The House met at 2 p.m. and was called to order by the Speaker.

PRAYER
The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer:

Merciful God we give You thanks for giving us another day.

As the Members of the people’s House return to Washington, keep them safe in their travels. You know well the dangers confronting the citizens of our Nation: extreme weather events, ongoing pandemic effects, economic distress and impending loss of employment, and even housing.

Fill the Members with wisdom, patience, and determination to address these needs as so many dangers continue to close in on our communities.

May all that is done this day be for Your greater honor and glory.

Amen.

THE JOURNAL
The SPEAKER. Pursuant to section 4(a) of House Resolution 967, the Journal of the last day’s proceedings is approved.

PLEDGE OF ALLEGIANCE
The SPEAKER. The Chair will lead the House in the Pledge of Allegiance.

The SPEAKER led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE
The SPEAKER pro tempore (Mr. Gomez). The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

IN HONOR OF CORPORAL WESLEY A. RODD
(Mrs. FLETCHER asked and was given permission to address the House for 1 minute.)

Mrs. FLETCHER. Mr. Speaker, I rise today to honor United States Marine Corps Corporal Wesley Alexander Rodd, who was killed during a training accident off the coast of Southern California on July 30 of this year and was just laid to rest last Saturday.

Born in Houston, he was a resident of Cypress for 17 years. Just 4 months ago, he became a father. After graduating from Cy-Fair High School in 2016, he enlisted in the United States Marine Corps, and he served as a rifleman with the Bravo Company.

We are grateful to him for his service to our country—for his dedication and for his sacrifice—and it is fitting that we, the people he defended, honor him today on the floor of this House, in this Chamber. And as we do so, we honor the loss and the grief and the sacrifice of his wife, Jamie; his 4-month-old son, Ezra; his mother, Valarie; and all of his family, his friends, and his fellow marines. All Americans are forever in their debt—and he will be forever in our hearts.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE
The SPEAKER pro tempore. The Chair will postpone further proceedings on postponed questions at a later time.

STEP IMPROVEMENT ACT OF 2020
Ms. VELAZQUEZ. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 6133) to reauthorize the State Trade Expansion Program of the Small Business Administration, and for other purposes.

The Clerk read the title of the bill. The text of the bill is as follows:

H.R. 6133
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “STEP Improvement Act of 2020”.

SEC. 2. STATE TRADE EXPANSION PROGRAM.
(a) APPLICATION REQUIREMENTS.—Section 22(l)(3) of the Small Business Act (15 U.S.C. 649(l)(3)) is amended—

(1) in subparagraph (D)—

(A) in clause (l), by inserting “including a budget plan for use of funds awarded under this subsection” before the period at the end; and

(B) by adding at the end the following new subparagraph:

“(E) APPLICATION INFORMATION.—The Associate Administrator shall—

“(i) for each unsuccessful applicant for a grant awarded under this subsection, recommend to improve a subsequent application for such a grant; and

“(ii) for each successful applicant for such a grant, an explanation for the amount awarded, if different from the amount requested in the application.

“(F) BUDGET PLAN REVISIONS.—

Trade to give priority to STEP proposals from States that have a small number of small businesses that export or proposals that would assist rural, women-owned, and socially or economically disadvantaged small businesses.

This legislation will improve the implementation of the program by creating a standardized application process, increasing grant spending flexibility, improving communication between the SBA and States, and collecting performance metrics and reporting to Congress.

H.R. 6133 reinforces our commitment to seeing that the SBA fulfills its goals relating to the STEP program and maximizes every dollar to help small businesses reach their potential in the international market. The bill provides greater flexibility to State trade agencies and enhances accountability at the SBA—a balance that will greatly improve program functions.

Mr. Speaker, I thank the gentlewoman from Iowa (Ms. FINKENAUER), and the gentleman from Florida (Mr. SPANO), for their leadership on this bill. And I especially thank the chair of the Committee on Small Business for her guidance on the committee and the bipartisan work that we have done on this for such a long time.

Ms. VELAZQUEZ and I have had the opportunity to work on the committee for many years now, and it is truly one of the committee’s most important and that is why we have been able to pass such important legislation and work so hard on the PPP and other programs over the years.

Mr. Speaker, I thank the chairwoman, and I reserve the balance of my time.

Ms. VELAZQUEZ. Mr. Speaker, I yield as much time as she may consume to the gentlewoman from Iowa (Ms. FINKENAUER), the sponsor of the bill and chair of the Subcommittee on Rural Development, Agriculture, Trade, and Entrepreneurship.

Ms. FINKENAUER. Mr. Speaker, I thank Chairwoman VELAZQUEZ for yielding. It is an honor to get to serve on the Committee on Small Business with her, and I appreciate her support as we dive into these issues that are obviously of big importance to me and to my State of Iowa.

Mr. Speaker, that is why, today, I rise in support of the bipartisan State Trade Expansion Program Improvement Act.

As the Congresswoman from Iowa’s First Congressional District, I know firsthand that for our small businesses, the ability to access new markets and export goods promotes economic success at home and in our communities.

Given the importance of trade in my home State—especially for our farmers, small businesses, and manufacturers—I have made it a priority to improve and strengthen the State Trade Expansion Program. The State Trade Expansion Program gives small businesses the tools they need to start exporting and expanding into new markets. Many small businesses operate within razor-thin margins and have only a few employees. They don’t always have the resources to attend a trade show, design an international marketing campaign, or navigate foreign countries’ complex rules and regulations. That is where the State Trade Expansion Program comes in.

It is important that we reauthorize this program before it expires at the end of the month. At the same time, we also need to fix some of the program’s administrative challenges, which we have heard about from folks in Iowa and other stakeholders who have come before my subcommittee.

In the Rural Development, Agriculture, Trade, and Entrepreneurship Subcommittee that I chair with Ranking Member JOYCE from Pennsylvania, we held two hearings dedicated to better understanding and addressing challenges with the State Trade Expansion Program. I also held a roundtable in my district to hear from the Iowa Economic Development Authority, and small businesses have actually used this program.

What we heard was that the State Trade Expansion Program is a great resource for our State, but we also heard about confusing application processes, tight timelines, and poor communication from staff at the Small Business Administration.

That is why today, taking all of that feedback I have heard here in D.C. and back at home, I am proud we are here to pass the bipartisan STEP Improvement Act of 2020.

This bill would reauthorize the State Trade Expansion Program for 4 more years and make improvements; like creating a standard timeframe for applications; opening up more channels for input and communication between the Small Business Administration and the States; and collecting better data on how the program helps small businesses, which is the ultimate goal here.

I want to thank Congressman Ross SPANO from Florida, whom I worked with on introducing this bipartisan legislation, as well as Congressman Jim HAGEDORN from Minnesota for co-sponsoring this bill.

I will also note that this legislation passed through the House Small Business Committee unanimously. I want to thank my Republican and Democratic colleagues for working together and supporting this bill.

I urge all Members of this body to join Congressmen SPANO, HAGEDORN, and me in supporting this bill.

Mr. CHABOT. Mr. Speaker, I yield such time as he may consume to the gentlewoman from Florida (Mr. SPANO), who is the ranking member of the Investigations, Oversight, and Regulations Subcommittee.

Mr. SPANO. Mr. Speaker, I always appreciate coming to the floor to talk about the good bipartisan work that we do in the Small Business Committee. It truly has been an honor serving on that committee this term.

I rise today in support of H.R. 6133, the STEP Improvement Act of 2020, which would reauthorize the SBA’s State Trade Expansion Program, or STEP, for the next 4 years.

The program helps small exporters expand their markets, grow their businesses, and create new American jobs. Fiscal year 2019, STEP helped small businesses export over $974 million in goods and services, which yielded a 54-to-1 return on investment.

The program enhances State and Federal export efforts, facilitates coordination of services, and expands the resources available to our Nation’s small businesses.

Last year, the committee held a series of hearings to evaluate the STEP program. In March 2019, representatives from the U.S. Government Accountability Office and the SBA’s Office of Inspector General identified program management weaknesses and recommended reforms.

In June 2019, we received testimony from State administrators and small businesses that have successfully utilized STEP funds. Our committee has carefully reviewed oversight reports and stakeholder feedback to determine the appropriate path in this reauthorization.

With these recommendations in mind, H.R. 6133 streamlines the program’s administration from the application process to the reporting requirements.

Thousands of our small businesses are competing in the global economy through the STEP program. Now more than ever, we need to support small businesses as our economy is recovering.

In my home State of Florida, more than 55,000 small businesses export their goods and services, and this program will help them and their employees.

In passing H.R. 6133, we maximize the potential of our small exporters.

Thank you to the gentlewoman from Iowa (Ms. FINKENAUER) for working with me on this piece of legislation and her commitment to bipartisan cooperation.

I urge my colleagues to support this bill.

Mr. CHABOT. Mr. Speaker, I yield myself the balance of my time for the purpose of closing.

Mr. Speaker, the SBA’s STEP program provides financial awards to State and territory governments to assist small businesses with export development.

The financial support that STEP provides helps small businesses to learn how to export, participate in foreign trade missions and trade shows, and design international marketing products or campaigns.

It is a commonsense, bipartisan piece of legislation. I urge my colleagues to
support it, and I yield back the balance of my time.

Ms. VELAZQUEZ. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, small businesses are truly the bedrock of the American economy. Unsurprisingly, foreign markets are essential to their growth. While more and more of our local businesses are making inroads abroad, they are not without challenges.

International trade has always been a complex undertaking, dependent on global macroeconomic trends as well as country-specific trade policies and resources.

Regardless, it is critical entrepreneurs can compete in this marketplace. Doing so gives them access to more customers, which in turn fuels growth and generates jobs here at home.

H.R. 6133, the STEP Improvement Act of 2020, will go a long way to ensuring this recovery and success of our Nation’s small businesses. By reauthorizing and modernizing STEP, this legislation guarantees that States and their entrepreneurs will face fewer obstacles to participation and greater opportunities to expand their businesses through exporting. This bill is needed now more than ever as the world seeks to recover from the COVID-19 pandemic and subsequent economic fallout.

Once again, I applaud my esteemed colleagues, Representative FINKENauer and Representative SPANO, for their hard work on this legislation. I commend the ranking member and his staff for their commitment to advancing this legislation in a bipartisan manner.

I urge my colleagues to support this legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Ms. VELAZQUEZ) that the House suspend the rules and pass the bill. H.R. 6133.

The question was taken; and (two-thirds voting in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

MICROLOAN IMPROVEMENT ACT OF 2020

Ms. VELAZQUEZ. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 6133) to amend the Small Business Act to optimize the operations of the microloan program, lower costs for small business concerns and intermediary participants in the program, and for other purposes.

The Clerk reads the title of the bill.

The text of the bill is as follows:

H.R. 6079
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

The SPEAKER pro tempore. Pursuant to the rule, the Chairman from New York (Ms. VELAZQUEZ) and the gentleman from Ohio (Mr. CHABOT) will each control 20 minutes. The Chair recognizes the gentlewoman from New York.

Ms. VELAZQUEZ. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include an extraneous material on the measure under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Ms. VELAZQUEZ. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of the bill before us today, H.R. 6079, the Microloan Improvement Act of 2020, a bill that makes important improvements to the SBA’s microloan program.
Many entrepreneurs lack the experience as business owners, which is needed to demonstrate their creditworthiness to conventional lenders. We have heard time and again the heart-wrenching stories from entrepreneurs about the challenges they face, not just securing capital, but also operating their businesses.

While the SBA has numerous programs designed to meet each of these challenges, the microloan program is unique in that it provides entrepreneurs with both the affordable capital needed to start up and the technical assistance needed to boost their ability to succeed and repay.

This is a key resource for startup, newly established, and growing small businesses. It has provided millions of dollars in financing and technical assistance to small businesses and entrepreneurs since its inception.

By providing loans to nonprofit intermediaries, which in turn lend funds to the smallest of small businesses, the program helps borrowers streamline their operations, grow to profitability, and create new jobs.

The microloan program was a critical piece of the puzzle to grow the Nation’s entrepreneurs before the pandemic. It is now more important than ever to strengthen and modernize the program so that we face a sustained economic recession in the middle of a global pandemic.

Earlier this Congress, the Subcommittee on Economic Growth, Tax and Capital Access under the leadership of Mr. ANDY KIM held a hearing on the microloan program where we heard from a panel of intermediaries who reported that some of the program’s rules, largely unchanged since 1991, are outdated and restricting them from meeting today’s demand for startup financing and providing more technical assistance.

In response, Mr. KIM worked hard with Mr. BURCHETT to craft the Microloan Improvement Act of 2020, a series of reasonable proposals designed to update the program’s rules and ultimately help microloan intermediaries extend more affordable capital to first-time entrepreneurs.

Just a few of the central changes in the bill include eliminating an outdated and onerous rule that has restricted the ability of high-volume intermediaries to meet demand in their respective States, lowering interest rates for eligible intermediaries, and extending repayment terms in a tiered manner to provide greater flexibility to businesses.

These changes are long overdue, and I am pleased that we are taking a vote on them today.

Finally, I want to thank Mr. KIM and Mr. BURCHETT for their hard work and applaud their efforts to make bipartisan improvements to this valuable program. I recommend a “yes” to all my colleagues in the House, and I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, in order to assist small-dollar borrowers, the SBA offers the microloan program, where small businesses can receive loans of up to $50,000 or less from nonprofit intermediaries. By providing loans to nonprofit intermediaries to deliver technical assistance and counseling to small business borrowers. This twofold approach has proven again and again to provide lower-dollar borrowers a leg up in starting or sustaining their small businesses. The program registered record highs in fiscal year 2019, with over 5,500 loans approved for over $80 million.

I want to thank the gentleman from New Jersey (Mr. KIM) and the gentleman from Tennessee (Mr. BURCHETT) working for a bipartisan manner to introduce H.R. 6079, the Microloan Improvement Act of 2020.

This bill builds on the strengths of the program by introducing flexibility and more features for small-dollar borrowers to utilize as they move through the microloan lending process. H.R. 6079 allows microloan intermediaries the ability to offer lines of credit within the microloan program and increases the outstanding limit for each microloan intermediary as the SBA offers the microloan program.

Additionally, H.R. 6079 replaces the outdated and burdensome one-fifty-fifth rule that prevents microloan intermediaries from accessing the program in the first two fiscal quarters of each year with a reserve fund that ensures both large and small States have the ability to utilize the program.

Finally, H.R. 6079 introduces a flexible grant process that has the potential to reward extra assistance to each microloan intermediary if such assistance continues.

I fully support this commonsense legislation, and I urge my colleagues to vote “yes.”

Mr. Speaker, I reserve the balance of my time.

Ms. VELAZQUEZ. Mr. Speaker, I have no further speakers, and I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, I have no further speakers, and I reserve the balance of my time.

Mr. Speaker, I urge my colleagues to support this bipartisan legislation. Microloans offered by the SBA ensure that the many small businesses that got their start with an SBA microloan.

Despite this success, and like any other Federal program, it must be periodically reviewed and modernized. This bill does just that and ensures the microloan program will remain flexible for intermediaries and borrowers, helping to ease access to the program for even more aspiring entrepreneurs.

I want to applaud the work by the gentleman from New Jersey and the gentleman from Tennessee for their bipartisan work on the microloan program.

Mr. Speaker, I encourage all my colleagues to vote “yes,” and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New York (Ms. VELAZQUEZ) that the House suspend the rules and pass the bill, H.R. 6079.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed. A motion to reconsider was laid on the table.

NORTHERN MARIANA ISLANDS SMALL BUSINESS DEVELOPMENT ACT

Ms. VELAZQUEZ. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 6021) to amend the Small Business Act to ensure that the Commonwealth of the Northern Mariana Islands is eligible for certain Small Business Administration programs, and for other purposes.

The Clerk read the title of the bill. The text of the bill is as follows: H.R. 6021

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.

SECTION 1. SHORT TITLE.

This Act may be cited as the “Northern Mariana Islands Small Business Development Act.”

SEC. 2. ELIGIBILITY OF THE COMMONWEALTH OF THE NORTHERN MARIANA ISLANDS FOR CERTAIN SMALL BUSINESS ADMINISTRATION PROGRAMS.

The Small Business Act is amended—

(1) in section 21(a) (15 U.S.C. 638(a)—
Ms. VELAZQUEZ. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the measure under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Ms. VELAZQUEZ. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 6021, the Northern Mariana Islands Small Business Development Act.

There are 1,700 small businesses with 18,000 employees in the Commonwealth of the Northern Mariana Islands, yet these businesses are the only ones in the United States that are ineligible for the SBA’s Small Business Development Center, or SBDC, and Federal and State Technology, or FAST, partnership programs.

The SBDC program provides free or low-cost counseling and training services to thousands of entrepreneurs and small business owners each year, and the FAST partnership program provides funding to increase the number of Small Business Innovation Research and Small Business Technical Transfer applications and better prepare applicants for success.

The Commonwealth of the Northern Mariana Islands, which rely heavily on tourism, has not been immune from the economic devastation resulting from the pandemic. Moreover, it has been trying to rebuild from two catastrophic typhoons that wreaked havoc on the country in October 2018.

By extending SBA’s SBDC and FAST programs to the Commonwealth of the Northern Mariana Islands, Congress will extend valuable opportunities for small business owners and aspiring entrepreneurs to receive support from qualified counselors on how to launch and grow their small businesses as well as recover from the economic catastrophes.

In March, H.R. 6021 was unanimously approved by the House Small Business Committee, and I commend the sponsors of the legislation, Mr. Sablan and Mrs. Radewagen, for raising this inequity to the committee.

The dedication they have shown to creating greater parity to the entrepreneurs in all territories shows exactly how small business issues are neither Democratic nor Republican issues; they are American issues.

Mr. Speaker, I urge all my colleagues to join me in supporting the small business owners and entrepreneurs of the Commonwealth of the Northern Mariana Islands by voting in favor of H.R. 6021.

Mr. Speaker, I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, I yield myself such time as I may consume.

This bill amends the Small Business Act to allow the Commonwealth of the Northern Mariana Islands to establish a lead Small Business Development Center, or SBDC, and to be eligible for the same funding as the other lead SBDCs across our Nation.

Additionally, H.R. 6021 waives the requirement that the new SBDC be established at a higher education institution because the Commonwealth of the Northern Mariana Islands does not have a college or university to operate an SBDC on campus.

The Northern Mariana Islands’ 55,000 inhabitants would also have access to SBA programs as any other American citizen, and this bill ensures that they do. It is a very simple, bipartisan, and just piece of legislation. I urge my colleagues to support it, and I reserve the balance of my time.

Ms. VELAZQUEZ. Mr. Speaker, I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, I yield myself such time as I may consume.

We have no further speakers on our side, so I am prepared to close.

I would like the thank gentleman from the Northern Mariana Islands (Mr. Sablan) and the gentlewoman from American Samoa (Mrs. Radewagen) for their leadership on this issue.

The legislation is long overdue, and I am happy to support the bill. I urge my colleagues to support the bill as well, and I yield back the balance of my time.

Ms. VELAZQUEZ. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I just urge support of this bill. It corrects an inequity, and I am so proud that, under my leadership and the ranking member, we are providing access to all the programs under the Small Business Administration for the small businesses in the Northern Mariana Islands.

Mr. Speaker, I yield back the balance of my time.

Mr. SABLAN. Mr. Speaker, my legislation, H.R. 6021, ensures the 1,700 small businesses in my district can receive assistance through grants from the Small Business Development Center (SBDC) program and through FAST, the Federal and State Technology program.

The Northern Mariana Islands is the only place in the U.S. not included in these Small Business Administration (SBA) programs, which help small businesses access the knowledge and capital needed to grow and compete successfully for federal contracting opportunities.

H.R. 6021, the Northern Mariana Islands Small Business Development Act, would correct that by ensuring Marianas businesses access the same funding as their counterparts across the nation.

The Small Business Committee unanimously reported the bill favorably in March.

Under my legislation, the Marianas can apply to establish a Lead SBDC, which would allow available renewable funding to expand the reach and capacity of the existing SBDC service center on Saipan. With additional funding, small businesses on Saipan, Tinian and Rota will have better access to free or low-cost services such as incubator workspaces for entrepreneurs, business planning, operations, and other areas required for small business growth and success.

H.R. 6021 would also help our small businesses participate in federal research and development opportunities. The legislation does this by including the Marianas in the SSA’s FAST program which funds outreach and assistance to small businesses interested in competing for the Small Business Innovation Research and Small Business Technology Transfer programs.

I express my support for H.R. 6079, the Micronesian Improvement Act, being considered by the House. The Act includes a provision from my bill, H.R. 2603, which provides Marianas small businesses access to the SBA’s Microloan program. SBA microloans provide up to $50,000 typically not offered by banks for working capital or the acquisition of materials, supplies, or equipment.

The program also provides marketing, management, and technical assistance to assist the women, low-income, veteran entrepreneurs in my district.

I ask my colleagues to support H.R. 6021 and H.R. 6079, so we can be sure that all small businesses in our country can fully benefit from the SBA’s programs, regardless of where in our nation they happen to operate.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Ms. Velázquez) that the House suspend the rules and pass the bill, H.R. 6021.

The question was taken; and (two-thirds being in the affirmative) the motion to suspend the rules and pass the bill was agreed to.

A motion to reconsider was laid on the table.
MS. VELÁZQUEZ. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 6078) to amend the Small Business Act to increase transparency and to enhance the use of microloans in rural areas, and for other purposes, as amended.

The Clerk read the title of the bill. The text of the bill is as follows:

H.R. 6078

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled:

SECTION 1. SHORT TITLE.

This Act may be cited as the “Microloan Transparency and Accountability Act of 2020.”

SEC. 2. ASSISTANCE FOR INTERMEDIARIES SERVING RURAL AREAS.

Section 7(m) of the Small Business Act (15 U.S.C. 636(m)(i)) is amended—

(1) by redesigning subparagraphs (A) through (F) as clauses (i) through (vi), respectively, and adjusting the margins accordingly;

(2) by redesigning clause (iv), as so redesignated, to read as follows:

"(iv) the term ‘economically distressed area’, as used in paragraph (4), means a county or equivalent division of local government of a State in which the small business concerns located in or served by one or more residents of an economically distressed area; or"

"(III) a portfolio of loans made under this subsection of which not less than 25 percent is serving rural areas during the period of the intermediary’s participation in the program;"

and

(2) in paragraph (1)—

(A) in subparagraph (C)(i), by striking all after the semicolon and inserting “and”; and

(B) by striking all after subparagraph (C), and inserting the following:

"(D) the average size of each microloan, including—"

"(i) the number of underserved borrowers, as defined by the Administration, participating in the microloan program;

"(ii) the average rate of interest for each microloan;

"(iii) the average amount of fees charged for each microloan;

"(iv) the average size of each microloan, including—"

"(I) the number of loans made in an amount greater than $20,000; and

"(II) the average size and charge-off rate of such loans;

"(v) the subsidy cost to the Administration;

"(vi) the number and percentage of microloans that were made to refinance other loans;

"(vii) the number and percentage of microloans made to new program participants and the number and percentage of microloans made to previous program participants;

"(viii) an analysis of compliance by intermediaries with the credit availability requirements of paragraph (3)(E) for loans in an amount greater than $20,000;

"(ix) the extent to which microloans are provided to small business concerns in rural areas;

"(x) the number of underserved borrowers, as defined by the Administration, participating in the microloan program;"

and

(3) by adding after clause (vi) the following new clauses:

"(x) the number of underserved borrowers, as defined by the Administration, participating in the microloan program;"

"(xi) the average number of lenders and the number and percentage of microloans that were made to refinance other loans;

"(xii) the average amount of fees charged for each microloan;

"(xiii) the average size of each microloan, including—"

"(I) the number of loans made in an amount greater than $20,000; and

"(II) the average size and charge-off rate of such loans;

"(xiv) the subsidy cost to the Administration;

"(xv) the number and percentage of microloans that were made to refinance other loans;

"(xvi) the number and percentage of microloans made to new program participants and the number and percentage of microloans made to previous program participants;"

and

"(xvii) the average amount of technical assistance grant monies spent on each loan; and"

(4) by striking all after the period of the intermediary’s participation in the program and inserting the following:

"; and

"(B) PRIVACY.—Each report submitted under subparagraph (A) shall not contain any personally identifiable information of any borrower.

Mr. Speaker, I applaud our bipartisan and, more importantly, our commitment to America’s small businesses. I urge all of my colleagues to vote ‘yes,’ and I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I want to again thank the chair, Ms. VELÁZQUEZ, for working in a bipartisan manner on all four of these bills, and that is why both Republicans and Democrats support all four, because we really are working together, and that is good for the country.

Mr. Speaker, to enhance the dissemination of microloans in rural areas and to increase transparency, this bill, H.R. 6078, the Microloan Transparency and Accountability Act of 2020, was introduced by the gentleman from Tennessee (Mr. BURCHETT) and the gentleman from New Jersey (Mr. KIM).

In order to meet the needs of low-dollar borrowers, the SBA offers the microloan program. As with all the SBA financial assistance programs, the SBA does not make a microloan directly to a small business. Rather, it makes direct loans to a nonprofit, called a microloan intermediary. The intermediary, in turn, makes loans of up to $50,000 to borrowers and is required to provide technical assistance to its borrowers through a technical assistance grant.

The average loan within the microloan program is approximately $14,500, and the program has grown from approving over 3,500 loans for a total of $52 million in fiscal year 2015 to approving over 5,000 loans—$33 million for the current fiscal year.

H.R. 6078, the Microloan Transparency and Accountability Act of 2020, increases transparency for the growing microloan program and enhances microloan options for rural areas. Specifically, H.R. 6078 requires the SBA to perform an annual portfolio risk analysis to examine defaults and charge-off rates to ensure taxpayer money is safeguarded.

Ms. VELÁZQUEZ. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the measure under consideration.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from New York (Ms. VELÁZQUEZ) and the gentleman from Ohio (Mr. CHABOT) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.
Additionally, to enhance the dissemination of rural loans, the bill introduces an opportunity for an intermediary that currently makes at least 25 percent of its loans to a small business serving rural areas the ability to receive a 5 percent bonus technical assistance grant.

Mr. Speaker, I would again like to thank Mr. BURCHETT and Mr. Kim for working together to protect American taxpayer dollars and to ensure our rural communities have the ability to utilize this program to its fullest.

Mr. Speaker, I fully support this bipartisan legislation. I urge my colleagues to vote “yes,” and I reserve the balance of my time.

Ms. VELÁZQUEZ. Mr. Speaker, I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, I yield such time as he may consume to the gentleman from Tennessee (Mr. BURCHETT). I thank him for his leadership in pushing this legislation.

Mr. BURCHETT. Mr. Speaker, I thank Chairwoman VELÁZQUEZ and Ranking Member CHABOT for this opportunity as a freshman. It doesn’t escape me that you all have allowed me to move forward with a meaningful piece of legislation, as a freshman, and I can assure you that the people I represent thank you all very much.

Mr. Speaker, small businesses, whether in urban centers or rural areas, deserve access to small business administration resources.

The Microloan Transparency and Accountability Act is strong, bipartisan legislation that improves rural access to the SBA microloan program and will help ensure that community-based businesses, and not just the heavy hitters, have access to needed resources.

As a former local mayor, I know the difference that access to loans, even small ones, can make for our American mom-and-pop shops.

Unfortunately, Mr. Speaker, rural small businesses often don’t get enough consideration from microloan providers. To incentivize interest in supporting our rural small businesses, this legislation would establish a 5 percent technical assistance grant for intermediaries who make 25 percent of their loans to these small businesses. Rural small businesses will have more opportunities to grow and innovate with the help of this legislation.

This bill also improves transparency within the SBA microloan program so American taxpayers know their dollars are being invested responsibly. Under this legislation, Mr. Speaker, the SBA would update Congress with a portfolio risk analysis of microloans on an annual basis.

Mr. Speaker, I encourage my colleagues to support this bill and the steps it takes to promote fair access to finance for every American small business. I am proud to work with my friend Representative Kim on this bill, and I thank him for his efforts to get it across the finish line. I also thank the chairwoman and the ranking member.

Ms. VELÁZQUEZ. Mr. Speaker, I have no further speakers. I reserve the balance of my time.

Mr. CHABOT. Mr. Speaker, I yield myself the balance of my time.

The recent growth of the SBA’s microloan program has shown how beneficial it can be to small-dollar borrowers. Not only does this bill make the program more valuable to small firms located in rural areas, it also increases transparency, allowing future Congresses with important information to help guide policy decisions.

This is a bipartisan, good government piece of legislation that deserves each Member’s support.

I thank Mr. BURCHETT and Mr. Kim for their leadership. I once again thank Representative VELÁZQUEZ for, as always, working together with us in a bipartisan fashion. I very much appreciate that.

Mr. Speaker, I yield back the balance of my time.

Ms. VELÁZQUEZ. Mr. Speaker, I yield myself the balance of my time.

Oftentimes, the biggest barrier to entrepreneurship is accessing affordable capital. But for many entrepreneurs, access to expert advice can give them an added boost and the skills needed to grow a sustainable business.

To that end, the microloan program leverages the network of nonprofit intermediary lenders, many of them CDFIs, who have deep roots in the local community, are committed to economic development, and offer technical business and marketing assistance for these small businesses.

This bill will go a long way in helping these microlenders reach more businesses, rural areas, which, in turn, will stimulate the local economy. It also mandates reporting on the program’s effectiveness so our committee can continue to oversee the program and make necessary modifications to further improve the program.

Again, thank you to Representative BURCHETT and Representative Kim for collaborating on the bill before us today. I also thank the ranking member, Mr. CHABOT, and his staff for working with us in a bipartisan manner, not just on this piece of legislation, but on all the bills we have brought to the floor today.

Mr. Speaker, I urge my colleagues to vote “yes,” and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Ms. VELÁZQUEZ) that the House suspend the rules and pass the bill, H.R. 6078, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended, and the bill, H.R. 6078, as amended, was passed.

A motion to reconsider was laid on the table.
The Congressional Budget Justification Transparency Act is a long overdue reform to ensure that the Congress and the public can understand the full scope of the Federal budget.

This bipartisan bill will make it possible for the public and every Member of Congress to find and compare the annual budget justification and supporting materials that each agency prepares and sends to Congress.

Taxpayers should know how agencies plan to spend their hard-earned money. Last year, the Federal Government spent more than $4.4 trillion. We have transparency tools like USAspending.gov to track Federal spending after Congress appropriates taxpayer dollars. However, the annual Federal agency budget justifications provide detailed and plain-language explanations of how agencies plan to spend congressionally appropriated funds.

In other words, an agency Congressional Budget Justification provides the necessary details in context to actually understand how agency missions connect to eventual Federal spending. Currently, agencies send these plans directly to congressional appropriators.

However, if the rest of us wish to review these valuable government budget materials, we are left to manually search through hundreds of individual agency websites.

