

Hanford, and her efforts advocating for a cost-effective, safe, and prompt cleanup will continue to shape the mission at the site in the years to come.

Pam has not only been an expert on nuclear cleanup issues at the local level; she has also shared her collaborative leadership model at the national and international levels as well.

The Tri-Cities was the only Department of Energy community with a government advocacy association at the time of its creation. Since then, communities like those in Los Alamos, New Mexico and Oak Ridge, Tennessee have followed the example of Hanford Communities in creating their own associations. Pam has gone on to share her model of waste cleanup community advocacy with agency leaders in Fukushima, Japan. Her leadership has made, and will continue to make, a sustaining mark on the cleanup efforts of the future.

Pam, it is an honor to know you, both as a constituent, and as a friend. I know I am not alone in thanking you for your years of service and in wishing you the very best in retirement. Congratulations.

TRIBUTE TO JOHN F. PRENTICE

HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Friday, May 22, 2020

Mr. CALVERT. Madam Speaker, I rise today to honor and pay tribute to an outstanding individual, John Prentice, who passed away at the age of 66 on April 30, 2020. John was a loving husband, a dedicated community member, and a dear friend of mine. He will be deeply missed.

John was born on December 2, 1953, the son of Rita and George Prentice. John and I grew up together in Corona, California and had an incredible friendship that spanned from kindergarten to today. After graduating at the top of his class from Corona High School, John attended Cal Poly Pomona and earned a Bachelor of Science degree which led him to become a Certified Public Accountant.

In 1980, John married the love of his life Melody Cissna, a wonderful woman who I have the pleasure of also calling a friend. Together they shared almost forty years of marriage filled with exciting travels, and lots of skiing, boating, and golfing. John and Melody took on their adventures together and surrounded themselves with good friends.

John was an active CPA for more than 40 years, joining Eadie & Payne, LLP as a staff accountant in 1976. He worked his way up to becoming the firm's managing partner in 2000 and served in that role until he retired in 2017. John served as my accountant for many years, and I can personally attest to the many lives he touched throughout his career where he was known for his humor, warmth, intelligence, and optimistic outlook.

John was an active member of the Rotary Club of San Bernardino and Inland Action, organizations which he graced with his time, leadership skills, and wit. He made lifelong friendships through his associations in professional accounting, agricultural, and construction trade groups. John was incredibly dedicated to his colleagues, clients, friends, and family.

John is survived by his wife Melody, mother Rita, and his brothers Dan, Joe, and Jim Prentice. He is fondly remembered by his cousins, nieces, nephews, extended family, and friends for his generosity and kind spirit.

I had the pleasure of knowing John both personally and professionally throughout most of my life. He was a wonderful friend, a talented professional and a passionate advocate for our region. He was a great American and I extend my heartfelt condolences to my dear friend Melody and to all those who knew John. Although he may no longer be with us, he will continue to have a lasting impact on the lives of his family and community.

HONORING THE LIFE OF MASTER PATROL OFFICER SPENCER BRISTOL

HON. JOHN W. ROSE

OF TENNESSEE

IN THE HOUSE OF REPRESENTATIVES

Friday, May 22, 2020

Mr. JOHN W. ROSE of Tennessee. Madam Speaker, today I rise to honor the life of a distinguished public servant from Tennessee's Sixth Congressional District, fallen Master Patrol Officer Spencer Daniel Bristol. Officer Bristol committed his life and career to keeping the city of Hendersonville, TN safe from crime, after serving 5 years in the United States Navy.

His loss has been profoundly felt in and around Hendersonville and across the law enforcement community in Tennessee and beyond. Hundreds of Hendersonville residents from all walks of life lined the town's main street to pay their respects the day he was laid to rest. It is important that we recognize the sacrifices made by law enforcement officers, not only during police week, but every day. We have them to thank for keeping our families, neighborhoods, and communities safe.

Everyday heroes like Officer Bristol are the ones who continue to make this nation great. I offer my condolences to the family he leaves behind; his wife, Lauren, and their 3-year-old daughter, Eloise.

STEPHANIE ROSSI

HON. ED PERLMUTTER

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Friday, May 22, 2020

Mr. PERLMUTTER. Madam Speaker, I rise today to recognize Stephanie Rossi, who after 40 years of teaching, is retiring. Stephanie's dedication to education in the Jefferson County School District and to the State of Colorado has made a significant impact on students which will last for years to come.

Stephanie started teaching in the Jeffco School District in 1994. Currently she teaches courses in social studies—including AP U.S. history, world religions, and psychology—as well as geography and American government. Her reputation has become so legendary that kids who haven't even reached high school cross their fingers to one day join her classroom. She even has special nicknames, becoming known as Rossi Woman or Mama

Ross within Wheat Ridge High School. And she does all of it with a smile on her face, and the passion and creativity that she gives to her students each and every day is tremendous.

In addition to her teaching career, Stephanie has provided countless hours and resources to the Jefferson County community by serving on local and state boards and commissions. She spent countless hours working with the Jefferson County Education Association and in 2015 received the Williams College's annual George Olmsted, Jr. Class of 1924 Prize for Excellence in Secondary School Teaching. In her spare time, she works to improve school culture by promoting and encouraging diverse perspectives for students and adults alike. She also leads a Peace Jam Club, which promotes peaceful problem solving, and Compassion Crew, an anonymous student group that recognizes people who commit acts of kindness.

Her contribution to the Jefferson County School District and the Jefferson County community is remarkable and her teaching has inspired thousands of students to pursue their dreams. I congratulate Stephanie on a lifetime of service and wish her all the best in retirement.

HEALTH AND ECONOMIC RECOVERY OMNIBUS EMERGENCY SO- LUTIONS ACT

SPEECH OF

HON. EDDIE BERNICE JOHNSON

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Friday, May 15, 2020

Ms. JOHNSON of Texas. Mr. Speaker, I rise today in support of House Democrats' next comprehensive coronavirus relief package, the HEROES Act.

The HEROES Act contains an additional \$75 billion for the testing, tracing and treatment required to match the threat posed by the coronavirus. We have also ensured that access to medical services is prioritized and safeguarded, such that every American can access free COVID-19 treatment. The HEROES Act eliminates cost sharing for coronavirus treatment for Medicare and Medicaid beneficiaries, as well as those with private health insurance, TRICARE, VA Health Care, and Federal Employee Health Benefits. Additionally, we have infused an additional \$100 billion into the Health Care Provider Relief Fund and have ensured that these funds are distributed to providers in an equitable and efficient way. All these investments in our public health and medical systems will further support our communities as they withstand this coronavirus pandemic.

In order to assist the small businesses bearing the brunt of the economic impact of the coronavirus, the HEROES Act strengthens the Payroll Protection Program and adds safeguards to ensure equal funding distribution to underserved communities. These, paired with an extension of weekly unemployment payments through January of 2021, are vital lifelines to small business owners and those they employ.

The HEROES Act also commits nearly \$1 trillion alone to state and local governments for the purpose of paying those workers fighting this disease and its effects on the frontlines. Additionally, it creates a \$200 billion
