managers by requiring more transparency in the reporting of aggregate rebates, discounts, and other price concessions.

Sixteen, H.R. 19 helps access to prescription drugs in rural areas by reforming direct and indirect remuneration and so-called ‘dreaded’ DIR fee clawback that every community pharmacist dislikes so intensely.

Seventeen, H.R. 19 increases transparency into patient listings so that manufacturers of generics and biosimilars will have adequate information to enter the market.

Eighteen, H.R. 19 removes uncertainty at the pharmacy counter by requiring insurance companies to provide pricing information to doctors so that patients and their doctors can have discussions about what medicine is best for them and what the cost will be.

Finally, number 19, H.R. 19 allows biomedical innovation to continue to thrive without some of the mechanisms of the 21st Century Cures bill. It lowers drug costs for Americans, while maintaining access to drugs that exist now and ensuring that that access is sustained in the future.

Mr. Speaker, there are many more than three reasons to oppose H.R. 3, but let’s limit ourselves to three reasons so compelling that, really, you shouldn’t need to go into any more.

Number one, the Congressional Budget Office, the Council of Economic Advisers, and the California Life Sciences Association have found that H.R. 3 will result in fewer drugs for Americans. There is no way to predict what could be included in this fewer drugs. It could be the cure for Alzheimer’s; it could be the cure for ALS; or it could be the cure for pancreatic cancer.

There is some disparity in the number of cures that would be lost with the passage of this bill, but here is the central theme that this organization has looked at this has said that there will be fewer drugs introduced after the passage of this bill.

In addition, access to drugs that help or cure or maintain a healthy life will be at risk. The six-referenced countries in H.R. 3 have 30 to 60 percent fewer new medicines than the United States of America. This is what is at stake today.

Number 2, H.R. 3 claims to negotiate drug prices, but with a 95 percent excise tax for manufacturers who fail to reach a price agreement with the government, it is more akin to a hostage-taking an wholesale hostage-taking.

There are concerns that this is unconstitutional under the Takings Clause of the Constitution. This takeover of the entire drug industry in the United States is not only bad policy but may be constitutionally perilous.

Interestingly enough, when this bill was marked up in our committee, one of our Members on the Republican side spoke to this issue, tried to offer an amendment that would have provided severability, so that if the law was found to be unconstitutional, that the part that was unconstitutional could be struck down and the rest could stand. But for whatever reason, the majority rejected that amendment and it was defeated on a party line vote.

Number three, and this is critically important, H.R. 3 will never become law. The majority leader of the other party has said that H.R. 3 is dead-on-arrival in the Senate. We know that President Trump has related how H.R. 3 is not good for Americans.

I think it is important that we fight for a world where research into life-threatening illnesses never ceases, no matter how many failures occur before a cure is found.

Mr. Speaker, I urge opposition to the rule, opposition to the underlying bill, H.R. 3, and I reserve the balance of my time.

Ms. SHALALA. Mr. Speaker, I thank the gentleman from Texas (Mr. BURGESS).

Mr. Speaker, I yield 2 minutes to the gentlewoman from California (Ms. LOFGREN), the distinguished chair of the Judiciary Subcommittee on Immigration and Citizenship.

Ms. LOFGREN. Mr. Speaker, I am here to speak in support of the Farm Workforce Modernization Act, an event that should be a cause of joy for Members on both sides of the aisle and for America.

We have tried and failed for dozens of years to deal with the issue of the farm workforce. We have never been able to get a majority vote on the floor of this House. So this year, we tried a different approach.

Starting last March, we had stakeholders, the United Farm Workers Union, the growers and the farmers sit down together, listen to each other, understand each other and what their needs were. They were joined by a bipartisan group of members who cared about this issue, and the compromise that was reached with this bill, a compromise that does this:

It secures the status of the million or so farm workers who don’t have their proper documentation by allowing them to get a certified agriculture worker visa that is renewable, and ultimately, if they wish, after a significant period of time, to apply for legal permanent residence. It streamlines the H-2A program, so it works better for farmers and actually works better for workers.

We stabilized the wages. We allowed the dairy industry to get access to the H-2A program. We increased the availability of farmworker housing while lowering the cost to the farmers.

And, finally, once this whole thing is implemented, we have always believed that if you have a workable immigration system, you ought to enforce it. And so we will implement E-Verify after full implementation, but only for the Ag sector.

I would note that the Farm Labor Organizing Committee of the AFL-CIO, UFW, Farmworker Justice, the Catholic Bishops—over 300 agricultural organizations have asked that we pass this bill.

Mr. Speaker, I include in the RECORD a letter in support of the Farm Workforce Modernization Act.

NOVEMBER 18, 2019.

HON. NANCY PELOSI
Speaker, House of Representatives,
Washington, DC.

HON. PAUL RYAN
Majority Leader, House of Representatives,
Washington, DC.

DEAR SPEAKER PELOSI AND MINORITY LEADER RYAN: The undersigned groups representing a broad cross-section of agriculture and its allies, urge you to advance the Farm Workforce Modernization Act (H.R. 5038) through the House to address the labor crisis facing American agriculture.

A stable, legal workforce is needed to ensure farmers and ranchers have the ability to continue producing an abundant, safe, and affordable food supply.

The effects of agriculture’s critical shortage of labor reach far beyond the farm gate, negatively impacting competitiveness, local economies, and jobs. Economist have found that every farm worker engaged in high-value, labor-intensive crop and livestock production sustains two to three off-farm jobs.

As foreign producers take advantage of our labor shortage and gain market share, America will export not only our food production but also thousands of these farm-dependent jobs.

Securing a reliable and skilled workforce is essential, not only for the agricultural industry but for the U.S. economy as a whole.

The House must pass legislation that preserves agriculture’s experienced workforce who earn legal status. For future needs, legislation must include an agricultural worker visa program that provides access to a legal and reliable farm workforce moving forward.

This visa program needs to be more accessible, predictable, and flexible to meet the needs of producers, including those with year-round labor needs, such as dairy and livestock which currently do not have meaningful access to any program.

While the bill does include a few provisions that raise significant concern for the agricultural community, we are committed to working together throughout the legislative process to fully address these issues. It is vital to move the Farm Workforce Modernization Act (H.R. 5038) through the House as a significant step in working to meet the
labor needs of agriculture, both now and in the future.

Sincerely,

Mr. Diaz-Balart, Mr. Panetta, Mr. Peterson—I am going to get in trouble if I can mention in the 15 seconds, but this is not the time of the gentlewoman has expired.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Ms. Shalala. Mr. Speaker, I yield.

Ms. Lofgren. Mr. Speaker, I would like to thank my colleagues, Mr. Newhouse, Mr. Simpson, Mr. Lamalfa, Mr. Costa, Mr. Correa, Ms. Escobar, Mr. LoFGREN. The record will show that I am giving Mr. Painter the opportunity to speak because there are more people in this chamber who can mention what is happening in the 15 seconds, but this has been a very large bipartisan effort.
It should be a model on how we can legislate and get something done for the American people.

Ms. SHALALA. Mr. Speaker, I reserve the balance of my time.

Mr. BURGESS. Mr. Speaker, I yield 2 minutes to the gentleman from Florida (Mr. DIAZ-BALART), a valuable member of the Committee on Appropriations.

Mr. DIAZ-BALART. Mr. Speaker, I rise today in support of the underlying bill, the Agriculture Workforce Modernization Act.

Now, when you read the title, maybe folks will think that this is only an agriculture bill. But in reality, this bill also helps to deal with a vital national security issue: A stable supply of agricultural goods produced here in the United States of America. Not by a foreign power who does not have our interests in mind, and could use our food security as a weapon, but, no, agricultural products grown here by patriotic American farmers.

And this issue will not happen by itself. The H-2A system that our farmers now use to get their workforce—frankly, when they are not able to find American workers—is absolutely broken. It is antiquated, and it is just not responsive to the changing needs of the patriotic American farmer.

That is why Members from both sides of the aisle have come together with over 300 farming organizations to draft a bill that ensures that in the United States of America those who grow our food will be able to continue to grow our food and have the adequate workforce that they need.

No bill is perfect, and this one isn’t perfect either. But, again, this bill, if it moves forward, can be changed and tweaked to make sure that it gets to the President’s desk—and this bill, if it moves forward, can be changed and tweaked to make sure that it gets to the President’s desk—and if we don’t do that, we will be, frankly, letting down our farmers, letting them down one more time, and, again, opening up the door to a national security threat that we do not need to allow to happen.

I urge my colleagues to vote “yes” on the underlying bill.

But before I yield back, Mr. Speaker, I would like to thank a few people. Some have already been thanked: Mike Carlton from Florida Fruit & Vegetable Association, for his work to ensure that Florida’s agricultural interests were represented in the negotiations. I also would like to thank a few staff members: I thank David Shaheoulian from the Committee on the Judiciary, who has been amazing over these years; Carrie Meadows from Representative Newhouse’s staff, and also Cesar Gonzalez, my chief of staff, who has been invaluable, by the way, in years of working to try to have solutions to an issue that we all know needs to take place.

Mr. BURGESS. Mr. Speaker, I reserve the balance of my time.

Ms. SHALALA. Mr. Speaker, I thank the gentleman from Florida (Mr. DIAZ-BALART), my colleague for representing Florida in the negotiations so well.

Mr. Speaker, I yield 1 minute to the gentleman from New Hampshire (Mr. PAPPAS).

Mr. PAPPAS. Mr. Speaker, when I travel around New Hampshire asking constituents what is on their minds, there is no topic more urgent or more personal than combating the skyrocketing cost of prescription drugs.

I have heard from a senior who is unable to retire because his life is dependent on drugs that cost $3,000 out-of-pocket.

I have heard from a mother who shares a painful chronic condition with her daughter and has to decide every month whose prescription to fill because she can’t fill both on her fixed income.

Americans can no longer afford Big Pharma’s runaway costs. That is why I am proud to support H.R. 3, which makes historic reforms to drive down the cost of prescription drugs while expanding and strengthening Medicare. This package also includes my Advancing Enrollment and Reducing Drug Costs Act, which makes prescription drugs more accessible for seniors.

My provision assists low-income seniors by automatically enrolling them in Medicare Part D’s subsidy program, ensuring they receive this benefit without jumping through bureaucratic hoops.

It is time to deliver transformational change and pass H.R. 3 to ensure the health and well-being of the American people.

Ms. SHALALA. Mr. Speaker, I reserve the balance of my time.

Mr. BURGESS. Mr. Speaker, I yield myself 30 seconds.

Mr. Speaker, this bill, H.R. 3, runs the risk of quickly stifling innovation in the new drug space. A preliminary Congressional Budget Office analysis of this bill has stated that it would result in 15 fewer new drugs coming on the market over 30 years, and we all know drugs are in the pipeline for much longer than that. The actual pipeline to deliver new product is 14 years, so it is that second 10 years where the real risk of this bill becomes apparent.

The cure for Alzheimer’s may be one of those ones that is included in that list of drugs that are never developed in the first place. That is why we need to defeat H.R. 3.

Mr. Speaker, I reserve the balance of my time.

Ms. SHALALA. Mr. Speaker, I yield 2 minutes to the gentleman from Vermont (Mr. WELCH).

Mr. WELCH. Mr. Speaker, today, the House is taking an opportunity to do something that has long-needed to be done and will benefit every single American in every single business that is providing health insurance for their valued employees. We have a chance to pass the Elijah E. Cummings Lower Drug Costs Now Act.

Here is what is significant about it, but first a word about Elijah:

In April of 2017, Elijah and I went to the White House and met with President Trump, who said all the right things: “Why are we getting ripped off by Pharma?”

“Why can’t we import safe medications?”

“Why can’t we lower costs?”

Today, President Trump, we are going to do it.

Two things are finally being done:

First, the House of Representatives, on behalf of all consumers, is going to allow the Health and Human Services secretary to negotiate prices, not just pay the rip-off prices demanded.

Second, we are adopting an idea that President Trump had: “Put a cap, 120 percent.” We will not pay more than that, what other countries pay for the same medication.

President Trump put it in his blunt way: “We are being suckers.”

We are putting a cap on that price. This will lower the cost of prescription drugs over 10 years by a half a trillion dollars.

Finally, our government is standing up on behalf of consumers in not protecting Pharma against unlimited price gouging.

And second, what is inspiring to me about this is the benefits go to everyone. Employers in Vermont, they want their employees to have healthcare, but those premiums keep going up and up and they have to trade healthcare benefits for wages and salary increases.

That means our employers are going to get the benefit of lower premiums; our individuals are going to get the benefit of lower premiums; and seniors, who have been hammered with copays and deductibles, are going to get lower costs as well.

Individual drugs, too, you won’t be getting killed on those, folks with insulin and others. So let’s pass this for Elijah.

Ms. SHALALA. Mr. Speaker, I reserve the balance of my time.

Mr. BURGESS. Mr. Speaker, I yield 3 minutes to the gentleman from Washington State (Mr. NEWHOUSE), previous member of the Rules Committee and a valuable member of the Committee on Appropriations.

Mr. NEWHOUSE. Mr. Speaker, I thank my good friend from Texas for yielding. I rise today in strong support of the underlying legislation, H.R. 5083, the Farm Workforce Modernization Act.

This is a critical piece of legislation for my constituents, certainly in Central Washington, but for farmers and ranchers across the country in need of a stable and legal workforce.

I am grateful for my friend, Representative LOFgren, for including Republic in these negotiations and bringing together a diverse bipartisan group of Members of Congress, agricultural stakeholders, labor unions and farmworker associations to write a piece of legislation that will go a long way toward
providing certainty for our Ag industry.

The House has failed to address Ag labor reform since 1986. For the last 30 years, the crisis facing farmers has only been exacerbated, and the need for fixes has become even more clear.

To have an opportunity to continue this process and bring relief to farmers and ranchers, not just those I represent, but dairy farmers in the Midwest, Wisconsin, Indiana, Ohio, Michigan and Northeast, New York and Maine, peach orchardists of Georgia and South Carolina; and certainly the orange groves in Texas and the salad bowl of California and Arizona—all across the country.

Like past efforts, this bill may not be the perfect solution, but it is a significant improvement over the status quo. This legislation stabilizes our current workforce by implementing the first of its kind, merit-based immigration program for agricultural workers who have worked in our fields. The bill streamlines our current H-2A program and reduces the bureaucratic red tape for farmers. It addresses rising costs of guest worker wages and implements E-Verify for the Ag industry, something Republicans have been asking for since the rollout of the program.

Despite the progress this legislation makes, there is still work to do. It does not address every sector of our Nation's Ag industry. We still have a long way to go. We need to improve the equitable housing options. There are many other aspects of our broken immigration system we must work together to fix.

The bill streamlines our current H-2A program and reduces the bureaucratic red tape for farmers. It addresses rising costs of guest worker wages and implements E-Verify for the Ag industry, something Republicans have been asking for since the rollout of the program.

Despite the progress this legislation makes, there is still work to do. It does not address every sector of our Nation's Ag industry. We still have a long way to go. We need to improve the equitable housing options. There are many other aspects of our broken immigration system we must work together to fix.

A “yes” vote today on this bill is a vote to continue the process and get this bill to the Senate.

I want to thank the staff, certainly Travis and Staff, but also David Shahoulian and Betsy Travis Martinez and Carrie Meadows, and certainly the orange groves in Texas and the salad bowl of California and Arizona—all across the country.

I urge my colleagues to vote to support this legislation and encourage their input as we continue to perfect the bill and send it to the President’s desk.

Ms. SHALALA. Mr. Speaker, I yield 2 minutes to the gentleman from Texas (Mr. DOGGETT).

Mr. DOGGETT. Mr. Speaker, for those insured who rely on insulin or who are fortunate enough to win the lottery to have their drugs selected to be negotiated, this is a valuable piece of legislation. But for 30 million Americans who are uninsured, they are denied any guarantee of lower prices.

This rule represents a proposal by me and 28 of our colleagues to provide relief for the uninsured. It bars all of my amendments to improve H.R. 3, including those that addressed outrageous new drug launch prices; price spike protection, which price spikes are occurring at an alarming rate, by the thousands; and ensuring negotiation for those drugs where the tax credits are actually picking up the tab to finance the research that produces the drug.

Of all of these, the most troubling concerns the uninsured. USA Today just published a powerful op-ed by Nicole Smith-Holt. It is entitled: “My Son Died From Rationing Insulin. Democrats’ Drug Pricing Plan Still Wouldn’t Help Him.” She writes of her son, age 26, who aged out of his parents’ insurance and had a job with no benefits.

She expresses the same concern that a group of Michigan high schoolers recently wrote in a compelling letter that they are raising money to help those who lack insurance buy their insulin. Many manufacturers should not be able to determine who does and who does not get better. Everyone deserves to be healthy . . . .”

And everyone deserves to be helped by our legislators. The time of the gentleman has expired.

Under this legislation, it will still remain illegal, a violation of Federal law, to negotiate lower drug prices on two-thirds of the drugs—

Mr. DOGGETT. It remains illegal to negotiate on two-thirds of the drugs that are covered by Medicare. Prescriptions drug price gouging, enabled by government-approved monopolies without any restraint, is not limited to one disease or one class of drugs.

The perfect should certainly not get in the way of the good in drafting such legislation, but we should be doing more to deliver the good we promised. I reluctantly oppose this rule.

Mr. Speaker, I yield myself 30 seconds.

Mr. Speaker, I want to share a letter that I received. This is from a woman who had lost her daughter to suicide and still holds the sadness, and I just published a powerful op-ed by Nicole Smith-Holt. It is entitled: “My Son Died From Rationing Insulin. Democrats’ Drug Pricing Plan Still Wouldn’t Help Him.” She writes of her son, age 26, who aged out of his parent’s insurance and had a job with no benefits. This is kind of an all-American concept, isn’t it, negotiate fair prices?

But for too long, Big Pharma, these drug companies have gouged American farmers and consumers and have taken advantage of it, haven’t they? I mean, these prices are astronomical.

Families across America are often paying 4, 5, 10 times more the amount for their prescriptions than families in other countries. That is not right, and it is especially not right in this country where it is the U.S. taxpayer who is often providing the funding for the basic research to develop these drugs.

So let’s all shout it from the Capitol dome; it is the very thing to allow—we are going to direct Medicare to negotiate prices to bring the cost of prescription drugs down.

We are going to not just contain that in Medicare, but make sure that it is affordable, and those savings are realized for all of the families who rely on private insurance.

And then, with the billions of dollars in savings, we are going to improve Medicare. For a long time, Medicare has not provided comprehensive benefits for vision, for hearing, for dental care. These are fundamental health services.

So what a winning proposition for American families. And I am so proud that it is the Democrats and our new majority that can deliver on this promise for the people.

Lower drug costs now.

Mr. Speaker, I yield myself such time as may consume.

With the defeat of the previous question, Republicans will amend the rule immediately to consider H.R. 2207, the Protect Medical Innovation Act of 2019. This bill, which now has 256 bipartisan cosponsors, will repeal the excise tax and eliminate the very top: We are going to improve Medicare. Medicare has not provided comprehensive benefits for vision, for hearing, for dental care. These are fundamental health services.

So what a winning proposition for American families. And I am so proud that it is the Democrats and our new majority that can deliver on this promise for the people.

This bill, which now has 256 bipartisan cosponsors, will repeal the excise tax and eliminate the very top: We are going to improve Medicare. Medicare has not provided comprehensive benefits for vision, for hearing, for dental care. These are fundamental health services.

So what a winning proposition for American families. And I am so proud that it is the Democrats and our new majority that can deliver on this promise for the people.

Lower drug costs now.

Mr. Speaker, I yield myself such time as may consume.

With the defeat of the previous question, Republicans will amend the rule immediately to consider H.R. 2207, the Protect Medical Innovation Act of 2019. This bill, which now has 256 bipartisan cosponsors, will repeal the excise tax and eliminate the very top: We are going to improve Medicare. Medicare has not provided comprehensive benefits for vision, for hearing, for dental care. These are fundamental health services.

So what a winning proposition for American families. And I am so proud that it is the Democrats and our new majority that can deliver on this promise for the people.

Lower drug costs now.

Mr. Speaker, I yield myself such time as may consume.

With the defeat of the previous question, Republicans will amend the rule immediately to consider H.R. 2207, the Protect Medical Innovation Act of 2019. This bill, which now has 256 bipartisan cosponsors, will repeal the excise tax and eliminate the very top: We are going to improve Medicare. So what a winning proposition for American families. And I am so proud that it is the Democrats and our new majority that can deliver on this promise for the people.

Lower drug costs now.

Mr. Speaker, I yield myself such time as may consume.

With...
have worked in a bipartisan way to delay and, ultimately, defeat this dis- 

taneous act.

And why is that so important? It is not just about the economics of a tax; it is about patients. This is about innovation for patients, and higher taxes mean fewer innovations will be developed for patients. Fewer lives will be saved because, when we tax this critical industry, it will make it harder for them to come up with and fund the next lifesaving technology.

Tell that to the over a million people a year, worldwide, who receive implants like pacemakers. These folks rely on these lifesaving devices. So many of the innovations will not come to market.

Medical devices allow patients to undergo fewer intensive procedures, with shorter hospitalizations and rehabilitation time, which ultimately lowers the overall cost of patient care.

Beyond patient care, this is an amazing industry we tax these businesses, jobs will be lost. We already 

know that, when the tax was in place, 29,000 jobs were lost in this industry. These are high-paying jobs in States across the country.

I am grateful to leadership, my colleagues, and the committee of jurisdiction for bringing us all here to this point today.

Mr. BURGESS. Mr. Speaker, I yield 1½ minutes to the gentlewoman from Indiana (Ms. TRAHAN) to speak on the amendment as part of the defeat of the previous question.

Mr. BAIRD. Mr. Speaker, I thank the ranking member for yielding.

Mr. Speaker, I rise today in support of the 60,000 direct and indirect jobs that the medical device industry brings to my home State.

The last 4 years, Congress has worked together to continually suspend the medical device tax because they know that it doesn’t make sense. This is a bad policy. It damages our manufacturing sector; it raises healthcare prices; and it hurts high-paying jobs.

What our medical device industry needs more than anything is certainty. There has been enough upheaval in our healthcare system over the last decade to last us a lifetime.

Let’s show our support for the hard-working Americans, the good jobs, the patients, and the employers and permanently repeal this tax.

Ms. SHALALA. Mr. Speaker, I yield 2 minutes to the gentlewoman from California (Ms. CORREA).

Mr. CORREA. Mr. Speaker, I rise in strong support of the Farm Workforce Modernization Act of 2019.

I want to thank Representative LOFGREN for her leadership, as well as colleagues on both sides of the aisle, for making this vote today happen. It will be a historical vote.

California, my home State, is our Nation’s breadbasket; yet, over 40 percent of California’s farms don’t have the workforce they need to feed our population. The same is true for many farms across the country that depend on skilled immigrant farmworkers.

These men and women work in our fields to plant, care, and harvest our crops, and this is not what we want for our children. We want a chance, with 256 cosponsors, to stand together and repeal this tax. I urge this body to pass the repeal of the medical device tax.

Ms. SHALALA. Mr. Speaker, I yield 1 minute to the gentlewoman from Massachusetts (Mrs. TRAHAN).

Mrs. TRAHAN. Mr. Speaker, I want to thank my colleague from Florida for yielding.

Today, the House considers historic legislation to lower prescription drug prices and deliver a transformational expansion to Medicare under H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act of 2019.

The namesake of this bill inspired many Members of this body, myself included, to act boldy on behalf of working families who are among the ones I grew up in. It is time to flip the status quo on a system that has pocketed billions off the backs of patients like my dad who suffer from chronic diseases like MS.

I am proud to have championed a provision which created a critical level of transparency and accountability by requiring a GAO study on the negotiation program, essentially ensuring that there is no unfair manipulation or gaming at play. While I regret that my amendment to support baseline knowledge of addiction among prescribers was not made in order, I look forward to supporting this important bill.

I am grateful to leadership, my colleagues, and the committee of jurisdiction for bringing us all here to this point today.

Mr. BURGESS. Mr. Speaker, I yield 1½ minutes to the gentlewoman from Indiana (Mr. BUCSHON) to continue our speakers on the defeat of the previous question and in support of their amendment.

Mr. BUCSHON. Mr. Speaker, there are over 150 medical device companies in the State of Indiana representing more than 20,000 jobs. These are high-paying, stable jobs, with more than $1 billion in Indiana payrolls. But, more importantly, they provide lifesaving products for the American consumer.

As a physician, I know the importance of the innovation and the technological advances that companies provide, and the medical device tax is an onerous tax that is helping to stymie this innovation and technology.

By defeating the previous question, we can bring up H.R. 2207, the Protect Medical Innovation Act of 2019, and finally repeal permanently the onerous excise tax on the sale of medical devices in our country. This will allow for more treatments, and this will allow for more cures.

Ms. LOFGREN. Mr. Speaker, I want to make a few additional comments on the Farm Workforce Modernization Act since it was not made in order, I look forward to supporting this important bill.

Ms. SHALALA. Mr. Speaker, I yield 2 minutes to the gentlewoman from California (Ms. LOFGREN).

Ms. LOFGREN. Mr. Speaker, I want to address another issue, which has to do with the legalization provision. We have several million farmworkers in the United States today. Half of them don’t have their proper papers. They are living in a state of fear.

I was out in the Central Valley recently. These are hardworking people who have been here for many cases. There is no line for them to get into to get legal. They are so afraid that they are afraid to go to mass. This bill allows them to apply for a temporary visa, an agricultural worker visa that is renewable. It allows them to go back and forth if they need to go to a funeral in their country of birth. It allows them to work legally.

After an extended period of time, if they want, they can apply to become legal permanent residents of the United States, or they can just stay on their temporary visas. Their families are included because we should not be in the position of breaking up hard-working families.

The SPEAKER pro tem. The time of the gentlewoman has expired.

Ms. SHALALA. Mr. Speaker, I yield an additional 30 seconds to the gentlewoman from California.

Ms. LOFGREN. Mr. Speaker, I would like to note that this bill is the product of a lot of time. It was introduced
Mr. BURGESS. Mr. Speaker, I urge a “yes” vote on the rule and the previous question.

The material previously referred to by Mr. BURGESS is as follows:

AMENDMENT TO HOUSE RESOLUTION 758

At the end of the resolution, add the following:

SEC. 13. Immediately upon adoption of this resolution, the House shall proceed to the consideration in the House of the bill (H.R. 2207) to amend the Internal Revenue Code of 1986 to repeal the excise tax on medical devices. All points of order against consideration of the bill are waived. The bill shall be considered as read. All points of order against provisions of the bill are waived. The previous question shall be considered as ordered on the bill and on any amendment

in October. It was marked up in the Judiciary Committee before Thanksgiving, and here we are today, not that far from Christmas, finally, hopefully, passing it.

We have been in discussions with various interests. There is nothing ever for sure with the United States Senate, but I will say there is a recognition and an interest that doing nothing is not acceptable for farmers or for farm-workers.

I hope we can pass this bill today.

Mr. BURGESS. Mr. Speaker, I yield 2 minutes to the gentleman from Indiana (Mr. PENCE) to continue to speak on the amendment that we will offer if we defeat the previous question.

Mr. PENCE. Mr. Speaker, I thank the gentleman for yielding. As ranking member of the House Energy and Commerce Subcommittee on Health, I thank my colleague, Dr. BURGESS, for his steadfast leadership on this issue.

Mr. Speaker, I am proud to join 256 of my colleagues as a cosponsor of H.R. 2207, the Protect Medical Innovation Act. I rise today to remind my fellow Members that time is running out. We must repeal the medical device tax before it goes into effect on January 1, 2020.

This bill has broad bipartisan support from Members in both Chambers who recognize the detrimental impact this tax has on constituents who rely on lifesaving medical devices or are employed by the industry.

If Congress fails to act this year, the seemingly small 2.3 percent excise tax would have a significant impact on patients and the healthcare industry.

The medical device industry employs 400,000 hardworking Americans, including 20,000 Hoosiers. When the medical device tax was in effect, nearly 20,000 industry jobs were lost nationwide.

Eighty percent of these medical manufacturing companies are small businesses that need certainty. They need certainty in order to continue their research and investment in critical life-saving medical innovations.

This is a tax on innovation and competitiveness, a tax on patients, and a tax on working families. It is time to end this job-killing tax once and for all.

I urge my fellow Members to vote “no” on the previous question so we can support H.R. 2207.

Mr. BURGESS. Mr. Speaker, may I inquire as to how much time I have remaining.

The SPEAKER pro tempore. The gentleman from Texas has 5½ minutes. The gentleman from Florida has 6½ minutes.

Mr. BURGESS. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, we have been hearing from our colleagues from Indiana about the excise tax on medical devices and how important it is to repeal that excise tax on medical devices.

That tax has been delayed several times but does go into effect January 1. It is a 2.8 percent excise tax on gross receipts. We are talking in H.R. 3 about a 95 percent excise tax. They are talking about the number of jobs that have been killed with a 2.8 percent Federal excise tax. How many jobs are going to be lost with a 95 percent excise tax?

Again, this is not a good faith negotiation with the Secretary of Health and Human Services. This is akin to a hostage situation because the threat of a 95 percent excise tax hangs over that discussion.

We have had discussions on medical innovation. Let me share with you an excerpt from a letter that I received from a constituent after the introduction of H.R. 3. The letter says: “I started talking antibiotics when I was 25. Since then, I have been hospitalized three different times for attempts at suicide. Now I am at a place where I have found the medication that works for me; it is literally lifesaving. This medication is only possible through years of research and investment and in good supply because of a free market.

“If we had allowed a bill like H.R. 3 to pass into law, then, the medical device industry might not exist. I cannot imagine a world where people just like me might go without the proper medication due to government overreach.”

The story is repeated over and over again. Mr. Speaker, BURGESS passed at the end of the session in calendar year 2016 the last bill signed into law by President Obama, the 21st Century Cures Act.

Mr. Speaker, since the time that bill was signed into law, it really has been impressive the number of new things that are coming onto the market and those new things that are just over the horizon.

This bill, H.R. 3, strips the ability for the 21st Century Cures Act to deliver on the promise. But here is the good news. The Rules Committee, in its wisdom, made available an amendment in the nature of a substitute. I have discussed H.R. 19 in some detail. The amendment in the nature of a substitute will be the text of H.R. 19 so Members will have an opportunity to vote for bipartisan consensus agreements that will lower drug prices now, that will protect innovation in the future, and that, most importantly, could be signed into law before the end of the year.

Think about it. This is a deliverable that we have within our power to bring to the American people. We should not give up on that chance.

I have been speaking against H.R. 3. The NDAA, which is also included in this legislation, I do support. I cannot support the excise tax bill.

Mr. Speaker, I urge a “no” vote on the previous question. Let’s take up the amendment about the excise tax on medical devices, and I yield back the balance of my time.

Ms. SHALALA. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, we have heard doomsday predictions from my colleagues on the other side of the aisle that our Nation’s drug innovation will be decimated by this bill. Mr. Speaker, if I thought this bill would slow down or eliminate our brilliant biomedical research and development enterprise, I would not support it.

Nothing could be further from the truth. The truth is that much of our drug innovation starts with our own government-funded research paid for by the taxpayers either at the National Institutes of Health or at our great research universities, two of which I have led.

This bill provides critical additional investments in NIH. $10 billion will expand the research investments in projects like Cancer Moonshot to accelerate cancer research and make more therapies available to more patients.

It will also help fund innovation and research for rare diseases and fighting antimicrobial resistance, which currently kills 35,000 Americans per year.

This bill also makes explicit that pharmaceutical companies should be able to recoup the costs of research and development and still make a profit. NIH out of 10 Big Pharma companies spend more on marketing, sales, and overhead than research. Maybe they won’t be making as big of a profit as they currently do because they will no longer be able to take the American people to the cleaners, but they will make a substantial profit.

Medicare will continue to cover all the drugs they cover today so that patients’ choices will not be limited. Rather, patients’ choices will be expanded. Patients will no longer be leaving drugs behind at the pharmacy counter because they can’t afford them.

It is time to end sky-high drug prices. It is also time to reform Medicare benefits for the beneficiaries. This bill does exactly that by finally adding vision, dental, and hearing benefits to the Medicare program.

Seniors have been asking for this for a long time, and the quality of life of millions of Medicare beneficiaries will improve with access to these benefits.

I also look forward to the passage of the Farm Workforce Modernization Act and the conference report for the No PORK. These are bipartisan pieces of legislation that will improve our national security and the lives of families and workers across this Nation.

Mr. Speaker, I urge a “yes” vote on the rule and the previous question.

The material previously referred to by Mr. BURGESS is as follows:

AMENDMENT TO HOUSE RESOLUTION 758

At the end of the resolution, add the following:

SEC. 13. Immediately upon adoption of this resolution, the House shall proceed to the consideration in the House of the bill (H.R. 2207) to amend the Internal Revenue Code of 1986 to repeal the excise tax on medical devices. All points of order against consideration of the bill are waived. The bill shall be considered as read. All points of order against provisions of the bill are waived. The previous question shall be considered as ordered on the bill and on any amendment...
Mr. ROSE of New York changed his vote from “nay” to “yea.”

Mr. ABRINGTON changed his vote from “yea” to “nay.”
December 11, 2019

CONGRESSIONAL RECORD—HOUSE

NAYS—190

November 11, 2019

So the result was announced as above recorded.

MOTION TO TABLE MOTION TO RECONSIDER ON H.R. 729, TRIBAL COASTAL RESILIENCY ACT

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the unfinished business is the vote on the motion to table the motion to reconsider on the bill (H.R. 729) to amend the Coastal Zone Management Act of 1972 to authorize grants to Indian Tribes for further achievement of Tribal coastal zone objectives, and for other purposes.

The Clerk of the House reads the Title of the Bill.

The vote was taken by electronic device, and there were—yeas 229, nays 192, not voting 9, as follows:

[Roll No. 670]

The Clerk announced the names of those voting aye.

The Clerk announced the names of those voting no.

The Clerk announced the names of those not voting.

So the result was announced as above recorded.

---

Mr. JOYCE of Pennsylvania. Mr. Speaker, I was unavoidably detained. Had I been present, I would have voted ‘‘nay’’ on rollcall No. 669.

Ms. CHENEY. Mr. Speaker, I was unavoidably detained. Had I been present, I would have voted ‘‘nay’’ on rollcall No. 669.

The SPEAKER pro tempore. Without objection, a motion to reconsider is laid on the table.

Mr. HARRIS, I object.

The SPEAKER pro tempore. Objection is overcome.

---

Mr. BARTLETT of Georgia. Mr. Speaker, I rise to reconvene the House on the amendment to the motion to recommit.

Mr. Speaker, it is my understanding that the amendment was agreed to by the Committee on Natural Resources. The Committee on Natural Resources has the authority to act on this matter.

Mr. Chairman, I move that the amendment to the motion to recommit be agreed to.

The SPEAKER pro tempore. The motion is agreed to.
Mr. GARCIA of Illinois changed his vote from “nay” to “yea.” So the motion to table was agreed to.

The result of the vote was announced as above recorded.

PERSONAL EXPLANATION
Ms. BARRAGÁN. Mr. Speaker, I regret to inform you that I am unable to be present for votes today. Had I been present, I would have voted “yea” on rollcall No. 669, “yea” on rollcall No. 670, and “yea” on rollcall No. 671.

MOTION TO RECONSIDER ON H. RES. 758, PROVIDING FOR CONSIDERATION OF H.R. 5038, FARM WORKFORCE MODERNIZATION ACT OF 2019, AND PROVIDING FOR CONSIDERATION OF THE CONFERENCE REPORT TO ACCOMPANY S. 1790, NATIONAL DEFENSE AUTHORIZA-
TION ACT FOR FISCAL YEAR 2020
Mr. MCGOVERN. Mr. Speaker, I have a motion at the desk on the resolution (H. Res. 758) providing for consideration of the bill (H.R. 5038) to amend the Immigration and Nationality Act to provide for terms and conditions for nonimmigrant workers performing agricultural labor or services, and for other purposes; providing for consideration of the bill (H.R. 5038) to amend the Immigration and Nationality Act to provide for terms and conditions for nonimmigrant workers performing agricultural labor or services, and for other purposes; providing for consideration of the conference report to accompany the bill (S. 1790) to authorize appropriations for fiscal year 2020 for military activities of the Defense Department, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, and for other purposes.

The SPEAKER pro tempore. The Clerk will report the motion.

The Clerk reads as follows:
Mr. MCGOVERN moves to reconsider the vote on adoption of House Resolution 758.

MOTION TO TABLE
Mr. NADLER. Mr. Speaker, I have a motion at the desk.

The SPEAKER pro tempore. The Clerk will report the motion.

The Clerk reads as follows:
Mr. NADLER moves to table the motion to reconsider.

The SPEAKER pro tempore. The question is on the motion to table; the question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mr. BIGGS. Mr. Speaker, on December 11, 2019, I missed one roll call vote. Had I been present, I would have voted "yea."

So the motion to table was agreed to. The result of the vote was announced as above recorded.

Mr. PASCRELL. Mr. Speaker, I want to state for the record that on December 11, 2019, I missed one roll call vote. Had I been present I would have voted: "yea."

So the motion to table was agreed to.

FARM WORKFORCE MODERNIZATION ACT OF 2019
Mr. NADLER. Mr. Speaker, pursuant to House Resolution 758, I call up the bill (H.R. 5038) to amend the Immigration and Nationality Act to provide for
terms and conditions for nonimmigrant workers performing agricultural labor or services, and for other purposes, and ask for its immediate consideration.

The Clerk read the title of the bill. The SPEAKER pro tempore. Pursuant to the instructions of section 758, in lieu of the amendment in the nature of a substitute recommended by the Committee on the Judiciary printed in the bill, an amendment in the nature of a substitute consisting of the text of Rules Committee Print 116–42, modified by the amendment printed in part C of House Report 116–334, is adopted, and the bill, as amended, is considered read.

The text of the bill, as amended, is as follows:

H.R. 5038

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the "Farm Workforce Modernization Act of 2019".

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

TITLE I—SECURING THE DOMESTIC AGRICULTURAL WORKFORCE

Subtitle A—Temporary Status for Certified Agricultural Workers

Sec. 101. Certified agricultural worker status.
Sec. 102. Terms and conditions of certified status.
Sec. 103. Extensions of certified status.
Sec. 104. Determination of continuous presence.
Sec. 105. Employer obligations.
Sec. 106. Administrative and judicial review.

Subtitle B—Optional Earned Residence for Long-term Workers

Sec. 111. Optional adjustment of status for long-term agricultural workers.
Sec. 112. Payment of taxes.
Sec. 113. Adjudication and decision; review.

Subtitle C—General Provisions

Sec. 121. Definitions.
Sec. 122. Burden of proof; fees.
Sec. 123. Background checks.
Sec. 124. Protection for children.
Sec. 125. Limitation on removal.
Sec. 126. Documentation of agricultural work history.
Sec. 127. Employer protections.
Sec. 128. Correction of social security records.
Sec. 129. Disclosures and privacy.
Sec. 130. Penalties for false statements in applications.
Sec. 131. Dissemination of information.
Sec. 132. Exemption from numerical limitations.
Sec. 133. Reports to Congress.
Sec. 134. Grant program to assist eligible applicants.
Sec. 135. Authorization of appropriations.

TITLE II—ENSURING AN AGRICULTURAL WORKFORCE FOR THE FUTURE

Subtitle A—Reforming the H–2A Temporary Work Program

Sec. 201. Comprehensive and streamlined electronic h–2a platform.
Sec. 202. H–2a program requirements.
Sec. 203. Agency roles and responsibilities.
Sec. 204. Worker protection and compliance.
Sec. 205. Report on wage protections.
Sec. 206. Portable h–2a visa pilot program.
Sec. 207. Improving access to permanent residence.

Subtitle B—Preservation and Construction of Farmworker Housing

Sec. 220. Short title.
Sec. 221. Permanent establishment of housing preservation and revitalization program.
Sec. 222. Eligibility for rural housing vouchers.
Sec. 223. Amount of voucher assistance.
Sec. 224. Rental assistance contract authority.
Sec. 225. Funding for multifamily technical improvements.
Sec. 226. Plan for increasing affordability of rental projects.
Sec. 227. Covered housing programs.
Sec. 228. New farmworker housing.
Sec. 229. Loans and grant limitations.
Sec. 230. Operating assistance subsidies.
Sec. 231. Eligibility of certified workers.

Subtitle C—Foreign Labor Recruiter Accountability

Sec. 251. Registration of foreign labor recruiters.
Sec. 252. Enforcement.
Sec. 253. Appropriations.
Sec. 254. Definitions.

TITLE III—ELECTRONIC VERIFICATION OF EMPLOYMENT ELIGIBILITY

Sec. 301. Mandatory electronic verification for the agricultural industry.
Sec. 302. Coordination with E–Verify Program.
Sec. 303. Fraud and misuse of documents.
Sec. 305. Technical and conforming amendments.
Sec. 306. Protection of Social Security Administration programs.
Sec. 307. Report on the implementation of the electronic employment verification system.
Sec. 308. Modernizing and streamlining the employment eligibility verification process.
Sec. 309. Rulemaking and Paperwork Reduction Act.

TITLE IV—ECONOMIC SECURITY AND ACCESS TO NEEDED العبادات, مطاعم، وخدمات

Sec. 401. Assistance for small businesses.
Sec. 402. Assistance for larger enterprises.
Sec. 403. Assistance for local governments.
Sec. 404. Assistance for non-profit organizations.
Sec. 405. Assistance for educational institutions.
Sec. 406. Assistance for housing development.
Sec. 407. Assistance for health care providers.
Sec. 408. Assistance for transportation providers.
Sec. 409. Assistance for water and sanitation providers.
Sec. 410. Assistance for energy providers.
Sec. 411. Assistance for communication providers.
Sec. 412. Assistance for technology providers.
Sec. 413. Assistance for financial institutions.
Sec. 414. Assistance for agricultural cooperatives.
Sec. 415. Assistance for farm worker unions.
Sec. 416. Assistance for farm worker associations.
Sec. 417. Assistance for farm worker advocacy organizations.
Sec. 418. Assistance for farm worker education organizations.
Sec. 419. Assistance for farm worker advocacy groups.
Sec. 420. Assistance for farm worker health care organizations.
Sec. 421. Assistance for farm worker housing organizations.
Sec. 422. Assistance for farm worker transportation organizations.
Sec. 423. Assistance for farm worker technology organizations.
Sec. 424. Assistance for farm worker financial institutions.
Sec. 425. Assistance for farm worker agricultural cooperatives.
Sec. 426. Assistance for farm worker farm worker unions.
Sec. 427. Assistance for farm worker farm worker associations.
Sec. 428. Assistance for farm worker farm worker advocacy organizations.
Sec. 429. Assistance for farm worker farm worker education organizations.
Sec. 430. Assistance for farm worker farm worker advocacy groups.
Sec. 431. Assistance for farm worker farm worker health care organizations.
Sec. 432. Assistance for farm worker farm worker housing organizations.
Sec. 433. Assistance for farm worker farm worker transportation organizations.
Sec. 434. Assistance for farm worker farm worker technology organizations.
Sec. 435. Assistance for farm worker farm worker financial institutions.
Sec. 436. Assistance for farm worker farm worker agricultural cooperatives.
Sec. 437. Assistance for farm worker farm worker farm worker unions.
Sec. 438. Assistance for farm worker farm worker farm worker associations.
Sec. 439. Assistance for farm worker farm worker farm worker advocacy organizations.
Sec. 440. Assistance for farm worker farm worker farm worker education organizations.
Sec. 441. Assistance for farm worker farm worker farm worker advocacy groups.
Sec. 442. Assistance for farm worker farm worker farm worker health care organizations.
Sec. 443. Assistance for farm worker farm worker farm worker housing organizations.
Sec. 444. Assistance for farm worker farm worker farm worker transportation organizations.
Sec. 445. Assistance for farm worker farm worker farm worker technology organizations.
Sec. 446. Assistance for farm worker farm worker farm worker financial institutions.
Sec. 447. Assistance for farm worker farm worker farm worker agricultural cooperatives.
Sec. 448. Assistance for farm worker farm worker farm worker farm worker unions.
Sec. 449. Assistance for farm worker farm worker farm worker farm worker associations.
Sec. 450. Assistance for farm worker farm worker farm worker farm worker advocacy organizations.
Sec. 451. Assistance for farm worker farm worker farm worker farm worker education organizations.
Sec. 452. Assistance for farm worker farm worker farm worker farm worker advocacy groups.
Sec. 453. Assistance for farm worker farm worker farm worker farm worker health care organizations.
Sec. 454. Assistance for farm worker farm worker farm worker farm worker housing organizations.
Sec. 455. Assistance for farm worker farm worker farm worker farm worker transportation organizations.
EVIDENCE OF APPLICATION FILING.—As soon as practicable after receiving an application for certified agricultural worker status, the Secretary shall provide the applicant with a document acknowledging the receipt of such application. Such document shall serve as interim proof of the alien’s authorization to accept employment in the United States and shall be accepted by an employer as evidence of employment authorization under section 274A(b)(3)(C) of the Immigration and Nationality Act (8 U.S.C. 1324a(b)(3)(C)), if the employer is employing the alien and a document to perform agricultural labor or services, pending a final administrative decision on the application.

EFFECT OF PENDING APPLICATION.—During the period of pending the date on which the alien applies for certified agricultural worker status under this subtitle, and ending on the date on which the Secretary issues a final administrative decision regarding such application, the alien and any dependents included in the application—

(A) may apply for advance parole, which shall be granted upon demonstrating a legitimate need to travel outside the United States for a temporary purpose;

(B) may not be detained by the Secretary or removed from the United States unless the Secretary makes a prima facie determination that such alien is, or has become, ineligible for certified agricultural worker status;

(C) may not be considered unlawfully present under section 212(a)(9)(B) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(9)(B)); and

(D) may not be considered an unauthorized alien (as defined in section 274A(h)(4)) of the Immigration and Nationality Act (8 U.S.C. 1324a(h)(4)).

WITHDRAWAL OF APPLICATION.—The Secretary shall, upon receipt of a request from the applicant to withdraw an application for certified agricultural worker status under this subtitle, cease processing of the application and close the case. Withdrawal of the application shall not affect any decision or future application filed by the applicant for any immigration benefit under this Act or under the Immigration and Nationality Act (8 U.S.C. 1101 et seq.).

ADJUDICATION AND DECISION.—

(1) IN GENERAL.—Subject to section 123, the Secretary shall render a decision on an application for certified agricultural worker status not later than 120 days after the date the application is filed.

(2) NOTICE.—Prior to denying an application for certified agricultural worker status, the Secretary shall provide the alien with—

(A) written notice that describes the basis for ineligibility or the deficiencies in the evidence submitted; and

(B) at least 30 days to contest ineligibility or submit additional evidence.

AMENDED APPLICATION.—An alien whose application for certified agricultural worker status is denied under this section may submit an amended application for such status to the Secretary if the amended application is submitted within the period described in subsection (c) and contains all the required information and fees that were missing from the initial application.

ALTERNATIVE H-2A STATUS.—An alien who has not met the required period of agricultural labor or services under subsection (a)(1)(A), but is otherwise eligible for certified agricultural worker status under such subsection, shall be eligible for classification as a nonimmigrant described in section 101(a)(15)(H)(ii)(a) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)(ii)(a)) upon approval of a petition submitted by a sponsoring employer, if the alien has performed at least 575 hours (or 100 work days) of agricultural labor or services during the 3-year period prior to the date of the submission of this Act. The Secretary shall create a procedure to provide for such classification without requiring the alien to depart the United States and obtain a visa abroad.

SEC. 102. TERMS AND CONDITIONS OF CERTIFIED STATUS.

(A) IN GENERAL.—

(1) APPROVAL.—Upon approval of an application for certified agricultural worker status, or an extension of such status pursuant to section 103, the Secretary shall—

(A) documentary evidence of such status to the applicant; and

(B) documentary evidence of certified agricultural dependent status to any qualified dependent included on such application.

(2) DOCUMENTARY EVIDENCE.—In addition to any other evidence as the Secretary may prescribe, the documentary evidence described in paragraph (1)—

(A) shall be machine-readable and tamper-resistant;

(B) shall contain a digitized photograph;

(C) shall serve as a valid travel and entry document for purposes of applying for admission to the United States; and

(D) shall be accepted during the period of its validity by an employer as evidence of employment authorization under section 274A(b)(3)(B) of the Immigration and Nationality Act (8 U.S.C. 1324a(b)(3)(B)).

(3) VALIDITY PERIOD.—Certified agricultural worker status and certified agricultural dependent status shall be valid for five and one-half years beginning on the date of approval.

(4) TRAVEL AUTHORIZATION.—An alien with certified agricultural worker or certified agricultural dependent status—

(A) travel within and outside of the United States, including commuting to the United States from a residence in a foreign country; and

(B) be admitted to the United States upon return from travel abroad without first obtaining a visa if the alien is in possession of—

(i) valid, unexpired documentary evidence of certified agricultural worker or certified agricultural dependent status as described in subsection (a); or

(ii) a travel document that has been approved by the Secretary and was issued to the alien after the alien's original documentary evidence was lost, stolen, or destroyed.

(5) ABILITY TO CHANGE STATUS.—

(1) CHANGING CERTIFIED AGRICULTURAL WORKER STATUS.—Notwithstanding section 101(a), an alien with valid certified agricultural dependent status may apply to change to certified agricultural worker status, at any time, if the alien—

(A) submits a completed application, including the required processing fees; and

(B) is not ineligible for certified agricultural worker status under section 101(b).

(2) CLARIFICATION.—Nothing in this title prohibits an alien granted certified agricultural worker or certified agricultural dependent status from changing status to any other nonimmigrant classification for which the alien may be eligible.

(6) PROHIBITION ON PUBLIC BENEFITS, TAX BENEFITS, AND HEALTH CARE SUBSIDIES.—Aliens granted certified agricultural worker or certified agricultural dependent status shall be considered lawfully present in the United States for all purposes for the duration of their status, except that such aliens—

(1) shall be ineligible for Federal means-tested public benefits to the same extent as other individuals who are not qualified aliens under section 431 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (8 U.S.C. 1641); and

(2) are not entitled to the premium assistance plans described in section 36B of the Internal Revenue Code of 1986 (26 U.S.C. 36B).

PROHIBITION ON PUBLIC BENEFITS, TAX BENEFITS, AND HEALTH CARE SUBSIDIES.—Aliens granted certified agricultural worker or certified agricultural dependent status shall be considered lawfully present in the United States for all purposes for the duration of their status, except that such aliens—

(1) shall be ineligible for Federal means-tested public benefits to the same extent as other individuals who are not qualified aliens under section 431 of the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (8 U.S.C. 1641); and

(2) are not entitled to the premium assistance plans described in section 36B of the Internal Revenue Code of 1986 (26 U.S.C. 36B).
SEC. 104. DETERMINATION OF CONTINUOUS PRESENCE.
(a) EFFECT OF NOTICE TO APPEAR.—The continuous presence in the United States of an applicant for certified agricultural worker status under section 101 shall not terminate when the alien is served a notice to appear under section 239(a) of the Immigration and Nationality Act (8 U.S.C. 1229(a)).
(b) TREATMENT OF CERTAIN BREAKS IN PRESENCE.—
(1) IN GENERAL.—Except as provided in paragraph (2) and (3), an alien shall be considered to have failed to maintain continuous presence in the United States under this subtitle if the alien departs the United States for any period exceeding 90 days for any periods, in the aggregate, exceeding 180 days.
(2) EXTENSIONS FOR EXTENUATING CIRCUMSTANCES.—The Secretary may extend the time periods described in paragraph (1) for an alien who demonstrates that the failure to timely return to the United States was due to extenuating circumstances. The Secretary shall establish a process by which an applicant may seek administrative review of a determination that the Secretary has found an alien to have failed to maintain continuous presence in the United States. The fee for an administrative review under this paragraph shall be the amount determined by the Secretary to be reasonable for conducting such administrative review.
(3) TRAVEL AUTHORIZED BY THE SECRETARY.—Any period of travel outside of the United States by an alien that was authorized by the Secretary shall not be counted toward any period of departure from the United States under paragraph (1).

SEC. 105. EMPLOYER OBLIGATIONS.
(a) RECORD OF EMPLOYMENT.—An employer of an alien in certified agricultural worker status shall provide such alien with a written record of employment each year during which the alien provides agricultural labor or services to such employer. An employer shall establish a process by which an applicant may seek administrative review of a denial of an application for such a record's content, including the serious illness of the alien, or death or serious illness of a spouse, parent, son or daughter, grandparent, or sibling of the alien.
(b) CIVIL PENALTIES.—
(1) IN GENERAL.—If the Secretary determines, after notice and an opportunity for a hearing, that an employer of an alien with certified agricultural worker status has knowingly failed to provide the record of employment required under subsection (a), or has provided a false statement of material fact in such a record's content, the employer shall be subject to a civil penalty in an amount not to exceed $500 per violation.
(2) LIMITATION.—The penalty under paragraph (1) for failure to provide employment records shall not apply unless the alien has provided the employer with evidence of employment authorization described in section 102 or 103.
(3) PENALTIES.—Civil penalties collected under this paragraph shall be deposited into the Immigration and Nationality Act (8 U.S.C. 1356(m)).

SEC. 106. ADMINISTRATIVE AND JUDICIAL REVIEW.
(a) ADMINISTRATIVE REVIEW.—The Secretary shall establish a process by which an applicant may seek administrative review of a denial of an application for certified agricultural worker status under this subtitle, an application to extend such status, or revalidation of such status, and each record created pursuant to the administrative review process under subsection (a) is admissible in immigration and naturalization proceedings and shall be included in the administrative record.
(b) ADMISSIBILITY IN IMMIGRATION COURT.—Each record of an alien's application for certified agricultural worker status under this subtitle, application to extend such status, revalidation of such status, and each record created pursuant to the administrative review process under subsection (a) is admissible in immigration and naturalization proceedings and shall be included in the administrative record.
(c) JUDICIAL REVIEW.—Notwithstanding any other provision of law, judicial review of the Secretary's decision on an application for certified agricultural worker status, an application to extend such status, or the decision to revoke such status, shall be limited to the review of an administrative record established under subsection (a). The administrative record under subsection (a) may not be considered unlawfully present under section 212(a)(9)(B) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(9)(B)) and may not be considered an unauthorized alien (as defined in section 241(a)(9)(B)) of the Immigration and Nationality Act (8 U.S.C. 1227(a)(9)(B)).
(d) EVIDENCE OF APPLICATION FILING.—As soon as practicable after receiving an application for certified agricultural worker status, the Secretary shall provide the applicant with a document acknowledging the receipt of such application. Such document shall serve as prima facie evidence of the applicant’s authorization to accept employment in the United States and shall be accepted by an employer as evidence of employment authorization under section 274A(b)(1)(C) of the Immigration and Nationality Act (8 U.S.C. 1324a(b)(1)(C)), pending a final administrative decision on the application.
(e) WITHDRAWAL OF APPLICATION.—The Secretary shall, upon receipt of a request to withdraw an application for adjustment of status under this subtitle, cease processing of the application and may not consider the basis for the application filed by the applicant for immigration benefit under this Act or under the Immigration and Nationality Act (8 U.S.C. 1101 et seq.).

SEC. 111. OPTIONAL ADJUSTMENT OF STATUS FOR LONG-TERM AGRICULTURAL WORKERS.
(a) DEFINITIONS.—In this section:
(1) LONG-TERM AGRICULTURAL WORKERS.—The term “long-term agricultural workers” means aliens who have been in the United States continuously for at least 10 years prior to the date of the enactment of this Act and have not been convicted of an aggravated felony.
(2) APPLICATIONS FOR ADVANCE PAROLE.—An alien who demonstrates that the failure to timely return to the United States was due to extenuating circumstances, including the serious illness of the alien, or death or serious illness of a spouse, parent, son or daughter, grandparent, or sibling of the alien, shall be granted upon demonstrating a legitimate concern of the alien that the alien’s departure from the United States would have serious adverse consequences for the alien’s family, including the serious illness of the alien, or the alien’s dependent family members.
(b) ELIGIBILITY.—An alien who demonstrates that the failure to timely return to the United States was due to extenuating circumstances, including the serious illness of the alien, or death or serious illness of a spouse, parent, son or daughter, grandparent, or sibling of the alien, and who meets the requirements of subsection (a), shall be eligible to file an application to adjust status under section 101(b).
(c)申請人於獲准申請後，必須支付一定費用，此費用可以通過簽證申請得到。
(d) JUDICIAL REVIEW.—Notwithstanding any other provision of law, judicial review of a denial of an application for adjustment of status under this subtitle is limited to the review of the administrative record established under subsection (a).

Subtitle B—Optional Earned Residence for Long-term Workers

SEC. 112. PAYMENT OF TAXES.
(a) IN GENERAL.—An alien may not be granted adjustment of status under this subtitle unless the alien has satisfied any applicable Federal tax liability.
(b) COMPLIANCE.—An alien may demonstrate compliance with subsection (a) by submitting such documentation as the Secretary, in consultation with the Secretary of the Treasury, may require by regulation.

SEC. 113. ADJUDICATION AND DECISION REVIEW.
(a) IN GENERAL.—An alien who demonstrates compliance with subsection (a) by submitting such documentation as the Secretary, in consultation with the Secretary of the Treasury, may require by regulation, may apply for adjustment of status under this subtitle, ceasing processing of the application and may not consider the basis for the application filed by the applicant for immigration benefit under this Act or under the Immigration and Nationality Act (8 U.S.C. 1101 et seq.).

SEC. 114. ADJUDICATION AND DECISION REVIEW.
(a) IN GENERAL.—An alien who demonstrates compliance with subsection (a) by submitting such documentation as the Secretary, in consultation with the Secretary of the Treasury, may require by regulation, may apply for adjustment of status under this subtitle, ceasing processing of the application and may not consider the basis for the application filed by the applicant for immigration benefit under this Act or under the Immigration and Nationality Act (8 U.S.C. 1101 et seq.).

Subtitle C—General Provisions

SEC. 115. DEFINITIONS.
In this title:
(1) IN GENERAL.—Except as otherwise provided, any term used in this title that is used in the immigration laws shall have the meaning given such term in the immigration laws (as such term is defined in section 101 of the Immigration and Nationality Act (8 U.S.C. 1101)).
(2) AGRICULTURAL LABOR OR SERVICES.—The term “agricultural labor or services” means—
(A) agricultural labor or services as such term is used in section 101(a)(15)(H)(ii) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)(ii)), without regard to whether the labor or services are of a seasonal or temporary nature; and
(B) agricultural labor or services as such term is defined in section 3 of the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1982), without regard to whether the specified agricultural activity is temporary or seasonal;
(3) APPLICABLE FEDERAL TAX LIABILITY.—The term “applicable Federal tax liability” means

December 11, 2019
CONGRESSIONAL RECORD — HOUSE
H10047
all Federal income taxes assessed in accordance with section 6203 of the Internal Revenue Code of 1986 beginning on the date on which the applicant was authorized to work in the United States.

(4) APPROPRIATE UNITED STATES DISTRICT COURT.—The term “appropriate United States district court” means the United States District Court for the District of Columbia or any other United States district court with jurisdiction over the alien’s principal place of residence.

(5) CHILD.—The term “child” has the meaning given such term in section 101(b)(1) of the Immigration and Nationality Act (8 U.S.C. 1101(b)(1)).

(6) INJURED OR CONVICTED.—The term “injured” or “convicted” does not include a judgment that has been expunged or set aside, that resulted in a rehabilitative disposition, or is the equivalent.

(7) EMPLOYER.—The term “employer” means any person or entity, including any labor contractor or any agricultural association, that employs workers in agricultural labor or services.

(8) QUALIFIED DESIGNATED ENTITY.—The term “qualified designated entity” means—

(A) a qualified farm labor organization or an association of employers designated by the Secretary; or

(B) any other entity that the Secretary designates as having substantial expertise and demonstrated competence, and a history of long-term involvement in the preparation and submission of application for adjustment of status under this title under the Immigration and Nationality Act (8 U.S.C. 1151 et seq.).

(9) SECRETARY.—The term “Secretary” means the Secretary of Homeland Security.

(10) WORK DAY.—The term “work day” means any day in which the individual is employed 5.75 or more hours in agricultural labor or services.

SEC. 122. RULEMAKING; FEES.

(a) RULEMAKING.—Not later than 180 days after the date of the enactment of this Act, the Secretary shall publish in the Federal Register, an interim final rule implementing this title.

(b) FEES.—

(1) IN GENERAL.—The Secretary may require any fee for any benefit under this title to be paid by an alien applying for such benefit. The Secretary shall publish in the Federal Register a notice and opportunity for comment before such fees are charged.

(2) EXCEPTIONS.—

(A) BURDEN OF PROOF.—An alien applying for any benefit under this title shall be required to pay any fee to the Secretary with the consent of the alien, or motion by the alien) terminate removal proceedings, without prejudice, against an alien who appears to be prima facie eligible for status under this title, and provide such alien a reasonable opportunity to apply for such status.

(B) Display of Alien.—An alien present in the United States who has been ordered removed or has been permitted to depart voluntarily from the United States may, notwithstanding such order or permission to depart, apply for status under this title. Such alien shall not be required to file a separate motion to reopen, reconsider, or vacate the order of removal. If the Secretary, after an application for such status is received, the Secretary shall notify the Attorney General of such approval, and the Attorney General shall cancel the order of removal. If the Secretary determines that it is in the public interest to deny the application, the order of removal or permission to depart shall be effective and enforceable to the same extent as if the application had not been made, only after all available administrative and judicial remedies have been exhausted.

(c) EFFECT OF DEPARTURE.—Section 101(g) of the Immigration and Nationality Act (8 U.S.C. 1101(g)) shall not apply to an alien who departs the United States—

(1) with advance permission to return to the United States granted by the Secretary under this title; or

(2) after having been granted certified agricultural worker status or lawful permanent resident status under this title.

SEC. 123. DOCUMENTATION OF AGRICULTURAL WORK HISTORY.

(a) SUBMISSION OF BIOMETRIC AND BIOGRAPHIC DATA.—The Secretary may not grant or extend certified agricultural worker or certified agricultural dependent status under subtitle A, or grant adjustment of status to that of a lawful permanent resident under subtitle B, unless the alien submits biometric and biographic data, in accordance with procedures established by the Secretary. The Secretary shall provide an alternative data submission system for aliens who cannot provide all required biometric or biographic data because of a physical impairment.

(b) BACKGROUND CHECKS.—The Secretary shall use biometric, biographic, and other data that the Secretary determines appropriate to conduct security and law enforcement back- ground checks, including determination whether there is any criminal, national security, or other factor that would render the alien ineligible for status under this title. An alien may not be granted any status under this title unless security and law enforcement background checks are completed to the satisfaction of the Secretary.

SEC. 124. PROTECTION FOR CHILDREN.

(a) IN GENERAL.—The Secretary shall provide in subsection (b), for purposes of eligibility for certified agricultural dependent status or lawful permanent resident status under this title, that an alien who appears to be under the age of 21, or who is a child with a mental or physical disability, as defined by regulations, shall be deemed to be a child until 21 years of age or until the Secretary determines that the alien is no longer a child.

(b) BACKGROUND CHECKS.—The Secretary shall use biometric, biographic, and other data that the Secretary determines appropriate to conduct security and law enforcement back- ground checks, including determination whether there is any criminal, national security, or other factor that would render the alien ineligible for status under this title. An alien may not be granted any status under this title unless security and law enforcement background checks are completed to the satisfaction of the Secretary.

SEC. 125. LIMITATION ON REMOVAL.

(a) IN GENERAL.—An alien who appears to be prima facie eligible for status under this title shall be given a reasonable opportunity to apply for such status. Such an alien may not be placed in removal proceedings or removed from the United States until a final administrative decision establishing ineligibility for such status is rendered.

(b) ALIENS IN REMOVAL PROCEEDINGS.—Notwithstanding any other provision of the law, the Attorney General shall (upon motion by the alien) terminate removal proceedings, without prejudice, against an alien who appears to be prima facie eligible for status under this title, and provide such alien a reasonable opportunity to apply for such status.

(c) EXCEPTIONS.—

(A) EMPLOYER.—An employer who appears to be prima facie eligible for status under this title shall be deemed to be an employer for the duration of the application period under section 101(c), and with respect to an alien who applies for certified agricultural status, for the duration of the labor certification period during which the alien’s application is pending final determination.

(B) USE OF EMPLOYMENT RECORDS.—Copies of employment records or other evidence of employment provided by an alien or an employer in support of an alien’s application for certified agricultural worker or certified agricultural dependent status under this title may not be used in a civil or criminal prosecution or investigation of that employer under section 274A of the Immigration and Nationality Act (8 U.S.C. 1324a) or the Internal Revenue Code of 1986 for the prior unauthorized employment of the alien, regardless of the outcome of such application.

(C) ADDITIONAL PROTECTIONS.—Employers that provide unauthorized aliens with copies of employment records or other evidence of employment in support of an application for certified agricultural worker status or adjustment of status under this title shall not be subject to civil or criminal liability pursuant to such section 274A for employing such unauthorized aliens. Records or other evidence of employment provided by employers in response to a request for employment verification by the Immigration and Naturalization Service are not evidence of employment establishment of eligibility for status under this title may not be used for any purpose other than establishing such eligibility. RECORDS OR OTHER EVIDENCE OF EMPLOYMENT.—The protections for employers under this section shall not apply if the employer provides employment
records to the alien that are determined to be fraudulent.

SEC. 128. CORRECTION OF SOCIAL SECURITY ACCOUNT NUMBERS; CONFORMING AMENDMENTS.

(a) In general.—Section 206(e)(1) of the Social Security Act (42 U.S.C. 406(e)(1)) is amended—

(1) in subparagraph (B)(ii), by striking “or” at the end;

(2) in subparagraph (C), by inserting “or” at the end;

(3) in inserting after subparagraph (C) the following:

“(D) who is granted certified agricultural worker status, certified agricultural dependent status under title I of the Farm Work Modernization Act of 2019,”;

and

(4) in the undesignated matter following subparagraph (D), as added by paragraph (3), by striking “1990.” and inserting “1990, or in the case of an alien described in subparagraph (D), if such conduct is alleged to have occurred before the date on which the alien was granted status under title I of the Farm Work Modernization Act of 2019.”.

(b) EFFECTIVE DATE.—The amendments made by subsection (a) shall take effect on the first day of the seventh month that begins after the date of the enactment of this Act.

SEC. 129. PENALTIES FOR FALSE STATEMENTS IN APPLICATIONS.

(a) CRIMINAL PENALTY.—Any person who—

(1) files an application for certified agricultural worker status or adjustment of status under this title and knowingly falsifies, conceals, or coerces up a material fact or makes any false, fictitious, or fraudulent statement or representations, or makes or uses any false writing or document knowing the same to contain any false, fictitious, or fraudulent statement or entry; or

(2) creates or supplies a false writing or document for use in making such an application, shall be fined in accordance with title 18, United States Code, imprisoned not more than 5 years, or both.

(b) INADMISSIBILITY.—An alien who is convicted under subsection (a) shall be deemed inadmissible to the United States under section 212(a)(6)(C)(i) of the Immigration and Nationality Act (8 U.S.C. 1182(a)(6)(C)(i)).

(c) DEPOSIT.—Fines collected under subsection (a) shall be deposited in the Immigration Examinations Fee Account pursuant to section 286(m) of the Immigration and Nationality Act (8 U.S.C. 1356(m)).

SEC. 131. DISSEMINATION OF INFORMATION.

(a) IN GENERAL.—Beginning not later than the first day of the application period described in section 101(c)—

(1) the Secretary of Homeland Security, in cooperation with qualified designated entities, shall broadly disseminate information described in subsection (b); and

(2) the Secretary of Agriculture, in consultation with the Commissioner of Social Security, shall disseminate to agricultural employers a document containing the information described in subsection (b) for posting at employer work sites.

(b) INFORMATION DESCRIBED.—The information described in this subsection shall include—

(1) the benefits that aliens may receive under this title; and

(2) the requirements that an alien must meet to receive such benefits.

SEC. 132. EXEMPTION FROM NUMERICAL LIMITATIONS.

The numerical limitations under title II of the Immigration and Nationality Act (8 U.S.C. 1151 et seq.) shall not apply to the adjustment of status under this title, and such aliens shall not be counted toward any such numerical limitation.

SEC. 133. REPORTS TO CONGRESS.

Not later than 180 days after the publication of the final rule under section 122(a), and annually thereafter for the following 10 years, the Secretary shall submit to Congress a report that identifies, for the previous fiscal year—

(1) the number of principal aliens who applied for certified agricultural worker status under subtitle A and the number of dependents and children included in such applications;

(2) the number of principal aliens who were granted certified agricultural worker status under subtitle A, and the number of dependents and children who were granted certified agricultural dependent status;

(3) the number of principal aliens who applied for an extension of their certified agricultural worker status under subtitle A, and the number of dependents and children included in such applications;

(4) the number of principal aliens who were granted an extension of certified agricultural worker status under subtitle A, and the number of dependents and children who were granted certified agricultural dependent status under such an extension;

(5) the number of principal aliens who applied for adjustment of status under subtitle B, and the number of dependents and children included in such applications;

(6) the number of principal aliens who were granted legal permanent dependent status under subtitle B, and the number of spouses and children who were granted such status as dependents;

(7) the number of principal aliens included in petitions described in section 101(e), and the number of dependent spouses and children included in such applications; and

(8) the number of principal aliens who were granted H–2A status pursuant to petitions described in section 101(e), and the number of dependent spouses and children who were granted H–4 status.

SEC. 134. GRANT PROGRAM TO ASSIST ELIGIBLE APPLICANTS.

(a) ESTABLISHMENT.—The Secretary shall establish a program to award grants, on a competitive basis, to eligible nonprofit organizations to assist eligible applicants under this title by providing them with the services described in subsection (c).

(b) ELIGIBLE NONPROFIT ORGANIZATION.—For purposes of this section, the term “eligible nonprofit organization” means an organization described in section 501(c)(3) of the Internal Revenue Code of 1986 (excluding a recipient of funds under title X of the Economic Opportunity Act of 1964 (42 U.S.C. 2996 et seq.) that has demonstrated qualifications, experience, and expertise in providing quality services to farm workers or aliens.

(c) USE OF FUNDS.—Grants awarded under this section may be used for the design and implementation of programs that provide—

(1) information to the public regarding the eligibility and benefits of certified agricultural worker status authorized under this title; and

(2) assistance, within the scope of authorized practice of immigration law, to individuals submitting applications for adjustment of status or adjustment of status under this title, including—

(A) screening prospective applicants to assess their eligibility for such status;

(B) completing applications, including providing assistance in obtaining necessary documents and supporting evidence; and

(C) providing any other assistance that the Secretary determines useful to assist aliens in applying for certified agricultural worker status or adjustment of status under this title.

(d) SOURCE OF FUNDS.—In addition to any funds appropriated to carry out this section, the Secretary may use up to $10,000,000 from the Immigrant Examinations Fee Account pursuant to section 286(m) of the Immigration and Nationality Act (8 U.S.C. 1356(m)) to carry out this section.
(e) ELIGIBILITY FOR SERVICES.—Section 504(a)(11) of Public Law 104–134 (110 Stat. 1322–53 et seq.) shall not be construed to prevent a re- centization of funds under title X of the Economic Opportunity Act of 1964 (42 U.S.C. 2966 et seq.) from providing legal assistance directly related to an application for status under this title or to an alien granted such status.

SEC. 193. AUTHORIZATION OF APPROPRIATIONS.

There is authorized to be appropriated to the Secretary, such sums as may be necessary to implement this title, including any amounts needed for application to the Secretary for the initiation of such implementation, for each of fiscal years 2020 through 2022.

TITLE II—ENSURING AN AGRICULTURAL WORKFORCE FOR THE FUTURE

Subtitle A—Empowering the H–2A Temporary Worker Program

SEC. 201. COMPREHENSIVE AND STREAMLINED ELECTRONIC H–2A PLATFORM.

(a) STREAMLINED H–2A PLATFORM.—

(1) IN GENERAL.—Not later than 12 months after the date of the enactment of this Act, the Secretary of Homeland Security, in consultation with the Secretary of Labor, the Secretary of Agriculture, the Secretary of State, and United States Digital Service, shall ensure the establish- ment of an electronic platform through which an employer for an H–2A worker may be filed. Such platform shall—

(A) serve as a single point of access for an em- ployer to input all information and supporting documentation for obtaining labor cer- tification from the Secretary of Labor and the adjudication of the H–2A petition by the Sec- retary of Homeland Security;

(B) act as a single point of access for the Secretary of Homeland Security, the Secretary of Labor, and State workforce agencies to concurrently perform their respective review and ad- judicatory responsibilities in the H–2A proc- ess;

(C) facilitate communication between employ- ers and their representatives, including by al- lowing employers to—

(i) receive and respond to notices of deficiency and requests for information;

(ii) submit requests for inspections and licensing;

(iii) receive notices of approval and denial; and

(iv) request reconsideration or appeal of agen- cy decisions; and

(D) provide information to the Secretary of State, the Secretary of Homeland Security, and Under Secretary of State for Management necessary for the efficient and secure processing of H–2A visas and applications for admission.

(2) OBJECTIVES.—In developing the platform described in paragraph (1), the Secretary of Homeland Security, in consultation with the Secretary of Labor, the Secretary of Agriculture, the Secretary of State, and United States Digital Service, shall streamline and improve the H–2A process, including by—

(A) eliminating the need for employers to sub- mit duplicate information and documentation to multiple agencies;

(B) eliminating redundant processes, where a single matter in a petition is adjudicated by more than one agency or department;

(C) reducing the occurrence of common peti- tion errors, and otherwise improving and ex- pediting the processing of H–2A petitions; and

(D) ensuring compliance with H–2A program requirements and the protection of the wages and working conditions of workers.

(b) RECRUITMENT OF WORKERS.—The Secretary of Labor shall maintain a national, publicly-accessible online job registry and database of all job orders submitted by H–2A employers. The reg- istry and database shall—

(1) be searchable using relevant criteria, in- cluding the types of jobs needed to be filled, the date(s) and location(s) of need, and the em- ploying industry of the jobs;

(2) provide an interface for workers in English, Spanish, and any other language that the Secretary of Labor determines to be appropri- ate; and

(3) provide for public access of job orders ap- proved under section 218(h)(2) of the Immigra- tion and Nationality Act (8 U.S.C. 1188) is amended to read as follows: “SEC. 218. ADMISSION OF TEMPORARY H–2A WORKERS.

(1) LABOR CERTIFICATION CONDITIONS.—The Secretary of Homeland Security may not ap- prove a petition for an H–2A worker unless the Secretary of Labor has certified that—

(1) there are not sufficient United States workers who are able, willing and qualified, and who will be available at the time and place needed, to perform the agricultural labor or services described in the petition; and

(2) the employment of the H–2A worker in such labor or services will not adversely affect the wages and working conditions of workers in the United States who are similarly employed.

(2) H–2A PETITION REQUIREMENTS.—An em- ployer filing a petition for an H–2A worker to perform agricultural labor or services shall at- test to and demonstrate compliance, as and when appropriate, with all applicable require- ments under this section, including the fol- lowing:

(1) NEED FOR LABOR OR SERVICES.—The em- ployer has demonstrated a need for agricultural labor or services in a job order that includes a description of the nature and location of the work to be performed, the anticipated period and periods (expected start and end dates) for which the workers will be needed, and the number of job opportunities in which the employer seeks to employ the workers.

(2) NONDISPLACEMENT OF UNITED STATES WORKERS.—The employer has not and will not displace United States workers employed by the employer during the period of employment of the H–2A worker and during the 90-day period im- mediately preceding such period of employment in the job for which the employer seeks approval to employ the H–2A worker.

(3) STRIKE OR LOCKOUT.—Each place of em- ployment described in the petition is not, at the time of filing the petition and until the petition is approved, subject to a strike or lockout in the course of a labor dispute.

(4) RECRUITMENT OF UNITED STATES WORK- ERS.—The employer shall engage in the recruit- ment of United States workers as described in subsection (b)(1) with workers who are able, willing and qualified, and who will be available at the time and place needed, to per- form the agricultural labor or services described in the petition. The employer may reject a United States worker only for lawful, job-related reasons.

(5) WAGES, BENEFITS, AND WORKING CONDI- TIONS.—The employer shall offer and provide, at a minimum, the wages, benefits, and working conditions required by this section to the H–2A worker and all workers who are similarly em- ployed. The employer—

(A) shall offer such similarly employed workers not less than the same benefits, wages, and working conditions that the employer is offering or will provide to the H–2A worker; and

(B) may not impose on such similarly em- ployed workers any restrictions or obligations that will not be imposed on the H–2A worker.

(6) WORKERS’ COMPENSATION.—If the job op- portunity is not covered by or is exempt from the State workers’ compensation law, the employer shall provide, at no cost to the worker, insur- ance covering injury and disease arising out of, and in the course of, the worker’s employment which will provide benefits at least equal to those provided under the State workers’ compensation laws.

(7) COMPLIANCE WITH LABOR AND EMPLOY- MENT LAWS.—The employer shall comply with all applicable Federal, State and local employ- ment-related laws and regulations.

(8) COMPLIANCE WITH FOREIGN LABOR RE- CRUITMENT LAWS.—The employer shall comply with subsection (2) of title II of the Farm Workforce Modernization Act of 2019.

(9) RECRUITMENT REQUIREMENTS.—

(1) IN GENERAL.—The employer may satisfy the recruitment requirement described in sub- section (b)(4) by satisfying all of the following:

(A) JOB ORDER.—As provided in subsection (h)(1), the employer shall complete a job order for posting on the electronic job registry main- tained by the Secretary of Labor and for dis- tribution by the appropriate State workforce agency.

(B) FORMER WORKERS.—At least 45 days be- fore each start date identified in the petition, the employer shall—

(i) make reasonable efforts to contact any United States worker the employer employed in the previous year in the same occupation and area of intended employment for which an H–2A worker is sought (excluding workers who were terminated for cause or abandoned the work- site) and

(ii) post such job opportunity in a con- spicuous location or locations at the place of employment.

(2) POSITIVE RECRUITMENT.—During the pe- riod of recruitment, the employer shall complete any other positive recruitment steps within a multi-State region of traditional or expected labor supply where the employer finds that there are a significant number of qualified United States workers who, if recruited, would be willing to make themselves available for work at the time and place needed.

(3) PERIOD OF RECRUITMENT.—

(A) IN GENERAL.—For purposes of this sub- section, the period of recruitment begins on the date on which the job order is posted on the on- line job registry and ends on the date that H–2A workers depart for the employer’s place of em- ployment. For a petition involving more than 1 start date under subsection (h)(1)(C), the end of the period of recruitment shall be determined by the date of departure of the H–2A workers for the final start date identified in the petition.

(B) REQUIREMENT TO HIRE US WORKERS.—

(i) IN GENERAL.—Notwithstanding the limita- tions of subparagraph (A), the employer shall provide employment to a United States worker who applies to the employer for any job opportunity included in the petition until the later of—

(I) the date that is 30 days after the date on which work begins; or

(II) the date on which—

(aa) 33 percent of the work contract for the job opportunity has elapsed; or

(bb) if the employer is a labor contractor, 50 percent of the work contract for the job oppor- tunity has elapsed.

(2) STANDDEAD ENTRY.—For a petition in- volving more than 1 start date under subsection (h)(1)(C), each start date designated in the peti- tion shall establish a separate opportunity. An employer may not reject a United States worker because the worker is unable or unwilling to fill more than 1 job opportunity included in the petition.

(iii) EXCEPTION.—Notwithstanding clause (i), the employer may offer a job opportunity to an H–2A worker instead of an alien granted cer- tified agricultural worker only if the employer—

(A) completes the recruitment process described in paragraph (2)(B) and submit regular updates through the electronic platform on the results of recruitment. The employer

H10050

CONGRESSIONAL RECORD — HOUSE

December 11, 2019
shall retain the recruitment report, and all associated recruitment documentation, for a period of 3 years from the date of certification.

(B) BURDEN OF PROOF.—If the employer asserts that an individual who applied or was referred is not able, willing, or qualified, the employer bears the burden of proof to establish that the individual is not able, willing, or qualified, because of a lawful, employment-related reason.

(4) WAGE REQUIREMENTS.—(1) IN GENERAL.—Each employer under this section shall pay the wage in effect for the worker, during the period of authorized employment, wages that are at least the greatest of—

(A) the agreed-upon collective bargaining wage,

(B) the adverse effect wage rate (or any successor wage established under paragraph (7));

(C) the prevailing wage (hourly wage or piece rate); or

(D) the Federal or State minimum wage.

(2) ADVERSE EFFECT WAGE RATE DETERMINATIONS.—

(A) IN GENERAL.—Except as provided under subparagraph (B), the applicable adverse effect wage rate for each State and occupational classification for a calendar year shall be as follows:

(i) The annual average hourly wage for the occupational classification in the State or region as reported by the Secretary of Agriculture based on a wage survey conducted by such Secretary.

(ii) If a wage described in clause (i) is not reported, the national annual average hourly wage for the occupational classification as reported by the Secretary of Agriculture based on a wage survey conducted by such Secretary.

(iii) If a wage described in clause (i) or (ii) is not reported, the statewide annual average hourly wage for the standard occupational classification as reported by the Secretary of Labor based on a wage survey conducted by such Secretary.

(iv) If a wage described in clause (i), (ii), or (iii) is not reported, the national annual average hourly wage for the occupational classification as reported by the Secretary of Labor based on a wage survey conducted by such Secretary.

(B) LIMITATIONS ON WAGE FLUCTUATIONS.—

(i) WAGE FREEZE FOR CALENDAR YEAR 2020.—For calendar year 2020, the adverse effect wage rate for each State and occupational classification under this section shall be the wage calculated under subparagraph (A), except that such wage may not—

(A) be more than 1.5 percent lower than the hourly wage in effect for H-2A workers in the applicable State and occupational classification in the immediately preceding calendar year; or

(B) Failure to work—Any hours which the employer fails to work, up to a maximum of the number of hours specified in the job offer for the home workdays that have elapsed from the first workday after the end of the period of guaranteed employment ending on the date specified in the job offer. For purposes of this subparagraph, the hourly equivalent means the number of hours in the workdays as stated in the job offer and shall exclude the worker’s Sabbath and Federal holidays. If the employer affords the worker less employment than that required under this paragraph, the employer shall pay the worker the amount which the worker would have earned had the worker, in fact, worked for the guaranteed number of hours.

(C) CONTRACT IMPOSSIBILITY.—If, before the expiration of the period of employment specified in the job offer, the services of the worker are no longer required for reasons beyond the control of the employer, such reason shall not constitute a condition that would allow for termination of the employment. The employer shall make efforts to transfer a worker to other comparable employment acceptable to the worker. If such efforts are not satisfied, the employer shall provide the return transportation required in subparagraph (A).

(D) WAGE STANDARDS AFTER 2029—Beginning in fiscal year 2026, the Secretary of Agriculture and Secretary of Labor shall jointly conduct a study that addresses—

(i) whether the employment of H-2A workers has depressed the wages of United States farm workers,

(ii) whether an adverse effect wage rate is necessary to protect the wages of United States farm workers in occupations in which H-2A workers are employed,

(iii) whether alternative wage standards would be sufficient to prevent wages in occupations in which H-2A workers are employed from falling below wages normally required in the absence of H-2A employment;

(iv) whether any changes are warranted in the current methodologies for calculating the adverse effect wage rate and the prevailing wage rate; and

(v) recommendations for future wage protections under this section.

(E) FINAL REPORT.—Not later than October 1, 2027, the Secretary of Agriculture and Secretary of Labor shall jointly prepare and submit to the Committee on Agriculture and other committees of the Congress a report on the findings of the study conducted under subparagraph (A) and recommendations for future wage protections under this section.

(F) HOUSING REQUIREMENTS.—Employers shall furnish housing in accordance with regulations established by the Secretary of Labor. Such regulations shall be consistent with the following:

(i) In general.—The employer shall be permitted to provide housing meeting applicable Federal standards for temporary labor camps or to secure housing which meets the local standards for rental and/or public accommodations for a similar class of habitation: Provided, That in the absence of applicable local standards, State standards for rental and/or public accommodations for a similar class of habitation shall be met: Provided further, That in the absence of applicable local or State standards, Federal temporary labor camp standards shall be met.

(ii) FAMILY HOUSING.—Except as otherwise provided in subsection (i)(5), the employer shall
provide family housing to workers with families who request it when it is the prevailing practice in the area and occupation of intended employment to provide family housing.

(2) WORKERS.—Notwithstanding paragraphs (1) and (2), an employer is not required to provide housing to United States workers who are reasonably able to return to their residence within the same day.

(4) TIMING OF INSPECTION.—

(A) IN GENERAL.—The Secretary of Labor shall annually inspect housing for workers who are engaged in agricultural employment that is not of a seasonal or temporary nature.

(B) TIMELY INSPECTION.—The Secretary of Labor shall conduct the inspection process for—

(i) an employer to request inspection of housing up to 60 days before the date on which the employer will file a petition under this section; and

(ii) annual inspection of housing for workers who are engaged in agricultural employment that is not of a seasonal or temporary nature.

(5) TRAVEL TO PLACE OF EMPLOYMENT.—A worker who completes 50 percent of the period of employment specified in the job order shall be reimbursed by his or her employer for the worker's transportation and subsistence from the place from which the worker came to work for the employer (or place of last employment, if the worker traveled from such place) to the place of employment.

(6) TRAVEL FROM PLACE OF EMPLOYMENT.—For a worker who completes the period of employment specified in the job order or who is terminated without cause, the employer shall provide or pay for the worker's transportation and subsistence from the place of employment to the place from which the worker, disregarding inter-variation in labor needs associated with the job opportunity identified in the petition.

(LABOR CONTRACTORS.—A labor contractor may file a petition in paragraph (1) unless the labor contractor—

(i) is filing as a joint employer with its contractors, or is operating in a State in which joint employment is recognized, and the labor contractor and its contractors are otherwise established; or

(ii) has posted and is maintaining a premium surety bond as described in subsection (1)(I).

(1)(I) LABOR CERTIFICATION.—

(A) REVIEW OF JOB ORDER.—

(i) IN GENERAL.—The Secretary of Labor, in consultation with the relevant State workforce agency, shall review the job order for compliance with this section and notify the employer through the electronic platform of any deficiencies that cannot be resolved during the period described in clause (i).

(ii) EMERGENCY PROCEDURES.—The Secretary of Labor shall establish emergency procedures for the curing of deficiencies that cannot be resolved during the period described in clause (i).

(iii) LABOR CERTIFICATION.—The Secretary of Labor shall certify the job order if the employer has corrected all deficiencies and notified the Secretary of the corrected deficiencies.

(1)(II) PARTIAL APPROVAL.—A petition for multiple named beneficiaries may be partially approved with respect to eligible beneficiaries not satisfying the eligibility, or potential ineligible, worker in the petition.

(1)(III) REVOCATION OF LABOR CERTIFICATION.—Upon approval of a petition, the Secretary of Labor may promptly issue a notice of action to the employer, the labor contractor, and any associated employers, with respect to the job order.

(1)(IV) REFERRAL OF UNITED STATES WORKERS.—The Secretary of Labor and State workforce agency shall keep the job order active until the end of the period described in subsection (c)(2) and shall refer to the employer each United States worker who applies for the job opportunity identified in the petition.

