The House met at noon and was called to order by the Speaker pro tempore (Mr. CLEAVER).

DESIGNATION OF THE SPEAKER PRO TEMPORE
The SPEAKER pro tempore laid before the House the following communication from the Speaker:
I hereby appoint the Honorable EMANUEL CLEAVER to act as Speaker pro tempore on this day.

NANCY PELOSI, Speaker of the House of Representatives.

PRAYER
The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer:
Mr. Speaker, today I rise to congratulate a constituent, who is a dear friend of mine, Elliott Duchon, on a well-earned retirement from the Jurupa Unified School District.

Mr. Duchon has served as the superintendent of JUSD for 16 years and a public school teacher for 43 years. He has dedicated his career to ensuring that our students receive a well-rounded, quality education.
During Mr. Duchon’s tenure, he oversaw the expansion of dual-immersion programs to develop bilingualism and biliteracy in English and Spanish, the creation of makerspaces and innovation centers to introduce students to career technical education and STEM education, and the growth of the Jurupa Adult School to open up learning opportunities to all.
Mr. Duchon once said his greatest dream is for each and every student to have an equal opportunity to pursue higher education. It is safe to say that JUSD schools are better positioned to deliver on that dream because of the inspiring leadership of Mr. Duchon.

He is also an active community member and volunteer, and a dedicated husband and father of three.
I feel fortunate to have known him, and I am grateful for his commitment to our community. I am wishing him a very happy retirement.

PLEDGE OF ALLEGIANCE
The SPEAKER pro tempore. Will the gentleman from Pennsylvania (Mr. THOMPSON) come forward and lead the House in the Pledge of Allegiance.

Mr. THOMPSON of Pennsylvania led the Pledge of Allegiance as follows:
I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

IMPORTANCE OF 2020 CENSUS
(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)
Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise today to urge all American citizens to complete the 2020 Census. The Census is an incredibly important tool that impacts our daily lives more than many people realize.

Many important decisions impacting Federal support for education, healthcare, transportation and infrastructure, and more will depend upon data the Census provides. The more people who participate, the more accurate the Census will reflect the needs of our communities.

Census takers have been working hard, going door-to-door to ensure everyone is counted. If you haven’t been visited by a Census taker, it is easy to complete online. Go to my2020census.gov to make sure you and your family are counted. Completing the Census is easy, quick, secure, and very important. You can also respond by phone by calling 844-330-2020.

The last day to complete the 2020 Census is tomorrow, Wednesday, September 30. I can’t stress the importance of the Census enough, and I encourage every American household to ensure they are counted.
CONGRESSIONAL RECORD — HOUSE
HONORING ZETA PHI BETA ON 100 YEARS
(Mr. CARSON of Indiana asked and was given permission to address the House for 1 minute.)
Mr. CARSON of Indiana. Mr. Speaker, I rise today to honor Zeta Phi Beta sorority on a century of nurturing leaders and improving communities.

Founded on Howard University’s campus 100 years ago, Zeta has charted hundreds of chapters worldwide and has a membership of 150,000. Its list of esteemed alumni is a who’s who of Black excellence, including trailblazers in business, law, advocacy, public service, and more.

I am incredibly proud that my grandmother, Julia Carson, is a part of this amazing legacy of women.

As the sorority moves on to its next 100 years, I have no doubt that it will maintain and strengthen its zeal for excellence.

Once again, congratulations to Zeta Phi Beta on your first century of success.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE
The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the Chair will postpone further proceedings today on motions to suspend the rules on which the yeas and nays are ordered.

The House will resume proceedings on postponed questions at a later time.

ENERGY EMERGENCY LEADERSHIP ACT
Mr. PALLONE, Mr. Speaker. I move to suspend the rules and pass the bill (H.R. 362) to amend the Department of Energy Organization Act with respect to functions assigned to Assistant Secretaries, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 362
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Energy Emergency Leadership Act”.

SEC. 2. FUNCTIONS ASSIGNED TO ASSISTANT SECRETARIES.
(a) In General.—Subsection (a) of section 203 of the Department of Energy Organization Act (42 U.S.C. 7133(a)) is amended by adding at the end the following new paragraph:

“(12) Energy emergency and energy security functions, including—

(A) responsibilities with respect to infrastructure, cybersecurity, emerging threats, supply, and emergency planning, coordination, response, and restoration; and

(B) upon request of a State, local, or tribal government or energy sector entity, and in consultation with other Federal agencies as appropriate, provision of technical assistance, support, and response capabilities with respect to energy security threats, risks, and incidents.”.

(b) COORDINATION.—The Secretary of Energy shall ensure that the functions of the Secretary described in section 203(a)(12) of the Department of Energy Organization Act (as added by this Act) are performed in coordination with relevant Federal agencies.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

GENERAL LEAVE
Mr. PALLONE. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 362.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. PALLONE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this legislation and the two bills that will follow it are bipartisan bills that will help protect our energy grid from cyberattacks.

In hearings before our Energy Subcommittee last year, we heard from the Federal Energy Regulatory Commission, or FERC, that our energy grid is being attacked each and every single day by state actors or their entities.

Former Energy Secretary Perry started to address this important issue by creating the Office of Cybersecurity, Energy Security, and Emergency Response, or CERES. He further enhanced its stature by making its leader an Assistant Secretary.

We agree with those decisions, and this legislation would help elevate the importance of this issue while putting Congress’ bipartisan stamp of approval on these executive actions.

H.R. 362 would simply amend section 203(a) of the Department of Energy Organization Act by establishing a new assistant secretary position responsible for cybersecurity and emergency response issues.

The Department of Energy is the lead agency for ensuring the cybersecurity of the electric grid, and the newly created assistant secretary would have jurisdiction over all energy emergency and security functions related to energy supply, infrastructure, and cybersecurity.

This bill would also authorize the new assistant secretary to provide DOE technical assistance, as well as support and response capabilities with respect to energy security risks to State, local, or Tribal governments upon request.

The bill would also require the assistant secretary and the Department of Energy to coordinate with the Department of Homeland Security and all relevant Federal agencies in carrying out the bill’s provisions.

This bill would go a long way, in my opinion, in helping to protect the Nation’s electric infrastructure from hackers who would attempt to disrupt our energy grid and cause untold harm to our economy, our daily lives, and our overall national security.

Mr. Speaker, I want to commend Representatives WALBERG and Energy Subcommittee Ranking Member UPTON for their leadership and for working with Chairman RUSH and me on the Energy Emergency Leadership Act. I also want to thank Ranking Member UPTON and full Committee Ranking Member WALDEN for their ongoing partnership with us over the years on cybersecurity matters. That partnership was essential in getting these three critical bills to the floor today.

Mr. Speaker, I urge all of my colleagues to support H.R. 362, Energy Emergency Leadership Act.

Mr. Speaker, this legislation, sponsored by Representatives RUSH and WALBERG, strengthens the Department of Energy’s important energy emergency mission. It does so by requiring the well-established energy emergency and cybersecurity functions at DOE to be organized under the leadership of an assistant secretary confirmed by the United States Senate.

Just over 2½ years ago, then-Secretary of the Department of Energy Rick Perry recognized the importance of elevating this mission within the Department, and he established an Assistant Secretary-led office, the Office of Cybersecurity, Energy Security, and Emergency Response. This office has proven its worth in various situations over the past 2 years, Mr. Speaker, including assistance relating to hurricanes and wildfires.

This bill would amend the Department of Energy Organization Act to establish in law and, therefore, maintain that a Senate-confirmed assistant secretary would lead the Department of Energy’s emergency response and cybersecurity functions.

This legislation will ensure the Department has the focused and accountable leadership to more fully protect the public from fuel and electricity supply disruptions against all the hazards, natural or man-made, including emerging threats from our foreign adversaries to the Nation’s electric grid.

The bill has been drafted to ensure the Department carries out its responsibilities in coordination with other agencies by improving coordination across the Department, ensuring more effective interagency collaborations, and increasing accountability to the Congress.

I urge all Members to support this legislation, and I reserve the balance of my time.

September 29, 2020
Mr. PALLONE. Mr. Speaker, I yield such time as he may consume to the gentleman from Mississippi (Mr. THOMPSON), the chairman of the Committee on Homeland Security.

Mr. THOMPSON of Mississippi. Mr. Speaker, I rise for purposes of expressing my concerns with H.R. 362, H.R. 360, and H.R. 359, in their current forms.

Mr. Speaker, I am concerned that, without clarification, these bills risk significantly disrupting how the Federal Government has collaborated regarding cybersecurity for nearly two decades.

Congress has repeatedly supported the framework that designates the Department of Homeland Security as the lead for ensuring that Federal agencies work together and with the private sector to protect and secure critical infrastructure.

This framework was developed in the wake of the 9/11 terrorist attacks to guard against repeating the mistakes of a disjointed, siloed approach to national security and is well-understood and has been well-litigated within this body.

It has been reinforced repeatedly by numerous laws, Presidential policy directives, and executive orders that have the support of Democrats and Republicans alike.

The policy is clear: DHS serves as the lead agency responsible for coordinating Federal efforts to protect critical infrastructure in the 16 diverse sectors.

To carry out this mission, DHS, through the Cybersecurity and Infrastructure Security Agency, or CISA, is tasked with coordinating with other sector-specific agencies.

The Department of Energy is the sector-specific agency for the energy sector and has been well-suited to do so. Its role as the facilitator of robust cybersecurity within the energy sector is important.

However, the problem common to the three measures today is that, in their current forms, they risk siloing cybersecurity efforts when it comes to protecting the energy sector, as none of them acknowledges DHS as the coordinating partner to DOE for cybersecurity.

As a reminder, this is the same infrastructure that has been under sustained, sophisticated attack from foreign adversaries, some of which have been successful.

While cyberattacks against the energy sector have accelerated, the sector does not exist in a vacuum. Over the past few years, DHS and the FBI have been sounding the alarm about Russian-led attacks on energy infrastructure that coincide with and often mirror attacks in other sectors.

In a 2018 technical alert issued to all infrastructure sectors, DHS and the FBI described a multistage intrusion campaign by the Kremlin. The alert explained that Russia used a similar playbook to target U.S. entities as well as organizations in the energy, nuclear, commercial facility, water, aviation, and commercial manufacturing sectors.

In the face of these threats, the Cybersecurity Solarium Commission and others have called for a redoubling of efforts to strengthen DHS' role.

I would like to enter into a colloquy with the gentleman from New Jersey. Mr. Speaker, it is correct, and I thank my friend from New Jersey for his cooperation and the administration that the intention behind these measures is to have the Secretary of Energy coordinate activities with DHS consistent with the existing cybersecurity framework?

Mr. PALLONE. If the gentleman continues to yield, that is correct, Mr. Chairman.

Mr. THOMPSON of Mississippi. Mr. Speaker, I thank Mr. PALLONE for addressing my questions.

While I still have concerns over these measures, I appreciate his willingness to put into the RECORD these statements and look forward to working with him to clarify expectations going forward.

Mr. PALLONE. Mr. Speaker, I thank the gentleman and understand that he continues to have concerns, and I know I may not be able to address them all today, but I commit to working with my friend from Mississippi and my Republican colleagues to try to further address these concerns going forward.

Mr. THOMPSON of Mississippi. Mr. Speaker, I thank the gentleman from New Jersey for his cooperation and clarifying these three pieces of legislation.

Mr. WALDEN. Mr. Speaker, I hope my colleagues will join me and the chairman of the Energy and Commerce Committee in supporting passage of this legislation and our efforts to ensure that our electric grid and our power supply sources are safe and secure.

Mr. Speaker, I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I urge support for the legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr.
PALLONE) that the House suspend the rules and pass the bill, H.R. 362, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

CYBER SENSE ACT OF 2020

Mr. PALLONE. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 360) to require the Secretary of Energy to establish a voluntary Cyber Sense program to test the cybersecurity of products and technologies intended for use in the bulk-power system, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 360

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Cyber Sense Act of 2020”.

SEC. 2. CYBER SENSE.

(a) In General.—The Secretary of Energy, in coordination with relevant Federal agencies, shall establish a voluntary Cyber Sense program to test the cybersecurity of products and technologies intended for use in the bulk-power system, as defined in section 215A(d) of the Federal Power Act (16 U.S.C. 824o(a)).

(b) Program Requirements.—In carrying out subsection (a), the Secretary of Energy shall—

(1) establish a testing process under the Cyber Sense program to test the cybersecurity of products and technologies intended for use in the bulk-power system, including products related to industrial control systems and operational technologies, such as supervisory control and data acquisition systems;

(2) for products and technologies tested under the Cyber Sense program, establish and maintain cybersecurity vulnerability reports and a related database;

(3) provide technical assistance to electric utilities, product manufacturers, and other electricity sector stakeholders to develop solutions to mitigate identified cybersecurity vulnerabilities in products and technologies tested under the Cyber Sense program;

(4) biennially review products and technologies tested under the Cyber Sense program for cybersecurity vulnerabilities and provide analysis with respect to how such products and technologies respond to and mitigate cyber threats;

(5) develop guidance, that is informed by analysis and testing results under the Cyber Sense program, for electric utilities for procurement of products and technologies;

(6) provide reasonable notice to the public, and solicit comments from the public, prior to establishing or revising the testing process under the Cyber Sense program;

(7) oversee testing of products and technologies under the Cyber Sense program; and

(8) consider incentives to encourage the use of the results of testing under the Cyber Sense program in the design of products and technologies for use in the bulk-power system.

(c) Disclosure of Information.—Any cybersecurity vulnerability reported pursuant to a process established under subsection (b)(2), the disclosure of which the Secretary of Energy reasonably foresees would cause harm to critical electric infrastructure (as defined in section 215A of the Federal Power Act), shall be deemed to be critical electric infrastructure information for purposes of section 215A(d) of the Federal Power Act.

(d) Federal Government Liability.—Nothing in this section shall be construed to authorize the commencement of an action against the United States Government with respect to the testing of a product or technology under the Cyber Sense program.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

GENERAL LEAVE

Mr. PALLONE. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 360.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

Mr. PALLONE. Mr. Speaker, I yield myself such time as I may consume.

The Chair recognizes the gentleman from New Jersey (Mr. LATTA) and the gentleman from Oregon (Mr. MCNERNEY).

Mr. M CNERNEY. Mr. Speaker, for the sake of our Nation’s security, we must ensure that the bulk-power system is secure, robust, and reliable.

Fortunately, the modernization and technological advancements that can improve the cybersecurity of our Nation’s electric grid are already under way.

Mr. Speaker, I yield myself such time as I may consume.

Mr. WALDEN. Mr. Speaker, I yield myself such time as I may consume.

The bill was reported unanimously from the Energy and Commerce Committee colleagues, Mr. LATTU and Mr. McNERNEY.

The Chair recognizes the gentleman from Oregon (Mr. WALDEN).
Nation’s infrastructure. Given today’s cyber environment, it is more important than ever that Congress pursue policies that continue to foster these exciting developments and support our grid infrastructure.

This bill, the Cyber Sense Act of 2019, makes important headway in protecting our critical grid infrastructure. The Cyber Sense Act would create a voluntary program through the Department of Energy to identify cyber-secure products intended for use in the bulk-power grid through a testing and verification program.

The bill also establishes a testing process for products, along with a reporting process for cyber vulnerabilities. It would require the Secretary of Energy to keep a related database on the products which will aid electric utilities that are evaluating products and their potential to cause harm to the electric grid.

The bulk-power system supports American industry and provides all the benefits of reliable electric power to the American people. However, the increasing frequency of cyberattacks on industrial control systems of critical infrastructure importance continues to be a concern to the electric power sector.

As the grid is modernized and the digital advantages afforded by internet connectivity are adopted, it is essential that we ensure these systems are as secure as possible. Any vulnerable component in the grid can become a threat to our security, and this bill will go a long way to strengthening our system.

I thank my colleague, Mr. LATTA, for his partnership in our efforts as co-chairs of the Grid Innovation Caucus, and I look forward to continuing to work with him and others to ensure a more secure and resilient grid.

Mr. Speaker, I urge my fellow Members to support this bill.

Mr. WALDEN. Mr. Speaker, I yield such time as the gentleman from Ohio (Mr. LATTA), the coauthor of this bill.

Mr. LATTA. Mr. Speaker, I thank the gentleman, my friend, the ranking Republican Member of the Energy and Commerce Committee, for yielding. I rise in support of my legislation, H.R. 360, the Cyber Sense Act.

This legislation is one of two bipartisan bills that my friend from California, Congressman McNerney, and I have worked on over the past two Congresses to improve the resiliency of our Nation’s electric grid against cyberattacks. The second, H.R. 359, will be considered following this debate, and I urge my colleagues to also support it.

Mr. Speaker, over the last quarter century, we have seen incredible changes in the way we communicate with one another across the globe, and the way we engage in commerce. Along with these changes, we have also seen innovations in technologies that power society, resulting in a more efficient and streamlined electric grid.

Our country’s grid has maintained a high level of reliability as our society has undertaken these changes, which is a fact that should not be taken for granted.

Unfortunately, the promise of a more interconnected society also means we must address the challenges and vulnerabilities that arise with it. Every day, malicious actors, ranging from individuals, hackers, and foreign state actors, are working to exploit vulnerabilities in our electric grid to cause chaos or for other nefarious purposes.

To improve and protect our Nation’s grid, I introduced the Cyber Sense Act, which would create a voluntary Cyber Sense program within the United States Department of Energy to identify and promote cyber-secure products for use in the bulk-power system. It would also establish a testing process for the products along with a reporting process of cybersecurity vulnerability.

This legislation was unanimously reported out of the Energy and Commerce Committee last year and is supported by the Department of Energy, and industry.

Mr. Speaker, I thank the full committee Chairman PALLONE, Subcommittee Chairman RUSH; the full committee Republican Ranking Member WALDEN, and also subcommittee Ranking Member UPTON; and both the majority and minority E&C staff for helping us get these bills where they are today.

Mr. Speaker, I urge my colleagues to support the Cyber Sense Act as well as H.R. 359.

Mr. WALDEN. Mr. Speaker, I have no other speakers on this side. I would just encourage my colleagues to join me in supporting passage of H.R. 360.

Mr. Speaker, I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I have no additional Members that wish to speak.

Mr. Speaker, I enter into the Record a letter to the Speaker and the minority leader from the American Public Power Association, Edison Electric Institute, and the National Rural Electric Cooperative Association in support of this legislation.

Hon. Nancy Pelosi, House of Representatives, Washington, DC.

Hon. Kevin McCarthy, House of Representatives, Washington, DC.

Dear Speaker Pelosi and Minority Leader McCarthy: We are writing in support of full House consideration of three electric grid security bills passed by the House Energy and Commerce Committee: H.R. 359, the Enhancing Grid Security through Public-Private Partnerships Act; H.R. 360, the Cyber Sense Act of 2020; and H.R. 362, the Energy Emergency Leadership Act.

APPN is the national service organization for not-for-profit, community-owned utilities that power 2,000 towns and cities nationwide. Public power utilities account for over 15 percent of all electric sales to over 49 million customers in every state but Hawaii. EEI is the association that represents all U.S. investor-owned electric companies. EEE members provide electricity for about 220 million Americans, and operate in all 50 states and the District of Columbia. NRECA is the national service organization representing the interests of electric utilities and the consumers they serve. More than 900 not-for-profit rural electric utilities provide electricity to over 42 million people in 48 states.

Protecting and maintaining electric sector security and reliability is a top priority for our associations and our members. To keep up with evolving threats, the industry welcomes close coordination with government partners. The bills scheduled for consideration by the House this week are aimed at strengthening our shared responsibility to protect the nation’s critical infrastructure. We are particularly supportive of H.R. 359 and H.R. 362. H.R. 359 directs DOE to establish a program to facilitate and encourage public-private partnerships to promote and advance the physical and cybersecurity of the electric power sector. H.R. 362 would amend the DOE Organization Act to include energy emergency and energy security among the functions that the Secretary assigns to an Assistant Secretary, with the intent to clarify and codify the functions of DOE’s Office of Cybersecurity, Energy Security, and Emergency Response (CESER).

Thank you for your consideration. We appreciate your leadership and efforts to help improve the security of our nation’s electric grid.

Sincerely,

American Public Power Association.

Edison Electric Institute.

National Rural Electric Cooperative Association.

Mr. PALLONE. Mr. Speaker, I ask my colleagues to support this important legislation and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 360, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

ENHANCING GRID SECURITY THROUGH PUBLIC-PRIVATE PARTNERSHIPS ACT

Mr. PALLONE. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 359) to provide for certain purposes and developments in the Department of Energy concerning the cybersecurity and vulnerabilities of, and physical threats to, the electric grid, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
SECTION 1. SHORT TITLE.
This Act may be cited as the “Enhancing Grid Security through Public-Private Partnerships Act”.

SEC. 2. PROGRAM TO PROMOTE AND ADVANCE PHYSICAL SECURITY AND CYBERSECURITY OF ELECTRIC UTILITIES.
(a) Establishment.—The Secretary of Energy, in coordination with relevant Federal agencies and in consultation with State regulatory authorities, industry stakeholders, and the Electric Reliability Organization, as the Secretary determines appropriate, shall carry out a program to:
(1) generally provide for voluntary implementation of, maturity models, self-assessments, and auditing methods for assessing the physical security and cybersecurity of electric utilities;
(2) provide training to electric utilities to address and mitigate cybersecurity supply chain management risks;
(3) increase opportunities for sharing best practices and data collection within the electric sector;
(4) assist with cybersecurity training for electrical substation, or tribal law requiring implementation of, maturity models, self-assessments, and auditing methods for assessing the physical security and cybersecurity of electric utilities;
(5) advance the cybersecurity of third-party vendors that work in partnerships with electric utilities; and
(6) provide technical assistance for electric utilities subject to this program.
(b) SCOPE.—In carrying out the program under section (a), the Secretary of Energy shall—
(1) take into consideration different sizes of electric utilities and the regions that such electric utilities serve;
(2) prioritize electric utilities with fewer available resources due to size or region; and
(3) to the extent practicable, utilize and leverage existing Department of Energy programs.
(c) PROTECTION OF INFORMATION.—Information provided by the Federal Government pursuant to this section—
(1) shall be exempt from disclosure under section 552(b)(3) of title 5, United States Code; and
(2) shall not be made available by any Federal, State, political subdivision or tribal authority pursuant to any Federal, State, political subdivision or tribal law requiring public disclosure of information or records.

SEC. 3. REPORT ON CYBERSECURITY AND DISTRIBUTION SYSTEMS.
(a) IN GENERAL.—The Secretary of Energy, in coordination with relevant Federal agencies and in consultation with State regulatory authorities, industry stakeholders, and the Electric Reliability Organization, as the Secretary determines appropriate, shall submit to Congress a report that assesses—
(1) priorities, policies, procedures, and actions for enhancing the physical security and cybersecurity of electricity distribution systems that address threats to, and vulnerabilities of, such electricity distribution systems; and
(2) implementation of such priorities, policies, procedures, and actions, including an estimate of costs and benefits of such implementation, including any public-private cost-sharing opportunities.
(b) REPORT.-—Information provided to, or collected by, the Federal Government pursuant to this section—
(1) shall be exempt from disclosure under section 552(b)(3) of title 5, United States Code; and
(2) shall not be made available by any Federal, State, political subdivision or tribal authority pursuant to any Federal, State, political subdivision, or tribal law requiring public disclosure of information or records.

SEC. 4. ELECTRICITY INTERRUPTION INFORMATION.
(a) INTERRUPTION COST ESTIMATE CALCULATOR.—The Secretary of Energy, in coordination with relevant Federal agencies and in consultation with State regulatory authorities, industry stakeholders, and the Electric Reliability Organization, as the Secretary determines appropriate, shall update the Interruption Cost Estimate Calculator, as often as appropriate and feasible, but not less than once every 2 years.
(b) SOURCES.—The Secretary of Energy, in coordination with relevant Federal agencies and in consultation with State regulatory authorities, industry stakeholders, and the Electric Reliability Organization, as the Secretary determines appropriate, shall, as often as appropriate and feasible, update the following:
(1) The System Average Interruption Duration Index.
(2) The System Average Interruption Frequency Index.
(3) The Customer Average Interruption Duration Index.
(c) SURVEY.—The Administrator of the Energy Information Administration shall collect information on electricity interruption costs, if available, from a representative sample of owners of electric grid assets through a biennial survey.

SEC. 5. DEFINITIONS.
In the Act, the following definitions apply:
(1) ELECTRIC RELIABILITY ORGANIZATION.—The term “Electric Reliability Organization” has the meaning given such term in section 215(a)(2) of the Federal Power Act (16 U.S.C. 824o(a)(2)).
(2) ELECTRIC UTILITY.—The term “electric utility” has the meaning given such term in section 3 of the Federal Power Act (16 U.S.C. 796).
(3) STATE REGULATORY AUTHORITY.—The term “State regulatory authority” has the meaning given such term in section 3 of the Federal Power Act (16 U.S.C. 796).

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. FALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

Mr. FALLONE. Mr. Speaker, I ask unanimous consent that all Members of the House be given 5 minutes in which to revise and extend their remarks and include extraneous material on H.R. 359.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. FALLONE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I want to begin by acknowledging the leadership of two of my Energy and Commerce Committee colleagues, Mr. McNERNEY and Mr. LATTA, of California and Representative LATTA of Ohio, for introducing H.R. 359, the Enhancing Grid Security Through Public-Private Partnerships Act.

This bill will go a long way in addressing both the physical and cybersecurity of the Nation’s utilities.

H.R. 359 directs the Secretary of Energy, in consultation with the Electric Reliability Organization, States, other Federal agencies, and industry stakeholders, to create and implement a program to enhance the physical and cybersecurity of electric utilities.

Now, some of the critical provisions within this bill include the voluntary implementation of self-assessments, maturity modeling, and auditing.

This bill also includes cybersecurity training in order to help mitigate supply chain risk.

Utilities would also be encouraged to share best practices and data collection within the electric sector, while also improving the cybersecurity of third-party utility vendors.

H.R. 359 also directs the Secretary of Energy to deliver a report to Congress on national cybersecurity concerns and distribution systems.

Any information that is provided to the Department of Energy under this program would be protected to ensure the confidentiality of this sensitive information. And like the other two cybersecurity bills we already have passed today; this legislation requires the Secretary of Energy to coordinate with the Department of Homeland Security and other relevant Federal agencies to ensure good communication and smooth implementation across the government.

Finally, Mr. Speaker, the bill instructs the Secretary of Energy to update the Interruption Cost Estimate, or ICE, Calculator at least once every 2 years.

The ICE Calculator, which was developed through a partnership between the Department of Energy’s Lawrence Berkeley Lab and Nexant, Inc., is an electric reliability planning tool that can be used for estimating electricity interruption costs and the benefits associated with reliability improvements.

So, Mr. Speaker, H.R. 359 is an important piece of legislation that will help address the security of America’s electric utilities, and I urge all my colleagues to support this bill.

Mr. Speaker, I reserve the balance of my time.

Mr. WALDEN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 359, the Enhancing Grid Security Through Public-Private Partnerships Act, was authored by my Energy and Commerce Committee colleagues Mr. MCNERNEY and Mr. LATTA.

The bill was reported unanimously from the Energy and Commerce Committee as an important measure for strengthening the cybersecurity and resilience in the energy systems used to deliver power to our homes and businesses.

Mr. Speaker, protecting our Nation’s critical electric infrastructure is a shared responsibility. It requires robust partnerships between industry and the government to leverage strength and ensure the responsive and resilient system that the public needs and relies upon.

H.R. 359 focuses on these very partnerships. The bill would establish a program to facilitate and encourage public-private partnerships to promote and enhance physical and cybersecurity of electric utilities.

The bill would require the Secretary of Energy to deploy the Department of...
Energy’s world-class technical know-how to assist utilities with cybersecurity practices and procedures, especially those utilities that have fewer resources due to their size or the region in which they are located.

It would foster state development of maturity models, self-assessments, and auditing methods.

It would provide training and technical assistance to electric utilities to address and mitigate cybersecurity supply chain management risks.

And H.R. 359 would increase opportunities for sharing best practices and data collection within the electric sector.

The amended version of the bill also makes clear the Department of Energy will work as appropriate with other Federal agencies to safeguard the electric system.

A vote for H.R. 359 is a vote for providing an important new tool to protect our Nation yet once again from these very serious cybersecurity threats.

Mr. Speaker, I urge support of the legislation, and I reserve the balance of my time.

Mr. PALLONE. Mr. Speaker, I yield such time as he may consume to the gentleman from California (Mr. McNERNY).

Mr. McNERNY. Mr. Speaker, I thank the chairman for yielding.

In today’s cyber environment, it is more important than ever that Congress pursue policies that continue to support our grid infrastructure and secure it against potential physical and cyber threats.

This is an issue I feel very passionate about, as the grid is the backbone of our economy and touches every aspect of our lives.

An insecure or vulnerable component is a threat to our physical and national security, as well as our clean energy future, making it imperative that we invest in grid modernization and security.

That is why I am proud to co-chair the bipartisan Grid Innovation Caucus along with my good friend from across the aisle, Mr. LATTA from Ohio.

Together, we are focused on providing a forum for discussing solutions to the many challenges facing the grid and to educate Members of Congress and staff about the importance of the electric grid with relation to the economy, energy security, and advanced technologies being utilized to enhance grid capabilities.

Time is of the essence, as a recent report from the Congressional Research Service found that our Nation’s bulk-power system faces new and evolving cyber and physical threats on a daily basis.

These cyberattacks can take multiple forms, such as a direct attack aimed at the electric grid itself or an indirect attack aimed at other critical infrastructure, which in turn could impact the operation of the security of the grid.

Recent cyber threats to the electric grid, such as the Triton and BlackEnergy attacks, have come in the form of deposits of malware on grid industrial control system networks, which possess the capability to damage or take over certain aspects of system control or functionality.

In addition, development of mature cyber threats to the grid are expected to result from attacks directed via the Internet of Things devices connected to networks. As the CRS report noted, an example of such an IoT-based attack on commercial thermostats could result in false power demand readings, causing a utility to ramp up power production unnecessarily.

Without proactive management of cyber threats facing the grid, utilities across the Nation will continue to be highly vulnerable to potentially significant attacks.

My bill, which I introduced along with Mr. LATTA, assists us in this effort to bolster America’s electrical infrastructure by encouraging coordination between the Department of Energy and electric utilities.

It accomplishes this by creating a program to enhance the physical and cybersecurity of electric utilities through assessing security vulnerabilities, increasing cybersecurity training, and data collection.

My bill would also require the Interception Cost Estimate Calculator method for calculating the return on investment on utility investments—to be updated at least every 2 years to ensure accurate calculations.

By encouraging partnerships among the DOE, State regulatory authorities, industry stakeholders, and other Federal agencies to promote and advance physical security and cybersecurity for electric utilities, we can best position ourselves to keep the Nation’s lights on and to insulate our economy against future cyber threats.

Mr. Speaker, I thank the chairman of the full committee, Mr. PALLONE, for moving this bill forward, and I thank the ranking member of the full committee for helping move this forward.

Mr. Speaker, I urge my fellow colleagues to support this bill.

Mr. WALDEN. Mr. Speaker, I thank the sponsor for his comments and work great on these pieces of legislation.

Together, we are doing what we can to protect America’s energy sector from attack, and I thank Mr. McNERNY and others on the committee for their work.

Mr. Speaker, I urge passage of the bill, and I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I also ask all Members to support this legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 359, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

PRESEVERING HOME AND OFFICE NUMBERS IN EMERGENCIES ACT OF 2020

Mr. PALLONE. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 1289) to amend the Communications Act of 1934 to provide for a moratorium on number reassignment after a disaster declaration, and for other purposes, as amended.

The Clerk reads the title of the bill.

The text of the bill is as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Preserving Home and Office Numbers in Emergencies Act of 2020” or the “PHONE Act of 2020.”

SEC. 2. MORATORIUM ON NUMBER REASSIGNMENT AFTER DISASTER DECLARATION.

(a) IN GENERAL.—Section 251(e) of the Communications Act of 1934 (47 U.S.C. 251(e)) is amended by adding at the end the following:

“(4) MORATORIUM ON NUMBER REASSIGNMENT AFTER DISASTER DECLARATION.—

(A) IN GENERAL.—In the case of a number assigned to a subscriber for the provision of fixed wireline voice service at a location in a designated area during a covered period—

(i) the number may not be reassigned, except at the request of the subscriber, and

(ii) the assignment of the number may not be rescinded or otherwise modified, except at the request of the subscriber.

(B) EXTENSION AT REQUEST OF SUBSCRIBER.—

During the covered period, at the request of a subscriber described in subparagraph (A), the prohibition in subparagraph (A) shall be extended for the number for 1 year after the date on which the covered period expires.

(C) SUBSCRIBER RIGHT TO CANCEL AND RESUBSCRIBE.—

(i) IN GENERAL.—In the case of a number described under subparagraph (A) or (B), if the subscriber assigned to such number demonstrates to the provider of the service (or, unless subparagraph (II) applies, to the provider of fixed wireline voice service that serves the local area) that the residence where the number is located is inaccessible or uninhabitable—

(a) shall permit the subscriber to resubscribe, as the case may be, to fixed wireline voice service with the number at the residence or at a different residence (if such residence is in the same designated area during a covered period described in subparagraph (B); and

(ii) if the subscriber cancels the service during the covered period or the extension of the period described in subparagraph (B), the provider (or any other provider of fixed wireline voice service that serves the local area)—

(aa) shall permit the subscriber to resubscribe or resubscribe, as the case may be, to fixed wireline voice service with the number at the residence or at a different residence (if such residence is in the same designated area during a covered period); and

(bb) may not charge the subscriber a connection fee or any other fee relating to the initiation of fixed wireline voice service, or a moratorium on number reassignment.

(ii) CANCELLATION WITHOUT DEMONSTRATION OF INACCESSIBILITY OR UNINHABITABILITY.—If a subscriber cancels the provision of service associated to a number described in subparagraph (A) or (B) and does not demonstrate to the provider of such service that the residence where
Mr. PALLONE. Mr. Speaker, I yield myself such time as I may consume.

I rise in support of Representative THOMPSON’s legislation, H.R. 1289, the Preserving Home and Office Numbers in Emergencies Act of 2019, or the PHONE Act.

Mr. Speaker, after the Atlas and Tubbs fires in October 2017 in northern California, Representative THOMPSON’s constituents returned to what was left of their homes. In the rebuilding process, many of them were frustrated to learn that their phone numbers, which they had had for years, had been given away by the phone company.

It was as if their phone number, of all things, went up in smoke with the rest of their lifelong possessions. This issue just continues to grow as natural disasters like fires and hurricanes have become all too common and more severe as a result of climate change. So, just this past weekend, hundreds of homes in Napa and Sonoma Counties had to be evacuated because of another fast-moving fire, and this bill aims to fix the problems that relate to phone numbers during these crises.

First, if the President has issued a major disaster declaration, and a Governor has designated an area to the Federal Communications Commission under the PHONE Act, the phone numbers in that designated area cannot be reassigned for 1 year.

Second, if a consumer needs more time, this legislation allows them to get another yearlong extension. We know this is important because, in some disasters, like Superstorm Sandy in my district, for example, the home-rebuilding process took, in some cases, over 6 years.

Third, the legislation would allow consumers whose homes are inaccessible or uninhabitable to cancel their service without a cancelation fee or re-subscription fee when they get phone service somewhere else in the area during that covered period.

Now, I am glad we could reach an agreement with our Republican colleagues on this part of the bill to ensure this policy makes sense in practice. This was a compromise, and, therefore, I know there are some things that they would do differently. At the same time, I think the things that we on this side of the aisle may have thought might be, you cannot regulate your way out of a fire’s burning path.

When a natural disaster occurs, the Federal Emergency Management Agency, FEMA, is activated to provide temporary housing assistance and other resources. If your house burns to the ground, the last thing you should have to worry about is whether or not your landline phone number will be available to you when you do return. Yet, that is what has happened.

Many people, especially seniors, rely on their landline to stay connected to their family, their doctor, or others. Thankfully, the Federal Communications Commission already has a process to prevent victims of natural disasters from losing their landline numbers.

The FCC uses its authority, and did this as recently as last week for northern California and Oregon, to waive rules and regulations that require landline consumers to return to the pool of available numbers when a home is completely destroyed by a natural disaster. So what this bill does is codify the process and seeks to make several improvements.

During the committee process, Republicans sought changes to this bill to ensure it does not upset the current procedure, so no consumers will be left in the lurch.

This type of relief should only apply to areas where significant physical damage has occurred to render a home inhabitable, as is the objective of the bill.

We worked for the inclusion of FEMA in the notification process and have stated our concerns that FEMA should supplement a larger agency training which households have sustained damage in an affected county.

Again, I want to thank Representatives THOMPSON and ROONEY for their bipartisan leadership on this bill. The PHONE Act is a commonsense bill, and I urge my colleagues to support it.

Mr. Speaker, I reserve the balance of my time.

Mr. WALDEN. Mr. Speaker, I yield myself such time as I may consume. I rise in support of H.R. 1289, the PHONE Act. Now, this legislation will ensure that Americans who lose their homes during a wildfire or other natural disaster do not also have to worry about losing their home phone numbers.

As we have seen recently from the tragic wildfires that have ravaged communities in California and my home State of Oregon, these disasters can destroy everything in their path, often with little notice. No matter how resilient and prepared you might be, you cannot regulate your way out of a fire’s burning path.

When a natural disaster occurs, the Federal Emergency Management Agency, FEMA, is activated to provide disaster assistance and other resources. If your house burns to the ground, the last thing you should have to worry about is whether or not your landline phone number will be available to you when you do return. Yet, that is what has happened.

Many people, especially seniors, rely on their landline to stay connected to their family, their doctor, or others. Thankfully, the Federal Communications Commission already has a process to prevent victims of natural disasters from losing their landline numbers.

The FCC uses its authority, and did this as recently as last week for northern California and Oregon, to waive rules and regulations that require landline consumers to return to the pool of available numbers when a home is completely destroyed by a natural disaster. So what this bill does is codify the process and seeks to make several improvements.

During the committee process, Republicans sought changes to this bill to ensure it does not upset the current procedure, so no consumers will be left in the lurch.

This type of relief should only apply to areas where significant physical damage has occurred to render a home inhabitable, as is the objective of the bill.

We worked for the inclusion of FEMA in the notification process and have stated our concerns that FEMA should supplement a larger agency training which households have sustained damage in an affected county.

Now, this did receive some pushback from the majority, and we should defer to the assessment of FEMA, the experts on the ground, before these proceedings go into effect.

Ultimately, the majority on the committee accepted many of our changes...
Mr. Speaker, I support this measure moving forward, and I reserve the balance of my time.

Mr. THOMPSON of California. Mr. Speaker, I rise today in support of H.R. 1289, the PHONE Act.

As we stand here today, two new, fast-moving wildfires, the Glass and the Zogg fires, are blazing through my home State of California. Thousands of people had to evacuate their homes yesterday as a result of the fires, some of them in the middle of the night.

Since the beginning of this year, there have been over 8,100 wildfires that have burned well over 3.7 million acres in California alone. Nearly every part of the State has been ravaged by wildfire this year, and we are now only starting to approach what has historically been the most deadly and destructive part of wildfire season.

Worrying about deadly wildfires spreading quickly is the new norm that my constituents will now live in, and worrying about whether they will have to evacuate their homes is part of this new norm.

Because of this legislation that we are considering today, the PHONE Act, which I am proud to cosponsor, my constituents, Californians, and Americans across the country who are impacted all too frequently now by natural disasters due to climate change will have to worry about one less thing when they are forced to evacuate their homes, and that is the ability to keep their phone numbers.

Under this legislation, communications providers will be prohibited from reassigning phone numbers of customers whose residence is inaccessible or uninhabitable due to a major disaster.

There is so much that wildfire victims have to worry about. We need to move quickly to ensure that the PHONE Act is signed into law, so there is one less thing on their plate.

It may not seem like a big deal, but if you lose your home, keeping the phone number will be an emotionally safe place. Losing your phone number after a disaster just adds insult to injury.

I want to thank my colleague from California, Mr. Mike Thompson, for his work in creating this legislation. I urge my colleagues to support this legislation.

Mr. WALDEN. Mr. Speaker, I have no further speakers on this matter. I would encourage my colleagues on both sides of the aisle to support the PHONE Act, and I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I do the same. I urge support of this legislation, and I yield back the balance of my time.

Mr. THOMPSON of California. Mr. Speaker, I rise today in strong support of the bipartisan PHONE Act, a bill I started working on more than two years ago.

The PHONE Act is an example of listening to our constituents who have been survivors of a natural disaster and using the power of legislation to address the aftermath.

After the devastating 2017 wildfires, one of my constituents contacted my office to let us know of a problem unique to natural disasters. My constituent was one of more than 6,000 households who lost a home or business to the wildfire. This family was a long-time part of our community and they wanted to rebuild. What they learned was that during the rebuilding process, they would lose the phone number they had for years. This may seem like something small—a phone number, but to my constituent, this was part of the fabric of their lives and of their home.

Unfortunately, the FCC could not save the phone number long enough to rebuild. So many of our Districts are facing wildfires, hurricanes, powerful windstorms and flooding. We must do everything we can to help survivors reclaim their lives.

Displaced survivors must find temporary housing, connect with family members, replace lost documents, apply for disaster assistance, and begin the long process of repairing and rebuilding homes. We may not be able to help rebuild the pieces, but this small gesture—reserving a phone number—can bring the tiniest sense of a return to normalcy.

Preserving home phone numbers means survivors have one less worry. It’s one less burden. It is the least we can do to help the folks in our communities who face such devastation.

I thank the Committee for its work to bring this bill to the Floor and I urge my colleagues to vote yes.

Ms. ESHOO. Mr. Speaker, I rise in strong support of H.R. 1289, the PHONE Act, a simple but powerful bill to ensure that Americans who lose their homes in natural disasters don’t also lose their home phone numbers.

The CZU Lightning Complex Fire burned 86,509 acres in my Congressional District, making it the 11th most destructive fire in California history. Seventy-seven thousand of my constituents were evacuated. After weeks of tireless efforts from over 2,000 local, state, and federal firefighters, the fire is now contained.

While most of the evacuees have returned home, nearly 1,000 families in my district won’t be returning home because their houses were destroyed. It’s these families the PHONE Act helps.

Because climate change is causing increased and more intense wildfires, California is experiencing a horrific wildfire season. Already, over 3.6 million acres have burned from nearly 8,000 wildfires. Four of the five largest fires the state has seen this year. The PHONE Act ensures that the thousands of families who lose their homes don’t also lose their phone numbers.

The PHONE Act has three parts. First, if the President issues a major disaster declaration, and a governor designates a disaster area, phone numbers in that designated area cannot be reassigned for one year. Second, if someone in the disaster area needs more than a year, they can get a one-year extension before rebuilding can begin. Third, the bill allows consumers to cancel phone service without a cancellation fee if their home is inaccessible or uninhabitable. The bill also prohibits resubscription fees if consumers get phone service somewhere else in the area.

My constituent may ask why we need all of this for a simple phone number. One of the first things parents teach their kids is their phone number. I bet many of us still remember our parents’ home phone numbers. While many are opting to live with just cellphones, it’s important to consider who depends on landlines: older Americans and retirees, who often have multiple doctors, caregivers, and loved ones using long-held phone numbers.

Congressman Mike Thompson authored the bill to help the survivors of the Atlas and Tubbs fires that ravaged my Congressional District in 2017. Thousands lost their homes and were further frustrated to learn they also lost their phone numbers, because phone companies had given the numbers away.

The bill was marked up on March 10, 2020, by our Subcommittee and on September 9, 2020, by the full Energy & Commerce Committee. At both markups, I offered amendments to ensure the bill would have broad, bipartisan support and would be as effective as possible.

The bill is carefully drafted to plug a small gap in the law, but this gap means the world to our constituents the bill is written to protect.

The legislation before us is necessary and powerful, and I urge my colleagues to support it.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. Pallone) that the House suspend the rules and pass the bill, H.R. 1289, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

HORSE RACING INTEGRITY AND SAFETY ACT OF 2020

Mr. PALLONE. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 1754) to improve the integrity and safety of horseracing by requiring a uniform anti-doping and medication control program to be developed and enforced by an independent Horse Racing Anti-Doping and Medication Control Authority, as amended.

The Clerk reads the title of the bill. The text of the bill is as follows:

H.R. 1754

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE. This Act may be cited as the “Horse Racing Integrity and Safety Act of 2020”.

SEC. 2. DEFINITIONS. In this Act the following definitions apply:
(1) AUTHORITY.—The term “Authority” means the Horseracing Integrity and Safety Authority designated by section 3(a).

(2) BREEDER.—The term “breeder” means a person who is in the business of breeding covered horses.

(3) COMMISSION.—The term “Commission” means the Federal Trade Commission.

(4) COVERED HORSE.—The term “covered horse” means any Thoroughbred horse, or any other horse made subject to this Act by election of the applicable State racing commission by the breed governing organization for such horse under section 5(k), during the period—

(A) beginning on the date of the horse’s first timed and reported workout at a racetrack that participates in covered horseraces or at a training facility; and

(B) ending on the date on which the Authority receives written notice that the horse has been retired.

(5) COVERED HORSE RACE.—The term “covered horse race” means any horse race involving covered horses that has a substantial relation to interstate commerce, including any Thoroughbred horserace that is the subject of interstate off-track or advance deposit wagering.

(6) COVERED PERSON.—The term “covered person” means all trainers, owners, breeders, jockeys, veterinarians, racing industry members, and jockeys engaged in the care, training, or racing of covered horses.

(7) EQUINE CONSTITUENCIES.—The term “equine constituencies” means, collectively, owners, breeders, trainers, jockeys, veterinarians, Racing Industry Members, and jockeys engaged in the care, training, or racing of covered horses.

(8) EQUINE INDUSTRY REPRESENTATIVE.—The term “equine industry representative” means an organization regularly and significantly engaged in the equine industry, including organizations that represent the interests of, and whose membership consists of, owners, breeders, trainers, racetracks, veterinarians, Racing Industry Members, and jockeys engaged in the care, training, or racing of covered horses.

(9) HORSE RACING ANTI-DOPING AND MEDICATION CONTROL PROGRAM.—The term “horse racing anti-doping and medication control program” means the anti-doping and medication control program established under section 6(a).

(10) IMMEDIATE FAMILY MEMBER.—The term “immediate family member” shall include a spouse, parent, child, aunt, uncle, sibling, or child.

(11) INTERSTATE OFF-TRACK WAGER.—The term “interstate off-track wager” means any wager placed pursuant to an agreement between a State racing commission and a State racing authority designated by section 3(a).

(12) RACETRACK.—The term “racetrack” means the licensed facility of a State racing authority designated by section 3(a).

(13) RACETRACK SAFETY COMMISSION.—The term “racetrack safety commission” means the board or the agents, assigns, employees of the Authority.

(14) RACETRACK SAFETY PROGRAM.—The term “racetrack safety program” means the anti-doping and medication control standing committee.

(15) RACETRACK SAFETY STANDING COMMITTEE.—The term “racetrack safety standing committee” means the anti-doping and medication control standing committee.

(16) STAKES RACE.—The term “stakes race” means any race so designated by the racetrack authority, which by the date of the race is not subject to the jurisdiction of the Authority, and is determined by the Authority to be a significant, high-stakes race.

(17) STAKES RACE.—The term “stakes race” means any horserace involving covered horses as designated by the American Graded Stakes Committee of the Thoroughbred Owners and Breeders Association.

(18) STATE RACING COMMISSION.—The term “State racing commission” means an entity designated by State law or regulation that has jurisdiction over the conduct of horse racing within such State.

(19) TRAINER.—The term “trainer” means an individual engaged in the training of covered horses.

(20) TRAINING FACILITY.—The term “training facility” means a location that is not a racetrack licensed by a State racing commission that operates primarily to house covered horses and conduct official timed workouts.

(21) VETERINARIAN.—The term “veterinarian” means a licensed veterinarian who provides veterinary services to covered horses.

(22) WORKOUT.—The term “workout” means a timed running of a horse over a pre-determined distance not associated with a race or its first qualifying race, if such race is made subject to this Act by election under section 5(k) of the horse’s breed governing organization or the applicable State racing commission.

SEC. 3. RECOGNITION OF THE HORSERACING INTEGRITY AND SAFETY AUTHORITY.

(a) IN GENERAL.—(1) ANTI-DOPING AND MEDICATION CONTROL PROGRAM.—The Authority shall establish an anti-doping and medication control standing committee to be comprised of seven members as follows:

(A) INDEPENDENT MEMBERS.—A majority of the members shall be independent members selected from outside the equine industry.

(B) MEMBERSHIP.—The anti-doping and medication control standing committee shall be comprised of seven members as follows:

(i) INDEPENDENT MEMBERS.—A majority of the members shall be independent members selected from outside the equine industry.

(ii) INDUSTRY MEMBERS.—A minority of the members shall be industry members selected to represent the various equine constituencies.

(iii) QUALIFICATION.—A majority of individuals selected to serve on the anti-doping and medication control standing committee shall have significant, recent experience in anti-doping and medication control.

(c) CONFLICTS OF INTEREST.—To avoid conflicts of interest, all individuals serving on the Authority shall be independent members selected from outside the equine industry.

2. RACETRACK SAFETY STANDING COMMITTEE.—(A) IN GENERAL.—The Authority shall establish a racetrack safety standing committee to be comprised of seven members as follows:

(B) MEMBERSHIP.—The racetrack safety standing committee shall be comprised of seven members as follows:

(i) INDEPENDENT MEMBERS.—A majority of the members shall be independent members selected from outside the equine industry.

(ii) INDUSTRY MEMBERS.—A minority of the members shall be industry members selected to represent the various equine constituencies.

(C) CHAIR.—The chair of the racetrack safety standing committee shall be an industry member of the Authority.

3. SELECTION OF MEMBERS OF THE BOARD AND STANDING COMMITTEES.—(A) INITIAL MEMBERS.—The nominating committee of the Authority shall be comprised of seven independent members selected from business, sports, and academia.

(B) INITIAL MEMBERS.—The initial nominating committee members shall be set forth in the governing corporate documents of the Authority.

(C) VACANCIES.—After the initial committee members are appointed in accordance with subparagraph (B), vacancies shall be filled by the Authority.

4. CONFLICTS OF INTEREST.—To avoid conflicts of interest, the following individuals may not be selected as a member of the Authority:

2. RACETRACK SAFETY STANDING COMMITTEE.—(A) ANTI-DOPING AND MEDICATION CONTROL STANDING COMMITTEE.—

(A) IN GENERAL.—The Authority shall establish an anti-doping and medication control standing committee, which shall provide advice and guidance to the Authority on the development and maintenance of the racetrack safety program.

(b) BOARD OF DIRECTORS.—(1) MEMBERSHIP.—The Authority shall be governed by a board of directors in this section referred to as the “Board” comprised of nine members as follows:

(A) INDEPENDENT MEMBERS.—Five members of the Board shall be independent members selected from outside the equine industry.

(B) INDUSTRY MEMBERS.—(i) IN GENERAL.—Four members of the Board shall be industry members selected from among the various equine constituencies.

(ii) REPRESENTATION OF EQUINE CONSTITUENCIES.—The industry members shall represent the various equine constituencies, and shall include not more than one industry member from any one equine constituency.

(2) CHAIR.—The chair of the Board shall be an independent member described in paragraph (1A).

(b) BYLAWS.—The Board of Directors shall be governed by bylaws for the operation of the Authority with respect to—

(A) the structure and employees of the Authority;

(B) the establishment of standing committees;

(C) the procedures for filling vacancies on the Board and the standing committees; and

(E) any other matter the Board considers necessary.

(c) STANDING COMMITTEES.—

(A) ANTI-DOPING AND MEDICATION CONTROL STANDING COMMITTEE.—

(A) IN GENERAL.—The Authority shall establish an anti-doping and medication control standing committee, which shall provide advice and guidance to the Authority on the development and maintenance of the racetrack anti-doping and medication control program.

(1) ANTI-DOPING AND MEDICATION CONTROL STANDING COMMITTEE.—

(A) IN GENERAL.—The Authority shall establish an anti-doping and medication control standing committee, which shall provide advice and guidance to the Authority on the development and maintenance of the racetrack anti-doping and medication control program.

(2) RACETRACK SAFETY STANDING COMMITTEE.—The term “racing commission” means the board or the agents, assigns, employees of the Authority.

(3) STAKES RACE.—The term “stakes race” means any race so designated by the racetrack authority, which by the date of the race is not subject to the jurisdiction of the Authority, and is determined by the Authority to be a significant, high-stakes race.

(4) RACETRACK.—The term “racetrack” means the licensed facility of a State racing authority designated by section 3(a).

(5) STAKES RACE.—The term “stakes race” means any horserace involving covered horses as designated by the American Graded Stakes Committee of the Thoroughbred Owners and Breeders Association.

(6) STATE RACING COMMISSION.—The term “State racing commission” means an entity designated by State law or regulation that has jurisdiction over the conduct of horse racing within such State.

(7) TRAINER.—The term “trainer” means an individual engaged in the training of covered horses.

(8) TRAINING FACILITY.—The term “training facility” means a location that is not a racetrack licensed by a State racing commission that operates primarily to house covered horses and conduct official timed workouts.

(9) VETERINARIAN.—The term “veterinarian” means a licensed veterinarian who provides veterinary services to covered horses.

(10) WORKOUT.—The term “workout” means a timed running of a horse over a pre-determined distance not associated with a race or its first qualifying race, if such race is made subject to this Act by election under section 5(k) of the horse’s breed governing organization or the applicable State racing commission.

2. RACETRACK SAFETY STANDING COMMITTEE.—(A) IN GENERAL.—The Authority shall establish a racetrack safety standing committee to be comprised of seven members as follows:

(B) MEMBERSHIP.—The racetrack safety standing committee shall be comprised of seven members as follows:

(i) INDEPENDENT MEMBERS.—A majority of the members shall be independent members selected from outside the equine industry.

(ii) INDUSTRY MEMBERS.—A minority of the members shall be industry members selected to represent the various equine constituencies.

(C) CHAIR.—The chair of the racetrack safety standing committee shall be an industry member of the Authority.

3. SELECTION OF MEMBERS OF THE BOARD AND STANDING COMMITTEES.—(A) INITIAL MEMBERS.—The nominating committee of the Authority shall be comprised of seven independent members selected from business, sports, and academia.

(B) INITIAL MEMBERS.—The initial nominating committee members shall be set forth in the governing corporate documents of the Authority.

(C) VACANCIES.—After the initial committee members are appointed in accordance with subparagraph (B), vacancies shall be filled by the Authority.

(D) CONFLICTS OF INTEREST.—To avoid conflicts of interest, all individuals serving on the Authority shall be independent members selected from outside the equine industry.

(E) Any other matter the Board considers necessary.

(c) STANDING COMMITTEES.—

(A) ANTI-DOPING AND MEDICATION CONTROL STANDING COMMITTEE.—

(A) IN GENERAL.—The Authority shall establish an anti-doping and medication control standing committee, which shall provide advice and guidance to the Authority on the development and maintenance of the racetrack anti-doping and medication control program.
with, an individual described in paragraph (1) or (2).
(4) An immediate family member of an individual described in paragraph (1) or (2).
(5) FUNDING.—
(A) IN GENERAL.—Initial funding to establish the Authority and to underwrite its operations shall be provided by loans obtained by the Authority.
(B) BORROWING.—The Authority may borrow funds toward the funding of its operations.
(C) ANNUAL CALCULATION OF AMOUNTS REQUIRED.—
(i) IN GENERAL.—Not later than the date that is 90 days before the program effective date, and not later than November 1 each year thereafter, the Authority shall determine and provide to each State racing commission for the next calendar year the estimated amount required from the State—
(A) to fund the State’s proportionate share of the horseracing anti-doping and medication control program and the racetrack safety program; and
(B) to liquidate the State’s proportionate share of any loan or funding shortfall in the current calendar year and any previous calendar year.
(ii) BASIS OF CALCULATION.—The amounts calculated under clause (i) shall—
(aa) be based on—
(1) the annual budget of the Authority for the following calendar year, as approved by the Board; and
(2) the projected amount of covered racing starts for the year in each State; and
(bb) take into account other sources of Authority revenue.
(D) LIMITATION.—A State racing commission that does not elect to remit fees pursuant to paragraph (2) or that withdraws its election under this paragraph shall not impose or collect from any person a fee or tax relating to anti-doping and medication control or racetrack safety matters for covered horseraces.
(E) FEES AND FINES.—Fees and fines imposed by the Authority shall be allocated toward funding of the Authority and its activities.
(F) RULE OF CONSTRUCTION.—Nothing in this Act shall be construed to require—
(A) the appropriation of any amount to the Authority; or
(B) the Federal Government to guarantee the debts of the Authority.
(G) QUORUM.—For all items where Board approval is required, the Authority shall have a majority of independent members.

