#### STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTION

By Ms. COLLINS (for herself and Ms. CANTWELL):

S. 3150. A bill to establish a pilot program for native plant species, and for other purposes; to the Committee on Energy and Natural Resources.

Ms. COLLINS. Mr. President, I rise today to introduce the Native Plant Species Pilot Program Act. I am pleased to be partnering with Senator CANTWELL on this initiative. Our bipartisan bill supports a new pilot program at the National Park Service (NPS) to support the use of native plants. This legislation also encourages the Park Service to review existing data and study the cost-effectiveness of using native plants.

Native plants are species found naturally in regions and can provide valuable functions to our National Park System. Benefits range from using less water and pesticides, purifying the air, and recharging groundwater in wetlands. By using native species, the Park Service can also improve habitat for wildlife and restore important spe-

cies of birds and butterflies to their natural habitat.

In Acadia National Park, native plants are an important part of the ongoing conservation work. I commend Superintendent Kevin Schneider and all those who work on these issues at the park for their work to encourage the use of native plants. Acadia National Park protects more than 900 plant species, including some that are globally, nationally, and locally rare.

Native plants, however, face many threats such as non-native pests, non-native plants, diseases, and a changing climate. Today, almost one quarter of Acadia National Park's species are non-native to the park. The tree species of Acadia, the red spruce, is projected to lose a substantial amount of its habitat in coming decades as a result of climate change. In addition, invasive pests, such as Emerald Ash Borer and the hemlock woody adelgid are impacting northern forests, and the emerald ash borer has already been identified in Maine.

This bill will ensure that we preserve Maine's cultural history and natural heritage. Acadia's native plant communities includes many iconic species such as the blueberry barrens near the mountain summits, the towering white pines in older forests, and the cranberry bogs along Northeast Creek that contribute to Maine's iconic landscape. Other native plants in Maine are the wildflowers that bloom in August and September, such as asters and goldenrods, helping to attract the more than 3.5 million visitors a year to one of the seventh most-visited national parks in the United States.

I am pleased to report that our bipartisan bill has earned the support of the Garden Club of America, and I urge my colleagues to support this legislation to help protect the natural landscapes at our national parks and keep native plants thriving for years to come.

Thank you, Mr. President.

SENATE RESOLUTION 463—AMENDING THE RULES OF PROCEDURE AND PRACTICE IN THE SENATE WHEN SITTING ON IMPEACHMENT TRIALS

Mr. HAWLEY (for himself, Mr. SCOTT of Florida, Mr. BRAUN, Mrs. BLACKBURN, Mr. CRUZ, Mr. DAINES, Mr. BARRASSO, Mr. COTTON, Ms. ERNST, Mr. PERDUE, and Mr. INHOFE) submitted the following resolution; which was referred to the Committee on Rules and Administration:

S. RES. 463

*Resolved*, That rule I of the Rules of Procedure and Practice in the Senate When Sitting on Impeachment Trials is amended to read as follows:

"I. Whenever the Senate shall receive notice from the House of Representatives that managers are appointed on their part to conduct an impeachment against any person and are directed to carry articles of impeachment to the Senate, the Secretary of the Senate shall immediately inform the House of Representatives that the Senate is ready to receive the managers for the purpose of exhibiting such articles of impeachment, agreeably to such notice. If, following adoption of such articles, the House of Representatives does not so notify the Senate or otherwise provide for such articles to be exhibited to the Senate within 25 calendar days from the date of adoption of such articles, as recorded in the Journal of the House of Representatives, such articles shall be deemed exhibited before the Senate and it shall be in order for any Senator to offer a motion to dismiss such articles with prejudice for failure by the House of Representatives to prosecute such articles. Such motion shall be adopted by an affirmative vote of a majority of the Senators, duly chosen and sworn, without debate by the yeas and nays, which shall be entered on the record."

Mr. HAWLEY. Mr. President, it has been 19 days today—19 days—since the House of Representatives impeached the President of the United States. It has been 19 days since we were told that it was urgent that President Trump be impeached and removed from office. It was urgent for the safety of the country. It was urgent for national security. It was urgent to protect the Constitution of the United States. It was urgent; it had to be done now. The articles had to be rushed through. The rules had to be violated. There couldn't be due process. It was urgent.

Where are we now? Nineteen days later, the Speaker of the House has
