BACK TO SCHOOL

(Ms. KAPTUR asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. KAPTUR. Mr. Speaker, this is a back-to-school September like we have never seen before. Over the last few weeks, students, parents, teachers, and administrators have faced great uncertainty as students return to the classroom.

In many parts of our country, schools are struggling to reopen safely because of the Trump administration's failed response to the ongoing pandemic. Our States are in dire need of more Federal funding for education, and Republicans must come to the table to help provide the support and protection our students and workers need to learn and teach safely.

Secretary DeVos and the Trump administration must embrace virtual learning opportunities, including remote learning, and encourage limited in-person options rather than threatening students' safety and school funding, especially in the areas of science and public health guidance.

It is self-evident that COVID-19 is still a serious health and safety concern for our Nation and neither children nor teachers are immune from this deadly disease.

Mr. Speaker, I urge the public to double down on precautions to prevent infection, and I urge Congress to strike a bipartisan agreement on a COVID-19 relief package that ensures all schools have the resources they need to carry out their duties and to protect the lives of teachers and students as well.

RESTORE, REBUILD, AND RENEW THE AMERICAN DREAM

(Mr. MEUSER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MEUSER. Mr. Speaker, the Commitment to America introduced by House Republicans is a plan which can be accomplished in the next Congress with the right leadership in place. It is our commitment to the American public that we have clear objectives and we will deliver results for the people.

The plan calls for us to restore our way of life, rebuild our economy, and renew the American Dream.

As we restore our way of life, we will defeat the coronavirus by expanding rapid testing capabilities and developing a vaccine that is safe and effective sooner rather than later.

We will rebuild our economy with unprecedented growth, including, once again, regaining historically low unemployment for all, including women, African Americans, and Hispanic Americans.

We will rebuild by continuing to support employees and employers, upgrading and modernizing our infrastructure, and implementing free and reciprocal trade agreements that give made-in-USA products and farmers a competitive edge on the world stage.

We will renew the American Dream by providing every child the opportunity to attend an excellent school, every veteran a choice in healthcare and job opportunities, every citizen a pathway to pursue a meaningful career, and every senior an assurance that Social Security and Medicare will be protected.

This Republican Commitment to America plan is the framework to complete a great American comeback and ensure a great future for our country.

HONORING EDWARD CARVELL, WORLD WAR II HERO

(Mr. SMUCKER asked and was given permission to address the House for 1 minute.)

Mr. SMUCKER. Mr. Speaker, I rise today to honor a World War II veteran and hero from my district, Mr. Edward Carvell.

Born in November 1926 in Caernarvon Township in eastern Lancaster County as the 10th of 16 children, Mr. Carvell served as a sergeant in the United States Army, serving in the 24th Division in both the Philippines and Japan. He was the second member of his family drafted into service. He followed the path of an older brother.

I learned of Mr. Carvell's exemplary service when my office assisted with submitting his story to the Library of Congress Veterans History Project. I am so thankful that we could be involved in making sure his experience serving in the United States Armed Forces and the stories of many other brave servicemen and -women are preserved.

As we mark the 75th anniversary of the end of World War II this year, I am deeply appreciative of Mr. Carvell's sharing his story, and I am thankful for the service of so many uniformed men and women from Lancaster and Southern York Counties.

I would encourage all of my colleagues to participate in the Veterans History Project so our brave veterans' experiences can be preserved and honored in the Library of Congress.

EXPANDING RURAL BROADBAND

(Mr. BUDD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BUDD. Mr. Speaker, during the pandemic, much of our lives has been forced online. Our children are learning remotely. Our businesses are conducted through webcams. Even Sunday church services are now live-streamed on Facebook.

For the estimated 500,000 North Carolinians who lack dependable internet access, these temporary changes have been debilitating.

Making sure rural families have quality internet access is a top priority for me, Mr. Speaker. That is why I sponsored the RURAL Act, which is now the law of the land. It helps ensure that rural telephone and electric co-ops have more dollars for broadband investment.

No one in our district should have their level of internet access determined by their ZIP Code, and I am going to keep fighting for broadband access across all of our rural communities.

RECOGNIZING SISKIYOU COUNTY SHERIFF JON LOPEY

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, I rise today to recognize Sheriff Jon Lopey, who has served as Siskiyou County sheriff for many years.