This bipartisan bill solves this problem by requiring the budget justifications of every agency be publicly available at a central, single website.

The bill would require the Office of Management and Budget to provide a comprehensive list of each agency’s budget justification with a stable link to where the documents are published on agency websites.

This way Congress and the public can know that they are looking at the complete picture of the budget request materials.

Each agency would also be required to publish their materials at a consistently named web address to further simplify the public’s discovery of these budget documents.

The bill would also require the U.S. Treasury to centrally publish all materials themselves on USAspending.gov as open data.

USAspending is a current one-stop shop for the public to find information on how the government is using their tax dollars.

It tracks all Federal spending activity, as required by the 2014 DATA Act, which is an example of the strong bipartisan work the House Committee on Oversight and Reform and Congress has accomplished in the past.

Adding congressional budget justifications to USAspending.gov for future generations will provide greater context to Federal spending information.

Mr. Speaker, I encourage my colleagues to support this bipartisan bill, and I reserve the balance of my time.
Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, if the gentleman from Pennsylvania has no further speakers, I am prepared to close. I reserve the balance of my time.

Mr. KELLER. Mr. Speaker, I have no further speakers, and I yield myself the balance of my time.

Mr. Speaker, I would be remiss without mentioning another interesting benefit of the Congressional Budget Justification Transparency Act.

Thanks to another law that the House Oversight and Reform Committee has previously produced in the last Congress, the 2018 Good Accounting Obligation in Government Act, congressional budget justifications also list unimplemented inspector general audit and GAO report recommendations.

Therefore, H.R. 4894 will also centralize documents containing valuable IG and GAO recommendations for the public and Congress to easily find.

This will empower better oversight over a sprawling and complicated Federal Government. I hope we can continue to find ways to continue building on such good government reforms in a bipartisan fashion.

Mr. Speaker, I strongly urge my colleagues to support this commonsense legislation, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I likewise, urge passage of H.R. 4894, as amended, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, H.R. 4894, as amended.

Mrs. MALONEY. The question was taken.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.

CHARGING HELPS AGENCIES REALIZE GENERAL EFFICIENCIES ACT

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (S. 2193) to require the Administrator of General Services to issue guidance to clarify that Federal agencies may pay by charge card for the charging of Federal electric motor vehicles, and for other purposes. The Clerk read the title of the bill.

This Act may be cited as the “Charging Helps Agencies Realize General Efficiencies Act” or the “CHARGE Act.”

SEC. 2. PAYMENT BY CHARGE CARD FOR CHARGING FEDERAL ELECTRIC MOTOR VEHICLES.

(a) DEFINITIONS.—In this Act—

(1) the term “Administrator” means the Administrator of General Services;

(2) the term “charge card”—

(A) means a card, plate, coupon book, or other means existing for the purpose of obtaining money, property, labor, or services; and

(B) includes—

(i) a card issued under the GSA SmartPay program; and

(ii) a Fleet Services card;

(3) the term “covered electric motor vehicle” means a passenger carrier that is—

(A) a passenger motor vehicle; and

(B) an electric motor vehicle;

(4) the term “electric motor vehicle” has the meaning given the term in section 601 of the Energy Policy Act of 1992 (42 U.S.C. 13271); and

(b) GUIDANCE.—Not later than 180 days after the date of enactment of this Act, the Administrator shall issue guidance to clarify that each Federal agency may, in accordance with section 1344(h) of title 31, United States Code.

With that size and reach comes impact and opportunity. SmartPay actively supports the goal of incorporating electric, hybrid, and hydrogen fuel cell vehicles into this fleet, yet it is not clear that it can be used to pay for charging electric vehicles.

S. 2193 would reinforce this goal by requiring GSA to issue guidance clarifying that authorized Federal employees can pay for charging electric vehicles using SmartPay, just as they can for refueling conventional motor vehicles.

The Federal Government must lead the nation in embracing technology and innovations that address society’s gravest threats. Climate change is at the top of that list, challenging us all to do better.

If we can rise to this challenge by investing in strategic industries, workforce training, and solutions, we can rise from this crisis as a safer, stronger, more prosperous Nation.

I am firmly committed to cutting-edge, solutions-oriented policies that support our progress toward a Federal fleet of the future that is clean, green, and efficient.

Mr. Speaker, I applaud S. 2193 for its important contribution toward this goal, and I reserve the balance of my time.

Mr. KELLER. Mr. Speaker, I yield myself such time as I may consume.

I rise in support of S. 2193, the Charging Helps Agencies Realize General Efficiencies Act, or CHARGE Act.

The CHARGE Act would direct the General Services Administration to allow Federal employees to use official Federal travel charge cards to pay for electric vehicle recharging at commercial charging stations.

This simple change would help Federal Government employees take greater advantage of Federal electric motor vehicle fleet vehicles while traveling for official business.

By ensuring the government can utilize expanding commercial charging stations, we can help drive down costs to the taxpayer and avoid the need for the government to buy and maintain more electric vehicle charging stations.

If Federal employees must use their travel charge cards to refuel their traditional vehicles, they should also be allowed to use these same cards to refuel or charge their electric vehicles.

This is a commonsense and easy step toward modernizing the Federal Government and granting more flexibility to Federal employees.
As an added benefit, according to the Congressional Budget Office, this new policy will not cost the American taxpayers anything to implement.

Further, this new flexibility for the Federal Government and its employees to utilize electric vehicles could help bolster the American market for electric vehicles.

As we have learned throughout the coronavirus pandemic, American manufacturing is vitally important to our success in this Nation. By allowing the increased use of electric vehicles in America, we can secure all the American ingenuity and innovation that comes with the vehicles of the future.

Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

MRS. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge passage of S. 2193, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New York (MRS. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, S. 2193.

The question was taken.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, on that I demand the yeas and nays.

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.

INTERNET OF THINGS CYBERSECURITY IMPROVEMENT ACT OF 2020

SEC. 1. SHORT TITLE.
This Act may be cited as the “Internet of Things Cybersecurity Improvement Act of 2020” or the “IoT Cybersecurity Improvement Act of 2020”.

SEC. 2. SENSE OF CONGRESS.

It is the sense of Congress that—
(1) ensuring the highest level of cybersecurity and resilience in the executive branch is the responsibility of the President, followed by the Director of the Office of Management and Budget, the Secretary of Homeland Security, and the head of each such agency;
(2) this responsibility is to be carried out by working collaboratively within and among agencies in the executive branch, industry, and academia;
(3) the strength of the cybersecurity of the Federal Government and the positive benefits of digital technology transformation depend on proactively addressing cybersecurity throughout the acquisition and operation of Internet of Things devices by the Federal Government; and
(4) consistent with the second draft National Institute for Standards and Technology Interagency or Internal Report 8219, Key Guidelines and Recommendations for IoT Device Manufacturers: Foundational Activities and Core Device Cybersecurity Capability Baseline”, published in January 2020, Internet of Things devices are devices that—
(A) have at least one transducer (sensor or actuator) for interacting directly with the physical world through an interface, and are not conventional Information Technology devices, such as smartphones and laptops, for which the identification and implementation of cybersecurity features is already well understood; and
(B) can function on their own and are not only able to function when acting as a component of another device, such as a processor.

SEC. 3. DEFINITIONS.
In this Act:
(1) AGENT.—The term “agency” has the meaning given that term in section 3502 of title 44, United States Code.

(2) DIRECTOR OF OMB.—The term “Director of OMB” means the Director of the Office of Management and Budget.

(3) DIRECTOR OF THE INSTITUTE.—The term “Director of the Institute” means the Director of the National Institute of Standards and Technology.

(4) INFORMATION SYSTEM.—The term “information system” has the meaning given that term in section 3502 of title 44, United States Code.

(5) NATIONAL SECURITY SYSTEM.—The term “national security system” has the meaning given that term in section 3552(b)(8) of title 44, United States Code.

(6) OPERATIONAL TECHNOLOGY.—The term “operational technology” means hardware and software that detects or causes a change through the direct monitoring or control of physical devices, processes, and events in the enterprise.

(7) SECRETARY.—The term “Secretary” means the Secretary of Homeland Security.

(8) SECURITY VULNERABILITY.—The term “security vulnerability” has the meaning given that term in section 102(17) of the Cybersecurity Information Sharing Act of 2015 (6 U.S.C. 1501(17)).

SEC. 4. SECURITY STANDARDS AND GUIDELINES FOR AGENCIES ON USE AND MANAGEMENT OF INTERNET OF THINGS DEVICES.
(a) NATIONAL INSTITUTE OF STANDARDS AND TECHNOLOGY DEVELOPMENT OF STANDARDS AND GUIDELINES FOR USE OF INTERNET OF THINGS DEVICES BY AGENCIES.—

(1) IN GENERAL.—Not later than 90 days after the date of enactment of this Act, the Director of the Institute shall develop and publish under section 28 of the National Institute of Standards and Technology Act (15 U.S.C. 278q-3) standards and guidelines for the Federal Government on the appropriate policy or principle issued by the Director of OMB under paragraph (1) shall apply to national security systems.

(b) REVIEW.—In reviewing agency information security policies and principles under paragraph (1) and issuing policies and principles under such paragraph, as may be necessary, the Director of OMB shall—
(A) consult with the Director of the Cybersecurity and Infrastructure Security Agency of the Department of Homeland Security; and

(B) ensure such policies and principles are consistent with the information security requirements under subchapter II of chapter 35 of title 44, United States Code.

(c) QUINQUENNAL REVIEW AND REVISION.—
(1) REVIEW AND REVISION OF NIST STANDARDS AND GUIDELINES.—Not later than 5 years after the date on which the Director of the Institute publishes the standards and guidelines under subsection (a), and not less frequently than once every 5 years thereafter, the Director of the Institute shall—
(A) review such standards and guidelines; and

(B) revise such standards and guidelines as appropriate.

(2) UPDATED OMB POLICIES AND PRINCIPLES FOR AGENCIES.—Not later than 180 days after the Director of the Institute makes a review pursuant to paragraph (1), the Director of OMB, in consultation with the Director of the Cybersecurity and Infrastructure Security Agency of the Department of Homeland Security, shall update or policy or principle issued under subsection (b)(1) as necessary to ensure those policies and principles are consistent with the review and any revisions under paragraph (1) under this subsection and paragraphs (2) and (3) of subsection (b).
(d) **Revision of Federal Acquisition Regulation.**—The Federal Acquisition Regulation shall be revised as necessary to implement any standards and guidelines promulgated in this section.

**SEC. 5. GUIDELINES ON THE DISCLOSURE PROCESS FOR SECURITY VULNERABILITIES RELATING TO INFORMATION SYSTEMS, INCLUDING INTERNET OF THINGS DEVICES.**

(a) In General.—Not later than 180 days after the date of the enactment of this Act, the Director of the Institute, in consultation with such cybersecurity researchers and private sector experts as the Director considers appropriate, and in consultation with the Secretary, shall develop and publish under section 20 of the National Institute of Standards and Technology Act (15 U.S.C. 278g–3) guidelines—

(1) for the reporting, coordinating, publishing, and receiving of information about—

(A) a security vulnerability relating to information systems owned or controlled by an agency (including Internet of Things devices owned or controlled by an agency); and

(B) the resolution of such security vulnerability; and

(2) for a contractor providing to an agency an information system (including an Internet of Things device) at any tier providing such information system to such contractor on—

(A) receiving information about a potential security vulnerability relating to the information system; and

(B) disseminating information about the resolution of a security vulnerability relating to an information system owned or controlled by an agency (including an Internet of Things device); and

(c) incorporate guidelines on—

(1) to the maximum extent practicable, be aligned with industry best practices and Standards 29147 and 30111 of the International Standards Organization (or any successor thereto) or any other appropriate, relevant, and widely used standard;

(2) incorporate guidelines on—

(A) receiving information about a potential security vulnerability relating to an information system owned or controlled by an agency (including an Internet of Things device); and

(B) disseminating information about the resolution of a security vulnerability relating to an information system owned or controlled by an agency (including Internet of Things device); and

(d) be consistent with the policies and procedures produced under section 2009(m) of the Homeland Security Act of 2002 (6 U.S.C. 650m).

(c) **Information Items.**—The guidelines published under subsection (a) shall include example content, on the information items that should be reported, coordinated, published, or received pursuant to this section by a contractor, or any subcontractor thereof at any tier, providing an information system (including Internet of Things device) to the Federal Government.

(d) **Oversight.**—The Director of OMB shall oversee the implementation of the guidelines published under subsection (a).

(e) **Operational and Technical Assistance.**—The Secretary, in consultation with the Director of OMB, shall administer the implementation of the guidelines published under subsection (a) and provide operational and technical assistance in implementing such guidelines.

**SEC. 6. IMPLEMENTATION OF CoORDINATED DISCLOSURE OF SECURITY VULNERABILITIES RELATING TO AGENCY INFORMATION SYSTEMS, INCLUDING INTERNET OF THINGS DEVICES.**

(a) **Agency Guidelines Required.**—Not later than 2 years after the date of the enactment of this Act, the Director of OMB, in consultation with the Secretary, shall develop and oversee the implementation of policies, principles, standards, or guidelines as may be necessary to address security vulnerabilities of information systems (including Internet of Things devices).

(b) **Operational and Technical Assistance.**—(1) In General.—The Secretary shall ensure that the assistance provided under subsection (b) is consistent with applicable standards and publications developed by the Director of the Institute.

(c) **Consistency with Guidelines from National Institute of Standards and Technology.**—The Secretary shall ensure that the assistance provided under subsection (b) is consistent with applicable standards and publications developed by the Director of the Institute.

(d) **Revision of Federal Acquisition Regulation.**—The Federal Acquisition Regulation shall be revised as necessary to implement the provisions under this section.

**SEC. 7. CONTRACTOR COMPLIANCE WITH COORDINATED DISCLOSURE OF SECURITY VULNERABILITIES RELATING TO AGENCY INTERNET OF THINGS DEVICES.**

(1) **Prohibition on Procurement and Use.**—

(1) in General.—The head of an agency may not—

(A) procure or obtain, or

(B) use an Internet of Things device, if the Chief Information Officer of that agency determines that—

(i) the number and type of each Internet of Things device for which a waiver under section 6(b)(1) was granted during the 2-year period prior to the submission of the report; and

(ii) the legal authority under which each such waiver was granted, such as whether the waiver was granted pursuant to subparagraph (B) of section 6(b)(1) of this Act.

(2) **Classification of Report.**—Each report submitted under this subsection shall be submitted in unclassified form, but may include a classified annex that contains the information described under paragraph (1)(C).

(3) **Effective Date.**—The prohibition under subsection (a)(1) shall take effect 2 years after the date of the enactment of this Act.

**SEC. 8. GOVERNMENT ACCOUNTABILITY OFFICE REPORT ON CYBERSECURITY CONSIDERATIONS STEMMING FROM THE CONVERGENCE OF INFORMATION TECHNOLOGY, INTERNET OF THINGS, AND OPERATIONAL TECHNOLOGY DEVICES, NETWORKS, AND SYSTEMS.**

(a) **Briefing.**—Not later than 1 year after the date of the enactment of this Act, the Comptroller General of the United States shall provide a briefing to the Committee on Oversight and Reform of the House of Representatives, the Committee on Homeland Security and the Committee on Homeland Security and Governmental Affairs of the Senate on broader Internet of Things efforts, including projects designed to assist in managing potential security vulnerabilities associated with the use of traditional information technology devices, networks, and systems.

(1) Internet of Things devices, networks, and systems;

(2) operational technology devices, networks, and systems.

(b) **Report.**—Not later than 2 years after the date of enactment of this Act, the Comptroller General shall submit a report to the Committee on Oversight and Reform of the House of Representatives, the Committee on Homeland Security of the House of Representatives, and the Committee on Homeland Security and Governmental Affairs of the Senate on broader Internet of Things efforts addressed in subsection (a).

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Pennsylvania (Mr. KELLER) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks and include extraneous material on the measure before us.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself as much time as I may consume.

Mr. Speaker, I thank Representatives KELLY and HURD for introducing the bill before us, which has garnered strong support from both sides of the aisle.

As technology evolves rapidly, this bill will help safeguard our Federal
workforce, systems, and data from the very real cyber threats posed by the commonplace, everyday devices and items that make up the Internet of Things.

Since 2014, there have been more devices connected to our networks and in use than there are people on this planet.

Our committee has conducted extensive work this Congress to address the silent war of cyberattacks that American governments, companies, and citizens face. Research reports indicate that 25 percent of those attacks target these types of devices.

Without adequate standards and protections in place, these devices can be compromised, hijacked, and utilized for surveillance, disruption, denial-of-service, or ransomware attacks.

Currently, there are no national standards to ensure the security of these connected devices. H.R. 1668 would establish minimum cybersecurity standards for such devices that are owned by the Federal Government, based on guidelines set by the National Institute of Standards and Technology.

This bill will also require contractors or vendors to notify the Federal Government when discovering a known or suspected security vulnerability.

H.R. 1668 recognizes that protecting our Nation from cyber threats is an ongoing interactive process that requires established baseline standards and constant vigilance.

Mr. Speaker, I support this bill, and I reserve the balance of my time.

Mr. KELLY. Mr. Speaker, I yield myself such time as I may consume.

I rise in support of H.R. 1668, the Internet of things, or IoT, Cybersecurity Improvement Act of 2019.

Our Nation’s use of technology has shifted dramatically in recent years. Internet of Things, or IoT, devices have found their way into nearly every aspect of our lives, work, and now government.

A recent Congressional Research Service report cites market estimates that, by 2023, there will be more than 21.5 billion internet-connected devices.

IoT devices, such as smart TVs and appliances, home security systems, thermostats, and many other home and work devices, are now connected to the internet. This offers ever-increasing gateways into our most valuable networks through our weakest technology devices.

We traditionally think of computing devices such as computers, smartphones, and tablets as our primary interface with the internet. These computing devices in Federal use have securely designed, mature, and powerful operating systems. However, IoT devices normally have less computing power and, therefore, security capabilities than traditional computing devices.

As our society has embraced the convenience of IoT devices, we have also created more entry points to the internet and our networks for malicious actors to exploit. For example, building elevators, HVAC, lighting, audio-video, fire suppression, and even security systems are now capable of being monitored and updated remotely through networks.

IoT devices play an integral role with industrial and manufacturing infrastructures. They can be potentially manipulated in a manner that can put our security at risk.

With new technology capabilities come new cyber vulnerabilities that can be taken advantage of in unpredictable ways.

But why are we talking about IoT devices here in Congress? Well, Congress, and the House Oversight and Reform Committee, in particular, have the responsibility to ensure appropriate oversight of the technology that our Federal Government procures and the security of our Federal networks.

The IoT Cybersecurity Improvement Act will ensure that any security gaps in Internet of Things devices are promptly and currently identified and addressed by the National Institute of Standards and Technology.

It then requires that the Office of Management and Budget develop and establish a minimum cybersecurity infrastructure for such devices. This is a critical move for securing our Federal networks.

In summary, this bill will help improve the mechanisms protecting the Nation’s use of cybersecurity infrastructure as new technology devices are increasingly used by Federal agencies.

Lastly, H.R. 1668 would ensure that proper disclosure mechanisms exist to report and fix newly discovered security vulnerabilities related to the government’s use of IoT devices.

In summary, this bill will help improve the mechanisms protecting the Nation’s use of the cybersecurity infrastructure as new technology devices are increasingly used by Federal agencies.

Mr. Speaker, I encourage my colleagues to support this bill. I reserve the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield 5 minutes to the gentlewoman from Illinois (Ms. KELLY). Representative KELLY from Illinois is an outstanding member of our Committee on Oversight and Reform.

Ms. KELLY of Illinois. Mr. Speaker, I thank the chairwoman for yielding.

Mr. Speaker, in October 2017, the IT Subcommittee held a hearing on cybersecurity of the Internet of Things. This hearing was largely held in response to the Mirai botnet, a massive Distributed Denial of Service, or DDoS, attack, which left the internet inaccessible for much of the East Coast.

IoT devices have processing power and an internet connection, but often have little security and no built-in ability to be patched remotely. IoT devices can range from your home routers, security cameras, and baby monitors to smart appliances and industrial sensors.

During the Mirai attack, hackers attempted to log in to common devices using 51 known password combinations that are frequently used as a default for IoT devices and never changed. This tactic gave them access to hundreds of thousands of unsecured IoT devices.

This attack served as a wake-up call. In 2018, Lieutenant General Robert Ashley, DIA Director, described the exploitation of insecure IoT devices as "one of the two most important emerging cyber threats to our national security." This is why I urge my colleagues to support this bipartisan legislation.

During the hearing and subsequent process, we learned that the U.S. Government is purchasing these IoT devices without a standard for security to prevent them from being used in such an attack or used as an unauthorized access point to our Government networks.

Bipartisan and bicameral conversations necessitated the introduction of this legislation.

H.R. 1668, the IoT Cybersecurity Improvement Act, aims to address supply chain risk to the Federal Government stemming from insecure IoT devices. By establishing light-touch, minimum security requirements for procurement of connected devices by the government, this bill has two main focuses: ensuring the government is purchasing secure devices and resolving critical vulnerabilities to existing devices.

Building upon the amazing work over at NIST, the bill has NIST-published guidelines on the appropriate use and management of Internet of Things devices owned or controlled by a government agency. At a minimum, it will address secure development, identity management, patching, and configuration management for IoT devices.

Following this, OMB will take these guidelines and issue policies and principles consistent with the current law.

To ensure these devices stay secure, this bill creates a coordinated vulnerability disclosure program to receive information about a device’s related vulnerabilities.

To improve U.S. cybersecurity and the security of American citizens, agencies would be prohibited from purchasing devices that fail to comply with the minimum security policies and vulnerability disclosure guidance.

Throughout the entire process, I have worked hard to ensure that the requirements of this bill do not impede the valuable efforts of NIST or CISA. Both agencies have been issuing excellent guidance on IoT devices and Coordinated Vulnerability Disclosures, and they should be commended for their proactive work and their engagement with me and my team during this process.

This bill offers Congress the opportunity to secure our Federal infrastructure from threats, both foreign
and domestic. We cannot wait as more devices are connected to government networks that could potentially become part of a botnet or an entryway for hackers.

I want to thank everyone: experts, industry leaders, civil society leaders, and my colleagues who made comments and helped us craft a bill that is bipartisan and solves a real problem.

Finally, I have been proud to work with my friend and colleague WILL HURD on this legislation. He has worked with my friend and colleague bipartisan and solves a real problem.

What we are about to do today wouldn’t have been possible without my friend and partner from the great State of Illinois, Representative ROBIN KELLY. We have had a lot of fun together and passed a lot of legislation together.

I want to also thank the Committee on Oversight and Reform staff for helping to perfect this legislation. If it weren’t for you all, we couldn’t have gotten to this point.

I hope all my colleagues join us in supporting this legislation.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, if the gentleman has no further speakers, I am prepared to close. I reserve the balance of my time.

Mr. KELLER. Mr. Speaker, I yield myself such time as I may consume.

We often talk about the need for government to be a responsible steward of taxpayer dollars. This responsibility of stewardship extends to safeguarding the public’s data and government systems.

With H.R. 1668, we can take positive steps to secure the devices that connect to and interact with our valuable Federal government networks. These same networks enable critical government missions and protect America’s valuable information.

I urge my colleagues to support this bill, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge passage of H.R. 1668, as amended, and I yield back the balance of my time.

The SPEAKER pro tempore. The question was taken; and (two-thirds being in the affirmative) the question of passing the bill, H.R. 1668, as amended, was passed.

The title of the bill was amended so as to read: “A bill to establish minimum security standards for Internet of Things devices owned or controlled by the Federal Government, and for other purposes.”

A motion to reconsider was laid on the table.

AI IN GOVERNMENT ACT OF 2020

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 2575) to authorize an AI Center of Excellence within the General Services Administration, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

SEC. 2 DEFINITIONS.

In this Act—

(1) the term “AI CoE” means the AI Center of Excellence described in section 3;

(2) the term “agency” has the meaning given the term in section 3502 of title 44, United States Code;

(3) the term “AI Center of Excellence” means an organization described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from taxation under section 501 of that Code.

SEC. 3. AI CENTER OF EXCELLENCE.

(a) IN GENERAL.—There is created within the General Services Administration a program to be known as the “AI Center of Excellence”, which shall—

(1) facilitate the adoption of artificial intelligence technologies in the Federal Government;

(2) improve cohesion and competency in the adoption and use of artificial intelligence within the Federal Government; and

(3) carry out paragraphs (1) and (2) for the purpose of benefiting the public and enhancing the productivity and efficiency of Federal Government operations.

(b) DUTIES.—The duties of the AI CoE shall include—

(1) regularly convening individuals from agencies, industry, Federal laboratories, nonprofit organizations, institutions of higher education, and other entities to discuss recent developments in artificial intelligence, including the dissemination of information regarding programs, pilots, and other initiatives at agencies, as well as recent trends and relevant information on the understanding, adoption, and use of artificial intelligence;

(2) collecting, aggregating, and publishing on a publicly available website information regarding programs, pilots, and other initiatives led by other agencies and any other information determined appropriate by the Administrator;

(3) advising the Administrator, the Director, and agencies on the acquisition and use of artificial intelligence through technical insight and expertise, as needed; and

(4) assist agencies in applying Federal policies regarding the management and use of data in applications of artificial intelligence; (5) consulting with agencies, including the Department of Defense, the Department of Commerce, the Department of Energy, the Department of Homeland Security, the Office of Management and Budget, the Office of the Director of National Intelligence, and the Office of Management and Budget.

Mr. KELLER. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. The question was taken; and (two-thirds being in the affirmative) the question of passing the bill, H.R. 1668, as amended, was passed.

The title of the bill was amended so as to read: “A bill to establish minimum security standards for Internet of Things devices owned or controlled by the Federal Government, and for other purposes.”

A motion to reconsider was laid on the table.

AI IN GOVERNMENT ACT OF 2020

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 2575) to authorize an AI Center of Excellence within the General Services Administration, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 2575

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.

SECTION 1. SHORT TITLE.

This Act may be cited as the “AI in Government Act of 2020”.

SEC. 2. DEFINITIONS.

In this Act—

(1) the term “AI CoE” means the AI Center of Excellence described in section 3;

(2) the term “agency” has the meaning given the term in section 3502 of title 44, United States Code;

(3) the term “AI Center of Excellence” means an organization described in section 501(c)(3) of the Internal Revenue Code of 1986 and exempt from taxation under section 501 of that Code.
the National Science Foundation, that operate programs, create standards and guidelines, or otherwise fund internal projects or coordinate between the public and private sector on the use of artificial intelligence.

(6) advising the Director on developing policy related to the use of artificial intelligence by agencies; and

(7) advising the Administrator of the Office of Science and Technology Policy on developing policy related to research and national investment in artificial intelligence.

c. STAFF.

(1) IN GENERAL.—The Administrator shall provide necessary staff, resources, and administrative support for the AI CoE.

(2) SHARED STAFF.—To the maximum extent practicable, the Administrator shall meet the requirements described under paragraph (1) by using staff of the General Services Administration, including those from other agency centers of excellence, and detailees, on a reimbursable or nonreimbursable basis, from other agencies.

(3) FELLOWS.—The Administrator may, to the maximum extent practicable, appoint fellows to participate in the AI CoE from nonprofit organizations, think tanks, institutions of higher education, and industry.

(d) SUNSET.—This section shall cease to be effective and the Administrator shall—

(1) inform the development of policies regarding Federal acquisition and use by agencies requiring that agencies identified or enabled by artificial intelligence, including an identification of the responsibilities of agency officials managing the use of such technologies.

(2) recommend approaches to remove barriers for use by agencies of artificial intelligence technologies in order to promote the innovation of those technologies while protecting civil liberties, civil rights, and economic and national security;

(3) provide a template of the required content of the agency plans described in subsection (a); and

(4) provide a template of the required contents of the agency plans described in subsection (a).

(b) PUBLIC COMMENT.—To help ensure public trust in the applications of artificial intelligence, the Director shall issue a draft version of the memorandum required under subsection (a) for public comment not later than 180 days after date of enactment of this Act.

(c) PLANS.—Not later than 180 days after the date on which the Director issues the memorandum required under subsection (a) or an amendment thereto under subsection (d), the head of each agency shall submit to the Director and post on a publicly available page on the website of the agency—

(1) a plan to achieve consistency with the memorandum; or

(2) a written determination that the agency does not use and does not anticipate using artificial intelligence.

(d) UPDATES.—Not later than 2 years after the date on which the Director issues the memorandum required under subsection (a), and every 2 years thereafter for 10 years, the Director shall issue updates to the memorandum.

SEC. 5. UPDATE OF OCCUPATIONAL SERIES FOR ARTIFICIAL INTELLIGENCE.

(a) IN GENERAL.—Not later than 180 days after the date of enactment of this Act, and in accordance with chapter 51 of title 5, United States Code, the Director of the Office of Personnel Management shall—

(1) identify key skills and competencies needed for positions related to artificial intelligence;

(2) establish an occupational series, or update and improve an existing occupational job series, to include positions the primary duties of which relate to artificial intelligence;

(3) to the extent appropriate, establish an estimate of the number of Federal employees in positions related to artificial intelligence, by each agency; and

(4) using the estimate established in paragraph (3), prepare a 2-year and 5-year forecast of the number of Federal employees in positions related to artificial intelligence that each agency will need to employ.

(b) PLAN.—Not later than 120 days after the date of enactment of this Act, the Director of the Office of Personnel Management shall submit to the Committee on Homeland Security and Governmental Affairs of the Senate and the Committee on Oversight and Reform of the House of Representatives a comprehensive plan with a timeline to complete requirements described in subsection (a).

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.

GENERAL LEAVE

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks and include extraneous material on the measure before us.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

I thank Representative MCMINN and former Ranking Member Meadows for introducing the Artificial Intelligence in Government Act.

As the President confronts historic challenges and resource constraints due to the coronavirus pandemic, artificial intelligence can provide innovative solutions to help agencies fulfill their missions and is critical to broader IT modernization efforts.

H.R. 2575 would create the Artificial Intelligence Center of Excellence at the General Services Administration, advancing the acquisition and implementation of AI technologies throughout the Federal Government by providing expertise, best practices, and support.

The bill would improve cohesion and competency around Federal use and adoption of AI by requiring agencies that use or plan to use such technologies to submit a memorandum to the Director of OMB demonstrating compliance with relevant guidelines. It also would require the Office of Personnel Management to evaluate AI workforce needs and provide an up-to-date occupational series for these skills.

If we are to maintain our leadership and competitive edge globally, America must prioritize these mission-critical capabilities and begin strategic implementation across Federal agencies. We also must ensure that AI is deployed with an unwavering commitment to cybersecurity, data security and integrity, ethics, privacy, and the protection of the constitutional rights of our citizens.