SEC. 4. FEDERAL TRADE COMMISSION OVERSIGHT.
(a) IN GENERAL.—The Authority shall submit to the Commission, in accordance with such rules as the Commission may prescribe under section 553 of title 5, United States Code, any proposed rule, or proposed modification to a rule, of the Authority to carry out the horseracing anti-doping and medication control program or the racetrack safety program.
(b) NOTICE AND COMMENT.—The Commission shall publish in the Federal Register any such proposed rule, standard, or procedure and provide an opportunity for public comment.
(c) DISAPPROVAL.—The Commission may adopt an interim final rule, to take effect immediately, under conditions specified in section 553(b)(B) of title 5, United States Code, if the Commission finds that such a rule is necessary to protect—
(1) the health and safety of covered horses; or
(2) the integrity of covered horseraces and wagering on those horseraces.

SEC. 5. JURISDICTION OF THE COMMISSION AND THE HORSE RACING INTEGRITY AND SAFETY AUTHORITY.
(a) IN GENERAL.—Beginning on the program effective date, the Commission, the Authority, and the anti-doping and medication control enforcement agency, each within the scope of their powers and responsibilities under this Act, as limited by subsection (j), shall—
(1) implement and enforce the horseracing anti-doping and medication control program and the racetrack safety program;
(2) exercise independent and exclusive national authority over—
(A) the safety, welfare, and integrity of covered horses, covered persons, and covered horseraces; and
(B) all horseracing safety, performance, and anti-doping matters for covered horses, covered persons, and covered horseraces; and
(3) have safety, performance, and anti-doping and medication control authority over covered persons similar to such authority of the State racing commissions before the program effective date.
(b) IMPLEMENTATION.—The Commission and the Authority promulgated in accordance with this Act shall preempt any provision of State law or
regulation with respect to matters within the jurisdiction of the Authority under this Act, as limited by subsection (j). Nothing contained in this Act shall be construed to limit or detract from the authority of the Commission under any other provision of law.

(c) Duties.—

(1) GENERAL.—The Authority—

(A) shall develop uniform procedures and rules authorizing—

(i) access to offices, racetrack facilities, other properties, business, books, records, and personal property of covered persons that are used in the care, treatment, training, and racing of covered horses;

(ii) issuance of an enforcement order to enforce the anti-doping and medication control program; and

(iii) other investigatory powers of the nature and scope exercised by State racing commissions before the program effective date; and

(B) with respect to an unfair or deceptive act or practice described in subsection (a), may recommend that the Commission commence an enforcement action.

(2) APPROVAL OF COMMISSION.—The procedures and rules developed under paragraph (1)(A) shall be subject to approval by the Commission in accordance with section 4.

(d) REGISTRATION OF COVERED PERSONS WITH AUTHORITY.—

(1) IN GENERAL.—As a condition of participating in covered races and in the care, ownership, treatment, and training of covered horses, a covered person shall register with the Authority in accordance with rules promulgated by the Authority and approved by the Commission in accordance with section 4.

(2) AGREEMENT WITH RESPECT TO AUTHORITY RULES, STANDARDS, AND PROCEDURES.—Registration under this subsection shall include an agreement by the covered person to be subject to and comply with the rules, standards, and procedures developed and approved under subsection (c).

(3) COOPERATION.—A covered person registered under this subsection shall, at all times—

(A) cooperate with the Commission, the Authority, the anti-doping and medication control enforcement agency, and any respective designee, during any civil investigation; and

(B) respond truthfully and completely to the best of the knowledge of the covered person if questioned by the Commission, the Authority, the anti-doping and medication control enforcement agency, or any respective designee.

(4) FAILURE TO COMPLY.—Any failure of a covered person to comply with this subsection shall be a violation of section 8(a)(2)(G).

(e) ENFORCEMENT OF PROGRAM.—

(1) ANTI-DOPING AND MEDICATION CONTROL ENFORCEMENT AGENCY.—

(A) AGREEMENT WITH USADA.—The Authority shall seek to enter into an agreement with the United States Anti-Doping Agency, or any respective designee, with respect to enforcement of the anti-doping and medication control program.

(B) AGREEMENT WITH OTHER ENTITY.—If the Authority and the United States Anti-Doping Agency are not able to enter into an agreement described in subparagraph (A), the Authority shall enter into an agreement with an entity that is nationally recognized as being capable of performing tasks equal to or better than the United States Anti-Doping Agency to act as the anti-doping and medication control enforcement agency for services consistent with the horseracing anti-doping and medication control program.

(f) AGREEMENTS FOR ENFORCEMENT BY STATE RACING COMMISSIONS.—

(A) STATE RACING COMMISSIONS.—

(i) AGREEMENTS.—The Authority may enter into agreements with State racing commissions for services consistent with the enforcement of the anti-doping and medication control program.

(ii) RESOLUTION OF CONFLICTS.—In the event of a conflict between the anti-doping and medication control program and the horseracing track safety program, and any other agreements that the Authority may enter into, the horseracing anti-doping and medication control program shall be given precedence over the conflicting rules.

(g) ISSUANCE OF GUIDANCE.—

(1) The Authority may issue guidance that—

(A) sets forth—

(i) an interpretation of an existing rule, standard, or procedure of the Authority; or

(ii) a policy or procedure with respect to the administration or enforcement of such an existing rule, standard, or procedure; and

(B) relates solely to—

(i) the administration of the Authority; or

(ii) any other matter, as specified by the Commission, by rule in the public interest and for the purposes of this subsection.

(2) SUBMITTAL TO COMMISSION.—The Authority shall submit to the Commission any guidance issued under paragraph (1).

(3) IMMEDIATE EFFECT.—Guidance issued under paragraph (1) shall take effect on the date on which the guidance is submitted to the Commission under paragraph (2).

(h) SUBPOENA AND INVESTIGATORY AUTHORITY.—

(1) In general.—The Authority shall have subpoena and investigatory authority with respect to civil violations committed under its jurisdiction.

(2) CIVIL PENALTIES.—The Authority shall have the power to impose civil penalties against persons for violations committed under its jurisdiction.

(i) CIVIL ACTIONS.—The Authority may commence a civil action against a covered person for civil violations committed under its jurisdiction.

(ii) INJUNCTIONS AND RESTRAINING ORDERS.—With respect to a civil action commenced under paragraph (1), the Authority may seek—

(A) permanent or temporary injunctions or restraining orders, including a permanent or temporary injunction or restraining order shall be granted without bond.

(B) LIMITATIONS ON AUTHORITY.—

(1) PROSPECTIVE APPLICATION.—The jurisdiction and authority of the Authority and the Commission with respect to the horseracing anti-doping and medication control program and the racetrack safety program shall be prospective only.

(2) PREVIOUS MATTERS.—The Authority and the Commission may not investigate, prosecute, adjudicate, or penalize in violation of the horseracing anti-doping and medication control program or the racetrack safety program that occurs before the program effective date.
(B) STATE RACING COMMISSION.—With respect to conduct described in subparagraph (A), the applicable State racing commission shall retain authority until the final resolution of any request for an exemption from the prohibition or the modification of the prohibition described in subparagraph (A).

(3) OTHER LAWS UNAFFECTED.—This Act shall not be construed to modify, impair or restrict the operation of the general laws or regulations administered from time to time, of the United States, the States and their political subdivisions relating to criminal conduct, cruelty to animals, matters unrelated to or not affecting anti-doping and medication control and racetrack and racing safety of covered horses and covered races, and the use of medication in human participants in covered races.

(l) ELECTION FOR OTHER BREED COVERAGE UNDER ACT.—

(1) IN GENERAL.—A State racing commission or a breed governing organization for a breed of horses other than Thoroughbred horses may elect to have such breed be covered by this Act by the filing of a designated election form and subsequent approval by the Authority. A State racing commission may elect to have a breed covered by this Act for the applicable State only.

(2) ELECTION CONDITIONAL ON FUNDING MECHANISM.—A commission or organization may not file an election form under paragraph (1) unless the commission or organization has in place a mechanism to provide sufficient funds to cover the costs of the administration of the program applicable to such breed with respect to the horses that will be covered by this Act as a result of the election.

(3) APPORTIONMENT.—The Authority shall apportion costs described in paragraph (2) in connection with an election under paragraph (1) fairly among all impacted segments of covered horses and covered races, and the use of medication in human participants in covered races.

SEC. 6. HORseracing ANTI-DOPING AND MEDIcATION CONTROL PROGRAM.

(a) PROGRAM REQUIRED.—

(1) IN GENERAL.—Not later than the program effective date, and after notice and an opportunity for public comment in accordance with section 4, the Authority shall establish a horseracing anti-doping and medication control program applicable to covered horses, covered persons, and covered horseraces in accordance with the registration of covered persons under section 5(d).

(2) ELECTION CONDITIONAL ON FUNDING MECHANISM.—In developing the horseracing anti-doping and medication control program with respect to a breed of horse that is made subject to this Act by election of a State racing commission or the breed governing organization for such horse under section 5(k), the Authority shall consider the unique characteristics of such breed.

(b) CONSIDERATIONS IN DEVELOPMENT OF PROGRAM.—In developing the horseracing anti-doping and medication control program required by this paragraph, the Authority shall take into consideration the following:

(1) Covered horses should compete only when they are free from the influence of medications, other foreign substances, and methods that affect their performance.

(2) Covered horses that are injured or unsound should not train or participate in covered races, and the use of medications, other foreign substances, and treatment methods that mask or deaden pain in order to allow injured or unsound horses to train or race should be prohibited.

(3) Rules, standards, procedures, and protocols regulating medication and treatment methods applicable to covered horses and covered races should be uniform and uniformly administered nationally.

(4) To the extent consistent with this Act, consideration should be given to international anti-doping and medication control standards of the International Federation of Horseracing Authorities and the Principles of Veterinary Medical Ethics of the American Veterinary Medical Association.

(5) The administration of medications and treatment methods to covered horses should be based upon an examination and diagnosis that identifies an issue requiring treatment for which the medication or method represents an appropriate component of treatment.

(6) The amount of therapeutic medication that a covered horse receives should be the minimum necessary to address the diagnosed health concerns identified during the examination and diagnostic process.

(7) The welfare of covered horses, the integrity of the sport, and the confidence of the betting public require full disclosure to regulatory authorities regarding the administration of medications and treatments to covered horses.

(c) ACTIVITIES.—The following activities shall be carried out under the horseracing anti-doping and medication control program:

(1) STANDARDS FOR ANTI-DOPING AND MEDICATION CONTROL.—Not later than 120 days before the applicable effective date, the Authority shall issue, by rule—

(A) uniform standards for—

(i) the administration of medication to covered horses by covered persons; and

(ii) laboratory testing accreditation and protocols; and

(B) a list of permitted and prohibited medications, substances, and methods, including allowable limits of permitted medications, substances, and methods.

(2) REVIEW PROGRESS FOR ADMINISTRATION OF REQUIREMENTS.—Not later than one year after the applicable effective date, the Authority shall conduct a review process for the administration of any medication to a covered horse during the 48-hour period preceding the next racing start of the covered horse.

(3) AGREEMENT REQUIREMENTS.—The development of requirements with respect to agreements under section 5(e).

(4) ANTI-DOPING AND MEDICATION CONTROL ENFORCEMENT AGENCY.—

(A) CONTROL RULES, PROTOCOLS, ETC.—Except as provided in paragraph (2), the Authority may, by unanimous vote of the Board of the Authority, modify the prohibition in subsection (d) and, notwithstanding subsection (f), any such modification shall apply to all States and, beginning on the date three years after the program effective date, any modification of the prohibition in subsection (d) shall be consistent with the requirements and guidelines for approval by the Authority.

(B) RESULTS MANAGEMENT.—The anti-doping and medication control enforcement agency shall, under the authority of the Authority and consistent with international best practices, develop and recommend anti-doping and medication control rules, protocols, policies, and guidelines for approval by the Authority.

(5) MODIFICATION OF PROHIBITION.—

(A) IN GENERAL.—After receipt of the report required by paragraph (2), the Authority may, by unanimous vote of the Board of the Authority, modify the prohibition in subsection (d) and, notwithstanding subsection (f), any such modification shall apply to all States and, beginning on the date three years after the program effective date, any modification of the prohibition in subsection (d) shall be consistent with the requirements and guidelines for approval by the Authority.

(B) CONDITION.—In order for a unanimous vote described in subparagraph (A) to effect a modification of the prohibition in subsection (d), the vote must include unanimous adoption of each of the following findings:

(i) That the modification is warranted.

(ii) That the modification is in the best interest of horseracing.

(iii) That furosemide has no performance enhancing effect on individual horses.

(iv) That furosemide enhances the integrity of and safety of racing would not be adversely affected by the modification.

(6) EXEMPTION.—Except as provided in paragraph (2), only during the three-year period beginning on the program effective date, a State racing commission may submit to the Authority, at such time and in such manner as the Authority may require, a request for an exemption from the prohibition in subsection (d) with respect to the use of furosemide on covered horses during such period.

(2) EXCEPTIONS.—An exemption under paragraph (1) may not be requested for—

(A) a State racing commission or

(B) covered horses competing in stakes races.
(3) CONTENTS OF REQUEST.—A request under paragraph (1) shall specify the applicable State racing commission's requested limitations on the use of furosemide that would apply to covered horses under the horseracing anti-doping and medication control program during such period. Such limitations shall be no less restrictive on the use and administration of furosemide than the restrictions set forth in State's laws and regulations in effect as of September 1, 2020.

(4) GRANT OF EXEMPTION.—Subject to subsection (b), the Authority shall grant an exemption requested under paragraph (1) for the remainder of such period and shall allow the use of furosemide on covered horses in the applicable State, in accordance with the requested limitations.

(g) BASELINE ANTI-DOPING AND MEDICATION CONTROL RULES.—

(1) IN GENERAL.—Subject to paragraph (3), the baseline anti-doping and medication control rules described in paragraph (2) shall:
(A) constitute the initial rules of the horseracing anti-doping and medication control program; and
(B) except as exempted pursuant to subsection (c), remain in effect at all times after the program effective date.

(2) BASELINE ANTI-DOPING MEDICATION CONTROL RULES.—

(A) IN GENERAL.—The baseline anti-doping and medication control rules described in this paragraph are the following:
(i) The lists of permitted and prohibited substances (including drugs, medications, and naturally occurring substances and synthetically occurring substances) in effect for the International Federation of Horseracing Authorities, including the International Federation of Horseracing Authorities International Screening Limits for urine, dated May 2019, and for the International Federation of Horseracing Authorities International Screening Limits for plasma, dated May 2019.

(B) MODIFICATIONS TO BASELINE RULES.—

(i) DEVELOPMENT BY ANTI-DOPING AND MEDICATION CONTROL STANDING COMMITTEE.—The anti-doping and medication control standing committee, in consultation with the anti-doping and medication control enforcement agency, may develop and submit to the Authority for approval by the Authority proposed modifications to the baseline anti-doping and medication control rules.

(ii) AUTHORITY APPROVAL.—If the Authority approves a proposed modification under this paragraph, the proposed modification shall be submitted to and considered by the Commission in accordance with section 4.

(C) ANTI-DOPING AND MEDICATION CONTROL ENFORCEMENT AGENCY VETO AUTHORITY.—The Authority shall have authority over any proposed modification that renders an anti-doping and medication control rule less stringent than the baseline anti-doping and medication control rule and, following consideration by increasing permitted medication thresholds, adding permitted medications, removing prohibited medications, or weakening the provisions with respect to, any modification under clause (i) in accordance with section 4.

(D) CONFLICT OF RULES.—In the case of a conflict among the rules described in subparagraph (A), the most stringent rule shall apply.

(3) MODIFICATIONS TO BASELINE RULES.—

(A) BY ANTI-DOPING AND MEDICATION CONTROL STANDING COMMITTEE.—The anti-doping and medication control standing committee, in consultation with the anti-doping and medication control enforcement agency, may develop and submit to the Authority for approval by the Authority proposed modifications to the baseline anti-doping and medication control rules.

(B) AUTHORITY APPROVAL.—If the Authority approves a proposed modification under this paragraph, the proposed modification shall be submitted to and considered by the Commission in accordance with section 4.

(C) ANTI-DOPING AND MEDICATION CONTROL ENFORCEMENT AGENCY VETO AUTHORITY.—The Authority shall have authority over any proposed modification that renders an anti-doping and medication control rule less stringent than the baseline anti-doping and medication control rule and, following consideration by increasing permitted medication thresholds, adding permitted medications, removing prohibited medications, or weakening the provisions with respect to, any modification under clause (i) in accordance with section 4.

(D) CONFLICT OF RULES.—In the case of a conflict among the rules described in subparagraph (A), the most stringent rule shall apply.

(4) EXTENSION OF PROVISIONAL OR INTERIM ACCREDITATION.—The Authority may, by rule in accordance with section 4, extend provisional or interim accreditation to a race track accredited by the National Thoroughbred Racing Association Safety and Integrity Alliance on a date before the program effective date.
(H) Failure to respond truthfully, to the best of a covered person’s knowledge, to a question of the Authority or an agent of the Authority with respect to any matter under the jurisdiction of the Authority;
(I) Tampering or attempted tampering with the application of the safety, performance, or anti-doping and medication control rules or process adopted by the Authority, including—
(i) the intentional interference, or an attempt to interfere, with an official or agent of the Authority;
(ii) the procurement or the provision of fraudulent information to the Authority or an agent; and
(iii) the intimidation of, or an attempt to intimidate, a potential witness.
(J) Trafficking or attempted trafficking in any prohibited substance or method.
(K) Assisting, encouraging, aiding, abetting, conspiring, covering up, or any other type of intentional complicity involving a safety, performance, or anti-doping and medication control rule violation or the violation of a period of suspension or eligibility.
(L) Threatening or seeking to intimidate a person with the intent of discouraging the person from the good faith reporting to the Authority, an agent of the Authority or the Commission, of the anti-doping and medication control or racetrack safety rules adopted by the Authority.

(M) Exceptions to section (b)(3).—
(1) IN GENERAL.—Except as provided in section 4, imposing civil sanctions for such violation.

(N) Disciplinary process for safety, performance, or anti-doping and medication control rule violations.

(O) Hearing procedures.

(P) Standards for burden of proof.

(Q) Presumption of guilt.

(R) Evidentiary rules.

(S) Interpretation and construction.

(T) ROYalties.

(U) I nformation and written notice.

(V) Coercion.

(W) Seizure or control of a covered person’s horse for safety, performance, and anti-doping and medication control rule violations.

(X) Sanctions for such violation.

(Y) Establishment of uniform rules.

(Z) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(AA) Authority to test samples received.

(BB) Rulemaking authority.

(CC) Authority to establish uniform rules.

(DD) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(EE) Authority to test samples received.

(FF) Rulemaking authority.

(GG) Authority to establish uniform rules.

(HH) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(I I) Authority to test samples received.

(J J) Rulemaking authority.

(K K) Authority to establish uniform rules.

(L L) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(M M) Authority to test samples received.

(N N) Rulemaking authority.

(O O) Authority to establish uniform rules.

(P P) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(Q Q) Authority to test samples received.

(R R) Rulemaking authority.

(S S) Authority to establish uniform rules.

(T T) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(U U) Authority to test samples received.

(V V) Rulemaking authority.

(W W) Authority to establish uniform rules.

(X X) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(Y Y) Authority to test samples received.

(Z Z) Rulemaking authority.

(AA) Authority to establish uniform rules.

(B B) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(C C) Authority to test samples received.

(D D) Rulemaking authority.

(E E) Authority to establish uniform rules.

(F F) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(G G) Authority to test samples received.

(H H) Rulemaking authority.

(I I) Authority to establish uniform rules.

(J J) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(K K) Authority to test samples received.

(L L) Rulemaking authority.

(M M) Authority to establish uniform rules.

(N N) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(O O) Authority to test samples received.

(P P) Rulemaking authority.

(Q Q) Authority to establish uniform rules.

(R R) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(S S) Authority to test samples received.

(T T) Rulemaking authority.

(U U) Authority to establish uniform rules.

(V V) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(W W) Authority to test samples received.

(X X) Rulemaking authority.

(Y Y) Authority to establish uniform rules.

(Z Z) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(AA) Authority to test samples received.

(B B) Rulemaking authority.

(C C) Authority to establish uniform rules.

(D D) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(E E) Authority to test samples received.

(F F) Rulemaking authority.

(G G) Authority to establish uniform rules.

(H H) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(I I) Authority to test samples received.

(J J) Rulemaking authority.

(K K) Authority to establish uniform rules.

(L L) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(M M) Authority to test samples received.

(N N) Rulemaking authority.

(O O) Authority to establish uniform rules.

(P P) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(Q Q) Authority to test samples received.

(R R) Rulemaking authority.

(S S) Authority to establish uniform rules.

(T T) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(U U) Authority to test samples received.

(V V) Rulemaking authority.

(W W) Authority to establish uniform rules.

(X X) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.

(Y Y) Authority to test samples received.

(Z Z) Rulemaking authority.

(AA) Authority to establish uniform rules.

(B B) Authority to require specific test samples to be directed to and tested by laboratories having special expertise in the relevant analyses.
(i) make any finding or conclusion that, in the judgement of the Commission, is proper and based on the record.

(B) DR NOVO REVIEW.—The Commission shall make any necessary findings and conclusions of law made by the administrative law judge.

(C) CONSIDERATION OF ADDITIONAL EVIDENCE.—

(i) MOTION BY COMMISSION.—The Commission may, on its own motion, allow the consideration of additional evidence.

(ii) PROCEDURE.—The Commission may—

(I) accept or hear additional evidence; or

(II) direct particular procedures for the consideration of additional evidence.

(d) STAY OF PROCEEDINGS.—Review by an administrative law judge or the Commission under this section shall not operate as a stay of a final civil sanction of the Authority unless the administrative law judge or Commission orders such a stay.

SEC. 10. UNFAIR OR DECEPTIVE ACTS OR PRACTICES.

The sale of a covered horse, or of any other horse in anticipation of its future participation in a covered race, shall be considered an unfair or deceptive act or practice in or affecting commerce under section 5(a) of the Federal Trade Commission Act (15 U.S.C. 45(a)) if the seller—

(I) knows or has reason to know the horse has been administered—

(aa) a bisphosphonate prior to the horse's fourth birthday; or

(bb) any other substance or method the Authority determines has a long-term degradating effect on the soundness of the covered horse; and

(II) fails to disclose to the buyer the administration of the bisphosphonate or other substance or method described in paragraph (1)(B).

SEC. 11. STATE DELEGATION; COOPERATION.

(a) STATE DELEGATION.—

(I) In General.—The Authority may enter into an agreement with a State racing commission to implement, within the jurisdiction of the State racing commission, a component of the racetrack safety program or with the concurrence of the anti-doping and medication control enforcement agency under section 6(e), a component of the horse-racing anti-doping and medication control program, if the Authority determines that the State racing commission has the ability to implement such component in accordance with the rules, standards, and requirements established by the Authority.

(II) Implementation by State Racing Commission.—A State racing commission or other appropriate regulatory body of a State may not implement such a component in a manner less restrictive than the rule, standard, or requirement established by the Authority.

(b) COOPERATION.—To avoid duplication of functions, facilities, and personnel, and to attain closer coordination and greater effective- ness in administration of Federal and State law, where conduct by any person subject to the horseracing medication control program or the racetrack safety program may have a medication control or racetrack safety rule violation and violation of Federal or State law, the Authority and Federal or State law enforcement authorities shall cooperate and share information.

SEC. 12. DETERMINATION OF BUDGETARY EFFECT.

The budgetary effects of this Act, for the purpose of complying with the Statutory Pay-As-You-Go Act of 2010, shall be determined in accordance with the most recent statement entitled “Budgetary Effects of PAYGO Legislation” for this Act, submitted for printing in the Congressional Record by the Chairman of the House Budget Committee, prior to such a statement has been submitted prior to the vote on passage.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

GENRAL LEAVE

Mr. PALLONE. Mr. Speaker, I ask unanimous consent that all Members may have legislative days in which to revise and extend their remarks and include extraneous material on H.R. 1754.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

Mr. PALLONE. Mr. Speaker, I yield myself such time as I may consume.

I rise to speak in support of H.R. 1754. Horseracing in the United States is more than just a sport; it is a tradition. But far too often, the joy of the races is marred by accidents that endanger both the horses and the riders.

Last year, nearly 450 thoroughbred racehorses in the United States suffered fatal injuries. The fatality rate in the U.S. is between 2½ to 5 times greater per race start than the fatality rates in Europe and Asia. Some of the key reasons for these higher fatality rates are our drug policies, training and race protocols, and racetrack standards.

In the United States, racehorses are commonly administered pain medications to ease discomfort and reduce inflammation. These medications may mask relatively minor injuries, making prerace detection of injuries more difficult.

The stress and pressure generated by a 1,100-pound racehorse sprinting at speeds up to 40 miles per hour can cause minor injuries to become catastrophic breaks that ultimately lead to a horse's death. While only a limited number of pain suppressors are permitted to be administered to racehorses internationally and in the U.S.

While many permitted pain suppressors are banned from being administered several days or even weeks before an international horse race, many of those same medications are permitted to be administered to racehorses a day or two before most races start in the United States.

Racehorses need appropriate time to recover after intense physical activity and should not train or race if suffering from soreness, swelling, or pain indicative of a more severe ailment. And racehorses should not race or train on unsafe, treacherous tracks.

Mr. Speaker, horseracing currently has no national governing body and is, instead, regulated independently by each of the 38 States in which the sport is legal. Therefore, implementing changes to address these issues is difficult.

The bill, the Horseracing Integrity and Safety Act, addresses these challenges head-on. The bill establishes uniform standards for antidoping and medication control and enhances the safety for thoroughbred horseracing. This will help ensure that we can maintain a safe, thriving horseracing industry.

It also applies stronger safeguards and enforcement against performance-enhancing drugs, or PEDs.

For a sport in which fans place billions of dollars of bets, trust in the authenticity of competition is crucial. The very legitimacy of the sport is undermined if the competitors and public cannot trust that all racehorses are competing on a level playing field.

I am pleased that the Humane Society, the Jockey Club, the Breeders' Cup, Animal Welfare Action, several racetracks, and many horsemen support this bill.

I want to thank Representative TONKO and Consumer Protection and Commerce Subcommittee Chair SCHAUKowsky for their tireless leadership on this issue.

This bill is the first step toward a safer, fairer horseracing industry, and that is a bill I am proud to support.

Mr. Speaker, I reserve the balance of my time.

Mr. WALDEN. Mr. Speaker, I yield myself such time as I may consume.

I rise today in support of H.R. 1754, the Horseracing Integrity and Safety Act of 2020.

From the Pacific Northwest to the renowned racetracks in Kentucky, New York, and New Jersey, horseracing is a very special part of our culture and in our local community life. In my district alone, thousands of people a year travel to Pendleton, Oregon—well, most years, other than with COVID; in 2020, we didn't have the Pendleton Round-Up, but they do almost every other year—to participate in the world-famous Pendleton Round-Up. So, I am no stranger to the important role of horses and horseracing and what a role that plays in our lives.

Currently, horse racing is regulated on a State-by-State basis, as you heard, and despite the industry's best efforts, some inconsistencies still exist in the regulation of horses. This bill is designed to provide national uniformity on antidoping and medication programs, as well as racetrack safety standards.
I bore witness to the historic run by American Pharaoh in the Belmont to capture the Triple Crown.

When we place a majestic equine athlete like American Pharaoh at the forefront, this endeavor can capture, truly, every American’s imagination, and the sport of horseracing can thrive. However, we have also seen the devastating results that can occur when these equine athletes are pushed beyond their limits, often aided by medications that can mask underlying health issues.

This same story has played out countless times across the country because the current medication reforms have been implemented unevenly, leaving patchwork systems in place that have created a wide disparity in the effectiveness of medication testing and enforcement and racetrack safety standards. That patchwork system simply doesn’t work.

This national approach brings great hope to the stability of this great industry. If horseracing is to thrive as an industry and once again capture the public’s imagination, then we must do better. So I am, indeed, pleased that today, after many years of work, we will take those first steps on the road to reform.

Our legislation would recognize the horseracing integrity and safety authority as a private, not-for-profit organization responsible for developing and implementing a horseracing antidoping and medication control program and a racetrack safety program. This authority would partner with the U.S. Anti-Doping Agency, USADA, to develop effective testing protocols, uniform standards and penalties, as well as proper lab accreditation. The board of the authority would also include voices representing a spectrum of perspectives within the horseracing industry, subject to strict conflict-of-interest rules, including owners, breeders, horsemen, racetracks, and veterinarians.

The revised legislation would also require the creation of a national racetrack safety program establishing safety standards for training and racing; racetrack surfaces; injury-related data analyses; safety violation investigation, hearings, and sanctions. Adding a racetrack safety component to the bill will help make the sport significantly safer for our equine athletes and jockeys.

While no legislation is perfect, the agreement represented in this bill has the support of the overwhelming majority of not only the horseracing industry, including all three tracks that host Triple Crown races, the Jockey Club, and the Breeders’ Cup, but also major animal welfare groups like the Humane Society, Animal Wellness Action, and the grassroots Water Hay Oats Alliance.

Mr. Speaker, this is truly a win-win for the industry, sports fans, and our equine athletes. It puts the equine athlete at the epicenter of this legislation and concern. It is safer as an outcome for our jockeys, important in that sport, and I urge all of my colleagues to support H.R. 1754.

Again, I thank the chairman of the committee, Frank Pallone, for bringing this forward and all who have worked so steadfastly on the results that we have achieved today.

The SPEAKER pro tempore (Ms. Scanlon). Without objection, the gentleman from Washington will control the minority’s time.

There was no objection.

Mrs. Rodgers of Washington. Madam Speaker, this legislation has been a huge priority for the gentleman from Kentucky (Mr. Barr). He has done a lot of work on it. He proudly represents horse country in Kentucky.

Madam Speaker, I yield such time as he may consume to the gentleman from Kentucky.

Mr. Barr. Madam Speaker, I thank the gentlewoman for yielding.

Madam Speaker, I rise in strong support of the horseracing integrity and safety act.

Sometimes referred to as the sport of kings, American—Americans—and I would dare to say, especially Kentuckians—have made this the sport of all Americans through the inspiring stories of amazing athletes with names like Sir Barton, Man o’ War, War Admiral, Secretariat, Seattle Slew, Affirmed, American Pharaoh, and Justify in recent years.

To that end, I further rise in favor of H.R. 1754, the horseracing integrity and safety act, bipartisan legislation that I introduced in one form or another during the last three terms of Congress with my colleague and good friend, the gentleman from New York, Paul Tonko. I thank Paul for his partnership in this long, tireless effort.

I am proud to stand this afternoon, after many years of deliberation and work, I yield such time to bring this legislation to the floor for a vote.

Throughout my time in Congress, I have worked diligently to enact policies that will promote economic growth and investment in this key industry. My district, Kentucky’s Sixth Congressional District, well-known as the Horse Capital of the World, is home to horse farms and the world-famous Keeneland Race Course in Lexington, Kentucky, which not only serves as the global leader in breeding stock sales, but also hosts many notable races, including the great Toyota Blue Grass Stakes and Breeders’ Cup, which will be, once again, held at the racetrack this November.

Many of my constituents have a close connection to and an affinity for both Keeneland and thoroughbred racing. My great-grandfather, B.F. Clay, was Keeneland’s first publicist and later the vice president of the Thoroughbred Racing Associations in New
York, where he was credited with naming the Eclipse Awards. Several years ago, as I reviewed the minutes of the Jockey Club roundtable meetings when my grandfather was active in the industry, I noticed that, even then, five decades ago, leaders in the industry lamented the lack of unity among the various constituencies within the industry. They regretted the fact that there wasn’t uniformity in the rules of racing, and particularly in medication rules. Thoroughbred racing is about more, just about our culture and heritage. There has always been immense pride in the enormous contributions of this great sport to American culture. But it is also a major source of jobs and economic opportunity for our people. In fact, the industry is responsible for 44,100 direct jobs and over 16,000 indirect jobs in Kentucky alone.

With the privilege of representing this unique industry comes the responsibility for its future. This sport is not solely relevant in those States that are home to the Triple Crown, like Kentucky, Maryland, and New York. Horseracing is very much a national sport, prominent in places like California, Arkansas, New Jersey, Illinois, and Louisiana.

The horse industry contributes approximately $26 billion, as my friend, PAUL TONKO, pointed out, but in some estimates, up to $50 billion in direct economic impact to the U.S. economy; and it has a direct employment impact of 988,394 jobs. Therefore, advocating for this industry requires more than just celebrating its proud heritage.

I have always believed that the future prosperity of this sport depends on uniformity of the rules of racing. Currently, as has been noted, regulated by 38 separate racing jurisdictions, the thoroughbred horseracing industry labors under a patchwork of conflicting and inadequate-based rules governing prohibited substances, lab accreditation, testing, and penalties for violations. This lack of uniformity has impeded interstate commerce; it has compromised the international competitiveness of the industry; it has undermined public confidence in the safety and integrity of the sport; and the industry is in desperate need of certainty.

As a conservative who believes in federalism and States’ rights, I, nevertheless, understand that the Constitution gives Congress the power to regulate interstate commerce precisely for the purpose of eliminating these kinds of impediments to interstate exchange.

As I have said many times, as a limited government conservative, this legislative effort is not about more regulation. It is about creating a single, nationwide set of rules that will result in smarter, more effective, and streamlined regulation for the industry.

The Horseracing Integrity and Safety Act will remedy this lack of uniformity, the issue central to maintaining the integrity of the sport, by authorizing the creation of a nongovernmental regulatory safety authority and fairness, governed by representatives of all major constituencies of the industry and responsible for implementing a national uniform medication and track safety program.

Specifically, the legislation would recognize the horseracing integrity and safety authority, which will be tasked with creating uniform national standards regarding prohibited and permitted substances in racehorses, establishing an accreditation system for laboratories to test drug samples, and developing regional standards for racetrack safety.

As I have said, this legislation builds on the bipartisan legislation Representative TONKO and I have introduced in previous Congresses and incorporates feedback from an expanded group of industry stakeholders to enact these much-needed reforms that will protect the safety of our equine and human athletes.

I want to thank the coalition of organizations that have supported this legislation from the very beginning, including the Water Hay Oats Alliance; a special thanks goes to Arthur and Staci Hancock, my constituents, of Stone Farm in Bourbon County, Kentucky, for their tireless and relentless persistence and advocacy; the Jockey Club; Breeders’ Cup International, headquartered in my district; Keeneland, Kentucky Thoroughbred Association; the Thoroughbred Owners and Breeders Association; and the Jockeys’ Guild, because the jockeys know how important safety is, with a special mention of Chris McCarron, for advocating for their fellow jockeys and their safety.

I also want to thank members of our expanded coalition, including CEO Bill Carstanjen and the board of directors of Churchill Downs International and prominent trainer Dale Romans.

I want to thank Ed Whitfield, former Member of Congress from Kentucky, who really trailblazed on this issue.

I want to thank Senate Majority Leader MITCH MCCONNELL for his leadership in not only introducing companion legislation, but legislation that I believe materially improves on our previous versions by adding a focus on track surface safety and by making reasonable minor changes that have enabled us to enlarge our coalition of support and bring more organizations within the industry together in support of our legislation.

Madam Speaker, the Horseracing Integrity and Safety Act was developed through a highly deliberative and bipartisan process and takes into consideration a diversity of perspectives from all parts of the industry. I appreciate the willingness of all constituencies within the industry to compromise and to forge a consensus product. This was not easy, but it was necessary to get us to this historic day for this great sport.

The result is support from the majority of Members of this House and Senator MCCONNELL’s bipartisan companion legislation in the Senate.

Today’s vote is a vitally important step in advancing reforms to protect thoroughbred jockeys, to ensure confidence in the safety and integrity of the sport within the majority of the wagering public, and enable the industry to attract a new generation of fans and investors to strengthen the thoroughbred breed.

And because this is truly an international sport and industry, this bill will make American thoroughbred racing and breeding stronger and more internationally competitive. And it will also secure thousands of both direct and indirect jobs in the Sixth Congressional District and beyond that depend on a thriving thoroughbred horse racing and breeding industry.

Madam Speaker, PAUL TONKO, thanked the Chairwoman PALLONE for his leadership on this issue, Ranking Member W ALDEN for joining to help shepherd this legislation through the process, and especially, again, my good friend, PAUL TONKO, who represents the American racecourse in Saratoga Springs.

I really appreciate, in this time of admitted partisanship and polarization, an opportunity for this country to come together and unite behind a great cause.

Madam Speaker, I urge my colleagues to support the Horseracing Integrity and Safety Act.

Mrs. RODGERS of Washington. Madam Speaker, I yield back the balance of my time.

Mr. PALLONE. Madam Speaker, I yield such time as she may consume to the gentlewoman from Illinois (Ms. SCHAKOWSKY), the chairwoman of the Subcommittee on Consumer Protection and Commerce, who has been a tireless leader on this issue, and, in particular, for the protection of animals.

Ms. SCHAKOWSKY. Madam Speaker, I thank the chairman of the Subcommittee on Consumer Protection and Commerce, who really trailblazed on this issue.

Madam Speaker, I rise today in strong support of H.R. 1754, the Horseracing Integrity Act, and the really amazing, relentless work that my colleagues, PAUL TONKO and Mr. HARR, have exerted all session this year, last year, the year before, to make this a reality.

Madam Speaker, compromise is often hard to find. And the number of stakeholders that have been involved has made it even more complicated but, finally, successful. This legislation is the result of that compromise. The amendment includes such important improvements in establishing safety, not only for our equine athletes, our horses, but also for the jockeys.

Madam Speaker, you have heard a lot from both of the chief sponsors on this legislation, but I want to say that this bill will help achieve our overarching goal to protect the health and welfare of our racehorses and jockeys while strengthening the integrity of the sport itself, which is so important.
Madam Speaker, I want to emphasize something that Mr. TONKO was talking about, because let’s not forget why we are here. Racehorses in the United States are injured at a much higher rate than the rest of the horse-racing world, resulting in nearly 500 horses dying of injury every year. One of the keys to stopping injuries and deaths is establishing strong drug policies, training, and racing protocols and racetrack standards. Standards like pre-race detection and appropriate treatment for injuries. The stress and pressure generated by an 1,100-pound animal sprinting down the track at, sometimes a rate of up to 40 miles an hour, can cause minor injuries to become fatal breaks.

Madam Speaker, as a former horse owner myself, and my horse came from a track not among the names that Mr. BARR listed—actually, he was probably thrown off the track, he wasn’t very good—and came to the barn that I would have been pretty well. And I think sometimes, until this piece of legislation, maybe he was kind of lucky not to be one of the winners, and not to be one of the ones who would be drugged and not protected. And as the stand-in jockey, I was pretty sure on the back of BJ Sullivan, who was very honest when he came to jumping over fences.

Madam Speaker, I move to suspend the rules and pass the bill (H.R. 8134) to support the Consumer Product Safety Commission’s capability to protect consumers from unsafe consumer products, and for other purposes, as amended.

The Clerk read the title of the bill. H.R. 8134
Be it enacted by the Senate and House of Representatives of the United States of America in Cong ... assembly.
SEC. 1. SHORT TITLE. This Act may be cited as the “Consumer Product Safety Inspection Enhancement Act”.
SEC. 2. ENHANCED RISK ASSESSMENT METHODOLOGY. Section 17 of the Consumer Product Safety Improvement Act (15 U.S.C. 2606) is amended by adding at the end the following new subsection:

(1) In general.—Not later than 18 months after the date of enactment of the Consumer Product Safety Improvement Act, the Commission, in consultation with New Jersey and the New York office of the Consumer Product Safety Commission needs, to help risk assess and target violative consumer products.

(2) Electronic Filing of Certificates of Compliance.—Beginning not later than 2 years after the date of enactment of the Consumer Product Safety Inspection Enhancement Act, certificates of compliance shall be filed electronically for consumer products intended for entry into the United States to enhance risk assessment and target de minimis shipments containing violative consumer products.

(3) Definitions.—As used in this subsection—

(A) the term ‘‘de minimis shipments’’ means—

(i) articles containing violative consumer products entering the United States under the de minimis value exemption in 19 U.S.C. 1581;

(B) the term ‘‘express consignment carrier facility’’ means a separate or shared specialized facility approved by the port director solely for the examination and release of express consignment shipments;

(C) the term ‘‘ports of entry for de minimis shipments’’ means—

(i) environments where de minimis shipments are processed, including express consignment facilities, international mail facilities, and air cargo facilities;

(D) the term ‘‘violate consumer products’’ means consumer products in violation of an applicable consumer product safety rule under this Act or any similar rule, regulation, standard, or ban under any other Act enforced by the Consumer Product Safety Commission.

SEC. 3. ADDITIONAL CPSC SURVEILLANCE PERSONNEL AT KEY PORTS OF ENTRY FOR DE MINIMIS SHIPMENTS.

The Commission shall hire, train, and assign not fewer than 16 full-time equivalent personnel during each fiscal year and to be stationed at or supporting efforts at ports of entry, including ports of entry for de minimis shipments, for the purpose of identifying, assessing, and addressing shipments of violative consumer products. Such hiring shall continue during each fiscal year until the total number of full-time equivalent personnel equals and sustains the staffing requirements identified in the report to Congress required under section 4.

SEC. 4. REPORT TO CONGRESS.

(a) In General.—Not later than 18 months after the date of enactment of this Act, the Commission shall transmit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, and the House and Senate Appropriations Committees, a study and report assessing the risk to consumers associated with the targeting and screening of de minimis e-commerce shipments.

(b) Report Requirements.—In the study and report, the Commission shall—

(1) examine a sampling of de minimis shipments at a sufficient and representative sample of all types of ports of entry where de minimis shipments are processed, including

"
express consignment carrier facilities, international mail facilities, and air cargo facilities to assess the extent to which such shipments include violative consumer products; (2) examine to prevent entry of violative consumer products entering into the commerce of the United States taking into consideration projected growth in e-commerce; 

(4) establish metrics by which to evaluate the effectiveness of the Commission efforts to reduce the number of de minimis shipments containing violative consumer products from entering into the commerce of the United States; and

(5) assess projected technology and resources, including staffing requirements necessary to implement such plans.

SEC. 5. DEFINITIONS.

In this Act—

(1) the term "Commission" means the Consumer Product Safety Commission;

(2) the term "de minimis shipments" means articles containing consumer products entered into the United States under the de minimis value exemption in 19 U.S.C. 1330(a)(2)(C);

(3) the term "ports of entry for de minimis shipments" means environments where de minimis shipments are processed, including express consignment carrier facilities, international mail facilities, and air cargo facilities;

(4) the term "violative consumer products" means consumer products in violation of an applicable consumer product safety rule under the Consumer Product Safety Act or any similar rule, regulation, standard, or ban under any other Act enforced by the Commission;

(5) the term "electronic commerce platform" or "e-commerce platform" means any electronically accessed platform that includes publicly interactive features that allow for arranging the sale, purchase, payment, or shipping of goods, or that enables a person other than an operator of such platform to sell or offer to sell physical goods to consumers in the United States; and

(6) the term "express consignment carrier facility" means a separate or shared specialized facility approved by the port director solely for the collection and examination and release of express consignment shipments.

SEC. 6. SAVINGS CLAUSE.

Nothing in this Act shall be construed to limit, affect, or conflict with any other authority of the Commission or any other statutory requirements governing the Commission.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentlewoman from Washington (Mrs. RODGERS) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

GENERAL LEAVE

Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 8134.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. PALLONE. Madam Speaker, I rise to speak in support of H.R. 8134, the Consumer Product Safety Inspection Enhancement Act, and I yield myself such time as I may consume.

Madam Speaker, this bipartisan legislation was introduced by Consumer Protection and Commerce Subcommittee chair JAN SCHAKOWSKY and Representative JEFF DUNCAN and advanced out of the Committee on Energy and Commerce on September 9 by a voice vote.

This important legislation will empower the Consumer Product Safety Commission with the data it needs to protect Americans from the flood of unsafe products entering our Nation from overseas, especially e-commerce shipments entering under the de minimis value exemption. It will also help ensure the Commission has adequate staffing to support these efforts.

Madam Speaker, e-commerce spending has risen steeply during the COVID–19 pandemic as Americans turn to online shopping to safely get needed goods or to find scarce supplies. Even before the pandemic, however, the CPSC was projecting that the number of e-commerce shipments to the United States would soon reach 60 million per year and represent well over 50 percent of the total volume of imports under the agency's jurisdiction.

Despite the rapid growth in e-commerce, these shipments entering the U.S. from overseas continue to face little scrutiny at our ports and often contain fake or dangerous products.

Currently, CPSC inspectors are present at only 6 percent of U.S. ports and concentrated only at seaports that receive large, high-value shipping containers. The agency virtually has no presence at the kinds of ports where millions of e-commerce shipments enter the United States, such as express courier facilities, international mail facilities, and airports.

We need CPSC inspectors stationed in all these types of places to prevent unsafe products from entering the United States and harming Americans. CPSC will also need more data and more advanced IT infrastructure in order to properly assess risk and target potentially unsafe e-commerce shipments.

Madam Speaker, H.R. 8134 addresses all these issues. It expands CPSC's presence at ports, to include the type of ports where e-commerce shipments enter. It also empowers the CPSC to collect the data it needs to identify and block e-commerce shipments that disregard our consumer product safety laws and standards.

This bill would protect American consumers from unsafe consumer products, at the same time an expanded and enhanced import surveillance program will also protect manufacturers and retailers from having to carry out costly recalls.

Madam Speaker, I, again, commend Chairwoman SCHAKOWSKY and Representative DUNCAN for introducing this bill. I also thank Ranking Member WALDEN and subcommittee Ranking Member RODGERS for working with us to move this bill through the Committee on Energy and Commerce on a bipartisan basis.

Madam Speaker, I call on my colleagues to support this measure, and I reserve the balance of my time.

Mrs. RODGERS of Washington. Madam Speaker, I yield myself such time as I may consume.

I rise today in support of H.R. 8134, the Consumer Product Safety Inspection Enhancement Act.

This bill will give the Consumer Product Safety Commission important tools to crack down on unsafe and counterfeit products at our Nation's ports.

As dangerous items and products that infringe on our companies' intellectual property flow into the country from China and other countries, it is essential that we empower the CPSC to find these products before they enter the country.

Madam Speaker, I applaud Mr. DUNCAN and Chair SCHAKOWSKY for their leadership, and I reserve the balance of my time.

Mr. PALLONE. Madam Speaker, I yield such time as she may consume to the gentlewoman from Illinois (Ms. SCHAKOWSKY), the subcommittee chairwoman.

Ms. SCHAKOWSKY. Madam Speaker, I thank the chairman for yielding to me. I rise in strong support of H.R. 8134, the Consumer Product Safety Inspection Enhancement Act, a bill that I introduced with my friend and colleague, JEFF DUNCAN.

E-commerce spending is surging right now during the COVID–19 pandemic as Americans turn to online shopping for household essentials, personal protective equipment, back-to-school supplies, and more.

However, e-commerce shipments entering the United States from overseas face little scrutiny and often contain fake or dangerous products. It is time that we empower the Consumer Product Safety Commission to collect the data it needs to identify and block e-commerce shipments that can harm consumers and that don't offer the protection and safety that they need.

This legislation would give the CPSC the data that it needs to protect Americans from the flood of unsafe products that are coming in.

This legislation is a critical first step to restoring confidence in e-commerce sites, but this bill is not a silver bullet. Much more needs to happen.

Earlier this month, CNN reported that products sold on Amazon had been set into flames, causing significant bodily harm and property damage as well.

Madam Speaker, I include in the RECORD that article.
DOZENS OF AMAZON’S OWN PRODUCTS HAVE BEEN REPORTED AS DANGEROUS—MELTING, EXPLODING OR EVEN BURSTING INTO FLAMES. MANY ARE STILL ON THE MARKET

(From CNN, Sept. 10, 2020)

The retailer said “safety is a top priority” at the company and that it takes a number of steps to ensure all AmazonBasics products are safe and high quality, such as selecting experienced manufacturers, monitoring customers for feedback, ensuring they pass safety and compliance standards both before and after they are available. It also said AmazonBasics offers thousands of products which combined have more than 1 million reviews, and that concerns are thoroughly investigated and that the company acts accordingly.

“Not safe,” one verified purchaser wrote in a review about an AmazonBasics microwave, including a home video that shows the device sparking and making loud popping noises.

The outcome of the case depends on a case by case basis and may include removing the product from the store, adjusting the design of the product, notifying customers to stop using it, or taking other appropriate action,” a company spokesperson said in a statement. “We want customers to shop with confidence and if ever a customer has a concern, they can contact customer service and we will investigate.”

Amazon said there are a number of reasons an item may no longer be available, but that customers will be notified if a critical safety issue is identified. When asked how frequently the company has done this, Amazon said it had notified customers about an AmazonBasics product in over five years. It did not specify whether it did this for any of the items reviewed by CNN.

“IT’S A RED FLAG”

Amazon has already been under intense scrutiny for allowing Life Brand sellers with allegedly dangerous offerings to do business on the site, and multiple court rulings have found that the retailer can be held liable for defective items sold by third-party sellers on its marketplace. CNN’s analysis focused on products sold with Amazon’s own name on them—a growing part of the retailer’s business.

The reviews come from customers all over the United States and span five years, but they often call attention to the very
same problems: The same panel within a microwave catching fire, USB cords melting or burning despite no visible wear and tear or overuse, and paint on outdoor patio heaters malfunctioning the first time they plugged them in. Others said electronics were not in use when they began malfunctioning.

In addition to reports of problems, the defect, the level of hazard associated with the issue, and the pattern of similar problems (seen).

Customers reported being shocked or burned in at least 100 reviews on Amazon’s website. No one died or was injured. Dignott’s report shows Parra spent around a day in the hospital. Parra sued Amazon in 2019, and the case settled. He and his attorney did not respond to interview requests.

CNN used the information provided by the fire department to determine that the type of cord Parra purchased had been removed from the market in 2011, though it is unclear when the cord was pulled. A version of the page captured by the Wayback Machine, an internet archive, shows the product had an average rating of 4.1 out of 5 stars. It shows the cord was still available for purchase until at least June 2017, and that there were warnings from other customers at least a year prior. Parra’s attorney said in a statement.

The link for the phone cord used by Parra now leads to nothing but a dead URL known internally at Amazon as a dog page.

“End of the cable melted and started smoking. Glad we caught it before a fire,” one verified purchaser wrote in June 2016. “Do not use it right away. Another customer with a verified purchase of the cord wrote in May 2016, attaching 10 photos of the melted and warped cord—saying it ruined an expensive gaming setup. A third review considered himself lucky that a fire hadn’t ignited. ‘These should be taken off the market immediately!’”

While fires caused by USB cords are uncommon, they are possible, according to electrical engineers who said a range of factors could be at play in situations like this: from problems with whatever device the cord is plugged into to defects within the cord itself.

The AmazonBasics Lightning charger that this review was written about became unavailable after CNN began its reporting. An industry non-profit, the USB Implementers Forum stressed that safety claims about the kind of cord used by Citro’s son were misleading.

Matt Citro says that he sent back his charred surge protector so that it could be investigated by Amazon. He never heard anything back, but did receive a payment to cover damage to his home. (Courtesy Matt Citro)

He had never experienced any electrical issues in his home before this, he said, and was convinced the AmazonBasics surge protector was to blame.

“DO NOT BUY THIS PRODUCT!!! If I wasn’t home my entire house would have burnt down from this cheap product,” Citro wrote in a review that was published Jan. 17, 2017. He never heard from Amazon. We put a lot of faith in their products and to have (one) almost burn down my home does not make me trust them. This product has amazons name on it!”

Citro said he immediately contacted Amazon and told the company what happened. At first, he said he was offered a refund or a credit. Not satisfied, he continued to call customer service.

He said he finally got through to someone who connected him with an insurance company, and he was ultimately paid $1,469, according to a settlement document reviewed by CNN in which Amazon denies any liability.

Amazon continued to sell the surge protector for nearly two years after Citro posted his review. During that period, Amazon policies and procedures for assessing possible safety issues were updated.

The link for the phone cord used by Parra now leads to nothing but a dead URL known internally at Amazon as a dog page.

The AmazonBasics surge protector remains for sale despite reviews about dangers and a report to the CPSC that it “made a loud popping noise, sparking, and the case was opened by the force of the damage.” Amazon said the product is safe and that most reports involved customers who plugged in multiple large devices. The number of reviews identified by CNN said nothing was plugged into the device, however.

Businesses are required by law to immediately report “potentially hazardous” items to the federal Consumer Product Safety Commission (CPSC) so the agency can determine whether an official recall is necessary. Companies can also initiate voluntary recalls in cooperation with the CPSC. Concerns similar to those detailed in Amazon reviews have been relayed to the CPSC in at least 10 reports since October 2017, according to a statement by AmazonBasics product. The complaints cover at least eight different items and date back to 2012.

In the United States, Amazon publicly recalled two AmazonBasics items in 2018 and 2019, after the company received 53 reports in the US about power banks overheating or catching fire. AmazonBasics surge protector, found 1.1 % of problems (seen).”

The group also said it conducted an internal review of several cables CNN brought to its attention and found them to be compliant. It does not certify proprietary Lightning USB cables, however, such as Parra’s cord. Apple said it allows manufacturers to use its lightning connectors in their products if those items are tested and certified to meet high quality standards, and that the company expects manufacturers to meet any applicable safety standards.

HAVE YOU PURCHASED AN AMAZONBASICS PRODUCT?

Amazon meanwhile said it investigated the safety claims about the kind of cord used by Parra and determined it met the company’s safety standards. “If we determine that a product is unsafe, we remove it from our stores and take all necessary actions, which may include contacting regulators and customers,” the company said in questions about the cord used by Parra, which was removed from the site.

The retailer did introduce a new version of the product, however, saying it made updates to improve the customer experience.

LOSING TRUST

Matt Citro purchased his AmazonBasics surge protector to prevent a microwave from a fire. Instead, he said that in January 2018, the surge protector itself caught fire. A single phone charger was plugged into the device, but was not being used. He called Amazon and was told to unplug the charger and replace the cord. Citro said he received a new cord, but he was still concerned about possible safety issues. He then complained to Amazon. Citro said he was lucky that a fire hadn’t ignited. He told CNN that he quickly pulled the flaming device from the wall. He wasn’t injured but he said he was left with more than $1,000 of damage. The surge protector burned a hole in the wall outlet and seared part of his wall.

Amazon meanwhile said it investigated the safety claims about the kind of cord used by Parra and determined it met the company’s safety standards. “If we determine that a product is unsafe, we remove it from our stores and take all necessary actions, which may include contacting regulators and customers,” the company said in questions about the cord used by Parra, which was removed from the site.
time with the company, she believed the retailer was even more vigilant than competitors in trying to react to safety concerns.

More than 80 customers reported problems involving AmazonBasics surge protectors that Citro said burst into flames.

Weeks after CNN began reporting on the surge protector—reaching out to customers and ordering the search for sources of the defect, as part of the investigation—Amazon pulled it from its site in December despite its high average rating of 4.4 stars as of a month earlier. CNN had not been able to obtain any notification to customers, including to the reporters who purchased it. And it did not post any message on its site about why it was pulled.

Amazon declined to comment on individual customers, and would not say why the page was removed or whether Citro’s surge protector was tested. It did say an updated version of the product had been released, but when asked for the link to the updated version, the company said “this product is currently unavailable.”

Citro, who said he still shops at Amazon frequently, said he sent his burned surge protector back for testing as the company requested. “I never heard anything about what its investigation found.”

“I do wish this particular product was tested more thoroughly,” he said. “A lot was on the line with my son’s bedroom in the next room.”

Just like Parra’s phone cord, this specific kind of surge protector has not been officially recalled.

BEHIND THE SCENES

Three former Amazon employees said the vast majority of AmazonBasics electronics are made in Asia. The company’s list of suppliers includes hundreds of names—including AmazonBasics—shows that only around 10% are in the United States and nearly half are located in China.

The retailer typically brings AmazonBasics items to market in two ways, explained the former product manager. It either goes straight to manufacturers that are able to meet their standards and works closely with them to create items for the AmazonBasics line. Or Amazon finds an existing product and works with a third-party company to create an own-label version of a manufacturer of its own, to brand the item with the AmazonBasics name. The second way “is still available for sale.”

More than 90% of the reviews CNN analyzed were about “verified purchases.” Some 400 reviews posted on the site included photos or videos as visual evidence of their claims.

