

those who have been deported to come back to the United States legally and on the taxpayer's dime—essentially allowing for the importation of violent and dangerous illegal immigrants into our country. I have yet to meet a single person who supports that idea.

The bill would also decriminalize illegal entry into the country, including for criminals who have already been deported.

This measure is a dream for those who seek to abolish ICE, throw open our national borders, and gut the rule of law in America.

I have heard from constituents who are outraged about this proposal—and rightfully so. While sponsored by nearly a fifth of the House Democratic Caucus, the legislation stands little chance of advancing past President Trump or a Republican Senate. But it is, nonetheless, important for the American people to know the priorities of some Members of this body.

I will continue to stand strong against policies like the New Way Forward Act and any other legislation which would encourage illegal immigration and cripple the safety of American citizens.

HONORING BAM CARNEY

Mr. COMER. Mr. Speaker, I rise today to encourage the body to keep my dear friend, Bam Carney, of Campbellsville, Kentucky, in their thoughts and prayers as he continues to battle a serious illness.

Bam has been hospitalized for over 2 months and has a long journey ahead. However, anyone who knows Bam knows that he is the ultimate fighter.

As a father, educator, State representative, and Kentucky's house majority leader, he has always fought strongly for what he believes in. But, more importantly, he has always fought for his family and friends above all else.

Bam's community has organized "A Day of Prayer and Encouragement for Bam," where people across Kentucky are joining together to lift him up in prayer.

I ask for this body to join me in keeping my friend and golf buddy in their thoughts and prayers. He means so much to so many people. I ask everyone for their prayers as Bam continues his fight.

AFTER RECESS

The recess having expired, the House was called to order by the Speaker at noon.

PRAYER

The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer:

God of mercy, thank You for giving us another day.

Quicken our spirits so that we will know the blessings of living together in unity and peace. Grant that we might know the satisfaction of sharing our common concerns and experiencing the joy of mutual accomplishment.

Bless the Members of this people's House with success in bringing fruition to all efforts to work toward common solutions to the issues facing our Nation, solutions which often seem so distant.

On a day of major electoral impact, and as our Nation faces the possible effects of the coronavirus, grace us with the assurance that You are with us in difficult times.

May we all understand that a unified nation is equally the work of each of us where we live.

May all that is done this day be for Your greater honor and glory.

Amen.

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER

The SPEAKER. The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

TENNESSEE NEEDS EMERGENCY DISASTER RELIEF

(Mr. COOPER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COOPER. Madam Speaker, very early this morning, my hometown of Nashville, Tennessee, was terribly hard hit by a tornado.

At least 19 lives have been lost. Buildings were destroyed. Many, many homes were destroyed, and countless lives have been disrupted. At least 34,000 people lost electricity.

I have been in contact with our Governor, our mayor, our entire congressional delegation, including my good friend JOHN ROSE, to do all that we can

to bring emergency relief to the area as fast as possible.

This is a genuine tragedy, and we need to praise our neighbors, friends, residents, first responders, firefighters, police, and EMTs who worked all through the night, despite fierce rains, to provide first aid.

Nashville is strong. We recovered so well after the terrible 2010 flood that many parts of America didn't even know we had been suffering.

Now is the time to beat this disaster.

PLEDGE FOR AID IN RESPONSE TO TENNESSEE TORNADOES

(Mr. JOHN W. ROSE of Tennessee asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOHN W. ROSE of Tennessee. Madam Speaker, today, I rise with my colleague from Tennessee, Mr. COOPER. As he has already indicated, earlier today, a devastating tornado tore through Middle Tennessee, including much of the area that I represent and call home.

While rescue workers are still in the critical phase of sorting through debris and accounting for those who are still missing, we know already that many lives have been lost and dozens of people were rushed to emergency rooms.

I, along with countless Tennesseans, are lifting those people up in prayer, and we hope that everybody will join us.

I am working diligently alongside my fellow Representatives, the administration, Governor Lee, Senators ALEXANDER and BLACKBURN, and emergency officials to get much-needed Federal aid to the affected areas.

Homes, schools, businesses, churches, farms, and other buildings and numerous communities have suffered serious and, in some cases, overwhelming damage.

I stand today with those affected by this disaster and pledge every effort will be made to give shelter to those who need it, give care to those who are hurt, and give assistance in the critical effort to recover and rebuild.

FUND CORONAVIRUS RESEARCH

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Madam Speaker, this week, the House should consider legislation responding to the threat of COVID-19, called the coronavirus, that poses a significant threat to our Nation.

Since the end of December, over 3,000 people worldwide have died from the virus, and there are over 91,000 confirmed cases. Without a specific treatment protocol or vaccine, the virus is dangerous and will likely reach the level of a pandemic.

We need to fund scientific research that can quickly diagnose and provide therapies to prevent and treat the virus.