Mr. Speaker, I support this bill, and I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

Mrs. CAROLYN B. MALONEY of New York (Mrs. CAROLYN B. MALONEY): Pursuant to section 801 of H.R. 2575, the AI in Government Act.

Artificial intelligence, or AI, has the potential to improve our Federal workforce’s productivity and to solve complex government challenges.

AI can also free Federal workers from mundane tasks, giving them time for more challenging work. In fact, a Deloitte report from 2017 estimated that the Federal Government could potentially save 1.2 billion employee labor-hours by automating certain tasks. That could potentially save the Federal Government up to $1 billion, annually.

Artificial intelligence tools can also free Federal workers from mundane tasks, giving them time for more challenging work. In fact, a Deloitte report from 2017 estimated that the Federal Government could potentially save 1.2 billion employee labor-hours by automating certain tasks. That could potentially save the Federal Government up to $1 billion, annually.

AI can also improve Federal policy decisions by presenting new insights and improving the quality of information available to decisionmakers.

AI represents a force multiplier benefitting the American people in an era of soaring Federal deficits and increasing complexity of various Federal agency missions and programs. The taxpayers should especially benefit from a smarter, more effective government.

The good news is that the government agencies are well on their way to embracing the benefits of artificial intelligence technology solutions. A 2018 survey by IBM found that nearly half of the responding Federal agencies already incorporated AI solutions.

The Trump administration has already made advancement of AI a national priority. In February of 2019, President Trump issued the executive order on “Maintaining American Leadership in Artificial Intelligence.”

The executive order promotes national research and development efforts for a workforce that meets AI technology standards. However, it did not go as far as to establish the necessary accountability or governing policies.
for Federal agencies using AI tools. But the AI in Government Act does, because, along with the potential of AI, there are attending concerns and considerations regarding its ethical use which must be taken into account to maintain the trust and confidence of the American people.

H.R. 2575 ensures proper oversight over the government’s increasing use of AI. The bill requires the Office of Management and Budget and the Office of Science and Technology Policy to issue a memorandum to agencies to inform the development of agency AI policy plans. These agency plans will provide greater insight into agency AI activities and will ensure public accountability over how Federal agencies incorporate AI tools into their mission delivery and decisionmaking.

Mr. Speaker, we must tap into the benefits AI has to offer, and, with this bill, we can do it with proper oversight and accountability. I urge my colleagues to support this bill, and I reserve the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as he may consume to the gentleman from California (Mr. McNERNET).

Mr. Speaker, I thank the ranking member and chairwoman of the committee for their support of this bill, and all members of the committee.

The work of the Federal Government impacts every single American. Artificial intelligence presents many opportunities for the Federal Government to be better able to serve all Americans.

There are also certain risks that AI presents. As Federal agencies adopt AI technology, it is critical that they are equipped with the expertise and tools they need to succeed and that they address the potential risks of adopting this technology. That is why this legislation is critical. It will help Federal agencies scale AI adoption in a smart and responsible way.

First, this legislation will create a Center of Excellence within the General Services Administration. The Center of Excellence will provide a pool of AI experts within the Federal Government that can help agencies adopt AI and will also help better coordinate AI adoption across the Federal Government.

Second, this legislation will require agencies to develop governance plans to guide their AI adoption and use. These governance plans must address privacy and civil liberties considerations. The goal of these governance plans is to ensure agencies adopt and use AI in a responsible manner.

Third, this legislation will make it easier for the Federal Government to attract AI talent by establishing a new occupational series for AI experts.

As co-chair of the Congressional AI Caucus, I have heard about the different ways in which our Federal agencies are adopting and looking to adopt AI to improve their operations and to be able to more effectively serve Americans. Some of these include the Food and Drug Administration, the Department of Energy, the Department of Defense, the USDA, the Veterans Affairs Administration, the Department of Labor, and the Environmental Protection Agency. The AI in Government Act will enable these Federal agencies and others to scale AI adoption, while reducing and addressing the potential risks of using AI.

I again want to thank Chairwoman MALONEY and the Oversight Committee staff for working with me and my staff on this important bill.

I also want to thank Senators PORTMAN, HARRIS, and GARDNER for their leadership on this bill in the Senate.

I urge my colleagues to vote “yes” on this legislation.

Mr. CLOUD. Mr. Speaker, artificial intelligence is leading to breakthroughs in productivity in industries across the Nation such as science, transportation, healthcare, and education. The American people deserve a government that takes full advantage of modern technology in a responsible manner.

H.R. 2575 will help assure the proper governance and oversight over the Federal Government’s use of a rapidly advancing and promising technology area.

Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge passage of H.R. 2575, as amended, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by Mrs. MALONEY of New York (Mrs. CAROLYN B. MALONEY) to the effect that the House agree to the amendment offered by Mr. CLOUD of Texas, and the House resolve itself into the Committee of the Whole House on the State of the Union.

Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 5317, to designate the facility of the United States Postal Service located at 315 Addicks Howell Road in Houston, Texas, as the Deputy Sandeep Singh Dhaliwal Post Office Building.

Sandeep Singh Dhaliwal was born in Punjab, India, before his parents decided to emigrate to Houston, Texas. Before joining the Harris County Sheriff’s Office, Deputy Dhaliwal owned a successful trucking business.

It was his sense of duty and a desire to build a bridge between the department and the Houston area Sikh community that compelled him to join the Sheriff’s office.

He joined the force as a detention officer in 2009 and was later deputized and graduated to the rank of patrol deputy. He was assigned to northwest Harris County where he would stay for the rest of his career.

Deputy Dhaliwal was the first observer Sikh to serve in the Harris County Sheriff’s Office and was one of the first observant Sikhs in Texas to receive an accommodation to observe his religion while serving as a police officer.

He served with distinction and was a shining example of the important contributions that religious minorities make to our country.

Deputy Dhaliwal also spent countless hours volunteering for Sikh communities across the Nation.

Tragically, he was shot and killed while conducting a routine traffic stop. He was only 42 years old and is survived by his wife and three children.

Naming a post office in his honor is a fitting tribute to a man who served selflessly, made the ultimate sacrifice for his community, and left this country a better place.

I would like to thank the honorable Member from Texas, Representative...
FLETCHER, for this legislation to honor a dedicated public servant and trailblazer for the rights of religious minorities.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 5317 which would name a post office in my home State of Texas after Deputy Sandeep Singh Dhaliwal.

In the month of November 2018, Dhaliwal was shot and killed from behind during a routine traffic stop leaving behind a wife and three daughters.

Mr. Speaker, I urge my colleagues to support this legislation honoring a local hero and his sacrifice and to revere the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield such time as she may consume to the distinguished gentlewoman from the great State of New York. Mr. Speaker, I urge passage of H.R. 5317, and I yield back the balance of my time.

Mr. Speaker, I thank Chairwoman CAROLYN B. MALONEY for all of her efforts to bring this important bill to the floor of this House.

As we reach this sad anniversary for our community, I am grateful that this bill to pay tribute to Deputy Dhaliwal is a solemn reminder of the risks assumed by police officers daily in serving and protecting our communities.

Renaming this post office facility in his honor will serve as a permanent reminder of Deputy Dhaliwal’s commitment to and sacrifice for the community that he lived in and served. It will show that we stand in solidarity with the people of Houston, of Harris County, and the Sikh community across the country as they celebrate the life and mourn of one of this remarkable and selfless hero.

Mr. Speaker, I thank Chairwoman MALONEY for her support of this important bill. I thank my colleagues in Texas for joining me in urging Congress to recognize Deputy Dhaliwal’s sacrifice for the community by designating this post office facility in his honor.

Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge passage of H.R. 5317, and I yield back the balance of my time.

Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4672) to designate the facility of the United States Postal Service located at 27101 Stevens Creek Boulevard in Cupertino, California, as the “Petty Officer 2nd Class (SEAL) Matthew G. Axelson Post Office Building.”

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York for General Leave?

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 4672 to designate the facility of the United States Postal Service located at 27101 Stevens Creek Boulevard in Cupertino, California, as the Petty Officer 2nd Class (SEAL) Matthew G. Axelson Post Office Building.

Petty Officer Axelson was born June 25, 1976, in Cupertino, California. He was raised locally and graduated from Monta Vista High School in 1994.

Petty Officer Axelson attended California State University at Chico and graduated with a degree in biological science. He joined the Navy in 2000 and went on to earn a position as a member of its elite special warfare team, the SEALs.

Within a few short months after he was deployed to Afghanistan, Petty Officer Axelson and two other members of his unit were ambushed and killed by enemy forces in June of 2005. The surviving member of his team would go on to write the book “Lone Survivor” that depicts the heroic actions of the four SEALs on that day.

Petty Officer Axelson was posthumously awarded the Navy Cross, the
second highest military award for valor in the United States. Naming a post office in his honor will serve as a tribute to a true American hero taken from us far too soon.

I would like to thank Representative KHANNA, a distinguished member of the Committee on Oversight and Reform, for this legislation to honor this American hero.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker. I rise in support of H.R. 4672 which would name a Cupertino, California post office after Petty Officer 2nd Class Matthew Axelson, a Navy SEAL.

Petty Officer Axelson was born and raised in Cupertino. After graduating from college, he joined the U.S. Navy, eventually earning a spot as an elite Navy SEAL serving on SEAL Team 10.

He was deployed to Afghanistan in 2005 and served as part of a four-man special reconnaissance element that participated in Operation Red Wings, a mission to locate and kill a high value Taliban leader in the Hindu Kush mountains. He and two other team members were killed in action as part of an ambush by enemy forces, but not until after the four-man group fought ferociously back against a significantly larger force. Axelson continued to fight alongside his teammates after being wounded in the head and chest, but he ultimately succumbed to his wounds. Axelson was posthumously awarded the Navy Cross, the second highest military award for valor.

The sole remaining survivor of the team wrote a book about the courageous actions of these men called “Lone Survivor” which was later turned into a movie of the same name.

Mr. Speaker, Petty Officer Axelson’s actions are a profile in courage. I urge my colleagues to support this legislation, and I yield back the balance of my time.

Mr. Speaker, today, I rise to urge passage of H.R. 4672, a bill to rename the downtown Oklahoma City Post Office in honor of Clara Luper.

Her initiative helped inspire the 1961 Greensboro, North Carolina, sit-in at the Woolworth’s lunch counter, which fueled momentum within the civil rights movement.

Ms. Luper continued her fight for freedom. She was arrested 26 times, twice for her participation at the University of Oklahoma by becoming its first African-American graduate of the master’s program and worked tirelessly across the State in pursuit of her vision for justice. We should commemorate this heroine of the civil rights movement by naming a post office in her honor.

Mr. Speaker, I thank the honorable gentlewoman and my very good friend from Oklahoma, Representative Horn, for this legislation to honor a heroine of the civil rights movement.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 5597 which would name a post office in Oklahoma after Clara Luper.

Luper believed that Oklahoma and the United States should be a place where everyone is treated equally with respect, dignity, and humanity.

In 1958, she and 14 of her NAACP youth council students organized one of the first U.S. sit-ins at a Katz Drug Store in Oklahoma. They tried to order a hamburger and soda knowing that they would be refused solely because of the color of their skin.

Though they were assaulted, they stayed with their cause. And within days, Katz Drug Stores integrated their lunch counters in Oklahoma and three other States.

This sit-in helped inspire the 1961 sit-ins at the Woolworth’s lunch counter in Greensboro, which was a critical moment during the civil rights movement.

Mr. Speaker, I urge my colleagues to support this legislation, and I reserve the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield as much time as she may consume to the gentlewoman from New York.

Ms. KENDRA S. HORN of Oklahoma. Mr. Speaker, I thank Chairwoman MALONEY for taking up this important bill to honor Clara Luper and her sacrifice.

Mr. Speaker, today, I rise to urge passage of H.R. 5597, a bill to rename the downtown Oklahoma City Post Office in honor of Clara Luper.

Clara Luper, known as the mother of Oklahoma’s civil rights movement was a teacher, a publisher, and so much more. On August 19, 1958, Luper and 13 NAACP youth council students led the Nation’s first lunch counter sit-in at Katz Drug Store in downtown Oklahoma City.

This sit-ins inspired similar action across the south during the civil rights movement, including the Woolworth’s lunch counter sit-in in Greensboro, North Carolina.
When Luper and the NAACP students sat down at that lunch counter, they knew they would be refused. They also knew what was on the line. In Ms. Luper’s words, “Within that hamburger, was the whole essence of democracy.”

Each day they returned to the drugstore with more people asking to be served. Though verbally and physically assaulted, they persisted. Sitting in peaceful protest, their fearlessness and determination resulted in Katz Drug Store’s integrating lunch counters, not just in Oklahoma City, but also in Missouri, Kansas, and Iowa. And they went on to integrate lunch counters and businesses throughout Oklahoma City.

Oklahoma City was ground zero for America’s civil rights movement, and we have a responsibility to share that story with the Oklahoma sit-in movement’s never lost. Renaming the downtown post office in honor of Clara Luper is just one small step we can take to honor those who struggled and fought for civil rights in Oklahoma and across the country.

We have come a long way because of the sacrifices of Clara Luper and those who worked in the civil rights movement, but there is much more work left to be done. This bill will take a step forward but, to me, the best way to mark this historic moment is to honor those who struggled and fought for civil rights in Oklahoma and across the country.

Today, 62 years after Clara Luper and the NAACP youth council students first sat down at Katz Drug Store to stand up for justice, she and the sit-ins are inspiring a new generation of Oklahomans to take action through peaceful protest, to challenge injustice and systemic racism.

Mr. Speaker, I hope the Clara Luper Post Office can stand as a testament to her enduring legacy, her courage, and her historic fight for justice, and I urge passage.

Mr. CLOUD. Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge passage of H.R. 5597, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, H.R. 5597.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

**REVEREND CURTIS WEST HARRIS POST OFFICE BUILDING**

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3847) to designate the facility of the United States Postal Service located at 117 West Poythress Street in Hopewell, Virginia, as the “Reverend Curtis West Harris Post Office Building”.

The Clerk read the title of the bill.

The text of the bill is as follows:

**SECTION 1. REVEREND CURTIS WEST HARRIS POST OFFICE BUILDING**

(a) DESIGNATION.—The facility of the United States Postal Service located 117 West Poythress Street in Hopewell, Virginia, shall be known and designated as the “Reverend Curtis West Harris Post Office Building”.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to refer to the “Reverend Curtis West Harris Post Office Building”.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.

**GENERAL LEAVE**

Mrs. CAROLYN B. MALONEY of New York. I ask unanimous consent that all Members may have 5 legislative days to mark this historic moment, and include extraneous material on this measure.

Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 3847, to designate the facility of the U.S. Postal Service located at 117 West Poythress Street in Hopewell, Virginia, as the “Reverend Curtis West Harris Post Office Building”.

Mr. Speaker, Reverend Curtis West Harris was born in Dendron, Virginia, on July 1, 1924. After graduating from Woodson High School and Virginia Union University, Reverend Harris began to work at the Allied Chemical Plant in Hopewell, Virginia. He successfully sued Allied Chemical after an executive order that prohibited discrimination at companies that received government contracts. This began Reverend Harris’ lifelong fight for social justice.

In 1990, he was sentenced to 60 days in jail for staging a sit-in at a segregated drugstore. He also protested the segregation of Hopewell’s cemetery and swimming pool. He joined the Southern Christian Leadership Conference’s national board and would eventually head the Virginia chapter.

During this time at SCLC, Reverend Harris became close to Reverend Dr. Martin Luther King and joined him on the 54-mile march from Selma to Montgomery.

Reverend Harris was an influential and well-respected member of the community.

Mr. Speaker, I urge my colleagues to support this legislation, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge passage of H.R. 3847, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, H.R. 3847.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.
In the wake of the Administration’s unprecedented attacks on the Postal Service, I am honored to endorse and underscore Ms. Maldonado’s altruistic spirit, fortitude, and commitment to public service via this designation at the facility on 165th Street.

This will stand forever in the community and hopefully a reminder—and perhaps a mandate—to the Postal Service employees working there, who I know will weather this Administration’s storm of punitive policies and will continue to dutifully serve the people of Washington Heights and New York City.

I want to thank my friend and fellow New Yorker, Chairwoman CAROLYN MALONEY, for her help in bringing this to the floor, Government Operations Subcommittee Chairman GERRY CONNOLLY, and the staff of the Committee on Oversight and Reform for helping us through this process.

The SPEAKER pro tempore (Mr. CASTEN of Illinois). The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN MALONEY) that the House suspend the rules and pass the bill, H.R. 3870.

The question is on the motion to reconsider laid on the table.

OFFICER ROBERT GERMAN POST OFFICE BUILDING

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5062) to designate the facility of the United States Postal Service located at 9930 Conroy Windermere Road in Windermere, Florida, as the “Officer Robert German Post Office Building”.

The Clerk reads the title of the bill.

The text of the bill is as follows:

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5062) to designate the facility of the United States Postal Service located at 9930 Conroy Windermere Road in Windermere, Florida, as the “Officer Robert German Post Office Building”.

The Clerk reads the title of the bill.

The text of the bill is as follows:
The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 5062, to designate the facility of the United States Postal Service located at 9930 Conroy Windermere Road in Windermere, Florida, as the Officer Robert German Post Office Building.

Robert German was born in Burlington, Ontario, on March 4, 1983. He moved with his family to central Florida at the age of 5.

After high school and college at South Georgia College, he moved back to central Florida to work in airport operations. There, he regularly worked with security and local police departments, which inspired him to serve his community by pursuing a career in law enforcement.

After graduating in 2007 from Seminole State College Law Enforcement Academy, Officer German decided to serve the town of Windermere, where he hoped the tight-knit community would allow him to build personal relationships with fellow officers and residents.

On the night of March 22, 2014, Officer German was shot and killed. His untimely death marks the first time in the history of the Windermere Police Department that an officer was slain in the line of duty.

Officer German exemplified the best of Windermere’s police department. Dedicating a post office after Officer German would honor his courage and dedication to his community.

I would like to thank the distinguished gentlewoman from Florida (Mrs. DEMINGS) for this legislation to honor a dedicated public servant taken in the line of duty.

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Virginia (Ms. SPANBERGER) for 2 minutes.

Ms. SPANBERGER. Mr. Speaker, I yield my time as I may consume.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 5062, which would name a Florida post office after Officer Robert German.

Robert German, affectionately known as Robbie, moved to central Florida when he was 5 years old. After graduating with a business degree, he began his career in airport operations, where he coordinated with security and police departments. These interactions inspired him to become a law enforcement agent.

Officer German was shot and killed in the line of duty on March 22, 2014. Officer German’s courage, dedication, and passion for his community are to be commended.

Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I likewise urge my colleagues to support H.R. 5062, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, H.R. 5062.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

**DOROTHY BRADEN BRUCE POST OFFICE BUILDING**

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4975) to designate the facility of the United States Postal Service located at 1201 Sycamore Drive in Midlothian, Virginia, as the “Dorothy Braden Bruce Post Office Building”.

The Clerk proceeded to read the bill.

The text of the bill is as follows:

**H.R. 4975**

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.*

**SECTION 1. DOROTHY BRADEN BRUCE POST OFFICE BUILDING.**

(a) DESIGNATION.—The facility of the United States Postal Service located at 1201 Sycamore Drive in Midlothian, Virginia, shall be known and designated as the “Dorothy Braden Bruce Post Office Building”.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the “Dorothy Braden Bruce Post Office Building”.

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from New York.

**GENERAL LEAVE**

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I ask unanimous consent to include extended remarks and include extraneous material on this measure.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 4975, to designate the facility of the United States Postal Service located at 1201 Sycamore Drive in Midlothian, Virginia, as the Dorothy Braden Bruce Post Office Building.

Dorothy Bruce served as a cryptanalyst with the U.S. Army Signal Corps’ Signal Intelligence Service during World War II.

Sworn to secrecy, Dorothy’s unit worked to disclose the locations of Japanese ships in the Pacific. Her unit also identified and intercepted enemy supply movements.

The contributions of Bruce and her unit were crucial in defeating the Axis Powers in the Pacific.

Bruce serves as a shining inspiration for women and girls pursuing careers in STEM fields.

I urge my colleagues to support this legislation, and I reserve the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield as much time as she may consume to the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

Mr. CLOUD. Mr. Speaker, I yield my time.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 4975, which would name a Virginia post office for Dorothy Braden Bruce.

Dorothy Braden Bruce served as a cryptanalyst with the U.S. Army Signal Corps’ Signal Intelligence Service during World War II.

For 70 years, Dorothy Braden Bruce—or Dot, as she was widely known—embodied the true spirit of central Virginia and our Commonwealth.

In World War II, Dorothy’s work to break Japanese codes was one of the most pivotal Allied code-breaking efforts in the war.

Having been recruited by the military to serve in a top-secret group of code-breaking women, she intercepted enemy movements, supply shipments, and potential threats to American servicemen.

For 70 years, Dorothy Bruce kept her story a secret. She had sworn an oath of secrecy. It wasn’t until an author reached out to her a few years ago that Dorothy’s unit was critical in discovering the locations of Japanese ships in the Pacific, identifying and intercepting enemy supply convoys and protecting the lives of countless American servicemen.

Dorothy passed away at the age of 99 last year.

Naming a post office after Dorothy Bruce will serve as a bright example for women and girls pursuing careers in science and math and will honor her remarkable service to the country in one of its darkest hours.

I want to thank the honorable Member from Virginia (Ms. SPANBERGER) for this legislation to honor one of our Nation’s quiet, unsung heroes.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield as much time as she may consume to the gentleman from Virginia (Ms. SPANBERGER), the sponsor of this incredibly important legislation.

Ms. SPANBERGER. Mr. Speaker, I appreciate the remarks of the gentlewoman from New York and the comments of the gentleman from Texas.

Mr. Speaker, I rise today in support of H.R. 4975.

Midlothian resident Dorothy Braden Bruce—or Dot, as she was widely known—embodied the true spirit of central Virginia and our Commonwealth.

For 70 years, Dorothy Bruce kept her story a secret. She had sworn an oath of secrecy. It wasn’t until an author reached out to her a few years ago that she
she learned that she could finally talk about her by-then classified work in the service of our country. It was at this time that even her grown children first learned of their mother's pivotal work.

Dorothy Bruce didn't ask for credit, and she didn't seek the limelight. She knew that she had protected the lives of American servicemen in the field of combat, and she knew their families were prospering and growing in the following decades, thanks to the diligence of her top-secret code-breaking unit. For her, that was an achievement worth celebrating, though quietly and secretly.

Meanwhile, Dorothy Bruce became a dedicated member of our central Virginia community. She worked as an educator, and she raised a loving family. Last year, she passed away at the age of 99.

This legislation honors Dorothy Braden Bruce’s life serving our country and her service to others across Virginia.

Her story continues to inspire, and that is why I am working to make sure our community will always remember Dorothy Bruce’s story and the stories of her fellow women code breakers.

My legislation would name the Syca-more Square post office in Midlothian, Virginia, near where she once lived at the Spring Arbor Assisted Living, after her.

With this bipartisan bill passing today, we are one step closer to future generations of trailblazers walking through the doors of the Dorothy Braden Bruce Post Office Building. I would like to thank every member of the Virginia delegation of the House for signing onto this bill at introduction in order to recognize Dorothy Bruce’s work.

She was a trailblazer. Her ingenuity and her determination as a code breaker did not just blaze a path for a generation of future code breakers and women in public service, but it saved thousands of American lives.

For women pursuing careers in science and math and intelligence, Dorothy is a reminder of the pioneering contributions of women in these fields throughout our Nation's history.

Today, I would also like to thank Dot’s loving family for their work to amplify her story and reaffirm the importance of the female code breakers of World War II. Their story is worth knowing and worth celebrating.

This bill is just a small act to remember and recognize Dorothy Braden Bruce’s remarkable life of courage, dedication, selflessness, and service to country.

Mr. CLOUD. Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I also urge passage of H.R. 4975, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, H.R. 4975.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 2969) to designate the facility of the United States Postal Service located at 1401 1st Street North in Winter Haven, Florida, as the Althea Margaret Daily Mills Post Office Building. The Clerk read the title of the bill. The text of the bill is as follows:

H.R. 2969

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, SECTION 1. ALTHEA MARGARET DAILY MILLS POST OFFICE BUILDING.

(a) DESIGNATION.—The facility of the United States Postal Service located at 1401 1st Street North in Winter Haven, Florida, shall be known and designated as the “Althea Margaret Daily Mills Post Office Building”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.

GENERAL LEAVE

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on this measure.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume. Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 2969, to designate the facility of the U.S. Postal Service located at 1401 1st Street North in Winter Haven, Florida, as the Althea Margaret Daily Mills Post Office Building.

Althea Mills began her education in Pughsville, which was Winter Haven’s first Black community. When she moved at the age of 13 to Pennsylvania to live with her grandmother, Mrs. Mills was able to attend integrated schools before returning to Winter Haven, which was not integrated.

In 1963, Ms. Mills filed a lawsuit against the Polk County Board of Education. The result of the lawsuit allowed her son to attend Winter Haven High School, which was all White at that time. Ms. Mills’ successful lawsuit would allow for the integration of all Polk County public schools.

Ms. Mills was also the first Black employee of the United States Postal Service in Winter Haven. She later worked to manage the Florence Villa Post Office.

Althea Mills passed away in 2008. Naming a post office after her would commemorate an unsung hero in the fight for desegregation in Florida and a trailblazer for civil rights who improved the lives of countless students.

I want to thank the distinguished gentleman from Florida for this bill to honor a great public servant and civil rights pioneer.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 2969, which would designate the facility of the United States Postal Service located at 1401 1st Street North in Winter Haven, Florida, as the Althea Margaret Daily Mills Post Office Building.

Althea Margaret Daily Mills had a crucial role in the desegregation of Florida. When asked about her motivation to challenge the Polk County Board of Public Instruction, Mills said: “Our instructors were just as good, but some of my son’s textbooks would go to page 29 and then skip to page 55. You can’t learn like that.” This lawsuit eventually led to the public integration of all Polk County public schools.

Mr. Speaker, I urge my colleagues to support this legislation, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge passage of H.R. 2969.

Mr. Speaker, I applaud my colleague, Congressman Soto, for this legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, H.R. 2969.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

JOHN HENRY TURPIN POST OFFICE BUILDING

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4034) to designate the facility of the United States Postal Service located at 600 Pacific Avenue in Bremerton, Washington, as the “John Henry Turpin Post Office Building”.

H4362 CONGRESSIONAL RECORD — HOUSE September 14, 2020
The Clerk read the title of the bill.
The text of the bill is as follows:

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge passage of this legislation to honor these fallen heroes.

Mr. Speaker, I would like to thank the honorable Member from Mississippi, Representative guest, for his legislation to honor these fallen heroes.

Mr. Speaker, I yield myself such time as I may consume.
Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 2246, which would name a Mississippi post office after three brave citizens who died in the line of duty.

Donald William Durr was a deputy in the Lincoln County Sheriff's Department when he was killed in the line of duty. Just prior to his passing, he had completed training to become a DARE officer and educator. He was also a talented musician and ventriloquist who enjoyed spending time with his family.

James White had only briefly been employed with the Brookhaven Police Department when he died in 2018. He had previously been employed with the Lawrence County Sheriff's Department, and before that, he was a soldier in the Army National Guard and served our country in Operation Iraqi Freedom. James was also a member of the Lincoln County Sheriff's Department. In his free time, he loved to spend time with his family and help out in his community.

Mr. Speaker, I urge my colleagues to support this legislation, and I reserve the balance of my time.

Mr. Speaker, I yield 3 minutes to the gentleman from Mississippi (Mr. GUEST).

Mr. GUEST. Mr. Speaker, today I rise in support of this legislation to dedicate this post office in the memory of three heroes who gave their lives in honorable service to their community.

Mr. CLOUD. Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

The SPEAKER pro tempore. The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

ERNEST "ERNIE" T. PYE POST OFFICE

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill, H.R. 4734, to designate the facility of the United States Postal Service located at 171 South Maple Street in Dana, Indiana, as the "Ernest 'Ernie' T. Pye Post Office".

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 4734  Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.  

SECTION 1. ERNEST "ERNIE" T. PYE POST OFFICE.  

(a) DESIGNATION.—The facility of the United States Postal Service located at 171 South Maple Street in Dana, Indiana, shall be known and designated as the "Ernest 'Ernie' T. Pye Post Office".

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the "Ernest 'Ernie' T. Pye Post Office".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentleman from New York.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks and include extraneous material.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New York?

There was no objection.

Mr. Speaker, I rise in support of H.R. 4734 to designate the facility of the United States Postal Service located at 171 South Maple Street in Dana, Indiana, as the Ernest Taylor Pye Post Office.

Ernest or "Ernie" Pyle began his career in media writing for Indiana University's campus student newspaper, the Indiana Daily Student.

Mr. Pyle took a job as a reporter for the La Porte Herald in Indiana, moving through a variety of publications, before working with the Scripps-Howard News Service where he covered aviation and travel throughout the 1930s.

But it was during World War II that Mr. Pyle made his greatest contributions to American journalism and the American war effort.

Beginning in 1942, Mr. Pyle began reporting from the front lines of both the Atlantic and Pacific theaters of war, bringing the experiences and stories of soldiers back home to America.

His simple storytelling style of writing and first-person perspectives endeared him to Americans back home and abroad alike.

His reporting led directly to congressional legislation that provided combat infantry with an additional $5 to $10 a month to compensate them for more dangerous positions. This benefit would eventually lead to the creation of combat pay as we know it today.

Through the course of the war, Mr. Pyle wrote and reported from the front lines in battles ranging from Anzio in Italy, to the beaches of Normandy on D-Day, to Okinawa in the Pacific.

On April 18, 1945, Mr. Pyle was reporting on the U.S. Army's 365th Infantry Regiment in the South Pacific when he was killed by enemy fire.

Following his death, President Harry Truman stated, "No man in this war has so well told the story of the American fighting man as American fighting men wanted it told."

Ernie Pyle was awarded the Pulitzer Prize for journalism for his correspondence in the war, as well as the Medal for Merit and the Purple Heart posthumously. Today his legacy lives on through his depictions of soldiers in World War II.
I thank the honorable gentleman from Indiana for this legislation to honor this American patriot and hero. Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself as much time as I may consume.

I rise in support of H.R. 4734, which would name an Indiana Post Office after Ernest T. Pyle.

Ernie Pyle was born near Dana, Indiana. After graduating from high school, he enlisted in the U.S. Naval Reserve before attending Indiana University. At Indiana University he studied economics and journalism and wrote for the student newspaper.

During World War II, Pyle served as a war correspondent. He reported from the front lines of both the Atlantic and Pacific theaters of war. His accounts from the front helped provide Americans with valuable unseen perspectives of war.

His reporting helped lead to the creation of combat pay. Near the end of the war in April 1945, Pyle was reporting on the island of Jejima when he was killed by a lone Japanese machine gunner. He was awarded the Pulitzer Prize for journalism, as well as the Medal for Merit and the Purple Heart posthumously.

