

policy, and economy require a consistent supply of each of these minerals.

Using the authority vested in me by IEEPA, the Executive Order requires the Secretary of the Interior, in consultation with the Secretary of the Treasury, the Secretary of Defense, the Secretary of Commerce, and the heads of other executive departments and agencies, as appropriate, to investigate our Nation's undue reliance on critical minerals, in processed or unprocessed form, from foreign adversaries. Following this investigation, the Executive Order requires the Secretary of the Interior to submit a report to the President recommending additional executive action.

The Executive Order also declares that it is the policy of the United States to protect and expand the domestic supply chain for minerals. Specific executive department and agency heads, including the Secretary of the Interior and the Secretary of Energy, are directed to take various actions to protect and expand the domestic supply chain for minerals, consistent with applicable law, such as the publication of guidance, the revision of regulations, and the acceleration of the issuance of permits.

I am enclosing a copy of the Executive Order I have issued.
