

mindful while spending time in the great outdoors and to promote forest health with his famous slogan, "Only you can prevent forest fires."

Smokey has taught countless individuals both young and old about the importance of personal responsibility for protecting the environment and our natural resources.

On Smokey's 75th birthday, we should also remember that the best way to prevent a forest fire is through a well-managed forest. Proper forest management is not only critical to the health and strength of the forest industry but essential for a healthy environment and economy of the rural area, as well.

I think we can all agree that Smokey looks pretty good for 75 and is working as hard as ever to promote responsible forest stewardship. Here is to 75 more years of preventing forest fires.

CONGRESS MUST ACT QUICKLY REGARDING THE CORONAVIRUS

(Ms. NORTON asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. NORTON. Mr. Speaker, we are already paying the price for the elimination by President Trump and the Republican Congress in 2018 of both the office and the emergency funding that President Obama created to address outbreaks like the coronavirus we are now experiencing.

Starting on empty, Trump's request for \$2.8 billion in emergency funding is not even in the ballpark of what experts say is needed. Already more than 100 cases have been reported nationwide. A vaccine will probably not be available for at least a year, yet 11 States are already reporting cases of the virus.

The World Health Organization says the coronavirus can perhaps be contained, but, "the window of opportunity is narrowing." It will be up to us in this House to act quickly this week and for the Republican Senate to follow suit.

CALIFORNIA HIGH-COST RAIL IS A TERRIBLE IDEA

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, authorizing more money for California's high-speed rail—I call it high-cost rail—is a terrible idea.

It seems that my House colleagues have quickly forgotten how much of a disaster this project has been.

This was sold to the voters in 2008 as a \$33-billion project. When we finally got the truth out of them—this is a couple of years later—it tripled to \$100 billion. Then, they went back and revised and said: Well, we will just downsize it a bit and make it about \$65 billion.

It has since ballooned back to \$100 billion and more. It will probably be maybe almost double that by the time it actually gets done 30 years from now.

It has been a boondoggle since day one.

The Trump administration, thankfully, canceled just under a \$1 billion grant that could have left Congress and D.C. to go toward that project. Instead, let's put it toward something people can actually use, like our highways and our bridges, where we already have a lot of traffic that we have to deal with.

Regular people can access that. They will never be able to afford a high-speed rail ticket at \$300 a head to go from San Francisco to L.A., if it actually is ever completed from San Francisco to L.A. Right now, it is just going within the central part of the State, staying between walnut orchards and hayfields.

It is really a crazy project. We shouldn't send another dollar from D.C. toward that but claw back the dollars that have already been wasted because they haven't upheld the contract to the voters who voted in this thing several years ago.

ABUNDANT LIFE CHURCH

(Mr. VAN DREW asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. VAN DREW. Mr. Speaker, this past Saturday, I had the absolute pleasure of attending the first Legacy Recognition Award Luncheon at Abundant Life Worship Center Church with Bishop John R. Gandy.

They honored five individuals and their families whose commitment to south Jersey is undeniable: the Fann family, Pastor Loretta Farmer, Suffragan Bishop Otis Grayson, the Waiters family, and Apostle Luke Witherspoon.

Thank you for your amazing work.

I would also like to recognize Bishop John R. Gandy for his commitment and his leadership at Abundant Life. Bishop Gandy with his wife, Patricia, have impacted so many lives in south Jersey and beyond.

Abundant Life is a loving church and helps lives to be transformed through its threefold purpose to evangelize, edify, and equip the whole man, the whole person—spirit, soul, and body—to lead a joyous, abundant, and victorious Christian life.

Thank you, Bishop Gandy, your family, and those who we recognized this past week. You truly are doing God's work in our community, and may God bless you.

BUDGETARY EFFECTS OF PAYGO LEGISLATION

Pursuant to the Statutory Pay-As-You Act of 2010 (PAYGO), Mr. YARMUTH hereby submits, prior to the vote on passage, for printing in the CONGRESSIONAL RECORD, that H.R. 5003, the Fair Debt Collection Practices for servicemembers Act, as amended, would have no significant effect on the deficit, and therefore, the budgetary effects of such bill are estimated as zero.
