

history and culture. However, Mongolia's contributions are certainly not limited to these spheres. Mongolia is an example of a strong democracy. Mongolia currently has over 1,000 peacekeepers deployed in Africa and contributed troops to the fight against terrorism in both Afghanistan and Iraq.

Mongolia is an important friend of the United States in the Indo-Pacific region. I encourage a closer relationship between the United States and Mongolia. I thank Robert for representing his country and the State of Idaho well through fostering friendship and excellence abroad.●

RECOGNIZING TWO SISTERS NEW BEGINNINGS, LLC

● Mr. RUBIO. Mr. President, as chairman of the Senate Committee on Small Business and Entrepreneurship, it is my privilege to recognize a unique Florida small business for its valuable contributions to the local economy and its dedicated efforts to sustainability and dignified work. Today, I am pleased to honor Two Sisters New Beginnings, LLC of Monticello, FL, as the Senate Small Business of the Week.

Founded in 2013 by sisters Sandra Hood and Pat Marchman, Two Sisters New Beginnings is an eclectic antique and repurposed furniture shop. After purchasing and refinishing a chest, Pat and Sandra discovered a passion for repurposing vintage furniture and decided to create a place for local artists to sell their unique items. Today, Two Sisters New Beginnings has become an asset to the Monticello community, supplying locally sourced repurposed furniture, antiques, collectibles, and more to both residents and visitors. Since its establishment, the business's customer base has grown steadily, as has the number of local artists and craftsmen who seek to showcase their products in the store. The storefront has become such a popular destination that Two Sisters New Beginnings expanded into additional retail space next-door.

Two Sisters New Beginnings has been a long supporter of the Monticello community, participating in local events such as the Mainstreet Monticello Christmas Kickoff and Jefferson County Historical Association Home and Heritage Tour. It is a member of Monticello Main Street, a business development and nonprofit organization that promotes local businesses, historic preservation, and tourism within the community. Two Sisters New Beginnings consistently donates to numerous charitable events in the local community, including the Big Bend Hospice Joyful Noise Concert and the David Hobbs Memorial Barrel Race. They have served as a silver sponsor of the Teal Magnolias Ladies Golf Tournament, an event that raises awareness for ovarian cancer each year. Additionally, the vendors of Two Sisters New Beginnings share in this charitable

mindset, often donating a portion of their sales to local charities like Refuge House. Two Sisters New Beginnings is an unparalleled example of how small businesses can strengthen and support a community by giving back and creating dignified jobs.

Two Sisters New Beginnings is a prime example of the integral role small businesses play in our local communities. Its community first mindset and dedication to dignified work make it a notable and integral member of the city of Monticello. Congratulations again on being named the Senate Small Business of the Week. I look forward to watching your continued growth and success.●

PETITIONS AND MEMORIALS

The following petition or memorial was laid before the Senate and was referred or ordered to lie on the table as indicated:

POM-178. A resolution adopted by the Senate of the State of New Jersey urging the United States Congress and the President of the United States to enact legislation establishing a safe daily level of cannabidiol consumption; to the Committee on the Judiciary.

SENATE RESOLUTION No. 163

Whereas, Cannabidiol is a chemical that is prevalent in [marijuana and hemp] products derived from the cannabis plant; and

Whereas, [Cannabidiol] Unlike tetrahydrocannabinol (THC), which is also prevalent in products derived from the cannabis plant, the consumption of cannabidiol does not produce euphoric effects or cause an individual

to feel “high” [in contrast to the chemical tetrahydrocannabinol (THC)]; and

Whereas, The federal Food and Drug Administration (FDA) states that products such as food additives and dietary supplements that contain cannabidiol are illegal under federal law; and

Whereas, Within the past three years, more than 1,500 cannabidiol products have come to the market without a clear approach for regulation or any plan from the FDA to balance consumer access and protect consumer health; and

Whereas, The lack of clear policy towards cannabidiol from the FDA and the patchwork regulation of the substance by the states [create] has created a complicated legal framework [for] in which cannabidiol companies [for their operations] are attempting to operate; and

Whereas, The lack of clear regulatory guidance includes uncertainty as to the level of cannabidiol content that is safe and appropriate for human consumption. This uncertainty can present a risk to the public health, as consumers have access to a wide variety of cannabidiol products but no clear direction as to what amount is safe to consume in a single sitting or over the course of time; and

Whereas, As a result of this uncertain legal framework, it has become difficult for cannabidiol companies to participate in interstate commerce [for national cannabidiol companies is difficult] because banks, insurance companies, and merchant service companies are uneasy about providing services to cannabidiol companies, which may be at [the] risk of [involvement from] investigation or adverse enforcement actions by the FDA; and

Whereas, By enacting legislation that specifies a safe daily level of cannabidiol consumption, the President and Congress of the United States would [be able to] help allow individuals to experience the [medical] holistic and therapeutic benefits of cannabidiol while ensuring consumer safety and [also generate] facilitate the participation of cannabidiol companies in interstate commerce, thereby generating increased economic activity [from all interstate commerce for cannabidiol companies] nationwide, now, therefore, be it

Resolved by the Senate of the State of New Jersey:

1. This House respectfully urges the President and Congress of the United States to [establish] enact legislation establishing a safe daily consumption level [of] for cannabidiol [consumption].

2. Copies of this resolution, as filed with the Secretary of State, shall be transmitted by the Secretary of the Senate to the President and Vice President of the United States, the Majority and Minority Leaders of the United States Senate, the Speaker and Minority Leader of the House of Representatives, and each member of the United States Congress elected from this State.