(2) REVIEW OF INFORMATION FOR DEFICIENCIES.—Within 7 business days of the approval of the job order, the Secretary of Labor shall review the information necessary to make a labor certification and notify the employer through the electronic platform if such information does not meet the standards for approval.

(3) RENEGOTIATION.—Upon approval of the labor certification, if the Secretary determines that the requirements set forth in this section have been met.

(4) EXPEDITED ADMINISTRATIVE APPEALS OF CERTAIN DETERMINATIONS.—The Secretary of Labor shall by regulation establish a procedure for an employer to request the expedited review of a labor certification under this section, or the revocation of such a certification. Such procedure shall require the Secretary to expeditiously, but no later than 72 hours after employer request is received, make a determination on a labor certification that was denied in whole or in part because of the availability of able, willing and qualified workers if the employer demonstrates, or the Secretary determines that the requirements set forth in subsection (c)(3)(B), that such workers are not actually available at the time or place such labor services are required.

(5) PETITION DECISION.—

(A) IN GENERAL.—Not later than 7 business days after the Secretary of Labor issues the certification, the Secretary of Homeland Security shall issue a decision on the petition and shall transmit notice of the action to the petitioner via the electronic platform.

(B) APPROVAL.—Upon approval of a petition under this section, the Secretary of Homeland Security shall ensure that such approval is noted in the electronic platform and is available to the Secretary of State and U.S. Customs and Border Protection, as necessary, to facilitate visa issuance and admission.

(C) DENIAL.—Upon determination that a petition for multiple named beneficiaries may be partially approved with respect to eligible beneficiaries not satisfying the eligibility, the potential ineligible, worker in the petition.

(D) POST-CERTIFICATION AMENDMENTS.—The Secretary of Labor shall provide a process for an employer to request amendment to a labor certification in conjunction with an H-2A petition, subsequent to certification by the Secretary of Labor, in cases in which the requested amendment does not materially change the petition (including the job order).

(E) ROLES OF AGRICULTURAL ASSOCIATIONS.—

(A) MEMBER'S VIOLATION DOES NOT NEXUS DISABILITY.—If an individual producer member of a joint employer association is determined to have committed an act that results in the denial of a labor certification to the member, the denial shall apply only to that member of the association unless the Secretary of Labor determines that the association or other member participated in, had knowledge of, or reason to know of, the violation.

(B) ASSOCIATION'S VIOLATION DOES NOT NEXUS DISABILITY.—If an association representing agricultural producers as a joint employer is determined to have committed an act that results in the denial of a labor certification to the association, the denial shall apply only to the association and does not apply to any individual producer member of the association unless the Secretary of Labor determines that the association or other member participated in, had knowledge of, or reason to know of, the violation.
“(ii) If an association of agricultural pro-
ducers certified as a sole employer is determined to have committed an act that results in the de-
nial of a petition with respect to the association, no member of such association may be the beneficiary of the services of H–2A workers in the commodity and occupation in which such aliens were employed by the association under this subsection if the period of such denial is in force, unless such member producer employs such aliens in the commodity and occupation in question directly or through an asso-
ciation or group of employers of such worker.

(5) SPECIAL PROCEDURES.—The Secretary of Labor, in consultation with the Secretary of Agriculture and Secretary of Homeland Security, may by regulation establish alternate procedures that reasonably modify program require-
ments under this subsection, when the Secretary deter-
mines that such modifications are required due to the unique nature of the work involved.

(6) NON-TEMPORARY OR SEASONAL NEEDS.—

(1) IN GENERAL.—Notwithstanding the re-
quirement in section 101(a)(15)(H)(ii)(a) that the appli-
cation of clause (i) will result in visas going
unused during that half of the fiscal year,
the Secretary of Homeland Security, may, after considering appropriate factors, including those factors listed in subsections (I) through (VIII) of paragraph (b)(ii), whether to establish a numerical limitation for each fiscal year. If a numerical limitation is so established—

(i) such numerical limitation may not be lower than highest number of aliens admitted under this subsection in any of the three fiscal years immediately preceding the fiscal year for which the numerical limitation is to be established;

(ii) the total number of aliens who may be issued visas or otherwise provided H–2A nonimmigrant status under paragraph (I) for that fiscal year may not exceed such numerical limitation.

(2) NUMERICAL LIMITATIONS.—

(A) FIRST 3 FISCAL YEARS.—The total number of aliens who may be issued visas or otherwise provided H–2A nonimmigrant status under paragraph (I) for the first fiscal year following the fiscal years during which the first visa is issued under such paragraph and for each of the following two fiscal years may not exceed 20,000.

(B) CONTENTS THROUGH I9.—

(i) IN GENERAL.—The total number of aliens who may be issued visas or otherwise provided H–2A nonimmigrant status under paragraph (I) for the first fiscal year following the fiscal years referred to in subparagraph (A) and for each of the following six fiscal years may not exceed a numerical occupational classification for the Secretary of Agriculture and Secretary of Labor in accordance with clause (ii).

(ii) ANNUAL ADJUSTMENTS.—For each fiscal year referred to in subparagraph (i), the Secretary of Agriculture and Secretary of Labor, in consultation with the Secretary of Homeland Security, shall establish a numerical limitation for purposes of paragraphs (C) and (D) that numerical limitation may not be lower 20,000 and may not vary by more than 12.5 percent compared to the numerical limitation applicable to the immediately preced-
ing fiscal year. In establishing such numerical limitation, the Secretaries shall consider appropriate factors, including—

(I) a demonstrated shortage of agricultural workers;

(II) the level of unemployment and under-
employment of agricultural workers during the preceding fiscal year;

(III) the number of H–2A workers sought by employers during the preceding fiscal year to engage in agricultural labor or services not of a temporary or seasonal nature;

(IV) the number of such H–2A workers issued a visa in the most recent fiscal year who remain in the United States in compliance with the terms of such visa;

(V) the estimated number of United States workers, including workers who obtained certified status under title II of the Farm Workforce Modernization Act of 2019, who worked during the preceding fiscal year in agricultural labor or services not of a temporary or seasonal nature.

(VI) the number of such United States work-
ers who accepted jobs offered by employers using the online job registry during the preced-
ing fiscal year;

(VII) any growth or contraction of the United States agricultural industry that has in-
creased or decreased the demand for agricul-
tural workers; and

(VIII) any changes in the real wages paid to agricultural workers in the United States as an indication of a shortage or surplus of agricul-
tural labor.

(C) SUBSEQUENT FISCAL YEARS.—For each fiscal year following the fiscal years referred to in subparagraph (B), the Secretary of Agri-
culture and Secretary of Labor shall jointly de-
terminate, in consultation with the Secretary of Homeland Security, the numerical limitations during appro-

(1) DISQUALIFICATION.—An alien shall be in-
cluded as an H–2A worker pursuant to this sub-
section if the alien was admitted to the United States as an H–2A worker pursuant to a petition filed under this section if the alien was admitted to the United States as a nonimmigrant status under this subsection if the alien was admitted to the United States as an H–2A worker within the past 5 years of the date the petition was filed and

(A) violated a material provision of this sec-
tion, including the requirement to promptly de-
port the United States workers when the alien's author-
ization to work in the United States expires unless the alien has good cause for such failure to depart; or

(B) worked in the United States in a position not authorized by the Secretary of Labor, in consultation with the Secretary of Agriculture, and after considering appropriate factors, including the requirement to promptly de-
port the alien; or

(C) CLARIFICATION.—Nothing in this para-
graph is intended to apply to persons or entities that are not seeking to employ workers under this section. Nothing in this paragraph is in-
tended to limit any State or local au-
thority to promulgate, enforce, or main-
tain health and safety standards related to the dairy
industry.

(4) ANNUAL ROUND TRIP HOME.—

(A) IN GENERAL.—In addition to the other re-
quirements of this section, an employer shall offer a round trip travel, including transportation and

(2) LIMITATION.—The cost of travel under paragraph (A) need not exceed the lesser of

(i) the actual cost to the worker of the trans-
portation and subsistence involved; or

(ii) the most economical and reasonable com-
mercial carrier transportation charges and subsistence costs for the distance involved.

(3) FAMILY HOUSING.—An employer seeking to employ an H–2A worker pursuant to this sub-
section shall offer housing to workers and their families if such workers are engaged in ag-
cultural employment that is not of a seasonal or temporary nature. The employer may reject such an offer. The employer may not charge the worker's housing, except that if the worker accepts family housing, a prorated rent based on the fair market value for such housing may be charged for the worker's family members.

(6) WORKPLACE SAFETY PLAN FOR DAIRY EM-
PLOYEES.—

(A) IN GENERAL.—If an employer is seeking to employ a worker in agricultural labor or services in the dairy industry pursuant to this subsection, the employer must report incidents con-
sidered to be workplace accidents or workplace illness.

(B) CONTENTS OF PLAN.—The Secretary of Labor, in consultation with the Secretary of Ag-
culture, shall establish by regulation the minimum requirements for the plan described in paragraph (A). Such plan shall include measures to—

(i) require workers (other than the employer's family members) whose positions require contact with animals, to receive animal handling and care training, including animal handling and job-
specific animal care;

(ii) protect against sexual harassment and violations of requirements under laws involving harass-
ment or violence, and protect against retaliation against workers reporting harassment or vio-
lence; and

(iii) contain other provisions necessary for ensuring workplace safety, as determined by the Secretary of Labor, in consultation with the Secretary of Agriculture.

(C) CLARIFICATION.—Nothing in this para-
graph is intended to apply to persons or entities that are not seeking to employ workers under this section. Nothing in this paragraph is in-
tended to limit any State or local au-
thority to promulgate, enforce, or main-
tain health and safety standards related to the dairy
industry.

(4) ELIGIBILITY FOR H-2A STATUS AND ADMIS-
SION TO THE UNITED STATES.—

(B) LIMITATION.—The cost of travel under sub-
paragraph (A) need not exceed the lesser of

(i) the actual cost to the worker of the trans-
portation and subsistence involved; or

(ii) the most economical and reasonable com-
mercial carrier transportation charges and subsistence costs for the distance involved.

(5) FAMILY HOUSING.—An employer seeking to employ an H–2A worker pursuant to this sub-
section shall offer housing to workers and their families if such workers are engaged in ag-
cultural employment that is not of a seasonal or temporary nature. The employer may reject such an offer. The employer may not charge the worker's housing, except that if the worker accepts family housing, a prorated rent based on the fair market value for such housing may be charged for the worker's family members.

(6) WORKPLACE SAFETY PLAN FOR DAIRY EM-
PLOYEES.—

(A) IN GENERAL.—If an employer is seeking to employ a worker in agricultural labor or services in the dairy industry pursuant to this subsection, the employer must report incidents considered to be workplace accidents or workplace illness.

(B) CONTENTS OF PLAN.—The Secretary of Labor, in consultation with the Secretary of Agriculture, shall establish by regulation the minimum requirements for the plan described in paragraph (A). Such plan shall include measures to—

(i) require workers (other than the employer's family members) whose positions require contact with animals, to receive animal handling and care training, including animal handling and job-specific animal care;

(ii) protect against sexual harassment and violations of requirements under laws involving harassment or violence, and protect against retaliation against workers reporting harassment or violence; and

(iii) contain other provisions necessary for ensuring workplace safety, as determined by the Secretary of Labor, in consultation with the Secretary of Agriculture.

(C) CLARIFICATION.—Nothing in this para-
graph is intended to apply to persons or entities that are not seeking to employ workers under this section. Nothing in this paragraph is intended to limit any State or local authority to promulgate, enforce, or maintain health and safety standards related to the dairy industry.
shall be considered to have failed to maintain H–2A status and shall depart the United States or be subject to removal under section 237(a)(1)(C).

(3) REQUIREMENT TO REMAIN OUTSIDE THE UNITED STATES.—In the case of an H–2A worker whose maximum continuous period of authorized stay (including any extensions) has expired, the alien may not again be eligible for such stay until the alien remains outside the United States for a cumulative period of at least 45 days.

(C) EXCEPTIONS.—The Secretary of Homeland Security shall deduct absences from the United States that take place during an H–2A worker's period of authorized stay from the maximum continuous period of authorized stay if

(A) the alien or the alien's employer requests such a deduction,

(B) the alien is employed in the United States under subparagraph (B), if the employment is made by the subsequent employer.

(D) AGRICULTURAL WORKERS.—Any H–2A worker who is employed in agriculture as defined in paragraph (3)(D) and who has been rejected or displaced in violation of this section, or pursuant to the resolution of a civil or criminal proceeding, for the payment of wages and benefits, including any assessment of interest, owed to an H–2A worker or a similarly employed United States worker, or a United States worker who has been rejected or displaced in violation of this section.

(B) AMOUNT OF BOND.—The Secretary of Labor, after consultation with the Federal Register a schedule of required bond amounts that are determined by such Secretary to be sufficient for labor contractors to discharge financial obligations under this section based on the number of workers the labor contractor seeks to employ and the wages such workers are required to be paid.

(C) PREMIUM BOND.—A labor contractor seeking to file a petition involving more than 1 start date under subsection (h)(1)(C) shall maintain a surety bond that is at least 15 percent higher than the amount that determined by the Secretary under subparagraph (B).

(2) CIRCUMSTANCES.—Any person who violates any part of this section or any regulation issued pursuant thereto shall be subject to a civil money penalty. The Secretary shall issue any such regulation not later than 180 days after the date of enactment of this Act.

(3) CONVICTIONS.—In any civil proceeding brought under this section, the court shall impose any such penalty not later than 30 days after the date on which the petition and such additional documents as may be required by the court are filed.

(4) REMEDIES.—In any civil proceeding brought under this section, the court shall impose any such penalty not later than 30 days after the date on which the petition and such additional documents as may be required by the court are filed.

(5) COMPLAINT PROCESS.—The Secretary of Labor may use such process as the Secretary deems appropriate to enforce the requirements of this section and any regulations issued pursuant thereto.
against, or to cause any person to intimidate, threaten, restrain, coerce, blacklist, or in any manner discriminate against, an employee, including a former employee or an applicant for employment, studying or engaging in any occupational classification for which the H–2A worker is sought.

(‘‘A’’ has disclosed information to the employer, or to any other person, that the employer reasonably believes evidences a violation under this section or any rule or regulation relating to this section;)

(‘‘B’’ has filed a complaint concerning the employer’s compliance with the requirements under this section or any rule or regulation pertaining to this section;)

(‘‘C’’ cooperates or seeks to cooperate in an investigation or proceeding concerning the employer’s compliance with the requirements under this section or any rule or regulation pertaining to this section; or)

(‘‘D’’ A Labor Condition Application steps to exercise or assert any right or protection under the provisions of this section, or any rule or regulation pertaining to this section, or any other relevant Federal, State, or local law.

(5) INTERAGENCY COMMUNICATION.—The Secretary of Labor, in consultation with the Secretary of Homeland Security, Secretary of State and the United States Border Patrol Opportunity Commission, shall establish mechanisms by which the agencies and their components share information, including by public electronic means, regarding the administration of investigations, findings and remedies regarding compliance by employers with the requirements of the H–2A program and other employment-related laws and regulations.

(‘‘n’’ DEFINITIONS.—In this section:

(1) DISPLACEMENT.—The term ‘displacement’ means to lay off a similarly employed United States worker, other than for lawful job-related reasons, in the occupation and area of intended employment for the job for which H–2A workers are sought.

(3) JOB ORDER.—The term ‘job order’ means the document containing the material terms and conditions of employment, including obligations and assurances required under this section or any other law.

(4) ONLINE JOB REGISTRY.—The term ‘online job registry’ means the online job registry of the Secretary of Labor required under section 201(b) of the Modernization Act of 2019 (or similar successor registry).

(5) SIMILARLY EMPLOYED.—The term ‘similarly employed’, in the case of a worker, means a worker providing substantially similar occupational classifications to those classifications provided by the employer for which the H–2A worker is sought.

(6) UNITED STATES WORKER.—The term ‘United States worker’ means any worker who

(A) a citizen or national of the United States;

(B) an alien who is lawfully admitted for permanent residence, is admitted as a refugee under section 207, is granted asylum under section 208, or is an immigrant otherwise authorized to work in the United States;

(C) an alien granted certified agricultural worker status under title II of the Farm Workforce Modernization Act of 2019; or

(D) an individual who is not an unauthorized alien (as defined in section 274A(h)(3)) with respect to the employment in which the worker is employed.

(o) FEES; AUTHORIZATION OF APPROPRIATIONS.—

(1) FEES.—

(A) IN GENERAL.—The Secretary of Homeland Security shall impose a fee to process petitions under this section. Such fee shall be set at a level that is sufficient to recover the reasonable costs of the Secretary of Homeland Security Modernization Fee Account established pursuant to section 203(c) of the Farm Workforce Modernization Act of 2019.

(B) DISTRIBUTION.—Fees collected under subparagraph (A) shall be deposited as offsetting receipts into the immigration examinations fee account in section 286(m), except that the portion of fees assessed for the Secretary of Labor shall be deposited into the H–2A Labor Certification Fee Account established pursuant to section 203(c) of the Farm Workforce Modernization Act of 2019.

(2) APPROPRIATIONS.—There are authorized to be appropriated for each fiscal year such sums as may be necessary for the purposes of—

(A) recruiting United States workers for labor or services which might otherwise be performed by H–2A workers, including by ensuring that State workforce agencies are sufficiently funded to fulfill their functions under this section;

(B) enabling the Secretary of Labor to make determinations and certifications under this section and under section 212(a)(5)(A)(i);

(C) monitoring the terms and conditions under which H–2A workers (and United States workers employed by the same employers) are employed in the United States; and

(D) enabling the Secretary of Agriculture to carry out the Secretary of Agriculture’s duties and responsibilities under this section.

(3) establishing a reliable and secure method through which H–2A workers can access information about their H–2A visa status, including information on pending, approved, or denied petitions and certifications.

(4) investigating and preventing fraud in the program, including the utilization of H–2A workers for other than allowable agricultural labor or services;

(5) issuing such rules and regulations as are necessary to carry out the Secretary of Homeland Security’s responsibilities under section 218 of the Immigration and Nationality Act; and

(6) collected as a fee under section 218(o)(1)(B) of the Immigration and Nationality Act.

(2) USE OF FEES.—Amounts deposited into the H–2A Labor Certification Fee Account shall be available (except as otherwise provided in this paragraph) without fiscal year limitation and without the requirement for specification in appropriations Acts to the extent necessary to carry out activities in connection with labor certification under section 218 of the Immigration and Nationality Act. Such costs may include personnel salaries and expenses, equipment and infrastructure for adjudication and customer service processes, the operation and maintenance of an on-line job registry, and program integrity activities. The Secretary, in determining what amounts to transfer to States for State administration in carrying out activities in connection with labor certification under section 218 of the Immigration and Nationality Act, shall consider the number of H–2A workers employed in that State and shall adjust the amount transferred to that State accordingly. In addition, amounts transferred into the H–2A Labor Certification Fee Account shall be available to the Office of Inspector General of the Department of Labor to conduct audits and inspections relating to such foreign labor certification programs.

(3) ADDITIONAL FUNDS.—Amounts available under paragraph (1) shall be available in addition to any other funds appropriated or made available to the Department of Labor for any other purposes, including section 218(o)(2) of the Immigration and Nationality Act.

SEC. 204. WORKER PROTECTION AND COMPLIANCE

(a) EQUALITY OF TREATMENT.—H–2A workers shall not be denied any right or remedy under Federal, State, or local law applicable to United States workers engaged in agricultural employment.

(b) APPLICABILITY OF OTHER LAWS.—

(1) MIGRANT AND SEASONAL AGRICULTURAL WORKER PROTECTION ACT.—H–2A workers shall be considered migrant agricultural workers for purposes of the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1901 et seq.).

(2) WORKER OF RIGHTS PROTECTED.—Agreements with H–2A workers to waive or modify any rights or protections under this Act or section 218 of the Immigration and Nationality Act (8 U.S.C. 1188) shall be considered void or contrary to public policy except that collective bargaining agreement with a bona fide labor organization.
MEDIATION.—

(A) FREE MEDIATION SERVICES.—The Federal Mediation and Conciliation Service shall be available to assist in resolving disputes arising under this section between H–2A workers and agricultural employers without charge to the parties.

(B) COMPLAINT.—If an H–2A worker files a civil complaint alleging one or more violations of section 218 of the Immigration and Nationality Act (8 U.S.C. 1188), the Fair Labor Standards Act of 1938 (29 U.S.C. 201 et seq.), the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1801 et seq.), not later than 60 days after the filing of proof of service of the complaint, a party to the lawsuit may file a request for mediation and Conciliation Service to assist the parties in reaching a satisfactory resolution of all issues involving all parties to the dispute.

(C) NOTICE.—Upon filing a request under subparagraph (B) and giving of notice to the parties, the parties shall attempt mediation within the period specified in subparagraph (B), except that nothing in this paragraph shall limit the ability of a court to order preliminary injunctive relief to protect health and safety or to otherwise preserve the property under subparagraph (B).

(D) 90-DAY LIMIT.—The Federal Mediation and Conciliation Service may conduct mediation or other nonbinding dispute resolution activities for a period not exceeding 90 days beginning on the date on which the Federal Mediation and Conciliation Service receives a request for assistance under subparagraph (B) unless the parties agree to an extension.

(E) AUTHORIZATION OF APPROPRIATIONS.—

(i) IN GENERAL.—Subject to clause (ii), there is authorized to be appropriated to the Federal Mediation and Conciliation Service, such sums as may be necessary for each fiscal year to carry out this subparagraph.

(ii) MEDIATION—Notwithstanding any other provision of law, the Secretary of the Federal Mediation and Conciliation Service is authorized—

(I) to conduct the mediation or other dispute resolution activities from any other account containing amounts available to the Director; and

(II) to reimburse such account with amounts appropriated pursuant to clause (i).

(F) PRIVATE MEDIATION.—If all parties agree, a private mediator may be employed as an alternative to the Federal Mediation and Conciliation Service.

(c) FARM LABOR CONTRACTOR REQUIREMENTS.—

(1) SURETY BONDS.—

(A) REQUIREMENTS.—Section 101 of the Migrant and Seasonal Agricultural Worker Protection Act (29 U.S.C. 1811), as amended by adding at the end the following:

“(c) FARM LABOR CONTRACTOR REQUIREMENTS.—

(I) A farm labor contractor shall maintain a surety bond in an amount determined by the Secretary to be sufficient for ensuring the ability of the farm labor contractor to discharge its financial obligations, including payment of wages and benefits to employees. Such a bond shall be available to satisfy any amounts ordered to be paid by the Secretary or by court order under this section and the workers' compensation laws of this Act. The Secretary of Labor shall annually publish in the Federal Register a schedule of required bond amounts that are determined by such amount to be sufficient for farm labor contractors to discharge financial obligations based on the number of workers to be covered.

(ii) The Secretary of Labor, in consultation with the Secretary of Agriculture, shall establish through regulation a platform to connect portable H–2A workers with registered agricultural employers seeking work. Such platform shall allow portable H–2A workers to perform temporary or seasonal agricultural labor or services. Employers shall post on the platform available job opportunities, including a description of the nature and location of the work to be performed, the anticipated period of employment, and the dates and locations of need.

(2) IN GENERAL.—Not later than 3 years after the date of the enactment of this Act, and every 3 years thereafter, the Secretary of Labor and Secretary of Agriculture shall prepare and transmit to the Committees on the Judiciary of the House of Representatives and Senate, a report that addresses—

(A) whether, and the manner in which, the employment of H–2A workers in the United States has impacted the wages, working conditions, or job opportunities of United States farm workers;

(B) whether, and the manner in which, the adverse effect wage rate increases or decreases wages on United States farms, broken down by geographic region and farm size;

(C) whether any potential impact of the adverse effect wage rate varies based on the percentage of workers in a geographic region that are H–2A workers;

(D) the degree to which the adverse effect wage rate is affected by the inclusion in wage surveys of piece rate compensation, bonus payments, and other pay incentives, and whether such forms of incentive compensation should be surveyed and reported separately from hourly base rates;

(E) whether, and the manner in which, other factors may artificially affect the adverse effect wage rate, including factors that may be specific to a region, State, or region within a State;

(F) whether, and the manner in which, the H–2A program affects the ability of United States farms to compete with agricultural commodities imported from outside the United States;

(G) the number and percentage of farmworkers in the United States whose incomes are below the poverty line;

(H) whether alternative wage standards would be sufficient to prevent wages in occupations in which H–2A workers are employed from falling below the wage level that would have prevailed in the absence of the H–2A program;

(I) whether any changes are warranted in the current methodologies for calculating the adverse effect wage rate and the prevailing wage; and

(J) recommendations for future wage protection under this section.

In preparing the report described in subparagraph (A), the Secretary of Agriculture shall engage with equal numbers of representatives of agricultural employers and agricultural workers, both locally and nationally.

SEC. 206. PORTABLE H–2A VISA PILOT PROGRAM.

(a) ESTABLISHMENT OF PILOT PROGRAM.—

(1) IN GENERAL.—Not later than 18 months after the date of the enactment of this Act, the Secretary of Homeland Security, in consultation with the Secretary of Labor and Secretary of Agriculture, shall establish through regulation a 6-year pilot program to facilitate the free movement and employment of temporary or seasonal H–2A workers to perform agricultural labor or services for agricultural employers registered with the Secretary of Agriculture. Notwithstanding the requirements of the Immigration and Nationality Act, such regulation shall establish the requirements for the issuance of a portable H–2A visa.

(b) REQUIREMENTS.—For purposes of this section, such a worker shall be referred to as a portable H–2A worker, and status as such a worker shall be referred to as portable H–2A status.

(2) ONLINE PLATFORM.—The Secretary of Homeland Security, in consultation with the Secretary of Labor and the Secretary of Agriculture, shall maintain an online electronic platform to allow for the issuance of portable H–2A visas. The platform will allow registered agricultural employers seeking workers to perform temporary or seasonal agricultural labor or services to post on the platform available job opportunities, including a description of the nature and location of the work to be performed, the anticipated period of employment, and the dates and locations of need.

(c) LIMITATION.—Notwithstanding the issuance of the regulation described in paragraph (a), the Secretary may issue a portable H–2A visa and the Secretary of Homeland Security may not confer portable H–2A status on any alien until the Secretary of Homeland Security, in consultation with the Secretary of Labor and Secretary of Agriculture, has determined that a sufficient number of employers have been designated as registered agricultural employers (as defined in section 206) and that such employers have sufficient job opportunities to employ a reasonable number of portable H–2A workers to initiate the pilot program.

PILOT PROGRAM.—The pilot program in subsection (a) shall contain the following elements:

(1) REGISTERED AGRICULTURAL EMPLOYERS.—

(A) DESIGNATION.—The Secretary may designate employers registered as agricultural employers who shall be provided the ability to seek designation as registered agricultural employers. Reasonable fees may be assessed commensurate with the cost of processing applications for designation. A designation shall be valid for a period of up to 3 years unless revoked for failure to comply with program requirements. Registered employers that fail to comply with program requirements may apply to renew such designation for additional periods of up to 3 years for the duration of the pilot program.

(B) ENFORCEMENT.—Registered agricultural employers may seek designation as registered agricultural employers without filing a petition. Such employers...
shall pay such aliens at least the wage required under section 218(d) of the Immigration and Nationality Act (8 U.S.C. 1188(d)).

(C) WORKERS’ COMPENSATION.—If a job opportunity is not of a temporary or seasonal nature, for which qualified workers are not available in the United States or be subject to removal under section 218(d) of the Immigration and Nationality Act (8 U.S.C. 1188(d)).

(A) IN GENERAL.—Individuals who have been previously admitted to the United States in H-2A status and who are employed under such status during the period of admission, shall be provided the opportunity to apply for portable H-2A status. Portable H-2A workers shall be subject to the provisions and requirements of the pertinent State workers’ compensation law.

(B) LIMITATIONS ON AVAILABILITY OF PORTABLE H-2A STATUS.—(i) INITIAL OFFER OF EMPLOYMENT REQUIRED.—No alien may be granted portable H-2A status without an initial offer of employment to perform temporary or agricultural labor or services for a registered agricultural employer. 

(ii) NUMERICAL LIMITATIONS.—The total number of aliens who may hold valid portable H-2A status at any one time may not exceed 10,000. Notwithstanding any other provision of law, the Secretary of Homeland Security may further limit the number of aliens with valid portable H-2A status if the Secretary determines that there are an insufficient number of registered agricultural employers or job opportunities to support the employment of all such portable H-2A workers. 

(C) MAINTENANCE OF STATUS.—A portable H-2A worker may perform temporary or seasonal agricultural labor or services for any employer in the United States that is designated as a registered agricultural employer pursuant to paragraph (1). An employment arrangement under this section may be terminated by either the portable H-2A worker or the registered agricultural employer at any time.

(D) TRANSFER TO NEW EMPLOYMENT.—At the cessation of employment with a registered agricultural employer under section 218(d) of the Immigration and Nationality Act (8 U.S.C. 1188(d)), the registered agricultural employer within 60 days shall be considered to have failed to maintain such status and shall depart the United States or be subject to removal under section 237(a)(1)(C)(i) of the Immigration and Nationality Act (8 U.S.C. 1188(a)(1)(C)(i)).

(E) MAINTENANCE OF STATUS.—A portable H-2A worker who secure new employment with a registered agricultural employer within 60 days shall be considered to have failed to maintain such status and shall depart the United States or be subject to removal under section 237(a)(1)(C)(i) of the Immigration and Nationality Act (8 U.S.C. 1188(a)(1)(C)(i)).

(3) MAINTENANCE OF STATUS.—The Secretary of Labor shall be responsible for conducting investigations and random audits of employers to ensure compliance with the employment-related requirements of this section, consisting with section 218(m) of the Immigration and Nationality Act (8 U.S.C. 1188(m)). The Secretary of Labor shall have the authority to collect reasonable civil penalties for violations, which shall be utilized by the Secretary for the administration and enforcement of the provisions of this section.

(4) ELIGIBILITY FOR SERVICES.—Section 305 of Public Law 99-603 (100 Stat. 3434) is amended by striking “other employment rights as provided in the worker’s specific contract under which the nonimmigrant worker is admitted” and inserting “employment-related rights”.

(5) REPORT.—Not later than 6 months before the end of the third fiscal year of the pilot program, the Homeland Security Secretary, in consultation with the Secretary of Labor and the Secretary of Agriculture, shall prepare and submit to the Committees on the Judiciary of the House of Representatives and the Senate, a report that provides:

(1) the number of employers designated as registered agricultural employers, broken down by geographic region, farm size, and the number of job opportunities offered by such employers;

(2) the number of employers whose designation as a registered agricultural employer was revoked;

(3) the number of individuals granted portable H-2A status in each fiscal year, along with the number of such individuals who maintain portable H-2A status during all or a portion of the 3-year period of the pilot program;

(4) an analysis of the impact of the pilot program on the wages and working conditions of United States farm workers;

(5) the results of a survey of individuals granted portable H-2A status, detailing their experiences with and feedback on the pilot program;

(6) the results of a survey of registered agricultural employers, detailing their experiences with and feedback on the pilot program;

(7) an assessment as to whether the program should be continued and if so, any recommendations for improvement;

(8) findings and recommendations regarding effective recruitment mechanisms, including use of new technology to match workers with employers and work with applicable labor and employment laws and regulations.

SEC. 207. IMPROVING ACCESS TO PERMANENT RESIDENCE.

(A) WORLDWIDE LEVEL.—Section 201(d)(1)(A) of the Immigration and Nationality Act (8 U.S.C. 1151(d)(1)(A)) is amended by striking “140,000” and inserting “180,000”.

(B) VISAS FOR FARMWORKERS.—Section 203(b) of the Immigration and Nationality Act (8 U.S.C. 1153(b)) is amended—

(1) in paragraph (2) by striking “28.6 percent of such worldwide level” and inserting “40,040”;

(2) in paragraph (2)(A) by striking “28.6 percent of such worldwide level” and inserting “40,040”;

(3) in paragraph (3)—

(A) in subparagraph (A)—

(1) in the matter before clause (i), by striking “28.6 percent of such worldwide level” and inserting “80,040”; and

(ii) by amending clause (iii) to read as follows:

(iii) OTHER WORKERS.—Other qualified immigrants who are otherwise able to show that they are capable of performing unskilled labor, not of a temporary or seasonal nature, for which qualified workers are not available in the United States;

(II) can demonstrate employment in the United States as an H-2A nonimmigrant worker for at least 190 days in each of at least 10 years;

(B) by amending subparagraph (B) to read as follows:

(B) VISAS ALLOCATED FOR OTHER WORKERS.—

(i) IN GENERAL.—Except as provided in clauses (ii) and (iii), 50,000 of the visas made available under this paragraph shall be reserved for qualified immigrants described in subparagraph (A)(iii).

(ii) PREFERENCE FOR AGRICULTURAL WORKERS.—Subject to clause (iii), not less than four-tenths of the visas described in clause (i) shall be reserved for—

(1) qualified immigrants described in subparagraph (A)(ii) who will be performing agricultural labor or services in the United States;

(2) qualified immigrants described in subparagraph (A)(iii) who otherwise may be issued such a visa, clause (ii) shall not apply to visas under this paragraph during the remainder of such calendar year.

(iii) EXCEPTION.—If because of the application of clause (ii), the total number of visas available under this paragraph for a calendar year is insufficient to satisfy the needs of qualified immigrants who otherwise may be issued such a visa, the Secretary shall—

(A) reducing or eliminating interest;

(B) providing for the orderly reduction or realignment of loan debt; and

(C) by amending subparagraph (C) by striking “an immigrant visa” and inserting “Except for qualified immigrants who are otherwise able to show the following new section:

SEC. 545. HOUSING PRESERVATION AND REVITALIZATION PROGRAM.

(1) TO OWNERS.—On an annual basis, the Secretary shall provide written notice to each owner of a property financed under section 515 or both sections 514 and 516. Title V of the Housing Act of 1949 (42 U.S.C. 1471 et seq.) is amended by adding at the end of this section the following new section:

SEC. 545. HOUSING PRESERVATION AND REVITALIZATION PROGRAM.

(1) TO OWNERS.—On an annual basis, the Secretary shall provide written notice to each owner of a property financed under section 515 or both sections 514 and 516, not later than the date that is 2 years before the date that such loan will mature, the Secretary shall provide written notice to each household residing in such property that informs them of the loan’s loan maturity, the possible actions that may happen in respect to the property upon such maturity, and how to protect their right to reside in Federally assisted housing after such maturity.

(3) ELIGIBILITY.—Under this paragraph shall be provided in plain English and shall be translated to other languages in the case of any property located in an area in which a significant number of residents speak such other languages.

(4) LOAN RESTRUCTURING.—Under the program established by section 515 or both sections 514 and 516, the Secretary may restructure such existing housing loans as the Secretary considers appropriate, for the purpose of ensuring that such projects have sufficient resources to preserve the projects to provide safe and affordable housing for at least 10 years.

(5) NOTICE OF MATURING LOANS.—(A) IN GENERAL.—For each property financed under section 515 or both sections 514 and 516, the Secretary shall provide written notice to each household residing in that property that informs them of the date of the loan maturity, the possible actions that may happen in respect to the property upon such maturity, and how to protect their right to reside in Federally assisted housing after such maturity.

(6) NOTICE OF MATURING LOANS.—(A) IN GENERAL.—For each property financed under section 515 or both sections 514 and 516, the Secretary shall provide written notice to each household residing in such property that informs them of the date of the loan maturity, the possible actions that may happen in respect to the property upon such maturity, and how to protect their right to reside in Federally assisted housing after such maturity.
(4) providing other financial assistance, including advances, payments, and incentives (including the ability of owners to obtain reasonable returns on investment) required by the Secretary.

(d) RENEWAL OF RENTAL ASSISTANCE.—When the Secretary offers to restructure a loan pursuant to subsection (c), the Secretary shall offer to renew the rental assistance contract under section 521(a)(2) for a 20-year term that is subject to annual appropriations, provided that the owner agrees to bring the property up to such standard within the period of its maintenance as decent, safe, and sanitary housing for the full term of the rental assistance contract.

(e) AGREEMENTS.—

(1) REQUIREMENT.—As part of the preservation and revitalization agreement for a project, the Secretary shall obtain a restrictive use agreement that obligates the owner to operate the project in accordance with this title.

(2) TERM.—

(A) NO EXTENSION OF RENTAL ASSISTANCE CONTRACT.—Except when the Secretary enters into a 20-year extension of the rental assistance contract for the project, the term of the restrictive use agreement for the project shall be consistent with the term of the restructured loan for the project.

(B) EXTENSION OF RENTAL ASSISTANCE CONTRACT.—If the Secretary enters into a 20-year extension of the rental assistance contract for a project, the term of the restrictive use agreement for the project shall be for 20 years.

(f) TERMINATION.—The Secretary may terminate the 20-year restrictive use agreement for a project prior to the end of its term if the 20-year rental assistance contract for the project with the owner is terminated at any time for reasons outside the owner’s control.

(1) DECOUPLING OF RENTAL ASSISTANCE.—

(1) RENEWAL OF RENTAL ASSISTANCE CONTRACT.—If the Secretary determines that a restructuring loan for a project cannot reasonably be restructured in accordance with subsection (c) and the project was operating with rental assistance under section 521, the Secretary may renew the rental assistance contract, notwithstanding any provision of section 521, for a term, subject to annual appropriations, of at least 10 years but not more than 20 years.

(2) RENTS.—Any agreement to extend the term of the rental assistance contract under section 521 for a project shall obligate the owner to continue to operate the project as safe and sanitary housing and to operate the development in accordance with this title, except that rents shall be based on the lessor.

(2) The loan and interest-based amount of the project or (B) the operating cost adjustment factor as a payment standard as provided under section 524 of the Multifamily Housing Loan and Affordability Act of 1997 (42 U.S.C. 1437 note).

(g) MULTIFAMILY HOUSING TRANSFER TECHNICAL ASSISTANCE.—Under the program under this section, the Secretary may provide grants to qualified nonprofit organizations and public housing agencies to provide technical assistance, including financial and legal services, to borrowers under this title and multifamily housing to facilitate the acquisition of such multifamily housing properties in areas where the Secretary determines there is a risk of loss of affordable housing.

(h) TRANSFER OF RENTAL ASSISTANCE.—After the loan or loans for a rental project originally financed under section 515 or both sections 514 and 516 have matured or have been prepaid and the owner has chosen not to restructure the loan pursuant to subsection (c), a tenant residing in such project shall have 18 months prior to loan maturity to seek an agreement to appropriate the rental assistance assigned to the tenant’s unit to another rental project originally financed under section 515 or both sections 514 and 516, and the owner of the project may reside in the tenant’s previous unit to a new tenant without income restrictions.

(1) ADMINISTRATIVE EXPENSES.—Of any amounts made available for the program under this section for any fiscal year, the Secretary may use not more than $1,000,000 for administratively necessary expenses for carrying out such program.

(2) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated for the program under this section $200,000,000 for each of fiscal years 2020 through 2024.

SEC. 222. ELIGIBILITY FOR RENTAL HOUSING VOUCHERS.

Section 542 of the Housing Act of 1949 (42 U.S.C. 1652a) is amended—

(1) in paragraph (1), by inserting after subparagraph (A) the following new subparagraph:

(B) EXTENSION OF RENTAL ASSISTANCE CONTRACT.—Subsection (d) of section 521 of the Housing Act of 1949 (42 U.S.C. 1650q(d)) is amended—

(1) in paragrah after subparagraph (A) the following new subparagraph (B) and by redesigning the subsequent subparagraphs accordingly:

(B) upon request of an owner of a project financial assistance for the housing under this chapter, the owner shall be entitled to receive such assistance under this section for any income household. Such improvements shall be carried on in such project in accordance with this title.

(c) ELIGIBILITY OF HOUSEHOLDS IN SECTIONS 514, 515, AND 516 PROJECTS.—The Secretary may provide rental assistance under this section for any low-income household (including those not receiving rental assistance) residing for a term longer than the remaining term of their lease in effect just prior to prepayment, in a property financed with a loan made or insured under section 514 or 515 (42 U.S.C. 1484, 1485) which has been prepaid without restrictions imposed by the Secretary pursuant to section 502(c)(5)(G)(ii)(I) (42 U.S.C. 1472(c)(5)(G)(ii)(I)), has been foreclosed, or has matured after September 30, 2005, or residing in a property assisted under section 514 or 516 that is owned by a nonprofit organization or public agency.

SEC. 223. AMOUNT OF VOUCHER ASSISTANCE.

Notwithstanding any other provision of law, in the case of any rural housing voucher provided pursuant to section 535 of the Housing Act of 1949 (42 U.S.C. 1469), the amount of the monthly assistance payment for the household on whose behalf such assistance is provided shall be determined as provided in subsection (a) of such section.

SEC. 224. RENTAL ASSISTANCE CONTRACT AUTHORITY.

(1) ADMINISTRATIVE EXPENSES.—Of any amounts made available for the program under this section for any fiscal year, the Secretary may use not more than $1,000,000 for administratively necessary expenses for carrying out such program.

(2) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated for the program under this section $200,000,000 for each of fiscal years 2020 through 2024.

(3) ELIGIBILITY OF HOUSEHOLDS IN SECTIONS 514, 515, AND 516 PROJECTS.—The Secretary may provide rental assistance under this section for any low-income household (including those not receiving rental assistance) residing for a term longer than the remaining term of their lease in effect just prior to prepayment, in a property financed with a loan made or insured under section 514 or 515 (42 U.S.C. 1484, 1485) which has been prepaid without restrictions imposed by the Secretary pursuant to section 502(c)(5)(G)(ii)(I) (42 U.S.C. 1472(c)(5)(G)(ii)(I)), has been foreclosed, or has matured after September 30, 2005, or residing in a property assisted under section 514 or 516 that is owned by a nonprofit organization or public agency.

(1) ADMINISTRATIVE EXPENSES.—Of any amounts made available for the program under this section for any fiscal year, the Secretary may use not more than $1,000,000 for administratively necessary expenses for carrying out such program.

(2) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated for the program under this section $200,000,000 for each of fiscal years 2020 through 2024.

SEC. 225. FUNDING FOR MULTIFAMILY TECHNICAL IMPROVEMENTS.

There is authorized to be appropriated to the Secretary of Agriculture $50,000,000 for fiscal year 2020 for improving the technology of the Department of Agriculture used to process loans and grants and for otherwise managing such housing. Such improvements shall be made within the 5-year period beginning upon the appropriation of such amounts and such amount shall remain available until the expiration of such 5-year period.

(1) PLAN.—The Secretary of Agriculture (in this section referred to as the ‘‘Secretary’’) shall submit a written plan to the Congress, not later than December 31, 2019, for carrying out the plan beginning on the date of the enactment of this Act, for preserving the affordability of low-income families of rental projects for which loans were made or in which multifamily housing is owned by nonprofit or public agencies under section 514 and avoiding the displacement of tenant households, which shall:

(1) set forth specific performance goals and measures;

(2) set forth the specific actions and mechanisms by which such goals will be achieved;

(3) set forth specific measurements by which progress towards achievement of each goal can be measured;

(4) provide for detailed reporting on outcomes; and

(5) include any legislative recommendations to assist in achievement of the goals under this plan.

(b) ADVISORY COMMITTEE.—

(1) ESTABLISHMENT; PURPOSE.—The Secretary shall establish an advisory committee whose purpose shall be to assist the Secretary in preserving section 514 properties and section 514 properties owned by nonprofit or public agencies that provide multifamily housing for low-income families of rental projects and revitalization program under section 545 and in implementing the plan required under subsection (a).

(2) MEMBERS.—The advisory committee shall consist of at least 16 members, appointed by the Secretary, as follows:

(A) A State Director of Rural Development for the Department of Agriculture.

(B) The Administrator for Rural Housing Service of the Department of Agriculture.

(C) Two representatives of tenants of multifamily rental housing.

(D) Two representatives of nonprofit developers or owners of multifamily rural rental housing.

(E) Two representatives of State housing finance agencies.

(F) Two representatives of tenants of multifamily rural rental housing.

(G) One representative of a community development financial institution that is involved in preserving the affordability of housing assisted under sections 514, 515, and 516 of the Housing Act of 1949.

(H) One representative of a nonprofit organization that operates nationally and has actively participated in the preservation of housing assisted by the Rural Housing Service by conducting research regarding, and providing financial and technical assistance for, preserving the affordability of such housing.

(I) One representative of low-income housing tax credit investors.

(J) One representative of regulated financial institutions that finance affordable multifamily rural rental housing developments.

(K) Two representatives from nonprofit organizations representing farmworkers, including one organization representing farmworker women.

(3) MEETINGS.—The advisory committee shall meet not less often than once each calendar quarter.

(4) FUNCTIONS.—In providing assistance to the Secretary to carry out its purpose, the advisory committee shall carry out the following functions:

(A) Assisting the Rural Housing Service of the Department of Agriculture to improve estimates of the size, scope, and condition of rental housing projects owned by the Service, including the time frames for maturity of mortgages and costs for preserving the portfolio as affordable housing.
(B) Reviewing current policies and procedures of the Rural Housing Service regarding preservation of affordable rental housing financed under sections 514, 515, 516, and 538 of the Housing Act of 1949, the Multi-family Preservation and Revitalization Demonstration program (MPR), and the rental assistance program and making recommendations regarding improvements and modifications to such policies and procedures.

PC: Providing ongoing review of Rural Housing Service program results.

(2) The Congress and the public on meetings, recommendations, and other findings of the advisory committee.

(5) Title 24 (Sections 802(a)(1)(B) and 802(a)(1)(C) are amended by inserting “as a condition of approval, the lender shall agree to maintain a bond sufficient to ensure the ability of the foreign labor recruiter to discharge its responsibilities and ensure protection of workers, and to forfeit such bond in an amount determined by the Secretary under section 252(a) of this Act, the Secretary or other appropriate authorities.

(6) No retaliation.—The foreign labor recruiter shall agree to refrain from intimidating, threatening, restraining, coercing, discharging, blacklisting or in any other manner discriminating against any worker or their family members including a former worker or an applicant for employment, for any investigation under section 252 of this Act of the Immigration and Nationality Act, including the telephone number for the national human trafficking resource center hotline number.

(4) Bond.—The foreign labor recruiter shall agree to maintain a bond sufficient to ensure the ability of the foreign labor recruiter to discharge its responsibilities and ensure protection of workers, and to forfeit such bond in an amount determined by the Secretary or other appropriate authorities.

(5) Cooperation in investigations.—The foreign labor recruiter shall agree to cooperate in any investigation under section 252 of this subtitle.

SEC. 221. NEW FARMWORKER HOUSING.

Section 513 of the Housing Act of 1949 (42 U.S.C. 1483) is amended by adding at the end the following new subsection:

"(1) The term ‘domestic farm labor’ has the same meaning given such term in section 518(b)(3)(A) of this Act, except that subparagraph (A) of such section shall not apply for purposes this section.”.

SEC. 231. ELIGIBILITY OF CERTIFIED WORKERS.

Subsection (a) of section 214 of the Housing and Community Development Act of 1980 (42 U.S.C. 1436a) is amended—

(1) in paragraph (6), by striking “or” at the end;

(2) by redesignating paragraph (7) as paragraph (8); and

(3) by inserting after paragraph (6) the following:

"(7) An alien granted certified/processed application for financial assistance made available pursuant to section 521 or 524 of the Housing Act of 1949 (42 U.S.C. 1436a; or”.

Subtitle C—Foreign Labor Recruiter Accountability

SEC. 251. REGISTRATION OF FOREIGN LABOR RECRUITERS.

(a) In general.—Not later than 1 year after the date of the enactment of this Act, the Secretary of Labor shall establish procedures for registering foreign labor recruiters engaged in foreign labor recruiting activities in the United States. The regulations shall—

(1) require the foreign labor recruiter to—

(A) register with the Secretary;

(B) register in a form specified by the Secretary; and

(C) agree to maintain a bond sufficient to ensure the ability of the foreign labor recruiter to discharge its responsibilities and ensure protection of workers, and to forfeit such bond in an amount determined by the Secretary under subsections (b)(1)(C)(i) or (c)(2)(C) of section 252 for failure to comply with the provisions of this subtitle.

(2) require the foreign labor recruiter to—

(A) register with the Secretary;

(B) register in a form specified by the Secretary; and

(C) agree to maintain a bond sufficient to ensure the ability of the foreign labor recruiter to discharge its responsibilities and ensure protection of workers, and to forfeit such bond in an amount determined by the Secretary under subsections (b)(1)(C)(i) or (c)(2)(C) of section 252 for failure to comply with the provisions of this subtitle.

(3) Cooperate in investigations.—The foreign labor recruiter shall agree to cooperate in any investigation under section 252 of this subtitle.

(4) No retaliation.—The foreign labor recruiter shall agree to refrain from intimidating, threatening, restraining, coercing, discharging, blacklisting or in any other manner discriminating against any worker or their family members including a former worker or an applicant for employment, the ability of the foreign labor recruiter to discharge its responsibilities and ensure protection of workers, and to forfeit such bond in an amount determined by the Secretary under section 252 for failure to comply with the provisions of this subtitle.

SEC. 290. OPERATING ASSISTANCE SUBSIDIES.

Subsection (a)(5) of section 521 of the Housing Act of 1949 (42 U.S.C. 1490a(a)(5)) is amended—

(1) in subparagraph (A) by inserting “or domestic family farm labor’ admitted to the United States and authorized to work in agriculture’’ after “migrant farmworkers’’;

(2) in subparagraph (B)—

(A) by striking “AMOUNT.—In any fiscal year’’ and inserting “AMOUNT.—In any fiscal year’’;

(3) by inserting “providing housing for migrat migrant farmworkers’ after “any project’’; and

(4) by inserting at the end the following:

"(i) Housing for migrant farmworkers.—In any fiscal year, the Secretary shall not exceed $200,000,000.

(b) P ROHIBITED FEES.—The foreign labor recruiter shall agree to—

(1) prohibit the recruiter from assessing foreign labor recruiters foreign labor recruiters, shall not assess any recruitment fees on a worker for any foreign labor recruiting activity.

(2) Notice of false and misleading information.—The foreign labor recruiter shall not knowingly provide materially false or misleading information to any worker concerning any matter required to be disclosed under this subtitle.

(3) Required disclosures.—The foreign labor recruiter shall—

(a) maintain the general terms and conditions associated with obtaining an H-2A visa and maintaining H-2A status;

(iii) affirming the prohibition on the assessment of fees described in paragraph (1), and explaining that such fees, if paid by the employer, may not be passed on to the worker;

(b) A copy of the approved job order or work contract under section 216 of the Immigration and Nationality Act, including all assurances and conditions to be met by the employer and the identity and address of the person conducting the recruiting on behalf of the employer, including any subcontractor or agent involved in such recruiting.

(c) A statement, in a form specified by the Secretary—

(i) describing the general terms and conditions associated with obtaining an H-2A visa and maintaining H-2A status;

(ii) affirming the prohibition on the assessment of fees described in paragraph (1), and explaining that such fees, if paid by the employer, may not be passed on to the worker;

(iii) describing the provisions afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(iv) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(v) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(vi) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(vii) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(viii) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(ix) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(x) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xi) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xii) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xiii) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xiv) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xv) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xvi) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xvii) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xviii) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xix) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(xx) describing the protections afforded the worker under this subtitle, including procedures for reporting violations to the Secretary of Labor, a complaint with the Secretary of Labor, or filing a civil action;

(2) N O RETALIATION.—The foreign labor recruiter shall agree to—

(a) prohibit the recruiter from intimidating, threatening, restraining, coercing, discharging, blacklisting or in any other manner discriminating against any worker or their family members including a former worker or an applicant for employment, the ability of the foreign labor recruiter to discharge its responsibilities and ensure protection of workers, and to forfeit such bond in an amount determined by the Secretary under section 252 for failure to comply with the provisions of this subtitle.

(b) The regulations shall—

(A) require the foreign labor recruiter to—

(i) prohibit the recruiter from intimidating, threatening, restraining, coercing, discharging, blacklisting or in any other manner discriminating against any worker or their family members including a former worker or an applicant for employment, the ability of the foreign labor recruiter to discharge its responsibilities and ensure protection of workers, and to forfeit such bond in an amount determined by the Secretary under section 252 for failure to comply with the provisions of this subtitle.

(ii) require the foreign labor recruiter to—

(A) register with the Secretary;

(B) register in a form specified by the Secretary;

(C) agree to maintain a bond sufficient to ensure the ability of the foreign labor recruiter to discharge its responsibilities and ensure protection of workers, and to forfeit such bond in an amount determined by the Secretary under section 252 for failure to comply with the provisions of this subtitle.

(3) Cooperate in investigations.—The foreign labor recruiter shall agree to cooperate in any investigation under section 252 of this subtitle.

(4) No retaliation.—The foreign labor recruiter shall agree to refrain from intimidating, threatening, restraining, coercing, discharging, blacklisting or in any other manner discriminating against any worker or their family members including a former worker or an applicant for employment, the ability of the foreign labor recruiter to discharge its responsibilities and ensure protection of workers, and to forfeit such bond in an amount determined by the Secretary under section 252 for failure to comply with the provisions of this subtitle.
Employee, agents, and subcontracts.—The foreign labor recruiter shall consent to be liable for the conduct of any agents or subcontractors of any level in relation to the foreign labor recruiting activity of the agent or subcontractor to the same extent as if the foreign labor recruiter had engaged in such conduct.

(8) Enforcement.—If the foreign labor recruiter is conducting foreign labor recruiting activity wholly outside the United States, such foreign labor recruiter shall establish a registered United States entity that is authorized to accept service of process on behalf of the foreign labor recruiter for the purpose of any administrative proceeding under this title or any Federal civil action, if sufficient service is made in accordance with the appropriate Federal rules for service of process.

(d) Term of registration.—Unless suspended or revoked, a registration under this section shall be valid for 2 years.

(e) Application fee.—The Secretary shall require a foreign labor recruiter who submits an application for registration under this section to pay a reasonable fee, sufficient to cover the full costs of carrying out the registration activities under this subtitle.

(f) Notification.—

(1) Employer notification.—(A) In general.—Not less frequently than once every year, an employer of H-2A workers shall provide the Secretary with the names and addresses of all foreign labor recruiters engaged to perform recruitment activities on behalf of the employer, whether the foreign labor recruiter is to receive any economic compensation for such services, and, if so, the identity of the person or entity who is paying for the services.

(B) Agreement to cooperate.—In addition to the requirements of subparagraph (A), the employer shall—

(i) provide to the Secretary the identity of any foreign labor recruiter who the employer has reason to believe is engaging in foreign labor recruiting activities that do not comply with this subtitle; and

(ii) promptly respond to any request by the Secretary for information regarding the identity of a foreign labor recruiter with whom the employer has a contract or other agreement.

(2) Foreign labor recruiter notification.—(A) In general.—A registered foreign labor recruiter shall notify the Secretary, not less frequently than once every year, of the identity of any subcontractor, agent, or foreign labor recruiter employed by or engaged in any foreign labor recruiter's foreign labor recruiting activity for, or on behalf of, the foreign labor recruiter.

(B) Additional responsibilities of the Secretary of State.—

(I) Lists.—The Secretary of State, in consultation with the Secretary of Labor shall maintain and make publicly available in written form and on the websites of United States embassies in the official language of that country, and on websites maintained by the Secretary of Labor, regularly updated lists—

(A) of foreign labor recruiters who hold valid registrations under this section, including—

(i) the name and address of the foreign labor recruiter;

(ii) the countries in which such recruiters conduct recruitment;

(iii) the employers for whom recruiting is conducted;

(iv) the occupations that are the subject of recruitment;

(v) the States where recruited workers are employed; and

(vi) the name and address of the registered agent in the United States who is authorized to accept service of process on behalf of the foreign labor recruiter; and

(B) of foreign labor recruiters whose registration has been revoked or suspended.

(2) Personnel.—The Secretary of State shall ensure that each United States diplomatic mission is staffed with a person who shall be responsible for receiving information from members of the public regarding potential violations of the requirements applicable to registered foreign labor recruiters and ensuring that such information is conveyed to the Secretary of Labor for evaluation and initiation of an enforcement action, if appropriate.

(g) Visa application procedures.—The Secretary shall ensure that consular officers issuing visas to nonimmigrants under section 101(a)(15)(H)(ii)(A) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)(H)(ii)(A))—

(A) provide to and review with the applicant, in the applicant's language (or a language the applicant understands), a copy of the information in theulary pamphlet required by section 202 of the William Wilberforce Trafficking Victims Protection Reauthorization Act of 2008 (8 U.S.C. 13758);

(B) ensure that the applicant has a copy of the approved job offer or work contract;

(C) note in the visa application file whether the foreign labor recruiter has a valid registration under this section; and

(D) if the foreign labor recruiter holds a valid registration, review and include in the visa application file, the foreign labor recruiter's disclosures required under subsection (c).

(h) Data.—The Secretary of State shall make publicly available online, on an annual basis, data disclosing the gender, country of origin, age, wage, level of training, and occupational classification, disaggregated by State, of nonimmigrant workers described in section 101(a)(15)(H)(ii)(A) of the Immigration and Nationality Act.

SEC. 252. Enforcement.

(a) Denial or revocation of registration.

(1) Grounds for denial or revocation.—The Secretary shall deny an application for registration, or revoke a registration, if the Secretary determines that the foreign labor recruiter, or any agent or subcontractor of such foreign labor recruiter—

(A) knowingly made a material misrepresentation in the registration application;

(B) materially failed to comply with one or more of the attestations provided under section 251(c); or

(C) is not the real party in interest.

(2) Notice.—Prior to denying an application for registration or revoking a registration under this subsection, the Secretary shall provide written notice to the foreign labor recruiter and the foreign labor recruiter's agent, if any, and the foreign labor recruiter shall have at least 30 days from the date of receipt of such notice to file with and in response to such notice a written statement of the reasons for such denial or revocation, which the Secretary shall consider.

(b) Administrative enforcement.

(1) Complaint process.—

(A) Filing.—A complaint may be filed with the Secretary of Labor, in accordance with the procedures established under section 251(b)(4), not later than 2 years after the earlier of—

(i) the date of the last action which constituted the conduct that is the subject of the complaint; or

(ii) the date on which the aggrieved party had actual knowledge of such conduct.

(B) Decision and penalties.—If the Secretary determines in response to a complaint filed under subparagraph (A) that there is an opportunity for a hearing, that a foreign labor recruiter failed to comply with any of the requirements of this subtitle, the Secretary of Labor may—

(i) levy a fine against the foreign labor recruiter in an amount not more than—

(I) $10,000 per violation, upon the first violation;

(II) $25,000 per violation, upon the third violation;

(ii) order the forfeiture (or partial forfeiture) of the bond and release of as much of the bond as the Secretary determines is necessary for the worker to recover prohibited recruitment fees;

(iii) refuse to issue or renew a registration, or revoke a registration, if the Secretary determines that the foreign labor recruiter has failed to act in good faith; and

(iv) disqualify the foreign labor recruiter from registration for a period of up to 5 years, or in the case of a subsequent finding involving willful or multiple material violations, permanently disqualify the foreign labor recruiter from registration.

(c) Authority to ensure compliance.—The Secretary of Labor is authorized to take other such actions, including issuing subpoenas and seeking appropriate injunctive relief, as may be necessary to assure compliance with the terms and conditions of this subtitle.

(d) Statutory construction.—Nothing in this subsection may be construed as limiting the authority of the Secretary of Labor to conduct an investigation.

(A) Under any other law, including any law affecting migrant and seasonal agricultural workers; or

(B) On a complaint of a missing applicant or otherwise.

(e) Civil action.—

(1) In general.—The Secretary of Labor or any person aggrieved by a violation of this subtitle may bring a civil action against any foreign labor recruiter, or any employer that does not meet the requirements under subsection (d)(1), in any court of competent jurisdiction—

(A) to seek remedial action, including injunctive relief; and

(B) for damages in accordance with the provisions of this subsection.

(2) Award for civil action filed by an individual.—

(A) In general.—If the court finds in a civil action filed by an individual under this section that the defendant has violated any provision of this subtitle, the court may award—

(i) damages, up to and including an amount equal to the amount of actual damages, and statutory damages of not more than $1,000 per plaintiff per violation, or other equitable relief, except that with respect to statutory damages—

(I) multiple injunctions of a single provision of this subtitle (or of a registration under this subtitle) shall constitute only 1 violation for purposes of this subsection to determine the amount of statutory damages due a plaintiff; and

(II) if such a complaint is certified as a class action the court may award—

(aa) damages up to an amount equal to the amount of actual damages; and

(bb) statutory damages of not more than the lesser of up to $1,000 per class member per violation, or up to $500,000; and other equitable relief;

(ii) reasonable attorneys' fees and costs; and

(iii) such other and further relief as necessary to effectuate the purposes of this subsection.

(B) Criteria.—In determining the amount of statutory damages to be awarded under subsection (A), the court is authorized to consider whether an attempt was made to resolve the issues in dispute before the resort to litigation.

(C) Bond.—To satisfy the damages, fees and costs found owing under this paragraph, the Secretary shall release as much of the bond held pursuant to section 251(c) as is necessary.

(d) Sums recovered in actions by the Secretary of Labor.—

(1) Establishment of account.—There is established in the general fund of the Treasury a separate account, which shall be known as the "H-2A Foreign Labor Recruiter Compensation Fund."
Accounting. Notwithstanding any other provisions of law, there shall be deposited as offsetting receipts into the account, all sums recovered in an action by the Secretary of Labor under this subtitle.

(B) USE OF FUNDS.—Amounts deposited into the H-2A Foreign Labor Recruiter Compensation Account and shall be paid directly to each worker affected. Any such sums not paid to a worker because of inability to do so within a period of 5 years following the date such funds are deposited into the account shall remain available to the Secretary in such account until expended. The Secretary may transfer all or a portion of such remaining sums to appropriate agencies to support the enforcement of the laws prohibiting the trafficking of persons or programs that aid trafficking victims.

(d) EMPLOYER SAFE HARBOR.—

(1) IN GENERAL.—An employer that hires workers referred by a foreign labor recruiter with a valid registration at the time of hiring shall not be held jointly liable for a violation committed solely to a foreign labor recruiter under this subtitle.

(A) in any administrative action initiated by the Secretary concerning such violation; or

(B) in any Federal or State civil court action filed on behalf of such workers or other aggrieved party under this subtitle.

(2) EXCEPTION.—Nothing in this subtitle shall be construed to prohibit an aggrieved party from bringing a civil action for violations of this subtitle or any other Federal or State law concerning such violation.

(A) without a valid registration at the time of hire; or

(B) with a valid registration if the employer knew or learned of the violation and failed to report such violation to the Secretary.

(e) PAROLE TO PURSUE RELIEF.—If any immigration status is not available, the Secretary of Homeland Security may grant parole to permit an individual to remain legally in the United States for time sufficient to fully and effectively participate in all legal proceedings related to any action taken pursuant to subsection (b) or (c).

(f) WAIVER OF RIGHTS.—Agreements by employees purporting to waive or to modify their rights under this subtitle shall be void as contrary to public policy.

(g) LIABILITY FOR AGENTS.—Foreign labor recruiters or subcontractors of any level in relation to their foreign labor recruiting activities shall be treated as if the foreign labor recruiter had committed the violation.

SEC. 253. APPROPRIATIONS.

There is authorized to be appropriated such sums as may be necessary for the Secretary of Labor and Secretary of State to carry out the provisions of this subtitle.

SEC. 254. DEFINITIONS.

For purposes of this subtitle:

(1) FOREIGN LABOR RECRUITER.—The term “foreign labor recruiter” means any person who performs foreign labor recruiting activity in exchange for money or other valuable consideration for persons or to be paid, to whom workers work as nonimmigrant workers described in section 101(a)(15)(H)(ii)(A) of the Immigration and Nationality Act (8 U.S.C. 1101(a)(15)), or any person engaged by a foreign labor recruiter who performs foreign labor recruiting activity wholly outside of the United States. Such term does not include any entity of the United States Government or its employee to an employee, who engages in foreign labor recruiting activity solely to find employees for that employer’s own use, and without the participation of any foreign recruiter.

(2) FOREIGN LABOR RECRUITING ACTIVITY.—The term “foreign labor recruiting activity” means recruiting, soliciting, or related activities with respect to an individual who resides outside of the United States in furtherance of employment in the United States, including when such activity occurs wholly outside of the United States.

(3) RECRUITMENT FEES.—The term “recruitment fees” has the meaning given to such term under section 22 of the Code of Federal Regulations, as in effect on the date of enactment of this Act.

(4) PERSON.—The term “person” means any individual, partnership, joint stock company or association or other organization or entity (whether organized under law or not), including municipal corporations.

TITLE III—ELECTRONIC VERIFICATION OF EMPLOYMENT ELIGIBILITY

SEC. 201. ELECTRONIC EMPLOYMENT ELIGIBILITY VERIFICATION SYSTEM

(a) Employment Eligibility Verification System.

(1) IN GENERAL.—The Secretary of Homeland Security (referred to in this section as the ‘‘Secretary’’) shall establish and administer an electronic verification system to verify the identity and employment authorization of individuals who have been recruited or referred to hire; or to recruit or refer for a fee, for employment in the United States; and

(B) maintain records of the inquiries that are otherwise suspected or determined to have been compromised by identity fraud or other misuse, shall be blocked from use in the System unless the individual using such number has registered a new number, that is otherwise suspected or determined to have been compromised by identity fraud or other misuse, shall be blocked from use in the System unless the individual using such number has registered a new number.

(3) GENERAL DESIGN AND OPERATION OF SYSTEM.—The Secretary shall design and operate the System with the capability to—

(A) confirm the individual’s own employment authorization;

(B) receive electronic notification when the individual’s social security account number or other personally identifying information has been submitted to the System;

(C) monitor the use history of the individual’s personally identifying information in the System; and

(D) to prevent identity theft and other forms of fraud. To prevent identity theft and other forms of fraud, the Secretary shall design and operate the System with the capability to—

(1) suspend or limit the use of the individual’s social security account number or other personally identifying information for purposes of the System; and

(2) provide notice to the Department of Homeland Security of any suspected identity fraud or other improper use of personally identifying information.

(2) FILING MISUSED SOCIAL SECURITY ACCOUNT NUMBERS.—In a process in which social security account numbers that have been identified to be subject to unusual multiple use in the System or are otherwise suspected to have been compromised by identity fraud or other misuse, shall be blocked from use in the System unless the individual using such number has registered a new number.

(3) GENERAL DESIGN AND OPERATION OF SYSTEM.—The Secretary shall design and operate the System—

(A) using responsive web design and other technologies to maximize its ease of use and accessibility for users on a variety of electronic devices and in remote locations;

(B) to maximize the accuracy of responses to inquiries submitted by persons or entities;

(C) to maximize the reliability of the System and to respond to inquiries only when the System is unable to receive inquiries;

(D) to provide the privacy and security of the personally identifiable information maintained by or submitted to the System;

(E) to provide direct notification of an inquiry to an individual with respect to whom the inquiry is made, including the results of such inquiry and the process for challenging the results, in cases in which the individual has established a user account as described in paragraph (4)(B) or an electronic mail address for the individual is submitted by the person or entity at the time the inquiry is made; and

(II) shall be kept up-to-date with technological advances; and

(II) shall be designed to provide a high level of certainty with respect to identity authentication.
information of a minor under their care for purposes of the System. The Secretary may implement the program on a limited pilot basis before making it fully available to all individuals.

(5) RESPONSIBILITIES OF THE SECRETARY OF HOMELAND SECURITY.—The Secretary, in consultation with the Secretary of Health and Human Services, shall establish a reliable, secure method, which, within the time periods specified in paragraph (2) and subsection (b)(4)(D)(ii)(II), compares the name and social security account number provided in an inquiry against such information maintained by the Secretary in order to validate (or not validate) the information provided by the person or entity with respect to an individual whose identity and employment authorization the person or entity seeks to confirm, the correspondence of the name and number, and whether the individual has presented a social security account number that is not valid for employment. The Commissioner shall not disclose or release social security information (other than such confirmation or nonconfirmation) under the System except as provided under this section.

(6) RESPONSIBILITIES OF THE SECRETARY OF HOMELAND SECURITY.—

(A) IN GENERAL.—The Secretary of Homeland Security shall establish a reliable, secure method, which, within the time periods specified in paragraph (2) and subsection (b)(4)(D)(ii)(II), compares the name and identification or other authorization number, and any other information determined relevant by the Secretary which are provided in an inquiry against such information maintained or accessed by the Secretary in order to validate (or not validate) the information provided, the correspondence of the name and number, and whether the individual is authorized to be employed in the United States.

(B) TRAINING.—The Secretary shall provide and regularly update training materials on the use of the System for persons and entities making inquiries.

(C) AUDIT.—The Secretary shall provide for periodic auditing of the System to detect and prevent misuse, discrimination, fraud, and identity theft and to ensure the System's reliability, security, and accuracy, and to preserve the integrity and security of the information in the System.

(D) NOTICE OF SYSTEM CHANGES.—The Secretary shall provide appropriate notification to persons and entities registered in the System of any change made by the Secretary or the Commissioner related to permitted and prohibited documents for the System.

(7) RESPONSIBILITIES OF THE SECRETARY OF STATE.—As part of the System, the Secretary of State shall provide to the Secretary of Homeland Security a description of the passport and visa information as needed to confirm that a passport or passport card presented under subsection (b)(3)(A)(i) confirms the employment authorization and identity of the individual presenting such document, and that a passport, passport card, or visa photograph matches the System of State's records, and shall provide such assistance as the Secretary determines necessary to verify information for the purposes of paragraph (1), in order to resolve tentative nonconfirmations or final nonconfirmations relating to such information.

(8) UPDATING INFORMATION.—The Commissioner, the Secretary of Homeland Security, and the Secretary of State shall update records in their possession in a manner that promotes maximum accuracy of the System and shall provide a process for the prompt correction of erroneous information, including instances in which it is brought to their attention through the tentative nonconfirmation or final nonconfirmation review process under subsection (b)(4)(D).

(9) MANDATORY AND VOLUNTARY SYSTEM USES.—

(A) MANDATORY USES.—Except as otherwise provided under Federal or State law, such as sections 302 and 363 of the Farm Workforce Modernization Act of 2019, nothing in this section shall be construed as requiring the use of the System by any person or entity hiring, recruiting, or referring for a fee, an individual for employment in the United States.

(B) VOLUNTARY USES.—Beginning after the date that is 30 days after the date on which final rules are published under section 309(a) of the Farm Workforce Modernization Act of 2019, a person or entity may use the System on a voluntary basis to seek verification of the identity and employment authorization of individuals the person or entity is hiring, recruiting, or referring for a fee in employment in the United States.

(C) PROCESS FOR NON-USERS.—The employment verification process for any person or entity hiring, recruiting, or referring for a fee, an individual for employment in the United States shall be governed by section 274A(b) unless the person or entity—

(i) is required by Federal or State law to use the System; or

(ii) has opted to use the System voluntarily in accordance with subparagraph (B).

(D) NO FEE FOR USE.—The Secretary may not charge a fee to an individual, person, or entity related to the use of the System.

(E) NEW HIRES, RECRUITMENT, AND REFERRAL.—Notwithstanding section 274A(b), the requirements referred to in paragraphs (1)(D) and (3) of section 274A(a) are, in the case of a person or entity that uses the System for the hiring, recruitment, or referring for employment in the United States, the following:

(1) INDIVIDUAL ATTESTATION OF EMPLOYMENT AUTHORIZATION.—During the period beginning on the date on which an employment authorization is accepted and ending on the date of hire, the individual shall attest, under penalty of perjury on a form designated by the Secretary, that the individual is authorized to be employed in the United States by providing on such form—

(A) the individual's name and date of birth;

(B) the individual's social security account number (unless the individual has applied for an individual for employment in the United States).

(C) whether the individual is—

(i) a citizen or national of the United States;

(ii) an alien lawfully admitted for permanent residence; or

(iii) an alien who is otherwise authorized by the Secretary to be hired, recruited, or referred for employment in the United States; and

(D) if the individual does not attest to employment authorization, such identification or other authorization number established by the Department of Homeland Security for the alien as the Secretary may specify.

(2) ELECTRONIC AFTER-HIRE EXAMINATION OF DOCUMENTS.—Not later than 3 business days after the date of hire, the person or entity shall attest, under penalty of perjury on the form designated for form purposes of paragraph (1), that it has verified that the individual is not an unauthorized alien by—

(A) obtaining from the individual the information described in paragraph (1) and recording such information on the form;

(B) examining—

(i) a document described in paragraph (3)(A); or

(ii) a document described in paragraph (3)(B) and a document described in paragraph (3)(C); and

(C) attesting that the information recorded on the form is consistent with the documents examined.

(3) ACCEPTABLE DOCUMENTS.—

(A) DOCUMENTS ESTABLISHING EMPLOYMENT AUTHORIZATION AND IDENTITY.—A document described in this subparagraph is an individual’s—

(i) United States passport or passport card;

(ii) permanent resident card that contains a photograph; or

(iii) foreign passport containing temporary evidence of lawful permanent residence in the form of an official I–551 (or successor) stamped from the Department of Homeland Security or a printed notation on a machine-readable immigrant visa;

(B) DOCUMENTS ESTABLISHING EMPLOYMENT AUTHORIZATION.—A document described in this subparagraph is an individual’s social security account number card (other than such a card which specifies on the face that the issuance of the card does not authorize employment in the United States), or

(i) a document establishing employment authorization that the Secretary determines, by notice published in the Federal Register, to be acceptable for purposes of this subparagraph, provided that such documentation contains security features to make it resistant to tampering, counterfeiting, and fraud; or

(ii) has opted to use the System voluntarily in accordance with subparagraph (B).

(C) DOCUMENTS ESTABLISHING IDENTITY.—A document described in this subparagraph is—

(i) an individual's driver's license or identification card if it was issued by a State or one of the outlying possessions of the United States and contains a photograph and personal identifying information relating to the individual; or

(ii) the documents for purposes of this section.

(D) AUTHORITY TO PROHIBIT USE OF CERTAIN DOCUMENTS.—If the Secretary finds that any document or class of documents described in subparagraph (A), (B), or (C) does not reliably establish identity or employment authorization or is being used fraudulently to an unacceptable degree, the Secretary may, by notice published in the Federal Register, prohibit or place conditions on the use of such a document or class of documents for purposes of this section.

(E) USE OF THE SYSTEM TO SCREEN IDENTITY AND EMPLOYMENT AUTHORIZATION.—

(1) IN GENERAL.—The Secretary, or any person or entity that uses the System for the hiring, recruiting, or referring for a fee an individual for employment in the United States, shall be governed by section 274A(b) unless the Secretary determines, by notice published in the Federal Register, to be acceptable for purposes of this subparagraph, if such documentation contains a photograph of the individual, biometric identification data, and personal identifying information relating to the individual, to make it resistant to tampering, counterfeiting, and fraud.

(F) AUTHORITY TO PROHIBIT USE OF CERTAIN DOCUMENTS.—If the Secretary finds that any document or class of documents described in subparagraph (A), (B), or (C) does not reliably establish identity or employment authorization or is being used fraudulently to an unacceptable degree, the Secretary may, by notice published in the Federal Register, prohibit or place conditions on the use of such a document or class of documents for purposes of this section.
employment in the United States, during the period described in subparagraph (B), the person or entity shall submit an inquiry through the System described in subsection (a) to seek verification of the individual's identity and employment authorization of the individual.

"(B) VERIFICATION PERIOD.—

"(i) IN GENERAL.—Except as provided in clause (ii) of subsection (d), the verification period shall begin on the date of hire and end on the date that is 3 business days after the date of hire, or such other reasonable period as the Secretary may prescribe.

"(ii) SPECIAL RULE.—In the case of an alien who is authorized to be employed in the United States through evidence from the Social Security Administration that the alien has applied for a social security account number, the verification period shall end 3 business days after the date the individual receives the social security account number.

"(C) CONFIRMATION.—If a person or entity receives confirmation of an individual's identity and employment authorization, the person or entity shall record such confirmation on the form designated by the Secretary for purposes of paragraph (1).

"(D) DISTRICT COURT NONCONFIRMATION.—

"(i) IN GENERAL.—In cases of tentative nonconfirmation, the Secretary shall provide, in consultation with the Commissioner, a process for—

"(I) an individual to contest the tentative nonconfirmation not later than 10 business days after the date of the receipt of the notice described in clause (i) by the Secretary.

"(II) the Secretary to issue a confirmation or final nonconfirmation of an individual's identity and employment authorization not later than 30 calendar days after the Secretary receives notice from the individual contesting a tentative nonconfirmation.

"(iii) THE SECRETARY.—If a person or entity receives a tentative nonconfirmation of an individual's identity or employment authorization, the person or entity shall not later than 3 business days after receipt notify such individual in writing in a language understood by the individual and on a form designated by the Secretary, that shall include a description of the individual's right to contest the tentative nonconfirmation. The person or entity shall attest, under penalty of perjury, that the person or entity provided (or attempted to provide) such notice to the individual and the individual shall acknowledge receipt of such notice in a manner specified by the Secretary.

"(iii) NO CONTEST.—

"(i) IN GENERAL.—A tentative nonconfirmation shall become final if, upon receiving the notice described in clause (ii), the individual—

"(aa) refuses to acknowledge receipt of such notice;

"(bb) acknowledges in writing, in a manner specified by the Secretary, that the individual will not contest the tentative nonconfirmation; or

"(cc) fails to contest the tentative nonconfirmation within the 10-business-day period beginning on the date the individual received such notice.

"(ii) RECORD OF NO CONTEST.—The person or entity shall indicate in the System that the individual did not contest the tentative nonconfirmation and shall specify the reason the tentative nonconfirmation became final under subsection (I).

"(iii) EFFECT OF FAILURE TO CONTEST.—An individual's failure to contest a tentative nonconfirmation shall not be considered an admission of any fact with respect to any violation of this Act or of any other provision of law.

"(iv) CONTEST.—

"(I) IN GENERAL.—An individual may contest a tentative nonconfirmation by using the tentative nonconfirmation review process under clause (i), not later than 10 business days after receiving the notice described in clause (ii), except as provided in clause (iii), the nonconfirmation shall remain tentative until a confirmation or final nonconfirmation is provided by the System.

"(II) PROHIBITION ON TERMINATION.—In no case shall a person or entity terminate employment or take any adverse employment action obtained in an individual's identity and employment authorization until the person or entity receives a notice of final nonconfirmation from the System. Such clause shall prohibit an employer from terminating the employment of the individual for any other lawful reason.

"(III) CONFIRMATION OR FINAL NONCONFIRMATION.—The Secretary, in consultation with the Commissioner, shall issue notice of a confirmation or final nonconfirmation of the individual's identity and employment authorization not later than 30 calendar days after the date the Secretary receives notice from the individual contesting the tentative nonconfirmation.

"(B) TERMINATION OR NOTIFICATION OF CONTINUED EMPLOYMENT.—If a person or entity receives a tentative nonconfirmation of an individual, the person or entity may terminate employment of the individual. If the person or entity does not terminate such employment pending appeal of the nonconfirmation, the person or entity shall notify the Secretary of such fact through the System. Failure to notify the Secretary in accordance with this clause shall be deemed a violation of section 274A(a)(1)(A).

"(iii) PRESUMPTION OF VIOLATION FOR CONTINUED EMPLOYMENT.—If a person or entity continues to employ an individual after receipt of a final nonconfirmation, there shall be a rebuttable presumption that the person or entity has violated paragraphs (1)(A) and (a)(2) of section 274A(a).

"(iv) APPEAL OF FINAL NONCONFIRMATION.—

"(I) ADMINISTRATIVE APPEAL.—The Secretary, in consultation with the Commissioner, shall develop a process by which an individual may seek administrative review of a final nonconfirmation. Such process shall—

"(aa) permit the individual to submit additional evidence establishing identity or employment authorization;

"(bb) ensure prompt resolution of an appeal (but in no event shall there be a failure to respond to an appeal within 30 days); and

"(cc) provide a procedural right to a hearing, excluding an individual upon finding that an appeal was frivolous or filed for purposes of delay.

"(II) COMPENSATION FOR LOST WAGES RESULTING FROM GOVERNMENT ERROR OR OMISSION.—

"(I) IN GENERAL.—If, upon consideration of an appeal of a final nonconfirmation, the Secretary determines that the nonconfirmation was issued in error, the Secretary shall further determine whether the final nonconfirmation was the result of government error or omission. If the Secretary determines that the final nonconfirmation was solely the result of government error or omission and the individual was terminated from employment, the Secretary shall compensate the individual.

"(II) CALCULATION OF LOST WAGES.—Lost wages shall be calculated based on the wage rate and work schedule that were in effect prior to the individual's termination. The individual shall be compensated for lost wages beginning on the first scheduled work day after employment of the individual was terminated and ending 90 days after completion of the administrative review process described in this subparagraph or the day the individual is reinstated or obtains other employment, whichever occurs earlier.

"(III) LIMITATION ON COMPENSATION.—No compensation for lost wages shall be awarded for any period during which the individual was not authorized for employment in the United States.

"(IV) SOURCE OF FUNDS.—There is established in the general fund of the Treasury a separate account which shall be known as the Electronic Verification Compensation Account. Fees collected under subsections (I) and (g) shall be deposited in the Electronic Verification Compensation Account and shall remain available for purposes of providing compensation for lost wages under this subsection.

"(V) JUDICIAL REVIEW.—Not later than 30 days after the dismissal of an appeal under this subparagraph, an individual may seek judicial review of such dismissal in the United States District Court in the district in which the employer resides or conducts business.

"(VI) RETENTION OF RECORDS.—A paper or electronic copy of any record created under this section, including the results of any action taken in response to a final nonconfirmation, shall be retained by the Secretary and any person or entity that uses the System.

"(VII) IDENTIFICATION OF PREVIOUSLY HIRED INDIVIDUALS.—

"(i) MANDATORY REVIVERSIFICATION.—In the case of a person or entity that uses the System for the hiring, recruiting, or referring for a fee an individual for employment in the United States, the person or entity shall submit an individual's employment history, including information regarding the individual's right to appeal a final nonconfirmation, to the Secretary. The Secretary may retain the copy, but only for the purpose of complying with the requirements of this section.

"(ii) REVIVERSIFICATION OF PREVIOUSLY HIRED INDIVIDUALS.—

"(I) MANDATORY REVIVERSIFICATION.—In the case of a person or entity that uses the System for the hiring, recruiting, or referring for a fee an individual for employment in the United States, the person or entity shall submit an individual's employment history, including information regarding the individual's right to appeal a final nonconfirmation, to the Commissioner.

"(II) RECORD OF NO CONTEST.—The person or entity shall indicate in the System that the individual did not contest the tentative nonconfirmation and shall specify the reason the tentative nonconfirmation became final under subsection (I).

"(III) EFFECT OF FAILURE TO CONTEST.—An individual's failure to contest a tentative nonconfirmation shall not be considered an admission of any fact with respect to any violation of this Act or of any other provision of law.

"(IV) CONTEST.—

"(I) IN GENERAL.—An individual may contest a tentative nonconfirmation by using the tentative nonconfirmation review process under clause (i), not later than 10 business days after receiving the notice described in clause (ii), except as provided in clause (iii), the nonconfirmation shall remain tentative until a confirmation or final nonconfirmation is provided by the System.

"(II) PROHIBITION ON TERMINATION.—In no case shall a person or entity terminate employment or take any adverse employment action obtained in an individual's identity and employment authorization until the person or entity receives a notice of final nonconfirmation from the System. Such clause shall prohibit an employer from terminating the employment of the individual for any other lawful reason.

"(III) CONFIRMATION OR FINAL NONCONFIRMATION.—The Secretary, in consultation with the Commissioner, shall issue notice of a confirmation or final nonconfirmation of the individual's identity and employment authorization. The notice shall become final if, upon receiving the notice, the person or entity does not contest the tentative nonconfirmation.

"(IV) SOURCE OF FUNDS.—There is established in the general fund of the Treasury a separate account which shall be known as the Electronic Verification Compensation Account. Fees collected under subsections (I) and (g) shall be deposited in the Electronic Verification Compensation Account and shall remain available for purposes of providing compensation for lost wages under this subsection.

"(V) JUDICIAL REVIEW.—Not later than 30 days after the dismissal of an appeal under this subparagraph, an individual may seek judicial review of such dismissal in the United States District Court in the district in which the employer resides or conducts business.

"(VI) RETENTION OF RECORDS.—A paper or electronic copy of any record created under this section, including the results of any action taken in response to a final nonconfirmation, shall be retained by the Secretary and any person or entity that uses the System.
“(3) LIMITATION ON REVERIFICATION.—Except as provided in paragraph (1), a person or entity may not otherwise reverify the identity and employment authorization of a current employee, including an employee continuing in employment.

“(d) GOOD FAITH COMPLIANCE.—

“(1) IN GENERAL.—Except as otherwise provided in this section, the Secretary may not consider a failure that meets such requirement if there was a good faith attempt to comply with the requirement.

“(2) EXCLUSION FOR FAILURES TO CORRECT AFTER NOTICE.—Paragraph (1) shall not apply if—

“(A) the failure is not de minimis;

“(B) the Secretary has provided notice to the person or entity of the failure, including an explanation as to why it is not de minimis;

“(C) the person or entity has been provided a period of not less than 30 days (beginning after the date of the notice) to correct the failure; and

“(D) the person or entity has not corrected the failure voluntarily within such period.

“(e) PATTERN OR PRACTICE VIOLATORS.—Paragraph (1) shall not apply to a person or entity that has engaged in a pattern or practice of failures to meet the requirements of this section notwithstanding a technical failure of the System, or other technical or procedural failure to meet such requirement if there was a good faith attempt to comply with the requirement.

“(f) EXCLUSION FROM PENALTY FOR GOOD FAITH VIOLATION.—

“(A) IN GENERAL.—A person or entity that uses the System is presumed to have acted with good faith if it—

“(i) not less than $5,000 and not more than $10,000 for each such alien in the case of a person or entity previously subjected to one order under this paragraph;

“(ii) not less than $5,000, and not more than $25,000, for each such alien in the case of a person or entity previously subjected to more than one order under this paragraph; and

“(B) may not otherwise reverify the identity and employment authorization of a current employee to take such other remedial action as appropriate.

“(g) ORDER FOR CIVIL MONEY PENALTY FOR VIOLATION OF SUBSECTION (g) OF SECTION 274A(g)(1)(B), the order under this paragraph shall require the person or entity to pay a civil penalty in an amount, subject to adjustment, not less than $5,000 and not more than $25,000 for each individual with respect to whom such violation occurred. Failure by a person or entity to utilize the System in the manner required by this section and penalties for non-compliance for any purpose other than the purpose of compensating individuals for lost wages, or reduced wages, or reduced employment, or hiring, recruiting, or referring for a fee an individual for employment in the United States, or the use of the System for the hiring, recruiting, or referring for a fee an individual for employment in the United States is presumed to have acted with good faith.

“(h) LIMITATIONS.—

“(1) IN GENERAL.—In addition to the prohibitions on discrimination set forth in section 274B, it is an unfair immigration-related employment practice for a person or entity, in the course of utilizing the System to—

“(A) screen an applicant prior to the date of hire;

“(B) terminate the employment of an individual or take any adverse employment action with respect to that individual on the basis of any tentative nonconfirmation issued by the System;

“(C) to use the System to screen any individual for any purpose other than the verification of identity and employment authorization of an individual or to ensure the secure, appropriate, and non-discriminatory use of the System.

