NORTH CAROLINA'S ROLE IN PRODUCING CORONAVIRUS VACCINE

The SPEAKER pro tempore. The Chair recognizes the gentleman from North Carolina (Mr. BUDD) for 5 minutes.

Mr. BUDD. Mr. Speaker, I rise today to highlight the amazing work being done to produce a vaccine for the coronavirus. Some of the best work in our country is coming from FUJIFILM Diosynth Biotechnologies' Innovation Center in my home State of North Carolina.

On Monday, July 27, President Trump visited the Morrisville laboratories and touted the progress that has been made in Operation Warp Speed toward producing an effective vaccine in historic time. The Morrisville laboratories play a crucial role in that effort because they are working on a bulk drug substance for one of the possible vaccines.

It is impossible to overstate how important a vaccine will be for our Nation, and I am proud that North Carolina is on the front lines of that research.

Mr. Speaker, I thank the President for highlighting these facilities' exciting work, and especially thank the researchers, the doctors, and the scientists for their tireless work, and wish them every success possible.

RESTORING LAW AND ORDER

Mr. BUDD. Mr. Speaker, I rise today to stand up for law and order and safety and security in our country.

In an era where some in the opposition party advocate for defunding the police, violent crime and rioting has swept across the Nation. No city has endured more violence and less government action than Portland, Oregon.

For 60 days, local officials have refused to protect the fundamental rights of their citizens, mainly the right to life, to liberty, and to personal property. I believe that if State and local officials won't secure these rights for their fellow Americans, then the Federal Government should do it for them at the direction of the President. I fully support the President's deployment of Federal officers to restore law and order and safety and security on the streets of Portland.

One of the most heartbreaking episodes of the violent crime that has occurred recently occurred in Kansas City, Missouri, where a four-year-old, LeGend Taliferro, was shot and killed while he was asleep in his own bed. It was just a month ago on June 29.

Mr. Speaker, the only way to deal with violent criminals is to meet them with strength. And that is what the President is doing by initiating a Federal law enforcement operation, appropriately named Operation Legend. Very simply, this operation will focus on putting more cops on the streets in

high-crime cities, making more funding available for local police departments, and use Federal officers when local officials refuse to act.

Mr. Speaker, we are never going to defund the police. Instead, we are going to empower them to stop this crime surge that is terrorizing our American brothers and sisters.

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. CUELLAR) at 10 a.m.

PRAYER

The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer: Lord God, thank You for giving us another day.

Please excuse us for coming to You, day after day, asking for Your blessing and grace as the coronavirus plague continues to ravage our Nation. We struggle, still, to address the crisis in any way that slows this deadly advance. Lord, have mercy.

Bless the Members of this people's House with wisdom and a purpose of cooperation in addressing so many dangers facing us, from health to financial threats. Bless the Senate, too, and the administration, that together our Nation might move forward with hope and confidence. Lord, have mercy.

May all that is done be for Your greater honor and glory.

Amen.

The SPEAKER pro tempore. Will the gentleman from Utah (Mr. MCADAMS) come forward and lead the House in the Pledge of Allegiance.

Mr. MCADAMS led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair will entertain up to 15 requests

for 1-minute speeches on each side of the aisle.

GUN VIOLENCE IN OUR STREETS

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Mr. Speaker, illegally obtained guns are pouring over the streets of communities across the country, including in my community of Buffalo, New York.

These illegal guns are responsible for tragic deaths. Last year, 30,000 Americans, including 262 children, were killed by gun violence.

The number of slain Americans are more than just statistics; they are real people: fathers, mothers, grandparents, sons, daughters, and grandkids. They had dreams, they had aspirations, and they had their whole lives ahead of them.

This is an urgent call to action against gun violence. Members of my community are coming together and they are calling on Congress to repeal provisions that prohibit our government from knowing if firearms have been lost or stolen.

Mr. Speaker, I support this call to action and urge this body to continue to work to make our communities safer for all. Those whose lives were lost would still be with us today if legislation this House passed, commonsense gun reforms, universal background checks, and a ban on assault weapons, were enacted into law.

We must do better. Repeal the Tiahrt amendment now.

CENSORING BY SOCIAL MEDIA PLATFORMS

(Mr. SPANO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SPANO. Mr. Speaker, today I rise to bring attention to an alarming trend: the censorship of Americans by American companies, particularly those in the social media sector.

Over and over, we hear about social media platforms silencing conservatives and their views, only to turn around and ask this Congress for continued liability protections.

If social media companies expect such legal protection, they must recognize the fundamental free speech of their users. To be clear, I am not referring to hate speech or calls for violence. I am referring to political views that differ from those who own and manage these companies.

As this Congress considers and debates the regulation of these companies into the 21st century, we should take this political censorship into account. No American, no matter what their affiliation or opinions, should ever be prevented from lawfully exercising their constitutional rights, whether online or in person.

Social media, for sure, has done wonders to connect people, but it has also