Reviews came from around 70 product pages, which sometimes included multiple variations of an item (such as USB cords in different lengths or colors), which may have separate identification numbers.

Reviews were excluded if a product had clearly been used incorrectly—for example, those saying non-rechargeable batteries were placed in a charger.

Most reviews did not include people’s full names, but CNN did reach more than 30 customers, and many provided information such as evidence of their purchases, photos, additional details and correspondence with Amazon.

She said both methods have been implemented for electronics, but that in this second scenario, Amazon typically has less insight into the manufacturing process and is less involved in quality and safety testing. Amazon disputed this, saying it verifies that products meet the same safety standards regardless of supplier model. The company also said it most frequently works directly with manufacturers.

STILL FOR SALE

Amazon declined to provide details about why certain products were investigated and removed from its site, or how many others with repeated complaints about the same hazards are still available to purchase today.

Leeona Smail said her AmazonBasics battery charger began to melt and smoke.

New mom Leeona Smail posted her review about an AmazonBasics battery charger late last year. When CNN reached her, she recounted how she and her husband were forced to evacuate their home in the middle of the night when they detected the unmistakable smell of something burning. They gathered their dogs, cats and 4-month-old baby by their front porch, called 911 and waited for help to arrive.

It wasn’t until after the firefighters left that the Smails said they found what they believed was the culprit: an AmazonBasics battery charger. They had used the device for about a year when it burst into flames. When CNN reached her, she recounted how she and her husband were forced to evacuate their home in the middle of the night when they detected the unmistakable smell of something burning. They gathered their dogs, cats and 4-month-old baby by their front porch, called 911 and waited for help to arrive.

Leeona Smail said the device had overheated, melted or exploded, and when she tried to use it the next day to check on them, she said, he was amazed to see the source of the smell.

A Vandergrift, Pennsylvania fire chief confirmed that his team was dispatched to investigate “a smoke odor and light haze” at the Small home. He said they ultimately learned that a battery charger “overheated and melted,” and said it was unclear whether it would have caused the house to catch fire if it hadn’t been found. AmazonBasics microwave.

Reviews as of February, when CNN’s final analysis was conducted. Another roughly 1,000 reviews have been posted since then, with fires being reported as recently as September.

Another former employee who was involved with AmazonBasics in its earlier years and asked to remain anonymous because of a confidentiality agreement said “a lot of employees on the AmazonBasics team would randomly order items to inspect and stay on top of reviews to make sure red flags were being caught.”

“From my perspective, a lot of problems in my time but were much smaller than they are now so it was easy to keep things under control,” the former employee said.

“Now we have a whole team of people looking into the manufacturing process and is extensively testing samples of the same item, she likely would have heard it crackling it could have started a fire,” he wrote in a review.

“When you’re in charge of compliance for something that has the Amazon brand on it, I didn’t think it should be something we’re mess ing around with,” Greer said. “When you’re outsourcing production there’s a lot of things that can go wrong.”

Greer now works as a consultant to third-party labs with global facilities, including in China and that her statements about the microwave were speculative since she was not part of the team that worked on this item and was not involved in the testing of the device. Amazon also said it proactively sends safety-related customer reports to the CPSC and noted the agency has not issued an official recommendation about the AmazonBasics microwave.
The item was still for sale on Amazon at the time of publication.

The company said an investigation confirmed the product was safe, and that there were no broader design or safety concerns. But when asked whether it tested any of the actual chargers customers had flagged, and if so, what those tests had found, Amazon said it did not have information to share.

Ms. SCHAKOWSKY. In July, I introduced the INFORM Consumers Act with Congresswoman KATHY CASTOR, which would require platforms such as Amazon to verify third-party sellers. It is my sincere hope that this body can move quickly, on the legislation that we are addressing today and, finally, on legislation that would protect consumers in a deeper way.

I thank Representative DUNCAN, my friend and colleague, for introducing this legislation with me, this important consumer safety legislation. I would also like to take a moment to recognize both majority and minority committee staff who worked hard on this and each of the other bills that are before us today. I moved through the subcommittee that I have the privilege of chairing: Lisa Goldman, Anna Yu, Daniel Greene, Chloe Rodriguez, Alex Hoehn-Saric, Tim Kurth, and Bijn Koohmaraie.

I urge my colleagues to support this important legislation.

Mrs. RODGERS of Washington. Madam Speaker, I yield such time as he may consume to the gentleman from Oregon (Mr. WALDEN), the former chairman of the House Energy and Commerce Committee. I appreciate his leadership.

Mr. WALDEN. Madam Speaker, I thank the leaders of the Energy and Commerce Committee on both sides of the aisle for moving forward with H.R. 8134, the Consumer Product Safety Inspection Enhancement Act.

I especially want to thank Chairwoman SCHAKOWSKY, who has worked so hard on this, and Representative JEFF DUNCAN, who has also led on this bill. This bill will improve coordination with U.S. Customs and Border Protection, the CBP, to target and prevent consumer products that violate American laws from entering the United States. Importantly, this effort prioritizes shipments from China, where we know the overwhelming majority of counterfeit goods originate.

By prioritizing inspection of shipments from China, H.R. 8134 will help the CPSC and the CBP identify trends and better position us to prevent goods that violate our laws and, by the way, hurt our small businesses from entering our country.

The COVID-19 pandemic underscored the importance of addressing supply chain threats. This bill is an important step in making that happen.

I urge my colleagues to support this legislation.

Mrs. RODGERS of Washington. Madam Speaker, I yield back that balance of my time.

Mr. PALLONE. Madam Speaker, I would ask my colleagues to support this legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 8134, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

CONSUMER SAFETY TECHNOLOGY ACT

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 8128) to direct the Consumer Product Safety Commission to establish a pilot program to explore the use of artificial intelligence in support of the consumer product safety mission.

As this bill comes to us, I would like to take a moment to thank Chairwoman Lisa Goldman, who has worked hard on this bill.

I want to recognize the importance of addressing supply chain threats. This bill is an important step in making that happen.

I urge my colleagues to support this legislation.

Mrs. RODGERS of Washington. Madam Speaker, I yield back the balance of my time.

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 8128) to direct the Consumer Product Safety Commission to establish a pilot program to explore the use of artificial intelligence in support of the consumer product safety mission, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 8128

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the "Consumer Safety Technology Act".

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

SECTION I.—ARTIFICIAL INTELLIGENCE AND CONSUMER PRODUCT SAFETY

SEC. 101. SHORT TITLE.

SECTION II.—BLOCKCHAIN TECHNOLOGY INNOVATION

SEC. 201. SHORT TITLE.
SEC. 202. Study on blockchain technology and its use in consumer protection.

SECTION III.—DIGITAL TOKEN TAXONOMY

SEC. 301. SHORT TITLE.
SEC. 302. Findings.
SEC. 303. Reports on unfair or deceptive acts or practices involving digital tokens.

SEC. 2. DEFINITIONS.

In this Act—

(1) the term "consumer product" has the meaning given such term in section 3(a) of the Consumer Product Safety Act (15 U.S.C. 2052a); and

(2) the term "Secretary" means the Secretary of Commerce.

TITLE I.—ARTIFICIAL INTELLIGENCE AND CONSUMER PRODUCT SAFETY

SEC. 101. SHORT TITLE.

This title may be cited as the "AI for Consumer Product Safety Act".

SEC. 102. PILOT PROGRAM FOR USE OF ARTIFICIAL INTELLIGENCE BY CONSUMER PRODUCT SAFETY COMMISSION.

(a) ESTABLISHMENT.—Not later than 1 year after the date of enactment of this Act, the Consumer Product Safety Commission shall establish a pilot program to explore the use of artificial intelligence by the Commission in support of the consumer product safety mission of the Commission.

(b) REQUIREMENTS.—In conducting the pilot program established under subsection (a), the Commission shall do the following:

(1) Use artificial intelligence for at least 1 of the following purposes:

(A) Tracking trends with respect to injuries involving consumer products.

(B) Identifying consumer product hazards.

(C) Monitoring the retail marketplace (including internet websites) for the sale of recalled consumer products (including both new and used products).

(D) Identifying consumer products required by section 17(a) of the Consumer Product Safety Act (15 U.S.C. 2066(a)) to be refused admission into the customs territory of the United States.

(2) Consult with the following:

(A) Technologists, data scientists, and experts in artificial intelligence and machine learning.

(B) Cybersecurity experts.

(C) Members of the retail industry.

(D) Consumer product manufacturers.

(E) Consumer product safety organizations.

(F) Any other person the Commission considers appropriate.

(c) REPORT TO CONGRESS.—Not later than 180 days after the conclusion of the pilot program established under subsection (a), the Consumer Product Safety Commission shall submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, and make publicly available on the website of the Commission, a report on the findings and data derived from the program, including whether and the extent to which the use of artificial intelligence improved the ability of the Commission to advance the consumer product safety mission of the Commission.

SECTION II.—BLOCKCHAIN TECHNOLOGY INNOVATION

SEC. 201. SHORT TITLE.

This title may be cited as the "Blockchain Innovation Act".

SEC. 202. STUDY ON BLOCKCHAIN TECHNOLOGY AND ITS USE IN CONSUMER PROTECTION.

(a) IN GENERAL.—

(1) STUDY REQUIRED.—Not later than one year after the date of enactment of this Act, the Secretary of Commerce, in consultation with the Federal Trade Commission, and in consultation with the any other appropriate Federal agency, shall conduct a study on current and potential use of blockchain technology in commerce and the potential benefits of blockchain technology for limiting fraud and other unfair and deceptive acts and practices.

(b) REQUIREMENTS FOR STUDY.—In conducting the study, the Secretary shall examine:

(A) trends in the commercial use of and investment in blockchain technology;

(B) best practices in facilitating public-private partnerships in blockchain technology;

(C) potential benefits and risks of blockchain technology for consumer protection;

(D) how blockchain technology can be used by industry and consumers to reduce fraud and increase the security of commercial transactions;

(E) areas in Federal regulation of blockchain technology that greater clarity would encourage domestic innovation; and

(F) any other relevant observations or recommendations related to blockchain technology and consumer protection.

(3) PUBLIC COMMENT.—In producing the study required in subsection (a)(2), the Secretary shall provide opportunity for public comment and advice relating to the production of the study.

(c) REPORT TO CONGRESS.—Not later than 6 months after the completion of the study required pursuant to subsection (a), the Secretary shall submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Commerce, Science, and Transportation of the Senate, and make publicly available on the website of the Department of Commerce, a report that contains the results of the study conducted under subsection (a).
The legislation will help modernize our consumer protection agencies and encourage the use of advanced technologies, like artificial intelligence and blockchain, in support of product safety and consumer protection. These technologies can help the Consumer Product Safety Commission and the Federal Trade Commission improve their operations and more effectively carry out their mission.

Technological advances and globalization have greatly expanded the range of consumer products on the market, and as consumers shop online, more and more of these products are being shipped directly to homes. AI could help the CPSC oversee the increasingly complex range of products under its jurisdiction by helping identify new injury trends and emerging hazards. AI can also help the CPSC monitor online marketplaces for the illegal sale of recalled products. The persistence of recalled products online marketplace is a particularly pernicious problem that puts Americans needlessly at risk.

For example, months after the dangerous Fisher-Price Rock ‘n Play and other infant inclined sleepers were recalled, a Consumer Reports investigation found that these products were still being sold on sites like Facebook Marketplace and Craigslist, even though they had been linked to dozens of infant fatalities. I am hopeful that AI can be harnessed here to help eradicate the sale of recalled products in these online marketplaces.

Madam Speaker, the CPSC could also use AI to assess the risk of the growing number of imported consumer products entering our country and being sent directly to consumers.

I want to thank Representatives SOTO, GUTHRIE, and MATSUI for introducing the Blockchain Innovation Act, which was incorporated into H.R. 8128 during the full committee’s consideration of the bill. So, too, was the Digital Taxonomy Act, which was introduced by Representatives DAVIDSON and SOTO.

Together, these bills will help identify ways blockchain technology can be used to further support consumer protection. It will also make sure that scammers and fraudsters don’t get ahead of consumers and law enforcement in the realm of blockchain and digital tokens.

Finally, I want to thank Ranking Member WALDEN and Subcommittee Ranking Member RODGERS for working with us to move this bill through the Energy and Commerce Committee on a bipartisan basis.

Madam Speaker, I call on my colleagues to support the bill. In support of my legislation, H.R. 8128, the Consumer Safety Technology Act, H.R. 8128 will encourage the use of emerging technologies, specifically artificial intelligence and blockchain, to help keep consumers safe, and it will level the playing field for consumer protection agencies with carrying out their mission.

H.R. 8128 incorporates the AI for Consumer Product Safety Act, legislation that I authored with Representative BURGESS. The provisions direct the Consumer Product Safety Commission, CPSC, to establish a pilot program for the agency to use AI in furtherance of the agency’s work to protect consumers from unsafe products.

For example, CPSC could use AI to more quickly and efficiently identify new injury trends and emerging hazards, such as exploding laptops that have faulty batteries, defective USB chargers, furniture that tips over, and unsafe infant products.
sleep products. Being able to identify these hazards more quickly will enable the CPSC to also recall the products more quickly and, in turn, save lives.

We have heard firsthand from the CPSC Commissioners when they testified before the House Energy and Commerce Committee that AI can benefit the agency’s work in serving the American public.

I am pleased that just 2 weeks ago, the House passed my bill, H.R. 2575, the AI in Government Act, which will help the Federal Government increase AI adoption in a smart and responsible way. H.R. 8128 marks another critical step in advancing this effort.

H.R. 8128 also incorporates the Blockchain Innovation Act introduced by Representatives SOTO, GUTHRIE, and MATSUI. These provisions will help ensure that we can use the benefits of blockchain technology to stop scams and fraud.

Additionally, H.R. 8128 incorporates the Human Taxonomy Act from Representatives SOTO and DAVIDSON. These provisions will help ensure that scammers and fraudsters don’t get ahead of consumers and law enforcement in the realm of blockchain and digital tokens.

I want to thank Representatives BURGESS, SOTO, GUTHRIE, and DAVIDSON for their work on H.R. 8128 and Chairman PALLONE and Ranking Member WALDEN for moving this legislation through the committee.

I urge my colleagues to support it.

Mr. PALLONE. Madam Speaker, I yield such time as she may consume to the gentlewoman from Illinois (Ms. SCHAKOWSKY), the chairwoman of the subcommittee.

Ms. SCHAKOWSKY. Madam Speaker, I would like to thank the authors of this legislation, Representatives MCNERNEY, BURGESS, SOTO, MATSUI, and DAVIDSON.

This legislation would direct the Consumer Product Safety Commission to establish a pilot program that uses artificial intelligence technology to protect consumers from unsafe products.

Mr. WALDEN. Madam Speaker, I rise today in support of H.R. 8128, the Consumer Safety Technology Act. I want to thank Mr. MCNERNEY, Mr. BURGESS, Mr. SOTO, and Mr. GUTHRIE for their leadership on this effort.

This bipartisan bill directs the Consumer Product Safety Commission to conduct a pilot program to determine how artificial intelligence may be used by an agency’s mission. Given the agency’s broad jurisdiction over so many different consumer products, being able to efficiently and accurately analyze data is critical.

This bill also includes an important study on how blockchain technology may be used to address fraud and other unfair and deceptive acts and practices. This is complimentary to the American COMPETE Act that also prioritizes this emerging technology.

Blockchain technology would help bolster our supply chains, improve privacy—especially related to contact tracing during the COVID-19 pandemic, and combat the spread of misinformation and fraud. I am glad to see this provision included in the legislation.

Relatedly, H.R. 8128 also focuses on digital tokens and targets ways in which we can protect consumers from fraud in the digital token marketplace.

I urge my colleagues to support this bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Tennessee (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 8128, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read: “A bill to direct the Consumer Product Safety Commission to establish a pilot program to use artificial intelligence technology to support the development of mandatory or voluntary standards; and to direct the Secretary of Commerce to study and report on the use of blockchain technology and digital tokens, respectively.”

A motion to reconsider was laid on the table.

AMERICAN COMPETITIVENESS OF A MORE PRODUCTIVE EMERGING TECH ECONOMY ACT

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 8132) to require the Federal Trade Commission and the Secretary of Commerce to conduct studies and submit reports on the impact of artificial intelligence and other technologies on United States businesses conducting interstate commerce, and for other purposes, as amended.

This bill is entitled the ‘American COMPETE Act’.
(F) identify all regulations, guidelines, mandatory standards, voluntary standards, and other policies implemented by each of the Federal agencies identified under subparagraph (B) and the Commission shall submit to the Committee on Energy and Commerce and the Committee on Science, Space, and Technology of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate, and make publicly available on their respective websites, a report that contains—

1. the results of the study conducted pursuant to subsection (a) and the survey conducted pursuant to subsection (b); and
2. recommendations to—

(A) develop a national strategy to advance the United States business sectors’ position in the world on the adoption of artificial intelligence;
(B) develop strategies to mitigate current and emerging risks to the marketplace and supply chain of artificial intelligence; and
(C) develop legislation that may advance the expeditious adoption of artificial intelligence.

SEC. 3. STUDY TO ADVANCE INTERNET OF THINGS IN MANUFACTURING.

(a) IN GENERAL.—

(1) STUDY REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Secretary of Commerce, in coordination with the head of any other appropriate Federal agency, shall conduct a study on the state of the quantum computing industry and the impact of such industry on the United States economy.

(2) REQUIREMENTS FOR STUDY.—In conducting the study, the Secretary shall—

(A) develop and conduct a survey of the quantum computing industry through outreach to participating entities as appropriate to—

(i) the results of the study conducted pursuant to subsection (a) and the survey conducted pursuant to subsection (b); and
(ii) recommendations to—

(A) develop a comprehensive list of Federal agencies with jurisdiction over the entities and industry sectors identified under subparagraph (A); and
(B) develop a list of foreign and industry agencies listed under subparagraph (B) with regard to such entities and industry sectors,
(C) identify which Federal agency or agencies listed under subparagraph (B) such entities and industry sectors, and other policies implemented by the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies; and
(D) develop a comprehensive list of Federal agencies with jurisdiction over the entities and industry sectors identified under paragraph (A);

(B) develop a national strategy to advance the United States business sectors’ position in the world on the adoption of quantum computing; and

(C) develop strategies to mitigate current and emerging risks to the marketplace and supply chain, including the use of quantum computing; and

(D) develop a brief description of the jurisdiction and expertise of the Federal agencies identified under subparagraph (A); and

(E) develop a brief description of the jurisdiction and expertise of the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies; and

(F) identify all regulations, guidelines, mandatory standards, voluntary standards, and other policies implemented by each of the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies, including international bodies, that have developed, or are developing, mandatory or voluntary standards for such uses;

(G) identify Federal Government resources that exist for consumers and small businesses to evaluate the use of quantum computing.

(3) IDENTIFY EMERGING RISKS AND LONG-TERM TRENDS IN SUCH MANUFACTURING THROUGH THE SECURE ADVANCEMENT OF QUANTUM COMPUTING.

(a) IN GENERAL.—

(1) STUDY REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Secretary of Commerce and the Federal Trade Commission shall conduct a study on the state of the quantum computing industry and the impact of such industry on the United States economy.

(2) REQUIREMENTS FOR STUDY.—In conducting the study, the Secretary and the Commission shall—

(A) conduct and survey of the quantum computing industry through outreach to participating entities as appropriate to—

(i) develop a list of public-private partnerships focused on the promotion and use of quantum computing; and
(ii) identify which Federal agency or agencies listed under subparagraph (B) such entities and industry sectors, and other policies implemented by the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies, including international bodies, that have developed, or are developing, mandatory or voluntary standards for quantum computing; and

(B) develop a comprehensive list of Federal agencies with jurisdiction over the entities and industry sectors identified under paragraph (A); and

(C) identify which Federal agency or agencies listed under subparagraph (B) each entity or industry sector interacts with;

(D) identify all interagency activities that are taking place among the Federal agencies listed under subparagraph (B), such as working groups or other coordinated efforts;

(E) develop a brief description of the jurisdiction and expertise of the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies; and

(F) identify all regulations, guidelines, mandatory standards, voluntary standards, and other policies implemented by each of the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies, including international bodies, that have developed, or are developing, mandatory or voluntary standards for quantum computing; and

(G) identify Federal Government resources that exist for consumers and small businesses to evaluate the use of quantum computing; and

(H) develop a national strategy to advance the United States business sectors’ position in the world on the adoption of quantum computing; and

(I) develop strategies to mitigate current and emerging risks to the marketplace and supply chain, including the use of quantum computing; and

(J) develop a brief description of the jurisdiction and expertise of the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies; and

(K) identify Federal Government resources that exist for consumers and small businesses to evaluate the use of quantum computing.

(b) MARKETPLACE AND SUPPLY CHAIN SURVEY.—The Secretary and Commission shall conduct a survey of the marketplace and supply chain of artificial intelligence to—

1. the results of the study conducted pursuant to subsection (a) and the survey conducted pursuant to subsection (b); and

2. recommendations to—

(A) identify which Federal agency or agencies listed under subparagraph (B) each entity or industry sector interacts with;

(B) develop a national strategy to advance the United States business sectors’ position in the world on the adoption of artificial intelligence; and

(C) develop legislation that may advance the expeditious adoption of artificial intelligence.

(3) IDENTIFY EMERGING RISKS AND LONG-TERM TRENDS IN SUCH MANUFACTURING THROUGH THE SECURE ADVANCEMENT OF QUANTUM COMPUTING.

(a) IN GENERAL.—

(1) STUDY REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Secretary of Commerce, in coordination with the head of any other appropriate Federal agency, shall complete a study on the state of the quantum computing industry and the impact of such industry on the United States economy.

(2) REQUIREMENTS FOR STUDY.—In conducting the study, the Secretary and the Commission shall—

(A) conduct and survey of the quantum computing industry through outreach to participating entities as appropriate to—

(i) develop a list of public-private partnerships focused on the promotion and use of quantum computing; and
(ii) identify which Federal agency or agencies listed under subparagraph (B) each entity or industry sector interacts with;

(B) develop a comprehensive list of Federal agencies with jurisdiction over the entities and industry sectors identified under paragraph (A); and

(C) identify which Federal agency or agencies listed under subparagraph (B) each entity or industry sector interacts with;

(D) identify all interagency activities that are taking place among the Federal agencies listed under subparagraph (B), such as working groups or other coordinated efforts;

(E) develop a brief description of the jurisdiction and expertise of the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies; and

(F) identify all regulations, guidelines, mandatory standards, voluntary standards, and other policies implemented by each of the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies, including international bodies, that have developed, or are developing, mandatory or voluntary standards for quantum computing; and

(G) identify Federal Government resources that exist for consumers and small businesses to evaluate the use of quantum computing; and

(H) develop a national strategy to advance the United States business sectors’ position in the world on the adoption of quantum computing; and

(I) develop strategies to mitigate current and emerging risks to the marketplace and supply chain, including the use of quantum computing; and

(J) develop a brief description of the jurisdiction and expertise of the Federal agencies identified under subparagraph (B), as well as all guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies; and

(K) identify Federal Government resources that exist for consumers and small businesses to evaluate the use of quantum computing.
(C) develop strategies to mitigate current and emerging risks to the marketplace and supply chain of quantum computing; and
(D) develop legislation that may advance the expeditious adoption of quantum computing.

SEC. 5. STUDY TO ADVANCE BLOCKCHAIN TECHNOLOGY.

(a) IN GENERAL.—
(1) STUDY REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Secretary of Commerce and the Federal Trade Commission shall complete a study on the state of the blockchain technology industry and the impact of such industry on the United States economy.

(2) REQUIREMENTS FOR STUDY.—In conducting the study, the Secretary and the Commission shall—
(A) develop and conduct a survey of the blockchain technology industry through outreach to participating entities as appropriate to—
(i) establish a list of industry sectors that implement and promote the use of blockchain technology;
(ii) establish a list of public-private partnerships focused on the adoption and use of blockchain technology, as well as industry-based bodies, including international bodies, which have developed, or are developing, mandatory or voluntary standards for blockchain technology;
(iii) the status of such industry-based mandatory or voluntary standards; and
(iv) a description of the ways entities or industry sectors implement and promote the use of blockchain technology;

(B) develop a comprehensive list of Federal agencies with jurisdiction over the entities and industry sectors identified under paragraph (A);

(C) identify which Federal agencies or agencies listed under subparagraph (B) each entity or industry sector interacts with;

(D) identify all interagency activities that are taking place among the Federal agencies listed under subparagraph (B), such as working groups or other coordinated efforts;

(E) develop a brief description of the jurisdiction and expertise of the Federal agencies listed under subparagraph (B) with regard to such entities and industry sectors;

(F) identify all regulations, guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies; and

(G) identify Federal Government resources that exist for consumers and small businesses to evaluate the use of blockchain technology.

(b) MARKETPLACE AND SUPPLY CHAIN SURVEY.—The Secretary and Commission shall conduct a survey of the marketplace and supply chain of blockchain technology to—

(1) assess the severity of risks posed to such marketplace and supply chain;

(2) review the ability of foreign governments or third parties to exploit the supply chain in a manner that raises risks to the economic and national security of the United States; and

(3) identify emerging risks and long-term trends in such marketplace and supply chain.

(c) REPORT TO CONGRESS.—Not later than 6 months after the completion of the study required pursuant to subsection (a), the Secretary and the Commission shall submit to the Committee on Energy and Commerce and the Committee on Science, Space, and Technology of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate, and make publicly available on their respective websites, a report that contains—

(1) the results of the study conducted pursuant to subsection (a) and the survey conducted pursuant to subsection (b); and

(2) recommendations to—
(A) grow the United States economy through the secure advancement of blockchain technology;

(B) develop a national strategy to advance the United States business sectors’ position in the world on the adoption of new and advanced materials;

(C) develop strategies to mitigate current and emerging risks to the marketplace and supply chain of blockchain technology; and

(D) develop legislation that may advance the expeditious adoption of blockchain technology.

SEC. 6. STUDY TO ADVANCE NEW AND ADVANCED MATERIALS.

(a) IN GENERAL.—
(1) STUDY REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Secretary of Commerce and the Federal Trade Commission, in coordination with the head of any other appropriate Federal agency, shall complete a study on the state of new and advanced materials industry, including synthetically derived or enhanced natural or renewable products of such industry on the United States economy.

(2) REQUIREMENTS FOR STUDY.—In conducting the study, the Secretary and the Commission shall—
(A) develop and conduct a survey of the new and advanced materials industry through outreach to participating entities as appropriate to—
(i) establish a list of industry sectors that implement and promote the use of new and advanced materials;

(ii) establish a list of public-private partnerships focused on promoting the adoption and use of new and advanced materials, as well as industry-based bodies, including international bodies, which have developed, or are developing, mandatory or voluntary standards for new and advanced materials;

(iii) the status of such industry-based mandatory or voluntary standards; and

(iv) provide a description of the ways entities or industry sectors implement and promote the use of new and advanced materials;

(B) develop a national strategy to advance new and advanced materials,

(C) identify all regulations, guidelines, mandatory standards, voluntary standards, and other policies implemented by industry-based bodies; and

(D) identify Federal Government resources and other policies implemented by industry-based bodies that may advance the use of new and advanced materials.

(b) MARKETPLACE AND SUPPLY CHAIN SURVEY.—The Secretary and the Commission shall conduct a survey of the marketplace and supply chain of new and advanced materials to—

(1) assess the severity of risks posed to such marketplace and supply chain;

(2) review the ability of foreign governments or third parties to exploit the supply chain in a manner that raises risks to the economic and national security of the United States; and

(3) identify emerging risks and long-term trends in such marketplace and supply chain.

(c) REPORT TO CONGRESS.—Not later than 6 months after the completion of the study required pursuant to subsection (a), the Secretary and the Commission shall submit to the Committee on Energy and Commerce and the Committee on Science, Space, and Technology of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate, and make publicly available on their respective websites, a report that contains—

(1) the results of the study conducted pursuant to subsection (a) and the survey conducted pursuant to subsection (b); and

(2) recommendations to—
(A) grow the United States economy through the secure advancement of new and advanced materials;

(B) develop a national strategy to advance the United States business sectors’ position in the world on the adoption of new and advanced materials;

(C) identify new and advanced materials policies that may advance the expeditious adoption of new and advanced materials; and

(D) develop legislation that may advance the expeditious adoption of new and advanced materials.

SEC. 7. STUDY TO ADVANCE UNMANNED DELIVERY SERVICES.

(a) IN GENERAL.—
(1) STUDY REQUIRED.—Not later than 1 year after the date of enactment of this Act, the Secretary of Commerce, in coordination with the head of any other appropriate Federal agency, shall complete a study on the impact of unmanned delivery services on United States businesses conducting interstate commerce.

(2) REQUIREMENTS FOR STUDY.—In conducting the study, the Secretary shall do the following:

(A) Conduct a survey through outreach to participating entities to—
(i) establish a list of the industry sectors that develop and use unmanned delivery services, including the use of autonomous vehicles, drones, and robots;

(ii) review how unmanned delivery services are currently being used and any potential future applications of such services;

(iii) identify any challenges to the development and adoption of unmanned delivery services; and

(iv) review how such services may be used to—
(I) deliver groceries, meals, medications, and other necessities to senior citizens, people with disabilities, and people without access to traditional public transportation;

(II) address challenges of unattended emergency present, including delivering groceries, meals, medications, medical supplies, and other necessities during such emergencies; and

(III) any other potential use of such services;

(v) identify any safety risks associated with the adoption of unmanned delivery services on roads, in the air, or other environments, including any dangers posed to pedestrians, bicyclists, motorists, motorized vehicles; and

(vi) identify the effect of unmanned delivery services on traffic safety and congestion;

(vii) evaluate the extent to which software, technology, and infrastructure of unmanned delivery services are developed and manufactured in the United States;
(viii) identify the number and types of jobs that may be lost or substantially changed due to the development and adoption of unmanned delivery services;
(ix) identify the number and types of jobs that may be created due to the development and adoption of unmanned delivery services; and
(x) evaluate the effect of the adoption of unmanned delivery services on job quality for low, middle, and high-skilled workers.

(B) Develop and conduct a survey of Federal agencies related to unmanned delivery services to—
(i) establish a list of Federal agencies asserting oversight in industries or sectors identified under subparagraph (A)(i);
(ii) develop a brief description of the jurisdiction and expertise of the Federal agencies regarding unmanned delivery services; and
(iii) identify all interagency activities regarding unmanned delivery services.

(C) Conduct a survey of the marketplace and supply chain of unmanned delivery services to—
(i) assess the severity of risks posed to such marketplace and supply chain;
(ii) identify the authority of foreign governments or third parties to exploit such supply chain in a manner that raises risks to the economic and national security of the United States; and
(iii) identify emerging risks and long-term trends in such marketplace and supply chain.

(b) REPORT TO CONGRESS.—Not later than 6 months after the completion of the study required pursuant to subsection (a), the Secretary, in coordination with the head of any other appropriate Federal agency, shall submit to the Committee on Energy and Commerce and the Committee on Science, Space, and Technology of the House of Representatives, the Committee on Commerce, Science, and Transportation of the Senate, and make publicly available on the website of the Department of Commerce, a report that contains—
(1) the results of the study conducted under subsection (a); and
(2) recommendations to—
(A) develop and implement a comprehensive plan to promote the development and adoption of unmanned delivery services in the United States;
(B) develop policies that States can adopt to encourage the development and adoption of unmanned delivery services;
(C) develop a strategic plan to advance the United States position in the world on the development and adoption of unmanned delivery services, and manufacture of technology behind unmanned delivery services;
(D) develop strategies to mitigate current and emerging risks to the marketplace and supply chain of unmanned delivery services; and
(E) develop legislation to accomplish such recommendations.

SEC. 8. STUDY TO ADVANCE INTERNET OF THINGS.

(a) STUDY.—The Secretary of Commerce shall conduct a study on the state of the Internet-connected devices industry (commonly known as the "Internet of Things") in the United States. In conducting the study, the Secretary shall—
(1) develop and conduct a survey of the Internet-connected devices industry through outreach to participating entities as appropriate, including—
(A) a list of the industry sectors that develop Internet-connected devices;
(B) a list of public-private partnerships focused on promoting the adoption and use of Internet-connected devices industry, as well as industry-based bodies, including international bodies, which have developed, or are developing, mandatory or voluntary standards for Internet-connected devices;
(C) the status of the industry-based mandatory or voluntary standards identified in subparagraph (A);
(D) a description of the ways entities or industry sectors develop, use, or promote the use of Internet-connected devices;
(E) develop a comprehensive list of Federal agencies with jurisdiction over the entities and industry sectors identified under paragraph (1);
(F) identify which Federal agency or agencies listed under paragraph (2) each entity or industry sector interacts with;
(G) identify all interagency activities that are taking place among the Federal agencies listed under paragraph (2), such as working groups or other coordinated efforts;
(H) develop a description of the jurisdiction and expertise of the Federal agencies listed under paragraph (2) with regard to such entities and industry sectors;
(I) identify all regulations, guidelines, mandatory standards, voluntary standards, and other policies implemented by the Federal agencies identified under paragraph (2), such as working groups or other coordinated efforts; and
(J) identify Federal Government resources that exist for consumers and small businesses to evaluate Internet-connected devices.

(b) REPORT TO CONGRESS.—Not later than 1 year after the date of enactment of this Act, the Secretary shall submit to the Committee on Energy and Commerce and the Committee on Science, Space, and Technology of the House of Representatives, and the Committee on Commerce, Science, and Transportation of the Senate, a report that contains—
(1) the results of the study conducted pursuant to subsection (a); and
(2) recommendations to—
(A) grow the United States economy through the secure advancement of Internet-connected devices;
(B) develop legislation that may advance the use of Internet-connected devices industry through outreach to participating entities as appropriate, including—
(i) a list of the industry sectors that develop Internet-connected devices;
(ii) a list of public-private partnerships focused on promoting the adoption and use of Internet-connected devices industry, as well as industry-based bodies; and
(iii) international bodies, which have developed, or are developing, mandatory or voluntary standards for three-dimensional printing;
(c) STUDY TO ADVANCE INTERNET OF THINGS THROUGH INNOVATION.

(a) STUDY.—The Secretary of Commerce shall conduct a study on how artificial intelligence may be used to address the online harms described in paragraph (2).
Madam Speaker, I rise today in support of H.R. 8132, the American Competitiveness Act. This legislation was introduced by the Ranking Member of the Committee on Science, Space, and Technology as this bill progresses, I will ensure our letters on H.R. 8132 are included in the bill report filed by the Committee on Energy and Commerce and entered into the Congressional Record during floor consideration of the bill. I appreciate your cooperation regarding this legislation and look forward to continuing to work together as this measure moves through the legislative process.

Sincerely,

FRANK PALLONE, Jr.,
Chairman.
light bulb to nuclear energy, the United States has led the world in innovations that have raised the standard of living and improved the lives of billions of people.

Today, the stakes for our global leadership are higher than ever. To lead in a new era of innovation, the American COMPETE Act is an important first step that incentivizes free-market ingenuity by reducing barriers for the deployment of tech-like artificial intelligence, quantum computing, and blockchain. Who would you rather lead in these emerging technologies, America or China?

One of the proposals incorporated is drawn from the Generating Artificial Intelligence Networking Security Act, or GAINS Act, which I introduced. It would direct the Department of Commerce to look at adoption barriers and spur deployment of AI here in America.

It also includes an assessment of vulnerabilities in AI supply chains and recommendations to address these. AI is also a risk, especially from China. Remember, the Chinese Communist Party is using this technology today to suppress minorities, track its own citizens, expand its surveillance state, and export authoritarian regimes.

Unlike the CCP that uses this technology for evil, we can use this technology as a force for good and save people's lives by upholding our American values for human dignity, human rights and human liberties.

We can win the future in artificial intelligence. AI technology and deep-learning algorithms can detect brain cancers earlier. Clinical trials are already underway, making breakthroughs to diagnose cancers. Of course, it has been a critical asset that has helped our top researchers and scientists speed up the development of coronavirus treatments.

All of that and more is possible if America unleashes the power of our innovators to lead.

For an American competitive agenda, this package also includes proposals authored by my colleagues. These include provisions from Dr. BURGESS to ensure that we lead in 3D printing development, Dr. BUCHON to lead on the Advancing New and Advanced Materials Act, Mr. HUDSON to boost deployment in connected manufacturing, and Mr. GRIFFITH to ensure that we lead in quantum.

Madam Speaker, I would like to thank, again, all the Members and staff who worked so hard to put this package together. I look forward to continuing to work with my colleagues on E&C on both sides of the aisle to make sure America wins the future and encourages the world to follow our leadership, too. These are not Republican or Democrat solutions; they are American.

Madam Speaker, I urge support for the American COMPETE Act, and I revere the balance of my time.

Mr. PALLONE. Madam Speaker, I yield such time as she may consume to the gentlewoman from Illinois (Ms. SCHAKOWSKY), the chairwoman of the subcommittee.

Ms. SCHAKOWSKY. Madam Speaker, I thank Chairman PALLONE and Ranking Member WALDEN for your leadership and the service of the ranking member on the Subcommittee of Consumer Protection and Commerce, Representative RODGERS, for her innovative work on the American COMPETE Act. I am so proud to support you and my colleagues, along with Representative RODGERS and, from the Democratic side, Mr. RUSH, as a cosponsor of that legislation.

Madam Speaker, I think all of us would agree with the importance, and I love the phrase about winning the future. I think this legislation does lay a kind of blueprint of the direction that we can go in and the kinds of technologies that are really at hand if we put our energy and our minds to making it happen. I thank you very much.

Madam Speaker, I also just want to take this opportunity to say a special thank you at this moment and recognize the service of the ranking member of the full committee, Mr. WALDEN.

There are so many things that you can now attribute your service to, the legislation that has passed, but I think even more than that, I just wanted to thank you for the kind of tone that you have set, both as the chairman and as the ranking member of the committee.

I think we can be so proud of the Energy and Commerce Committee. We have passed so many bills. We really are a legislative powerhouse. But we have also done it with the kind of integrity that I think shines so well on the Congress of the United States.

I just want to acknowledge what a great colleague he has been. I consider him a friend and wish him absolutely the best of luck. He will definitely be missed. I thank him so much.

Madam Speaker, I would also like to recognize Consumer Protection and Commerce Ranking Member RODGERS for the part that she has played and the partnership that I believe we have had. Of course, we have sometimes wanted to move at a different pace or had different ideas, but again, I just wanted to thank the gentlewoman for the tone that she helped set at our hearings and in our efforts to pass legislation.

Madam Speaker, I congratulate Ranking Member RODGERS on her hard work to move this bill, and I urge my colleagues to support this legislation.

Mr. PALLONE. Madam Speaker, I have no additional speakers, and I reserve the balance of my time.

Mrs. RODGERS of Washington. Madam Speaker, I yield such time as he may consume to the gentleman from Oregon (Mr. WALDEN), our leader of the Energy and Commerce Committee, the former chairman. Madam Speaker, I thank him for his leadership.

As the subcommittee chairman, JAN RODGERS, was just speaking, I was reminded and appreciated her words, and Mr. WALDEN has always led with integrity and forward thinking for our country.

Mr. WALDEN. Madam Speaker, I thank the gentlewoman for yielding.

I thank my colleagues on both sides of the aisle, and I especially thank Ms. SCHAKOWSKY, whom I have had the great privilege to serve with for many years. There is no more fierce warrior for consumers and consumer protection than the gentlewoman from Illinois. It has been a delight to serve with the gentlewoman and work with the gentlewoman from Illinois on many causes.

And while we haven't always agreed, we have always tried to be agreeable with each other. I think that, Madam Speaker, is what is often missed outside of this institution is that we come here representing different people, different approaches to that from time to time, but we generally come together and move a lot of good legislation, especially in the Energy and Commerce Committee.

I think I can brag on that committee, having been a member of it for 20 years, rose to not only chair a subcommittee, but chair the full committee. And now, I say, I am chairman in exile, in permanent exile. But it has been a great run, and I am not one of those Members who is cranky or grumpy about leaving either. It is a fine institution.

Democracy was built to be messy and loud, and some days it is a little louder and messier than any of us would like, but we do come together, as we are on this legislation and on other things. I thank the gentlewoman for her very kind comments.

I rise today in support of this legislation, H.R. 8312, the COMPETE Act. I thank Ms. SCHAKOWSKY and Mrs. RODGERS for their hard work. The gentlewomen have worked really well together on these and many other issues.

I asked committee members earlier in the year to prioritize our leadership on emerging technologies, and the importance of that was emphasized by the COVID–19 pandemic. We cannot let other countries, either China or any other adversary, advance past us on emerging technologies while our economy recovers.

I applaud the leadership on artificial intelligence and our committee's commitment to ensuring America leads the world in emerging technologies.

For America to lead, we need to be laser-focused on critical technologies that will define our future, and that is what this bill does. The American COMPETE Act will help us unleash American innovation and free-market ingenuity in artificial intelligence, quantum computing, autonomous tech, and other emerging technologies.
The American COMPETE Act also aims to help us secure our supply chains and develop national strategies to advance our private-sector industries. By the way, that means good American, high-paying jobs.

These technologies will drive information breakthroughs, save lives, spur economic growth, and will do so for generations to come. I am proud to see the Energy and Commerce Committee so focused on these issues.

Madam Speaker, I strongly urge my colleagues to vote in support of this bill.

Mrs. RODGERS of Washington. Madam Speaker, I yield 2 minutes to the gentleman from Kentucky (Mr. GUTHRIE), who is a leader on blockchain in Congress and led on the Advancing Blockchain Act and the Counterfeiting Online Harms Act.

Mr. GUTHRIE. Madam Speaker, I rise today in support of H.R. 8132, the American COMPETE Act.

This bipartisan package includes two of my bills, the Advancing Blockchain Act, which continues our important work in blockchain, and the Countering Online Harms Act, to protect Americans from misinformation and dangerous content.

Mr. GUTHRIE. Madam Speaker, I urge my colleagues to support this bipartisan package.

Mrs. RODGERS of Washington. Madam Speaker, I yield a final word of appreciation to the chairman of the committee, Mr. PETE. Madam Speaker, I urge my colleagues to support this bipartisan package.

Mr. PETE. Madam Speaker, I yield back the balance.

Mrs. RODGERS. Mr. GUTHRIE. Madam Speaker, I yield to the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 8132, as amended.

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 4764) to reauthorize the Stem Cell Therapeutic and Research Act of 2005, and for other purposes, as amended.

Mr. PALLONE. The Clerk reads the title of the bill.

The text of the bill is as follows:

H.R. 4764.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Timely Reauthorization of Necessary Stem-Cell Program Lends Access to Needed Therapies Act of 2020" or the "TRANSLANT Act of 2020.""}

SECTION 2. REAUTHORIZATION OF THE C.W. BILL YORK STEM CELL TRANSLATION PROGRAM.

(a) ADVISORY COUNCIL MEETINGS.—Subsection (a) of section 379 of the Public Health Service Act (42 U.S.C. 274k) is amended by adding at the end the following new paragraph:

"(7) The Secretary shall convene the Advisory Council at least two times each calendar year."

(b) INCREASING COLLECTION.—Effective as if included in the enactment of Public Law 114–104 (the Stem Cell Therapeutic and Research Reauthorization Act of 2015), the amendment to section 2(a)(2) of the Public Health Service Act (42 U.S.C. 274k)(d)(2)(B)) by section 2(a)(2)(2) of Public Law 114–104 is amended by inserting "goal of increasing collections of high quality" before "cord blood units.

(c) ELIMINATING DEADWOOD.—Subparagraph (2) of section 379(d)(2)(B) of the Public Health Service Act (42 U.S.C. 274k(d)(2)(B)) by section 2(a)(2)(A) of Public Law 114–104 is amended by striking the second and third sentences in such subparagraph.

(d) PERIODIC REVIEW OF STATE OF SCIENCE.—Section 379 of the Public Health Service Act (42 U.S.C. 274k) is amended by adding at the end the following new subsection:

"(o) PERIODIC REVIEW OF STATE OF SCIENCE.—"(1) REVIEW.—Not less than every two years, the Secretary, in consultation with the Director of the Institutes of Health, the Commissioner of Food and Drugs, the Administrator of the Health Resources and Services Administration, the Advisory Council, and other stakeholders, where appropriate given relevant expertise, shall conduct a review of the state of the science of using adult stem cells and birthing tissues to develop new types of therapies for patients, for the purpose of considering the potential inclusion of such new types of therapies in the Program.

"(2) RECOMMENDATIONS.—Not later than June 30, 2024, the Secretary shall—

"(A) complete the second review required by paragraph (1); and

"(B) inform the committee, Committee on Health, Education, Labor, and Pensions of the Senate and the Committee on Energy and Commerce of the House of Representatives recommendations on the appropriateness of the inclusion of new types of therapies in the Program.

(f) AUTHORIZATION OF APPROPRIATIONS.—To carry out this section, there is authorized to be appropriated $23,000,000 for each of fiscal years 2021 through 2025.

SEC. 3. CORD BLOOD INVENTORY.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The motion to reconsider was laid on the table.

Mr. PALLONE (for himself, Mr. GUTHRIE, and Representatives RUSH and PETE) and the Subcommittee Chairwoman, Mrs. SCHAKOWSKY, I am going to wait a wonderful comments have been made by Ms. SCHAKOWSKY, who is a leader on this package of bills with bipartisan support today to make sure that America continues to win the future.

Madam Speaker, I yield back the balance of my time.

Mr. PALLONE. Madam Speaker, I yield back the balance of my time.

Mr. GUTHRIE. Madam Speaker, I urge my colleagues to support this bill, and I yield back.

Mr. PALLONE. Madam Speaker, I yield back the balance of my time.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.
The Chair recognizes the gentleman from New Jersey.

Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 4764.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. PALLONE. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, the C.W. Bill Young Transplantation Program was first established through a partnership with the Navy in 1986, transferred to the National Institutes of Health for oversight in 1987, and then authorized by the Energy and Commerce Committee in 1990. The program has since been reauthorized four times, and every time it has been accomplished with strong bipartisan support.

I believe that bipartisan support will continue today with H.R. 4764, the TRANSPLANT Act of 2019, which will reauthorize the C.W. Bill Young Transplantation Program for the fifth time.

Year after year, this program provides lifesaving bone marrow and umbilical cord blood transplants to help patients suffering from over 70 diseases. The program assists transplant patients in providing additional information about bone marrow and cord blood transplants, maintaining an efficient process for identifying donor matches, increasing the number of unrelated donors available for transplant, and collecting data and expanding research to improve patient outcomes.

I thank my committee colleagues, Representatives MATSUI and BILIRAKIS, for their leadership on this bill.

Madam Speaker, I urge my colleagues to support the TRANSPLANT Act. This bill is about providing hope to those who are struggling with life-threatening illnesses.

The TRANSPLANT Act reauthorizes the C.W. Bill Young Cell Transplantation Program in addition to the National Cord Blood Registry. I know that this was a priority for Congressman YOUNG, and it was an honor to serve with him and help him pass this bill initially.

This Federal program provides critical support in the advancement of research for better treatments and the infrastructure necessary to organize registries which help ensure transplant patients have access to lifesaving procedures. Simply put, its continued reauthorization will provide patients with diseases like blood disorders, blood cancer, sickle cell anemia, and inherited metabolic or immune system disorders.

I sincerely appreciate the work of my friend and colleague and fellow Blood Cancers Caucus co-chair, Congresswoman MATSUI, in addition to the legacy of bipartisan leadership and support of these programs by Members like Congressman CHRIS SMITH and, of course, our good chairman and ranking member.

Additionally, I appreciate the critical daily work of the National Marrow Donor Program, operating the Be the Match national registry, connecting patients in search of a cure with lifesaving bone marrow donors, even in the midst of this historic pandemic.

I also wish to take a moment to recognize the great work of Dr. Joanne Kurtzberg, the president of the Cord Blood Association. She also serves in multiple roles at Duke University, including director of the Carolinas Cord Blood Bank.

Dr. Kurtzberg has dedicated her professional career to cord blood research, banking, and transplantation, and is an internationally recognized umbilical cord blood transplanter. She advised Congress on the creation of the public cord blood banking program, which was part of the Stem Cell Therapeutic and Research Act of 2005, and I believe that was led by Representative CINNIS SMITH. Dr. Kurtzberg continues to be a trusted adviser to Congress on this important program.

I urge my colleagues to join us in expediting the passage of this lifesaving bipartisan bill, and it is a very crucial bill for a lot of people, Madam Speaker.

Mr. WAGNER. Madam Speaker, I encourage my colleagues to support this legislation, and I yield back the balance of my time.

Mr. PALLONE. Madam Speaker, I also ask for bipartisan support for this legislation. I mention today to seek a recorded vote.

Mr. WAGNER. Madam Speaker, I yield back the balance of my time.

Mr. SMITH of New Jersey. Madam Speaker, Margaret Hahn—my mother-in-law—passed away on Friday and a Mass of Christian burial will be held today at St. Mary Church in South Amboy, New Jersey. She was 96 and was deeply loved and will be deeply missed.

Margaret—Peg—was a great woman—wife, mother, grandmother, and great-grandmother. She selflessly devoted her life to public service, including her amazing work as Sayreville Borough Clerk for twenty years. She had an incredible reputation for getting things done for the people. No matter who served as mayor or on Council, everyone knew she was the power.

My wife Marie and I will join family and friends today at her funeral and interment making it impossible for me to speak today during the debate on the reauthorization of a law I originally authored fifteen years ago—the Stem Cell Therapeutic and Research Act of 2005—and the Stem Cell Therapeutic and Research Act of 2015.

So, I submit these comments for the RECORD.

Mr. PALLONE. Madam Speaker, today the House of Representatives will vote to reauthorize the Stem Cell Therapeutic and Research Act.

This was an original idea of mine 20 years ago. Joined by 70 cosponsors, I introduced it in 2001 and again in 2003.

After five long years of hard work and numerous setbacks, my bill was finally enacted into law in 2005.

Beginning in 2001, Dr. Joanne Kurtzberg, who is President of the Cord Blood Association, helped develop the draft. Dr. Kurtzberg has said, "Cord blood transplantation is now an established field with enormous potential. In the future, it may emerge
as a source of cells for cellular therapies focused on tissue repair and regeneration.

The new law created a nationwide umbilical cord blood stem cell program, designed to collect, derive, type, and freeze cord blood units for transplantation into patients to mitigate and even cure disease. Pursuant to the law, it also provided stem cells for research. The new cord blood program was combined in our 2005 law with an expanded bone marrow initiative, which was crafted over several years by our distinguished colleague, Congressman Bill Young.

I yield the prime sponsor again when it was reauthorized in 2015.

Umbilical cord blood stem cells, obtained after the birth of a child, have proved highly efficacious in treating 70 diseases, including sickle-cell disease, lymphoma, and leukemia. And scientists are continuing to study and better understand the regenerative effects of cord blood cell therapies for other diseases and conditions. Bone marrow donations provide lifesaving transplants to treat diseases like blood cancer, sickle cell anemia, or inherited metabolic or immune system disorders.

The National Cord Blood Inventory (NCBI) provides funding to public cord blood banks participating in the program to allow them to expand the national inventory of cord blood units available for transplant. These units are then matched from New Jersey by the “Be the Match” Program. The funds appropriated thus far have led to an important increase in the overall number of high-quality cord blood units available through the national registry, including 150,000 NCBI units. Within the Be the Match registry, there are more than 785,000 NCBI units worldwide.

The Program registry allows patients and physicians to locate matching cord blood units, as well as adult donors for marrow and peripheral blood stem cells, when a family donor is not available. The Program is the world’s largest, most diverse donor registry, with more than 22 million volunteers and more than 300,000 public cord blood units. To date, the National Marrow Donor Program/Be the Match (NMDP), through its operation of the Program, has facilitated more than 100,000 transplants. More than 45,000 patients have received cord blood transplants, according to Dr. Joanne Kurtzberg.

The reauthorization before us authorizes $23 million to be appropriated for fiscal year 2021 through fiscal year 2025. It also authorizes $30 million to be appropriated for fiscal years 2021 through 2025 for the bone marrow transplant program. This continues funding at the same levels authorized in the 2015 authorization bill.

Madam Speaker, each year nearly 4 million babies are born in America. In the past, virtually every placenta and umbilical cord was tossed as medical waste. Today, doctors have turned this medical waste into medical miracles.

Not only has God in His wisdom and goodness created a placenta and umbilical cord to nurture and protect the precious life of an unborn child, but now we know that another gift awaits us immediately after birth. Something very special is left behind—cord blood that is teeming with lifesaving stem cells. Indeed, it remains one of the best kept secrets in America that umbilical cord blood stem cells and adult stem cells in general are curing people of a myriad of terrible conditions and diseases—over 70 diseases in adults as well as in children.

The legislation that is before us will enable even more patients to receive the treatments that they so desperately need.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 4764, as amended.

The question was taken.

The SPEAKER pro tempore. Pursuant to section 3 of House Resolution 965, the yeas and nays are ordered.

Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.

UNITED STATES ANTI-DOPING AGENCY REAUTHORIZATION ACT OF 2020

Mr. PALLONE. Madam Speaker, I may suspend the rules and pass the bill (H.R. 5373) to reauthorize the United States Anti-Doping Agency, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 5373

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “United States Anti-Doping Agency Reauthorization Act of 2020.”

SEC. 2. PROMOTION OF YOUTH SPORTS.

Section 701(b) of the Office of National Drug Control Policy Reauthorization Act of 2006 (21 U.S.C. 2001b) is amended—

(1) in paragraph (4), by striking the period at the end and inserting “; and “;

(2) by adding at the end the following:

“(5) promote a positive youth sport experience by using a portion of its funding to provide educational materials on sportsmanship, character building, and healthy performance for athletes, parents, and coaches participating in youth sports.”;

SEC. 3. AUTHORIZATION OF APPROPRIATIONS.

Section 703 of the Office of National Drug Control Policy Reauthorization Act of 2006 (21 U.S.C. 2003) is amended to read as follows:

“SEC. 703. AUTHORIZATION OF APPROPRIATIONS.

“(1) for fiscal year 2021, $23,900,000;

“(2) for fiscal year 2022, $22,900,000;

“(3) for fiscal year 2023, $19,900,000;

“(4) for fiscal year 2024, $17,900,000;

“(5) for fiscal year 2025, $16,900,000;

“(6) for fiscal year 2026, $16,200,000;

“(7) for fiscal year 2027, $15,900,000;

“(8) for fiscal year 2028, $15,900,000;

“(9) for fiscal year 2029, $15,900,000; and

“(10) for fiscal year 2030, $15,900,000.”;

SEC. 4. COORDINATION AND SHARING OF INFORMATION WITH USAODA.

(a) INFORMATION SHARING.—Except as otherwise prohibited by law and except in cases in which the information in question would be affected, in furtherance of the obligation of the United States under Article 7 of the Convention, the Attorney General, the Secretary of Homeland Security, and the Commissioner of Food and Drugs shall coordinate with the United States Anti-Doping Agency with regard to—

(i) any effort to prevent the use of performance-enhancing drugs or prohibit performance-enhancing methods by sharing with the United States Anti-Doping Agency all information which may be relevant to preventing the use of such performance-enhancing drugs or prohibiting such performance-enhancing methods.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 5373.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. PALLONE. Madam Speaker, I yield myself such time as I may consume.

I rise today in support of H.R. 5373, the United States Anti-Doping Agency Reauthorization Act of 2020.

For two decades, Madam Speaker, the United States Anti-Doping Agency, or USADA, has worked to ensure integrity in our American Olympic and Paralympic sporting activities.

In the 1990s, countries around the world viewed American athletes as dirty and only winning because they were doping.

In an effort to bring credibility back to the United States, an Olympic committee task force recommended that an independent organization be created to conduct a comprehensive antidoping program. In 2000, Congress acted on this recommendation and gave USADA the authority to manage this comprehensive antidoping program.

Since then, USADA has performed hundreds of thousands of tests and contributed to the advancement of clean sports through scientific research, antidoping education, and outreach programs.

In order to enable USADA to continue this work, H.R. 5373 would extend and increase the authorization level and empower the organization to encourage a positive sporting environment for youth by way of promoting educational materials on sportsmanship, character building, and healthy performance.

By advancing this bill, we will send a strong message to young athletes about the importance of integrity, respect, and responsibility in sports.

The bill also improves antidoping efforts in the U.S. by encouraging Federal agencies to coordinate and share
information with the USADA to prevent the use of performance-enhancing drugs and methods.

Taken together, these actions will make positive improvements to the good work USADA is already doing. And passing H.R. 5373, an additional importance as USADA gears up for the 2028 Summer Olympic and Paralympic Games in Los Angeles.