“(2) PREEMPTION.—The provisions of this section preempt any State or local law, ordinance, policy, or rule, including any criminal or civil liability structure for hiring, continued employment, or status verification for employment eligibility purposes, of unauthorized aliens, except that a State, locality, municipality, or other political subdivision may exercise its authority over business licensing and similar laws as a penalty for failure to use the System as required under this section.

“(i) UNFAIR IMMIGRATION-RELATED EMPLOYMENT PRACTICES AND THE SYSTEM.—

“(1) IN GENERAL.—Notwithstanding any other provision of law, nothing in this section shall be construed to preclude a preemployment verification of identity and employment authorization as provided in this section;

“(2) USE OF RECORDS.—Notwithstanding any other provision of law, nothing in this section shall be construed to require or allow any debarment, or re-
engaged in an unfair immigration-related employment practice described in paragraph (1) are—

(A) not less than $1,000 and not more than $4,000 for each individual discriminated against; and

(B) in the case of a person or entity previously subject to a single order under this paragraph, not less than $4,000 and not more than $10,000 for each individual discriminated against; and

(C) in the case of a person or entity previously subject to more than one order under this paragraph, not less than $6,000 and not more than $20,000 for each individual discriminated against.

(4) ELECTRONIC VERIFICATION COMPENSATION ACCOUNT.—Any compensation collected under subsection (a) of this section shall be deposited in the Electronic Verification Compensation Account for the purpose of compensating individuals for lost wages as a result of a final nonconfirmation issued by the System that was based on government error or omission, as set forth in subsection (b)(4)(P)(I)(IV).

(5) CLARIFICATION.—All rights and remedies provided under any Federal, State, or local law relating to workplace rights, including but not limited to back pay, are available to an employee, despite—

(I) the employee's status as an unauthorized alien during or after the period of employment; or

(II) the employer's or employee's failure to comply with the requirements of this section.

(6) DEFINITION.—In this section, the term 'date of hire' means the date on which employment began.

(b) EFFECTIVE DATES.—

(1) I N GENERAL.—The requirements for the electronic verification of employment eligibility are—

(A) mandatory effective date under this subsection.

(B) in the case of a person or entity pre-registered in the E-Verify Program described in section 403(a) of the Illegal Immigration Reform and Immigration Responsibility Act of 1996 (8 U.S.C. 1324a note) (as inserted by section 301 of this Act), the effective date in subsection (a)(4), sections 274A and 274B of the Immigration and Nationality Act (8 U.S.C. 1324 and 1326), and of Homeland Security and the Commissioner of Social Security to the Secretary of Agriculture, in consultation with the Commissioner of Social Security, to create a process for individuals to seek assistance in contesting a tentative nonconfirmation as described in section 274E(b)(4)(A)(i) of the Immigration and Nationality Act, as inserted by section 301 of this Act, at local offices or service centers of the U.S. Department of Agriculture.

(2) STAFFING AND RESOURCES.—The Secretary of Homeland Security and Secretary of Agriculture shall ensure that local offices and service centers of the U.S. Department of Agriculture are staffed appropriately and have the resources necessary to provide information and support to individuals seeking the assistance described in this subsection by facilitating communication between such individuals and the Department of Homeland Security or the Social Security Administration.

(C) in the case of a person or entity hiring, recruiting, or referring for a fee an individual for agricultural employment in the United States on behalf of another, including employers required to participate in the E-Verify Program described in section 403(a) of the Illegal Immigration Reform and Immigration Responsibility Act of 1996 (8 U.S.C. 1324a note) by reason of any Federal, State, or local law, Executive order, rule, regulation, or delegation of authority, and any additional requirements of such Federal acquisition laws and regulations in lieu of any requirement to participate in the E-Verify Program.

(D) Former E-Verify Mandatory Users, Including Federal Contractors.—Beginning on the effective date in subsection (a), the Secretary of Homeland Security shall require employers to use the E-Verify Program described in section 403(a) of the Illegal Immigration Reform and Immigration Responsibility Act of 1996 (8 U.S.C. 1324a note) to comply with the requirements of section 274E of the Immigration and Nationality Act, as inserted by section 301 of this Act (and any additional requirements of such Federal acquisition laws and regulations in lieu of any requirement to participate in the E-Verify Program).
(b) UNFAIR IMMIGRATION-RELATED EMPLOYMENT PRACTICES.—Section 274(a)(1)(I) of the Immigration and Nationality Act (8 U.S.C. 1324b(a)(1)) is amended in the matter preceding subsubsection (C) by inserting “including the use of the verification system as described in section 274E(g)’’ after “referral for a fee,’’.

SEC. 306. PROTECTION OF SOCIAL SECURITY ADNUMBER.

(a) FUNDING UNDER AGREEMENT.—Effective for fiscal years beginning on or after October 1, 2019, the Commissioner and the Secretary shall ensure that an agreement is in place which shall—

(1) provide funds to the Commissioner for the full cost of administering the agreement with respect to employment eligibility verification, including under this title and the amendments made by this title, and including—

(A) acquiring, installing, and maintaining technological equipment and systems necessary for the fulfillment of such responsibilities, but only that portion of such costs that are attributable exclusively to such responsibilities; and

(B) responding to individuals who contest a tentative nonconfirmation or administratively appeal a final nonconfirmation provided with respect to employment eligibility verification.

(2) provide such funds annually in advance of the applicable quarter based on an estimating methodology agreed to by the Commissioner and the Secretary with respect to such instance where the delayed enactment of an annual appropriation may preclude such quarterly payments; and

(3) require an annual accounting and reconciliation of the actual costs incurred and the funds provided under the agreement, which shall be reviewed by the Inspectors General of the Social Security Administration and the Department of Homeland Security.

(b) CONTINUATION OF VERIFICATION IN TIME OF SPECIAL AGREEMENT.—In any case in which the agreement required under subsection (a) for any fiscal year beginning on or after October 1, 2019, has not been reached as of October 1 of such fiscal year, the latest agreement described in such subsection shall be deemed in effect on an interim basis for such fiscal year until such time as an agreement required under subsection (a) is subsequently reached, except that the terms of such interim agreement shall be modified to adjust for inflation and any increase or decrease in the volume of attestations under the employment eligibility verification system. In any case in which an interim agreement applies for any fiscal year under this subsection, the Commissioner and the Secretary shall notify, not later than October 1 of such fiscal year, notify the Committee on Ways and Means, the Committee on the Judiciary, and the Committee on Appropriations of the House of Representatives and the Committee on Finance, the Committee on the Judiciary, and the Committee on Appropriations of the Senate of the failure to reach the agreement required under subsection (a) for such fiscal year. Until such time as the agreement required under subsection (a) has been reached for such fiscal year, the Commissioner and the Secretary shall, not later than 30 days after such failure, notify such Committees of the status of negotiations between the Commissioner and the Secretary in order to reach such an agreement.

SEC. 307. REPORT ON THE IMPLEMENTATION OF THE ELECTRONIC EMPLOYMENT ELIGIBILITY VERIFICATION SYSTEM.

Not later than 24 months after the date on which final rules are published under section 309(a), and annually thereafter, the Secretary shall submit to Congress a report that includes the following:

(1) An assessment of the accuracy rates of the responses of the electronic employment eligibility verification system established under section 274E of the Immigration and Nationality Act, as inserted by section 301 of this Act (referred to in this section as the “System’’), including tentative and final nonconfirmation notices issued to employment-authorized individuals and confirmation notices issued to individuals who are not employment-authorized individuals, and

(2) An assessment of any challenges faced by persons or entities (including small employers) in utilizing the System.

(3) An assessment of any challenges faced by employment-authorized individuals who are issued tentative or final nonconfirmation notices.

(4) An assessment of the incidence of unfair immigration-related employment practices, as described in section 274E(g) of the Immigration and Nationality Act, as inserted by section 301 of this Act, related to the use of the System.

(5) An assessment of the photo matching and other identity authentication tools, as described in section 274E(a)(4) of the Immigration and Nationality Act, as inserted by section 301 of this Act, including—

(A) an assessment of the accuracy rates of such tools;

(B) an assessment of the effectiveness of such tools at preventing identity fraud and other misuse of identifying information;

(C) an assessment of any challenges faced by persons, entities, or individuals utilizing such tools; and

(D) an assessment of operation and maintenance costs associated with such tools.

(6) A summary of the activities and findings of the U.S. Citizenship and Immigration Services E-Verify Monitoring and Compliance Branch, or any successor office, including—

(A) the number, types and outcomes of audits, investigations, and other compliance activities initiated by the Branch in the previous year;

(B) the capacity of the Branch to detect and prevent violations of section 274E(g) of the Immigration and Nationality Act, as inserted by this Act; and

(C) an assessment of the degree to which persons and entities misuse the System, including—

(i) use of the System before an individual’s date of hire; and

(ii) failure to provide required notifications to individuals;

(iii) use of the System to interfere with or otherwise impede individuals’ assertions of their rights under other laws; and

(iv) use of the System for unauthorized purposes; and

(7) An assessment of the impact of implementation of the System in the agricultural industry and the use of the verification system in agricultural industry hiring and business practices.

SEC. 308. MODERNIZING AND STREAMLINING THE EMPLOYMENT ELIGIBILITY VERIFICATION PROCESS.

Not later than 180 days after the date of the enactment of this Act, the Secretary, in consultation with the Commissioner, shall submit to Congress a plan to modernize and streamline the employment eligibility verification process that allows employers to utilize the employment eligibility verification system established under section 274E of the Immigration and Nationality Act, as inserted by section 301 of this Act, to verify the identity and employment authorization of individuals without also having to complete and return to the Employer Eligibility Verification, or any subsequent replacement form; and

(3) any other proposal that the Secretary determines would simplify the employment eligibility verification process without compromising the integrity or security of the system.

SEC. 309. RULEMAKING AND PAPERWORK REDUCTION ACT.

(a) IN GENERAL.—Not later than 180 days prior to the end of the application period described in section 301(c)(1) of this Act, the Secretary shall publish in the Federal Register proposed rules implementing this title and the amendments made by this title. The Secretary shall finalize such rules not later than 180 days after the date of publication.

(b) PAPERWORK REDUCTION ACT.—(1) IN GENERAL.—The requirements under chapter 35 of title 44, United States Code, (commonly known as the “Paperwork Reduction Act”) shall apply to any action to implement the amendments made by this title.

(2) ELECTRONIC FORMS.—All forms designed or established by the Secretary that are necessary to implement this title and the amendments made by this title shall be made available in paper and electronic formats, and shall be designed in such a manner to facilitate electronic completion, storage, and transmittal.

(3) LIMITATION ON USE OF FORMS.—All forms designed or established by the Secretary that are necessary to implement this title, and the amendments made by this title, and any information contained in or appended to such forms, may not be used for purposes other than for enforcement of this Act and any other provision of Federal criminal law.

The SPEAKER pro tempore. The bill, as amended, shall be debatable for 1 hour, equally divided by the chair and ranking minority member of the Committee on the Judiciary.

The gentleman from New York (Mr. NADLER) and the gentleman from Colorado (Mr. BUCK) each will control 30 minutes.

The Chair recognizes the gentleman from New York.

Mr. NADLER. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and insert extraneous material on H.R. 5038.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New York?

There was no objection.

Mr. NADLER. Mr. Speaker, I yield myself 3 minutes.

Mr. Speaker, H.R. 5038, the Farm Workforce Modernization Act, is vital legislation that will address an issue of critical national importance: the growing labor challenges facing the American agricultural sector.

Solving this issue is crucial not only from an economic standpoint, but, also, it is a matter of national security. The less we grow our own food, the more dependent we become on food imports and the more vulnerable we become to food contamination, epidemics, fluctuating market prices, and increased national debt.

Today, food imports account for approximately 32 percent of the fresh vegetables and 35 percent of the fresh fruit that we consume.

Systemic labor challenges are one of the main reasons for this increase in agricultural imports.

The United States has seen a continuing decline in the number of family farmworkers and fewer U.S. workers
are turning to farm work as their chosen pursuit. As a result, most of today’s hired farm laborers are foreign-born.

Unfortunately, our immigration laws have not been updated to reflect the needs of our 21st century economy. Due in large measure to the uncertainty they face, undocumented workers now comprise about half of the farm workforce, but they are living and working in a state of uncertainty and fear, which contributes to the destabilization of farms across the Nation.

H.R. 5038 addresses these challenges head-on. The bill provides temporary status to current farmworkers with an optional path to a green card for those who continue to work in agriculture. The bill also addresses the Nation’s future labor needs by modernizing the H-2A temporary visa program while ensuring fair wages and workplace conditions for all farmworkers.

We have seen many attempts to solve this issue through legislation while I have been in Congress. I am pleased that today, we finally have a bipartisan, balanced solution, one that we should all be able to support.

This bill is a victory for farmers who have struggled with persistent labor challenges for decades. It is also a victory for farmworkers, who have worked tirelessly to grow and harvest food for our Nation without proper labor protections or any guarantee that they can remain in this country. No acceptable solution can fail to deal with this reality.

That is why H.R. 5038 is the right solution. I hope my colleagues will find the courage to vote today in favor of providing a seat at America’s table for those who are responsible for providing the food that we serve on all our tables.

I thank the gentlewoman from California (Ms. LOFGREN), my friend and colleague, and the chair of the Immigration Subcommittee, for her leadership and steadfast commitment to the bipartisan process that led to today’s vote on the Farm Workforce Modernization Act, and I urge all of my colleagues to do what is right and to support this bill.

Mr. Speaker, I reserve the balance of my time.

HON. JERROLD NADLER, Chairman, Committee on the Judiciary, Washington, DC, December 9, 2019.

H.R. 5038, the “Farm Workforce Modernization Act of 2019,” that fall within your Committee’s Rule X jurisdiction. The Committee on the Judiciary confirms our mutual understanding that your Committee does not waive any jurisdiction over the subject matter contained in this or similar legislation, and your Committee will be appropriately consulted and involved as the bill similar legislation moves forward so that we may address any remaining issues within your Committee’s jurisdiction.

I will ensure that this exchange of letters is included in the Congressional Record during floor consideration of the bill. I appreciate your cooperation regarding this legislation and look forward to continuing to work with you as this measure moves through the legislative process.

Sincerely,

JERROLD NADLER, Chairman.
have worked to make the bill better, but this bill is still the same fundamentally flawed bill that came before us in the Committee on the Judiciary a few weeks ago. What is worse is that House leadership put this bill on the floor under a closed rule without an amendment. They have thrown a number of problems with the bill that a rigorous debate and thoughtful amendments could address, but that will not be happening today.

More likely, we don't have the slightest idea of how many individuals this bill will put on a pathway to citizenship. And while I would like to think that all of our agricultural workers are trustworthy, good people, we don't have any way to verify that before granting certified agricultural work status.

The chairperson will assert that aliens seeking status under the bill will need to have a clean record in order to be put on a pathway to citizenship, but this is not true. H.R. 5038 allows an illegal alien to receive certified agricultural worker status and get on a pathway to citizenship even if they have been convicted of two crimes involving moral turpitude, controlled substances, or if they were involved in prostitution or trafficking. The bill also permits an individual to receive status after being convicted of two misdemeanors with a third conviction pending.

We saw the Democrats vote down an amendment from Representative CHABOT that would have made an alien ineligible for amnesty if they are charged with two DUI’s or one DUI with an injury. You can’t tell me that you are serious about ensuring only people with clean records take advantage of this system if you reject amendments that bar criminals from taking advantage of our system.

Additionally, H.R. 5038 allows individuals to apply for legal status and a work permit, which is not limited to agricultural industries, with little more than an affidavit claiming that the individual worked unlawfully in this country for 1,035 hours or 180 workdays over the past 2 years. This means applicants will have worked less than 6 hours per day for less than 4 months over a 2-year period.

I appreciate that my colleagues heard my concerns and changed the overall structure of the petitioning process to a higher standard preponderance of evidence; however, the underlying provisions haven’t changed. The bill still allows an individual petitioning for status to meet that preponderance burden by providing documents, including their own affidavit of work history as long as those documents meet a just and reasonable inference standard.

Let me remind everyone here that existing case law finds that just and reasonable inference standard essentially requires adjudicators to accept a petition based on nothing more than an individual’s word. This is the same evidentiary standard unsuccessfully used in the 1986 special agricultural worker legalization bill, which led to widespread fraud, and even amnesty, for one of the World Trade Center bombers. He wasn’t an agricultural worker at all, but a taxi driver in New York City.

Unfortunately, while I appreciate the chairperson’s effort to work with me here, this change won’t solve these problems. My friends on the other side of the aisle also rejected Representative HUNT’s amendment that would specify that certified agricultural workers would only be eligible to work in agriculture. While the individual may receive status as an agricultural worker, there is no guarantee that they won’t immediately find a job in another industry as soon as possible.

Additionally, the bill does nothing to stop potential Social Security fraud. Individuals who have been fraudulently using a falsified Social Security number, sometimes for many years, to obtain a work status and benefits, will get off without even so much as a slap on the wrist.

Furthermore, this bill fails our adjudicators at USCIS by preventing them from accessing the most comprehensive background check databases when determining whether an applicant for certified agricultural worker status poses a public safety risk. We need to ensure our investigators have all the information they need to ensure that we are not allowing felons and violent individuals to remain in the country.

The bill also provides a handout to the trial attorneys and presents an increased risk of litigation for agricultural employers by giving H-2A workers a Federal private right of action. This provision ignores the current H-2A program’s existing administrative processes. The bill fails to provide employers the opportunity to cure violations before a suit may go forward. This is fundamentally unfair to the hardworking farmers, growers, and ranchers who care about their employees.

I ask my colleagues: Would you prefer having the problem fixed or you just want to give trial attorneys another opportunity to sue?

Finally, the bill fails to achieve the desired results on a number of provisions that have the potential to truly help our agricultural employers. The authors promised to streamline the application process, address wage problems, and provide employers a lasting labor solution. The bill streamlines data entry for H-2A applications but does nothing to encourage concurrent agency review of H-2A applications. This essentially speeds up the data entry process exactly the same.

I appreciate that my colleagues codified H-2A procedures and included a pool of 20,000 visas for year-round industries, including dairy farmers and sheep and goat herders, but this falls far short of industry’s needs and fails to fix the problematic version of existing law.

Once again, I am glad that my colleagues are trying to solve this problem. I truly want to support the farmers, growers, dairymen, and ranchers in my district and throughout the country. We need to find a solution that ensures our agricultural employers have a reliable labor pool. My colleagues and I want to strike an Ag labor agreement; unfortunately, this bill is fatally flawed, and I must oppose it in its current form.

Mr. Speaker, I reserve the balance of my time.

Ms. LOFGREN. Mr. Speaker, I yield myself 3 minutes.

Mr. Speaker, I rise in strong support of this bill today. I am proud of the bipartisan work that was done to get us to this point. Representatives NEWHOUSE, SIMPSON, LAMALFA, DIAZ-BALART, UPTON—so many others on the Republican side—here: PANETTA, PELOSI, and many others, work to fix our nation’s immigration laws. We have seen a massive increase in the number of problems with the bill that this compromise addresses, but this bill is still the same fun-
issues, and I want to deal with them just briefly. You know, we have robust protections against criminality in this bill. And I would like to note, that the bars that we have put into this bill are substantially more than was in the bill proposed by Representative Goodlatte that most Republicans voted for in the last Congress. He didn’t have anything additional. We do. We have security bars; we have criminal bars that are additional.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Ms. LOFGREN. Mr. Speaker, I yield myself an additional 15 seconds.

Mr. Speaker, any felony conviction, any aggravated felony conviction, more than two misdemeanors of any kind, we have the ability in the Department of Homeland Security to simply deny the visa if there is any concern about the conduct of the applicant.

Mr. Speaker, this is a good bill. We should support it, and I reserve the balance of my time.

Mr. BUCK. Mr. Speaker, I yield 3 minutes to the gentleman from California (Mr. McCLINTOCK), my friend.

Mr. McCLINTOCK. Mr. Speaker, I thank the gentleman for yielding.

Mr. Speaker, history warns us that nations which either cannot or will not secure their borders simply aren’t around very long. And if we will not enforce our immigration laws, our borders mean nothing. America ceases to become a unique nation and simply becomes a vast international territory between Canada and Mexico.

Now, I understand agriculture’s need for labor, especially in so tight a labor market as our blossoming Trump economy has created. Years ago, the Bracero program provided a means for seasonal laborers to come to America, be protected under our laws, and provided with a powerful incentive to return in the form of a significant financial deposit. But when the season ended, they were free to go. Now, this program can only work when our immigration laws are being uniformly enforced.

Instead, this bill ignores enforcement and rewards anyone who has illegally crossed our borders, both with amnesty and a special path to citizenship, as long as they claim to have worked part-time in the agriculture sector for the last 2 years.

Mr. Speaker, I rise in strong support of H.R. 5038, the Agricultural Worker Program Act of 2019.

This legislation will stabilize the agricultural sector and preserve our rural heritage by ensuring that farmers can meet their labor needs well into the future.

First, the bill establishes a program for agricultural workers in the United States (and their spouses and minor children) to earn legal status through continued agricultural employment.

Specifically, the bill creates a process for farm workers to seek Certified Agricultural Worker status—a temporary status for those who have worked at least 180 days in agriculture over the 2-year period.

Certified Agricultural Worker status can be renewed indefinitely with continued farm work (at least 100 days per year).

Applicants must undergo background checks and pass strict criminal and national security bars.

Dependent status is available for spouses and minor children.

This bill does not require workers to do or apply for anything else in order to stay and work in the United States.

But long-term workers who want to stay have the option of earning a path to lawful permanent residence by paying a $1,000 fine and engaging additional agricultural work, as follows:

Workers with 10 years of agricultural work prior to the date of enactment must complete 4 additional years of such work.

Workers with less than 10 years of agricultural work prior to the date of enactment must complete 8 additional years of such work.

The Farmworkers movement in this country was started and led by a great leader, Cesar Chavez who said, “We cannot seek achievement for ourselves and forget about progress and prosperity for our community. Our ambitions must be broad enough to include the aspirations and needs of others, for their sakes and for our own.”

The Texas Farm Worker Union ("TFWU") was established by Antonio Orendain and farmworker leaders of the Rio Grande Valley active with the United Farm Workers after a disagreement with UFW leadership over direction of amelon strike in south McAllen, TX in 1975.

In August 1975, nearly ten years after he began organizing farm workers for the United Farm Workers in the Rio Grande Valley of South Texas,

Mr. Speaker, I ask my colleagues to support H.R. 5038, the Agricultural Worker Program Act of 2019.

This is a big step in making our immigration system more humane and more efficient. I know the farming and agricultural communities in the state of Texas farm and my district borders communities that farm.

I urge my colleagues to support this bill which protects thousands of families from deportation.

With over 60 Democratic and Republican cosponsors, the bill has garnered significant bipartisan support.

This bill protects hardworking agricultural workers from reckless deportation.

The bill's progress will regularize and who want to contribute to helping the agricultural industry in this great nation.

My amendment which I believe is a positive addition to this legislation, to ensure that individuals have the right to work in the United States.
(TPS) & Deferred Enforced Departure (DED) who are farmworkers are eligible to qualify for Certified Agricultural Worker status, and the path to legalization and citizenship that is created by the bill.

AMENDMENT TO THE AMENDMENT IN THE NATURE OF A SUBSTITUTE TO H.R. 5038 OFFERED BY MS. JACKSON LEE OF TEXAS

Page 3, strike lines 19 through 21 and insert the following:

(B) on the date of the introduction of this Act—

(i) is inadmissible or deportable from the United States; or

(ii) is under a grant of deferred enforced departure or has temporary protected status under section 244 of the Immigration and Nationality Act.

I would like to thank Congresswoman Lofgren and her team for working with our office to insure that this would be a positive way of making the point that individuals who are around farming areas can continue to do great work.

I would like to thank the organizations involved in the assisting in crafting this amendment, such as the United Farm Workers, UFW Foundation and Farmworker Justice.

My amendment, and this bill, are about doing the right thing. One important goal of this legislation is to recognize the contributions of farmworkers to our nation’s agricultural success.

Individuals with TPS, from Haitian workers in Florida to Honduran workers in California, and those with DED, including UFW members in Washington, are a key part of our nation’s farmworkers.

We must afford those individuals with TPS and DED the same opportunity to earn a more secure temporary status and lawful permanent residency as will be given to many of our nation’s other farmworkers.

Many of these individuals have been living in the U.S. for years and have U.S. citizen children.

All they wanted to do was to get a pathway to citizenship in a myriad of directions but in particular, to do it legally.

Ensuring that farmworkers who have TPS and DED are eligible to participate in the Farm Workforce Modernization Act’s legalization program is important to provide needed stability to this workforce.

Moreover, it necessary to further the legislation’s intent to stabilize the current agricultural labor supply and to ensure that farmworkers are able to join more fully the society that they are helping to feed.

I would like to thank the Judiciary Committee, my colleagues, both Republican and Democrat, and in particular, Chairman Nadler and Ms. Lofgren, who emphasized a very important point that this has been a year of working together.

I am reminded of our tenure here on the Judiciary Committee and I think we have attempted to be fair and bipartisan on immigration reform for at least 2 decades.

I am also reminded of the legislation that came from the Senate, led by the late Senator John McCain that was a bipartisan bill that attempted to respond to the issues of undocumented persons.

UNITED FARM WORKERS SUPPORT FOR THE FARM WORKFORCE MODERNIZATION ACT (H.R. 5038—LOFRENN)

The United Farm Workers of America supports the bipartisan Farm Workforce Modernization Act (H.R. 5038). We were proud to join the bipartisan group of members of Congress and the major grower associations to develop and support H.R. 5038. It is crucially important that the United States live in a deep, all-embracing fear that they themselves cannot provide food for their families. The human cost and stress for farm workers and their families as they live in fear of deportation and harassment due to our broken immigration system threatens our nation’s food supply and is a source of great shame for our nation. The compromise legislation authored by Representatives Lofgren, cosponsored by a bipartisan, diverse group of over 50 members of the House, and endorsed by the Congressional Hispanic Caucus will go a long way towards improving the lives of farm workers today and in the future, and our broken immigration system.

We support H.R. 5038 for a simple reason: it will make the lives of all farm workers better. H.R. 5038 meets the following basic principles:

1. Equality of Treatment—the new agricultural visa program will allow farm workers and their families to have the same rights and protections as current U.S. farm workers.

2. No Discrimination—the program does not create major incentives to discriminate against U.S. workers (including newly legalized workers).

3. Fairness in pay—the pay rates protect U.S. workers and supports predictable pay increases.

4. Eligibility to earn permanent residency—no one that works that feeds our country should be condemned to permanent second-class status, and H.R. 5038 changes our current immoral system.

You have the ability to pass H.R. 5038. If H.R. 5038 is law, agricultural workers will have stability in their lives, and their families and the agricultural industry. Please vote YES on H.R. 5038.

Mr. BUCK. Mr. Speaker, I yield 3 minutes to the gentleman from Washington (Mr. NEWHOUSE).

Mr. NEWHOUSE. Mr. Speaker, I want to thank my good friend from Colorado for yielding me time.

Mr. Speaker, if you talk to any farmer in this country, one of the biggest issues that they often raise is something they are concerned with, is their labor force, a secure and legal labor force. And that is what brought together a bipartisan group of Members of Congress, representatives from agricultural groups around the country, as well as agricultural labor groups around the country, to come up with a bill to deal with the labor situation that we have in this country, to provide a certain legal labor force; something that is simple in saying that, but very, very complex in order to get to the solution.

So this has three titles. Number one deals with the current workforce. We have come up with something that the President has asked for: a merit-based system to provide legality to our current workforce that requires a history of ag labor; it requires fines because people broke the law to get here; and it requires people to stay engaged in the agricultural industry.

Title two simply is to reform the H-2A program, something that we desperately need. It makes it more responsive, more efficient. It will cap the ever-skyrocketing wage growth in this country of the AEWR to 3.25 percent per year. Some States next year are facing a 9 1/2 percent increase.

On top of that, it will allow full-time employers, like dairies, to be able to take advantage and utilize the H-2A program.

And third, it will require a phase-in of the E-Verify system, something that Republicans have wanted for a long time, and something that I think will remove an incentive for people to illegally cross the border and will do a lot to secure the security of our country.

This bill provides certainty for farmers and farmworkers.

Mr. Speaker, I include in the RECORD some letters of support from the National Association of Counties, the Chamber of Commerce of the United States of America, the Americans for Prosperity, the National Association of State Departments of Agriculture, the Committee on Migration, and included in a letter to leadership, a list of over 300 agricultural organizations across this great country in support of this legislation.

I would like to respond to the issues of undocumented persons.

The United Farm Workers of America, representing a broad cross-section of agriculture and its allies, urge you to advance the Farm Workforce Modernization Act (H.R. 5038) through the House to address the labor crisis facing American agriculture. A stable, legal workforce is needed to ensure farmers and ranchers have the ability to continue producing an abundant, safe, and affordable food supply.

The effects of agriculture’s critical shortage of labor reach far beyond the farm gate, negatively impacting our economic competitiveness, local economies, and jobs. Economists have found that every farm worker engaged in high-value, labor-intensive crop and livestock production sustains two to three off-farm jobs. As foreign producers take advantage of our labor shortage and gain market share, America will export not only our food production but also thousands of these farm-dependent jobs. Securing a reliable and skilled workforce is essential, not only for the agricultural industry but for the U.S. economy as a whole.

The House must pass legislation that preserves agriculture’s experienced workforce, ensuring current crop and livestock labor needs, such as dairy and livestock which currently do not have meaningful access to any program.

While the bill does include a few provisions that raise significant concerns for agricultural community, we are committed to working together throughout the legislative process to fully address these issues. It is vital that we move the Farm Workforce Modernization Act (H.R. 5038) through the House as a significant step in working to meet the

HON. NANCY PELOSI, Speaker, House of Representatives, Washington, DC.

HON. KEVIN McCARTHY, Minority Leader, House of Representatives, Washington, DC.

DEAR SPEAKER PELOSI AND MINORITY LEADER McCARTHY: On behalf of the National Association of Counties and the 3,069 county governments we represent, we are writing in strong support of the Farm Workforce Modernization Act (H.R. 5038). This bill would preserve, expand and improve on the processes and resources aimed at helping counties bolster our nation’s agriculture workforce. County governments across the country face many challenges to providing quality
and affordable housing options for rural families and farm laborers. Unfortunately, federal regulations often are inflexible and too restrictive to address the unique needs of our rural communities. Much of our nation’s existing farm labor housing has also aged past its useful life with severe physical problems, including inadequate heating, plumbing and space.

Additionally, we are encouraged by efforts in this bill to modernize and simplify the H–2A process and ensure that a reliable and capable workforce is available for the nation’s farmers and ranchers. This bill would provide stability and consistency in our farm labor force and create a realistic path for migrant workers to earn a path to permanent residency for those who choose to do so.

We ask that you join us in support of the Farm Work Modernization Act and help strengthen our nation’s local agricultural economies. Thank you for your time and consideration on this important matter.

Sincerely,

HON. MARY ANN BORGESON, Commissioner, Douglas County, Nebraska, President, National Association of Counties.

HON. MELISSA MCKINLAY, Commissioner, Palm Beach County, Florida, Chair, NACo’s Agriculture and Rural Affairs Steering Committee.

CHAMBER OF COMMERCE OF THE UNITED STATES OF AMERICA, October 30, 2019.

TO THE MEMBERS OF THE HOUSE OF REPRESENTATIVES: The U.S. Chamber of Commerce supports the Farm Workforce Modernization Act, which would take important steps to address the growing struggle of agricultural employers to meet their workforce needs.

The inability of American farmers to effectively meet their workforce needs does not affect the agricultural industry in a vacuum. When crops rot in a field because farmers do not have enough workers for the harvest, this does not only harm the interests of that farmer. These situations also negatively affect the shipping company that would have transported those products, and the retailers that would have sold them.

Furthermore, the uncertainty caused by the insufficient quantity of agricultural workers in the U.S. has enabled foreign agricultural producers to take advantage of this situation and gain market share. American agricultural producers will only become less competitive in the global marketplace if these workforce problems persist.

The Farm Workforce Modernization Act seeks to provide workforce stability for agricultural employers by allowing unauthorized farm workers to earn legal status in the U.S. This legislation also would address future agricultural workforce needs by updating the temporary agricultural worker program, most notably providing eligibility to employers who have year-round labor needs, which is critical for dairy and livestock. Furthermore, the bill would enhance domestic security by making the use of E-Verify mandatory for employers seeking to hire temporary agricultural workers.

This bill would benefit from further refinement. The proposed prevailing wage levels for temporary agricultural workers, as well as the new annual visa quotas for year-round agricultural employment, should be more responsive to market needs. In addition, the transition period for agricultural employers to utilize the E-Verify system should be extended in order for employers to better adjust to the new compliance burdens being foisted upon them. We are committed to working with members of both parties to address these and other issues to improve the bill as it proceeds through the legislative process.

Sincerely,

NEIL L. BRADLEY, Executive Vice President and Chief Policy Officer.

DEAR REPRESENTATIVE: On behalf of our organizations and the millions of activists we represent, we applaud the bipartisan efforts from lawmakers in the House of Representatives on the Farm Workforce Modernization Act of 2019. This bill represents a step in the right direction by modernizing components of our guest worker program and legal immigration system. It will also help our country better meet the needs of employers and guest workers in the agricultural sector.

We are encouraged by lawmakers’ efforts to streamline the H–2A program aimed at reducing some of the burdens imposed on employers and workers, in addition to considerable reforms that create new legal channels which currently are not available.

While the legislation is not perfect, the bill represents an important step forward to improve the way we issue temporary visas for guest workers and green cards for aspiring immigrants. We look forward to working with members to improve this bill by further reducing unnecessary regulations that impede upon the ability for employers and employees to freely contract in a mutually beneficial manner.

With only a few legislative days remaining, we urge lawmakers to continue working together to modernize and improve our guest worker program and stand ready to partner with lawmakers to accomplish this goal.

Sincerely,

BRENT GARDNER, Chief Government Affairs Officer, Americans for Prosperity.

DANIEL GARZA, President, The LIBRE Initiative.

NATIONAL ASSOCIATION OF STATE DEPARTMENTS OF AGRICULTURE, Arlington, VA, October 25, 2019.

HON. ZOE LOFgren, Chairwoman, Subcommittee on Immigration and Citizenship, House Committee on the Judiciary, House of Representatives, Washington, DC.

HON. DAN NEWHOUSE, House of Representatives, Washington, DC. In Re Support for the Farm Workforce Modernization Act.

DEAR CHAIRWOMAN LOFgren AND CONGRESSMAN NEWHOUSE: The Farm Workforce Modernization Act (PWMA) is a crucial step forward toward solving agriculture’s need for labor. NASDA thanks you for your hard work negotiating and finding compromises on a bipartisan bill that successfully increase access to farm labor across the country. Foreign-born workers are an essential part of the U.S. agriculture workforce and an estimated half of U.S. farm workers are currently foreign born. For years, the agriculture industry has struggled to access sufficient labor in sectors ranging from produce to animal husbandry. The PWMA is a response to the current low unemployment in the United States. These factors are why the National Association of State Departments of Agriculture urges Congress to pass the FWMA. NASDA represents the Commissioners, Secretaries, and Directors of the state departments of agriculture in all fifty states and four U.S. territories. NASDA members represent all agriculture in their states and field practical solutions for agricultural labor shortage is a top priority for NASDA members.

Agriculture labor reform is crucial for ensuring that U.S. farmers and ranchers have a reliable and skilled workforce. This bill will, for the first time, make year-round visas available. This is crucial for the dairy industry and other industries that rely on temporary labor. Further, NASDA supports the bill maintaining the H–2A program while creating a new, more accessible and predictable worker status. This status and its renewable visas will increase certainty for farmers, ranchers and the farm workers who rely upon for the safe harvesting and handling of crops and livestock.

Farming is a multi-faceted effort is needed to fix the challenges with agriculture labor, so any progress made on this front is a step in the right direction. We look forward to advancing solutions to agriculture’s labor shortage with Congress.

Sincerely,

DOUG GOERING, NASDA President, North Dakota Agriculture Commissioner.

COMMITTEE ON MIGRATION, COMMITTEE ON DOMESTIC JUSTICE AND HUMAN DEVELOPMENT, November 12, 2019, Washington, DC.

DEAR REPRESENTATIVE: On behalf of the Committee on Migration and the Committee on Domestic Justice and Human Development for the U.S. Conference of Catholic Bishops, we write to urge you to support H.R. 5038, the Farm Workforce Modernization Act. This bipartisan legislation, introduced on October 30, 2019, by Representative Zoe Lofgren (D–CA) and several Republican and Democratic sponsors, would create an earned legal status program for agricultural workers and would improve the existing H–2A program.

Recognizing the dignity of work of farmworkers and their families is a central concern of the Catholic Church. In his 1981 encyclical, Laborem Exercens for the Holy Pope Paul II spoke of the importance of agricultural workers and the need to protect those working in the fields. Farmworkers produce the food that we eat and contribute to the care of our community. Regarding immigrant farmworkers, the bishops in the U.S. have long advocated for reforms of the existing system, including a legalization program that would help stabilize the workforce, protect migrant workers, and their families from discrimination and exploitation and ensure that those workers “continue to make contributions to society.”

H.R. 5038 proposes a meaningful way for migrant agricultural workers to earn legal status through continued agricultural employment and contributions to the U.S. agricultural economy. It also improves labor protections while producing employment flexibility that is needed to aid our agricultural industries. H.R. 5038 creates more accessible and predictable worker programs while improving more protections, such as improving the availability of farmworker housing and providing better health protections.

As recently written, H.R. 5038 is a step in the right direction and reflects genuine bipartisan engagement. We encourage you to
December 11, 2019

CONGRESSIONAL RECORD — HOUSE

I appreciate their efforts, but, again, I have worked around agriculture since I was 15, picking vegetables, loading vegetables, talking to farmers. And as a veterinarian, working for 30 years in that profession, I know the dairy situation.

I have talked to the migrant, and I have talked producer. This bill will not fulfill that need. This bill will allow people to get amnesty. They will leave agriculture and they will go into another industry. Therefore, going to solve the labor shortage of this country.

That is why there are alternatives out there. We have got a bill that we worked on in a bipartisan manner, that we have got strong support in industry, and it solves this problem. It creates a dedicated workforce for agriculture.

As you go through this bill, you see amnesty after amnesty. And, again, it does not solve the problem.

Our bill allows people to enter the country legally and are automatically enrolled in the E-Verify system. This bill promises to put the E-Verify system in place once it is implemented. We have heard that rhetoric out of Washington before. Once it is implemented, we will fix it.

This is the wrong way to go because this bill, again, will not create a predictable, certain, and reliable workforce for our agricultural producers. And I hear over and over again, the biggest challenge to our producers is a labor shortage.

We are getting to a point in this country where the next generation will not farm because of the unpredictability that this body has created, and this bill will not solve that. And we are getting to a point where either we are going to import our labor, or we are going to import our produce. A nation that imports its produce is not a secure nation. This bill will not fix it. This will make it worse.

Ms. LOFGREN. Mr. Speaker. Representative SYLVIA GARCIA, a member of the Judiciary Committee, and a former cotton picker, will submit a statement in support of this bill.

And I would just note, for the prior speaker, that the Florida Agri-Women, the Florida Blueberry Growers Association, the Florida Citrus Mutual, Florida Fruit & Vegetable Association, Florida Nursery, Florida Strawberry, and Florida Tomato Exchange think this bill will work.

Mr. Speaker, I yield 1 minute to the gentleman from Texas (Mr. CASTRO).

Mr. CASTRO of Texas. Mr. Speaker, I rise today in support of H.R. 5098, the Farm Workforce Modernization Act of 2019.

I am very proud to support Congresswoman LOFGREN, members of the Hispanic Caucus, and my colleagues on both sides of the aisle who helped make this bill possible today.

There are, in the United States, four or five major industries that would not exist the way they do but for immigrant labor, documented, and undocumented. One of those industries is the agriculture industry.

This bill would recognize the important work that undocumented workers do in our agriculture industry. It would recognize that they deserve respect; that it is dignified; that it has a place in our country; and that they have a place in our country. It would do so by allowing for a path to legal status for these workers.

For 2 million folks, it would mean that they would no longer face the threat of deportation; that they and their families could rest assured that in the middle of the night they would not be taken away from their children.

This legislation is important to our country, and I hope that all of my colleagues, Republican and Democrat, will support it today.

Mr. BUCK. Mr. Speaker, I yield 2½ minutes to the gentleman from Michigan (Mr. UPTON).

Mr. UPTON. Mr. Speaker, earlier this year, the President, speaking at the National Farm Bureau Convention, called for legislation to address agriculture immigration. And he acknowledged that the ag community, in his words, “needs people to help with the farms.” That is what this bill does.

As much as most of us would like to wave a magic wand and fix a very broken system, you know, what? We have failed. But it is not for the lack of trying. We simply haven’t had the votes; whether it is more or less border security; whether it is too comprehensive or too less. We can’t even fix the Dreamer issue. Come on.

This ag bill is going to pass, thank goodness. And I want to thank JIMMY PANETTA, DAN NEWHOUSE and other members of the bipartisan Problem Solvers Caucus, particularly Chair LOFGREN, who helped deliver legislation here to the House floor this afternoon.

Would I like to do more? You bet. But, you know, at the moment, this is the only step that we can do on a bipartisan basis this year. Let’s just face it.

If we can’t pass a narrow bill, when is it going to happen? This is the first step, so let’s get it done.

This bill is going to provide a long overdue and desperately needed overhaul to the H–2A program, and it builds on the July 2019 DOL’s proposal for H–2A reforms.

Key provisions include a freeze on the Adverse Effect Wage, which has led directly to dozens of farm closures in my district in Michigan; a streamlined and modernized application process to encourage more widespread adoption; creating a year-end H–2A visa program, allowing all of agriculture to utilize the program.

Now is the time, finally, to at least boldly act to pass a real ag labor reform measure that our ag community has long called for and the workforce that these farms rely on remains the envy of the world. I would urge all of my colleagues to support this.
Ms. LOFGREN. Mr. Speaker, it is really a great honor to yield 1 minute to the gentlewoman from Washington (Ms. SCHRIER), a freshman Member, but a person who has worked very hard behind the scenes to help advance this bill.

Ms. SCHRIER. Mr. Speaker, I thank the gentlewoman for yielding.

I thank my colleagues, Representatives LOFGREN and Representative NEWHOUSE, for their very hard work on this bipartisan bill.

The critical needs of our farmers and farmworkers have gone too long without being addressed by Congress. As the sole Member in the entire Northwest on the House Agriculture Committee, I am proud to represent the apple capital of the world, Wenatchee, as well as farmers and growers on both sides of the Cascades, and I can say that they are hurting.

What I hear from the farmers and orchardists across my State is that a stable workforce is critical to their ability to put food on our tables. As the domestic workforce is dwindling, more and more growers have been forced to turn to the burdensome and bureaucratic H–2A program for the workers they need to grow and harvest their crops.

Farmworkers are critical. If the cherries ripen and there is no one to pick them, our farms and our farmers will fail. Crops don’t wait, and millions of dollars and futures are at stake.

This important bill will provide a stable workforce for our farmers and a path to legal status for farmworkers and their families. This is the kind of winning bipartisan legislation that is exactly what our country needs. I encourage my colleagues to vote “yes.”

Mr. BUCK. Mr. Speaker, I yield 3 minutes to the gentleman from Idaho (Mr. SIMPSON).

Mr. SIMPSON. Mr. Speaker, I thank the gentleman for yielding.

I rise today in favor of H.R. 5038, the Farm Workforce Modernization Act, and I thank Chairwoman LOFGREN, her staff, the committee staff, and the personal staff of all the Members who have been working on this bill for, I don’t know, 8 or 9 months.

We all want the same thing, and we are here today addressing agriculture’s number one issue, and that is their labor force.

We will hear a lot during this debate, and we already have, about how this is amnesty and indentured servitude. It is neither of those things. In fact, those are gross oversimplifications, so the argument at best is insincere.

Let me say what this bill does. It legalizes the current workforce so long as workers get right with the law, have a clean criminal record, and can demonstrate the same work experiences our Members, Bob Goodlatte, said they must have to qualify. If they want to access further legal status, they work 4 to 8 more years in agriculture and then pay a fine and get in line while they continue to work in agriculture. That doesn’t sound like amnesty to me.

For my farmers back home who desperately need this, the bill streamlines the H–2A program to make it more affordable. It makes sure we aren’t doing everything we want, but it makes it better than what we have today, in fact, much better than what we have today.

It brings wages under control by freezing them for 1 year and then capping future growth. There will be a single online portal for farmers to access workers. It will also set up a year-round program for our dairymen, which they don’t currently have.

Some people have said this is a great bill for dairymen, but not the rest of agriculture. That is not true. This streamlines the H–2A program for all of agriculture, so it is a good bill for all of agriculture.

Finally, and again to my friends on my side of the aisle, almost all of us support E-Verify, and here it is. We have E-Verify in this bill.

Agriculture is the backbone of Idaho’s economy. Without this bill, how can we pretend to say that we care about rural America?

This bill has the support of the U.S. Chamber of Commerce, Americans for Prosperity, Cato Institute, and over 300 agricultural groups, which have already been entered into the Record.

This is in America saying they need this. I urge a “yes” vote on this bill, and I look forward to working with all of my colleagues to keep moving this bill forward so that it can ultimately be signed into law and solve a critical problem in America.

Ms. LOFGREN. Madam Speaker, I yield 1 minute to the gentleman from Oregon (Mr. SCHRADER), someone who has done a great deal of work and helped us get here today.

Mr. SCHRADER. Madam Speaker, I thank the gentlewoman for yielding.

I rise today in strong support of H.R. 5038, the Farm Workforce Modernization Act. This compromise bill represents the kind of legislation this body can put together and pass with broad bipartisan support when Members put aside ideological differences and choose to work together to solve a very serious and difficult issue.

With this legislation, we will finally begin to move forward, despite the administration’s trade war, which has led to a 15 percent reduction in Colorado agricultural exports in 2019. It has also stifled the migrant seasonal farmworker program when farmers need it the most.

Throughout this year, I have met with farmers in my district, including Robert Sakata of Sakata Farms in Brighton, Colorado, which was started in 1948 by his father. To Robert and other Western growers, modernizing the guest worker program is crucial to their success as a family farm and their contribution to our local economy.

I am also very proud of the work that PCUN in Oregon has done to help make this legislation a reality.

I hope our colleagues in the Senate are paying close attention and move this bill in short order. I urge all Members to support this bill today.

Mr. BUCK. Madam Speaker, I yield 2 minutes to the gentleman from Florida (Mr. DIAZ-BALART).

Mr. DIAZ-BALART. Madam Speaker, I thank the gentlewoman from Colorado for yielding. I rise today to strongly support this bipartisan bill.

You have heard today that, for decades, Congress has been talking about the broken H–2A system, the system that our farmers use to get the workforce that they need to grow our food. We have been talking about it for decades.

This system is broken and not only creates an economic issue for our farmers and for the country, but it also creates a national security issue. Imagine if we were forced to start having to import our food.

It is time to kind of just stop talking and start working to bring forward real bipartisan solutions? That is what this bill does. Is it perfect? No, but that is what this bill does. This bill helps our farmers, finally brings help to our farmers. It also regularizes our farm workforce, which helps our farmers, helps our communities, helps our economy, and helps our national security.

Again, this is crucial for those folks who work hard every single day and who are tired of hearing from Congress just words of how broken the system is. We finally have a bipartisan bill that does what we have been talking about for so many years. That is why I am proud to support this bill.

Ms. LOFGREN. Madam Speaker, I yield 1 minute to the gentleman from Colorado (Mr. CROW), a freshman Member who has worked behind the scenes to help bring us here today.

Mr. CROW. Madam Speaker, I thank the gentlewoman for yielding.

I am proud to stand here with my colleagues to support the Farm Workforce Modernization Act on behalf of farmers and farmworkers in Colorado. Colorado farms are doing all they can to farm forward, despite the administration’s trade war, which has led to a 15 percent reduction in Colorado agricultural exports in 2019. It has also stifled the migrant seasonal farmworker program when farmers need it the most.

In my home State of Oregon, we are a specialty crop State. We rely on manual labor for nearly every crop we grow. The labor shortage is the number one issue my farmers face. In many of our ag industries, like nursery crops or the dairy industry, we just heard referenced, the labor is needed year-round.

H.R. 5038 is a critical step forward in not only providing workforce stability for our farmers but also in providing a path to lawful permanent residency for hardworking farmworkers and their family members.
This important piece of bipartisan legislation will do just that. The bill will establish a program for Colorado farmworkers to earn legal status, improve the H-2A program by ensuring critical protections for workers, and establish a mandatory nationwide E-Verify system for all farmworkers.

I thank my colleague Representative LOFGREN and all those who have worked across the aisle to get this very important bill done.

Mr. RAHMAN, Madam Speaker, I yield 3 minutes to the gentleman from California (Mr. LAMALFA).

Mr. LAMALFA. Madam Speaker, I thank the gentleman for yielding.

Something needs to be underlined here. In this area here of a divided Congress, a divided country, this has been a unique opportunity to have a true bipartisan solution to a longtime, decades-old problem. I am proud of the work. Many of us have been able to get in the room as Members and as staff over many months and come to an agreement that is a pretty darn good solution for an ongoing problem.

This bill is not a DACA bill. It is not a fence bill or an amnesty bill. This is a narrow bill having to do with having a stable workforce for agriculture in this country. I come from California, and many of the crops we grow are very labor intensive. I am a farmer myself, but I don’t benefit from this bill. I don’t need that kind of labor, but just so it is disclosed.

But so many crops that come from California and others like the truck crops, the intensely labor needful crops, would disappear. We will end up importing them from somewhere else if we don’t have this workforce continue. This bill makes for a legal workforce, a documented workforce. Why wouldn’t we want that?

But heaven knows, you say the word “amnesty,” people go running for the hills, running for cover. This is not an amnesty bill. How could it be when it has benchmarks for the certified ag workers to come in to be vetted before they get that certification and to have benchmarks to become a legal permanent resident? Yes, at the very far end, there is an opportunity for citizenship. But heaven knows, you say the word “amnesty,” people go running for the hills, running for cover.

The other bill, this is an amnesty bill. It is not a fence bill or an amnesty bill. This is a narrow bill having to do with having a stable workforce for agriculture in this country. I come from California, and many of the crops we grow are very labor intensive. I am a farmer myself, but I don’t benefit from this bill. I don’t need that kind of labor, but just so it is disclosed.

But so many crops that come from California and others like the truck crops, the intensely labor needful crops, would disappear. We will end up importing them from somewhere else if we don’t have this workforce continue. This bill makes for a legal workforce, a documented workforce. Why wouldn’t we want that?

But heaven knows, you say the word “amnesty,” people go running for the hills, running for cover. This is not an amnesty bill. How could it be when it has benchmarks for the certified ag workers to come in to be vetted before they get that certification and to have benchmarks to become a legal permanent resident? Yes, at the very far end, there is an opportunity for citizenship. The way the process works, it would probably take 18 to 20 years to accomplish.

For those who are really concerned about it being a handout for citizenship or whatever, it still is a steep hill. Also, most American people would look at these ag workers as pretty good people. They are not perfect. There are issues here and there. But they are providing a needed service that I don’t see a lot of Americans willing to do at this age of 30 or 40 and all these other things where people are willing to go outside.

I have worked a lot of years myself in the heat and the Sun, and it is not even as tough as some of the other crops. But for what we are talking about, we really need to move forward.

This will help our dairies, which need year-round labor. We are losing our dairies in California. We are going to lose dairies in our country.

Let’s talk about the workers themselves for a moment. How humane is it, the process by which they have to come across the border, pay these people hundreds of thousands of dollars, with all these issues that they are subject to in coming across? No, we don’t want that.

We don’t want them coming across illegally. We want them coming across with a certificate that they have been vetted.

This bill has E-Verify in it. How big of a thing is that for Republicans, for conservatives, for people across the country? When this is phased in, we will have a very good process for verifying who it is that is coming in to do this work. We desperately need the labor.

It has been a long process. It will be a long process to continue to bring the labor force in.

I think if I want to be here 10 years from now still dealing with this, then let’s vote “no” on this bill. But if we want to make a solution, this is one that we can get right now in this atmosphere in D.C.

Ms. LOFGREN. Madam Speaker, I yield 1 minute to the gentlewoman from California (Ms. PELOSI), the Speaker of the House.

Ms. PELOSI. Madam Speaker, I thank the gentlewoman for yielding.

I commend Congresswoman LOFGREN for her tremendous leadership on this important legislation, the Farm Workforce Modernization Act.

I join with Mr. LAMALFA, my friend, my Italian America colleague from California, in his strong remarks for this bill.

It is bipartisan, and it is important for us to pass it.

I proudly join all of my colleagues on both sides of the aisle to support this bill, a historic bill for farmworkers and for growers, which ensures that America can continue to feed the world.

I salute, again, Chair ZOE LOFGREN for her months of tough, relentless leadership which this bill would not be possible.

I commend the leadership of the United Farm Workers. Arturo Rodriguez has been working on this bill for almost a generation, 17 years. Arturo Rodriguez and Teresa Romero have sent a statement of support for the legislation, which very clearly points out the need and the answer that this bill is about.

I submit for the RECORD the United Farm Workers statement of support for the Farm Workforce Modernization Act.

UNITED FARM WORKERS SUPPORT FOR THE FARM WORKFORCE MODERNIZATION ACT (H.R. 5038—LOFGREN)

The United Farm Workers of America supports the bipartisan Farm Workforce Modernization Act (H.R. 5038). We are proud to join the bipartisan group of members of Congress and the groups associated to develop and support H.R. 5038. It is cruelly ironic that the people who feed the United States live in a deep, all-encompassing fear that they themselves cannot provide food for their families. The human cost and stress for farm workers and their families as they live in fear of deportations is simply uncanny.

Due to our broken immigration system threatens our nation’s food supply and is a source of great shame for our nation. The compromise led by Speaker Pelosi and her Democratic colleagues and the bipartisan leadership led by Representatives LoFgren, cosponsored by a bipartisan, diverse group of over 50 members of the House, and endorsed by the Congressional Hispanic Caucus will go a long way towards improving the lives of farm workers today and in the future, and our broken immigration system.

Support H.R. 5038 for a simple reason—it will make the lives of all farm workers better. H.R. 5038 meets the following basic principles:

1. Equality of Treatment—the new agricultural visa program will allow farm workers and their families to have the same rights and protections as current U.S. farm workers.

2. No Discrimination—the program does not create major incentives to discriminate against U.S. workers (including newly legalized workers).

3. Fairness in pay—the pay rates protect U.S. workers and supports predictable pay increases.

4. Eligibility to earn permanent residence—one that works to feed our country should be conditioned for permanent second-class status. H.R. 5038 changes our current immoral system.

You have the ability to pass H.R. 5038. If H.R. 5038 becomes law, agricultural workers will have stability for themselves, and their families and the agricultural industry.

Please vote YES on H.R. 5038.

Arturo S. Rodriguez, President, United Farm Workers.

Arturo S. Rodriguez, President Emeritus and former Board Chair, United Farm Workers and UFW Foundation

Ms. PELOSI. So many Members brought their vision, their voices, their values to this process. I thank all of you for strengthening the bill we have on the floor today. I thank my friends from the groups doing the outside organizing that makes our inside maneuvering successful. We have all been inspired by the immortal words of our beloved Dr. Martin Luther King: “S.I. N.E.R.”

This legislation honors workers’ dignity and supports the farm economy with strong, smart reforms. The bill provides a path for legalization, as Mr. LAMALFA referenced, for currently undocumented farmworkers. No one who works to feed our country should be condemned to permanent second-class status.

The bill secures the agricultural workforce of the future by updating, expanding, and strengthening the H-2A initiative to ensure that farms have stable, secure workforces.

Critically, it demands fair, humane treatment for farmworkers, following the lead of legislation in California by securing fairness in pay, improving access to quality housing, and ensuring robust safety and heat illness protections.
helped lead the fight for farmworkers for decades. This fight is not only about ensuring fair wages and fair treatment, but about honoring the spark of divinity within each person, which makes us all worthy of dignity and respect.

This bill honors the 2 million farmworkers who are the backbone of our economy and country, powering our farm economy, and producing the food on our tables, even as they persevere through harsh working conditions and low wages.

As the United States Conference of Catholic Bishops wrote last month in support of this bill: “The dignity of work of farmworkers and their families is a central concern... Farmworkers produce the food that we eat and contribute to the care of our community.”

This legislation is a critical step forward for workers, for growers, and for the farm economy, but our work is not done. Led by Chair Zoe LOFGREN and Members from every corner of the country, we will continue to work to stabilize the farm economy, protect workers and their families, and maintain America’s proud agricultural preeminence in the world.

As I also do, I remember the words of the late Cesar Chavez. He said this: “To make a great dream come true, the first requirement is a great capacity to dream; the second is persistence.”

Madam Speaker, I thank Chair LOFGREN for her persistence, and I thank Mr. Rodriguez for his help.

I am pleased with the bipartisanship of this bill. I thank our Members for their persistence on this legislation, for which I urge a strong bipartisan vote.

Madam Speaker, I thank Mr. BUCK for his leadership on this as well.

Mr. BUCK. Madam Speaker, I yield 3 minutes to the gentleman from Arizona (Mr. Grijalva), my friend, who was the leader in Arizona in the legislature on these issues and others and is known throughout our caucus for his common sense and leadership, and I anxiously await his remarks.

Mr. HIGGS. Madam Speaker, I thank the gentleman for yielding time to me.

Many of us have heard from farmers and agricultural suppliers around the country about their need for labor to produce the food that was going to be given by the American people simply not interested in and won’t do. These workers endure very harsh conditions to make sure that food gets to our tables, from farm to table. We could not feed this country without these workers.

Many of these workers leave their families and journey to the United States in hopes of finding decent work at a respectable wage, yet far too often they are subjugated to exploitative servitude. That is why I stand heartened that the Farm Workforce Modernization Act has been brought forth to this House floor.

This bill has strengths, as others have talked about. It regularizes the workforce; it addresses very serious issues.

The SPEAKER pro tempore (Ms. DEGETTE). The time of the gentleman has expired.

Ms. LOFGREN. Madam Speaker, I yield the gentlewoman from Ohio an additional 15 seconds.

Ms. KAPTUR. Madam Speaker, this bill regularizes the workforce, addresses the very serious issues of heat illness prevention and decent lodging, and also has other necessary provisions that demand our support.

We must address the conditions of these workers. They cannot be preyed upon. I look forward to continuing to work with my colleagues to improve conditions not addressed in this bill.

Madam Speaker, I want to thank the chairwoman for her fantastic work, speaking up for some of America’s most forgotten workers.

Mr. BUCK. Madam Speaker, I have no further witnesses and am prepared to close.

I reserve the balance of my time.

Ms. LOFGREN. Madam Speaker, may I inquire how much time remains on each side?

The SPEAKER pro tempore. The gentlewoman from California has 15½ minutes remaining. The gentleman from Colorado has 4½ minutes remaining.

Ms. LOFGREN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I would like to first make a comment in lieu of the testimony that was going to be given by Representative CLAY from Missouri. Unfortunately—fortunately, I don’t know what they are voting on—the Financial Services Committee is meeting, and he has been detained there voting in that committee.

Ms. KAPTUR. Madam Speaker, I thank so very much Madam Chair for yielding to me and for her distinguished leadership on behalf of the American producers and farmworkers who are the subject of this important bill. I have a sense of how long she has worked on this legislation.

For too long, I have borne painful witness to the plight of our continent’s migrant farmworkers, as well as the problems our growers are having. These hardworking migrant workers endure harsh working conditions at jobs that the American people simply are not interested in and won’t do. These workers endure very harsh conditions to make sure that food gets to our tables, from farm to table. We could not feed this country without these workers.

This bill creates a new pathway to legal status for illegal aliens who have been working in the agricultural industry in the United States. Any alien who merely applies for legal status under the program, whether truly eligible, immediately receives work authorization, and the ability to travel outside the United States. Those who meet the requirements will be rewarded with a pathway to lawful, permanent resident status and, ultimately, citizenship.

This legislation is an unacceptable slap in the face to all those who follow our immigration laws.

Worse still, this legislation does little to root out fraud, instead, blatantly incentivizing it.

The ability to receive work authorization and other benefits upon application will likely lead many individuals to be encouraged to exploitative servitude. That is why I stand heartened that the Farm Workforce Modernization Act has been brought forth to this House floor.

This bill has strengths, as others have talked about. It regularizes the workforce; it addresses very serious issues.

The SPEAKER pro tempore (Ms. DEGETTE). The time of the gentlewoman has expired.

Ms. LOFGREN. Madam Speaker, I yield the gentlewoman from Ohio an additional 15 seconds.

Ms. KAPTUR. Madam Speaker, this bill regularizes the workforce, addresses the very serious issues of heat illness prevention and decent lodging, and also has other necessary provisions that demand our support.

We must address the conditions of these workers. They cannot be preyed upon. I look forward to continuing to work with my colleagues to improve conditions not addressed in this bill.

Madam Speaker, I want to thank the chairwoman for her fantastic work, speaking up for some of America’s most forgotten workers.

Mr. BUCK. Madam Speaker, I have no further witnesses and am prepared to close.

I reserve the balance of my time.

Ms. LOFGREN. Madam Speaker, may I inquire how much time remains on each side?

The SPEAKER pro tempore. The gentlewoman from California has 15½ minutes remaining. The gentleman from Colorado has 4½ minutes remaining.

Ms. LOFGREN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I would like to first make a comment in lieu of the testimony that was going to be given by Representative CLAY from Missouri. Unfortunately—fortunately, I don’t know what they are voting on—the Financial Services Committee is meeting, and he has been detained there voting in that committee.
Mr. CLAY was here to talk about an important thing that the Financial Services Committee helped us with in the drafting of this bill, and that is the improvement in the availability of farmworker housing while lowering employer costs as it relates to housing, and that is a win. We need to make sure that H-2A workers who come to the United States have a decent place to live while they are here working.

Now, preserving the existing housing stock, including H-2A, the Strategy and Investment in Rural Housing Preservation Act, which authorizes $1 billion to rehabilitate housing that is aging out of the USDA incentives program, is included in this bill.

Incentivizing new housing by tripling funding for USDA section 514 and 516 rural housing loan and grant programs and doubling funding for section 512 rental assistance programs, increasing the USDA loan project loan limitation and granting operating subsidies to section 514, 516 property owners who house H-2A workers is going to be a real important boost to rural America. Not only will it increase the amount of housing and the quality of housing, but it will also inject new economic activity in rural America. And we all know that, economically, rural America is suffering in terms of jobs more than other parts of the country.

So this is a win-win-win. It is a win for farmers by lowering their costs; it is a win for H-2A migrant workers so they can have a decent place to live; and it is a win for people who live in rural America who are going to be building these facilities, who will see an injection of funds to improve their economy.

So Mr. CLAY could not be here to talk about his bill, but I am talking about it on his behalf.

Madam Speaker, I yield 3 minutes to the gentleman from California (Mr. PANEETTA), the Representative for Salinas Valley, someone who has worked on this issue for a huge amount of time—not only he, but his staff.

Mr. PANEETTA. Madam Speaker, I thank Chairwoman LOFGREN for her amazing leadership on this bill. It is an honor to have her as a colleague. It is an honor to have her as my direct neighbor to the north in California.

Madam Speaker, let me also take this time to thank Representative DAN NUNN Hou se for his courage, his willingness to be bold on this bill was phenomenal.

Let me thank both of their staffs for the amazing amount of work that they did on this bill.

Madam Speaker, let me thank all of my colleagues on both sides of the aisle who have worked on this bill, especially FRED UPTON and the Problem Solvers Caucus, who are supporting this bill.

The bill, the Farm Workforce Modernization Act, is a step in the right direction for our agriculture, for immigration reform, and, yes, even this Congress.

This bill would protect our existing ag workers, and it promotes an enduring ag workforce. This bill does that by allowing those who have worked in ag to stay working in ag and the opportunity to earn a pathway here in this country.

It does that by modernizing an outdated system for temporary workers and adding 3-year visas for year-round workers. It does that by ensuring a number of visas, fair wages, a supply of housing, and safe working conditions.

By passing this bill, finally, farmers will have access to a dependable and experienced workforce, and farmworkers will not get just the legality, but the dignity that they deserve.

I am not only proud of the product in this bill, but all of us here in the House of Representatives should be extremely proud of the process behind the formulation of this bill.

For the past 9 months out of this year, farmers and farmworkers, Democrats and Republicans, came to a table, sat at the table, and stayed at the table to grind out the details in this bill.

Now, yes, it is not a perfect bill, but it really is a darn good bill, a bill that is the result of a compromise. That is why this bill is a huge step in the right direction for farmers, for farmworkers, for our agricultural communities, for our country, for Democrats and Republicans in this Congress, for workers who are as a democracy, built on a nation of immigrants.

Mr. BUCK. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I include in the RECORD Ranking Member COLLINS' statement.

Once again, I appreciate my colleagues' desire to fix this problem and provide our farmers and ranchers with a long-term solution to the labor supply problems in this country; however, this bill only addresses the existing problems and creates a whole host of new issues that we will have to revisit in a few years, and it polarizes Americans further.

My colleagues and I can agree that we need to fix this problem. Potentially allowing criminals a pathway to citizenship isn't the way. Allowing possible Social Security fraud isn't the way. Preventing our employers from curing problems and giving trial attorneys a handout isn't the way.

Madam Speaker, I truly want to help all of our farmers and ranchers, but this bill is wrong, and I cannot support it. I urge my colleagues to vote against the bill.

Madam Speaker, I yield back the balance of my time.

Ms. LOFGREN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, this is the time to act. For many years, under the leadership of different Speakers with different majorities, we have talked about dealing with this issue, and that is all we did: we talked.

The bill, the Farm Workforce Modernization Act, is a step in the right direction for our agriculture, for immigration reform, and, yes, even this Congress.

You know, there is never a perfect piece of legislation, but as Mr. PANEETTA said, this is a darn good piece of legislation.

It was the one that was crafted together, and a lot of people across America might be surprised that Republicans and Democrats sat down in a room, along with stakeholders who often don't agree with each other, and we worked things out. We came up with a plan that will work.

We know it will work because we have a list of close to 300 agricultural entities, farmers across the United States, who are asking us to please pass this bill. They know it will work.

Madam Speaker, I include in the RECORD that list.

Mr. CLAY was here to talk about an important thing that the Financial Services Committee helped us with in the drafting of this bill, and that is the improvement in the availability of farmworker housing while lowering employer costs as it relates to housing, and that is a win. We need to make sure that H-2A workers who come to the United States have a decent place to live while they are here working.

Now, preserving the existing housing stock, including H-2A, the Strategy and Investment in Rural Housing Preservation Act, which authorizes $1 billion to rehabilitate housing that is aging out of the USDA incentives program, is included in this bill.

Incentivizing new housing by tripling funding for USDA section 514 and 516 rural housing loan and grant programs and doubling funding for section 512 rental assistance programs, increasing the USDA loan project loan limitation and granting operating subsidies to section 514, 516 property owners who house H-2A workers is going to be a real important boost to rural America. Not only will it increase the amount of housing and the quality of housing, but it will also inject new economic activity in rural America. And we all know that, economically, rural America is suffering in terms of jobs more than other parts of the country.

So this is a win-win-win. It is a win for farmers by lowering their costs; it is a win for H-2A migrant workers so they can have a decent place to live; and it is a win for people who live in rural America who are going to be building these facilities, who will see an injection of funds to improve their economy.

So Mr. CLAY could not be here to talk about his bill, but I am talking about it on his behalf.

Madam Speaker, I yield 3 minutes to the gentleman from California (Mr. PANEETTA), the Representative for Salinas Valley, someone who has worked on this issue for a huge amount of time—not only he, but his staff.

Mr. PANEETTA. Madam Speaker, I thank Chairwoman LOFGREN for her amazing leadership on this bill. It is an honor to have her as a colleague. It is an honor to have her as my direct neighbor to the north in California.

Madam Speaker, let me also take this time to thank Representative DAN NUNN Hou se for his courage, his willingness to be bold on this bill was phenomenal.

Let me thank both of their staffs for the amazing amount of work that they did on this bill.

Madam Speaker, let me thank all of my colleagues on both sides of the aisle who have worked on this bill, especially FRED UPTON and the Problem Solvers Caucus, who are supporting this bill.

The bill, the Farm Workforce Modernization Act, is a step in the right direction for our agriculture, for immigration reform, and, yes, even this Congress.

This bill would protect our existing ag workers, and it promotes an enduring ag workforce. This bill does that by allowing those who have worked in ag to stay working in ag and the opportunity to earn a pathway here in this country.

It does that by modernizing an outdated system for temporary workers and adding 3-year visas for year-round workers. It does that by ensuring a number of visas, fair wages, a supply of housing, and safe working conditions.

By passing this bill, finally, farmers will have access to a dependable and experienced workforce, and farmworkers will not get just the legality, but the dignity that they deserve.

I am not only proud of the product in this bill, but all of us here in the House of Representatives should be extremely proud of the process behind the formulation of this bill.

My colleagues and I can agree that we need to fix this problem. Potentially allowing criminals a pathway to citizenship isn't the way. Allowing possible Social Security fraud isn't the way. Preventing our employers from curing problems and giving trial attorneys a handout isn't the way.

Madam Speaker, I truly want to help all of our farmers and ranchers, but this bill is wrong, and I cannot support it. I urge my colleagues to vote against the bill.

Madam Speaker, I yield back the balance of my time.

Ms. LOFGREN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, this is the time to act. For many years, under the leadership of different Speakers with different majorities, we have talked about dealing with this issue, and that is all we did: we talked.

The bill, the Farm Workforce Modernization Act, is a step in the right direction for our agriculture, for immigration reform, and, yes, even this Congress.
Dear Member of Congress:

We write to urge you to support the Farm Workforce Modernization Act of 2019, HR 5038. The bill is a bipartisan compromise representing the culmination of hard fought negotiations to address the needs of farmworkers and our agriculture system in the context of our broken immigration system. Importantly, this bill recognizes the valuable role of farmworkers in our food system by offering an earned path to legal immigration status and citizenship to farmworkers and their families.

If enacted, the Farm Workforce Modernization Act would provide an opportunity for experienced agricultural workers to apply for legal immigration status and eventual citizenship, and it would provide a regulated pathway to legalization for farmworkers who are already here.

The bill includes provisions that would help ensure that farmworkers have access to safe and healthy working conditions, as well as reasonable protections against exploitation and abuse. It also includes provisions that would help ensure that farmworkers have access to health care, education, and other social services.

We urge you to support this bill, which represents a fair and comprehensive approach to addressing the needs of farmworkers and ensuring a sustainable and competitive agriculture sector.

Sincerely,
[Signatures]

for legal status if they show employment in U.S. agriculture and meet other criteria. At least half of the nation’s roughly 2.4 million farmworkers are undocumented immigrants and many are urgently in need of a way to address the constant fear of deportation many farmworkers and their children experience. The ability to obtain immigration status and permanent residency is key to allowing farmworkers to bargain for better working and living conditions and to challenge serious labor abuses. This legislation would result in a more stable farm labor force and greater food safety and security to the benefit of employers, workers, and consumers.

The bill also would revise the existing H–2A visa program to address concerns of both farmworkers and agricultural employers. The compromise includes concessions made by all sides in this debate and includes both important new protections for farmworkers, such as new protections against trafficking, as well as provisions sought by employers. Importantly, for the first time, the bill would recognize the humanity of those working here under temporary visas by providing a path to status for those who satisfy the specified work requirements.

The Farm Workforce Modernization Act of 2019 is an important step forward and sends a clear signal that there are leaders in Congress ready to engage constructively on immigration reform and immigration relief is urgently needed to help many farmworkers and their children escape the constant fear of deportation and family breakup that is so stressful for many farmworker families. Removing the threat of immigration enforcement also would reduce chaos in the lives of farming businesses. With legal status and a path to citizenship, farmworkers would be better able to improve their wages and working conditions and seek enforcement of their labor protections. These improvements would result in a more stable farm labor force and greater food safety and security to the benefit of employers, workers, and consumers. The earned legalization program’s requirements are more rigorous and expensive than we would have preferred, but are acceptable in the effort to reach a realistic compromise.

The bill also would revise the existing H–2A agricultural guestworker program to address farmworker and employer concerns with the program. Farmworker advocates have pressed for reforms to reduce wide- spread abuses under this flawed program, while agricultural employers have lobbied heavily to remove most of its modest labor protections, claiming that the program is unduly expensive and bureaucratic. The bill’s lengthy provisions include important new protections for farmworkers as well as changes to address agricultural employers’ concerns. Compromise was necessary to achieve legislation that could become law and address serious harms imposed on farmworker families by our broken immigration system.

Farmworker Justice supports the Farm Workforce Modernization Act of 2019 because the bill, if passed, would enable hundreds of thousands of farmworker families to improve significantly their living and working conditions and their participation in our economy and democracy.

Farmworker Justice, based in Washington, D.C., is a national advocacy organization for farmworkers with over thirty-five years of experience serving the farmworker community regarding immigration and labor policy.

Farmworker Justice appreciates the scheduling of the mark-up of the bill by the Judiciary Committee, Madam Speaker. It understands the reluctance of other parties to engage in a lengthy debate or the program’s being a part of a larger immigration bill. We applaud the effort to protect farmworkers and their families by our broken immigration system. We did just one thing in this bill, and that was to deal with agriculture. We didn’t expand the definition of agriculture. There may be issues in other parts of the American economy, but we decided to focus on just this one thing: agriculture—not processing, not trucking, not forestry, just agriculture.

The Labors International Union has sent a letter in support, which I include in the Record today, noting that this bill works in the agricultural sector and they hope that we will vote for it.

Ms. LOFGREN. Madam Speaker, there have been some who have suggested privately, or even in public—the ranking member of the full committee in the Rules Committee last night said, “Well, the Title I bill should be covering chicken processing plants.”

We did just one thing in this bill, and that was to deal with agriculture. We didn’t expand the definition of agriculture. There may be issues in other parts of the American economy, but we decided to focus on just this one thing: agriculture—not processing, not trucking, not forestry, just agriculture.

path to legal immigration status and citizenship. H.R. 5038 does just that, providing security for millions of farm workers and their families. This in turn will lead to better wages and working conditions for a group of workers who have historically been subject to horrific abuses.

H.R. 5038 also specifies that employers who try to circumvent the H–2A program in industries covered by a different guest worker visa program (H–2B), including construction and landscape, cannot do so. Specifically, LIUNA is pleased that the provision included language to the effect of the H–2A program requirements to investigate and prevent fraud in the H–2A program, as well as to ensure that employers cannot simply claim that the majority of the worker’s duties are related to construction.

While LIUNA is supporting H.R. 5038, we want to be clear that while many of these reforms may make sense in the agricultural industry, it does not mean that all of the bill’s provisions are necessary or helpful for other guest worker visa programs or workers in other industries. Historically, agricultural workers have been treated under different rules and laws than those in other industries, both by the government and by the industry. At least some of the reforms in H.R. 5038 for the H–2A program may not work for the H–2B program, for example. The H–2B guest worker program is closely monitored by the USDA because the landscape and construction industries to deny workers already in the U.S. access to jobs and explore their options in and out of the U.S. The H–2B program must be significantly reformed in ways that will address the specific abuses of our union’s construction and landscape members and foreign workers alike. LIUNA looks forward to working with Congress on H–2B reform in the near future.

For decades, LIUNA has fought for comprehensive immigration reform, which remains our goal. While we work toward that end, LIUNA supports efforts including H.R. 5038 to give vulnerable workers and their families who have suffered historic exploitation a path to security and citizenship. LIUNA asks that you vote for H.R. 5038, the Farm Workforce Modernization Act.

With kind regards, I am
Sincerely yours,

Terry O’Sullivan,
General President

Ms. LOFGREN. There may be other issues when you come to other parts of the economy. We should address those issues as well, but we are going to have to do that by sitting down, just as we did in this case, with the unions, with the employers, with the stakeholders to see what the issues are and how can we craft a bipartisan solution that makes America strong, that makes our economy work.

I am confident we will have a chance to do that.

Now, I just want to say, some of the comments made, although I am sure made in good faith, about the bill are incorrect.

The comments, the suggestion that this will be riddled with fraud is just simply incorrect. These antifraud measures are the same that were included and, in fact, in some cases are tougher than were included in the Goodlatte bill that Members supported in the last Congress.

The criminal national security bars are stronger than were included in the Goodlatte bill in the last Congress.

And I have heard also that these farmworkers, who have worked in the fields, who have allowed us to eat vegetables and to have a salad, that they should get in line.

I will tell you a sad thing: There is no line for them. There is no line. So I urge you to pass this bill. We are allowing them to get right with the law and live lawfully, pay taxes, and do the jobs that we need them to do, that their employers need them to do, with dignity and without fear.

I cannot imagine whether we are talking to farmworkers who are so afraid because of enforcement. They are afraid to leave their homes to go to church on Sunday morning. That is not the kind of situation we want to have in America.

We write the laws. We can make sure that these individuals comply with the law. We have E-Verify in this bill. We have a system that will work for farmworkers, for farmworkers, and for America.

Madam Speaker, I yield back the balance of my time.
where labor shortages persist. Construction is a prime example of this. My district, along with the rest of North Texas is in the process of seeing rapid population growth. This means construction workers are in high demand to build new homes, schools, roads, and hospitals for the thousands of people moving to the region each month. Similar reforms in the construction industry would help in making sure the economy in North Texas can continue to prosper.

Madam Speaker, we have a unique opportunity here today to pass legislation that would benefit the nation. The reformed H–2A program is a prime example of this. My district is located in the heart of the dairy industry where dairy farms are the economic engine of my community. Many dairy farms are struggling to find workers to meet their needs. The current system is broken and needs to be reformed.

This bill represents true bipartisan efforts to help stabilize our nation’s agriculture crisis. It strengthens new workplace and legal protections for farmworkers, including gender-based protections and heat safety standards, are established under this bill.

Farmworkers have fought long and hard for these reforms. By voting to strengthen health and heat safety standards, we do right by the hardworking men and women who put food on our table.

This bill also modernizes the agricultural guest worker program in order to address the needs of the industry. After months of negotiations, I believe we have developed a commonsense solution that will help both farmers and workers.

I am proud to have worked with my colleagues to make this bill a reality. Mr. COLLINS of Georgia. Madam Speaker, Georgia is home to a vast agriculture industry with hardworking farmers, ranchers, growers and processors who contribute to America’s economy every day. In the northeast corner where my district is located, more than 10,000 farms operate, from peaches to cattle, chickens to strawberries.

There is no doubt that not enough American workers want to work in agriculture to fulfill the needs of the industry. Most farmers are offering competitive wages to attract workers, while at the same time being conscious of the reality that, when production costs get too high and they can no longer sell their crops at a competitive rate, they could be out of business.

Growers are increasingly turning to the H–2A visa program to get the labor they need for the long term. The current agricultural industry wants and deserves a streamlined program that provides more certainty as to the temporary labor needed to sustain their businesses.

H–2A users have asked Congress for many reforms of the H–2A program. Unfortunately, their demands have not been met.

The H–2A program is critical to the economy of many rural communities in Texas. It is a vital source of labor for local farms and ranches. The program allows farmers and ranchers to attract workers from Mexico and other countries to fill seasonal labor needs.

However, the program has faced significant challenges. Some of the main issues include:

- Lack of sufficient labor supply
- Long and expensive recruitment processes
- Inconsistent processing times
- High administrative costs

The bill makes several key improvements to the H–2A program, including:

- Streamlining the recruitment process
- Increasing the number of available workers
- Improving the labor certification process
- Enhancing worker protections

The bill also addresses some of the concerns raised by both growers and workers. It provides a clearer and more predictable system for workers and employers alike.

I urge my colleagues to support this legislation and work together to ensure that our nation’s food systems remain strong and resilient.

This bill is a remarkable step forward in ensuring that our agriculture workers have the tools they need to thrive.

Thank you, Madam Speaker, for your leadership on this important issue.
immigrants apply for amnesty and permits DHS to loot up to $10 million from the fees paid by those seeking legal immigration benefits—such as naturalization.

There are many more provisions of this bill that concern me. During the markup, my Judiciary colleagues and I offered amendments aimed at fixing some of these problems. Our amendments were defeated on party line votes.

At the outset of this Congress, I expressed to the subcommittee chair my desire to work together on an agricultural labor reform bill that has a chance to be enacted. Unfortunately, that didn’t happen. My offer was ignored, and the bill before us is not something I can support.

I urge my colleagues to oppose this bill. Ms. GARCÍA of Texas. Madam Speaker, I stand as an original cosponsor of the Farm Workforce Modernization Act.

Agricultural workers are crucial to our economy and this bill would establish a legal and reliable workforce. I support this bill because it recognizes the humanity of farmworkers and their families. This is personal to me.

I grew up poor picking cotton in the fields of South Texas.

I testify firsthand about the incredibly hard, back breaking work farm workers do, especially in the heart of South Texas.

Not much has changed since I worked in the fields.

This bill is long overdue and would provide farm workers with important worker protections and legal rights that they desperately need.

Texas is home to nearly 250,000 farms and the need for a strong agricultural workforce is vital.

The SPEAKER pro tempore. The gentleman from Washington (Mr. SMITH) and the gentleman from Texas (Mr. THORNBERY) each will control 30 minutes.

The Chair recognizes the gentleman from Washington. General Leave

Mr. SMITH of Washington. Madam Speaker, I yield myself 2 minutes.

Madam Speaker, this was not an easy process. This is an incredibly important piece of legislation. It authorizes the Department of Defense. It basically gives the authority to the men and women who work at the Department of Defense to defend our national security policy and defend this country.

And there is a lot of money, a lot of policy, and a lot of people interested in it.

We also have the problem that we have a divided government. We have a Republican President, a Republican Senate, and a Democratic House, who do not agree on a lot of issues. And those are the issues that tend to get focused on.

But what this conference report reflects, for the most part, is that we do agree on a lot; about 90 to 95 percent of what we were negotiating there was substantial agreement on: doing oversight of the Pentagon to make sure our taxpayer dollars are well spent and to make sure that the men and women serving in our Armed Forces, who we are asking to put their lives on the line to defend our country, will have the training, the equipment, and the support they need to carry out that mission.

And there are more provisions than I can count in this bill that help them do just that.

We all, in a bipartisan way, should be very proud of that accomplishment.

I think, ultimately, the biggest difference between where the Democrats in the House were at and where the Republicans in the Senate were at: We believe in more aggressive legislative oversight, particularly when it comes to matters of engaging in military action.

We remain deeply concerned about the war in Yemen. Now, it is not our war. Saudi Arabia and, to a lesser degree, the UAE are engaged in that, but we do support them. We want to make sure that we are not supporting them in a way that is contrary to our values and contrary to peace in the region.

Regrettably, we were not able to get the President, primarily, to agree on that, but I think it is something we need to continue to put pressure on.

We also believe that we shouldn’t go to war without congressional authority. We will continue to fight about that. We have the 2001 AUMF and the 2002 AUMF still on the books. 17, 18 years later. We need to update that. We need to make sure that we don’t go to war with Iran without authorization.

The SPEAKER pro tempore. The time of the gentleman has expired. The SPEAKER pro tempore. Pursuant to House Resolution 758, Mr. SMITH of Washington. Madam Speaker, I yield myself an additional 30 seconds.

All of that said, ultimately, we put together what is an excellent piece of legislation. The two big things I want to highlight in the moments I have left:

We finally repealed the widow’s tax. After 25 years of claiming we were going to do it, this bill does it. And we also gave paid parental leave for all Federal employees.

I believe both of these things are integral to national defense. The people grateful to a Valdosta Institute and national security. Taking care of widows, taking care of employees is incredibly important. It was not easy to do. We did it in this bill.

Madam Speaker, I urge adoption of the conference report, and I reserve the balance of my time.

Mr. THORNBERY. Madam Speaker, I yield myself 3 minutes.

Madam Speaker, I rise in support of this conference report. The most important thing I can say about it is that it is good for the troops and it is good for national security. And when it comes to a Defense authorization bill, that is all that really matters. This is a good bill, and it deserves the support of everyone in the House.

And a lot of credit—much of the credit—for navigating a very difficult political process goes to Chairman SMITH for getting us to this point. I am also grateful to Chairman BIEFELD and Senator REED during these final negotiations over the last 5 months as we have worked our way through a host of issues.

But it is also all of the conferees and members of the Armed Services Committee and, especially, the staff who have had to help us work our way through these things, essentially, all year. And it is a credit to all of them that we are in this place.

Madam Speaker, this bill does a lot, as Chairman SMITH just said, for the men and women who serve and their families.

There is a lot of focus on people here: For example, 3.1 percent pay raise; a number of provisions related to childcare for the military; increase in professional license fees for spouses; military housing reform, including a requirement for a tenant Bill of Rights; relief to the military for household goods; additional steps to combat sexual assault and harassment; a number of provisions related to military healthcare, to improve the quality of care that they get; compensation for medical malpractice at military treatment facilities; repeal of the widow’s tax, which is something that Congresswoman Jo Ellen WILSON, among others, has been pushing for for a number of years.
December 11, 2019

CONGRESSIONAL RECORD—HOUSE

Mr. SMITH of Washington. Madam Speaker, I yield 2 minutes to the gentleman from Tennessee (Mr. COOPER), the chair of the Subcommittee on Strategic Forces.

Mr. COOPER. Madam Speaker, we need to establish a Space Force, to keep GPS safe, to keep ATMs safe, and to keep Y-O-U safe.

Space Force is not a Trump idea. True, he tried to hijack it long after the House Armed Services Committee had voted on a totally bipartisan and nearly unanimous basis to support a Space Corps. Trump’s belated support for a Space Force does not make this a Republican idea.

Focus on space has been bipartisan since the first Pentagon Space Command in 1985, an initiative that was terminated in 2002 when America got distracted by the war on terror. Our adversaries and potential adversaries were not distracted, however.

Since 2002, they have relentlessly pursued anti-U.S. strategies against our defenseless satellites. They have made space a warfighting domain.

On behalf of the free world, we must respond. What is the difference between a Space Corps and a Space Force? One word. The language in this year’s NDAA is primarily the old Space Corps language, which passed the HASC this year unanimously.

The Strategic Forces Subcommittee provisions of this bill support the core mission of our nuclear forces to provide a strong deterrent. They also support nuclear safety as we modernize and re-capitalize our nuclear deterrent.

The conference agreement highlights the importance of New START and the Open Skies treaties for our U.S. and international security. We maintain congressional oversight over these key arms control agreements, including requiring a 120-day notice provision before any withdrawal from these treaties.

Developments in cooperation with our allies is essential to hold Russia accountable and to prevent an arms race.

The NDAA continues to support effective missile defense while overseeing critical programs, particularly as the Department of Defense considers new options for the next-generation interceptor.

Madam Speaker, I urge my colleagues to support this bill.

