

NOT VOTING—11

Alexander	Merkley	Sasse
Cardin	Murray	Toomey
Leahy	Rubio	Whitehouse
Markey	Sanders	

The PRESIDING OFFICER. On this vote, the yeas are 60, the nays are 29. The motion is agreed to.

LEGISLATIVE SESSION

MORNING BUSINESS

Mr. MCCONNELL. Mr. President, I ask unanimous consent that the Senate proceed to legislative session for a period of morning business, with Senators permitted to speak therein for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

ARMS SALES NOTIFICATION

Mr. RISCH. Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. JAMES E. RISCH,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

Dear Mr. Chairman: Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 19-74 concerning the Army's proposed Letter(s) of Offer and Acceptance to the Government of Egypt for defense articles and services estimated to cost \$2.3 billion. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

CHARLES W. HOOPER,
Lieutenant General USA, Director.

Enclosures.

TRANSMITTAL NO. 19-74

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) Prospective Purchaser: Government of Egypt.

(ii) Total Estimated Value:
Major Defense Equipment * \$2.0 billion.
Other \$.3 billion.

Total \$2.3 billion.
(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:

Major Defense Equipment (MDE):
Eighty-eight (88) T700-GE-701D Engines (86 remanufactured, 2 spares).

Forty-seven (47) AN/ASQ-170 Modernized Target Acquisition and Designation Sight/AN/AAR-11 Modernized Pilot Night Vision Sensors (MTADS/PNVS) (43 remanufactured, 2 new, 2 spares)

Forty-five (45) AAR-57 Common Missile Warning Systems (CMWS) (43 new, 2 spares).

Ninety-two (92) Embedded Global Positioning Systems/Inertial Navigation (EGI) (86 new, 6 spares).

Non-MDE: Also included are AN/AVR-2B Laser Detecting Sets, AN/APX-119 transponders, Identify Friend or Foe (IFF), AN/APN-209 radar altimeters, AN/ARN-149 Automatic Direction Finders, UHF/VHF radio, tactical AN/ARC-201E radio, APR-39 Radar Warning Sets, Improved Data Modems IDM-401, Enhanced Image Intensifiers EI2, Hellfire launchers M299, 2.75 inch 19 tube rocket launchers, M230 automatic guns, M230 spare gun barrels, MT06 initiators, cartridge actuated JAU-59, training devices, helmets, simulators, generators, transportation, wheeled vehicles and organization equipment, spare and repair parts, support equipment, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. government and contractor engineering, technical, and logistics support services, and other related elements of logistics support.

(iv) Military Department: Army (EG-B-VGC).

(v) Prior Related Cases, if any: EG-B-UTN, EG-B-UZR, EG-B-VGO, EG-B-VGJ, EG-B-VBT

(vi) Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid: None.

(vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Attached Annex.

(viii) Date Report Delivered to Congress: May 7, 2020.

*As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Egypt—AH-64E Refurbished Apache Attack Helicopters and Related Equipment and Support

The Government of Egypt has requested to buy equipment to refurbish forty-three (43) AH-64E Apache attack helicopters. This includes: eighty-eight (88) T700-GE-701D engines (86 remanufactured, 2 spares); forty-seven (47) AN/ASQ-170 Modernized Target Acquisition and Designation Sight/AN/AAR-11 Modernized Pilot Night Vision Sensors (MTADS/PNVS) (43 remanufactured, 2 new, 2 spares); forty-five (45) AAR-57 Common Missile Warning Systems (CMWS) (43 new, 2 spares); and ninety-two (92) Embedded Global Positioning System/Inertial Navigation Systems (EGI) (86 new, 6 spares). Also included are AN/AVR-2B Laser Detecting Sets, AN/APX-119 transponders, Identify Friend or Foe (IFF), AN/APN-209 radar altimeters, AN/ARN-149 Automatic Direction Finders, UHF/VHF radio, tactical AN/ARC-201E radio, APR-39 Radar Warning Sets, Improved Data Modems IDM-401, Enhanced Image Intensifiers EI2, Hellfire launchers M299, 2.75 inch 19 tube rocket launchers, M230 automatic guns, M230 spare gun barrels, MT06 initiators, cartridge actuated JAU-59, training devices, helmets, simulators, generators, transportation, wheeled vehicles and organization equipment, spare and repair parts, support equipment, tools and test equipment, technical data and publications, personnel training and training equipment, U.S. govern-

ment and contractor engineering, technical, and logistics support services, and other related elements of logistics support. The estimated total cost is \$2.3 billion.