Today his legacy lives on through the work of dedicated nonprofit organizations and in museums and libraries, such as the Ernie Pyle Library in New Mexico that has been designated a national historic landmark and the Ernie Pyle World War II Museum in his home town of Dana, Indiana, in my congressional district.

I am grateful to this body for taking up this legislation to honor the legacy of a great Hoosier and an American hero. I urge a ‘yes’ vote on this bill.

Mr. CLOUD. Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield 4 minutes to the gentleman from Indiana (Mr. BUCSHON).

Mr. BUCSHON. Mr. Speaker, I rise today in support of my bill, H.R. 4734, which will designate the United States Post Office at 171 South Maple Street in Dana, Indiana, as the Ernest ‘Ernie’ Taylor Pyle Post Office.

I was proud to introduce this legislation with the support of the entire Indiana delegation to honor the life and achievements of a great Hoosier.

Born in Dana, Indiana, on August 3, 1900, Ernie Pyle was one of the most beloved and impactful war correspondents in World War II. Beginning in 1942, Pyle began reporting from the front lines in battles ranging from Anzio in Italy, to the beaches of Normandy on D-Day, to Okinawa in the Pacific. It was here that he brought the experiences and stories of the everyday soldier back home to America. His simple storytelling style and first-person perspective endeared him to Americans back home and abroad alike.

While reporting from Italy, Pyle wrote in his column that "he was killed by a lone Japanese machine gunner." He was awarded the Pulitzer Prize for his war correspondence as well as the Medal for Merit and the Purple Heart posthumously.

Today his legacy lives on through the Ernie Pyle Library in New Mexico, which has been designated a national historic landmark.

Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge my colleagues to support this bill, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill, H.R. 4734.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

LANCE CORPORAL ANDY ‘ACE’ NOWACKI POST OFFICE

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3275) to designate the facility of the United States Post Office located at 340 Wetmore Avenue in Grand River, Ohio, as the ‘Lance Corporal Andy ‘Ace’ Nowacki Post Office’. The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 3275

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. LANCE CORPORAL ANDY ‘ACE’ NOWACKI POST OFFICE.

(a) DESIGNATION.—The facility of the United States Postal Service located at 340 Wetmore Avenue in Grand River, Ohio, shall be known and designated as the ‘Lance Corporal Andy ‘Ace’ Nowacki Post Office’.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the ‘Lance Corporal Andy ‘Ace’ Nowacki Post Office’.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentleman from New York.

Mr. CLOUD. Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on this measure.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 3275 to designate the facility of the U.S. Post Office located at 340 Wetmore Avenue, Grand River, Ohio, as the Lance Corporal Andy ‘Ace’ Nowacki Post Office Building.

Andy, known as Andy or Ace to those who knew him, learned the importance of duty, country, commitment and community at a young age, as his parents had many friends who were police officers and veterans.

Andy graduated from Brush High School in 1996 and joined the Marine Corps. Andy also attended the Cleveland Heights Police Academy becoming a patrolman for Grand River in 2001. He was a dedicated member of the Ready Response Team, the Honor Guard, and the Bike Patrol, always looking to protect and serve his community.

On February 26, 2005, he was killed by a roadside bomb on his second tour of duty in Iraq. He was serving as a gunner on a Humvee that was protecting a truck convoy south of Baghdad.

Andy bravely served his country and community, and his memory in both of these roles should be commended.

Mr. Speaker, I thank the distinguished Member from Ohio, Representative JOYCE, for his legislation to honor this American hero.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself as much time as I may consume.

I rise in support of H.R. 3275, which would name the United States Postal Service facility located at 340 Wetmore Avenue in Grand River, Ohio, as the Lance Corporal Andy ‘Ace’ Nowacki Post Office.

Known as Andy or Ace to his loved ones, he graduated from Brush High School in 1996 and joined the Marine Corps Reserve shortly after.

He attended the Cleveland Heights Police Academy and became a patrolman for Grand River in 2001. As a patrolman, he was a dedicated member of the Ready Response Team, the honor guard, and the bike patrol.

He was killed by a roadside bomb on his second tour in Iraq on February 26, 2005, as he served as a gunner on
Mr. Speaker, I reserve the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield 2½ minutes to the gentleman from Ohio (Mr. JOYCE).

Mr. JOYCE of Ohio. Mr. Speaker, I rise humbly by the opportunity before this House today to help preserve the legacy of a true American patriot and local hero in northeast Ohio, the late Lance Corporal Andrew Nowacki.

Lance Corporal Nowacki was tragically killed in action on February 26, 2005, while protecting his fellow marines during his second tour of duty in Iraq.

He was just 24 years old.

However, his dedication to protecting his community and serving his country made him a hero long before he gave his ultimate sacrifice in the name of freedom.

Andrew, known as Andy or Ace to those closest to him, graduated from Brush High School in 1998 and signed up for the Marine Corps Reserve shortly thereafter.

He later attended the Cleveland Heights Police Academy and joined the Grand River Police Department in 2001.

Always looking to protect and serve others, Andy was a dedicated member of the ready response team, the honor guard, and the bike patrol.

Andy’s commitment to community, dedication to service, and desire to help others is something we should forever remember.

My bill, H.R. 3275, would rename the United States Post Office located at 100 Crosby Street in Mansfield, Louisiana, as the “Dr. C.O. Simpkins, Sr., Post Office.”

The Chair recognizes the gentlewoman from New York (Mrs. MALONEY).

Mrs. MALONEY. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks and include extraneous material on this measure.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from New York (Mrs. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.

Mrs. MALONEY. Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 5384 to designate the facility of the United States Postal Service located at 100 Crosby Street in Mansfield, Louisiana, as the Dr. C.O. Simpkins, Sr., Post Office.

Born and raised in Mansfield, Louisiana, Dr. Simpkins attended Wiley College and Tennessee State University for his undergraduate studies before earning a degree in dentistry from Meharry Medical College.

Following his undergraduate education, he joined the U.S. Air Force, attaining the rank of captain before being honorably discharged.

After his military service, he returned to Shreveport and opened a dental practice.

Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 3275 to designate the facility of the United States Postal Service located at 100 Crosby Street in Mansfield, Louisiana, as the Dr. C.O. Simpkins, Sr., Post Office.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. MALONEY) that the House suspend the rules and pass the bill, H.R. 3275.

The Chair recognizes the gentlewoman from New York (Mrs. MALONEY).

Mrs. MALONEY. Mr. Speaker, I urge my colleagues to help preserve Andy’s legacy and vote “yes” on H.R. 3275.

Mr. CLOUD. Mr. Speaker, I rise in support of H.R. 3275 to designate the facility of the United States Postal Service located at 100 Crosby Street in Mansfield, Louisiana, as the Dr. C.O. Simpkins, Sr., Post Office.

Mr. Speaker, I thank Representative Johnson, the distinguished ranking member of the Committee on the Judiciary’s Subcommittee on the Constitution, Civil Rights, and Liberties, for this bill to honor this community and civil rights leader.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I rise in support of H.R. 3275 to designate the facility of the United States Postal Service located at 100 Crosby Street in Mansfield, Louisiana, as the Dr. C.O. Simpkins, Sr., Post Office.

Dr. Simpkins joined the U.S. Air Force after school, attaining the rank of captain before being honorably discharged.

Fearing for his safety, Dr. Simpkins moved to New York, where he continued to be an advocate for civil rights.

After living in New York for 26 years, Dr. Simpkins returned to Shreveport, reopened his dental practice, and pursued a career in politics. He won a seat in the Louisiana State House of Representatives, where he served for one term before returning to his dental practice full time.

He retired from his practice in 2011.

Dr. Simpkins passed away on December 4, 2019, at the age of 94. We are pleased to honor his legacy and memory by naming a post office in his honor.

Mr. Speaker, I urge my colleagues to support this legislation, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge the passage of H.R. 3275, and I yield back the balance of my time.

Dr. C.O. SIMPKINS, SR., POST OFFICE

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3275) to designate the facility of the United States Postal Service located at 100 Crosby Street in Mansfield, Louisiana, as the “Dr. C.O. Simpkins, Sr., Post Office”.

The Clerk read the title of the bill. The text of the bill is as follows:

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the “Dr. C.O. Simpkins, Sr., Post Office”.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge the passage of H.R. 5384 to designate the facility of the United States Postal Service located at 100 Crosby Street in Mansfield, Louisiana, as the Dr. C.O. Simpkins, Sr., Post Office.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. MALONEY) that the House suspend the rules and pass the bill, H.R. 5384.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, H.R. 5384.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

LANE CORPORAL RHONALD DAIN

RAIRDAN POST OFFICE

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend
the rules and pass the bill (H.R. 4785) to designate the facility of the United States Postal Service located at 1305 U.S. Highway 90 West in Castroville, Texas, as the “Lance Corporal Rhonald Dain Raidrain Post Office”. The Clerk read the title of the bill. The text of the bill is as follows:

**H.R. 4785**

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.*

### SECTION 1. LANCE CORPORAL RHONDALE DAIN RAIDRAIN POST OFFICE.

(a) DESIGNATION.—The facility of the United States Postal Service located at 1305 U.S. Highway 90 West in Castroville, Texas, shall be known and designated as the “Lance Corporal Rhonald Dain Raidrain Post Office”.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the “Lance Corporal Rhonald Dain Raidrain Post Office”.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.

**GENERAL LEAVE**

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days in which to revise and extend their remarks and include extraneous days in which to revise and extend their remarks and include extraneous material.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself as much time as I may consume.

Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 4785 to designate the facility of the U.S. Postal Service located at 1305 U.S. Highway 90 West in Castroville, Texas, as the Lance Corporal Rhonald Dain Raidrain Post Office.

Rhonald Dain Raidrain was born on April 22, 1984, at Eglin Air Force Base, Florida. He was a 2003 graduate of Medina Valley High School, where he was a member of the ROTC drill team.

Dain was raised in an Air Force family and lived in many different places, but he wanted to be a U.S. Marine his entire life.

Four months after joining the Marine Corps, Lance Corporal Raidrain was deployed to the Middle East to join the Marine-led offensive to take control of Fallujah.

Lance Corporal Raidrain’s unit was tasked with hunting for weapon stockpiles and policing damaged cities as residents tried to regain a sense of normalcy.

On January 26, 2005, the helicopter he was onboard crashed near Rutbah, Iraq, killing 20.

Dain died doing what he loved, protecting the United States.

Castroville, Texas, was his adopted home, and naming this post office for him will allow the residents there to remember and honor his dedicated service.

Mr. Speaker, I thank the Honorable Member from Texas, Representative HUD, for this legislation to honor this American hero.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself as much time as I may consume.

Mr. Speaker, I rise in support of H.R. 4785, which will establish a post office in Castroville, Texas, after Lance Corporal Rhonald Dain Raidrain.

Dain, as he was called by his loved ones, was raised in an Air Force family and lived all over the country.

He considered Castroville to be his adopted home, and it is where his celebration of life would eventually be held.

Dain grew up wanting to join the Marine Corps because he wanted to protect his country. Four months after joining the Marines, he was deployed to the Middle East to join the Marine-led offensive to take control of Fallujah.

On January 26, 2005, Dain was onboard a helicopter near Rutbah, Iraq, when it crashed. Twenty-eight marines were killed alongside Dain.

He died serving this Nation and protecting us, a most honorable calling.

Mr. Speaker, I urge my colleagues to support this legislation, and I reserve the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield 2 minutes to the gentleman from Texas (Mr. HURD).

Mr. HURD of Texas. Mr. Speaker, I rise today in support of H.R. 4785, which will honor the bravery of Lance Corporal Rhonald Dain Raidrain, who died serving his country in Iraq.

Dain, as he was called by his friends and family, grew up in an Air Force family, moving to and living in many places around the country, but his adopted hometown was Castroville, Texas.

It was in Castroville that Dain joined the Air Force JROTC program at Medina Valley High School. He was there that he realized his passion for service and, in 2005, joined the U.S. Marine Corps.

According to his friends and family, being a marine was what he wanted to do his whole life. Four months after joining the Corps, Dain deployed to the Middle East, where his unit was tasked with hunting for weapon stockpiles and policing damaged cities as residents tried to regain a sense of normalcy.

Tragically, on what was supposed to be his last mission before leaving Iraq, Dain and 30 other servicemembers were killed when their helicopter crashed in western Iraq.

With that, the House passed the bill.

This was true for Dain especially. His commitment to his country left an unwavering impact on the lives of those who knew or served with him. He made his country, family, and friends proud.

While his legacy will undoubtedly live on through his family and all those who knew him, the renaming of the Castroville, Texas, Post Office in his name will forever enshrine his love of our great Nation.

I thank every one of my Texas colleagues for joining me in this bipartisan effort to allow folks in Castroville to remember Lance Corporal Raidrain, and I hope the rest of my colleagues in this Chamber will do the same.

As we reflect on the bravery of one man who gave everything for country, let’s remember that our mission in the Middle East isn’t finished. He died for this mission, and we must ensure it is complete.

God bless all of our servicemen and -women.

Mr. CLOUD. Mr. Speaker, I urge passage of this bill, and I yield the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge passage of this bill, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, H.R. 4785.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

**SERGEANT DAVID KINTERKNECHT POST OFFICE**

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4200) to designate the facility of the United States Postal Service located at 321 South 1st Street in Montrose, Colorado, as the “Sergeant David Kinterknecht Post Office”.

The Clerk read the title of the bill. The text of the bill is as follows:

**H.R. 4200**

*Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.*

### SECTION 1. SERGEANT DAVID KINTERKNECHT POST OFFICE.

(a) DESIGNATION.—The facility of the United States Postal Service located at 321 South 1st Street in Montrose, Colorado, shall be known and designated as the “Sergeant David Kinterknecht Post Office”.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other record of the United States to the facility referred to in subsection (a) shall be deemed to be a reference to the “Sergeant David Kinterknecht Post Office”.

(c) REPEAL OF PREVIOUS DESIGNATION.—

Section 1 of Public Law 115-366 is hereby repealed, and the designation made and referred to in subsections (a) and (b), respectively, of such section shall have no force or effect.
The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on this measure.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to join my colleagues in consideration of H.R. 4200, to designate the facility of the U.S. Postal Service located at 321 South Street in Montrose, Colorado, as the Sergeant David Kinterknecht Post Office.

Sergeant Kinterknecht was born on May 23, 1968, in Montrose, Colorado. His roots in Montrose run deep. Throughout his childhood, he attended public schools in Montrose and eventually graduated, in 1986, from Montrose High School.

After graduation, he attended Mesa State College and Delta Montrose Technical College, where he trained and completed his education to achieve his lifelong dream of becoming a police officer.

He worked for several different departments, starting with the Telluride Marshal’s Office, the San Miguel County Sheriff’s Office, and the Montrose County Sheriff’s Office.

In the last 10 years of his career, he worked for the Montrose Police Department, and he was also a volunteer for the Fire Protection District. In his free time, he was a member of the Montrose Area Fraternal Order of Police Lodge 56.

Sergeant David Kinterknecht was shot and killed while responding to a routine domestic violence call in 2009. Two of his fellow officers were also wounded in the tragedy. He died at the age of 41, survived by his wife, two daughters, and three stepsons.

Naming this post office after Sergeant Kinterknecht would honor his life of courageous, selfless service to his community and the ultimate sacrifice he made for the safety of others.

I would like to thank the honorable Member from Colorado, Representative Tipton, for this bill to honor this dedicated public servant who was taken too soon.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

I rise in support of H.R. 4200, which would name a Colorado post office after Sergeant David Kinterknecht. Sergeant Kinterknecht was a law enforcement officer who was killed in 2009 while responding to a routine domestic violence call.

This bill would repeal and replace a bill passed in Congress that named a mail processing facility after Sergeant Kinterknecht. This mail processing facility is not commonly used by those in Montrose.

Instead, to ensure that Sergeant Kinterknecht is remembered as he deserves, Congressman Tipton wishes to name a more commonly used post office after the sergeant. This would allow Montrose residents, including Sergeant Kinterknecht’s family and friends, to be able to see a post office named after him.

I urge my colleagues to support this legislation, and I reserve the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield 2 minutes to the gentleman from Colorado (Mr. TIPTON).

Mr. TIPTON. Mr. Speaker, I rise today in support of H.R. 4200. I would like to thank my colleagues for the kind words in regard to Sergeant Kinterknecht and the sacrifice that he made on behalf of our communities.

H.R. 4200 will make a technical correction to prior legislation signed into law to designate the primary USPS facility in Montrose, Colorado, after Sergeant David Kinterknecht, who was killed in the line of duty on July 25, 2009.

Sergeant Kinterknecht was born and raised in Montrose and graduated from Mesa State College and the Delta Montrose Technical College.

His career in law enforcement began in the 1980s and throughout his career, he served in the Telluride Marshal’s Office, the San Miguel County Sheriff’s Office, and the Montrose County Sheriff’s Office.

Sergeant Kinterknecht was a respected law enforcement officer, a dedicated public servant, and a family man. His death was mourned throughout the entire State of Colorado, and the passage of H.R. 4200 will help preserve and honor the memory of Sergeant Kinterknecht in his community.

I am grateful for the entire Colorado delegation signing on to this legislation to honor someone who gave his all for his community in support of all he loved.

Mr. CLOUD. Mr. Speaker, I urge my colleagues to support H.R. 4200, and I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I urge my colleagues to support H.R. 4200, and I yield back the balance of my time.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to join my colleagues in consideration of S. 3105, to designate the facility of the U.S. Postal Service located at 456 North Meridian Street in Indianapolis, Indiana, as the “Richard G. Lugar Post Office”.

The Clerk read the title of the bill. The text of the bill is as follows:

S. 3105
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.

SECTION 1. RICHARD G. LUGAR POST OFFICE.

(a) DESIGNATION.—The facility of the United States Postal Service located at 456 North Meridian Street in Indianapolis, Indiana, shall be known and designated as the “Richard G. Lugar Post Office”.

(b) REFERENCES.—Any reference in a law, map, regulation, document, paper, or other material of the United States referred to in subsection (a) shall be deemed to be a reference to the “Richard G. Lugar Post Office”.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) and the gentleman from Texas (Mr. CLOUD) each will control 20 minutes.

The Chair recognizes the gentlewoman from New York.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am pleased to join my colleagues in consideration of S. 3105, to designate the facility of the United States Postal Service located at 456 North Meridian Street in Indianapolis, Indiana, as the Richard G. Lugar Post Office.

Richard Lugar was born in Indianapolis in 1932. After attending high school, he studied at Denison University and Oxford as a Rhodes Scholar. He then served in the U.S. Navy as an intelligence officer and returned to Indianapolis soon after. He first served in local government on the school board and then became city mayor.

In 1976, Richard Lugar was elected to the United States Senate. While in office, he made significant bipartisan reforms to the farm program, started the biofuels research program, and pursued the Federal school lunch program.

Senator Lugar also left a mark on United States foreign policy. He served...
34 years on the Senate Foreign Relations Committee, where he was a leader in reducing nuclear, chemical, and biological weapons.

With Senator Sam Nunn, Senator Lugar helped pass and implement the Nunn-Lugar program, which dismantled the weapons of mass destruction and their associated infrastructure in former Soviet Union states.

Senator Lugar was also instrumental in the expansion of the NATO alliance, the creation of a program to end the global PGM and the ratification of various antiterrorist treaties.

For his lifetime of service, Senator Lugar was awarded the Presidential Medal of Freedom in 2013, and he held 47 honorary degrees.

Senator Lugar passed away shortly after his 87th birthday on April 28, 2019. Naming a post office after Senator Lugar would help honor his lifetime of public service.

I would like to thank Senator BRAUN and my representative ANDRé CARSON, who introduced the House companion for this bill to honor Senator Lugar’s lifetime of work to save our Nation.

Mr. Speaker, I reserve the balance of my time.

Mr. CLOUD. Mr. Speaker, I yield myself such time as I may consume.

I rise to speak on S. 3105, a bill to designate the facility of the United States Postal Service located at 456 North Meridian Street in Indianapolis, Indiana, as the Richard G. Lugar Post Office.

Senator Lugar left the United States Senate as the longest serving Member of Congress in Indiana history. During his time in the Senate, he was internationally recognized. Senator Lugar was awarded the Presidential Medal of Freedom. Her Majesty the Queen of England even bestowed on him the rank of honorary Knight Commander of the Most Excellent Order of the British Empire in honor of his work to make the world more secure from weapons of mass destruction.

This House already passed the House version of this bill, H.R. 3152, last October. I thank Senator BRAUN for sponsoring this bill.

Mr. Speaker, I yield back the balance of my time.

Mrs. CAROLYN B. MALONEY of New York. Mr. Speaker, I just would like to urge my colleagues to support this bill unanimously.

I yield back the balance of my time.

Mr. CARSON of Indiana. Mr. Speaker, I rise today in support of a bill to name a U.S. Post Office in Indianapolis in honor of Senator Richard Lugar, the former distinguished Senator from Indiana who passed away last year.

S. 3105, follows my bill, H.R. 3152, a bipartisan bill supported by every Member of Indiana’s House Delegation, which was successfully marked up and reported out of Committee by a unanimous vote last year, and then passed by the House by another unanimous vote last year. S. 3105, follows my bill, H.R. 3152, a bipartisan bill supported by every Member of Indiana’s House Delegation, which was successfully marked up and reported out of Committee by a unanimous vote last year, and then passed by the House by another unanimous vote last year. At the time, it was a wonderful start as we worked to celebrate Senator Lugar’s inspiring legacy. Now, it is an even more timely reminder of the importance of public service and comity—and the importance of recognizing the people committed to serving our country, each day.

I was fortunate to know the late Senator Lugar, and I respected him deeply for his commitment to community and country. He understood the importance of serving a true public servant, and the values he expertly displayed have inspired my work in Congress since.

He was a brilliant scholar, a brave member of our armed forces, and a dedicated public servant who championed people and principle over party.

His distinguished life is a testament to the type of leader that Indiana cultivates. And his public service is an unquestionable example of his deep commitment to our country.

That commitment to community and those values are the same as the ones that inspire the public servants working at the United States Postal Service. As this bill is considered today, I think it is both fitting and timely for us to reflect on the importance of the public service done at USPS.

At a time when public servants—especially Postal Service workers—are under attack from the current administration, this bill is a reminder of why we name our public buildings after the men and women who serve our nation with distinction and honor.

As the former Mayor of Indianapolis during the turbulent year of 1968, Richard Lugar helped lead our city away from violence after the assassination of Dr. Martin Luther King, Jr., by working with Robert F. Kennedy, who broke the terrible news to Hoosiers gathered that day for a campaign speech. Those two proponents of peace over violence helped make Indianapolis one of the few major cities that did not erupt in painful destruction after Dr. King’s murder.

Naming public buildings after a man like Senator Lugar is not only an act of commemoration and celebration of a great man, but it is also a fine example for our youth and the next generation about the virtues of public service in a democracy like our own.

Now, more than ever, the Postal Service will play a critical role in safeguarding and ensuring an accurate vote tally—the absolute bedrock of a democratic system.

I was honored to introduce the legislation that passed the House last year, and I remain proud to help add the late Senator Lugar’s name to a building that means so much for the public service and the democratic values we hold so dear.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from New York (Mrs. CAROLYN B. MALONEY) that the House suspend the rules and pass the bill, S. 3105, which passed.

With best wishes, I am,

Sincerely,

CHERYL L. JOHNSON, Clerk.

HONORING COURAGEOUS SERVICEMEMBERS AND VETERANS

(Ms. MUCARSEL-POWELL asked and was given permission to address the House for 1 minute.)

Ms. MUCARCEL-POWELL. Mr. Speaker, today I stand here to honor and thank the courageous servicemembers and veterans who have served and protected this Nation.

I was appalled when the President, the Commander in Chief, referred to them as ‘losers’ and ‘suckers.’

These brave men and women sacrificed for us, some giving their lives:

Veterans like my constituent J.L. Dempsey, Jr., a U.S. Army Specialist, who at 18 was deployed and had to leave his wife and 2-month-old son; Or Manuel Suarez Rodriguez, who was drafted out of high school to serve in the Army’s 2nd Infantry Division in Korea;

Or Gary Malfield, a Comms Officer, who served in Vietnam reviewing heartbreaking messages on the status of Marines who were wounded or killed. Gary put it best by saying, ‘Many of them lost their lives, but none of them were losers.’ I couldn’t agree more.

They deserve better, Mr. Speaker, and should never be disrespected the way this President did.

HONORING MERLE T. SCHALL

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to honor Lieutenant Merle T. Schall.

Lieutenant Schall was a member of the United States Navy from Elderston, Pennsylvania.

On the evening of November 6, 1943, at approximately 2200 hours, Lieutenant Schall took off for what would be his final journey.

His plane was shot down while serving as cover and guidance for a ship below in the Pacific Ocean as he and his fellow Navy men approached Bougainville Island in an effort to regain control from the Japanese who had invaded the island the year before.

Sadly, Lieutenant Schall did not survive.

On Wednesday, August 26, I had the pleasure and honor of meeting Michael Schall, Lieutenant Schall’s nephew, at the Indiana County Courthouse in my district. I was pleased to present Michael with his uncle’s much-deserved medals.

Lieutenant Schall is a recipient of the Purple Heart, Asiatic Pacific Campaign Medal, World War II Victory Medal, the Honorable Service Lapel Pin, and the Gold Star Lapel Button.

It was an honor to celebrate his service and his life that he sacrificed to this country at the Indiana Courthouse that day.

IN RECOGNITION OF NATIONAL HISPANIC HERITAGE MONTH

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Mr. Speaker, I rise today in recognition of National Hispanic Heritage Month, celebrated each year between September 15 through October 15. This month provides our Nation the opportunity to recommit the rich cultural legacy the Hispanic community has made for our country.
Due to the pandemic, the Hispanic Heritage Council of Western New York is holding a series of events virtually to chronicle the critical contributions the Hispanic community has made to Buffalo and western New York. This year, the Hispanic Heritage Council is also celebrating 10 years of work raising community awareness of the contributions our Hispanic friends and neighbors have made towards strengthening our community’s future.

America is stronger because of its diversity. Our lives are enriched through the appreciation of other experiences and cultures. We are thankful for the opportunity to spotlight the contributions of the Hispanic community this month and grateful to have the Hispanic Heritage Council of Western New York committed to this mission this year and every year.

HONORING COLEMAN CREST FARM
(Mr. BARR asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BARR. Mr. Speaker, I rise today to honor Coleman Crest Farm in Lexington, Kentucky. This farm is one of Lexington’s oldest African-American owned family farms with a remarkable legacy.

James Coleman, the farm’s first owner, was born into slavery in 1845 in Uttingertown, Kentucky. incredibly, in March of 1888, James Coleman purchased the land he and his parents had worked on for years as slaves. The farm has passed through four generations of Colemans since that time, all while enduring and prevailing over racial discrimination, the Great Depression, and two world wars.

In 2001, James Coleman’s great-grandson, Jim, and his late wife, Cathy purchased the farm. Tomorrow on September 15, Cathy Coleman’s birthday, a groundbreaking of a new building will be used to help shape the future for Black farmers as Lexington youth will be used to honor Coleman Crest Farm in Lexington, Kentucky. This farm is one of the many farms that are being recognized for their contributions to the agricultural opportunity as a means to realize the American Dream.

I am honored to pay tribute to the entire Coleman family today in the people’s House.

RECOGNIZING JOHN HENRY TURPIN
(Mr. KILMER asked and was given permission to address the House for 1 minute.)

Mr. KILMER. Mr. Speaker, I rise today in recognition of John Henry Turpin, a distinguished U.S. Navy sailor and a lifelong resident of Bremerton, Washington.

John’s 30-year career in the Navy included service during the Spanish-American War, the Boxer Rebellion, and World War I. He is believed to be the first Black American to qualify as a master diver and was one of the first Black Americans to achieve the rank of Chief Petty Officer in the U.S. Navy. John’s outstanding legacy of service to our country is made even more significant by the eradication of prejudice and discrimination during which he served. I am proud that today the House of Representatives unanimously passed the bipartisan bill that I introduced to designate the U.S. Postal Service facility on Pacific Avenue in Bremerton as the John Henry Turpin Post Office Building in recognition of his achievements and his service.

It is fitting that today Democrats and Republicans stood together in honor of his lifelong and selfless commitment to the defense of America and American values, and in ensuring that his accomplishments are permanently remembered in the city of Bremerton.

HONORING PAUL BECKHAM
(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER, Mr. Speaker, I rise today to remember and honor the life of an amazing leader, Paul Beckham, who sadly passed away on August 30.

Paul was dedicated to improving my alma mater, Young Harris College, through his work on the Board of Trustees. He served as its chairman for 8 years and improved the lives of countless students and faculty members.

Paul had a diversified background in business, marketing, sports, and finance that included television operations. Impressively, he served as Turner Broadcasting System’s president. He also served as a general manager of Private Network, Inc., which is the wholly owned subsidiary of TBS responsible for developing nontraditional television opportunities, including the Airport Channel.

Remarkably, he was also chairman and co-founder of Hope Beckman with Bob Hope when they purchased the events division of Whittle Communications LP of Knoxville.

Paul was also a devoted member of his church, Peachtree Road United Methodist Church, and was active in multiple charitable and community organizations.

His life was marked by service to others and working to improve the greater good. I am immensely grateful for the life he lived. He impacted countless individuals in all his pursuits, and I was grateful to know him.

Paul’s family and friends will continue to be in my thoughts and prayers during this most difficult time. I know his legacy will remain for many years to come.
SUPPORTING ALTHEA MARGARET DAILY MILLS POST OFFICE BUILDING

(Mr. SOTO asked and was given permission to address the House for 1 minute.)

Mr. SOTO. Mr. Speaker, I rise today in support of our bill, H.R. 2699, which passed the House today.

This bill names the Florence Villa United States Post Office located at 1401 1st Street North in Winter Haven, Florida, as the Althea Margaret Daily Mills Post Office Building.

Ms. Mills began her education in Pughsville, Winter Haven’s first Black community. When she was 13, she moved to Pennsylvania to live with an aunt. There, she was able to attend integrated schools.

In 1963, Mills filed a lawsuit against Polk County Board of Public Instruction to end the dual school system and allow her son to attend the then-all-White Winter Haven High School. This lawsuit eventually led to integration of all Polk County public schools.

When asked about her motivation to challenge the system, Mills would later say: "We were just as good, but some of my son’s textbooks would go to page 3 and then skip to page 35. You can’t learn like that."

Ms. Mills was also the first Black career employee of the United States Postal Service in Winter Haven and eventually became a manager of the Florence Villa Post Office, which will bear her name.

Mr. Speaker, although she passed in 2008, her legacy lives on, and I thank my colleagues for the support of this bill.