Before I conclude, Madam Speaker, I thank my colleagues, Representatives MIKE THOMPSON, B ILL JOHNSON, and DIANA DeGETTE, for leading this important legislation. I also thank our Ranking Member WALDEN and all the members and staff of our committees for their efforts to move this legislation forward in a bipartisan manner.

So, Madam Speaker, I urge my colleagues to support this bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

I rise today to speak in support of H.R. 5373, as did the chairman, the United States Anti-Doping Agency Reauthorization Act, sponsored by Representatives MIKE THOMPSON, BILL JOHNSON, and DIANA DeGETTE.

The bill reauthorizes the U.S. Anti-Doping Agency, which is the national entity charged with administering antidoping programs for the United States for Olympic, Paralympic, Pan American, and Parapan American sports.

The U.S. Anti-Doping Agency handles in-competition and out-of-competition testing, results management processes, drug reference resources, and athlete education for all of our United States Olympic and Paralympic Committee-recognized sports’ national governing bodies, their athletes, and their events. USADA is also the administrator for the Ultimate Fighting Championship Anti-Doping Program.

Reauthorizing USADA furthers the advancement of clean sports, fair games, and positive sportsmanship, so I urge support of the legislation.

I don’t believe I have any speakers on my side of the aisle, Madam Speaker, so I yield back the balance of my time.

Mr. PALLONE. Madam Speaker, I urge my colleagues for support of the bill, H.R. 4078, to reauthorize the Young Women’s Breast Health Education and Awareness Requires Learning Young Act of 2009, as amended. The Clerk read the title of the bill. The text of the bill is as follows:

BE IT ENACTED BY THE SENATE AND HOUSE OF REPRESENTATIVES OF THE UNITED STATES OF AMERICA IN CONGRESS ASSEMBLED,

SECTION 1. SHORT TITLE.
This Act may be cited as the “EARLY Act Reauthorization of 2020”.

SEC. 2. REAUTHORIZATION OF THE YOUNG WOMEN’S BREAST HEALTH EDUCATION AND AWARENESS REQUIRES LEARNING YOUNG ACT OF 2009.

Section 399NN(h) of the Public Health Service Act (42 U.S.C. 280m(h)) is amended by striking “$4,900,000 for each of fiscal years 2015 through 2019” and inserting “$9,000,000 for each of fiscal years 2021 through 2025”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their marks and include extraneous material on H.R. 4078.
Madam Speaker, to Congresswoman BROOKS, I thank her for her service. The committee will miss her, but she knows that it is the hallmark of an important chapter in American history.

Madam Speaker, I reserve the balance of my time.

Mr. FALLONE. Madam Speaker, I yield such time as she may consume to the gentlewoman from Florida (Ms. WASSERMAN SCHULTZ), the sponsor of the legislation.

Ms. WASSERMAN SCHULTZ. Madam Speaker, I thank the gentleman for yielding.

I rise today to support my bill, the Breast Cancer Education and Awareness Requires Learning Young Act Reauthorization, or the EARLY Act.

I do want to start by thanking Chairman PALLONE and Ranking Member WALDEN, as well as my Republican co-lead, Congresswoman SUSAN BROOKS. I deeply appreciate their advocacy and assistance shepherding this bill through the Energy and Commerce Committee. I also thank Senators KLOBUCHAR and CRAPo for sponsoring the Senate version of this important bipartisan reauthorization bill.

The EARLY Act, which I first introduced in 2009, became law in 2010 as part of the Affordable Care Act.

The inspiration for this bill was born from my own battle against breast cancer at the age of 41. That was 13 years ago. It is hard to believe. I was a young woman at high risk, but I was unaware. I was the one to find it. I was aware enough to know the right questions to ask and to understand the steps that were necessary in my treatment.

But many young women, Madam Speaker, are not aware that they possess genetic or other factors that expose them to higher risk of getting breast cancer. And when it strikes them, they and even their doctors are often unprepared to deal with this terrible diagnosis.

Knowledge is power, and it can also be lifesaving.

The earlier that breast cancer cases are identified, the better the chances are of survival. That is exactly why, after surviving 15 months of surgeries and treatment, I introduced the EARLY Act—ordered to fill this major gap in our healthcare system.

We could not then and cannot now afford to be silent about these specific risks and how they impact certain communities, not when so many lives are at stake.

Breast cancer is a disease that knows no boundaries. It strikes women from all backgrounds, races and ethnicities, the rich and the poor, the old and the young. About one in eight women, as the ranking member and the chairman have said, will get breast cancer in their lifetime.

About 11 percent of all new cases of breast cancer in the United States are found in women younger than 45 years of age.

Breast cancer is the leading cause of cancer deaths in women under 40 and breast cancer in younger women tends to be more aggressive.

Each year, approximately 70,000 women age 15 to 39 are diagnosed with cancer in the United States. Breast cancer is the most common cancer for women in this age group.

Nearly 80 percent of young women diagnosed with breast cancer find their breast abnormality themselves.

Additionally, certain ethnic groups, including Ashkenazi Jews—my ethnic origin—and African-American young women have an increased risk of breast cancer. They are exposed to a greater risk because systemic racism has limited their access to preventive care.

I am proud that the bill before us today not only reauthorizes the program but also increases the authorized funding level for breast cancer education and awareness programs.

The bill allows the Centers for Disease Control and Prevention to continue administering its crucial education and outreach campaign that highlights breast cancer risks facing young women, including campaigns specifically for African-American and Jewish women.

The EARLY Act is designed to help educate healthcare providers on the specific threats and warning signs of breast cancer in younger women. This education can often lead to early detection, diagnosis, and survival.

The bill also aids organizations that support young women diagnosed with breast cancer and, further, helps them overcome the unique challenges that we face, including dealing with the social and psychological stress that comes with a cancer diagnosis for far longer in our lifetimes.

The EARLY Act has already benefitted women. Mortality rates from breast cancer have dropped in the past 10 years, in large part due to early detection.

After 10 years of successful implementation, it is now time to again reauthorize the EARLY Act and increase funding to ensure we can reach more young women and healthcare providers across the country.

At a time when people with pre-existing conditions across the country are at greater risk, prevention and awareness can be the difference between life and death.

Not knowing can kill you.

Not being aware of the importance of paying attention to your breast health can be life ending and life altering.

As a public servant and a cancer survivor, it has become my life’s mission to help women, especially younger women and women at higher risk, like I was without knowing it, to better advocate on behalf of themselves and their breast health.

Madam Speaker, I thank and encourage my colleagues to support this urgent and lifesaving legislation.

Mr. PALLONE. Madam Speaker, I have no additional speakers. I yield back the balance of my time.

Mr. WALDEN. Madam Speaker, I would just conclude by thanking the gentlewoman from Florida for sharing her story. I know it has been a rugged journey that she has endured on, but this legislation will save lives. It is so important that we do this work today.

I had a dear friend who was diagnosed at an early age, and they had it pretty much under control. Then, after the birth of their second child, it came back with a vengeance and claimed her young life.

This is a vicious, vicious attack on the body. I know we have all joined together to invest in research, and some- day, we hope we will overcome this and save all lives.

But in the meantime, reauthorizing this important body of work that the gentlewoman has led on is critical. So, I would encourage our colleagues to join us in passing this legislation.

I yield back the balance of my time.

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 4996) to amend title XIX of the Social Security Act to provide for a State option under the Medicaid program to provide for and extend continuous coverage for certain individuals, and for other purposes, as amended.

The question was asked; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

HELPING MEDICAID OFFER MATERNITY SERVICES ACT OF 2020

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 4996) to amend title XIX of the Social Security Act to provide for a State option under the Medicaid program to provide for and extend continuous coverage for certain individuals, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 4996

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Helping Medicaid Offer Maternity Services Act of 2020” or the “Helping MOMS Act of 2020”.

SEC. 2. MODIFICATIONS TO CERTAIN COVERAGE UNDER MEDICAID FOR PREGNANT AND POSTPARTUM WOMEN.

(a) State Option.—Section 1902(e) of the Social Security Act (42 U.S.C. 1396a(e)) is amended by adding at the end the following new paragraph:
to provide better care and achieve better mater-
mal and infant health outcomes, including
strategies that States may use to recruit,
train, and certify a diverse doula workforce,
leadership from underserved communities,
communities of color, and communities fac-
ing linguistic or cultural barriers.

(4) Recommendations for legislative and
administrative actions to increase access to
doula services in State Medicaid programs,
including actions that ensure doulas may
earn a living wage that accounts for their
time and costs associated with providing care.

(b) STAKEHOLDER CONSULTATION.—In devel-
oping the report required under subsection (a), MACPAC shall consult with relevant stakeholders, including—

(1) States;
(2) organizations representing consumers,
including those that are disproportionately
affected by poor maternal health outcomes;
(3) organizations and individuals repre-
senting doula services providers, including
community-based doula programs and those
who serve underserved communities, includ-
ing communities of color, and communities fac-
ing linguistic or cultural barriers; and
(4) organizations representing health care
providers.

SEC. 4. GAO REPORT.

(a) IN GENERAL.—Not later than 2 years after the date of enactment of this Act, and every five years thereafter, the Comptroller General of the United States shall submit to Congress a report on the State child health plan (or waiver of medical assistance under the plan) pursuant to section 2107(e)(1), the State child health plan (or waiver of medical assistance under the plan) pursuant to section 2107(e)(16) applies to the State, including the type of doula services offered (such as prenatal, labor and delivery, postpartum, and also community-based and traditional doula services).

(b) APPLICATION TO CHIP.—

(1) IN GENERAL.—Section 2107(e)(1) of the Social Security Act (42 U.S.C. 1397gg(e)(1)) is amended—

(A) by redesignating subparagraphs (A) through (E) of paragraph (1) as subparagraphs (A) through (E), respectively; and

(B) by inserting after subparagraph (A) the following new subparagraph:

"(F) In the case of a State that has elected to apply the options under section 1902(e)(16) with respect to coverage for pregnant and postpartum women under title XIX, the provisions of such section with respect to coverage of pregnant and postpartum women under this title, except that such coverage shall be required and not at the option of the State.",

(2) OPTIONAL COVERAGE OF TARGETED LOW-INCOME PREGNANT WOMEN.—Section 1902(e)(1) of the Social Security Act (42 U.S.C. 1397gg(e)(1)) is amended—

(A) in subparagraph (A), by striking "365 days" and inserting "60-day period"; and

(B) by inserting after subparagraph (A) the following new subparagraph:

"(B) for pregnant and postpartum women under title XIX who, while pregnant, are eligible for medical assistance under the State plan (or waiver) and has received medical assistance under the State plan approved under this title (or waiver of such plan) (including during a period of eligibility under such plan) (or waiver) through the last day of the month in which the 60-day period (beginning on the last day of the month in which the 60-day period ends) ends, remain eligi-
tile under the State plan (or waiver) for medical assistance and such medical assistance shall include all services covered under the State plan (or waiver) that is not less in amount, duration, or scope, or is determined by the Secretary to be substantially equiv-

alent, to the medical assistance available for an individual described in subsection (a)(10)(A)(1) for the period beginning on the first day occurring after the end of such 60-
day period and ending on the last day of the month in which the 60-day period ends (begin-
ning on the last day of her pregnancy) ends.",

(b) STIPULATION.—In developing the report required under subsection (a), MACPAC shall consult with relevant stakeholders, including—

(1) States;
(2) organizations representing consumers, including those that are disproportionately
affected by poor maternal health outcomes;
(3) organizations and individuals repre-
senting doula services providers, including
community-based doula programs and those
who serve underserved communities, includ-
ing communities of color, and communities fac-
ing linguistic or cultural barriers; and
(4) organizations representing health care
providers.

SEC. 8. DETERMINATION OF BUDGETARY EF-
FACTS.

The budgetary effects of this Act, for the purpose of complying with the Statutory Pay-As-You-Go Act of 2010, shall be deter-
mined by reference to the latest statement titled “Budgetary Effects of PAYGO Legislation” for this Act, submitted for printing in the Congressional Record by the Chairman of the House Budget Committee, provided that such statement has been submitted prior to the vote on passage.

The SPEAKER pro tempore. Pursuant
to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gen-
tleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from

Mr. PALLONE. Madam Speaker, I ask
unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 4996.

Madam Speaker, I rise today in support of H.R. 4996. This is the Helping Medicaid Offer Maternity Services Act, or MOMS, Act of 2019. It was introduced by Representative KELLY from Illinois and Dr. BURGESS from Texas.
The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 4996, as amended.

The question was taken; and (two-thirds voting in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

**SOUTH ASIAN HEART HEALTH AWARENESS AND RESEARCH ACT OF 2020**

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 3131) to amend the Public Health Service Act to provide for research and improvement of cardiovascular health among the South Asian population of the United States, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 3131

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

**SECTION 1. SHORT TITLE.**

This Act may be cited as the “South Asian Heart Health Awareness and Research Act of 2020.”

**SECTION 2. HEART HEALTH PROMOTION GRANTS.**

Title III of the Public Health Service Act (42 U.S.C. 241 et seq.) is amended by inserting after section 317U (42 U.S.C. 247b-23) the following new section:

**SEC. 300K. HEART HEALTH RESEARCH.**

(a) In general.—The Secretary may—

(1) conduct or support research and related activities to prevent or treat cardiovascular disease, type 2 diabetes, and other heart health-related ailments among at-risk populations, including South Asian communities in the United States; and

(2) establish an Internet clearinghouse to catalog existing evidence-based heart health research and treatment options for communities disproportionately affected by heart disease, such as South Asian communities in the United States, to prevent, treat, or reverse heart disease and diabetes.

(b) Authorization of Appropriations.—For purposes of carrying out this section, there is authorized to be appropriated $1,000,000 for each of fiscal years 2021 through 2025.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 3131.

The SPEAKER pro tempore. The SPEAKER pro tempore. The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

Mr. PALLONE. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, heart disease is the leading cause of death in the United States, and tragically, the risk of heart disease death differs dramatically by race and ethnicity.

Overall, racial and ethnic minorities have an elevated risk of morbidity and mortality due to heart disease. Racial and ethnic minorities confront more barriers to heart health care than White Americans, including higher comorbidity rates, less culturally competent care, and fewer proactive heart health interventions.

This bill, the South Asian Heart Health Awareness and Research Act of 2020, directs the Department of Health and Human Services to build on current heart disease programs to improve healthcare awareness, education, training and research for groups disproportionately affected by heart disease.

In November 2019, the American Heart Association and other medical groups issued updated cholesterol guidelines that, for the first time, urged doctors to consider ethnicity when determining a patient’s cardiovascular risk and treatment options.

This bill builds upon the work of determined medical partners like the American Heart Association to provide more resources for States that wish to expand their heart health programs.

This bill would not be on the floor today without the determined effort of Congresswoman JAYAPAL, and I commend her for her leadership on this. I urge my colleagues to support H.R. 3131.

Madam Speaker, I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise today to talk about H.R. 3131, the South Asian Heart Health Awareness and Research Act of 2020 sponsored by my friend and colleague from the Northwest, Representative JAYAPAL. This bill authorizes initiatives that will help improve our understanding of cardiovascular disease in South Asians living in the United States, a laudable goal.

The intent of this bill is laudable, as South Asians are a population disproportionately impacted by diabetes and heart disease. In fact, according to the American College of Cardiology, South Asians represent approximately 20 percent of the U.S. population, yet they account for 60 percent of the world’s heart disease patients.

While I support initiatives to improve health in ethnic and minority communities, I do have some concerns with the bill itself.

In providing technical feedback on the legislation, the Centers for Disease Control and Prevention, CDC, expressed concerns that the grants authorized under the legislation would be duplicative of their current efforts to address cardiovascular disease in disproportionately impacted communities. These efforts include the CDC’s Division of Nutrition, Physical Activity and Obesity, in addition to the heart health promotion grants to States and the WISEWOMAN Program, which stands for Well-Integrated Screening and Evaluation for WOMEn Across the Nation.

In addition, the CDC expressed concerns that it would not be able to provide the data that the bill is mandating the agency report on.

Broadly, the agency does have data on minority and disproportionately impacted groups with regard to cardiovascular disease; that is true. However, these data are not yet complete and meaningful report that would be useful for Congress in making future policy decisions. While unfortunate, it is because CDC does not yet have the data collection technology nor the capabilities to obtain that kind of granular data.

Therefore, before mandating such a report, Congress should instead pass H.R. 5321, the Public Health Infrastructure Modernization Act, led by Representatives CARTER and MCBAH, bipartisan legislation which would modernize CDC’s data infrastructure and...
improve the collection of more granular information on communities disproportionately impacted by cardiovascular disease, such as South Asian communities. It would be nice if we had that bill moving through, because that, I think, would provide the ability for CDC to get that data that this bill before us today requires.

So I appreciate the gentlewoman from Washington for bringing needed attention to this issue, I would like to thank the majority for working with us to get this bill to a better place. While we agree with the administration's concerns, we also think the bill is a good first step in raising awareness about this important public health issue.

Madam Speaker, I reserve the balance of my time.

Mr. PALLONE. Madam Speaker, I yield such time as she may consume to the gentlewoman from Washington (Ms. JAYAPAL), who is the sponsor of the bill.

Ms. JAYAPAL. Madam Speaker, I thank the chairman for his leadership and the ranking member for his excellent comments.

I understand the concerns, and I would just say that, as the first South Asian-American woman ever elected to the U.S. House of Representatives, I am so proud to see this important bill come to the floor, and I want to thank my colleague, Representative Joe Wilson, for his help and support of this important bipartisan bill.

South Asians are the second fastest growing minority group in the United States, and yet this group is facing times more at risk of developing heart disease than the general population and has the highest prevalence of type 2 diabetes.

The research and understanding of why we are so prone to heart disease is limited, while the devastating impact on our families is only increasing. In fact, the story of this bill, as much legislation in this chamber, is the story of my time, Madam Speaker.

The bill has been endorsed by an incredible number of medical organizations, including the American College of Cardiology, the American Heart Association, WomenHeart, the South Asian Public Health Association, and many, many more.

COVID-19 has taught us the value of preventing underlying health conditions and addressing health inequities affecting communities of color. The South Asian Heart Health bill is a significant step in raising the alarm, reversing the trend of heart disease in our communities, and saying to South Asian-American communities across the country, here in Congress, and we are ready to help.

Mr. WALDEN. Madam Speaker, I have no additional speakers on my side of the aisle, and I yield back the balance of my time, Madam Speaker.

Mr. LEVIN of Michigan. Madam Speaker, I rise in strong support of this bill, and I yield back the balance of my time, Madam Speaker.

Mr. WALDEN. I urge support of this bill, and I yield back the balance of my time, Madam Speaker.

Mr. LEVIN of Michigan. Madam Speaker, I urge support of this bill, and I yield back the balance of my time, Madam Speaker.

This bipartisan measure will raise awareness in the South Asian community about alarming increases in heart disease and invest in ways to reverse this trend.

South Asians in the United States are those who are naturalized or whose families immigrated from countries including India, Pakistan, Bangladesh, Sri Lanka, and Nepal. South Asians represent the sixth largest and fastest-growing ethnic group in our nation.

Despite a diet high in lentils, vegetables, grains and spices, heart disease is on the rise in these communities. A Stanford study found that South Asians' risk of having a heart attack before 50 is four times greater than the general population's.

South Asians also have the highest prevalence of Type 2 diabetes. As diabetes is one of the most serious drivers of heart disease, stats underscore the urgent need for action.

The tools and research this bill promotes will give us the insight needed to save lives not just in the South Asian community, but the greater public, too.

I thank Congresswoman JAYAPAL for her vision in developing this bill and urge my colleagues to support it.

Mr. SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 3131, as amended.

The question was taken; and (two-thirds being in the affirmative) the motion to suspend the rules and pass the bill, H.R. 3131, as amended, was agreed to.

The motion to reconsider was laid on the table.

SCHOOL-BASED ALLERGIES AND ASTHMA MANAGEMENT PROGRAMS

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 2468) to amend the Public Health Service Act to increase the preference given, in awarding certain allergies and asthma-related grants, to States that require certain public school-related allergies and asthma management programs, and for other purposes, as amended.

The Clerk read the title of the bill.

The bill is as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “School-Based Allergies and Asthma Management Program Act”.

SEC. 2. ADDITIONAL PREFERENCE TO CERTAIN STATES THAT REQUIRE CERTAIN PUBLIC SCHOOLS TO HAVE ALLERGIES AND ASTHMA MANAGEMENT PROGRAMS.

Section 399(l)(d) of the Public Health Service Act (42 U.S.C. 280g(d)) is amended—

(1) in paragraph (1)(F)—

(A) by redesignating clauses (i), (ii), and (iii) as subclauses (I), (II), and (III), respectively, and moving each of such subclauses (as so redesignated) 2 ems to the right;

(B) by striking “—” in determining,” and inserting “—” in determining,” and inserting “in the State satisfy the criteria described in clause (ii) or clause (iii),”;

and

(2) in subsection (b) (I)—

(C) by striking “—” in determining,” and inserting “—” in determining,” and inserting “in the State satisfy the criteria described in clause (ii) or clause (iii),”;

and

(D) by adding at the end the following new clause—

“(II) has in place, under the direction of a school nurse or other individual designated under subclause (I), a comprehensive school-based allergies and asthma management program that includes—

“(aa) a method to identify all students of such school with a diagnosis of allergies and asthma;

“(bb) an individual student allergies and asthma action plan for each student of such school with a diagnosis of allergies and asthma;

“(cc) allergies and asthma education for school staff who are directly responsible for students who have been identified as having allergies or asthma, such as staff teaching basics, management, trigger management, and comprehensive emergency responses with respect to allergies and asthma;

“(dd) efforts to reduce the presence of environmental triggers of allergies and asthma; and

“(ee) a system to support students with a diagnosis of allergies or asthma through coordination with family members of such students, primary care providers of such students, primary asthma or allergy care providers of such students, and others as necessary.”;

and

(3) in paragraph (2)—

(A) in the matter preceding clause (i), by inserting “,” such as the school nurse” after “individual”;

(B) in clause (i), by inserting “school nurse or” before “principal”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

Mr. PALLONE. Madam Speaker. I ask unanimous consent that all Members may have 5 legislative days in
which to revise and extend their remarks and include extraneous material on H.R. 2468.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey? There was no objection.

Mr. PALLONE. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, more than 8 percent of children in the U.S. under the age of 18 live with asthma. For these children and children with respiratory issues caused by asthma, access to appropriate treatment and trained personnel can mean the difference between life and death in emergency situations.

In 2004, Congress authorized children’s asthma treatment grants to expand access to medical care for children who live in areas with a prevalence of asthma. Today, CDC provides financial assistance to health departments in 24 States and Puerto Rico to ensure that guidelines-based medical management and pharmacotherapy for those with asthma are both available and accessible. The CDC also offers funding to State programs and national organizations promoting asthma quality measures and informing policymakers about the burden of asthma.

H.R. 2468, the School-Based Allergies and Asthma Management Program Act, takes the most recent data and builds on this program to make it work best for kids and schools today. To achieve this, preference will be given for certain grants to States that require schools to have, and schools have.

Madam Speaker, I yield such time as he may consume to the gentleman from Maryland (Mr. HOYER), who is our majority leader.

Mr. HOYER. Madam Speaker, I thank my friend, the chairman of the Energy and Commerce Committee, and Mr. WALDEN, the ranking member of the Energy and Commerce Committee, for bringing this bill to the floor.

But, more to thank my friend, Dr. PHIL ROE from Tennessee. He is a medical doctor. He and I, as Mr. WALDEN pointed out, for many, many years have been focused on making sure that those children with asthma have, and we have, and schools have.

Madam Speaker, I rise today in support of H.R. 2468, the School-Based Allergies and Asthma Management Program Act, introduced by Representatives ROE and HOYER.

This important legislation would direct the Secretary of Health and Human Services to make grants to provide additional grants, to give preference to States that require schools to implement policies that improve the care of children with allergies and asthma. These policies include having plans in place for managing students with allergies and asthma, and having at least one person trained to administer rescue medication on the premises during operating hours.

By incentivizing States to have comprehensive school-based asthma and allergy management programs in place, this bill will help ensure that school nurses, staff, and administrators are prepared to help students with allergies and asthma excel at school in a safe environment.

I want to thank Dr. ROE and Leader HOYER, who have championed the cause of ensuring children at school have access to needed medicines for many, many years.

I also want to thank Dr. ROE for his years of service to this institution. Like some of the rest of us, he, too, will be retiring at the end of this year. As a veteran, as a doctor, and as a leader—and, by the way, as a great musician, not that he will be able to perform that here on the House floor—he has done so much for veterans, for improving healthcare, and for the people in his district he represents. He has left his mark, and he doesn’t have to worry about whether he made a difference, because he has.

So, Madam Speaker, I urge my colleagues to support this legislation, and I reserve the balance of my time.

Mr. PALLONE. Madam Speaker, I yield such time as he may consume to the gentleman from Maryland (Mr. HOYER), who is our majority leader.

Mr. HOYER. Madam Speaker, I thank my friend, the chairman of the Energy and Commerce Committee, and Mr. WALDEN, the ranking member of the Energy and Commerce Committee, for bringing this bill to the floor.

But, more to thank my friend, Dr. PHIL ROE from Tennessee. He is a medical doctor. He and I, as Mr. WALDEN pointed out, for many, many years have been focused on making sure that those children with asthma have, and we have, and schools have.

I am hopeful that this bill will go to the Senate, and when we come back in the lameduck, hopefully, we will pass this and we will have another bipartisan bill that will help children and the school systems of America.

I am proud to be joined by Dr. ROE. It is emblematic of when you have a problem that is needed to be solved, Madam Speaker; it is not a partisan problem. These are not partisan issues. These are issues that we have, families have, and schools have.

We stood together on this floor 7 years ago when the House passed our School Access to Emergency Epinephrine Act. President Obama signed that bipartisan bill into law in November of 2013. It encouraged States to adopt policies that require schools to stock emergency epinephrine and train staff how to use it in case a student experiences a severe allergy or asthma attack. Those attacks can result in death.

This is not just an inconvenience; this is just not an illness; it is a mortal challenge, and I am proud that we got that bill done together and we do again, today, the same.

This new bipartisan legislation would build on that earlier success, as the ranking member and chairman of have been joined, by providing additional incentives for States to ensure that American schools create asthma management plans for students who need them.

Using this is not a difficult task. I might say, and it is not an expensive task, but it has a lifesaving result.

I know all too well how terrifying severe childhood asthma can be. I was diagnosed with asthma at age 7 when I went to the hospital in Mexia, Texas. My father was stationed at a POW camp in Mexia, Texas, not too far from Galveston. So I know the consequences of asthma.

In addition to that, my granddaughter has experienced severe food allergies, a peanut allergy which is so much more evident today than it was, for whatever reason, and is life-threatening. I have been with my granddaughter twice in the emergency room. Luckily, she got there in time so that her life was not in danger, but had she not gotten there in a timely fashion, it would have been.

Like many families, we constantly have to be vigilant and always keep asthma inhalers present. My granddaughter always keeps an EpiPen with her. She is 18 years of age, and she does not go anywhere without a friend.

Very frankly, my daughter, her mother, every school that she went to, counseled with the principal, with the teacher, and with the school personnel to let them know A, that Alexa had that challenge and B, how to help her deal with it.

Having a plan to manage asthma and peanut allergies makes a critical difference. This legislation will help reduce school absenteeism, for which asthma is one of the leading causes. I know that having a healthy elementary school and junior high school student, I lost significant time because of asthma.

Madam Speaker, again, I thank Dr. ROE for his leadership on this issue and for working with me on these bills over the years. He is retiring at the end of this Congress, and I will certainly miss working with him. We will miss his expertise here in the Congress of the United States, and I know the Committee on Energy and Commerce will miss his advice and counsel as well. I believe that legislation like this and the law we enacted in 2013 will be a fitting part of his legacy of public service.

Madam Speaker, through an EpiPen, all of our colleagues will join us in supporting this legislation and in thanking Dr. ROE for his efforts to ensure that protecting our Nation’s children against asthma consequences remains a bipartisan effort.

Mr. WALDEN. Madam Speaker, I thank the majority leader for his comments in support and authorship of this
Madam Speaker, I yield such time as he may consume to the gentleman from Tennessee (Mr. DAVID P. ROE), the champion of this legislation, the gentleman for a positive public health outcome for all of us, especially for our veterans.

Mr. DAVID P. ROE of Tennessee.

Mr. ROE. Madam Speaker, today, I rise in support of H.R. 2468, the School-Based Allergies and Asthma Management Program Act, a bill I have been proud to work on with my friend, Leader HOYER, that will help students with asthma excel in an asthma-friendly learning environment.

Madam Speaker, I will say that I had the privilege of visiting Mr. WALDEN's district a few years ago when we were working on the VA MISSION Act, and he explained to me that his congressional district has more students with asthma than the State of Tennessee. I didn't believe that, but it happens to be true. It has more square miles. And that one statement really helped me in composing that bill.

I also thank Leader HOYER—when he mentioned that in 2013, we didn't know each other very well then, but we got to know each other. And that bill, the EpiPen bill it is called, passed. And in my own community, just a community about 20 miles north of me, not 2, 3 years ago, a middle school student, who didn't know she had allergies, had anaphylaxis, and because the EpiPen was available, because of Mr. HOYER's work and others, that child survived.

I also thank Mr. PALLONE and Mr. WALDEN. Remember the incredible arguments we had about the cost of the EpiPen? I travel with one all the time because I am more concerned about an allergy of some kind when I travel. They always ask on airplanes: "Is there a doctor here?" I am always with one. And you all helped push the price of that down—your work on that—$600, which was absurd for an EpiPen.

And you know, Mr. HOYER, with your daughter, I don't care how much money you have, that is a lot of money to pay. And you have to have two of them, not one. So that price has dropped dramatically because I think a lot of the work this Congress has done. Last week, marking the beginning of fall, as we all know. And for many of us, the cooler weather means the return to football and a new school year—different school year, but back. For millions of other Americans living with asthma, seasonal allergies, and other respiratory diseases, these changes of temperature mean difficulty breathing.

There are roughly 6 million school-aged children in the United States suffering from asthma. This is one of the leading causes of absenteeism. In fact, according to the National Asthma Education and Prevention Program, parents have reported that students collectively miss 14 million days of school every year due to asthma alone. While asthma poses serious health risks, it can be effectively managed with proper education, planning, and treatment, and does not have to negatively impact a child's academic performance.

The Department of Education and the Department of Health and Human Services both recommend that schools have comprehensive management programs in place to support children with lower and away from asthma and keep these disorders under control while they are at school. Unfortunately, most schools do not have such programs in place. And that is why our bill, the School-Based Allergies and Asthma Management Program uses a proven model to encourage States to ensure schools are prepared to help children suffering from asthma.

The two most important strategies for preparing schools are implementing management plans ensuring that school staff members are prepared to assist children experiencing an attack. Our bill encourages States to do just that. This type of preparation and management in schools will not only improve a child's health but also ensure that students are able to focus on learning. No student should be at risk in a school because of a failure for them to manage a respiratory disorder. The good news is that together, we can fix this.

The start of the new school year serves as a valuable reminder of the work that still needs to be done, and I look forward to passing this bipartisan legislation today and getting it one step closer to the President's desk so that students with asthma and allergies can focus on their education.

Madam Speaker, I thank my colleagues on both sides of the aisle for their very, very kind comments, and I encourage support of this bill. Mr. PALLONE, Speaker, I have no additional speakers, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Mr. PALLONE. Madam Speaker, I urge support of this legislation, and I yield back the balance of my time.

Ms. JACKSON LEE. Madam Speaker, I rise in support of H.R. 2468, the "School-Based Allergies and Asthma Management Program Act," which would provide important guidance to schools on how to support students who have asthma.

Across the United States nearly 25 million people have been diagnosed with asthma, including almost 7 million children.

Childhood asthma is a common, chronic pediatric condition, affecting 6.3 million children. Morbidity from childhood asthma adversely affects school performance, with 1 in 2 children reporting school absences due to asthma each year.

These asthma-related absences influence academic achievement, leading to decreased levels of reading proficiency and increased risk of learning disabilities.

Improving health and school-related outcomes for children with asthma requires the use of school-based partnerships that focus on integrated care coordination amongst families, clinicians, and school nurses.

The best defense to asthma attacks is immediate treatment, as soon as symptoms present themselves.

Instead of contributing to the nearly 2 million asthma-related emergency room visits each year, this bill would provide schools with the necessary guidance on how to treat asthma attacks and support lung health of student while in school and at home.

Improving health and school-related outcomes for children with asthma requires the use of school-based partnerships that focus on integrated care coordination amongst families, clinicians and school nurses.

Every day in America 30,000 Americans have an asthma attack, and 11 are killed by them.

The School-based Asthma Management Program as outlined by H.R. 2468, is supported by the American Academy of Allergy, Asthma & Immunology.

For asthma care, the School-based Asthma Management Program has four components to integrate schools, and specifically school nurses, within the asthma care team.

First, the creation of a Circle of Support amongst the families, clinicians and schools' nurses are centered around the child with asthma.

Second, the creation and transmission of Asthma Management Plans to schools, which includes an Asthma Emergency Treatment Plan for emergency management of asthma symptoms and an individualized Asthma Action Plan for each child with asthma.

Third, the development of a comprehensive Asthma Education Plan for school personnel.

Finally, a comprehensive Environmental Asthma Plan to assess and remediate asthma triggers at home and in school.

This bill is supported by the American Academy of Allergy, Asthma and Immunology (AAAAI) and the National Association of School Nurses (NASN).

I ask my colleagues to join me in supporting this bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 2468, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

FAMILY SUPPORT SERVICES FOR ADDICTION ACT OF 2020

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 5572) to establish a grant program for family community organizations that provide support for individuals struggling with substance use disorder and their families, as amended. The Clerk read the title of the bill.

The text of the bill is as follows:

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
Mr. PALONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material which to revise and extend their remarks and include extraneous material.

Madam Speaker, I urge my colleagues to support the bill, and I reserve the balance of my time.

Mr. PALONE. Madam Speaker, I yield myself such time as I may consume.

Mr. PALONE. Madam Speaker, I rise today in support of H.R. 5572, the Family Support Services for Addiction Act of 2020.

According to new data from the Substance Abuse and Mental Health Services Administration, nearly 20 million Americans live with a substance use disorder. We are making progress in connecting Americans with treatment, the reality is that only a fraction of those Americans receive the care they really need.

The Family Support Services for Addiction Act builds upon recent congressional efforts, such as the 21st Century Cures Act and the SUPPORT for Patients and Communities Act, to help close the treatment gap and get Americans on the road to recovery. We know that families can play a significant role in finding and treating their loved one can get the care they need. We also know that substance use disorders affect more than just the individual. It affects the family in its entirety.

Madam Speaker, as my colleagues and I heard during our hearings on this bill, getting families involved in treatment and connecting them with other community support systems can dramatically influence the trajectory of an individual’s path to recovery.

That is exactly what this bill sets out to do. H.R. 5572 would authorize the Secretary of Health and Human Services to award grants to family community organizations that would work to develop, expand, and enhance evidence-based family support services. These family community organizations can use the grant to reduce stigma around substance use disorder and build connections between families and providers, foster care services, and other peer-support services.

Mr. PALONE. Madam Speaker, given the impact of this drug epidemic, chances are that many of us know someone—whether it be a loved one, a neighbor, a co-worker, or a classmate—who has a substance use disorder. And while we know that substance use disorders are complex, they are treatable. An individual’s road to treatment can be driven by family supports encouraged through this legislation.

I commend the lead sponsor of this legislation, Representative DAVID TRONE and also Representative DANIEL MEUSER, and their staff, for advocating for additional support for families. I also thank the Democratic and Republican members of our committee, as well as bipartisan committee staff, for working together to move this bill, and I hope the Senate will act on it swiftly.

Madam Speaker, I urge my colleagues to support the bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Mr. WALDEN. Madam Speaker, I urge my colleagues to support the bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Mr. WALDEN. Madam Speaker, I urge my colleagues to support the bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Mr. WALDEN. Madam Speaker, I urge my colleagues to support the bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Mr. WALDEN. Madam Speaker, I urge my colleagues to support the bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Mr. WALDEN. Madam Speaker, I urge my colleagues to support the bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.
Madam Speaker, I thank our two colleagues that sponsored this important bill, and I reserve the balance of my time.

Mr. PALLONE. Madam Speaker, I yield such time as he may consume to the gentleman from Maryland (Mr. TRONE).

Mr. TRONE. Madam Speaker, I rise today to offer my support for the millions of families struggling to help their loved ones suffering through addiction.

My family fought to get help for my nephew, Ian, that he needed before he lost his life to an overdose in 2016. It was hard for us to do, even with the resources we had at our disposal.

For most families, it is nearly impossible to navigate our behavioral health system in its current form. It is a confusing system that leaves families like mine with no clue what treatment option is right for their loved one.

Now, over 1 million families are on the front lines of this fight. Overdoses are on the rise across America, and COVID-19 is making matters much worse. Every single county in my district saw an increase in overdose deaths last quarter—some as much as 50 percent. Over the past year, more Americans died of drug overdoses than ever before—more than 70,000.

Madam Speaker, that is why I introduced the Family Support Services for Addiction Act with Congressman Dan Meuser, one of the coauthors of this legislation, who serves Pennsylvania's 7th District. I urge my colleagues to support this bill, and I yield the balance of my time.

Mr. TRONE. Madam Speaker, I rise today to offer my support for the millions of families struggling to help their loved ones suffering through addiction. The bill will provide grants to reach more families, create more tailored treatments, and save more lives.

Madam Speaker, I thank Congressman Dan Meuser, Chairman PALLONE, Chairwoman ESHOO, and Ranking Member WALDEN for this much-needed bill. We have got to get this done. Lives are depending on it.

Madam Speaker, I urge a “yes” vote on this legislation.

Mr. WALDEN. Madam Speaker, I yield such time as he may consume to the gentleman from Pennsylvania (Mr. MEUSER), one of the coauthors of this very, very important and meaningful legislation, who serves Pennsylvania’s Ninth Congressional District in the U.S. House.

Mr. MEUSER. Madam Speaker, it is really my honor to be here today in support of this bipartisan bill, and I thank him for his partnership and his leadership on this very important issue.

Madam Speaker, I rise today to offer support for our bill, H.R. 5572, the Family Support Services for Addiction Act, which provides a family and community-based approach to addiction treatment that works to address the deep-seated effects of the addiction crisis on so many families.

The opioid epidemic is ravaging my district, and many States across America, and all of Pennsylvania is by no means an exception. In 2017, Pennsylvania experienced 5,456 drug-related overdose deaths. It has impacted virtually every family throughout the Commonwealth.

Far too many families struggling with substance use disorder feel like they have nowhere to turn for the resources and very important information.

This bill would establish a grant program for family community organizations that provide support for families of individuals struggling with substance use disorder. These services can include information and referral sources, support groups, system navigation to assist the family in finding resources, parent training and education, specialized crisis support, and, really, much, much more, again, where they currently don’t know where to turn.

As a member of the Freshman Working Group on Addiction, I am very proud to be the Republican lead on a bill that takes critical steps to help families feel empowered and equipped to support their loved ones struggling with substance use disorder.

I again want to very sincerely congratulate and thank Congressman David Trone for his hard work, his dedication, and his great care in helping those suffering from drug addiction.

I encourage my colleagues to support this bill, and I urge its swift passage.

Mr. WALDEN. Madam Speaker, I urge my colleagues to support this legislation, and I yield back the balance of my time.

Mr. PALLONE. Madam Speaker. I also urge support for the bill, and I yield back the balance of my time.

Ms. ESHOO. Madam Speaker, I rise in support of H.R. 5572, the “Family Support Services for Addiction Act of 2020.” I’m proud to have advanced this bipartisan bill through my Health Subcommittee and I’m pleased to support it on the Floor today.

H.R. 5572, the “Family Support Services for Addiction Act of 2020” was introduced by Reps. David Trone (D-MD) and Daniel Meuser (R-PA) and provides grants to community organizations that provide support services to families and family members living with substance use disorders or addiction.

When families are empowered and supported to help their loved one struggling with substance use disorder, patients and families achieve better outcomes.

The Centers for Disease Control and Prevention estimated that more than 70,000 people died in the U.S. from an opioid overdose in 2019. These numbers are projected to be higher in 2020, in part because of the COVID pandemic. We have to do everything we can to address the substance use disorder crisis by helping patients and their families.

I urge my colleagues to support this bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. Pallone) that the House suspend the rules and pass the bill.

The question was taken.

The SPEAKER pro tempore. In the opinion of the Chair, two-thirds being in the affirmative, the ayes have it.

Mr. PALLONE. Madam Speaker, on that I demand the yeas and nays.

The SPEAKER pro tempore. Pursuant to section 3 of House Resolution 965, the yeas and nays are ordered.

Pursuant to clause 8 of rule XX, further proceedings on this motion will be postponed.

MESSAGE FROM THE SENATE

A message from the Senate by Ms. Byrd, one of its clerks, announced that the Senate has passed without amendment bills of the House of the following titles:

H.R. 1812. An act to amend title 38, United States Code, to furnish Vet Center readjustment counseling and related mental health services to certain individuals.

H.R. 3272. An act to direct the Comptroller General of the United States to conduct an assessment of all memoranda of understanding and memorandum of agreement between Under Secretary of Health and Non-Department of Veteran Affairs entities relating to suicide prevention and mental health services.

H.R. 4779. An act to extend the Under-Spam, Spyware, And Fraud Enforcement With Enforcers beyond Borders Act of 2006, and for other purposes.

H.R. 6156. An act to increase, effective as of December 1, 2020, the rates of compensation for veterans with service-connected disabilities and the rates of dependency and indemnity compensation for the survivors of certain disabled veterans, and for other purposes.

The message also announced that the Senate has passed a bill of the following title in which the concurrence of the House is requested:

S. 2683. An act to improve oversight by the Federal Communications Commission of the wireless and broadcast emergency alert systems.

SCHOOL-BASED HEALTH CENTERS REAUTHORIZATION ACT OF 2020

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 2075) to amend the Public Health Service Act to reauthorize school-based health centers, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 2075

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled.

SECTION 1. SHORT TITLE.

This Act may be cited as the “School-Based Health Centers Reauthorization Act of 2020”.

SEC. 2. REAUTHORIZATION OF SCHOOL-BASED HEALTH CENTERS.

(a) ELIMINATION OF LIMITATION ON ELIGIBILITY OF HEALTH CENTERS.—

(1) REPEAL.—Section 399Z–1(f)(3) of the Public Health Service Act (42 U.S.C. 280h–5(f)(3)) is amended by striking subparagraph (B).

(2) CONFORMING CHANGE.—Section 399Z–1(f)(3) of the Public Health Service Act (42 U.S.C. 280h–5(f)(3)) is amended by striking...
The SPEAKER pro tempore. Pursuant to the request of the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

Mr. PALONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 2075.

Mr. PALONE. Madam Speaker, I yield myself such time as I may consume on H.R. 2075, the School-Based Health Centers Reauthorization Act, which reauthorizes school-based health centers.

These centers serve as critical access points that provide comprehensive care to children and adolescents in their school, a location that is safe, convenient, and accessible. They provide this care through partnerships with community health providers, such as federally qualified health centers, public health departments, hospitals, schools, and other community institutions.

School-based health centers serve primarily low-income and medically underserved populations of children and adolescents. These centers, Madam Speaker, are a powerful tool for achieving long-term health equity among children and adolescents who unjustly experience disparities in health outcomes because of ethnicity, race, or family income.

While many communities struggle with ways to keep students healthy, school-based health centers are more important than ever. H.R. 2075 would reauthorize school-based health centers through fiscal year 2024, ensuring continued access to these centers for the children and families who need them most.

I want to thank Representatives SARBANES, TONKO, UPTON, and STEFANIK for their bipartisan leadership on this legislation.

I urge my colleagues to support this bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume on H.R. 2075, the School-Based Health Centers Reauthorization Act.

Mr. SARBANES. Madam Speaker, I want to thank Chairman PALONE for his leadership of our committee with respect to all of these bills, particularly the health bills we are talking about today, and also Ranking Member WALDEN, many of these are bipartisan. They reflect the input and work of Members over a period of years.

My colleagues, I urge my colleagues to support the bill, and I yield back the balance of my time.

Mr. JACKSON LEE. Madam Speaker, as the Founding Chair of the Congressional Children’s Caucus and a senior member of the Judiciary and Homeland Security Committees, I rise in strong support of H.R. 2075, the “School-Based Health Centers Reauthorization Act,” which reauthorizes school-based health centers through Fiscal Year 2024 as well as make technical changes that allow more health centers, that serve medically underserved children and adolescents, to qualify for funding.

First and foremost, I would like to thank Representatives SARBANES, TONKO, STEFANIK, and UPTON for their leadership on this key piece of legislation.

In 2014, the authorization for school-based health centers lapsed. By passing H.R. 2075, Congress would rectify this issue and help deliver primary care, including dental screenings and mental health services, to millions of American students.

These health centers are a powerful tool for achieving health equity among children and adolescents who unjustly experience disparities in outcomes because of their race and socioeconomic status.

Improved access to school-based health centers is tied to reducing negative health outcomes, such as asthma morbidity and the rate of hospital admissions, while educational outcomes, such as school performance and graduation rates, increase.

Now, of course, the services that school-based health centers provide are needed more than ever; given the coronavirus pandemic. Young people are grappling with uncertainty and changes to their lives, and being able to receive care in a familiar and supportive setting is critically important.

Again, I thank my colleagues for their support of this, and I urge all of the Members to support this bill.

Mr. PALLONE. Madam Speaker, I call on my colleagues to support this important legislation, and I yield back the balance of my time.

Mr. WALDEN. Madam Speaker, I urge my colleagues to support the bill, and I yield back the balance of my time.
areas, which traditionally suffered from limited access to care.

The coronavirus pandemic has shed a light on the current disparities riddled throughout our health care system.

As an increasing number of students go back to school, schools are on the front lines of managing the pandemic, and school-based health centers will be at the center of that response, making this reauthorization more essential than ever.

We must utilize this opportunity to strengthen these programs with additional federal funding. I ask my colleagues on both sides of the aisle to come together and pass this important legislation.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 2075, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

TRIBAL HEALTH DATA IMPROVEMENT ACT OF 2020

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 7948) to amend the Public Health Service Act with respect to the collection and availability of health data pertaining to Indian Tribes, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 7948

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Tribal Health Data Improvement Act of 2020”.

SEC. 2. COLLECTION AND AVAILABILITY OF HEALTH DATA WITH RESPECT TO INDIAN TRIBES.

(a) DATA COLLECTION.—Section 3101(a)(1) of the Public Health Service Act (42 U.S.C. 242k(a)(1)) is amended—

(1) by striking “,” not later than 2 years after the date of enactment of this Act; and

(2) in subparagraph (B), by inserting “Tribal” after “Indian”.

(b) DATA REPORTING AND DISSEMINATION.—Section 3101(c) of the Public Health Service Act (42 U.S.C. 242k(c)) is amended—

(1) by amending paragraph (F) of paragraph (1) to read as follows:—

“(F) the Indian Health Service, Indian Tribes, Tribal organizations, and epidemiology centers authorized under the Indian Health Care Improvement Act;”;

(2) in paragraph (3), by inserting “Indian Tribes, Tribal organizations, and epidemiology centers,” after “Federal agencies,”;

(c) PROTECTION AND SHARING OF DATA.—Section 3101(e) of the Public Health Service Act (42 U.S.C. 242k(e)) is amended by adding at the end the following paragraph:

“(3) DATA SHARING STRATEGY.—With respect to data access for Tribal epidemiology centers and Tribes, the Secretary shall create a data sharing strategy that takes into consideration recommendations by the Secretary’s Tribal Advisory Committee for—

“(A) ensuring that Tribal epidemiology centers and Indian Tribes have access to the data sources necessary to accomplish their public health responsibilities; and

“(B) protecting the privacy and security of such data.

“(4) TRIBAL PUBLIC HEALTH AUTHORITY.—

“(A) AVAILABILITY.—Beginning not later than 180 days after the date of enactment of the Tribal Health Data Improvement Act of 2020, the Secretary shall make available to the entities listed in subparagraph (B) all data that is collected pursuant to paragraphs with respect to health care and public health surveillance programs and activities, including such programs and activities that are federally supported or conducted, to—

“(i) such entities request the data pursuant to statute; and

“(ii) the data is requested for use—

“(A) consistent with Federal law and obligations; and

“(B) to satisfy a particular purpose or carry out a specific function consistent with the purpose for which the data was collected.

“(B) ENTITIES.—The entities listed in this subparagraph are—

“(i) the Indian Health Service;

“(ii) Indian Tribes and Tribal organizations; and

“(iii) epidemiology centers.

“(C) TECHNICAL UPDATES.—Section 3101 of the Public Health Service Act (42 U.S.C. 242k) is amended—

(1) by striking subsections (g) and (h); and

(2) by redesignating subsection (i) as subsection (h).

(e) DEFINITIONS.—After executing the amendments made by subsection (d), section 3101 of the Public Health Service Act (42 U.S.C. 242k) is amended by inserting after subsection (f) the following new subsection:

“(g) DEFINITIONS.—In this section:

“(1) the term ‘epidemiology center’ means an epidemiology center established under section 214 of the Indian Health Care Improvement Act, including such Tribal epidemiology centers serving Indian Tribes regionally and any Tribal epidemiology center serving Urban Indian organizations nationally.

“(2) The term ‘Indian Tribe’ has the meaning given to the term ‘Indian tribe’ in section 4 of the Indian Self-Determination and Education Assistance Act.

“(3) The term ‘Tribal organization’ has the meaning given to the term ‘tribal organization’ in section 4 of the Indian Self-Determination and Education Assistance Act.

“(4) The term ‘tribal organization’ has the meaning given to that term in section 4 of the Indian Health Care Improvement Act.

“(f) TECHNICAL CORRECTION.—Section 3102(b) of the Public Health Service Act (42 U.S.C. 242k(b)) is amended by striking “DATA ANALYSIS.—” and all that follows through “For each federally” and inserting “DATA ANALYSIS.—For each federally”.

SEC. 3. IMPROVING HEALTH STATISTICS REPORTING WITH RESPECT TO INDIAN TRIBES.

(a) TECHNICAL AID TO STATES AND LOCALITIES.—Section 306(d) of the Public Health Service Act (42 U.S.C. 242k(d)) is amended by inserting “Indian Tribes, Tribal organizations, and epidemiology centers,” after “Federal agencies,”;

(b) COOPERATIVE HEALTH STATISTICS SYSTEM.—Section 306(e)(3) of the Public Health Service Act (42 U.S.C. 242k(e)(3)) is amended by inserting “Indian Tribes, Tribal organizations, and epidemiology centers,” after “health agencies,”;

(c) FEDERAL-STATE-TRIBAL COOPERATION.—Section 306(f) of the Public Health Service Act (42 U.S.C. 242k(f)) is amended—

(1) by inserting “Indian Tribes,” before “before the Department of Commerce and Labor”;

(2) by inserting “and” after “Commerce and Labor”;

(3) by inserting “Indian Tribes, Tribal organizations, and epidemiology centers,” after “State and local health departments and agencies”;

(4) by striking “he shall” and inserting “the Secretary shall”;

(g) REGISTRATION AREA RECORDS.—Section 306(m) of the Public Health Service Act (42 U.S.C. 242k(m)) is amended—

(1) by striking “in his discretion” and inserting “in the discretion of the Secretary”;

(2) by striking “Hispanic Americans, and Pacific Islanders” and inserting “American Indians and Alaska Natives, Hispanics, Asian Americans, and Native Hawaiian and other Pacific Islanders.”;

(e) NATIONAL COMMITTEE ON VITAL AND HEALTH STATISTICS.—Section 306(k) of the Public Health Service Act (42 U.S.C. 242k(k)) is amended—

(1) in paragraph (3), by striking “, not later than 60 days after the date of the enactment of the Health Insurance Portability and Accountability Act of 1996,” each place it appears; and

(2) in paragraph (7), by striking “Not later than 1 year after the date of the enactment of the Centers for Disease Control and Prevention Act of 1996, and annually thereafter, the Committee shall” and inserting “The Committee shall, on an biennial basis,”

GELANS FOR ASSEMBLY AND ANALYSIS OF DATA ON ETHNIC AND RACIAL POPULATIONS.—Section 306(m)(4) of the Public Health Service Act (42 U.S.C. 242k(m)(4)) is amended—

(1) in subparagraph (A)—

(A) by striking “Subject to subparagraph (B), the” and inserting “The”;

(B) by striking “and major Hispanic subpopulation groups and American Indians” and inserting “, major Hispanic subgroups, and American Indians and Alaska Natives”;

and

(2) by amending subparagraph (B) to read as follows:

“(B) In carrying out subparagraph (A), with respect to American Indians and Alaska Natives, the Secretary shall—

(i) consult with Indian Tribes, Tribal organizations, the Tribal Technical Advisory Group of the Centers for Medicare & Medicaid Services maintained under section 5006(e) of the American Recovery and Reinvestment Act of 2009, and the Tribal Advisory Committee established in coordination with epidemiology centers, to develop guidelines for State and local health agencies to improve the quality and accuracy of data with respect to the birth and death records of American Indians and Alaska Natives;

(ii) confer with Urban Indian organizations to develop guidelines for State and local health agencies to improve the quality and accuracy of data with respect to the birth and death records of American Indians and Alaska Natives;

(iii) enter into cooperative agreements with Indian Tribes, Tribal organizations, Urban Indian organizations, and epidemiology centers to address misclassification and undersampling of American Indians and Alaska Natives with respect to—

(i) birth and death records; and

(ii) health care and public health surveillance systems, including those related to, data with respect to chronic and infectious diseases, unintentional injuries, environmental health, child and adolescent health, maternal health and mortality, foodborne and waterborne illness, reproductive health, and any other notifiable disease or condition;

(iv) encourage States to enter into data sharing agreements with Indian Tribes, Tribal organizations, and epidemiology centers to improve the quality and accuracy of public health data; and

(v) not later than 180 days after the date of enactment of the Tribal Health Data Improvement Act of 2020, and biennially thereafter, issue a report on the following:

(i) Which States have data sharing agreements with Indian Tribes, Tribal organizations,
Urban Indian organizations, and Tribal epidemiology centers to improve the quality and accuracy of health data.

"(II) What the Centers for Disease Control and Prevention should do to encourage States to enter into data sharing agreements with Indian Tribes, Tribal organizations, Urban Indian organizations, and Tribal epidemiology centers to improve the quality and accuracy of health data.

"(III) Best practices and guidance for States, Indian Tribes, Tribal organizations, Urban Indian organizations, and Tribal epidemiology centers that wish to enter into data sharing agreements.

"(IV) Best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(g) DEFINITIONS.—Section 306 of the Public Health Service Act (42 U.S.C. 242k) is amended—

(1) by redesignating subsection (n) as subsection (o); and

(2) by inserting after subsection (m) the following:

"(n) In this section:

"(I) The term ‘epidemiology center’ means an epidemiology center established under section 214 of the Indian Health Care Improvement Act, including such Tribal epidemiology centers serving Indian Tribes regionally and any Tribal epidemiology center serving Urban Indian organizations nationally.

"(II) The term ‘Indian Tribe’ has the meaning given to the term ‘Indian tribe’ in section 4 of the Indian Self-Determination and Education Assistance Act.

"(III) The term ‘tribal organization’ has the meaning given to the term ‘tribal organization’ in section 4 of the Indian Self-Determination and Education Assistance Act.

"(IV) Best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(h) AUTHORIZATION OF APPROPRIATIONS.—Section 306(o) of the Public Health Service Act, as redesignated by subsection (g), is amended to read as follows:

"(o)(1) To carry out this section, there is authorized to be appropriated $185,000,000 for each of the fiscal years 2021 through 2025.

(2) Of the amount authorized to be appropriated to carry out this section for a fiscal year, the Secretary shall not use more than 10 percent of the amount appropriated for any fiscal year for administrative expenses.

(i) IN GENERAL.—

The Secretary shall not use more than 10 percent of the amount appropriated for each fiscal year for administrative expenses, including such expenses as are necessary to carry out this section.

(ii) RECOVERY.—Nothing in this section shall authorize the Secretary to use any amount appropriated for any fiscal year for administrative expenses, including such expenses as are necessary to carry out this section, to offset any amount appropriated for any fiscal year for administrative expenses, including such expenses as are necessary to carry out this section.