Mr. THORNBERY. Madam Speaker, I am pleased to yield 2 minutes to the gentleman from Ohio (Mr. TURNER).

Mr. TURNER. Madam Speaker, I support the National Defense Authorization Act for Fiscal Year 2020, and I, too, thank ADAM SMITH for his leadership in bringing a bipartisan bill as the final NDAA to this floor.

This bill continues the deployment of low-yield nuclear weapons to counter Russian violations of the INF. It also supports our nuclear modernization efforts in the DOD and the National Nuclear Security Administration to ensure a strong nuclear deterrent.

I also want to support the strong bipartisan support for missile defense that is in this year’s bill. This year’s bill demonstrates that the protection of our homeland from North Korean missile defense is not subject to partisan politics.

As co-chair of the Congressional Military Sexual Assault Prevention Caucus, along with my colleague and friend SUSAN DAVIS, I am proud of the work this conference report takes to further our mission of reducing instances of sexual assault in our ranks and caring for the victims of such acts.

The conference report includes provisions to improve the safety of military housing. It also has directed the Department of Defense to do a study of PFAS. This also includes ensuring that blood tests are conducted for our firefighters on military bases who might have been exposed.

I am proud of the hard work that this conference report has done to safeguard America’s national security interests, and I urge my colleagues to support it.

Mr. THORNBERY. Madam Speaker, I yield 2 minutes to the distinguished gentleman from Virginia (Mr. NORCROSS).

Mr. NORCROSS. Madam Speaker, I thank the chairman for yielding, for his leadership through this tough conference, and for bringing this bill to the floor.

Madam Speaker, this bill continues the Tactical Air and Land Forces Subcommittee’s long tradition of bipartisan work to make America’s land and air forces the best in the world.

I also thank our subcommittee ranking member, Mrs. HULTZEL, for her commitment and contributions to this process and upholding that tradition of bipartisan work.

Our cooperation has kept us focused on what is truly important. We have delivered a defense bill that addresses the modernization and readiness requirements of our Nation’s air and land forces.

At the same time, this bill includes bipartisan provisions that allow for aggressive oversight of the Department’s largest and most complex, expensive, and risky programs to protect the taxpayer and support our military.

This bill also manages risk in our American defense industrial base by providing additional funds for the Army Chinook helicopter, armored vehicles, and trucks.

This bill includes long-overdue changes that improve the quality of life for our men and women in uniform, the workforce that supports them, and the families who serve right beside them. This bill provides 12 weeks paid parental leave for those workers across the Federal Government and includes a 3.1 percent pay increase for our military servicemembers.

Additionally, the bill provides health protections for military families and retirees from exposure to the potentially cancer-causing PFAS. This also includes ensuring that blood tests are conducted for our firefighters on military bases who might have been exposed.

I am proud of the hard work that this conference report has done to safeguard America’s national security interests, and I urge my colleagues to support it.

Mr. THORNBERY. Madam Speaker, I yield 2 minutes to the distinguished gentleman from Virginia (Mr. WITTMAN).

Mr. WITTMAN. Madam Speaker, I thank Mr. THORNBERY for yielding.

Madam Speaker, this is not a good conference report. This is a great bipartisan committee has done to serve America’s national security interests, and I urge my colleagues to support it.

Mr. THORNBERY. Madam Speaker, I yield 2 minutes to the distinguished gentleman from New Jersey (Mr. NORCROSS), chair of the Subcommittee on Tactical Air and Land Forces.

Mr. NORCROSS. Madam Speaker, I thank the chairman for yielding, for his leadership through this tough conference, and for bringing this bill to the floor.

Madam Speaker, this bill continues the Tactical Air and Land Forces Subcommittee’s long tradition of bipartisan work to make America’s land and air forces the best in the world.

I also thank our subcommittee ranking member, Mrs. HULTZEL, for her commitment and contributions to this process and upholding that tradition of bipartisan work.

Our cooperation has kept us focused on what is truly important. We have delivered a defense bill that addresses the modernization and readiness requirement of our Nation’s air and land forces.

At the same time, this bill includes bipartisan provisions that allow for aggressive oversight of the Department’s largest and most complex, expensive, and risky programs to protect the taxpayer and support our military.

This bill also manages risk in our American defense industrial base by providing additional funds for the Army Chinook helicopter, armored vehicles, and trucks.

This bill includes long-overdue changes that improve the quality of life for our men and women in uniform, the workforce that supports them, and the families who serve right beside them. This bill provides 12 weeks paid parental leave for those workers across the Federal Government and includes a 3.1 percent pay increase for our military servicemembers.

Additionally, the bill provides health protections for military families and retirees from exposure to the potentially cancer-causing PFAS. This also includes ensuring that blood tests are conducted for our firefighters on military bases who might have been exposed.

I am proud of the hard work that this conference report has done to safeguard America’s national security interests, and I urge my colleagues to support it.

Mr. THORNBERY. Madam Speaker, I yield 2 minutes to the distinguished gentleman from Virginia (Mr. WITTMAN).

Mr. WITTMAN. Madam Speaker, I thank Mr. THORNBERY for yielding.

Madam Speaker, this is not a good conference report. This is a great bipartisan conference report that made significant strides in a wide range of areas that improve our national security posture, from installing a respectable $743 billion top line to supporting our Nation’s highest acquisition priorities to even including relief efforts on the stimulus package and family housing reform. This has become an impressive bill.

I must admit, though, that I was concerned about our ability to complete the work in this conference report. We were initially notified this bill on the House floor, I voted in opposition to the bill over top-line funding issues and various riders that were included.
But in conference, we debated vigorously. In the end, I am pleased that we, once again, tackled to the middle and moved to garner bipartisan support for our servicemembers and their families.

Chairman Smith and Ranking Member Thornberry should be proud of this effort. Our seapower and projection capabilities are more lethal as a result.

In the Seapower and Projection Forces Conference Report, we authorized three destroyers, two submarines, two amphibious ships, two oilers, and one frigate. We accelerate unmanned vessels to the maximum sustainable level.

We continue to fully support the rapid development of the E–2D Hawkeye and the Columbia-class ballistic missile submarine. We accelerate unmanned vessels, two T–AO oilers, and two salvage and rescue ships.

The final shipbuilding budget also contains adjustments necessary to support the Navy's Virginia-class submarine and nuclear submarine procurement. The bill authorizes a $33 billion shipbuilding budget for 12 battle force ships, including two Virginia-class submarines, three Arleigh Burke destroyers, three amphibiou ships, two T–AO oilers, and two salvage and rescue ships.

Our subcommittee also focused on seapower recapitalization, an area that has been overlooked for far too long; legislating reauthorization of the Maritime Security Program; establishing a new-build domestic seapower vessel program; and restoring funding cuts by the administration for a critical training platform, the National Security Multi-Mission Vessel.

It also provides strong support for our air projection forces, including the KC–46 tanker, the B–21 long-range bomber, and the B–52 reengining program.

Finally, we continued Congress' oversight duties as they relate to the Navy's surface fleet readiness by requiring any shipboard system program of record to have formal associated training to ensure our sailors are competent operators of the equipment they use at sea every day.

Outside of seapower, I am extremely pleased that my amendment that reverses last year's awful DOD order blocking longer term servicemembers' ability to transfer their GI Bill educational benefits to their dependents is in the conference report.

I am also pleased about the fix to widow's tax, which we wrestled with for 20 years, and also the monumental task of providing 12 weeks of paid family medical leave for all Federal employees.

I thank the committee leadership, Representatives Smith and Thornberry, for their tireless work. I also thank Phil MacNaughton, Dave Schneck, Kevin Goggin, and Megan Handal, and Lieutenant Claire Wardius of the Navy, my Navy fellow, for their great work supporting this bill.

Mr. THORNBERY. Madam Speaker, I rise in strong support of the distinguished gentleman from Missouri (Mrs. Hartzler).

Mrs. HARTZLER. Madam Speaker, I rise in strong support of the conference report to accompany S. 1790, the 59th consecutive National Defense Authorization Act.

With a new top line of $739 billion, plus another $5.3 billion in emergency authorizations, I believe this conference report now represents a good bipartisan compromise that we all should support because it provides for our common defense and addresses the priorities required by our men and women in uniform.

This bill will continue the progress we have made in rebuilding military readiness while finding ways to right conditions through oversight to accelerate needed modernization capabilities required for the national defense strategy and credible deterrents.

Significant improvements include funding for eight F–15EX aircraft, an additional $1.4 billion for F–35 fifth-generation Joint Strike Fighters, funding for 24 F–18 Super Hornets, strong support for the Army’s identified Big 6 modernization priorities, and an additional $225 million for National Guard and Reserve Component equipment modernization.

I am also pleased the bill includes a provision to ensure servicemembers forced to move from any type of military housing, including dormitories, receive a partial dislocation allowance. This fixes a gap that previously prohibited our lowest paid servicemembers from receiving this assistance.

I thank Ranking Member Thornberry for his leadership and guidance throughout this entire process, as well as our subcommittee chairman, Donald Norcross, for his leadership and spirit of bipartisan.

This conference report also wouldn’t be possible without the hard work and dedication of the entire subcommittee staff.

The NDAA has always been a product of bipartisan consensus, and I am pleased that we were successful in reaching that level of consensus again.

I urge my colleagues on both sides of the aisle to support this bill and vote “yes” on S. 1790.

Mr. SMITH of Washington. Madam Speaker, I yield 2 minutes to the gentleman from California (Mr. Garamendi), who is the chairman of the Subcommittee on Readiness.

Mr. GARAMENDI. Madam Speaker, I rise in full support of the National Defense Authorization Act for Fiscal Year 2020.

First, I thank Chairman Smith and Ranking Member Thornberry, the committee staff, and others who worked tirelessly on this bill. It is a good one, and I urge support from all members on and off the committee to ensure that this bill addressed three priority areas.

First, the NDAA requires the Department of Defense to plan for and respond to the threat that climate change poses to military installations and military operations by developing installation master plans that fully assess current and future climate vulnerabilities and updating building standards for military buildings to promote energy conservation, climate and cyber resiliency, among many other important aspects.

H10084

CONGRESSIONAL RECORD — HOUSE

December 11, 2019
Second, the bill includes a number of provisions aimed at addressing problems associated with the management and oversight of military family housing programs, including that military services must establish a tenants' bill of rights for our military family housing.

Third, the bill authorizes additional funding and includes bipartisan provisions to mitigate contaminated drinking water for households and agriculture resulting from PFAS and fluorides that have been used on military installations.

I am also pleased that there is a 3.1 percent pay raise for our troops and also that the bill includes provisions from my bill, H.R. 2617, the OATH Act, the Occupational and Environmental Transparency Health Act, which requires the DOD input any occupational environmental hazard that troops may have been exposed to.

Finally, a couple of things that are positive, but there are also some concerns. The bill does not delay the deployment of the new low-yield nuclear warheads for submarines, which I believe is not a good idea at all for our boomers. Secondly, the bill does not deal with the funding for our military programs, and for the military that had been ripped off for the wall.

Mr. THORNBERRY. Madam Speaker, I yield 2 minutes to the distinguished gentleman from Mississippi (Mr. KELLY).

Mr. KELLY of Mississippi. Madam Speaker, I thank the gentleman for yielding.

Madam Speaker, I rise in strong support of S. 1790, the National Defense Authorization Act for Fiscal Year 2020. I wish to thank Chairman SMITH, Ranking Member THORNBERRY, Chairman INHOFE, and Ranking Member REMEY for their leadership throughout the conferencing of this bill.

I also want to thank the Military Personnel Subcommittee chairwoman, JACKIE SPEIER, for her hard work and leadership.

The strength of our military is our servicemembers, and the strength of our servicemembers is our military families. This bill contains a number of significant policy and funding initiatives that affirm our commitment to our troops and their families.

To that end, this bill supports a 3.1 percent military pay raise, extends crucial pay and bonuses for servicemembers in high-demand fields, and eliminates the widow's tax.

I want to specifically thank Representative JOE WILSON for his years of tireless work and leadership to make this a reality. Make no mistake, this is all because of JOE WILSON's initiative.

This bill also preserves military healthcare by preventing the services from canceling healthcare billets before providing additional analysis on the impact those cuts will have on our military health system.

It improves accessibility and effectiveness of mental healthcare by requiring DOD to update and standardize procedures related to mental health treatment and substance abuse referrals.

Importantly, this bill strengthens our Reserve component by expanding eligibility for TRICARE Reserve Select.

This bill also expands support for military spouses by doubling the reimbursement amount spouses can receive for professional licensing and expanding eligibility for educational assistance.

Finally, the bill includes provisions designed to improve military childcare, including expanded direct hiring authority for child development centers and requiring a comprehensive assessment of childcare capacity on military installations.

In addition, to critical military personnel provisions, this bill contains many initiatives that are important to my home State of Mississippi.

Madam Speaker, I want to thank my fellow conference contributors to this truly bipartisan conference report, and I strongly urge my colleagues to support its passage.

Mr. SMITH of Washington. Madam Speaker, I yield 2 minutes to the gentlewoman from California (Ms. SPEIER), who is the chairman of the Subcommittee on Military Personnel.

Ms. SPEIER. Madam Speaker, let me also say to my colleague, the chair of the committee, what an outstanding job he has done. I want to thank my ranking member, Mr. KELLY, for his good leadership as well.

Since coming to Congress, I have voted against more NDAs than I have voted for. This year, I will be voting for the NDA, not because it is perfect, not because it achieves every Democratic priority, and not because I am satisfied. I am voting for this bill because it achieves monumental progress victories; and this day after the President signed this bill, many of our servicemembers and their families will recognize that we have been listening to them.

Let me highlight a few provisions that make me proud to vote for this bill.

After 70 years, we have tackled the Feres doctrine, setting aside $400 million over 10 years to provide justice and compensation for medical malpractice performed at noncombat settings.

The process of providing compensation for malpractice during nonmission healthcare should be governed by the Administrative Procedure Act, guaranteeing a public comment process for creating the program plus judicial review.

We required the Marine Corps to join the rest of the services and finally provide gender-integrated basic training to platoons; confirmed that women marines are marines just like men.

We have ended the unjust widow's tax, provided 12 weeks of paid parental leave to Federal workers, increased resources to ease the childcare backlog at military bases, provided legal counsel to domestic violence survivors, and prevented the military from forcing new mothers to deploy within a year of their child's birth.

Finally, we have renewed the Breast Cancer Research Stamp Act, which has been generating $85 million for breast cancer research.

The NDA is not perfect, but it is a giant step forward for our servicemembers and their families.

I want to thank Craig Greene, Dave Giachetti, Glen Diehl, and Jamie Jackson for the outstanding services they have provided to the Military Personnel Subcommittee, and I urge my colleagues to vote in favor of this measure.

Mr. THORNBERRY. Madam Speaker, I yield 2 minutes to the distinguished gentlewoman from New York (Ms. STEFANIK).

Ms. STEFANIK. Madam Speaker, I rise in strong support of this bipartisan bill and the accompanying conference report for the National Defense Authorization Act for Fiscal Year 2020.

As the ranking member of the Subcommittee on Intelligence and Emerging Threats and Capabilities, I am proud of our oversight and legislative activities this year.

The bill before the House incorporates four broad subcommittee themes.

First, it recharges our national security innovation base to confront emerging threats and advance our science and technology ecosystem, while also making it easier for small businesses to engage with DOD. We authorize the establishment of new partnerships in the field of hypersonics and quantum sciences. We extend unique hiring authorities to the Joint AI Center and to DARPA to ensure that the talent available is able to solve our hardest national security problems. This bill also establishes a White House working group to protect Federal research and intellectual property from foreign interference, espionage, and theft.

Second, this bill recognizes the urgency and importance of U.S. leadership in 5G technology and mandates the development of a DOD 5G strategy.

Third, this NDA strengthens congressional oversight of Defense operations and enhances the Department's cybersecurity strategy and cyber warfare capabilities. It builds upon the work of previous NDAs to ensure cyber is a fully integrated warfighting function across the Department. It increases congressional notification requirements for military cyber operations and improves cybersecurity cooperation with the Defense industrial base.

Finally, this bill contains important authorities for sensitive military operations and activities, including cyber, counterterrorism, and intelligence. These authorities are vital to meet the
threats identified in the National Defense Strategy.

Before I conclude, I would like to thank Ranking Member THORNBERY, Chairman SMITH, Senator INHOFE, and Senator REED for their leadership through this conference process.

I particularly want to thank my partner and the subcommittee chair, Congressman JIM LANGEVIN from Rhode Island, for his strong partnership and what we have delivered from this subcommittee.

Madam Speaker, I urge a ‘yes’ vote.

Mr. SMITH of Washington. Madam Speaker, I yield 2 minutes to the gentleman from Rhode Island (Mr. LANGEVIN), who is the chair of the Subcommittee on Intelligence and Emerging Threats and Capabilities.

Mr. LANGEVIN. Madam Speaker, I want to thank the gentleman for yielding, and I want to congratulate and thank Chairman SMITH for his leadership on the Armed Services Committee, as well as Ranking Member THORNBERY.

Madam Speaker, I rise today in strong support of the conference report to accompany the 2020 National Defense Authorization Act. I was honored to be a co-sponsor, and I am very proud that we have concluded our work on this defense bill and reached bipartisan consensus in support of our national security and our servicemen. I am particularly pleased with the provisions that are under the oversight of the Intelligence and Emerging Threats and Capabilities Subcommittee, which I am honored to chair.

I also want to thank my subcommittee ranking member, Ms. STEFANIK, for her contributions to this bill and her bipartisan participation and partnership throughout the process, and our wonderful staff for all their work to make this happen.

In the IETC portfolio, this bill supports the robust Department of Defense science and technology ecosystem to deliver the best capabilities to the warfighter while protecting critical technologies. It provides for additional investments in emerging technologies like 5G and additive manufacturing and supports educational programs to strengthen the STEM workforce and improve ties with historically Black colleges and universities and minority-serving institutions.

On the cybersecurity front, we strengthen oversight of military operations, synchronize efforts, and leverage best practices to improve the Department’s network, industrial base, and military installation cybersecurity.

This bill also reflects our IETC priorities that Special Operations Forces remain professional, ethical, agile, and postured for high-end missions and that the Defense Intelligence Enterprise is oriented to provide maximum support to department requirements.

I am especially pleased that this bill continues to support the production of the Virginia-class submarine program and the Virginia Payload Modules as well as the Columbia-class submarine program, which are shining examples of Rhode Island’s contributions to our national security.

This bill supports our servicemembers with a pay raise and demonstrates a strong commitment, also, to families by providing all Federal workers with paid parental leave.

Madam Speaker, there is a lot to be proud of in this bill. I thank Chairman SMITH, again, for his leadership and Ranking Member THORNBERY, and I urge my colleagues to support it.

Mr. THORNBERY. Madam Speaker, I yield 2 minutes to the distinguished gentleman from Colorado (Mr. LAMMOR). Mr. LAMMOR. Madam Speaker, I thank the gentleman for yielding and for his leadership.

The NDAA continues rebuilding readiness and provides vital capabilities required to implement the National Defense Strategy. Highlights include significant investments in operations and maintenance, facilities, sustainment, and military construction; also, nuclear triad modernization and authority to deploy low-yield weapons; the historic establishment of Space Force as a separate military service with a seat on the Joint Chiefs of Staff; and $5.3 billion in emergency funding to rebuild Tyndall and Offutt Air Force Bases, Camp Lejeune, and China Lake Naval Air Station, all of which were struck by natural disasters.

The stress that military families endure from frequent deployments makes the systemic failures of privatized military family housing truly deplorable. Critical reforms in this bill include: Tenants Bill of Rights, formal dispute resolution, and improved quality control for repairs and mold remediation.

The bill also provides critical oversight of the Defense household goods program that will ensure that military families are put first in DOD reforms.

The bill also addresses PFAS contamination by prohibiting non-emergency use of firefighting foams containing PFOS and PFOA and requires DoD to accelerate fielding a PFAS-free replacement.

I want to thank Readiness Subcommittee Chairman JOHN GARAMENDI for his leadership.

Chairman SMITH and Ranking Member THORNBERY also deserve great recognition for preserving the committee’s 59-year bipartisan tradition of passing the NDAA to support our warfighters and their families.

I want to thank the professional staff who worked tirelessly to complete this important legislation.

Madam Speaker, I urge my colleagues to support the conference report.

Mr. SMITH of Washington. Madam Speaker, I yield 1/2 minutes to the gentleman from California (Mr. KHANNA).

Mr. KHANNA. Madam Speaker, I rise in strong opposition to this defense authorization. There are many things that you can call the bill, but it is Orwellian to call it progressive. Let’s speak in facts.

When President Obama left, the defense budget was $618 billion. This defense budget is $120 billion more than what President Obama left us with. That could fund free public college for every American. It could fund access to high-speed, affordable internet for every American.

But it is worse: the bipartisan provision to stop the war in Yemen, stripped by the White House; the bipartisan amendment to stop the war in Iran, stripped by the White House; the bipartisan provision to repeal the 2002 George W. Bush authorization for the war in Iraq which is sending our troops overseas, stripped by the White House.

At some time, we can’t just rhetorically give standing ovations when the President says that we are going to end endless wars and continue to vote to fund them.

I vote yes on some provisions that just President George W. Bush who committed the biggest blunder of foreign policy in the 21st century by sending us to Iraq. It was the abdication of this body, with many Members of Congress who voted right with him.

My question is: When are we going to listen to the American people? When are we going to do our Article I duty and stop funding these endless wars and start funding our domestic priorities?

Mr. THORNBERY. Madam Speaker, I yield 2 minutes to the gentleman from South Carolina (Mr. WILSON), who is the distinguished author of legislation with 383 cosponsors to repeal the widow’s tax that is now a part of this legislation.

Mr. WILSON of South Carolina. Madam Speaker, I thank Ranking Member THORNBERY and Chairman SMITH.

Madam Speaker, I am grateful that the House and Senate have come to an agreement in this year’s National Defense Authorization Act conference report to finally repeal the widow’s tax. I appreciate my predecessor, the late Chairman Floyd Spence, who was one of the earliest proponents of eliminating the widow’s tax, and I picked up on his efforts upon my election in 2001. That bill could fund free public college for every American. It would always be meaningful to me.

I made every effort to be bipartisan, always inviting all cosponsors of both parties to milestone achievements. Repealing the widow’s tax has been personal to me.

Lieutenant Colonel Trane McCloud was the military fellow in our office in 2003 and was sadly killed in Iraq on December 4, 2006. His wife, Maggie, and
their three children, Hayden, Grace, and Meghan, have always been on my mind and in my heart as we fought for the repeal of the widow's tax.

This legislation has the support of 383 Members in the House. This bill that is included in NDAA, has the largest number of cosponsors of any bill in the House of Representatives this Congress. I welcomed Congressman JOHN YARMUTH to be the first cosponsor with the intention of always being bipartisan. This provision will restore the full survivor benefit to the surviving spouse of any covered veteran to the wartime era in the prior law in military families. The repeal of the widow's tax will impact families who could receive an average of almost $12,000 a year. Surviving spouses visited and called representatives and were very convincing.

This effectiveness was truly remarkable, and I commend Edith Smith, Barb Christie, Kathy Prout, Kathy Thorpe, Kristy DiDomenico, and Kristin Fenty for their perseverance. Veterans service organizations were also instrumental. I am thankful that the families who have given the greatest sacrifice in service to our country are no longer burdened by this unfair offset.

Madam Speaker, I urge all Members to vote in support of the NDAA conference report.

Mr. SMITH of Washington. Mr. Speaker, I yield myself 30 seconds.

Madam Speaker, I just point out that there was nothing in the House bill or any bill that would have ended the war in Yemen. It is not just Orwellian to say that. It is breathtakingly dishonest to tell people there that there was something we could have done to end the war in Yemen. We need to work hard to bring a peaceful solution to that conflict. Being dishonest with the American public does not accomplish that.

Madam Speaker, I yield 1 minute to the gentleman from Maryland (Mr. BROWN).

Mr. BROWN of Maryland. Madam Speaker, I thank Chairman SMITH for his hard work, as well as the committee staff on an NDAA that affirms our values and delivers progressive wins for the American people.

The NDAA tackles the pressing security challenges facing our country and makes important investments in our warfighters and their families.

We confront Russian aggression by bolstering the European Deterrence Initiative and providing our allies in Ukraine with additional military support.

We make a commitment to a diverse and inclusive military by: Increasing defense spending at historically Black colleges and universities; incentivizing more minority and women-owned businesses to be part of our defense industrial base; and finally, gender integrating basic training for the Marine Corps.

This NDAA makes good on the commitments to address serious problems with private military housing; and give military families a pathway to seek justice, if they suffer from medical malpractice.

Yet, this NDAA is also a compromise. I am disappointed that we couldn’t reverse the President’s ban on transgender service members or force Congress to reconsider the 2001 AUMF. But ultimately, this NDAA gets the job done, and I urge my colleagues to support it.

Mr. THORNBERRY. Madam Speaker, I yield 2 minutes to the gentleman from Texas (Mr. ROGERS), the co-author, along with Mr. COOPER of the Space Force provision.

Mr. ROGERS of Alabama. Madam Speaker, I thank Ranking Member THORNBERRY and Chairman SMITH for their leadership in bringing this conference report to the floor.

I am very pleased that Space Force, an issue that my good friend, JIM COOPER, and I have been working on for several years, is finally becoming a reality. This report establishes the U.S. Space Force in title 10 as the sixth Armed Service of the United States under the Department of the Air Force. It is the first new branch of the military since 1947. It also recognizes space as a warfighting domain and authorizes the transfer of Air Force personnel to the newly established Space Force. This is an important step for our national security. Our adversaries are moving quickly in space, and this new service will allow us to quickly realign our resources and efforts towards countering them.

Finally, the original House-passed NDAA that every Republican opposed, included a number of open border provisions that would have undermined our efforts to secure our Southwest border. I am pleased that those unreasonable border security restrictions have been removed.

Madam Speaker, this is a strong defense bill, and I urge the House to support this legislation.

Mr. SMITH of Washington. Madam Speaker, I yield 2 minutes to the gentleman from New York (Mrs. CAROLYN B. MALONEY).

Mrs. MALONEY of New York. Madam Speaker, I rise in support of this NDAA conference report, and particularly for its inclusion of language from my bill, the Federal Employee Paid Parental Leave Act. This provision will provide 12 weeks paid parental leave for all Federal employees for the birth of a child or adoption of a child.

For far too long, the United States has been behind the times. There are only two countries in the entire world, according to the UN’s study, that do not provide paid parental leave for the birth of a child, and those two countries are the United States and Papua New Guinea.

When we pass the updated National Defense Authorization Act, we will no longer be part of that infamous group. I thank, from the bottom of my heart, chairman of the House Committee on Armed Services, ADAM SMITH, who worked selflessly and tirelessly with great determination to include this provision that will help over 2.1 million Federal employees. It will turn this priority of balance in family life into a reality in millions of families' lives. I also thank the ranking member, MADAM WOMAN CHRISSY HOULAHAN from Pennsylvania, for her partnership on this effort.

While this agreement is not perfect, it is an extraordinary first step toward achieving a family leave for all American workers. By providing this leave, studies indicate we could prevent the departure of over 2,600 female employees per year and save the government $50 million per year in costs associated with employee turnover. On top of that, paid family leave also improves productivity, boosts morale, and attracts more talent. It also provides a benefit to families and the broader economy.

Paid parental leave is an investment in our future in American families and the workforce. And that is why I am urging all of my colleagues to support the NDAA, which includes this important provision.

Mr. THORNBERRY. Madam Speaker, I yield 2 minutes to the distinguished gentleman from Florida (Mr. WALTZ).

Mr. WALTZ. Madam Speaker, I rise in support of this defense bill because we are a nation at war, at war with extremists around the world, and we are in a cold war with our peer competitors, Russian and China and other rogue states.

And Madam Speaker, if the country isn’t safe, everything else that we do in this body is secondary. Our domestic priorities, our economy, our education, trade, everything else that we debate in this Congress is at risk if we fail to protect this great Nation.

One of the reasons that I ran for elected office was that often what comes out of Washington isn’t worthy of our previous veterans, my fellow special operators around the world, as we speak, and other military currently deployed, and it is not worthy of their families and the sacrifices of their families.

This defense bill, from the sixth branch of the military and the Space Force, to childcare for Gold Star families, it is worthy. It is worthy of our soldiers past and present. Congress to reconsider the 2001 AUMF.

I deeply and personally thank the chairman, ADAM SMITH. I thank the ranking member, Mr. THORNBERRY, and everyone else who stepped up, frankly, and all of my colleagues who stepped up to make the compromises necessary to pass this critical piece of legislation to be worthy of those who have sacrificed for all of us breathing free air today.

Madam Speaker, I urge my colleagues to support it, it is worthy of them, as we all are with this bill.

Mr. SMITH of Washington. Madam Speaker, I yield 2 minutes to the gentleman from California (Mr. SCHIFF),
Having said that, I am disappointed about two provisions that did not get in. One would have required EPA to set a national drinking water standard on PFAS and PFOS within 2 years. And the second one would have instituted a mandate on DOD to clean up immediately any DOD sites contaminated with PFAS or PFOS.

Republican Members supported these two provisions as part of a larger package, and I think not including them amounts to a very great lost opportunity. Nonetheless, I support the NDAA and PFAS provisions that we were able to get into the bill. Those provisions include:

- Mr. Perdue’s Federal facilities and cooperative agreements;
- Funding for reducing PFAS and rural economically disadvantaged drinking water systems;
- Health data collection from PFAS manufacturers under TSCA;
- Guidance on proper disposal of PFAS chemicals;
- More reporting on PFAS chemicals on the Toxic Release Inventory; and
- Funding for further research into PFAS chemicals.

As my Republican colleagues on the Committee on Energy and Commerce discussed at a recent markup, getting PFAS provisions into the NDAA means that they will be signed into law and will start making a difference to our communities and homes right now. I urge my colleagues to vote for this important bill.

Mr. Smith of Washington. Madam Speaker, I yield 1 minute to the gentleman from California (Ms. Lee).

Ms. Lee of California. Madam Speaker, I yield to the distinguished gentleman from Illinois (Mr. Shimkus).

Mr. Shimkus. Madam Speaker, I thank Ranking Member Thornberry and Chairman Smith. I say a special thank you to Mr. Thornberry and his staff, who have been great partners in this journey of addressing PFAS in the NDAA.

First and foremost, I am pleased that we have reached a deal on the funding of our Armed Services. Ensuring appropriate resources for our men and women who serve on the frontlines every day should be our top priority.

Having said that, I am disappointed about two provisions that did not get in. One would have required EPA to set a national drinking water standard on PFAS and PFOS within 2 years. And the second one would have instituted a mandate on DOD to clean up immediately any DOD sites contaminated with PFAS or PFOS.

Republican Members supported these two provisions as part of a larger package, and I think not including them amounts to a very great lost opportunity. Nonetheless, I support the NDAA and PFAS provisions that we were able to get into the bill. Those provisions include:

- Mr. Perdue’s Federal facilities and cooperative agreements;

As my Republican colleagues on the Committee on Energy and Commerce discussed at a recent markup, getting PFAS provisions into the NDAA means that they will be signed into law and will start making a difference to our communities and homes right now. I urge my colleagues to vote for this important bill.

Mr. Smith of Washington. Madam Speaker, I yield 1 minute to the gentlewoman from California (Ms. Lee).

Ms. Lee of California. Madam Speaker, I yield to the distinguished gentleman from Illinois (Mr. Shimkus).

Mr. Shimkus. Madam Speaker, I thank Ranking Member Thornberry and Chairman Smith. I say a special thank you to Mr. Thornberry and his staff, who have been great partners in this journey of addressing PFAS in the NDAA.

First and foremost, I am pleased that we have reached a deal on the funding of our Armed Services. Ensuring appropriate resources for our men and women who serve on the frontlines every day should be our top priority.
Mr. SMITH of Washington. Madam Speaker. I yield 1 minute to the gentlewoman from Michigan (Ms. TLAIB).

Ms. TLAIB. Madam Speaker, I thank the good gentleman for all his incredible work as chairman. I know it is difficult and I do my best that we could do, especially with so much opposition on the Senate side.

But as a voice and advocate for a district that encompasses frontline communities facing concentrated poverty, growing healthcare costs, decreasing educational opportunities, and continuous assaults on our environment, I could not support and cannot support a bill that provides $738 billion for wars and defense contractors while, this year, we only provided $190 billion in discretionary funding for healthcare, education, antipoverty programs, and workforce development.

After the House took action to end U.S. involvement in the war and humanitarian crisis in Yemen, this NDAA fails to include necessary provisions to end the U.S. support for military action in Yemen. This bill also keeps Guantanamo Bay open, provides for new nuclear warheads, and establishes the absurd Space Force Corps.

By removing the House’s repeal of the Iraq war AUMF, we have also agreed to endless war abroad. By removing language that would have stopped, Madam Speaker, Pentagon spending at Trump hotels and properties, we are authorizing corruption. By removing critical PFAS protections, we have also left our communities at risk.

So I am asking my colleagues to please not rubberstamp this annual increase of the world’s largest military budget. We can do better.

Mr. SMITH of Washington. Madam Speaker, I yield 1 minute to the gentleman from Maryland (Mr. HOYER), the distinguished majority leader.

(Mr. HOYER asked and was given permission to revise and extend his remarks.)

Mr. HOYER. Madam Speaker. I want to thank the ranking member for his service and the chairman for his service.

I also want to thank the staff. It has been an extraordinarily arduous, sleep-depriving and angst-creating process. I know, for a bill from this floor over to the Senate floor and through conference, so I congratulate the staff.

We are blessed as a country and as a Congress to have extraordinarily qualified people who could, frankly, make very significantly more in the private sector stick with us and with our country. Their patriotism and their talent is an extraordinary benefit to us all.

Madam Speaker, I want to thank Chairman SMITH and the Democratic members of the majority staff of the Armed Services Committee, as well as the ranking member and the minority staff. They have been working very hard on this legislation.

The conference report before us represents a compromise. No one ought to think that this is a pejorative. It is what we do. And it means, in compromising, you do not get everything you want. Obviously, many of the things that we passed on the floor of this House that we believe are very, very important items are not in this conference report. It could lead some to say, well, then we won’t vote for it. That would be a mistake on either side of the aisle.

I am particularly pleased, however, that this report, this bill does include, for the first time, 12 weeks of paid parental leave for the birth or adoption of a child for all Federal civilian employees. There was, for a period of time, a suggestion that it only apply to defense employees.

I would suggest that the national security of our country is, in interrelated ways, dependent upon all of our employees, and we ought to treat them equally. I wrote a letter urging that, and others weighed in as well.

I am pleased that the committee ultimately decided to treat all Federal employees the same, even though we limited it not to family leave, but to parental leave.

Now, that is a step in the right direction. We know that the bonding between moms and dads and infant children is critically important, and this will give them the opportunity to do so. And it will give them the opportunity to make a determination whether or not they don’t get paid in order to create this bond, but they will be enabled to, as so many could not if they were not paid, take advantage of this benefit.

So I am disappointed that we don’t have full coverage, but this is a first and very significant step.

I want to congratulate the gentlewoman from New York (Mrs. CAROLYN B. MALONEY), who has been a giant in her advocacy for our people, for our employees, and, by the way, for our infants, whether they are adopted or whether they are naturally born.

I will continue to fight for the full measure of paid family and medical leave to be extended to our employees and would urge others around the country to do the same. While some private businesses are already instituting paid leave, it would be appropriate that our Federal government do the same.

In addition, this conference report, unfortunately, does not include a comprehensive set of provisions that were adopted in this House to protect communities affected by PFAS.

Now, PFAS is a category of chemicals that essentially do not disappear and are toxic when introduced into our waters and exist on our military bases, in some respects, because of the use of foam for fire suppression, but for other reasons as well.

Now, PFAS is a category of chemicals that essentially do not disappear and are toxic when introduced into our waters and exist on our military bases, in some respects, because of the use of foam for fire suppression, but for other reasons as well.

I know that the chairman fought very hard for this. I know that the President’s position was that he did not want this in the bill and indicated that it would not happen. But I thank Mr. SMITH for fighting so hard for this, and I know that we will keep fighting.

I want to tell the House that I intend to bring a bill to the floor incorporating the provisions that were in the defense bill but dropped. I will bring it to the floor in January. I have talked to Mr. PALLONE about that, and he is looking forward to doing just that.

I am trying to shorten this up a little bit, Madam Speaker.

The last two things I want to mention before I make some general comments is that I was sorry that the anti-discrimination provision that was included in this House dealing with transgender people who wanted to serve their country was eliminated from the bill. I think that was wrong.

I am one of the people like John McCain. John McCain, when asked whether or not gays and the LGBT community ought to be able to serve in the military, said: I want to know whether they shoot straight, not whether they are straight.

Martin Luther King, Jr., told us to judge people by the content of their character, not other arbitrary distinctions which may or may not impact on their performance.

I will continue to fight that ban, which undermines our national security and the military’s effectiveness and does not reflect the values and ideals that our military defends.

If you review the 1947 actions of Harry Truman when he integrated the services and he was told, “Oh, if you do that, it is going to undermine morale; you ought not to do that,” very frankly, I see this exclusion as very much like that opposition to that action.

Finally, I will also continue to advocate for a change in policy regarding Yemen. That war is a human-made disaster. It is not our fault, but we ought not to be complicit.

In closing, let me say this: This is $738 billion of hard-earned tax money, more than anybody in the world spends. I have been here for years that I have been here, a strong supporter of our national security.

I don’t know, other than when we had political fights such as the Republicans voting against the defense bill when it passed the House here, that I have voted against a defense bill or an appropriations bill. I am certainly not going to vote against this one. I am urging people to support it.

But, Madam Speaker, I want to say to all of my colleagues that we need, with great diligence and courage, to look at the defense budget and look at that $738 billion with an eye that the pot is not unlimited and that our national security depends not only on our defense investment, but on our domestic investment and education and healthcare and the welfare of our people. I would urge that this committee focus on how it can affect diligence oversight on the expenditure of this extraordinary amount of money, which I will support.
We included $733 billion. We have no more security because of that extra $5 billion. And I will tell my friends that $733 billion was acceptable to some of the folks I talked to on the Republican side of the aisle.

So I am supporting this bill, but as I have urged privately, both the chairman and the ranking member, we need to look very carefully at how we are spending this amount of money to ensure that it is spent effectively and that we cannot get the same level of defense at a lower level of expenditure. That is a tough job to do, but it needs to be done.

Madam Speaker. I rise in support of this bill.

Mr. SMITH of Washington. Madam Speaker, may I inquire as to how much time each side has left.

The SPEAKER pro tempore. The gentleman from Washington has 9 1/2 minutes remaining.

Mr. SMITH of Washington. Madam Speaker, I am prepared to close at this time. I reserve the balance of my time.

Mr. SMITH of Washington. Madam Speaker, I yield myself the balance of my time.

Mr. SMITH of Washington. Madam Speaker, I yield back the balance of my time.

Mr. SMITH of Washington. Madam Speaker, this is the last point I want to make. This bill is not about us, as important as we think we are sometimes. It is not about our preferences. It is about them. It is about men and women who risk their lives to defend the country, the best training that this country can provide because it is wrong to send them out there on that mission without providing the best that this country can provide.

Madam Speaker, this is the last point I want to make. This bill is not about us, as important as we think we are sometimes. It is not about our preferences. It is about them. It is about men and women who risk their lives to defend the country. The best training that this country can provide because it is wrong to send them out there on that mission without providing the best that this country can provide.

Mr. SMITH of Washington. Madam Speaker, I yield myself the balance of my time.

Mr. SMITH of Washington. Madam Speaker, I yield back the balance of my time.

Mr. SMITH of Washington. Madam Speaker, I yield back the balance of my time.

Mr. SMITH of Washington. Madam Speaker, I yield back the balance of my time.
I thank all who were involved. This was a lengthy but important undertaking. Ultimately, we produced something that I am very, very proud of. I don’t want to speak for anybody else. I know there are probably a lot of people who are, but just for my part, I am incredibly proud of what I was a part of creating. I think it represents the best of our country and the best of this body, and I urge everybody to vote for it.

Madam Speaker, I yield back the balance of my time.

Ms. KAPTR. Madam Speaker, I applaud Chairman SMITH for including in the Fiscal Year 2020 National Defense Authorization Act (NDAA) Conference Report language to include the Coast Guard in the Department of Defense STARBASE Program. The NDAA is the culmination of many long hours of hard work, compromise, and showcases the best of the legislative process. The modified authorization of the STARBASE Program incorporated this year’s NDAA will help improve science, technology, engineering, and mathematics (STEM) education for the youth of America.

Coast Guard support of the STARBASE Program, which the NDAA now authorizes, will allow eligible STEM students to access a program to be offered in more communities across our country. Teaching STEM concepts to elementary and secondary students is more important than ever to prepare students for our increasingly complex world that requires innovation and critical thinking. Introduction of STEM at an early age allows the best opportunity for our workforce of the future to gain skills and expertise needed, to include the prerequisites to serve in our Coast Guard, Armed Forces, and broader federal government.

Additionally, to build on the NDAA provision that includes the Coast Guard in the STARBASE Program, I introduced the Coast Guard Youth STEM Programs Expansion Act (H.R. 3205). H.R. 3205 ties in the Department of Education into the STARBASE Program, improves STEM curriculum, and includes curriculum topics applicable to maritime environments.

As the FY 2020 NDAA is implemented, I look forward to ensuring the Coast Guard and the Department continue to support STARBASE and STEM education initiatives. I urge support of the NDAA and hope that in the future, the House will advance the Coast Guard Youth STEM Programs Expansion Act.

Mr. DeFAZIO. Madam Speaker, today I will vote against the Conference Report to Accompany S. 1790, the National Defense Authorization Act for Fiscal Year (FY) 2020.

This legislation includes a number of provisions I strongly support, including giving servicemen and women a well-deserved raise of 3.1 percent—the largest pay raise for our troops since the last Democratic House majority in 2010. Those who serve in uniform have made extraordinary sacrifices for our country and deserve a pay raise.

I am also strongly supportive of the inclusion of twelve weeks of paid parental leave for federal employees. However, the omission of, at least, Federal Aviation Administration (FAA) and United States Postal Service (USPS) employees from this coverage is an inexplicable oversight, and I look forward to working with House and Senate leaders to enact a legislative correction.

Moreover, I am pleased that this Conference Report end the unfair Survivor Benefit Plan (SBP)/Indemnity Compensation (DIC) offset—also known as the “widow’s tax”—which currently reduces spouse survivor benefits by an average of $1,250 per month. The families of the men and women serving in the Armed Forces make significant sacrifices and deserve the full benefits they have earned from their spouses’ service.

Unfortunately, this final package is a little more than a status quo, and it falls well short of the NDAA bill the House passed earlier this year. The final legislation strips out a number of policy priorities that were included in the House-passed NDAA, which I strongly supported, and includes yet another instance of overestimating annual defense budget needs to an already bloated Pentagon budget.

I believe this legislation could have made responsible cuts to our defense budget without jeopardizing the safety of our troops, preventing a pay increase, or undermining our national security. For years, Congress has continued to increase the Pentagon’s budget despite overwhelming evidence of its waste and abuse of taxpayer money. This year’s legislation—with its outrageous topline defense budget number—is another example of Congress’s habit of increasing the defense budget every year. While this administration has cut SNAP benefits, Medicaid, reproductive health services, and more, Congress has thus far boosted the Pentagon’s budget by more than $130 billion during President Trump’s first term.

I have long supported a financial audit of the Pentagon, and for the second year in a row, the Pentagon has spectacularly failed its comprehensive audit. While I am pleased the Pentagon is finally mandating comprehensive audits in order to identify waste, it is ridiculous to provide the Department of Defense (DoD) another massive spending increase when they cannot even account for how it spends taxpayer money.

In particular, I have always opposed the DoD’s Overseas Contingency Operation (OCO) account, a financially irresponsible fund that is not counted in the budget, recklessly adds to our mounting debt, and has no congressional oversight. The Conference Report allocates $71.5 billion for OCO, a Pentagon slush fund that gives a blank check to fund endless wars that Congress hasn’t authorized. The bottom line is that fiscal responsibility and accountability at the Pentagon would allow for funds to be better spent supporting the needs of our troops, meeting our obligations to veterans, and ensuring our legitimate defense needs are prioritized.

Beyond bloated Pentagon spending, I am extremely disappointed that the Conference Report strips out provisions that would have prevented the president from using unauthorized force against Iran, prohibited U.S. support for and participation in the Saudi-led coalition’s military operations in Yemen, and repealed the long-outdated 2002 authorization for the use of military force in Iraq. These provisions passed with bipartisan support in the House, and failure to include them is yet another abdication of Congress’s constitutional war powers. I have always advocated for reaffirming Congress’s constitutional authority to declare war and limiting the president’s authority to engage in armed conflict without the consent of Congress and will continue to do so.

While I am pleased that this legislation blocks any backfill for DoD funds raided by President Trump for his unnecessary, ineffective border wall, it fails to include House-passed language that prevented the president from diverting additional funding under his so-called national emergency. Under this emergency declaration, President Trump has taken more than $3.6 billion from the DoD’s high-priority military construction projects, $2.5 billion from the DoD’s drug interdiction program, and has transferred funds from critical, life-saving projects under the Department of Homeland Security, the U.S. Coast Guard, the Federal Emergency Management Agency (FEMA), the Transportation Security Administration (TSA), and more. As Chairman of the Transportation & Infrastructure Committee, I twice led the debate on the House floor to terminate this emergency declaration. Despite the fact that Congress has voted multiple times, with strong bipartisan support, to terminate this declaration, President Trump has repeatedly vetoed. I will continue to fight to bring an end to this national emergency declaration.

Additionally, the House unanimously adopted an amendment to the NDAA that would have required the Environmental Protection Agency (EPA) to regulate PFAS as a hazardous substance under our nation’s Superfund law, as well as restricted future discharges from manufacturers into drinking water under the Clean Water Act. PFAS are dangerous carcinogens that are virtually ubiquitous in America’s drinking water, and Congress must restrict their use and clean up our water sources that are contaminated.

Unfortunately, Senate Republicans refused time and time again to negotiate any compromise on these important provisions, and the language was removed from the Conference Report. Fortunately, Majority Leader HOYER has already stated that he will bring the PFAS Action Act to the House floor in January, and I look forward to voting for that legislation.

Lastly, this Conference Report strips out a House-passed prohibition on sending new detainees to Guantánamo, doing almost nothing to hasten the closing of this detention facility. This facility, which costs almost $450 million each year to house 40 prisoners, has been a black eye for the United States, eroding relationships with our allies, bolstering terrorist recruitment tools, undermining U.S. missions abroad, and putting U.S. citizens and our troops at risk of retaliation.

Mr. CONAWAY. Madam Speaker, I rise today to speak on Section 1011 in the NDAA conference report relating to contracting sub- missions about disciplinary actions involving audit personnel to be made to the Department of Defense will be afforded confidentiality and other protections otherwise due under existing law, including those that Congress has separately accorded such proceedings. As a result of Section 1011, Section 1006 from the FY 2019 NDAA submissions must be treated in a manner “consistent with any protections or privileges established by any other provision of federal law.” Section 1011 in this year’s NDAA requires Section 1006 from the FY 2020 NDAA to be treated in a like manner. The inclusion of a PCAOB proceeding against relevant personnel doing important DoD audit work, and in a manner that is compliant with the Sarbanes-Oxley Act.
Mr. VELA. Madam Speaker, I rise today in support of the Fiscal Year 2020 National Defense Authorization Act (NDAA) which reflects the hard work of the House Armed Services Committee to craft legislation that ensures that the military has the resources needed to defend our nation. I was particularly pleased that the legislation includes a pay increase for servicemembers, repeal of the Survivor Benefit Plan/Indemnity Compensation Offset to provide Gold Star Families with their full, earned benefits, and changes to allow access to justice for military members and their families who have been injured as a result of medical malpractice.

I want to take a moment to clarify the intent behind Section 1011 of the legislation. Like my colleagues on the Committee, I strongly feel that the finances of the Department of Defense must be subject to meaningful audit and oversight. It is clear to me that requiring accounting firms to disclose the occurrence of a proceeding to the Department when those proceedings are relevant to the work of the Department and such a disclosure is consistent with the requirements of the Sarbanes-Oxley Act.

I urge my colleagues to join me in supporting this important legislation.

Ms. JACKSON LEE. Madam Speaker, I rise today in support of the Conference Report to S. 1790, the “National Defense Authorization Act for Fiscal Year 2020.”

The National Defense Authorization Act is designed to meet the threats we face today as well as into the future.

The results of our work here today will reflect our long commitment to ensure that the men and women of our Armed Services receive the benefits and support that they deserve for their faithful service.

Building on our efforts from previous years, this bill contains a number of initiatives designed to provide the resources and support needed for the men and women who keep our nation safe.

This legislation recognizes the reality that we live in a dangerous world, where threats are not always easily identifiable, and our enemies are not bound by borders.

Confronting this unknown type of enemy requires unique capabilities.

As we have seen time and time again, our military has the ability to track down violent extremists who wish to do our country harm, regardless of where they reside.

Madam Speaker, I am pleased that seven of my amendments adopted during House consideration of the NDAA are included in the final legislation or in language in the accompanying report:

Jackson Lee Amendment directing the Secretary of Defense to promulgate regulations to ensure that candidates granted admission to attend a military academy undergo screening for speech disorders and be provided the results of the screening test and a list of warfare unrestricted line (URL) Officer positions and occupation specialists that require successful performance on the speech test. Academy students shall have the option of undergoing speech therapy to reduce speech disorders or impediments.

Jackson Lee Amendment directing the Secretary of Defense to submit a report analyzing the capacity of the Department of Defense to provide survivors of natural disasters with emergency short-term housing to the congressional defense committees not later than 220 days after the date of enactment of this Act.

Jackson Lee Amendment directing the Secretary of Defense to provide a briefing to update the Committees on Armed Services of the Senate and the House no later than March 15, 2019 on the status of the program required in section 1277 of the John S. McCain National Defense Authorization Act for Fiscal Year 2018, including an assessment of whether the program is beneficial to students interning, working part time, or in a program that will result in post-graduation employment with the Department of Defense components or contractors.

Jackson Lee Amendment requiring report on Maternity Mortality Rates for military members and their dependents.

Jackson Lee Amendment requiring report to be submitted to Congress within 240 days following enactment on the risks posed by debris in low earth orbit and to make recommendations on remediation of risks and outline plans to reduce the incidence of space debris.

Jackson Lee Amendment requiring that a report from the Secretary of Defense 240 days after the date of the enactment to the congressional defense committees that accounts for the finances of the Department of Defense components or contractors.

Jackson Lee Amendment adding “instruction on the opportunities and risks posed by advancements in AI” to the objectives of the Artificial Intelligence Education Strategy.

The passing of this bill today brings us one vote closer to enacting the 57th consecutive National Defense Authorization Act.

Despite disagreements on key issues, Members have not failed to reach consensus on behalf of our fighting men and women.

I am proud of the work we have done here today.

The SPEAKER pro tempore. All time for debate has expired.

Pursuant to House Resolution 758, the previous question is ordered.

The question is on adoption of the conference report.

The question was taken; and the passage of the bill was ordered.
December 11, 2019

CONGRESSIONAL RECORD — HOUSE

Mr. BIGGS. Madam Speaker, in its current form, H.R. 5038 would subject growers to the right of action in Federal court. As a result, these employers would face countless frivolous lawsuits and higher costs in the form of damages and other litigation costs.

The bottom line is that many American farmers and other agricultural employers would be sued right out of business. This provision is one of the main reasons that, arguably, the biggest agricultural group in the world, the American Farm Bureau, does not support this bill.

Our motion to recommit would simply strike sections 204(a) and (b) of the bill. This motion to recommit is supported by the American Farm Bureau, and I ask all Members to support it as well.

As a technical matter, Madam Speaker, we seek to recommit this bill to the Judiciary Committee. And that is interesting to me, and I think it should be of interest to all of us here, because, in just a few hours, that committee is going to meet on a completely bogus Article of Impeachment, where we will consider that there. Over a week ago, every Republican member of the Judiciary Committee signed a letter to request a minority hearing day.

We are going to have the markup in 2 hours, and we have not had the minority hearing yet, with no intention, I guess, of allowing the minority its rights under the rules.

Specifically, clause(2)(j)(1) of House rule XIX states: “Whenever a hearing is conducted by a committee on a measure or matter, the minority members of the committee shall be entitled, upon request to the chairman by a majority of them before the completion of the hearing, to call witnesses selected by the minority to testify with respect to that measure or matter during at least one day of hearing thereon.”

And here we sit. We sit, and we are going to be going in, in 2 hours or so. We are going to have our opening statements, and then we will proceed to vote on the Articles of Impeachment offered by our friends on the other side of the aisle.

To what end? It is this obviation of the rule that is consistent with how we have seen this whole process play out.

We have written the chair of the Rules Committee informing all chairs of their obligation to adhere to the rules of the House. Unfortunately, the hearing is yet to be scheduled.

I would suggest that the Democratic case for impeachment is not nearly so strong as they would have us believe. Otherwise, they would be affording us a simple minority hearing day.

When one considers it, and I wish everyone would consider it, we are being afforded more procedural rights on this bill, which is dead on arrival in the Senate, than we are in the impeachment proceeding of the President of the United States. That is simply wrong, Madam Speaker.

One day, I suggest, we will be beyond this mania, this hysteria that has set in, and the other shoe will drop. I know that many in this body do not care for this President, and I understand that. But I think we all should have respect for this institution, and we should take care of this institution.

We should respect the due process rights of the minority. That is all we are asking. We want that minority hearing day.

Madam Speaker, I yield back the balance of my time.

Mr. BRINDISI. Madam Speaker, I claim the time in opposition.

The SPEAKER pro tempore. The gentleman from New York is recognized for 5 minutes.

Mr. BRINDISI. Madam Speaker, I rise today in opposition to this motion to recommit and in strong support of this underlying legislation.

Madam Speaker, America’s farmers, producers, and ranchers provide the American people with the safest, most abundant, and most affordable food supply in the world.

Their job is challenging enough, but for too long, our broken immigration system has made this job even more difficult. I have heard from farmers across upstate New York and across the country, sharing the urgent need for responsible, commonsense action to address the labor shortage on American farms and ranches.

In fact, every time I visit a farm in my community, immigration is one of the top issues I hear about from farmers. A shortage of workers has led to crops rotting in the fields, billions of dollars in lost productivity, and farmers shuttering their operations.

For too long, the broken politics in Washington have made it impossible to make progress on bipartisan immigration reform. But thanks to the tireless work of Congresswoman LOFGREN and Congressman NEWHOUSE, and the engagement of dozens of Members and hundreds of agricultural and labor stakeholders, we have a solid, bipartisan bill that finally moves the ball forward.

The Farm Workforce Modernization Act is something people don’t think happens much in Congress anymore, a bipartisan answer to a serious challenge. Republicans and Democrats came together to work with each other, and found a solution that both sides can live with and that delivers results for American agriculture and workers.
Our legislation will expand the H-2A visa program to year-round operations like dairy farms, streamline the program to make it easier for farmers to use, and strengthen the electronic verification process to ensure a legal workforce.

It also includes a tough but fair legal status for the existing farm workforce, allowing agricultural workers to get right with the law. The bill also includes strong criminal bars, preventing anyone with a felony conviction or two misdemeanors from obtaining legal status.

Both sides negotiated in good faith, and in the end, we have a strong, bipartisan bill on the floor to support.

Working together with Democrats and Republicans shows that Congress can get things done for our farmers.

To my colleagues on both sides of the aisle, I would say that we have a real chance here to deliver a compromise—let me say that word again, “compromise”—that will make our country stronger and help grow American agriculture.

President Ronald Reagan, the last President to sign an agriculture labor bill into law, once said: “I’ve always thought that when we Americans get up in the morning, when we see bacon, eggs, toast, and milk on our breakfast table, we should give thanks that our farmers are survivors. You are the real miracle workers of the modern world—keepers of an incredible system based on faith, freedom, hard work, productivity, and profit—a system that feeds us and sustains millions of the world’s hungry.”

Let’s get the job done. Let’s deliver a win for our American farmers. Let’s oppose this amendment and get this bill passed.

Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered to the motion to recommit.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit. No one is on the ayes and the noes appeared to have it.

A recorded vote was ordered.

The SPEAKER pro tempore. Members will record their votes by electronic device.

Pursuant to clause 9 of rule XX, this 5-minute vote on the motion to recommit will be followed by a 5-minute vote on passage of the bill, if ordered.

The vote was taken by electronic device, and there were—a yeses 193, noes 230, not voting 7, as follows:

hers as guests of the House and that any manifestation of approval or disapproval of proceedings is in violation of the rules of the House.

The Chair will remind all

So the motion to table was agreed to. The result of the vote was announced as above recorded.

LOWER DRUG COSTS NOW ACT OF 2019

Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act.

The SPEAKER pro tempore. The Chair appoints the gentleman from New Jersey (Mr. PAYNE) to preside over the Committee of the Whole.

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the consideration of the bill (H.R. 3) to establish a fair price negotiation program, protect the Medicare program from excessive price increases, and establish an out-of-pocket maximum for Medicare part D enrollees, and for other purposes, with Mr. PAYNE in the chair.

The Clerk read the title of the bill.

The CHAIR. Pursuant to the rule, the bill is considered read the first time.

General debate shall not exceed 4 hours, with 3 hours equally divided among and controlled by the respective chairs and ranking minority members of the Committee on Energy and Commerce, Committee on Ways and Means, and Committee on Education and Labor, and 1 hour equally divided and controlled by the majority leader and the minority leader or their respective designees.

The gentleman from New Jersey (Mr. PALLONE), the gentleman from Oregon (Mr. WALDEN), the gentleman from Massachusetts, (Mr. NEAL), the gentleman from Texas (Mr. BUCSHON), the gentleman from Virginia (Mr. SCOTT), and the gentlewoman from North Carolina (Ms. FOXX), the majority leader and the minority leader or a designee, and the minority leader or a designee each will control 30 minutes.

The Chair recognizes the gentleman from New Jersey (Mr. PALLONE). Mr. PALLONE. Mr. Chair, I yield myself such time as I may consume.

Mr. Chair, this week, we will fulfill a promise we made to the American people to make prescription drugs more affordable. No American should be forced into choosing between putting food on the table for their family and taking a lifesaving drug, but, all too often, that is exactly what is happening.

It is time that we finally level the playing field and empower the Federal Government to negotiate a better deal. These negotiations will not only lead to lower prices for consumers, it will also result in significant savings to the Federal Government. H.R. 3 takes the result of the $500 billion in savings and reinvests it in the American healthcare system and the search for new cures.

We cap out-of-pocket costs for seniors in the Medicare Part D program for the first time, giving seniors the peace of mind of knowing that their drug cost will not bankrupt them or empty their retirement accounts.

We make transformational investments in the Medicare program—adding for the first time benefits for dental, hearing, and vision coverage. These new benefits are going to make a huge difference in the lives of our Nation’s seniors.

We invest $12 billion in the search for new cures and treatments by boosting funding for the National Institutes of Health and the Food and Drug Administration, NIH, as we know, plays a critical role in the research and development of new drugs, and this investment will ensure that these cures and treatments become a reality. We also want to invest in combatting the opioid crisis, community health centers, and maternal healthcare. And finally, beyond the negotiation, we are holding pharmaceutical companies accountable for when they jack up prices, bringing much-needed transparency to the process.

Mr. Chairman, the status quo is simply unacceptable and unsustainable. It is time to negotiate a better deal for the American people. It is time to pass H.R. 3.

Mr. Chair, I reserve the balance of my time.

Mr. WALDEN. Mr. Chair, I yield myself such time as I may consume.
should work together to stop anti-competitive actions of pharmaceutical companies that try to game the system and delay access to lower cost alternative medicines. And we should all work together—together, Mr. Chair—to pass legislation that both lowers drug costs, without killing off medical innovation.

Unfortunately, H.R. 3 falls on this count. And that is not just my conclusion, Mr. Chair. The great American innovators who are working day and night to develop cures to Alzheimer’s, to cancer, to ALS, to Parkinson’s, and the hundreds of other diseases and life-changing therapies are pleading with us for a “no” vote to H.R. 3—the Democrat’s plan.

Mr. Chair, 138 different biotech companies signed a letter to Congress 5 days ago. After reading the bill, they wrote: “This extreme proposal will upend the ecosystem of U.S. biomedical innovation, destroying our ability to attract private sector investment.”

These are the companies who develop the new innovations in medicine. They said H.R. 3 will shatter the dreams of patients hoping for lifesaving cures.

Mr. Chair, I include in the RECORD the letter in support from those companies.

DECEMBER 5, 2019.

HON. NANCY PELOSI, Speaker of the House, Washington, D.C.

HON. KEVIN MCCARTHY, House Republican Leader, Washington, D.C.

DEAR SPEAKER PELOSI and REPUBLICAN LEADER MCCARTHY: We represent the community of emerging biotechnology companies whose researchers and scientists strive daily to develop innovative life-changing therapies and cures for patients. We take pride that we are providing hope to patients and their families and changing the world through medical breakthroughs. These dreams are at risk from the irresponsible provisions in H.R. 3, the Lower Drug Costs Now Act, if passed.

We are at an incredible inflection point in science and technology that is bringing forth transformative treatments and even cures for cancer, infectious diseases, and a myriad of other serious and rare diseases. These advancements are benefitting lives of millions of patients and alleviating human suffering, while helping to reduce other more expensive parts of our health care system, such as hospital spending. Our continued success depends on maintaining an environment that supports investment in tomorrow’s discoveries.

Unfortunately, H.R. 3 is an unprecedented and aggressive government intervention in the U.S. market of drug development and delivery that will limit patient access to these extraordinary advancements in health care. This extreme proposal will upend the ecosystem of biomedical innovation, destroying our ability to attract private investment dollars that allow us to develop new treatments and change the course of health care for so many patients.

We strongly urge you to abandon H.R. 3. Further, in order to keep pace with this biomedical revolution and ensure America remains a leader in innovation, we hope that you will pursue bipartisan, holistic policies that modernize our health care payment system and lower drug costs for patients.

Sincerely,

Adeline Perkins, Chair & CEO, Infinity Pharmaceuticals, Inc.; Aiden Gottschalk, President & CEO, Foghorn Therapeutics; Alden Pritchard, CEO, Kalo Therapy, Inc.; Nima Alimzadeh, President, Minerva Neurosciences; Amy Marzban, President & CEO, Trieve Therapeutics, Inc.; Armando Anido, Chairman & CEO, Zynera Pharmaceuticals; Axel Bolte, Co-Founder, President & CEO, Athersys, Inc.; Charles Christensen, President & CEO, Heron Therapeutics; Basel Daiyhat, President & CEO, Xencor, Inc.; Bill Enright, CEO, Vaccettech, Ltd.; Bill Newell, CEO, Sarepta Therapeutics, Inc.; Brian Windsor, CEO, Lung Therapeutics, Inc.; Briggs W. H10097

H11DEPT1aiking on DSK30JT082PROD with HOUSE
Mr. WALDEN. Mr. Chair, my friends on the other side, the Democrats, ignore these facts. Some have even said—can you imagine this—that it is “worth it” to forego cures.

Seriously? That it is worth it to never have a cure for ALS?

What about Huntington’s Disease, or Parkinson’s, or rheumatoid arthritis? The answer for me is “no,” because one lost cure is too much.

The Independent Congressional Research Service also read through H.R. 3. They said it is unconstitutional, most likely because of the huge and punitive club that it hands the government. You see, if an innovator, under the bill on the floor today that the Democrats have, if an innovator does not agree with the price that the government demands, then the government can take 95 percent of that company’s revenues for the sale of that drug—95 percent.

Oh, by the way, it is actually higher than that because you can’t deduct it and they have to pay tax. Democrats call that a negotiation. I call that a mugging, Mr. Chair, a mugging.

Their scheme is based on what happens with drugs in six other countries. And they ignore that in those referenced countries and other countries around the world, people are actually denied access to lifesaving medicines that Americans have access to. So this is the tradeoff here.

If you remember nothing else, it is that we first get access to medicines, and in the countries the bill would emulate and copy and bring the process here, you don’t get access to some of these lifesaving drugs that Americans do here. That is your trade.

Let me tell you about the family of Katie Stafford.

She is a child living with cystic fibrosis in the United Kingdom. She was told by officials she cannot receive the medicine that her doctor determined would be the best chance at treating her life-threatening condition, because they don’t cover it in the United Kingdom under their system—this year.

Let me tell you about Andrea and Joshua: They are Canadian brothers, tragically both suffering from cystic fibrosis. Their parents had to beg the Canadian Government to cover treatment for their sons as they slowly lose their lung function. Now, their oldest son is enrolled in a clinical trial that the youngest son is ineligible for. So they must watch as one child gets help and the other child’s health declines.

Mr. Chair, the Congress follows the President’s lead on reducing prescription drug prices, the Administration welcomes bipartisan efforts to enact legislation, and additionally, the legislation offers a sound approach to delivering relief to seniors from high prescription drug costs while safeguarding the ongoing development of life-saving and sustaining medicines.

Additionally, H.R. 19, the Lower Costs, More Cures Act, shares many of the same bipartisan elements of the Prescription Drug Pricing Reduction Act and is also a far better approach to lowering drug prices and discovering life-saving cures than H.R. 3.

The President believes there is a path forward to enacting bipartisan legislation that lowers prescription drug costs for American families. The Administration remains committed to working with both parties to pass legislation that will lower drug costs while encouraging innovation in the development of lifesaving medicines.

If H.R. 3 were presented to the President in its current form, he would veto the bill.

Mr. WALDEN. Mr. Chair, the Congress that program. H.R. 3 also would limit annual out-of-pocket spending, protects access to new medicines and cures, strengthens transparency and accountability, and champions competition and innovation.

And most importantly, every single proposal, Mr. Chair, every single proposal in H.R. 19, the substitute, is bipartisan work—Democrats and Republicans. We give you this option.
Mr. LATTA. Mr. Chair, I rise today, agreeing with Americans that drug prices are too high. Congress must act, and we have done so in the Energy and Commerce Committee by passing bipartisan solutions.

H.R. 3 is bad policy, a partisan sham, and will result in more than 100 fewer cures. Plus, it is dead on arrival in the Senate.

What if that one new drug is the cure for Alzheimer’s or cancer? Under the leadership of Ranking Member WALDEN, we have solutions that deliver lower costs and more cures to Americans. Our bill is entirely bipartisan.

H.R. 19 lowers the costs of prescription drugs and caps seniors’ out-of-pocket costs. It encourages innovation and will increase competition, while enhancing transparency and getting more generic medicines to market faster.

The American people deserve solutions that will be signed into law. I encourage my colleagues across the aisle to deliver the American people more drug options, not fewer, and to support H.R. 19.

Mr. PALLONE. Mr. Chairman, I yield 2 minutes to the gentlewoman from California (Ms. ESHOO), who is the chairwoman of our Subcommittee on Health.

Ms. ESHOO. Mr. Chair, I rise in support of the Elijah E. Cummings Lower Drug Costs Now Act.

This is in your name, Elijah, and I think that you are listening.

This bill includes a $5 billion funding boost for capital improvements and construction to expand the footprint of community health centers, and an additional $5 billion in funding over 5 years for community health center grants.

Providing consistent funding for and building on the success of community health centers is critically important to making quality healthcare more accessible and affordable.

In my district, where four rural hospitals have closed, there are eight federally funded community health centers working to serve almost 190,000 patients.

Mr. Chair, I urge strong bipartisan support for H.R. 3, a piece of legislation that will contribute to the ending of injustice in healthcare and help move us closer to making the greatness of America accessible and affordable for all.

Mr. WALDEN. Mr. Chair, I yield 1 minute to the gentleman from Ohio (Mr. LATTA).

Mr. LATTA. Mr. Chair, I rise in strong support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act.

Martin Luther King, Jr., once said: “Of all the forms of inequality, injustice in healthcare is the most shocking and inhumane.” I believe my dear friend, Elijah Cummings, would agree that H.R. 3 is a giant step toward addressing injustice in healthcare.

This landmark legislation gives Medicare the power to negotiate directly with drug companies and extend negotiated prices to Americans with private insurance, also. This is a huge win for the American consumer.

In the United States, our drug prices are nearly four times higher than in similar countries. This legislation provides real price reductions that would put significant money back in consumers’ pockets. A portion of those savings will be reinvested in researching new cures and treatments.

This bill will also extend Medicare benefits to cover dental, vision, and hearing, and caps out-of-pocket prescription drug costs at $2,000 for those on Medicare.

In addition, these savings will allow $10 billion to fund provisions that are in my community health center’s legislation to enhance those facilities that serve 28 million Americans, half of which are in rural communities.

The bill includes a $5 billion funding boost for capital improvements and construction to expand the footprint of community health centers, and an additional $5 billion in funding over 5 years for community health center grants.

Providing consistent funding for and building on the success of community health centers is critically important to making quality healthcare more accessible and affordable.

In my district, where four rural hospitals have closed, there are eight federally funded community health centers working to serve almost 190,000 patients.

Mr. Chair, I urge strong bipartisan support for H.R. 3, a piece of legislation that will contribute to the ending of injustice in healthcare and help move us closer to making the greatness of America accessible and affordable for all.

Mr. WALDEN. Mr. Chair, I yield 1 minute to the gentlewoman from California (Ms. ESHOO), who is the chairwoman of our Subcommittee on Health.

Ms. ESHOO. Mr. Chair, I rise in support of the Elijah E. Cummings Lower Drug Costs Now Act.

This is in your name, Elijah, and I think that you are listening.

This bill includes the most transformational change to Medicare since President Johnson signed Medicare into law in 1965. Why? Because it allows Medicare to directly negotiate the price of the most expensive drugs in our country, including insulin. The lower price will not only apply to seniors who are enrolled in Medicare, but across all private insurance policies.

Manufacturers will no longer be able to hike prices faster than the rate of inflation. And, very importantly, it caps the out-of-pocket cost to seniors for their prescriptions at $2,000 a year. That is going to be a godsend to seniors.

Something else that will be a godsend to seniors is, with the savings in this legislation, seniors in Medicare will have additional benefits that they have been clamoring for for a very long time: coverage for vision, dental, and hearing, as well as colonoscopies and lymphedema treatment.

Very importantly—very importantly—I hear a lot about innovation here. This legislation increases funds for the National Institutes of Health to research and develop new cures. It provides almost $5 billion for the FDA to ensure the safety of our drugs—very important that all the committee members know that.

It invests in our community health centers, and it directs $10 billion to address the opioid crisis in our country.

So what is the difference between what the Republicans are saying and what the Democrats are saying? At the core of this bill, H.R. 3, is that there will be direct negotiations with the drug manufacturers to bring the price of drugs down. Our Republican friends do not support that.

And we know it works, direct negotiations in TRICARE, which is the healthcare system for all of our fellow Americans that wear a uniform and their families. So this legislation is sensible. Millions of Americans are not only going to save money, they will finally, finally, finally have the peace of mind that they will be able to afford the prescription drugs that they need for treatment, or those treatments that keep them alive.

I am so proud of the work that the committee has done, and I recommend this bill to every single Member of the House—Republicans, Democrats—because of the substance of it and what it will bring into people’s lives.

Mr. WALDEN. Mr. Chair, I include a list of the drugs not covered by the VA (excluding vaccines). I also include a list of available medications in H.R. 3 reference countries.

BRAND NAME/GENERIC NAME
Remodulin/Treprostinil Sodium
Provenge/Sipuleucel-T
Lactated Ringers
Sovaldi/Electromazole
Synvisc/Hiylan G-P 20
Tysabri/Treprostinil
Afraglac/Proxilaxel Protein-Bound
Actemra/Tocilizumab
Advate/Anfimophil EVIII, full length
Alloxi/Palolonetron HCL
Bromvac/Farmonotol Tratrate
Budesonide/Budesonide
Entyvio/Vedolizumab

As co-chair of the House Democrats’ Task Force on Aging and Families, I rise today in support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act, the most transformational expansion of Medicare since its creation.

That is why I support H.R. 19, the Lower Costs, More Cures Act, which is composed entirely of bipartisan provisions and could become law right now.

Mr. PALLONE, Mr. Chairman, I yield to the gentleman for yielding.

While there are many reasons to support H.R. 3, mine is Tony from Sacramento. Tony has type 2 diabetes. She is a single mom and works part-time to care for her child, all while managing multiple chronic conditions.

Mr. PALLONE. Mr. Chairman, I thank the gentleman for yielding.
thought would be the correct path forward. Indeed, in the Rules Committee last night, we received the Statement of Administration Policy from the President that said he would veto H.R. 3 if presented in its current form. But he got his way. H.R. 19 is a far better approach to lowering drug prices and discovering lifesaving cures. The President believes there is a path forward. The administration remains committed to working with both parties to pass legislation.

What H.R. 3 represents to me is a lost opportunity. It was an opportunity to work together. The President wanted to work together. But it is a lost opportunity to bring down drug costs for American patients. We can vote against H.R. 3. We can support the amendment in the nature of a substitute. H.R. 19 could become law this year.

Mr. PALLONE. Mr. Chairman, I yield 1½ minutes to the gentleman from California (Mr. McNerney), a member of our committee.

Mr. McNERNEY. Mr. Chairman, I thank the gentleman for yielding and for bringing this bill forward. I rise in support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act.

We are here today to debate an issue that shouldn’t need any discussion from Members of this body. We have all heard from constituents back home forced to choose between critical medications and basic needs because prescription drugs are just too expensive. Just this past week, one of my constituents, Marta, shared her story with me. Marta suffers from an autoimmune disease that causes her own body to attack her muscles, and without medication, she struggles to see. Even the slightest movement feels like a colossal feat, including her breathing.

The prescription drug she needs in order to walk or even just to breathe was once available for free, but the medication she is now taking costs an outrageous $375,000 a year. Who can afford that?

While Marta’s insurance covers some of this, it is a constant fight for her to get the medication she needs to be able to live her life.

What good are miracle drugs if people can’t afford them?

As Members of Congress, we must do everything in our power to ensure that people can afford lifesaving and life-changing drugs. Under H.R. 3, the government would be empowered to negotiate directly with the drug companies to lower prices for the American people.

I urge my colleagues to support H.R. 3 for Marta and the millions of Americans burdened by skyrocketing prescription drug costs.

Mr. WALDEN. Mr. Chairman, I yield 1 minute to the gentleman from Kentucky (Mr. Guthrie), the top Republican on the Oversight and Investigation Subcommittee of the Energy and Commerce Committee.

Mr. GUTHRIE. Mr. Chairman, I thank the gentleman for yielding. I rise today in opposition to H.R. 3.

Two of the issues that I often hear about back home are robocalls and drug prices. Last week, despite ideological differences on both sides of the aisle, we came together to address robocalls. I am disappointed that the same cannot be said for drug prices.

Republican Democrats. President Trump, doctors, pharmacists, patients, we all want lower drug prices. Yet, the Democrats have chosen to pursue partisan poison pill legislation that will go nowhere.

I was proud to cosponsor the Lower Costs, More Cures Act, a bill that includes only bipartisan solutions to lower drug prices. My Democratic colleagues have agreed to these provisions in the past. The Lower Costs, More Cures Act will allow the continuation of lifesaving innovation in healthcare research while lowering drug prices for Kentuckians.

Mr. Chairman, I oppose H.R. 3, and I urge my colleagues to support the Lower Costs, More Cures Act.

Mr. PALLONE. Mr. Chairman, I yield 1½ minutes to the gentleman from Vermont (Mr. Welch), a member of our committee.

Mr. WELCH. Mr. Chairman, I thank the gentleman for yielding.

We have done in our committee some bipartisan work that attacks patent abuse and will help bring down the costs of drugs, but there is a question. It is not a partisan question. It is real. Can we stop pharma from what has been relentless price increases—I would call it price gouging—without the government intervening on behalf of the consumer? We are the only country where the government sits on its hands while pharma boosts the prices.

President Trump told Elijah that is a rip-off. That is what the President told Elijah, and the President said he would be okay with bringing in safe drugs from abroad for price negotiation, or as the President called it, getting a better deal.

The President’s idea, which is a good one and incorporated in the bill, was to have an international reference price so we don’t pay four, five, six times what they pay in Europe. That is a good idea.

But bottom line, the question is, will pharma stop killing us if we don’t step up with governmental authority for consumers? That is not partisan. That is a judgment. It won’t happen without us asserting that authority, as is done in this bill.

Then, the benefits are extended to employers who are struggling to pay health insurance for their folks and can’t give them a raise, to seniors, and to every individual.

Mr. WALDEN. Mr. Chairman, I yield 1 minute to the gentleman from West Virginia (Mr. McKinley), an important member of our committee.

Mr. MCKINLEY. Mr. Chairman, I thank the gentleman for yielding.

Let’s be frank. Senate leadership has already said they are never going to vote on H.R. 3. Earlier today, President Trump made it clear that he would veto it. So what are we doing here?

If lowering the costs of prescription drugs were really a priority for Democrats, they would vote to adopt H.R. 19, the bipartisan alternative, instead of this politically charged bill. H.R. 19 has 35 bipartisan provisions that passed out of the House committee. It includes 90 percent of the bipartisan Grassley-Wyden bill in the Senate.

H.R. 19 will not only lower drug prices, but it will protect innovation and research into new medicines and cures for diseases like Alzheimer’s, rheumatoid arthritis, ALS, diabetes, and Parkinson’s.

The Congressional Budget Office and the Council of Economic Advisers have both concluded that H.R. 3 will prevent hundreds of new cures from entering the market. Therefore, I have to ask the supporters of H.R. 3: Which cures for our loved ones are you willing to sacrifice?

Mr. PALLONE. Mr. Chairman, I yield 1½ minutes to the gentleman from Oregon (Mr. Schrader), a member of our committee.

Mr. SCHRADER. Mr. Chairman, I thank the gentleman for yielding. I rise today to speak on behalf of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act of 2019.

The bill before us today will finally allow Medicare to negotiate the price for prescription drugs to get a better deal for our seniors, a task that has long been successful by the Department of Veterans Affairs, Medicare, the Department of Defense, and, frankly, in commercial insurance plans.

Why not allow our seniors to negotiate the best price for their costly drugs? It can save the taxpayers a lot of money.

Americans support negotiation.

I will point out that while I appreciate the efforts to expand service, the Medicare trustees report has shown that the Medicare hospital insurance trust fund is projected to be depleted by 2026, a mere 6 years from now. At the same time, national per capita spending is supposed to grow at a rate of over 5 percent a year.

The savings from the drug negotiation portion of this bill, at least a big portion of it, should be put toward ensuring that our seniors will continue to have access to Medicare.

We cannot keep spending money we do not have. As we continue to have conversations around expanding access to healthcare and lowering costs of prescription drugs, I urge my colleagues to be mindful that they need to address the solvency of our healthcare safety net systems.

This is a good bill. I urge support.

Mr. WALDEN. Mr. Chairman, I want to say that we cannot lose sight of how anti-innovation H.R. 3 is. We cannot lose sight of how many cures will never come around as a result. These aren’t just theoretical cures. They are also the conclusions of the Congressional Budget Office and the Council of Economic Advisers.
It does so by limiting out-of-pocket costs to no more than $2,000 a year for seniors—very important to seniors needing expensive medication.

It does so by strengthening Medicare, delivering vision, dental, and hearing benefits to all seniors across the country.

Every Member of the House should do the right thing for seniors and American families: pass H.R. 3.

Senate Majority Leader McConnell should do his job and bring this legislation up for a vote immediately so that we can strengthen Medicare for seniors and lower the cost of medicine for American families.

Mr. WALDEN. Madam Chair, I yield myself such time as I may consume.

Madam Chair, I would point out that the Republican alternative also caps costs for seniors, again, for the first time. We believe there is a place where that needs to happen for our seniors.

In the committee, Republicans offered up an amendment that would allow the middlemen profits, the rebates, and put them toward making insulin at no cost for seniors at the pharmacy counter. Unfortunately, every Democrat on the committee voted against that. Why, I do not know, but they did.

We want more cures and we want lower costs. We can have both.

There is no dispute among us, Republicans and Democrats, that drugs are too high. The question is: Can we find a scheme that is constitutional, and does it eliminate cures for diseases that people are relying on and shut down innovation in America? I think we can, by the way. I think that is H.R. 19. We will deal with that later.

Madam Chair, I yield 1 minute to the gentleman from Ohio (Mr. JOHNSON).

Mr. JOHNSON of Ohio. Madam Chair, Americans see a Congress paralyzed by impeachment and other distractions.

We should do our job, and put our constituents before partisanship. Reducing prescription drug prices is a way to do that.

My friends across the aisle brag about ‘affordable’ healthcare in other countries, but, they don’t mention the hidden costs.

Look at a young boy from Canada, Ashton Leeds, who, in 2018, was stricken with an aggressive form of thyroid cancer. Treatments approved by the FDA and available in his home country failed, and his life was saved when his family brought him to America for a cutting-edge treatment unavailable in Canada.

This isn’t an isolated instance. As my Republican colleagues have described today, the data shows that H.R. 3 takes us in the wrong direction—stifling innovation and reducing future cures.

Madam Chair, Americans are desperately looking for relief at the pharmacy counter and we can give it to them with H.R. 19. It is bipartisan, it is constitutional, with a real chance of becoming law, and I urge my colleagues to support it.

Mr. PALLONE. Madam Chair, may I inquire how much time remains on each side.

Mr. VEASEY. Madam Chair, I thank the chairman for really helping deliver on the promise to work for the people by bringing down the costs of prescription drugs for all Americans.

This is a historic and much-needed piece of legislation, and I am proud to be a member of the Energy and Commerce Committee and Congress to bring this bill to the floor.

This past summer, William from Arlington, Texas, came into my district office because, like so many Americans, William was enrolled in a Medicare Advantage plan and was concerned with the price of his lifesaving prescriptions. William was worried about the price of his generic cholesterol medicine. He had been paying $600 a month—$600 a month—when he went to his local pharmacy to fill his prescription.

I am hearing all this whooping and hollering about all these other things, protecting these pharmaceutical drug companies, but why is no one talking about people like William who are having a hard time making ends meet and they just want some relief when it comes to these prescription drug prices? That is who we need to be taking care of and defending in this debate.

Many seniors across the country are living like William. They are on fixed incomes. They are really having a hard time making ends meet, and forcing them to choose between paying for their prescription drugs and their daily necessities is really unacceptable in our country.

That is why I am proud to stand here with my colleagues today to voice support for H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act. I am proud this legislation will ensure Medicare beneficiaries will be covered on things like vision, dental, and hearing benefits.

The Acting CHAIR (Ms. WEXTON). The gentleman from New Jersey has 12% minutes remaining. The gentleman from Oregon has 12 minutes remaining.

Mr. VEASEY. Madam Chair, I thank the chairman very much for yielding me additional time.

Again, I want to be absolutely proud that the version of this bill that will help our low-income residents all across this country will be passed into law.

There are so many other things that I could talk about, but I just have to tell you, in closing, there are people who are out there hurting. They are making life-and-death decisions every day and having to choose between whether or not they are going to eat or
pay for their prescription drugs. This is unacceptable in this country.

Mr. WALDEN. Madam Chair, I yield myself such time as I may consume.

Madam Chair, I just want to point out a couple of things.

First of all, what is really unacceptable is to kill off American innovation in this space. We know from the biotech people who are doing this innovation, they have written us saying it will shatter the hopes and dreams of Americans waiting for cures. It will completely upend the ecosystem of innovation.

America is where the innovation occurs. We don’t think that has to happen to bring down the costs of drugs, which we also support.

We also don’t think you should end up in a system like this where, in these countries that they want to emulate, like Australia, Canada, France, Germany, Japan, and the United Kingdom, all new medications that we have here, they only have between 30 and 60 percent.

In fact, in cancer, there are 27 to 50 percent fewer cancer drugs in these countries. There is a range here, Madam Chair, that are available. So, if you go to France, if you were in America here, you might get a drug that would prolong your life or cure your cancer.

In these countries, you have a run of 27 to 50 percent chance you won’t get that drug; diabetes, 10 to 50 percent fewer; respiratory, 17 to 50 percent fewer.

They, in part, control their costs because they deny access to care of the lifesaving new cutting-edge drugs that we innovate.

Madam Chair, I yield 1 minute to the gentleman from Michigan (Mr. WALBERG), a very important member of our committee.

Mr. WALBERG. Madam Chair, I thank the gentleman for yielding.

Madam Chair, as I travel across Michigan, I constantly hear about the high cost of prescription drugs. Hard-working families are simply paying too much. That is why we need to tackle this issue in a bipartisan way, not try to score political points.

Sadly, H.R. 3 is a partisan, heavy-handed approach that has no chance of becoming law.

Let’s be honest: Government doesn’t negotiate; they dictate.

This drug pricing scheme will ultimately stifle innovation, and prevent lifesaving cures from becoming available to our friends, our neighbors, and families.

There is a better approach, a plan that is patient-focused and filled with bipartisan provisions that enjoys support in the Senate as well. It is H.R. 19, the Lower Costs, More Cures Act. This bill will strengthen transparency, encourage medical breakthroughs, and make medications that families rely on more affordable.

If the other side is serious about getting something done, then we should be voting on the Lower Costs, More Cures Act this week.

Mr. PALLONE. Madam Chair, I yield 2 minutes to the gentleman from Florida (Mr. SOTO), my colleague.

Mr. SOTO. Madam Chair, back in central Florida, we had a townhall where we had everyone from BERNIE, a coworker supporter of Medicare for all to Donald Trump make America Great Again, red hat-wearing Trump supporters, and all of them, regardless of the political spectrum, could not believe Medicare can’t negotiate. “What a sham” is what they said.

Well, today is the day. We are going to end the ban on Medicare negotiating.

So you can wring your hands, contort the facts, but then you are going to have to go home and explain why you campaigned on ending the ban on Medicare negotiating and then you voted “no,” and then you voted to keep this sham system in place where we don’t even allow the government to negotiate for lower drug prices.

This bill caps out-of-pocket costs at $2,000. That saves $1,196 per senior for the over 124,000 seniors in my district. It also applies to the 550,000 people who have private insurance.

What do we do with the $500 billion we save? We finally crack that injustice for seniors to get dental, vision, and hearing coverage.

We hear scare tactics: Hundreds of drugs aren’t going to be improved. Try to find a few, 17 or 50 percent fewer, according to the CBO, will be improved over the next 10 years. So let’s stop the scare tactics.

And is it worth it? Of course it is worth it.

Hundreds of new cures; finally giving dental, vision, hearing coverage —of course it is worth it.

$1,196 in savings per senior in my district. Of course it is worth it.

America put us in the majority because we think it is worth it, so it is time to pass the Lower the Drug Costs Now Act.

Mr. WALDEN. Madam Chair, I yield myself such time as I may consume.

Madam Chair, we have heard this refrain before that it is worth it, worth it not to have a cure. A cure for what? We don’t know.

We know that there are 100 drugs that will never be developed because of H.R. 3. That is what the Council of Economic Advisers said. The Congressional Budget Office says 38 in the next 20 years will never be developed.

Is that the cure for Alzheimer’s? Is that the cure for Parkinson’s? Is that the cure for ALS?

Madam Chair, the gentleman says it is worth it to upend the entire ecosystem of innovation in America. That is what we just heard. We heard it in committee too: It is okay. We don’t need a cure for this, that, or the other thing.