COVID–19 PANDEMIC TIMELINE

The SPEAKER pro tempore. Under the Speaker’s announced policy of January 3, 2019, the gentleman from Tennessee (Mr. DAVID P. ROE) is recognized for 60 minutes as the designee of the minority leader.

Mr. DAVID P. ROE of Tennessee. Mr. Speaker, we are here today with the GOP Doctors Caucus for the next hour to discuss the COVID epidemic.

It is my distinct honor and privilege to be down here with my colleagues for the first time in some time since the House has not been in session for quite a few weeks.

Collectively on the floor tonight, there are over 200 years of clinical experience with the GOP Doctors Caucus. I myself practiced 37 years before I retired and ran for Congress in 2008.

Tonight, I want to go over the timeline just briefly of the pandemic that we currently are experiencing.

Remember, about 8½ months ago, we knew that there was a virus that had spread from China, from Wuhan, China, to the U.S.

In that timeline, on January 9, the World Health Organization announced that there was a pneumonia in Wuhan, China.

By January 20, three cities in the U.S. had already begun to limit flights and to check passengers from flights that landed in Los Angeles at LAX, at San Francisco, and at JFK International.

On January 21, the first confirmed case was a person who lived in Wuhan but came back to the U.S.

By January 31 of this year, the President had stopped all flights from China to the U.S. and then subsequently, as we all know, from Europe to the U.S.

So, literally, from not knowing what this virus was in the first month, what RNA sequence it was, we had limited the travel of this virus.

Through the month of February, I became involved with the Diamond Princess cruise ship. It turned out I had a very good friend on that ship. It was docked with 3,500 people onboard. The average age of the passengers on that ship was 75 years of age.

My friend is a physician. I talked to him on the phone.

I must give a shout-out to HHS, who really led the evacuation of that ship, bringing all Americans back home, quarantining them in a military base in Florida. Not a single American died, and I think we can take some pride in that.

I am a former U.S. Army officer. I served in the 2nd Infantry Division in Korea. We were trained, and it was beaten in our heads, you do not leave anyone behind.

I think a number that is left out is that our U.S. State Department has repatriated over 90,000 U.S. American citizens from overseas back home to the U.S., where they can receive the care that they need.

We have recognized that we got the RNA sequence of the virus and literally, within 6 weeks, began to approve treatments for this virus we didn’t know a lot about.

I want to say, in my 37 years—this December, I would have graduated from medical school 50 years ago—I don’t ever remember a time in my life where we found a disease, an infectious disease, where within 8 months we had cut the mortality rate by over 40 percent. That is literally unheard of.

It is a huge shout-out to the men and women who get up every day and go into our hospitals—we all know them at home—saves lives on the line to treat us as patients and to take care of us. When given the proper equipment, they are doing a phenomenal job on the front lines.

Mr. Speaker, I want to thank my friends and colleagues who are still in practice every day for that.

We had an opportunity in May. Once we had realized that this had ramped up and a lot of Americans had been affected by this, the White House started something called Operation Warp Speed.

Literally, in the history of this country, I don’t remember a time—typically, when we have a vaccine, a treat-ment for a disease, there is usually anywhere from 3 or 4 years to 10 or 15 years to get that vaccine approved and get it to market.

What we want is a safe, effective vaccine like you would for polio.

As a child, I remember as a little boy when the polio vaccine came out. Literally overnight in this country, we eliminated polio as a risk. Many of my friends developed polio. They got it before the vaccine was available. I was very fortunate and did not, as were many children. We have essentially eliminated that from the Earth today.

We began Operation Warp Speed, which was to develop a vaccine. Well, how is that going to happen? We kept hearing it would be done in about a year. How can you safely do that in a year?

What usually happens in vaccine development is you sequence the RNA. Then you grow it. After that virus is sequenced, you send your information over to the FDA, and they approve that you can begin clinical phase 1 trials. Phase 1 trials are typically 45 or 50 patients.

You then get the information from the phase 1 trials back to the FDA, the approval boards, and they give you permission to go to phase 2 and then to phase 3 trials.

If all of that is successful, then you begin to manufacture the vaccine and then deliver the vaccine to health departments, to doctors’ offices, to hospitals and pharmacies and so forth to use the vaccine, just like we do for the flu.

What has happened this time is that all of these things have occurred simultaneously. So the phase 1 trials, the FDA gets the information. Phase 2 trials, they get the information. If it looks good, they go on to phase 3 trials. That is why right now we have three trials in phase 3 trials in 8 months, which is unheard of, I can tell you. These are tens of thousands of patients who are enrolled in these trials.

Hopefully, by the end of this year, we will have a vaccine that is both safe and effective to treat our people in this country, our ones at most risk.

I am going to stop now.

Mr. Speaker, I yield to the gentleman from Texas (Mr. BURGESS). The first person I would like to recognize tonight is my good friend, Dr. MIKE BURGESS, a fellow OB/GYN doctor representing Texas’ District 26.

He is a senior member of our GOP Doctors Caucus and has been active in the caucus since it began. Dr. BURGESS serves on the Energy and Commerce Committee as a senior member.

Mr. BURGESS of Texas. Mr. Speaker, I yield to the gentleman from Texas, Mr. BURGESS. I thank the gentleman, Dr. Roe, for yielding and for convening this hour.

I think it is so important that the people hear directly from us, the doctors who are serving in the United States House of Representatives.

When Dr. Roe was delivering his remarks, I was reminded of how the information about this illness came to us.
and how serious it seemed that a city in China, a city of 10 million people, would be shut down.

Clearly, this was a significant illness and must be taken quite seriously, but I will say the committee on which I serve, the Subcommittee on Energy and Commerce, the very committee that the Congress before had worked on the re-authorization of the Pandemic All-Hazards Preparedness Act, would not hold a hearing on this during the month of February. There was a missed opportunity.

We had created the legislation that reauthorized pandemic preparedness. The President had signed that into law in June 2019. Now, 6 months later, we are faced with this possible worldwide pandemic.

You would think there would have been enough curiosity on the committee to do some real-time oversight. Did we get it right? Were we focused on the right conditions? Were we responding to the right signals?

But we don’t know because we didn’t look. We had to do hearings on flavored tobacco, horse racing, ticket stubs, all kinds of other things.

It was not until the end of February, when the warnings moments of a budget hearing, that we heard from the Secretary of Health in the principle subcommittee that deals with health in this United States House of Representatives.

Dr. Roe also has talked about the speed with which the development of the vaccine is progressing, and it is truly remarkable.

Just as a data point, for people who may not remember, when Ebola was careening through western Africa, in August 2014, we basically had a vaccine that was at the same place as our candidate vaccines were at the end of August 2014, the end of phase I trials. The final approval by the Food and Drug Administration came in December 2019.

Clearly, that 5-year time horizon is just too long in this situation, and the administration recognized that. The President recognized that and leaned into the process of developing a vaccine.

One of the more remarkable things I have seen is that the Food and Drug Administration is going to license the production of appropriate vaccine candidates prior to their approval.

Not sold until they get that final approval, so there is a financial risk that is taken by the companies that proceed with the production of that vaccine.

But for those who remember the fall of 2019, when H1N1 was such a problem in this country, remember the vaccine was developed and then another month went by before there was sufficient quantity of the vaccine to begin vaccinating the most vulnerable populations. That was not going to happen under the watch of Donald J. Trump.

I, for one, am grateful for the leadership that the President has provided in this regard. I am grateful for the leadership that the House Doctors Caucus and the Medical Caucus have been providing as we go through this very difficult time.

Mr. Speaker, I thank my friend from Tennessee for yielding.

Mr. DAVID P. ROE of Tennessee. Mr. Speaker, Dr. BURGESS is correct. It is one thing to manufacture a very small amount of vaccine, and vaccines are only one part of the prevention part.

We all know about washing our hands and face coverings, and the American people are doing that. Certainly, I have traveled a lot, as we all have, and I have seen great compliance in my home State of Tennessee with this very deadly virus.

Mr. Speaker, I yield to the gentleman from Indiana (Mr. BUCSHON), my good friend, and he is that indeed. I have had the privilege of getting to know Dr. Bucshon and his family. I have been to his district, Indiana 8 in Evansville.

He has been here five terms, has served a little over 10 years as U.S. Navy Reserve, and is a retired cardiothoracic surgeon.

Mr. BUCSHON. Mr. Speaker, it is an honor to be on the floor of the U.S. House of Representatives tonight with my fellow Doc Caucus members. I want to thank Dr. Roe for putting this Special Order together. It is really important that the American people hear from the medical professionals in the Congress about this really critical issue.

I remember back in medical school, one of my first rotations, I was on pediatrics. I understood vaccines to a certain extent, but then one of my first patients I had had whooping cough because they hadn’t been vaccinated. So that is when I started to understand what it actually means to have safe and effective vaccines, not only for children but also for other diseases.

In this site of what we need to do, as the American people, is we need to work to restore our way of life in America and around the world.

And how are we going to do that as it relates to COVID–19? Well, we are going to have to have a safe and effective vaccine.

And what I have been impressed with really over the last few months, up to about 6 months, is the unprecedented response from this administration as it relates to the vaccine so that we can restore our way of life in America and around the world.

And what have they done? Working along with Congress, of course there has been financing to help finance research and development of the vaccine, but also other things.

Operation Warp Speed has really put in an unprecedented streamlining of the process. Let me just say this: not eliminating the process of developing a vaccine, which would potentially make it harder to prove safety and efficacy and whether it works or not, but streamlining the process, doing things together with private-sector companies, helping design the research protocols after they have helped pick the best candidates for an effective vaccine.

So, the Federal Government working in concert with the private sector helping to pick the best candidates, not just people throwing out. “Hey, I have got a great candidate here,” but looking at the science of these developments, this research, helping to pick the best candidates and then streamlining the process by helping to design the further protocols, as Dr. Roe has mentioned, the phase one, two, and three trials and working in concert. So the Federal Government doesn’t just sit back and say, like would normally happen: “Well, do your research. Go through the process. Show us that this works.”

See, the government, under this administration, is working in concert at the same time, so that once we have this vaccine get to the point where it has been developed, people at FDA already know what has been happening with this vaccine. It is unprecedented, really.

I think Dr. BURGESS just mentioned the manufacturing process, already happening, so as soon as it gets proven to be safe, number one, effective, number two, look, we are going to have vaccines available. Again, that would not happen without Operation Warp Speed.

Let me just say this in closing, and then I will turn it back to Dr. Roe. These are career scientists at FDA, NIH, Health and Human Services. These are people who have worked—many, for decades—on vaccine development.

The narrative that politicians are driving this is just not true. The reality is—and I think Dr. Collins, Francis Collins from the NIH, testified in front of Congress last week or the week before—that science is driving this. We want safe and effective vaccines.

Let me just say this. When there is a vaccine available and when the healthcare providers, other people who are at high risk and everyone has had their chance to be vaccinated, I will take this vaccine myself because I have confidence that the process we are going through will ensure safety and it will ensure efficacy. The vaccine will work.

Let’s help restore our way of life.

Mr. DAVID P. ROE of Tennessee. Mr. Speaker, I think you have to ask, any time you put something like this, Operation Warp Speed, together is: What is the goal? And the goal of that is to produce 300 million doses of an effective, safe vaccine to protect the American people. And also, it is to provide therapeutics and diagnostics along with that.

And this is under the umbrella of Health and Human Services; the FDA; the CDC; the NIH; BARD, which is the Biomedical Advanced Research and Development Authority.
Look, every day when I go home, they say: Dr. Roe, when are we going to be able to get back to normal?

And yesterday was the first day I had attended an in-person church service in 6 months, the longest time in my life I remember not being in church, and people were so glad to be there and to have some semblance of normalcy. This morning I got up. As I drove back, I saw mothers putting their children on schoolbuses—something as simple as that, just to put your child on a schoolbus, ready to go to school. I saw a mother this morning hug her little boy, and he jumps on with his mask on, jumps on the schoolbus ready to go to school. I think that says it all.

Mr. Speaker, I yield to the gentleman from Ohio (Mr. WENSTRUP), my good friend, who is the vice chair of the Doctors Caucus, as Dr. BUCSHON is. He is a colonel in the U.S. Army Reserve. I have known him. I never met him past 0—over 20 years. He served in Iraq and also served on the Veterans’ Affairs Committee and chaired the Subcommittee on Health.

Mr. WENSTRUP. Mr. Speaker, this is such a unique experience for all of us tonight. Here we are on the floor of Congress, and we have got almost a dozen healthcare providers coming to share our years of experience and knowledge and education with the American people as far as what we are trying to do in this country to develop a vaccine for the coronavirus. I mean, vaccines save lives. That is nothing new. Vaccines prevent illness. We know this.

I know growing up, my mom’s first cousin had gotten polio when she was 4 years old. She spent the rest of her life in a wheelchair, disfigured, disfigured hands. She still found a way to make a living. But think if she had just had that vaccine a little bit sooner, if we had actually come up with it.

And to this day, the challenges that we face—I look at Rotary International, of which I am a member, and their goal is to rid the world of polio and try to get everyone in the world vaccinated.

This is not new science. But I will tell you this: With the virus that we are facing today, it is called novel for a reason. It is new and it is different, and we know more today than we knew 6 months ago. That is what is so important is that we continue to learn and get better and take care of people.

We know that some people are more at risk than others. We know that some people are more vulnerable to this virus. When I look at the symptoms for those who have tested positive and have gotten this, the symptoms can go anywhere from no symptoms at all to may be a cough or a cold or flu-like symptoms or loss of taste and smell to respiratory problems, difficulty breathing, all the way, as we know, to death.

But therapies have come into play as we are researching this and understanding and identifying this virus and being able to treat it. Early on, we were taking a concept that is not new, which is to take what we call convalescent plasma from somebody who has had this disease and gotten better, developed the antibodies, so that they can use it to help someone else. And we have seen that it has been effective. We have seen that it has helped.

We have seen antivirals like the Remdesivir come forward that are working and helping people get better. Not everyone gets better, so the fight always continues.

We have seen steroid treatments to reduce some of the inflammation that occurs from this viral attack, especially on the lungs, because it is the damage to the lungs that does the most.

So think about this and what we are doing today. If someone tests positive, especially if they have no or very few symptoms, go home and quarantine; check your temperature. You can check your oxygen level in your blood which, if it is going down, then you are getting sicker. It is a pulse oximeter. You put it on your finger. You can get them on Amazon. And if you are getting sicker, then the time to be treated is sooner rather than later. And that is what we are doing.

So, as has been mentioned a couple of times tonight, the mortality rate has gone down 40 percent, which is almost unheard of, and that is without a vaccine. That is with the therapies that have been developed.

We are doing something that probably no other country is doing to the level that we are doing. We are testing healthy people, people with no symptoms. Why? Because we know that people without symptoms can spread this, and it is important that we know who they are. No other country is doing the amount of testing that we do.

I was out with the National Guard during the August break. I went to four sites. We did about 1,000 tests on people driving up or walking up. It is amazing what we are doing with our country and how we are trying to respond to this.

So, on to Operation Warp Speed. This is about a commonsense path forward to find a safe and effective vaccine, and we are doing it in a way that no one has ever seen before.

Right now, for the first time, you have seen pharmaceutical companies that usually compete against each other coming together to share knowledge and to come forward to try and develop a vaccine. We have six that are in phase three right now, three that are up and running.

I want to point out one thing about this being safe and effective. AstraZeneca had one patient in a trial who developed an illness; and just like any other trial, when something like that happens, you put it on pause. You put it on pause to make sure that that illness was not a result of the trial or the vaccine. That is how you develop a safe and effective vaccine.

We are asking for about 30,000 volunteers for every one of these trials. That is the standard. Some will do even more. It is really incredible what we have done in such a short amount of time, and I applaud the people who are stepping up to be in these trials so that we can develop a vaccine right here in America.

The public-private collaboration is unique. It is new, and, as has been mentioned, the risk we take is that we are developing the vaccines and manufacturing them. It needed to have been through phase three, and if they don’t get through phase three, then it is wasted. But if they do, then immediately we have it and we start treating the most vulnerable people. Ultimately, we want 300 million vaccines to treat all of America.

There are a lot of lessons learned. We have learned a lot. There is still more to learn. Only science will solve this, folks. That is who is going to solve it.

I just want to say this. When I look at Operation Warp Speed and all that we have done in this country so far, if this is going to be past this world, there is no other country that I would rather be in than the United States of America.

Mr. DAVID P. ROE of Tennessee. Mr. Speaker, before the gentleman leaves, I know we had the opportunity, and we do about weekly, to be on a phone conference call with Operation Warp Speed leaders. One of the things that they asked us to do, and I do this here tonight, is to ask more African Americans to sign up for the vaccine trials.

In one particular large trial there were only 5.5 percent I believe African Americans in the trial, and they need to get that up.

So if you are out there, I am asking you to volunteer for this trial. Certainly, we need that. I think they had enough Latinos and senior citizens like myself, but I think that we do need that.

Mr. Speaker, you do need that. Basically, you need to study this as you do the population.

I think Pfizer is going to increase their trial to the low 40,000s. So it is a huge—just to let people know—that is a gigantic clinical trial. It is placebo controlled. One group gets a saline, basically a placebo, and the other group gets the vaccines. Then you check later.

By the way, all of these six vaccines, five of them will be two shots; one, and then one 21 to 28 days later. One which...
Mr. WENSTRUP. To add to that, this is important, they are trying to make sure that the people in the trials are coming from the groups that are most vulnerable especially, and they want to make sure that there are an adequate number so that we get, again, a safe and effective vaccine.

Mr. DAVID P. ROE of Tennessee. How you decide who gets this vaccine is basically you just look at who suffered the most from it.

Mr. Speaker, you actually have to have the glass vials and you have to have the facility that can produce that. That is exactly what this administration has done through BARDA contracts, B A R D A contracts. With those. Facilities in the United States. This isn’t like some of the PPE that we have to outsource overseas. We have the ability in this country to create hundreds of millions of vaccines, and we likely will by next year. Again, this is very, very unusual.

Mr. Speaker, as you will hear from a lot of the doctors tonight, it is very unusual to be able to do this within months, to be able to tell the American people that there is light at the end of the tunnel and that we see the end of this pandemic because, again, the American people know, your own local school board may have said: We really can’t go back to school full-time until there is a vaccine.

Well, Mr. Speaker, we are going to have that vaccine because this administration has cut through the red tape and Operation Warp Speed, ensuring a safe and effective vaccine that can be produced for hundreds of millions of people. That is really phenomenal. Because once we take care of the United States, then we can actually take care of the world health and this pandemic. That will be truly a wonderful thing.

I want to thank Dr. Roe for leading this tonight and for giving me the opportunity to remind the American people that from the very beginning we said the vaccine was the solution, and this administration is delivering that solution.

Mr. DAVID P. ROE of Tennessee. Mr. Speaker, I would like to say to Dr. HARRIS before he leaves, let’s have a little discussion. The Doctors Caucus can get down in the weeds sometimes, and I realize that we do. But let’s explain to people what herd immunity is. What does it actually mean? You heard about this, and you hear all these folks get on TV and the talking heads start talking about it.

What does that actually mean? Mr. Speaker, I yield to the gentleman.

Mr. HARRIS. Mr. Speaker, if you think about it, the herd is h-e-r-d, just like a herd of critters. In this case we talk about humans.

If you think about it, Mr. Speaker, your chance of contracting, in this case, a respiratory virus is proportional to the number of people you come in contact with who could spread it to you.

Conventional wisdom is that if 60 or 70 percent of the people have had the virus or are immune to the virus, either naturally by having the virus or by having a vaccine, then your chance of contracting it goes way down because your chance of coming in contact with someone who has that virus or is not immune to it has gone way down. You achieve functionally what is called herd immunity; that is, your chance of getting infected is much, much lower. So it means that you can begin to do some of the things, to draw back on some of those restrictions that we have now that people are so upset with.

That is what a vaccine promises to do. Because certainly a percent of the population now has immunity by having had the virus, but a much larger percent will have immunity because they are vaccinated and therefore can’t get it nor can spread it to someone else. It is a very important public health concept.

It looks like if these vaccines are approved by year end or early next year, by next summer—I tell this to people in my district—we could actually have a normal summer. Wouldn’t that be nice? We could actually have a normal summer.

Mr. DAVID P. ROE of Tennessee. Actually, we had a normal summer at the Cherry Blossom Festival in Washington DC, Memorial Park this year. We had 1.7 million people come in July which was a record, I understand.

One of the things I want to also mention briefly while Dr. DUNN comes up here. Should you wear a mask, or should you not wear a mask?

A mask is an inconvenience. I am standing here way away from anybody, 20 feet away from anybody, but the way a mask probably works is this—these are not good enough to keep a virus from getting in. But if you walk through a room with coronavirus and you walk through a room filled with people. Mr. Speaker, you potentially will infect 2½ percent of those people.

Why? Because it is probably spread by droplets. So if I have this mask on it prevents—if I sneeze or cough or whatever—a droplet from getting out or certainly not spreading very far. That is why if you touch a surface you want to wash your hands and cleanse the surface.

To give an example of how infectious measles is, if I have the measles and I walk through that same room, I probably would infect as many as 15 to 18 people. So it is aerosolized. It is like a pollen in the air. That is how it is spread as opposed to just a droplet spread, which means that the coronavirus is not spread nearly as easily as some other viruses are.

I wore a mask for over 30 years in the operating room. If it turns out it doesn’t help all that much, then you have been inconvenienced. If it helps, then you maybe have saved a life.

Mr. Speaker, it is my great pleasure to introduce Dr. Dunn. My friend is a U.S. Army veteran. I served with Dr. DUNN on the Veterans’ Affairs Committee. He is extremely active on that.

The President Pro Tempore of the Senate, Mr. DAVID P. ROE of Tennessee. I rise to ask Dr. DUNN a question.

Mr. Speaker, I was a little late coming into the meeting. We were talking about developing a vaccine for the coronavirus. I am aware of BARDA. I’ve had the pleasure of being declared safe by the FDA.
Mr. Speaker, I yield to the gentleman from Florida (Mr. DUNN).

Mr. Speaker, I thank Chairman ROE for putting on this opportunity for us to address the American people directly and reassure them that this Operation Warp Speed is truly an amazing accomplishment for our country.

Mr. Speaker, if you were born after 1969 you didn’t get a chance to celebrate with us on the original moonshot, those heady days of the Apollo landing and all the run-up science to get to that point.

This is America’s new moonshot. This is an amazing program. By leveraging the private sector and all parts of the private sector, as well as all of the agencies and all of government effort, we are making progress on medical science at a rate that has literally never been seen before. Every living Nobel Prize laureate with a Nobel Prize in medicine is cooperating with the government and rushing forward. The science in all these areas is really making a difference and making a difference very quickly.

The administration put $10 billion with a B—brave—in supplemental funding into the Operation Warp Speed and separately another $1.5 billion into developing Shark Tank testing. So we are not only working on vaccines, we are working on testing for the virus, we are working on prevention of the virus, and we are working on therapeutics, that is medicines that are true antivirals.

We already have new protocols so that we are improving the treatment. The mortality rate for this disease has plummeted. I mentioned that innovative and creative people are coming out and working on all facets of this disease. I have a story. This is a mask. Every one of you has one. This is a polyester fiber, and it is impregnated with bionic silver. It is virucidal. It kills the virus. It kills bacteria as well. So when you take your mask off, Mr. Speaker, and you put it down on the table, it sets about sterilizing itself. When I pick it back up, it will be sterile. That is an amazing accomplishment. That happened just this year, just since this started.

It is amazing these things can happen. All the science and all the medical experimenters and all the researchers are running flat out. We are pushing new frontiers in medicine. We are doing things that we never thought we would do in my lifetime in medicine. We have broken the mold, and I am so grateful to all the brilliant innovative men and women who are pushing out these frontiers and helping everybody. Medicine will never be the same after this because of the advance we made in this time to this threat. We will be treating all of our diseases differently in the future.

Before I close I would like to associate myself with the comments Chairman ROE made earlier about the heroism of the medical care people and the healthcare people at all levels, including the ambulance drivers and the police who have gone out and responded to people. It is heroic for them to go out there and do that and continue to work in very difficult and challenging circumstances. But I think what this amounts to is America’s shining moment in medicine. I can’t think of a better time we have ever seen American medicine respond.

It has been a pleasure working with Chairman ROE.

Mr. DAVID P. ROE of Tennessee. It has been. One of the things that the CARES package did was—this is not Operation Warp Speed—but the CARES package also provided the way we shift when seeing patients in person through telehealth.

The VA, for instance, about 1 year ago did 70,000 to 80,000 telehealth visits a month for their PTSD treatments. That number went to over 900,000 in May of this year. That is unbelievable when you can do that. I think many practices now, including my own at home, have used telehealth to see patients, and I myself have used telehealth which saved me a many-hour drive one way or the other.

The pandemic is not all bad. We have learned some good things and some things I think that are going to persist after we get through this particular pandemic.

I also might add, this is not the first pandemic we have had. That is why I know we were going to be fine. There was an H3N2 pandemic in 1968, a coronavirus pandemic, and we got through that as a country. We have responded so much better this time with the therapeutics, monoclonal antibodies antivirals, just the way we treat it.

Anticoagulation hasn’t been mentioned. We know this is an inflammatory response. It causes coagulation in the kidneys, the heart, and the lungs. So we have learned that.

Hats off to our medical professionals who have gone out and literally—it is unbelievable how fast they have upped their knowledge of this.

I appreciate the gentleperson’s comments.

Mr. Speaker, I yield to the gentleman from Pennsylvania (Mr. JOYCE), who I just introduced. He is double-boarded in internal medicine and dermatology, is a relative of the legendary Representative from Pennsylvania 13th, and has had 31 years in practice.

Mr. JOYCE of Pennsylvania. Mr. Speaker, I thank my friend, the gentleman from Tennessee, for yielding and for his leadership in the Doctor’s Caucus.

Dr. ROE has educated us that perhaps as physicians in the United States Congress there might not be a more important time that we present ourselves, our abilities to communicate, and understand the nature of this novel coronavirus and its impact on the world, and specifically, on Pennsylvania.

Over the past months, the American people have united against what we have come to realize is an invisible enemy. We have done our part to slow the spread of the coronavirus and to serve our neighbors. Each and every one of us has made sacrifices during this pandemic. And together, we work to make a difference; we work to save lives.

As we look ahead to the future, Americans are eagerly awaiting the arrival of the coronavirus vaccine, and I am confident that our researchers, our scientists, are equipped to win this race.

Right now, constituents in Pennsylvania and around our country are making incredible progress in this pursuit as part of Operation Warp Speed—the Trump administration’s historic initiative to develop a coronavirus vaccine. And under the leadership of President Trump, the Department of Defense, the Department of Health and Human Services, together with so many in the private sector, are in the midst of what is truly an unprecedented search for a safe and effective vaccine, all in record time, with significant amounts of vaccine that will be developed for the people of America.

This process, as the doctors with me here tonight have testified, is driven by science but is rooted in history. And let’s be certain: A vaccine will only be approved if it is proven to be both safe and effective.

Operation Warp Speed is taking all of the precautionary steps that are required to develop any vaccine. But here is the difference: As part of Operation Warp Speed, vaccine manufacturers can undertake several steps of vaccine development at the same time, mitigating the usual risk without, again, compromising the safety or the efficacy of the vaccine.

We know that Operation Warp Speed is unprecedented. To achieve the results for the American people, the Federal Government has invested over $10 billion to support the development of this coronavirus vaccine. While we, as Members, as healthcare professionals, recognize that there are no guarantees in science, this strategy is setting up manufacturers for success, and this is offering hope for the American people.

If anyone can deliver substantial qualities and quantities of a safe and effective vaccine within a year of the discovery of a new virus, it is the United States of America.

Thanks to Americans’ unparalleled ingenuity and drive, we are better positioned to develop therapeutics and a vaccine than any other country. And Americans know that we are up to the challenge because we have seen challenges before.

In the late 1940s, the polio virus was responsible for disabling more than
by the end of the year. This is nothing short of a miracle. It is phenomenal. And it is critically important to stress that any vaccine approved by the FDA will be safe and effective. Mr. Speaker, I have been a practicing pharmacist for over 30 years. I have witnessed the process by which the FDA approves medications. They will not approve it unless it is safe and effective. Don’t think for one minute that any administration or any person is going to have an impact on that. They are going to make sure it is safe and effective if it is approved by the FDA.

I repeat: Only vaccines that are proven to be completely safe and effective will be allowed for use.

But recently, we have heard dangerous rhetoric from certain politicians and candidates about Operation Warp Speed, rhetoric and comments that are lies based in politics instead of science; even doubting the thousands of scientists who have spent their lives working for cures and casting fear on the American people.

I have outright confidence in this administration’s commitment to safety and science. And I can tell my constituents and the American people right now to line up to get the vaccine when approved. Our communities are suffering, and we are losing loved ones. This effort will save thousands, if not hundreds of thousands, of lives.

I commend this administration and the thousands of scientists working to find a cure, and I thank them for all they are doing to save lives, to produce a safe and effective vaccine.

Mr. DAVID P. ROE of Tennessee. Mr. Speaker, may I inquire how much time I have remaining?

Mr. Speaker, next I yield to the gentleman from Georgia (Mr. CARTER). Dr. BUDDY CARTER is our only pharmacist—soon to be two—in the U.S. Congress. We are glad to have Dr. Carter from Brunswick. He has been an incredibly important member of the Doctor’s Caucus in providing his perspective because he has run a business for many, many years, has seen patients for many, many years, and brings perspective to our caucus.

Mr. CARTER of Georgia. Mr. Speaker, I thank the gentleman for yielding and for his leadership.

We are going to miss him. I know Dr. Roe is retiring, and there is going to be a great void there with him not being here, but I thank him for his service to the Doctor’s Caucus and his service to our country.

Mr. Speaker, I rise today to talk about the amazing work our Nation’s top scientists are doing to get a safe and effective coronavirus vaccine to the American people.

Earlier this year, President Trump initiated Operation Warp Speed, a collaborative effort between the Federal Government and the private sector to research, develop, and distribute a coronavirus vaccine.

The merits of this initiative were quickly realized, and Congress came together in a bipartisan fashion and invested this perspective to our caucus.

The focus of the initiative works by accelerating development of vaccines through staggered clinical trials, completely overseen by Federal regulatory authorities. You have heard that time and time again tonight as each of the physicians here have explained how this is taking place.

Traditionally, a vaccine would undergo several separate phases of trials, with the average trial lasting nearly 7 years. Mr. Speaker, we don’t have 7 years. Our country—our world—needs a vaccine now, and that is why Operation Warp Speed is on track to deliver vaccines in record speed, potentially even faster.

Mr. Speaker, as a healthcare professional for nearly 40 years and a member of the House Doctor’s Caucus, I am very pleased to report on the Trump administration’s groundbreaking, unprecedented initiative to develop a safe and effective vaccine and treatment for COVID-19, called Operation Warp Speed.