(j) D EFINITIONS.—Section 306 of the Public Health Service Act, as redesignated by subsection (g), is amended—

(1) by inserting after subsection (m) the following:

"(o) In this section:

"(I) The term ‘Indian Tribe’ has the meaning given to that term in section 4 of the Indian Self-Determination and Education Assistance Act.

"(II) The term ‘tribal organization’ has the meaning given to the term ‘tribal organization’ in section 4 of the Indian Self-Determination and Education Assistance Act.

"(III) Best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

"(IV) Best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

"(k) M Easures.—Section 190 of the Indian Health Care Improvement Act (25 U.S.C. 1651) is amended by—

(1) redesignating subsection (c) as subsection (d); and

(2) by inserting after subsection (b) the following:

"(c) Effects of economic adversity and poor social conditions on health and health disparities.—

It is the sense of Congress that the Centers for Disease Control and Prevention should work with Tribal Nations and Tribal Epidemiology Centers to improve the quality and accuracy of health data.

"(d) In this section:

"(I) The term ‘economic adversity and poor social conditions on health and health disparities’ means the effects of economic adversity and poor social conditions on health and health disparities.

"(II) The term ‘economic adversity and poor social conditions on health and health disparities’ means the effects of economic adversity and poor social conditions on health and health disparities.

(b) AUTHORIZATION OF APPROPRIATIONS.—Section 190(c) of the Indian Health Care Improvement Act (25 U.S.C. 1651c) is amended—

(1) by redesignating subsection (d) as subsection (e); and

(2) by inserting after subsection (b) the following:

"(d) In this section:

"(I) The term ‘economic adversity and poor social conditions on health and health disparities’ means the effects of economic adversity and poor social conditions on health and health disparities.

"(II) The term ‘economic adversity and poor social conditions on health and health disparities’ means the effects of economic adversity and poor social conditions on health and health disparities.

(c) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

"(d) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(e) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(f) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(g) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(h) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(i) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(j) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(k) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(l) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(m) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(n) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.

(o) IN GENERAL.—

The Secretary shall ensure that the Centers for Disease Control and Prevention shall improve the quality and accuracy of health data by carrying out the best practices and guidance for local, State, Tribal, and Federal uniform standards for the collection of data on race and ethnicity.
Pursuing Equity in Mental Health Act

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 5469) to address mental health issues for youth, particularly youth of color, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 5469

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the "Pursuing Equity in Mental Health Act".

SEC. 2. TABLE OF CONTENTS.
The table of contents for this Act is as follows:
Sec. 1. Short title.
Sec. 2. Table of contents.

TITLE I—HEALTH EQUITY AND ACCOUNTABILITY

Sec. 101. Integrated Health Care Demonstration Program.

Sec. 102. Addressing racial and ethnic minority mental health disparities research gaps.

Sec. 103. Health professions competencies to address racial and ethnic minority mental health disparities.

Sec. 104. Racial and ethnic minority behavioral health care outreach and education strategy.

Sec. 105. Additional funds for National Institutes of Health.

Sec. 106. Additional funds for National Institute on Minority Health and Health Disparities.

TITLE II—OTHER PROVISIONS

Sec. 201. Reauthorization of Minority Fellowship Program.

Sec. 202. Study on the Effects of Smartphone and Social Media Use on Adolescents.

SEC. 101. INTEGRATED HEALTH CARE DEMONSTRATION PROGRAM.

Part D of title V of the Public Health Service Act (42 U.S.C. 290dd et seq.) is amended by adding at the end the following:

"SEC. 554. INTERPROFESSIONAL HEALTH CARE TEAMS FOR PROVISION OF BEHAVIORAL HEALTH CARE IN PRIMARY CARE SETTING.

(a) GRANTS.—The Secretary shall award grants to eligible entities for the purpose of establishing interprofessional health care teams that provide care to improve mental health outcomes.

(b) ELIGIBLE ENTITIES.—To be eligible to receive a grant under this section, an entity shall be a Federally qualified health center (as defined in section 338A(g) of the Social Security Act), rural health clinic, or behavioral health program, serving a high proportion of individuals from racial and ethnic minority groups.

(c) SCIENTIFICALLY BASED.—Integrated health care funded through this section shall be scientifically based, taking into consideration the results of the most recent peer-reviewed research available.

(d) AUTHORIZATION OF APPROPRIATIONS.—To carry out this section, there is authorized to be appropriated $20,000,000 for each of the first 5 fiscal years following the date of enactment of the Pursuing Equity in Mental Health Act.

SEC. 102. ADDRESSING RACIAL AND ETHNIC MINORITY MENTAL HEALTH DISPARITIES RESEARCH GAPS.

Not later than the date of the enactment of this Act, the Director of the National Institutes of Health shall enter into an arrangement with the National Academies of Sciences, Engineering, and Medicine to carry out the following:

(1) Develop, expand, and disseminate a research strategy to identify gaps in research and program development and best practices to reduce mental health disparities among racial and ethnic minority groups.

(2) Establish best practices and core competencies and integrate them into training programs nationwide.

(3) Develop an educational strategy to identify gaps in education and train health professions trainees nationwide.

(4) Establishing external stakeholder advisory boards to provide meaningful input into policy and program development and best practices to reduce mental health disparities among racial and ethnic minority groups.

SEC. 555. BEHAVIORAL AND MENTAL HEALTH OUTREACH AND EDUCATION STRATEGY.

(a) IN GENERAL.—The Secretary shall, in consultation with advocacy and behavioral and mental health organizations serving racial and ethnic minority groups, develop and implement an outreach and education strategy to promote behavioral and mental health and reduce stigma associated with mental health conditions and substance abuse among racial and ethnic minority groups.

(b) BE DEVELOPMENTALLY AND AGEPROPRIATE.—This strategy shall take into account differences within at-risk subgroups.

(c) PROVIDE INFORMATION.—The Secretary shall provide information on the development of various racial and ethnic minority groups, and shall develop educational and outreach programs designed to address these needs.

(3) Ensure full participation of, and engagement, by the people and communities in the development and implementation of materials; and
Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 5469.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. PALLONE. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise today in support of H.R. 5469. This is the Pursuing Equity in Mental Health Act, and it is sponsored by Representative Watson COLEMAN. It helps address suicide and mental illness in youth for minority and underserved communities. The bill before us today, H.R. 5469, is an important bill. I also thank Ranking Member WALDEN and his staff for working with us in a bipartisan manner to move this bill forward.

Madam Speaker, I urge my colleagues to support the bill, and I re-se the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise today in support of H.R. 5469. This is the Pursuing Equity in Mental Health Act, and it is sponsored by Representative Watson COLEMAN. It helps address suicide and mental illness in youth for minority and underserved communities.

Madam Speaker, I yield myself such time as I may consume.

Mr. PALLONE. Madam Speaker, I rise today in support of H.R. 5469, the Pursuing Equity in Mental Health Act.

We have known long that people of color experience inequities in health care in the United States. While we have made progress to close these gaps in recent years, including with the passage of the Affordable Care Act, people of color in America continue to experience inequities in care and worse health outcomes compared to White Americans.

These long-term trends are rooted in several social determinants that are often driven by structural discrimination and institutionalized racism, which has created systemic health inequity.

The tragic results of these long-term trends are that people of color are more likely to suffer from underlying health conditions and have a much harder time getting access to care, and when they do, they are far more likely to experience bias, discrimination, and poorer health outcomes.

The Congressional Black Caucus’ Emergency Task Force on Black Youth Suicide and Mental Health reiterated these points in a report last year that said, ‘‘Our youth are far more likely to receive lower quality care. Poor mental health care access and quality ultimately contribute to poorer outcomes, including suicide among these populations. These issues are especially acute in minority youth populations.’’

H.R. 5469 would help address these disparities. It authorizes grants targeted at high-poverty communities for culturally and linguistically appropriate mental health services. It supports mental health disparities research, requires the studying of the impact of smartphones and social media on adolescents, and authorizes the Minority Fellowship Program to support more students of color entering the mental health workforce.

Madam Speaker, I would like to thank the majority for taking the time to work with us to get this bill in a really good place. It is an important initiative, and I am pleased to see it getting a vote on the House floor today, Madam Speaker.

Madam Speaker, I urge my colleagues to join both the chairman of the committee and myself in supporting this legislation, and I yield back the balance of my time.

Ms. JACKSON LEE. Madam Speaker, as a cosponsor and senior member of the Judiciary and Homeland Security committees, I rise in strong support of H.R. 5469, the ‘‘Pursuing Equity in Mental Health Act of 2019,’’ which addresses mental health issues for youth, particularly youth of color.

As we look at Mental Health America, Black and African American teenagers are more likely to attempt suicide than White teenagers, and suicidal thoughts, plans, and attempts have been rising in recent years.

Madam Speaker, I am hopeful, Madam Speaker, that this bill will help reduce the inequities in mental health. Before I conclude, I want to thank my colleague from New Jersey, Representative Bonnie WATSON COLEMAN, and her staff for leading this important bill. I also thank Ranking Member WALDEN and his staff for working with us in a bipartisan manner to move this bill forward.

Madam Speaker, I urge my colleagues to support the bill, and I re-se the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise today in support of H.R. 5469. This is the Pursuing Equity in Mental Health Act, and it is sponsored by Representative WATSON COLEMAN. It helps address suicide and mental illness in youth for minority and underserved communities.
Furthermore, in the United States, over seven million people who identify as Black or African American reported having a mental illness in the past year. This legislation will combat the issue of suicide and mental health in youth from all communities by focusing on a few key areas: support in schools, scientific research, and increased funding in existing programs.

Specifically, the bill provides $250 million to schools across the country, so they can have more culturally and linguistically appropriate mental health services. The bill articulates that priority will be given to schools with higher levels of poverty, to reducing the ratio of counselors to students and to helping more students of color.

These grants will also provide training for teachers and other school staff, so they can better identify the signs of trauma, mental health disorders, and risk of suicide in all students.

Additionally, H.R. 5469 provides $20 million to establish interprofessional health care teams that can provide behavioral health care. Madam Speaker, I am particularly supportive of this bill’s efforts to develop cultural competency educational curricula so that students who are training to be social workers, psychologists, psychiatrists, and therapists will be able to properly treat youth of color.

This is imperative as we look to improve support for mental health for future generations.

Furthermore, the bill directs the Department of Health and Human Services (HHS) to establish a Commission on the Effects of Smartphone and Social Media Usage on Adolescents as well as prohibits federal funds from being used for conversion therapy and prohibits SAMHSA grants from going to states from being used for conversion therapy and prohibiting agreements.

Madam Speaker, I would like to thank Congresswoman BONNIE WATSON-COLEMAN for her leadership on this key piece of legislation. I ask my colleagues on both sides of the aisle to come together and pass this important legislation.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 5469, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

MENTAL HEALTH SERVICES FOR STUDENTS ACT OF 2020

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 1109) to amend the Public Health Service Act to revise and extend projects relating to children and to provide access to school-based comprehensive mental health programs, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

SEC. 1. SHORT TITLE. This Act may be cited as the "Mental Health Services for Students Act of 2020".

SEC. 2. AMENDMENTS TO THE PUBLIC HEALTH SERVICE ACT.

(a) TECHNICAL AMENDMENTS.—The second part G (relating to services provided through religious organizations) of title V of the Public Health Service Act (42 U.S.C. 290kk et seq.) is amended—

(1) by redesignating such part as part J; and

(2) by redesignating sections 581 through 584 as sections 586 through 589C, respectively.

(b) SCHOOL-BASED MENTAL HEALTH AND CHILDREN.—Section 581 of the Public Health Service Act (42 U.S.C. 290k-1 (relating to children and violence) is amended to read as follows: "SEC. 581. SCHOOL-BASED MENTAL HEALTH; CHILDREN AND ADOLESCENTS."

"(a) IN GENERAL. In consultation with the Secretary of Education, shall, through grants, contracts, or cooperative agreements awarded to eligible entities described in subsection (c), provide comprehensive school-based mental health services and supports to assist children in local communities and schools (including schools funded by the Bureau of Indian Education) dealing with traumatic experiences, grief, bereavement, risk of suicide, and violence. Such services and supports shall—

"(1) developmentally, linguistically, and culturally appropriate;

"(2) trauma-informed; and

"(3) incorporate positive behavioral interventions and supports.

(b) ACTIVITIES. Grants, contracts, or cooperative agreements awarded under subsection (a), shall, as appropriate, be used for—

"(1) implementation of school and community-based mental health services—

"(A) build awareness of individual trauma and the intergenerational, continuum of impacts of trauma on populations;

"(B) train appropriate staff to identify, and screen for, signs of trauma exposure, mental health disorders, or risk of suicide; and

"(C) incorporate positive behavioral interventions, family engagement, student treatment, and multigenerational supports to foster the health and development of children, prevent mental health disorders, and ameliorate the impact of trauma;

"(2) technical assistance to local communities with respect to the development of programs described in paragraph (1);

"(3) facilitating community partnerships among families, students, law enforcement agencies, education agencies, mental health and substance use agencies, family-based mental health service systems, child welfare agencies, health care providers (including primary care physicians, mental health professionals, and other professionals who specialize in children’s mental health such as child and adolescent psychiatrists), institutions of higher education, faith-based programs, trauma networks, and community-based systems to address child and adolescent trauma, mental health issues, and violence; and

"(4) establishing mechanisms for children and adolescents at risk of violence or plans by other children, adolescents, or adults to commit violence.

(c) REQUIREMENTS.—

"(1) IN GENERAL.—To be eligible for a grant, contract, or cooperative agreement under subsection (a), an entity shall be a partnership that includes—

"(A) a State educational agency, as defined in section 8101 of the Elementary and Secondary Education Act of 1965, in coordination with one or more local educational agencies, as defined in section 8101 of the Elementary and Secondary Education Act of 1965, or a consortium of any entities described in subparagraph (B), (C), (D), or (E) of section 8101(a); and

"(B) at least 1 community-based mental health provider, including a public or private mental health entity, health care entity, family-based mental health entity, trauma network, or other community-based entity, as determined by the Secretary (and which may include addi- tional entities such as faith-based agencies, law enforcement or juvenile justice entity, child welfare agency, agency, an institution of higher education, or another entity, as determined by the Secretary)."

"(2) COMPLIANCE WITH HIPAA.—Any patient records developed by covered entities through activities under the grant shall meet the regulations promulgated under section 354(c) of the Health Insurance Portability and Accountability Act of 1996.

"(3) COMPLIANCE WITH FERPA.—Section 444 of the General Education Provisions Act (commonly known as the ‘Family Educational Rights and Privacy Act of 1974) shall apply to any entity that is a member of the partnership in the manner that each such section applies to an educational agency or institution (as that term is defined in such section).

"(4) GEOGRAPHICAL DISTRIBUTION.—The Secretary shall ensure that grants, contracts, or cooperative agreements under subsection (a) will be distributed equitably among the regions of the country and among areas.

"(e) DURATION OF AWARDS.—With respect to a grant, contract, or cooperative agreement under subsection (a), the period during which payments under such an award is paid to the recipient shall be 5 years, with options for renewal.

"(f) EVALUATION AND MEASURES OF OUTCOMES.—

"(1) DEVELOPMENT OF PROCESS.—The Assistant Secretary shall develop a fiscally appropriate process for evaluating activities carried out under this section. Such process shall include—

"(A) the development of guidelines for the submission of program data by grant, contract, or cooperative agreement recipients;

"(B) the development of measures of outcomes (in accordance with paragraph (2)) to be applied by such recipients in evaluating programs carried out under this section; and

"(C) the submission of annual reports by such recipients concerning the effectiveness of programs carried out under this section.

"(g) MEASURES OF OUTCOMES.—The Assistant Secretary shall develop measures of outcomes to be applied by recipients of assistance under this section to evaluate the effectiveness of programs carried out under this section, including outcomes related to the student, family, and local educational systems supported by this Act.

Based on the data submitted under paragraph (3), the Assistant Secretary shall annually submit to the Assistant Secretary a report that includes data to evaluate the success of the program carried out by the entity based on whether such program is achieving the purposes of the program and the effectiveness of the programs carried out with assistance received under this section.

"(h) LIMITATION.—An eligible entity shall use not more than 20 percent of any funds received under a grant under this section to carry out evaluation activities under this subsection.

"(i) INFORMATION AND EDUCATION.—The Secretary shall disseminate information based on the findings of the knowledge development and application under this section.

"(l) AMOUNT OF GRANTS.—

"(1) AMOUNT OF GRANTS.—A grant under this section shall be in an amount that is not more
September 29, 2020

CONGRESSIONAL RECORD — HOUSE

H5015

than $2,000,000 for each of the first 5 fiscal years following the date of enactment of the Mental Health Services for Students Act of 2019. The Secretary shall determine the amount of each such grant based on the population of children’s and adolescents up to age 21 of the area to be served under the grant.

(2) AUTHORIZATION OF APPROPRIATIONS.—There are authorized to be appropriated to carry out this section, $130,000,000 for each of fiscal years 2021 through 2024.

(3) CONFORMING AMENDMENT.—Part G of title V of the Public Health Service Act (42 U.S.C. 290hh et seq.), as amended by subsection (b), is further amended by striking the part designation and heading and inserting the following: “PART G—SCHOOL-BASED MENTAL HEALTH”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to review and extend their remarks and include extraneous material on H.R. 1109.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey? There is no objection.

Mr. PALLONE. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise today in support of H.R. 1109, the Mental Health Services for Students Act of 2020.

Research shows that half of all lifetime mental illness begins by the age of 14. According to the Centers for Disease Control and Prevention, about three in four children between the ages of 3 and 17 suffer from depression and anxiety, and nearly half have behavioral problems. In fact, recent data from Mental Health America show that youth between the ages of 11 and 17 are now at significantly higher risk of moderate to severe anxiety and depression.

For many students, schools are a critical place to get mental health support. Now, with added public health concerns, economic pressures, online learning, and the social isolation that comes with these things, experts worry about the added repercussions we will be seeing on the well-being of students across the country.

The data and the effect of the pandemic is clear: we must do more to invest in preventative mental health services and training in schools to give our kids and teens a brighter future.

The American Academy of Pediatrics Committee on School Health recognized the increasing mental health needs of children and adolescents when it said that ‘school-based mental health services offer the potential for prevention efforts as well as intervention strategies.’ H.R. 1109 does just that.

This bill would support comprehensive mental health programs at schools across the Nation by encouraging partnerships between State and local educational agencies and mental health providers. Funding would be made available through the Substance Abuse and Mental Health Services Administration to support prevention screening, treatment, and development of evidence-based programs for social, emotional, and mental and behavioral issues among students. This bill will also help us better understand the student, family, and educational outcomes of services provided to students.

Madam Speaker, I want to thank the lead sponsors of this bill, Representatives Grace Napolitano and John Katko, for their leadership and their work. I also thank, of course, Ranking Member WALDEN and the members of our committee for their bipartisan support for this bill.

Madam Speaker, it is critical that we support preventative mental health services and training in schools for our kids and teens today at a time when mental health risks are exacerbated by the COVID-19 pandemic.

I urge my colleagues to support the bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise in support today of H.R. 1109.

This is the Mental Health Services for Students Act, and it is sponsored by Representatives Napolitano and Katko. This bill authorizes the Substance Abuse and Mental Health Services Administration’s Project AWARE grants.

Madam Speaker, these grants support State educational agencies, in partnership with State mental health agencies, in increasing awareness of mental illness among school-aged youth, providing training for school personnel to detect and respond to mental health issues, and connecting students with behavioral health issues and their families to needed services.

By supporting partnerships between the State and local systems to promote the healthy development of students, these grants increase access to mental health services for school-aged youth, ultimately reducing youth violence, substance use disorder, and suicide.

I am glad we are addressing mental health services for children. Their schooling and whole worlds have changed so much over this year. It is important that they can easily access mental health services.

I urge my colleagues to support this legislation.

I don’t believe we have any other amendments. I urge my colleagues to support this bill, and I yield back the balance of my time.

Mr. PALLONE. Madam Speaker, I rise today in strong support of my bill, H.R. 1109, the Mental Health Services for Students Act. I am honored to have authored this bill for over a decade. Although it should have taken this long, today is a historic day in recognizing the need for school based mental health resources.

A mental health crisis is currently unfolding as a result of the COVID-19 pandemic. Fear, anxiety about an unknown disease can be overwhelming and cause strong emotions for our constituents, especially children. The National Institute of Mental Health reports that one in five youth already experience some type of mental health disorder. Yet, prior to this public health emergency, only 10 percent of children and adolescents aged 10 to 17 years old received any treatment or counseling from a mental health professional.

H.R. 1109 acknowledges this problem by providing $130 million in competitive grants per year for 5 years for 100 school-based mental health programs nationwide. It expands upon the Public Health Service Act's Youth Mental Health Services and Resilience Education (AWARE) program by providing on-site licensed mental health professionals in schools across the country.

Drs. Anthony Fauci, the Director of the National Institute of Allergy and Infectious Diseases, testified in May before the Senate HELP Committee on the prospect of reopening schools buildings and said, “We don’t know everything about this virus, and we really better be very careful, particularly when it comes to children.” While schools work to navigate this pandemic, it is critical that we provide them with the resources to create a mental health plan to reach their students during this stressful time.

H.R. 1109 is based on the successful Youth Suicide Prevention Program that I helped establish with Pacific Clinics in Los Angeles County in 2001. Regular classes will eventually resume, and according to the CDC, children may feel upset or have other strong emotions after an emergency. How a child reacts can vary depending on their age, previous experiences, and how that child typically copes with stress. We need to ensure the long-term availability of mental health services to ensure a bright future for our students, which my bill would help accomplish.

I would like to thank the many advocates in and outside of Congress who have played an integral role in this legislation. H.R. 1109 has 135 bipartisan co-sponsors and has the support of over 50 mental health organizations, as well as local governments and teacher unions.

Madam Speaker, I ask my colleagues to support H.R. 1109, the Mental Health Services for Students Act, which will help address this ongoing children's mental health crisis. It is now time to act on this bill, which has had broad support for decades.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 1109, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, H.R. 1109, as amended, was passed.

A motion to reconsider was laid on the table.
The text of the bill is as follows:

SEC. 520J–1. SECURING APPROPRIATE FOLLOW-ON CARE FOR ACUTE MENTAL HEALTH ILLNESS AFTER AN EMERGENCY DEPARTMENT ENCOUNTER.

(a) IN GENERAL.—The Secretary may award grants to implement innovative approaches to securing prompt access to appropriate follow-on care for individuals experiencing acute mental health episodes present for care in an emergency department, and for other purposes, as amended.

(b) ELIGIBLE GRANT RECIPIENTS.—In this section, the term ‘qualifying health provider’ means a hospital, a facility licensed under applicable law that—

(1) has an emergency department;

(2) has medical personnel (such as emergency physicians, psychiatrists, psychiatric registered nurses, mental health technicians, clinical social workers, psychologists, and therapists) capable of providing treatment focusing on stabilizing acute mental health conditions and assisting patients to access resources to continue treatment in the least restrictive appropriate setting; and

(3) has arrangements in place with other providers of care that can provide a range of medically appropriate, evidence-based services for the treatment of acute mental health episodes.

(c) USE OF FUNDS.—A qualifying health provider receiving funds under this section shall use such funds to create, support, or expand programs or projects intended to assist individuals who are treated at the provider’s emergency department for acute mental health episodes and to expediently transition such individuals to an appropriate facility or setting for follow-on care. Such use of funds may support the following:

(1) Expediting placement in appropriate facilities through activities such as expanded coordination with regional service providers, assessment of resources, bed availability tracking and management, transfer protocol development, networking infrastructure development, and transportation services.

(2) Creating the supply of inpatient psychiatric beds and alternative care settings such as regional emergency psychiatric facilities.

(3) Use of alternative approaches to providing psychiatric care in the emergency department setting, including through tele-psychiatric support and other remote psychiatric consultation, implementation of peak period management strategies, or creation of psychiatric emergency service units.

(4) Use of approaches that include proactive followup such as telemedicine, or other technology-based outreach to individuals during the period of transition.

(5) Such other activities as are determined by the Secretary to be appropriate, consistent with subsection (a).

(d) APPLICATION.—A qualifying health provider desiring a grant under this section shall—

(1) submit an application to the Secretary at such time and in such manner as the Secretary may require. At a minimum, the application shall include the following:

(1) A description of the need for acute mental health services in the provider’s service area.

(2) A description of the existing efforts of the provider to meet the need for acute mental health services in the service area, and identified gaps in the provision of such services.

(3) A description of the proposed use of funds to meet the need and gaps identified pursuant to paragraph (2).

(4) A description of how the provider will coordinate efforts with Federal, State, local, and private entities within the service area.

(5) A description of program objectives, how the objectives are proposed to be met, and how the provider will evaluate outcomes relative to objectives.

(6) AUTHORIZATION OF APPROPRIATIONS.—To carry out this section, there is authorized to be appropriated $15,000,000 for each of fiscal years 2021 through 2025.

The SPEAKER pro tempore. Is there unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 2519.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

GENERAL LEAVE

Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 2519.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. PALLONE. Madam Speaker, I yield myself such time as I may consume.

I rise today in support of H.R. 2519, the Improving Mental Health Access from the Emergency Department Act of 2020. I thank Representative RAUL RUIZ, a member of our committee, and his staff for their work on this important legislation. As an emergency room physician himself, Dr. Ruiz knows firsthand the needs of both the medical professional and the patients in the ER.

One of these increasing needs is support for mental health services. Research has shown that one in every eight emergency department visits in the U.S. is related to a mental health issue. In the past year, although emergency room visits have substantially increased, most of which were driven by adolescents and young adults.

This is especially concerning, given recent data from the Centers for Disease Control and Prevention that found that, in 2019, more than one in seven Americans experienced some level of anxiety and nearly one in five reported depression. These studies were conducted before COVID–19, and we know that this pandemic is likely to have both long- and short-term implications for mental health, and this anticipated increase in need is reason to act now. H.R. 2519 would help to provide increased access for people who report to the emergency department for acute mental health episodes.

Under the bill, the Secretary of Health and Human Services is authorized to award grants to support innovative approaches for providing follow-on care for individuals treated in the emergency department for acute mental health issues. This includes increasing the number of inpatient psychiatric beds and alternative care settings, supporting a patient’s transition to appropriate mental health services, or the use of telepsychiatry or other remote psychiatric consultation methods.

Madam Speaker, emergency departments can sometimes feel like a stressful place, especially for people in crisis; however, they are often the last remaining safety net in many communities. We know that follow-up care for people with mental illness is linked to fewer repeat emergency room visits and improved mental and physical health. Let’s do our part to support the emergency room staff and patients in need.

Madam Speaker, I urge my colleagues to support this bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

I rise in support of H.R. 2519. This is the Improving Mental Health Access from the Emergency Department Act of 2020 sponsored by our colleague from California, Dr. RUIZ.

The bill authorizes Substance Abuse and Mental Health Services Administration award grants to emergency departments for the purpose of supporting follow-up services to patients who present in the emergency department experiencing a mental health crisis.

Now, according to SAMHSA’s National Guidelines for Behavioral Health Crisis Care, there is a disconnect in the provision of follow-up services to patients who present to the emergency department experiencing a mental health crisis. If a patient comes in with appendicitis, the emergency physician can call a surgeon. If the patient has a rash, the emergency department consults with dermatologists and clinics, and, in many cases, the physician can even make an appointment for that patient.
Sad, tragically, these same partnerships don’t always exist if the patient has mental health issues. By authorizing grants to support programs that help those treated at the emergency department expeditiously transition to follow-up care, this bill would remove these barriers to care for those who experience an acute mental health crisis. And we think it will reduce the stigma, and, ultimately, it will save lives.

I ask my colleagues to join us in supporting this legislation.

Madam Speaker, I don’t believe we have any other speakers on this legislation, and I yield back the balance of my time.

Mr. PALLONE. Madam Speaker, I urge support of the legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The motion to reconsider was laid on the table.

* * *

**EFFECTIVE SUICIDE SCREENING AND ASSESSMENT IN THE EMERGENCY DEPARTMENT ACT OF 2019**

Mr. PALLONE. Madam Speaker, I move to suspend the rules and pass the bill (H.R. 4861) to amend the Public Health Service Act to establish a program to improve the identification, assessment, and treatment of patients in the emergency department who are at risk of suicide, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 4861

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE. This Act may be cited as the ‘‘Effective Suicide Screening and Assessment in the Emergency Department Act of 2020’’.

SEC. 2. PROGRAM TO IMPROVE THE CARE PROVIDED TO PATIENTS IN THE EMERGENCY DEPARTMENT WHO ARE AT RISK OF SUICIDE.

Part P of title III of the Public Health Service Act (42 U.S.C. 280g et seq.) is amended by adding at the end the following new section:

SEC. 399V-7. PROGRAM TO IMPROVE THE CARE PROVIDED TO PATIENTS IN THE EMERGENCY DEPARTMENT WHO ARE AT RISK OF SUICIDE.

‘‘(a) In general.—The Secretary shall establish a program (in this section referred to as the ‘Program’) to improve the identification, assessment, and treatment of patients in emergency departments who are at risk for suicide, including—

‘‘(1) developing policies and procedures for identifying and assessing individuals who are at risk of suicide;

‘‘(2) enhancing the coordination of care for such individuals after discharge.

‘‘(b) Grant establishment and participation.—

‘‘(1) IN GENERAL.—In carrying out the Program, the Secretary shall award grants on a competitive basis to not more than 60 eligible health care sites described in paragraph (2).

‘‘(2) Eligibility.—To be eligible for a grant under this section, a health care site shall—

‘‘(A) submit an application to the Secretary at such time, in such manner, and containing such information as the Secretary may specify;

‘‘(B) be a hospital (as defined in section 1861(e)(2) of the Social Security Act);

‘‘(C) have an emergency department; and

‘‘(D) deploy onsite health care or social service professionals to help connect and integrate patients who are at risk of suicide with treatment and mental health support services.

‘‘(3) Preference.—In awarding grants under this section, the Secretary may give preference to sites that—

‘‘(A) are at risk of or have previously experienced a high rate of suicidal ideation or attempts in the most recent 12 months;

‘‘(B) have a trained health care or behavioral health professional onsite to identify, assess, and treat patients who are at risk of suicide;

‘‘(C) have an emergency department;

‘‘(D) are participating in a public health intervention or program.

‘‘(C) REPORT OF GRANTEES.—To the extent practicable, each grantee shall be responsible for—

‘‘(1) maintaining a database of information related to this section;

‘‘(2) submitting such information to the Secretary; and

‘‘(3) maintaining a process to ensure that the information is maintained and updated on a timely basis.

‘‘(d) Payments.—Payments under this section shall be for a period of at least 2 years.

‘‘(e) Authorization of Appropriations.—There is authorized to be appropriated to carry out this section $20,000,000 for each of the fiscal years 2021 through 2025.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEY) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

General Leave

Mr. PALLONE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 4861.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?

There was no objection.

Mr. PALLONE. Madam Speaker, I yield myself such time as I may consume.

I rise today in support of H.R. 4861, the Effective Suicide Screening and Assessment in the Emergency Department Act.

Madam Speaker, suicide is the 10th leading cause of death, now claiming more than 47,000 American lives each

* * *
year. Despite national efforts to lower the suicide rate, a number of reports show a steady increase in suicides in recent years. In fact, over the last two decades, the suicide rate in the U.S. increased 35 percent. These are clearly alarming trends.

Like other health crises, the emergency room is often a place where people at risk for suicide go for help. Data shows us that the risk of a suicide attempt or a death is highest within 30 days of discharge from an emergency department or inpatient psychiatric unit.

Further, over a third of individuals without a diagnosis who died by suicide made an emergency room visit within a year of their death. That is why we have to act to equip our emergency rooms with better training and tools to screen and assess patients at risk for suicide.

This bill would create a grant program to help emergency departments develop policies and procedures for identifying and assessing people who are at risk of suicide and enhancing the coordination of care for them after discharge. These improvements would be made possible by better training, sharing of best practices, and hiring of behavioral health professionals in the emergency room who specialize in suicidal ideation.

This bill has support from the American Foundation for Suicide Prevention, the American Association of Suicidology, and the American College of Emergency Physicians, groups that know these issues up close.

I thank my colleagues, Representative Eliot Engel, who is here, and also Representative Gus Bilirakis. They led this important legislation to the floor.

I also thank Ranking Member Walden and all members and staff of our committee for their efforts to move the bill.

Madam Speaker, I urge my colleagues to support the bill, and I reserve the balance of my time.

Mr. WALDEN. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I rise today in strong support of H.R. 4861. This is the Effective Suicide Screening and Assessment in the Emergency Department Act that was introduced by Representative Walgren, Chair of the Commission on Suicidology, and the American College of Emergency Physicians, groups that know these issues up close.

I thank my colleagues, Representative Engel, who is here, and also Representative Bilirakis. They led this important legislation to the floor.

Before I talk about the legislation, I would say what a joy and privilege it has been to serve on the Energy and Commerce Committee with Mr. Engel. He is an incredible individual, deeply about his constituents, and works hard on their behalf.

Moreover, Congressman Engel has been one of those people who is always kind and thoughtful to all of us on both sides of the aisle and works to put the interests of Americans first, both on the Energy and Commerce Committee and in his incredibly important and powerful role as chairman of the Foreign Affairs Committee.

Congressman Engel has served America and New York well, and while we haven’t always agreed on every issue, we have never been disagreeable, and I wish him and his wife Godspeed in whatever is next.

This legislation would authorize a grant program to improve the identification, screening, assessment, and treatment of patients in emergency departments who are at risk for suicide.

Consideration of this bill could not come at a more pressing and important time. As we have said before on these matters, the COVID-19 pandemic and the resulting economic downturn have impacted the mental health and well-being of all Americans. In fact, a recently released report by the Well Being Trust and the American Academy of Family Physicians predicts that, because of the pandemic, an additional 150,000 Americans could die of “deaths of despair,” meaning deaths from suicide or drug or alcohol misuse.

Emergency departments are key locations to intervene and assist those who may be contemplating taking their own lives. As past research identifies, in every eight emergency department visits in the U.S. was related to a mental health or substance use disorder.

By creating grants for emergency departments to develop policies for suicide screening and assessment and enhancing their post-discharge care coordination, this bill would improve our frontline healthcare providers’ ability to intervene when someone is in crisis, ultimately reducing deaths from despair, especially during this difficult time.

I would urge my colleagues to join the chairman of the committee and myself and our colleagues who put so much time and effort and work into crafting this legislation to support it, pass it, and let’s get it into law.

Madam Speaker, I reserve the balance of my time.

Mr. PALLONE. Madam Speaker, I yield such time as he may consume to the gentleman from New York (Mr. Engel).

I do want to say I appreciate, again, Mr. WALDEN’s comments about the excellent career of Mr. Engel, but I am also not ready to say good-bye to either Mr. WALDEN or Mr. Bilirakis at this time because we are going to be here for a while the next few months.

Mr. ENGEL. Madam Speaker, I rise in support of H.R. 4861, the Effective Suicide Screening and Assessment in the Emergency Department Act.

Before I get to why, I want to thank my good friend Mr. PALLONE from New Jersey. We came to Congress together a long while ago, and we have worked very closely together.

And I want to thank Mr. WALDEN. He said I am thoughtful. He is one of the most thoughtful Members in Congress. He reaches across the aisle, and we have made a lot of great progress, and the country is so much better having people with that kind of temperament to reach across the aisle. I thank the gentleman for all the kind words. They really mean a lot.

I authored this legislation with my colleague, Gus Bilirakis, to help reduce rates of suicide in the United States.

Suicide is the 10th leading cause of death in the U.S. It claimed more than 47,000 lives in 2017.

In this time of COVID, where the pandemic has taken an untold physical and emotional toll on Americans’ health, officials are reporting surges in mental and behavioral health problems.

Studies show that as many as 11 percent of all patients visiting a hospital emergency department are at risk for suicide, but only a fraction of these at-risk patients are ever identified.

Our bill aims to improve the identification, assessment, and treatment of patients in emergency departments who are at high risk of suicide.

It provides $100 million over a 5-year period to support emergency department programs to prevent suicides specifically by:

Training emergency department clinicians to identify patients with an elevated risk of suicide;

Developing programs to coordinate care and follow-up of those with an elevated risk of suicide;

Supporting the recruitment and retention of behavioral health professionals who specialize in treating individuals with suicidal tendencies; and

Incentivizing the development of new approaches, such as telehealth, to help those at high risk of suicide.

Our legislation has been endorsed by over 40 mental health advocacy groups, including: the Emergency Nurses Association, the American Nurses Association, the American Psychological Association, the American Psychiatric Association, The Kennedy Forum, the National Alliance on Mental Illness, and Mental Health America.

Madam Speaker, I urge my colleagues to support the legislation.

Mr. WALDEN. Mr. Speaker, I yield such time as he may consume to the gentleman from Florida (Mr. Bilirakis), a real leader in the area of healthcare and especially mental health services improvement.

Mr. BILIRAKIS. Mr. Speaker, I appreciate the gentleman yielding.

I rise today in support of H.R. 4861, the Effective Suicide Screening and Assessment in the Emergency Department Act.

Our Nation remains in the midst of a suicide crisis, Mr. Speaker. Over the past several decades, the suicide rate has risen sharply, increasing by 31 percent since 2001—this is unacceptable—
A motion to reconsider was laid on the table.

SUICIDE TRAINING AND AWARENESS NATIONALLY DELIVERED FOR UNIVERSAL PREVENTION ACT OF 2020

Mr. PALLONE. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 7293) to amend the Public Health Service Act to provide best practices on student suicide awareness and prevention training and condition State educational agencies, local educational agencies, and tribal educational agencies receiving funds under section 520A of such Act to establish and implement a school-based student suicide awareness and prevention training policy, as amended.

The Clerk read the title of the bill. The text of the bill is as follows:

H.R. 7293
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the ”Suicide Training and Awareness Nationally Delivered for Universal Prevention Act of 2020” or the ”STANDUP Act of 2020”.

SEC. 2. STUDENT SUICIDE AWARENESS AND PREVENTION TRAINING.

(a) IN GENERAL.—Title V of the Public Health Service Act is amended by inserting after section 520A of such Act (42 U.S.C. 296bb-32) the following:

"SEC. 520B. STUDENT SUICIDE AWARENESS AND PREVENTION TRAINING POLICIES.

(1) The term "evidence-based" has the meaning given to such term in section 9101 of the Elementary and Secondary Education Act of 1965.

(2) The term "local educational agency" has the meaning given to such term in section 9101 of the Elementary and Secondary Education Act of 1965.

(3) The term "Tribal educational agency" has the meaning given to such term in section 9101 of the Elementary and Secondary Education Act of 1965.

(4) The term "school-based student suicide awareness and prevention training policy" shall be evidence-based; shall consult with stakeholders (including principals, teachers, parents, local Tribal officials, and other school leaders) in the development of the policy; and shall—

(1) publish best practices for school-based student suicide awareness and prevention training policy implemented pursuant to subsection (a); and

(2) provide evidence-based training to students in grades 6 through 12, in coordination with school-based mental health service providers as defined in section 4102(6) of the Elementary and Secondary Education Act of 1965, if applicable, regarding—

(A) suicide education and awareness, including warning signs of self-harm or suicidal idea-

(B) methods that students can use to seek help for themselves and others; and

(C) student resources for suicide awareness and prevention;

(3) collect and report information in accordance with subsection (c).

(b) SCHOOL-BASED STUDENT SUICIDE AWARENESS AND PREVENTION TRAINING POLICY.—A school-based student suicide awareness and prevention training policy implemented pursuant to subsection (a) shall—

(1) be evidence-based;

(2) be culturally and linguistically appropriate;

(3) provide evidence-based training to students in grades 6 through 12, in coordination with school-based mental health service providers as defined in section 4102(6) of the Elementary and Secondary Education Act of 1965, if applicable, regarding—

(A) suicide education and awareness, including warning signs of self-harm or suicidal ideation;

(B) methods that students can use to seek help for themselves and others; and

(C) student resources for suicide awareness and prevention;

(4) provide for retraining of such students every school year;

(5) may last for such period as the State educational agency, local educational agency, or Tribal educational agency involved determines to be appropriate;

(6) may be implemented through any delivery method, including in-person trainings, digital trainings, or train-the-trainer models; and

(7) may include discussion of comorbidities or risk factors for suicide, including substance misuse, sexual or physical abuse, mental illness, or other evidence-based comorbidities and risk factors.

SEC. 3. EFFECTIVE DATE.

The amendments made by this Act shall only apply with respect to applications for assistance
Research, Mr. Speaker, shows that training students on suicide prevention makes an impact on student suicide rates and improves the students' willingness to seek help or to help a peer. Much of this training is already taking place in a subset of schools nationwide, but the STANDUP Act will help ensure that this good work is expanded to more schools across the country.

So for these reasons, Mr. Speaker, I stand up in support of the STANDUP Act. This is good, bipartisan legislation. I thank the lead sponsors, Representatives Scott Peters, Gus Bilirakis, Ted Deutch, Brian Fitzpatrick, and their staffs for their work on this critical issue.

Mr. Speaker, I also thank Mr. Walden and the committee staff for working with us on this legislation. Mr. Speaker, I urge my colleagues to support this bill, and I reserve the balance of my time.

Mr. Walden, Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 7293, the Suicide Training and Awareness Nationally Delivered for Universal Prevention Act of 2020, or the STANDUP Act.

As we have heard, suicide is the 10th leading cause of death in the U.S. However, it is the second leading cause of death for young Americans age 10 to 14, which has tripled since 2007. Unfortunately, the COVID-19 pandemic is already exacerbating these trends. Sandy Hook Promise’s 24/7 crisis center, which allows people to identify and help at-risk students, has seen a more than 10 percent increase in suicide tips thus far.

During our hearing on this bill, Arriana Gross, a high school student from Covington, Georgia, testified that: “In our school, a year doesn’t go by without a student dying by suicide. I’ve even known of elementary kids who died by suicide. I am concerned that youth suicide has become so common that my school community and our Nation is stuck in a pattern of mourning the deaths of these kids as something that is normal, instead of seeing them as preventable and tragic.”

Again, Mr. Speaker, those are the words of Arriana Gross, a high school student.

Like Arriana, I am concerned. Despite data that suicide is on the rise, we can act now to help equip students and the communities around them to identify risk factors so they can play an active role in preventing suicide or self-harm.

Now, this bill, H.R. 7293, would encourage schools to expand evidence-based suicide prevention training to students and make public best practices for such training as a condition of receiving funds under the Substance Abuse and Mental Health Services Administration Project AWARE grant program.

The STANDUP Act would also support technical assistance resources for schools and encourage the collection and reporting of data to track implementation of these policies and practices.

Mr. Speaker, last year, I visited Bernardo Heights Middle School in Rancho Bernardo to meet with students of the school’s SAVE Promise Club and the Mental Health Awareness Club. The kids told me about their efforts to make their peers feel more accepted by creating a culture of kindness and by using their voices to end the stigma surrounding mental health. They explained their work with programs intended to promote inclusivity and to prevent violence by teaching children and adults to identify, intervene, and help those at risk of harming themselves or others.

According to the National Institute of Mental Health, suicide is the second leading cause of death by those 10 to 24 years old, with cases of suicide among Black and other minority youth rapidly rising.

The good news is that adolescent suicide and violence can be prevented if others heed the warning signs.

Seventy percent of those who die by suicide tell someone their plans or demonstrate warning signs ahead of time. Eighty percent of school shooters tell someone their plans ahead of time. That is why I teamed up with my friend from Florida, Mr. Gus Bilirakis, to introduce the bipartisan STANDUP Act.

The Act requires States, schools, and Tribes to implement evidence-based policies to prevent suicides in order to receive Project AWARE grants, which boost youth mental health awareness among schools and communities.

These policies are key to preventing school violence by encouraging early prevention, teaching warning signs, and providing schools with crucial tools to help stop violence before it happens.

Mr. Speaker, I thank Sandy Hook Promise, who helped champion this bill, and for hosting my visit at Bernardo Heights Middle School. Along with them, over 50 student and mental health-focused organizations support this legislation.

Mr. Speaker, I thank all the Bernardo Heights Bobcats, who care so well for each other’s mental health. We want to bring that same spirit, their same spirit, to every school in the country.

Mr. Speaker, I urge my colleagues to pass the STANDUP Act to protect our students and enhance school safety.

Go Bobcats.
A motion to reconsider was laid on the table.

**BEHAVIORAL INTERVENTION GUIDELINES ACT OF 2020**

Mr. PALLONE. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 3539) to amend the Public Health Service Act to direct the Secretary of Health and Human Services to develop best practices for the establishment and use of behavioral intervention teams at schools, and for other purposes, as amended.

The Clerk read the title of the bill. The text of the bill is as follows:

```
H. R. 3539

Be it enacted by the Senate and House of Representa-
tives of the United States of America in Con-
gress assembled,

SECTION 1. SHORT TITLE.
This Act may be cited as the “Behavioral Interven-
tion Guidelines Act of 2020”.

SEC. 2. BEST PRACTICES FOR BEHAVIORAL INTERV-EN-TEAMS.
The Public Health Service Act is amended by inserting after section 520G of such Act (42 U.S.C. 296b-38) the following new section:

```
SEC. 520H. BEST PRACTICES FOR BEHAVIORAL INTERVEN-TEAMS.
(a) In General.—The Secretary, acting through the Assistant Secretary, shall develop and periodically update—

(i) best practices to assist elementary schools, secondary schools, and institutions of higher education in establishing and using behavioral intervention teams; and

(ii) a list of evidence-based threat assessment training providers to assist personnel in elementary schools, secondary schools, and institutions of higher education in implementing such best practices, including with respect to training behavioral intervention teams.

(b) ELEMENTS.—The best practices under subsection (a)(1) shall include guidance on the following:

(1) How behavioral intervention teams can operate effectively from an evidence-based, objective perspective while protecting the constitutional and civil rights of individuals, including any individual of concern.

(2) The use of behavioral intervention teams to identify individuals of concern, implement interventions, and manage risk through the lens of the school's or institution's rules or code of conduct, as applicable.

(3) How behavioral intervention teams can, when assessing an individual of concern—

(A) seek training on evidence-based, threat-assessment rubrics.

(B) ensure that such teams—

(i) have adequately trained, diverse stakeholders with varied expertise; and

(ii) use cross validation by a wide-range of individual perspectives on the team; and

(C) use violence risk assessment.

(4) How behavioral intervention teams can avoid—

(A) attempting to predict future behavior by the concept of pre-crime;

(B) inappropriately using a mental health assessment;

(C) inappropriately limiting or restricting law enforcement's jurisdiction over criminal matters;

(D) substituting the behavioral intervention process in place of a criminal process, or impede a criminal process, when an individual of concern's behavior has potential criminal implications;

(E) endangering an individual's privacy by failing to ensure that all applicable Federal and State privacy laws are fully complied with; or

(F) creating school-to-prison pipelines.

(4) The term 'pre-crime' means law-enforcement efforts and strategies to deter crime by predicting when and where criminal activity will occur.

