SAVE YOUR TOOTH MONTH

**HON. RAJA KRISHNAMOORTHY**

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, March 11, 2020*

Mr. KRISHNAMOORTHY. Madam Speaker, I rise today to celebrate the month of May 2020 as Save Your Tooth Month, and beginning on May 3, 2020, the 13th annual observance of Root Canal Awareness week, as we recognize our nation's highly skilled endodontists and their work to preserve their patients' natural teeth.

There was a time when state-of-the-art dental care meant having a painful tooth pulled by a barber, blacksmith or wig maker. Modern dentistry ushered in the use of anesthesia, radiography, sterile technique, and increasingly sophisticated methods to address pain caused by an infected or broken tooth. But despite incredible advances in restorative dentistry, peer-reviewed studies continue to demonstrate that the best solution to preserve a patient's quality of life still lies in saving the natural tooth whenever possible.

Modern endodontic treatment is devoted to preserving our natural teeth when decay, trauma, a failed crown or repeated procedures to treat dental caries lead to inflammation or an infection of a tooth's root pulp. Using the latest techniques and skills acquired after completing years of advanced training, skilled endodontists can often save a painful tooth and spare their patients the discomfort and expense of additional treatment required to fill the gap caused by an extraction.

Like their colleagues who specialize in general dentistry, through organizations including

the American Association of Endodontists and the American Board of Endodontics, our nation's endodontists devote thousands of hours to professional development, funding research on advancing the standard of care, fundraising to support clinics that provide free dental care to the underserved, and educating the general population about the importance of practicing good oral hygiene and preserving one's natural teeth.

Madam Speaker, on behalf of the thousands of patients who have had their teeth and their smiles preserved by our nation's skilled endodontic practitioners, I salute the skills, years of training, and dedication of our nation's endodontists, and the more than 350 endodontists practicing in my home state of Illinois.