I remember well as a boy back in the 1950s, and several of my schoolmates were stricken with polio. And I remember well standing in line at our elementary school to take the new vaccine, which virtually has eliminated polio in the United States of America.

Well, our Nation’s best scientists and researchers, doctors, and manufacturers are now collaborating and working around the clock to research, test, approve, and manufacture a vaccine in record time. This is the very key to restoring our way of life and rebuilding our economy to get back to those normal summers that we were talking about a while ago.

The President has capitalized on the ingenuity and the drive of the private sector and the scientific community, putting the United States at a better position than any other country in the world to develop a vaccine that the entire world can then benefit from.

The goal of Operation Warp Speed is to deliver 300 million doses of a safe and effective vaccine by January 2021. And by removing all unnecessary red tape and barriers, the President is on track to meet this goal.

Administration is cutting the development time to a matter of months by allowing development steps to occur simultaneously. Despite what the media may incorrectly report, the testing standards for this are the same as any other vaccine developed in the United States of America. No safety shortcuts are being taken. The health and safety of the public remains the number one priority of this administration, and we have every reason to be hopeful.

The advances that the scientific community has made since the beginning of this pandemic are nothing short of remarkable and are directly responsible for a 40 percent decrease in the mortality rate from COVID-19 that we have seen.

Our knowledge about this novel virus grows every single day. And with our Nation’s leaders and brightest minds working together, we will defeat this disease with unprecedented speed.

As a practicing dentist for nearly four decades, I believe that prevention is the best treatment, and that is exactly what this vaccine will do. While finding treatments and the therapeutics to fight this disease and its symptoms are a very worthwhile cause, actually blocking the virus from infecting us in the first place is the very strongest defensive strategy that we can have.

President Trump and his administration are bravely blazing a trail forward and leading our country out of this challenging time of global pandemic. So thanks to Operation Warp Speed, the world is only months away from a safe and reliable vaccine.

Mr. DAVID P. ROE of Tennessee. Mr. Speaker, I might point out that I have never seen a Republican or Democratic virus in my life. Just like I have never seen a Republican or Democratic cancer. This just affects people. The virus will be safe, it will be effective, and it will be voluntary. It will be a person’s decision, or their family’s decision, who actually receives the vaccine.
Mr. Speaker, I yield to the gentleman from North Carolina (Mr. MURPHY), who I served with on the Committee on Education and Labor, my good friend, and the newest member of the GOP’s Doctor’s Caucus.

Mr. MURPHY of North Carolina. Mr. Speaker, I thank Mr. ROE for yielding, and thank him for gathering everyone together.

Mr. Speaker, I will give a summary here this evening. Since the end of January, the world has been attacked essentially by a virus that none of us can see. I will say that since May 15, our administration has put in play Operation Warp Speed, and this is meant to save American lives.

Mr. Speaker, $10 billion was allocated by this body to develop a safe and effective vaccine in record time. It has literally been today’s Manhattan Project. It is combining the resources and the brilliant minds of private industry and governmental researchers in an unprecedented effort of cooperation. We have used decades of previous research combined with today’s new technology and research to help us end the COVID–19 pandemic.

The objective is to deliver 300 million doses by the end of December, early January, to the citizens of the United States.

What do vaccines do? I think it is very important for people to understand what vaccines do.

They stimulate the immune system to produce antibodies exactly as it would happen if you were exposed to the disease. After you get vaccinated, you develop immunity to that disease without having to get the disease first.

We have two trials, two companies—Moderna and Pfizer—that are furthest along in their developments; 20,000 individuals so far have been accrued in the trials; half have been getting the vaccines, half placebo, and we need more.

The highest at-risk populations are those being targeted: The elderly, those with comorbidities, Black Americans, Hispanic Americans. As we have heard earlier, Black Americans are under-enrolling in the vaccine and we need them to enroll.

So how can this process, which normally takes years, be done in 8 months?

Mr. Speaker, I yield back the remainder of my time.

**LETTER SUBMITTED PURSUANT TO SECTION 4(b) OF HOUSE RESOLUTION 965, 116TH CONGRESS**

**COMMITTEE ON SMALL BUSINESS**

**HOUSE OF REPRESENTATIVES,**

**Washington, DC, September 14, 2020.**

Hon. Nancy Pelosi, Speaker, House of Representatives, Washington, DC.

Dear Speaker Pelosi: Pursuant to section 4(b) of House Resolution 965, I am writing to inform you that the Committee on Small Business has met the requirements for conducting a business meeting outlines in regulation E.1 of the remote committee proceedings regulations, inserted into the Congressional Record on May 15, 2020, and that the committee is prepared to conduct a remote meeting and permit remote participation.

In meeting these requirements, the Committee held a non-public business meeting rehearsal on September 11, 2020; a public full Committee hearing with remote participation on June 10, 2020; and a public subcommittee hearing with remote participation on June 24, 2020.

Thank you,

Nydia M. Velázquez, Chairwoman; Jared Golden, Member; Nydia M. Velázquez, Chairwoman; Abby Finkenauer, Member of Congress; Andy Kim, Member of Congress; Jason Crow, Member of Congress; Dwight Evans, Member of Congress; Adriano Espaillat, Member of Congress; Chrsisy Houlahan, Member of Congress; Sharice Davids, Member of Congress; Judy Chu, Member of Congress; Bradley S. Schneider, Member of Congress; Antonio Delgado, Member of Congress; Angie Craig, Member of Congress.

**EXECUTIVE COMMUNICATIONS, ETC.**

Under clause 2 of rule XIV, executive communications were taken from the Speaker’s table and referred as follows:

5249. A letter from the Chairman, Farm Credit System Insurance Corporation, transmitting the Corporation’s annual report for calendar year 2019; to the Committee on Agriculture.

5250. A letter from the Director, Office of Management and Budget, Executive Office of the President, transmitting notification of the President’s intent to exempt all military personnel accounts from any discretionary cap sequestration in FY 2021, if a sequestration is necessary, pursuant to 2 U.S.C. 905(f); Public Law 99-177, Sec. 255(f) (as amended by Public Law 105-33, Sec. 10207(b)); (111 Stat. 704); to the Committee on Appropriations.

5251. A letter from the Chairman, Federal Maritime Commission, transmitting a report of violations of the Antideficiency Act, pursuant to 31 U.S.C. 1351; Public Law 97-258; (96
PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XII, public bills and resolutions of the following titles were introduced and severally referred, as follows:

By Mr. JOHNSON of Georgia (for himself and Mr. COLLINS of Georgia):
H.R. 8235. A bill to provide for the modernization of electronic case management systems, and for other purposes; to the Committee on the Judiciary.
H.R. 8236. A bill to amend title 18, United States Code, to prohibit the importation or transportation of child sex dolls, and for other purposes; to the Committee on the Judiciary.

By Ms. JOHNSON of Texas (for herself and Mr. TAKANO (for himself, Mr. LEE of California, Mr. Wilson of South Carolina, and Mr. JOHNSON of Georgia):
H.R. 8237. A bill to amend title 38, United States Code, to clarify the scope of procedural rights of members of the uniformed services with respect to their employment and reemployment rights, and for other purposes; to the Committee on Veterans' Affairs.

By Mr. CRAWFORD:
H.R. 8238. A bill to establish the Office of Intelligence in the Department of Agriculture, and for other purposes; to the Committee on Agriculture, in addition to the Committee on Intelligence (Permanent Select), the Committee on Science, Space, and Technology, and in addition to the Committee on the Judiciary, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. JOHNSON of Texas (for herself and Mr. LUCAS):
H.R. 8239. A bill to facilitate the development and distribution of forensic science standards, and for other purposes; to the Committee on Science, Space, and Technology, and in addition to the Committee on the Judiciary, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. LAHOOD (for himself and Mrs. NAPOLITANO):
H.R. 8240. A bill to amend the National Trails System Act to designate the Route 66 National Historic Trail, and for other purposes; to the Committee on Natural Resources.

By Mrs. LAWRENCE (for herself and Mr. HICE of Georgia):
H.R. 8241. A bill to eliminate or modify certain mandates of the Government Accountability Office; to the Committee on Financial Services.

By Mr. MORELLE (for himself, Ms. MOORE, Ms. MENG, Mr. REED, Ms. DELAURÉ, Ms. JUDY CHU of California, Ms. KAPUT, Mr. BRINDISI, Mr. BETER, Ms. VELÁZQUEZ, Mr. TONKO, Ms. LEE of California, Ms. NORTON, Miss RICE of New York, Mr. KATKO, Mr. ZELLENBACH, Mr. CARLYN B. PRAYER
The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.
Mighty God, teach us to trust You more fully, to wait quietly for the unfolding of Your providence, to pray frequently, and to worship more humbly. Reassure us with Your wisdom, power, and love that Your providence will prevail.

Lord, You are our shelter for every storm. Remind our lawmakers to remember how Your purposes have prevailed in our Nation’s history so they need not fear for the future.

Lord, provide them with a firm faith that will enable them to meet the daunting challenges of these times. Lengthen their moments of prayer until their lives become a continual aspiration after You.

We pray in Your matchless Name. Amen.

PLEDGE OF ALLEGIANCE
The President pro tempore led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

The PRESIDING OFFICER (Mr. HAWLEY). The Senator from Iowa.
Mr. GRASSLEY. Mr. President, I ask unanimous consent to speak for 1 minute in morning business.

The PRESIDING OFFICER. Without objection, it is so ordered.

RUSSIA
Mr. GRASSLEY. Mr. President, the poisoning of Russian opposition leader Alexei Navalny, which happened last month, was a very disgusting thing to hear about. Such action in Russia or by Russia is not unprecedented. In 2015, the leading democracy advocate in Russia, Boris Nemtsov, was gunned down within the sight of the Kremlin. The square in front of the Russian Embassy in Washington is now named in his honor, echoing the effort that I led to name the street in front of the old Russian Embassy after the dissident Andrei Sakharov.

Nemtsov’s protege in the Russian opposition, Vladimir Kara-Murza, was then poisoned—poisoned twice but miraculously survived and continues to work for Russian democracy. The good news is that Mr. Navalny is reportedly conscious.

Now, a silver lining may also be that Putin’s latest attempted assassination is bringing our allies toward a consensus to treat Putin as a pariah. There are reports of senior German politicians reconsidering their support for Nord Stream 2 pipeline, which divides our European allies. This pipeline is opposed by countries like Poland and the Baltics that truly understand that Putin will use it as a strategic influence tool, as well as by the Trump administration and bipartisan majorities in Congress.

I hope all of these happenings are a start of a new era of cooperation with our Russian allies to counter Russian influence.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. MCCONNELL. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

RECOGNITION OF THE MAJORITY LEADER

The PRESIDING OFFICER. The majority leader is recognized.

Israel
Mr. MCCONNELL. Mr. President, when I address the situation in the Middle East, it is often to discuss instability, terror, or other threats to the United States and its partners, like Israel. Those threats still exist, but I am very glad to be speaking today about peace breaking out, and it is breaking out more quickly than we can even stage the official ceremonies to memorialize the diplomatic achievements.

A few weeks ago, with major help from the United States and the Trump administration, Israel and the United Arab Emirates reached the first Arab-Israel peace deal in 26 years. The Abraham Accord is named for the shared religious roots that Christians, Jews, and Muslims all hold in common. It will make the UAE just the third Arab nation, and the very first in the gulf, to normalize relations with Israel. In the words of Prime Minister Netanyahu, “full and official peace, full diplomatic agreement, with embassies, investment, commerce, tourism, and direct flights between Tel Aviv and Dubai and Abu Dhabi.”

We have come a long way—a long way indeed. What a moment.

Farsighted leaders in both countries made sacrifices to make this deal possible. Prime Minister Netanyahu and Sheikh Muhammad bin Zayid understand that both Arabs and Israelis will benefit from the peace and prosperity that tearing down barriers can bring. America will also benefit from these two regional friends working more closely together and reducing tensions across the challenging region.

Now, to be sure, work is not finished, and no single step like this should be confused for an overnight miracle. In this case, we in Congress have an obligation to review any U.S. arms sales package linked to the deal. As we help our Arab partners defend against growing threats, we must continue ensuring that Israel’s qualitative military edge

This “bullet” symbol identifies statements or insertions which are not spoken by a Member of the Senate on the floor.
remains unchallenged. But the winds of change are blowing, and they are bringing good news for peace all across the region.

Of course, a few extreme voices, perhaps correctly sensing that their moment is slipping away, are not at all happy with the cost of this. They wasted no time condemning the agreement and branding the UAE as traitors to the Arab or Muslim world.

Unlike Iranian clerics or al-Qaida terrorists, everyone who is actually living in the 21st century is celebrating this major progress. This major step forward is being documented in a signing ceremony at the White House tomorrow. But in just the couple of weeks that have elapsed between the announcement of the Abraham Accords and the official ceremony tomorrow, another Arab state has joined the parade toward peace.

Along with President Trump, Prime Minister Netanyahu and King Hamad of Bahrain called the agreement “a historic breakthrough to further peace in the Middle East.” Indeed, reports suggest that still more Arab states may not be far behind. This is a new course with the potential to fundamentally—fundamentally—change the Middle East.

Dennis Ross, former senior diplomatic adviser to President Obama and a longtime practitioner of the peace process, wrote just yesterday that these agreements are bona fide “breakthroughs” that are changing “the political landscape of the Middle East” and the Israel-Palestine stalemate for the better. That is Dennis Ross, from the Obama administration. That is how former Obama administration officials are calling out Trump administration’s successes.

I am grateful for this administration’s work to encourage peace. I am proud of this historic opportunity that American leadership and diplomacy has made possible.

CORONAVIRUS

Mr. McCONNELL. Now, Mr. President, on a totally different message. I had hoped, Republicans had hoped, and the American people had hoped that the Senate would be spending this week finishing up another bipartisan agreement on coronavirus relief. We want to get hundreds of billions of dollars into the pipeline for kids, for jobs, for healthcare.

Unfortunately, Senate Democrats chose to block it all. Our Democratic colleagues voted against hundreds of billions of dollars to help Americans fight the virus. This was not even a vote on final passage, just a procedural vote to break the Democratic leader’s filibuster and move forward with some-thing. Senate Democrats, nevertheless, filibustered the aid.

Then, just a few short days later, they went right back to signaling that a Democratic Senate majority paired with a President Joe Biden would abolish the filibuster and permanently捋down the cost of the virus. This threat to permanently disfigure the Senate has been the latest growing drumbeat in the modern Democratic Party’s war against our governing institutions.

There was former Senator Reid starting the “nuclear” exchange back in 2013. There have been years of unprec-edented tactics to try and deny Presi-dent Trump the government the people elected. There has been the least fair, least thorough, and most rushed impeach ment inquiry in modern history.

Now, the most shameless—the most shameless—hypocrisy: Senate Demo-crats happily use the filibuster to stop coronavirus relief and Senator Tim SCOTT’s police reform bill at the very same time they are conspiring to destroy that very tool so they can ram through their radical agenda if they ever win power. Grade A hypocrisy and nothing more.

We have had former President Obama call for “eliminating the filibuster, another Jim Crow relic,” about 1 month after his own party used it to kill Senator SCOTT’s police reform bill. We have some of former Vice President Biden daydreaming about ending the filibuster even as they themselves use the fili-buster to kill pandemic relief for work- ing families.

Democrats want completely different sets of rules depending on whether they hold power—different sets of rules depending upon whether they hold power. They want to assert minority rights when they have the minority and steamroll them if they get a majority. Here is NSC.

Democratic insiders are assembling a coal-ition behind the scenes to wage an all-out war on the Senate filibuster. . . . Veteran party operatives, activist groups and support-ive Senators are coordinating message and strategy.

This takes measuring the drapes to a new level. The Democratic leader and his colleagues aren’t just measuring the drapes; they are calculating how much kerosene it would take to burn the drapes down.

They aren’t just threatening to pass radical policies like Medicare for none of the Green New Deal—no, no, no. The far left wants to hot-wire democracy itself—things like packing the Su-preme Court with new seats or packing the Senate by handing out new state-hood to one individual city.

I said it a few months ago. Today’s Democrats have lost patience with playing by the rules and want to wage war on the Senate itself. They are saying as much out loud.

Perhaps our colleagues think promising a shameless power grab is the only way to energize their radical, far-left base, but the real effect—the real effect—is to make the stakes in these issues completely and totally clear to the American people.

The Framers designed the Senate to be the country’s firewall against ill-considered and radical change. That is what the Senate was all about in the beginning. If our Democratic friends have concluded their worst ideas could never clear the high bar—if they think their ideas could never clear the high bar, it is their bad ideas that need to be scrapped, not the core checks and balances of our government.

The PRESIDING OFFICER. The Sen-ator from Florida.

RACISM

Mr. RUBIO. Mr. President, the events of the last few months—what we have been seeing in the streets and the protests and all the issues that surround that—I think, have forced the country to grapple with our history on the issue of race and, in particular, what we teach young Americans about what that means and how it fits in the broader story of America.

Is America, in fact, a nation founded on racism, one that makes our very founding and its principles almost irre-deemable? It is an important question. You can’t ask Americans or any generation to sacrifice or defend a nation they believe is so deeply flawed, so it is one that I think we have to talk about.

This country was founded in the year 1776, and it was founded by this declaration that all men are created equal; that your voice is not that of your society, but your voice is that of your Creator. Now, we take those words for granted today. They were extraordinary radical ideas 244 years ago. Up until that time, every person on Earth was told that your rights are whatever the sovereign allowed you to have, whatever the King allowed you to have, whatever the Lord allowed you to have. You didn’t have any rights that were natural to you. So the very prin-ciple itself was pretty radical.
The problem is that, from the very beginning, many people, including those who put their name on that document, and our laws at the time did not reflect that founding principle, and our story can largely be summarized as the 244-year journey of a more fully to the promise of America. Ours is also a story of our founding principles—every movement for equality in the history of this Nation—has not been a rejection of our founding documents, has not been a call to overthrow the Constitution or the Declaration of Independence. We have one of these movements—great movements in the history of this country towards equality—has been an appeal to those principles, a demand that we live up to those principles.

Dr. King said the magnificent words of the Declaration and the Declaration of Independence—an appeal to our founding documents, which he called a promissory note to which every American was to fall heir.

As we talk about what is taught to our children in our schools and in our lives, I think our children deserve to know the truth about our country—all the truth. We must teach our children about the times in which our Nation fell short. We must teach them about the people responsible for our falling short. We must point to the times even now when we fall short. That is the only way you learn the lessons of history and the only way to avoid repeating them. But we must also talk about what was good, what was great, the people who signed it, indeed, were or did not live up to the words they signed their names on. But that would be forgetting the fundamental fact that every single great movement in American history—every movement for equality in the history of this Nation—has not been a rejection of our founding documents, has not been a call to overthrow the Constitution or the Declaration of Independence. The only way to understand one of these movements—great movements in the history of this country towards equality—has been an appeal to those principles, a demand that we live up to those principles.

On September 14, 2020, I came to the floor today with a specific purpose, and that is to ask the

"Our children deserve to know the truth about their country, that in the history of mankind, there has never been a great power that has used its means to help more people and more places than anywhere in human history. Other great powers of human history have done what the people of this Nation have done, both individually through the monies we give to charities and through their government. This is also true about America. Our children deserve to know that they are citizens of a perfect country but of the single greatest Nation in the history of all of mankind. They deserve to know that they are the heirs to a 244-year journey to achieve in one country a nation where all people are viewed as equal under the law, whose rights come from their Creator. They deserve to know that their country is a special one—one worth defending, one worth protecting, and one worth passing on to the generations that will follow them."

I yield the floor.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Mr. President, because of raging fires in my home State of Oregon, many communities in my home State have been reduced to ashes. A number of others are experiencing what is known as the ice box effect, where, in effect, smoke blocks out the Sun, and it gets quite cool. Virtually all of Oregon is now choking on smoke—that is whether you are inside or outside at this point. Countless thousands of Oregonians are under evacuation orders. Many are quite literally fleeing for their lives and abandoning their homes as the flames approach.

When I was home this weekend, I initially thought that a number of my communities had been hit by a wrecking ball. That really understates the situation because usually when you get hit by a wrecking ball, there is a little宣布 that is not just ashes. Now thousands of people in my State have lost their homes. They have lost their businesses. They have lost lifelong memories.

I brought a flag to a family who lost in one of the fires the service flag of a loved one that they had cherished, and it just struck me that it is those kinds of memories, and losing them, that are as painful in many instances as losing houses and businesses.

The death toll has been rising. Others are still missing and unaccounted for.

Amid all the panic and loss, one of the aspects that left me, as I came back to Washington, with a bit of hope is that we lost so much, but we didn’t lose our spirit. We didn’t lose what we call the Oregon Way—neighbor helping neighbor, volunteers helping evacuees get food and water and shelter. Everybody steps up when a crisis arrives; nobody cares a whit about anybody’s politics.

I have come to the floor today with a specific purpose, and that is to ask the
Senate to match the same standard I saw of volunteers, neighbors, and Oregonians helping Oregonians this weekend, to show the same kind of can-do spirit.

The Presiding Officer of the Senate is new to this body. He has a State with a lot of rural terrain. I am going to be asking him and every Member of the Senate, all 100 of us, to say: Let’s make today the day when the Senate chose to finally get serious about fire that has been burning these last few weeks. Let’s make this the day when the Senate chose to take a dilapidated and out-of-date fire policy and replace it with a modern strategy for the real, on-the-ground conditions that have caused fires to magnify the pain that is being felt by millions today.

The reason I am making this request of the Senate—that the Senate replace the way forest policy has been made in the past—is that those past processes—and, as my colleague already knows since he is here now, the Senate moves often with glacially slow Senate processes, and those processes are now being totally overwhelmed by the massive infernos that are blanketing our communities and blanketing the West with smoke literally up to our eyeballs. The Presiding Officer in the Senate is a tall fellow. I am 6 feet 4 inches. That is what I felt this weekend. And everybody else had smoke up to our eyeballs.

The reason the Senate has for dealing with these new kinds of forest calamities—and there is no other way to describe it—those old procedures lack the urgency, lack the speed, lack, frankly, the resolute discipline for the incredibly big job that needs to be done and done quickly.

So today I want to begin by offering three policies that I believe could be supported by every Senator, Democrats and Republicans. The first is that Congress should pass a 21st Century Civilian Conservation Corps Act. I have actually seen press in Missouri calling for some of those policies. Here is the essence of my second proposal. I learned this weekend that we are going to need to deploy new cell phone connectivity because a lot of people have lost those connections. In fact, one of the challenges in trying to determine how many people we have lost is that when the infernos hit, a lot of people went to a friend’s house and then the friend is not able to communicate because they lost cell phone connectivity.

This is about having young people work on prescriptions, having them clean out hazardous fuels, and having them work on stabilizing soils to prevent massive flooding, because, make no mistake about it, all over the West—Oregon, Washington, and California—we are going to need those soil stabilization projects to prevent massive flooding this spring. As sure as the night follows the day, it will be a problem.

Using the 21st Century Civilian Conservation Corps, we can deploy folks into the forest and into our wildland-urban areas, where there is a connection—an interface—because we have a lot of fires in those areas, and the Civilian Conservation Corps can reduce hazardous fuels, prevent catastrophic fires, and they can do it on a grand scale.

An ideal part of it and one of the reasons I think this will appeal to Democrats and Republicans is there doesn’t have to be a flight over carrying out our nation’s environmental laws. As I mentioned, in Oregon alone, there was already a backlog of more than 2 million acres that need to be treated. Without those treatments, a lightning strike or a careless cigarette can start yet another inferno. Just picture that. After everything that we had over the last few days, there are all of these hazardous fuels built up and you have a lightning strike or a carelessly dropped match and, all of a sudden, you have ripped through acres of other acres in the blink of an eye.

Oregon’s forests and the forests of the West badly need this care and investment. It would really be an updated version of one of the most popular programs the government has ever pursued, that came out of the New Deal, and it would be a huge economic boost to rural communities—I see the Presiding Officer from the State of Iowa—rural communities that feel like government has left them behind.

That is my first proposal—the first of three—that I believe can help us come together as a Senate to reduce the devastating toll of these fires that are not your grandfather’s fires. They are bigger and they are hotter and they are more powerful. We can do it together.

The second area that I want to see the Senate focus is on addressing that the fires mean a lot more than spending all your money on just putting big fires out. Forest science has shown that wildfires are a natural life cycle of certain parts of the Nation. If you all do focus on putting out fires all the time, you disrupt the cycle and that can lead to bigger fires down the road.

But America no longer gets just manageable natural fires. Instead, we get the huge infernos that we have in Oregon, fires that are hot enough to melt a car and sterilize the soil. I ask the Presiding Officer to imagine how hot it has to be to melt a car.

There is a need for another tool to help reduce the devastating effect of these great fires. It is supported by scientists who have been looking at the various tools for dealing with these horrors—Democrats, Republicans—and it basically involves a prescribed fire that can be done so-called off-seasons, say, in the winter months.

During those months, there is less risk of spread. You can limit the smoke. Civilian Conservation Corps workers working with the scientists at the U.S. Forest Service, the Bureau of Land Management, the Oregon Department of Forestry, collaborators, and our counties can carefully target these prescribed fires during the off-season and help prevent catastrophic fires in the summer and the fall by using the concept to clean out the dead and drying undergrowth.

Here is the essence of my second proposition. If you use prescribed fire to burn a little when it is safe in the off-season, you can save a whole lot later on by preventing catastrophic during those hotter months of summer and fall.

I have a bill that I have been developing with the Energy and Natural Resources Committee. I would say to my colleagues that this approach, like the 21st Century Civilian Conservation Corps, will be ready for cosponsors later this week. I am going to be going to all of my colleagues to ask for support for this second commonsense approach to catastrophe avoidance.

The third proposal brings it all together. Congress must finally kick its aversion to making long-term budget investments in treatment and fire preparedness and make the required investment that we essentially look to beyond the next 36 hours. Managing our forests for wildfire resilience needs
to be approached as a longer term proposition, one that can make our communities safer while generating jobs—timber for mills, improving recreation opportunities. And yet this has been an investment the Senate has been unwilling to fund.

Clearly, not enough has been done to deal with fire prevention. The fact that the Congress has constantly been shorting fire prevention is contributing to what is being seen in Oregon and throughout the West right now. Shorting fire prevention is the wrong way to go, and this item, No. 3, is literally a matter of life and death.

Somehow, this Senate can produce hundreds of billions of dollars for tax breaks for special interests. There are outrageous, indefensible subsidies for fossil fuels that compound the climate crisis.

Senator CRAPO and I—my colleague who lives just a few feet away, the Republican of Idaho—worked for years in a bipartisan way to end what is called “fire borrowing.” This is actually the first year when our bill has gone into effect. It got to the point where we needed to fund groups to pass this bill because so often the big fires were fought with prevention money—money borrowed from the prevention accounts, and then the fire just got worse.

Senator CRAPO and I said that is foolish, even by Washington, DC, standards. We were able to get a special fund created where the big fires would be fought from the disaster fund. But still, the West is burning now. The reason I say that is that we have differences of opinion. And here, there are 100 U.S. Senators, and we have differences of opinion. The reason I say that is that we have already done it. That is how Senator CRAPO and I ended fire borrowing.

I close with this: What I saw this weekend was heartbreaking—thousands of families mourning unthinkably lost, trying to figure out how to move forward when their homes and feeling that have been seen reduced to ash. Yet, when you talk to them, they will tell you that they also know that the problem is not going to get better all by itself—I know there are Republicans who want to debate this—and that is because the climate crisis is here, right now, today.

It is no longer a far-off hypothetical danger for Senators to debate in comfortably air-conditioned buildings. The American West—my State—is on fire. Whole neighborhoods and whole communities are being reduced to ashes. Our air quality has had the dubious recognition over the last couple of days of being some of the worst in the world. The American West—my State—is on fire. I want this to be the day the Senate gets serious about fire prevention as part of a comprehensive effort to fight the climate crisis. The ideas I have brought include the three major proposals—ought to become law soon, and they ought to have bipartisan support. They are policies that will protect our communities and the families who live in them and that will protect jobs, protect homes, and protect businesses. They sure are a lot cheaper because they will prevent fires rather than force a bigger price tag when we need to rebuild communities out of the ashes. I yield the floor.

The PRESIDING OFFICER. The Senator from Virginia.

Mr. WARNER, Madam President, I have come to the floor to talk about a literally life or death subject, but I want to commend my good friend, the Senator from Oregon, for his comments. We all watched with horror this weekend the images from his State and from those in Washington and California that were pretty much the same. The climate crisis is a pile of death.

I have enormous respect for the Senator from Oregon, and he can count on for those of us in the West who fear it is going to be impossible to pay the enormous bill that we have been handed through a combination of lousy forestry science and a disinterest in real policies that reduce climate change, we know the job is going to be hard, but you can and must do it by coming together like I saw Oregonians do just this last weekend.

Before I wrap up, I want to mention that there have been some misguided priorities on all sides of the political spectrum. One study of the timber industry skipped past active management to pursue the golden calf of eliminating environmental laws. On the other side, misguided nonmanagement priorities beat back every attempt to manage our forests based on science. Now add to that the ridiculous new lies and delusions you are seeing online about the causes of these fires, and you have a recipe for distraction as to how the Senate must move forward. Just today, Senator Merkley said the President was asked about climate change and fires. He said: No problem. The President said, “I’ll start getting cooler,” and then he blamed “explosive trees.” Sending that kind of nonsense across the land is unforgivable to the families who are mourning the loved ones they have lost in the fires or the thousands of Oregonians who barely made it out before their homes and businesses went up in flames.

The Senate has a responsibility to act because around this country—and it is not just in my State but across the West—big-hearted neighbors, animal lovers, county employees, city administrators, local U-Haul businesses, teachers, nurses, and retirees—all of them—are stepping up and pitching in. They are bringing food and clothes and towels, and they are helping with mental health services.

Before I wrap up, I particularly want to thank all of our brave firefighters, who are working on hardly any sleep, and I thank the first responders, the police and others who are doing so much. One issue they are helping with is cell phones and service. My staff and others in the delegation have been working with those folks.

I see my friend from Virginia, who knows a lot about what it takes to maintain communications networks, and that is what we are working on this afternoon.

One problem that has come up is networks and equipment burn. There is a major strain on the resources for the people on the frontlines who are fighting the inferno—for example, with the repeaters that can amplify a signal and keep our firefighters connected. I am hearing that this country doesn’t have enough repeaters in stock to begin to address such a crisis that the West is experiencing. It is another example of what happens when, year after year, you ignore an urgent need for serious fire prevention.

Before I left Oregon, I told some friends that I was going to come back and try to bring the Senate together around fire prevention.

One said: Well, you are going to be Mr. Fire Prevention.

