IN THE HOUSE OF REPRESENTATIVES

*Monday, January 13, 2020*

Mr. DEUTCH. Madam Speaker, I rise today to honor the Friendship Café, a restaurant created by the nonprofit The Friendship Circle of Fort Lauderdale. This café uplifts adults with developmental and intellectual disabilities by providing them with jobs and employment training in the food service, hospitality and customer service industry.

The Friendship Café aims to lower that percentage by fulfilling a vital role in Fort Lauderdale as a safe, secure, and educational environment where adults with disabilities can earn a living wage.

The café will serve a Mediterranean inspired menu curated by world renowned Israeli chef Yoram Getter. Bill Fienberg, the President of Allied Kitchen and Bath, donated his firm's labor and materials to build the café, International decorator Perla Lichi of Perla Lichi Designs helped the café complete their image with a French inspired interior design. Due to the leadership at the Las Olas Chabad Jewish Center and their support and partnership with the Friendship Circle adults with disabilities in Fort Lauderdale are now provided with resources to help them succeed in finding employment.

Please join me in congratulating the Friendship Circle and their community partners on the opening of the Friendship Café.

Mr. DEUTCH. Madam Speaker, I rise today to honor the National League of Cities' (NLC's) Lesbian, Gay, Bisexual, Transgender Local Officials (LGBTLO) constituency group for their continuing service furthering the rights of the LGBTQ community. OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

*Monday, January 13, 2020*

Mr. LAMB. Madam Speaker, I rise today to recognize the USS "Pittsburgh" on its decommissioning on January 17, 2020.

The USS *Pittsburgh*, a *Los Angeles*-class fast-attack submarine, was launched on December 8, 1984 and commissioned on November 23, 1985. This submarine is the fourth ship to receive the name USS *Pittsburgh* and has long had a special relationship with the city through the Navy League Pittsburgh Council, the Submarine Veterans Association of Pittsburgh, and the Pittsburgh Relief Crew.

The USS *Pittsburgh* conducted submarine-launched Tomahawk missile attacks during both Operation Desert Storm and Operation Iraqi Freedom and completed many other missions vital to national security. In November 2017, the USS *Pittsburgh* completed its 1,000th dive, an achievement few boats carry.

The USS *Pittsburgh* carries the fitting motto "Heart of Steel", which reminds me of the determination and passion of all Pittsburghers. Please join me in honoring the USS *Pittsburgh* for its nearly 35 years of service protecting U.S. interests around the world and all the remarkable crewmembers who have served aboard it during that time.

#### INTRODUCTION OF THE WEIGH HABITATS OFFSETTING LOCA- TIONAL EFFECTS ACT OF 2020

#### HON. DAN NEWHOUSE

OF WASHINGTON

IN THE HOUSE OF REPRESENTATIVES

*Monday, January 13, 2020*

Mr. NEWHOUSE. Madam Speaker, I rise today to introduce the Weigh Habitats Offsetting Locational Effects Act of 2020, or the WHOLE Act. As Central Washingtonians know all-too-well, Endangered Species Act (ESA) listing and delisting decisions have huge, lasting impacts on local communities and environments. The ESA was signed into law to protect and revitalize species of endangered or threatened animals and wildlife, but as time passes, this law, which has not been updated since 1973, has had increased negative effects on local communities—where the true impacts of species recovery unfold.

Unfortunately, the law has been used as a political spearhead for frivolous litigation that can negatively affect private property rights, public land use decisions, and American jobs. And like many other regulations coming out of the nation's capital, relying on top-down decisions from bureaucrats only limits economic prosperity, local conservation efforts, and the celebration of recovered species.

Under current law, only conservation efforts taking place within the critical habitats of endangered or threatened species are considered during environmental reviews or impact studies of federal actions. But we know that habitats and ecosystems expand beyond arbitrary government-drawn lines.

My legislation would ensure that all conservation measures are considered when federal decisions that impact ESA-listed species

are being made. By establishing a process that considers the totality of conservation efforts, we incentivize private investment in species recovery, streamline federal decision-making, and promote the comprehensive efforts of states, local communities, and tribes.

