

TRIBUTE TO GLEN TAIT

Mr. CRAPO. Mr. President, along with my colleagues Senator JIM RUSCH, Representative MIKE SIMPSON and Representative RUSS FULCHER, I congratulate Glen Tait, who is retiring from his position as Idaho National Laboratory's—INL—Governmental Affairs Director, after nearly 20 years with INL.

Prior to joining INL in 2001, Glen served as my legislative director when I was first elected to the Senate. During his time guiding my legislative staff, he worked on annual appropriations, nuclear, and other energy issues. He brought with him significant experience and understanding of our great State of Idaho, as he had previously worked as a senior adviser to my predecessor, Dirk Kempthorne. Prior to serving on my staff, Glen's first job in Washington, DC, was working for Vice President Dan Quayle. He served on the Vice President's national security staff as a congressional liaison.

When announcing Glen's retirement, INL Director Mark Peters recognized Glen's excellent leadership as he has worked with our Idaho congressional delegation "throughout the annual appropriations process, securing the participation of INL experts in congressional hearings, and working with Congress and federal agencies to advance legislation and policies important to our energy and national security." Glen has been instrumental in helping us ensure the allocation of needed resources to INL and assisting with Federal policy changes to best support nuclear innovation. For example, we have greatly valued his assistance with the 2018 enactment of S. 97, the Nuclear Energy Innovation Capabilities Act, and the 2019 enactments of S. 512, the Nuclear Energy Innovation and Modernization Act, and S. 174, the Securing Energy Infrastructure Act. These laws are important legacies of Glen's work, as they will ensure the research conducted at INL keeps our Nation at the forefront of nuclear innovation. These measures are a nice capstone to his years of service and dedication to INL and nuclear energy, ensuring that research into advanced nuclear reactors continues and that research is ultimately able to be commercialized and deployed in the private sector.

Glen is dedicated and talented in many aspects of his life beyond his work. He speaks Russian, is an avid gardener, bikes to work, and runs daily. He is a big sports fan, with the Washington Nationals and the California Golden Bears being among his favorite teams to watch. Glen is also very generous with people and cares greatly about helping young people get solid footing in Washington, DC. He is well regarded for his guidance and mentorship, as he has helped newcomers with job and life skills. He has taught many of our staff the ins-and-outs of the lab's research and the science behind it. His patience and guidance are deeply appreciated by many who were fortunate enough to work with him.

Glen, may retirement afford you many runs on the beach and great times with your loved ones, including your wife, Jeannette, and daughters, Lindsey Marie and Hailey Madison. Congratulations on an outstanding 30-year career. We will miss your wit and intellect, and thank you for sharing your talents with Idahoans all these years. We wish you all the best in your retirement.

ADDITIONAL STATEMENTS

REMEMBERING WILLIAM SEALOCK

• Mr. CASEY. Mr. President, today I wish to honor the distinguished life and career of Aliquippa Chief of Police Robert William Sealock, who passed away on April 11, 2020.

Chief Sealock dedicated his life in service to his community, his Commonwealth, and his country. A veteran of the U.S. Navy, he later served as a police officer in the Borough of Bridgewater and Crescent and Center Townships, located in Allegheny and Beaver counties in western Pennsylvania. At the time of his passing, he was the chief of police for the city of Aliquippa. Beginning as a patrolman and working his way up through the ranks of the Aliquippa Police Force over a period of 23 years, he assumed the role of chief of police in 2018. Chief Sealock was a graduate of Moon Area High School and became a member of the Fraternal Order of Police James Naim Memorial Lodge No. 26 as well as a member of the Masonic Lodge No. 672.

Chief Sealock's leadership has been widely praised by both the public and his peers in the law enforcement community. At a time when his community faced a surge in crime and an understaffed police force, Chief Sealock stepped up to meet the challenge. In just a few short years, Chief Sealock enhanced the reputation of the police department by working tirelessly to rebuild trust and bridge the gap between local law enforcement and the community it served. He also instituted several programs across multiple city offices that were designed to reach Aliquippa's youth and increase participation in group activities.

Chief Sealock led by example. He recognized and understood how important it was to police officers to have the support of their chief and his hands-on approach inspired confidence. As a result, his fellow officers had tremendous respect for his leadership and endearingly referred to him as a "cop's cop."

Tragically, Chief Sealock suffered a medical emergency while on duty which led to his passing. His dedication to the Aliquippa Police Department, his beloved community, his family, and country were guided by a sincere commitment to public service and improving the lives of people he encountered. He will be remembered for his compassion, loving spirit, and warm personality, and his legacy will be felt for many years to come.

I extend my thoughts and prayers to his devoted wife, Donna; his daughter and son-in-law Taylor Sealock-Smith and husband Taner; two stepchildren Jonathan Peterson and Stephanie Snyder, Leslie Patterson and husband Derek Trohaugh; his parents Patricia and James Blaha; his sister Colleen Sealock; his father and mother-in-law William and Dorothy Fontana; and all of Chief Sealock's family and friends as they mourn his loss.●

TRIBUTE TO WILLIAM GODMAN, JR.

• Mr. CRAMER. Mr. President, I want to honor a very special North Dakota resident who is turning 100 years old on May 26. William Godman, Jr., now resides at the Haaland Estates Assisted Living Center in Rugby, ND, after living on the family farm north of the community of Churchs Ferry for 98 and a half years. To say this lifelong farmer is one of North Dakota's great stewards of the land would not be an understatement. At his father's urging, he did not leave the farm to fight in World War II because his brother had enlisted. He stayed behind to raise the food to feed a hungry nation and world during those difficult years. On his farm, William has raised crops including wheat, barley, flax, corn, and canola.

Throughout the decades of his life across the past century, William has experienced great moments in North Dakota's history. He and his late wife, Elaine, raised five children and instilled in them the necessity of hard work and self reliance. He gave back to his community in many ways, including being a longtime 4-H leader, church volunteer, and Men's Club member. Although his birthday will not bring together as planned all his children, grandchildren, and great-grandchildren, I hope he will be able to celebrate this great milestone with friends and family at other opportunities throughout the year.

North Dakota is home to more than 200 centenarians, and we consider them among our most treasured residents. Their pioneer spirit, dignity, and hard work have brought them through many challenges and personal achievements. On behalf of all North Dakotans, I wish William a happy 100th birthday and hope this is the start of a year filled with happiness and joy.●

RECOGNIZING NO LIMITS CAFE

• Mr. RUBIO. Mr. President, as chairman of the Senate Committee on Small Business and Entrepreneurship, each week I recognize a small business that exemplifies the American entrepreneurial spirit at the heart of our country. It is my privilege to recognize a small business that not only serves delicious food, but provides dignified work and promotes inclusivity for individuals with intellectual disabilities. This week, it is my pleasure to honor