I said: No, that is not how it works. I hope to make this the Senate that is known for fire prevention and the Senate that said, between there and here, there are 100 U.S. Senators, and we have differences of opinion. Lord knows that is the case. But I got my concrete proposals. Century Conservation Corps-prescribed changes in the budget that Democrats and Republicans can come together on. The reason I say that is that we have already done it. That is how Senator CRAPO and I ended fire borrowing. I close with this: What I saw this weekend was heartbreaking—thousands of families mourning unthinkably lost, trying to figure out how to move forward when their homes and feeling that have been seen reduced to ash. Yet, when you talk to them, they will tell you that they also know that the problem is not going to get better all by itself—I know there are Senators who want to debate this—and that is because the climate crisis is here, right now, today.

It is no longer a far-off hypothetical danger for Senators to debate in comfortably air-conditioned buildings. The American West—my State—is on fire. Whole neighborhoods and whole communities are being reduced to ashes. Our air quality has had the dubious recognition over the last couple of days of being some of the worst in the world. The American West—my State—is on fire. I want this to be the day the Senate gets serious about fire prevention as part of a comprehensive effort to fight the climate crisis. The ideas I have brought include the three major proposals—ought to become law soon, and they ought to have bipartisan support. They are policies that will protect our communities and the families who live in them and that will protect jobs, protect homes, and protect businesses. They sure are a lot cheaper because they will prevent fires rather than force a bigger price tag when we need to rebuild communities out of the ashes. I yield the floor.
me to be behind him on these proposals. I know they will be reasonable, and I know they will be straightforward. Boy oh boy. If, when we see those images, we are not able to step up with a commonsense, bipartisan, and quick response, then shame on all of us. The Senate, as a result of his leadership, and I look forward to working with him.

GOVERNMENT FUNDING

Madam President, as if that isn’t enough—and with the challenges we face of having close to 200,000 of my constituents, fellow citizens dead from coronavirus and there still being no national plan on PPE or testing or, my fear, that we could see a repeat of the mistakes that were made on testing and PPE happen on vaccinations if we are not careful—what I actually came to talk about and to remind my colleagues about is something that the Senator from Oregon will also be very, very involved in. I express my grave concern that we are only 16 days away from a potential lapse in government funding.

It is encouraging that Secretary Mnuchin and Speaker Pelosi seem to have reached at least an agreement in principle on this must-pass stopgap funding bill. It has been around here long enough to know that when negotiations between and within two Chambers on supposedly must-pass coronavirus relief legislation breaks down and stalls—and when that breakdown lasts for months—that we cannot let that happen to our government get mired in the same complacency and lack of urgency.

I hope and pray that the devastating impact of the 2019–2019 government shutdown is still in the front minds of all of my colleagues here in the Senate. I acknowledge it has been a long year, so here is a little recap for those who need it.

The government shutdown over the hold of 2019 and into the beginning of the new year of 2020 was the longest shutdown of the Federal Government in history—not of this Congress’s and not under this administration but in our country’s history. For 35 days, the Federal Government did not hold up its end of the bargain with taxpayers or the public servants who have dedicated their lives to delivering services to them. The economic impact and human toll were devastating. 390,000 Federal workers were furloughed, and another 450,000 were forced to work without pay. While Federal employees eventually received backpay, furloughed workers who happened to be contractors still have not been made whole. To put that in context, contractors, including those who had served the Federal Government as custodians, cafeteria workers, and security guards, had to figure out how to pay rent and buy medicine and put food on the table after two entire paychecks just evaporated.

The economic effects were not just personal either. The Congressional Budget Office estimates that the 2018–2019 government shutdown cost taxpayers—cost all of us—about $3 billion. It actually registered as a decrease in 2019’s gross domestic product of about two-tenths of a percent. Those will be losses that we will recover. As bad as that all sounds, that was only a partial government shutdown. There were 9 out of 15 Departments and several Agencies that were closed.

What we are facing in a couple of weeks would affect the entire Federal Government. To state the obvious, that was when we were not in a global pandemic and an economic recession. Virginians and people across the country continue relying on services from the Federal Government to help keep their families and businesses afloat.

I am sure the administration will take steps to ensure people continue to receive their most essential things, like SNAP benefits to keep their families fed and PPP loans to keep their businesses afloat. Shutting down the entire Federal Government will inevitably lead to disruptions and bare-bone contingency matters.

The American people need and, frankly, deserve better. With food insecurity, housing instability, and job loss all on the rise, now is the time for the Federal Government to do more to help everyday people—not by turning the lights out. Shutting down the government just as we are expecting a surge in COVID-19 cases post-Labor Day and as the flu season is starting and as we are needing to work double time to secure the border and as the Postal Service needs relief and, as Senator Wyden just indicated, as the entire west coast is burning—boy oh boy. Calling it a self-inflicted injury doesn’t even cut it. If we were to shut down, it would be more like kicking ourselves. Falling to reach an agreement on funding the government would be absolutely disastrous.

I can only hope that there will be bipartisan agreement on this point and that we will begin to put aside any of the unrelated policy differences to fulfill one of our most basic obligations as lawmakers—that of funding the government and keeping our commitments to both our constituents and the Federal workforce that works so tirelessly to serve them.

I yield the floor.

I suggest the absence of a quorum.

BROADBAND

Mrs. CAPITO. Madam President, I rise to address broadband connectivity and broadband access in rural States like that of my State and my State of West Virginia.

Our Nation has experienced a very tough couple of months because of the coronavirus pandemic. With the new normal consisting of teleworking, virtual learning, and telehealth appointments, there is no question that this has forced us to recognize and to reckon with the digital divide in this country. The ability to have affordable and inclusive service is more valuable than ever.

However, in 2020, my State remains one of the least connected States in the country. Over the last few months, I have heard from many constituents—hundreds of my constituents—are having difficulties properly and efficiently working from home, helping their kids with their homework because they lack robust internet access.

You know, I think about those children who either don’t have connectivity or don’t have an adult in the home who can really help them do their digital learning. We have to get our kids back in school, but in the meantime we have to have this connectivity.

Some examples of this are Randy from Parkersburg, whom I spoke to recently during a tele-townhall meeting that I held with constituents. Randy expressed his frustration with not being able to access the internet, making it difficult for his kids to complete their homework. He was driving to a hot spot.

Laura from Wheeling expressed her concern that her children will fall behind in school without access to their homework online.

And Mandy from Elkins, who is a professor, needs internet because of required online learning at Davis & Elkins College.

These are just examples of the few of the concerns that I have heard from my constituents, but, unfortunately, there are many, many more just like those. I am sure you are hearing them as well in the great State of Iowa.

Reality is that broadband build-out in rural areas of West Virginia and across our country are extremely expensive and take more time to complete because, in our case, we do have those beautiful West Virginia mountains. I have always said that if we can communicate with somebody on the Moon, we can surely find a way to deliver broadband to individuals, families, and businesses all across this Nation.

Fortunately, the FCC Chairman, Ajit Pai, understands this and has been working with the other Commissioners at the FCC to structure the future of rural broadband deployment. The FCC’s upcoming Rural Digital Opportunity Fund—which I am going to call it RDOF, with how we address it—is the largest Federal investment aimed at closing the digital divide.

RDOF will award $20.4 billion over the next 10 years for broadband service in rural America, with a special emphasis on the beginning on those who are totally unserved and then moving to those who have some service, but it is inadequate.
The first phase of the funding will be up to $16 billion deployed through a reverse auction, which is slated to begin next month.

On Friday, I talked with Chairman Pai for an update on the RDOF Program and what it will mean to West Virginia.

We also discussed where my State stands in the process. West Virginia is set to receive a significant amount of funds. The next 10 years to connect 121,000 eligible homes—so that is probably over 200,000 individuals—particularly those in the underserved areas, as I mentioned.

During my call with the Chairman, I received assurances that the FCC has been diligently working to get as many providers into the RDOF Program as possible.

The FCC has already provided feedback to providers on their short-form applications so that they may be prepared to bid in the upcoming auction next month.

Another partner in my quest to close this digital divide is West Virginia Governor and Attorney General Jim Justice. Recently, the Governor signed an executive order to help expand broadband capabilities in West Virginia—very interesting, I might add. His executive order would remove the regulatory cap on the amount of money that West Virginia's EDA can provide as loan insurance for broadband projects. In other words, the State is going to stand behind these providers to make sure we get our share of the RDOF money.

This is an innovative and bipartisan Federal-State partnership that hopefully will allow more local providers to successfully bid on the majority of the RDOF census blocks in our State.

These areas are oftentimes the most challenging to serve, and we need to ensure that our local providers—that are ready and able to connect their communities with high-speed broadband—have the ability to compete in the upcoming auction.

Our Governor's bipartisan effort is supported by leaders in both the majority and minority party of both chambers of the West Virginia Legislature, including the Senate president, Mitch Carmichael; our house speaker, Roger Hanshaw; the Senate minority leader, Roman Prezioso—whom I would like to thank for his service, as he is leaving the senate—and also the house minority leader, Tim Miley, who is also leaving, and I would like to thank him for his service.

So what is next and how do we continue to improve on this progress? One major undertaking is improving the FCC's broadband maps with more granular data. Too often these maps show rural areas that are covered, but, in reality, if you are living in and around the area, you know they are not covered. There is no service. It is not the case.

This data collection and correction is tedious but critical, as these maps often determine funding levels and what areas are prioritized, naturally.

As cochair of the Senate Broadband Caucus, I cosponsored the Broadband DATA Act, which this body passed last year and President Trump signed into law in March.

This new law will lead to the creation of a singular Federal broadband map, with more granular data collected by the FCC from State and local governments, consumers, and other third parties, and will be updated biannually.

It would create an online mechanism where individuals can challenge the coverage maps. Let's say you live in an area and you say: Well, they are saying I am covered, and you know darn well you are living in a place that is uncovered. You can submit that data online, and it will be submitted to the providers.

It also requires regular auditing of data submitted by providers, allowing for crowdsourcing verification. This is important, too, because if you are funding for infrastructure to give yourself a better grade, but if you are grading yourself and then you have a third-party verifier who is actually making sure that the data you are putting forward is correct, you might be giving a little more respect about how accurate that data is.

Another step forward would be dovetailing road infrastructure with fiber broadband buildout. We all recognize broadband is infrastructure, and a 'dig once'' approach would sure save time and money. Digging through those mountains is pretty tough so we only want to dig once if we have to.

This is why I am happy to see that the Department of Transportation's Federal Highway Administration in mid-August made an announcement of a new rule to improve coordination in the use of highway rights-of-way to support the installation of broadband technologies. In other words, they are making it more regulatory easier at the Federal level to move forward.

This proposed rule would help ensure that the digging required to install utilities would also be utilized for broadband infrastructure. That makes sense, doesn't it? This would help cut down on the expense associated with the deployment into rural areas.

The good news is, this issue is one of the few issues that lawmakers on both sides of the aisle can agree on, and it will be submitted to the providers.

The first phase of the funding will be announced in the upcoming auction, which is slated to begin September 14, 2020.

Perhaps one upside to the pandemic—perhaps one upside to the pandemic—or I would say better maybe lessons learned—is that it has helped us better appreciate the time that we can physically spend with one another. But lessons learned are we cannot disadvantage certain parts of this country because you don't have what I consider to be one of the essentials in order to do business, to have healthcare, and to learn, and that is the deployment of high-speed broadband.

Getting back to the human connection now. It is so important, and I know we miss it. A lot of us miss it. But it makes our work on broadband all that much more important.
I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

FREE SPEECH

Mrs. BLACKBURN. Madam President, it seems like every other week we turn on the TV only to hear a pundit declare that we are living in the most divisive time in the history of our Nation. Now, as I am sure many would point out, especially if we were having this discussion on social media, those who lived through the Civil War and other contentious eras might have something to say about that, but we can all agree it’s a contentious time.

What I know for sure is this: Every single day I see the American people losing the hope they once had in the absolute inviolability of our fundamental right to free speech and expression. They may not be the weightiest issues about the right to free speech, about the right to engage in political activity, but they are the ones that matter to the average American today.

Well, over the past few months, I have watched this national discourse spiral to the point where most people I talk to back home believe that civil debate is just about impossible, and it worries them. What happened to mutual respect? What happened to point-counterpoint? What happened to civil discourse in the public square? What happened to sitting around the table after a Sunday School class and talking about how what you have discussed applies to the issues of the day? Have we lost it?

I have witnessed obvious efforts to threaten and intimidate conservative activists, to push the envelope until they get what they feel that they can impose their will on others. And the on-platform—it is fine with them if you can’t figure it out. It gives them an “objectively reasonable belief” that the content falls within a certain specified category.

The problem isn’t just that they have unilaterally imposed their own preferred content filter into the browser and search engines of Americans and manipulated the availability and quality of the information; it is that in the process of doing so, they have trained their customers to expect that filter to be a part of their real-world interactions with people whose beliefs are much more diverse than those of the Silicon Valley’s wealthiest residents.

You know, this is one of those Hollywood versus the heartland sorts of issues. They think they know better than the people across this country, so they feel they can impose their own filter onto your browser and your news feed and thereby manipulate the accessibility and the quantity of information to which you are going to have access, and they are doing it because they can, they think, because they have been using 230 as their shield.

Last week, I joined my colleagues Senators Wicker and Graham to introduce the Online Freedom and Viewpoint Diversity Act, and I thank them for their willingness to work with me and to move a product to completion and introduction. To introduce this legislation means we are introducing accountability into our dealings with this notoriously opaque and unregulated industry.

To be clear, this piece of legislation isn’t meant to construct a new set of standards that would dictate the inner workings of a platform’s content moderation strategy. What it does is change the language of the existing statute to clarify some ambiguous terminology. Basically, you have a specific liability protection, when they can use it, how they can use it, and where it can be applied.

First and foremost, the bill clarifies those scenarios when an online platform—once they have determined the content to which you are going to have access and availability and the quality of information to which you are going to have access—is going to take something down, we

want to give them pause. They need to think before they do that.

Our update removes the “otherwise objectionable” standard that I mentioned previously, and it replaces it with some specific terms that would protect platforms when they remove content that promotes terrorism, promotes self-harm, or is unlawful.

You know, it is a good thing when Congress can be specific in what they mean and when they can be specific in the intent of the law. Changing this language would provide that specificity that is needed.

Last but not least, the bill clarifies the definition of “information content provider” to include a person or entity that creates, develops, or editorializes information provided through the internet or any other online platform.

Now, this will help online publishers, periodicals, and websites that are news websites. But then you have Big Tech block them because somebody puts up something that is objectionable in a piece of legislation that Big Tech doesn’t like. Of course, we all are familiar with Mark Zuckerberg saying that his company, Facebook, works more like a government than a corporation. So, this pulls back on what they have used as their control.

There has been a lot of discussion in this Chamber regarding the best way to handle section 230. Many argue that we would all be better off if Congress wiped the statute off the books and just rewrote it completely. But I will tell you, I fully believe that is a misguided approach. That strategy will not temper the effects of Big Tech’s bias because their bias stretches far beyond interactions that raise section 230 concerns.

This isn’t a simple issue. Those of us who have been working on section 230 for years are still studying the ripple effects these changes will bring. What we know for sure is that simply closing the book on section 230 via congressional rewrite would be like casting a protest vote against Big Tech’s bad behavior. It would be absolutely pointless.

Until we recognize the importance of clarifying and preserving liability protections for the internet we have now and not—not—the internet we had in 1996, Big Tech will keep pushing the boundaries until private corporations will become judge and jury over not only how Americans discover new information but the information that is actually there to discover.

It is time for the U.S. Senate to step up, to do the work, and to write those changes into law.

I yield the floor.

I support the presence of a quorum.

The PRESIDING OFFICER. On this vote, the yeas are 77, the nays are 12.

The motion is agreed to.

The majority leader.

ORDER OF PROCEDURE

Mr. MCCONNELL. Mr. President, I ask unanimous consent that notwithstanding the provisions of rule XXII, the confirmation vote with respect to the Scarsi nomination occur at 10:30 a.m. tomorrow; further, if cloture is invoked on the Blumenfeld nomination, the postcloture time with respect to the Blumenfeld nomination expire at 2:15 p.m. tomorrow, the Senate vote on confirmation of the nomination, and following disposition of the Blumenfeld nomination, the Senate vote on the motions to invoke cloture on the Holcomb and Robinson nominations in the order listed; further, if cloture is invoked on the Holcomb nomination, the postcloture time with respect to the nomination expire at 5:15 p.m. tomorrow and the Senate vote on the confirmation of the nomination. I further ask that if cloture is invoked on the Robinson nomination, the postcloture time expire at a time to be determined by the majority leader in consultation with the Democratic leader on Wednesday, September 16; finally, that if any of the nominations are confirmed, the motions to reconsider be considered made and laid upon the table and the President be immediately notified of the Senate’s action.

The PRESIDING OFFICER. Without objection, it is so ordered.

LEGISLATIVE SESSION

MORNING BUSINESS

Mr. MCCONNELL. Mr. President, I ask unanimous consent that the Senate proceed to legislative session for a period of morning business, with Senators permitted to speak therein for up to 10 minutes each.

The PRESIDING OFFICER. Without objection, it is so ordered.

MESSAGE FROM THE PRESIDENT

A message from the President of the United States was communicated to the Senate by Ms. Ridgway, one of his secretaries.

EXECUTIVE MESSAGE REFERRED

In executive session the Presiding Officer laid before the Senate a message
from the President of the United States submitting a nomination which was referred to the Committee on Armed Services.

(The message received today is printed at the end of the Senate proceedings.)

MESSAGE FROM THE HOUSE

At 3:02 p.m., a message from the House of Representatives, delivered by Mr. Novotny, one of its reading clerks, announced that pursuant to 20 U.S.C. 2103(b), and the order of the House of January 3, 2019, the Speaker appoints the following individual to the Board of Trustees of the American Folklife Center in the Library of Congress on the part of the House of Representatives for a term of 6 years: Ms. Anne Arrington of Lubbock, Texas.

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

By Ms. WARREN (for herself, Mr. PORTMAN, Mrs. BLACKBURN, Mr. BOOZMAN, Mr. TESTER, and Mr. REED):

S. 4566. A bill to amend the Servicemembers Civil Relief Act to provide clarification of delivery of notice of termination of leases of premises and motor vehicles, and for other purposes; to the Committee on Veterans’ Affairs.

S. 4567. A bill to designate the Rocksprings Station of the U.S. Border Patrol located on West Main Street in Rocksprings, Texas, as the “Donna M. Doss Border Patrol Station”; to the Committee on Environment and Public Works.

By Mr. WICKER (for himself and Ms. CANTWELL):

S. 4568. A bill to facilitate the development and distribution of forensic science standards by establishing in the National Institute of Standards and Technology the Organization of Scientific Area Committees for Forensic Science, and for other purposes; to the Committee on Commerce, Science, and Transportation.

SUBMISSION OF CONCURRENT AND SENATE RESOLUTIONS

The following concurrent resolutions and Senate resolutions were read, and referred (or acted upon), as indicated:

By Mr. RISCH (for himself, Mr. MENENDEZ, Mr. MURPHY, Mr. RUBIO, Mr. DURBIN, Mr. GRAHAM, Mrs. SHEREREN, Ms. HASSAN, Mr. CAIN, Mr. ROMNEY, Mr. COONS, Mr. JOHNSON, Mr. PORTMAN, and Mr. KAINEN):

S. Res. 689. A resolution condemning the crackdown on peaceful protestors in Belarus and calling for the imposition of sanctions on responsible officials; to the Committee on Foreign Relations.

By Mrs. FEINSTEIN (for herself, Mr. ENZI, Ms. BALDWIN, Mr. YOUNG, Ms. CORTEZ MASTO, Mr. CARPER, Mr. BRAUN, Mr. BLUMENTHAL, Ms. HASSAN, Mr. HOLLN, Mr. DURBIN, Ms. HIRONO, Mrs. SHABEREN, Mr. MURPHY, Ms. ROSEN, Mr. BARRASSO, Ms. CANTWELL, Ms. STABENOW, Mr. MANCHIN, Mr. KAINEN, Ms. KLOBUCHAR, Ms. DWUCKWORTH, Ms. SMITH, MS. CARDEN, Mr. MERKLEY, MRS. MURRAY, Mr. PATRIK, Mrs. HYDE-SMITH, Mr. SCOTT of South Carolina, Mr. ROBERTS, Mr. Cramer, and Mr. DANNIS):

S. Res. 690. A resolution designating September 2020 as "National Workforce Development Month"; considered and agreed to.

By Mr. BLUMENTHAL (for himself, Mr. DURBIN, Ms. HASSAN, and Mr. KING):

S. Res. 691. A resolution expressing support for evidence-based programs that facilitate social and emotional learning during and beyond the COVID-19 pandemic; to the Committee on Health, Education, Labor, and Pensions.

ADDITIONAL COSPONSORS

S. 815. At the request of Mr. BOOZMAN, the name of the Senator from New York (Ms. GILLIBRAND) was added as a cosponsor of S. 815, a bill to amend the Internal Revenue Code of 1986 to allow a refundable tax credit against income tax for the purchase of qualified access technology for the blind.

S. 892. At the request of Mr. CASEY, the names of the Senator from Idaho (Mr. CRAPO) and the Senator from Oklahoma (Mr. LANKFORD) were added as cosponsors of S. 892, a bill to award a Congressional Gold Medal, collectively, to the women in the United States who joined the workforce during World War II, providing the aircraft, vehicles, weaponry, ammunition, and other materials to win the war, that were referred to as “Rosie the Riveter”. In recognition of their contributions to the United States and the inspiration they have provided to ensuing generations.

S. 997. At the request of Ms. WARREN, the name of the Senator from Nevada (Ms. ROSEN) was added as a cosponsor of S. 997, a bill to recognize and honor the service of individuals who served in the United States Cadet Nurse Corps during World War II, and for other purposes.

S. 1083. At the request of Mr. BOOKER, the name of the Senator from Maryland (Mr. CARDIN) was added as a cosponsor of S. 1083, a bill to address the fundamental injustice, brutality, and inhumanity of slavery in the United States and the 13 American colonies between 1619 and 1865 and to establish a commission to study and consider a national apology and proposal for reparations for the institutionalized separate jural and de facto racial and economic discrimination against African-Americans, and the impact of these forces on living African-Americans, to make recommendations to the Congress on appropriate remedies, and for other purposes.

S. 2548. At the request of Mr. CASEY, the name of the Senator from New York (Mr. SCHUMER) was added as a cosponsor of S. 2548, a bill to amend the Elementary and Secondary Education Act of 1965 to address and take action to prevent bullying and harassment of students.

S. 2886. At the request of Ms. MCALLISTER, the name of the Senator from Virginia (Mr. WARDER) was added as a cosponsor of S. 2886, a bill to prohibit the use of animal testing for cosmetics and the sale of cosmetics tested on animals.

S. 3471. At the request of Mr. RUBIO, the name of the Senator from Colorado (Mr. BENNET) was added as a cosponsor of S. 3471, a bill to amend the Foreign Assistance Act of 1961 and the United States-Israel Strategic Partnership Act of 2014 to make improvements to certain defense and security assistance provisions and to authorize the appropriations of funds to Israel, and for other purposes.

S. 3718. At the request of Ms. MCALLISTER, the name of the Senator from Idaho (Mr. RISCH) was added as a cosponsor of S. 3718, a bill to require the Secretary of the Interior, the Secretary of Agriculture, and the Assistant Secretary of the Army for Civil Works to digitize and make publicly available geographic information system mapping data relating to public access to Federal land and waters for outdoor recreation, and for other purposes.

S. 3719. At the request of Mr. RUBIO, the name of the Senator from Maine (Ms. COLLINS) was added as a cosponsor of S. 3718, a bill to ensure that goods made with forced labor in the Xinjiang Uyghur Autonomous Region of the People’s Republic of China do not enter the United States market, and for other purposes.

S. 3720. At the request of Ms. CANTWELL, the name of the Senator from Mississippi (Mrs. HYDE-SMITH) was added as a cosponsor of S. 3718, a bill to expand the waiver of affiliation rules for certain business concerns with more than 1 physical location, and for other purposes.

S. 3721. At the request of Mr. CRUZ, the names of the Senator from Maryland (Mr. CARDIN), the Senator from Oklahoma (Mr. LANKFORD), the Senator from Indiana (Mr. BRAUN) and the Senator from Arkansas (Mr. BOOZMAN) were added as cosponsors of S. 3722, a bill to authorize funding for a bilateral cooperative program with Israel for the development of health technologies with a focus on combating COVID-19.

S. 3829. At the request of Mr. RISCH, the name of the Senator from Idaho (Mr. CRAPO) was added as a cosponsor of S. 3829, a bill to advance the global health security and diplomacy objectives of the United States, improve coordination among the relevant Federal departments and agencies implementing
United States foreign assistance for global health security, and more effectively enable partner countries to strengthen and sustain resilient health systems and supply chains with the resources, capacity, and personnel required to prevent, detect, mitigate, and respond to infectious disease threats before they become pandemics, and for other purposes.

At the request of Mr. Reed, the names of the Senator from Nevada (Ms. Rosen), the Senator from Kansas (Mr. Roberts) and the Senator from Illinois (Ms. Duckworth) were added as cosponsors of S. 4150, a bill to require the Secretary of the Treasury to provide assistance to certain providers of transportation services affected by the novel coronavirus.

At the request of Mr. Lankford, the name of the Senator from New Hampshire (Ms. Hassan) was added as a cosponsor of S. 4245, a bill to develop and deploy firewall circumvention tools for the people of Hong Kong after the People’s Republic of China violated its agreement under the Joint Declaration, and for other purposes.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 669

CONDEMNING THE CRACKDOWN ON PEACEFUL PROTESTORS IN BELARUS AND CALLING FOR THE IMPOSITION OF SANCTIONS ON RESPONSIBLE OFFICIALS

WHEREAS Alyaksandr Lukashenka has ruled Belarus as an undemocratic dictatorship since the first presidential election in Belarus in 1994;

WHEREAS subsequent presidential elections in Belarus have been neither free nor fair and have been rejected by the international community as not meeting minimal electoral standards, with the jailing of opposition activists frequently used as a tool of government repression before and after the elections;

WHEREAS, in response to the repression and violence during the 2006 presidential election, Congress passed the Belarus Democracy Reauthorization Act of 2006 (Public Law 109–480);

WHEREAS, in March 2011, the Senate unanimously passed Senate Resolution 105, which—

(1) condemned the December 2010 election in Belarus as “illegitimate, fraudulent, and not representative of the will or the aspirations of the voters in Belarus”; and

(2) called on the Lukashenka regime “to immediately and unconditionally release all political prisoners in Belarus who were arrested in association with the December 19, 2010, election’’;

WHEREAS, in advance of the August 2020 presidential elections in Belarus, authorities acting on behalf of President Lukashenka arrested journalists, bloggers, political activists, and opposition leaders, including three leading presidential candidates (Siarhei Tsikhanouski, Mikalay Statkevich, and Viktar Babaryka), who were barred from running in the election by the Central Election Commission of the Republic of Belarus;

WHEREAS, while the three opposition candidates were imprisoned, two of their wives and one of their campaign managers, Sviatlana Tsikhanouskaya, Veranika Tsepkala, and Maria Kalesnikava, joined together and ran in place of the candidates;

WHEREAS thousands of Belarusian people demonstrated their support for these candidates by attending rallies, including one rally that included an estimated 63,000 participants;

WHEREAS, on August 5, 2020, the Senate unanimously passed Senate Resolution 658, which calls for a free, fair, and transparent presidential election in Belarus, including the unimpeded participation of all presidential candidates;
Whereas presidential elections were held in Belarus on August 9, 2020, under undemocratic conditions with reports of malfeasance on the part of Lukashenka’s government, resulting in the use of ballot burning, pressuring poll workers, and removing bags full of ballots by climbing out of windows;

Whereas incumbent President Alyaksandr Lukashenka declared a landslide victory in the election and claimed to have received more than 80 percent of the votes cast in the election;

Whereas the leading opposition candidate, Sviatlana Tsikhanouskaya—

(1) formally disputed the government’s report on the election result;

(2) explained that her staff had examined the election results from more than 50 polling places; and

(3) found that her share of the vote exceeded Lukashenka’s share by many times;

Whereas, on August 10, 2020, Sviatlana Tsikhanouskaya was detained while attending a meeting with the Central Election Commission of the Republic of Belarus and forced to flee to Lithuania under pressure from government authorities;

Whereas, on August 11, 2020, Lithuanian Foreign Minister Linas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Antanas Ant�...

AUTHORITY FOR COMMITTEES TO MEET

Mr. McConnell. Mr. President, I have a request for one committee to meet during today’s session of the Senate. It has the approval of the Majority and Minority leaders.

Pursuant to rule XXVI, paragraph 5(a), of the Standing Rules of the Senate, the following committee is authorized to meet during today’s session of the Senate:

COMMITTEE ON FOREIGN RELATIONS

The Committee on Foreign Relations is authorized to meet during the session of the Senate on Monday, September 14, 2020, at 3:30 p.m., to conduct a hearing.

NATIONAL WORKFORCE DEVELOPMENT MONTH

Mr. McConnell. Mr. President, I ask unanimous consent that the Senate proceed to the consideration of S. Res. 690, submitted earlier today.

The PRESIDING OFFICER. The clerk will report the resolution by title.

The senior assistant legislative clerk read as follows:

A resolution (S. Res. 690) designating September 2020 as “National Workforce Development Month”.

There being no objection, the Senate proceeded to consider the resolution.

Mr. McConnell. I know of no further debate on the resolution.

The PRESIDING OFFICER. If there is no further debate, the question is on the adoption of the resolution.

The resolution (S. Res. 690) was agreed to.

Mr. McConnell. Mr. President, I ask unanimous consent that the preamble be agreed to and the motions to reconsider be considered made and laid upon the table with no intervening action or debate.

The PRESIDING OFFICER. Without objection, it is so ordered.

The preamble was agreed to.

RECOGNIZING THE RETIREMENT OF MASTER SERGEANT CHRISTINE INCH, 193RD SPECIAL OPERATIONS WING, PENNSYLVANIA AIR NATIONAL GUARD

HON. SCOTT PERRY
OF PENNSYLVANIA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. PERRY. Madam Speaker, I’m honored to congratulate Master Sergeant (MSgt) Christine Inch on her well-earned retirement after 23 years of service to our communities, Commonwealth and Country while serving in the 193rd Special Operations Wing, Pennsylvania Air National Guard.

Following the heinous and cowardly attacks of 9/11, MSgt Inch served as the Wing Command Staff Orderly. She ensured that (amongst myriad other duties), before boots or bombs hit the ground in Afghanistan, Airmen—and all United States Service Members’—only flying/psychological operations/broadcasting platform was already over target delivering messages of freedom.

MSgt Inch has instrumental to the mission assurance and success for over 350 Warfighters in five distinct squadrons. She led the standup of the consolidated Group Command Support Staff as it transitioned from the squadrons to administration at the Group level. Her direct efforts seamlessly realigned positions and duties to better accommodate critical commander support actions throughout 193rd Special Operations Mission Support Group units.

