

HONORING THE LIFE OF LOUIS
ANTONELLI

(Mr. ROSE of New York asked and was given permission to address the House for 1 minute.)

Mr. ROSE of New York. Mr. Speaker, I rise today to honor the life and service of Mr. Louis Antonelli, an amazing husband, father, grandfather, and someone who served his community and his church with love and with compassion.

Louis loved to serve, and he took pride in his work as a member of the New York City FOP and in his service on the board of the South Beach Civic Association.

And although he was no stranger to tragedy with the loss of his beloved son, he never lost his joy or his passion for others. He loved to entertain guests, and when they would come and visit, you would never find him without a smile, a piece of candy, or some kind words to share.

He will be missed, but he will never be forgotten. My heart goes out to Angela, his adoring wife of over 60 years, his two daughters, and his five grandchildren. Mr. Antonelli, we will never forget your memory.

REMEMBERING DR. SAM E.
SCOLARO

(Mr. SPANO asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SPANO. Mr. Speaker, today I rise to highlight in memoriam the legacy of Dr. Sam Scolaro, a respected pillar in Florida 15th District's medical community, and a devoted husband and loving father who kept his promise to God to serve his patients until the day that he died, a promise fulfilled when COVID-19 took his life in August.

Dr. Scolaro graduated from Jefferson High School in 1963, earned his undergraduate degree from USF in 1967 and, after earning his medical degree, started his medical practice in 1972 in Brandon-Valrico.

For 48 years, he served in many community roles while caring for patients, including as president of both the Brandon Chamber of Commerce and the Missing Children's Help Center, and as a Brandon Hospital founding member. His mark on our community will not be forgotten.

Dr. Scolaro extended his passion for medicine and helping others by mentoring generations of medical students.

To his beloved wife of 53 years, Janie, and his two daughters, Stephanie and Jennifer, our district and community mourn the loss of Sam. May his memory and sacrifice be a reminder of his love for family and community. Our thoughts and prayers are with you.

RECOGNIZING USDA FOREST
SERVICE OFFICIAL CHARLES
MORTON

(Mr. LAMALFA asked and was given permission to address the House for 1

minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, it is with deep regret that I rise today to recognize the lost life of USDA Forest Service official Charles Morton who died while fighting the El Dorado fire in the San Bernardino National Forest last Thursday in southern California.

Charlie began his career as a corpsman with the California Conservation Corps at the Butte Fire Center in Magalia, California, up in my area, where the Camp fire was known to have raged through there in 2018. No doubt some of the work that he and his colleagues did in the area of Magalia then saved a portion of Magalia in what they did.

During the 2006 fire season, he worked with Firestorm Wildland Fire Suppression in Chico, California. His 14-year forest service culminated as a Big Bear, California, Interagency Hot Shot Squad Boss in San Bernardino National Forest.

Charlie's untimely passing is a risk that is, unfortunately, part of what our valiant firefighters and forest service workers deal with on the front lines every day. I pray that his family will find peace.

I also pray for the firefighters across the West right now risking it all to save our public lands, property, families, and wildlife from wildfire season.

REINSTATE REGIONAL AIRPORTS
TO BOOST LOCAL ECONOMIES

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to express my support of the Restoring Essential Service to Small Airports Act, a bill introduced by Congressman TRONE, which I am proud to cosponsor.

This bipartisan bill would reinstate several regional airports back into the Essential Air Service program, which provides rural and underserved communities access to the national air transportation system.

The States that will benefit include my home State of Pennsylvania, as well as Kansas, New York, South Dakota, Maryland, and Wyoming.

Many rural communities in these States were struggling prior to COVID-19, and it is important that access to affordable commercial flights to in-demand locations continue.

Without this lifeline, commercial service will cease to exist, presenting a new set of challenges when it comes to economic development and the long-term growth and sustainability of these communities.

As a result of the reinstatement of these airports into the EAS program, a long-overdue boost to local economies will occur.

COMMUNICATION FROM THE
CLERK OF THE HOUSE

The SPEAKER pro tempore laid before the House the following communication from the Clerk of the House of Representatives:
