

the University of Akron. Jennie had a passion for emergency medical services and worked for many years in the emergency departments of Trumbull Memorial Hospital and Warren General Hospital. She created the paramedic training program in Trumbull County and trained countless EMTs throughout Northeastern Ohio. A lifelong member of Our Lady of Mount Carmel Catholic Church, Jennie loved her nephews, her dogs, vacations in the sun and the friends of her Red Hat Society and card clubs with whom she shared adventures and laughs.

Furthermore, his efforts helped improve planning efforts and protective measures with the South Carolina Department of Corrections. Lieutenant Colonel Stewart also helped set up South Carolina's food distribution in Horry County and facilitated the South Carolina Department of Motor Vehicle's plan to use South Carolina National Guard armories across the state to enable social distancing between the public and DMV staff.

Second Lieutenant Trey Murphy is the Logistics Readiness Officer for the 169th Logistics Readiness Squadron. Second Lieutenant Murphy coordinated and hosted the South Carolina Department of Health and Environmental Control Receipt, Store, and Stage (RSS) refresher training course, which showed how to manage distribution of Strategic National Stockpile (SNS) material. His efforts enabled his squadron to store over two-hundred pallets of personal protective equipment on more than fifty tactical convoys, serving all forty-six counties in South Carolina. He also coordinated the joint effort for the staging of US Army personnel and equipment in advance of civilian bus driver training conducted on McEntire Joint National Guard Base.

I am grateful to have worked with my colleagues in the 116th Congress to provide needed funding for vital personal protective equipment, material, and support for our Service Members and their families.