Efforts to strengthen the ESA are—and have been—ongoing. This legislation is part of a larger legislative package of 18 bills introduced by Members of the Congressional Western Caucus, a group of 75 representatives who focus on addressing issues impacting local communities in the rural West and beyond, including strengthening and modernizing the ESA. As a Western Caucus Member, I am proud to work with my colleagues to advance priorities like this for Central Washington. The package also includes efforts I have supported in the past, such as ensuring the best available science is used to make ESA listing decisions and providing more transparency by making this data publicly available.

By bringing the ESA into the 21st Century, the Western Caucus aims to create a more comprehensive, streamlined approach to species recovery, while ensuring our communities are not burdened by overregulation and misleading data. We should not tie our hands when it comes to species recovery. Using the best available science, considering all ongoing conservation measures, streamlining the process for listing decisions, and empowering state and local efforts will create a comprehensive approach to advance species recovery and fulfill the true intent of the ESA.

The ESA was created to protect and recover endangered and threatened species. We must remain committed to this shared goal by strengthening and modernizing the Endangered Species Act for future generations. The WHOLE Act and these legislative efforts put forward by the Western Caucus are a strong step forward, so I humbly ask my colleagues to join me in supporting the WHOLE Act of 2020.

#### CELEBRATING MARGARET PHILLIPS MOORE MCCLANAHAN'S 100TH BIRTHDAY

#### HON. VIRGINIA FOXX

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Monday, January 13, 2020*

Ms. FOXX of North Carolina. Madam Speaker, I rise today to recognize and celebrate the 100th birthday of Margaret Phillips Moore McClanahan of King, North Carolina. Margaret was born in Louisville, Kentucky, on January 16, 1920.

Margaret is a graduate of King High School and the Women's College of the University of North Carolina—now the University of North Carolina at Greensboro. After graduation, she went on to complete a dietetic internship at the Duke University Medical Center and then served as an industrial dietitian at Western Electric for 33 years. From age 65 until her 80's, she was heavily involved in public health in Stokes County.

A woman who is invested in her community, family, and faith, Margaret has made a profound impact on western North Carolina. She was a founding member of the King Outreach Mission in the mid 1970's and was a founder

of the Stokes County Habitat for Humanity in 1999. Since the founding of the King Outreach Mission, she's served as a weekly volunteer, board member, newsletter writer and editor, and organizer of a fundraising rummage sale which eventually led to establishment of a thrift shop.

As an active member of her church, Margaret plays the piano for the Special Ministries program and previously served as the church historian. For years, she directed the preparation of Wednesday night suppers for church members who attended weekly groups. But her activities don't stop there. She also competed in Seniors Games and has gone in to win medals at the regional, state, and national levels in swimming.

To her family, Margaret is the quiet, wise matriarch, and continuously showers love, pride, and wise counsel to her three children, two grandchildren, and three great-granddaughters. Her compassion, modesty, and faith make her a remarkable role model. I wish Ms. Margaret Phillips Moore McClanahan a very happy—and blessed—100th birthday.

#### HONORING CARY JONES' 44 YEARS OF PUBLIC SERVICE

#### HON. KURT SCHRADER

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

*Monday, January 13, 2020*

Mr. SCHRADER. Madam Speaker, I rise today to recognize and honor the career of Cary Jones of Oregon for his 44 years of public service to our nation and our Veterans as he retires on January 31, 2020 from the Department of Veterans' Affairs.

Cary began his service to our nation when he enlisted in the United States Coast Guard and served honorably for twenty-six years before retiring as a Senior Chief Yeoman. On July 1, 2001, Cary started working with VA Portland Health Care System as Personal Support Assistant in the Public Affairs, Release of Information and Patient Advocates, Release offices. It was during this time that Cary began working with members of the Oregon delegation and responding to congressional inquiries.

During my time in Congress, Cary has always been the point of contact for my office. He was responsible for helping the countless veterans who reached out to my office for assistance, often out of pure desperation, to get a response to grievances with their care. I will always be grateful for Cary's approach to the job. His professionalism and dedication to our men and women in uniform showed in the way he treated every inquiry with the utmost ur-

gency they deserved to ensure our veterans concerns were addressed.

The VA Portland Health Care System, our Veterans, and the Congressional delegations of Oregon and Washington will be losing an institution on January 31st when Cary officially retires. I would like to once again thank Cary and wish him and his wife Linda a well-deserved retirement after forty-four years of dedicated federal service. I hope he can finally enjoy some much-earned time in his workshop.