MSgt Inch’s adaptability and affability enabled her to provide leadership as needed, as a critical embedded member during myriad time periods within many Squadrons, and helped ensure thousands of this unique unit’s Air Commandos to arrive on time, on target and back home into the loving arms of their families and friends.

In addition to her varied duties and responsibilities, MSgt Inch volunteered as the sole administrative support lead during Operation IRON RESPONSE, providing critical security for the 2015 Papal Visit in Philadelphia. In this position, she facilitated essential personnel data and information-sharing among joint partners, which lead to mission success.

MSgt Inch’s dedication and tireless efforts, as well as her administrative subject matter expertise contributed to the 193rd Special Operations Communications Squadron earning the U.S. Air Force Lieutenant General Harold W. Grant Award as the best small communications unit in the Air National Guard.

MSgt Inch leaves a “can-do” Airman legacy. Her performance and professionalism was exceptional, as she consistently delivered accurate and timely information—eclipsed only by her positive and radiant attitude. Master Sergeant Christine Inch’s distinguished career and selfless service to our Nation reflect great credit upon herself, the Air National Guard, the United States Air Force, and the United States.

In recognition of Attorney Allan M. Kluger on his lifetime of service to the community

HON. MATT CARTWRIGHT
OF PENNSYLVANIA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. CARTWRIGHT. Madam Speaker, I rise today to recognize attorney Allan M. Kluger, whose career was celebrated by the Friedman Jewish Community Center at their first annual Tribute Gala on Sunday, September 13, 2020. A native of Northeastern Pennsylvania, Allan graduated from Wyoming Seminary Preparatory School in 1945. After receiving his undergraduate degree in 1949 from Amherst College in Massachusetts, he attended law school at the University of Pennsylvania.

In 1952, Allan began his legal career with the firm Hourigan, Kluger, and Quinn, specializing in business law, estate planning and administration, wills, trusts, and real estate law. During his near seven-decade career, he established himself as a leading attorney in the region and rose through the ranks to president and senior member of Hourigan, Kluger, and Quinn. Allan is a member of the Luzerne County and American Bar Associations and was appointed by the governor to serve on the Pennsylvania State Ethics Commission from 1991 to 1998. In recognition of his skill and commitment to the field, he was named a Pennsylvania Super Lawyer in 2004 and 2005.

In addition to his professional pursuits, Allan is dedicated to giving back to his community. He has served on the boards of and in leadership positions for over 25 organizations, including the Jewish Community Center, the Luzerne County Bar Association, and the F.M. Kirby Center for Performing Arts. He is currently a Trustee Emeritus of King’s College, Director Emeritus of the Greater Wilkes-Barre Chamber of Business and Industry, Director and Secretary of Luzerne Foundation/Founding Board, and Director of Luzerne Products, Inc.

Allan has been lauded for his service to others. In addition to being recognized by the Friedman Jewish Community Center, he has received the Mary Bevevino Community Service Award; the Father James Lackenber, C.S.C. Award for Achievement and Leadership; the B’nai B’rith Outstanding Citizen Award; the First Annual Ethics Award from the Ethics Institute of Northeastern Pennsylvania; the Wyoming Seminary Distinguished Service Award; the President’s Award from the Luzerne County Bar Association; the Boy Scouts Distinguished Citizen Award; the Lifetime Achievement in Philanthropy Award with his wife, Sue, from the Greater Pocono Northeast Chapter of the National Society of Fundraising Executives; the Anti-Defamation League Distinguished Community Service Award; the Pillar of the Community Award from Temple Israel; and the Greater Wilkes-Barre Chamber of Commerce Distinguished Citizen Award.

It is an honor to recognize a true community leader and former colleague in the legal profession. Allan’s career and life have been marked by integrity and a willingness to go the extra mile for his community, and I wish him many more years of health and happiness ahead.

RECOGNIZING CONSTITUTION WEEK AND THE THEODOSIA BURR CHAPLAIN OF THE AMERICANS REVOLUTION

HON. TOM RICE
OF SOUTH CAROLINA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. RICE. Madam Speaker, I rise today to recognize Constitution Week and the Theodosia Burr Chapter of the Daughters of the American Revolution in Myrtle Beach, South Carolina.

It is a privilege and duty of the American people to commemorate the two hundred thirty-third anniversary of the drafting of the Constitution of the United States of America by the Constitutional Convention. As citizens of this great nation, we must reaffirm the ideals the Framers of the Constitution had in 1787.

Public Law 915 guarantees the issuing of a proclamation each year by the President of the United States of America designating September 17 through 23 as Constitution Week. It is fitting and proper to officially recognize this magnificent document and the anniversary of its creation.

Madam Speaker, I join the Theodosia Burr Chapter of the Daughters of the American Revolution and the American people in recognizing September 17 through September 23, 2020 as Constitution Week, and honor the Framers for their contributions.

HONORING THE CAREER OF SALAM NALIA

HON. JIM COSTA
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. COSTA. Madam Speaker, I rise today to honor the retirement of Salam Nalia, an accomplished international businessman and community advocate in the Central Valley.

Salam began his education at the age of five through missionary school. He then earned a bachelor’s degree from Karachi University in Pakistan, a bachelor’s degree in accounting and master’s degree in business administration from Fresno State.

He has extensive experience and success in the development and implementation of accounting systems, fiscal and grants management, and leadership within a nonprofit management. Salam has developed projects focused on...
on maximization of economic resources and development for distressed communities. Some of his domestic projects include the establishment of a certified Community Development Financial Institution (CDFI) and assisting in establishing a credit union in Fresno, California. Other international projects include the construction of a UNOCAL gas pipeline project, Petrochemical project and a construction project in Singapore.

Salam has expanded his experience and network internationally as he served as a County Head of Finance for a multi-national company, established international ventures, participated in the development of a $2.5 billion eight-country gas pipeline consortium and other projects related to construction, petrochemicals and textiles. He traveled to many countries around the globe, including Western and Eastern Europe, Thailand, Dubai, and Romania. He was invited and recognized by the Romanian government to be the nation’s Honorary Consul General.

His leadership in the community has made a significant impact. Salam has been involved within the community by serving on boards of several organizations, such as the Fresno Metropolitan Museum, Fresno Arts Museum, Citizens Foundation USA, Central Valley Center for the Blind, and other organizations. For the past 27 years, he has worked for the Fresno Economic Opportunities Commission. He has served as the Chief Financial Officer and an effective leader managing the fiscal affairs within the nonprofit business. As CEO of the Fresno CDFI, he has successfully led the expansion of the operations and help communities develop infrastructure and enhance job potential. With no doubt, Salam has made a significant impact to progress the economic and human prosperity within the Central Valley.

Madam Speaker, I ask my colleagues to join me in celebrating and honoring the retirement of Mr. Salam Nalia. I wish Salam and his family continued success, health and happiness in this new chapter of his life.

HONORING FATHER LEWIS BROWN, FORMER MILITARY CHAPLAIN AND PAROCHIAL VICAR OF ALL SAINTS PARISH IN CORNING, NEW YORK

HON. TOM REED
OF NEW YORK
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. REED. Madam Speaker, today I rise to honor Father Lewis Brown, former military chaplain and parochial vicar of All Saints Parish in Corning, New York. Father Brown passed away on September 5, 2020, and it is only fitting to remember him thusly today.

Father Brown, known as Father Lew to many, and El mira who attended Saint Mary’s Southside Parish. He would go on to serve as the assistant pastor of the Church of the Assumption in Fairport; Saint Alphonsus in Auburn and Saint Ann of Hornell. He also served as an assistant at Immaculate Conception Church in Elmira who attended Saint Mary’s Southside Parish. He also served as an assistant at Immaculate Conception Church in Elmira who attended Saint Mary’s Southside Parish. He would go on to serve as the assistant pastor of the Church of the Assumption in Fairport; Saint Alphonsus in Auburn and Saint Ann of Hornell.

Father Brown served twenty-two years as a United States Navy Chaplain, serving in Okinawa, Japan; the USS Nimitz, Arlington National Cemetery and a recruitment base in Chicago. In 2007, he retired and returned to the Southern Tier, making his home in the Corning area. In 2008, Father Brown became the parochial vicar of my family’s church, All Saints Parish.

I have always been inspired by the kindness and peace that Father Brown exuded. I appreciate his military service as a chaplain and the deep dedication he had to the Church, especially All Saints Parish. He was almost always present at our Valentines for Vets events, where we shared special cards with veterans at the Bath VA Medical Center. I will always remember him fondly, as I am sure so many across the Corning area, the state and the nation will as well.

Given the above, I ask that this Legislative Body pause in its deliberations and join me to honor Father Lewis Brown, former military chaplain and parochial vicar of All Saints Parish in Corning, NY.

RECOGNITION OF KAROLE HONAS SERVICE TO IDAHO AGRICULTURE

HON. MICHAEL K. SIMPSON
OF IDAHO
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. SIMPSON. Madam Speaker, I rise today to congratulate my friend Karole Honas on a well-earned retirement after an extraordinary broadcasting career.

Karole grew up in Gooding, Idaho and graduated from the University of Idaho with a degree in radio-TV, communications. Shortly after graduation she married her husband, Ken. They have been happily married for 40 years.

Karole started her career at KPVI in Pocatello. After 7 years, she left KPVI to raise her three sons. In 1990, Jay Hildebrandt called and asked her to fill in as an anchor for six weeks while another anchor was on maternity leave. Those six weeks turned into 30 years of co-anchoring with Jay Hildebrandt. Together they were an iconic news team that the community trusted.

In addition to her role at KIFI with Jay, Karole mentored new journalists who were getting started in the industry. She also spent 14 years as an adjunct instructor at Idaho State University. She has served as a member of the advisory board for the School of Journalism and Mass Media in the College of Letters, Arts and Social Sciences at the University of Idaho. She continues to reach out to students interested in television news, informing of internship opportunities and job openings at her station and elsewhere.

Karole has served on several community boards and committees. As an active member of her community, Karole is committed to leaving this area better than she found it.

It has been my privilege to be interviewed by Karole throughout my political career. Even though we were friends she didn’t hold back the tough questions. I have always appreciated her honesty and fairness.

Madam Speaker, Karole Honas has provided an invaluable service to Eastern Idaho for the last 30 years. I want to thank her for that service and wish her well in a well-earned retirement.

HONORING THE LIFE OF VINCENT "VIC" SHUTTERA

HON. JIM COSTA
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. COSTA. Madam Speaker, I rise today to honor the life of a great marine, Vincent “Vic” Shuttera who passed away July 30, 2020. Vincent served in the Marines at the start of the first offensive land battle of Guadalcanal and continued his service in the Central Valley. He was a veteran, an honorable friend, a father, and a patriot in the community.

Vincent was born on April 11, 1918 in Stanislaus County to Frank and Hannah Shuttera. After graduating high school, Vincent was selected for the first group of young men to take part in the Boys State program’s inaugural year. After a few years of college, Vincent joined the military—a decision that would change his life.

In 1943, Vincent joined the Marine Corps and became a driver of a tank destroyer with a .75 mm gun. He later joined the pistol range and became one of the top marksmen in his unit.

Vincent was stationed in San Diego, then moved to Oceanside’s Camp Pendleton. The unit was then transported to the island of Guadalcanal. To support the regimental and headquarters companies. Vincent served there for six months. From his view on the island, he witnessed the sinking of more than 50 war ships in Navy battles.

After his duty in Guadalcanal, Vincent was ordered to New Zealand where he contracted malaria. He returned to the United States on July 3, 1943 still in poor health from malaria. He spent nearly a year in Oak Knoll hospital in Santa Cruz, California. Vincent would finish his service with the Marine Corps with an honorable discharge as Corporal Vincent Shuttera.

After serving in World War II, Vincent started a family, moved to Modesto, California and started a truck driving business, where he worked with large equipment like tractors, scrapers, and bulldozers on farmland.

Vincent dedicated his life to his fellow veterans and telling stories about his experiences in World War II. He was the guest speaker for Boys State, was on the Central Valley Honor Flight, in the Marine Corps League, American Legion Post 4, in the Central Valley Veterans Day Parade, and more.

Vincent is survived by his sons, Steve and Mark Shuttera, and his daughter Vicki Essman, Grandchildren Michelle Launier, Sacbe Shuttera, Brian Day, Brandi Shuttera, Charlie Shuttera, and his great-grandchildren Matthew Silva, Audrey Shuttera, Gavin Launier, Autumn Day, Ahren Shuttera, Luke Launier, and Jacob Day.

Madam Speaker, I ask my colleagues to join me in celebrating and honoring the life of Mr. Vincent Shuttera. His advocacy and service to his county will be remembered for many years to come. We join his family, friends and community in honoring his great life and legacy.
CONGRATULATING HANNAH STRAIN AS A WINNER OF THE 2018 FFA NATIONAL AGRICULTURE PROFICIENCY AWARD

HON. JASON SMITH
OF MISSOURI
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. SMITH of Missouri. Madam Speaker, I rise today to congratulate Hannah Strain of Rolla, Missouri for being selected as a winner of the 2018 National Agricultural Proficiency Award for her Supervised Agricultural Experience (SAE) project at the 91st National FFA Convention & Expo.

The SAE project is one that every FFA member completes, compelling them to apply what they are learning in the classroom while gaining hands-on career experience as an agriculture project. Out of the 600,000 plus FFA members nationwide, Hannah is one of 188 national finalists who will be competing this month in Indianapolis. This is an enormous accomplishment for Hannah and a historical milestone for the Rolla FFA chapter.

Hannah started a hay business in conjunction with her family’s beef ranch, Elk Prairie Farms LLC, where she manages grazing for the cattle and produces and sells hay to local farmers and ranchers. She won the local, area, and state proficiency award contests, propelling her to the national convention. Hannah excelled at this project because of her knowledge and ability in growing, managing, marketing and selling hay.

Hannah has since moved on to the University of Missouri, where she is studying Agricultural Education and Leadership, hoping to work in community outreach for an agribusiness. It is my great privilege to congratulate Hannah Strain before the United States House of Representatives on her remarkable achievement.

HONORING THE STATE ACCREDITATION OF MADERA COMMUNITY COLLEGE CENTER

HON. JIM COSTA
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. COSTA. Madam Speaker, I rise today to recognize the state accreditation of Madera Community College, which becomes the 116th campus of the state’s community college system. It is the newest campus in California.

In 1958, State Center Community College District began offering classes at Madera High School with 158 students enrolled in 19 evening classes. In 1969, the Madera Community College Center was then relocated and established in a portable building at James Madison Elementary School.

Throughout the years, the institution has grown and expanded by establishing buildings, laboratories, food services, large instruction classrooms, vocational training courses, certifications and offering more than 360 courses. In fall 2009, the Center for Advanced Manufacturing (CAM) was established to offer mechanical and welding programs. Recently, the college added the Center for Agriculture and Technology (CAT) which provides laboratory, vocational training programs and various agriculture programs in plant science, agriculture mechanics, industrial maintenance and welding.

Because of the leadership of then Chancellor Dr. Bill F. Stewart and Vice Chancellor of External Relations Dr. Tom Crow, a donation of 114 acres was made by local landowners to establish the expanded current campus. Today, Madera Community College Center serves more than 6,123 students, with comprehensive and innovative programs in transfer/general education, occupational education, distance learning courses, online learning and developmental education. The Center continues to provide an affordable, quality education for the residents of Madera County and nearby communities in the San Joaquin Valley.

Madam Speaker, I ask my colleagues to join me in recognizing this historical moment and the success of the Madera Community College. This could not have been possible without the dedication and contributions of their staff, faculty, administrators and community leaders. I look forward to seeing the future achievements and success of our students, the leaders of tomorrow.

GENE BUDIG
HON. JOE CUNNINGHAM
OF SOUTH CAROLINA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. CUNNINGHAM. Madam Speaker, I rise today in remembrance of Dr. Gene Budig of Isle of Palms, South Carolina. Gene was raised in the small town of McCook, Nebraska where his love of baseball began at age 12.

He wrote to then St. Louis Browns owner, Bill Veeck, asking for a tryout and received a letter back informing Gene that he could have a tryout under the stipulations that he graduate high school. This formative moment taught Gene that with a little audacity and a lot of hard work, achieving his dreams was possible.

In his 81 years, Gene served in countless leadership positions across the country, from Major General in the Air National Guard; University President at Illinois State, West Virginia and Kansas; and a newscaster/executive and anchor just to name a few. Despite his lengthy educational career, anyone who knew Gene knew his deep passion for baseball and that he wore his love for the game, and the Yankees, on his sleeve. Gene was the last President of the American League, where he celebrated his university and hired Larry Doby, the first Black player in the American League, as an assistant. The Charleston RiverDogs brought Gene back to his childhood barter with Bill Veeck, but this time, he was shaking hands with his son, Mike Veeck.

In the 14 years that Gene served as co-owner, it was clear how much the franchise loved Gene. We will all miss his kind presence.

Gene is survived by Gretchen, his wife of 57 years, his three children, and his siblings. The Lowcountry mourns this loss but will remember Gene for the life he lived as a loving father, a leader full of wit and integrity, and an avid fan of all things baseball.

TRIBUTE TO MARC AARONS

HON. KEN CALVERT
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. CALVERT. Madam Speaker, I rise today to honor and pay tribute to an individual whose dedication and contributions to Southern California are exceptional. Today, I ask the House of Representatives to join me in congratulating Marc Aarons on his year as the District Governor of Rotary District 5320.

Marc’s Rotary career began in 1997, and since then his involvement in the organization has been expansive. Today, he is a member of the Rotary Club of Newport Balboa and has been recognized with several awards, including the Cliff Docterman Award, for his dedication to the organization. Throughout his years of service, Marc has served as the Rotary Club of Newport Balboa’s Treasurer, Vocational Chair, VP Ethics, International Chair, and Immediate Past President.

His service goes beyond Newport Balboa as Marc has served Southern California as Rotary District 5320’s District Governor for the 2019–2020 year. Previously, he was an Assistant District Governor from 2013–2015 and a member of the District’s Advisory Board from 2015 to 2017. Marc has also served as a member of the Foundation Committee, the Training Committee, and the Membership Committee.

A proud Eagle Scout, Marc’s character and dedication to service have been largely influenced by his involvement with the Boy Scouts of America. He has received awards and recognition for his service to the Scouts around the world, including in Sweden, South Africa, and Germany. He also served as the Boy Scout’s International Committee Chairman for Orange County.

Marc is a Certified Senior Advisor who has extensively studied the financial, physical, emotional, and personal issues affecting today’s business owners. After living in Japan,
Marc speaks fluent Japanese and has vast knowledge of Japanese culture and world markets. Marc is married to Xiaowen and together they enjoy serving their community, trying new restaurants and barbecuing.

In light of all that Marc has done for Southern California and Orange County, I am honored to recognize Marc today. Marc has contributed immensely to the betterment of our region and our community is proud to call him one of our own. I add my voice to the many who will be congratulating Marc Arons on his term as Rotary District 5320’s District Governor.

HONORING THE LIFE OF JACK WOOLF

HON. JIM COSTA
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. COSTA. Madam Speaker, I rise today along with my colleague Mr. Cox to honor the life of a great farmer, veteran and Joaquin Valley native, Jack Woolf, who passed away on July 28, 2020 at the age of 102. Jack was a pioneering farmer who transformed the west side of California’s San Joaquin Valley into an agricultural oasis.

Jack was born on Sept. 6, 1917, along with his identical twin, Leyton, in Scottsdale, Arizona. Growing up, he enjoyed helping his family at their small dairy farm. After graduating from Peoria High School in 1935, he and his twin moved to Los Angeles and enrolled in Woodbury Business College. They obtained their business degrees in two years and graduated Magna Cum Laude.

After college, Jack worked as a cotton merchant, but due to escalating tensions in Europe, Jack registered for the draft in early spring 1941. He joined the Army and rose to the rank as Captain. As a member of the 204th Anti-Aircraft Battalion, he landed on Omaha Beach as part of the D-Day Normandy Invasion of Europe. He received seven battle citations and was discharged as a Major in December 1945.

After a career of military service, he returned to his old job at Anderson Clayton. In 1957, he traveled to Mendota, Calif. to meet with a landowner, Russell Giffen who sold his farming operation to Anderson Clayton. This created a 30 plus year relationship that led to creating one of California’s largest and most successful farming operations, Giffen Inc.

In 1948, Jack met his soul mate, Bernice. A few months after they met, they decided to get married and formed a beautiful family. In 1974, Giffen retired from the farming business and asked Jack to sell all the assets. Instead, Jack decided to start his own operation, Woolf Faming Co. of California.

Jack proved to be a leader and successful entrepreneur. His business grew successfully because of vision, loyalty, and passion. His military training and strong character were ingrained into who he was as a businessman and member of the community.

Jack was a member of several boards and organizations including The National Cotton Council, Valley Public Television, Fresno Historical Society, Santa Clara University Board of Regents and the California Tomato Growers Association. He helped establish a graduate agribusiness program at Santa Clara University and he received an honorary doctorate degree from Fresno State. Both of these institutions offer scholarships in his honor.

He is survived by his loving and devoted wife of over 70 years, Bernice, his six kids: Anne, Don, N. Faye, John, John, and Mike; 16 grandchildren; and 4 great-grandchildren.

Madam Speaker, I ask my colleagues to join us in celebrating and honoring the life of Mr. Jack Woolf. Jack lived a life with purposeful steady steps, a man on his way somewhere, always moving forward. His service to his country will be remembered for many years to come. We join his family, friends and community in honoring his life and legacy.

IN RECOGNITION OF CHARLES AMBLER’S RETIREMENT

HON. VERONICA ESCOBAR
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Ms. ESCOBAR. Madam Speaker, I rise today to recognize Dr. Charles Ambler on the occasion of his retirement from the University of Texas at El Paso (UTEP). UTEP bids goodbye to one of its most notable contributors to the institution’s transformation from a regional university to a leader in U.S. higher education.

Dr. Ambler joined the UTEP faculty in 1984. As a recent Ph.D. graduate of Yale, he devoted himself to supporting UTEP’s mission of ensuring the success of its majority Hispanic and first-generation student body. Concurrently, Dr. Ambler established himself as an internationally recognized scholar of African History, publishing numerous articles and scholarly books focused on 19th and 20th century Africa.

Dr. Ambler quickly rose through the faculty ranks earning the title of Professor and serving as Chair of UTEP’s History Department. In 1996, Dr. Ambler assumed leadership of UTEP’s emerging graduate program, a role he played on and off as Dean and Assistant Vice President until 2019. In the mid-nineties, UTEP was limited to a small number of doctoral programs. He recognized the opportunity at hand, created by lawsuits challenging the lack of graduate programs along the United States-Mexico border region, to greatly expand program offerings. UTEP was able to establish itself as a national leader in graduate education and a major producer of Hispanic doctorate degree holders. Altogether, Dr. Ambler understood it was important for these degree programs to not only be of the highest quality, but to focus on the scholarly issues happening along the border region. UTEP’s forward thinking led to the development of a doctoral program in U.S.-Mexico border history. This innovation was accompanied by similar degrees with a border focus in areas like International Business, Engineering, and Health Science.

While Dr. Ambler was an internationally recognized African History scholar, he was deeply committed to undergraduate education. He regularly taught large sections of undergraduate history and developed strategies to improve the success of UTEP’s students. Dr. Ambler’s strategies and teaching skills included technology-based learning and contacting students who stopped attending class to invite them back. As a result, completion rates in his section and average scores on standardized tests were higher than in other sections of the same class.

Dr. Ambler’s influence on education, grants, and studentship has gone far beyond UTEP. He has held several prestigious fellowships, served as President of the African Studies Association, and most recently served as Dean in Residence of the Council of Graduate Schools.

Dr. Ambler and his wife Gloria, who recently retired herself after many years of service as a teacher and counselor in the El Paso Independent School District, are vital members of the El Paso community.

UTEU bids a fond farewell in no small part to Dr. Ambler’s 35 years of service.

HONORING JOSEPH W. HESTON

HON. JIMMY PANETTA
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. PANETTA. Madam Speaker, I rise today to recognize Joseph W. Heston for his 45-year career in broadcast journalism, including more than 20 years on the central coast of California, and congratulate him on his retirement.

Joe’s early career began with WesthPhoenix Broadcasting in 1976 at WBZ-TV in Baltimore. Over the next eight years, Joseph held various production positions at WJZ-TV, WBZ-TV in Boston, and KDKA-TV in Pittsburgh. In 1984, Joe began working with Hearst Television, where he would spend the rest of his career.

He joined Hearst at WCVB-TV in Boston, where he was executive producer of program- ming and assistant program director, before moving to WBAL-TV in Baltimore, where he was vice president and station manager, and WTA-TV in Pittsburgh, where he also served as vice president and station manager.

Joe’s career took him to the California in 1999, where he began his role as president and general manager of KSBW-TV, the Heart Television station serving the Central Coast. His time at KSBW has been marked by a number of milestones. In 2001, KSBW launched its official website, which now averages over 6 million pageviews a month with over 500,000 unique users and is the region’s most visited local site. In 2002, Joe oversaw the construction and launch of the market’s first HDTV station. In April 2011, Joe oversaw the launch of “Central Coast ABC” — the first local ABC affiliate ever on the Central Coast. In April 2016, he helped launch KSBW’s second channel, the Spanish-language network Estrella. During Joe’s time as president and general manager, KSBW has been recognized with Roasting Television’s Distinguished Station award, regional Edward R. Murrow Awards for Best Newscast and Breaking News, and regional Emmy Awards for Best Newscast and Best Breaking News Coverage.

Throughout his time on the Central Coast, Joe has always had the priority of giving back to the community through his work at KSBW. Joe is a former member of the Board of the United Way of Monterey County and oversaw KSBW’s launch of the early
childhood initiative “Success By 6” with the United Way of Santa Cruz County and Monterey County to create opportunities for low-income infants, toddlers, and young children to receive high-quality education. In 2005, he led the development of the teacher recognition project, Second Apple Award. In 2012, he led the implementation of KSBW’s Golden Whistle award for outstanding high school coaches. Heston is also a former member of the Board of Trustees of York School and the Board of the Monterey County Regional Health Development Group. Most recently, in response to the critical need due to the ongoing public health crisis, Joe led KSBW in raising more than $525,000 on behalf of area food banks to aid COVID-19 distressed families throughout the Central Coast.

Joseph W. Heston has tirelessly served the central coast of California by providing model leadership and essential quality programming. I wish Joe all the best as he enjoys his retirement with his wife, Elizabeth Heston, and son, Joseph J. W. Heston. I ask that my colleagues join me in recognizing his years of service and congratulating him on his retirement.

SUCCESS FOR SERBIA AND KOSOVO

HON. JOE WILSON
OF SOUTH CAROLINA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. WILSON of South Carolina. Madam Speaker, earlier this month, President Donald J. Trump presided over the greatest diplomatic breakthrough in the Western Balkans in the last two decades. Indeed, for over twenty years, the potential of the Western Balkans region has been paralyzed due to the intractable conflict between the Republic of Serbia and the Republic of Kosovo. This bloody conflict took the lives of over 13,000 people and precipitated NATO intervention and bombardment at the turn of the 21st century.

For over twenty years, a perpetual state of tension and distrust existed between Belgrade and Pristina. Ultimately, those that suffered most are Serbian and Kosovar families. I am grateful that under President Trump’s leadership we have witnessed the first glimmers of hope and progress that will benefit Europe as a whole. On September 4, 2020, President Trump announced that the leaders of Serbia and Kosovo have agreed to enter into an agreement normalizing economic relations between the two nations. Serbian President Aleksander Vucic and Kosovo Prime Minister Avdullah Hoti are courageous for peace and prosperity. President Trump is exactly right to say, “Economies can bring people together.” Mutual economic prosperity incentivized the creation of the European Union itself. By focusing on economic benefits and commercial ties first, these two erstwhile enemies can put aside thorny policy debates that have gotten them nowhere for decades and instead see the immediate dividends of peace. When both sides can prosper, unprecedented progress can be made on complicated issues. The ramifications of this agreement will reverberate far into the future and will reshape the course of history of the Western Balkans.

Additionally, both Serbia and Kosovo also pledged to remove 5G equipment provided by untrusted vendors—namely China— from their mobile vendors and to prohibit all future bidding by such vendors. This is also marks a major achievement in the Trump Administration’s foreign policy agenda to counter malign Chinese Communist Party influence around the world.

This historic milestone comes amid a litany of Trump Administration foreign policy successes—including successful peace agreements brokered between Israel and the United Arab Emirates and the Kingdom of Bahrain. Notably, on the day of the Serbia-Kosovo announcement, the White House also mentioned that Kosovo and Israel had agreed to normalize ties and establish diplomatic relations, and that Serbia had agreed to move its embassy to Jerusalem by July.

Time and again, President Trump is proving to the world that real success can be achieved by implementing American leadership based on President Ronald Reagan’s maxim of Peace through Strength.

HONORING THE CAREER OF LIZ HARRISON

HON. JIM COSTA
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Monday, September 14, 2020

Mr. COSTA. Madam Speaker, I rise today to recognize Liz Harrison, on the occasion of her retirement from television news after 38 years on the air. Liz has been a familiar face and name with ABC 30 in the Fresno, California community.

Born and raised in Baltimore, Liz attended the College of William and Mary in Williamsburg, Virginia, before graduating from the University of Florida with a degree in broadcast casting. Liz is married to Keith Allen, who works alongside her in the television news industry.

Liz joined Fresno’s local ABC affiliate in 1982, a time when women were underrepresented in the news industry. Throughout her career, Liz has served as co-anchor of Action News Live at 5 and at 11. She has covered nearly every type of news story and is proud to have given a voice to so many who’s stories needed to be told. In 2010, Liz and photojournalist Richard Hargestink won an Emmy Award for excellence in reporting for their story on the U.S. military training for war in Iraq and Afghanistan.

Liz’s passion for her work led her to take on the intern coordinator position at the station, where she trained and mentored college students as they pursued a career in broadcast news. She has given her time to numerous organizations, including Mighty Moms Foundation, the Art of Life Cancer Foundation, and the Fresno Rescue Mission.

For 38 years, Liz dedicated her career to telling the stories of the San Joaquin Valley. She has left a lasting impact on our community. Liz is dedicated to her family. She is the proud mom to five children and looks forward to spending more time with her grandchildren. She is also a breast cancer survivor and a role model.

Madam Speaker, it is with great respect that I ask my colleagues in the U.S. House of Representatives to join me in congratulating Liz Harrison on her career and retirement.

that you join me in wishing Liz continued success as she begins her next chapter, as the owner of a leadership, coaching and teaching business.

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate of February 4, 1977, calls for establishment of a system for a computerized schedule of all meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules Committee—of the time, place and purpose of the meetings, when scheduled and any changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.
