

At 16 months old, he had a port placed in his left chest as part of his immune tolerance induction therapy. That was there for over 6 years. A fever or a fall meant a trip to the hospital to stop the bleeding. But Hank soldiered on.

My dad always told me: There are no guarantees in life. I have been alive now for 57 years and 3 months, and my dad has never been wrong—until I met Hank. There is a new guarantee in my life: Never bet against Hank Wolgamott. Hank always wins.

Vote for Hank in 2048. You will be glad you did.

RECOGNIZING SERGEANT JUAN ZAMORA

(Mr. RUIZ asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. RUIZ. Madam Speaker, I rise today to recognize Riverside County Sheriff's Department Sergeant Juan Zamora and celebrate his decades-long career. Sergeant Zamora is a devoted public servant, a great father, a caring husband, and my good friend.

We both grew up in the Coachella Valley; we both graduated from Coachella Valley High School; and we are both the proud sons of farmworkers. In fact, it is in the fields where Sergeant Zamora gained an appreciation for honest, hard work, and it is that very same appreciation that fueled his desire to serve his community and drove him to become the first in his family to go to college.

In 1997, he joined the Riverside County Sheriff's Department, rising through the ranks and serving as public information officer before his appointment to sheriff's sergeant in 2010. As the recipient of the Lifesaving Award and the Unit Citation Award, he has received recognition for all that he has done to protect and inspire our community.

I thank Sergeant Zamora for his years of service. I wish him a long and happy retirement filled with many more fond memories and plenty of that barbecue shrimp he loves.

I am proud of him; our community is proud of him; and I know that Carmen, Matthew, and Nicholas are proud of him, too.

PROVIDING SUPPORT TO FAMILIES OF INDIVIDUALS SUFFERING FROM SUBSTANCE USE DISORDER

(Mr. MEUSER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MEUSER. Madam Speaker, I rise today in support of an important bill I recently introduced with my friend and colleague, DAVID TRONE from Maryland.

H.R. 5572, the Family Support Services Act, would improve access to non-profit community organizations that

provide vital support for families of individuals struggling with substance use disorder.

Despite the Trump administration's strong support of significant funding increases through H.R. 6 and other means, last year, my district experienced over 130 overdose deaths in Berks County alone, 102 in Schuylkill County. The numbers are tragically high throughout my district.

Families play an essential role in helping their loved ones recover from addiction, but the recovery process can be intimidating, stressful, and confusing. Organizations across the Nation struggle to offer family support services, such as finding treatment options, navigating insurance coverage and funding assistance, joining local support groups, and training and educating parents.

Currently, organizations offering these services receive no government funding. H.R. 5572 would create a grant program to improve access to these vital services and save lives.

Madam Speaker, I urge my colleagues to cosponsor H.R. 5572, and empower families to do all they can to help their loved ones recover.

PREPARATION AND PREVENTION OF CORONAVIRUS

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)

Ms. JACKSON LEE. Madam Speaker, just returning from my district, I am well aware of the sense of concern of our constituents regarding the coronavirus, having been the first Member to present this to her community after unclassified briefings left me with many more answers.

I believe it is imperative that we not panic, but prepare.

In San Antonio, this headline reads: "San Antonio declares emergency after CDC released a woman infected with the coronavirus: 'Totally unacceptable.'"

"Coronavirus: You may need to take a 2-week break from your life," CDC says.

I am intending to introduce legislation that deals with hourly wage makers in order to protect them if such happens.

But I think it is important, as well, to determine what equipment we have in the United States, to explain to the American people that there are now two strains—one more deadly than the other—and to be as forthright as you possibly can.

Information provides opportunity to prepare, and it embraces all of the community.

Finally, it is important that local health departments have test kits and that we explain to the Nation that a vaccine is not easily done. It has to be researched, tested, and vetted, and there will be a period of time.

So our actions should be preparation and prevention, not panic; but the re-

ality is that we are dealing with something enormously serious, and I intend to continue to do that on behalf of my constituents.