130 of these great American innovators wrote us and said it is not worth it. This bill is going to shatter the hopes and dreams of people who are hoping that there will be a cure for cystic fibrosis or sickle cell anemia or SMA.

Oh, by the way, we are developing those cures, but this bill, H.R. 3, kills innovation in America, and that means people will die because they can’t get those drugs because they were never invented.

We don’t have to do that to bring down the cost of drugs. There are bipartisan ways to bring down the cost of drugs without destroying medical innovation in America, and we want to work with you to do this.

H.R. 3 is the purely partisan bill on the floor.

The proposal we have is all bipartisan, Republican and Democrat ideas put together that will have a positive effect on bringing down drug prices. It will stop the gaming of the system, and it will rest in people’s cures.

Madam Chair, I yield 2 minutes to the gentleman from Georgia (Mr. CARTER), Congress’ only pharmacist, an outspoken advocate for our legislation and doing the right thing for patients, whom he greeted at the pharmacy counter every day.

Mr. CARTER of Georgia. Madam Chair, I thank the gentleman for yielding.

You know, I find myself in a situation here where I am both excited and I am sad. I am finally getting the opportunity to address something that was one of my major initiatives coming to Congress, and that is to do something about prescription drug pricing.

As the ranking member noted, I am the one, for over 30 years, who was at the front counter telling patients how much their medication was going to be.

I am the one who watched a mother in tears because she couldn’t afford her child’s medication.

I am the one who watched a senior citizen try to decide between buying medication and buying groceries.

Yet, never did it enter into my mind that this was a Republican or a Democrat thing. No. It never was, and it should not be now. This is about Americans and about Americans trying to get medications.

Now, I will tell you, in my career, in my pharmacy career, I have witnessed nothing short of miracles in the way of new drugs.

I can remember a time when, if you were diagnosed with hepatitis C, you were going to die. That is all there was to it. Now, think about it. We can actually cure it with a pill. How phenomenal is that? That is what research and development has done for us.

Now, do pharmaceutical manufactur-ers have to do a better job with their pricing? Yes, they do. But I am here to tell you where the real problem lies. I have been saying it ever since I have been here for 5 years, and that is in the middleman, in the fee PBMs, the pharmacy benefit managers, the ones who hide behind the cure and abusing this, that bring no value whatsoever to the system. Yet H.R. 3 is going to do away with research and development.
And, yes, you have heard it. Even if it is 8, even if it is 15, even if it is 100, even if it is 1, that is one too many that doesn’t come to market. What if it is the one for Alzheimer’s?

The Acting CHAIR. The time of the gentleman has expired.

Mr. WALDEN. Madam Chair, I yield an additional 15 seconds to the gentleman from Georgia.

Mr. CARTER of Georgia. Madam Chair, this is too important. This should not be partisan.

Thank goodness we have H.R. 19, a bipartisan bill. Everything that is in H.R. 19 is bipartisan—everything. And it brings down the cost of medication without stymieing innovation, without ruining research and development.

Madam Chair, I encourage Members to support H.R. 19.

Mr. FALLONE. Madam Chair, I yield myself such time as I may consume.

Madam Chair, this is a historic piece of legislation before us this evening. H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act, is the critical action we need to lower prescription drug prices for Americans across the United States.

Unfortunately, my Republican colleagues this evening continue to peddle Big Pharma’s talking points and say that this bill will stifle innovation. Frankly, I am appalled by this argument, Madam Chair. It is the Federal Government and the American taxpayers who are the largest investors in innovation.

In fact, the National Institutes of Health, which has long enjoyed bipartisan, bicameral support, is the largest public funder of biomedical research in the world. For decades, publicly funded research has laid the foundation for the treatment and cures that patients use today.

Research shows that many patented prescription drug products were first discovered through taxpayer-funded NIH research and grants.

According to a report by the National Academy of Sciences, NIH-funded research contributed to the development of all 210 new drugs approved by the FDA between 2010 and 2016.

The impact is clear: Americans are living longer, healthier lives; heart disease, stroke, and diabetes are less deadly; cancer mortality rates are also, overall, on the decline.

The Elijah E. Cummings Lower Drug Costs Now Act, H.R. 3, will strengthen innovation—I stress, strengthen innovation—with $250 billion of direct funding to continue this momentum. This money is delivered to the agency over 10 years to provide sustained, predictable investments to our Nation’s brightest researchers at our world-class universities and medical research centers.

This bill will advance research in cancer, rare diseases, regenerative medicine, and antibiotic resistance, among others. It also provides additional funding for phase 2 and phase 3 clinical trials.

History shows us that investments like these will pay dividends for patients.

Madam Chair, I am just so tired of hearing the Republican claim that H.R. 3 will kill new drug development and innovation. It is just the same tired fearmongering that the big pharmaceutical companies have used in an effort to lower their out-of-control drug prices.

We, as Members of Congress, work for the American people, not Big Pharma. And now is the time for us to act and deliver our promise to patients who rely on prescription drugs to live long and meaningful lives by lowering their drug prices.

Madam Chair, I reserve the balance of my time.

Mr. WALDEN. Madam Chair, I yield myself such time as I may consume.

Madam Chair, I can’t help but just respond. Our information is based on fact, not rhetoric. It comes from the independent Congressional Budget Office that works for all of us. And when they evaluated H.R. 3, they are the ones—at CBO, the Congressional Budget Office—that said that the Democrats’ plan, the Pelosi plan, would result in fewer new drug products being developed and coming to market.

CBO is the one, not Big Pharma. You can throw that around all you want, but it is the Congressional Budget Office that said 38 new cures that could be developed in the next 20 years would be lost in development because of this bill—38. Up to 38.

It was the Council of Economic Advisers that said upwards of 100 new cures, new medicines, would not come to market because of H.R. 3.

The great American innovators wrote to the Speaker and wrote to the Republican leader and said the dreams of life-changing therapies and cures for patients would be “shattered” by H.R. 3. They said that, unfortunately, H.R. 3 is an unprecedented and aggressive government intervention in the U.S. market of drug development and delivery that will limit patient access to these extraordinary advancements in care.

These are the people that—when they get a cure for cystic fibrosis; when they develop a cure for sickle cell; when, hopefully, they develop a cure for diabetes—we will all rush out to say, “We helped. We funded NIH. They did an important role.”

And NIH funding is extremely important, but it is the innovators that do the actual development of the drugs. In fact, the Congressional Budget Office said, when it comes to H.R. 3 spending for NIH, that the effects of the new drug introductions from increased Federal spending under the bill on biomedical research would be modest—modest. Okay.

We have all supported increases in additional research at NIH. It is an important component of this. But it is actually the innovators spread all across the country and these tiny little startups, in some cases, that are begging us not to blow up the system to get drug prices down.

We can get drug prices down. We are willing to work on both sides of the aisle to do that. You don’t have to destroy innovation in America and life-saving cures for patients to get there. H.R. 3, independent analyses show, would do exactly that.

Madam Chair, I yield 1 minute to the gentleman from Ohio (Mr. STIVERS).

Mr. STIVERS. Madam Chair, I thank Ranking Member WALDEN for yielding, and I commend him for his efforts to limit drug prices and continue innovation.

I have a concern about the increased costs that both H.R. 3 and H.R. 19, as well as Senate proposals, could have on small manufacturers through the part D redesign. These small manufacturers often serve the Low-Income Subsidy population that are our most vulnerable, and it would disproportionately affect their access to lifesaving and life-changing medications, such as drugs for mental illness and addiction.

H.R. 3 is catastrophic to this population.

Madam Chair, I ask to enter into a colloquy with the gentleman from Oregon and seek his commitment to ensure small manufacturers and the LIS population are not inadvertently penalized as this process moves forward of our alternative.

Mr. WALDEN. Madam Chair, I thank the gentleman from Ohio for his remarks. I am hopeful that, after this period of exercise of H.R. 3 is done, we can work on a bipartisan basis on needed part D modernization like we were doing before the Speaker, unfortunately, shut down these discussions.

When we do so, I look forward to working with the gentleman from Ohio to ensure that the vulnerable LIS population is not unintentionally adversely impacted.

The Acting CHAIR. The time of the gentleman has expired.

Mr. WALDEN. Madam Chair, I yield myself such time as I may consume.

I appreciate the gentleman for bringing up this important issue.

Madam Chair, I reserve the balance of my time.

Mr. FALLONE. Madam Chair, I yield myself such time as I may consume.

Madam Chair, the Republicans keep saying that they want to work with us. We have suggested to them that the only way to reduce prices, that I know of—and they haven’t suggested anything else—is by having some kind of negotiation.

We are talking about the drugs for which there is a monopoly. These are
the brand-name drugs for which there is no competition, no generic alternative. Every other country, the six that we have mentioned as part of this bill that we are looking at, because we subsidize them as the American people get ripped off. Australia, Canada, Japan, United Kingdom, and France bring prices down considerably by negotiating.

When you have all these Medicare beneficiaries, if you will, you have a tremendous amount of power, if you will, to negotiate with the drug companies because they want to sell their drugs to bring the prices down. If you don’t do that, which is what the Republicans refuse to do, then you have no effective way of bringing prices down. We know that.

Now, this is why, when Medicare part D was established—I was here how many years ago—the Republicans insisted that they put in this clause in part D that said that the government can negotiate prices.

So that is why we have to pass this bill, because right now the government has no power to do that.

Why not give the government that ability? So far, they refuse to do it. So I know they keep saying they want to work with us on a bipartisan basis, but they have refused to do any kind of negotiated prices, to get rid of that clause that says that the Department of Health and Human Services can negotiate prices

The American public is getting ripped off. We are subsidizing drugs that are being sold in this other country. It is not fair. It is not a fair playing field.

Why should we let the drug companies continue with this monopoly? That is why we are moving H.R. 3. That is the basis for H.R. 3.

Madam Chair, I reserve the balance of my time.

The Acting CHAIR. The gentleman from Oregon has 2 minutes remaining.

Mr. WALDEN. Madam Chair, I yield to the gentleman from Georgia (Mr. ALLEN) for 1 minute.

Mr. ALLEN. Madam Chair, we all agree here that prescription drug prices are skyrocketing, and Congress must act. That is something that we all agree on. The question is how do we go about it.

A couple of facts:

Fact 1: According to the White House Council of Economic Advisers, H.R. 3 will prevent as many as 100 fewer drugs from entering the U.S. market in the next decade.

Fact 2: According to the White House Council of Economic Advisers, H.R. 3 will prevent as many as 100 fewer drugs from entering the U.S. market in the next decade.

Fact 3: Countries that have adopted similar drug pricing schemes, as proposed under this legislation, have experienced access to innovative new medicines, increased wait times for treatment, and supply shortages for in-demand drugs.

Americans will not stand for this. We have an alternative: H.R. 19, the Lower Costs, More Cures Act.

I urge Members to work together in a bipartisan way on H.R. 19.

Mr. WALDEN. Madam Chair, may I inquire how much time remains?

The Acting CHAIR. The gentleman from Oregon has 1 minute remaining. The gentleman from New Jersey has 3½ minutes remaining.

Mr. WALDEN. Madam Chair, I yield myself such time as I may consume.

Let’s go through this really quickly. Democrats have said it is worth it not to have future cures. That is point one. They have said that: worth it not to have future cures.

Congressional Budget Office tells us up to 38 cures will not come about because of H.R. 3.

They have said we want to model America after foreign countries, and the facts show that in foreign countries you have less access to lifesaving drugs for cancer, diabetes, respiratory issues, and cardiovascular.

The chart on the far side here lists those drugs individually. We are not making this up. This is fact. We can do this better. We can work together.

The Congressional Budget Office said, when we created Medicare part D—which I was here for and supported—that having the government in charge of pricing would have a negligible effect in terms of the savings. I think they believe that today.

But if you want to restrict access to drugs, if you want to deny new cures to patients, if you want to go on a system where you die because the medicine is not available in your country, then vote for H.R. 3.

If you don’t, if you want to have lower drug prices, stop the gaming by the pharmaceutical companies and have more cures, then support our alternative.

Madam Chair, I yield back the balance of my time.

Mr. PALLONE. Madam Chair, I yield myself such time as I may consume.

Madam Chair, with H.R. 3 we are one step closer to fulfilling our promise of making prescription drugs more affordable for the American people.

Today, here in the United States, drug companies can charge whatever they want because there is no competition until a generic comes to market. And because the Federal Government has no ability to negotiate drug prices.

The American people are getting ripped off. The status quo is unacceptable and unsustainable.

In other countries negotiations occur, and prices in those countries are substantially lower than here in the United States. For years the American people have been subsidizing prescription drugs for the rest of the world, and we are fed up with paying 3, 4, or 10 times as much for the exact same drug as someone in a similar developed country.

Under H.R. 3, those days are over. We are finally empowering the Federal Government to negotiate lower prices with the drug manufacturers.

Now, what we are doing with the savings that come from this bill is we are providing additional benefits to seniors.

H.R. 3 adds Medicare part B comprehensive dental coverage for the first time. It adds a new dental benefit to Medicare part D and will provide coverage for screening and preventive services. It adds a new vision coverage. H.R. 3 adds new vision benefits that will cover routine eye exams, contact lens fitting, and glasses or contact lenses once every 2 years.

1930

It adds a comprehensive hearing benefit. It adds new hearing benefits that provide hearing aid coverage for individuals with severe, profound hearing loss.

The list goes on. We are investing more money to go to NIH. We are providing more money for community health centers. The bottom line is, we are also trying to save seniors’ out-of-pocket costs by capping out-of-pocket costs at $2,000.

We are doing all this at the same time that we are lowering prescription drug prices through negotiation by the Secretary of Health and Human Services, or the Federal Government. Understand that once that price is set for Medicare, that price is also available in the rest of the market for those with insurance coverage.

This is a win-win situation for the American people. I don’t understand how the Republicans on the other side could say that there is any other way to lower prescription drug prices, and they, frankly, haven’t given us any suggestion in that respect.

I ask my colleagues, please, this is a transformational piece of legislation. Please support us. This should be supported on a bipartisan basis.

Madam Chair, I yield back the balance of my time.

The Acting CHAIR. All time for the Energy and Commerce Committee has expired.

The gentleman from Massachusetts (Mr. NEAL) and the gentleman from Texas (Mr. BRADY) each will control 30 minutes.

The Chair recognizes the gentleman from Massachusetts.

Mr. NEAL. Madam Chair, I yield myself 4 minutes.

Madam Chair, I rise in strong support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act.

I am delighted to have been asked to join with my colleagues Mr. PALLONE and Chairman SCOTT in authoring this historic legislation. It delivers on a Democratic promise to meaningfully stabilize and lower the very high costs of prescription drugs in the United States.

As a recent Ways and Means Committee report details, Americans pay, on average, four times more for the same prescription drugs as patients in...
other similarly developed countries. An overwhelming majority of Americans, 95 percent, believe this disparity is unacceptable. I certainly agree with them.

H.R. 3 will level the playing field for patients and taxpayers by giving the Health and Human Services Secretary the power to negotiate better prescription drug prices in Medicare and throughout the private market. It also caps Medicare beneficiaries’ out-of-pocket prescription drug spending at $2,000.

According to CBO, H.R. 3 will save American taxpayers over $500 billion. We will vigorously reinvest these tremendous savings into unprecedented dental, vision, and hearing Medicare coverage expansions.

These are benefits that are directly associated with positive short- and long-term health outcomes, and seniors deserve meaningful access to them.

H.R. 3 also expands eligibility to low-income subsidy programs so that seniors can get help to lower their out-of-pocket costs. These changes ensure seniors can afford lifesaving medications, protect Medicare beneficiaries with preexisting conditions from discrimination, and give older Americans access to commonly needed life-transforming health services. Millions of Americans will see improvements to their quality of life and to their financial security.

I have long believed that we need to look at ways to reinvest in healthcare across the spectrum, and H.R. 3 does that by doubling our investment in maternal, infant, and early childhood home visiting programs, a proven tool to reduce maternal mortality and morbidity.

The bill also builds on the successful Health Profession Opportunity Grant demonstration projects to provide a leg up for low-income adults to fill good-paying healthcare jobs currently unfilled because of a lack of trained workers. Expanding HPOG programs will help beneficiaries gain new skills, earn good jobs, and help address health worker shortages that exist across our 50 States, in the U.S. territories, and in American Indian communities.

I am pleased and proud of the medical innovation and research that is undertaken daily around the Nation, especially in the Commonwealth of Massachusetts. But I am concerned that this breakthrough is becoming out of reach for consumers who simply cannot afford its discoveries.

H.R. 3 gives patients the ability to benefit from and afford innovative drugs. In addition, the legislation reinvests in lower drug prices back into a very important part of the Massachusetts economy, the National Institutes of Health, to fund additional groundbreaking, lifesaving research.

The Elijah E. Cummings Lower Drug Costs Now Act, is a commonsense proposal that will allow Americans to live healthier lives and save money as they move along the way.

I urge my colleagues to support this legislation, and I reserve the balance of my time.

Mr. BRADY. Madam Chair, I yield myself such time as I may consume.

Madam Chair, why should patients have to pay for the costliest and most painful drug is the one that is never created?

At the depths of Nancy Pelosi’s drug bill is a dangerous tradeoff of lower drug prices in the short term but fewer lifesaving cures in the future, and not just a few cures lost, but many, according to the independent Congressional Budget Office and the Council of Economic Advisers, up to 38 cures lost, according to the Congressional Budget Office, and up to 100, according to the CEA.

The California Life Sciences Association predicts nearly 9 of 10 new drugs would never be available—never—from their research and small biotech companies. This is a cruel and false choice, which is why this bill would quickly die with no real bipartisan support in the Senate.

As Republicans, we believe we need to do both, lower drug prices and accelerate new lifesaving cures. Our bill, the Lower Costs, More Cures Act, lowers out-of-pocket costs for Americans by cracking down on overpriced drugs and empowering seniors to choose the right place to get medicines, which can cut the cost of chemotherapy in half, pulling back the curtain on those who set drug prices, forcing drug companies to justify their increases and list their prices in their ads.

We accelerate, we do not kill, lifesaving medical cures. We permanently make it easier for Americans to deduct high medical expenses from their taxes. We allow them to use their health savings accounts for over-the-counter medicines, including feminine hygiene products, and save seniors over $300 each year on their medicines in the popular Medicare prescription drug program.

All of these proven ideas are bipartisan. All of these can be passed by Congress. All of these can be signed by President Trump this year if Democrats abandon their partisan games and recommit what was our bipartisan work that got shelved for the Pelosi drug bill.

I will finish with this. As a member of the Ways and Means Committee, we in the Republican Congress joined with President George Bush in 2003 to create an affordable drug plan for seniors. At the time, Speaker Pelosi and Democrats tried to kill it. She famously predicted that trading the crucial Part D prescription plan for the elderly would end “Medicare as we know it.”

Can you imagine how many seniors’ lives would have been lost if she had succeeded in stopping the affordable Medicare drug program that 43 million seniors have come to depend upon today?

Nancy Pelosi and Democrats were dangerously wrong then. Can Americans afford the pain and risk when they are dangerously wrong again?

Madam Chair, we have an alternative that lowers costs and accelerates cures in H.R. 19. That is the solution.

I reserve the balance of my time.

Mr. NEAL. Madam Chair, I yield 2 minutes to the gentleman from Texas (Mr. DOGGETT).

Mr. DOGGETT. Madam Chair, there is only one problem with this bipartisan plan that the Republicans have embraced: It will not lower manufacturers’ prescription drugs prices by a penny.

As to the phony argument that there are fewer cures out there, this bill will never be available—never—from their research and small biotech companies. This is a cruel and false choice.

All of this about a bill that, frankly, I am not all that enthusiastic. I think this legislation was originally advanced as a narrow approach that will never be available—never—from their research and small biotech companies if the Pelosi bill becomes law.

Not new cures, but in many cases, if we look at the current market, these are reformulations of existing drugs that manufacturers use to extend their monopoly positions.

For that purpose, it may have merit. But as a model for comprehensive future legislation on prescription price gouging by government-approved monopolies, this narrow measure does not. Its negotiation scope is restricted to insulin and certain high-cost, high-volume drugs.

Despite our pledge to repeal the Republican-imposed prohibition of Medicare negotiation, it still remains illegal, a violation of Federal law to negotiate lower prices for two-thirds of the medications covered by Medicare. That includes EpiPens and many other treatments.

No negotiation for lower prices is assured even when the taxpayers paid for much of the research to develop the drugs.

Price gouging is not limited to one disease or one class of drugs. This bill also does not provide any guarantee to 30 million uninsured Americans that they will get any lower prices.

I look forward to a new Congress with a President who wants to follow the campaign promises that President Trump has ignored, to provide relief for all Americans with a comprehensive solution to contain this Big Pharma monopoly power.

Mr. BRADY. Madam Chair, I am pleased to yield 2 minutes to the gentlewoman from Indiana (Mrs. WALORSKI), one of our key members on the Ways and Means Committee.
Mrs. WALORSKI. Madam Chair, I rise today in strong opposition to H.R. 3.

This misguided, partisan legislation was written behind closed doors. It will result in fewer cures, less innovation, and worse health outcomes. We all agree that prescription drug affordability is a vital issue for the American people. However, we shouldn’t be sacrificing new cures in the process. The bill tells patients with cancer, Alzheimer’s, and other terrible diseases to keep waiting for the cures they so desperately need.

That is why I support H.R. 19, the Lower Costs, More Cures Act. This bipartisan bill will lower out-of-pocket spending while also protecting access to new medicines and cures.

Madam Chair, we have an important opportunity to work in a bipartisan fashion for the American people. But here we are again, considering a partisan bill that has no path forward in the Senate. This has become such a disturbing trend.

I urge my colleagues to vote against this flawed legislation so we can work together to find solutions.

Mr. NEAL. Madam Chair, I yield 2 minutes to the gentleman from Oregon (Mr. BLUMENAUER).

Mr. BLUMENAUER. Madam Chair, I appreciate the gentleman’s courtesy, and I appreciate his leadership.

I strongly urge that my colleagues reject the cynical approach that is being advanced by our Republican friends. Think about it for a moment. We are talking about challenging the monopolies and making it illegal to negotiate drug prices.

As a result, we have heard already in the course of this debate that our constituents pay four times more, on average, than other countries. Sometimes it is 67 times as much.

What would happen if we were able to slightly restrain that monopoly power and have a little competition? The Republicans tell us that that is how they think it should be done. But what if the Republicans were actually taking a hard look at what is going on in Big Pharma to the new biologics in the small research companies, that I believe, actually. H.R. 3 is going to do incredible violence to our society’s take back part of the monopoly powers that the Republicans gave to the pharmaceutical industry.

Mr. BRADY. Madam Chair, I yield 3 minutes to the gentleman from Arizona (Mr. SCHWEIKERT).

Mr. SCHWEIKERT. Madam Chair, this is one of those, the tyranny of the clock as we have talked about, 3 minutes.

There are so many things here we agree upon about the rage we feel when we see the pricing mechanisms and those things. But there are so many things here that are absolutely wrong, from what is happening in Big Pharma to the new biologics that are coming from the small research companies, that I believe, actually. H.R. 3 is going to do incredible violence to our society’s take back part of the monopoly powers that the Republicans gave to the pharmaceutical industry.

Madam Chair, you have to understand. We are living in the time of miracles. There are cures coming that would not happen under H.R. 3.

The single shot that cures hemophilia, the single shot in our chronic population, that single shot is going to be outrageously expensive; but it is actually dramatically cheaper than just 3 or 4 years of living with the disease.

Madam Chair, there is actually one of my incredible concerns.

You understand the pricing efficiency you are importing. This is a reference pricing bill.

Madam Chair, what is a year of your life worth? Madam Chair, what is a year of your life worth if you are healthy? One year of healthy life, what is it worth to you, Madam Chair? Because, Madam Chair, if you are in Great Britain, the average life expectancy is 83 years. If the drug comes in at $37,001, it is not purchased. That is the efficiency you are about to import into our country. You are going to do this.

There are countries here where, if a pharmaceutical breakthrough is $19,000 and it would give you 1 year of healthy life, they don’t buy it. That is what you are importing. You are importing this type of cruelty.

You get to look at someone’s face and say, Look, we are imported that European model that basically said that your life is not worth that to us for you to be healthy for another year.

We are better than this. We can do better.

We both passionately agree the pricing mechanisms are crappy. The way capital is moved around is unfair. But H.R. 3 is going to do so much more damage.

And I think I can build you a financial model that says that you will lower some people’s drug prices and you will raise the cost of, functionally, healthcare in our country because the cures that are coming don’t come anymore.

Madam Chair, do you really want to import that type of cruelty into our society?

Mr. NEAL. Madam Chair, if the gentleman asked me what a year of my life was worth, I would have said: An awful lot.

But I am appreciative of the fact that you were mute on that issue, Madam Chair.

I am proud that we have stood firm against Big Pharma in our trade negotiations, and I hope my colleagues will stand with us.

Mr. PASCRELL. Madam Chair, I yield 2 minutes to the gentleman from New Jersey (Mr. PASCRELL).

Mr. PASCRELL. Madam Chair, I urge my colleagues to vote against this type of cruelty. This is a reference pricing bill.

This bill also includes a reauthorization of the Health Profession Opportunity Grants program, or HPOG, to
provide education and training to low-income individuals for health occupations that are in high demand or are experiencing labor shortages.

Mr. BRADY. Madam Chair, I yield 4 minutes to the gentleman from Pennsylvania, Mr. KELLY, who is a small business person who has always offered quality healthcare for his workers.

Mr. KELLY of Pennsylvania. Madam Chair, I am going to read a letter from a family that I represent in Pennsylvania, the Stewarts, Sara, Michael, and their three daughters: Maddie, Gilly, and Daphne. It starts off this way:

Dear Congressman Kelly, my name is Sara Stewart, and I am from Saint Petersburg, Pennsylvania. It is my understanding that the House Ways and Means Committee is having a public hearing on H.R. 3, the Lower Drug Costs Now Act of 2019.

Now, it appears this legislation does not have bipartisan support. It needs to take a more balanced approach. The balance is needed to keep parents like my 19-year-old daughter, Maddie.

Maddie suffers from a rare mitochondrial deletion condition called Pearson syndrome, which is a disorder that occurs as a result of mutated genes in the body. These genes impact mitochondria of her cells that prevent them from producing enough energy for the body to function properly.

Pearson syndrome is difficult to diagnose because it affects each individual differently. Maddie’s symptoms through the years have included being blood transfusion-dependent for several years, the inability to heal after heat and Sun exposure, becoming type I diabetic, progressively losing her vision, kidney failure, and several other daily complications, including development delays from having a body that runs on limited energy.

Maddie's symptoms also include body to function properly.

My message is simple to you, Mr. KELLY, and to the rest of the committee: There is no cure or treatment for Pearson syndrome. There isn't any right now. Each day is a struggle to keep Maddie balanced so her body is able to better cope with the symptoms of this terrible disorder.

All we have—as well as many other families across the world—is hope. Please don’t let partisan bickering impact the ability of researchers to discover and innovate new therapies that could save Maddie’s life one day. The clock is ticking, and Maddie is waiting.

Madam Chair, I went to visit the Stewarts. I saw this adorable child, and her mom told me: She has so much energy today, and she is really excited that she is feeling this way when you came to see her.

When I looked at the Stewart family, when I looked at Maddie, when I looked at her sister Gilly, and when I looked at her brother Daphne, I thought: This isn’t fair. She has never had a chance to live her life. She has already doubled the chances of what the life expectancy is. The mom is saying please don’t let political bickering stand in the way of developing new therapies that could save Maddie’s life.

Last year, there were 80-some children who had the same condition as Maddie. This Christmas, hopefully, the 40 who are left will have the chance to celebrate it.

Now, I don’t know how the Stewarts are registered. I don’t know if the Stewarts vote, and I don’t care. But I do know how the Stewarts pray, and they pray every night not just for Maddie, but for all the rest of the children who have this horrible disease.

The other thing they pray for is that, in the next two decades, we don’t look at each other as Republicans and Democrats, that we look at each other the way we really are: We are moms and dads. We are grandmas and grandpas and aunts and uncles. If we cannot come here and agree that the hallmark of America has always been her ability to develop, to innovate, and to be the savior of the rest of the world, then what are we doing?

There isn’t any right now. Each day is a struggle to keep Maddie balanced so her body can continue to do good things happen.

No. We have allowed ourselves to be so damned political and so damned divided that we turn our backs on the people who sent us here.

Maddie Stewart can’t develop the drug herself. Mr. and Mrs. Stewart can’t develop the drug themselves. The people of Saint Petersburg, Pennsylvania, can’t help Maddie develop a drug. But we can. We can by passing legislation and looking not at H.R. 3, the Lower Cost, More Cures Act, which deters the work that goes on today.

Let’s look at H.R. 19. Let’s talk about the substitute, the Lower Costs, More Cures Act. I wish we all had unlimited time to speak on this issue, but we don’t. The clock is ticking. It is ticking for Maddie Stewart in Saint Petersburg, Pennsylvania.

Please do the right thing for the right reasons, and good things are going to happen.

Mr. NEAL. Madam Chair, a reminder that our bill will invest $1 billion in the National Institutes of Health for new and innovative cures.

Madam Chair, I yield 2 minutes to the gentleman from Chicago, Illinois, Mr. DAVIS.

Mr. DAVIS of Illinois. Madam Chair, I rise in strong support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act. It is the solution whose time has come.

According to the CBO, this bill will save $448 billion from Medicare alone, which can be used to provide other services to seniors and people with disabilities.

I thank the Democratic leadership for including my bills to reduce maternal mortality and morbidity by doubling the MIECHV program and by expanding the successful Health Profession Opportunity Grants program to train low-income individuals to help relieve the health shortage that exists in this country.

Madam Chair, Elijah Cummings would be proud of this bill to carry his name, and I urge its passage.
Ms. SEWELL of Alabama. Madam Chair, I rise today in support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act.

I am particularly proud of a provision that I worked on with Speaker Pelosi to improve a provision in the original bill that caps out-of-pocket spending for Medicare part B beneficiaries at $2,000 annually.

My proposal further protects seniors by allowing them to pay these out-of-pocket costs in equal installments over 12 months, rather than all at once.

The final version of H.R. 3 also includes a bill I introduced earlier this month, H.R. 4669, the Maximizing Drug Coverage for Low-Income Seniors Act.

This is smart and innovative legislation that will ensure seniors are enrolled in the best Medicare part D program for their individual needs, not just randomly assigned.

This will save them money on out-of-pocket costs as well as improve access to their needed medication, while also generating savings in overall Medicare spending that can be reinvested in the program.

Madam Chair, in the richest Nation in the world, every American should be able to afford their life-saving medication.

I urge my colleagues to support this groundbreaking legislation and to vote for H.R. 3.

Mr. BRADY. Madam Chair, I reserve the balance of my time.

Ms. JUDY CHU of California. Madam Chair, I rise today in support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act.

Americans are sick and tired of getting fleeced by Big Pharma and having had enough of skyrocketing prescription drug prices.

In my district, an uninsured patient with diabetes has to pay $655 for a monthly supply of Novolog Flexpen, a popular brand of insulin. But, in Canada, that same supply of insulin can be purchased for just $17.

This is outrageous. Why should Americans have to pay so much more than any other developed country for the exact same medications? Why should my constituents have to plan trips to Mexico and Canada to get the medications they need to stay alive? Because even with the cost of travel, it is still cheaper to buy their insulin abroad. And why are drug company profits soaring while patients go bankrupt? This is simply not right.

H.R. 3 is a landmark piece of legislation. It gives Medicare the power to negotiate for lower prices directly with the drug companies. It makes those lower prices available to those with private insurance. Seniors will not have to pay more than $2,000 out-of-pocket for their drugs. And drug companies can no longer rip off Americans while charging other countries less for the same drug.

This bill is an important first step in addressing the skyrocketing cost of prescription drugs. I am proud to stand here today as a cosponsor of H.R. 3.

And I am committed to continuing our work for the people to bring down the cost of prescription drugs for all Americans.

Mr. BRADY. Madam Chair, I reserve the balance of my time.

Mr. NEAL. Madam Chair, I yield 2 minutes to the gentleman from Pennsylvania (Mr. BRENDAN F. BOYLE).

Mr. BRENDAN F. BOYLE of Pennsylvania. Madam Chair, I thank the chairman and all the colleagues of mine on both sides of the aisle and my committee, the Ways and Means Committee.

What a perfect illustration of the difference in priorities between the two parties. The major health initiative of the opposite party, when they were in power 2 years ago, was to repeal the Affordable Care Act, which would have taken away coverage from more than 20 million Americans.

Yet, now the House, under Democratic leadership, is considering a major priority on this side of the aisle, H.R. 3. A bill that, according to the Congressional Budget Office, will save on drug costs of $500 billion for the American people.

Now, there are many reasons why I support H.R. 3, and I am proud to do so, but I want to highlight, especially, just one of them. Our legislation would generate $10 billion to fight the opioid crisis, setting aside resources for the localities that have been impacted the most. That includes many rural areas in our country, but it also includes urban areas as well, especially in my district, in my hometown of Philadelphia.

I am proud to stand here and support H.R. 3. This is one of the most important things we can do for the American people: save on prescription drug costs.

Madam Chair, I urge its support.

Mr. NEAL. Madam Chair, I yield 2 minutes to the gentleman from Pennsylvania (Mr. EVANS).

Mr. EVANS. Madam Chair, I am proud to stand before you and offer my support for H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act.

One issue that has a significant impact on my constituents is the skyrocketing cost of insulin. Across Pennsylvania, more than 1 million people face a financial crisis, setting aside resources for the localities that have been impacted the most. That includes many rural areas in our country, but it also includes urban areas as well, especially in my district, in my hometown of Philadelphia.

Tragically, 3 in 10 adults reported not taking their medicines as prescribed at some point because of the cost. Even those who can afford their prescriptions are charged prices many times higher than in other developed countries. This is simply unacceptable.

H.R. 3 puts us on a path towards a more equitable healthcare system where cost is no barrier to getting the care patients need and want. I want to highlight my legislation, the Protecting Medicare Beneficiaries with Preexisting Conditions Act, now included in H.R. 3 as Section 801.

More than 13 million beneficiaries have a supplemental insurance policy known as Medigap. Medigap helps lower out-of-pocket costs, but some 30 million more Americans are unable to buy a Medigap plan without being charged more for a preexisting condition. Specifically, disabled Americans under 65 and Medicare Advantage enrollees are not afforded the same coverage guarantees as nearly every other American.

The Affordable Care Act rightly eradicated discrimination for pre-existing conditions in the individual market. We need to finally right this wrong for Medicare beneficiaries as well, and that is exactly what this bill does.

We look forward to this Chamber passing H.R. 3 to give more Americans peace of mind when buying their insurance and standing at the pharmacy counter. I hope all my colleagues on
both sides of the aisle will join me in supporting this bill.

Mr. BRADY. Madam Chair, I yield myself 1 minute.

Madam Chair, the Republican alternative to Lower Cost, More Cures Act is based on both parties working together. In fact, we were doing so until Speaker Pelosi blew this up with H.R. 3, written in secret, without any Republican input.

Our bill contains 36 different provisions that passed unanimously out of the Committee on Ways and Means and the Committee on Energy and Commerce. Madam Chair, 17 provisions that passed out of the House of Representatives also with bipartisan support; 26 different provisions that passed out of the 3 different Senate committees with bipartisan support, and 21 of these provisions from the Grassley-Wyden Drug Pricing Package.

When this bipartisan bill dies, H.R. 3, we Republicans will be ready to take up these bipartisan measures because we agree—Democrats and Republicans—we need to lower drug prices, and we need to accelerate these cures.

Madam Chair, I reserve the balance of my time.

Mr. NEAL. Madam Chair, I yield 2 minutes to the gentleman from New York (Mr. SUOZZI).

Mr. SUOZZI. Madam Chair, I thank Chairman Neal for yielding me time. Madam Chair, I rise in strong support of H.R. 3. I think this is one of the most important issues facing America today. The American people are hungering for a solution to this problem.

On July 11, 2017, President-elect Trump said, when referring to the pharmaceutical companies, “these guys are getting away with murder.”

For too long, Big Pharma has cashed in because our government, the largest purchaser of prescription drugs in the world, has been prohibited from negotiating lower drug prices. Americans pay nearly four times as much for prescription drugs as people in other countries. H.R. 3 will finally give the United States Government the power to negotiate lower prices. It will stop unjustified price hikes and put a cap on Medicare Part D beneficiary out-of-pocket costs.

The $500 billion in cost savings will be used to create historic Medicare improvements, such as dental, vision, and hearing benefits. This bill will also provide financial support for more Medicare beneficiaries, will boost funding for scientific innovation, will invest in community health centers, and will provide more money to fight the opioid epidemic.

I thank Chairman Neal for also including a provision I wrote to help protect patients who require Medicare prescription drug plans to publicly disclose information about when beneficiaries are denied at the pharmacy counter.

That little piece of legislation is the Elijah E. Cummings Lower Drug Costs Now Act of 2019. I support this bill because of one of my constituents, Steven Pastrone, who lives with multiple sclerosis. He and his family tell me that the whole right side of my body was weaker than my left and I had a hard time cognitively doing anything.''

Steven was not able to access his medication, which cost $35,000 per treatment, more than many Nevadans earn annually, so he had to rely on a cost-assistance program from the drug manufacturer.

So many people in our country are in Steven’s position and cannot access their lifesaving medications outright. Chairman Elijah Cummings would say: “We are better than that.”

My constituents who stop me at church and at recreation centers don’t tell me that they are Democrat, Republican, or Independent. They tell me that they have diabetes; they have cancer; they have heart disease; they have asthma; and they want this Congress to do something, to act.

So this week, we finally tell Americans across this country that we value your health more than Big Pharma profits, and we will pass H.R. 3, to lower drug costs now.

I want to thank the chairman and the Members of this body, my colleagues, for working so hard. This is one of the most important issues that this Congress can act on, and I am proud to be a sponsor of this important legislation.

Mr. BRADY. Madam Chair, I am prepared to close, and I reserve the balance of my time.

Mr. NEAL. Madam Chair, I have no further speakers, and I am prepared to close.

I reserve the balance of my time.

Mr. BRADY. Madam Chair, I yield myself such time as I need. Patients or politics—that is really the choice we have today when we vote on these different drug pricing bills.

There is a path forward that chooses politics. This path takes a partisan approach and throws away months of Republican and Democrats working together to lower drug prices.

Experts tell us this will delay or eliminate medical breakthroughs and lifesaving cures for American families. Patients or politics—that’s really the choice we have today when we vote on these different drug pricing bills.

And at what cost?

To save a few dollars in the short term for a dramatically worse landscape in America that discourages science, research, and discovery.

So I think of Representative Kelly’s young girl, Mattie Stuart, St. Peters-

burg, Pennsylvania, a Facebook page, Mattie’s Followers. Go to that page. Understand how patients are waiting for us, for those new cures.
I think of my friends in my neighborhood. We had a neighbor who died from a rare brain cancer. I have another who is fighting a glioblastoma; another neighbor, a very dynamic friend, who is now struggling with Parkinson’s; two friends who have died from ALS; and my friends, coworkers who they or their parents struggle with dementia and Alzheimer’s.

This bill, from Speaker PELOSI, in my view, just rips hope, robs hope from people waiting and praying for those cures. There is no way there are not fewer cures.

The Congressional Budget Office estimates that up to $1 trillion will be taken away from research and science and revenues that are invested in drugs and new discoveries.

Some say, well, the drug companies—and everyone seems to hate them—but the drug companies can just not do as many ads, can just shift some money around. But let me put it in perspective. Drug companies could not spend a dime on any advertisement for the next 25 years; they couldn’t make up what is taken away in this.

We could zero out National Institutes of Health for a quarter century. That is what $1 trillion in research and discovery investment does.

You can in denial if you don’t know there will be fewer cures—whether it is 38, whether it is 100, whether it is something in between. No one can tell us that cure that is lost won’t be the one for Alzheimer’s, ALS, Parkinson’s, or for cancer.

This is the path Republicans reject. We believe that is too high a price to pay for this bill, because we think there is a bipartisan road right in front of us that we can take together, one that chooses patients and their needs. And I am convinced Democrats believe, with us, that we can do both.

I believe, with goodwill and good ideas, we can do this Lower Costs, More Cures Act. It sets out what Chairman Neal and I set out to do in February of this year. We wrote that now is “the time to take meaningful action to lower the cost of prescription drugs in the U.S.”

We said we are committed to working together to end this cycle while preserving access to lifesaving innovations. I believe we can do that.

I believe the solution isn’t in H.R. 3. That can be changed as can be. I think the solution is H.R. 19 and working together to fine-tune it even better by accelerating, not killing, lifesaving medical cures; by doing what we have already said is bipartisan: driving out-of-pocket costs down; expanding health savings accounts; deducting medical expenses; letting people use their FHA more; saving seniors by redesigning part D; forcing drug companies to justify their increases, to pull that curtain back on how they price those drugs along the supply chain, making them, forcing them to pay more of the drug burdens in Medicare part D.

And together, we can tell families suffering from Alzheimer’s, ALS, Parkinson’s, and so many other illnesses that we are committed together to finding a cure.

My vote today will be on behalf of patients. It will not be a partisan solution. It will be cast with the hope that a future cure for cancer can be discovered and developed right here in America, sooner rather than later.

I know my Republican colleagues will join with me in that fight as well, and I ask my Democrat colleagues, to do the same.

Let me be clear on that. I think there are Democrats who have come here to solve problems but find themselves boxed out by the Speaker’s top-down approach. My simple request is, join us in fighting for a bipartisan solution, H.R. 19, no matter how you will eventually vote on H.R. 3.

Send a signal that it is not too late for the Mitties of the world. It is not too late to win for lower drug prices and that cure we all pray for for our families and loved ones.

Madam Chair, I yield back the balance of my time.

Mr. NEAL. Madam Chair, I yield myself 2 minutes.

Mr. SCOTT of Virginia. Madam Chair, I would first like to thank Chairman NEAL, Chairman PALLONE, the Speaker of the House, and other Democratic leaders for their leadership in lowering skyrocketing drug costs.

The Elijah E. Cummings Lower Drug Costs Now Act is a historic proposal to improve the health and well-being of all Americans. Not only does this legislation lower drug costs for taxpayers and seniors on Medicare, but it also reduces drug costs for businesses and families across the country, allowing employer-sponsored plans to access the same cost savings negotiated for Medicare.

In fact, according to the Centers for Medicare and Medicaid Services, H.R. 3 will save households and businesses more than $160 billion over the next 10 years. In my district, this means savings for approximately 600,000 people in public and private health insurance programs.

H.R. 3 will save the taxpayers hundreds of billions of dollars, and these savings will be reinvested in healthcare priorities. These priorities include funding new cures through the National Institutes of Health; funding community health centers, which serve 29 million Americans across the country; and combating the opiod epidemic.

Simply put, the Elijah E. Cummings Lower Drug Costs Now Act will lower prescription drug costs for workers today while investing in a healthier future for all Americans. I urge my colleagues to support this legislation and deliver on our bipartisan promise to lower healthcare costs for the American people.

Madam Chair, I reserve the balance of my time.

Ms. FOXX of North Carolina. Madam Chair, I yield myself such time as I may consume.

All of us in this Chamber have heard the troubling stories of mothers and fathers, grandmothers and grandfathers, friends, and colleagues who suffer every day because they can’t afford prescription drugs, and I am open to suggestions. One policy is not going to be the final fix, but this legislation is an important, impactful first step, and I welcome continued dialogue on both sides of the aisle.

I urge my colleagues to join me in supporting this historic legislation, and I yield back the balance of my time.

The Acting CHAIR (Ms. DAVIDS of Kansas). The time of the Committee on Ways and Means has expired.

The Chair recognizes the gentleman from Virginia (Mr. SCOTT) and the gentlewoman from North Carolina (Ms. FOXX) each will control 30 minutes.

The Chair recognizes the gentleman from Virginia.
their medications. That is why Congress started a collaborative and bipartisan process to tackle this issue earlier this year.

In October, this bipartisan collaboration was cut abruptly short by Speaker Pelosi with the introduction of H.R. 3, which was written in secret without Member input or the regular committee process.

Instead of a bipartisan solution, we are left with H.R. 3, which is nothing more than a Democrat downpayment on a government-run healthcare system that would eliminate private insurance and implement government-controlled rationing of prescription drugs.

I serve as the senior Republican on the Education and Labor Committee. H.R. 3 is the latest string in a series of radical Democratic bills that I have seen in the committee and in the House that plumb to a fine. House Democrats aren’t satisfied with only setting prices in government programs, and now drug pricing, are setting prices in private markets as well.

The mandate for additional price controls suggested in this amendment tells private companies how much they can increase their prices each year or force them to pass along increases. House Democrats aren’t satisfied with only setting prices in government programs, and they continue to find ways to expand the already radical scope of H.R. 3 to the private market as well.

Since the Education and Labor Committee markup, this issue has been a key area of disagreement between the committee markup, this issue has been a key area of disagreement between moderate and progressive Democrats, but Speaker Pelosi, yet again, caed to the demands of her Progressive Caucus and agreed to keep the amendment in the final bill.

The flawed and extreme approach taken by H.R. 3 includes troubling and unprecedented government interference with private market negotiations. Governments don’t negotiate; they dictate. So this radical scheme will eliminate choice and competition and jeopardize innovation, investment, and access to future cures.

Breakthroughs for cures for diseases like Alzheimer’s, cancer, sickle-cell disease, and others will be at risk. In fact, we pass H.R. 3, the nonpartisan Congressional Budget Office says we could see up to approximately 38 fewer Breakthroughs for deadly diseases over the next 20 years, and the Council of Economic Advisers says up to 100 fewer cures over the next 10 years.

If those estimates aren’t concerning enough, just look at real-world examples for proof. Countries that have adopted drug pricing systems like those included in H.R. 3 face decreased access to innovative new medicines, increased wait times for treatments, and supply shortages for in-demand drugs.

Democratic supporters of this bill have said fewer cures in exchange for government control prices is “worth it.” This is shameful. Democrats may be okay with price controls on insulin, but neither are my colleagues.

The American people deserve better from Congress. They deserve a real solution that will lower the costs of prescription drugs without jeopardizing access to new treatments and cures.

That is why House Republicans have introduced H.R. 19, the Lower Costs, More Cures Act. This bill contains measures that have bipartisan support in the House and the Senate, and it can become law this year.

Specifically, H.R. 19 will help lower out-of-pocket costs, protect access to new medicines and cures, strengthen transparency and accountability, and achieve meaningful reductions. Yet House Democrats are ignoring this bipartisan, commonsense legislation. Clearly, they prefer politics over progress.

Madam Chair, I reserve the balance of my time.

Mr. SCOTT of Virginia. Madam Chair, I yield 3 minutes to the gentleman from Connecticut (Mr. Courtney), a distinguished member of the Committee on Education and Labor.

Mr. COURTNEY. Madam Chair, I thank the gentleman for yielding and for his leadership on this issue.

Madam Chair, the Chamber can see the chart on my right, which was prepared by the Organization for Economic Cooperation and Development, which shows that the American people pay far more for prescription drugs than any other country in the world by being locked into expensive brand-name drugs. Per capita, the United States spends 25 percent more on prescription drugs than Switzerland, the country with the next highest drug costs.

Specific examples of this outrageous disparity abound. A vial of insulin in the U.S. is $300. The same vial in Canada is $32. In the U.S., an EpiPen two-pack has a list price of $608, in the U.K., $69.

About one-quarter of Americans say that it is difficult for them to afford their prescriptions. Seventy-nine percent of Americans think the costs of prescription drugs is unreasonable. Approximately one-third of Americans say they haven’t taken their medicine as prescribed because of trouble affording it.

This week, Congress will vote finally to use the leverage Medicare has to get U.S. drug prices in line with the international price index. This developed country standard of living is comparable to the U.S. and whose life expectancy in many cases actually exceeds the U.S.

As CBO confirmed, this bill will save patients millions of dollars and will ensure that this chart changes for the better.

Crucially, this bill is unique from other proposals by lowering drug costs and ensuring that prices of employer-sponsored health plans, reducing the relentless increase in healthcare costs that is driving premiums higher for large employers, small employers, and the self-insured.

According to the Connecticut Department of Insurance, the portion of healthcare premiums attributable to prescription drug coverage has increased from 15 percent to 23 percent of every premium dollar since 2010, which eats up wages and salaries.

In a nutshell, this bill will put billions of dollars into the pockets of working Americans and their families, at the same time not using a limited formulary, at the same time preserving a savings account, and at the same time boosting support for pharmaceutical research at the National Institutes of Health.

This bill is the most significant healthcare proposal in Congress. It is time for us to listen to the American people, who in 2018 listed healthcare costs, specifically prescription drug care costs, as their number one concern in exit polls in the highest voter turnout for a midterm election since 1914. This is the bill that responds to that loud signal from the American people.

I urge passage of H.R. 3.

Ms. FOXX of North Carolina. Madam Chair, I yield 3 minutes to the gentleman from South Dakota (Mr. Johnson).

Mr. JOHNSON of South Dakota. Madam Chair, I thank the gentlewoman for yielding.

We have been told tonight that H.R. 3 is the proper vehicle to accomplish that goal. I regret to inform the body that it is not. H.R. 3 is not a bipartisan attempt to find common ground. Make no mistake about it, it will not become the law of the land.

But for those of us who came to Congress to solve problems, there is some good news. There is a better way.

H.R. 19, which was introduced by 111 of my colleagues and me this week, is markedly better than H.R. 3, and it can become law. I want to highlight four components of H.R. 19.

First, it would end abuse of the patent system, and it would end the pay-for-delay agreements that allow generic manufacturers to actually be paid by their competitors to keep drugs off the market.

Secondly, it would, for the first time ever, place a cap on seniors’ out-of-pocket drug costs. That is supported by 75 percent of Americans.
Mr. SCOTT of Virginia. Madam Chair, I yield 3 minutes to the gentlewoman from Pennsylvania (Ms. WILD), a distinguished member of the Committee on Education and Labor.

Ms. WILD. Madam Chair, I rise in support of H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act. In his name, the days of putting profits over people must come to an end.

Madam Chair, to my colleagues across the aisle, why do they consider this to be a partisan idea?

Drug companies owe a fiduciary duty to make profits for their shareholders, but as Members of Congress, we have a much more important shareholder: the American people.

When we try to pass good bills to drive down drug prices, Big Pharma throws the weight of its lobby to kill them. They talk about innovation and research and development without disclosing that they could lose $1 trillion in sales and still be the most profitable industry.

One vial of insulin in America should not cost 10 times what it costs in Canada. People like my constituents Danielle Thrapp and her son Brandon shouldn't have to worry about the price of insulin.

People like my constituent Mitchell Lenett shouldn't have to worry whether his 14-year-old daughter Carly, who has type 1 diabetes, will be able to afford her insulin when she is no longer on his health insurance plan. That is why this bill is so important.

The Secretary of HHS must be able to negotiate lower drug prices for the highest cost prescription drugs, something other countries with far lower drug prices have long been able to do.

The Congressional Budget Office tells us that H.R. 3 will lower prices and increase the availability of prescription drugs. The CBO score says that this bill will reduce Federal spending for Medicare by at least $345 billion.

This will free up funding for some of our other priorities, like my bill to increase funding for prevention and treatment services and for expanding trauma-informed education practices in our schools and for mental health services.

Madam Chair, I call on my colleagues to put people over profits, finally, and pass this bill.

Ms. FOXX of North Carolina. Madam Chair, I yield 3 minutes to the gentleman from Texas (Mr. WRIGHT).

Mr. WRIGHT. Madam Chair, I thank Ms. FOXX for yielding.

Madam Chair, I rise in opposition to H.R. 3.

This Congress, we have seen on multiple occasions that Democrats and Republicans are able to agree on and move powerful and beneficial legislation when we put aside politics in favor of bipartisan pragmatism.

Members on both sides of the aisle agree that rising drug prices are a major concern for all Americans, and you would think we would be able to deliver for the American people on this issue.

Unlike the radical bill before us, H.R. 19, the Lower Costs, More Cures Act, contains bipartisan solutions and has a real chance of being signed into law.

Sadly, we are wasting the taxpayers’ time debating a hapless Federal takeover of an American biotech industry that will result in more harm than good.

H.R. 3 represents the first step of a government takeover, all under the guise of helping. But threatening companies not negotiating future prices is not helping; threatening the jobs of 89,000 Texasans employed by the biotech industry is not helping.

This bill would slap manufacturers with a 95 percent excise tax for not negotiating future prices with the Federal Government. That is not negotiating; that is dictating.

Speaker PELOSI’s price-setting legislation gives manufacturers a stark choice: comply or exit the U.S. market entirely.

Doctors take the Hippocratic Oath to do no harm. Public officials should do the same.

If one thing is clear to me, it is that H.R. 3 will absolutely do harm. This bill has one assured outcome: the stifling of medical innovation here in the United States.

Experts from the Congressional Budget Office, the Council of Economic Advisers, and the California Life Sciences Association have all warned of the disastrous impact H.R. 3 will have on future cures. Specifically, they warned that up to a third of new cures could be lost over the next 10 years.

Fortunately, we don’t have to rely solely on experts’ estimates about the impact of government price setting. We can look at the real-time results in other countries.

Between 2011 and 2018, 89 percent of new treatments introduced were available to Americans, compared to 62 percent in Germany and 60 percent in the United Kingdom.

We have seen, to the United States’ benefit, the migration of R&D activity from Europe in the aftermath of their price controls.

Now is not the time to slow down medical innovations in the United States. We must stop this radical government overreach.

Madam Chair, I encourage my colleagues to vote for the underlying legislation.
Mr. Chair, let’s be honest: Governments don’t negotiate; they dictate. This drug-pricing scheme will ultimately hurt families, stifle innovation, and prevent lifesaving drugs from becoming available to our friends, our neighbors, our families.

Approximately 100 lifesaving drugs, according to the Council of Economic Advisers, won’t come to fruition if H.R. 3 passes.

Mr. Chair, I would dearly love to ask my colleagues: Which of those cures would we do away with? Alzheimer’s? Parkinson’s disease? Childhood cancers? Which ones would we give up for H.R. 3?

There is a better approach, a plan that is patient-focused and filled with bipartisan provisions that enjoy support in the Senate, and, oh, by the way, the President would sign. It would become law. It would reduce the costs and increase innovation. It is H.R. 19, the Lower Costs, More Cures Act.

Mr. Chair, this bill will strengthen transparency, encourage medical breakthroughs, and make medications that are desperately needed more affordable.

If the other side is serious, Mr. Chair, about getting something done, then we should be voting on the Lower Costs, More Cures Act this week and move it forward for our people and provide cures that are plentiful and many more than the other countries that you are talking about tonight.

Mr. SCOTT of Virginia. Mr. Chair, I yield 2 minutes to the gentlewoman from Washington (Ms. SCHRIER), a distinguished member of the Committee on Education and Labor, who, prior to her service in Congress, was a practicing physician.

Ms. SCHRIER. Mr. Chair, I thank everyone who worked so hard on the Elijah Cummings Lower Drug Costs Now Act.

As so many of my colleagues have said already, this is a groundbreaking bill.

Medicare is the biggest purchaser of medications in the world, and it should absolutely have the power to negotiate costs, and we should not continue to pay three to four times more than the rest of the world for our medications.

With negotiation, this bill saves hundreds of billions of dollars, and we are going to use that money well. Part is for research, but one of the ways is my bill, included in H.R. 3, that requires Medicare to cover vision care.

Medicare part B covers cataract surgery and yearly glaucoma tests, but it does not cover routine eye exams, glasses, or contact lenses, and this is a tremendous gap in coverage for our seniors.

We want to make sure seniors can live independently for as long as possible, and part of this is making sure they can see well enough to drive to appointments, walk safely around the house, and carefully read their prescriptions. Also, poor vision can limit physical activity and increase isolation, leading then to deteriorating health.

As a doctor, I am concerned about the number of older Americans who have not had an eye exam in well over a year and might have undiagnosed eye conditions. By expanding Medicare part B to cover vision care, we will ensure that older Americans will be able to access affordable eye exams. Ms. FOXX of North Carolina. Mr. Chair, I yield 3 minutes to the gentleman from Pennsylvania (Mr. KELLER).

Mr. KELLER. Mr. Chair, I thank Ms. FOXX for yielding me time.

Mr. Chair, I urge my colleagues to join me in opposing H.R. 3.

While we can all agree that Americans pay too much for healthcare and that the rising cost of prescription medicine needs to be addressed, H.R. 3 is not the bill to accomplish those goals.

Traveling across Pennsylvania’s 12th Congressional District, I have met with patients and medical professionals who have told me the way to address rising prescription drug costs include patient reforms that will include patent reform to get generics to market faster, price transparency so consumers know the actual cost of the medications they are paying for, and incentivizing innovation to help find new cures.

Contrary to these goals, H.R. 3 would turn a blind eye to good bipartisan work done on this issue throughout 2019 that can save savings for our seniors and our families.

H.R. 3 would lead to more government control over a private industry, putting this country on the road to socialized medicine. And H.R. 3 would lead to fewer cures, with some estimates saying up to 100 fewer cures would be found as a result of this legislation.

Mr. Chair, we have a bipartisan plan that has the support of doctors and patients alike. H.R. 19 would provide for more cures, create price transparency, and get generics to market faster.

These are bipartisan solutions backed by doctors and pharmacists in Pennsylvania’s 12th Congressional District, in the Commonwealth of Pennsylvania, and across our country.

While Americans struggle to pay for these high costs of prescription drugs, we have real legislation that can help solve this real problem. We should not be wasting billions on something that harms Americans by providing fewer cures and will never become law.

Mr. Chair, again, I urge my colleagues to oppose this socialist fantasy in H.R. 3 and encourage us to work on the real bipartisan solutions in H.R. 19.

Mr. SCOTT of Virginia. Mr. Chair, I yield 2 minutes to the gentlewoman from Connecticut (Mrs. HAYES), a distinguished member of the Committee on Education and Labor and a former National Teacher of the Year.

Mrs. HAYES. Mr. Chairman, I rise in support of the Elijah E. Cummings Lower Drug Costs Now Act, a bill that would take power wielded and weaponized by massive drug companies and put it back in the hands of the American people.

It is beyond unacceptable that families in my district and around the country are price gouged at the pharmacy counter and forced to make the impossible decision to either pay for their medication or put food on their table.

H.R. 3 will save my constituents in Connecticut’s Fifth suffering from diseases like diabetes, asthma, and arthritis, hundreds—even thousands—of dollars per year.

But perhaps the thing I am most proud of in H.R. 3 is that it includes a bill that I sponsored, the Supporting Trauma-Informed Education Practices Act. This bill will put drug companies who share responsibility for the opioid crisis on the hook for part of the solution.

My bill would direct $100 million of the savings from drug pricing negotiations to grants that would improve trauma support services and mental healthcare for children and schools.

As a Member of Congress who has spent a career in the classroom, I have seen the painful reality of too many schools having too few counselors and psychologists to tackle the complex needs of students suffering from abuse, neglect, and trauma.

We need to commit to investing and implementing ongoing supports and wraparound services for every student who is affected, for every student who has faced loss or has been separated from their parents as a result of the opioid crisis.

Drug companies are prioritizing profits over human lives in their cruel business calculus. Communities like New Britain, Litchfield, and Waterbury in my district desperately need help to fight this opioid crisis, which mirrors the crisis that consumers are currently facing with rising drug costs.

I am proud that this bill also includes legislation I cosponsored that would lower drug costs for some of the most vulnerable members of the population.

The Acting CHAIR (Mr. LEVIN of California). The time of the gentlewoman has expired.

Mr. SCOTT of Virginia. Mr. Chair, I yield the gentlewoman from Connecticut an additional 30 seconds.

Mrs. HAYES. The bill would also save older adults with limited incomes money and improve access to their needed medications.

Mr. Chairman, my constituents cannot wait for change. Patients in rural communities cannot wait for change.

The 22,000 Connecticut residents diagnosed with cancer each year cannot wait for change. The student in Meriden who has suffered as a victim of the opioid crisis cannot wait for change.

The 22,000 Connecticut residents diagnosed with cancer each year cannot wait for change. The student in Meriden who has suffered as a victim of the opioid crisis cannot wait for change.

The 22,000 Connecticut residents diagnosed with cancer each year cannot wait for change. The student in Meriden who has suffered as a victim of the opioid crisis cannot wait for change.

The 22,000 Connecticut residents diagnosed with cancer each year cannot wait for change. The student in Meriden who has suffered as a victim of the opioid crisis cannot wait for change.

The 22,000 Connecticut residents diagnosed with cancer each year cannot wait for change. The student in Meriden who has suffered as a victim of the opioid crisis cannot wait for change.

The 22,000 Connecticut residents diagnosed with cancer each year cannot wait for change. The student in Meriden who has suffered as a victim of the opioid crisis cannot wait for change.
Ms. FOXX of North Carolina. Mr. Chairman, I yield 3 minutes to the gentleman from Wisconsin (Mr. GROTHMAN).

Mr. GROTHMAN. Mr. Chair, I also rise to speak against H.R. 3.

To pass is to say that there are two segments of society in which the costs have gone out of control and are really broken. One is the secondary education system, and the other is the medical industry.

It is not surprising that the two areas that have spun out of control is where the government has been most involved; and, therefore, we should be very measured before we become involved in a lot more government prescription or mucking around the medical industry.

And I say that as somebody who is no friend of the drug companies. I think their behavior has become absolutely deplorable.

Nevertheless, we have to remember that, "When it comes to new drugs right now on the market, other countries have a lot less access than we do in America. In that regard, America is still number one. Only 36 percent of the new drugs are allowed into Australia, 46 percent in Canada, and under 60 percent in the U.K. We are still the envy of people in other parts of the world there.

Of new cancer drugs launched in the last 8 years, 95 percent are available in the U.S., 74 percent in the U.K., and less than 50 percent in Japan.

The thing to remember which is so frequently true: Government involvement can be good, but a lot of times government involvement can make things worse.

The next frustrating thing about this bill is there are good things that both sides could agree on and could pass right away.

We have heard a lot about H.R. 19 right now. One of their folks was talking about the high cost of insulin. We are doing things, or people would do things in H.R. 19, to rush more biosimilars to insulin to the market. They could have that victory tomorrow.

But, for some reason, rather than vote on a bill they know will pass and will do a great deal to reduce the cost of prescription drugs, the other side has elected to bring forth a bill that they know will not pass, which comes down to the third point I am going to make: Why are they not passing a bill that would collect the vast majority of Republicans in the House and has a good chance of passing the Senate and being signed by President Trump?

I reluctantly conclude that, once more time, they don’t want to have a victory in these 2 years, for whatever motivation. And that is truly sad because these drug costs are out of control, and there are victories that can be taken today.

But instead of passing a bill, given political reality, that can be brought to the floor, they will pass a bill on the House floor that they know is going to go nowhere in the Senate and that they know is going to delay the relief that people need.

The Acting CHAIR. The time of the gentleman has expired.

Ms. FOXX of North Carolina. Mr. Chairman, I yield the gentleman from Wisconsin an additional 30 seconds.

Mr. GROTHMAN. They know it will delay that relief for at least another year.

I have a bill I am going to talk about, myself, a little bit later.

Mr. SCOTT of Virginia. Mr. Chair, I yield myself such time as I may consume.

Mr. Chair, I just want to comment about a letter that we received from the American Federation of State, County and Municipal Employees. This letter states, in part: "Enactment of H.R. 3 is needed because:

- "It directs our government to stand on the side of all Americans and protect us from price gouging by directly negotiating for lower prescription drug prices."
- "It creates a new $2,000 out-of-pocket limit on prescription drugs for people on Medicare."
- "It reinvests Federal savings into much-needed new Medicare benefits to cover dental, vision, and hearing."
- "The cost of innovation is too high. It is calculated in the suffering of individuals who are forced to ration their medicines or choose between buying medicines or paying for housing and groceries. Prescription drug companies must be made accountable. We urge you to send a clear message that Congress is on the side of all Americans by directing the government to directly negotiate for lower prescription drug prices. Please vote in support of H.R. 3."

Mr. Chair, I reserve the balance of my time.

Ms. FOXX of North Carolina. Mr. Chairman, I yield 3 minutes to the gentlewoman from West Virginia (Mrs. MILLER).

Mrs. MILLER. Mr. Chairman, I rise today to oppose H.R. 3.

Every single person in our country deserves lower prescription drug prices. Congress needs to act. But the bill on the floor today is not the answer.

With this legislation, my colleagues across the aisle have decided that, once again, government should be in the business of healthcare, picking winners and losers, taxing lifesaving cures, and ignoring that private innovation is the main driver in advancing healthcare.

House Republicans have a bipartisan solution, one which will deliver the transparency, affordability, and predictability we need: H.R. 19, the Lower Costs, More Cures Act.

With this bill, we can make sure that every person—the parents of a newborn baby, a young adult with a chronic illness, a coal miner coping with black lung, or a citizen taking his daily pills—has access to the drugs they need at the affordable, predictable prices they deserve.

We need the innovators to be at the forefront of creating new, better drugs to improve quality of life for all Americans in need. H.R. 19 delivers this. We can have it all. That is why I oppose H.R. 3.

Mr. SCOTT of Virginia. Mr. Chair, I yield myself such time as I may consume.

Mr. Chair, I want to comment on a letter we received from the AFL-CIO, a legislative alert. It says, in part, that "H.R. 3, the Lower Drug Prices Now Act, takes bold action to address this relentless rise in drug prices."

"H.R. 3 reinvests the estimated $500 billion in Federal savings in historic improvements to Medicare benefits and other important health care programs. Medicaid part D prescription drug coverage is substantially improved by the addition of a $2,000 out-of-pocket maximum. Medicare benefits are further expanded by the inclusion of vision, hearing, and dental. To help low-income seniors, the legislation expands subsidy eligibility to make premiums and out-of-pocket costs more affordable."

"Other investments in healthcare include $7.7 billion to support community responses to the opioid crisis and $10 billion for National Institutes of Health biomedical research toward the discovery of breakthrough drug therapies."

"The Lower Drug Prices Now Act will provide crucial assistance to working families who are currently unable to afford the medicines they need, while simultaneously making important investments to address other healthcare priorities. We urge you to vote for this bill."

Mr. Chair, I reserve the balance of my time.

Ms. FOXX of North Carolina. Mr. Chairman, I yield 3 minutes to the gentleman from North Carolina (Mr. MURPHY).

Mr. MURPHY. Mr. Chairman, I rise tonight in opposition to H.R. 3.

As a practicing surgeon for the last 30 years, I believe I give somewhat of a unique perspective on the unbearable high price of prescription drugs, an issue that all Americans can agree upon.

I have seen patients and continue to see patients who simply cannot afford their medications. We all agree on this problem. Unfortunately, however, H.R. 3 is, while well intentioned, a poorly executed solution.
Healthcare economics are unique, a fact that many here do not realize. Price controls do not work in healthcare. There is evidence to show that, in countries that implement price controls, only a fraction of medicines that come to market are actually available.

I should know. I have worked across the globe. I have worked in places where I have tried to prescribe medications that I thought were best for patients, only to have government prevent me from doing so.

In Australia, for example, only 36 percent of new drugs released between 2011 and 2018 were available. Canada and the United Kingdom hardly fared better with 46 and 59 percent.

The American public does not deserve to be shortchanged.

In my 30 years as a practicing surgeon, I have seen new drugs and treatments become available that 20, 10, and even 5 years ago patients could have only dreamed of. But curative therapies do not occur overnight. They occur by innovative and dedicated scientists who continue to be on the cutting edge of research and development.

Yet it takes financial risks to develop these drugs. At present, less than 1 in 100 drugs that are being discovered actually ever come to market.

H.R. 3 will gut companies with a 95 percent tax if they do not succumb to the government’s strong-arm negotiation.

As a urologist, I can personally attest to the leaps and bounds that have been made in drugs that treat advanced prostate cancer. In just the last 5 years, more progress has been made in metastatic prostate cancer than in the preceding 70 years. I can now talk to patients about outriding their cancers rather than succumbing to them.

We can control drug costs. H.R. 19, the Lower Costs, More Cures Act, is a much better path. We should cut the billions spent on advertising or the billions spent on direct-to-consumer advertising or the billions spent on pharmacy benefit managers. We need a surgical approach to cure this disease, not a heavy-handed hatchet job by an overreaching government.

H.R. 19 leads to decreased costs while, at the same time, providing a pathway for the cures that so many patients desperately seek.

Mr. SCOTT of Virginia. Mr. Chairman, I yield myself such time as I may consume.

I will point out that the question of availability of drugs in the United States comes up at a hearing we had on this legislation. It was pointed out that the target negotiated price will be approximately 120 percent of the international average. That is a lot better than the two, three, five, as much as 60 times higher Americans are paying for the same drugs here than in other countries.

At that price, at 120 percent, that will be the highest price, and we will be the biggest market. They certainly won’t take a drug away from the biggest market paying the highest price, so we don’t have to worry about availability.

I reserve the balance of my time.

Mr. FOXX of North Carolina. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, House Democrats have once again decided to pursue policies over prices and along a radical drug pricing scheme that will eliminate choice and competition, and jeopardize innovation, investment, and access to future cures, putting breakthrough treatments for diseases like Alzheimer’s, cancer, sickle-cell, and others at risk.

As many as 100 lifesaving drugs—and that needs to be repeated, Mr. Chairman, as many as 100 lifesaving drugs—could be kept from Americans desperately in need because of Speaker PELOSI’s socialist drug-pricing scheme. This is unacceptable.

We shouldn’t be pursuing policies that will harm the health and well-being of American patients, and we shouldn’t destroy a system that allows the U.S. to lead the world in new cures and treatments.

Bottom line, this radical legislation offers fewer cures, and American families will suffer because of it.

I strongly urge my colleagues to vote “no” on this seriously flawed bill, and I yield back the balance of my time.

Mr. SCOTT of Virginia. Mr. Chair, I yield myself the balance of my time.

Mr. Chair, last year, Congress made a promise to lower skyrocketing drug costs and strengthen our healthcare system for Americans. H.R. 3, the Elijah E. Cummings Lower Drug Costs Now Act, delivers on that promise. The legislation only lowers the costs of prescription drugs for taxpayers and those enrolled in Medicare, but it also lowers the costs for workers, businesses, and families.

It improves the quality of healthcare by expanding Medicare benefits to include vision, dental, and hearing benefits, and it limits the out-of-pocket copays and deductibles to $2,000.

It strengthens public health by investing in community health centers, and it provides historic funding for evidence-based student trauma services and the Child Abuse Prevention and Treatment Act. Both of these initiatives will help support children who have suffered abuse or trauma related to substance use disorder and the opioid crisis.

The Elijah E. Cummings Lower Drug Costs Now Act is a long-overdue step to improve healthcare and the lives of American families across the country, both today and for decades to come.

Again, I thank Chairman PALLONE, Chairman NEAL, Speaker PELOSI, and other Democratic leaders for bringing this legislation to the floor, and I urge all of my colleagues to support this priority for the American people.

Mr. Chairman, I yield back the balance of my time.
between whether they were going to buy their medications or buy their groceries.

I was the one on the other side of the counter. I committed myself to do something about that once I became a Member of Congress, and I am glad to see that we are actually doing that.

I want to preface my remarks by saying this: I truly believe that those on the other side of the aisle and we on this side of the aisle want the same thing. I truly believe that, I truly believe that we all want to lower prescription drug prices, and I truly believe that we can do just that. I truly believe that we need to do just that.

However, there are some differences here. Those experiences that I had on the other side of the counter have driven me to work hard on bipartisan solutions to lower drug costs for patients since coming to Congress, but particularly during this last year. However, it seems that every time I get my hopes up that we will work together to pass meaningful policies to help the American people afford their medications, the Democrats have put politics over progress.

In the spring, I was proud to work with my friend Congressman SCHRADER, in a bipartisan way, on the BLOCKING Act to increase generic competition in the marketplace. Again, both of us wanted the same thing. We worked on this together, in a bipartisan fashion.

But what happened? Speaker Pelosi paired our bipartisan drug pricing bill up on the floor with political poison pills. Politics over progress.

This summer, I worked with Congresswoman SCHAKOWSKY to strike a deal to pass a comprehensive drug transparency bill, the METRIC Act. Unanimously, it passed out of committee. Republicans and Democrats voted for it.

But what happened? Different versions of these policies we had struck a bipartisan agreement on were added to the Speaker’s bill before us today. Politics over progress.

This fall, Energy and Commerce Committee Republicans were close to striking a bipartisan deal with our friends across the aisle to cap out-of-pocket spending for seniors on Medicare.

What happened? Our Democratic colleagues walked away from those bipartisan negotiations to double down on a partisan bill that we know is dead on arrival in the Senate. Politics over progress.

This holiday season, Energy and Commerce Committee Republicans introduced a bill, H.R. 19, the Lower Costs, More Cures Act, to make one last, earnest effort to pass good, bipartisan drug spending policies that could be signed into law this year and immediately help patients—immediate help for patients.

My hope is that we can come together because, as I said before, we all want the same thing. We all need the same thing. My hope is that we can come together and support the Walden amendment and pass the bipartisan Lower Costs, More Cures Act instead of this deeply partisan H.R. 3.

My hope is that my Democratic colleagues stop putting politics over progress and join us in passing bipartisan drug pricing reforms that actually can be signed into law and will help patients.

Madam Speaker, we have a number of people here today who want to speak on this. I know that I am going to have some personal stories that I want to share, and I think some of my colleagues are going to have some personal stories as well, real-life situations, real people, real problems, real diseases. This is what we are talking about here.

There is no reason in the world that this should be a partisan issue. Never, in my over 30 years of practicing pharmacy, did I ever go to the counter and say: Okay, are you a Republican or are you a Democrat? No, never did that happen, and it should not happen. And I think there are some members in this House should not happen, in either party. There is no excuse, no reason, that should ever happen.

Madam Speaker, I yield to the gentleman from Kentucky (Mr. GUTHRIE), a gentleman on the Energy and Commerce Committee.

Mr. GUTHRIE. Madam Speaker, I thank the gentleman for yielding.

Madam Speaker, I rise today to bring attention to the consequences of the drug pricing bill H.R. 3.

There is no doubt we must act to lower prescription drug prices for Americans and for Americans to pay only their fair share. However, this bill is not the right path.

We often hear stories about the way other countries pay for their drugs and other country payment systems. What you don’t often hear are stories about patients who are unable to receive care and access to lifesaving drugs because of the limitations in their country.

For Louise Moorhouse, we have examples of how much less is offered in these other countries, but it is personal. For example, Louise Moorhouse is a teacher in England. Hope was with her in reach when she enrolled in a trial for Kuvan, a drug used to treat PKU, a rare genetic metabolic disorder. If left untreated, the disease can result in mild to severe neurological issues.

When Louise was in the clinical trial for Kuvan, she was able to eat and function like anyone else. Sadly, Louise’s circumstances are rare. Unfortunately, the drug that helped her live a more normal life was not covered by the United Kingdom’s National Health Service.

Despite the agency’s acknowledgment of the drug’s efficacy, as the drug is not covered by the NHS, she no longer has access to it. Instead, her insurance has returned to taking 80 pills a day, in conjunction with a highly restrictive diet.

In the United States, we have access to innovative drugs. The keyword is “access.” When people talk about H.R. 3, what they want to say is that we can completely transform the way we pay for drugs and never talk about or never acknowledge the way we can completely transform the way we receive and have access to drugs. We know that from the Congressional Budget Office.

There are other studies that say we can lose 100 different cures that are coming down the path. So, as Americans want relief from prescription drug prices, Americans also want access to these innovative drugs.

President Carter is alive today because of access to one of his experimental drugs that are becoming lower cost and more affordable for everyone. My point is there doesn’t have to be a choice. We can have both. We can have lower prices and not completely lose access to these drugs and continue the great innovation that we have.

That choice is H.R. 19. It is a bill that will be on the floor tomorrow. Every bit of it is bipartisan. Every single piece of it has a Republican and a Democrat cosponsor. It is something we know the Senate will take up and the President will sign and give relief to the American people and continue to give access to the great innovations that we have.

Madam Speaker, I hope that we can take that bill up tomorrow, and I thank the gentleman for yielding.

Mr. CARTER of Georgia. Madam Speaker, I thank the gentleman especially for making the point that is true: We can have both. We can lower drug costs; we can continue with innovation; and we do not have to stymie innovation. We can achieve what both sides want to achieve without stymieing innovation and without cutting our research and development efforts.

Madam Speaker, I want to bring up another situation in which modern medicine has played a role. I will give you an example of where research and development has resulted in miracle cures.

Duchenne muscular dystrophy is another terrible disease that predominantly impacts males and is a result of a genetic mutation that inhibits the body from producing the chemical needed to make you function.

As with the other diseases that we are going to mention tonight, it has a significant impact on those who are affected. But, fortunately, we have a drug to treat it.

Exondys is a drug developed to treat a particular group of people suffering from Duchenne, and it was the first treatment of its kind approved by the FDA. That means that these people for whom this was developed would be able to tell their doctors what to prescribe and develop the protein necessary to stimulate muscle development and activity. In other words, it can help to improve the daily
lives of these people with that particular type of muscular dystrophy.

Once again, I can’t stress how much of an impact these incredible cures that I have witnessed during my lifetime have. During my professional practice, I have seen nothing short of miracles of people being able to get their lives back and being able to extend their lives and live a healthy life. This therapy that we are talking about, many times, is not available in any other country if you needed it. You have to come to the United States, Madam Speaker. That is the only place that it is available. It is not available in these other countries.

The gentleman from Kentucky just mentioned about all these medications that aren’t available in other countries. This is an example of one that we are talking about right here. Our focus has to continue to be on the cutting edge of drug development.

Madam Speaker, I yield to the gentleman from Washington (Mrs. Rodgers), who is my good friend and a valuable member of the Energy and Commerce Committee. Representative Rodgers brings an outstanding portfolio of experience, and we appreciate her very much.

Mrs. RODGERS of Washington. Madam Speaker, I thank my friend and colleague from Georgia, Representative BUDDY CARTER, very much for bringing us all together.

Many of us are members of the Energy and Commerce Committee. We are on the forefront, and we are committed to making sure that lifesaving drugs and treatments are more affordable. It is a top priority, and I appreciate the gentleman’s leadership as a pharmacist on the front lines of so many of these lifesaving and life-changing treatments.

We hear it every day from seniors, people with disabilities, and patients that they are anxious for results. The good news is that we are leading. The Trump administration has led our front to deliver. The FDA is breaking records for the amount of generic drugs that are being approved right now. That is the key to bringing down the costs of prescription drugs.

I am also so proud of the bipartisan work that we did in the Energy and Commerce Committee 3 years ago to get the 21st Century Cures legislation signed into law. Thanks to 21st Century Cures, we are continuing to lead.

However, that is all threatened with H.R. 3. It means fewer cures. I think about my dad. He has diabetes, and diabetes comes with heart issues. My grandma had dementia, and my son was born with an extra 21st chromosome, Down syndrome. Because research has given my son an opportunity to live and to reach his full potential, his life expectancy is today longer than ever.

Let’s keep moving forward. H.R. 19, the Lower Costs, More Cures Act, helps us move forward. It includes bipartisan solutions that President Trump can sign into law this year.

We should be building upon the work that we did with 21st Century Cures. We want to see more generic drugs come to the market faster and finally make insulin more affordable for our seniors, lower out-of-pocket spending, cap the doughnut hole, access new medicines and cures, and require price transparency. Every single provision is bipartisan.

Unfortunately, the speaker and the Democrats are moving forward in a partisan exercise directing the Federal Government to set drug prices, and it will stop innovation. America will fall behind as the global leader, and we can see what impact that has all over the world: hundreds and hundreds of fewer drugs entering the market.

I want to stand on the side of innovation and more breakthroughs helping millions of people with the ravages of disease that they encounter every day.

Madam Speaker, I thank the gentleman for his tremendous leadership on this issue.

Mr. CARTER of Georgia. Madam Speaker, I guarantee you that every person who receives the honor and privilege of serving in this august body has a story just like that and knows someone or has a family member who has been impacted by a disease and whose quality of life has been improved by the medications that are now approved and are available—everyone in this Chamber, everyone who has the honor and privilege of serving in this Chamber.

Again, as I have said all along, we all want the same thing. We all need the same thing. As Representative GUTHRIE said earlier, we can have the same thing without stopping innovation and without stopping research and development.

Madam Speaker, I yield to the gentlewoman from Indiana (Mrs. BROOKS), who is another invaluable member of the Energy and Commerce Committee. Representative BROOKS is a gentlewoman who brings, again, an outstanding portfolio of experience, and we appreciate her very much.

Mrs. BROOKS of Indiana. Madam Speaker, I rise today to thank my colleague, the only pharmacist in the House, BUDDY CARTER from the great State of Georgia, who has brought us together to try to lower the importance of lowering costs and making sure we can continue to focus on more cures.

I also rise today in opposition to H.R. 3. We know that Americans pay far too much for the drugs at the pharmacy counter, something that my colleague knows better than anybody, and it is our duty to come together to find solutions that are solutions to lower costs of drugs while protecting innovation and future drug development in our country.

But, unfortunately, H.R. 3, which we are scheduled to vote on tomorrow, jeopardizes that American innovation and patient access to care. The non-partisan CBO estimates that, under H.R. 3, approximately 15 fewer drugs will be introduced over the next decade, and about 30 fewer drugs over the following decade, and then a 10 percent reduction annually, afterwards, into perpetuity. This means that over 40 potential cures will not be discovered over the next 20 to 30 years.

So let’s talk about what that means. It might mean there might not be a cure for breast cancer, maybe no cure for diabetes and Alzheimer’s, diseases that we know impact Americans all across our country.

We lead the world in innovation, in breakthrough medicines, cutting-edge technologies, and therapies to save and improve lives. Our peer nations have 40 to 60 percent fewer cures—as you just heard from previous speakers—compared to what is available in our market.

In Canada, a country with a nationalized health system, Tori Lacey, a 21-year-old with SMA muscular atrophy, is unable to access a treatment called Spinraza because it is not covered for those with type 2 SMA in Ontario.

Stringent eligibility criteria for new medicines prevent Tori, a college student, from focusing on her schoolwork and future. So Tori must suffer through this genetic neuromuscular disorder that affects the nerve cells that control voluntary muscles instead of being granted access to this critical drug. In America, Tori would be able to access this cure.

If we lose these 15 drugs over the next decade, again, which drug and which disease is going to lose out? Is it breast cancer, a disease that claims one in eight women each year?

Madam Speaker, do I go home and tell my dear, long-time friend Judy, who, at one time, was told she had 18 months to live—that was 8 years ago—do I tell her, “Sorry, we’re not able to work on it, and the drug companies that do this R&D may not be able to because we can’t get our act together to protect innovation?”

Judy has been fighting, for the second time, breast cancer for 8 years. She has been holding on to hope that next month there may be a cure and that next year there may be a cure. But under H.R. 3, those chances drop precipitously.

If we lose 15 drugs over the next decade, will it be diabetes, a disease affecting over 30 million Americans, a disease gripping 700,000 of my fellow Hoosiers?

This past summer, I visited with a young JDRF advocate, Ella, from Indianapolis. She was diagnosed with type 1 diabetes at age 4. She is an incredible young girl who is advocating on behalf of kids like her with diabetes. She came to Washington and shared her story with me.

She is a gymnast, but with her disease, she has to be incredibly careful and monitor her blood sugar constantly. She told me sometimes she has...
to sit out at practice due to her blood sugar and that it is very annoying to this 11-year-old gymnast. She should be focused on her gymnastics and on school, but instead of being a kid, she has to worry about her blood sugar and about her insulin pump.

I believe there are representatives like Ella and her family that the technology developments in the diabetes space is working to make lives almost normal. Diabetes was a death sentence just over 100 years ago. Now, diabetics can almost live normal lives.

But what if we could find a cure?

Hopefully one day, advancements in medicine technology will allow Ella to be that kid, a kid without any worry. If we lose these 15 drugs over the next decade, is it the GNA01 encephalopathy? It is a rare neurological disorder that causes developmental delays, early infantile seizures, and abnormal movements.

My dear friend and a former House staffer, Karen Hill, Emily, had to leave my team when she found out that her first child, sweet Madeline, was diagnosed with this rare disease. Madeline is now 5 years old.

Madeline, at this point in her life, will never be able to feed herself. She will never experience a normal childhood without a cure, let alone more answers to this very rare disease.

We could go on and on and if we lose 15 drugs over the next decade. H.R. 3 is so wrong for America. But we have an alternative.

We came together with H.R. 19, the Lower Costs, More Cures Act, of which I am proud to be an original cosponsor. This is a piece of legislation that is a bipartisan package, what BUDDY CARTER was talking about. It is focused on lowering drug prices while protecting America's ability to lead the world in innovative solutions.

Our Energy and Commerce Committee enjoys an, actually, very warm and bipartisan working relationship on so many bills. We worked across the aisle; we held many hearings; we had many markups; and we worked on thorny issues together. Our committee actually put forward several serious bipartisan measures that could become law. They are part of H.R. 19.

I am not going to go through all of those pieces that are in H.R. 19, but one of the things that is so important about H.R. 19 is it provides affordability and predictability for patients and seniors.

Americans don’t want a guessing game at the pharmacy counter. H.R. 19 caps out-of-pocket costs for seniors; it increases competition, which is key to getting more generic medicines to the market; it increases low-cost options for patients by bringing these generics to the marketplace faster; it ends pay-for-delay—the reimbursement CREATES; and it eases new product entry to the market.

I could go on and on.

These were things that we worked on with our colleagues across the aisle, and that is what is in H.R. 19.

So while H.R. 3 crushes investments in the R&D of new cures, it stifles innovation and uses incredibly harsh regulations on the manufacturers who create these cures. It squeezes them almost out of existence in many ways.

Ultimately, it is the patients who suffer, and it is H.R. 3 that will encourage innovators by those cures and protect access to new medicines. It will support competition, which will drive down prices and lower the cost of medicines, and it does put patients first.

So I urge my colleagues to support that innovation by opposing H.R. 3 and supporting the bipartisan H.R. 19, Lower Costs, More Cures Act—real solutions for Americans.

Madam Speaker, I thank my colleagues for hosting this important hour. Mr. CARTER of Georgia. Madam Speaker, just one important point to the gentleman, really quick: You are right, whether you believe the CBO who says that H.R. 3 will result in 8 to 15 drugs won’t come to market, or whether you believe the Council of Economic Advisers, who says over 100 drugs won’t come to market, even if it is just one drug, that is one too many. And I thank the gentleman.

Madam Speaker, I recognize one of the members of our Doctor's Caucus. We are very blessed in this Congress to have a number of fine physicians. Madam Speaker, I yield to the gentleman from Pennsylvania (Mr. MARSHALL).

Mr. MARSHALL. Madam Speaker, I thank Congressman CARTER for his leadership as a community pharmacist.

And I have worked together in different cities but on the same projects trying to help patients out. And here we are gathered in Congress now for this same purpose.

I thought I might talk about Alzheimer’s disease for a little bit this evening. It is hard to imagine that over 5 million Americans have Alzheimer’s disease. And I bet there is not a person in this room, a person at home watching, that doesn’t have a loved one that they have watched them suffer and go through the stages of Alzheimer’s disease—5 million Americans. And it is hard to imagine, in three decades we are going to have 14 million Americans with Alzheimer’s.