This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a friendly country that continues to be an important strategic partner in the Middle East.

Egypt intends to use these refurbished AH-64 helicopters to modernize its armed forces to address the shared U.S.-Egyptian interest in countering terrorist activities emanating from the Sinai Peninsula, which threaten Egyptian and Israeli security and undermine regional stability. This sale will contribute to Egypt's military goal to update its capability while further enhancing greater interoperability between Egypt, the U.S., and other allies. Egypt will have no difficulty sustaining these refurbished aircraft.

The proposed sale will not alter the basic military balance in the region.

The principal contractors involved in this program are the Boeing Company, Meza, AZ, and Lockheed Martin Corporation, Orlando, FL. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Egypt.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 19-74

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:

1. The highest classification of the AH-64 Apache Attack Helicopter AH-64 Apache helicopter is CONFIDENTIAL and the highest classification of data and information is SECRET. The AH-64 Apache helicopter weapon system contains communications and target identification equipment, navigation equipment, aircraft survivability equipment, displays, and sensors. The airframe itself does not contain sensitive technology; however, the pertinent equipment listed below will be either installed on the aircraft or included in the sale:

a. The AN/ASQ-170 Modernized Target Acquisition and Designation Sight/AN/AAQ-11 Pilot Night Vision Sensor (MT ADS/PNVS) provides day, night, and limited adverse weather target information, as well as night navigation capabilities. The PNVS provides thermal imaging that permits nap-of-the-earth flight to, from, and within the battle area, while TADS provides the co-pilot gunner with search, detection, recognition, and designation by means of Direct View Optics (DVO), EI(2) television, and Forward Looking Infrared (FLIR) sighting systems that may be used singularly or in combinations.

b. The AAR-57 Common Missile Warning System (CMWS) detects energy emitted by threat missiles in-flight, evaluates potential false alarm emitters in the environment, declares validity of threat and selects appropriate countermeasures. The CMWS consists of an Electronic Control Unit (ECU), Electro-Optic Missile Sensors (EOMSs), and Sequencer and Improved Countermeasures Dispenser (ICMD).

c. The AN/APR-39 Radar Signal Detecting Set is a system that provides warnings of radar-directed air defense threats and allows appropriate countermeasures. This is the 1553 databus-compatible configuration.

d. The AN/AVR-2B Laser Warning Set is a passive laser warning system that receives,

processes, and displays threat information resulting from aircraft illumination by lasers on the multi-functional display.

e. The Embedded Global Positioning System/Inertial Navigation System plus Multi-Mode Receiver (EGI+MMR). The aircraft has two EGIs which use internal accelerometers, rate gyro measurements, and external sensor measurements to estimate the aircraft state, provides aircraft flight and position data to aircraft systems. The EGI is a velocity-aided, strap down, ring laser gyro based inertial unit. The EGI unit also houses a GPS receiver.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. A determination has been made that Egypt can provide substantially the same degree of protection of this technology as the U.S. Government. This proposed sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification. Moreover, the benefits to be derived from this sale, as outlined in the Policy Justification, outweigh the potential damage that could result if the sensitive technology were revealed to unauthorized persons.

4. All defense articles and services listed in this transmittal has been authorized for release and export to Egypt.

ARMS SALES NOTIFICATION

Mr. RISCH. Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

DEFENSE SECURITY
COOPERATION AGENCY,
Arlington, VA.

Hon. JAMES E. RISCH,
Chairman, Committee on Foreign Relations,
U.S. Senate, Washington, DC.

DEAR MR. CHAIRMAN: Pursuant to the reporting requirements of Section 36(b)(1) of the Arms Export Control Act, as amended, we are forwarding herewith Transmittal No. 19-73, concerning the Air Force's proposed Letter(s) of Offer and Acceptance to the Government of Hungary for defense articles and services estimated to cost \$230 million. After this letter is delivered to your office, we plan to issue a news release to notify the public of this proposed sale.

