STANDING AGAINST THE CCP

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, the entire world has had to endure the Wuhan virus destroying lives. Now there is evidence that China has launched state-sponsored hackers to target virus vaccine research. As chairman of the RSC National Security and Foreign Affairs Task Force, I am grateful to have introduced the RSC National Security Strategy.

This report recommends over a dozen measures to counter theft by the Chinese Communist Party of our IP and trade secrets, including new measures to stop and punish their cyberattacks and enhance outdated laws. One of these is to change the International Trade Commission, making it easier for American companies to block Chinese imports that were the product of stolen trade secrets. This report also includes the toughest sanctions ever on the oppressive Chinese Communist Party, promoting opportunities for the Chinese people.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism. Our sympathy for the family and friends of Bernell Trammell of Milwaukee.

AMERICA HAS A CHILDCARE CRISIS

(Ms. WILD asked and was given permission to address the House for 1 minute.)

Ms. WILD. Mr. Speaker, as we face the COVID-19 health and economic crisis, childcare centers across our country are on the verge of collapse. The consequences can be felt throughout our society: From children, to childcare workers, to working parents—disproportionately women—who were already struggling to stay afloat given the acute national shortage of affordable childcare services. For these parents, who depend on childcare in order to maintain their careers and pay their bills, the answer is more affordable childcare, not less.

The Child Care Is Essential Act would provide direct financial support for childcare providers during and after this crisis. The Child Care for Economic Recovery Act would deliver crucial Federal investments in childcare facilities. These are two immediate steps that we can take on behalf of working families right now.

Once we pass this legislation, our focus must turn to addressing the lack of affordability in childcare more so

that we can finally ensure that every working family who needs childcare can obtain and afford it. We must support working families by expanding access to at-home learning and childcare.

ALL TRADITIONAL DECORUM HAS BEEN LOST

(Mr. MEUSER asked and was given permission to address the House for 1 minute.)

Mr. MEUSER. Mr. Speaker, Tuesday's House Judiciary hearing was one of the most disgraceful events I and millions of Americans have witnessed in this Congress. No election or apparent hatred of any person should spark behavior that is beneath this office.

As one of my constituents said, "all traditional decorum has been lost." The Attorney General of the United States was accused by Democrat Members of using Federal force to quell the unrest in Portland for the purpose of providing footage for campaign ads; meanwhile, refusing to condemn attacks to a Federal courthouse.

For more than 60 days, Portland had experienced violent protests, and now today's Democrats are rationalizing the situation by blaming the Federal law enforcement officials for destruction which had been caused weeks before their arrival.

We have come to expect this level of deliberate mischaracterization from the media, but from Members? How are we not united in denouncing violence in our streets? How are we not united in providing resources to safely open our schools and restart our economy and find a vaccine? How are we not united in passing an effective phase 4 relief package focused on solving problems, not prolonging them through November 3rd?

RECOGNIZING UTERINE FIBROIDS AWARENESS MONTH

(Ms. CLARKE of New York asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. CLARKE of New York. Mr. Speaker, I rise today in recognition of Uterine Fibroids Awareness Month.

Uterine fibroids are noncancerous tumors that affect an estimated 26 million women between the ages of 15 and 50 in the United States.

As vice chair of the Energy and Commerce Committee and a survivor of uterine fibroids myself, I know that increasing awareness about uterine fibroids is critical to our efforts to address the national maternity mortality crisis and prevent pregnancy-related deaths.

While more than 80 percent of African Americans and 70 percent of Caucasians develop fibroids by the time they reach menopause, hospitalization rates for uterine fibroids are three times higher for African American women and twice as high for Latina women. However, the exact number of affected

women is unknown because it is difficult for healthcare providers to detect and accurately diagnose this condition.

This issue has not received the attention or funding it deserves. This is why I was proud to introduce H.R. 6383, the Uterine Fibroid Research and Education Act of 2020.

This awareness month is an opportunity to cast the spotlight on the forgotten issue that impacts the lives of women of color.

COMMEMORATING THE 30TH ANNIVERSARY OF THE AMERICANS WITH DISABILITIES ACT

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise to commemorate the 30th anniversary of the Americans with Disabilities Act, a landmark piece of legislation for people with disabilities.

More than 55 million Americans have a disability, whether it is physical, learning, cognitive, or other.

There are many ways we can support this community and providing job opportunities is a great place to start. Many Americans with disabilities struggle to find employment, despite the wealth of skills they have to offer, and a job can provide independence, economic self-sufficiency, and pride.

We must also support students with disabilities. I am proud to be a cosponsor of the IDEA Full Funding Act, a bill that creates a 10-year plan to hold the Federal Government accountable for the full 40 percent of funding for special education promised by Congress in the Individuals with Disabilities Education Act of 1975.

Mr. Speaker, the Americans with Disabilities Act is an incredible milestone for legal protections for Americans with disabilities, but we can still do more to fight stigmas, defy prejudice, and empower those with disabilities in our everyday lives.

COMMEMORATING THE LIFE OF ROBERT EDINGTON

(Mr. BYRNE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BYRNE. Mr. Speaker, I rise today to commemorate the life of Robert Edington. Robert's countless accolades and recognitions reflect a lifetime of devotion to his hometown of Mobile.

This impressive list includes a 2012 Mobile Area Veteran of the Year, the 2007 Mobilian of the Year, State president and national director of the Navy League of the United States, chairman of the USS Alabama Battleship Commission, and a member of the Alabama House of Representatives and Alabama State Senate.