For the sake of humanity, we need a drug to cure this. And you and I both know that we are truly this close, that there are medications in the pipeline that are going to help treat Alzheimer’s.

The economic impact of this disease on our country is also extraordinary. Right now, we are spending about $300 billion a year treating Alzheimer’s patients. Again, in three decades, it is going to be over a trillion dollars a year. A medication that would cure Alzheimer’s is going to save this country, literally, trillions of dollars.

When I go back home, people ask me a couple of things. Number one is, they want us to lower the cost of healthcare, to lower the cost of prescription drugs. But they also want us to balance the Federal budget. If we are ever going to be able to balance the Federal budget, we have to start driving the cost of healthcare down. And innovation is the way that we are going to do this.

I hope everybody understands that the Democrats’ H.R. 3 does just the opposite. It takes away our patients’ ability to innovate and it is going to stop innovation. Drugs that are going to cure Alzheimer’s are never going to come, and I haven’t even started talking about hepatitis.

When you and I were in college, and in medical school and pharmacy school, there weren’t cures for hepatitis, but now we have vaccines for it. Hepatitis C was a death sentence. Now we have medication; a medication you take, one pill a week for 12 weeks—95 percent cure rate. So that patient that was going to end up with a liver transplant that was going to cost $500,000, we have cured them with an outpatient medicine.

I think about all the cures for cancer. Can’t we sell those? And innovations out there, spinal muscular atrophy—so many things—cortical blindness. For the sake of humanity, we cannot let H.R. 3 happen.

We need H.R. 19, the Lower Costs, More Cures Act. That is what is going to drive down the cost of healthcare and bring great solutions, great new innovation to this country.

And again, Madam Speaker, I thank Congressman CARTER for leading on this very important issue.

Mr. CARTER of Georgia. Madam Speaker, I thank the gentleman.

At this time, I yield to the gentleman from Pennsylvania (Mr. JOYCE), another valued member of our Doctors Caucus.

Mr. JOYCE of Pennsylvania. Madam Speaker, I thank the gentleman from Georgia, a pharmacist, leading this discussion. It is so important the leadership that Representative CARTER has taken in this role in addressing this.

Madam Speaker, I rise today in strong opposition of H.R. 3. This would severely constrain biomedical innovation, limit the access to future cures, and ultimately harm so many patients across America.

While all of us agree that we must act as a Congress to lower the cost of prescription medicine, this bill takes a fundamentally incorrect approach that would jeopardize Americans access to new medicines and have a negative impact on patient outcomes.

As recently as 10 years ago, when I would screen a patient presenting with metabolic maladies, the prognosis often would be fatal. Now, thanks to the advent of new biologic therapies, patients diagnosed with widespread...
metastatic melanoma have a chance to live, a chance to embrace life.

Let me be clear about this issue. Passing H.R. 3 would deprive patients and their loved ones of a chance for a cure.

Fortunately, we have the alternative in H.R. 19, the Lower Costs, More Cures Act, of which I am proud to be an original cosponsor. This bill is a package of more than 40 bipartisan provisions that would actually become law and have real impact on our patients, our constituents. And in addition, would ultimately lower drug prices.

Madam Speaker, I am grateful to Mr. CARTER for leading this discussion and for hosting this Special Order on this crucial topic.

Mr. CARTER of Georgia. Madam Speaker, I thank the gentleman for the invaluable experience that he brings to Congress. That is another example of one of the fine physicians that we have in Congress.

Madam Speaker, I yield to the gentleman from Arizona (Mr. SCHWEIKERT).

Mr. SCHWEIKERT. Madam Speaker, I thank the gentleman for letting me come and engage in this discussion, and I may want to ask a couple questions. And we had my doctor friend from Kansas here a couple minutes ago.

A quick thought experiment: What is the greatest economic threat to our society?

It is actually our inability to have enough resources to pay for the promises. So we have made promises in Social Security. But Medicare, if you actually look at the 30-year window—

and, I'm on Ways and Means—thanks for letting me intrude—but we have made the promises in Medicare really, really difficult. We are talking potentially $103 trillion of deficit, if you add in Social Security and Medicare, but it is mostly healthcare costs. Well, it turns out, you can reduce the unfunded liabilities in Medicare by 30 percent by just a cure, just a cure for diabetes. I will argue the mechanisms in this H.R. 3, this sort of Democrat takeover of the pricing mechanisms and the capitalization of the next generation of healthcare, does incredible violence to the future.

Madam Speaker, I don't know if Congressman CARTER saw this, but remember, this is a reference pricing bill. The underlying secret is the efficiencies that are allegedly being claimed in this bill, they are hiding behind something that is really dark, and I don't think they have explained it.

So let's say you are in Great Britain. And what is a year of your life worth? It turns out in Great Britain, the way they would price a new pharmaceutical that gives you a year of quality life, it is a quality-year adjusted formula, and it is $37,000. So you show up with a new drug that is going to give you a year of quality life, but it is $37,000. They do not buy it.

What is your life worth? What is a quality year of your life worth for a year? Because this is what the left is about to import into your country.

And understand, there are countries out there that it is down to $19,000. If a drug costs more than $19,000, but gives you a year of quality life, they don't buy it.

That is the rationing mechanism that the left is about to import here. In many ways, just the stunning cruelty of such a thing—and they haven't told the truth that this is actually where much of their savings, actually coming from—is denying you the things that keep you healthy.

And this is the mechanism—and I know it is a confusing chart—but functionally, if that outlay crosses these numbers, you do not get that pharmaceutical.

Yet, there are crazy things you and I could be doing, just actually taking your prescriptions, things we could build into a model. That is half a trillion dollars a year we could be saving maybe in our healthcare costs just by stepping up and changing the way we do our public policy around pharmaceuticals.

And the left has completely cut us out on the Committee on Ways and Means. Representing saying there is a whole bunch of things we actually agree upon. Stop being so crazy dogmatic with your hate and start thinking about people's lives and giving them a future, because if we can cure just 5 percent of the chronic condition that is a majority of our healthcare spending, we can have a revolution in crashing the price of healthcare in this country.

Mr. CARTER of Georgia. Madam Speaker, I thank the gentleman for his excellent points, very well-expressed.

Madam Speaker, I yield to the gentleman from Virginia (Mr. GRIFFITH), another valuable member of the Committee on Energy and Commerce.

Mr. GRIFFITH. Madam Speaker, I do appreciate all that the gentleman has done.

The bill that we are proposing as the Walden amendment in the nature of substitute, actually deals with an item that we have talked about a great deal, and that is pharmacy benefit managers.

I am going to give the gentleman a second to talk about that, but I do want to mention the item that I have been bringing up all along in this, and that is the unconstitutionality of H.R. 3.

The problem is, as you know—and it sounds shocking, but it is true—if you don't accept the price the government is paying you, they take 95 percent of your gross revenue on that drug. That money they take from you, that penalty is not tax deductible, doesn't do anything as far as what expenses you put into it, so you are actually going to lose money.

Now, I said in my comments earlier this evening, that is not negotiation. That is, as the Godfather would have said in the old movie series, "an offer you can't refuse." I wish I could do the voice; I can't. But that is a problem.

And you don't have to believe me. In the committee I brought this up—the committee didn't necessarily believe me—but the Congressional Research Service has said it violates the Fifth and the Eighth Amendments of the Constitution. This is a nonpartisan group that works for Congress that came out and said, Yeah, there are some real problems here. Well, you are being confiscatory, you are not really negotiating. It is a problem.

Now, in our bill that we have put forward that is bipartisan, we have some things on a subject both of us are very concerned about, and that is pharmacy benefit managers. They are a big part of the problem here. Drug manufacturers we need to work on, but their bill doesn't do anything on this. Our bill does.

Madam Speaker, if the gentleman would tell the people just how that sham works.

Mr. CARTER of Georgia. Madam Speaker, just very quickly. Pharmacy benefit managers are a big part of the problem. What we have to have in the drug supply chain is transparency, and that is what we don't have now. PBMs bring no value whatsoever to the system. They don't do research and development. All they do is take from the system, so it is a big problem.

And what happens is they raise the price. And even with the rebate, if you are in one of those insurance companies that gets the rebate, and you don't have to pay as much or pay any more, they increase their profit margin. And they are making hundreds of millions of dollars that we have no idea what they are contributing, as the gentleman was just saying.

Is that true?

Mr. CARTER of Georgia. Madam Speaker, that is true, and I thank the gentleman for bringing that up. And I thank him for his expert witness testimony about the constitutionality of H.R. 3, because we both know that it is not.

Madam Speaker, we are very limited for time here right now, and with your permission, I want to end with this story:

Madam Speaker, again, we are talking about real people. We are talking about people like Richard Lutz. Richard Lutz was a store manager who contributed, for example, refereeing youth football, basketball, and baseball games around my hometown of Savannah, Georgia.
Richard started having memory problems at 62 years of age. He was prescribed Aricept to slow down the effects of Alzheimer’s, but before too long, he needed to have someone with him at all times. His wife, Barbara, worked as a nurse, but they couldn’t afford for her to stop working, too. So Barbara and her four kids did as much as they could to rotate as caregivers, and they eventually hired another nurse to help out as well.

Eventually, Richard’s memory deteriorated to the point where he lost his ability to converse. For the last 11 months of his life, he could only respond to his family members with, I love you, too.

After a 7-year fight with Alzheimer’s, Richard Lutz passed away at the age of 69. Today, Barbara hears from neighbors and friends when they find out someone they know and love gets diagnosed. They reach out to her and they ask: What do I do? What do I do?

Barbara told me: All I can tell them is pray for a cure. Pray for a cure. Alzheimer’s or all the other diseases that are out there.

By unanimous consent, leave of absence was granted to:

Ms. BARRAGAN (at the request of Mr. HOYER) for today.

S. 740. An act to amend the Federal Food, Drug, and Cosmetic Act to clarify the regulatory approach with respect to certain nonprescription drugs that are marketed without an approved new drug application, and for other purposes; to the Committee on Energy and Commerce.

S. 874. A bill of the Senate of the following title was taken from the Speaker’s table and, under the rule, referred as follows:

S. 2740. An act to amend the Federal Food, Drug, and Cosmetic Act to clarify the regulatory approach with respect to certain nonprescription drugs that are marketed without an approved new drug application, and for other purposes; to the Committee on Energy and Commerce.

ADJOURNMENT

Mr. CARTER of Georgia. Madam Speaker, I move that the House do now adjourn.

The motion was agreed to; accordingly (at 10 o’clock p.m.), under its previous order, the House adjourned until tomorrow, Thursday, December 12, 2019, at 9 a.m.

EXECUTIVE COMMUNICATIONS, ETC.

Under clause 2 of rule XIV, executive communications were taken from the Speaker’s table and referred as follows:

3264. A letter from the Secretary, Department of Education, transmitting the Department’s final rule — Availability of Information to the Public [Docket No.: ED-2019-08-0083] (RIN: 1880-AA89) received December 6, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Education and Labor.

3296. A letter from the Secretary, Regulatory Management Division, Environmental Protection Agency, transmitting the Agency’s final rule — Waiver of Citizenship Requirement; Second Maintenance Plan for 1997 Ozone NAAQS [EPA-R05-OAR-2019-0377; FRL-10002-93-Region 5] received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Energy and Commerce.

3296. A letter from the Director, Regulatory Management Division, Environmental Protection Agency, transmitting the Agency’s final rule — Air Plan Approval; Tennessee: Knox County Miscellaneous Revisions [EPA-R05-OAR-2019-0429; FRL-10002-97-Region 4] received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Energy and Commerce.

3296. A letter from the Director, Regulatory Management Division, Environmental Protection Agency, transmitting the Agency’s final rule — Air Plan Approval; Indiana: RACET Sip and Negative Declaration for the Oil and Natural Gas Industry Control Techniques Guidelines [EPA-R05-OAR-2019-0734; FRL-10003-02-Region 5] received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Energy and Commerce.

3296. A letter from the Director, Regulatory Management Division, Environmental Protection Agency, transmitting the Agency’s final rule — Air Plan Approval; Indiana: RACT SIP and Negative Declaration for the Oil and Natural Gas Industry Control Techniques Guidelines [EPA-R05-OAR-2019-0734; FRL-10003-02-Region 5] received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Energy and Commerce.

3297. A letter from the Attorney — Advisor, U.S. Coast Guard, Department of Homeland Security, transmitting the Department’s temporary final rule — Special Local Regulation; Atlantic Ocean, Key West, FL [Docket Number: USCG-2019-0861] (RIN: 1625-AA09) received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Transportation and Infrastructure.

3297. A letter from the Attorney — Advisor, U.S. Coast Guard, Department of Homeland Security, transmitting the Department’s temporary final rule — Special Local Regulation; Atlantic Ocean, Key West, FL [Docket Number: USCG-2019-0861] (RIN: 1625-AA09) received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Transportation and Infrastructure.

3297. A letter from the Attorney — Advisor, U.S. Coast Guard, Department of Homeland Security, transmitting the Department’s temporary final rule — Safety Zone; Coast Guard PSV-312 Training Exercise South Bay, San Francisco Bay, San Francisco, CA [Docket Number: USCG-2019-0869] (RIN: 1625-AA08) received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Transportation and Infrastructure.

3297. A letter from the Attorney — Advisor, U.S. Coast Guard, Department of Homeland Security, transmitting the Department’s temporary final rule — Safety Zone; Coast Guard PSV-312 Training Exercise South Bay, San Francisco Bay, San Francisco, CA [Docket Number: USCG-2019-0869] (RIN: 1625-AA08) received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Transportation and Infrastructure.

3297. A letter from the Attorney — Advisor, U.S. Coast Guard, Department of Homeland Security, transmitting the Department’s temporary final rule — Safety Zone; Coast Guard PSV-312 Training Exercise South Bay, San Francisco Bay, San Francisco, CA [Docket Number: USCG-2019-0869] (RIN: 1625-AA08) received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Transportation and Infrastructure.

3297. A letter from the Attorney — Advisor, U.S. Coast Guard, Department of Homeland Security, transmitting the Department’s temporary final rule — Safety Zone; Coast Guard PSV-312 Training Exercise South Bay, San Francisco Bay, San Francisco, CA [Docket Number: USCG-2019-0869] (RIN: 1625-AA08) received December 9, 2019, pursuant to 5 U.S.C. 801(a)(1)(A); Public Law 104-121, Sec. 251; (110 Stat. 868); to the Committee on Transportation and Infrastructure.

REPORTS OF COMMITTEES ON PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XIII, reports of committees were delivered to the Clerk for printing and reference to the proper calendar, as follows:

Mr. SCHIFF, Permanent Select Committee on Intelligence. The Trump-Ukraine impeachment Inquiry Report (Rept. 116–335). Referred to the House Calendar.

Ms. WATERS, Committee on Financial Services. H.R. 4322. A bill to amend the Securities Exchange Act of 1934 to require issuers to disclose information on pay raises made to executives and non-executive employees, and for other purposes; with an amendment (Rept. 116–336). Referred to the Committee of the Whole House on the state of the Union.

Mr. SCHIFF, Permanent Select Committee on Intelligence. The Trump-Ukraine impeachment Inquiry Report (Rept. 116–335). Referred to the House Calendar.
PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XII, public bills and resolutions of the following titles were introduced and severally referred, as follows:

By Ms. CRAIG (for herself, Mr. MEADOWS, Mrs. BUSFOS, and Mr. GIANFREDDI):

H.R. 5389. A bill to improve efforts to identify and reduce Governmentwide improper payments, and for other purposes; to the Committee on Oversight and Reform.

By Ms. CHRISSIE (for himself, Mr. PALAZZO, Mr. LOWENTHAL, and Mr. SMITH of New Jersey):

H.R. 5390. A bill to designate Regional Ocean Partnerships of the National Oceanic and Atmospheric Administration, and for other purposes; to the Committee on Natural Resources.

By Mr. WELCH (for himself and Mrs. RODGERS of Washington):

H.R. 5391. A bill to establish a voluntary program that strengthens the economy, public health, and environment of the United States by reducing emissions from wood heaters, and for other purposes; to the Committee on Energy and Commerce.

By Ms. MOORE (for herself, Ms. SCHAKOWSKY, Mr. PAYNE, Ms. JACKSON Lee, and Ms. WILSON of Florida):

H.R. 5392. A bill to amend title II of the Social Security Act to make various reforms to Social Security, and for other purposes; to the Committee on Ways and Means.

By Ms. SHELBERG (for herself, Ms. NORTON, Mrs. TORRES of California, Mr. TAKANO, Mr. POCAN, Mr. RYAN, Mrs. WATSON COLEMAN, Ms. MCCOLLUM, Mr. VAJDA, Ms. MENO, Mr. ROYBAL ALLARD, Mr. HUFFMAN, Mr. NORCROSS, Mr. GARAMENDI, Mr. QUIGLEY, Mr. DESALVADORI, Ms. KAPTUR, Mr. SHUSTER, Mr. WESTNEY, Mr. MATSUI, Mr. CRIST, Mr. LOWENTHAL, Mr. CURRIEL, Ms. TCLAIR, Ms. DINGELL, Ms. BROWNLEY of California, Mr. ROUEDA, Ms. MOORE, Mr. GELIALVA, Mr. CLEAVER, and Mr. CEDRAS):

H.R. 5393. A bill to amend the Internal Revenue Code of 1986 to revise the incentives for electricity producers for other purposes; to the Committee on Ways and Means.

By Mr. TAYLOR (for himself, Mr. ROGERS of Alabama, Mr. HURD of Texas, Mr. GRIFFIN, and Mrs. WATERS of California):

H.R. 5394. A bill to amend the Homeland Security Act of 2002 to require certain coordination between the Department of Homeland Security and Federal and non-Federal entities relating to cybersecurity risks and incidents, and for other purposes; to the Committee on Homeland Security, and in addition to the Committee on Oversight and Reform, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. RACON (for himself, Mr. GRAVES of Louisiana, Mr. JOHNSON of Ohio, and Mr. STIVER):

H.R. 5395. A bill to protect law enforcement officers, and for other purposes; to the Committee on the Judiciary.

By Mr. STEWART (for himself, Mr. NUNES, Mr. CONAWAY, Mr. TURNER, Mr. WENSTREP, Mr. CRAWFORD, Ms. SHEFFIK, Ms. HUNTER of North Carolina, Mr. GAEZ, and Mr. HURD of Texas):

H.R. 5396. A bill to amend the Foreign Intelligence Surveillance Act of 1978 to require reviews by amici curiae of applications made to the Foreign Intelligence Surveillance Court, and for other purposes; to the Committee on the Judiciary, and in addition to the Committee on Intelligence (Permanent Select), for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. BOST (for himself, Ms. FINKENAUER, Mr. MOLOGAAR, Mr. RODNEY DAVIS of Illinois, Mrs. RODGERS of Washington, Mr. LAHOOD, Mr. BEERMANN, Mr. ROSS of California, Mr. GOLDBERG, Mr. PETRISER, Mr. KINZINGER, Mr. UPTON, Mr. LOBRSACK, and Mr. SHIMKUS):

H.R. 5397. A bill to amend title II of the Higher Education Act of 1965 with respect to partnership grants for the establishment of rural teaching residency programs, and for other purposes; to the Committee on Education and Labor.

By Mr. CARTER of Georgia (for himself and Mr. GARAMENDI):

H.R. 5398. A bill to amend the Eliminate, Neutralize, and Disrupt Wildlife Trafficking of 2016 to direct the Presidential Task Force on Wildlife Trafficking to develop recommendations to address wildlife trafficking on the internet and on social media, and to direct the Secretary of State and the Administrator of the United States Agency for International Development to develop a strategy to address wildlife trafficking on the internet and on social media, and for other purposes; to the Committee on Foreign Affairs, and in addition to the Committee on Natural Resources, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. CARLTON of Washington (for himself, and Mr. COLE, and Ms. BROWNLEY of California):

H.R. 5399. A bill to amend title 5, United States Code, to limit the number of local wage areas allowable within a General Schedule pay locality; to the Committee on Oversight and Reform.

By Ms. CLARKE of New York (for herself and Mr. LOGUE):

H.R. 5400. A bill to establish the “Biomedical Innovation Fund”, and for other purposes; to the Committee on Energy and Commerce, and in addition to the Committee on Rules, and the Budget, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. COHEN:

H.R. 5401. A bill to require aircraft manufacturers to offer or provide non-required safety enhancing equipment of an aircraft without additional charge to an air carrier, and for other purposes; to the Committee on Transportation and Infrastructure.

By Mr. GOTTHEIMER (for himself and Mr. UPTON):

H.R. 5402. A bill to direct the Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, to conduct a study on high-risk, high-reward drugs, and for other purposes; to the Committee on Ways and Means, and in addition to the Committee on Energy and Commerce, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Ms. SCANLON (for herself and Mr. RUTHERFORD):

H.R. 5403. A bill to allow the use of certified facilities in capital punishment proceedings in Federal courts, and for other purposes; to the Committee on the Judiciary.

By Mr. SARAS:

H.R. 5404. A bill to require the Comptroller General to submit a report to Congress and the Secretary of Commerce on coordination between States, units of local government, the Federal Government, and nonprofit organizations in carrying out the 2020 decennial census of population, and for other purposes; to the Committee on Oversight and Reform.

By Mr. STANTON (for himself and Mr. SCHWEIKERT):

H.R. 5405. A bill to establish a pilot program waiving the Form I-94 document issuance requirement for certain Mexican nationals; to the Committee on the Judiciary, and in addition to the Committee on Homeland Security, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. DAVID P. ROE of Tennessee:

H.J. Res. 80. A joint resolution approving the request of the Secretary of Veterans Affairs for a waiver under section 1790E(f) of title 38, United States Code; to the Committee on Veterans’ Affairs.

By Mr. GREEN of Texas (for himself, Ms. JACKSON Lee, Ms. FLETCHER, Mr. OLSON, Ms. GARCIA of Texas, Mr. McCUDD, Mr. WEBER of Texas, Mr. BARNHART, Mr. CHENESWORTH, and Mr. BRADY):

H.R. 760. A resolution commemorating the centennial of Houston Methodist Hospital; to the Committee on Energy and Commerce.

By Ms. LOFGREN (for herself and Mr. RODNEY DAVIS of Illinois):

H. Res. 761. A resolution permitting individuals to be admitted to the Hall of the House in order to obtain footage of the House in session in inclusion in the orientation film to be shown to visitors at the Capitol Visitor Center; to the Committee on Rules.

CONSTITUTIONAL AUTHORITY STATEMENT

Pursuant to clause 7 of rule XII of the Rules of the House of Representatives, the following statements are submitted regarding the specific powers granted to Congress to enact the accompanying bill or joint resolution.

By Ms. CRAIG:

H.R. 5388. Congress has the power to enact this legislation pursuant to the following:

Article 1, Section 8, Clause 3

By Mr. CHRIST:

H.R. 5389. Congress has the power to enact this legislation pursuant to the following:

Article 1, Section 8, Clause 3

By Mr. WELCH:

H.R. 5390. Congress has the power to enact this legislation pursuant to the following:

Article 1, Section 8, Clause 18: The Congress shall have Power To . . . make all Laws which shall be necessary and proper for carrying into Execution the foregoing Powers, and all other Powers vested by this Constitution in the Government of the United States, or in any Department or Officer thereof.

By Ms. MOORE:

H.R. 5391. Congress has the power to enact this legislation pursuant to the following:

Article 1, Section 8, Clause 3

By Mr. WELCH:

H.R. 5392. Congress has the power to enact this legislation pursuant to the following:

Section 8 of Article I of the United States Constitution.
By Mr. STEWART:
H.R. 5396.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8, Clause 18 of the United States Constitution.

By Mr. BOST:
H.R. 5397.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8, Clause 18 of the United States Constitution.

By Mr. CARTER of Georgia:
H.R. 5398.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8, Clause 18 of the United States Constitution.

By Mr. CARTWRIGHT:
H.R. 5399.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8, Clause 3 of the Constitution.

By Ms. CLARKE of New York:
H.R. 5400.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8.

By Mr. COHEN:
H.R. 5401.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8.

By Mr. GOTTHEIMER:
H.R. 5402.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8, Clause 18 of the Constitution.

By Mr. GOTTHEIMER:
H.R. 5403.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8, Clause 8 of the Constitution.

By Ms. SCANLON:
H.R. 5404.

Congress has the power to enact this legislation pursuant to the following:
Pursuant to clause 3(d)(1) of rule XIII of the Rules of the House of Representatives, the Committee finds the authority for this legislation in article I, section 8 of the Constitution.

By Mr. STANTON:
H.R. 5405.

Congress has the power to enact this legislation pursuant to the following:
U.S.C. Article I, Section 8.

By Mr. DAVID P. ROE of Tennessee:
H.R. Res. 98.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8 of the United States Constitution.

ADDITIONAL SPONSORS

Under clause 7 of rule XII, sponsors were added to public bills and resolutions, as follows:

H.R. 19: Mr. THORNBERRY, Mr. ZELDIN, Mr. BURCHETT, Mr. MOONEY of West Virginia, Mr. AUSTIN SCOTT of Georgia, Mr. CARTER of Texas, and Mr. PERCY.

H.R. 535: Ms. STEVENS.

H.R. 571: Mr. ZELDIN.
H.R. 573: Mr. GOODEN.
H.R. 808: Mrs. Lee of Nevada.
H.R. 839: Mrs. AXNE and Mr. ALLEN.
H.R. 852: Mr. PERRY of Texas.
H.R. 945: Ms. SPANBERGER.
H.R. 1002: Mr. GARCIA of Illinois, Mr. LAWSON of Florida, Mr. RUIZ, and Mr. ROSE of New York.

H.R. 1042: Mr. RUIZ.

H.R. 1049: Mr. CASTRO of Texas, Ms. SPIERER, Mr. KIM, Mr. WELCH, Mr. TAKANO, Ms. SEHRAN, Ms. LPINHEUM, Mr. CLAY, Mr. LEWIS, Mr. RUSH, and Mr. LARSON of Connecticut.

H.R. 1139: Mr. BRENDAN F. BOYLE of Pennsylvania.

H.R. 1170: Mr. THOMPSON of Mississippi.

H.R. 1171: Mr. COSTA.

H.R. 1173: Mr. VELA and Mr. HURD of Texas.

H.R. 1239: Mr. LAUGHLIN.

H.R. 1349: Mr. LYNCH.

H.R. 1380: Mr. RUIZ and Mr. BUTTERFIELD.

H.R. 1398: Ms. CRAIG and Mr. GALLAGHER.

H.R. 1418: Ms. MENG.

H.R. 1434: Mrs. MILLER and Mr. CLINE.

H.R. 1529: Mr. KIM.

H.R. 1730: Mr. VAN DREW, Mr. MALINOWSKI, and Mr. SIKES.

H.R. 1753: Mr. POSSEY.

H.R. 1814: Mr. NEGUICE.

H.R. 1878: Mr. BERA and Mr. GOTTHEIMER.

H.R. 1892: Mr. LOWENTHAL.

H.R. 2000: Ms. WILD.

H.R. 2062: Mr. O’HALLERAN.

H.R. 2073: Ms. CRAIG and Mr. ROONEY DAVIS of Illinois.

H.R. 2146: Ms. BLUNT ROCHSTER.

H.R. 2167: Mr. ALLRED.

H.R. 2179: Mr. DAVID P. ROE of Tennessee.

H.R. 2200: Mr. PORTER.

H.R. 2201: Mr. SMITH of New Jersey.

H.R. 2209: Mr. ARRINGTON and Ms. FOXX of North Carolina.

H.R. 2218: Mr. STELL and Miss RICE of New York.

H.R. 2339: Mr. CASTRO of Texas and Mr. SWALWELL of California.

H.R. 2382: Mr. MOULDEAN.

H.R. 2412: Mr. ROUZIER.

H.R. 2420: Ms. STEVENS, Ms. SCHRIER, Mr. LARSON of Connecticut, Ms. OMAR, Mr. YARMUTH, Ms. PINHORSE, Mr. LAMER, Mr. CASTEN of Illinois, Mr. WALDEN, Mr. SHIMKUS, Mr. UPTON, Mr. CUNNINGHAM, and Mr. MAST.

H.R. 2438: Ms. SPIERER and Ms. TORRES SMALL of New Mexico.

H.R. 2511: Mr. GOTTHEIMER.

H.R. 2550: Mr. BALKDORSON.

H.R. 2616: Ms. PINHORSE.

H.R. 2653: Mr. CORREA.

H.R. 2714: Mr. KELLY of Pennsylvania.

By Ms. SCANLON:
H.R. 5396.

Congress has the power to enact this legislation pursuant to the following:
Clause 18 of section 8 of article I of the Constitution (Taxing and Spending Clause); and clause 18 of section 8 of article I of the Constitution (Necessary and Proper Clause).

By Mr. TAYLOR:
H.R. 5394.

Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8, Clause 18 of the United States Constitution.

By Mr. BACON:
H.R. 5395.

Congress has the power to enact this legislation pursuant to the following:
Clause 18 of section 8 of article I of the Constitution which states that Congress has the power “to make all laws which shall be necessary and proper for carrying into Execution the foregoing Powers, and all other Powers vested by this Constitution in the Government of the United States, or in any Department or Officer thereof.’’

By Mr. GOTTHEIMER:

H.R. 2653: Mr. CORREA.

H.R. 2662: Mr. O’HALLERAN.

H.R. 2714: Mr. KELLY of Pennsylvania.

H. Res. 694: Ms. WILSON of Florida.

H. Res. 702: Ms. PLAIB, Ms. Lee of California, and Ms. OMAR.

H. Res. 721: Mr. FLORES.

H. Res. 727: Mrs. HARTZLER.

H. Res. 734: Mr. Huizenga, Mr. HIMES, Mr. RYAN, Mr. POSEY, and Mr. MOONEY of West Virginia.

H. Res. 735: Ms. TITUS.

H. Res. 745: Ms. JACKSON LEE, Mr. BANKS, Ms. SCHAKOWSKY, Mr. CLEAVER, Mr. CICILLINE, and Mr. CARSON of Indiana.

CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, OR LIMITED TARIFF BENEFITS

Under clause 9 of rule XXI, lists or statements on congressional earmarks, limited tax benefits, or limited tariff benefits were submitted as follows:

The amendment to be offered by Representative WALDEN, or a designee, to H.R. 3, the Elijah E. Cummings Lower drug Costs Now Act, does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9 of rule XXI.
The Senate met at 9:30 a.m. and was called to order by the Honorable Marsha Blackburn, a Senator from the State of Tennessee.

PRAYER
The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.

Almighty God, we are reminded at this time of year of the greatness of Your gift to us in sending Your Son. Use us as instruments for His glory. Because of our faith in You, make us bold as lions in these turbulent times.

May our lawmakers work together to protect and defend our Constitution, realizing, as iron sharpens iron, so friends sharpen friends. Lord, make our Senators grateful for the fires in our Nation's history that have tested their courage, providing them with opportunities to become profiles of courage, serving their generation with faithfulness.

We pray in Your great Name. Amen.

PLEDGE OF ALLEGIANCE
The Presiding Officer led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

APPOINTMENT OF ACTING PRESIDENT PRO TEMPORE
The PRESIDING OFFICER. The clerk will please read a communication to the Senate from the President pro tempore (Mr. Grassley).

The legislative clerk read the following letter:

To the Senate:

Under the provisions of rule I, paragraph 3, of the Standing Rules of the Senate, I hereby appoint the Honorable Marsha Blackburn, a Senator from the State of Tennessee, to perform the duties of the Chair.

Chuck Grassley, President pro tempore.

Mrs. Blackburn thereupon assumed the Chair as Acting President pro tempore.

RESERVATION OF LEADER TIME
The Acting President pro tempore. Under the previous order, the leadership time is reserved.

CONCLUSION OF MORNING BUSINESS
The Acting President pro tempore. Morning business is closed.

EXECUTIVE SESSION
EXECUTIVE CALENDAR
The Acting President pro tempore. Under the previous order, the Senate will proceed to executive session to resume consideration of the following nomination, which the clerk will report.

The legislative clerk read the nomination of Lawrence VanDyke, of Nevada, to be United States Circuit Judge for the Ninth Circuit.

RECOGNITION OF THE MAJORITY LEADER
The Acting President pro tempore. The majority leader is recognized.

ORDER OF PROCEDURE
Mr. McConnell. Madam President, I ask unanimous consent that following the disposition of H.R. 2333, the Senate proceed to executive session and resume consideration of the VanDyke nomination; further, that the postcloture time on the VanDyke nomination expire at 4:15 p.m. today and the Senate vote on the confirmation of the nomination; further, if confirmed, that the motion to reconsider be considered made and laid upon the table and the President be immediately notified of the Senate's action; further, that following the disposition of the VanDyke nomination and notwithstanding the provisions of rule XXII, the Senate vote on the motions to invoke cloture on the Sullivan, Hahn, and Skipwith nominations in the order listed; finally, that if cloture is invoked on the Sullivan, Hahn, and Skipwith nominations, the confirmation votes occur at a time to be determined by the majority leader, in consultation with the Democratic leader, on Thursday, December 12.

The Acting President pro tempore. Without objection, it is so ordered.

SENATE LEGISLATIVE AGENDA
Mr. McConnell. Madam President, it is no secret that Washington Democrats have been itching to impeach President Trump since the moment he took the oath of office. Remember the Washington Post's headline on Inauguration Day in 2017: "The campaign to impeach President Trump has begun." That was the Washington Post's headline on Inauguration Day in 2017.

Just a few months later, in April of 2017, one leading House Democrat had already made up her mind. She declared she would "fight every day until he's impeached." As an aside, this same senior Democrat is one of the committee chairwomen whom Speaker Pelosi asked to help lead the impeachment process. She was literally standing at the Speaker's shoulder as she announced yesterday that she will bring two articles of impeachment up for a vote. Yet she had had her mind made up more than 2 years ago, long before this supposedly fair inquiry. This is sort of emblematic of their whole process.

House Democrats announced yesterday that they will rush ahead and prepare to send the Senate articles of impeachment based on the least thorough and most unfair impeachment inquiry

This "bullet" symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.

Printed on recycled paper.
in modern history. Well, the House Democrats’ denigration of their solemn duty will not cause the Senate to denigrate ours. If the House continues down this destructive road and sends us articles of impeachment, the Senate will take them up in the new year and proceed with the impeachment. Our party’s tools and training and enable our commanders to actually plan ahead.

I am grateful for the hard work by Chairman SHELBY, his counterpart in the House, and our subcommittee chairmen and ranking members to set priorities for the Nation’s security interests first. Now, obviously, that authorizing legislation should be paired with the appropriations process and that will actually fund our service members’ tools and training and enable them the most.

I am grateful for the efforts by Chairman LINDSEY G O R D O N and Ranking Member ROY BLUMENHART to set priorities for the U.S. military of the future. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities. The NDAA has consistently earned money to urgent Federal priorities.

Now, in the meantime, our colleagues’ obsession with impeachment has left us with a host of important, bipartisan legislation that is still unfinished at this late date.

For months, House Republicans have been calling on our Democratic colleagues to go beyond picking fights with the White House and actually legislate for the American people. Yet, for practically the entire autumn, our Democratic friends’ political calculation seemed to be that these vital pieces of business could wait until the eleventh hour because impeachment was the higher priority—and wait they have.

Finally, after weeks of pressure from the Republicans and from hard-working Americans across the country, Speaker PELOSI backed down yesterday and announced that she will let the House vote on President Trump’s USMCA. The Democrats have had this agreement for so long that it is now impossible for the USMCA to become law in 2019, especially given all of the other urgent things they have stalled right alongside it. The Democrats have simply run out the clock. Assuming the House Democrats send us articles of impeachment next week, a Senate trial will have to be our first item of business in January. So the USMCA will continue to be a casualty of the Democrats’ impeachment obsession for several more weeks before we can actually turn to it. Yet I am glad the Speaker is finally beginning to bring her USMCA obstruction to a close.

As we triage in the coming days, the Republicans hope we will be able to pass not only the NDAA conference report but also government funding legislation that allocates taxpayers’ hard earned money to urgent Federal priorities. The NDAA, has consistently brought Members together from across the political spectrum—and with good reason—in that it gives Congress the opportunity to set priorities for the U.S. military of the future. The NDAA helps to guide the Pentagon’s investment in new military personnel, equipment, cutting-edge weapons and capabilities, and in servicemembers and military families.

I am grateful for the hard work by Chairman ISIHOVE and Ranking Member SPEYER to set priorities for the Department of Homeland Security. The Department of Homeland Security is the first line of defense against terrorism and other threats to our Nation. The NDAA includes funding for the Department of Homeland Security to secure our borders, protect our people, and safeguard our Nation’s critical infrastructure.

I am grateful for the efforts by Chairman REED, who made compromises from the other party to pass the NDAA conference report. Next year, I hope they will produce a bipartisan bill from the beginning that will put our national security interests first. Now, obviously, that authorizing legislation should be paired with the appropriations process and that will actually fund our service members’ tools and training and enable our commanders to actually plan ahead.

I am grateful for the hard work by Chairman SHELBY, his counterpart in the House, and our subcommittee chairmen and-ranking members to set priorities for the Nation’s security interests first. Now, obviously, that authorizing legislation should be paired with the appropriations process and that will actually fund our service members’ tools and training and enable our commanders to actually plan ahead.

without resorting to government price controls. Multiple Senate committees have been actively engaged on this topic. There are options for how to improve transparency in a complicated and often opaque drug-pricing process. There are options to examine competition and consolidation in the pharmaceutical supply chain; to ensure that generic companies can access the samples they need to develop a new generic or biosimilar; to prevent companies from engaging in patent thicketing to block generic companies; to promote real-time benefit tools to help inform consumers of cheaper drug options; to advance value-based insurance design to support coverage of high-value items and services, like medicines, that people with chronic conditions need to manage their health; and to modernize the Medicare Part D plan design and cap seniors’ out-of-pocket costs.

Republicans in the House recently introduced legislation on prescription drug prices that both promotes innovation and contains bipartisan ideas for reform, including increased transparency in drug pricing and provisions to prevent drug companies from gaming the system. This bill provides several ideas championed by the Senate Finance Committee, while focusing on policies that can be passed through both Chambers of Congress. Importantly, it eliminates those policies that have divided us.

There are bipartisan solutions on the table. It is unfortunate that House Democrats have abandoned bipartisan efforts on drug pricing and have decided to pursue their government-run alternative.

It boils down, really, simply to this: Government price controls mean access to fewer drugs, and access to fewer drugs means that when you or your child or your mom or your dad needs a lifesaving medication, that drug may be out there, but it may not be out there for you, and that is not acceptable.

The Pelosi drug bill is a bad prescription for the American people. I yield the floor.

I suggest the absence of a quorum.

The ACTING PRESIDENT pro tempore. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. SCHUMER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mr. CRAMER). Without objection, it is so ordered.

RECOGNITION OF THE MINORITY LEADER

The PRESIDING OFFICER. The Democratic leader is recognized.

JERSEY CITY SHOOTING

Mr. SCHUMER. Mr. President, before I begin, I want to express deep sympathy for the families and the victims of the shooting yesterday in Jersey City, which left one fallen police officer, Detective Seals, and several bystanders as victims. My heart goes out to their friends and family today.

Local and Federal law enforcement must investigate quickly and professionally so we can implement the best responses. We are not sure yet if this was motivated by hate or if it was criminal in nature, but whatever the answers, rest assured the response must be swift, sure, and strong.

IMPEACHMENT

Mr. President, now on impeachment, yesterday, the House Judiciary Committee announced two Articles of Impeachment against the President of the United States. The articles allege that the President himself, and congressional Republicans in the House, abused the office of the Presidency by soliciting the interference of a foreign power in our elections to benefit himself personally. They also allege the President obstructed Congress in the investigation of these matters.

The President has had every chance to defend himself against these allegations. He has had every chance to rebut the specific evidence that was presented to the House. He has had the opportunity to provide exculpatory information or a witness who the White House believes can provide exculpatory evidence in defense of the President, nothing is stopping them from testifying under oath. But if the President is so innocent, why won’t he do it?

The House has made an extremely strong case. The burden now lies on the President to rebut it, if he can. And what the majority of Americans are saying is that the fact that he refuses to produce rebutting evidence, the fact that he blocks witnesses from testifying, the fact that he won’t let documents come forward may well indicate that he did everything alleged in the House proceedings.

To talk about things that are unrelated to the charges against the President has nothing to do with what happened here. The President merely needs to claim his innocence. If he has nothing to hide, he should have nothing to fear from handing over documents or allowing witnesses to testify. So their silence, the silence imposed by the White House on top officials with knowledge of these dealings, speaks volumes.

What has the President, the White House, and their congressional allies on the other side of the aisle tried to do instead of defending the President with facts, the White House, the President himself, and congressional Republicans employ one fringe conspiracy theory after the next to explain away the President’s conduct, even though, in this case, it is not just to do with the specific charges against the President.

Here in the Senate, unfortunately, we have several Members on the other side of the aisle who are forming their political narratives. Any conspiracy theory pulled out of the air by known pranks, then broadcast on FOX News, which shows an all-too-willingness to broadcast this stuff, is then picked up here as a diversion. Why do they want to divert? Is it because they know the facts can be answered?

For the past few weeks, certain Republican Senators have repeatedly the facts invented by Putin’s intelligence service that Ukraine, not Putin, interfered in the 2016 election. They are mouthing Putin’s propaganda. The Republican Party is to be anti-Russian, anti-Putin, anti-Communist, but now all of a sudden, because President Trump has created so many different diversions because he seems to go along with what Putin wants, these Republicans have become Putin mouthpieces when it comes to these conspiracy theories.

Today, an example, the chairman of the Senate Judiciary Committee is holding a hearing on the report issued this week by the Department of Justice Inspector General, which found no evidence of a political motive for the FBI’s Trump campaign investigation. The deputy counsel of the FBI said there was an obligation to investigate—not by anyone’s design—once they heard these allegations that came from a credible source.

Will the Judiciary chairman do? Will he focus on the central finding of the IG report? I suspect not. I suspect Republicans on that committee, instead, will take every opportunity to confound the facts to further the President’s baseless claims. They are not going to let the facts get in the way. They are going to continue down the rabbit hole.

For the past few weeks, certain Republicans have become Putin mouthpieces along with what Putin wants, these Republicans have become Putin mouthpieces when it comes to these conspiracy theories.

But, astonishingly, that is what the chief law enforcement officer of the land, the Attorney General of the United States, did yesterday in interviews, Contradicting the findings of his own Inspector General—someone who would study the case for months, someone who the Attorney General himself had recently praised as fiercely independent and a superb investigator—what Attorney General Barr did was push the false narrative that the FBI acted in bad faith when it investigated the Trump campaign. Attorney General Barr has signed himself up to be a charmer member of the conspiracy caucus.

The real bad faith is the relationship between the Attorney General and his oath of office. He did not swear to “support and defend President Trump,” but that is what he has done as Attorney General. It is deeply, dangerously corrosive to the primary rule of law in our country: that the FBI acted in bad faith when it investigated the Trump campaign. Attorney General Barr did was push the false narrative that the FBI acted in bad faith when it investigated the Trump campaign. Attorney General Barr has signed himself up to be a charmer member of the conspiracy caucus.

President Trump is still able to find nominees like Mr. VanDyke who is unqualified, even in comparison to some of the worst nominees we have seen under this administration.

VanDyke has a history of bigoted writings and Aristotle's radical views on even the most commonsense gun safety legislation, and a proven hostility to reproductive rights. On top of his radical views, Mr. VanDyke has received stunningly negative reviews of his qualifications and temperament. The American Bar Association doesn’t do this much, but it rated him “Not Qualified.” In over 60 interviews with Mr. VanDyke’s colleagues, he was described as “arrogant, lazy, an ideologue, and lacking in knowledge of the day-to-day practice, including procedural rules.”

It went on to say, “The nominee lacks humility, has an ‘entitlement’ temperament, does not have an open mind, and does not always have a commitment to being candid and truthful.”

This is whom we are voting on today, my Republican friends. What is going on? Because someone is hard right and radical, we excuse all of their personality defects found by the ABA? And, unfortunately, it is impossible not even for a district court but the circuit court. This is getting to the point of utter absurdity.

For obvious reasons, both home State Senators objected to VanDyke’s nomination. The Senate Republicans would respect those objections. It would be a check on someone so unqualified on getting to the bench, but Leader McCONNELL and Senate Republicans are in such a rush to fill the bench with these hard-right nominees that they have blown through Senate traditions and most standards of reason and good judgment.

Please reject this nominee. He is so unqualified. He is a low human being—and again, at least according to the ABA—and he will have a lifetime appointment on the circuit bench? That would indicate the decline of America, one more indication, unfortunately, propagated by this administration.

Mr. President, finally, in a week or so, it will be 2 years since Republicans jammed through a massive tax cut for corporations and the megawealthy on a party-line vote.

Two years later, it is worth looking back on the promises Republicans made when selling this to the American people. At the time, the President said the bill would be a “middle-class miracle.” The administration promised Americans would get a $4,000 raise. Corruption. Republicans said giving a corporate tax cut would boost jobs and investment.

Two years later, it is clear the tax bill has failed to live up to any of those sunny predictions. Middle-class wages remain low—that is investing in newfound profits in jobs or wages. In fact, since the passage of the Trump-Republican tax bill, while capital expenditures by businesses remain low—that is investing in jobs and equipment and things that employ people and give them better wages—corporate stock buybacks, which by and large benefit wealthy shareholders and executives, set new all time highs and efficiencies set records. Last year alone, over $1 trillion was spent on stock buybacks, while millions of middle-class Americans didn’t see enough improvement in their quality of life.

Mr. President, there is a possibility that the Senate will be served with the Articles of Impeachment for the President from the House. We may soon, in all likelihood, confront the demands of hosting a trial for the Chief Executive and serving as judges and jurors in determining the fate of that trial. With such a weighty constitutional responsibility on the horizon, I implore my colleagues to stop dipping their toes in the murky waters of conspiracy theory facts. Don’t prejudge the outcome.

Remember our oaths to the Constitution, our responsibility to do impartial justice in the Senate trial. That is our responsibility. History will judge whether we live up to it or not.

Mr. President, now, on the recent decision about the wall by the Federal court in Texas. Yesterday, the Federal court in Texas issued a nationwide injunction, blocking the Trump administration from using military construction funding to build his wall. The decision confirms what many Democrats and a few Republicans in the past have said. The President’s emergency declaration, which allowed the administration to steal the profits from military families to pay for a wall President Trump promised Mexico would pay for, is an outrageous legal power grab.

The injunction is a win for the rule of law. It should serve as a warning to Republicans in Congress and the Trump administration that the power of the purse, given exclusively to Congress by the constitution, cannot be usurped. At his rally last night, President Trump said, The courts are siding with me on the wall. He had not read the decision. He has already built much of the wall. Well, thank you, Mr. Trump. You have just buttressed a portion of the wall that President Obama built—nothing new.

As we look ahead to concluding negotiations on appropriations before the end of the year, my Republican colleagues should remember that a Federal court ruled the Trump administration was beyond its legal right when it took funding from other sources to build a wall.

Mr. President, the VanDyke nomination, today, the Senate will vote on the confirmation of Lawrence VanDyke to serve on the Ninth Circuit Court of Appeals. After seeing so many radical and unfit judicial appointments over the past few years, I am almost surprised to see this is on the Senate floor. Mr. VanDyke has a history of bigoted writings and Aristotle’s radical views on even the most commonsense gun safety legislation, and a proven hostility to reproductive rights. On top of his radical views, Mr. VanDyke has received stunningly negative reviews of his qualifications and temperament. The American Bar Association doesn’t do this much, but it rated him “Not Qualified.” In over 60 interviews with Mr. VanDyke’s colleagues, he was described as “arrogant, lazy, an ideologue, and lacking in knowledge of the day-to-day practice, including procedural rules.”

It went on to say, “The nominee lacks humility, has an ‘entitlement’ temperament, does not have an open mind, and does not always have a commitment to being candid and truthful.”

This is whom we are voting on today, my Republican friends. What is going on? Because someone is hard right and radical, we excuse all of their personality defects found by the ABA? And, unfortunately, it is impossible not even for a district court but the circuit court. This is getting to the point of utter absurdity.

For obvious reasons, both home State Senators objected to VanDyke’s nomination. The Senate Republicans would respect those objections. It would be a check on someone so unqualified on getting to the bench, but Leader McCONNELL and Senate Republicans are in such a rush to fill the bench with these hard-right nominees that they have blown through Senate traditions and most standards of reason and good judgment.

Please reject this nominee. He is so unqualified. He is a low human being—and again, at least according to the ABA—and he will have a lifetime appointment on the circuit bench? That would indicate the decline of America, one more indication, unfortunately, propagated by this administration.

that the healthcare they have earned and the pensions they have paid—these things are things they have paid into and earned. They didn’t take home this money. It stayed right there in their investments. We can give them that peace of mind today, and no legislative business will pass without coal miners first.

I reluctantly say that we might be here through Christmas or we might be here through New Year’s, but I will do and make whatever sacrifice I can for the people to provide the ascertainment, and that is the coal miners who provide the energy for us to be the greatest Nation on Earth, for us basically to be the superpower of the world and the leader of the free world. It is because of the energy they have produced. If we can’t honor that, then what do we honor, whom do we honor, and what is our purpose for being here?

I ask each one of my colleagues to please talk to all of our leaders. Let’s come together and do this sensibly. Let’s make sure this is in the package we put together, and we will continue business and be able to go home and enjoy the holidays the same as they should be able to enjoy the holidays. Our going home here being able to enjoy it is not who we are; it is not the American dream; and it is not who we are as Americans.

I yield the floor.

The PRESIDING OFFICER. The Senator from Kansas.

HONORING STEPHEN CARR

Mr. BOOZMAN. Mr. President, I rise today to honor the life of Fayetteville, AR, Police Officer Stephen Carr, who made the ultimate sacrifice in the line of duty on Saturday, December 7.

Officer Carr was sitting in his patrol car in the parking lot behind the police station when he was shot and killed. The 27-year-old had been a member of the Fayetteville Police Department for 2½ years and was assigned as a patrol officer from Arkansas.

The outpouring of support from the Fayetteville community has been a reminder of the service the police department as they mourn the loss of a brother in blue. I pray they will find comfort from this encouragement during this very, very difficult time.

My thoughts and prayers go out to Officer Carr’s family and friends. I also stand with all Arkansans in expressing our gratitude for Officer Carr’s service and commitment to honoring the sacrifice that he and others have made to protect us. We will forever remember him as an exemplar from Arkansas.

With that, I yield the floor.

The PRESIDING OFFICER. The Senator from Oregon.

TAX REFORM

Mr. WYDEN. Mr. President, over the next 45 minutes or so, finance Democrats will come to the floor, and we will be discussing the second anniversary of the Trump tax bill. As the ranking Democrat, I am going to begin it. I know my colleagues will be joining me.

The Trump tax law is now 2 years old, and for millions of middle-class Americans, it is not a very happy anniversary. My own view is that the economic legacy of the Trump administration will be that they spent $1.5 trillion to widen the economic gap in America. If I were to sum up what the law—the Trump tax law—was all about, it was about making wealthy people wealthier and the middle class being an afterthought. I am sure we can find some of the reasons I reached that judgment, and then my colleagues will be getting into some of these issues as well.

Donald Trump and Republicans in the Congress promised—they would write a bill that was focused on helping workers and the middle class. The President told me personally that he thought he and people like him should not get a tax break. He said that to me personally, but that simply wasn’t the case. We were told that the Trump tax legislation would pay for itself. That was wrong by a couple of trillion dollars. We were told that it would kick off a towering wave of job-creating investments in so many hard-hit American communities. That has not been the case. We were told that workers would get, on average, a $4,000 raise. That was wrong once more. It was wrong on all counts with respect to the promises made to the American property to dead-end people.

What, in fact, did happen is rates then turned around and shoved that money back to the shareholders who, by and large, are wealthy themselves, and you saw a historic boom in stock buybacks.

Now the sugar high has worn off, and I have been going home for town meetings of all sorts. I am going to be in a county this weekend that President Trump won. I will be listening to people. I won’t give any speeches. I will be just listening to people. What I hear at these meetings in counties in Oregon and in Arizona is that Donald Trump won is that folks see very little evidence that their lives have changed or that somehow this tax bill ended up trickling down to them. My sense is, it is amazing that a bill can cost so much and can borrow so much and fail the middle class so thoroughly.

There are two issues that are important to focus on going forward, and we are going to talk about those. There is a lot of talk about how congressional Republicans and the administration are talking about another—another—scam tax proposal, basically going to the same playbook that made the middle class an afterthought 2 years ago. I think it is important that we understand that all the evidence indicates this second bill isn’t going to focus on the middle class either.

According to the reports in the press that have been discussing this new Republican proposal—which is, in effect, an admission that the first proposal failed the middle class while helping the most fortunate—what we hear about this new proposal is that Republicans are considering what would amount to yet another massive handout for folks at the top of the economic pyramid.

One Trump adviser is reportedly discussing a proposal that would effectively wipe out the taxation of capital gains, and we all know that a fractional fraction of the American people get most of those capital gains, and they happen to be the most fortunate.

The U.S. Tax Code is already a tale of two systems. We have one for cops and teachers. Their taxes are taken out of every single paycheck. We have another one for high flyers who can make most of their money, for example, off investments. To a great extent, because of the laws that allow them to deferral, those high flyers can pay what they want when they want to. I don’t know of any cops or teachers in North Dakota or Oregon who have that. Their taxes are taken out of every paycheck once or twice a month. Their system is mandatory.

If you are a high flyer and you make most of your money off investments, your taxes aren’t mandatory, and if you use the doctrine of tax deferral, you can just defer and defer and defer. And after you pass, you can hand everything off to your kids, Johnny and Mary, and they get the stepped-up basis, and then they get to do the same thing.
You have to have one set of rules that applies to everybody. That is what we, on our side of the aisle, have been working for. We think you ought to have one set of tax rules that applies to everybody. That, by the way, gives everybody the chance to be successful. That is what Bill Bradley—somebody I look to for advice, a member of the Finance Committee, and another tall Democrat with a lot better jump shot than mine—but he and Ronald Reagan, and the other folks on the Finance Committee, and in our caucus are going to be working with anybody who is interested in fixing our broken tax system for good. We have shown that is our interest. Personally, I wrote the only two times every two years and proposals to reform our taxes since Bill Bradley and Ronald Reagan got together, first with Judd Gregg, then the chairman of the Budget Committee and, most recently, with our colleague who is director of National Intelligence, Dan Coats.

So I and others— and I see Tom Carper, a valued member of the Finance Committee from Delaware here—are committed to working with our colleagues in a bipartisan way to have a tax system that gives everybody a chance to get ahead. That is not what we got 2 years ago, but we want it understood that we are going to continue, and I say personally, as ranking Democrat on the Finance Committee, that we are going to continue to reach out a hand of welcome to Republicans who want to work for something different than what we got 2 years ago, and a tax code that would create one set of rules in America, built on fairness, that applies to all 270 million of us.

I note my colleague from Delaware is here to make remarks on this subject. I yield the floor.

The PRESIDING OFFICER. The Senator from Delaware.

Mr. CARPER. Mr. President, I thank my colleague and my friend for his leadership, and I thank him for yielding the floor to me.

I have been here 19 years. It is pretty hard to believe, but one of my detractors say it seems longer. It has gone by pretty fast. In the past, I have been privileged to have been a naval flight officer for many years and retired as a Navy captain. I am the last Vietnam veteran to serve in the U.S. Senate today.

I have been privileged to serve as treasurer, Congressman, Governor, and Senator for my State. I loved being Governor. I love being a Senator. I am privileged to be one of the few people in the history of our country who have had the privilege of serving here, and we get to be among them.

Before I came here, I was Governor for 8 years and got to be chairman of the National Governors Association as well. It was a huge honor to work with Governors. There are a bunch of former Governors here whom I get to work with today. I like that a lot.

During the 8 years I was Governor, we had 8 years of balanced budgets. In 7 out of those 8 years, we actually cut taxes, but we always balanced our budget. We paid down some debt, and we earned an AAA credit rating for the first time in State history. More jobs were created in those 8 years—in the 8-year period in the history of the State of Delaware. I don't say that to be boastful. I didn't create one of them. As Governor, I tried to provide some leadership and to work with stakeholders in the Government and outside of government—people from all walks of life and businesses large and small. I tried to create a nurturing environment for job creation and job preservation. That is what I tried to do, and we were pretty good at it. We were pretty good at it. We are still pretty good at it in Delaware.

That nurturing environment is made up of a lot of different things. Among the elements are our workforce, people who are educated, trained, and have the experience to work to contribute in the workplace, whether it is agriculture, tourism, financial services, manufacturing, technology, you name it.

Right now, we have a big challenge in filling all of these holes in jobs around the country. We just got a jobs report last Friday that shows how the job market was going in the country in the last 4 years. As of November, the numbers we learned in the jobs report was that maybe about 156 million or 157 million people went to work in November every day, but there are 5 million or 6 million jobs where nobody showed up. Nobody showed up because we don't have the skills, the education, or the training, or they didn't live in the right part of the country, they didn't want to do that kind of job, or maybe they couldn't pass a drug test.

A lot of jobs are going wanting in this country. That has to be a concern as we try to provide a nurturing environment, work on the workforce side of preparing them for success, and help to bolster the growth of our economy going forward.

Among the other pieces of that nurturing environment, besides the workforce, are access to foreign markets and the investment by the Federal Government and State governments, too, in the private sector to put investment into research and development that can be commercialized in order to create the successful businesses going forward in the future.

Transportation is important, not just roads—highways, and bridges, but rail transportation, shipping, air. All of that is important. Access to the Internet—there are a lot of places in the country that don't have access to the Internet. We think they are just in rural areas, but a lot of them are in cities in cities that have very high neighborhoods and are struggling.

Last night I was privileged to have dinner with the cabinet secretary for the State of Delaware, who has been working in a great partnership in our State, where the State provides money, and we work with private sector partners to help bring broadband to virtually every rural part of our State.
That is a great goal, and I think we are closing in on achieving that. That is another important element in the environment for successful businesses and for business growth.

Other ingredients include public safety, and they include the protection of our intellectual property, cyber security, and the ability to make sure that for our products—whether they are goods and services, or goods or services, or both—we have the ability to sell those into markets around the world or elsewhere.

Another one that is important is the Tax Code—a tax code that is fair, a tax code that fosters economic growth, a tax code that is not incredibly difficult for people to understand and comply with, and a tax code that doesn't leave us with a huge hole in our budget deficit.

The folks at CBO tell us these days, if we look at spending as a percentage of GDP—Federal spending as a percentage of GDP—it is a little over 20 percent, maybe 20.5 percent. The percentage of revenues of GDP is about 16 percent. When you spend 20 percent of GDP and you raise about 60 percent of GDP revenue, that delta there is our deficit.

The deficit for the last fiscal year was $850 billion. I haven't sat down and added this up. That is probably more than the first 200 years of our country, combined, and it is $850 billion in 1 year.

The deficit for the current year is expected to be $1 trillion. It is an unimaginable number, except maybe in the case of a war, like World War II or maybe World War I.

I serve on the Finance Committee with Senator Wyden, Senator Brown, who is on the floor now, and Senator Stabenow. We were faced with the opportunity to do smart things with respect to our Tax Code, to try to make it more fair, better able to foster economic growth, less complex, and, actually, to reduce deficits.

As it turned out, without a single Democratic vote—in fact, we didn't have the opportunity to offer amendments as the measure moved through committee and on to the floor through the Senate, and we had no opportunity to offer amendments.

I just sat in a hearing in the Finance Committee a few minutes ago, and they talked about the impact of the Tax Code that were run through here without any bipartisan support.

We were told at the time the tax bill was signed into law by President Trump that it would pay for itself, that it would meet deficit—that it would actually pay for itself, it would lower taxes. It would pay for itself, and we would have more revenues.

As it turns out, that is not true. It wasn't true this time, and, frankly, it has been asserted many times that if you continue to cut taxes, revenues will just flow, and everything will be just hunky-dory. That is not true, unfortunately.

Almost 2 years, to the day, have passed since the Republican tax bill was enacted. I think it is time to take a good look at some questions that my Democratic colleagues and I posed when we were debating this bill, to see how this thing has fomented.

First of all, is it fair?

A fair tax law would have ensured that working families in Delaware and across the country share in the benefits of tax reform. Unfortunately, the 2017 Republicans tax law fails the fairness test in spectacular fashion.

According to the nonpartisan Tax Policy Center, by 2027, the top 1 percent of earners will receive 83 percent of this tax law's relief. Eighty-three percent. By the same time, Americans earning less than $75,000 will actually see their taxes go up. How about that?

When it became clear that the wealthiest Americans would get the lion's share of the benefits, this administration tried to play a game of smoke and mirrors with the American people by promising that their massive corporate tax giveaway would trickle down to working families.

President Trump told us that the average household would see their income increase by $4,000 to $9,000 per year. Sadly, it is clear that has not happened. In fact, according to a report by the nonpartisan Congressional Research Service, ordinary workers saw very little wage growth in 2018.

What about the bonuses that workers were promised? That same Congressional Research Service report shows that the bonuses attributed by companies to employees divided among all American workers—comes out to $28 per person. It is not exactly the rewards that were promised.

The second question is, how does this tax law encourage economic growth? It was passed at a time when we were about 8 years into the longest running economic expansion in the history of the country when this was enacted. It came as the economy was growing consistently for almost a decade.

Two years ago, Rob Wallace, a senior official now in the Interior Department, Rob Wallace likes to say that the best solutions are the ones that are bipartisan solutions. They are bipartisan solutions. We had the tax changes. They were massive changes in the Tax Code that were run through here without any bipartisan support.

We were told at the time the tax bill was signed into law by President Trump that it would pay for itself, that it would meet deficit—that it would actually pay for itself, it would lower taxes. It would pay for itself, and we would have more revenues.

Despite President Trump’s constant assertions, job growth has averaged about 180,000 per month so far in 2019, down from the sugar-high average of 223,000 per month in 2018. In fact, average job growth in 2019 is more comparable to job growth in 2016, where it was 193,000 a month. In 2017, it was about 179,000 per month, in the 2 years leading up to the tax law's enactment.

The third question: Has it been fiscally responsible?

The goal of tax reform was supposed to be simplifying the Tax Code, to reduce the unpredictability and uncertainty, but the 2017 Republican tax law fails on this question too.

In 2017, Republicans said that after tax reform, Americans would be able to file their taxes on a postcard. What we ended up with last year is a mighty big postcard—one that included six new schedules, and, as then-National Taxpayer Advocate Nina Olson predicted, “an unsurprising development since our tax code is so complex that even a non-tax professional can find the IRS's version of a postcard—the one Americans filled out pre-tax law—far more incomprehensible.”

We also failed to get greater certainty from the 2017 tax law. I have heard from Delaware families and businesses alike that they are concerned about the impact of the tax law's mistakes and unintended consequences—an unsurprising development since our colleagues rushed to pass the law in the dead of night without any public hearings and with changes scribbled in the margins.

What is more, the law created a new fiscal cliff at the end of 2025, which makes tax policy unpredictable for families and businesses.

That brings me to my fourth and final question: Has it been fiscally responsible?

Even though the law's individual provisions—including the increase in child
tax credit increase in the standard deduction—expire at the end 2025, this law blows a $1.5 trillion hole in our national debt. And it will be far costlier than that as the deficits grow in the years and decades ahead. Two years ago, some Republican friends in Congress and the administration repeatedly claimed their tax law would pay for itself. As I said earlier, it just hasn't happened.

According to the nonpartisan Congressional Budget Office, U.S. tax revenue in 2018 was $275 billion lower than if the tax law had not been enacted and lower than otherwise would have happened. This sharp drop in corporate income tax revenue has been particularly dramatic.

CBO data shows that corporations paid $135 billion less in 2018 than they would have if the law had not gone into effect—a decline of nearly 40 percent. As a result, U.S. revenue as a percentage of GDP in 2018 was 16.4 percent, a lot lower than 19 percent during the 4 years of balanced budgets in the Clinton administration, when we had a Republican majority in the House and Senate.

The other side of this equation is again, that the spending was 20.5 percent. That delta between those two numbers explains the deficit.

Let me close with this. I would like to quote a fellow from Wyoming, who was recently before the Energy and Public Works Committee. He has been representing Wyoming, MIKE ENZI. He is a very impressive guy. I like him a lot. This is one of the things he said: Bipartisan solutions are lasting solutions. That is what he said. He said: Bipartisan solutions.

The tax law that was enacted 2 years ago was not a bipartisan solution. As it turns out, in retrospect, it has not been fair, it has not fostered the kind of economic growth long term that we expected or hoped or told it would bring, and it has not made the Tax Code all that much simpler. And, finally, it has just dramatically inflated the budget deficit. That is not sustainable. Other than that, it turned out just great.

I yield the floor to some others who have been waiting, including Senator BROWN and Senator STABENOW.

The PRESIDING OFFICER (Mr. PERDUE). The Senator from Ohio.

Mr. BROWN. Mr. President, I appreciate the comments of Senator CARPER and Senator WYDEN and all the members of the tax-writing committee with Senator STABENOW. I believe a couple more Senators will join us—I believe Senators CARDIN and CANTWELL.

Thanks for the work you do, Senator STABENOW, on this issue and so many others.

We all know now what the Trump tax scam did. We know it was a giveaway to the richest people in the country. It was a $1.5 trillion tax cut. Seventy percent of it went to the wealthiest people in the country. We know that, we pretty much knew that in the beginning. We know the President said all kinds of things about it. These things I want to tell two stories. One of them is from when I was at the White House with the President and half a dozen other Senators sitting in the President's office. He was talking about the tax bill. He said to me and to other Senators that every American will get at least $4,000 more in their paycheck—at least. I guess he meant people in Gallipolis and Ironton, OH, and Portsmouth and Cleveland and Lansing, MI, and Kalamazoo and everywhere else. He said everybody was going to get $4,000. That is what he said when the bill was being written. When he signed it, he said everybody was going to get $4,000 more in their paycheck. Well, he lied. No surprise there—he always does that. He lies about a lot of things. But I particularly take it personally when he lies about something like that; when voters in Lima and Gallipolis are not going to get what he promised them; when citizens and workers just don't get the help. At the same time, when I was at that meeting, I went up to the President. I had in my hand a bill I was working on called the Patriot Corporation Act. I went up to the President after the meeting. I had mentioned it during the meeting, and then I walked up to him and said: Mr. President, this is the Patriot Corporation Act. I want you to consider this.

Unlike the bill we were looking at, which gave tax cuts to all kinds of corporations and all kinds of the wealthiest people in this country, the Patriot Corporation Act was simple. The Patriot Corporation Act said: If you pay your workers a decent wage; if you provide adequate benefits—health and retirement—to your workers; and if you are in manufacturing and you do your production in the United States, then you will get a break on your taxes. So if you do things right as an employer—decent wages, decent benefits, do your production in the United States—you get a lower tax rate. But if you don't, if you pay low wages or outsource jobs, if you do things right as an employer, you pay something called the corporate freeloader fee.

This is because so many companies in this country—they might be retail outlets, they might be consumer giants that pay $8 or $10 or $12 an hour, and their workers are eligible for Medicaid, food stamps, Section 8 housing, and, basically, those companies are subsidized by taxpayers. So why not have a tax system that do the right thing get a lower tax rate, and corporations that rely on the government to fund them—food stamps, the earned income tax credit, Medicaid, and all of that—those corporations ought to pay a corporate freeloader fee to the government.

That is the first story. The second story I wanted to tell you about—the three of us right here in this room right now, Senator CARDIN and Senator STABENOW and I, were in the midst of this—when this tax bill was written, it was written in the Senate Finance Committee. You know, when we do things in the Senate, there are a lot of things that get written in public in the Senate Finance Committee—but we know that much of the work is done in Senator MCCONNELL's office down the hall. That is where the corporate lobbyists who want these big tax cuts line up.

We were doing our thing in the Senate Finance Committee, and they were in such a hurry to pass this bill. We worked way into the night, which we are all fine with doing, but the next day we worked, they were moving so fast that we would get an amendment that would be handwritten in not very good writing, and it would be added to the bill, and we really didn't know exactly what we were voting on. They didn't want to give us time to do it.

The people who run this place—Senator MCCONNELL and the special interest lobbyists who line up down the hall—know that if they can operate and people can't understand what they are doing—they will do the right thing sometimes. They will do things by hand instead of actual legible writing so that we end up with the kind of confusion that came out of that. Well, you know what happened, Mr. President, the House added all kinds of things in this bill, and the President signed it. We didn't know what the mistakes were, but then we found out.

Now Republicans are coming back and they want us to clean up this mess. Well, cleaning up the mess means more corporate tax breaks, more giveaways to corporate America, and more help for the richest 1 percent in this country.

We are saying: We want to fix the tech mistakes you made when you hurried through this bill. We want to do that. We all voted against the bill because it was a corporate giveaway and a giveaway to the rich. We want to fix this so the Tax Code actually reads right and there won't be all these court cases regarding it. But if we are going to do that, you are going to give some tax breaks to middle-class families, and you are going to pass legislation expanding the earned income tax credit and the child tax credit. We are simply asking the President and to the Republican majority that writes these bills that we will work with you. We want to do that, but you are not going to hurt middle-class and working-class taxpayers again. You are going to expand the earned income tax credit, take care of electric vehicles and the kinds of issues we want to do there, but fundamentally you are going to help low-income and moderate-income children whose parents work just as hard as any Senators work but don't have much to say for it.

Again, it comes down to, whose side are you on? Are you going to stand...
with workers, or are you going to stand with corporations? Do you fight for Wall Street, or do you fight for the dignity of work? If you love this country, you fight for the people who make it work. The President promised to fight for workers. He said he would betray American workers, as he has betrayed American workers on minimum wage and overtime and trade deals. He has betrayed workers over and over again.

He broke that promise he made.

It is important that we fix it and we fix it for the broad middle class in this country.

I yield the floor.

The PRESIDING OFFICER. The Senator from Michigan.

Ms. STabenow, Mr. President, I want to join with my colleagues today in expressing great dismay as we are approaching the 2-year anniversary of the massive Republican tax giveaway. Middle-class families and workers have not gained even remotely close to what they were promised. Instead, President Trump and Republicans gave the big drug companies, the wealthiest Americans, and other special interests an enormous tax cut just in time for the holidays. Merry Christmas to them. But what about the majority of families in Michigan? He gave them the equivalent of a beautifully wrapped gift box with nothing in it. There is a word for that, when you make a bunch of promises and fail to keep them. In Michigan, we call that a betrayal.

President Trump made some really big promises about the Republican tax giveaway. In his words, it would be “one of the great Christmas gifts to middle-income people.” Unfortunately, President Trump turned out to be less like Santa Claus and more like Ebenezer Scrooge. The wealthiest 1 percent of taxpayers received an average tax cut 64 times the size of the one given to the middle class.

He said—as my other colleagues have referred to—people would get an average of $4,000 more in their income. We in Michigan are still waiting for that $4,000 per person who is working to show up. What happened is, the real number is about $54. And what is even worse is that bonuses for working people have actually gone down 22 percent since the tax giveaway passed. Bonuses are down, not up. You don’t have to have the math skills of Bob Cratchit to know that is far from what was promised.

He also promised that businesses would use their tax windfall to invest in workers and create jobs. Unfortunately, that has not happened. We know that in the third quarter of this year, business investment was a negative 2.7 percent. That is the second straight negative quarter for business investments despite the promise of “tremendous” business investment. I am deeply worried because we have had two quarters of negative growth in manufacturing, which is actually the technical definition of a recession. Coming from Michigan, where we proudly make things and grow things, that is deeply concerning to me.

Meanwhile, in the first year of the Republican tax betrayal, businesses rewarded CEOs and wealthy shareholders with more than $1.1 trillion in stock buybacks. What does that mean? That means you do a buyback of your stock. It drives up the price of the company stock. It enriches the CEOs and major shareholders but does nothing for the workers. In fact, corporations spent 140 billion a year on stock buybacks as they did on increasing wages and benefits for workers. In 2018 alone, the 10 biggest drug companies spent $115 billion—with a “b”—on stock buybacks and dividends, but I don’t recall seeing the cost of medicine go down. Instead, they keep raising the prices, which is outrageous.

Perhaps the most ridiculous promise that President Trump made was on the national debt. He said: “We have $21 trillion in debt. That is what he said back in July 2018. ‘When [the Republican tax law] really kicks in, we’ll start paying off that debt like water.’” I am not exactly sure what that meant, but it didn’t happen. Instead, the Federal budget deficit has risen by $319 billion since the passage of the Republican tax law.

To add insult to injury, our friends across the aisle doing the budget used the fact that there was a deficit to one more time say that we need $1.5 trillion in cuts to Medicare to reduce the deficit because, oh my gosh, we have a deficit, so we should take healthcare away from seniors and families across America.

On top of all of that, the Trump administration now is implementing rules that could take food assistance away from up to a million people who work part time or seasonal work. They get a job at the mall during Christmas, but they’re out and of the market. By the way, the average amount of help to these men and women who are working hard, trying to hold it together, is $127 a month—just barely making sure they are not starving. As another Republican President once said, “There you go again.”

Let me say in conclusion that 2 years ago, President Trump promised middle-class families, working families across Michigan and the country, a whole lot. The deficit would disappear, that corporations would pass along their tax savings in the form of jobs and better wages, and that people would get $4,000 more in their paychecks, in their income. He said that this giveaway would be one of the great Christmas gifts to middle-class people. Instead, the majority of Americans got a lump of coal.

Promises have not been kept. We believe in keeping promises in Michigan. This is about more than the numbers; it is about making sure everyone who is working hard is treated fairly and has a fair shot to care for their families and have the American dream. That is not what happened with this tax giveaway.

I yield the floor to the Senator from Maryland.

The PRESIDING OFFICER. The Senator from Maryland.

Mr. CARDIN. Mr. President, I join my colleagues on the floor today to point out that 2 years ago, we had an opportunity in the Congress to reform the Tax Code. The Tax Code, basically, was the one enacted in 1986. In 2017, we had an opportunity to reform that Tax Code, and that opportunity was missed.

What the Republicans did, instead of engaging in a truly bipartisan process that would have used the expertise of all Members of Congress, they went on a partisan mission in order to help big corporations and wealthy taxpayers at the expense of middle-income taxpayers and fiscal responsibility. As a result, our children and grandchildren will pick up the tab for this bill, and those who are going to benefit will not be middle-income families. They are the losers. The ones who are going to benefit will be big corporations and wealthy taxpayers.

Let me just talk about some things that should be the basic ingredients for tax reform.

First, it should be fair to the taxpayers of this country. The tax bill that was enacted 2 years ago was certainly not fair. It failed in that test. As I pointed out, when this bill was debated, large corporations benefited dramatically by this bill, but they said: Look, we will pass it on to the workers. Yet did they pass it on to the workers? In 2018, $1.1 trillion was used to repurchase stock to make the wealthiest even wealthier, and it did not go to the benefit of the workers. The benefit was the greatest on the personal income tax side as it went to the highest income taxpayers. They are the ones who benefited the most, and it was not fair to middle-income taxpayers.

Secondly, a tax reform bill should be fiscally responsible. After all, we have taxes in order to raise revenue, in order to pay for services so we don’t borrow from the future—from our children and grandchildren—to pay for what we are doing today. The administration said this would be a fiscally responsible bill. The verdict is back, and $2 trillion has been added to the national deficit—$2 trillion. It has certainly failed on fiscal responsibility—fiscal responsibility.

Thirdly, the Tax Code should be efficient. As a part of this mission in order to help big corporations and wealthy shareholders.

I pointed out, who benefited? Large corporations benefited dramatically by this bill, but they said: Look, we will pass it on to the workers. Yet did they pass it on to the workers? In 2018, $1.1 trillion was used to repurchase stock to make the wealthiest even wealthier, and it did not go to the benefit of the workers. The benefit was the greatest on the personal income tax side as it went to the highest income taxpayers. They are the ones who benefited the most, and it was not fair to middle-income taxpayers.

Secondly, a tax reform bill should be fiscally responsible. After all, we have taxes in order to raise revenue, in order to pay for services so we don’t borrow from the future—from our children and grandchildren—to pay for what we are doing today. The administration said this would be a fiscally responsible bill. The verdict is back, and $2 trillion has been added to the national deficit—$2 trillion. It has certainly failed on fiscal responsibility—fiscal responsibility.

Thirdly, the Tax Code should be efficient. As a part of this mission in order to help big corporations and wealthy shareholders.

I pointed out, who benefited? Large corporations benefited dramatically by this bill, but they said: Look, we will pass it on to the workers. Yet did they pass it on to the workers? In 2018, $1.1 trillion was used to repurchase stock to make the wealthiest even wealthier, and it did not go to the benefit of the workers. The benefit was the greatest on the personal income tax side as it went to the highest income taxpayers. They are the ones who benefited the most, and it was not fair to middle-income taxpayers.

Secondly, a tax reform bill should be fiscally responsible. After all, we have taxes in order to raise revenue, in order to pay for services so we don’t borrow from the future—from our children and grandchildren—to pay for what we are doing today. The administration said this would be a fiscally responsible bill. The verdict is back, and $2 trillion has been added to the national deficit—$2 trillion. It has certainly failed on fiscal responsibility—fiscal responsibility.

Thirdly, the Tax Code should be efficient. As a part of this mission in order to help big corporations and wealthy shareholders.
so much more uncertainty in the Tax Code now than there was prior to the passage of the 2017 tax bill.

Who is going to pick up the tab? Middle-income taxpayers are going to pick up the tab, and let me just give you some examples.

The 2017 bill included a limitation on State and local tax deductions, and let me just talk a little bit about the taxpayers of Maryland. Almost 50 percent of Maryland's taxpayers used the itemized deduction, and it took them the average of taking off of their Federal taxes what they paid in State and local taxes so they didn't have a tax on a tax. As a result of the limitations that were imposed in 2017, these taxpayers are now no longer able to take the full amount of the State and local tax deductions. In fact, because of the full changes, Maryland's number is down to about 25 percent when we did have almost 50 percent taking advantage of itemized deductions. We have lost about half of those filers who today can't take any of those tax deductions.

This is an affront to federalism, and it also hurts middle-income taxpayers. It is philosophically wrong to have a tax on a tax. So the verdict is in with Maryland taxpayers, and the average refunds are down 6 percent. The refunds are what middle-income taxpayers depend on, and they are down in our State.

It also affects the ability of State and local governments to provide essential services that are important for all citizens. Yet whether it is their support for public education, public safety, et cetera, these essential services are very much dependent on middle-income families. All of those are now being stressed because of the restrictions on State and local tax deductions.

Let me also talk about middle-income taxpayers. They don't benefit from the tax cuts, with their losses as already pointed out, but these tax cuts were made permanent. The individual tax changes were temporary in nature. Again, this hurts middle-income families.

Lastly, let me point out that it was advertised by this administration that it would strengthen our economy. When you take a look at the first six quarters since the passage of the 2017 tax giveaway to the wealthy families and corporations, the gross domestic product has grown about 2.5 percent, which is far less than what the administration predicted. If you take the six quarters before the passage of the bill, it had gone up by 2.6 percent. So there has actually been a slight decline, and we haven't seen a boost to the economy.

There is a better way to do this as this bill ignores them—it doesn't help them—because they don't pay the C rate but, rather, the individual rate, and the pass-throughs that were put in here don't benefit small companies. So, when we are talking about helping the driver of our economy—small business—the tax giveaway 2 years ago has made it even worse.

The better way is to work in a true bipartisan fashion and engage all Members of Congress on both sides of the aisle. Let us truly change our Tax Code so that middle-income families benefit and so that future taxpayers by our making irresponsible changes that are not fully funded. Let's do it in a way in which it will help the growth of our economy. That is what we should be doing. There was a missed opportunity 2 years ago, and it is moving the Nation in the wrong direction. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. TESTER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

SUICIDE PREVENTION COORDINATORS ACT

Mr. Tester. Mr. President, I rise today because far too many of our veterans feel like they have run out of options when it comes to dealing with the physical and mental scars of war. These scars forever leave in defense of our freedoms and who often suffer tremendous invisible wounds of war.

I can't tell you the number of times I have heard from men and women in uniform, in Montana and across this country, who feel helpless, and they feel as though they have been abandoned by their own country. The facts tell us that we are not doing enough here in this body to help. The reality is that every day, as many as 20 Active-Duty or veteran servicemembers each and every day due to suicide. Regardless of political party, we can all agree that one life lost to a suicide is too many.

That is why, as ranking member of the Senate Veterans' Affairs Committee, I have been working with my colleagues across the aisle—colleagues like Senator Sullivan—to make sure that our vets have the access to the help and the care they need.

The bill that we are going to consider here shortly—our Support for Suicide Prevention Coordinators Act—is a bipartisan effort to help tackle the suicide epidemic by ensuring that we take a comprehensive approach to connecting veterans with urgent lifesaving care. This bill starts by identifying and addressing staffing needs for VA employees and suicide prevention professionals who are our Nation's first line of defense when it comes to combating veterans with urgent life-saving care. It is clear that we have much more to do to prevent this national health epidemic, and it starts with understanding the scope of the problem. If we don't have the tools in place to take care of these folks when they return home, then, we should think twice before we send them in the first place.

I urge the Senate to vote for this bill when it comes up as passed out of this body quickly so the President can quickly sign it into law.

It is not something that can solve our suicide problems among our veterans by itself, but it is certainly one of the tools in the toolbox that can help folks when they need help and to ensure that no veteran slips through the cracks.

I want to thank the Senator from Alaska for everything he has done to make sure that this bill becomes a reality.

I yield the floor.

The PRESIDING OFFICER. The Senator from Alaska.

Mr. SULLIVAN. Mr. President, I want to thank my friend from the great State of Montana, Senator Tester. This is actually a bill that he and I have cosponsored out of the Veterans Affairs Committee, and it is a companion bill that we are going to be bringing over from the House to vote on here in a couple of minutes to hopefully get this on the President's desk very soon to get him to sign it.

There is a lot of legislation that focuses on these kinds of issues: How do we address this growing problem of suicide in our country? The real tragedy is that all suicides are tragic, but there are very high numbers of suicides that impact our veterans.

My State, the great State of Alaska, has more vets per capita than any State in the country. We are proud of that patriotic fact. Sadly, we also have some of the highest suicide rates in America.

So since I have come to this body, I have had the privilege to serve my fellow Alaskans, and focusing on suicide has been a very, very high issue for me. It is a very important issue for my constituents, and it is a very important issue for America. As a matter of fact, the first bill I cosponsored as a U.S. Senator was called the Clay Hunt Suicide Prevention Act, which was named after a young marine who had a number of deployments, and, unfortunately, when he was seeking help, he couldn't really get it, and this young, brave hero took his own life.

This should be a priority for the Senate. We have been prioritizing the veterans and the members of the military who are in crisis when we draft legislation that tries to address these challenges, but what we are doing today is also important.

This bill actually focuses on the people who help our veterans. These are suicide prevention coordinators. They are specially trained employees at the VA medical centers who identify and reach out to high-risk veterans with the care they need.

Across the Nation, these VA professionals conduct outreach, promote
awareness, and disseminate suicide prevention best practices. They are, literally, on the frontlines.

But, as you can imagine, this isn't an easy job. This is a hard job, and there are reports that many of these prevention coordinators throughout the VA system are overworked and unable to keep up with their many responsibilities. What we are focused on here is that we want to make sure that the people who are helping our veterans are also taken care of and adequately resourced so that they can do the best job in terms of helping our veterans.

The VA must have a skilled and resourced workforce available, trained to recognize the warning signs of a veteran in crisis, and then be able to work with that veteran, hopefully successfully, to connect them with lifesaving resources before it is too late.

That is what the Support for Suicide Prevention Coordinators Act requires. That is what Senator Tester and I worked together to bring this out of the Veterans' Affairs Committee, and, hopefully, if we get that right, then, it has a positive impact on lessening this high rate of suicide among our veterans.

Senator Tester mentioned what is in this, but it is not just additional resources. It is also a comprehensive study by the GAO to make sure that our coordinators are resourced and have a strategy to make sure they can do their jobs most effectively to impact our veterans.

It is an overall look at the VA system of preventing veteran suicide with a focus on these frontline coordinators who do really, really important work. They are not always recognized.

For those who are doing that work, I commend you, the Senate commends you, and I think we are going to have an overwhelming vote here in a couple minutes that will make sure of your ability to do this really, really important job for our veterans and for our Nation and that you are going to have the ability to do it better.

I applaud the leadership on both sides of the aisle for bringing this bill to the floor, and I encourage my colleagues to vote in favor of this legislation. Let's get it on the President's desk for his signature soon, and we can take another step—another step—to make sure that we are taking care of our veterans and are trying to address this horribly tragic situation where far too many veterans in America are taking their own lives.

LEGISLATIVE SESSION

SUPPORT FOR SUICIDE PREVENTION COORDINATORS ACT

The PRESIDING OFFICER (Mr. DURBIN). The previous order, the Senate will proceed to legislative session to consider H.R. 2333, which the clerk will report.

The legislative clerk read as follows:

A bill (H.R. 2333) to direct the Comptroller General of the United States to conduct an assessment of the responsibilities, workload, and vacancy rates of Department of Veterans Affairs suicide prevention coordinators, and for other purposes.

Thereupon, the Senate proceeded to consider the bill.

The bill was ordered to a third reading and was read the third time.

Mr. DURBIN. I announce that the Senator from Colorado (Mr. BENNET), the Senator from New Jersey (Mr. BOOKER), the Senator from Vermont (Mr. SANDERS), and the Senator from Massachusetts (Ms. WARREN) are necessarily absent.

The PRESIDING OFFICER. Are there any other Senators in the Chamber desiring to vote?

The result was announced—yeas 95, nays 0, as follows:

[YEA—95]

Alexander  Gillibrand  Peters
Balz  Garay  Portman
Barasso  Graham  Reed
Blackburn  Gravel  Risch
Biden  Blumenthal  Roberts
Blunt  Brown  Romney
Boozman 布林森  Rosen
Brown  Burr  Rounds
Cantwell  Burr  Rubio
Capito  Carper  Saenz
Cardin  Casey  Schatz

NOT VOTING—5

Benet  Booker  Warren
Boothe  Sanders

The bill (H.R. 2333) was passed.

EXECUTIVE CALENDAR—Continued

The PRESIDING OFFICER. Under the previous order, the Senate will proceed to executive session to resume consideration of the VanDyke nomination.

The Senator from Texas.

UNANIMOUS CONSENT REQUEST—S. 146

Mr. CORNYN. Mr. President, as all America knows, climbing healthcare costs continue to keep the American people up at night. A Kaiser Foundation poll in September found that the No. 1 health concern of the American people is prescription drug pricing. A whopping 70 percent of those polled think lowering prescription drug costs should be an overriding priority—for Congress, making it the No. 1 item on our to-do list, but our friends and colleagues from New York, the minority leader, objected last time I offered unanimous consent to take up the VanDyke nomination. I will describe here momentarily.

I hope, given the intervening time and further reflection, he will not do so today, and we can get this bill passed and address this top priority of the American people.

The good news is, Republicans and Democrats both agree we need to do something about it. I have the honor of serving on both the Finance and Judiciary Committees, where we have been looking for ways to address this problem and some of the potential solutions.

