#### TRIBUTE TO DR. BRIAN MONAHAN

Mr. LEAHY. Mr. President, under normal circumstances, thousands of visitors, staff, and members file through the United States Capitol and Senate and House offices every day. As we slowly begin to reopen our economy, businesses, and other public places, all eyes on Capitol Hill turn to the guidance and counsel of Dr. Brian Monahan, the attending physician of the U.S. Congress and Supreme Court. Since 2009, when he joined us in the Capitol, Dr. Monahan has been a trusted voice of reason and an exceptional healthcare provider to me and hundreds of other lawmakers.

Dr. Monahan is an accomplished physician and rear admiral of the U.S. Navy. He began his career as a public servant after college, when he joined the Navy as a member of the Health Professions Scholarship Program. In 1989, while working as a resident at the National Naval Medical Center, Dr. Monahan discovered a connection between cardiac arrhythmias and the antihistamine, Seldane, a discovery that led to the removal of the drug from the market. Dr. Monahan has spent years working in the attending physician's office, as a staff physician and later as the assistant attending physician. Dr. Monahan has also served as the chairman of the Department of Medicine at the Uniformed Services University of Health Services and has taught at the university as a professor of pathology and medicine focusing on cancer, oncology, and hematology. Dr. Monahan's many achievements, medical expertise, and decades of public service make him an asset to the Capitol and an invaluable colleague.

Dr. Monahan has played a particularly important role lately, as both the Senate and the House of Representatives work to strike a balance between limiting exposure to a pandemic and continuing to work for the American people. Dr. Monahan has provided remarkable guidance to House and Senate leaders on how to safely conduct business and operate in the Capitol. Moving forward, as we continue to deal with the COVID-19 pandemic's economic and public health consequences, I am grateful to have Dr. Monahan to guide us along the way.

Dr. Monahan is an accomplished photographer, and I have had the privilege of seeing many of his photographs and being with him in different parts of the world when he has taken some. All make one seeing them wish they were there. The reality but especially the artistry of his photographs are wonderful. Visits to his office are healthy and healing in so many ways.

Dr. Monahan was recently profiled in The New York Times, and I ask unanimous consent that the article, "Doctor to Congress and Supreme Court Toils to Sidestep Politics amid Pandemic," be printed in the RECORD.