(F) The term 'violence risk assessment' refers to a broad determination of the potential risk of violence based on evidence-based literature.’’.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

```

Mr. PALLONE. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 3539.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from New Jersey?
Mr. PALLONE. Mr. Speaker, I yield myself such time as I may consume.

I rise today in support of H.R. 3539, the Behavioral Intervention Guidelines Act of 2020. This champion of this legislation, Representatives DREW FERGUSON, MICHAEL BURGESS, JOE KENNEDY, and JIMMY PANETTA, worked together to help provide improved behavioral health prevention tools to schools and colleges across the country, and I applaud them for their bipartisan efforts.

Behavioral intervention teams are multidisciplinary teams that support students’ mental health and emotional well-being by detecting patterns, trends, and disturbances in behavior, and by conducting outreach to students who are unable to manage distress in healthy and constructive ways. These teams are already active in some educational settings, such as the University of California, Los Angeles; Texas A&M University; and Virginia Tech.

H.R. 3539 requires the Substance Abuse and Mental Health Services Administration to develop best practices for schools that have or want to have behavioral intervention teams. These best practices would cover the proper use of these teams and how to intervene to avoid inappropriate use of mental health assessments and law enforcement.

These best practices would then be required to be posted publicly on the Department of Health and Human Services website, and technical assistance to entities implementing these best practices.

As we have heard, Mr. Speaker, three in four children aged 3–17 with depression also have anxiety. Anxiety and depression are two top mental health conditions, and over 80 percent of young people with mental health needs did not receive the care they needed.

Young people in crisis should be able to access the care they need or be able to go to safe schools. But all too often, safety has been ruined by violence to self or others.

The Behavioral Intervention Guidelines, or BIG, Act combats this mental health epidemic head-on by providing local communities with the tools they need to help identify those most in need.

All across the country, schools like Columbus State University in my home state of Georgia and Texas Tech in Lubbock, Texas, have implemented behavioral intervention programs following the 2008 tragedy at Virginia Tech.

Dr. Chip Reese at Columbus State University and other university leaders, like Dr. Billy Phillips at Texas Tech, report that, as a result of these programs, they have seen universities’ culture change and are helping to get at-risk students back on the right track.

This important legislation would foster this approach by providing Federal guidance in the form of best practices. Once established, these best practices will be disseminated on the HHS website, and HHS would provide technical assistance for elementary, secondary, and higher education institutions that are looking to create their own behavioral health intervention teams.

Now more than ever, our students should have the proper resources and a supportive community around them to benefit their mental health. I strongly urge my colleagues to support this important piece of legislation.

I want to turn now and use the remainder of the time to recognize the fact that we all work hard on our legislation, but it doesn’t get all the way here all the way through without terrific staff. We are blessed on the Energy and Commerce Committee by having the very terrific staff, from top to bottom.

But today, I especially want to recognize and thank Mike Bloomquist, my staff director at the Energy and Commerce Committee. He has served as my chief of staff for many years and has been a trusted counselor. He is a sought-after mentor and a go-to resource for staff and Members alike, but more than that, he is a trusted counselor. He has helped us shepherd major legislation through the House, which has undoubtedly improved the lives of Americans, through his time as a public servant.

I think we all wish him the very best in his new endeavor and are thankful to his wife, Christie, and their three daughters for lending us their dad so often on nights and weekends and for phone calls, text messages, and more phone calls from me, day and night.

We wish him Godspeed in his next endeavor.

Mr. Speaker, I reserve the balance of my time.

Mr. PALLONE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker. I rise today in support of H.R. 3539, the Behavioral Intervention Guidelines Act of 2020, introduced by Representatives FERGUSON, BURGESS, KENNEDY, and PANETTA.

This important bill authorizes the Substance Abuse and Mental Health Services Administration to develop best practices for establishing and using behavioral intervention teams in elementary schools, secondary schools, and institutions of higher education.
Mr. WALDEN. Mr. Speaker, I yield myself the balance of my time.

I would just conclude my remarks by, again, speaking in favor of the underlying legislation, but also thanking Mike and his team for doing such a great job throughout this Congress and the preceding one to help all of us come together and solve the Nation’s problems to the best of our ability. They really are a talented team, and we have been fortunate to have Mike at the helm.

The SPEAKER pro tempore. Mr. Speaker, I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I urge support for the legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 3539, as amended.

The question was taken; and (two-thirtys being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

Mr. PALLONE. Mr. Speaker, I ask unanimous consent that all Members to support this bipartisan legislation and I yield the balance of my time.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from New Jersey (Mr. PALLONE) and the gentleman from Oregon (Mr. WALDEN) each will control 20 minutes.

The Chair recognizes the gentleman from New Jersey.

Mr. WELCH. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 4439.

Mr. PALLONE. Mr. Speaker, I urge the Senate to swiftly take action on this legislation and I yield the balance of my time.

Mr. WELCH. Mr. Speaker, I yield to the gentleman from New Jersey?

Mr. PALLONE. Mr. Speaker, I urge my colleagues to support this important legislation, and I yield the balance of my time.

Mr. WALDEN. Mr. Speaker, I yield 3 minutes to the gentleman from Florida (Mr. BILIRAKIS).

Mr. BILIRAKIS. Mr. Speaker, I rise today in support of H.R. 4439, the Creating Hope Reauthorization Act.

Mr. PALLONE. Mr. Speaker, I urge the Senate to swiftly take action on this legislation and I yield the balance of my time.

Mr. WALDEN. Mr. Speaker, I yield today in support of H.R. 4439, the Creating Hope Reauthorization Act, introduced by our colleagues, Representative BUTTERFIELD and Representative MCCaul. This bill extends the pediatric priority review voucher program for an additional 4 years.

The program, which has had bipartisan support since it was first created in 2012 with the passage of the Food and Drug Administration Safety and Innovation Act, aims to incentivize the development of therapies to treat rare pediatric diseases.

The pediatric PRV program has already proven successful in encouraging innovation. In fact, 22 therapies have been approved for the treatment of 18 rare pediatric diseases since its inception. However, we still have a long way to go. Nearly 95 percent of all rare diseases do not have an FDA-approved treatment, leaving many patients with no options.

This long-term reauthorization of the program will provide certainty to those developing drug development and investment in innovative therapies to treat rare pediatric diseases.

Bipartisan bills that encourage biomedical innovation like the one we are considering today mean continued hope for children and their families. That, one day, there will be a treatment and that there will be a cure.

So, Mr. Speaker, I urge my colleagues to support this important legislation, and I yield the balance of my time.

Mr. WALDEN. Mr. Speaker, I yield 3 minutes to the gentleman from Florida (Mr. BILIRAKIS).

Mr. BILIRAKIS. Mr. Speaker, I rise today in support of H.R. 4439, the Creating Hope Reauthorization Act.

Tragically, pediatric cancer remains the number one disease that leads to the death of American children. While survival rates have improved for some types of pediatric cancers, thousands of children are lost to cancer each year, and many more encounter life-threatening complications relating to harsh chemotherapies.

Children have significantly fewer treatment options than adults, Mr. Speaker, and oftentimes must rely on treatment regimens developed for adults because pediatric-specific treatments simply do not exist. Unfortunately, as the popular healthcare adage goes, children are not little adults.

Despite their significant need, pharmaceutical companies have had trouble developing treatments for pediatric cancer and rare diseases because of the small population and high cost of bringing these specific treatments to market.

FDA’s priority review voucher program has proven to be a boon to incentivizing the development of therapies to treat rare pediatric diseases. While progress has been made in the development of pediatric therapies—in fact, 22 therapies have been approved...
for the treatment of 18 rare pediatric diseases since 2012, which is really great—there is still more work to be done however. Nearly 95 percent of all rare diseases do not have an FDA-approved treatment, leaving many patients without much hope.

As co-chair of the Rare Disease Caucus, I sincerely appreciate the good work from Ranking Member McCaul, of course, the ranking member of the Committee on Energy and Commerce, and the chairmen of the Committee on Energy and Commerce for bringing this bill forward, and also Congressman Butterfield.

So, Mr. Speaker, I urge my colleagues to join us in passing the Creating Hope Reauthorization Act, which will extend this vital innovation lifeline for rare pediatric treatments and cures at FDA.

Mr. PALLONE. Mr. Speaker, I reserve my time in support of this bill today.

Mr. WALDEN. Mr. Speaker, I yield such time as he may consume to the gentleman from Texas (Mr. McCaul), who is a serious leader on this issue and has been for a long time.

Mr. Speaker, let me thank the ranking member, Mr. WALDEN, from Oregon for his steadfast support on this issue. I want to thank the chairman for getting to this point where we are back on the floor, and the Energy and Commerce Committee, in general, for its support of this bill 4 years ago and, now, a 4-year reauthorization.

As the founder and co-chair of the Childhood Cancer Caucus, I have met with countless cancer patients and advocates who have asked me for one thing: hope. They want meaningful hope, something realistic and something tangible, better cures, safer treatments, and more research dollars.

So, alongside my colleagues, Mr. BUTTERFIELD, Mr. KELLY, and Ms. SPEIER, we have used the Childhood Cancer Caucus to produce that hope. This week concluded two milestones for the hundreds of thousands of patients, advocates, and parents who were just hoping for better results.

When we first started this caucus a decade ago, there were only two new drugs developed to specifically treat pediatric cancer in the prior 20 years. I would talk to these children and their parents, and they would tell me that the cancer just had no treatment, or if there was a treatment, it was a drug developed in the 1960s or older.

Many of these drugs were meant to be used by adults, and their intent was to kill the cancer before it killed the person. That is why Mr. BUTTERFIELD and myself pushed the author to pass the original Creating Hope Act in 2011, to try to create a market to get more pediatric cancer and rare disease drugs approved in this country.

Specifically, our bill created a voucher award within the FDA where companies that developed rare pediatric disease drugs have priority on future products that could save kids’ lives. I am happy to report that this program has been very successful. Since 2014 when the first voucher was issued, 22 new drugs for rare diseases in kids have been approved by the FDA, including two drugs for childhood cancers, with more expected on the way.

I have seen, firsthand, the wonders of this program. In September of 2013, a constituent of mine named Rex Ryan was diagnosed with stage 4 neuroblastoma at just 18 months old. After exhausting all options, Rex was blessed to have received a novel new drug that was developed and approved in part because of the incentive of the Creating Hope Act. Rex is now cancer free and a healthy third grader saved by the drug developed because of this program.

It is for Rex and all the other children who have been saved because of this program and will be saved because of the program that I stand here today in support of the bill.

I think, most remarkably, of a dear friend of mine, Dr. Allison from MD Anderson Cancer Center, who had a childhood cancer clinical trial going and was able to use the voucher program to obtain FDA approval for a treatment now called immunotherapy. Immunotherapy is a breakthrough in cancer treatment not just for children but for all adults. He just the other day got the Nobel Prize in medicine for it.

While this bill before us today reauthorizes the program for another 4 years, I would hope to see, when we come back again, that this program will be made permanent. So I look forward to working with my colleagues in the Congress to achieve that goal.

I appreciate the support from the advocates and members of my team, especially my outgoing legislative director, Tom, and my outgoing legislative director, Thomas, who spent countless hours meeting with the advocates, the brains behind the operation, and Nancy Goodman, who gave us all these great ideas to develop four major pieces of legislation. I can’t thank Thomas enough for all the work he has done.

Together, we can and will defeat childhood cancer. It is vital that we keep this program alive so that we keep hope alive for the hundreds of thousands of children and their families who are waiting for the big break of a treatment.

Mr. WALDEN. Mr. Speaker, I want to thank my colleague from Texas for his great leadership on this issue. I encourage my colleagues to vote for this bill, and I yield back the balance of my time.

Mr. PALLONE. Mr. Speaker, I also urge support for the legislation, and I yield back the balance of my time.

Mr. Speaker, I rise in support of H.R. 4439, the “Creating Hope Reauthorization Act,” which amends the Federal Food, Drug, and Cosmetic Act to make permanent the authority of the Secretary of Health and Human Services to issue priority review vouchers to encourage treatments for rare pediatric diseases.

Under Section 529 to the Federal Food, Drug, and Cosmetic Act (FD&C Act), FDA will award priority review vouchers to sponsors of rare pediatric disease product applications that meet certain criteria. By definition, rare diseases do not affect much of the population, so there is little financial gain for pharmaceutical companies.

The U.S. government has created the Orphan Drug Act and the rare pediatric disease priority review voucher programs to add financial incentives for development of medicines, which is making the development of drugs for rare diseases more common. However, many of the drugs for rare diseases are approved for adults.

Physicians sometimes have no choice but to prescribe off-label use of such drugs for children.

Drugs for rare diseases, whether approved for pediatric patients or being used off label, often come in formats that are inappropriate for children.

Most young children have trouble swallowing tablets or capsules, and many children are sensitive to bitter-tasting drugs.

Sometimes, however, such formats are all that is available, which can lead to difficulty in effectively treating young patients.

This is why H.R. 4439, the “Creating Hope Reauthorization Act” is needed.

Under this program reinstated by this bill, a sponsor who receives an approval for a drug for a “rare pediatric disease” may qualify for a voucher that can be redeemed to receive a priority review of a subsequent marketing application for a different product.

Without the passage of this bill, according to the current statutory sunset provisions for the Rare Pediatric Disease Priority Review Voucher Program, after September 30, 2020, which means the FDA may only award a voucher for an approved rare pediatric disease product application if the sponsor has rare pediatric disease designation for the drug, and that designation was granted by September 30, 2020. Further, without this bill after September 30, 2022, FDA may not award any rare pediatric disease priority review vouchers.

Enactment of this bill will mean that requests for rare pediatric disease designation submitted within two weeks of a request for fast track designation or orphan drug designation are entitled to a 60-day review. Requests for rare pediatric disease designation not submitted with a request for fast track designation or orphan drug designation are reviewed as a timely manner, but however, the 60-day response time does not apply.

It is important for us to act today, because Friday, July 31, 2020, is the last business day that is not less than 60 days prior to September 30, 2020.

The Offices of Orphan Products Development and Pediatric. Therapeutics will continue to review all rare pediatric disease designation requests, but they cannot commit to providing a response to requests received after July 31, 2020. Pediatric rare diseases have received increased attention in recent years due to greater public awareness, significantly improved understanding and treatment.

Rare diseases can be difficult to diagnose in children, and many physicians do not have the proper training and knowledge to diagnose such diseases. According to a 2014 Medscape Multiplicity article, the average patient with a rare disease sees 7.3 physicians before diagnosis,
and 70 percent of physicians believe additional training in rare diseases would be helpful.

A rare disease can spread and worsen during the lengthy time before diagnosis and the start of the proper treatment.

I ask my colleagues to join me in supporting this bill.

Ms. ESCH. Madam Speaker, I rise in support of H.R. 4439, the Creating Hope Reauthorization Act, which I am proud to have advanced this bipartisan bill through my Health Subcommittee and I’m pleased to support it on the Floor today.

The Creating Hope Reauthorization Act sponsored by Representative G.K. BUTTERFIELD helps children access pediatric cancer drugs.

Pediatric cancer is the number one disease killer of American children, but pharmaceutical companies often avoid developing pediatric cancer drugs because of the small market and the high risks associated with studying and testing drugs for children.

The Creating Hope Reauthorization Act provides incentives for the research and development of drugs for children by providing the developers with the valuable Priority Review Vouchers which allow the recipient to speed up the FDA review of any one of its new drug products.

Since its passage the GAO studied the pediatric priority review vouchers and found that pharmaceutical developers said Priority Review Vouchers were a factor in drug development decisions.

Dr. Crystal Mackall of the Stanford Center for Cancer Cell Therapy said that, “The voucher program has been remarkably impactful for childhood cancers. Before the program, I used to go with my hat in hand to beg investors to consider a potential drug. Now people take a second look and are interested in developing drugs. We’re just getting started on this new way of thinking about children’s drugs. The voucher program required a culture change around how to think of the pediatric business model, which in the drug development world could take a while.”

As Dr. Mackall said, this program seeks to shift decision-making early in the lengthy drug development cycle. A lengthy reauthorization of 4 years as offered in the AINS will be beneficial for this decision-making and I urge my colleagues to support this bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from New Jersey (Mr. PALLONE) that the House suspend the rules and pass the bill, H.R. 4439, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read: “A bill to amend the Federal Food, Drug, and Cosmetic Act to extend the authority of the Secretary of Health and Human Services to extend the authority of the Secretary to encourage treatments for rare pediatric diseases.”

A motion to reconsider was laid on the table.

□ 1645
GRID SECURITY RESEARCH AND DEVELOPMENT ACT

Mr. BERA. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5760) to provide for a comprehensive interdisciplinary research, development, and demonstration initiative to strengthen the capability of the electric sector to prepare for and withstand cyber-physical attacks, and for other purposes, as amended. The Clerk read the title of the bill. The text of the bill is as follows:

H.R. 5760
Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE. This Act may be cited as the “Grid Security Research and Development Act”.

SEC. 2. FINDINGS. Congress finds the following:

(1) The Nation, and every critical infrastructure sector, depends on reliable electricity.

(2) Intelligent electronic devices, advanced analytics, and big data technologies and tools, when used across the electric sector, are essential to maintaining reliable operation of the electric grid.

(3) The cyber landscape is constantly changing and attacker capabilities are advancing rapidly, requiring ongoing modifications, advancements, and investments in technologies and procedures to maintain security.

(4) It is in the national interest for Federal agencies to invest in cybersecurity research that informs and facilitates private sector investment and use of advanced cybersecurity tools and procedures to protect information systems.

(5) The number of devices and systems connected to the electric grid is increasing, and integrating cybersecurity protections into information systems when they are built is more effective than modifying products after installation to meet cybersecurity goals.

(6) An understanding of human factors can be leveraged to understand the behavior of cyber threat actors, develop strategies to counter threat actors, improve cybersecurity training programs, optimize human-machine interfaces and cybersecurity tools, and increase the capacity of the energy sector workforce to prevent unauthorized access to critical systems.

SEC. 3. AMENDMENT TO ENERGY INDEPENDENCE AND SECURITY ACT OF 2007.

Title XIII of the Energy Independence and Security Act of 2007 (Public Law 110-140, as amended) is amended by adding at the end the following:

“SEC. 1310. ENERGY SECTOR SECURITY RESEARCH, SEARCH, DEVELOPMENT, AND DEMONSTRATION PROGRAM.

“(a) IN GENERAL.—The Secretary, in coordination with appropriate Federal agencies, the Energy Sector Coordinating Council, the Electric Reliability Organization, State, tribal, local, and territorial governments, the private sector, and other relevant stakeholders, shall carry out a research, development, and demonstration program to protect the electric grid and energy systems, including assets connected to the distribution grid, from cyber and physical attacks by increasing the cyber and physical security capabilities of the electric sector and accelerating the development of relevant technologies and tools.

“(b) DEPARTMENT OF ENERGY.—As part of the initiative under (a), the Secretary shall award research, development, and demonstration grants to—

“(1) identify cybersecurity risks to information systems, including, among others, the electric sector, energy systems, and energy infrastructure;”

“(2) develop methods and tools to rapidly detect cyber intrusions and cyber incidents, including through the use of data and big data analytics techniques, such as intrusion detection and security information and management systems, to validate and verify system health;

“(3) assess emerging cybersecurity capabilities that could be applied to energy systems and develop technologies that integrate cybersecurity features and procedures into the design and development of existing and emerging grid technologies, including renewable energy, storage, and demand-side management technologies;

“(4) identify existing vulnerabilities in intelligent electronic devices, advanced analytics systems, and information technologies;

“(5) work with relevant entities to develop technologies or concepts that build or retrofit cybersecurity features and procedures into—

“(A) information and energy management system devices, components, software, firmware, and hardware, including distributed control and management systems, and building management systems;

“(B) data storage systems, data management systems, and data analysis processes;

“(C) automated and manually controlled devices and equipment for monitoring and stabilizing the electric grid;

“(D) technologies used to synchronize time and develop guidance for operational contingency plans when time synchronization technologies are compromised;

“(E) power system delivery and end user systems and devices that connect to the grid, including—

“(i) meters, phasor measurement units, and other sensors;

“(ii) distribution automation technologies, smart inverters, and other grid control technologies;

“(iii) distributed generation, energy storage, and other distributed energy technologies;

“(iv) demand response technologies;

“(v) home and building energy management and control systems;

“(vi) electric and plug-in hybrid vehicles and electric vehicle charging systems; and

“(vii) other relevant devices, software, firmware, and hardware; and

“(F) the supply chain of electric grid management system components;

“(G) develop technologies that improve the physical security of information systems, including remote assets;

“(H) integrate human factors research into the design and development of advanced tools and processes for dynamic monitoring, detection, protection, mitigation, response, and cyber situational awareness;

“(I) evaluate and understand the potential consequences of practices used to maintain the cybersecurity of information systems and intelligent electronic devices; and

“(J) develop or expand the capabilities of existing cybersecurity test beds to simulate impacts of cyber attacks and combined cyber-physical attacks on information systems and electronic devices, including by integrating existing and emerging test beds for cooperative utilities, utilities owned by a political subdivision of a State, such as municipally-owned electric utilities, and other relevant stakeholders; and

“(K) develop technologies that reduce the cost of implementing effective cybersecurity technologies and tools, including updates to these technologies and tools, in the energy sector.

“(c) NATIONAL SCIENCE FOUNDATION.—The National Science Foundation, in coordination with other Federal agencies as appropriate, shall through its cybersecurity research and development programs—

“(1) support basic research to advance knowledge, applications, technologies, and tools to strengthen the cross-disciplinary cyber security research and develop programs—

“(I) support basic research to advance knowledge, applications, technologies, and tools to strengthen the cross-disciplinary cyber security research and development programs—
"(d) PARTNER WITH AGENCY.—The Secretary, in cooperation with other appropriate Federal agencies, shall convene participating agencies to improve the cybersecurity capabilities of the electric grid along with appropriate Federal agencies, shall convene relevant stakeholders and facilitate the development of—

(1) consensus-based best practices to improve cybersecurity for—

(1) emerging energy technologies;

(2) distributed generation and storage technologies, and other distributed energy resources;

(3) electric vehicles and electric vehicle charging stations; and

(4) other technologies and devices that connect to the electric grid;

(2) ELIGIBLE ENTITIES.—The entities eligible to receive technical assistance for commercial application of technologies under this section include—

(A) representatives of all sectors of the electric power industry, including electric utilities, trade organizations, and transmission and distribution system organizations, owners, and operators;

(B) State and local governments and regulatory authorities, including public utility commissions;

(C) tribal and Alaska Native governmental entities;

(D) partnerships among entities under paragraphs (A) through (C), and

(E) other entities the Secretary deems appropriate.

SEC. 1312. BEST PRACTICES AND GUIDANCE DOCUMENTS FOR ENERGY SECTOR CYBERSECURITY RESEARCH.

(a) IN GENERAL.—The Secretary, in coordination with appropriate Federal agencies, the Electricity Subsector Coordinating Council, standards development organizations, State, tribal, local, and territorial governments, the electric power industry, public utility commissions, and other relevant stakeholders, shall coordinate the development of guidance documents for research, development, and demonstration activities to improve the cybersecurity capabilities of the electric sector through participating agencies.

As part of these activities, the Secretary shall—

(1) facilitate stakeholder involvement to update—

(A) the Roadmap to Achieve Energy Delivery Systems Cybersecurity; and

(B) the Cybersecurity Procurement Language for Energy Delivery Systems, including developing guidance for

(i) contracting with third parties to conduct vulnerability testing for information systems used across the energy production, delivery, storage, and end use systems;

(ii) developing standardized terminology and monitoring processes; and

(iii) managing supply chain risks; and

(C) the Electricity Subsector Cybersecurity Capability Maturity Model, including the development of metrics to measure changes in cybersecurity readiness; and

(D) any other entities the Secretary deems appropriate.

SEC. 1311. GRID RESILIENCE AND EMERGENCY RESPONSE.

(a) In General.—Not later than 180 days after the enactment of the Grid Security Research and Development Act, the Secretary shall establish a research, development, and demonstration program to enhance resilience and strengthen emergency response and management pertaining to the energy sector.

(b) Grants.—The Secretary shall award grants under subsection (c) on a competitive basis to conduct research and development with the purpose of improving the resilience and reliability of the electric grid by—

(1) developing and testing new tools and technologies for efficient, reliable, and sustainable electric grid operations; and

(2) supporting research, development, and demonstration activities that improve the ability of the electric grid to recover quickly and reliably after large-area, long-duration electric grid outages.

(c) Eligible Activities.—For the purposes of this section, the term "eligible activity" means any activity conducted to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(1) develop and test tools and technologies for efficient, reliable, and sustainable electric grid operations; and

(2) support research, development, and demonstration activities that improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(A) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(i) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(ii) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(iii) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(iv) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(v) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(vi) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(vii) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(viii) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(ix) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(x) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xi) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xii) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xiii) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xiv) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xv) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xvi) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xvii) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xviii) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xix) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(xx) research and development activities to improve the ability of the electric grid to withstand and address the current and prospective vulnerabilities, including—

(2) carry out other activities the Secretary determines appropriate to achieve the purposes of this subsection.

SEC. 1313. CYBERSECURITY AND RESEARCH PATHWAYS.
“(2) recommended cybersecurity designs and technical requirements that can be used by the private sector to design and build interoperable cybersecurity features into technologies that connect the grid and enabling networked devices and components on distribution systems; and

(3) technical analysis that can be used by the private sector in developing best practices for test beds and test bed methodologies that will enable reproducible testing of cybersecurity protections for information systems, electronic devices, critical components, software, and hardware across test beds.

(c) REGULATORY AUTHORITY.—None of the activities authorized in this section shall be construed to establish regulatory actions. Additionally, the voluntary standards developed under this section shall not duplicate or conflict with mandatory reliability standards.

SEC. 1312. VULNERABILITY TESTING AND TECHNICAL ASSISTANCE TO IMPROVE CYBERSECURITY.

(a) IN GENERAL.—The Secretary shall—

(1) coordinate with energy sector asset owners and operators, leveraging the research facilities and expertise of the National Laboratories, to assist entities in developing testing capabilities by—

(A) utilizing a range of methods to identify vulnerabilities in physical and cyber systems;

(B) developing cybersecurity risk assessment tools and providing analyses and recommendations to participating stakeholders; and

(C) utilizing relevant stakeholders to develop methodology to share anonymized and aggregated test results to assist relevant stakeholders in the energy sector, researchers, and the private sector to advance cybersecurity efforts, technologies, and tools.

(2) collaborate with relevant stakeholders, including public utility commissions, to—

(A) develop programs to support staff training, and analytical tools needed to evaluate cybersecurity issues and challenges in the energy sector; and

(B) facilitate the sharing of information and the development of tools identified under subparagraph (A);

(3) collaborate with tribal governments to identify information, research, and analysis tools needed by tribal governments to increase the cybersecurity of energy assets within their jurisdiction.

SEC. 1313. VULNERABILITY TESTING AND STANDARDS.

(a) DUTIES.—The Secretary, in coordination with the Energy Sector Government Coordinating Council, shall—

(1) research, develop, and disseminate the most recent versions of the Roadmap to Achieve Energy Delivery Systems Cybersecurity and the Multi-Year Program Plan for Energy Sector Cybersecurity to identify areas relevant to the mission of the Department to advance cybersecurity efforts, technologies, and tools; and

(2) identify interdisciplinary research, technology, and tools that can be applied to cybersecurity challenges in the energy sector;

(3) identify technology transfer opportunities to accelerate the development and commercial application of novel cybersecurity technologies, systems, and processes in the energy sector; and

(4) develop a Strategic Plan for research to advance cybersecurity capabilities used in the energy sector that builds on the Roadmap to Achieve Energy Delivery Systems in Cybersecurity and the Multi-Year Program Plan for Energy Sector Cybersecurity.

(b) INTERAGENCY STRATEGIC PLAN.

(1) SUBCOORDINATION.—The Interagency Strategic Plan developed under subsection (a)(4) shall be submitted to Congress and made public within 12 months after the date of enactment of the Grid Security Research and Development Act.

(2) CONTENTS.—The Interagency Strategic Plan shall include—

(A) an overview of existing and proposed public and private sector research efforts that address the topics outlined in paragraph (3); and

(B) an overview of needed support for workforce training in cybersecurity for the energy sector.

(C) CONSIDERATIONS.—In developing the Interagency Strategic Plan, the Secretary, in coordination with the Energy Sector Government Coordinating Council, shall consider—

(A) opportunities for human factors research to improve the design and effectiveness of cybersecurity devices, technologies, tools, processes, and training programs;

(B) contributions of other disciplines to the development of innovative cybersecurity procedures, devices, components, technologies, and tools;

(C) opportunities for technology transfer programs to facilitate private sector development of cybersecurity procedures, devices, components, technologies, and tools for the energy sector;

(D) broader applications of the work done by relevant Federal agencies to advance the cybersecurity of information systems and data analytics systems for the energy sector; and

(E) activities called for in the Federal cybersecurity and research and development strategic plan required by section 304(a)(1) of the Cybersecurity Enhancement Act of 2014 (15 U.S.C. 7433(a)(1)).

(c) PARTICIPATION.—For the purposes of carrying out the cybersecurity research and development program established under section 1311(b), the Secretary shall leverage programs and activities carried out across the Department of Energy, other relevant Federal agencies, institutions of higher education, and other appropriate entities best suited to provide national leadership on cybersecurity and grid resilience-related issues.

SEC. 1315. INTERAGENCY COORDINATION AND TECHNICAL ASSISTANCE TO IMPROVE CYBERSECURITY.

(a) DUTIES.—The Secretary, in coordination with the Energy Sector Government Coordinating Council, shall—

(B) evaluate the cybersecurity risks and benefits of various design and architecture options for energy sector systems, networked grid systems and components, and automation systems, including consideration of—

(i) designs that include both digital and analog control devices and the impact of different communication technologies used to transfer information and data between control system devices, technologies, and system operators;

(ii) automated and human-in-the-loop devices and technologies;

(iii) programmable versus nonprogrammable devices and technologies;

(iv) increased redundancy using dissimilar cybersecurity technologies and
different methods of communicating.

(v) increased redundant systems and controls, and other factors common among cybersecurity technologies; and

(vi) grid architectures that use autonomous functions to limit control vulnerabilities; and

(F) recommend methods or metrics to document changes in risks associated with system design and architectures.

(2) REPORT.—Not later than 24 months after the date of enactment of the Grid Security Research and Development Act, the Secretary shall submit to the Committee on Energy and Natural Resources of the Senate.

SEC. 1316. DEFINITIONS.

In this title:

(1) BIG DATA.—The term ‘big data’ means datasets that require advanced analytical methods for their transformation into useful information or insights.

(2) CYBERSECURITY.—The term ‘cybersecurity’ means protecting an information system or
information that is stored on, processed by, or transmitting an information system from a cybersecurity threat or security vulnerability.

(3) CYBERSECURITY THREAT.—The term ‘cybersecurity threat’ has the meaning given the term in section 102 of the Cybersecurity Information Sharing Act of 2015 (6 U.S.C. 1501).

(4) ELECTRICITY SUBSECTOR COORDINATING COUNCIL.—The term ‘Electricity Subsector Coordinating Council’ means the self-organized, self-governed council consisting of senior industry representatives to serve as the principal liaison between the Federal Government and the electric power sector and to carry out the role of the Sector Coordinating Council as established in the National Infrastructure Protection Plan for that sector.

(5) ENERGY SECTOR GOVERNMENT COORDINATING COUNCIL.—The term ‘Energy Sector Government Coordinating Council’ means the council consisting of representatives from relevant Federal Government agencies to provide effective coordination of energy sector efforts to ensure a secure, reliable, and resilient energy infrastructure and to carry out the role of the Government Coordinating Council as established in the National Infrastructure Protection Plan for that sector.

(6) HUMAN FACTORS RESEARCH.—The term ‘human factors research’ means research on human performance in social and physical environments in order to enhance detection, detection, and protection of humans with physical systems and computer hardware and software.

(7) HUMAN-MACHINE INTERFACES.—The term ‘human-machine interfaces’ means technologies that present information to an operator or user about the state of a process or system, or accept human instructions to implement an action, including visualization displays such as a graphical user interface.

(8) INFORMATION SYSTEM.—The term ‘information system’ means a system identified in the National Infrastructure Protection Plan for the electric power sector as a critical infrastructure system.

(9) NATIONAL LABORATORY.—The term ‘national laboratory’ has the meaning given the term in section 2 of the Energy Policy Act of 2005 (42 U.S.C. 15801).

(10) SECURITY VULNERABILITY.—The term ‘security vulnerability’ has the meaning given the term in the Cybersecurity Information Sharing Act of 2015 (6 U.S.C. 1501).

(11) TRANSIENT DEVICES.—The term ‘transient devices’ means removable media, including floppy disks, CD-ROMs, DVD-ROMs, USB flash drives, external hard drives, mobile devices, and other devices that utilize wireless connections.

SEC. 1318. AUTHORIZATION OF APPROPRIATIONS.

There are authorized to be appropriated to the Secretary to carry out this Act—

(1) relevant programs and activities across the Department;
(2) the Department of Defense; and
(3) the Department of Homeland Security.

(c) CRITERIA FOR TEST FACILITY.—In carrying out the program under subsection (a), the Secretary shall establish and operate a Critical Infrastructure Test Facility that allows for scalable physical and cyber performance testing to be conducted on industry-scale critical infrastructure systems. This facility shall include focus on—

(1) cybersecurity test beds; and
(2) electric grid test beds.

(h) TERMINATION.—Consistent with the existing authorities of the Secretary, the Secretary shall terminate the Test Facility for cause during the performance period.

SEC. 1319. CONGRESSIONAL REVIEW.

Section 10(b) of the Energy Independence and Security Act of 2007 is amended in the table of contents by adding after the matter relating to section 1309 the following:

‘Sec. 1310. Energy sector security research, development, and demonstration program.’

‘Sec. 1311. Grid resilience and emergency response research.

‘Sec. 1312. Best practices and guidance documents for energy sector cybersecurity research.

‘Sec. 1313. Vulnerability testing and technical assistance to improve cybersecurity.

‘Sec. 1314. Education and workforce training research and standards.

‘Sec. 1315. Interagency coordination and strategic plan for energy sector cybersecurity research.

‘Sec. 1316. Report to Congress.

‘Sec. 1317. Definitions.

‘Sec. 1318. Authorization of appropriations.’

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. BERA) and the gentleman from Oklahoma (Mr. LUCAS) each will control 20 minutes.

The Chair recognizes the gentleman from California.

Mr. BERA. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and to include extraneous material on H.R. 5760, the bill now under consideration.

The SPEAKER pro tempore. Is there objection to the presentation of the gentleman from California?

There was no objection.

Mr. BERA. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, in support of this bill, H.R. 5760, the Grid Security Research and Development Act, I first want to thank the chairwoman of the Committee on Science, Space, and Technology, Ms. JOHNSON, and the ranking member, Mr. LUCAS, for their help in passing the Grid Security R&D bill out of the Committee on Science, Space, and Technology and bringing it to the floor.

I also thank my colleague, Congressman Andy WEBER from Texas, for joining on as a bipartisan cosponsor.

Mr. Speaker, the Grid Security R&D Act supports sustained investment across Federal agencies in research and technology to keep pace with the rapidly evolving threats to our critical grid. The bill focuses on protecting our grid from two major threats: Cyber and physical.

Access to reliable power is core to our economy, and the impact of physical threats to our electric grid have never been clearer than now.

This summer, in my home State of California, the scenario of high winds, combined with lightning strikes and dry ground, have created some of the most dangerous wildfires in our State’s history. In addition to burning millions of acres and causing loss of life, these wildfires put a significant part of our region on notice for potential emergency power shutoffs to reduce the risk of new outbreaks and further wildfire damage.

However, these shutoffs are not as simple as turning off and on a light switch. It takes time to de-energize transmission systems in advance of a severe weather event and to reenergize the system after the threat has passed.

While safety and preventing wildfires is a high priority, these shutoffs can leave hundreds of thousands of people without power for a few days. Dangerous wildfires, intense periods of drought, and other severe weather events have become increasingly more common in recent years because of climate change and will continue to threaten our grid.

Furthermore, the inability to protect our grid from these severe weather events becomes more magnified during significant emergencies like the COVID-19 pandemic.

Our hospitals and emergency rooms are working around the clock to save lives. They need access to reliable power and the assurance to know that the power will not go out during an important surgery or stop a ventilator from running.

In addition, food banks and restaurants rely on refrigeration to continue supplying food to those in need and our small businesses cannot reopen if they can’t keep the lights on.

Ensuring access to electricity is critical in times like this. That is why I am proud to lead this bill, which would help strengthen the resiliency of our electric grid against physical threats. Our bill would also provide funding to develop technologies that would toughen our grid against other natural disasters by improving early detection of deteriorating electrical transmission and distribution systems.
This aging equipment can tend to spark and come in contact with vegetation during high-wind events and natural disasters causing wildfires.

This bill will also spur the development and implementation of microgrid and battery storage technologies, provide backup power options so that in the event of an emergency power shut-off, a more targeted shutoff will impact less households.

The threat of climate change in our electric grid is real. We have an opportunity to continue the modernization of our power system infrastructure, and this bill is a step in the right direction.

Mr. Speaker, the other focus of our bill is improving cybersecurity across our electric grid. As the grid and other forms of critical infrastructure become more digitized, the risk that cyberattacks would shut down critical systems has increased, and in some cases these attacks can even cause physical damage to the grid. The types of cyber attacks continue to become more sophisticated.

Last year, cyber hackers remotely attacked electric grid networks for the first time, affecting several Western States, including California, Utah, and Wyoming. Given how critical reliable access to power is to our daily lives, these attacks highlight the need for investment to address this evolving threat.

H.R. 5760 would authorize a comprehensive, coordinated research effort across Federal agencies to advance cybersecurity capabilities for the energy sector.

Research areas would include: improving rapid detection of cyber intrusions, integrating cybersecurity features into the energy infrastructure, and focusing in on cyber solutions through our defense sector that can be modified and transferred to the civilian power sector.

Lastly, our bill invests in strengthening our cybersecurity workforce. As our electric grid continues to modernize with renewable energy and energy storage technologies, a high-skilled workforce will be needed who understand the evolving threats.

I look forward to working with the Senate to get this bill passed into law so we can continue to improve the resiliency of our electric grid.

Mr. Speaker, I urge my colleagues to support this commonsense legislation, and I reserve the balance of my time.

Mr. WEBER of Texas. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, last week when the House considered the massive Clean Economic Jobs and Innovation Act, I expressed my disappointment with the partisan policies in the bill, with the rushed and irresponsible process of writing it, and, most of all, with the sheer number of missed bipartisan legislative opportunities it represents.

This week, I am glad to see that my friends across the aisle have taken heed of those words.

The Committee on Science, Space, and Technology has one of the best track records in Congress for passing productive, bipartisan legislation, and I am pleased to see us upholding that tradition once again.

H.R. 5760, the Grid Security Research and Development Act, is a truly bipartisan Committee on Science, Space, and Technology product. It is sponsored by vice-chairman AMI BERA and Energy subcommittee Ranking Member RANDY WEBER. It has gone through regular order, and is the result of thoughtful consideration, careful analysis, and substantial debate. I support its passage today.

Currently, the U.S. energy sector and its aging electrical grid faces many critical challenges, like higher demand, vulnerability to cyberattacks, and increased integration of new energy sources. It is our job in Congress to set the priorities to meet these challenges and to focus our limited federal funds where we can see the best return on investment.

To deliver effective solutions, we must take the long-term and big-picture approach. We must support early-stage research that will spur innovation in a broad array of energy applications and provide for R&D to mobilize and defend our critical energy infrastructure.

The bipartisan Grid Security Research and Development Act will strengthen our Nation’s electric grid against rapidly changing technological challenges. It authorizes the Department of Energy’s vital cybersecurity and emergency response R&D activities and directs DOE to work with relevant Federal agencies to develop cybersecurity best practices.

Through the committee markup process, we were able to improve this legislation by adding key research infrastructure provisions to the legislation, H.R. 5688, the Securing American Leadership in Science and Technology Act.

This provision requires the Secretary to carry out a program of research, development, and demonstration of technologies and tools to help ensure the resilience and security of critical integrated grid infrastructures.

It also requires the Secretary to establish and operate a critical infrastructure test facility that allows for both physical and cyber performance testing to be conducted on large-scale infrastructure systems. This test facility will amplify and accelerate the high-priority research and development activities authorized in the original text and maximize the return on investment of taxpayers’ dollars.

Mr. Speaker, I would like to take this opportunity to thank my good friend across the aisle for working with us to come to agreement on this provision and on this bill. I am glad to see we can come together to focus on our shared interest in improving U.S. national security and energy resilience for the next generation.

Mr. Speaker, I urge my colleagues to support this bill, and I reserve the balance of my time.

Mr. BERA. Mr. Speaker, I reserve the balance of my time.

Mr. LUCAS. Mr. Speaker, I yield 5 minutes to the gentleman from Texas (Mr. WEBER), the ranking member of the Energy Subcommittee.

Mr. WEBER of Texas. Mr. Speaker, I thank the gentleman for yielding. I also thank Representative BERA for introducing this bill with me. I am proud to rise in support of H.R. 5760.

Mr. Speaker, cyber and physical threats to our electric grid are constantly evolving in technique and increasing in number. This challenge is magnified by its complexity. No two attacks are exactly the same.
Last year in the United States, the energy sector ranked ninth in industries most targeted by cyberattacks. In fact, IBM estimated that cyberattacks against vital energy sector technologies, like industrial control and operational systems, increased by more than 2,000 percent—2,000 percent.

Mr. Speaker, it is clear that we must be prepared to address this threat as we continue to build on the success of our clean energy future and long-term international competitiveness. Every single aspect of our daily lives in each economic sector in our Nation is dependent on the uninterrupted flow of power. I like to say that the things that make America great are the things that America makes.

How do we do that? With an uninterrupted, affordable flow of power.

Therefore, we must focus heavily on early-stage research into new technologies, including resilience, the reliability, and the emergency response capabilities of our electric grid.

H.R. 5760 does that by authorizing a multiyear research and development program to bolster the cyber and physical security capabilities of the energy sector.

It authorizes key federal agencies, like the Department of Energy and the National Science Foundation, to support early-stage research, development, and demonstration activities that will advance critical cybersecurity technologies and enhance the security of energy sector information systems.

Mr. Speaker, I am also pleased to say, as the ranking member did, that this bill is truly bipartisan. We worked closely together to develop good legislation, and we included a key Committee on Science, Space, and Technology Republican priority; that is, a critical infrastructure research program and test facility.

This provision, originally offered by my good friend, Ranking Member LUCAS’ bill, H.R. 5685, the Securing American Leadership in Science and Technology Act, was accepted as an amendment at committee markup.

In coordination with the Department of Defense and the Department of Homeland Security, the DOE-led research program and test facility will allow for U.S. researchers to conduct a variety of high-priority tests on critical infrastructure systems at the industrial scale. This facility is a perfect example of the research asset that the Federal government is best suited to provide.

As recent events have shown us, it is not a question of if the U.S. power grid will be a significant physical or cyber threat, it is only a matter of when. In order to improve the cyber and physical security of our Nation’s energy sector, we, in Congress, must continue to prioritize R&D to modernize and strengthen the national electricity system.

We can’t agree on everything—I get that—especially when wish lists and partisan messaging exercises rule the day. However, when we identify our shared goals and work together in good faith, we can put together real legislation and find a path forward for the benefit of the American people.

Mr. Speaker, again, I thank Dr. BERA for introducing this legislation, and Members and staff of both sides of the aisle for working in a collaborative manner to reach a consensus on this standalone bill.

Mr. Speaker, I encourage my colleagues to support this legislation. There is real power in doing so.

Mr. BERA. Mr. Speaker, I, too, also want to recognize the bipartisan nature of this bill. It shows what we can do when we get together. I recognize the hard work of the staff from the Committee on Science, Space, and Technology.

Mr. Speaker, I have no additional speakers, and I reserve the balance of my time.

Mr. LUCAS. Mr. Speaker, I am prepared to close, and I yield myself such time as I may consume.

Mr. Speaker, we must invest in the long-term, early-stage research that will strengthen our energy infrastructure against a range of emerging threats.

The Department of Energy is uniquely qualified to lead this endeavor, and the partnerships that exist between its national laboratory systems, universities, and industry has the potential to modernize and transform U.S. energy delivery systems.

H.R. 5760 authorizes the advanced grid security R&D activities that will make the future U.S. electrical grid reliable, resilient, and secure for all Americans.

I, again, thank my friends across the aisle for working with us on this bill. We need to come together and have serious conversations about how to make real progress on next-generation energy issues. I am glad to see us doing that today.

I urge my colleagues to support this legislation, and I yield back the balance of my time.

Square 1700

Mr. BERA. Mr. Speaker, I, once again, urge support of this commonsense, important legislation, and I yield back the balance of my time.

Mr. JOHNSON of Texas. Mr. Speaker, I rise today in support of H.R. 5760, the Grid Security Research and Development Act. I want to thank Mr. BERA for his leadership in introducing this bipartisan bill and for his commitment to developing legislation that will help strengthen America’s electricity grid. I also want to thank my colleagues on the other side of the aisle who have recognized the importance of these investments and have joined me in supporting this important legislation.

The Grid Security Research and Development Act is updated version of a bill that Mr. BERA and I introduced along with many of my Science Committee colleagues, in the previous two Congresses. This bill provides legislative guidance to the activities carried out by the recently established Department of Energy Office of Cybersecurity, Energy Security, and Emergency Response by authorizing a cross-agency research and development program to advance electric grid cybersecurity and physical security. In particular, the bill authorizes activities on grid resilience and emergency response, including early-stage research, and education and workforce training for the energy sector.

The passage of this bill is particularly important now, as states all over the U.S. are experiencing unprecedented extreme weather events, ranging from tornados in Texas to the ongoing wildfires in California and Oregon. In California specifically, utilities are shutting off power to millions of customers when there are high winds in certain areas to prevent the onset of wildfires sparked by trees and other vegetation near critical grid infrastructure. This bill contains provisions to help address these important issues by directing the Department of Energy to conduct research on technologies to assist with the safe planning and execution of emergency power shut-offs and technical assistance on related topics, and establish a training program to improve grid resilience, among other provisions.

That’s why I am proud to rise today in support of H.R. 5760. It would make important investments to improve the security and ensure the safety and resilience of our electric grid infrastructure. I also urge my colleagues to make a wise investment for our nation by joining me in supporting this bipartisan bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. BERA) that the House suspend the rules and pass the bill, H.R. 5760, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

REAFFIRMING THE HOUSE OF REPRESENTATIVES’ COMMITMENT TO THE ORDERLY AND PEACEFUL TRANSFER OF POWER CALLED FOR IN THE CONSTITUTION OF THE UNITED STATES

Mr. SWALWELL of California. Mr. Speaker, I move to suspend the rules and agree to the resolution (H. Res. 1155) reaffirming the House of Representatives’ commitment to the orderly and peaceful transfer of power called for in the Constitution of the United States, and for other purposes.

The Clerk read the title of the resolution.

The text of the resolution is as follows:

H. Res. 1155

Whereas the United States is founded on the principle that our Government derives its power from the consent of the governed and that the people have the right to change their elected leaders through elections;

Whereas our domestic tranquility, national security, general welfare, and civil liberties depend upon the peaceful and orderly transfer of power; and

Whereas any disruption occasioned by the transfer of the executive power could
September 29, 2020

CONGRESSIONAL RECORD—HOUSE

H5031

produce results detrimental to the safety and well-being of the United States and its people: Now, therefore, be it

Resolved, That the House of Representa-
(tives—
(1) reaffirms its commitment to the or- derly and peaceful transfer of power called for in the Constitution of the United States; and
(2) intends that there should be no disrup- tions by the President or any person in power to overturn the will of the people of the United States.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. SWALWELL) and the gen- tleman from Florida (Mr. STEUBUE) each will control 20 minutes.

The Chair recognizes the gentleman from California.

Mr. SWALWELL of California. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the measure under consid- eration.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. SWALWELL of California. Mr. Speaker I yield myself such time as I may consume.

Mr. Speaker, I rise in support of my resolution, H. Res. 1155, reaffirming the commitment of the House of Rep- resentatives to the peaceful transfer of power. This is identical to the resolution which passed the Senate last week by unanimous consent.

The peaceful transition of power is not only a bedrock principle of Amer- ica’s founding; it is a living ideal that we must exercise and pass down to our children.

In the United States of America, the Federal Government has always had a peaceful transition of power, and it is a collective responsibility of this body to ensure that continues. I doubt anyone here needs to be reminded of that.

Everyone in America knows this is what makes us American. Everyone, that is, except President Trump. Last week, he was asked a simple question: Will you commit to making sure there is a peaceful transfer of power after the election? His answer: Well, we are going to have to see what happens.

No, we are not going to have to see what happens.

Then he was asked again: Do you commit to making sure there is a peaceful transfer of power?

Here was his answer, in part: Get rid of the ballots, and you will have a very—well we will have a very peaceful—there won’t be a transfer, frankly. There will be a continuation.

During his remarks, he also made bogus and unsupported claims of elec- tion fraud. Just in case people were not listening, he said the same thing the next day.

President Trump, like any President, wields enormous power, with Federal law enforcement and the military at his disposal. It is beyond unsettling to hear him suggest that the only result he will accept is the one where he wins.

That sentiment is one of dictators and despots. Sadly, the world is replete with examples of dictators and despots and their refusal to leave office and the chaos it causes. In late 2016, Gambia’s President threatened to refuse to leave office, even though he had lost the election. Thousands fled the country fearing violence. Only when the country’s troops massed at the border was he forced to leave office in early 2017.

Congolese President refused to leave office in 2016, even though he had expired. He cracked down on dissent and killed people when they protested the election results. That election fi- nally took place two years late.

Last year in Bolivia, the President declared himself the winner before the vote counting was even finished. After days of civil unrest and protest, the President was replaced.

Belarus remains in crisis even now as the longtime President holds onto power through an obviously rigged election. Mass protests have gone on with many injured, gassed, or killed.

In my mind, it’s not one person, but we, the people; we, the people, who rule. As this resolution says, the people have the right to change their elected leaders through elections.

Fortunately, there is no shortage of leaders around the world to help America’s past to show us the way.

I was born in November of 1980, right after Jimmy Carter lost to Ronald Reagan. I was born the son of two Re- publican parents who were excited for the peaceful transition of power to take place. One of my earliest memories of American politics, though, was when I was 11 years old and President George H. W. Bush lost to President Clinton.

My parents were not as excited about the peaceful transition of power. But I remember, as a boy, watching the results come in and seeing the statements from outgoing President George H. W. Bush and commentators and anchors saying, “This is what makes our country so special” and my own family moving on and accepting the results.

In a poignant recognition of this, listen to part of what former President George Herbert Walker Bush wrote to President Bill Clinton the day he had defeated him, in a note that he left for him in the Oval Office dated January 20, 1993. And it is just here to my left.

“You will be our President when you read this; thus I wish you well. I wish your family well. Your success now is our country’s success. I am rooting hard for you.”

After the 1824 election was decided here, in this House, with Henry Clay throwing his support to John Quincy Adams, Jackson won the popular vote. Jackson was understandably outraged and de- nounced the result as a corrupt bar-

gain. That type of language sounds fa- miliar. But he accepted the outcome and returned to Tennessee.

On the evening of the day he lost the Presidency, Jackson encountered the new President-Elect at the White House. Jackson was gracious, and the change of leaders filled with grace. “You have, by your dignity and forbearance under all of these outrages, won the people to your love,” a friend told Jackson, who would run again in 1828 and win.

Historian Jon Meacham recently wrote in March of this year about President Lincoln in 1861, the country mired in a Civil War, running against George McClellan on the Democratic side. Lincoln had written privately he was ready to accept defeat, the election did not look like it was going to go his way, and even in a Civil War, there would be a peaceful transfer of power.

This resolution states clearly to every American, not on our watch. Not on our watch, for as long as we have people to do the same today. Putin wants America to be weak, second to Russia, and anchors saying, “This is what makes our country so special.”

And what do dictators do? They don’t let the people decide, and they certainly don’t honor any peace- ful transition of power.

Why is it a problem for Americans to have a leader who admires Putin and often sides with Putin over America? Because we know that Vladimir Putin would love nothing better than to de- stroy our democracy.

In fact, our intelligence community assessed that in 2016, Vladimir Putin had a preference for our President and interfered to help him and that he is doing the same today. Putin wants America to be weak, second to Russia, just another country with no moral standing in the world.

But what makes us strong is our rule of law, our democracy, a country gov- erned by the consent of the people. When that happens, we all do better, and Russia hates that. Why? Because Russians and other oppressed people will want to look more like Amer- ica.

Just think about it. The idea now that Russia could bring down America without even firing a shot because we have one person who is threatening to upset the fabric of our democracy. We cannot let that happen. Too many have sacrificed too much to make sure it doesn’t happen.
Days after the election, we will each go back to our districts and honor those who have served our country in honor of Veterans Day. We will be reminded of so many heroes who have died and shed blood, just for the principle of a peaceful transition of power. We have so many for this concept.

Now, I know there are some in this country who think that these heroes who fought for this country are suckers and losers for giving up their lives, but I don’t think that. I don’t believe my Republican colleagues think that. I know colleagues on both sides hold these folks up to be heroes. I know each of us wants to go to our hometowns right after election day to those Veterans Day parades, look at our hometown heroes, look them in the eyes and tell them when our democracy was threatened, we stood up and we spoke out.

The way we honor their sacrifice is to fight for this. And when someone suggests that a peaceful transfer of power may not happen, we have to push back in every way we can.

So I want to thank all of my colleagues, both Democrats and Republicans, who over the past few days have reaffirmed our understanding of how in America we handle transitions of power and reject the threats from our current leader that it may not happen.

By voting for this resolution, you can go on record as supporting these principles. By its text, it “reaffirms the House’s commitment to the orderly and peaceful transfer of power called for in the Constitution of the United States; and intends that there should be no disruption by the President or any person in power to overturn the will of the people of the United States.”

Even in this era of bitterly divided partisanship, these are basic, philosophical tenets, bedrocks and living principles that should receive unanimous support here in the House.

I urge all Members to support my resolution, and I reserve the balance of my time.

The SPEAKER pro tempore. Members are reminded to refrain from engaging in personalities toward the President.

Mr. STEUBE. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, today, we are here to witness that any unnecessary resolution to commit to a peaceful transfer of power.

To be clear, President Trump and House Republicans are committed to ensuring Americans receive a free and fair election. Republicans are also committed to peaceful transitions of power.

Democrats have been the ones to contest Presidential elections. They contested the 2000 election, they contested the 2004 election, and Democrats refused to believe that President Trump won the 2016 election fair and square. So ahead of November 3, 2020, the Democrats are using floor time for partisan smear tactics to undermine the President.

The administration has been clear. On September 24, 2020, Press Secretary Kayleigh McEnany stated: “The President will accept the results of a free and fair election. We will accept the will of the American people.”

The real question today is: Will the Democrats accept the results of the election?

They are already questioning the legitimacy of this election. Hillary Clinton, the Democrats’ nominee in 2016, has advised: “Joe Biden should not concede under any circumstances.”

A senior House Democrat stated that President Trump is not going to win fairly.

Democrat Presidential nominee Joe Biden has said that his “single greatest concern” is that the President is “going to try and steal this election.”

This resolution is just another attempt by the Democrats to stall within the American people, just one more hoax for them to perpetuate upon the American people.

Not only have Democrats prematurely questioned the results of the election; they have proactively sought to erode basic election security safeguards as States move toward all mail-in voting, universal mail-in ballots. This is the same President Trump has been warning about.

In several States, Democrats are trying to eliminate absentee ballot witnessing and notary requirements, expanding ballot harvesting, and extending deadlines for States to receive mail-in ballots for up to a week after the election. If successful, Democrats will inevitably open the door to election crimes and administration errors.

So while making baseless accusations about President Trump stealing the election, Democrats are also undermining the integrity of the electoral process by pushing for less accountability. On top of that, we are here today to consider a resolution to chastise the President for raising policy concerns about the process. This is ridiculous, and it needs to stop.

Mr. Speaker, I reserve the balance of my time.

Mr. SWALWELL of California. Mr. Speaker, I yield 3 minutes to the gentleman from Texas (Mr. GOHMERT). Mr. NEGUSE. Mr. Speaker, I stand in strong support of this resolution.

There has been quite a bit of discussion regarding partisanship from some of my friends on the other side of the aisle. I would offer the following quote, which was uttered 39 years ago: “To a few of us here today, this is a solemn and most momentous occasion, and yet, in the history of our Nation, it is a commonplace occurrence. The orderly transaction of authority, as called for in the Constitution, will actually take place as it has almost for two centuries, and few of us stop to think how unique we really are. In the eyes of many in the world, this every-4-year ceremony that we accept as normal is nothing less than a miracle.”

Those words were uttered in 1981 by President Ronald Reagan, and his words couldn’t have been more prescient.

It is a shame that we are here today, a shame that the current President has refused to affirm perhaps that most basic tenet of American democracy, the peaceful transfer of power after an election.

I don’t believe that this should be partisan. We may be on different sides of the aisle; we have different solutions to some of the most pressing challenges that our country faces; but we all should, we all must, believe in this grand American experiment.

The peaceful transition of power is a hallmark of our Republic. For over 200 years, as President Reagan noted, every President has honored the orderly and peaceful transfer of power to his successor.

So, in my view, the House of Representatives must speak loudly here. We beg the American people to reaffirm our commitment to the peaceful transition of power, as our colleagues in the United States Senate did just last week.

Mr. Speaker, I thank Representative SWALWELL for leading on this issue, and I would urge every one of my colleagues in this Chamber, Republican, Democrat, and Independent, to support this important resolution.

Mr. STEUBE. Mr. Speaker, I yield such time as he may consume to the gentleman from Texas (Mr. GOHMERT). Mr. GOHMERT. Mr. Speaker, I agree with my colleagues across the aisle. This should not be a partisan matter. We shouldn’t have to be here today.

But unfortunately, the Democrats decided to make this partisan. I beg the American people to make an amendment because this is one slap at a man who has already made clear, yes, he wants to stop fraudulent voting and make sure that hadn’t occurred, but he is going to abide by the will of the people. Yet, they refused to allow any amendments.

It says, it is resolved that the House of Representatives “intends that there should be no disruptions by the President or any person in power to overturn the will of the people of the United States.”

Of course, it is not Republicans who have divided this country in refusing to accept results of the elections. No, you go back to 1860. November 6, 1860, Republican Abraham Lincoln was in fact President by a big margin, and then States start seceding. They are not going to accept the results.
Abraham Lincoln was inaugurated. Back then, it was March 4, 1861. States were already seceding. We are not accepting the results. And they were, every one a Democrat, saying that we are not going to accept that Republican as our President.

Then, what do we hear from Hillary Clinton? She has been quoted as saying that “Joe Biden should not concede under any circumstances, because I think this is going to drag out.”

Go back to the Democratic refusal to accept the results of the election of 1860. In 1960, John F. Kennedy was elected, and I have confirmed again today with someone who worked closely with Nixon that he had information submitted to him that established that there was much wrongdoing in Chicago, Illinois, fraudulent voting schemes.

Despite what any others may think about Richard Nixon, he made the decision that the country could not stand that division for 100 years, so he refused to pursue the fraud of which he was told there was plenty of evidence in Chicago, Illinois. That is the way the Republicans have been.

Then, we hear more sanctimonious talk about George W. Bush, and then who contested the election? Well, Al Gore. He calls and concedes, and then he later calls and backs it up. Thank goodness he wasn’t President when we needed a decisive leader.

But if you go through the chronology of Gore’s defeat by President Bush—and a recount ultimately showed that he did lose. Gore did lose; Bush did win. But he was still contesting. He divided this Nation, refused to accept the results of the election, brought up some of the most ridiculous things from the butterfly ballot that kids in the fifth grade had no problem with. Oh, but it is unfair because they can’t really understand it in that part of Florida. What an insult to those people in Florida.

If you look now at what the Democratic Party is saying about this election in response to President Trump saying, I just want to make sure that it is not fraudulent voting; it is fair voting. And as long as everything is legal and fair, you betcha, he will have a smooth transition of power. He would agree to that.

But if you look, as reported on August 29th of this year, buried near the end of Ben Smith’s column is a report that “Democrats have participated in a ‘war game’ in which they considered several possible outcomes of the election. In one scenario, John Podesta, the former chair of Hillary Clinton’s Presidential campaign, and a leading figure in party circles, played former Vice President Joe Biden and refused to concede the election.”

Then later it was posted—much more recently, I guess, that is September 6: “Democrats promise more violence if Joe Biden doesn’t defeat Trump by a landslide in the 2020 election. Rosa Brooks, a leftist who writes for The Washington Post, penned a piece that stated her research showed that the only scenario in November that would stop the violence is if Biden wins in a landslide. That kind of attempt to manipulate the voters by intimidation will just make Americans vote for Trump.”

It was posted September 6 in the American Thinker. “Democrats openly say that if Trump is reelected, they are going to redouble their 4 years of madness and violence that we have seen in the last 3 months of open violence. Indeed, they are already planning to destabilize the election and to contest if Trump wins, in hopes of a violent coup.”

And the same God in Heaven, today of all days, when this should have been bipartisan is brought to the floor to slam Donald Trump, we have newly released information out today that has been declassified. This rejoiner, September 7, 2016: “U.S. intelligence officials forwarded an investigatory referral to FBI Director James Comey and Deputy Assistant Director of Counterintelligence Peter Strzok regarding “U.S. Presidential candidate Hillary Clinton and her campaign of a plan concerning U.S. Presidential candidate Donald Trump and Russian hackers hampering U.S. elections as a means of distracting the public from her use of a private mail server.”

Then further, it came out today: “A former senior intelligence official told saracarter.com that it would make sense that Clinton’s plans would be usurped by the Russia’s GRU, its military intelligence, as well as Russia’s FSB, its equivalent of the CIA, when former British spy Christopher Steele began peddling the Russians for information.”

“The real people colluding and conspiring with Russia were the Democrats, Hillary Clinton, and Fusion GPS,” stated the source. “It is the weaponization of the agencies and those like Clinton who built their private Idaho in the U.S. bureaucracy. They go beyond their nation to Russia to wreak chaos in our Nation for the past 4 years.”

Moreover, the information that came out today reveals that former CIA Director John Brennan allegedly knew of Clinton’s plans and briefed President Obama on those plans in July 2016. It was the same month the FBI opened up the Crossfire Hurricane investigation against President Trump and his campaign—or candidate Trump and his campaign if you want.

So, what a day, the day that more evidence comes out that it was Hillary Clinton’s campaign, the DNC, and they were refusing to go along with the legal, the legal and the legal. Then even afterward, that whole conspiracy, the dossier was used to try to prevent a President from staying in office after sworn in, and we are supposed to vote now to come after President Trump and demand he be legal and lawful in leaving office. He just wants fairness in the vote, and he will follow the will of the people. It is a real shame that my friends across the aisle wouldn’t allow an amendment, so we could say to both sides: Follow the will of the people; have a proper transition of power.

But, no, they wouldn’t go there. Mr. GAETZ. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, here we are, back to Secretary Clinton. It is clear that she has at least two homes, one in New York and one inside the heads of my colleagues. But this is actually about President Trump.

While I appreciate my colleagues speaking for what President Trump may do after the election, citing what his press secretary has said, and my colleague from Texas said that he believes that the President will peacefully accept the transfer of power, the President has never said that.

In fact, he was asked: “Will you commit to making sure there is a peaceful transfer of power after the election?” And he said: “Well, we are going to have to see what happens.”

He is not saying we are going to have to go to the courts, that the courts are going to contest this. He is suggesting that we may have something other than a peaceful transfer of power, which, of course, would be a violent transfer of power, a violent holding of power.

Then, he was asked again: “Will you commit to making sure that there is a peaceful transfer of power?” And he said: “Get rid of the ballots and we will have a very peaceful—there won’t be a transfer, frankly. There will be a continuation.”

Again, not himself saying there will be a peaceful transfer of power. So, we really can’t rely on anyone else, other than what the President has said.

So we really can’t rely on anyone else other than what the President has said. And I don’t disagree with my colleagues that if the parties do not agree on the election that both parties have a right to contest those issues, to go to the courts through the legal channels, but that is not what this is about.

This resolution talks about a peaceful transfer of power. In fact, they were complaining that it is not a bipartisan resolution. Actually, it is identical to the bipartisan, unanimously passed resolution in the Senate.

To my colleague from Florida who is controlling time on the other side, I understand he doesn’t like that this resolution is on the floor, and I would yield to my colleague respecting his service as a veteran, in our country, he is voting for this resolution. I would be shocked if I heard that my colleague is not going to vote for something that passed unanimously in the Senate.

Mr. Speaker, I reserve the balance of my time.

Mr. STEUBe. Mr. Speaker, I yield 5 minutes to the gentleman from Florida (Mr. GAETZ).

Mr. GAETZ. Mr. Speaker, while I know the comments of the majority’s
time manager were directed to my colleague from Florida, it will likely not surprise him that I will regularly vote against things that pass unanimously in the United States Senate. I don’t hold that as a standard.

We are here on a resolution regarding the peaceful transition of power. We barely had a peaceful transition of power in 2016. My colleague, the gentleman from California, was on television almost every night telling the American people that President Trump was stealing the Russian government. How fake it all turned out to be.

I rise in opposition to this resolution even though I completely support the peaceful transfer of power. This resolution is a way for Democrats to attack the President and disguise the fact that they will refuse to accept the election results unless they win.

Professional loser Hillary Clinton has told Joe Biden that he should not concede “under any circumstances.”

The Democracy Integrity Project has said that the aftermath of the November election will be a “street fight, not a legal battle.” The same report suggests that Biden could even try to convince States to secede from the Union before Trump victory.

Are these the actions of a party willing to accept defeat? They weren’t willing to accept defeat in the 2016 election. They had to go blame the Russians. I guess I am still waiting for the 13 Russians who were indicted to show up.

No, this resolution is projecting and gaslighting. The media has begun gaslighting the public, too, saying that it may look like Trump won on election night, but that as ballots are counted, States will flip. How will this great switch be accomplished? Through the Democrats’ usual methods: lawfare, fraud, and violence.

Look at what we have already seen: Mike Bloomberg is trying to cast ballots in Florida; in Pennsylvania, absentee ballots for President Trump were found in a dumpster; and in Minnesota, Democrat operatives were caught on camera discussing forcibly illegal ballot harvesting.

Democrats ignore all this. They are not on the floor to condemn any of it. As a matter of fact, they have ignored it the whole time they ignored the riots and arson and violence in America’s cities, the same way they ignore the antifa goon squads and the gangs of fascists in brown shirts who threaten to harm anyone who does not want America to become their communist woketopia.

Democrats ignore criminality when it helps them and because they not-so-secretly believe that anyone who is punched or maimed or assaulted by antifa might deserve it, especially if they are a member of our brave law enforcement.

Democrats ignore these heinous acts of violence when the victims are Republican or when they are Trump supporters. Those lives don’t matter to Democrats. But they are more than happy to burn America to the ground when they think it will help them.

This resolution is part of the Democrats’ plan to lay the groundwork for a color revolution, the ousting of an elected leader and calling it democracy. But that is not democracy. It is nothing less than the destruction of our cherished integrity for the Democrats’ mad and destructive lust for power.

Mr. SWALWELL of California. Mr. Speaker, may I inquire how many more speakers the minority floor manager has remaining.

Mr. STEUBE. Mr. Speaker, I yield myself the balance of my time.

Mr. Speaker, let’s be clear: The real threat to our democracy are the attempts to undermine the election process.

Universal mail-in voting is not the same as absentee ballots like we do in Florida. When a voter requests an absentee ballot, she knows to expect it. Universal mail-in voting is when States mass mail ballots to voters, whether or not a voter has moved, has died, or is otherwise no longer eligible to vote or is even a citizen of our country. Universal mail-in voting increases the risk of election crime or administrative error because States are providing prepaid return envelopes for election ballots.

The U.S. Postal Service does not typically postmark prepaid mail; and although it has a policy to postmark election-related mail, its policy is not foolproof, as we have seen in some primary elections over the summer. All of these last-minute changes will harm the integrity of the election process and risk chaos in the general election. We are already seeing the disastrous results of the Democrats’ last-minute process changes.

Last week, the Justice Department found that several military ballots were discarded in Luzerne County, Pennsylvania. Seven of the nine ballots were cast for President Trump—not surprising.

This month, the Georgia Secretary of State revealed that at least 1,000 Georgians voted twice in the June 2020 primary, once via mail-in balloting and once in person.

In New York, Governor Cuomo’s last-minute shift to all-mail voting cost thousands of ballots in Chairwoman Maloney’s district for lacking postmarks. Election officials took 6 weeks to certify the results of the primary.

In a New Jersey municipal election, a last-minute shift to all-mail voting resulted in the Postal Service still delivering ballots to election officials weeks after the election.

If these problems occurred in local primary elections, the risk to a national general election is even greater. The President is right to highlight these problems, and I fail to understand why Democrats won’t.

The best and surest guarantee of electoral integrity is for Americans to vote in person where safe and possible, with absentee ballots available for those who legitimately cannot make it to the polls or have voter ID safeguards in places like we have in Florida.

This resolution is nothing but political messaging and creating a narrative without any facts to base it, just like the Russia collusion hoax.

There is no question that every single American, including President Trump, wants a peaceful transfer of power.

Mr. STEUBE. Mr. Speaker, I yield back the balance of my time.

Mr. SWALWELL of California. Mr. Speaker, may I inquire how much time is remaining.

The SPEAKER pro tempore. The gentleman from California has 5 minutes remaining.

Mr. SWALWELL of California. Mr. Speaker, I yield myself the balance of my time.

This resolution simply calls for a commitment to the peaceful transfer of power. I know my colleagues on the other side have their own suspicions about what the motive is behind this and want to project onto it something that is not in the language, but this was passed by 100 Senators last week. Every Republican and Democratic Senator voted for this because it reaffirms America’s commitment to having a peaceful transfer of power.

What my colleague on the other side just brought up are process issues in the election, but that does not relate or compare to the suggestion that there would be violent opposition to the outcome.

Both sides have a right to use the courtroom and then accept the outcome. One of my colleagues referenced the 2000 election, litigated all the way to the top of the Supreme Court, and the loser accepted the outcome.

This resolution is calling on us, and it is said that we have to do this, to reaffirm that principle. It asks the question: Are we Gambia, where an outcome was not accepted and people died, or are we a country that, even in the thick of the Civil War, had a President who was willing to accept the outcome?

Are we Congo where the outcome was not accepted and people died, or are we the country that fought the great war,
the Second World War, the Greatest
Generation, who would build a new
economy and afford new opportunities?
Are we Bolivia, where the outcome
was not accepted and there was vio-
lence in the streets, or are we the coun-
try that sent someone to the Moon,
saw contested election after contested
election, but lost office graciously,
just as President H.W. Bush did in the letter I read earlier.

Who do we want to look like? We are
imperfect, but the ideas that we are
found on are perfect, that we are
governed by consent, not by leaders or
violence, consent of the people. That is
what this resolution says.

Thirty-five days to go to the elec-
tion. I know it is going to be tense
in this Chamber, it is going to be tense
in this country, but unity in our country
during our darkest times has always
been an antidote against anything that
would seek to divide us or take us
away from who we want to be, who we
can be, and who we should be—a more
perfect Union.

Mr. Speaker, I yield back the balance
of my time.

The SPEAKER pro tempore. The
question was taken.

The SPEAKER pro tempore. Pursuant
to section 3 of House Resolution
965, the yeas and nays are ordered.
Pursuant to clause 8 of rule XX, fur-
ther proceedings on this motion will be
postponed.

Communications from Constituent Services Representative. The Honorable John H. Rutherford, Member of Congress (Washington, DC, September 25, 2020). Hon. Nancy Pelosi, Speaker, House of Representatives, Washington, DC.

Dear Madame Speaker: This is to notify
you formally, pursuant to Rule VIII of the
Rules of the House of Representatives, that
the United States Navy has served me,
Amanda Torbush, with a subpoena to testify
before a Special Court-Martial of the United
States.

After consultation with the Office of
General Counsel, I have determined that compli-
ance with the subpoena is consistent with the
privileges and rights of the House.

Sincerely,

Amanda Torbush,
Constituent Services Representative.
nonsen. civil rights initiatives in the 1960s."

Whereas, in 1964, the Democratic Party led a 75-day calendar-day filibuster against the 1964 Civil Rights Act.

Whereas, leading the Democrats in their opposition to civil rights for African-Americans was a fellow member of the Democratic Party, Senator Robert Byrd from West Virginia—a known recruit for the Ku Klux Klan;

Whereas, Democrats enacted and enforced Jim Crow laws and civil codes that forced segregation and restricted freedoms of Black Americans in the United States; and

Whereas, on June 18, 2020, House Speaker Nancy Pelosi moved to remove the portraits of four presidents of the House who served in the Confederacy saying that the portraits, "set back our nation's work to confront a combat bigotry;

The SPEAKER pro tempore. The motion to table was agreed to.

The Speaker pro tempore. The Clerk will report the motion.

The Clerk reads as follows:

Mr. Clyburn moves that the resolution be adopted.
REAFFIRMING THE HOUSE OF REPRESENTATIVES’ COMMITMENT TO THE ORDERLY AND PEACEFUL TRANSFER OF POWER

The SPEAKER pro tempore. Pursuant to clause 8 of rule XX, the unfinished business is the vote on the motion to suspend the rules and agree to the resolution (H. Res. 1155) reaffirming the House of Representatives’ commitment to the orderly and peaceful transfer of power called for in the Constitution of the United States, and for other purposes, on which the yeas and nays were ordered.

The Clerk read the title of the resolution.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. SWALWELL) that the House suspend the rules and agree to the resolution.

The vote was taken by electronic device, and there were—yeas 397, nays 5, not voting 29, as follows:

A motion to reconsider was laid on the table.

**HONORING POLICE CHIEF SCOTT HENRY**

(Mr. KELLER asked and was given permission to address the House for 1 minute.)

Mr. KELLER. Madam Speaker, every day our men and women in law enforcement put their lives on the line to protect us, doing so willingly, faithfully, and without praise or need of recognition. Occasionally, however, I have the opportunity and the distinct pleasure to stand before this Congress and recognize these men and women for their outstanding work.

Today I am honored to recognize Mansfield University Director of Police Services and Chief of Police Scott Henry for receiving the 2020 Pennsylvania Veterans of Foreign Wars John Radko Police Officer of the Year and the VFW National Law Enforcement Officer Award. These awards are presented annually to a law enforcement officer who has shown resounding commitment to their profession and community.

Chief Henry has served our community for more than 30 years, and his service has made a lasting impact on our region.

Congratulations to Chief Henry for this wonderful achievement and reminding us all how important our police officers are in our everyday lives.

**NOMINATION OF AMY CONEY BARRETT**

(Ms. FOXX of North Carolina asked and was given permission to address the House for 1 minute.)

Ms. FOXX of North Carolina. Madam Speaker, on Saturday, the American people eagerly awaited President Trump’s announcement of his third Supreme Court nomination, and he did not disappoint.
Judge Amy Coney Barrett is the embodiment of a fierce constitutional scholar, and her long list of accomplishments is nothing short of impeccable. She is highly regarded by her former students, clerks, and colleagues as a woman who possesses a piercing legal intellect. Her dedication to interpreting the Constitution rightfully by adhering to how it was expressly written and her impressive track record serve as the underpinnings of her nomination.

I look forward to her swift confirmation to the Supreme Court and her continued work serving our great country.

 subsidized by the American Legion Post 469, and served on the board of directors of Amigos Profesionales Business Network, an organization whose purpose was to help connect Hispanic professionals and business owners in Central Florida.

In 2010, he founded Cordova Marketing Solutions, a firm that specialized in the development of small businesses by providing consulting, marketing, and advertising services. During this time, he joined the Puerto Rican Chamber of Commerce of Central Florida as its executive director, and in 2013, was elected as their President until the end of his term in 2016. He would resume his role as President in 2017.

Mr. Cordova is proud of his upbringing in Puerto Rico and is very grateful for the opportunities the U.S. has blessed him with. He tries to give back to his community through volunteer work, including riding his bicycle for different charities. One especially close to his heart is the Young Survival Coalition, an organization dedicated to providing essential services for breast cancer survivors under the age of 40.

Mr. Cordova shares his life with his best friend, Ms. Milly Colon. He has two sons, four grandchildren, and is blessed to still have both his parents alive and well.

For that, Mr. Cordova, we honor you.

IN HONOR OF CECILIA FIGUEROA

Mr. SOTO. Madam Speaker, in honor of Hispanic Heritage Month, we honor Cecilia Figueroa. Cecilia Figueroa is an Ecuadorian-American journalist and media strategist. She was born in her native city of Guayaquil, Ecuador. She learned about faith, perseverance, and serving others from her parents, Isaac Alvia and Olimpia Ordonez.

A woman pioneer in the print Hispanic media, her first job was at El Nuevo Dia an Orlando newspaper. Passionate about her work, she seeks stories promoting community outreach, education and knowledge about immigration policies that are affecting the Latino community.

Cecilia enjoys highlighting profiles of Hispanic entrepreneurs, organizations, and faith-based communities, among others. She was the co-host of the radio show, Hispanos Al Dia, and was co-host on various other radio programs. She has provided professional services to EFE News Service, El Sentinel de Orlando newspaper, and many others.

In 2018, she cofounded Conexion Hispana USA, where she was a journalist and social media manager for the platform.
In her free time, she loves to read and empower Hispanic women to reach their dreams. Cecilia enjoys sharing her knowledge in educational workshops and conferences. She was the vice president of the National Association of Hispanic Journalists in Central Florida and founding member of Mujer Emprende Latina Orlando. She is an active member of the Hispanic American Professional and Business Women’s Association of Florida.

Cecilia has been recognized by various organizations for her involvement and contributions to community causes, including Women’s Day by the city of Kissimmee, the Puerto Rican Day Parade of Osceola, Nuevo Sendero, Tertulia Cuatro Gatos, Unidos Por Ecuador of Central Florida, Ecuadorian Civic Committee of Central Florida, Voices of Silence, Evangelical Fellowship of Councils of Florida, and more.

For that, Ms. Cecilia Figueroa, we honor you.

IN HONOR OF GABY ORTIGONI
Mr. SOTO. Madam Speaker, in honor of Hispanic Heritage Month, I recognize Gaby Ortigoni.

Gaby Ortigoni is the president of the Hispanic Chamber of Commerce of Metropolitan Orlando, which is responsible for promoting the economic development of the Hispanic community of over 1 million people.

Some of the signature events and programs they have created to promote development in the community include the Hispanic Business Conference, the Hispanic Economic Growth Summit, the Don Quijote Awards, among others.

Prior to this, she served as the regional vice president for Central Florida at Prospera, a nonprofit organization that provides free, bilingual technical assistance to Hispanic entrepreneurs who are establishing or expanding their businesses. Under her leadership, the region achieved a 23 percent increase in clients who received individual consulting services.

Gaby has also served her community in other roles, including being the manager of community relations at Orlando Utilities Commission, director of Hispanic Crime Prevention Program for PIU’s Center for the Administration of Justice, senior community officer for the Puerto Rico Federal Affairs Administration, and being a legislative assistant in the Florida House of Representatives.

She currently serves as a board member of many local organizations, including the Orlando Economic Partnership, the Heart of Florida United Way, the Association of Latino Professionals for America, and the National Latino Peace Officers Association, among many others.

Her work ethic and commitment to her community has been recognized with numerous awards and recognitions, including Orlando Business Journal’s 40 and 40 Women Who Mean Business Awards, Telemundo’s Triunfadores, La Prensa’s Hispanic Women Who Make a Difference Award, Orange County Sheriff’s Community Service Award, Orlando Police Department’s Good Citizenship, and she was named one of the 25 Most Influential Hispanics by HCCMO’s Vision Magazine.

For that, Ms. Gaby Ortigoni, we honor you.

IN HONOR OF ILUMINADA APONTE
Mr. SOTO. Madam Speaker, in honor of Hispanic Heritage Month, I recognize Iluminada Aponte.

Iluminada Aponte was born in Santo Domingo, Dominican Republic, and has called the United States home for over six decades. Iluminada is a self-taught folk artist whose career has taken her first to Puerto Rico and then Florida.

Iluminada’s career first started with folk dance—Baile Folklorico. She performs both Puerto Rican and Dominican folk dance. From Puerto Rican bomba to Dominican bachata, Iluminada has not only been a performer, but also a dance teacher. Her passion for teaching human beings how to reach the heart of Father Jose and the local church’s work. His desire is to build up a resilient community where families have access to safe communities, a living wage, affordable housing, and health care.

For that, Father Jose Rodriguez, we honor you.

IN HONOR OF MARCOS VILAR
Mr. SOTO. Madam Speaker, in honor of Hispanic Heritage Month, I would like to recognize Marcos Vilar.

Marcos Vilar was born in Ponce, Puerto Rico, and moved to the United States mainland at the age of 14. He currently resides in Orlando, Florida.

Marcos holds a bachelor’s degree in history from the University of Maryland and a master’s degree in education from the University of Illinois. Marcos has worked in Chicago; Washington, D.C.; and several cities in Florida; as well as in Puerto Rico, where he has designed and implemented innovative and successful programs and campaigns in government, labor, and nonprofit settings. He has worked on civic engagement campaigns in Florida since 2011, focusing on the Puerto Rican and Hispanic communities.

Marcos worked as a teacher in Chicago in the 1990s. During his tenure at Roberto Community Academy, he was best known for working with at-risk youth and integrating arts and cultural programming into after-school programs. He also was adviser for the student body government and a leader of the local reform movement at the school.

In January of 2002, he moved to Washington, D.C., where he held several national leadership posts, including national field director for Que Nada Nos Detenga, executive director for Americas Families United, national political director for the Service Employees International Union, and national field director for Mi Familia Vota Education Fund.
Today, Marcos serves as president and executive director of Alianza for Progress, Alianza Center, United for Progress PAC, and Vilar Strategies, LLC. He is also the founder of two prominent statewide Latino coalitions: Respeta Mi Gente and La Mesa Boricua.

For that, Mr. Marcos Vilar, we honor you.

IN HONOR OF JULIO ZAYAS
Mr. SOTO. Madam Speaker, in honor of Hispanic Heritage Month, I would like to recognize Julio Zayas.

Julio Zayas was born in Salinas, Puerto Rico, in 1948. He moved to New York City in 1968, where he and his wife established their family in the Bronx. He has four wonderful children, seven grandchildren, and five great-grandchildren.

Julio studied at Hostos Community College and attended Cambridge University’s New York chapter, where he developed his skills as a radio announcer and a public relations agent. He was a member of several civic and cultural organizations in the Bronx, including the Puerto Rican Development Project, Alianza Cívica Bayamonesa, the Saliñas Club, and the Puerto Rican Veterans Association in Seneca.

Julio became vice president of the Bronx Puerto Rican Parade and was the founder and president of the Puerto Rican Bronx Fair and Puerto Rican Week Festival. He worked as a consultant for the Bronx Coalition for a Better Bronx and the Soundview Community in Action as the outreach coordinator and publisher. A successful small business owner, Julio was also a poll inspector for the Bronx Board of Elections.

In 2012, Julio retired to Orlando, Florida. He continued his community involvement as a volunteer with several Puerto Rican activist organizations, including: Frente 436, Iniciativa Puertorriqueña, Coordinadora Ayuda Solidaridad y Apoyo, Vamos por Puerto Rico, and is the founder and president of Comité Preservación Cultura Puertorriqueña.

Currently, he is the producer of his own radio show, Con Sabor Boricua Proyecto Radial. Julio is looking forward to other projects in the future to empower the Puerto Rican community in central Florida.

For that, Mr. Julio Zayas, we honor you.

IN HONOR OF WANDA RAMOS
Mr. SOTO. Madam Speaker, in honor of Hispanic Heritage Month, I would like to recognize Ms. Wanda Ramos.

Wanda has been a board member of various organizations, such as: Jobs with Justice, Labor Council for Latin American Advancement, Community Legal Services of Mid-Florida, and the Legal Advocacy Center of Central Florida.

While working as a retailer, Wanda organized workers to achieve better working conditions and better pay. She was a founding member of Vamos4PR Floridians for Immigration Reform. Recently, she became a statewide board member of Organize Florida.

As a founding member of Vamos Por Puerto Rico, she helped to spearhead the campaign Se Habla Espanol to petition the Orange County Public Schools to provide language access to non-English-speaking parents and students. She also advocated for the families arriving from Puerto Rico after Hurricane Maria to better understand and properly enroll their kids in school.

Wanda was recognized as Citizen of the Year in 2015 for Orange County District 3 after organizing neighbors in their efforts to improve their community. Wanda continues to support our community through radio shows as well as her online program “Wanda Contigo,” bringing awareness about community issues.

For that, Ms. Wanda Ramos, we honor you.

IN HONOR OF JOSE RODRIGUEZ
Mr. SOTO. Madam Speaker, in honor of Hispanic Heritage Month, I would like to recognize Jose Rodriguez.

Jose Rodriguez arrived in Palmetto, Florida, at the age of 12 from El Salvador. While attending school, he recalls being pulled out of regular class for 2 hours a day to practice English.

During his first 5 years in the United States, Mr. Rodriguez and his family were migrant farmworkers, living 9 months in Florida and 3 months up north, following the crops with the help of the Summer Migrant Institute held in Tampa at the University of South Florida.

Mr. Rodriguez graduated early from high school, in the top 10 percent of his class. He was the first Hispanic person in Manatee County to be accepted into a 4-year university, where he earned his associate’s degree.

Mr. Rodriguez has worked as a general manager and on-air personality for La Que Buena, a regional Mexican radio station in Orlando. As part of his work, he made airline trips to nonprofit organizations and elected officials that support the immigrant community. While sharing his passion for music with his listeners, Mr. Rodriguez always keeps central Floridians informed on community resources like food drives, housing assistance, COVID-19 testing sites, and much more.

Mr. Rodriguez also serves on the leadership committee of the Farmworkers Association of Florida. He draws his passion from his community, his two beautiful daughters, and his late wife.

For that, Mr. Jose Rodriguez, we honor you.

IN HONOR OF PAMELA AND ESTELA JUAREZ
Mr. SOTO. In honor of Hispanic Heritage Month, I would like to recognize Pamela and Estela Juarez.

Two years ago, their dreams were shattered when Mrs. Juarez was deer-jaunted by a vehicle. Despite the injuries to her legs, she got up, called home, and started her own flooring business, and met and married Mrs. Alejandra Juarez. Together, they worked hard to make their business a success. They built a home, joined a church, volunteered to help others, and had two beautiful daughters, Pamela and Estela.

Mr. Juarez, a naturalized U.S. citizen, grew up in Osceola County and enlisted in the United States Marine Corps right after graduating from high school. He would later reenlist in the United States Army Reserve.

After his honorable discharge from the Marines, he came home, started his own flooring business, and met and married Mrs. Alejandra Juarez. Together, they worked hard to make their business a success. They built a home, joined a church, volunteered to help others, and had two beautiful daughters, Pamela and Estela.

Mr. SOTO. In honor of Hispanic Heritage Month, I would like to recognize Dr. Antonio Crespo.

Dr. Antonio Crespo is an infectious disease specialist in central Florida with over 18 years of experience in his field. In May of 2014, he led the team that cared for the second case of Middle Eastern respiratory syndrome, MERS, in the United States. Currently, he is part of the team that prepared and managed the COVID-19 pandemic, helping many in the Orlando community.

He first earned his medical degree from Universidad Central de Venezuela and later moved to the United States to continue his education. He completed his residency at Albert Einstein Medical Center and infectious disease training at Temple University, both in Philadelphia, Pennsylvania.

Since 2002, he has been part of the infectious disease team at Orlando Health, where he now serves as the chief of staff and the medical director of infectious diseases at Dr. P. Phillips Hospital.

He has received several Attending of the Year awards and frequently appears among Orlando’s Best Doctors. In 2012, he received the Lifetime Exemplary Physician Collegiate Award given by Orlando Health.

Dr. Crespo also takes time to serve as a clinical instructor at the Florida State University College of Medicine and as the new program director of the Infectious Disease Fellowship at Orlando Health. His teaching new generations has inspired many on the path of infectious diseases so that more doctors might continue the fight against these elusive enemies.

For that, Dr. Antonio Crespo, we honor you.

For that, Dr. Antonio Crespo, we honor you.
daughters are U.S. citizens, she was forced to return to Mexico in August of 2018.

Pamela is now 18. She recently graduated from high school with honors, has started online college classes, and plans to become a social worker. She has campaigned to build grassroots support for the families of military veterans who, like hers, have lost a family member to a cruel immigration policy. This November, she will vote for the first time.

Estela, 11 years old, lived with her mom in Mexico but is now back in Florida, where she just started the sixth grade. She is following in the footsteps of civil rights leader John Lewis, whose book “March” inspired her. Estela is now working on a picture book about her struggle to reunite her family.

Both young women have suffered enormous trauma because of the trauma their family has endured. They and their family have been working hard to bring their mother home and will continue to do so until they are reunited again.

In that, Pamela and Estela Juarez, we honor you.

IN SUPPORT OF THE DIGITAL TAXONOMY ACT AND THE BLOCKCHAIN INNOVATION ACT

Mr. SOTO. Madam Speaker, today, I am pleased that the House passed, as part of the Consumer Safety Inspection Enhancement Act, two pieces of legislation that we were able to offer in the Energy and Commerce Committee, the Digital Taxonomy Act, H.R. 2154, and the Blockchain Innovation Act, H.R. 8153.

We were very pleased to work in a bipartisan fashion to secure the inclusion of these two bills. Both bills will study and highlight the consumer protection aspects of blockchain technology and digital assets. They are the first blockchain bills to pass the House.

H.R. 8153, the Blockchain Innovation Act, directs the Department of Commerce in consultation with the Federal Trade Commission, to conduct a study and submit to the Congress a report on the state of blockchain technology in commerce, including its use to reduce fraud and increase security. It is setting up a larger long-term goal that we have to establish a blockchain center of excellence within the Commerce Department.

Blockchain has enormous potential for innovation and economic growth. I believe, as government officials, we need to support that growth and enable its appropriate use for government business and consumers. We will continue to push until we have these policy objectives put into law with proper regulation so we can best position ourselves to be leaders in this space, especially when we see rivals like China and Russia pushing in these technologies.

The Digital Taxonomy Act requires the FCC to submit a report to Congress about recommendations on unfair and deceptive trade practices and other practices related to digital tokens.

Specifically, the report asked the FTC to make legislative recommendations for how to further protect consumers and promotion and innovation in the global digital token sector.

I look forward to continuing to work with our colleagues, both in the Energy and Commerce Committee and throughout the Congress, to help make sure we keep a competitive edge in blockchain for both digital security and for cryptocurrency and to enhance the use of artificial intelligence in the future.

Madam Speaker, I would like to thank Chairman PALLOINE, Chairwoman SCHAKOWSKY, Representative MCMURRY, and the committee for allowing me to incorporate these two bills.

We appreciate Representative ROGERS, Representative GUTHRIE, and Representative MATSUI, as well as our original cosponsor, Representative DAVIDSON, for all of their hard work.

Madam Speaker, I yield back the balance of my time.

TRIBUTE TO JOHN SHIMKUS

The SPEAKER pro tempore. Under the Speaker’s announced policy of January 3, 2019, the gentleman from Louisiana (Mr. SCALISE) is recognized for 60 minutes as the designee of the minority leader.

General Lave

Mr. SCALISE. Madam Speaker, I ask unanimous consent that all Members may have 5 legislative days to revise and extend their remarks and include extraneous material on the subject of this Special Order.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Louisiana?

There was no objection.

Mr. SCALISE. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, tonight we are going to spend the next hour paying tribute to a special man who has served here in this Congress since 1997, our dear friend, Congressman JOHN SHIMKUS.

JOHN came to Congress back at a time when you saw a lot more collegiality. In fact, Madam Speaker, tonight we have Republicans and Democrats on this floor who are going to be talking about JOHN SHIMKUS, the man; JOHN SHIMKUS, our friend; JOHN SHIMKUS, the legislator, somebody who, when he retires, will have a proud record of achievement showing how he made his mark on this great Nation.

We are joined in this House Chamber tonight by JOHN’s loving wife, Karen, who is here tonight. His son, Josh, is not far from the Chamber. We have many friends, and I know we have a limited amount of time.

First, Madam Speaker, I yield to the gentleman from Illinois (Mr. YOUNG), the dean of the House.

Mr. YOUNG. Madam Speaker, I thank the leader for yielding.

JOHN SHIMKUS has been my friend. He has done well for this House. He and I played paddleball together. We never lost. We will be challenged on that, but that is true.

I have a saying that many people might recognize. Why do the good people leave this Congress and the SOBs stay behind? I have been here 48 years, so I have to reconsider that.

But, JOHN, we will miss you. You are a great Congressman; you are a great Democrat, and I know you have served your district very well. God bless you in the future for things you may do.

Mr. SCALISE. Thank you, DEAN YOUNG. We are going to check that record. I know I am glad I never went up against you, although you have taken a few of us to the woodshed.

Madam Speaker, keeping with the bipartisan tradition, I yield to the gentleman from Louisiana (Mr. MCNERNEY), our friend on the Energy and Commerce Committee.

Mr. MCNERNEY. Madam Speaker, I thank the whip for the opportunity to say some words here.

Madam Speaker, my first impression of JOHN was pretty scary. It was my first day on the Energy and Commerce Committee, and JOHN was in the top dais, and I was down in front, a little freshman. JOHN looked down on us and said: Your policies in the Democratic Party are going to cost you your seat.

I looked back. “Oh, geez, I hope he is not looking at me.” He was, but we got over it. It was funny, when the climate change issue came up, JOHN had a standard practice. He would bring out this big picture of his coal mine workers, and say: You guys, climate policy is going to cost these people their jobs.

That is a hard argument to fight against. That is a hard argument because you know he is fighting for his people. I know there are other people here who are shaking their heads on that one, but I respected that. He was fighting for the people he cared about and the people he represented.

But there were some things JOHN and I had in common. We both played paddleball, and we were pretty evenly matched, so we got some good games in there. The great thing about that is that you get to know the people who you wouldn’t otherwise get to know, and that was important. I think that is a tradition that we need to carry on.

We also both went to West Point, so we had that little bit in common, and it was fun to talk about that.

Eventually, we started talking about policy. One day, I asked Henry Waxman: What about JOHN SHIMKUS?

Henry said: He is a nice guy, JERRY. Then he frowned, and he said: But he sure is conservative.

That is coming from Henry Waxman, so I don’t know if that means anything or not.

JOHN and I started talking about nuclear waste and policy. He took me to Yucca Mountain. It is pretty impressive, but it is totally shut down.
Sorry to tell you, JOHN, it ain’t going to happen, as much as we would like it to.

I even talked to Dean Heller about it, and Dean Heller said: Oh, JOHN SHIMKUS, people in Nevada think of him as Darth Vader.

Later, it was suggested that the Democrats and the Republicans sit together during the State of the Union, and that is cool. JOHN and I sat together. I have to tell you, it is weird when the President is in the other party, you are sitting with that party. Everyone stands up and cheers, and you are sitting on your hands.

We got through that. We still play paddleball occasionally.

I think as time went on, we got to be friends, and we talked a lot. I can tell you, JOHN has made an impression on me. He stands up for what he believes in. We need more people like that, that have strong beliefs. They are willing to fight for what they believe in, but are also willing to compromise and work with the other side to make progress happen.

That is what we need in this institution. I respect JOHN for that.

We will miss having him here, but we will miss his style.

Mr. SCALISE. With that warm tribute, Madam Speaker, clearly, we work well together. We have a comity with each other. You have to keep your sanity around here by keeping things light-hearted in the middle of a lot of heated battles sometimes. But in the meantime, when you think about the friendships—and I will share my story about JOHN shortly.

There is a townhouse that JOHN SHIMKUS owns here in Washington, D.C., and it is a four-bedroom townhouse. There are four Members of Congress who live in that townhouse. We each have our own bedrooms and bathrooms, but we come together. It has been my thinking, a special part of all of our times up here in Congress to get to know each other so well.

Madam Speaker, I yield to the gentlewoman from Texas (Mr. BRADY), the Member of Congress who has lived in the townhouse with JOHN the longest, probably going back to when he purchased it, our dear friend, colleague, and roommate.

Mr. BRADY. Madam Speaker, I thank the whip for organizing the Special Order.

Remind me never to have Congressman McNerney do my eulogy. The crowd would never believe it.

Madam Speaker, we are here to honor a remarkable man, a classmate, and a friend of mine for 24 years.

We all live in Washington and across the country, his leadership and energy for the Energy and Commerce Committee and his leadership in the Environment and Climate Change Subcommittee. But you may not know his achievements in the heart.

He is committed to the Baltic States, in developing and enhancing that relationship with the U.S.; his many years of service on the NATO Parliamentary Assembly, traveling back and forth to Europe to lay out and preserve that important relationship; his role serving on the Smithsonian Institution Board of Regents; and his service on the West Point Baseball Game Governors. He has an amazing legacy for our country.

He has worked with colleagues on both sides of the aisle to achieve things that matter to real people. His 1998 bill signed into law, allowing for biofuel use in Federal, State, and private fleets, has made biodiesel more readily available at fuel pumps across the country.

He is always focused on making sure 911 worked for the American people. In 1999, he designated 911 as the universal emergency number in the U.S. for mobile as well as landline telephones and continues to improve on that for our safety and security.

He led the bill to require Federal testing of children’s booster seats, something every parent can take to heart.

Following that, he created a new internet domain, a place where children could go that was safe and secure from predators. It was game-changing. His 2003 law on placement for heart defibrillators in schools.

You can see a theme here: helping real people, helping children, helping families. He continued that work throughout his years on the Energy and Commerce Committee.

I can go on and on, but he took on tough issues as well, ones that people never thought could be solved, like the Toxic Substance Control Act, something he worked years for, to build bipartisan support, something that makes our Nation more secure environmentally as well.

We all know, since we have nicknamed him Yucca SHIMKUS for many years, his devotion to trying to find a safe, secure nuclear energy future for America.

He didn’t do this by himself. He has an amazing family. His wife, Karen, as STEVE said, is here today. His three sons, David, Josh, and Daniel, who we watched growing up reading in the townhouse, backing their dad.

His heart is never far away from his hometown of Collinsville, Illinois. He is, as you know, a proud graduate of the United States Military Academy. He entered the service as a Second Lieutenant in the Army and then entered the Army Reserves. He retired with the rank of lieutenant colonel.

After 28 years of military service, I can tell you, because I was his roommate, when we finished long days at the Capitol, trying to figure out how we get ready for the next day, JOHN was leaving to go to a Reserve training and continuing education, or the weekends on his training as well. He has a devotion to this country that is unbelievable.

His service has not just been to his country but to his community. He ran and won his first election for the school township trustees because he wanted to help children in his commun-

ity. He was elected as Madison County treasurer so he could serve a broader group of constituents.

In 1996, he won his first term in the United States House of Representatives’ 20th District. Today, he represents the 33 counties of the 15th District.

I can tell you, it must be an amazing district because we all know where the largest ketchup bottle is located: Collinsville, Illinois. We know his district is the horseradish capital of the world, with the International Horseradish Festival, horseradish food, horseradish fun.

I will tell you, he loves his Lord. He loves his family. He has always fretted about how much more he can do to help our church, the Holy Cross Lutheran Church, in which he has wor-

shiped his entire life.

Two points, as we finish, for me.

You would love being his roommate. He is a man of integrity, of character. He is, every morning, the first one up in the morning, sitting at the kitchen table reading the Bible. Out those Bible phrases for his friends and colleagues in preparing for his day.

He is an amazing teammate, along with classmate and roommate. He and I played in the Congressional Baseball Game for 23 straight years. He is a baseball player. He has won MVP four or five times. We have lost count. He is the last Member of Congress to hit a home run out of the field, out of the park, on his first to bat in the first year in Congress. He has never hit the ball anywhere close ever since.

He was a catcher, a pitcher, and the captain of our team, which doesn’t surprise you. He has been the captain of everything he has been involved with his entire life. With this, I will tell how remarkable, how good, this man is.

In 2004 or so, he had open-heart surgery in the spring, which, of course, would mean he would miss his favorite baseball game. We had the Congressional Baseball Game now for 23 straight years. He is a baseball player. He has won MVP four or five times. We have lost count. He is the last Member of Congress to hit a home run out of the field, out of the park, on his first to bat in the first year in Congress. He has never hit the ball anywhere close ever since.

He was a catcher, a pitcher, and the captain of our team, which doesn’t surprise you. He has been the captain of everything he has been involved with his entire life. With this, I will tell how remarkable, how good, this man is.

In 2004 or so, he had open-heart surgery in the spring, which, of course, would mean he would miss his favorite baseball game. We had the Congressional Baseball Game now for 23 straight years. He is a baseball player. He has won MVP four or five times. We have lost count. He is the last Member of Congress to hit a home run out of the field, out of the park, on his first to bat in the first year in Congress. He has never hit the ball anywhere close ever since.

He was a catcher, a pitcher, and the captain of our team, which doesn’t surprise you. He has been the captain of everything he has been involved with his entire life. With this, I will tell how remarkable, how good, this man is.

In 2004 or so, he had open-heart surgery in the spring, which, of course, would mean he would miss his favorite baseball game. We had the Congressional Baseball Game now for 23 straight years. He is a baseball player. He has won MVP four or five times. We have lost count. He is the last Member of Congress to hit a home run out of the field, out of the park, on his first to bat in the first year in Congress. He has never hit the ball anywhere close ever since.

He was a catcher, a pitcher, and the captain of our team, which doesn’t surprise you. He has been the captain of everything he has been involved with his entire life. With this, I will tell how remarkable, how good, this man is.

In 2004 or so, he had open-heart surgery in the spring, which, of course, would mean he would miss his favorite baseball game. We had the Congressional Baseball Game now for 23 straight years. He is a baseball player. He has won MVP four or five times. We have lost count. He is the last Member of Congress to hit a home run out of the field, out of the park, on his first to bat in the first year in Congress. He has never hit the ball anywhere close ever since.
As KEVIN said, JOHN went to West Point. He is an Army guy, so he was the drill sergeant in the town house. And when JOHN says something, you back your brother’s play.

In fact, the second day I was in the town house, tomorrow you have got to get up at 6 in the morning, and we are going out to play baseball.

I didn’t know about the tradition between the Democrats and Republicans. I guess I have JOHN to blame for 24 years. JOHN said: You have got to come out for the baseball team.

I hadn’t played baseball in over 25 years. I didn’t even have a glove, and yet, next thing you know, the next morning I am up playing baseball. And, boy, what a start of, again, an ability to generate even more friendships, to forge friendships with people on both sides of the aisle, some that you work with on a regular basis, some that you are not always working with, but people you get to form a deep friendship with.

And that is really what makes Congress work. It is not the things that you see on the nightly news, the big fights that go on between the parties and sort of the partisan world, but it is the day-to-day grind where people do come together and find common ground to advance the things that they believe in to make this a greater nation. And JOHN SHIMKUS has done that on so many occasions that you see it.

Yes, he is the first one up. He is reading his Bible. He is writing down verses. But when it is time to leave, he starts to whistle. And you don’t need an alarm clock. When JOHN starts to whistle, that means it is time to go to work.

And, again, he is just a person who wakes up and goes to work for the people of southern Illinois and the United States of America, just like he served our country in the military. For 24 years, he served this great nation.

We are a better nation because JOHN SHIMKUS has been a member of this wonderful body, the people’s House. This is really where people come together.

I started this morning in Philadelphia. I had some meetings there, and I actually, on my way out, passed by Independence Hall. You never can see enough. I got to see the Liberty Bell this morning. I got to see the chamber where George Washington sat as they signed the Declaration of Independence, where they wrote the Constitution of the United States. Right next door, the chamber where Congress met for 10 years when they were building this beautiful building, where they actually passed the Bill of Rights.

We are all honored to be a part of this special place where people of all walks of life come together. And you meet people of different backgrounds, you work with people of different backgrounds, and you work to make this a better country. And you just hope, you just pray, as you are praying to God for strength, for wisdom, for guidance, as we all do, that whenever you leave—we all leave this job; hopefully, you leave on your own terms—if you look back, you can say that you left your mark, you made this a better country.

To JOHN SHIMKUS, you left your mark. You get to leave on your own terms. You get to go home with Karen and enjoy your life in southern Illinois. You have earned this opportunity to have a new chapter in your life because you can look back and say, for 24 years, you served here in this great body and made this a better institution and made this a better country because of your service.

Thank you, JOHN, for this opportunity to get to know you so well.

Madam Speaker, I yield back the balance of my time.

Ms. SCHAKOWSKY. Madam Speaker, although I was unable to join in person tonight, I share the sentiments of my colleagues assembling to honor JOHN SHIMKUS’s service in Congress. I thank JOHN for his friendship, and commitment to public service. I wish him nothing but health and happiness for himself and his family during his upcoming retirement from Congress.

JOHN came to Washington one term before I did. We had offices next to each other on the fifth floor of the Cannon Building. As most members and staff know, most of the elevators in Cannon do not go to the fifth floor, making those offices not the most desirable real estate. But JOHN and I not only stayed there as Freshman members, but we stayed a few terms, enjoying the larger offices and the somewhat quieter halls. JOHN and I, as well as our staffs, got along extremely well with Cathy Hurwit, my long time Chief of Staff and Craig Roberts, JOHN’s then and current Chief.

Though there were issues on which JOHN and I disagreed, we had the opportunity to work closely together on issues affecting our states. The Illinois Democrats had a tradition of monthly bipartisan lunches. The agendas focused on issues specific to Illinois. Often we would agree to support legislation, funding or projects that could help all our constituents and benefit our state. Illinois was one of the few delegations that was able to work so smoothly together, and JOHN was a leader in that effort.

JOHN and I both earned positions on the prestigious Energy and Commerce Committee. I saw up close how passionately JOHN fought for his beliefs and constituents. His tone was always positive, even as he disagreed with other members. I have enjoyed serving with him on the Committee all these years.

JOHN SHIMKUS is well liked on both sides of the aisle. Why? Because JOHN SHIMKUS is a kind man, a smart man, and a gentleman. We have been able to debate without spite, collaborate, and sometimes find common ground. This is how collegiality and compromise work, and I wish we could bottle it and send it around halls of Congress.

JOHN will be missed here. I hope he enjoys every extra moment he’s earned with Karen, David, Joshua, and Daniel.

TRIBUTE TO JOHN SHIMKUS

The SPEAKER pro tempore. Under the Speaker’s announced policy of January 3, 2019, the Chair recognizes the
gentleman from Illinois (Mr. RODNEY DAVIS) for the remainder of the hour as the designee of the minority leader.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, at this point, I will go over to the other side of the aisle to yield to my friend, the gentleman from New York (Mr. TONKO) to offer his comments.

Mr. TONKO. Madam Speaker, I thank the gentleman for yielding.

John, it is an honor and a pleasure to be here with our colleagues to salute you and thank you for the tremendous service that you have provided not only to people of your congressional district, but the people of this Nation.

It is very obvious that you are much loved and appreciated and respected by your colleagues in this House. It is also humbling to know that you have brought a good name to politics, and you have reminded us by your very actions and your dedication. In fact, we are all in the various issues that you tackle that it is not only okay, but it is essential to have differences in this House; and it is to share those differences in a respectable way, which you have always done in the best possible way.

So I think this evening we salute your integrity and your humility, which oftentimes is what I think drives your personality to be able to achieve and to have this driving force to accomplish on behalf of the people. I appreciate the opportunity to participate this evening, and I will try not to undermine JOHN SHIMKUS’ sterling conservative credentials by joining in this discussion on this time.

For 6 years, I have served as the ranking member to Mr. SHIMKUS’ subcommittee chair. In the past 2 years, we have switched roles. But during all of that time, we have disagreed on many points. In fact, we are all agreeing right now, but that doesn’t stop me from coming here this evening to just share my respect with others for you and the tremendous performance you have put forth on behalf of the people of the Republic.

But as I have found, you have been tremendously accessible, very open-minded and fair, always looking for a way for us to achieve and to build that compromise. It has been a great partnership, even if we didn’t see eye to eye on everything.

I will always appreciate that we would work together to try to find common ground on issues where we thought we could agree. I am proud of our bipartisan work on brownfields, where we reauthorized and improved that program. Certainly, the drinking water infrastructure efforts that we made is essential for our communities. We must continue to implement both of those programs, and it would not have been possible without your leadership, John.

And while we have had some different perspectives on TSCA, I believe it is fair to say that Representative Shimkus has done some undeniably monumental work on chemical safety for this country.

His district and this Chamber are losing a great Representative, and Yucca Mountain is losing a frequent visitor. John, I congratulate you on your retirement. I wish you and Karen the very best as you go forward. You have displayed the same qualities of character when you speak of your family, the love you have for them. It is just apparent in your face when you talk about them. You are so proud of that partnership you have with Karen and of the offspring that you have created.

It is also very evident that you have enjoyed service to this country, not only in this House, but as a member of the New York delegation. I am proud to say that we adopt you as a West Point cadet and that you have shown your strength and your valor and your courage to be a strong element that you have contributed to this country.

So I am going ask my colleagues to please try to limit your comments to a maximum of 2 minutes.

Madam Speaker, I yield to the gentleman from Illinois (Mr. LAHOOD), my good friend and fellow Illinoisan.

Mr. LAHOOD. Thank you, Congressman Davis, for yielding.

It is a pleasure to be here tonight with my colleagues to honor JOHN SHIMKUS. I obviously echo the remarks of everyone who spoke before me.

We have heard about John’s service, obviously his service at West Point and his service to the Army, 28 years serving us in the military, retiring as a lieutenant colonel. But as the newest leg of the Republican delegation, coming in 5 years ago, I just want to comment on what John Shimkus has meant to me as a new Member coming in on a special election in September of 2015.

John is the head of our delegation, was there for me, as he has been for so many of us here in the Congress. John’s friendship, his mentorship, his example that he has set for us has been invaluable. He really has set the gold standard for being a legislator, and my colleagues have talked about that.

He showed the importance of good constituent service, being a cheerful leader for your district, and making the Federal Government work for the people that you represent. John has been in Congress for all the right reasons and, as has been articulated by my colleagues, shown how much he cares for his family, his faith, and the constituents he represents in southern Illinois.

John, you are going to leave an indelible mark here in the Congress on the work you did on the House Energy and Commerce Committee and in the people here. The people of this country owe you a sincere thanks for your selfless service, not only to Congress, but to the Army.

We will miss you in the Illinois delegation, but we know that Karen and your three sons will be happy to have you home.

Madam Speaker, I also want to mention, putting Congressman Davis aside, John has hired very good staff in his time in Congress, and I mean that. If you look at the people that have worked for John Shimkus that have come through his organization, they are people that do great things back in Illinois and here in Washington, D.C., and that is another testament to John Shimkus and his team.

Madam Speaker, I have to give a shout out to Craig Roberts, his long-time staffer. He and John have done a remarkable job leading this delegation and doing so much for their district and the people of Illinois.

So, John, I want to congratulate you on a well-earned retirement and thank you for everything you have done for me and our country, and Congress is a better place because of your service.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I thank Congressman LAHOOD for his comments.

Mr. TONKO. Mr. BOST, my colleague, who has known John Shimkus since before he was even elected.

Mr. BOST. Madam Speaker, I thank Mr. Davis for yielding.

You know, that is true. I have known John Shimkus since he was actually a treasurer in Madison County, where he was the one that held the spot after it had been 10 years since a Republican had held the spot, and he took that, served as a State legislator, and I kept hearing about this guy, John Shimkus from Madison County. I actually came to know him as I ran for State representative. And then all of a sudden, they said he is going to run for Congress, and I thought, what a wonderful thing.

You know, each one of us in our districts when we see that and as we are local elected officials, we think, oh, that is going to be good, but we didn’t realize how great it would be. He really is a mentor that would like to joke with John because we love him, the reality is he has served his district well. He hasn’t just served his district...
well. He has served the State well, he has served the Nation well, and he has made differences in the world.

I would like to harass him about the fact that he is an Army guy, as a Marine, but the reality is that he served well for the Army.

He is a man of integrity. He is a man of faith. He loves his family. And, really, that is what our Nation is about.

He is going to be missed terribly in this body.

We joke a lot about the fact that he is quitting. But you know what? He didn’t quit. He stood up. He stood up in tough times. He stood up in good times. But the people of this Nation are better because this man has served in Congress.

He is a close friend. You can hear that with the people that are talking here.

He is a father who loves his children. He is a husband that loves his wife. He is a man that loves his God. Who could ask for anything more?

JOHN, thank you.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I yield to the gentleman from Illinois (Mr. KRISHNA MOORTHI), my colleague.

Madam Speaker, if it takes us up, you know, I am going to start actually asking for time.

Mr. KRISHNA MOORTHI. Madam Speaker, I thank Congressman DAVIS for yielding.

Madam Speaker, I rise today to thank JOHN SHIMKUS and wish him the best in his retirement.

Today, you may not remember this, but 4 years ago when I joined this Congress, I said I would like to come and meet you, so you invited me to your office. You could not pronounce my name. Few people can. I said, Just call me RAJA. My last name allows me to get on a first-name basis with everybody in this place.

From that point forward, we developed a relationship, a friendship, to the point in the Army, recently, I came to him and asked him to co-sponsor a piece of legislation, and he just said, “Put me on it,” without even asking me what I was asking him to co-sponsor.

It was moving to me, because he trusted me, and it was based on a friendship rooted on shared values.

Even though we may not be in the same party, we are all Americans, and that is something that I deeply cherish about our relationship.

Now, as you once said, we can find common ground only by moving to a higher ground, only by moving to a higher ground.

Working with JOHN proved to me that we can ascend to higher heights, but also how we once said, we can find common ground only by moving to a higher ground every day.

Madam Speaker, I thank JOHN and his excellent staff, including his long time chief of staff, Craig Roberta, for their incredible devoted service to their family, to their community, and to their country.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I thank Mr. KRISHNA MOORTHI for his comments tonight.

Madam Speaker, I yield to the gentleman from Oregon (Mr. WALDEN), a good friend of Congressman SHIMKUS and all of us.

Mr. WALDEN. Madam Speaker, I thank Congressman DAVIS for yielding.

To Karen Shimkus and the family, thank you for sharing John with all of us for so many years. Thank you for your warmth and friendship as well.

I am told that JOHN is a big fan of the movie “Tombstone.” As the former chairman of the committee, now ranking member of the committee, there are a couple of great quotes out of “Tombstone” that I think sum up for many of us who have the pleasure to serve with him and see his passion for his district, see his passion for his community, see his passion for good policy. One of them would be when Kurt Russell said: “Tell him the law is coming. You tell ‘em I’m coming and hell’s coming with me.”

When you want somebody at your side fighting for a cause, that sums up John Shimkus.

Russell also said: “You called down thunder. Well, now you’ve got it.”

As we have tackled these issues and we have watched JOHN stand up for the people that sent him here, we know that he is by their side. And he not only brings out what he brings the intellect and he brings deep principle to every fight.

So, JOHN, we wish you and Karen and the family well.

God speed in your next endeavor, my friend.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I thank Mr. WALDEN for his comments.

Madam Speaker, I yield to the gentleman from West Virginia (Mr. MCKINLEY), a great leader of the committee, now ranking member of the committee, there are a couple of great quotes out of “Tombstone” that I think sum up for many of us who have the pleasure to serve with him and see his passion for his district, see his passion for his community, see his passion for good policy. One of them would be when Kurt Russell said: “Tell him the law is coming. You tell ‘em I’m coming and hell’s coming with me.”

When you want somebody at your side fighting for a cause, that sums up JOHN SHIMKUS.

Russell also said: “You called down thunder. Well, now you’ve got it.”

As we have tackled these issues and we have watched JOHN stand up for the people that sent him here, we know that he is by their side. And he not only brings out what he brings the intellect and he brings deep principle to every fight.

So, JOHN, we wish you and Karen and the family well.

God speed in your next endeavor, my friend.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I thank Mr. DAVIS for his comments.

Madam Speaker, I yield to the gentleman from Texas (Mr. BURGESS), another leader on the Energy and Commerce Committee.

Mr. BURGESS. Madam Speaker, I thank the gentleman for yielding.

Thank you for being a friend, thank you for being a great American.

Thank you, Karen, for sharing him with us.

It has been an honor to work with you, and I wish you the best in the years to come.

God bless you.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I thank Mr. McKinley for his comments tonight.

Mr. BURGESS. Madam Speaker, I yield to the gentleman from Texas (Mr. BURGESS), another leader on the Energy and Commerce Committee.

Mr. BURGESS. Madam Speaker, I thank the gentleman for yielding.

Thank you for your comments.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I thank Mr. McKinley for his comments tonight.

Mr. BURGESS. Madam Speaker, I yield to the gentleman from Texas (Mr. BURGESS), another leader on the Energy and Commerce Committee.

Mr. BURGESS. Madam Speaker, I thank the gentleman for yielding.

Thank you for being a friend, thank you for being a great American.

Thank you, Karen, for sharing him with us.

It has been an honor to work with you, and I wish you the best in the years to come.

God bless you.
So the reputation of the E&C, he has led the way in working both sides of the aisle, as we have seen, to create bipartisan legislation that he crafted to help all Americans. He was instrumental in designating 911 as the universal emergency number. I am a former Congressman, a teacher; he ensured that schools have the appropriate lifesaving equipment to keep students safe.

As a proud Lithuanian descendant—and I might say, he is a rock star in Lithuania, and I was there once with he and Karen in Lithuania—his support for our staunch ally has been critical to our two countries' really important relationship.

There are just so many things to mention.

This body is going to miss him and his patriotic passion dearly, but I wish JOHN and Karen really an incredible retirement of love and a lot of music.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I thank Mrs. Brooks for her comments tonight.