There are pharmaceutical CEOs who earn big bonuses as sales go up. I am not opposed to them receiving compensation, but pharmacy benefit managers who negotiate prices that drive up out-of-pocket costs are a problem because of the lack of transparency.

What I find very seriously concerning as well is anti-competitive behavior when it comes to pharmacies and manufacturers. There are two practices, in particular, that the legislation I intend to offer an unanimous consent request on would address.

One is called product hopping, which occurs when a company develops a reformulation of a product that is about to lose exclusivity. Let me just stop a moment and say that one of the ways we protect the investment and the intellectual property of American innovators is to give them exclusivity over the right to sell and license that intellectual property, including drugs.

That encourages people to make those investments. In turn, it benefits the American people and the world, literally, by creating new lifesaving drugs, and that is a good thing. There is a period of exclusivity, and after that expires—after that goes away—then it opens that particular formulation up to generic competition; meaning, the price will almost certainly be much lower and more affordable to the American people.

This issue of product hopping is gamesmanship, as I will explain. First of all, before the drug loses exclusivity, the manufacturer pulls the drug off the market. This is done because the new formula is more effective, but it will block generic competitors.

The second issue is patent thickening, which occurs when an innovator uses multiple overlapping patents or patents with identical claims that make it nearly impossible for competitors to enter the market. This is nothing more and nothing less than
abuse of our patent system, and it is coming at a high cost for patients who rely on affordable drugs.

Earlier this year, I introduced a bill with my friend and colleague from Connecticut, Senator BLUMENTHAL, who happens to be a Democrat who wanted to address these anti-competitive behaviors. Our bill is called the Affordable Prescriptions for Patients Act, and it streamlines the litigation process by limiting the number of patents these companies can use in court. So companies are spending less time in the courtroom and, hopefully, more time innovating these new lifesaving drugs, while opening up these drugs once they lose their exclusivity to generic competition and more and more affordable prices for consumers.

This legislation does not stifle innovation; it doesn't limit patients' rights; and it doesn't cost taxpayers a dime. In fact, the Congressional Budget Office estimates it would lower—lower—Federal spending by more than a half a billion dollars over 10 years. This is just savings to the Federal Government for Medicare and Medicaid. Undoubtedly, it would show significant savings for consumers with private health insurance as well as public.

I am sure it comes as no surprise, then, that this legislation passed unanimously out of the Judiciary Committee; not a single Senator opposed it. That happened in June. This is December, and there has been no movement since then.

We have tried to be patient because we know there are other bills coming from the Health, Education, Labor, and Pensions Committee. There is a bill coming out of the Finance Committee on which the President's Ombudsman and I sit. My hope is that we would have been able to make progress on a larger package, but here we are at the end of the year, and there has been no movement. We have been more than patient, but I think there comes a time when patience ceases to be a virtue, particularly when it comes to providing something that would benefit the American people.

There are no concerns about the policies laid out in the bill, as you can see by some of the comments reflected in this chart. Again, our colleague, the Democrat from Connecticut, Senator BLUMENTHAL, said: “This bill offers a positive, solid step toward ending abuse in the use of patents.

Senator DURBIN, who is the Democratic whip, a member of leadership, said:

It is a bipartisan measure that passed the Senate Judiciary Committee. I not only voted for it, I cosponsored it, and I believe it should pass and should become the law of the land.

So imagine my surprise when the Democratic leader objected to a unanimous consent request to pass it a couple of weeks ago, even while we were trying to call this “a manipulative charade” and “a little game,” which is strange because he also called it a good bill. His biggest criticism was it didn’t do enough, but as I pointed out then, if you sit around waiting for the big bill to get passed, nothing happens in the meantime, and it is a loss to the American people.

I think it is past time for us to take up this legislation, get it passed, get it signed by the President. Our friends in the House of Representatives have already passed two bills, which, put together, essentially reflect the same policy.

I can’t think of any other reason for the Democratic leader to object than pure politics. He doesn’t want anybody to get a “win.” That also goes for the Senator from Iowa, when she had offered a bill to reauthorize the Violence Against Women Act. She happens to be on the ballot in 2020 as well. The only rationale I can possibly think of that the Democratic leader would continue to object to these bipartisan consensus bills is just that he doesn’t want something good to happen on his side because he feels like that will disadvantage his candidates in the next election and advantage us.

There comes a time when we need to put those election considerations to the side and focus on making good policy. I happen to believe good policy is good politics.

The truth is, the Democratic leader, in objecting to the passage of this legislation, does have one very big and powerful cheerleader behind him; that is, the drug companies. The drug companies love it when bipartisan legislation gets blocked on the Senate floor for whatever reason. The truth is, they hate this bill, and they don’t want to see anything done on this issue. Inadvertently or not, the Democratic leader seems to be providing them a lot of cover right now.

My constituents didn’t send me to Washington to play these endless games. They sent me here to get results, and that is exactly what I aim to do.

Mr. President, I ask unanimous consent that the committee-reported substitute be withdrawn; that the Cornyn amendment at the desk be agreed to; that the bill, as amended, be considered read a third time and passed; and that the motion to reconsider be considered made and laid upon the table.

The PRESIDING OFFICER. Is there objection?

Mr. SCHUMER. Mr. President, reserving the right to object.

The PRESIDING OFFICER. The Democratic leader.

Mr. SCHUMER. Mr. President, my good friend, the Senator from Texas, is just engaged in a gimmick to cover up all that he hasn’t done on making drug costs lower. And one of what the public wants is not being allowed on the floor by his leadership when he was the whip, by this leadership, and now he wants to get well with a bill that is very small.

Open up the floor to debate. We will debate all the big things that will really reduce prices, which people want, and we will debate his bill. I object.

The PRESIDING OFFICER. Objection is heard.

The Senator from Texas.

Mr. CORNYN. Mr. President, I point out to my friend from New York, I am not the leader or the floor manager of legislation. That is up to Senator MCCONNELL, the Senator from Kentucky. Obviously, there has been foot-dragging on important things like appropriations bills, the USMCA—the important trade agreement with Canada and Mexico—and now there is impeachment mania that has consumed the House of Representatives and has crowded out our ability to get other things done; hence, my loss of patience after waiting since June to get this bill passed.

This isn’t a case of my wanting to get well; this is a case of wanting to make the American people well by providing them access to low-cost generic alternative drugs and preventing Big Pharma from engaging in the sorts of gamesmanship that keeps us from getting access to these lifesaving drugs and keep the American consumer down.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

Mr. CASEY. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. CASEY. Mr. President, I ask unanimous consent to speak as in morning business.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. CASEY. I rise this morning, or I guess this afternoon, to talk about a couple of issues. I will start with healthcare and talk about the Supplemental Nutrition Assistance Program, as well as another piece of legislation we are considering in the next couple of days.

Let me start with healthcare. There is a lot to talk about here. We don’t have time for all of it today, but a number of things are happening on the healthcare front that I think most Americans are aware of but maybe have not heard a lot about recently.

I would argue there are three basic threats to healthcare right now—not just healthcare for some but, in large measure, healthcare for all. One is a lawsuit, which is being litigated in the Fifth Circuit Court of Appeals. It is a lawsuit that would wipe out the Affordable Care Act, and that lawsuit has already made it to the appellate court level. It is now before the appellate court, and if that lawsuit were to prevail, the Affordable Care Act—or I
should say it by its full name—the Patient Protection and Affordable Care Act would be declared unconstitutional. That would have ramifications not only for those 20 million who got covered—coverage they didn’t have before—but to the tens of millions who have protections they never had before the act was passed in 2010.

If you have a preexisting condition, for example—roughly, one out of two Americans has a preexisting condition—if you have one, you should be very well aware of the respect of the lawsuit, the determination of which could be made in a matter of days or weeks. That is a big threat. That is the biggest threat to healthcare for virtually every American or at least every American family.

The second big threat to healthcare is what the administration has under—take—since day one of the Trump administration, and that is the sabotage of the existing system in this regard, especially with respect to the insurance exchanges. What the administration has done is try to take administrative action, action by agencies under the President’s jurisdiction, to undermine the exchanges.

How does that? Well, they cut the advertising. So when they advertise to say that you can shop for a health insurance plan on the exchanges, they cut the advertising budget by 90 percent. They left 10 percent there, but you are supposed to be happy with that.

So they cut advertising by 90 percent. Then they started attacking the contracts for navigators. These are individuals all across the country who sit with people and say: ‘Let me help you through the options you might have for purchasing insurance or changing your insurance plan.’

For example, right now, we are in an open enrollment period, so folks can change their health insurance plans until Sunday—basically, December 15. It would be nice to have a navigator—an assistant, in a sense—sitting next to you if you are making those decisions about your healthcare.

So threat No. 1 to healthcare is the lawsuit; threat No. 2 is the sabotage; and threat No. 3 has not quite played out yet, but I don’t know a Member of the House or the Senate in the Republican caucus in either Chamber who is not making threats—the cuts to Medicare and Medicaid proposed by the administration.

I thought it was bad when the administration—or I should say, House Republicans—back in the spring of 2018 proposed a cut of $1 trillion to the Medicaid Program over 10 years. That was bad enough. That was dangerous enough. But the administration went further than that. The administration’s proposal and, I have to say, unless it is contradicted, the official position of Members of Congress is a 10-year cut to Medicaid of $1 1⁄2 trillion—$1 1⁄2 trillion. That means the official Republican position in Congress—unless they say they disagree with the President, and I haven’t heard any Member say that yet—is that the Medicaid Program should be cut by $150 billion each and every year for 10 years. That is the proposed cut. That is Medicaid.

By the way, Medicaid is the kids’ disabilities and nursing home program, for shorthand. Most of the people helped by Medicaid are folks in nursing homes, low-income children, children from low-income families, and children with disabilities who have a substantial stake in this.

When you consider those three threats—the lawsuit, the sabotage, and the budget cuts—all are bad news, but then when you start getting into the details of each, you realize one aspect of this, which I wanted to raise today, and that is the adverse impact on children.

We are told by the Georgetown University Health Policy Institute Center for Children and Families—I am holding up a November 2019 summary of a report, a back and a front. I will not read all of it and I will not enter it into the RECORD because there is a lot of detail here that we probably can’t enter into the RECORD. I will want to read into the RECORD a couple of highlights from it, though. These folks have been doing research on children’s health insurance for many years and have spent their lives working on this. The headline was something to that effect.

The United States of America, which finally, decades after passing the Medicaid Program, which was a great advancement in children’s health insurance, then added to that with the enactment in the 1990s of the Children’s Health Insurance Program—it had the letter ‘S’ before it, the SCHIP program—which really was adopting programs that have been adopted in my home State of Pennsylvania and a few other states.

That same country which made a great advancement for children’s health with Medicaid—tens of millions of kids—then made a greater advancement with the Children’s Health Insurance Program and then made even more substantial gains when we passed the Patient Protection and Affordable Care Act and substantially drove down the uninsured rate of uninsured Americans. But the advancement made in that—about 20 million people got healthcare coverage in about 6 years—not even a decade. A number of those Americans were children.

As we were substantially driving down the uninsured rate, what has happened in the last 2 years? The uninsured rate is going up. The Census Bureau told us in September that the uninsured rate is going up by 2 million people—to be exact, 1.9 million people. A big share of the 1.9 million people who used to say that number is going up instead of down, as it had been for most of the decade—a lot of those are children.

Here is a summary of finding No. 1 in this report by the Georgetown University Health Policy Institute Center for Children and Families, November 2019. It is by Joan Alker and Lauren Roygardner. ‘‘The number of uninsured children in the United States increased by more than 400,000 between 2016 and 2018, bringing the total to over 4 million uninsured children in the nation.’’

That same Nation which made great advancements by lowering the number of uninsured children is now going in the wrong direction.

Finding No. 2: ‘‘These coverage losses are widespread, with 15 states showing statistically significant increases in the number and/or the rate of uninsured children.’’

The following States are listed: Alabama, Arizona, Florida, Georgia, Idaho, Illinois, Indiana, Mississippi, Missouri, North Carolina, Ohio, Tennessee, Texas, Utah, and West Virginia. That is significant. Those States are represented by both Democratic Senators, sometimes two Republican Senators, and sometimes Senators of both parties. So it is happening in a widespread fashion. The rate of uninsured children is going up.

Finding No. 3: ‘‘Coverage loss is most pronounced for white children and Latino children (some of which may fall into both categories).’’

The other category where the number is going up substantially is younger children, under the age of 6. This also includes children in low-to-moderate-income families who earn between 138 percent and 250 percent of the poverty level, meaning a little more than 29,000 bucks to 53,000 bucks annually—‘‘bucks’’ is my word, not the report’s word—$29,435 to $33,320 annually. For children of that size, the losses are widespread, with 15 states showing statistically significant increases in the number of uninsured children three times as large as states that have,’’ meaning States that expanded Medicaid. The expansion of Medicaid was part of that advancement I talked about.

The three threats to healthcare are bad enough. It is especially bad when you consider that the Americans who are carrying the heaviest burden of that uninsured rate going up are, in fact, children.

The second thing I want to raise is the Supplemental Nutrition Assistance Program. We had a great effort undertaken in the 2018 farm bill. There were
efforts by some to cut the Supplemental Nutrition Assistance Program, which we used to know as food stamps. Fortunately, those efforts to cut the program and to knock people off of the SNAP program were unsuccessful.

We have actually increased the budget for SNAP and SNAP benefits, which is more than the inflation rate. It is increasing by 4% a year. The payment error rate is at its lowest level ever. Yet we still have efforts undertaken to knock people out of the program. That is not just insulting, it is very dangerous to people’s lives.

I hope Members of the Senate will tell the administration to back off those proposals that have been undertaken to knock literally, if you have actual people, proposals, 4 million people off of the program, many of whom are children.

This has all happened in the context of those healthcare issues I raised before. The same child or the same family who might have their SNAP benefits cut or taken away might be the same family who is losing their coverage because of cuts to Medicaid and Medicare or because of the uninsured rate going way up in a country that was driving it way down. Both are happening at the same time.

**BIPARTISAN AMERICAN MINERS ACT OF 2019**

Mr. President, I want to raise another issue, and then I will conclude. This is about coal miners across the country but in particular in a couple of the main States, the State of Pennsylvania, and I know this is true of Kentucky and Virginia and West Virginia, just to name several—or I should say the main States we are talking about here.

The Bipartisan American Miners Act of 2019, § 2788—1 know Senator Manchin and others have spoken about this. We are trying to get this legislation or some version of this passed by the end of this year. I won’t go through all the details, but it attempts to help on the miners’ pension issue—and these are obviously retired coal miners—as well as the healthcare for those same miners, those same families.

I will make a comment about what this means. Many of those same families had to wait way too long—several years—before this body acted to provide a measure of relief to some of those retired miners on healthcare. The job of providing healthcare but even more so on pensions.

The point I have always made here is that our government made a promise to them decades ago. In fact, it was the time when President Truman was in office in the late 1940s. We made a promise to coal miners at that time.

In that whole intervening time period, those decades, they kept their promises. Many of them were sent overseas to fight in wars, from World War II, to Korea, to Vietnam and beyond. They kept their promise to the country by fighting for their country. They kept their promise to their employer by going to work every day in the most dangerous job in the world, likely. I am not sure there is one that is more dangerous. They kept their promise to their families to go to work and to support them, sometimes on that one income of a coal miner.

In my home area of Northeastern Pennsylvania, the miner is the backbone of the “Red Badge of Courage,” but what he is not known for as much is an essay he wrote about coal mining in the late 1800s—1890s to be exact. He described all the ways a coal miner could die in a coal mine. He described the coal mine as a place of inscrutable darkness, a soundless place of tangible loneliness, and then walked through the ways a miner could die.

We came together in a bipartisan effort in both the House and the Senate, and the President signed it into the law just about a year ago—December 2018. The ink was barely dry on his signature when his administration and the Department of Agriculture started to think of other ways to do the same thing to SNAP they couldn’t do by way of legislation.

So where are we? Well, we have had basically three proposals over the course of the last year by the administration that would take 4 million people out of the SNAP program, kick 4 million people off the program.

Here is what one of those proposals would do: According to the U.S. Department of Agriculture’s own estimates, the changes on part of SNAP called categorical eligibility would eliminate millions from the Supplemental Nutrition Assistance Program, and it could also leave nearly 1 million children without access to free school meals. You don’t know about everyone here, but I think that is a step in the wrong direction.

The Supplemental Nutrition Assistance Program is important not only for those families—many of them working families, part of them with a child in the household who needs food assistance, who faces food insecurity without SNAP—many of those same families might have a child and an individual with a disability in the same household or one or the other. That is the SNAP program.

By the way, everyone else in the country benefits when people spend those SNAP dollars because when you provide those dollars and folks buy food, it gets distributed. You spend it. The economy gets a jump-start from that activity. The SNAP program isn’t about just the people who are directly benefiting. I think we have an obligation to help them, for sure. We all benefit when there is economic activity. The point I have always made here is that our government made a promise to them decades ago. In fact, it was the time when President Truman was in office in the late 1940s. We made a promise to coal miners at that time.

In that whole intervening time period, those decades, they kept their promises. Many of them were sent overseas to fight in wars, from World War II, to Korea, to Vietnam and beyond. They kept their promise to the country by fighting for their country. They kept their promise to their employer by going to work every day in the most dangerous job in the world, likely. I am not sure there is one that is more dangerous. They kept their promise to their families to go to work and to support them, sometimes on that one income of a coal miner.

I hope Members of the Senate will find a solution, we will be only meeting those obligations of keeping our promise to retired miners and their families like they kept their promise to their country.

I yield the floor.

The PRESIDING OFFICER (Mr. Romney): The Senator from Kansas.

TRIBUTE TO KELLY MCMANUS

Mr. MORAN. Mr. President, today, I want to take a moment to recognize the contributions of Kelly McManus. She is a member of my staff. She is U.S. Army MAJ Kelly McManus, who has spent the last year working in my personal office as part of the U.S. Army Congressional Fellowship Program.

Before Kelly departs my office here at the end of the year to return to the Big Army, I rise to express my appreciation to Major McManus for all of her hard work and dedication and service to our Nation.

Kelly’s 10 years of service in the U.S. Army have developed her leadership abilities and shaped her perspective on major defense issues of national significance. These assets and attributes have made her an invaluable asset to our team as we work to serve Kansans, servicemembers, and veterans.

Before joining our office, Kelly’s assignments had taken her around the world in service of our country. She deployed to both Iraq and Kuwait to support operations New Dawn and Spartan Shield, from 2011 to 2012, served as the medical planner for the Allied Land Command in NATO headquarters in Izmir, Turkey, and reported to Wiesbaden, Germany, to the personal staff of the U.S. Army Europe headquarters commanding general, LTG Ben Hodges.

Kelly has also served stateside, leading her detachment through deployment to Fort Dix, NJ, in support of Hurricane Sandy relief efforts and commanded a medical company in the 2nd Infantry Division at Joint Base Lewis-McChord in Washington State.

Kelly joined our team in January 2018. From day one, she embraced Kansas, its people, and the challenges they face day in and day out. On her first official trip to Kansas, she visited our...
military installations and talked with soldiers and airmen to learn about their life experiences. She made it a priority to spend time in Kansas and to learn from the Kansas people so that she could bring their thoughts and ideas back to the Nation’s Capitol. These personal conversations with Kansans and Kelly’s experience in the Army have helped to drive meaningful policy.

She led our efforts to secure maternity leave for those serving in the National Guard and Reserve after talking with an expectant mother in the Kansas National Guard. She has also sought to increase access to suicide prevention programs and destigmatize the notions surrounding mental illness.

In addition, her experiences in serving in uniform have been instrumental to my efforts to support our veterans. Over the past year, I have continually been impressed by Kelly’s leadership and professionalism. At every opportunity, she has benefited herself to be an important and fully integrated member of my team, carrying the equal weight and responsibility of my personal staff. Her seamless communications and her skill in tackling issues big and small have her benefit to continue—and the people that we serve. Kelly has exceeded all of my expectations and has demonstrated a commitment to excellence that has been nothing short of outstanding.

A testament to her leadership over the past year was her promotion to major in July. It was my honor to be part of her promotion ceremony and to have the privilege to pin her new and deserving rank on her uniform.

It will be sad when she leaves our office at the end of the month, but I know she will serve the Army well next year in the Army’s Budget Liaison Office, where I am confident she will be a highly effective ambassador to Congress for the Army’s and a grateful member of my team, carrying the equal weight and responsibility of my personal staff. She is a significant asset to our country and to the U.S. Army. Kelly represents the best that the military officers I have had the honor to serve Iowans in the House of Representatives during my early years and for some time after I came to the Senate. Our decades-long friendship began when Berkley and I were elected to serve Iowans in the House of Representatives in 1974. Soon after the orientation for new Members, Barbara and I developed a close relationship with Elinor and Berkley. This friendship remained for the next 45 years.

Looking back, those were lonely days for a freshman Republican House Member. The House Republicans scandal upended the midterm elections. Voters elected 91 new House Members to that Congress. I happened to be the only Republican in the Iowa congressional delegation. Among our so-called Watergate class of 1974, I was joined by Iowans Tom Harkin, Michael Blouin, and Berkley Bedell. We were all freshman Members of Congress. We joined then with more senior Members from the State of Iowa—Neal Smith, who was serving a third term in the House, and Ed Mezvinsky. The Democrat Senators from Iowa were Dick Clark and John Culver. Berkley would go on to represent Iowa’s Sixth Congressional District for six terms, from 1975 to 1987. Even though he lived about another 32 years after that, I assume he would have served a lot longer if his health had held out.

Although Berkley and I didn’t share the same political points of view, we did share a common approach for representing our constituents: casual dialogue and feedback from Iowans that was very necessary if we were going to represent them properly. Most often, the forums for that were our respective townhall meetings.

Throughout our service together in Congress, party labels didn’t displace our ability to work with and for Iowans. As one example, during the four decades-long crisis of the farm economy, was much worse than this farm crisis we have right now, we used our voices to raise public awareness and steer help to struggling farm communities in our home State. We did everything possible to change farm policy and restore hope to thousands of farm families who were coping with double-digit inflation and with the farm debt crisis.

As a Federal lawmaker, Berkley took his oversight work seriously. Even though I take oversight seriously, I didn’t do it in quite the way he did. His was kind of an unorthodox approach. He just ventured, willy-nilly, into a Federal bureaucracy here or a Federal bureaucracy over there. He took the liberty of dropping by in person at agencies and asking people what they did and maybe even see if they were doing it right, particularly if they were spending the taxpayers’ money right. He did this to keep tabs on how these Federal employees in these various bureaucracies were serving the Nation and, particularly, serving Iowans. Now, that is what I would call an in-the-flesh gut check—a very different type of oversight from what I have done.

Berkley was born in Spirit Lake, IA. I assume he loved his entire life in Spirit Lake, IA, except for the period of time he was in the military and until he spent some retirement time in Florida. Spirit Lake, IA, is a close-knit farming community in Dickinson County. His neck of the woods is located in the Iowa Great Lakes region—a regional destination for fishing, boating, and outdoor recreation. I will bet the Presiding Officer has been there many times since the area is fondly known as the University of Okoboji, where generations of families go after year to year to vacation and enjoy life. By the way, the University of Okoboji is not really a university but is very much a selling point that part of the county, particularly promoting to visitors, including an economic development point of view, and it has worked very successfully.

As I just described, this is where Berkley’s insatiable work ethic took root. It guided him for his nearly 100 years of life on Earth. Through philanthropic good works, he leaves behind a legacy of conservation, stewardship, and historic preservation. With his wife, he helped to launch the Okoboji Foundation more than three decades ago. The foundation has awarded millions of dollars to scores of nonprofit organizations in that lakes region of Iowa.
In other words, Berkley believed in paying it forward. He cared deeply about giving back to his community for future generations to enjoy. As you would expect an Iowan to do, he rolled up his sleeves, opened his wallet, and pitched in to make a difference. By my measurements, a life well lived, and he lived life well.

As I mentioned earlier, Berkley and Elinor became steadfast friends with Barbara and this Senator. We shared an abiding respect, and we cherished their gracious regard for that friendship. After the Bedells moved to Florida in their retirement, Barbara and I enjoyed an annual gift from the Bedells each February. It was a very simple annual gift but one that had a lot of meaning to it—more than the material it represented. They sent us a box of oranges from their home in the Sunshine State. Just as regularly as a clock, we received these over many, many years.

Through these many years, their annual Christmas letter was something that we looked forward to. In many years, in personal notes in those very letters, they even thanked us for our friendship. Berkley also stayed in touch with particularly Valentine not each year to Barbara, my wife. With Berkley’s passing, we are saddened to know that these tokens of friendship have now come to an end.

Berkley’s story is an inspiration for young generations of Americans who are pursuing their dreams. It is never too early to dream big. This was how Berkley Bedell was dreaming as a 16-year-old: He became an entrepreneur. Berkley launched a fishing tackle business with Jack, his brother. It was called the Berkley Fly Company. I am told he started the company with $50 from paper route money. He started tying fly fishing lures in his bedroom.

Pouring years of sweat equity into the effort helped launch the local economy and created jobs in his beloved Iowa Great Lakes. His tenacious leadership developed a strong workforce for what was then called Berkley Industries. That company, which is now called Pure Fishing, is today one of the leading fishing tackle manufacturers in the world.

At 98 years young, Berkley didn’t let age slow him down by any stretch of the imagination. He remained active in public service and immersed in electoral politics in Iowa. Usually, at least once a year, he called on me here in Washington, in the Hart Office Building, to tell me about some legislative issue he was interested in, and we worked together on some of those legislative issues. Everything here in Washington is so political, so this may sound very unusual, and maybe it is unusual today: Despite our differences in political philosophies—he was a Democrat; I am a Republican—we both appreciated how crucial it was to engage the next generation in civic life.

Berkley’s leadership and legacy will be remembered for generations to come. I am proud to have called him a very good, good friend. Barbara and I extend our condolences to his sons, Ken and Tom, and to Jo-anne, his daughter.

Your dad made a big footprint in his life’s journey. As my former colleague in the House of Representatives, Berkley later became my constituent when I was elected to serve here in the U.S. Senate. I never knew Berkley Bedell to stop advancing for his community or for the good of our Nation. It became Berkley’s lifelong hallmark to leave God’s green Earth better than he had found it for generations to come.

I wish Godspeed to my good friend Berkley Bedell, who joins Elinor, his beloved wife, in eternal life.

Berkley’s leadership and legacy will be remembered for generations to come. I am proud to have called him a very good, good friend. Barbara and I extend our condolences to his sons, Ken and Tom, and to Jo-anne, his daughter.

Your dad made a big footprint in his life’s journey. As my former colleague in the House of Representatives, Berkley later became my constituent when I was elected to serve here in the U.S. Senate. I wish Godspeed to my good friend Berkley Bedell, who joins Elinor, his beloved wife, in eternal life.

I yield the floor.

The PRESIDING OFFICER. The Democratic whip.

Mr. DURBIN. Mr. President, I was in my office and just learned, by Senator GRASSLEY’s floor speech, about the passing of Berkley Bedell, and I just wanted to add my voice to his.

He was a wonderful man. I served with him in the House of Representatives. Spirit Lake was his home area in Iowa. He was a really knowledgeable man when it came to issues of agriculture, and I didn’t learn until many years later that he was a very successful businessman in the fishing tackle business, if I remember correctly, and sporting goods. He had many interests. He was a spirited, friendly, good person who worked hard at his job and was a credit to the U.S. House of Representatives, regardless of party, and I think Senator GRASSLEY’s remarks reflect that.

I am going to miss his annual Christmas card. He and his wife—she passed away just recently, as well—would send a card about the comings and goings of their big, old family. It was a big oversized card, and I always looked forward to it.

I feel honored to have been able to serve with him. I thank my colleague and friend Senator GRASSLEY from Iowa for paying tribute to him.

Mr. GRASSLEY. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. GRASSLEY. Mr. President, I ask unanimous consent that the order for the quorum call by Senator Bedell be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. GRASSLEY. Mr. President, I ask unanimous consent to speak for 2 minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

The WORLD BANK AND CHINA

Mr. GRASSLEY. Mr. President, last week, despite the objections of the United States, the World Bank adopted a plan for lending more than $1 billion annually to China.

China is the world’s second largest economy, and its per capita income is well above the level at which countries are supposed to graduate from needing World Bank assistance. American tax dollars should not be used, even indirectly, for lending to wealthier countries, particularly when they violate human rights.

China seeks legitimacy through international institutions for its bad practices, including for its own predatory lending through the Belt and Road Initiative. Despite what the recent World Bank Group framework reads, China is not an example developing countries should follow.

To sum up on this point, China has the second largest economy in the world, and it still wants to be considered a developing country and lends taxpayers’ dollars around the world in order for there to be a greater Communist influence. As taxpayers, we should not stand for that to happen.

Mr. President, on another point, this past weekend marked the 78th anniversary of Japan’s attack on Pearl Harbor. I am glad that the United States entered World War II. Almost 2,500 U.S. soldiers lost their lives that day.

I am proud of the many Iowans who have served and sacrificed for our great country. Earlier this year, three of these people returned to Iowa to be laid to rest—Robert J. Bennett, William L. Kvidera, and Bert E. McKeeman.

I honor them and all of our service members for their sacrifices in serving our country, protecting our constitutional rights and the freedom and liberties we have.

I yield the floor.

NOMINATION OF STEPHEN HAHN

Mr. DURBIN. Mr. President, I am going to take a chance this afternoon and vote for one of the President’s nominees. Some of my colleagues have come up to me and said I am making a big mistake, and I hope I am not.

His name is Stephen Hahn. He is a medical doctor and radiologist from MD Anderson in Texas, and he has been named to serve as the Food and Drug Administration Commissioner.

This is a relatively small agency by Federal standards that has a major-size impact on the lives of Americans and beyond. I think it is one of our most important agencies. It regulates so many things and safety and quality of life, and Dr. Hahn would bring to this position an auspicious moment in our history.

I refer, of course, to the fact that we are now battling a vaping epidemic across the United States of America.

The President Office, from Utah, and I had worked on this together, and I thank him for his leadership in this regard.

I look at Dr. Hahn and I think of all the questions that I have asked him. I had a face-to-face meeting with him in my office and then had him on the phone last night for another half hour, and he was very patient in answering my questions.
I asked him about the vaping crisis we face, the epidemic that we face. He readily concedes that this is something he feels very strongly about.

The latest disclosure from the youth tobacco report suggests that 28 percent or more of high school students across the United States are currently using e-cigarettes or vaping. Yesterday, I had a group of high school students from New York who asked to see me, and they said: Senator, you are wrong. It is over half.

A majority of the students in high school now are using JUUL devices, or vaping devices, and these flavors, and they have developed nicotine addictions, which have become controlling in their lives and it affects the way they feel and the way they perform as students.

That is why it is so important, from my point of view, for Dr. Hahn to make this a major priority. He assured me that he would. He reminded me that he is a lung doctor, and we had a long conversation about my father, who died of that disease, and tobacco and the impact it had on his life. I felt sincerity on the part of the doctor when he was discussing this.

We were working with Dr. Azar, who has been an ally in this conversation about controlling vaping devices and cigarettes.

He said that regardless of how I voted for him, he would look forward to working with me. I am going to vote for him as the new FDA Commissioner. It is a leap of faith because I am not certain where the President of the United States is at this moment.

The Presiding Officer was at a meeting a couple of weeks ago in the White House, and I have commended him for the questions he asked there, hoping to hold the President and First Lady to their promise of September 15 to really take on this epidemic of vaping and e-cigarettes. I don’t know at this moment whether he is going to continue in that effort or whether the vaping industry has diverted him to a different point of view.

Dr. Hahn may find himself in a compromised position soon, and I told him as much. If it comes to the point where the President has abandoned his effort against vaping and the industry is going to prevail, then, I am afraid that Dr. Hahn is going to be wearing the collar for some of the things that follow. Everyone knows he may not agree with the President’s conclusion, he will be working for the President as part of his administration.

Dr. Hahn said to me: I don’t want to be known in history as the head of the FDA who saw this epidemic grow dramatically when it comes to vaping by young people.

I am going to give him my vote, and I do it with the hope that he will have a persuasive voice with Dr. Azar and the administration to move in the right direction.

I applaud President Trump—which is unusual from my side of the aisle—when he made his initial decision to take action against e-cigarettes, and I would like to applaud him again. I hope he will resume this effort. I hope the First Lady, who rarely gets engaged in issues but seems to feel very strongly about this, will join us in persuading the President to keep true to his promise of September 15.

I will be supporting Dr. Hahn’s nomination for FDA Commissioner.

REMEMBERING THE REVEREND DR. CLAY EVANS

Mr. President, last Friday night was an amazing evening. I went to the Fellowship Missionary Baptist Church on the South Side of Chicago, not too far from where the White Sox play baseball.

There was a Friday night memorial service for the longtime pastor of that church, the Reverend Clay Evans. He actually divided the service up and said, Friday night is for the politicians and government people; Saturday morning will be the memorial service for the members of the church. A lot of people showed up because it’s a cause of a lot of us considered Clay Evans to be a friend.

He was more than a friend. He was a legend. The Reverend Clay Evans died peacefully at his home the day before Thanksgiving at the age of 94. Let me tell you a little bit about him.

If you ever had the good fortune to witness the Reverend Dr. Clay Evans preach, you were lucky. With his rousing sermons, his soulful baritone voice and “Serious Sam Cooke used to come and sing with me, and I had him to join in song and marveled at his voice. He might have been a successful nightclub performer, but he felt called to the ministry.

He attended the Chicago Baptist Institute and was ordained a Baptist minister in 1952. He later studied at both the Northern Baptist Theological Seminary and the University of Chicago Divinity School.

He founded the Fellowship Missionary Baptist Church in 1958 and served as pastor for 42 years. He used radio and later TV to bring his ministry to homes throughout the Midwest and South and to introduce Black gospel music to the Nation.

Fellowship Missionary Baptist Church, or “The Ship,” as it is affectionately known, quickly became one of the most influential churches in Chicago.

He helped to launch the careers of nearly 90 up-and-coming young ministers, including Mother Consuella York, the first woman to be ordained a Baptist minister in the city of Chicago.

He ordained the Reverend Jesse Jackson, and, in 1971, the two ministers co-founded Operation PUSH, to encourage African-American self-help.

Carved into his wooden pulpit was one of his favorite sayings: It is no secret what God can do. What God did through his servant Clay Evans helped to increase hope and justice in Chicago and far beyond.

I remember when, as a downstate Congressman, I made my early trips to Brownsville, TN, an undertaker, and that is what Clay Evans thought he would become in Chicago, but he couldn’t afford the tuition for mortuary school. He took jobs where he found them. He worked at a pickle factory, as a window washer. He drove a truck delivering pies. He was working at the Brass Rail cocktail lounge in downtown Chicago when they prompted him to join in song and marveled at his voice.

Chicago power brokers, fearful of the unrest in the streets, warned Black ministers: Don’t let Dr. King into your churches. Many of them listened to that warning and turned him away— not Clay Evans.

He invited Dr. King to speak at his church. He opened the doors of the “Ship” to Operation Breadbasket, the Southern Christian Leadership Conference’s economic justice project.

He was one of the most influential churches in Chicago.

Mr. President, last Friday night was an amazing evening. I went to the Fellowship Missionary Baptist Church on the South Side of Chicago, not too far from where the White Sox play baseball.

There was a Friday night memorial service for the longtime pastor of that church, the Reverend Clay Evans. He actually divided the service up and said, Friday night is for the politicians and government people; Saturday morning will be the memorial service for the members of the church. A lot of people showed up because it’s a cause of a lot of us considered Clay Evans to be a friend.

He was more than a friend. He was a legend. The Reverend Clay Evans died peacefully at his home the day before Thanksgiving at the age of 94. Let me tell you a little bit about him.

If you ever had the good fortune to witness the Reverend Dr. Clay Evans preach, you were lucky. With his rousing sermons, his soulful baritone voice and “Serious Sam Cooke used to come and sing with me, and I had him to join in song and marveled at his voice. He might have been a successful nightclub performer, but he felt called to the ministry.

He ordained the Reverend Jesse Jackson, and, in 1971, the two ministers co-founded Operation PUSH, to encourage African-American self-help.

Carved into his wooden pulpit was one of his favorite sayings: It is no secret what God can do. What God did through his servant Clay Evans helped to increase hope and justice in Chicago and far beyond.

I remember when, as a downstate Congressman, I made my early trips to
Chicago to meet the movers and the shakers. Reverend Clay Evans was high on that list, and, as luck would have it, at one of the dinners we were seated next to one another. He leaned over to me—I knew exactly who he was—and he said: Congressman, I am Reverend Clay Evans.

I said: That is not what I heard. I heard you are Reverend Chicago.

He laughed and he looked down. He said: Well, they call me that from time to time.

That is the kind of respect that he commanded, not just because of his ministry but also because he was such an integral part of the faith scene in that big city.

We got to be friends, and I was always looking forward to the times we could get together.

With a choir led by his sister, Lou Della Evans-Reid, Pastor Evans produced and recorded over 40 gospel albums—all that charted on and 2 that topped the Billboard Gospel Albums Chart.

His first No. 1 gospel hit was called "I'm Going Through," released in 1993. The title song talks about staying on the righteous road, no matter how steep the climb, how large the obstacles.

Reverend Evans would sing:

I'm going through. I'm going through no matter what they may do. The world behind, heaven in view.

The Reverend Clay Evans walked that righteous road. He overcame obstacles and widened the road so others could follow. He is certainly going to be missed, and the crowd of speakers Friday night is just evidence of the many lives that he touched.

My wife Loretta and I want to offer our condolences to his wife of nearly 74 years, Lutha Mae, their children, their grandchildren, and their great-grandchildren, and all of those in the family of Clay Evans who tried to maintain a warm smile at a time of sadness for the many years, Lutha Mae, their children, their grandchildren, and their great-grandchildren, and all of those in the family of Clay Evans who tried to maintain a warm smile at a time of sadness for the many of them.

What he has left behind is something that we will all point to for years to come.

I yield the floor.

The PRESIDING OFFICER. The Senator from Missouri.

FEDERAL REGULATIONS

Mr. BLUNT. Mr. President, on Monday I spoke at the annual meeting of the Missouri Farm Bureau, and, in our State, as in, frankly, almost every other State, the No. 1 economic activity in terms of value produced is agriculture.

Where we live in the middle of the country, I am going in an economy that focuses on growing things and making things than we do on an economy that focuses more on giving advice—not that we don't want to give a lot of advice, but the truth is we don't want to get a lot of advice, either.

So instead of trying to make decisions with a service-based economy, and there is nothing wrong with an important service sector in our economy, but Amer-
Missouri would lose $350 million in Federal highway funds if we hadn’t figured out how to fund that fifth year, which we did figure out just a few days ago. Knowing that is going to happen allows people to begin to look forward to other things.

Leighton Grant has really been critical both to my work in appropriations and in our work on foreign policy in our office. He has handled many of our national defense matters in the 116th Congress.

Leighton’s 15 years of service to our country, both in Active Duty and as a civilian in the U.S. Air Force, have allowed him to cultivate a deep understanding of national security issues that affect the State of Missouri and affect our country. His prior experience at the Pentagon, where he worked extensively on generating the Air Force’s budget and strategy documents, has been particularly valuable in my work as a defense appropriator.

The air defense of the country is critical. The appropriations decisions we make are critical. The order we keep them in is critical—keeping defense lines active so that we are not stopping and starting to meet our future needs—so doing that in a reasonable way matters.

Leighton certainly understands that, and he should. He joined the Air Force in 2004 as a command and control battle manager. He served in four deployments in Iraq and Afghanistan as part of the global War on Terror. He also deployed to Qatar and Jordan, as well as to Latin America.

He holds a bachelor’s degree in aeronautics, as well as a master’s degree in project management. While working as our military fellow, he completed work at the Air War College and obtained a certificate of legislative studies at Georgetown University.

He has contributed greatly. He has helped support us in veteran casework, Defense appropriations, and military construction projects that will impact our State.

On Sunday night, I ran into a mom who is a citizen of being a U.S. Senator from Indiana. I want you all to do your part to get your son out of Syria. This was a young man who got caught up while hiking in Syria. She knew Leighton Grant’s name because Leighton Grant took that seriously and, after several weeks of working, helped to get his son out of Syria. That is the kind of thing he has helped us do. He has worked on matters that relate to Iran, Colombia, Australia, China, and other areas. I am glad to have him.

I want to thank his wife Jennifer, his daughter Marleigh, and his son Cyrus. To all of you, I want to say thank you for all you did to get my son out of Syria. What has happened in Mexico since NAFTA is incredible. What has happened in the United States in a positive way is also incredible. So, hopefully, we will see the continuation of the commitment to have a vote in the House this year and a vote in the Senate as soon as we meet the deadlines the law requires—the waiting periods—once we get a bill in the Senate. A lot of people are going to be relieved to know that there is more certainty about that.

The Clerks will call the roll.

Mr. BRUN. Mr. President, I ask unanimous consent that the quorum call be rescinded.

DEPARTMENT OF JUSTICE—AGREEMENT

Mr. President, I also want to take a moment today to recognize Leighton Grant, for whom I asked earlier to have floor privileges for the rest of this Congress.

Leighton Grant has really been critical both to my work in appropriations and in our work on foreign policy in our office. He has handled many of our national defense matters in the 116th Congress.

Leighton’s 15 years of service to our country, both in Active Duty and as a civilian in the U.S. Air Force, have allowed him to cultivate a deep understanding of national security issues that affect the State of Missouri and affect our country. His prior experience at the Pentagon, where he worked extensively on generating the Air Force’s budget and strategy documents, has been particularly valuable in my work as a defense appropriator.

The air defense of the country is critical. The appropriations decisions we make are critical. The order we keep them in is critical—keeping defense lines active so that we are not stopping and starting to meet our future needs—so doing that in a reasonable way matters.

Leighton certainly understands that, and he should. He joined the Air Force in 2004 as a command and control battle manager. He served in four deployments in Iraq and Afghanistan as part of the global War on Terror. He also deployed to Qatar and Jordan, as well as to Latin America.

He holds a bachelor’s degree in aeronautics, as well as a master’s degree in project management. While working as our military fellow, he completed work at the Air War College and obtained a certificate of legislative studies at Georgetown University.

He has contributed greatly. He has helped support us in veteran casework, Defense appropriations, and military construction projects that will impact our State.

On Sunday night, I ran into a mom who is a citizen of being a U.S. Senator from Indiana. I want you all to do your part to get your son out of Syria. This was a young man who got caught up while hiking in Syria. She knew Leighton Grant’s name because Leighton Grant took that seriously and, after several weeks of working, helped to get his son out of Syria. That is the kind of thing he has helped us do. He has worked on matters that relate to Iran, Colombia, Australia, China, and other areas. I am glad to have him.

I want to thank his wife Jennifer, his daughter Marleigh, and his son Cyrus. To all of you, I want to say thank you for all you did to get my son out of Syria. What has happened in Mexico since NAFTA is incredible. What has happened in the United States in a positive way is also incredible. So, hopefully, we will see the continuation of the commitment to have a vote in the House this year and a vote in the Senate as soon as we meet the deadlines the law requires—the waiting periods—once we get a bill in the Senate. A lot of people are going to be relieved to know that there is more certainty about that.
been able to impact our court system, which got lopsided over the years, to where many laws that were passed here get into the court system and then either get overturned or get impacted in ways that did not have the original intent. And in our own conference, I think, have addressed that that imbalance, and I think here soon we will have appointed, in the 3 years that President Trump has been at the helm, the 50th circuit judge. That is impressive. We are also filling now that we made a change in the rules here to not only get judges appointed but also to fill a lot of the slots in our government that are vacant. So that is good news.

Economic growth

Mr. President, you don’t hear much about the fact that household incomes have increased more than $5,000 a family in the 3 years since President Trump was elected. It went up a total of $1,000 in the 16 years through the Bush and Obama administrations. That should be in the headline. And sadly, we are mired in other discussions that I will address here in a moment.

I believe in the long run that, if we are going to change the dynamic, we will need a coalition in anticipation that, in the year I have been here, I have been surprised how many people come here actually wanting more, not realizing that when you are running trillion-dollar deficits, that is a bad business. That is a business partner that I would hedge my bets and maybe find other ways to pay the way in the long run. Sadly, I don’t think we are going to fix that component until we probably have a crisis or two, and then we solve it in that fashion.

So the budget which is, in my opinion, in the long run what we need to do here, if we want to be helpful to the American public, it has got to straighten itself out. Whether that will happen, I do not know.

United States-Mexico-Canada Trade Agreement

Mr. President, let’s talk about some of the things that have been occupying time here, and let’s talk about something that looks like, finally, it is going to get across the finish line: USMCA. We hear about trade issues. It is correct to be concerned about trade. Our focus is normally on the Chinese. I think here soon we will have USMCA. We hear about trade issues. It is correct to be concerned about trade. Our focus is normally on the Chinese. I think here soon we will have USMCA. We hear about trade issues. It is correct to be concerned about trade. Our focus is normally on the Chinese. I think here soon we will have USMCA. We hear about trade issues. It is correct to be concerned about trade. Our focus is normally on the Chinese. in politics. I don’t do that anymore. We punch a computer key, and it says “reply all” or “distribute to all” or “send to all.” Technology allows us to communicate at the drop of a hat.

The biggest challenge I have every day of communicating is because of what is on television beginning at midnight. President Trump usually makes a tweet about 3 o’clock in the morning, and the news starts. We get phone calls, our staff gets phone calls, and for the rest of the day we are responding to what he said at 3 a.m., knowing that next morning at 3 a.m. there will be a new tweet. There will be a new issue, and he will be setting the pace. During the afternoon, when people respond to it, their response to it will be setting the pace. All of us are reacting in the third person or for the third time. It is a challenging job.

With communications like it is and 24/7 television like it is and the media like they are, it is really a challenge. The men and women who work for me help me to make that communication. I want to, first of all, start off by thanking them.

The lady sitting to my left—on the screen, I guess that would make it your right—is another lady who is not here today, Amanda Maddox. Amanda came to work for me a number of years ago when I stole her from one of the House Members because I knew she was the best person on the floor of the House. She was not an easy steal because she was a tough lady, a tough lady. I knew I needed a tough lady and somebody who could help. She has been a tremendous help for me through a lot of difficulties we never expected, neither she nor I—health challenges that I had, challenges I had in terms of my staff, training for trips I took, going on trips I took, dealing with the media during things we took on that were tough. Every day she did it with skill and aplomb. Every day she did it right, and every day she helped me look much better than I deserve.

I look in the mirror so I know what I start out with, but when I get up and open my mouth, I can do even more damage. Amanda keeps me from doing that. She is a first-class lady.

Another lady who is not here today, unfortunately, is Marie Gordon, who is in Atlanta. Marie works under Amanda. She works for me in Atlanta, GA.

They are really my communication. You heard of left brain-right brain. This is my left brain. Marie is my right brain. They make me work, and I know how many times I owe to say thank you to them, and it is more than I could ever come to. They have been wonderful to me, and I will miss them a lot as I retire, but I know they will be here to help somebody else along the same way who will take my place and do just as good a job or better.

I want to, personally, publicly, thank Amanda and Marie for what they have done. They are the backbone of the operation.

A harder job is getting me around in terms of movement.

Where is Logan? Logan is on the floor somewhere. He is my pusher. He is not the kind of pusher you are thinking about. He is my wheelchair pusher. He doesn’t sell anything else but wheelchairs, but he does a tremendous service for me in a lot of bad places. I am not supposed to be able to get into, but he does it safely. We haven’t had any accidents, and he makes me look good. I could not do without Logan and his talent and his willingness to get up early hours to get me in my chair or get me in my own car or get me to the places I need to go safely and on time and get me back home to see my wife if we are in Atlanta or back here to see my many supporters in the office where they need me.

He is my instant communication man. That means he is also my right brain. He is in there thinking ahead to make sure we have enough time to get where we need to go and have enough places to stop along the way which, when you are in a wheelchair, is something you have to think about from time to time and all the other little parts of life you take for granted until you can’t do them anymore. When you work with Logan, they are a lifetime friend, and Logan Purvis is a lifetime friend for me in what he does.

There is a real tall guy somewhere in the room who is good golfer. His name is Trey and he is with me 10 years. He started with me in my third reelection or second reelection—one of my reelections—in the first half of this century. Sometimes elections seem like a century, not a day or not an hour but a century.

Trey has done everything. He has made appointments; he has substituted for me; and he does an excellent job of that. He has given me advice on what not to say. When he does this, I know what it means, I know what it means to come home, to go; but when Trey does it, it means to shut up, you dummy. He gets me to shut up in time and not say a bad thing. That is a valuable person. He is also valuable because I can’t play golf anymore, but I let him play in my stead, and he is a scratch golfer. For those of you who are listening or watching this, that means he will beat anybody who tries to beat him, and I hope to get half the money. If I don’t get half the money, I just enjoy seeing him and his great talent.

He has his third child coming pretty soon, so he is producing some good voters for us in about 15 or 20 years from now. I appreciate that as well. I appreciate Sally, his wife, and the sacrifice she has made to let him to what means more than his life and her life as I have taken out of their lives.

I appreciate those who have made me look good. They made me look good all the time, and I appreciate what they have done. I have been looking forward to this week.

There is another person I want to talk about for 1 minute. I will do it some more tomorrow. I will break it up, so I am not taking up all of the time of the Chair, but I want to take as much as I can right now to talk about Joan Kirchen Carr. I have a unique situation with the chief of staff. Joan Kirchen is my chief of staff. Her name is now Joan Carr. She changed her name because she married my previous chief of staff. She came with me as a deputy chief of staff and fell in love with my chief of staff, and they fell in love with each other. He is now the attorney general of Georgia. She married my chief of staff.

I actually have pretty good luck for somebody who wants to get married. If you come to my office, you will find a husband or wife or something like that. That is not a bad thing to happen in Washington, DC.

Joan has been fantastic. She wrote for AP. She covered me when I was almost a little guy. I first got elected in 1976, and she was working for AP at that time in the Georgia Legislature and wrote speeches about all the people who were in the legislature, and I was one of them. I was the minority leader. I was the minority leader of a group of 19 Republicans who had 161 Democrats opposing them. Custer had better odds than we did. We didn’t have good odds at all. She was a great writer, a great reporter, and I fell in love with her—not in the physical sense but in the platonic sense—because I knew how good she was at what she did.

Over the years, she impressed me so much, I brought her along on whatever campaign I had. I brought her along just to help me in the office I had. She ultimately became my press secretary, my deputy chief of staff, my chief of staff, and my best friend. When you can cover all those bases at one time, you are doing pretty good, and Joan does exactly that.

I am so grateful for all those who have helped me along the way, all those who gave a lot, all those who gave a little, but gave of themselves. Politicians are always asking for money; they are always talking about money; and they are always promising money. Money is fine, but that doesn’t get you much of anything—but relationships are impossible to replace. You take a good relationship with somebody who has worked hard to help you get where you want to go, there is nothing better or more valuable in life. No contribution of money can buy anything but that: that act of love or that act of kindness or act of support that gets you where you are going.

From this one guy who is leaving the U.S. Senate under his own power, but perhaps later as I used to have, I enjoyed my 15 years more than you would ever know, and I want to thank all those people who helped me get here and made it possible for me, particularly those I pointed out now and will point out later this week. May God bless them, may God bless all of you, and may God bless the United States of America.
I yield back.

The PRESIDING OFFICER (Mr. COTTON). The Senator from West Virginia.

TRIBUTE TO JOHNNY ISAKSON

Mrs. CAPITO. Mr. President, I am pleased to be on the floor with my colleague and friend, the Honorable Senator Johnny Isakson from Georgia. I could almost tell you he is probably hating this about now, but I want to get my two cents in. I don’t need to read off his impressive resume or thank him for his service in the Georgia National Guard, his successful real estate business, his extensive public service, and all that he has done and accomplished in Congress.

I want to talk about Johnny Isakson, my friend. You hear everybody in this body get up and we say: My colleague and my friend. Sometimes I am not sure we are really talking about friends, but I want to tell you, Johnny. I am not making this up, I am talking about you as my friend. I am not just being polite. You know me better than that.

I will tell a little story, and he has heard me tell it, but when was first elected to the House of Representatives in the year 2000. I was walking down the aisle, probably our first vote, had no idea really what I was doing, didn’t know anybody in the 435-Member body, and I must have had it written all over my face because I was wandering, and this hand reaches out, and he says: Why don’t you sit down here next to me, and we can talk about what is going on.

That was my introduction to Johnny Isakson. We talked about what was going on on the floor. We talked about who his friends were. We talked about the fact that my mother’s family was from Perry, GA, and I had some Georgia blood running through these veins.

Johnny, as we have heard, doesn’t care if you have been here 20 years or if you have been here 20 minutes, he wants to be your friend. I heard him say that the other day: that he has friends and then he has future friends. I have actually thought about that a lot over the holiday weekend. He doesn’t care if you are a Republican or Democrat, from the North or the South—South will probably help a little bit—East or West, he has an innate ability to put everybody at ease. He doesn’t count anybody as an enemy. We have been to the Prayer Breakfast. We have shared our bikes and gone together in our respective lives. He never cares who gets the credit. He just cares about getting things done. I think you have seen that through everybody’s wonderful tributes to Johnny. He brings people together.

That is the best that he has ever been in his career. He has been a great example to me. You have been a great example to me. My colleague from North Dakota, Senator John Hoeven, has called you “Mr. Congeniality of the Senate.” I can’t think of a better analogy. You are a very special, strong person with a steel spine to know what is right and what is wrong.

The Bible asks, “What does the Lord require of you?” Johnny is living that answer: to act justly, to love mercy, and to walk humbly with God. We could use a few more humble walkers around here, I think. We could sure use more of those. I think he will probably help a little bit—East or West.

He doesn’t care if you have actually thought about that a lot over the holiday weekend. He doesn’t care if you have been here 20 minutes, he is thinking of you. He knows you will still be extending it from your home with your family and your many, many friends.

I am really happy to be here. This is happy for me because I think it is happy for you. I think that as much as you probably regret leaving and feel there is more work to be done, you can go in peace and love and know that you have happy days ahead of you and a lot of well-wishes.

Johnny, thanks a lot. Thanks for extending that hand of friendship. It meant so much to me then, as it does today. Good luck and Godspeed.

The PRESIDING OFFICER. The Senator from Nevada.

Ms. HASSAN. Mr. President, I rise today to join my colleagues, like the Senator from West Virginia, and pay tribute to our friend Senator Johnny Isakson.

It has been an incredible privilege to work with Senator Isakson. Senator Isakson and I got to know each other first through the bipartisan Senate Prayer Breakfast and then serving together on the Health, Education, Labor, and Pensions Finance Committees. I have always appreciated his commitment to bipartisanship, problem-solving, and getting results for the people in his home State of Georgia and for people all across our country. Because of that commitment, Senator Isakson and I have worked together to cosponsor a number of pieces of legislation, including efforts to improve care for veterans and to make hearing aids available over-the-counter. We also partnered together to pass a resolution designating March 25 “Cerebral Palsy Awareness Day.”

In addition to being kind, thoughtful, and bipartisan, one thing stands out to me about Senator Isakson the most: his bravery in speaking out on issues regarding human dignity. He demonstrated that bravery early on in his career as a State senator who spoke out against a local anti-gay resolution. At a time when standing up for the rights of people of all sexual orientations wasn’t easy or convenient, he did. That took real courage.

In addition, I am in awe of Senator Isakson’s bravery in sharing publicly his family’s experience losing his grandson Charlie to an overdose. By sharing his story and sharing this tragedy, Senator Isakson helped reinforce that this crisis affects families from all walks of life. His public discussion has and continues to make a real difference as we work to break down the stigma that comes with addiction. I know he has continued working here in the Senate to prevent more families from experiencing a loss like his own.

I am also grateful for Senator Isakson’s leadership on behalf of our country’s veterans. In June, Senator Isakson led a bipartisan Senate delegation to Normandy to mark the 75th anniversary of the D-Day landings. During that visit, I saw firsthand Isakson’s incredible kindness and commitment to our country’s veterans. I also saw how quickly he dismissed compliments and thanks directed his way to ensure that others get credit for their part in his success. I know that carries over to his tireless efforts and hard work on behalf of veterans as chairman of the Veterans’ Affairs Committee.

Above all, I appreciate Senator Isakson’s friendship. He has represented the people of Georgia and the Senate with dignity, determination, and grit, as well as a really good sense of humor. He has made a real difference.

As Senator Isakson confronts a health challenge of his own, I am confident that he will face it with the bravery, humility, and humor he has exemplified throughout his life and here in the Senate.

Senator Isakson, we will all miss you terribly, but we are looking forward to traveling to Georgia to see you and to continue the many conversations that have made us all better people and better Senators and makes this country a better place.

I yield the floor.

The PRESIDING OFFICER. The Senator from Alabama.

Mr. JONES. Mr. President, I know I am not in the right order, but since we have a gap here, I thought I would jump in.

I am honored to be here today for the JOHNNY ISAKSON memorial tribute part two. Being the lower person in the Senate, the totem pole right now. I didn’t get a chance to talk last week, but I did sit through the Senators’ remarks, which I found very compelling.

I have found JOHNNY ISAKSON to be very compelling. You know, there are times when you watch a movie or a TV show, and there are these special moments when two people meet, and there is one person who has that spark, who has that magic, and when they touch, when they embrace with a hug or a smile, all of a sudden, the other person realizes they are talking to somebody very special. That is JOHNNY ISAKSON. That moment is built around JOHNNY ISAKSON.

From the first time I had the chance to meet him on January 3, 2018, I knew all of those things that are being said about his bipartisanship, about his friendliness, and about how he wants to work with people and how he cares about people were absolutely true. I could tell by the way he greeted me and the “Welcome to the Senate, Doug.”

I will say that I think meeting me and having that spark was a real test.
of Senator Isakson more than anybody in this body because you have to understand that when we first met, it was about 5 days before his beloved Georgia Bulldogs were going to face the University of Alabama in the national championship game.

For those who don’t know this, I am telling you, you can think of “partisanship” and “tribalism” as political terms here in Washington, DC, but if you ain’t experienced football partisanship or football tribalism as far as SEC rivals, you ain’t experienced nothing. So the fact that Johnny Isakson embraced me, a Democrat from his neighboring State of Alabama, was very, very special and something I will always cherish.

I truly mean that, Johnny. I have watched you as a member of the HELP Committee with me. I have watched you in so many hearings and listened to you and your wisdom. That wisdom often came from personal experiences. Whether it was the wisdom of when a constituent or whether it was the tragedy with your grandson, everything about what you have done in the U.S. Senate has been personal.

I think that is something we should all strive to do. Everything we do in this body needs to be personal because for all of our constituents, it is personal to us. It is personal to our States and personal to everyone, but we don’t always seem to act that way. A lot of times, it is easy to see that it seems to be more political than personal. I have never seen that in Senator Isakson. I have seen that time and again, where everything he has spoken about—whether or not I agreed with him was not the issue. I could tell that what he was speaking of was personal, that it meant something to him, and that he knew how it was going to affect those in the State of Georgia and across the United States.

I remember last year when we were moving toward trying to find a way to help farmers in south Georgia and south Alabama who had been so devastated by Hurricane Michael. This was crossing party lines. He and Senator Perdue and I talked a lot about how this was affecting people and people’s lives and how frustrating it was for all of us to see the politics kind of take over for a period of—I don’t know—4 or 5 months while these farmers sat in the Johnny Isakson who reaches across the aisle. That is the Johnny Isakson who cares about people. That is the Johnny Isakson who goes to funerals and sits in the back of the room and then works to make sure he does the right thing for all those who could be affected.

Johnny, I am going to miss you a lot. I enjoy our talks about football. I enjoy kidding you. I enjoy your ribbing me. But more importantly, I just enjoy the camaraderie. I enjoy the month, the feeling that I belong here. I am a Democrat from Alabama, belong in this body—maybe not after 2020. I ain’t going to push you that far, Johnny.

OK? I get that. But for me, there has always been a sense that you belong in this body and you have a voice, and it is an important voice. We need more of that.

We need to make sure everything Johnny Isakson said is remembered in this body. We are about to go through some rough seas. The ship of state, as I have said before, is about to chart some rough seas. We need to remember the words of Senator Isakson as he leaves this body to make sure we continue to do the work.

I think what we have done these last couple of weeks is reflective of the legacy of Johnny Isakson. Whereas what was going on in the House and what was dominating in the media—we still got an NDAA done, we still got the Future Act done, and we are still, over in the House, negotiating USMCA. Things in this body can work if we work together and we make sure that whatever happens after the first of the year doesn’t affect our ability to relate to each other and to our constituents and for the people of America.

Johnny, I have been honored and privileged to serve with you. It will always be something that honors in my life to have been able to have served in this body with you. I wish you and your family nothing but the best in the future. I hope that you will continue to contact me during the time foot soldier. So that is why we can commiserate the good, the bad, and the ugly about Georgia and Alabama football. I love you, and I appreciate you. Thank God you have been here.

I yield the floor.

The PRESIDING OFFICER. The Senator from Colorado.

Mr. GARDNER. Mr. President, I agree with my colleague from Alabama, Senator Jones. Senator Jones and I have not been here as long as some of our other colleagues have been, but I think it is probably fair to say that when Senator Jones and I have a colleague who is departing, there will be one day of farewell. Maybe there will be an hour’s window in which we can come to the floor to say thank you or there will be a reception in the Mansfield Room. I think it is fair to say, as has my colleague Senator Jones, that we have been together for a long time. It is nice to get to this day to say thank you to Johnny Isakson.

These tributes started when Senator Isakson first announced he would be retiring from the Senate. It is very fitting that they continue through this day because of the work he has pursued and because of his accomplishments but also because of the humanity that rests in his heart. All of us are better off because of his work. In my talking with him, I hope that a little bit of Johnny Isakson rubs off on all of us and that we can be here today, knowing that we are a better institution, better leaders, and better public servants because of his model.

Senator Isakson has done a lot of things that have been discussed on the Senate floor. I don’t know how much I can add, but I am going to add a few things that were not the kind single thing that have been said. So many people have said such great things.

The first time Senator Isakson and I had an opportunity to really work together was on some changes to the veterans’ benefits. It was the VA hospital in Colorado—something that may have shaved off some of the patience Senator Isakson has, which seems to be unending at times. This one, though, I think that was a little bit of a toll—the frustration with a very crazy collapse of a VA facility that had taken over a decade and—gosh—hundreds of millions of dollars to complete. It was a project that started out in the nineties but that didn’t get done until about 2010. It was a project that had started out at $300 million but that had ended up being over $2 billion.

Through it all, Senator Isakson was mindful of a very simple purpose, which was that this facility was to benefit the veterans who had given so much to this country. The first thing Senator Isakson said to me was: Don’t worry. We are going to get this done, and we are going to make reforms so that this never happens again.

Under Senator Isakson’s leadership, we have seen changes at the VA, and we have also seen changes about how new facilities are to be completed and built so that we can avoid the kinds of mistakes that led to the delays in Colorado.

Ultimately, Senator Isakson knew that this would be the crown jewel in veterans’ service and veterans’ care, and that is exactly what it continues to be. We have Senator Isakson to thank for the completion of that and the time on task it took to get the job done.

Senator Gardner held a field hearing in Aurora, CO, with, I think at the time, Deputy Secretary Sloan Gibson to find out what had happened, why the delays occurred, and then to fix it and to hold the people accountable who were responsible for the delays. That is the kind of leadership Senator Isakson provided.

Throughout that process, I think I threatened to rename the colonoscopy unit after a couple of years. But after Senator Isakson, we should name the town after him for the work he did to complete that facility.

I remember the first time I gave him a little bit of a treat from Colorado in order to thank him for his work. It was a box of Enstrom Toffee from a family company in western Colorado. It was a pretty incredible treat. I gave it to him and thought he had never had this before.

He looked at it, and he said: Oh, Enstrom Toffee. I love this stuff. I used to give this out to my clients when I was in real estate.
So I couldn’t even surprise him with what I thought was a very special Colorado treat. JOHNNY is the kind of person who has the ability to cut through problems, to cut through the haze and the fog of a challenge and go right to the heart of the matter. You may conceivably riff on any issue at a moment’s notice, cut to the heart of a problem, and provide a solution to that problem and to that challenge. As long as goes, you are known by the company you keep. When one looks around this Chamber, one sees the people who came to pay their thanks to Senator ISAKSON. It is pretty good company. He has done such great things for Georgia and for this country. I can’t thank Senator ISAKSON enough for his leadership, for helping us all out in Colorado, and for making this country a better place.

Senator ISAKSON, thank you for all that you have done. I yield the floor.

The PRESIDING OFFICER. The Senator from New Hampshire.

Mrs. SHAHEEN. Mr. President, I come to the floor this afternoon to pay tribute to a dear friend, Senator JOHNNY ISAKSON of the great State of Georgia. I say “ours” because I know he is a friend to everyone in this Chamber. It was a real blow to me and, I know, to all of the Senators to hear that Senator ISAKSON wouldn’t be seeking another term and that he would be leaving early.

Over the years, JOHNNY and I have had a chance to partner on a number of bipartisan initiatives. He has established a reputation in this body as an honorable and hard-working Senator who cares deeply about his constituents. Beyond that, he is just a kind person. As we think about the accolades we could say about somebody, somebody who is kind to everyone they meet. What is it? As nice a thing. I think, as you can say.

What JOHNNY does have been demonstrated time and again in Congress. He develops trust and good working relationships, and he gets things done. As chairman of the Veterans’ Affairs Committee and a veteran himself, JOHNNY has taken on the difficult but critical task of making reforms to the VA to better deliver care to those who have fought for our country. Having been through some of those challenges with veterans in New Hampshire and seeing what they are facing with getting the care they need, to be able to go back to them and say that because of the work of Senator ISAKSON and Senator Tester, we now have the MIS-SION Act—which is bipartisan legislation to expand care and services to veterans—has been very reassuring.

We also know that Senator ISAKSON is a fierce advocate for local priorities in his home State. I have a sister in Georgia and when I ask her about Senator ISAKSON, she speaks very positively about what she has seen that he does in Georgia.

Of course, many of us here have been reminded time and again of the importance of the Port of Savannah and its dredging needs. I can especially identify with those since we have small ports—much smaller than Savannah’s—in New Hampshire, but they consistently have dredging needs, so I know how important it is to have an advocate who is there all the time, making sure that the needs of those ports are being seen to.

One of the many areas where Senator ISAKSON and I found common ground is reforming our budget process. I think it is not a secret to anybody in this body that the Federal budget process is broken. Since 2011, I have worked with Senator ISAKSON, who had been working on trying to get a biennial budgeting process for the Federal Government. That is something that I think makes sense. Nineteen States, including New Hampshire, operate on a biennial budget. We believe that and he better be served by a process whereby Congress budgets for 2 years rather than 1 and is able to use the second year for oversight.

As we know, it is not easy to change things in Washington. I couldn’t have asked for a better partner in this effort.

One of the things I have especially appreciated about JOHNNY is that he has very little time for partisan sniping, which has too often characterized much of what we do here. One of the gestures that mattered to me and that has stood out about what his character is and how he has operated in the Senate has been the fact that he came to New Hampshire to advocate for our biennial budgeting efforts in 2013, a year when I was in cycle for reelection. It didn’t matter to him. What mattered was that we were working on this issue, and it was important to the American people.

I had the opportunity to go the following year to Atlanta, and we did the same presentation in Atlanta to again show that we could work in a bipartisan way to try and address what wasn’t working in New Hampshire.

I have especially appreciated that he has taken that approach on everything we have worked on together.

I know Senator ISAKSON also cares deeply about the institution of the Senate. I mentioned earlier of the Senate’s Ethics Committee, a committee I have also been a member of, though not nearly as long as he has. I have been closeup how he has faithfully and honorably conducted the committee’s business and, again, how bipartisan it has been and how he has approached his duties on the Ethics Committee. What has been important has been preserving the integrity of the Senate and the responsibility that each of us has as a Senator.

There are so many ways in which JOHNNY ISAKSON has bridged the partisan divide. One of those is through food, and I think all of my colleagues would agree with me that one of the highlights of our year is when Senator ISAKSON has his bipartisan barbecue lunch, which features not just the dishes his home State is known for but, as he points out, the best barbecue in America.

In New Hampshire, we don’t have a lot of barbecue, so I don’t have much basis on which to judge, but I certainly would agree it is very good barbecue.

Senator ISAKSON has done that, it is great for our morale, and it is a great way to help work better together.

In closing, I just want to say that throughout his time in Congress, JOHNNY ISAKSON has been a statesman, and he has been a gentleman of the highest order. They say that we remember people not by what they say as much as by how we feel we are treated, and I know it is fair to say, when that person operating the elevator, the person who is serving us lunch, each of us as Senators, or his constituents, JOHNNY ISAKSON has made all of us feel very important, and he recognizes the value that each individual in the Senate contributes to this body. For that, I am very appreciative, and I will miss you, Senator ISAKSON.

Thank you for everything you have done for all of us.

The PRESIDING OFFICER. The Senator from Mississippi.

Mr. WICKER. Mr. President, let me join my dear friend and colleague from New Hampshire in paying tribute to so many things about JOHNNY ISAKSON.

I know we are supposed to abide by the rules, address remarks to the Chair, and not speak to each other, and if I occasionally look over at the senior Senator from Georgia and call him JOHNNY, I will apologize in advance to the Chair and to the keeper of the rules.

I think one of the points that Senator SHAHEEN was making about the bipartisan barbecue lunch every year is that we ought to do this more often. We choose sides so many times, and for those of us on this side of the aisle, it is three times at lunch every week—Tuesday, Wednesday, and Thursday. The senior Senator from New Hampshire and I never have a chance to have lunch together because we are there with our leadership talking about what our folks are going to do.

JOHNNY ISAKSON decided at least one time a year, when he was in charge of making that decision, that he would invite Republicans and Democrats. Sometimes we got pushback from the leadership of both parties because they didn’t have us captive that particular year. But he didn’t do it year after year after year. JOHNNY ISAKSON has done that and has been an example of bipartisanship.
I hope, JOHNNY, we are not making you weary of speechmaking, but I did want to make an extra point that perhaps others haven’t made and give a quotation that Senator JOHNNY ISAKSON has made about others that he would not have thought of being made about himself because he is too modest.

I first became aware of JOHNNY ISAKSON in 1990, and he and I had not met at that point, but I was in Atlanta, GA, for some party function. JOHNNY ISAKSON was a successful businessman and member of the Georgia senate. He was the Republican nominee for Governor that year, and it was pretty well known that he was not going to win that race. But he came before us and gave a rip-roaring talk, very impressive, and I said to myself: You know, he may not win this year, but this JOHNNY ISAKSON fellow has a future, and he is going to go places.

It turned out that the impression I had that day was correct. He would go on to serve for some time in a bipartisan way in Georgia, and then, when the Speaker of the House of Representatives resigned from office, JOHNNY ISAKSON ran for the special election and became my colleague in the House of Representatives.

During that time when we served in the House together, we were on the deputy whip team together. And, JOHNNY, it was usually you and I sitting next to each other at each of those weekly meetings of the whip team.

I began to realize on a personal, day-to-day basis what an outstanding leader he was, how persuasive he was, and how able he was to actually come up with some accomplishments in the Congress.

Boy, it is hard to get a bill passed, and JOHNNY ISAKSON has gotten bill after bill after bill passed for our Nation’s veterans, of which I am proud to be one—a list as long as my arms. I am proud to be a veteran. I am proud to be the father of an Air Force major and the son of an Army-Air Force veteran from our family, down through the generations, the efforts that JOHNNY has made.

He has been so effective because he understands people, because he understands the business about building consensus and using strong relationships and treating each and every one of us on both sides of this center aisle with dignity and respect—the kind of respect that we would hope to be treated with always.

Senator ISAKSON enjoys poetry, as do I, and I have been known to quote a line or two from a poem, but today I want to quote from a poem entitled “Sermons We See” by Edgar Guest.

The reason I want to do this is that from time to time, when we have honored people JOHNNY ISAKSON admired, he would cite this poem or a verse or two from it in a way of honoring and pointing out the virtues of the person being honored. He would never be so bold as to quote the poem about himself.

I submit today for the RECORD the entire poem, and ask unanimous consent that it be admitted.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

SERMONS WE SEE
(Edward Edgar Guest)

I’d rather see a sermon than hear one any day;
I’d rather one should walk with me than merely tell the way.
The eye is a better pupil and more willing than the ear.
Fine counsel is confusing, but example’s always clear;
And the best of all the preachers are the men who live their creeds.
For to see good put in action is what everybody needs.
I soon can learn to do it if you’ll let me see it done;
I can watch your hands in action, but your tongue too fast may run.
And the lecture you deliver may be very wise and true.
But I’d rather get my lessons by observing what you do;
For I might misunderstand you and the high advice you give.
But there’s no misunderstanding how you act and how you live.
When I see a deed of kindness, I am eager to be kind.
When a weaker brother stumbles and a strong man stays behind Just to see if he can help him, then the wish grows strong in me To become as big and thoughtful as I know that friend to be.

All travelers can witness that the best of guides today Is not the one who tells them, but the one who shows the way.
One good man teaches many, men believe what they behold;
One deed of kindness noticed is worth forty that are told.
Who stands with men of honor learns to hold his honor dear.
For right living speaks a language which is very clear to every one.
Though an able speaker charms me with his eloquence, I say,
I’d rather see a sermon than to hear one, any day.

Mr. WICKER. Mr. President, I will read the first two verses of “Sermons We See” by Edgar Guest.

I’d rather see a sermon than hear one any day;
I’d rather one should walk with me than merely tell the way.
The eye’s a better pupil and more willing than the ear.
Fine counsel is confusing, but example’s always clear;
And the best of all the preachers are the men who live their creeds.
For to see good put in action is what everybody needs.
I soon can learn to do it if you’ll let me see it done;
I can watch your hands in action, but your tongue too fast may run.
And the lecture you deliver may be very wise and true.
But I’d rather get my lessons by observing what you do;
For I might misunderstand you and the high advice you give.
But there’s no misunderstanding how you act and how you live.

Those are first two verses of “Sermons We See.”

I am so grateful for the sermons I have been able to see as a Member of the House of Representatives, as a fellow colleague of JOHNNY ISAKSON’s here in the U.S. Senate.

He has demonstrated, in the way he has operated, the way we should always act. He has shown us how to be a gentleman and how to be an accomplished gentleman in the way he has lived and in the way he has worked across the aisle. He has demonstrated, in the way he has worked, the way he has made the Nation better and the way he has made life better for millions and millions of his fellow Americans. Thank you, JOHNNY. I yield the floor.

The PRESIDING OFFICER (Mr. MERKLEY). Mr. President, it is now my pleasure also to say some words of tribute to my colleague from Georgia.

When I first came here and found out about his real estate background and his interest in homeownership, I felt it was a powerful connection, in that I was never really exposed to real estate business, when I went back to Oregon in 1991, I found a connection with Habitat for Humanity and eventually became their director, and it was all about homeownership. So I spent a tremendous amount of time working to advance homeownership for families in Oregon. Certainly, that is what the residential rules say business is all about, and he spent decades in that world before he came to Congress.

In fact, I also felt a connection because of his service in the House of Representatives in Georgia. I only had 10 years in the Oregon House, and he had far more than that in the Georgia House of Representatives. I don’t know if the Georgia House is like the Oregon House, but the Oregon House was a very functional place, where people came to the floor and listened to each other and shared ideas. They were only meant to speak for their constituents, and everybody could hear each other. You could borrow time from others, but if you borrowed time, then, people started to say: The longer that you speak, the less support you will have.

But there’s no misunderstanding how you act and how you live.

That is how I envision the Georgia House, as well, which I think is a tremendous foundation for networking ideas, working with others, realizing that relationships make such a difference as we strive for policies we believe in. But the pathway involves relationships.

John F. Kennedy once said: “Let the public service be a proud and lively career.” When I think about my colleague’s career spanning the Georgia House and Georgia Senate and the U.S. House and now the U.S. Senate, and all that he has worked on, I think of it as exemplifying that—pride and a career not only that he can be proud of but that all of us can be proud of, as evidenced by the many folks who have
come to the floor to say thank you for your service.

There was one particular event that I will never forget, and that is after the passage of Dodd-Frank. I heard that a problem had occurred related to the interest on lawyer trust accounts, known by the term IOLT. This interest, which was not allowed to accrue directly to the company of lawyers, was dedicated by law to funding legal defense funds for noncriminal assistance to American citizens facing court proceedings so they could get a fair day in court.

So I was trying to get unanimous consent for us to fix this, and I needed a partner on the Republican side of the aisle. I was walking from one Senator to another to another. I probably went through about 15 Senators, and I would say: Have you ever heard of IOLT?

And, universally, the answer was no. I would explain what it was and say why it might make a difference, and each time I spoke they would say: Well, why it might make a difference, and through about 15 Senators, and I would aisle. I was walking from one Senator directly to the company of lawyers, was which was not allowed to accrue di-

problem had occurred related to the in-

passage of Dodd-Frank. I heard that a will never forget, and that is after the your service.

So to my colleague from Georgia, Mr. ISAKSON. Mr. President, I sug-

Now, we are seeing it again with Mr. VanDyke, whose ties to Nevada are minimal. He did not grow up in Nevada or attend any schools there. He did not do anything remotely close to the legal defense fund. He does not currently live in Nevada. Since he moved to Virginia 8 months ago, he has not been to Nevada even once. Mr. VanDyke’s only real tie to Nevada is that he was given a job there for a few years as solicitor general, apparently as a landing spot after he lost his race in Montana.

There are many longtime members of the Nevada legal community who are well qualified to serve as a Federal circuit court judge. But none of them will get the chance to fill this seat. Instead, Senate Republicans are going to rubber-stamp someone with minimal Nevada ties for this Nevada judgeship. How would my colleagues like it if that happened to their States? Mr. VanDyke also has a deeply troubling record.

As Montana’s solicitor general, Mr. VanDyke described him as “arrogant, lazy, an ideologue, and lacking in knowledge of the day-to-day practice including procedural rules,” “does not always have a commitment to being candid and truthful,” and “in some oral argu-

ments and other documents relevant to Mr. VanDyke’s nomination following my remarks.

Mr. VanDyke’s temperament and integ-

rity have been called into question by his colleagues and the American Bar Association, who rated him “Not Qualified” for the Federal bench. Mr. VanDyke’s record, including his opposition to rights of LGBT individuals and commonsense gun control, is far outside the mainstream.

First, I want to discuss concerns raised by Mr. VanDyke’s colleagues regarding his temperament, competence, and work ethic. The American Bar Association interviewed 60 of Mr. VanDyke’s colleagues, including 43 lawyers, 16 judges, and one other individual who has worked with Mr. VanDyke in the four States where he has worked and who are “in a position to assess his professional qualifications.”

In its letter to the committee, the ABA reported that Mr. VanDyke’s colleagues described him as “arrogant, lazy, an ideologue, and lacking in knowledge of the day-to-day practice including procedural rules” and stated that he “has an ‘entitlement’ temperament, does not have an open mind, and does not always have a commitment to being candid and truthful.”

As Montana’s solicitor general, Mr. VanDyke’s coworkers raised similar concerns. They noted that he “avoids work” and that he “does not have the skills to perform, nor desire to learn how to perform, the work of a lawyer.” These concerns were echoed by six retired justices of the Montana Supreme Court who wrote that Mr. VanDyke “has neither the qualifications nor the temperament to serve as a Federal court of appeals judge.” Based in part on these assessments, the ABA deemed Mr. VanDyke “Not Qualified” to be a Federal district court judge. The ABA
Mr. VanDyke's record on LGBT rights is also deeply troubling. In a 2004 op-ed, he wrote that there is "ample reason for concern that same-sex marriage will hurt families, and consequently children and society." Lambda Legal, rightly characterized this claim as a "stigmatizing and disproven myth." During his hearing, and in written questions, Mr. VanDyke was given many opportunities to disavow this statement, which is not supported by the research. He declined to do so.

I asked Mr. VanDyke whether the Supreme Court's decision legalizing same-sex marriage in Obergefell v. Hodges has harmed families and children, and I presented him with research showing that the children of gay and lesbian parents do as well as children raised in opposite-sex households. Still, Mr. VanDyke refused to disavow his anti-LGBT statements.

In a 2011 interview with the ABA, the Center and the Coalition to Stop Gun Violence, fear that Mr. VanDyke has demonstrated a "clear lack of impartiality" and is "incapable of serving as an impartial justice."

The Nevada Senators strongly oppose Mr. VanDyke, in part because he lacks ties to the State. Their opposition is justified. It is hard to believe that this nominee, whose views are so far outside the mainstream and who is unqualified for the position, is the best the Nevada legal community has to offer.

Federal appeals court judges must be knowledgeable, and litigants must have confidence that these judges will treat them fairly and honestly. Unfortunately, Mr. VanDyke does not meet these basic standards. I urge my colleagues to join me in opposing his nomination.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

"NRA-PF Political Victory Fund"

2014 MONTANA CANDIDATE QUESTIONNAIRE

Name: Lawrence VanDyke
Website: www.VanDykeforJustice.com
Campaign Name: VanDyke for Supreme Court
Campaign ID #: 46-5103703

1. Public Office(s) Held: Montana Solicitor General

Occupation: Attorney
Office Sought: Montana Supreme Court
District: Seat 2
Party: Non-Partisan

For further information on Montana fire-arm laws, please visit www.nraila.org and click on the "Gun Laws" feature located in the menu.

1. Do you agree that the Second Amendment to the United States Constitution guarantees a fundamental, individual right to keep and bear arms that applies to all Americans, regardless of where they live in the United States?
   a. Yes
   b. No

2. Which of the following statements best represents your opinion on the prevention of violent crime?
   a. Gun control laws will solve the crime problem.
   b. Gun control laws will not solve the crime problem, but they must be a part of the overall solution.
   c. Gun control laws are misdirected; the solution to reducing crimes that misuse firearms and other weapons in the commission of crimes.
   d. Other
   3. Considering current Montana fire-arm laws, would you support any additional restrictive state legislation regulating fire-arms and/or ammunition?
   a. Yes, I support additional restrictive state legislation regulating fire-arms and/or ammunition.
   b. No, current state fire-arm laws are sufficient.
   c. Yes, I support additional restrictive state legislation regulating fire-arms.
   d. No, current state fire-arm laws should be improved to benefit law-abiding gun owners.
   e. Yes, current state fire-arm laws should be improved to benefit law-abiding gun owners and to close loopholes in state fire-arm laws.

4. Would you support state legislation banning the manufacture, possession, ownership, purchase, sale and/or transfer of any .50 caliber firearms or ammunition in Montana?
   a. Yes, for all firearms. Please specify type of restrictions:
   b. Yes, all handguns. Please specify type of restrictions:
   c. Yes, for some firearms. Please specify type of restrictions:
   d. No, current state fire-arm laws are sufficient.
   e. No, current state fire-arm laws should be improved to benefit law-abiding gun owners and to close loopholes in state fire-arm laws.

5. Many .50 caliber firearms are used in big game hunting and target competition, and the .50 caliber BMG cartridge has been used for nearly a century. Would you support legislation prohibiting the manufacture, possession, ownership, purchase, sale and/or transfer of any .50 caliber firearms or ammunition in Montana?
   a. Yes, for all firearms. Please explain:
   b. No, current state fire-arm laws are sufficient.
   c. Yes, for some firearms. Please explain:
   d. No, current state fire-arm laws are sufficient.
   e. Yes, for all firearms. Please specify type of restrictions:

6. In 1994, Congress imposed a 10-year ban on the manufacture, for sale to private individuals, of various semi-automatic* firearms it termed "assault weapons," and of ammunition magazines capable of holding more than 10 rounds of ammunition, which primarily affected handguns designed for self-defense. Congress' subsequent study of the ban, as well as state and local law enforcement agency reports, showed that contrary to the ban's supporters' claims, the guns and magazines had never been used in more than about 1%-2% of violent crime. Since the ban expired in 2004, the numbers of these firearms and magazines owned have risen to all-time highs. Please state your position on the ban. Is it a. Yes, for all firearms.
   b. Yes, for all handguns.
   c. Yes, for some firearms.
   d. No, current state fire-arm laws are sufficient.
   e. No, current state fire-arm laws should be improved to benefit law-abiding gun owners and to close loopholes in state fire-arm laws.

7. The ban is also deeply troubling. The ban was ordered to be printed in the RECORD on the menu. Please explain:
   a. Yes, I would support such legislation.
   b. No, I would oppose such legislation.

8. I personally have hunted with a 50 AE Desert Eagle Pistol (.50 caliber)
   a. Yes, for all firearms.
   b. Yes, for all handguns.
   c. Yes, for some firearms.
   d. No, current state fire-arm laws are sufficient.
   e. No, current state fire-arm laws should be improved to benefit law-abiding gun owners and to close loopholes in state fire-arm laws.

9. Semi-automatic firearms have been commonly used for hunting, target shooting, and self-defense since their introduction in the late 1800s. All semi-automatics fire only one shot when the trigger is pulled. They are not fully-automatic machine guns, which have been strictly regulated under federal law since 1934.
   a. Yes, I support additional restrictions on semi-automatic firearms and magazines.
   b. No, I would oppose such legislation.

10. Federal law requires federally-licensed firearms dealers to keep records of the make, model, caliber, and serial number of all firearms sold. Would you support state legislation requiring all firearm owners to register all their firearms and magazines?
   a. Yes, I support such legislation.
   b. No, I would oppose such legislation.
d. X No. I oppose state registration of firearms.

8. Would you support the state licensing* of law-abiding citizens who own, possess and use firearms?

a. Yes, I would support/cosponsor this legislation.
b. X Yes, I would support this legislation.
c. No, I would oppose this legislation.

12. Current Montana law (MCA § 45–8–328) lists certain “prohibited places,” including banks, government office buildings and establishments where alcoholic beverages are served, where concealed weapon permit holders (and law enforcement officers) may not carry a concealed firearm. This puts law-abiding citizens at a disadvantage because, although they could carry “openly” in these locations, criminals will obviously ignore the law. Why wouldn’t you support legislation to repeal the restrictions on where law-abiding citizens may carry a concealed weapon (see 2013 Montana House Bill 358)?

a. X Yes, I would support/cosponsor this legislation.
b. X Yes, I would support this legislation.
c. No, I would oppose this legislation.

Please explain:

13. Current Montana law allows law-abiding citizens to carry a concealed weapon for themselves and others, free from government interference, anywhere outside the official boundaries of any city or town. In order to cross into a city or town and still possess a concealed handgun, Montana law requires, however, a law-abiding citizen must have a valid concealed weapon permit. Would you support state legislation to remove the requirement that Montana residents obtain federal permission in order to provide a means of self-protection when they cross into the boundaries of cities and towns in Montana (see 2013 Montana House Bill 384)?

a. X Yes, I would support/cosponsor this legislation.
b. X Yes, I would support this legislation.
c. No, I would oppose this legislation.