Sincerely,

CHARLES W. HOOPER,
Lieutenant General, USA, Director.

Enclosures.

TRANSMITTAL NO. 19-73

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

Prospective Purchaser: Government of Hungary.

(i) Total Estimated Value:
Major Defense Equipment * \$190 million.
Other \$40 million.
Total \$230 million.

(iii) Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:

Major Defense Equipment (MDE):

Sixty (60) AIM-120C-7/C-8 Advanced Medium Range Air-to-Air Missiles Extended Range (AMRAAM-ER).

Two (2) AIM-120C-7/C-8 AMRAAM-ER Guidance Sections.

Non-MDE: Also included are four (4) AMRAAM-ER training missiles (CATM-120C); missile containers; spare and repair parts; cryptographic and communication security devices; precision navigation equipment; software, site surveys; weapons system equipment and computer software support; publications and technical documentation; common munitions and test equipment; repair and return services and equipment; personnel training and training equipment; integration support and test equipment; and U.S. Government and contractor, engineering, technical and logistics support services; and other related elements of logistical and program support.

(iv) Military Department: Air Force (HUSD-YAE).

(v) Prior Related Cases, if any: None.

(vi) Sales Commission. Fee, etc., Paid, Offered, or Agreed to be Paid: None.

(vii) Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold: See Attached Annex.

(viii) Date Report Delivered to Congress: May 8, 2020.

*As defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Hungary—Advanced Medium Range Air-to-Air Missiles Extended Range (AMRAAM-ER)

The Government of Hungary has requested to buy sixty (60) AIM-120C-7/C-8 AMRAAM-ER missiles, and two (2) spare AIM-120C-7/C-8 AMRAAM-ER guidance sections. Also included are four (4) AMRAAM-ER training missiles (CATM-120C); missile containers; spare and repair parts; cryptographic and communication security devices; precision navigation equipment; software, site surveys; weapons system equipment and computer software support; publications and technical documentation; common munitions and test equipment; repair and return services and equipment; personnel training and training equipment; integration support and test equipment; and U.S. Government and contractor, engineering, technical and logistics support services; and other related elements of logistical and program support. The total estimated cost is \$230 million.

This proposed sale will support the foreign policy and national security of the United States by improving the security of a NATO ally. This sale is consistent with U.S. initiatives to provide key allies in the region with modern systems that will enhance interoperability with U.S. forces and increase security.

This proposed sale improves Hungary's defense capability to deter regional threats and strengthen its homeland defense. The sale is in support of Hungary's acquisition of the National Advanced Surface to Air Missile System (NASAMS) air defense system and would provide a full range of protection from

imminent hostile cruise missiles, unmanned aerial vehicles, rotary wing and fixed wing threats. This sale will contribute to Hungary's interoperability with the United States and other allies. Hungary should not have any difficulties absorbing this equipment into its armed forces.

The proposed sale of this equipment and support does not alter the basic military balance in the region.

The prime contractor and integrator will be Raytheon Missile Systems, Tucson, AZ. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of additional U.S. Government and contractor representatives to Hungary.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 19-73

Notice of Proposed Issuance of Letter of Offer pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:

1. AIM-120 Advanced Medium Range Air-to-Air Missile Extended Range (AMRAAM-ER) is a medium range ground based air defense missile capable in all-weather against multiple targets in a sophisticated electronic attack environment. AMRAAM-ER utilizes an active C-7 or C-8 seeker and warhead joined with a new control section and rocket motor. This provides extended range and altitude, higher speed and maneuverability, and has been extensively tested and proven. The AIM-120C-8 is a form, fit, function refresh of the AIM-120C-7 and is the next generation to be produced. AIM-120 Captive Air Training Missiles (CATM) are non-functioning, inert missile rounds used for armament load training, which simulate the correct size and weight of live missiles.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures or equivalent systems which might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

3. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the enclosed Policy Justification. A determination has been made that Hungary can provide the same degree of protection for the sensitive technology being released as the U.S. Government.

4. All defense articles and services listed in this transmittal have been authorized for release and export to Hungary.

ARMS SALES NOTIFICATION

Mr. RISCH. Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed
