POLICY JUSTIFICATION

Korea—Peace Krypton Follow-On Support and Equipment Upgrades

The Republic of Korea has requested to buy items and services to extend follow-on support to its Peace Krypton reconnaissance aircraft. Included are Ground System Modernization (GSM) and sustainment of Prime Mission Equipment (PME); Field Service Representatives (FSR); minor modifications and upgrades; Joint Mission Planning System (JMPS); spares and repair and return of parts; publications and technical documentation; U.S. Government and contractor engineering, technical, and logistical support services; and other related elements of logistics and program support. The estimated total program cost is \$250 million.

This proposed sale will support the foreign policy goals and national security objectives of the United States by improving the security of a Major Non-NATO Ally that is a force for political stability and economic progress in the Pacific region.

The proposed sale will improve Korea's capability to meet current and future threats by supporting operation of its fleet of Peace Krypton aircraft and enabling continued Intelligence, Surveillance and Reconnaissance (ISR) interoperability with the United States. Korea will have no difficulty absorbing this follow-on support into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin, Bethesda, MD. There are known offset requirements associated with this sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to the Republic of Korea.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

ARMS SALES NOTIFICATION

Mr. RISCH, Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. If the cover letter references a classified annex, then such annex is available to all Senators in the office of the Foreign Relations Committee, room SD-423.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

POLICY JUSTIFICATION

Kuwait—MIA2K Training Ammunition

The Government of Kuwait has requested to buy ten thousand two hundred sixty (10,260) 120MM M865 Target Practice Cone Stabilized Discarding Sabot Tracer (TPCSDS-T) Cartridges and nine thousand eight hundred ten (9,810) 120MM M1002 Target Practice Multipurpose Tracer (TPMP-T) Cartridges. Also included are two hundred fifteen thousand (215,000) 50 Caliber, 4 Ball, 1 Tracer Cartridges; six hundred thousand (600,000) 7.62MM 4 Ball, M80/1 Tracer, M62 Linked Cartridges; containers; munitions; support and test equipment; integration and test support; spare and repair parts; U.S. Government and contractor engineering, technical and logistics support services; and other related elements of logistical and program support. The estimated total cost is \$59.6 million.

The proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a Major Non-NATO Ally that is an important force for political stability and economic progress in the Middle East.

The proposed sale will improve Kuwait's capability to meet current and future threats by enabling continued employment of the MIA2 Abrams main battle tank and supporting modernization of the country's tank fleet. The training ammunition will be used to qualify Kuwait's MIA2 tanks, which will enhance Kuwait's ability to protect border regions and key land-based infrastructure. Kuwait will have no difficulty absorbing these training rounds into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be BAE Systems, York, PA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Kuwait.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

TRANSMITTAL NO. 20-32

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex Item No. vii

(vii) Sensitivity of Technology:

1. The 120MM M865 Target Practice Cone Stabilized Discarding Sabot Tracer (TPCSDS-T) Cartridge is a training round for the M1A2K Abrams tank.

2. The 120MM M1002 Target Practice Multipurpose Tracer (TPMP-T) Cartridge is a training round for the M1A2K Abrams tank.

3. The highest level of classification of defense articles, components, and services included in this potential sale is UNCLASSIFIED.

4. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce weapon system effectiveness or be used in the development of a system with similar or advanced capabilities.

5. A determination has been made that the Government of Kuwait can provide substantially the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

6. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Kuwait.

ARMS SALES NOTIFICATION

Mr. RISCH. Mr. President, section 36(b) of the Arms Export Control Act requires that Congress receive prior notification of certain proposed arms sales as defined by that statute. Upon such notification, the Congress has 30 calendar days during which the sale may be reviewed. The provision stipulates that, in the Senate, the notification of proposed sales shall be sent to the chairman of the Senate Foreign Relations Committee.

In keeping with the committee's intention to see that relevant information is available to the full Senate, I ask unanimous consent to have printed in the RECORD the notifications which have been received. The total estimated program cost is \$380 million.

This proposed sale will support the foreign policy and national security of the United States by helping to improve the security of a NATO ally that is an important force for ensuring peace and stability in Europe.

The proposed sale of these UH-60 helicopters to Lithuania will significantly increase its capability to provide troop lift, border security, anti-terrorist, medical evacuation, search and rescue, re-supply/external lift, combat support in all weather. These UH-60 helicopters will allow for interoperability with U.S. and NATO forces in rapid response to a variety of missions and quick positioning of troops with minimal helicopter assets.

Lithuania intends to use these defense articles and services to modernize and expand its armed forces to provide multi-mission support in its region and combat terrorism threats. Lithuania will have no difficulty absorbing these helicopters into its armed forces.

The proposed sale of this equipment will not alter the basic military balance in the region.

The principal contractors will be Sikorsky Aircraft Company, Stratford, CT; and General Electric Aircraft Company (GEAC) in