Please explain:

14. Under the National Firearms Act (NFA), an individual wanting to acquire an NFA-regulated item, such as a firearm sound suppressor or fully automatic firearm, must submit the proper paperwork and fingerprints to the Bureau of Alcohol, Tobacco, Firearms and Explosives (BATFE), pay a $200 tax and have a chief local law enforcement officer (CLEO) sign-off on the proper forms. Some NFA-regulated items, such as machine guns and short-barreled rifles, can be obtained under federal law. Individual purchasers must pay a $200 federal tax; submit to an extensive background check that includes fingerprints and photographs; and obtain the approval of the chief law enforcement officer in their jurisdiction. Would you support legislation that allows the use of suppressors while hunting and allow law-abiding Montanans the freedom to protect against hearing loss, improve accuracy and reduce noise complaints?

a. X Yes, I would support/cosponsor this legislation.
b. X Yes, I would support this legislation.
c. No, I would oppose this legislation.

Please explain:

15. Many states provide civil liability protection to private property owners who allow the public to hunt on their property. Shielding property owners from frivolous lawsuits eliminates a significant concern for property owners and encourages them to open their lands for hunting. The current prohibition on hunting suppressor use, in effect, requires property owners to be in compliance with the law and carry concealed. Would you support passage or strengthening of civil liability protections for private landowners who allow hunting on their property?

a. X Yes, I would support/cosponsor this legislation.
b. X Yes, I would support this legislation.
c. No, I would oppose this legislation.

Please explain:

16. Youth/mentored hunting programs have been implemented in 29 states to help promote our hunting heritage by removing barriers to participation. This enormous case study has proven safe beyond anyone’s expectations. Mentored hunting allows novice hunters—young and old—to hunt prior to completing hunter education requirements if they are under the supervision of a licensed, adult hunter who meets hunter education requirements. This is the “try it before you buy it” concept. These programs also dramatically reduce or eliminate minimum hunter ages. Would you support a youth/mentored hunting law to help promote Montana’s hunting heritage?

a. X Yes, I would support/cosponsor a youth/mentored hunting law.
b. X Yes, I would support implementing a youth/mentored hunting law.
c. No, I oppose implementing a mentored hunting law.

17. Montana sportsmen the freedom to protect against hearing loss, improve accuracy and reduce noise complaints?

a. X Yes, I would support/cosponsor this legislation.
b. X Yes, I would support this legislation.
c. No, I would oppose this legislation.

* Licensing, as used here, refers to state legislation requiring firearm owners to obtain a license from a government official or agency. A federal law or rule, firearm owner licensing laws generally require fingerprinting, photographing, and/or a background investigation of the applicant. Note: Ban on acquiring firearms is limited to licensed dealers only. Under federal law, individuals who only occasionally sell firearms from their personal collection are not considered in the business of selling firearms, and are therefore (1) not required to be licensed; (2) not required to conduct records checks prior to transferring firearms; and (3) not permitted to access the records of buyers who have purchased firearms. Although less than 1% of guns used in crimes are purchased at gun shows (Department of Justice, Bureau of Statistics), gun control advocates are trying to ban firearms sales at gun shows by occasional sellers and private collectors, or require that any transactions involving their legal property be conducted through a licensed dealer. Would you support legislation restricting firearms sales by occasional sellers and private collectors at gun shows?

a. Yes, I would support such legislation.
b. X No, I would oppose such legislation.

c. Yes, for owners of some handguns.

d. X No. I oppose state registration of firearm owners.

9. Federal law requires all federally-licensed firearms dealers to conduct a criminal records check prior to the sale of any firearm, whether the sale occurs at their retail store or at a gun show. Access to the FBI-run telephone-based “instant check” system is limited to licensed dealers only. Under federal law, individuals who only occasionally sell firearms from their personal collection are not considered in the business of selling firearms, and are therefore (1) not required to be licensed; (2) not required to conduct records checks prior to transferring firearms; and (3) not permitted to access the records of buyers who have purchased firearms. Although less than 1% of guns used in crimes are purchased at gun shows (Department of Justice, Bureau of Statistics), gun control advocates are trying to ban firearms sales at gun shows by occasional sellers and private collectors, or require that any transactions involving their legal property be conducted through a licensed dealer. Would you support legislation restricting firearms sales by occasional sellers and private collectors at gun shows?

a. Yes, I would support such legislation.
b. X No, I would oppose such legislation.

c. Yes, for owners of some handguns.
Mr. VanDyke is a highly educated lawyer with nearly 14 years of experience in appellate law, including one year as a law clerk, an associate in a law firm, and as a Solicitor General for over five-plus years, first in Montana and then Nevada, two states in the Ninth Circuit where he would serve if confirmed. The Committee was tasked with balancing Mr. VanDyke’s accomplishments with strong evidence that supports a “Not Qualified” rating.

Mr. VanDyke’s accomplishments are offset by the negative issues that Mr. VanDyke is arrogant, lazy, an ideologue, and lacking in knowledge of the day-to-day practice including procedural rules. There was a theme that the nominee’s lack of humility, his “entitlement” temperament, does not have an open mind, and does not always have a commitment to being candid and truthful. Some interviewees raised concerns about whether Mr. VanDyke would be fair to persons who are gay, lesbian, or otherwise part of the LGBTQ community. Mr. VanDyke would not say affirmatively that he would be fair to any litigant before him, notably members of the LGBTQ community.

Even though Mr. VanDyke is clearly smart, conservative, and that in some oral arguments he missed issues fundamental to the analysis of the case. There were reports that his preparation and performance in some cases in which he did not have a particular personal or political interest. While the evaluator was careful in her interview with Mr. VanDyke to not name interviewees, the nature of the issues that gave rise to some of the negative comments had been publicly discussed and other adverse comments could be raised without identifying interviewees. The negative issues discussed in this letter were thoroughly discussed with the nominee. Significantly, the interviewees’ views, negative or positive, appeared strongly held on this nominee.

The Committee’s work is guided by the Background which reflects that judgment is a component of professional competence, and that open-mindedness, courtesy, patience, freedom from bias, and commitment to equal justice under law are components of judicial temperament. Based on these principles, a substantial majority of the Committee determine that Mr. VanDyke is “Not Qualified” to be a Ninth Circuit judge. Very truly yours,

WILLIAM C. HUBBARD
Candidate Signature: Lawrence VanDyke
Date: 9/18/14

DEAR CHAIRMAN GRAHAM AND RANKING MEMBER FEINSTEIN: The American Bar Association and Committee on the Federal Judiciary has received a full report on Lawrence J.C. VanDyke and a supplemental review by a former chair of the Committee. The Committee’s work is based solely on a review of integrity, professional competence, and judicial temperament. Based on these criteria, a substantial majority of the Committee has determined that Mr. VanDyke is “Not Qualified,” and a minority determined that he is “Qualified” to serve on the United States Court of Appeals for the Ninth Circuit. The standing committee rating is the Standing Committee’s official rating. I write to offer a brief explanation of this rating.

The evaluator’s Formal Report is based on 80 interviews with a representative cross section of lawyers (43), judges (16), and one other person who has worked with the nominee in the four states where he has worked and who are in a position to assess his professional qualifications. They include but are not limited to attorneys who worked with him and who opposed him in cases and judges who have appeared at oral argument. The evaluator obtained detailed background materials such as more than 600 pages of publicly produced emails involving and/or VanDyke, news reports, court filings, and articles and opinions written about him.
The ACTING PRESIDENT pro tempore. Are there any other Senators in the Chamber desiring to vote?

The result was announced—yeas 51, nays 44, as follows: [Rollcall Vote No. 391 Ex.]

YEAS—51

The nomination was confirmed.

The ACTING PRESIDENT pro tempore. Under the previous order, the motion to reconsider is considered made and laid upon the table, and the President will be immediately notified of the Senate’s action.

CLOTURE MOTION

The ACTING PRESIDENT pro tempore. Pursuant to rule XXII, the Chair lays before the Senate the pending cloture motion, which the clerk will state.

The senior assistant legislative clerk called the roll.

Mr. THUNE. The following Senators are necessary absent: the Senator from North Carolina (Mr. BURR) and the Senator from Kentucky (Mr. PAUL).

Mr. DURBIN. I announce that the Senator from Colorado (Mr. BENNET), the Senator from New Jersey (Mr. BOOGER), the Senator from Vermont (Mr. SANDERS), and the Senator from Massachusetts (Ms. WARREN) are necessarily absent.

The PRESIDING OFFICER (Mr. CRAMER). Are there any other Senators in the Chamber desiring to vote?

The yeas and nays resulted—yeas 69, nays 25, as follows: [Rollcall Vote No. 392 Ex.]

YEAS—69

The nominations are necessary absent.

The motion is agreed to.

The PRESIDING OFFICER. On this vote, the yeas are 69, the nays are 25.

The motion is agreed to.

The Senator from Tennessee. Mr. ALEXANDER. We have a vacancy at the Food and Drug Administration. So what, if someone said: Wouldn’t it be a good idea to go see if we can recruit the chief medical officer at the MD Anderson Cancer Center in Houston, one of the most distinguished institutions in the world, an organization that is even larger than the FDA? Wouldn’t it be a good idea to go get a practicing oncologist? Wouldn’t it be a good idea to get somebody who has worked at the National Institutes of Health and who has letters of recommendation from more than 80 organizations? Wouldn’t it be a good idea to get someone who has been recommended and endorsed by the last five FDA Commissioners, under Presidents Trump, Obama, and Bush? We, the undersigned Senators, in accordance with the provisions of rule XXII of the Standing Rules of the Senate, do hereby move to bring to a close debate on the nomination of John Joseph Sullivan, of Maryland, to be Ambassador Extraordinary and Plenipotentiary of the United States of America to the Russian Federation.

The ACTING PRESIDENT pro tempore. By unanimous consent, the mandatory quorum call has been waived.

The question is, Is it the sense of the Senate that debate on the nomination of John Joseph Sullivan, of Maryland, to be Ambassador Extraordinary and Plenipotentiary of the United States of America to the Russian Federation, shall be brought to a close?

The yeas and nays are mandatory under the rule.

The clerk will call the roll.

The PRESIDING OFFICER. On this vote, the yeas are 53 and the nays are 41.

The motion is agreed to.

EXECUTIVE CALENDAR

The PRESIDING OFFICER. The clerk will report the nomination.
The legislative clerk read the nomination of Aurelia Skipwith, of Indiana, to be Director of the United States Fish and Wildlife Service.

The PRESIDING OFFICER. The majority leader.

ORDER OF BUSINESS
Mr. MCCONNELL. For the information of all who are present, the Senate will vote on the confirmation of the Skipwith and Sullivan nominations at 11:45 a.m. tomorrow, as well as the confirmation of the Hahn nomination at 1:45 p.m.

The PRESIDING OFFICER. Duly noted.

Mr. MCCONNELL. Mr. President, I ask unanimous consent that if any of the nominations listed are confirmed, the motions to reconsider be considered made and laid upon the table and the President be immediately notified of the Senate's action.

The PRESIDING OFFICER. Without objection, it is so ordered.

LEGISLATIVE SESSION

MORNING BUSINESS
Mr. MCCONNELL. Mr. President, I ask unanimous consent that the Senate proceed to legislative session and be in a period of morning business, with Senators permitted to speak therein for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

TRIBUTE TO JOHNNY ISAKSON
Mrs. FISCHER. Mr. President, I rise today with my colleagues to honor my friend, Johnny Isakson, from Georgia. At the end of this year, Senator Isakson will retire after 20 years of service to the people of Georgia in Washington.

After protecting our Nation in the Georgia Air National Guard, graduating from the University of Georgia, and serving as a representative in his State legislature, the door opened for a son from Atlanta to run for Congress. Georgia saw in him then what we see in him now: a principled leader, a skillful communicator, and a man worth trusting. It is no surprise that the people of Georgia have renewed their trust in him time and time again. And I know I speak for my colleagues when I say that we are grateful for what he did.

After six years representing Georgia’s Sixth Congressional District, the Senate gained a true statesman when he entered in 2005. When I was preparing for these remarks, I came across one of his Senate reelection speeches. I thought it was particularly revealing to his character and how he carries himself in the Senate. He told the crowd that was cheering him on:

I promise you I am ready . . . I am ready to tackle whatever problem life brings to us as Americans.

With my feet rooted in conservative principles, my belief in God the Father Almighty, and my belief in the people of Georgia, Mr. President, that is who Senator Isakson is.

Mr. President, this is a great leader, a caring listener, and a gifted legislator. He worked hard to achieve from the very beginning to now come true in the end.

JOHNNY, you are a great leader, a careful listener, and a gifted legislator.

TRIBUTE TO SENATE MAJOR DEREK GONDEK
Ms. ERNST. Mr. President, today I rise to pay tribute to SGM Derek Gondek for his exemplary dedication to duty and service as an Army congressional fellow and congressional budget liaison for the Assistant Secretary of the Army, Financial Management and Comptroller. Sergeant Major Gondek is retiring after 27 years of dedicated service to his country and the U.S. Army.

A native of Lewiston, ME, Sergeant Major Gondek enlisted as an infantry soldier in July 1992, attending infantry one station unit training at Fort Benning, GA.

Sergeant Major Gondek has served in a broad range of assignments during his Army career at all levels of command. Starting as a rifleman with the 509th Parachute Infantry Regiment at Fort Polk, LA, Sergeant Major Gondek led soldiers as a team leader, platoon sergeant, first sergeant, and the highest level of leadership was as a battallion command sergeant major of the 2nd Battalion, 27th Infantry Regiment, 25th Infantry Division at Schofield Barracks, HI. He also instructed at the Army’s Jumpmaster School and provided coaching to rotational units at the Army’s Joint Multinational Readiness Center in Hohenfels, Germany. Sergeant Major Gondek has served forward deployed to both Iraq and Afghanistan.

In 2017, Sergeant Major Gondek began his tenure with the U.S. Senate, first as a Defense fellow and next in his subsequent assignment as a congressional budget liaison for the U.S. Army. Sergeant Major Gondek worked tirelessly with Members of Congress and their staffs to accurately articulate the Army’s budget positions to the Appropriations Committees. His professionalism, diligence, and commitment to the mission are unmatched, and his work both as a fellow and as a liaison very effectively represented the U.S. Army and the Department of Defense to the U.S. Congress.

The foundation of Derek’s military success is his family. He is a devoted husband to his wife Maura and committed father to his daughters, Winnie, Ellie, and Zoey. Maura, Winne, Ellie and their children are the pride and joy of Derek. Their attitude of service, sacrifice, and care for others permeates every organization and activity they participate in. The Gondek family is truly an example of serving leadership in the Army and the communities they engage.

Throughout his career, Sergeant Major Gondek has positively impacted soldiers, peers, and superiors. Our country has benefited tremendously from his extraordinary leadership, judgment, and passion. I join my colleagues today in honoring his dedication to our Nation and invaluable service to the U.S. Congress as an Army congressional liaison.

It has been a genuine pleasure to have worked with SGM Derek Gondek over the last 3 years. On behalf of a grateful nation, I join my colleagues today in recognizing and commending Derek for his service to our country, and we wish him all the best as he continues his service in his future endeavors.
MEASURES PLACED ON THE CALENDAR

The following bill was read the second time, and placed on the calendar:

S. 3009. A bill to provide for a period of continuing appropriations in the event of a lapse in appropriations under the normal appropriations procedures and consequences in the event of a failure to enact appropriations.

EXECUTIVE AND OTHER COMMUNICATIONS

The following communications were laid before the Senate, together with accompanying papers, reports, and documents, and were referred as indicated:

EC–3477. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Airbus SAS Airplanes” (RIN2120-AA64) (Docket No. FAA–2018–0258) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3478. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Airbus SAS Airplanes” (RIN2120-AA64) (Docket No. FAA–2019–0490) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3479. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Pratt & Whitney Canada Corp. Turbofanh Engines” (RIN2120-AA64) (Docket No. FAA–2018–0739) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3480. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Textron Aviation Inc. (Type Certification Program) (Beechcraft Corporation)” (RIN2120-AA64) (Docket No. FAA–2019–0959) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3481. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; American Airlines R.V. Airplanes” (RIN2120-AA64) (Docket No. FAA–2019–0666) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3482. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Airbus SAS Airplanes” (RIN2120-AA64) (Docket No. FAA–2019–0483) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3483. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Airbus SAS Airplanes” (RIN2120-AA64) (Docket No. FAA–2019–0667) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3484. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Airbus SAS Airplanes” (RIN2120-AA64) (Docket No. FAA–2019–0611) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3485. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; Boeing Company Airplanes” (RIN2120-AA64) (Docket No. FAA–2019–0894) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3486. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Airworthiness Directives; General Electric Company Turbofan Engines” (RIN2120-AA64) (Docket No. FAA–2019–0884) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3487. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Amendment, Revocation, and Establishment of Air Traffic Service (ATS) Routes; Western United States” (RIN2120-AA64) (Docket No. FAA–2019–0221) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.

EC–3488. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Establishment and Amendment of Area Navigation (RNAV) Routes; Southeastern United States” (RIN2120-AA66) (Docket No. FAA–2019–0123) received during adjournment of the Senate in the Office of the President of the Senate on November 27, 2019; to the Committee on Commerce, Science, and Transportation.
EC-3490. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Miscellaneous Amendments: Amendment No. 3875” (RIN 0110–AA26) (Docket No. USCG–2019–10746) received during adjournment of the Senate in the Office of the President on December 4, 2019; to the Committee on Commerce, Science, and Transportation.

EC-3491. A communication from the Management and Program Analyst, Federal Aviation Administration, Department of Transportation, transmitting, pursuant to law, the report of a rule entitled “Special Local Regulation; Edgewater, Md.” (RIN 0110–AA56) (Docket No. USCG–2019–10852) received during adjournment of the Senate in the Office of the President on December 4, 2019; to the Committee on Commerce, Science, and Transportation.

PETITIONS AND MEMORIALS

The following petitions and memorials were laid before the Senate and were referred or ordered to lie on the table as indicated:

POM-160. A concurrent resolution adopted by the Senate on November 27, 2019; to the Committee on Armed Services.

POM-161. A concurrent resolution adopted by the Senate on December 4, 2019; to the Committee on Homeland Security and Governmental Affairs.

POM-162. A concurrent resolution adopted by the Senate on December 11, 2019; to the Committee on Armed Services.
Resolved, That the Texas secretary of state forward official copies of this resolution to the president of the United States, to the president of the Senate and the speaker of the House of Representatives of the United States Congress, and to all the members of the Texas delegation to Congress with the request that this resolution be officially entered in the Congressional Record as a memorial to the Congress of the United States of America.

POM-163. A resolution adopted by the General Assembly of the State of New Jersey urging the United States Congress and the President of the United States to enact H.R. 500 which prohibits the Internal Revenue Service from collecting taxes on any amount of student loan forgiven for deceased veterans; to the Committee on Finance.

Assembly Resolution No. 97

Whereas, Each member of the United States Armed Forces serves our country to protect the citizens of the United States and, in 2015, there were over one million active duty members of the Armed Forces; and

Whereas, If a service member sustains an injury or illness while on active duty, the federal education loans are forgiven under the Higher Education Act; and

Whereas, Service members embrace the opportunity to pursue higher education through the various tuition assistance programs available to service members, which may be used in combination with federal and private student loans to pay for the cost of college; and

Whereas, When an educational loan is forgiven, the Internal Revenue Code categorizes the amount of the loan as taxable gross income for a cosigner on the loan, which can include both family and friends of the deceased service member; and

Whereas, Taxing loan forgiveness as income can be burdensome to family members and friends especially during a time when they are grieving the loss of their loved one; and

Whereas, Families of veterans who lost their loved ones in military service or in their injuries sustained while serving on active duty have already sacrificed so much for the United States; and

Whereas, The federal bill [H.R. 3874] H.R. 500, named the “Andrew P. Carpenter Tax Act,” would amend the Internal Revenue Code to prevent the Internal Revenue Service from collecting taxes on any amount of student loan forgiven; and

Whereas, The federal bill will help to ease the financial burden for individuals who are already grieving for the loss of their loved one: Now, therefore, be it

Resolved by the General Assembly of the State of New Jersey:

1. This resolution respectfully urges the President and Congress of the United States to enact [H.R. 3874] H.R. 500 which amends the Internal Revenue Code to prevent the Internal Revenue Service from collecting taxes on any amount of student loan forgiven for deceased veterans.

2. Copies of this resolution, as filed, with the Secretary shall be transmitted by the Clerk of the General Assembly to the President and Vice President of the United States, the United States Secretary of Defense, the Majority Leader of the United States Senate, the Speaker and the Minority Leader of the United States House of Representatives, and every member of Congress from New Jersey.

POM-164. A resolution adopted by the Council of the Village of Yellow Springs, Ohio urging the United States Congress to enact the Energy Innovation and Carbon Dividend Act of 2019; to the Committee on Finance.

POM-165. A resolution passed by the Council of the City and County of Honolulu, Hawaii urging the United States Congress to embrace the Treaty on the Prohibition of Nuclear Weapons and make nuclear disarmament the centerpiece of the United States’ national security policy; to the Committee on Finance.

POM-166. A petition from a citizen of the State of Louisiana memorializing a resolution adopted by the Legislature of the State of Louisiana urging the United States Congress to support the initiative calling for accurate, third-party application (app) ratings and intuitive parental controls to better protect children from harmful online and mobile device content; to the Committee on Commerce, Science, and Transportation.

POM-167. A resolution adopted by the Eastern Regional Conference of the Council of State Governments urging the United States Congress to approve H.R. 3631 “Terriories Health Care Improvement Act; to the Committee on Finance.

POM-169. A petition from a citizen of the State of Texas relative to amendments to the United States Constitution; to the Committee on the Judiciary.

POM-170. A petition from a citizen of the State of Texas relative to current laws regarding persons from the United States and their physical presence within the United States; to the Committee on the Judiciary.

REPORTS OF COMMITTEES

The following reports of committees were submitted:

By Mr. WICKER, from the Committee on Commerce, Science, and Transportation, was reported:

S. 881. A bill to improve understanding and forecasting of space weather events, and for other purposes (Rept. No. 116-157).

A bill to reduce regulatory burdens and streamline processes related to commercial space activities, and for other purposes (Rept. No. 116-172).

S. 2969. A bill to extend the authority of the National Aeronautics and Space Administration to enter into leases of non-excess property of the Administration.

EXECUTIVE REPORTS OF COMMITTEES

The following executive reports of nominations were submitted:

By Mr. RISCH, from the Committee on Foreign Relations,

Sung Y. Kim, of California, a Career Member of the Senior Foreign Service, Class of Career Minister, to be Ambassador Extraordinary and Plenipotentiary of the United States of America to the Republic of Indonesia.

Nominees: Sung Y. Kim.

Post: Republic of Indonesia.

(The following is a list of all members of my immediate family and their spouses, I
have asked each of these persons to inform me of the pertinent contributions made by them. To the best of my knowledge, the information contained in this report is complete and accurate.

Contributions, amount, date, and donee:

1. Self: None.
2. Spouse: None.
3. Children and Spouses: None.
4. Parents: None.
5. Grandparents: None.
6. Brothers and Spouses: None.
7. Sisters and Spouses: None.

Stephen E. Biegun, of Michigan, to be Deputy Secretary of State.

By Mr. LEE for Mr. INHOFE for the Committee on Armed Services.

Mr. LEE for Mr. INHOFE. Mr. President, for the Committee on Armed Services I report favorably the following nomination lists which were printed in the Records on the dates indicated, and ask unanimous consent, to save the expense of reprinting on the Executive Calendar that these nominations lie at the Secretary’s desk for the information of Senators.

The PRESIDING OFFICER. Without objection, it is so ordered.

Air Force nominations beginning with Anna M. Adkins and ending with Mary E. Zander, which nominations were received by the Senate and appeared in the Congressional Record on September 19, 2019.

Army nomination of Zachary B. Ciccolo, to be Major.

Army nomination of Andrew J. Oliver, to be Major.

Army nomination of Marjorie A. Kuipers, to be Major.

Army nomination of Yuandre G. Dieujuaste, to be Major.

Army nomination of Thomas E. Axtell, to be Lieutenant Colonel.

Army nomination of D014331, to be Major.

(Nominations without an asterisk were reported with the recommendation that they be confirmed.)

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

By Mr. CASEY:

S. 3015. A bill to amend title 5, United States Code, to limit the number of local wage areas allowable within a General Schedule pay locality; to the Committee on Homeland Security and Governmental Affairs.

By Mrs. FISCHER:

S. 3016. A bill to amend the Federal Food, Drug, and Cosmetic Act to ensure that consumers can make informed decisions in choosing between meat products such as beef and imitation meat products, and for other purposes; to the Committee on Agriculture, Nutrition, and Forestry.

By Mr. GRASSLEY (for himself and Mr. COTTON):

S. 3017. A bill to increase transparency and accountability with respect to World Bank lending to the People’s Republic of China, and for other purposes; to the Committee on Foreign Relations.

By Mr. GRASSLEY (for himself, Mr. RUBIO, and Mr. COTTON):

S. 3018. A bill to require the United States Executive Director of the International Bank for Reconstruction and Development to oppose assistance by the Bank for any country that exceeds the graduation threshold of the Bank and is of concern with respect to reform; to the Committee on Foreign Relations.

By Mr. DAINES (for himself and Mr. Tester):

S. 3019. A bill to protect access to water for all Montanans, and for other purposes; to the Committee on Indian Affairs.

By Ms. BALDWIN (for herself, Mr. SULLIVAN, Mr. TESTER, and Mr. DAINES):

S. 3020. A bill to amend title 38, United States Code, to authorize the Secretary of Veteran Affairs to enter into contracts with a State or to award grants to States to promote health and wellness, prevent suicide, and improve outreach to veterans, and for other purposes; to the Committee on Veterans’ Affairs.

By Mr. BLUMENTHAL:

S. 3021. A bill to amend the Federal Food, Drug, and Cosmetic Act to require the label of a drug that is intended for human use and contains an ingredient that is derived directly or indirectly from a gluten-containing grain to identify the ingredient, as for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Ms. MCSALLY (for herself and Ms. Sinema):

S. 3022. A bill to establish a pilot program waiving the Form I-94 document issuance requirement for certain Mexican nationals; to the Committee on the Judiciary.

By Ms. ERNST (for herself, Mr. COONS, Mrs. HYDE-SMITH, Mr. CASEY, Mr. NICKER, Mr. BENNET, and Mr. BROWN):

S. 3023. A bill to amend the Public Health Service Act to authorize the Director of the National Institutes of Health to make awards to outstanding scientists, including physician-scientists, to support researchers focusing on pediatric research, including basic, clinical, translational, or pediatric pharmacological research, and for other purposes; to the Committee on Health, Education, Labor, and Pensions.

By Mr. KENNEDY:

S. 3024. A bill to require the Administrator of the Pipeline and Hazardous Materials Safety Administration to respond to petitions for regulatory action within 18 months; to the Committee on Commerce, Science, and Transportation.

By Mr. GRASSLEY (for himself and Mr. BROWN):

S. 3025. A bill to establish innovation grants under the John H. Chafee Foster Care Program for Successful Transition to Adulthood to improve adulthood outcomes for youth aging out of foster care, and for other purposes; to the Committee on Finance.

By Mr. CARDIN (for himself and Mr. BROWN):

S. 3026. A bill to promote international efforts in combating corruption, kleptocracy, and illicit finance by foreign officials and foreign entities, including through a new anti-corruption action fund, and for other purposes; to the Committee on Foreign Relations.

By Mr. BROWN (for himself and Mr. BLUMENTHAL):

S. 3027. A bill to amend part B of title IV of the Social Security Act to require States to review child fatalities from maltreatment, and for other purposes; to the Committee on Finance.

By Mr. REED (for himself and Mr. COLINS):

purchasing the qualified access technology for the blind.

At the request of Mr. MANCHIN, the name of the Senator from Georgia (Ms. ISAKSON) was added as a cosponsor of S. 1081, a bill to amend title 54, United States Code, to provide permanent, dedicated funding for the Land and Water Conservation Fund, and for other purposes.

S. 1130

At the request of Mr. CASEY, the name of the Senator from Washington (Mrs. MURRAY) was added as a cosponsor of S. 1130, a bill to amend the Public Health Service Act to improve the health of children and help better understand and enhance awareness about unexpected sudden death in early life.

S. 1167

At the request of Ms. COLLINS, the name of the Senator from Louisiana (Mr. CASSIDY) was added as a cosponsor of S. 1667, a bill to provide assistance to combat the escalating burden of Lyme disease and other tick and vector-borne diseases and disorders.

S. 1690

At the request of Mr. CASEY, the name of the Senator from New Jersey (Mr. BOOKER) was added as a cosponsor of S. 1690, a bill to provide greater support for grandfamilies and older caregiver relatives.

S. 1700

At the request of Ms. CANTWELL, the names of the Senators from New Jersey (Mr. BOOKER) and the Senator from Hawaii (Ms. HIRONO) were added as cosponsors of S. 1700, a bill to amend the Internal Revenue Code of 1986 to reform the low-income housing credit, and for other purposes.

S. 1710

At the request of Mr. RUBIO, the name of the Senator from Florida (Mr. RUBIO) was added as a cosponsor of S. 1710, a bill to prohibit funds made available under the airport improvement program from being provided to entities that have violated the intellectual property rights of United States entities and therefore pose a threat to national security, and for other purposes.

S. 1757

At the request of Ms. ERNST, the name of the Senator from Hawaii (Ms. HIRONO) was added as a cosponsor of S. 1757, a bill to award a Congressional Gold Medal, collectively, to the United States Army Rangers Veterans of World War II in recognition of their extraordinary service during World War II.

S. 1841

At the request of Mr. COONS, the name of the Senator from Virginia (Mr. WARNER) was added as a cosponsor of S. 1841, a bill to amend the Internal Revenue Code of 1986 to extend the publicly traded partnership ownership structure to energy power generation projects and transportation fuels, and for other purposes.

S. 2045

At the request of Mr. MARKEY, the name of the Senator from Alaska (Ms. MURKOWSKI) was added as a cosponsor of S. 2054, a bill to posthumously award the Congressional Gold Medal, collectively, to Doherty, Woods, Stevens, and Smith, in recognition of their contributions to the Nation.

S. 2086

At the request of Ms. ROSEN, the name of the Senator from Virginia (Mr. WARNER) was added as a cosponsor of S. 2085, a bill to authorize the Secretary of Education to award grants to eligible entities to carry out educational programs about the Holocaust, and for other purposes.

S. 2120

At the request of Mr. DAINES, the name of the Senator from New Mexico (Mr. HEINRICH) was added as a cosponsor of S. 2108, a bill to amend section 6903 of title 31, United States Code, to provide for additional population tiers, and for other purposes.

S. 2179

At the request of Mr. CARDIN, the names of the Senator from Alabama (Mr. JONES) and the Senator from Virginia (Mr. VALENTELLO) were added as cosponsors of S. 2179, a bill to amend the Older Americans Act of 1965 to provide social service agencies with the resources to provide services to meet the urgent needs of Holocaust survivors to age in place with dignity, comfort, security, and quality of life.

S. 2201

At the request of Ms. KLOBUCHAR, the names of the Senator from Delaware (Mr. COONS), the Senator from Maryland (Mr. VAN HOLEN), the Senator from Pennsylvania (Mr. CASEY), the Senator from Connecticut (Mr. BLUMENTHAL), the Senator from West Virginia (Mr. MANCHIN) and the Senator from Delaware (Mr. CARPER) were added as cosponsors of S. 2203, a bill to extend the transfer of Electronic Travel Authorization System fees from the Travel Promotion Fund to the Corporation for Travel Promotion (Brand USA) through fiscal year 2027, and for other purposes.

S. 2322

At the request of Ms. COLLINS, the name of the Senator from California (Mrs. FEINSTEIN) was added as a cosponsor of S. 2322, a bill to amend the Animal Welfare Act to allow for the retirement of certain animals used in Federal research.

S. 2370

At the request of Ms. SINEMA, the names of the Senator from West Virginia (Mr. MANCHIN), the Senator from Alaska (Mr. SULLIVAN) and the Senator from Montana (Mr. DAINES) were added as cosponsors of S. 2370, a bill to award a Congressional Gold Medal to Greg LeMond in recognition of his service to the United States as an athlete, activist, role model, and community leader.

S. 2638

At the request of Ms. DUCKWORTH, the name of the Senator from Michigan (Mr. PETERS) was added as a cosponsor of S. 2638, a bill to amend title 49, United States Code, to require small hub airports to construct areas for nursing mothers, and for other purposes.

S. 2690

At the request of Mr. BLUMENTHAL, the name of the Senator from Arizona (Ms. SINEMA) was added as a cosponsor of S. 2690, a bill to impose sanctions with respect to foreign support for Palestinian terrorism, and for other purposes.

S. 2693

At the request of Mr. BURR, the names of the Senators from Indiana (Mr. BRAUN) and the Senator from Alabama (Mr. JONES) were added as cosponsors of S. 2693, a bill to establish a task force to assist States in implementing hiring requirements for child care staff members to improve child safety.

S. 2715

At the request of Mr. BLUNT, the name of the Senator from Indiana (Mr. BRAUN) was added as a cosponsor of S. 2715, a bill to develop and implement policies to advance early childhood development, to provide assistance for orphans and other vulnerable children in developing countries, and for other purposes.

S. 2741

At the request of Mr. SCHATZ, the names of the Senator from New Hampshire (Ms. HASSAN) and the Senator from Oklahoma (Mr. INHOFE) were added as cosponsors of S. 2741, a bill to amend title XVIII of the Social Security Act to expand access to telehealth services, and for other purposes.

S. 2766

At the request of Ms. MURKOWSKI, the name of the Senator from Washington (Ms. CANTWELL) was added as a cosponsor of S. 2766, a bill to establish a Federal advisory committee to provide policy recommendations to the Secretary of Transportation on positioning the United States to take advantage of emerging opportunities for Arctic maritime transportation.

S. 2785

At the request of Mr. MANCHIN, the name of the Senator from Delaware (Mr. CARPER) was added as a cosponsor of S. 2785, a bill to amend the Surface Mining Control and Reclamation Act of 1977 to transfer certain funds to the 1974 United Mine Workers of America Pension Plan, and for other purposes.

S. 2797

At the request of Mr. SCHUMER, the name of the Senator from Connecticut (Ms. HIRONO) was added as a cosponsor of S. 2797, a bill to amend the Immigration and Nationality Act to require the Secretary of Homeland Security to promulgate rules which would require the United States to extend the automatic travel authorization of all former members of the Armed Forces, and for other purposes.

S. 2823
STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTION

By Mr. REED (for himself and Ms. CAPUTO): S. 3028. A bill to amend the Higher Education Act of 1965 to strengthen Federal-State partnerships in postsecondary education: to the Committee on Health, Education, Labor, and Pensions.

Mr. REED. Mr. President, today, most jobs require some kind of postsecondary credential, whether a certificate, an associate’s or bachelor’s degree, an advanced or professional degree, or an apprenticeship. Moreover, the workplace is changing with automation, artificial intelligence, and the so-called gig economy transforming the nature of work. Yet, postsecondary education seems increasingly risky or out of reach for too many Americans. That is why I am proud to introduce the bipartisan Partnerships for Affordability and Student Success (PASS) Act with my colleague, Senator COLLINS.

At a time when we need to equip people with the foundational skills and knowledge they need to succeed in this changing environment, we see college costs and student loan debt soaring. We see too many students who start postsecondary education unable to finish, leaving them in debt but without a degree or postsecondary credential. As a result, we see public confidence in our system of higher education declining. According to a recent Pew Research Center survey, 61 percent of Americans say that our system of higher education is headed in the wrong direction.

The federal government cannot solve this crisis on its own. States are critical partners in making college accessible, affordable, and accountable. However, state funding for higher education is lower today than it was before the onset of the Great Recession. According to the latest State Higher Education Finance report published by the State Higher Education Executive Officers, states have historically provided and continue to provide critical benefits to the people and communities of the United States.

CONGRESSIONAL RECORD — SENATE
December 11, 2019

S6994

Mr. McCONNELL. Mr. President, I have 7 requests for committees to meet during today’s session of the Senate. They have the approval of the Majority and Minority leaders.

Pursuant to rule XXVI, paragraph 5(a), of the Standing Rules of the Senate, the following committees are authorized to meet during today’s session of the Senate:

COMMITTEE ON ARMED SERVICES

The Committee on Armed Services is authorized to meet during the session of the Senate on Wednesday, December 11, 2019, at 10 a.m., to conduct a hearing.
MEASURE PLACED ON THE CALENDAR—S. 3009

Mr. McCONNELL. Mr. President, I understand there is a bill at the desk due for a second reading.

The PRESIDING OFFICER. The clerk will read the bill by title for the second time.

The legislative clerk read as follows:

A bill (S. 3009) to provide for a period of continuing appropriations in the event of a lapse in appropriations under the normal appropriation process, and establish procedures and consequences in the event of a failure to enact appropriations.

Mr. McCONNELL. Mr. President, in order to place the bill on the calendar under the provisions of rule XIV, I would object to further proceedings.

The PRESIDING OFFICER. Objection having been heard, the bill will be placed on the calendar.

ORDERS FOR THURSDAY, DECEMBER 12, 2019

Mr. McCONNELL. Mr. President, I ask unanimous consent that when the Senate completes its business today, it adjourn until 10 a.m., Thursday, December 12; further, that following the prayer and pledge, the morning hour be deemed expired, the Journal of proceedings be approved to date, the time for the two leaders be reserved for their use later in the day, morning business be closed, and the Senate proceed to executive session and resume consideration of the Skipwith nomination under the previous order.

The PRESIDING OFFICER. Without objection, it is so ordered.

ORDER FOR ADJOURNMENT

Mr. McCONNELL. Mr. President, if there is no further business to come before the Senate, I ask unanimous consent that it stand adjourned under the previous order, following the remarks of Senators CARPER and WHITEHOUSE.

The PRESIDING OFFICER. Without objection, it is so ordered.

The Senator from Delaware.

DELAWARE DAY AND HEALTHCARE ENROLLMENT

Mr. CARPER. Mr. President, I rise this evening with a very important reminder for many Delawareans and for all Americans, but before I do that, I want to say that today is December 11, and 4 days ago was December 7. A lot of people think of December 7 as Pearl Harbor Day, and for many years of my life, I did as well. It is also Delaware Day. Senator Chirs Coons, Lisa Blunt Rochester, and I are hosting a reception on Capitol Hill today, and we call it "A Taste of Delaware." We are inviting folks to come and join us if they would like.

The reason I mention Delaware Day is because that was actually the day Delaware became the first State to ratify the Constitution. For one whole week, we were the entire states of America. We kind of opened things up and let the rest of the other 49 States in, and I think it has worked out pretty well most days since then.

If you look at the preamble of the Constitution, it starts off with these words: "We the people of the United States, in order to form a more perfect Union." That is what it says. It doesn't say "to form a perfect Union; it says "to form a more perfect Union." It goes on to talk about the public welfare and how we should be looking out for the good of all our citizens.

The Constitution was ratified in a place called the Golden Fleece Tavern in Dover, DE, on December 7, 1787, after 3 days of deliberation by about 25 or so Delawareans.

There is a fellow who used to be President of Delaware—now we call him Governor of Delaware—a fellow named Caesar Rodney, who apparently literally rode his horse from Dover, DE, a few years earlier, past very near to where the Golden Fleece Tavern stood for many years. He rode his horse past the Golden Fleece Tavern on his way to Philadelphia to cast the tie-breaking vote in favor of the Declaration of Independence.

The words in the Declaration of Independence were largely written by Thomas Jefferson and include these words: "life, liberty, and the pursuit of happiness." It is hard to have life, liberty, and much happiness without access to good healthcare or without good health.

I mention these words because that goes back to the founding of our country, the Declaration of Independence and the Constitution itself particularly, the preamble of the Constitution, which makes clear that we ought to be looking out for the welfare of our people.

I stand before us today reminding us that if we don't have good health and if we don't have access to healthcare, it is pretty hard to be happy, at least for a lifetime.

I say that as sort of a preface to what I want to say now, which is that not everybody who is eligible for healthcare who needs healthcare is covered. We have a lot of people who get their healthcare from employer-provided plans. We have 300 million people in all who get healthcare coverage in this country—half of them from employer-provided plans, about 25 percent from Medicaid, about 15 percent from Medicare—and there is about another 10 percent of the people of the people in these cases don't have any coverage. About 20 million people have no coverage.

A lot of people now get their coverage from exchanges. Every State has
its own healthcare exchange or marketplace. A lot of people are getting their healthcare there.

A bunch of people use qualified community health centers in States on the east coast, in the Midwest, and across America. You have 10 cents on $10,000, you can get healthcare at these places, and that is good.

But a lot of people who could sign up and get their healthcare in marketplaces in each State don’t know about it. They are waiting in the marketplaces and get healthcare coverage by midnight on this coming Sunday, on December 15. I just want to spend a couple of minutes reminding people who don’t have coverage to do that and tell them why it is a good deal for them and their families.

There is some good news here. The good news is that all across our country, folks have 4 more days to sign up. There is also some more good news, and that is that after going up, up, up for years, premiums in the exchanges and marketplaces actually dropped this year. In most marketplaces, I think the average reduction is about 4 percent. And for the next year, in more than half a dozen States, premiums will be coming down by double digits. In Delaware, the cost of healthcare in our marketplace, starting with coverage beginning January 1, will be down by 19 percent.

What has happened here is that after a number of healthcare insurers were dropping out of the business of offering coverage in the marketplaces, they are starting to offer coverage again. Twenty-three insurers offered coverage in States this year that hadn’t been offering coverage. Beginning January 1, I think about 45 more will start providing coverage.

That means we are going to have some competition for customers, for folks who need insurance, and that competition will help to bring down costs even more. More choices mean more competition. That is a good thing for our consumers and States across America.

But wait, there is more. This year, three out of four customers can find a plan for less than—are you ready for this?—75 bucks a month. Think about that. Customers can find a plan in the marketplace on the exchange for less than 75 bucks a month.

Some people might be wondering whether the Affordable Care Act marketplace is the right choice for them or their loved ones. That is a good question to ask. The marketplace provides quality, affordable healthcare coverage for Americans who don’t receive affordable health insurance through their employer.

For instance, last Friday, a couple of people I have been talking to in my State just in the last week or so about healthcare coverage—I was down at a place called Lewes, DE, which was first colonized by the Dutch 400 years ago. It was the first town and the first city.

Lewes, DE—I met there a fellow who is a self-employed artist. His name is G.W. Thompson, and his life was forever changed by the Affordable Care Act when he was able to find affordable and comprehensive health insurance. For folks that are waiting to start a business and need healthcare insurance, I would encourage you to do this: Visit HealthCare.gov—I will say that again, HealthCare.gov—today. Find a plan that works for you. You have got plenty of choices.

Earlier this year, I met a widower in Delaware named Marie. She lives with a preexisting condition. As it turns out, there are tens of millions of people in this country. She’s waiting with a preexisting condition. For many, many years, they didn’t have access to healthcare because they had a preexisting condition. That is not the case anymore. Folks who do have a preexisting condition, they can get access to healthcare thanks to the excellent staff at a place called Westside Family Healthcare. That is one of the federally qualified community health centers, and they have a great place in Delaware. Marie went there and enrolled in an ACA plan that covers her preexisting condition and helps to keep her happy.

Let me just say to the folks across the country, if you are 1 of 133 million Americans living with a preexisting condition, I urge you to visit, again, HealthCare.gov, HealthCare.gov. Find a plan that works for you. If you are a young person who has just turned 26 and can no longer stay on your parents’ health plan, visit HealthCare.gov today and find a plan that works for you. If you or your family have tried to enroll in Medicaid but did not qualify, visit HealthCare.gov today and find a plan that works for you.

Don’t forget, nearly 9 out of 10 customers are eligible for financial help, which could mean a big savings for you and your family, but to that line, I said this before—I am going to say it again, deadline to enroll in affordable healthcare in one of the marketplaces in your State is this Sunday. It is Sunday at midnight. So you have got 4 days and, depending on which time zone you are living in, maybe close to 6 hours in order to sign up.

Don’t wait another day, though. Sign up today. Go to HealthCare.gov now through this Sunday, December 15, to shop. Shop for a plan that will give you and your family coverage through 2020. If you sign up, sign up before midnight this Sunday. You will have coverage beginning January 1 through December 31 of next year.

I know there are a lot of things that always have to get done before the end of the year. This is one that I think is too important to miss. It is too important to miss. So one more time, visit HealthCare.gov to find healthcare coverage that works for you and your family’s needs and your budget, regardless of what State you live in, if you have no coverage.
to climate change “is probably the most likely thing that is going to happen . . . that will cripple the security environment”—“the most likely thing.”

He added, “You have the real potential here in the not-too-distant future of nations displaced by rising sea level . . . If it goes bad, you could have hundreds of thousands or millions of people displaced and then security will start to crumble pretty quickly.”

That command is still concerned about it. Preparing for these risks was a centerpiece of a recent Indo-Pacific Command briefing I attended at their headquarters in Hawaii.

To understand the threat to our economy, we need only ask our government-backed mortgage institution, Freddie Mac. Freddie Mac predicts that rising sea levels will prompt a crash in coastal property values, greater than the housing crash that caused the 2008 financial crisis. That warning by Freddie Mac is echoed by the biggest, most important financial institutions in the world, both in the United States in the Federal Reserve system and abroad.

The Bank of England, the Bank of France, the Bank of Canada, and European Central Bank, are all warning of “systemic” economic risks from climate change. “Systemic,” that is central banker speak for something that poses a risk to the entire economy, perhaps from stranded fossil fuel assets when the market for fossil fuel dries up, perhaps from a coastal property value crash when flood risk becomes uninsurable and properties unmortgageable.

Against this national security imperative and this economic threat, the Trump administration leaving the Paris climate accord is a historically dumb and destructive move, particularly from a guy—Trump—who one decade ago called climate change “scientifically irrefutable,” that is a quote. “Scientifically irrefutable and its consequences catastrophic and irreversible,” that is a quote as well.

The Pelosi delegation—here we are at the COP25—included powerful House chairmen, like Chairman Pallone and Chairman Grijalva, Chairman Johnson and Chairman Castor and, of course, the most senior and influential Democrat in America, House Speaker Nancy Pelosi.

Speaker Pelosi’s presence at the COP resounded not only because of her clout and standing, but because it signaled the broad, true consensus of the United States of America in favor of climate action. At the State level, at the city level, across the public, and in much of corporate America, we are indeed still in.

Indeed, at the Madrid conference right now, as I give this speech, are representatives for thousands of American businesses, investors managing trillions of dollars, hundreds of American municipalities and counties, top American colleges and universities, dozens of American faith groups, America’s largest healthcare organizations, and 20 American States and Tribes. Again, all told, it is the vast bulk of the American economy, and it still is.

America, unfortunately, at least in Congress, has to fight our way through a persistent blockade paid for by the fossil fuel industry. Don’t believe their happy talk about acting on climate. There is a slogan that one of their trade groups has come up with. You see it at National Airport. You see it on billboards. It is popping up everywhere. The slogan is: “We are on it.”

No, they are not. They are not even close to on it. In fact, they are the opposite. They are on the wrong side. They are funding false science denial and ridiculous amounts of simple political obstruction. They are paying for that. The statements from their lips do not match the expenditure of their funds. The expenditure of their funds is still dedicated to their political apparatus of denial and obstruction.

Ultimately, however, we will prevail. The America that the international community knows and counts on—the America of leadership, the America of progress, the America of confidence, the America of clean and green energy and innovation—that America will be back and will prevail. “Our commitment to take action on the climate crisis is ironclad,” said Speaker Pelosi in Madrid. It is. Soon enough, that commitment will topple the castle of fossil-fuel-funded climate denial and obstruction that surrounds us today here in Congress.

I yield the floor.

ADJOURNMENT UNTIL 10 A.M. TOMORROW

The PRESIDING OFFICER. Under the previous order, the Senate stands adjourned until 10 a.m. tomorrow.

Thereupon, the Senate, at 6:28 p.m., adjourned until Thursday, December 12, 2019, at 10 a.m.

CONFIRMATION

Executive nomination confirmed by the Senate December 11, 2019:

THE JUDICIARY

LAWRENCE VANDYKE, OF NEVADA, TO BE UNITED STATES CIRCUIT JUDGE FOR THE NINTH CIRCUIT
EXTENSIONS OF REMARKS

HONORING 100 YEARS OF THE BOLL WEEVIL MONUMENT IN ENTERPRISE, ALABAMA

HON. MARTHA ROBY
OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 11, 2019

Mrs. ROBY. Madam Speaker, I rise today to honor and celebrate the 100th Anniversary of the Boll Weevil Monument in the City of Enterprise, Alabama.

In 1882, John Henry Carmichael founded the city of Enterprise. Early on, Enterprise thrived primarily due to agriculture, specifically the cotton crop. Cotton was the catalyst that spurred the development of water and electric systems, the growth of the schools, and the opening of new businesses in the community. Enterprise, Alabama like many other towns and cities emerging in the southern United States, were economically dependent on the prosperity of the cotton crop.

The Boll Weevil, a small insect native to Mexico, made its way to the southern United States in the early 1900s, devastating cotton buds and destroying the viability of the crop along the way. Enterprise was not spared, as the Boll Weevil ravished Coffee County’s cotton production and the city’s agricultural foundation. The farmers and families of Enterprise suffered greatly from this economic blow, but they remained determined and solution-oriented.

In pursuit of relief from the economic hardship for the citizens of Enterprise, banker H.M. Sessions, county Agent John Pittman, and scientist Dr. George Washington Carver encouraged agricultural diversification. With favorable soil and weather conditions, relief came in the form of peanut seeds, which were brought to Enterprise in 1916 and grown by local farmer, C.W. Baston. In just one year, the peanut industry exploded in Enterprise, yielding over five million dollars and making the city a top peanut producer nationwide.

The Boll Weevil Monument that many in the community pass by every day was erected to recognize the role of the Boll Weevil in forming Enterprise and compelling its citizens to “triumph over adversity.” This central monument symbolizes the adaptability, resiliency, and determination that embody the character of Enterprise and its citizens, past and present.

Madam Speaker, it is my privilege to join my constituents and the residents of Enterprise to honor the centennial of the Boll Weevil Monument on Main Street. This monument stands as a reminder to us all of what can be accomplished in the face of adversity. I am proud and forever grateful to represent this city and the people of the Second Congressional District in the United States House of Representatives.

RECOGNIZING SUPERVISOR LAURENCE CRABTREE

HON. TOM McCLINTOCK
OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 11, 2019

Mr. McCLINTOCK. Madam Speaker, I rise to recognize Supervisor Laurence Crabtree, who is retiring after 50 years of service as an indispensable steward of our forests. Laurence’s passion for forest service began in his teenage years, when he worked as a smokechaser in a youth employment program at Clearwater National Forest in 1969. After working in a variety of seasonal positions as a firefighter, timber cruiser, and forester, Laurence spent twenty years as a District Timber Management Officer and District Resource Officer on Lassen National Forest.

After serving as a District Ranger at Humbolt-Toiyabe and Modoc National Forests, followed by two years at Plumas National Forest, Laurence took his skills to his congressional district, serving as Forest Supervisor of the Eldorado National Forest for more than six years. Indeed, Laurence has spent his life as an ardent servant of our forests and the millions of Americans who visit them each year. True to Adolf Hitler’s words, Laurence was an ‘‘exemplary citizen’’ of our lands just as he was a protector, and his list of accomplishments speaks volume to his work. He discovered a rare moth in the Sierras that had not been seen for 140 years, then discovered a new moth in Nevada, aptly named Pelochrista crabtreei. He was awarded a Proclamation of Commendation from the Lassen County Board of Supervisors for his community involvement as the Big Valley District Ranger, as well as a Quality Step Increase for ‘‘furthering the trust and collaborative relationships with Central Nevada Counties and Tribes.’’ One of his proudest accomplishments was dedicating the Olympic Training Center at Echo Summit in El Dorado County as a California Historical Landmark to honor the special site used for training by America’s top athletes.

As wildfires ravaged nearly every corner of California, Laurence was at the forefront of making our forests environmentally sound and recreationally accommodating. Following the 2014 King Fire, Laurence’s role as an Agency Administrator contributed immensely to the King Fire Restoration Project, which quickly began a comprehensive reforestation project. His work over the past six years in particular has led Eldorado National Forest to become a regional leader in timber production and hazardous fuel treatment. He has received multiple certificates of merit for excellence in leadership and management, highlighting his devotion to protecting the communities and unique wildlife that make our western forests so special.

Laurence’s passion for serving his community extends beyond the forests. In both California and Nevada, Laurence served on school boards and chambers of commerce.

Now, Laurence and his wife Denice will be returning to Big Valley, where he will undoubtedly continue his active involvement with his community while also spending more time with his family.

Gifford Pinchot was explicit in his first maxim for foresters, “A public official is there to serve the public and not run them.” Laurence Crabtree has done just that for 50 years, and I thank him for decades of devotion to safeguarding our national forests for the use and enjoyment of the American people.

HONORING MR. GREGORY RICH

HON. JIMMY GOMEZ
OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 11, 2019

Mr. GOMEZ. Madam Speaker, I rise today to recognize Mr. Gregory Rich, who after a 40-year career is retiring from the global healthcare company, Grifols. As a long-standing company executive, Greg has dedicated his professional life to serving patients through an unwavering commitment to excellence, integrity, and innovation.

My congressional district in Los Angeles is home to one of Grifols’s three plasma-therapeutics manufacturing facilities and U.S. corporate offices. This is where Grifols has spent the majority of his career. Greg’s tenure in Los Angeles was marked by major investments in Grifols’ facilities, the local community and most importantly, the people of El Sereno and surrounding neighborhoods.

A native of southern California, Greg graduated from California State Polytechnic University in Pomona, California with a Bachelor of Science degree in accounting and data processing. Greg began his career as an auditor with Touche, Ross & Company, and later joined Alpha Therapeutic Corporation as director of corporate planning. Greg then relocated to Barcelona, Spain, to facilitate the company’s joint venture with Laboratory Grifols, serving as the assistant director of finance. Greg was promoted to the position of Co-President of Laboratory Grifols, and remained in this position until returning to Alpha Therapeutic Corporation as vice president and general manager of international operations. He later became senior vice president and general manager for the parent company of Alpha Therapeutic Corporation.

In 2001, Greg became president and chief executive officer of Grifols USA, and currently serves as President and CEO of Grifols Shared Services North America, Inc. Throughout his tenure with Grifols and its predecessor companies, Greg has exemplified a culture of service to his colleagues in the U.S., Spain, and around the world. His collegiality and dedication to the values and mission of the company will be missed.

Madam Speaker, I ask my colleagues to join me in congratulating Greg and his wife Deborah on a remarkable career. We wish them every success in the future.
HONORING VIDAL DÁVILA
HON. DUSTY JOHNSON
OF SOUTH DAKOTA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. JOHNSON of South Dakota. Madam Speaker, I rise today to recognize and honor Vidal Dávila for his retirement from the National Park Service after almost forty-five years of service.

Mr. Dávila has been a passionate servant for our nation’s national parks his entire life. He grew up regularly visiting national parks, cultivating a passion for protecting and preserving public lands from a young age.

Mr. Dávila has served in an impressive number of public lands across the United States, including Texas’ Amistad Recreation Area, Texas’ Big Bend National Park, and Texas’ Guadalupe Mountains National Park. He also served in the Southwest Regional Office in New Mexico, the Great Basin National Park in Nevada, and, of course, South Dakota’s Wind Cave National Park.

Wind Cave has greatly benefited from Mr. Dávila’s leadership over the past twelve years. Mr. Dávila became Wind Cave’s superintendent in 2007 and was awarded Superintendent of the Year for Natural Resources by the Midwest Regional Director for his hard work and dedication to the park. He also has served as a member of the NPS Midwest Regional Office Bison Leadership Team since 2013 where he helped facilitate coordination between bison parks and National Park Service leadership.

I commend Mr. Dávila for his outstanding record of service, dedication, and hard work. I extend my deepest congratulations to Vidal Dávila for his contributions to South Dakota and our nation’s parks.

RECOGNIZING THE IOTA CHAPTER OF PHI BETA SIGMA FRATERNITY INCORPORATED ON THEIR 100 YEAR ANNIVERSARY
HON. G.K. BUTTERFIELD
OF NORTH CAROLINA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. BUTTERFIELD. Madam Speaker, I rise today to recognize the 100th anniversary of the Iota Chapter of Phi Beta Sigma Fraternity, Incorporated. The Iota Chapter was chartered on December 11, 1919, on the historic campus of Shaw University, making it the first Greek-lettered organization at Shaw, the ninth chapter in the history of Phi Beta Sigma, and the second chapter in North Carolina.

The Iota Chapter was founded by Jesse W. Lewis, who eventually became the fraternity’s seventh International President. Mr. Lewis wanted to organize a Greek-lettered fraternity on Shaw’s campus that exemplified the ideals of brotherhood, scholarship, and service and Phi Beta Sigma was a perfect fit. Sigma brothers to this day, hold deep convictions to use Phi Beta Sigma’s ideals to better their communities.

The Iota Chapter has produced many prominent alumni who have contributed enormously in the fields of medicine, speech pathology, education, and dentistry, including my father, Dr. G. K. Butterfield, Sr. who entered Shaw in September 1919 after fighting in World War One. On his 22nd birthday, February 9, 1922, he was initiated into the Iota Chapter. My father graduated from Shaw in 1922 and graduated from Meharry Medical College as a dentist in 1927. Returning to North Carolina, married my mother whom he met at Shaw, and moved to Wilson, North Carolina where he remained until he passed away at the age of 95. During his lifetime, my father was active in Phi Beta Sigma and became a well-respected civil rights leader in our hometown, and even elected to the Wilson City Council in 1953 during the dark days of segregation.

Shaw University was the first historically black institution of higher education in North Carolina and is among the oldest historically black colleges and universities (HBCU) in the nation. In many ways, Shaw, with the help of the Iota Chapter, has been an institutional pioneer for civil rights. During the 1960’s, Shaw and members of the Iota Chapter were leaders of numerous marches and demonstrations that took place on the streets of Raleigh and across North Carolina in the fight for civil rights and the end of segregation.

Phi Beta Sigma has blossomed into an international organization of leaders. No longer a singular entity, members of the Fraternity have been instrumental in the establishment of the Phi Beta Sigma National Foundation, the Phi Beta Sigma Federal Credit Union, and the Fraternity’s sister organization, the Zeta Phi Beta Sorority, which was founded in 1920.

Madam Speaker, to this day, the Iota Chapter continues to be a vital chapter of Phi Beta Sigma and a leading role model for community service in North Carolina. I ask my colleagues to join me in celebrating the Iota Chapter of Phi Beta Sigma on its centennial.

PERSONAL EXPLANATION
HON. A. DONALD McEACHIN
OF VIRGINIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. McEACHIN. Madam Speaker, I was unavoidably detained on December 9, 2019 during roll call no. 655. On Motion to Suspend the Rules and Pass, H.R. 4761, DHS Opioid Detection Resilience Act. Had I been present, I would have voted “yea.” I was also unavoidably detained during roll call no. 656, On Motion to Suspend the Rules and Pass, H.R. 4739, Synthetic Opioid Exposure Prevention and Training Act. Had I been present, I would have voted “yea.”

HAPPY 10TH BIRTHDAY TO THE SUGAR LAND LOCATION OF THE HOUSTON MUSEUM OF NATURAL SCIENCE
HON. PETE OLSON
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. OLSON. Madam Speaker, I rise today to recognize the Houston Museum of Natural Science at Sugar Land as they celebrate their tenth birthday.

Inspiring and encouraging minds both young and old to learn about how our world works helps make us a smarter, more educated society. The Houston Museum of Natural Science at Sugar Land does just that—sparking inspiration within the minds of the visitors that walk through its halls and exhibits.

This year marks this institution’s tenth birthday—a milestone achievement for a museum. From their Space Science collection and the Hall of Paleontology to the newly-added Hall of Technology, the Houston Museum of Natural Science at Sugar Land has facilitated the education and growth of countless people in TX–22.

On behalf of the Twenty-Second Congressional District of Texas, congratulations again to the Houston Museum of Natural Science at Sugar Land on their tenth birthday. Here’s to many years ahead inspiring people of all ages to learn more about our world.

RECOGNIZING LIEUTENANT COMMANDER CHRISTOPHER RAGSDALE
HON. ROBERT J. WITTMAN
OF VIRGINIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. WITTMAN. Madam Speaker, I rise today to recognize those men and women who continue to serve this great Nation with honor—men such as Lieutenant Commander (LCDR) Christopher Ragsdale, United States Navy.

For the past year, LCDR Ragsdale served on my staff as a Congressional Defense Fellow. A 2007 graduate of the United States Naval Academy, LCDR Ragsdale is a proud Surface Warfare Officer who served in MCM Crew BULLWARK and on board USS COMSTOCK (LSD–45) and USS BENFOLD (DDG–65). During his assignment in my office, LCDR Ragsdale provided senior-level input for defense, veterans, foreign affairs and intelligence matters. Additionally, he executed his work as a liaison to the constituency of Virginia’s First Congressional District with distinction.

Furthermore, LCDR Ragsdale provided exceptional support to me as a staff liaison to the House Armed Services Committee in my role as the Seapower and Projection Forces Subcommittee Ranking Member. LCDR Ragsdale dutifully provided me with guidance on what the Navy’s path forward should be in critical areas such as training, readiness, and manning. His recent experience in the surface community was invaluable to my work in Congress.

As the Co-Chair of the Congressional Shipbuilding Caucus and the Co-Chair of the Navy-Marine Corps Caucus, I relied on LCDR Ragsdale to organize quarterly events with government, military, and private sector leaders. These events allowed key decisionmakers to work together for the advancement of our future Naval Officers as well as the construction and repair of the ships on which they will serve.

LCDR Ragsdale also directly contributed to my goal of providing excellent constituent service to the people of the First District. He was responsible for bringing numerous constituent inquiries to a successful conclusion, and he leveraged his personal and operational
experience in the Navy to respond to the most challenging inquiries. In addition to his efforts locally, LCDR Ragsdale took on projects with regional, state, and national implications, demonstrating his ability to view a challenge from many angles and develop innovative solutions. LCDR Ragsdale’s work ethic, duty to mission, and servant leadership are an example for all Sailors he is charged with leading. I wish Chris and his wife Andrea the best of luck as they continue their journey together as a Navy family. It was an honor and a pleasure having Chris serve on my staff. We all can sleep soundly at night knowing that members of our all-volunteer force like Chris stand ready to defend our country and take the fight to our enemies; far away from their families and the comforts of the United States of America. I thank LCDR Christopher Ragsdale for doing a fantastic job. Best of luck to him and may God bless him, his family, and all the Sailors he is charged with leading.

TELEVISION VIEWER PROTECTION ACT OF 2019

SPEECH OF
HON. ANNA G. ESHOO
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Tuesday, December 10, 2019

Ms. ESHOO. Mr. Speaker, I rise in support of H.R. 5035. I thank the leadership of the Energy and Commerce Committee and Communications and Technology Subcommittee for reaching this bipartisan agreement. This bill includes important consumer protections based on my bill, the TRUE Fees Act, that will provide consumers with an “all-in” price before a consumer signs up for cable or satellite TV. This includes all fees and taxes. The bill also gives consumers 24 hours to cancel without penalty. The average consumer pays $450 a year in opaque and confusing company-imposed fees on their cable bill (excluding taxes), according to Consumer Reports. This is a game of bait and switch and this legislation ends it. As is the nature of a compromise, not all of the protections from my TRUE Fees Act were included, but the legislation takes an important step forward in providing consumers with transparency.

Another provision of H.R. 5035 empowers groups of small cable operators to negotiate better prices for consumers and decreases the likelihood of broadcast blackouts. This is something Mr. SCALISE and I championed in our bipartisan Modern Television Act. It is important because large broadcaster networks take advantage of our Nation and our great Navy. His impeccable integrity, boundless work ethic, and loyal devotion to duty earned him the respect and admiration of my staff and the First District of Virginia. I have no doubt that LCDR Ragsdale will continue to serve the Navy honorably and with distinction.

While I’m pleased we’re taking this important step, I also hope our Committee will revisit the issue of broader reforms to the video marketplace soon. Specifically, we need to protect consumers from other harmful practices, such as broadcast blackouts, and modernize outdated laws and regulations that hurt consumers. As a result, Mr. SCALISE and I propose such reforms in our bill H.R. 3994, the Modern Television Act.

So far this year, broadcasters have caused nearly 300 blackouts, which is a record and more than double the number from five years prior. Furthermore, cable and satellite companies paid over $11 billion in retransmission consent fees so far this year, which is also double from five years prior. Consumers are paying more than ever while blackouts are more frequent than ever. We must revisit these issues and protect consumers from blackouts and rising costs.

I support this legislation and urge my colleagues to do the same.

PERSONAL EXPLANATION

HON. RON KIND
OF WISCONSIN
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. KIND. Madam Speaker, I am unable to have my votes recorded on the House floor on Monday, December 9, 2019 due to weather delays in Wisconsin. Had I been present, I would have voted in favor of H.R. 4739 and H.R. 4761.

IN HONOR OF FLOYD BURTON’S 100TH BIRTHDAY

HON. RICHARD HUDSON
OF NORTH CAROLINA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. HUDSON. Madam Speaker, I rise today to honor Mr. Floyd Burton and wish him a very happy 100th birthday.

The advent of World War II was a time that not only shaped the course of our country but the lives of many Americans, including Mr. Burton. After the attack on Pearl Harbor, he was one of the many patriots who felt compelled to serve our great nation and joined the Army in 1942. During his military career, he served as a technician corporal and assisted various campaigns throughout Germany, France, and the United Kingdom. Mr. Burton showed endless bravery and courage in his pursuit of peace across the globe.

After completing active duty, Mr. Burton returned home to North Carolina where he and his wife Dorothy raised two daughters, Delores and Barbara. He then opened a successful business in Spencer where he provided our community with retail furniture for over 38 years. Mr. Burton remained an active community leader and has been involved in the Freemasons of North Carolina, Rowan Shrine Club, and served as Master of the Salisbury Masonic Lodge. Passionate about educating our youth, he helped establish scholarship programs with the Masonic Home for Children at Oxford, Baptist Children’s Home of North Carolina, and Catawba College.

Mr. Burton was born on December 28, 1919 and represents the best our nation has to offer. I am proud to join our community today in honoring all that he has accomplished over the last 100 years.

Madam Speaker, please join me today in thanking Mr. Floyd Burton for his service and wishing him a happy 100th birthday.

HONORING RANDY VEACH’S SERVICE TO THE ARKANSAS FARM BUREAU

HON. BRUCE WESTERMAN
OF ARKANSAS
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. WESTERMAN. Madam Speaker, I rise today to recognize Randy Veach’s decades of service with the Arkansas Farm Bureau.

Mr. Veach spent 20 years working for the grassroots agricultural organization, 11 of those years as a state director. He and his wife, Thelma, are a tremendous resource to our state through their advocacy and commitment to Arkansas farmers and ranchers. Mr. Veach has always embodied the mission of the Farm Bureau by educating the public on the value of the agricultural industry in the state. I appreciate his dedication to his family, to Arkansas agriculture, and to the people we serve and love.

I personally worked with Mr. Veach over the years and saw his lifelong commitment to serving with dedication. He is a powerful reminder of the impact one can have on our communities. I’m honored to recognize him for the years he has given to the state of Arkansas, and wish him all the best in retirement.

CONGRATULATIONS TO FORT BEND FOCUS MAGAZINE FOR 15 SUCCESSFUL YEARS

HON. PETE OLSON
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. OLSON. Madam Speaker, I rise today to congratulate Fort Bend Focus Magazine on fifteen years covering the news, events and developments in the Fort Bend County region. Since 2004, Fort Bend Focus Magazine has had its finger on the pulse of Fort Bend County under the stellar leadership of Publisher Patti A. Parish-Kaminski.

From doctors to diplomats, teachers to students, bartenders to professional baseball players—countless readers from all walks of life have enjoyed their articles covering galas, historic attractions, politics, concerts, parties and the people of Fort Bend County. Fort Bend Focus has built a long-lasting legacy regularly reporting on the many things that make TX–22 special.

My wife, Nancy, has even written for Fort Bend Focus from time to time. On behalf of the Twenty-Second Congressional District of Texas, congratulations again to the Fort Bend Focus for keeping us informed on what’s happening in our community. Here’s to celebrating fifteen years of extraordinary coverage and to many more years of continued excellence.
Mr. PERRY. Madam Speaker, I was unavoidably detained and unable to be present for votes.

Had I been present, I would have voted NAY on Roll Call No. 660; NAY on Roll Call No. 661; NAY on Roll Call No. 662; NAY on Roll Call No. 663; NAY on Roll Call No. 664; NAY on Roll Call No. 665; YEA on Roll Call No. 666; and NAY on Roll Call No. 667.

PERSONAL EXPLANATION

HON. SCOTT PERRY
OF PENNSYLVANIA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. PERRY. Madam Speaker, I was unavoidably detained and unable to be present for votes.

Had I been present, I would have voted NAY on Roll Call No. 660; NAY on Roll Call No. 661; NAY on Roll Call No. 662; NAY on Roll Call No. 663; NAY on Roll Call No. 664; NAY on Roll Call No. 665; YEA on Roll Call No. 666; and NAY on Roll Call No. 667.

Mr. PERRY. Madam Speaker, I was unavoidably detained and unable to be present for votes.

Had I been present, I would have voted NAY on Roll Call No. 660; NAY on Roll Call No. 661; NAY on Roll Call No. 662; NAY on Roll Call No. 663; NAY on Roll Call No. 664; NAY on Roll Call No. 665; YEA on Roll Call No. 666; and NAY on Roll Call No. 667.
PERSONAL EXPLANATION

HON. DAVID ROUZER
OF NORTH CAROLINA
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. ROUZER. Madam Speaker, I was unavoidably detained. Had I been present, I would have voted NAY on rollover No. 660.

CONGRATULATING JUDGE GOGLAS ON HIS ELECTION AS THE NEW EASTERN DIRECTOR OF THE FIRE DEPARTMENT SAFETY OFFICERS ASSOCIATION (FDSOA)

HON. PETER T. KING
OF NEW YORK
IN THE HOUSE OF REPRESENTATIVES
Wednesday, December 11, 2019

Mr. KING of New York. Madam Speaker, I rise today to congratulate one of my constituents, Judge Phil Goglas, an ex-captain of the Central Islip Fire Department (CIFD) who was elected as the new Eastern Director of the Fire Department Safety Officers Association (FDSOA).

Judge Goglas is a former New York City Transit Police Officer. He received his bachelor's from St. John's University and his Juris Doctorate from Brooklyn Law School.

Judge Goglas was elected to the Suffolk County District Court in 2010 and the Suffolk County Court in 2014 where he currently presides.

Judge Goglas started his volunteer fire service with the Wyandanch Volunteer Fire Company in 1979 and joined the Central Islip Fire Department in 1993 and served as Captain of Engine and Company 3 from 2000 to 2002.

Judge Goglas has been a member of the FDSOA since 2010 and will be sworn in at the annual general meeting held in conjunction with the 2020 Health and Safety Conference in Scottsdale, Arizona.

The Fire Department Safety Officers Association (FDSOA) was established in 1989 as a non-profit association, whose mission is to promote safety standards and practices in the fire, rescue and emergency services community. The association is led by a volunteer board of directors. The association is dedicated to the issues that affect the critical role of the safety officer in protecting and promoting the safety and health responsibilities of fire departments, communities and first responders.

I call on my colleagues to join me in congratulating Judge Goglas and continue to support our first responders who put their lives on the line for the community.

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate of February 4, 1977, calls for establishment of a system for a computerized schedule of all meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules Committee—of the time, place and purpose of the meetings, when scheduled and any cancellations or changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.

Meetings scheduled for Thursday, December 12, 2019 may be found in the Daily Digest of today's RECORD.

MEETINGS SCHEDULED

DECEMBER 17

9:30 a.m. Committee on Homeland Security and Governmental Affairs
Business meeting to consider the nomination of Paul J. Ray, of Tennessee, to be Administrator of the Office of Information and Regulatory Affairs, Office of Management and Budget.

Select Committee on Intelligence
To receive a closed briefing on certain intelligence matters.
HIGHLIGHTS
Senate passed H.R. 2333, Support for Suicide Prevention Coordinators Act.

Senate

Chamber Action
Routine Proceedings, pages S6957–S6997

Measures Introduced: Fourteen bills were introduced, as follows: S. 3015–3028.

Measures Reported:
  S. 881, to improve understanding and forecasting of space weather events. (S. Rept. No. 116–171)
  S. 919, to reduce regulatory burdens and streamline processes related to commercial space activities. (S. Rept. No. 116–172)
  S. 2909, to extend the authority of the National Aeronautics and Space Administration to enter into leases of non-excess property of the Administration.

Measures Passed:
  Support for Suicide Prevention Coordinators Act: By a unanimous vote of 95 yeas (Vote No. 390), Senate passed H.R. 2333, to direct the Comptroller General of the United States to conduct an assessment of the responsibilities, workload, and vacancy rates of Department of Veterans Affairs suicide prevention coordinators.

Appointments:
  United States Commission on Civil Rights: The Chair, on behalf of the President pro tempore and upon the recommendation of the Majority Leader, pursuant to Public Law 98–183, as amended by Public Law 103–419, appointed the following individual to the United States Commission on Civil Rights: Gail Heriot of California.

  Sullivan Nomination: By 69 yeas to 25 nays (Vote No. EX. 392), Senate agreed to the motion to close further debate on the nomination of John Joseph Sullivan, of Maryland, to be Ambassador to the Russian Federation, Department of State.

  Hahn Nomination: By 74 yeas to 19 nays (Vote No. EX. 393), Senate agreed to the motion to close further debate on the nomination of Stephen Hahn, of Texas, to be Commissioner of Food and Drugs, Department of Health and Human Services.

  Skipwith Nomination—Agreement: Senate resumed consideration of the nomination of Aurelia Skipwith, of Indiana, to be Director of the United States Fish and Wildlife Service, Department of the Interior.

  During consideration of this nomination today, Senate also took the following action:
  By 53 yeas to 41 nays (Vote No. EX. 394), Senate agreed to the motion to close further debate on the nomination.

  A unanimous-consent agreement was reached providing for further consideration of the nomination, post-cloture, at approximately 10 a.m., on Thursday, December 12, 2019.

  Nomination Votes—Agreement: A unanimous-consent agreement was reached providing that at a time to be determined by the Majority Leader, in consultation with the Democratic Leader, on Thursday, December 12, 2019, Senate vote on confirmation of the nominations of John Joseph Sullivan, of Maryland, to be Ambassador to the Russian Federation, Department of State, Stephen Hahn, of Texas, to be Commissioner of Food and Drugs, Department of Health and Human Services, and Aurelia Skipwith, of Indiana, to be Director of the United States Fish and Wildlife Service, Department of the Interior.

  Nomination Confirmed: Senate confirmed the following nomination:
  By 51 yeas to 44 nays (Vote No. EX. 391), Lawrence VanDyke, of Nevada, to be United States Circuit Judge for the Ninth Circuit.

Committee Meetings

(Committees not listed did not meet)

U.S. STRATEGY IN AFGHANISTAN
Committee on Armed Services: Committee concluded a closed hearing to examine an update on the situation and United States strategy in Afghanistan, after receiving testimony from General Austin S. Miller, USA, Commander, NATO Resolute Support mission and United States Forces-Afghanistan, and Randall G. Schriver, Assistant Secretary for Indo-Pacific Security Affairs, both of the Department of Defense.

BUSINESS MEETING
Committee on Armed Services: Committee ordered favorably reported 137 nominations in the Army and Air Force.

BUSINESS MEETING
Committee on Commerce, Science, and Transportation: Committee ordered favorably reported the following business items:

S. 2204, to allow the Federal Communications Commission to carry out a pilot program under which voice service providers could block certain automated calls, with an amendment in the nature of a substitute;

S. 2381, to require review by the Government Accountability Office of screening protocols of the Transportation Security Administration relating to breast milk and formula; with an amendment in the nature of a substitute;

S. 2638, to amend title 49, United State Code, to require small hub airports to construct areas for nursing mothers;

S. 2661, to amend the Communications Act of 1934 to designate 9–8–8 as the universal telephone number for the purpose of the national suicide prevention and mental health crisis hotline system operating through the National Suicide Prevention Lifeline and through the Veterans Crisis Line, with an amendment in the nature of a substitute;

S. 2786, to establish a Federal advisory committee to provide policy recommendations to the Secretary of Transportation on positioning the United States to take advantage of emerging opportunities for Arctic maritime transportation, with an amendment in the nature of a substitute;

S. 2802, to amend the Marine Mammal Protection Act of 1972 to reauthorize and modify the John H. Prescott Marine Mammal Rescue and Response Grant Program, with an amendment in the nature of a substitute;

S. 2881, to require the Federal Communications Commission to make not less than 280 megahertz of spectrum available for terrestrial use, with an amendment in the nature of a substitute;

S. 2898, to amend title 5, United States Code, to provide for a full annuity supplement for certain air traffic controllers;

S. 2909, to extend the authority of the National Aeronautics and Space Administration to enter into leases of non-excess property of the Administration;

S. 2964, to amend title 49, United States Code, to extend the authority of the Secretary of Transportation to issue non-premium aviation insurance;

S. 2979, to improve drug testing for transportation-related activities, with an amendment in the nature of a substitute;

S. 2981, to reauthorize and amend the National Oceanic and Atmospheric Administration Commissioned Officer Corps Act of 2002, with an amendment; and

S. 2730, to establish and ensure an inclusive transparent Drone Advisory Committee, with an amendment in the nature of a substitute.

NOMINATION
Committee on Commerce, Science, and Transportation: Committee concluded a hearing to examine the nomination of Thomas B. Chapman, of Maryland, to be a Member of the National Transportation Safety Board, after the nominee testified and answered questions in his own behalf.

BUSINESS MEETING
Committee on Foreign Relations: Committee ordered favorably reported the following business items:
S. 2641, to promote United States national security and prevent the resurgence of ISIS, with an amendment;

S. 2547, to state the policy of the United States with respect to the expansion of cooperation with allies and partners in the Indo-Pacific region and Europe regarding the People’s Republic of China, with an amendment;

H.R. 2744, to authorize the Administrator of the United States Agency for International Development to prescribe the manner in which programs of the agency are identified overseas, with an amendment in the nature of a substitute;

S. 2977, to extend the termination of sanctions with respect to Venezuela under the Venezuela Defense of Human Rights and Civil Society Act of 2014;

S. 1310, to strengthen participation of elected national legislators in the activities of the Organization of American States and reaffirm United States support for Organization of American States human rights and anti-corruption initiatives, with an amendment in the nature of a substitute;

H.R. 133, to promote economic partnership and cooperation between the United States and Mexico, with an amendment in the nature of a substitute;

S. 1830, to enhance the security of the United States and its allies, with an amendment in the nature of a substitute;

S. 704, to prioritize the efforts of and enhance coordination among United States agencies to encourage countries in Central and Eastern Europe to diversify their energy sources and supply routes, increase Europe’s energy security, and help the United States reach its global energy security goals, with an amendment in the nature of a substitute;

S. 1189, to require the Secretary of State to determine whether the Russian Federation should be designated as a state sponsor of terrorism and whether Russian-sponsored armed entities in Ukraine should be designated as foreign terrorist organizations, with an amendment;

S.J. Res. 4, requiring the advice and consent of the Senate or an Act of Congress to suspend, terminate, or withdraw the United States from the North Atlantic Treaty and authorizing related litigation, with an amendment in the nature of a substitute;

S. Res. 142, condemning the Government of the Philippines for its continued detention of Senator Leila De Lima, calling for her immediate release, with amendments;

S. Res. 152, expressing the importance of sustained United States leadership to accelerating global progress against maternal and child malnutrition and supporting the commitment of the United States Agency for International Development to global nutrition through the Multi-Sectoral Nutrition Strategy, with amendments;

S. Res. 297, commending the Inter-American Foundation (IAF) on the occasion of its 50th anniversary for its significant accomplishments and contributions to the economic and social development of the Americas;

S. Res. 343, congratulating the people of the Czech Republic and the people of the Slovak Republic on the 30th anniversary of the Velvet Revolution, the 26th anniversary of the formation of the Czech Republic and the Slovak Republic, and the 101st anniversary of the declaration of independence of Czechoslovakia;

S. Res. 371, reaffirming the support of the United States for the people of the Republic of South Sudan and calling on all parties to uphold their commitments to peace and dialogue as outlined in the 2018 revitalized peace agreement, with amendments;

S. Res. 375, recognizing the 75th anniversary of the Warsaw Uprising, with an amendment;

S. Res. 385, celebrating the 30th anniversary of the fall of the Berlin Wall, the reunification of both Germany and Europe, and the spread of democracy around the world, with an amendment;

S. Res. 395, recognizing the 40th anniversary of the Iran Hostage Crisis;

S. Res. 447, expressing serious concern about widespread irregularities in Bolivia’s October 20, 2019, general elections and supporting the convening of new elections in Bolivia at the earliest possible date, with amendments;

S. Con. Res. 23, honoring the 75th Anniversary of the Battle of the Bulge fought during World War II, recognizing the valiant efforts of the Allied Forces in December 1944, and remembering those who made the ultimate sacrifice, all of which contributed to the Allied victory in the European Theater, with an amendment; and

The nominations of Sung Y. Kim, of California, to be Ambassador to the Republic of Indonesia, and Stephen E. Biegun, of Michigan, to be Deputy Secretary, both of the Department of State.

BUSINESS MEETING

Committee on Indian Affairs: Committee ordered favorably reported the following business items:

S.1853, to require Federal law enforcement agencies to report on cases of missing or murdered Indians, with an amendment in the nature of a substitute; and
S.2365, to amend the Indian Health Care Improvement Act to authorize urban Indian organizations to enter into arrangements for the sharing of medical services and facilities.

NOMINATION
Committee on Indian Affairs: Committee concluded a hearing to examine the nomination of Michael D. Weahkee, of New Mexico, to be Director of the Indian Health Service, Department of Health and Human Services, after the nominee testified and answered questions in his own behalf.

DOJ IG FISA REPORT
Committee on the Judiciary: Committee concluded a hearing to examine the Department of Justice Inspector General’s report on alleged abuses of the Foreign Intelligence Surveillance Act, after receiving testimony from Michael E. Horowitz, Inspector General, Department of Justice.

NOMINATION
Committee on Small Business and Entrepreneurship: Committee concluded a hearing to examine the nomination of Jovita Carranza, of Illinois, to be Administrator of the Small Business Administration, after the nominee, who was introduced by Senator Rubio, testified and answered questions in her own behalf.

House of Representatives

Chamber Action
Public Bills and Resolutions Introduced: 17 public bills, H.R. 5389–5405; and 3 resolutions, H.J. Res. 80; and H. Res. 760–761 were introduced.

Reports Filed: Reports were filed today as follows:
Permanent Select Committee on Intelligence: The Trump-Ukraine Impeachment Inquiry Report (H. Rept. 116–335);
H.R. 4242, to amend the Securities Exchange Act of 1934 to require issuers to disclose information on pay raises made to executives and non-executive employees, and for other purposes, with an amendment (H. Rept. 116–336); and
H.R. 4320, to ensure that irresponsible corporate executives, rather than shareholders, pay fines and penalties, with an amendment (H. Rept. 116–337).

Speaker: Read a letter from the Speaker wherein she appointed Representative Cuellar to act as Speaker pro tempore for today.

Recess: The House recessed at 11:45 a.m. and reconvened at 12 noon.

Tribal Coastal Resiliency Act—Motion to Reconsider: The House agreed to the Representative McCollum motion to table the Representative Himes motion to reconsider the vote on passage of H.R. 729, to amend the Coastal Zone Management Act of 1972 to authorize grants to Indian Tribes to further achievement of Tribal coastal zone objectives, by a yea-and-nay vote of 229 yeas to 192 nays, Roll No. 670. Consideration began yesterday, December 10th.

National Defense Authorization Act for Fiscal Year 2020: The House agreed to the conference report to accompany the bill (S. 1790) to authorize appropriations for fiscal year 2020 for military activities of the Department of Defense, for military construction, and for defense activities of the Department of Energy, to prescribe military personnel strengths for such fiscal year, by a yea-and-nay vote of 377 yeas to 48 nays, Roll No. 672.

Farm Workforce Modernization Act of 2019: The House passed H.R. 5038, to amend the Immigration and Nationality Act to provide for terms and conditions for nonimmigrant workers performing agricultural labor or services, by a recorded vote of 260 ayes to 165 noes with one answering “present”, Roll No. 674. Subsequently, Representative Lofgren moved to
reconsider the vote on passage of the bill and Representative McGovern moved to table the motion to reconsider. The motion to table was agreed to by a yea-and-nay vote of 216 yeas to 164 nays, Roll No. 675.

Pages H10044–82, H10093–96

Rejected the Biggs motion to recommit the bill to the Committee on the Judiciary with instructions to report the same back to the House forthwith with an amendment, by a recorded vote of 193 ayes to 230 noes, Roll No. 673.

Pursuant to the Rule, an amendment in the nature of a substitute consisting of the text of Rules Committee Print 116–42, modified by the amendment printed in part C of H. Rept. 116–334, shall be considered as adopted, in lieu of the amendment in the nature of a substitute recommended by the Committee on the Judiciary now printed in the bill.

Pages H10093–94

H. Res. 758, the rule providing for consideration of the bills (H.R. 3) and (H.R. 5038) and the conference report to accompany the bill (S. 1790) was agreed to by a yea-and-nay vote of 227 yeas to 189 nays, Roll No. 669, after the previous question was ordered by a yea-and-nay vote of 227 yeas to 189 nays, Roll No. 668. Subsequently, Representative McGovern moved to reconsider the vote on agreeing to H. Res. 729 and Representative Nadler moved to table the motion to reconsider. The motion to table was agreed to by a yea-and-nay vote of 196 yeas to 170 nays, Roll No. 671.

Pages H10033–44

Elijah E. Cummings Lower Drug Costs Now Act: The House considered H.R. 3, to establish a fair price negotiation program, protect the Medicare program from excessive price increases, and establish an out-of-pocket maximum for Medicare part D enrollees. Consideration is expected to resume tomorrow, December 12th.

Pages H10096–H10117

Pursuant to the Rule, an amendment in the nature of a substitute consisting of the text of Rules Committee Print 116–41, modified by the amendment printed in part A of H. Rept. 116–334, shall be considered as adopted in the House and in the Committee of the Whole, in lieu of the amendments in the nature of a substitute recommended by the Committee on Education and Labor, Energy and Commerce, and Ways and Means now printed in the bill.

Pages H10093–34

H. Res. 758, the rule providing for consideration of the bills (H.R. 3) and (H.R. 5038) and the conference report to accompany the bill (S. 1790) was agreed to by a yea-and-nay vote of 222 yeas to 190 nays, Roll No. 669, after the previous question was ordered by a yea-and-nay vote of 227 yeas to 189 nays, Roll No. 668. Subsequently, Representative McGovern moved to reconsider the vote on agreeing to H. Res. 729 and Representative Nadler moved to table the motion to reconsider. The motion to table was agreed to by a yea-and-nay vote of 196 yeas to 170 nays, Roll No. 671.

Meeting Hour: Agreed by unanimous consent that when the House adjourns today, it adjourn to meet at 9 a.m. tomorrow, December 12th.

Pages H10117

Senate Referral: S. 2740 was referred to the Committee on Energy and Commerce.

Pages H10122

Senate Messages: Messages received from the Senate by the Clerk and subsequently presented to the House today appears on page H10033.
