

PAYING TRIBUTE TO NICHOLAS
FISH

HON. NYDIA M. VELÁZQUEZ

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, January 10, 2020

Ms. VELÁZQUEZ. Madam Speaker, I rise to pay tribute to a lifetime of public service. This week, Nicholas Fish, or Nick as his friends called him, passed away. He will be fondly remembered for his commitment to advancing the quality of urban life for all.

Nick was born in New York City in 1958. After attending the Dutchess Day School as a child in Millbrook, NY, and later St. Alban's School in Washington, DC, he earned his bachelor's degree in 1981 from Harvard and in 1986 he completed a J.D. at Northeastern University.

Politics and public service were a family business for Nick. His father and grandfather Hamilton Fish IV and III—both served in the U.S. House of Representatives. His great-great-grandfather, Hamilton Fish, served as a congressman, senator, governor of New York and secretary of state to President Ulysses S. Grant.

Nick continued this illustrious family tradition, cutting his teeth as a Legislative Assistant for Congressman Barney Frank of Massachusetts, an experience that he would often say fueled his passion for serving others.

After earning his Juris Doctor, he practiced law in New York City, representing healthcare workers and labor unions. He was appointed to Manhattan's Community Board Five, where he served as Chair for two years. In that capacity, Nick championed the upgrade of the Times Square Hotel. In collaboration with local nonprofits, the hotel was transformed into affordable housing and a thriving community for residents with HIV, previously homeless individuals and employees of New York City's theater district.

In the mid-1990s, Nick's wife, Patricia, was offered a job at Portland State University and the couple moved west, settling in the Goose Hollow neighborhood of Portland. Although new to the West Coast, Nick and Patricia quickly made fast friends in the community and he continued his pursuit of public service in their new community. He joined the board of the Housing Authority of Portland and worked to raise money for local nonprofits that assisted victims of domestic abuse and vulnerable children.

In 2008, Nick was elected to the Portland City Council. There he was a steadfast voice for affordable housing. He was instrumental in the creation of a separate city agency dedicated to addressing housing issues and expanding and renovating Portland parks. For 11 years on the Portland City Council, he earned a reputation as a steady hand, helping improve the Council and make local government work for everyone. Known for a steady temperament and sharp policy mind, he often took on the toughest assignments of local government, such as overseeing the city water and sewers bureaus, simultaneously. Even after confronting health challenges, Nick continued his tireless work, serving on the City Council until just a few days ago.

Today, our nation, the Capitol Hill Community and the City of Portland have lost a dedicated statesman and a consummate public

servant. It is my hope that Patricia and his two children, Maria and Chapin, may draw strength and comfort from his many contributions. I ask all my colleagues to join me in paying homage to a lifetime of service and remembering Nick Fish.

Mr. GRIFFITH. Madam Speaker, I rise to honor Charles Howard Bradshaw, a Fire Department Chief and business owner in Henry County, and his wife Sherri, who died on December 13, 2019. Mr. Bradshaw was a tremendous contributor to Henry County and his presence will be missed.

RECOGNIZING STEWART MORRIS'
100TH BIRTHDAY AND THE MORRIS
FAMILY CENTER FOR LAW
AND LIBERTY AT HOUSTON BAPTIST
UNIVERSITY

HON. BILL FLORES

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, January 10, 2020

Mr. FLORES. Madam Speaker, I rise today to recognize Dr. Stewart Morris, who turned 100 years old on October 28, 2019.

To commemorate this occurrence, Houston Baptist University hosted a ceremonial groundbreaking of the new Morris Family Center for Law and Liberty in honor of its namesake and founding father of the University, Dr. Stewart Morris.

Growing up in Houston, Morris was known as a cantankerous boy. He notoriously adopt-

ed a pet leopard named Spot who he kept in his room to stop family members from entering his personal space. At the age of ten, Morris displayed a natural drive to succeed and started his first job as Office Boy at the family business, Stewart Title. He quickly worked his way up from running errands to making business transactions.

In 1943, Morris experienced many major milestones. He graduated from The University of Texas with a BA, Southern Methodist University with a JD, and Columbia University with a Midshipman's degree all in the same year. Following his many academic accomplishments, Morris joined the Navy and married his wife Joella Mitchell. Together they were blessed with three children.

As an officer in the Navy, Morris was sent to the South Pacific. A young and frightened sailor, Morris distinguished himself by working to establish discipline and order aboard his ship.

Following the close of World War II in 1945, Morris returned home to Texas, where he resumed work at Stewart Title. Determined to expand the business, Morris began traveling all over Texas, picking up a pilot's license and became proficient in Spanish along the way. Under Morris' diligent leadership, Stewart Title grew rapidly from a local Houston business to an international powerhouse with offices in all 50 states, 13 foreign countries, and over 9,000 locations.

His hunger for excellence, forward thinking-ethos, and deep faith in God inspired those around him. It was often said by his peers that "when Morris was at the helm of a project, it seemed like nothing was impossible." It was this same sense of passion and joy for life that made Morris the perfect leader to pioneer the establishment of a new Christian college in Houston, Texas.

In 1952, Morris joined the Union Baptist Association in raising funds and assessing land for the new Houston Baptist University. For the past 67 years, Morris dedicated countless hours of his time and generous financial contributions to this community. A peer once said about Morris that "there is no single person more influential in the founding and earliest history of HBU."

On his 100th birthday, the Houston Baptist University community joined together in celebrating the life and accomplishments of Dr. Stewart Morris with the ceremonial groundbreaking of the Morris Family Center for Law and Liberty. This new center will work to promote a greater understanding and appreciation for our nations history and founding principles amongst students.

Madam Speaker, Dr. Stewart Morris has lived a long life filled with love, joy, and dedicated to his belief that "its more blessed to give than to receive." I am proud to recognize him on this joyous occasion and know that his family and friends love him and are proud of him. I wish Morris many more years of health and happiness.

I have requested that a United States flag be flown over our Nation's Capitol to recognize Dr. Stewart Morris' 100th Birthday.

As I close today, I urge all Americans to continue to pray for our country, for our veterans, for our military men and women who protect us, and for our first responders who keep us safe at home.
