

The earlier bill provided \$8.3 billion in funding in emergency supplemental appropriations, which included:

More than \$3 billion for research and development of vaccines, therapeutics, and diagnostics;

\$2.2 billion in public health funding for prevention, preparedness, and response, \$950 million of which is to support state and local health agencies;

Nearly \$1 billion for procurement of pharmaceuticals and medical supplies, to support healthcare preparedness and Community Health Centers, and to improve medical surge capacity;

\$435 million to support health systems overseas to prevent, prepare, and respond to the coronavirus;

\$300 million to respond to humanitarian needs;

\$61 million to facilitate the development and review of medical countermeasures, devices, therapies, and vaccines, and to help mitigate potential supply chain interruptions; and

Allows for an estimated \$7 billion in low-interest loans to affected small businesses.

On, Thursday, March 12, the Centers for Disease Control and Prevention (CDC) reported the coronavirus outbreak has now infected more than 1,000 people in nearly 40 U.S. states—and the country's top authority on infectious diseases reports that things will only get worse.

The World Health Organization reports a 3.4 percent mortality rate for COVID-19.

The challenge with this new coronavirus is that it is highly contagious, and of those infected, 15–20 percent contract pneumonia

And 5 percent of these cases may develop Acute Respiratory Distress Syndrome (ARDS), which is a rapidly progressive disease occurring in critically ill patients.

The main complication in ARDS is that fluid leaks into the lungs making breathing difficult or impossible.

This virus is a serious public health threat, but this does not mean that we should have a public health panic.

There are knowledgeable and trained virologists, public health experts, and physicians who need the funding provided by this bill.

I ask that my colleagues join me in voting in support of H.R. 6201.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. LOWEY) that the House suspend the rules and pass the bill, H.R. 6201, as amended.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the yeas have it.

Ms. GRANGER. Mr. Speaker, on that I demand the yeas and nays.

The yeas and nays were ordered.

The vote was taken by electronic device, and there were—yeas 363, nays 40, answered “present” 1, not voting 26, as follows:

□ 0051

Mr. RICHMOND changed his vote from “nay” to “yea.”

So (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

LEGISLATIVE PROGRAM

Mr. HOYER. Mr. Speaker, the House has now spoken in a clear voice and approved this bipartisan bill. If there are any developments that would require Members to return before our scheduled return date of March 23, 24 hours' notice will be provided.

I want to thank all Members for their patience as leaders on both sides worked hard to negotiate the coronavirus response legislation the House has now adopted. Much remains to be done, but we have done good work last week on behalf of the American people and good work this week on behalf of the American people.

RANKING A MEMBER OF A CERTAIN STANDING COMMITTEE OF THE HOUSE OF REPRESENTATIVES

Ms. CHENEY. Mr. Speaker, by direction of the Republican Conference, I offer a privileged resolution and ask for its immediate consideration.
