

CONGRATULATIONS TO MIKE
TOBIN

(Mr. JOHNSON of South Dakota asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOHNSON of South Dakota. Mr. Speaker, my friend, Mike Tobin, is retiring. Mike and I met through LifeQuest, which serves people with developmental disabilities. Mike has been on the board and he receives support from LifeQuest.

Now, he is a Minnesota Twins and a Kansas Jayhawks fan, just like I am, but he serves as a role model to me.

Mike has always been a hard worker, whether at Pizza Ranch or Elixir or anywhere else. He is a good person, always with a smile on his face, treating people warmly and with respect.

He is honest. A few years ago, Mike found \$300 in cash in an envelope on the street, and of course, he would turn it over to the police.

So congratulations, Mike, on your 65th birthday and on your retirement.

Thank you for showing me and everyone else how to properly live life.

RECOGNIZING CLEAN ENERGY
WEEK

(Mr. CURTIS asked and was given permission to address the House for 1 minute.)

Mr. CURTIS. Mr. Speaker, I rise today in support of Clean Energy Week, an opportunity to celebrate bipartisan support for the wide variety of clean energy sources strengthening America's national security while also preserving our environment for future generations.

The environment is, and should be, a bipartisan issue. That is why I am proud to lead, with my friend Congressman LOWENTHAL of California, a bipartisan resolution in support of Clean Energy Week.

In fact, my legislation was introduced by 71 original cosponsors, divided almost evenly between Republicans and Democrats. This goes to show that we can and must work across the aisle to be better caretakers of our planet, and I plan to continue the pursuit of these positive bipartisan policies while in Congress.

WILDFIRES BURNING IN
CALIFORNIA

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, fire season continues to rage on in California and in the West, and it continues to underline the need for us to have active management of our forests, our wildlands, our grasslands, everything to do with fire season and the increased fuel loads that we are seeing.

We hear a lot of talk about climate change. Well, I keep coming back to, if

the climate is changing, what are we doing about it?

We can argue over whether it is man-made climate change or nature caused, we are still allowing our forests, our grasslands, our wildlands to be overloaded with fuel, and that puts our towns, people's livelihoods in great danger and great peril.

I could list time after time the tragedies that we have seen in northern California with people losing their homes, portions of small towns, their livelihoods because we are not doing the job on our Federal lands, and we are not telling the environment groups to back off with their lawsuits that prevent the work from being done that so desperately needs to be done.

We have to get cracking on this and get our job done here as Federal representatives to help save our rural areas.