Madam Speaker, I yield to the gentleman from Ohio (Mr. LATTA), another E&C member.

Mr. LATTA. Madam Speaker, I thank the gentleman so much. I appreciate my friend for yielding.

JOHN, we are going to miss you.

You probably don't remember this, because you talk to a lot of folks, but even before I got here, one of the first persons I talked with was you in your office. I can still remember. One of the things I was talking about was, How do I get on E&C? I hadn't even gotten elected yet. But you were very gracious to talk with me that afternoon, and I will never forget it.

One of the things I know about you is this: you have got your priorities right in life, and it is the way you build things. It is your God, your family, and your country. You always, always show that to the rest of us. It was something you believed in.

Again, we all have such great respect for you.

Also, serving on committee with you and when you were chairing the Environment and Climate Change Subcommittee, one of the things you were passionate about is making sure things got done.

And TSCA, when we were talking about getting things done, no one thought it was going to get done. You got it done.

The other thing you were working on that we have still got to get done is when we talk about Yucca Mountain. I will never forget when you took a group of us out there to Yucca. Again, it is something that you believed in, but it is something that we have to do. So that is your legacy.

For all your years of service now here in the House, but also to your country in the Army, I think it really comes back to something my dad taught me. Dad was in public service for 36 years. He said: “Always remember, there are two types of people that get into this: those who want to be a politician and those who want to be a public servant.” And this is how he defined it: A politician sees how much they can take from the people they represent for their own benefit, while public servants see how much they can give to their community and represent.

So all I can say is we are going to miss you. You have been a great leader on committee, you have been a great leader in this House.

I wish all the best to you and your family. John, I know we talked through the years about how our families are doing, but I can't thank you enough for your service to this country and to this House.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I thank Mr. LATTA for his comments.

Madam Speaker, I yield to the gentleman from Kentucky (Mr. GUTHRIE), another E&C member.

Mr. GUTHRIE. Madam Speaker, I thank the gentleman very much for yielding.

I am here tonight to honor Mr. SHIMKUS. I call him Mr. SHIMKUS because that is how a junior West Point cadet refers to a senior West Point cadet.

One of the most insulting things I get here in Washington, people ask me often: “Were you at West Point with JOHN SHIMKUS?”

I always say: “Do I look like I could have been at West Point when JOHN SHIMKUS was there?”

We are not that far apart, the Class of ’80 and the Class ’87. But he is passionate about his country.

I serve on the NATO committee with him. I am going to tell one quick story. It is really more about passion for his family.

One year, we were visiting our allies. We were visiting the Holland, and JOHN went on a mission to find some kind of horn. I forget the name of the horn, but it is a Dutch horn. He went to a village. He went to somebody’s home. This thing wasn’t easy to find, but he said: I have to find it because my wife wants it. My wife always wants a unique musical instrument from some country that I visit.

It wasn’t like, “I have to get this for my wife.” He was passionate about getting it. This thing was as big as half of this table, and he had to carry it back.

When he started telling people why he was doing it, you could just see the passion in his face. He goes: My wife—who is here with us tonight—my wife, she teaches music, and when she teaches this kind of music, this history, she gets these instruments out that I collect. She goes through them, and she teaches the history of the country where this music is from.

So it is combined. You could see JOHN’s passion for history, his wife’s passion for music, and his passion for his family.

Then, finally, he may not remember this, but I was standing with him one of the preopening nights of the Bible Museum, and I remember being with him when he saw Martin Luther’s Bible that is there. He just looked at it. I could see him just speechless because of, the great Lutheran that he is, his love of the Word of God and the love of his God.

It shows a common theme tonight. JOHN is passionate about his country, through West Point and his service to the Army and the NATO committee, and passionate about his family.

It is just unmistakable. It is just there. It is in his face. His face shows everything he is thinking. When he talks about his wife, you can certainly see it.

When I was standing there with him, he was passionate about his God. Duty, honor, country is learned at West Point, but country, family, and God, that is so important.

Thank you, JOHN, for your service. We are going to miss you.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I yield to the gentleman from Virginia (Mr. GRIFFITH), another E&C member.

Mr. GRIFFITH. Madam Speaker, we have heard a lot of great comments about JOHN. I was not officially a mentee, but when I first got to the Energy and Commerce Committee, he immediately started giving me pointers and guidance. We would talk about issues, and we would talk about how you do things and how sometimes it is frustrating around here, as we all know.

I appreciate very much all the help that you gave me and the guidance that you gave me through the years. I am going to miss you deeply on the committee. I appreciate all of your service.

I could talk about all the things that all the other people have, but I am going to point something out that I really as I was sitting here.

Every Member of Congress, by nature, is a political junkie, and, unfortunately, the time to celebrate your service overlaps with a Presidential debate. So it will get higher ratings in the runs than it will get in the prime time, first edition.

But when you stop to think about it, think about all the Members of Congress who stayed here, who wanted to say something positive about you, about your service, your commitment to your family, to your God, and to your country, we are all here missing that big event because we love JOHN SHIMKUS.

So, God bless you. Godspeed on the work that you have to do further.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I yield to the gentleman from Texas (Mr. ARRINGTON) for brief remarks.

Mr. ARRINGTON. Madam Speaker, I rise to honor my colleague, my friend, a baseball pitcher on the Congressional Baseball Team.

In fact, in 2018, after watching my colleague JOHN SHIMKUS pitch for an
Mr. RODNEY DAVIS of Illinois. Madam Speaker, I yield to the gentleman from California (Mr. LAMALFA).

Madam Speaker, I yield to the gentleman from Minnesota (Mr. STAUBER), another member of the Energy and Commerce Committee. When I think about JOHN, I think about someone who is a true legislator. He does the tough job of legislating, knowing the issues, being prepared, and figuring out how to actually solve big problems.

So you think about the fact that he led in modernizing the Toxic Substance Control Act. He has led on lowering fuel costs for hardworking families all across this country. It was JOHN SHIMKUS who led in bringing the 911 emergency system into the 21st century.

Time and time again, it has been Congressman JOHN SHIMKUS who is leading to get big things done in order to improve people’s lives and secure our future as Americans.

I want to say, more than anything, we are going to miss you. We are going to miss your leadership. We are going to miss your example as a true legislator.

For the people of Illinois, for my colleagues on the House Energy and Commerce Committee, and for the people of the 8th District of Illinois, I want to thank you for your mentorship, your friendship, and your leadership.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I yield to the gentleman from California (Mr. LA MALFA). Madam Speaker, Mr. SHIMKUS is always one of the guys I enjoyed the most around here. We didn’t get to pull an all-nighter tonight.

Madam Speaker, this entire body will miss JOHN, and I am sure his constituency is thankful for his years of service. I know I am.

I want to thank you for your leadership. We are going to miss your example as a true legislator.

I want to wish you all the best, and I just want to say thanks to everyone for pulling us together tonight.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I yield to the gentleman from California (Mr. LA MALFA).

Mr. LA MALFA. Madam Speaker, Mr. SHIMKUS is always one of the guys I enjoyed the most around here. We didn’t get to pull an all-nighter tonight.

What a team. What a team. The entire Shimkus team, including my wife, Karen, who I am not supposed to recognize in the gallery, so I am not. I don’t want to be chastised later.

But his wife, Karen, probably doesn’t know this, but I am probably their favorite son. This is somebody who taught me to be a good worker, taught me to be a good worker, taught me that being on time matters, taught me that helping others is a privilege.

I can’t say thank you enough to this man because I would not be serving in this great institution and your mentorship, your friendship, and your leadership. It wasn’t without some hiccups, let me tell you. I am sure he wanted to fire me a few times, and I think he told me that a few times.

But I prevailed. You know why? Because we had a great team. And a great team is built with the leadership of somebody who gives people opportunities to not just survive in a workplace but to excel.

I can remember that I hadn’t thought about running for Congress in a very long time when I got a call in 2012 one day when there was an opportunity to put my name into the mix to run for this office. In typical JOHN SHIMKUS fashion—and his wife Karen could probably attest to this—JOHN called me and said: Hey, have you ever thought about running for Congress?

And I said: Well, I guess maybe because I really enjoy watching you.

He said: Well, if there is ever a time to think about it, now is the time.

Okay. In typical JOHN SHIMKUS fashion, he is like: All right, I have to go. Call Craig—Craig Roberts, his chief of staff, the godfather of my three kids.

What a team. What a team. The entire Shimkus team, including my

That is the conclusion of my official remarks, but I want to talk off the cuff for a couple of minutes.

I just want to thank you for your faithful leadership, your Bible verses that you give to me every day, and the roommates. That means a lot to me.

I want to thank you for mentoring me these past couple of years. I couldn’t have had a better mentor.

Congressman SHIMKUS, you are a leader that we all look up to. Thank you.

Mr. RODNEY DAVIS of Illinois. Madam Speaker, I yield to the gentleman from Washington (Mrs. RODGERS), another member of the Energy and Commerce Committee. When I think about JOHN, I think about someone who is a true legislator. He does the tough job of legislating, knowing the issues, being prepared, and figuring out how to actually solve big problems.

So you think about the fact that he led in modernizing the Toxic Substance Control Act. He has led on lowering fuel costs for hardworking families all across this country. It was JOHN SHIMKUS who led in bringing the 911 emergency system into the 21st century.

I want to thank you for mentoring me these past couple of years. I couldn’t have had a better mentor.

Congressman SHIMKUS, you are a leader that we all look up to. Thank you.
chief of staff since I got here who worked with me on the Shimkus campaign, in the Shimkus office, and is now my staff director on the committee that I am blessed to run, the House Administration Committee. What a legacy this guy leaves in this institution.

People will not understand the importance of John Shimkus serving as a Member of the House of Representatives until they look back in history and realize some of the things that our colleagues actually talked about tonight.

If you were in an emergency anywhere in this great Nation, and you have a cell phone that is a lot more ubiquitous today than it ever was when this guy came to Congress in the dark ages of 1996, you can dial 911 and know that it is going to get routed to your local emergency services center.

But before John Shimkus got to Congress, that didn’t happen. The things that we take for granted today were started by people who served in this institution years before us. If we don’t understand their legacy and we don’t understand the history that they brought to all of us and to our Nation to make sure that lives are saved, then we will never know their true impact.

I personally know John Shimkus’ true impact because he impacted my life greatly. He has known me since before I became a parent of now a 23 year old and two 20 year olds. These children look to him as somebody who mentored their dad.

John Shimkus, I know I don’t have a lot of time left tonight, and I have got probably a couple of months left to harass him a little bit in other speeches. But coming here to the U.S. House of Representatives and being able to get to know my friend’s roommates, his friends and now colleagues, it would not have happened without the gentleman. He has made me not just a Member of this privileged institution, he has made me a better person, he has made me a better dad, he has made me a better husband, and he has made this institution in the United States of America a better place for every single citizen in this country.

Godspeed to you, Mr. Shimkus, in your retirement. Godspeed to Karen. I love you both.

Madam Speaker, I yield back the balance of my time.

LEAVE OF ABSENCE

By unanimous consent, leave of absence was granted to Mr. Aderholt (at the request of Mr. McCArthy) for today on account of personal reasons.

ADJOURNMENT

The SPEAKER pro tempore. Pursuant to section 4(b) of House Resolution 967, the House stands adjourned until 9 a.m. tomorrow for morning-hour debate and 11 a.m. for legislative business.

Thereupon (at 9 o’clock and 46 minutes p.m.), under its previous order, the House adjourned until tomorrow, Wednesday, September 30, 2020, at 9 a.m. for morning-hour debate.

REPORTS OF COMMITTEES ON PUBLIC BILLS AND RESOLUTIONS

Under clause 2 of rule XIII, reports of committees were delivered to the Clerk for printing and reference to the proper calendar, as follows:

Mr. PALLONE. Committee on Energy and Commerce. H.R. 8132. A bill to require the Federal Trade Commission and the Secretary of Commerce to conduct studies and submit reports on the impact of artificial intelligence and other technologies on United States businesses conducting interstate commerce, and for other purposes (Rept. 116–540). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 3539. A bill to amend the Public Health Service Act to develop best practices for the establishment and use of behavioral intervention teams at schools, and for other purposes; with an amendment (Rept. 116–541). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 1289. A bill to amend the Communications Act of 1934 to provide for a moratorium on number reassignment after a disaster declaration, and for other purposes; with an amendment (Rept. 116–542). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 7283. A bill to amend the Public Health Service Act to provide heat practices on student suicide awareness and prevention training and condition State educational agencies, local educational agencies, and tribal educational agencies receiving funds under section 502A of such Act to establish and implement a school-based student suicide awareness and prevention training policy; with an amendment (Rept. 116–543). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 4861. A bill to amend the Public Health Service Act to establish a program to improve the identification, assessment, and treatment of patients in the emergency department who are at risk of suicide, and for other purposes (Rept. 116–544). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 2519. A bill to authorize the Secretary of Health and Human Services, acting through the Director of the Center for Mental Health Services of the Substance Abuse and Mental Health Services Administration, to award grants to implement innovative approaches to securing prompt access to appropriate follow-on care for individuals who experience an acute mental health episode and present for care in an emergency department, and for other purposes; with an amendment (Rept. 116–544). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 8128. A bill to direct the Consumer Product Safety Commission to establish a pilot program to explore the use of artificial intelligence in support of the consumer product safety mission of the Commission; with amendments (Rept. 116–545). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 7948. A bill to amend the Public Health Service Act with respect to the collection and availability of health data by Indian Tribes, and for other purposes; with an amendment (Rept. 116–546). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 5572. A bill to establish a grant program for family community organizations that provide support for individuals struggling with substance use disorder and their families; with an amendment (Rept. 116–547). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 5373. A bill to reauthorize the United States Anti-Doping Agency, and for other purposes; with an amendment (Rept. 116–548). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 4439. A bill to amend the Federal Food, Drug, and Cosmetic Act to make permanent the authority of the Secretary of Health and Human Services to issue priority review vouchers to encourage treatments for rare pediatric diseases; with amendments (Rept. 116–551). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 5469. A bill to address mental health issues for youth, particularly youth of color, and for other purposes; with an amendment (Rept. 116–552). Referred to the Committee of the Whole House on the state of the Union.

Mr. PALLONE. Committee on Energy and Commerce. H.R. 1754. A bill to improve the integrity and safety of horseracing by requiring a uniform anti-doping and medication control program to be developed and enforced by an independent Horseracing Anti-Doping and Medication Control Authority; with an amendment (Rept. 116–554). Referred to the Committee of the Whole House on the state of the Union.

Mr. NADLER. Committee on the Judiciary. H.R. 8161. A bill to authorize implementation grants to community-based nonprofits to operated one-stop reentry centers; with an amendment (Rept. 116–555). Referred to the Committee of the Whole House on the state of the Union.

BUDGETARY EFFECTS OF PAYGO LEGISLATION

Pursuant to the Statutory Pay-As-You-Go Act of 2010 (PAYGO), Mr. YARMUTH hereby submits, prior to the vote on passage, the attached estimate of the costs of H.R. 4996, the Helping MOMS Act of 2020, as amended, for printing in the Congressional Record.

ESTIMATE OF PAY-AS-YOU-GO EFFECTS FOR H.R. 4996

By fiscal year, in millions of dollars—

A bill to require the establishment of a bioenergy technology research initiative and an advanced energy technology and modeling grant program, and for other purposes; to the Committee on Energy and Commerce, the Judiciary, Natural Resources, and Water Resources, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. RICE of South Carolina:

H.R. 8434. A bill to require the Secretary of the Treasury to establish a Restaurant Reimbursement Program, and for other purposes; to the Committee on Financial Services.

By Mr. ROSE of New York (for himself and Mr. KATKO):

H.R. 8435. A bill to allow certain veterans to use high occupancy vehicle lanes, including tolled lanes; to the Committee on Transportation and Infrastructure.

By Mr. SCHIFF (for himself, Mr. BASS, Mr. GRIJALVA, Mr. COOPER, Mrs. HAYES, Mr. KHANNA, Ms. SCANLON, Ms. NORTON, and Ms. LEI of California):

H.R. 8436. A bill to prohibit discrimination in health care on the basis of race, color, sex, national origin, or religion; to the Committee on Oversight and Reform.

By Mr. SCHRADER:

H.R. 8437. A bill to extend the authority of the Secretary of Veterans Affairs to treat certain programs of education converted to distance learning by reason of emergencies and health-related situations in the same manner as programs of education pursued at educational institutions; to the Committee on Veterans’ Affairs, and in addition to the Committee on Armed Services, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mr. SMITH of New Jersey (for himself, Mr. ENGEL, Mr. MCCaul, Ms. KAPTUR, Mr. KINZINGER, and Mr. TAYLOR):

H.R. 8438. A bill to reauthorize the Belarus Democracy Act of 2004; to the Committee on Foreign Affairs, and in addition to the Committee on Armed Services, and the Judiciary, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Ms. SPANBERGER (for herself and Mr. RODNEY DAVIS of Illinois):

H.R. 8439. A bill to amend the Internal Revenue Code of 1986 to exclude from gross income any interest paid on an overpayment of tax; to the Committee on Ways and Means.

By Mr. MARTIN of the District of Columbia (for himself, Mr. BLUMENAUER, and Ms. FINKENauer):

H.R. 8440. A bill to provide disaster tax relief; to the Committee on Ways and Means, and in addition to the Committee on Small Business, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Mrs. TORRES of California (for herself, Ms. LEI of California, Mr. VARGAS, Mr. SUOZZI, Mr. SOTO, Mr. HASTINGS, Mr. GRIJALVA, Ms. ROYBAL-ALLARD, Mr. ALASKIN, Mr. CISNEROS, Mr. CONNOLLY, Mr. VELA, Mrs. NAPOLITANO, Ms. SEWELL of Alabama, Ms. NORTON, and Mr. CARSON of Tennessee):

H.R. 8441. A bill to establish certain protections and benefits for front line workers, and for other purposes; to the Committee on Energy and Commerce, and in addition to the Committees on the Judiciary, and Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

By Ms. VELAZQUEZ (for herself and Mr. SAN NICOLAS):

H.R. 8442. A bill to amend the Public Health Service Act to provide for activities to increase the awareness and knowledge of health care providers and women with respect to ovarian and cervical cancer, and for other purposes; to the Committee on Energy and Commerce.

By Mr. COLLINS of Georgia (for himself, Mr. WEBER of Texas, Mr. SMITH of Pennsylvania, Mr. RESCHENTHALER, Mr. KEVIN HERN of Oklahoma, Mr. WALTZ, Mr. AUSTIN SCOTT of Georgia, Mr. JOHN W. ROSE of Tennessee, Mr. ALLEN, Mr. BUCK, and Mr. CRAWFORD):

H.R. 8443. A resolution proposing an amendment to the Constitution of the United States to ensure that an Act of Congress that increases the number of judges comprising the Supreme Court may not take effect before the date that is 10 years after the date of the enactment of such Act; to the Committee on the Judiciary.

By Mr. WALKER:

H.R. 8444. A resolution proposing an amendment to the Constitution of the United States to limit the composition of the Senate to Senators from States admitted after the date of the enactment of the provisions of Article One Section Eight of the Constitution; to the Committee on the Judiciary.

By Ms. SWALWELL of California:

H. Res. 1155. A resolution reaffirming the House of Representatives’ commitment to the orderly and peaceful transfer of power of the United States, and for other purposes; to the Committee on the Judiciary, and considered and agreed to.

By Mr. BIGGS (for himself, Mr. FLISCHMANN, Mr. KING of Iowa, Mr. GORAS, Mr. PERRY, Mr. GOERMERT, Mr. GREEVES, Mr. HENSCHEN, Mr. BISHOP of North Carolina, Mr. SCHWIKERT, Mr. JOYCE of Pennsylvania, Mr. BUDD, Mr. EMMER, Mr. LAMBORN, Mr. DAVIDSON of Ohio, Mr. JOHNSON of Louisiana, and Mr. BANKS):

H. Res. 1156. A resolution condemning attacks on Judge Amy Coney Barrett; to the Committee on the Judiciary.

By Ms. JUDY CHU of California (for herself, Mr. SUOZZI, Mr. TAKANO, Mr. SARLAN, Ms. MENG, Mr. TED LEE of California, Mr. SMITH of Washington, Mrs. NAPOLITANO, Ms. ROYBAL-ALLARD, Mr. CASE, Mr. LEI of California, Mr. CONEY of California, Mr. NICOLAS, Mr. BERA, and Mrs. LEI of Nevada):

H. Res. 1157. A resolution expressing support for the recognition of September 28, 2020, to October 2, 2020, as Asian American and Native American Pacific Islander-Serving Institutions Week; to the Committee on Education and Labor.

By Mr. COSTA (for himself, Mr. FITZPATRICK, Mr. MORELLE, Mr. LARSON of Connecticut, Mrs. HAYES, Mr. LEVIN of California, Mr. PANETTA, Mr. DEFAZIO, Mr. MICHAEL F. DOYLE of Pennsylvania, Mr. O’HALLERAN, Mr. ROUDA, Mr. COX of California, and Ms. LEE of New York):

H. Res. 1158. A resolution supporting the recognition of October 8, 2020, as “National Hydrogen and Fuel Cell Day”; to the Committee on Oversight and Reform.

By Mr. PAYNE (for himself, Ms. MATSU, Mr. WELCH, Mr. TAKANO, Mr. HUFFMAN, Ms. LEE of California, Mr. DANNY K. DAVIS of Illinois, Mr. MEEKS, Ms. NORTON, Mr. CARSON of Indiana, Ms. BASS, Mr. RUSH, Ms. JUDY CHU of California, and Ms. SPEER):

H. Res. 1159. A resolution calling upon all candidates for Federal office to respect the American tradition of the peaceful transfer of power and reject any efforts to prevent people from exercising their right to vote; to the Committee on the Judiciary.

CONSTITUTIONAL AUTHORITY STATEMENT

Pursuant to clause 7 of rule XII of the Rules of the House of Representatives, the following statements are submitted regarding the specific powers granted to Congress in the Constitution to enact the accompanying bill or joint resolution.

By Mrs. LOWEY:

H.R. 8450

Congress has the power to enact this legislation pursuant to the following:

The principal constitutional authority for this legislation is clause 7 of section 9 of article I of the Constitution of the United States (the appropriation power), which states: “No Money shall be drawn from the Treasury, but in Consequence of Appropriations made by Law . . . .”

In addition, clause 1 of section 8 of article I of the Constitution (the spending power) provides: “The Congress shall have the Power . . . to pay the Debts and provide for the common Defence and general Welfare of the United States . . . .”

Together, these specific constitutional provisions establish the congressional power of the purse, granting Congress the authority to appropriate funds, to determine their purpose, amount, and availability, and to set forth terms and conditions governing their use.

By Mr. RESCHENTHALER:

H.R. 8451

Congress has the power to enact this legislation pursuant to the following:

Article One Section Eight

By Mr. DeFAZIO:

H.R. 8455

Congress has the power to enact this legislation pursuant to the following:

Article One Section Eight

By Mr. DeFazio
By Mr. CASTRO of Texas:
H.R. 8409.
Congress has the power to enact this legislation pursuant to the following:
The Article 1, Section 8 of the Constitution.

By Mr. BARR:
H.R. 8410.
Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8 of the United States Constitution.

By Mr. BLUMENAUER:
H.R. 8411.
Congress has the power to enact this legislation pursuant to the following:
By Ms. BROWNLEY of California:
H.R. 8412.
Congress has the power to enact this legislation pursuant to the following:
Article I, Section 8 of the United States Constitution.

By Mr. CARTER of Texas:
H.R. 8413.
Congress has the power to enact this legislation pursuant to the following:
By Mr. COHEN:
H.R. 8414.
Congress has the power to enact this legislation pursuant to the following:
By Mr. CISNEROS:
H.R. 8415.
Congress has the power to enact this legislation pursuant to the following:
By Mr. CRENSHAW:
H.R. 8416.
Congress has the power to enact this legislation pursuant to the following:
By Mr. SCHIFF:
H.R. 8436.
Congress has the power to enact this legislation pursuant to the following:

This bill is enacted pursuant to Article I, Section 8 of the United States Constitution.

By Mr. SMITH of New Jersey:
H.R. 8438.
Congress has the power to enact this legislation pursuant to the following:

This bill is enacted pursuant to Article I, Section 8 of the United States Constitution.

By Mr. CASTRO of Texas:
H.R. 8439.
Congress has the power to enact this legislation pursuant to the following:

This bill is enacted pursuant to Article I, Section 8 of the United States Constitution.

By Mr. BASS, Mr. COHEN, Mr. FITZPATRICK, and Mrs. LURIA.

ADDITIONAL SPONSORS

Under clause 7 of rule XII, sponsors were added to public bills and resolutions, as follows:

CONGRESSIONAL EARMARKS, LIMITED TAX BENEFITS, OR LIMITED TARIFF BENEFITS

Under clause 9 of rule XXI, lists or statements on congressional earmarks, limited tax benefits, or limited tariff benefits were submitted as follows:

OFFERED BY MRS. LOWEY
H.R. 8406, making emergency supplemental appropriations for the fiscal year ending September 30, 2021, and for other purposes, does not contain any congressional earmark, limited tax benefits, or limited tariff benefits as defined in clause 9 of rule XXI.
The Senate met at 3 p.m. and was called to order by the President pro tempore (Mr. GRASSLEY).

PRAYER
The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.
Eternal God, sovereign source of wisdom, hear our prayers. Listen as we lift our hearts to You. In our times of distress, answer us quickly.

Strengthen our lawmakers. Keep them restless until they find rest in You. Keep them dissatisfied until they find their satisfaction in You.

Lord, give them the wisdom to make wise choices that will glorify Your Name. Help them to keep their hearts and minds responsive to You, enabling them to help make a better Nation and world.

Remind them that You keep a protective eye on the godly so that they may be surrounded with the shield of Your divine favor. May our Senators, with faith, expect You to provide them with strength for each task.

We pray in Your great Name. Amen.

PLEDGE OF ALLEGIANCE
The President pro tempore led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

The PRESIDING OFFICER (Mr. BOOZMAN). The Senator from Iowa.

Mr. GRASSLEY. Mr. President, I ask unanimous consent to speak in morning business for 1 minute.

The PRESIDING OFFICER. Without objection, it is so ordered.

BLACK REVOLUTIONARY WAR PATRIOTS MEMORIAL
Mr. GRASSLEY. Mr. President, I have been working for decades to establish a memorial on the National Mall to those Black Revolutionary War patriots who fought for the founding of our country. We are close to achieving that goal, which is needed now more than ever.

The rationale for the memorial was summarized in congressional testimony in 1985 by its founder, Maurice Barboza:

The Patriots Memorial would serve an educational purpose in that it would remind Americans of the rich and meaningful contributions of Blacks to the birth of America. It would illuminate the past so that the present generation would better understand the Nation's history. In that sense, it would serve a retrospective purpose.

The Patriots Memorial would serve a prospective purpose by helping future generations of Americans understand what it is that binds us . . . as a [nation].

He then quoted then-Representative Nancy L. Johnson, the memorial's chief proponent in the House of Representatives. I quote her and will end with this quote:

An American cannot be identified by simple physical, ethnic, racial, or religious characteristics. Even our cultural heritage is best defined by its rich diversity. What ties us together as a nation is our commitment to individual freedom and maintaining the rights and privileges guaranteed by the Constitution to assure the perpetuation of our freedom.

I yield the floor.

RECOGNITION OF THE MAJORITY LEADER
The PRESIDING OFFICER. The majority leader is recognized.

NOMINATION OF AMY CONEY BARRETT
Mr. McCONNELL. Mr. President, on Saturday evening, President Trump announced his nominee for the Supreme Court, Judge Amy Coney Barrett of the U.S. Court of Appeals for the Seventh Circuit.

I had the opportunity to meet with Judge Barrett earlier today. I left our discussion even more convinced that President Trump has nominated exactly the kind of outstanding person whom the American people deserve to have on their highest Court.

Americans deserve brilliant judges with first-rate legal minds. Judge Barrett is that and then some. She attended Notre Dame Law School on full scholarship, graduated No. 1 in her class, and was executive editor of the Law Review.

She secured top-flight clerkships on the DC Circuit and the Supreme Court. After a few years in private practice, she returned to academia and built a national reputation as an award-winning professor and legal scholar.

Judge Barrett is brilliant. Americans also deserve judges who are committed to fairness and impartiality, to following the facts in every case. They deserve judges who understand that their job is to interpret the text of our laws and Constitution as they are written, not as the judge might personally wish they had been written differently.

Again, Judge Barrett passes with flying colors. Her 3 years of rulings on the Seventh Circuit are the record of a judge who sets out to do impartial justice under law—nothing more and nothing less. This nominee could not be more fully qualified to serve on the Supreme Court.

Harvard Law Professor Noah Feldman is a fierce critic of President Trump. He was one of the House Democrats’ star witnesses in their impeachment. He has known Judge Barrett professionally for more than 20 years. Despite some philosophical differences, he went out of his way this past weekend to write that she is “highly qualified to serve on the Supreme Court.”

Here is what Professor Feldman wrote:

I know her to be a brilliant and conscientious lawyer who will analyze and decide
cases in good faith, applying the jurisprudential principles to which she is committed. These are the basic criteria for being a good justice. Barrett meets and exceeds them.

And if you “believe in an ideal judicial temperament,” Professor Feldman went on, “then rest assured that Barrett has it.”

It is the same story from everyone—everyone—who knows Judge Barrett well.

The dean of Notre Dame Law School says she is “an absolutely brilliant legal scholar and jurist (and) one of the most popular teachers we have ever had.”

One of her faculty colleagues said: “She is a principled, careful judge, admired legal scholar, and amazing teacher.”

Six young women who all studied under Judge Barrett say she drilled into them “the necessity of setting personal beliefs aside when evaluating the answer to a legal question.”

These objective qualifications and credentials are what matter most. Judge Barrett deserves to be judged by her record.

But a few more things bear notice. As our Nation continues to honor the trailblazing life of the late Justice Ginsburg, it seems fitting that President Trump has nominated another brilliant woman who has climbed to the very top of the legal field. Young women who know Judge Barrett well describe her as not just an excellent teacher but a gracious mentor and an inspiring example to those who know Judge Barrett.

As the only congressional leader not from New York or California, I applaud the President’s decision to look to the heartland. If confirmed, Judge Barrett would be the only current Supreme Court Justice with a law degree from anywhere besides Harvard or Yale—from anywhere besides Harvard or Yale. I would say this nominee would bring welcomed diversity on multiple fronts.

As I predicted last week, the far left is rushing to make this nomination about anything but Judge Barrett’s qualifications. The instant she was announced, they started with the same unhinged attacks they have recycled for every Supreme Court nomination by every Republican President since the 1970s.

Remember, the far left said Justice Stevens opposed “women’s rights,” that Justice Kennedy would be “a disaster for women,” and that Justice Souter would put the “health and lives” of Americans at risk.

Well, Saturday went like clockwork. The political left took one more look at Judge Barrett’s qualifications and gave up on debating the merits, and headed right at the same old scare tactics. Our colleague, the Democratic leader, informed Americans that this 48-year-old working mother was going to “turn back the clock on women’s rights.” This working mother was going to “turn back the clock on women’s rights,” so said the Democratic leader.

The junior Senator from California said the nominee would “harm millions of Americans.”

The junior Senator from Connecticut said “Amy Coney Barrett would create a humanitarian catastrophe.”

Well, our colleagues on the opposite side believed that a famous Catholic organization would subscribe to Catholic teaching on the right to life. These attacks since before they even passed the law they now say are worried about.

On this occasion, their entire argument seems to come down to a technical analysis Judge Barrett put forward in a 4-year-old academic paper about one part of Obamacare, which Congress has already zeroed out in the meantime. Let me just say that again. The entire argument seems to come down to a technical analysis that Judge Barrett put forward in a 4-year-old academic paper about one part—just one part—of Obamacare, which Congress has already zeroed out in the meantime.

These hysterical claims collapse under the slightest examination, but, sadly, they are just beginning. Three years ago, Senate Democrats’ bizarre attacks on Judge Barrett’s religious faith became a national embarrassment for their side of the aisle.

The senior Senator from Illinois asked me: “Do you consider yourself an orthodox Catholic?” This was actually during a U.S. Senate hearing. The senior Senator from California told her that “the dogma lives loudly within you. And that’s of concern.”

This was not, regrettably, an isolated incident. Over the past few years, multiple Senate Democrats, on multiple different occasions, have openly suggested that certain kinds of religious beliefs might disqualify citizens from public service.

In 2017, the junior Senator from Vermont, Senator Sanders, told an executive branch nominee that he had made an “indefensible, hateful, Islamophobic” statement because he had articulated a personal belief that Christianity gets things right which Islam gets wrong.

In 2018, the junior Senator from California, who is now asking for American women’s votes to be Vice President, attacked a different nominee for participating in the Knights of Columbus. The Knights of Columbus? This is a massive, noncontroversial Catholic men’s association that is known for things like shoveling snow off church sidewalks and hosting pancake breakfasts.

“Were you aware that the Knights of Columbus opposed a woman’s right to choose?” Senator Harris asked, as though it were a novel idea that a famous Catholic organization would subscribe to Catholic teaching on the right to life.

Here is what happened in just the past few days. The Associated Press, Reuters, POLITICO, Newsweek, and the Washington Post have already run major stories on the Barrett family’s private faith practices. Each strongly implied there might be something worrisome or disqualifying if a Federal judge were a faithful Christian with strong ties to spiritual groups.

POLITICO’s contributing editor literally went and peered around the physical grounds of a religious facility in South Bend so he could report what the youth group had written on their whiteboard. Less than 72 hours in, this is where we are. The elite class is already treating Americans of faith like exotic animals on display in a menagerie.

Look, I understand the far left had committed to opposing this nominee because there was a misunderstanding some politicians have decided to oppose Judge Barrett before they even considered her record. But every time they choose to use the nominee’s personal faith as a political weapon, they will only be reminding millions of Americans why it is so essential to have judges just like Judge Barrett on the bench.

In this country—our country—citizens have religious liberty. In this country—our country—there is no religious test for public office. In this Country—our country—we have the right to seek the protection of the courts when our freedom of religion is threatened. That is why we need judges like Judge Barrett who understand our laws and Constitution and will uphold our freedoms accordingly.

If the reflexive opponents of Judge Barrett’s nomination want to argue otherwise, they will only be proving how much better she understands our Constitution than they do.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The legislative clerk proceeded to call the roll.

Mr. GRASSLEY. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

UKRAINE INVESTIGATION

Mr. GRASSLEY. Last week Senator Johnson and I released our report
about our investigation into potential conflicts of interest with respect to Ukraine policy during the Obama administration. My Democratic colleagues have attacked this investigation with unsupported and inaccurate allegations that this investigation is rooted in a foreign-sponsored smear campaign. They have asserted that our oversight activities relating to the Obama administration are advancing a Russian disinformation campaign and have implied that we are “wielding that disinformation as a political cudgel.” Nothing could be further from the truth, so I want to explain.

My Democratic colleagues have publicly insinuated that I received the records from a Ukrainian national, Andriy Derkach, a Russian agent who has taken action to influence and interfere in the 2020 election.

Now, let’s get this: I have praised the Treasury Department for sanctioning Derkach. I have never received nor solicited information from Derkach. This is probably the third time I have come to the floor of the Senate to say this. Yet you still keep getting these accusations from my friends on the other side of the aisle. Now, the Democrats have not released this information. Yet they refuse to stop repeating their false insinuations, and those false insinuations have resulted in Russian-based media repeating the Democratic disinformation, which is why the Democrats should have never created that false narrative in the first place. In fact, during the course of this investigation, the minority—not the majority—of the committee introduced Derkach’s disinformation into the committee record.

Foreign election interference should have no quarter in this country, and we must do everything to stop that interference. If only the Democrats felt the same. It is why the Democrats should have never created that false narrative in the first place. Now, what is very clear is that Hunter Biden launched a allegedly enormous global spending spree. Records show that Hunter Biden, via his law firm, also sent over a million dollars to James Biden, the stepson of John Kerry, later partnered with a Chinese-based firm to purchase the American company. Clearly, this transaction presented conflicts of interest, which is exactly why I wrote the letter of August 2019 to the Treasury Department.

My Democratic colleagues like to say that we started this investigation as a result of the Trump impeachment. But when I wrote the letter to the Department of State on August 14, 2019, was well before the impeachment investigation began. That letter was also sent before Congress was notified of the Ukrainian-related whistleblower complaint and before it was made public.

No matter how hard the Democrats try to say otherwise, this investigation is rooted in nothing but simply good government oversight. That is exactly the type of investigation I have run my entire Senate career.

Our investigation is based upon Obama administration government records and records from a Democratic lobby shop, Blue Star Strategies. They aren’t based on any information that we received from a fellow by the name of Derkach. So if my Democratic colleagues think that those records amount to Russian disinformation, then there is no way that the previous Obama administration did more about the Johnson-Grassley inquiry.

Do you think my Democratic colleagues would have attacked an investigation involving Donald Trump, Jr.? Remember, I interviewed the President’s son years ago as part of my Russian investigation. I didn’t hear any complaints about my investigative work at that time. Funny how this has played out, right?

My Democratic colleagues have jammed up document production from government agencies and engaged in questionable political media efforts. We would have been done with this investigation a long time ago if all that opposition hadn’t occurred, but here we are, and now the American people can see our work and judge our work for themselves.

I would like to remind my Democratic colleagues that the first step in this investigation was a letter that I wrote on August 14, 2019. That letter was about an Obama-era Committee on Foreign Investment in the United States transaction. That transaction gave control over an American company that made anti-vibration technologies with military applications to a Chinese Government-owned aviation company and a Chinese-based investment firm with established ties to the Communist Chinese Government. Reports indicated that a firm formed by Hunter Biden and Chris Heinz, the stepson of John Kerry, later partnered with a Chinese-based firm to purchase the American company.

Also at this time, Joe Biden was Vice President and John Kerry was Secretary of State. The State Department is an approval agency on the Committee on Foreign Investment.

Clearly, this transaction presented conflicts of interest, which is exactly why I wrote the letter of August 2019 to the Treasury Department.

Our investigation is based upon Obama administration government records and records from a Democratic lobby shop, Blue Star Strategies. They aren’t based on any information that we received from a fellow by the name of Derkach. So if my Democratic colleagues think that those records amount to Russian disinformation, then there is no way that the previous Obama administration did more about the Johnson-Grassley inquiry.

Do you think my Democratic colleagues would have attacked an investigation involving Donald Trump, Jr.? Remember, I interviewed the President’s son years ago as part of my Russian investigation. I didn’t hear any complaints about my investigative work at that time. Funny how this has played out, right?

My Democratic colleagues have jammed up document production from government agencies and engaged in questionable political media efforts. We would have been done with this investigation a long time ago if all that opposition hadn’t occurred, but here we are, and now the American people can see our work and judge our work for themselves.

I would like to remind my Democratic colleagues that the first step in this investigation was a letter that I wrote on August 14, 2019. That letter was about an Obama-era Committee on Foreign Investment in the United States transaction. That transaction gave control over an American company that made anti-vibration technologies with military applications to a Chinese Government-owned aviation company and a Chinese-based investment firm with established ties to the Communist Chinese Government. Reports indicated that a firm formed by Hunter Biden and Chris Heinz, the stepson of John Kerry, later partnered with a Chinese-based firm to purchase the American company.

Also at this time, Joe Biden was Vice President and John Kerry was Secretary of State. The State Department is an approval agency on the Committee on Foreign Investment.

Clearly, this transaction presented conflicts of interest, which is exactly why I wrote the letter of August 2019 to the Treasury Department.

My Democratic colleagues like to say that we started this investigation as a result of the Trump impeachment. But when I wrote the letter to the Department of State on August 14, 2019, was well before the impeachment investigation began. That letter was also sent before Congress was notified of the Ukrainian-related whistleblower complaint and before it was made public.

No matter how hard the Democrats try to say otherwise, this investigation is rooted in nothing but simply good government oversight. That is exactly the type of investigation I have run my entire Senate career.

After the August 2019 letter, news reporting picked up the pace about Hunter Biden’s association with Burisma, the corrupt Ukrainian company, and the fact that his father was in charge of the Obama administration’s anti-corruption policy for Ukraine.

Now, just think about that for a second. Vice President Biden was responsible for carrying an anti-corruption message to Ukraine on behalf of the U.S. Government. At the same time, his son was making millions of dollars working on the board of a corrupt Ukrainian company.

To any reasonable observer, that is a very questionable fact pattern that deserves attention, and it got a lot of attention besides from GRASSELY and JOHNSON. Documents made public as a result of the Freedom of Information Act and investigative reporting brought very fresh public attention and scrutiny to this fact pattern.

Reporting showed additional potential conflicts of interest with respect to Hunter Biden’s business dealings all over the world, not just Ukraine. Those financial dealings also exposed how Hunter Biden and his business associates sought to benefit financially from their relationship with Vice President Biden.

As our report shows, Hunter Biden and his business associates had extensive connections to Russian or Ukrainian nationals. Their business association also extended to Russian nationals.

The report also shows that Hunter Biden, his family members, and business associates had extensive connections to Chinese nationals. The records acquired by the committee show that Hunter Biden and his associates and family members were connected to Chinese nationals associated with the Communist Party and the People’s Liberation Army. Those connections formed business links, which resulted in millions of dollars passing through companies.

Some of those companies were associated with Hunter Biden, his business partner Devon Archer, and James Biden. The records show deep and complex financial relationships with Chinese nationals and how financially fruitful those relationships became.

As one example, records show that Hunter Biden opened a bank account with a Chinese national linked to the Communist regime and funded with approximately $100,000. Then he, James Biden, and Sarah Biden went on an extravagant global spending spree. Records show that Hunter Biden, via his law firm, also sent over a million dollars to James Biden, the stepson of John Kerry, later partnered with a Chinese national linked to the Communist Party and the People’s Liberation Army, the Lion Hall Group. When the bank contacted Sarah Biden, who was associated with the firm’s bank account, she refused to answer the questions and provide any additional information. According to the records we have on file, the bank submitted the account for closure.

Now, what is very clear is that Hunter Biden leveraged his name and his father’s position for financial gain, and his work with Burisma is just the tip of the iceberg.

These associations and the millions of dollars that passed between and among Hunter Biden, Archer, James Biden, and others create criminal financial concerns. Moreover, they create counterintelligence and extortion concerns.

The investigation also uncovered that the Obama administration was aware of the Hunter Biden’s board position caused, State Department officials testified that his board membership created the perception of a conflict of interest and was very awkward for all U.S. officials.

The owner of Burisma was viewed as an “odious oligarch” by State Department officials. However, in December
of 2015, instead of following U.S. objec-
tives of confronting oligarchs. Vice
President Biden’s staff advised him to
avoid commenting on the odious oli-
garch and instead say “I am not going
to get into naming names or accusing
individuals.”

Well, if you are running an
anticorruption agenda in Ukraine and
you pull your punches when it comes to
Burisma while your son is on the
board, that goes to judgment—and here
it looks like very bad judgment and
weak leadership.

Based on witness testimony,
Burisma’s owner allegedly paid a $7
million bribe to officials serving under
Ukraine’s prosecutor general to shut
the case against him. When he alleg-
edly placed the bribe in December 2014,
Hunter Biden was on the board and—
can you believe this—he had been hired
to be on the board to assist with what
they call “corporate governance and
responsibility.” Obviously, he wasn’t
doing his job—due diligence.

The facts show that the Obama
administration was well aware of the
problems that Hunter Biden being on
the Burisma board caused. The facts
show that the Obama administration
turned a blind eye to it. Everyone
knew about the problems it caused, but
nobody wanted to do anything about it.
So much for leadership.

At its core, the investigation is a
good government oversight investiga-
tion. These are exactly the kinds of
shady, backroom deals that the Amer-
ican people should know about. So now
the facts are out there. The American
people can judge this information for
themselves. They don’t need the people
on the other side of the aisle of this in-
stitution telling them what went on
when they were using disinformation
from Russia and spreading that
disinformation around and trying to
say it was attributed to something that
we got.

As for the next step, Senator John-
son and I will continue to review the
records that we possess and further
records that we hope we are able to
acquire.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER (Mr.
Enzi). The clerk will call the roll.

The bill clerk proceeded to call the
roll.

Mr. SCHUMER. Mr. President, I ask
unnecessary comments that the order for
the quorum call be rescinded.

The PRESIDING OFFICER. Without
objection, it is so ordered.

RECOGNITION OF THE MINORITY
LEADER

The PRESIDING OFFICER. The
Democratic leader is recognized.

NOMINATION OF AMY CONEY
BARRETT

Mr. SCHUMER. Mr. President, after
Senate Republicans established the
principle that the Senate shouldn’t
consider Supreme Court nominations
in Presidential election years, on Sat-
urday, President Trump nominated
Amy Coney Barrett to the Supreme
Court with less than 40 days left in
the Presidential election.

The Senate has never—never—con-
firmed a nominee to the Supreme
Court this close to a Presidential
election. In fact, the election is already
underway, but President Trump gets to
play by different rules under this Re-
publican majority.

By nominating Judge Amy Coney
Barrett to the Supreme Court, Presi-
dent Trump has once again put Ameri-
cans’ healthcare in the crosshairs.
President Trump has promised to
nominate Supreme Court Justices who
will “terminate”—his words—our
healthcare law. In Judge Barrett, Presi-
dent Trump has found the deciding
vote.

Judge Barrett strongly criticized the
ruling to uphold the Affordable Care
Act, claiming that if Justices read the
law the way she does, they would “have
to invalidate” the entire healthcare
law. Let me repeat that: Judge Barrett
strongly criticized Justices’ “decision
to uphold the Affordable Care Act,
saying that ‘he pushed [the law] beyond its plausible
meaning to save the statute.’” If Jus-
tice Roberts had read the law the way
Judge Barrett does, the Supreme Court
would have had to invalidate the entire
Affordable Care Act.

The Republican lawsuits against
the Affordable Care Act, as everyone
knows, will be heard 1 week after the
election. Senate Republicans are rush-
ing to jam Judge Barrett’s confirm-
tation through in time for her to hear ar-
guements in that very case. Not one for
subtlety, President Trump tweeted on
Saturday that our healthcare law
would be replaced “if terminated by
the Supreme Court.”

So the American people should
make no mistake, a vote by any Senator for
Judge Amy Coney Barrett is a vote to
strike down the Affordable Care Act
and eliminate protections for millions
of Americans with preexisting condi-
tions.

Judge Barrett’s record also suggests
that if she is confirmed, the reproduc-
tive freedom of millions of women
would be in grave danger. Should Judge
Barrett be confirmed, a far-majority on the Court
could turn back the clock on women’s rights
and a woman’s right to choose, work-
ers’ rights, voting rights, civil rights,
environmental protections, LGBTQ
rights, and many more. The future for
ACA recipients hangs in the balance
as well.

So this nomination concerns no less
than the fundamental rights of the
American people. After holding a Su-
preme Court vacancy open for 8 months
before a Presidential election, Presi-
dent Trump and Leader McCONNELL are
doing what no Senate has done before—
shamelessly rushing to fill Justice
Ginsburg’s seat less than 40 days before
the Presidential election.

Justice Ginsburg’s dying wish was
that she not be replaced until a new
President is installed. Republicans are
poised not only to ignore her wishes,
but to replace her with someone who
could tear down everything she had
built.

This reprehensible power grab is a
cynical attack on the legitimacy of the
Court, and I would strongly, strongly
oppose this nomination

The Senate Republican majority has
decided, however, that they will stop at
nothing, break all the rules—even their
own rules—to rush this nomination
through before the election. But appar-
ently the Senate majority isn’t going
to stop at naked hypocrisy. It is also
going to engage in manufactured
hysteric.

For the past few weeks, long before
President Trump even nominated
Judge Barrett, Senate Republicans
have been telling everyone to listen
that Democrats “better not make
Catholicism an issue in this nomina-
tion.” That is their quote.

Last week, a Member of this Cham-
ber wrote me an entire letter preemp-
ting any argument that attacks
against a nominee who hadn’t
been named yet. Another Member of
this Chamber said that “in CHUCK
SCHUMER’s America—only atheists can
be Supreme Court Justices.”

Of course, not a single Democrat will
make these attacks or make personal
religious beliefs an issue, but that
doesn’t matter to my Republican
friends. Oh, no. They will try to
 slander Democrats with this imaginary
issue anyway because they are des-
perate for a distraction. Republicans
invented this concern because they are
so eager to make this nomination
about anything other than their dis-
graceful double standard—anything
besides their attacks and their agenda
towards healthcare and curtail the
fundamental rights of the American
people.

Honestly, it is embarrassing how
transparent Republicans are being
about this manufactured line of attack.
They couldn’t even wait for a Catholic
nominee to be chosen. They already
scripted the attacks.

The Senator from Tennessee is mak-
ing wild allegations; the Senator from
Missouri is writing ridiculous letters;
and the Senator from Texas is cutting
videos decrying the kind of attacks on
a person’s faith that haven’t occurred
since the political right was implying
that our last practicing Christian
President, President Obama, was a se-
cret Muslim.

I don’t remember my Republican col-
leagues making a fuss when peaceful
protesters were tear-gassed so Presi-
dent Trump could hold the Bible upside
down in front of a church for a photo
op.

I understand why certain Repub-
licans are resorting to this disgusting
tactic: They have no other argument.
They can’t argue that this nomination
could proceed because of some solemn constitutional duty because they argued the exact opposite position 4 years ago.

They certainly can’t argue the merits of Judge Barrett’s position on the Affordable Care Act because they knew it is unpopular with the American people. No wonder—no wonder Republicans are so desperate to talk about, literally, anything else.

CORONAVIRUS

Mr. SCHUMER. Mr. President, on another matter, COVID-19, yesterday, the House of Representatives unveiled legislation to provide $2.2 trillion in emergency funding to help the American people in the fight against COVID-19.

The proposal includes a number of crucial provisions that families, businesses, local leaders, and hospitals desperately need, including $600 in weekly emergency unemployment insurance, funding for our schools, support for State and local governments, assistance for renters and homeowners, additional resources for testing and contact tracing, and measures to strengthen the post office and complete the census.

It includes important aid for transit systems, by the way, vital to our Nation’s economy. It includes crucial support for economic drivers like restaurants, movie venues, independent theaters, and more that we have named in our Save Our Stages Act, and it includes critical workplace standards and protections for our workers.

Is this new bill everything that Democrats want? No, but it is an honest attempt to provide the relief our country needs and reach an agreement by moving closer to our Republican colleagues who want to provide much less relief, if they want to provide any at all.

Once again, the bill demonstrates the willingness on the part of Democrats to compromise. COVID-19 remains the No. 1 issue in America. Weekly unemployment claims are still through the roof. Schools are struggling to adapt. Over 200,000 Americans have died. We are a long way from putting this crisis in the rearview mirror.

But none of this seems to concern the Republican majority in the Senate. As countless businesses are going under, as thousands continue to get sick, as millions of Americans are waiting for the Senate to do its job, Leader MCCONNELL and Senate Republicans are moving at a lightning pace to jam through a Supreme Court nominee—a nominee who could rip healthcare away from thousands of Americans waiting for the enactment date.

Leader MCCONNELL chose to put the Senate on pause for 4 months while COVID devastated our country. Now Leader MCCONNELL has the Senate on fast-forward today through a partisan nomination to the Supreme Court. It goes to show you the priorities on the other side of the aisle.

TRUMP TAX RETURNS

Mr. SCHUMER. Mr. President, one final matter: Over the weekend, the New York Times reported that President Trump paid $750 in income taxes in 2016 and nothing in 10 of the prior 15 years, largely because he reported losing more money than he made. No New Yorker was at all surprised by this report. All the hallmarks of President Trump’s career before and after politics are there: hyperbole, fraud, avoiding responsibility, and pursuing selfish interests above all else. That is President Trump in a nutshell.

The documents obtained by the New York Times showed a long history of President Trump’s egregious tax avoidance and potentially criminal activity and include the astounding figure that President Trump paid the more than $500 million—$500 million—in personal obligations. Who does he owe that money to? And $500 million is not chump change. Who does the President owe $500 million to?

If President Trump wants another 4-year term as President, the people have to know who President Trump is so deeply indebted to. These documents reveal that President Trump was an abject failure in business and a serial tax cheat.

We have already heard the President claim the reporting in the New York Times is fake. Well, President Trump, put your tax returns where your mouth is.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. ENZI. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mr. KENNEDY). Without objection, it is so ordered.

RESERVATION OF LEADER TIME

The PRESIDING OFFICER. Under the previous order, the leadership time is reserved.

CONCLUSION OF MORNING BUSINESS

The PRESIDING OFFICER. Morning business is closed.

LEGISLATIVE SESSION

CONTINUING APPROPRIATIONS ACT, 2021 AND OTHER EXTENSIONS ACT

The PRESIDING OFFICER. Under the previous order, the Senate will resume consideration of H.R. 8337, which the clerk will report.

The senior legislative clerk read as follows:

A bill (H.R. 8337) making continuing appropriations for fiscal year 2021, and for other purposes.

Pending:

McConnell amendment No. 2663, to change the enactment date.

McConnell amendment No. 2664, of a perfecting nature.

The PRESIDING OFFICER. The Senator from Wyoming.

Mr. ENZI. Mr. President, I ask unanimous consent to speak for a few minutes as if in morning business.

The PRESIDING OFFICER. Without objection, it is so ordered.

TRIBUTE TO JOHN DAVID ARNOLD

Mr. ENZI. Mr. President, I thought I would deliver a little good news. It is a little hard to get good news these days, but I ran across some.

I want to tell you about a man named Dr. John David Arnold, who, many years ago, started out teaching school. He taught school in Arizona. He had a little blue bus from which he had ripped out the seats and put in desks. He used that blue bus to follow the migrant workers from Arizona clear to the northern border as they worked, teaching the migrant kids.

He came up with an idea. As technology advanced, he said: You know, if I give the kids a computer, I can handle a whole lot more kids. They could use the phone to send their assignments in. He did that. So remote learning has been around for a long time probably 40 years.

One of the benefits he found was that the parents benefited from it too. The parents of these migrant workers learned along with their kids. That program grew.

Then he came up with another problem that he saw a solution for, and that is that, in Phoenix, there were a lot of high school dropouts and some kids being expelled. There weren’t good results from that. So he thought maybe he could start a school for these kids, and he would only take a student who had dropped out or been expelled if they would sign a contract. They and their parents had to sign a contract before they could become students. That contract had to say, of course, that they would benefit, they would do their work, and what their goal was for a job after they got out of high school. Then he trained them for that.

That was also a successful educational endeavor that goes on today. There have been a lot of graduates from that, and today, there are students helping students.

A lot of people who graduated from that want to work with their hands and do things. He has turned out a lot of mechanics, and he has helped some mechanics get their own garages. Those mechanics have contributed money so that other kids who graduate can go into competition with them, but so that they will have the same kind of a start that they had.

Now the students in the school and those who graduated are working on inventions to fight against COVID. This isn’t their first crisis. They were there after Katrina, and they are still there doing
work. On COVID, they have been providing food, clothing, and medical supplies. They are still doing the job training. They have been working on some mental health problems. They have helped with utilities. They have helped with rent, and they have helped with group homes.

Where is this happening? It is not just in Arizona, not just in Phoenix where it all started. It is happening in much of Arizona and in a lot of New Mexico. They are working with the Apaches and the Navajos. They are working against COVID in Mexico and in Africa. Yes, his school has expanded to Africa. They are in Ghana. They are in Cameroon. They are in Nigeria and in Liberia.

There are some good things happening in the world—people watching out for other people. It isn't government that has all the solutions. It is people caring about people.

I congratulate Dr. John David Arnold and his efforts following the blue bus and through those other iterations of education. I hope he is helping others with more on remote learning because that is where America is at the moment.

I thank you for the time.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk read the motion.

The senior assistant legislative clerk proceeded to call the roll.

Mr. SCHUMER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SCHUMER. I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. MENENDEZ. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mr. BOOZMAN). Without objection, it is so ordered.

Mr. MENENDEZ. Mr. President, the New York Times' latest reporting tells us everything we need to know about why President Trump has worked so hard to conceal his tax returns from the American people. The President is a liar, a cheat, and a fraud. For years he marketed himself as a self-made, successful businessman, but it is all an illusion. Like the Wizard of Oz, behind the curtain is just a small, petty fraud. He made millions playing a billionaire on TV, but in real life, Donald Trump was racking up huge losses in debts that he then used to get out of paying his fair share of Federal taxes. Call it tax avoidance. Call it tax evasion. Call it whatever you want. The bottom line is that Trump is no business genius. He is a con artist who thinks that the rules don't apply to him.

The President managed to avoid paying any Federal income tax for 11 of 18 years, from 2000 to 2017, and then only paid $750 in 2016 and 2017. When I first read that in the New York Times, I thought there must have been a typo. Surely there were zeros missing. I was wrong. The page read right. Our self-proclaimed billionaire President paid just $750 in 2016 and 2017. That is a heck of a lot less than what essential workers supporting America throughout this pandemic pay in taxes, like the grocery clerk in Newark, NJ, who makes $11 an hour but owes about $1,060 in Federal taxes—$300 more than Donald Trump does. He also worked as the nurse in Hackensack, NJ, working nights to save patients with COVID–19, making $60,000 a year. She owes about $6,200 in Federal income taxes—more than eight times what the President paid.

Most people would agree that is a problem with our economy. Americans are working harder than ever for less. They are drowning in skyrocketing healthcare, housing, childcare, and tuition bills. At the end of the day, many middle-class New Jersey families still find themselves owing money to Uncle Sam. Meanwhile, for rich people like Donald Trump, the tax rate is the lowest it has been in decades. You can write off fancy haircuts and consulting fees paid to your own daughter and all the losses you raked up running your business into the ground.

I have to say, this is no surprise to most New Jerseyans. We watched in horror as Donald Trump ran his Atlantic City casinos into the ground, scaring hard-working contractors out of their pay and costing the local economy thousands of jobs. Donald Trump was like a reverse King Midas—everything he touched turned to dust and disrupt. Then after his string of bankruptcies and broken promises to workers, Trump turned around and got a $72.9 million bailout from the IRS—you heard me right, a $72.9 million bailout from the IRS. Most people I know think it is a good year when they get $400 or $500 back from the Federal Government; this scam artist got off with $72.9 million.

Yet Donald Trump isn’t swimming in cash; he is drowning in debt. The President is on the hook for approximately $421 million in loans, more than $300 million of that coming due in the next 4 years. To get out of the debt, the President is doing everything he can to profit off the Presidency. Over the last 4 years, he has continued to make money off foreign investments, rake in cash from special interests and foreign officials at his Washington hotel, and charge the Federal Government millions for the use of his properties. He could go anywhere. He could go to Camp David. No. He goes to his properties, where millions—Secret Service and other entities protect the President and help the President whenever he leaves Washington. But he is always at his properties.

In spite of all this revenue, Trump is still badly in debt. It is no surprise that intelligence experts are concerned about who is holding it. They worry about President Trump's personal exposure to foreign creditors and what that might mean for national security. Anyone else in that much debt to foreign entities would have their security clearances immediately revoked. Is this why Trump refuses to punish Putin for putting bounty on the heads of U.S. soldiers? Is this why he applauds dictators like Erdogan and sells out American allies like the Kurds? Is this why he applauds dictators like Philippines President Rodrigo Duterte for being “an unbelievable job”? The bottom line is this: Who does Donald Trump owe those hundreds of millions of dollars to, and how much do
they know about him and how deep are they into him?

For years, the President has fought to keep Americans in the dark. Well, now we know why. He is a liar, a fraud, and a failed businessman so deep in the red, he is a potential national security liability.

Let me close by quoting President Donald Trump in his own book, “The Art of the Deal.” He said:

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.

You can’t con people, at least not for long. You can create excitement, you can do wonderful promotion and get all kinds of press, and you can throw in a little hyperbole. But you can’t con people, at least not for long.
to ask all of his loyal Republican Sena-
tors to go through the embarrassment of
canceling the position they took
publicly 4 years ago? What is the big
deal, Senator MCCONNELL? Well, it
turns out we know what the big deal is.
It is the Affordable Care Act. To para-
phrase the Bumpers, the Republicans and Presi-
dent Trump hate the Affordable Care Act
like the devil hates holy water. They have
tried every imaginable way to eliminate it,
to change it, to water it down and to
discourage it. There were 50 different votes in the House of
Representatives to eliminate the Af-
fordable Care Act, and were it not for
the Democrats in the Senate, they
might have had some luck in doing
that, but it didn’t work. So they tried
it on the Senate floor under reconci-
lamation. They thought: Here is our
chance. We just need a majority. We
should be able to pull this one off.

And we had this historic moment just
3 years ago when, at 2:30 in the
morning, John McCain came through	hose doors, and, with his “no” vote
and the vote of two other Republican
Senators, saved the Affordable Care Act.
Imagine the frustration of MITCH
McCONNELL and his moment to
finally drive that dagger deep in the
heart of the Affordable Care Act, and
John McCain voted no. What was he
going to do to get this job done?

Well, it turns out he figured he would
get it done the next day. As the
time went by, John McCain came through
during the long treacherous journey in the courts all
the way up to the Supreme Court
across the street. Guess when the argu-
ment is scheduled to be heard. It is
to be heard on November 10, sending
the Trump administration to pick a
Supreme Court. So 18 Republican State
attorneys general filed a lawsuit to
eliminate the Affordable Care Act. And
then the Trump administration said:
We are on board too. Let’s get rid of it
completely.

Off they went through the long
treacherous journey in the courts all
the way up to the Supreme Court
across the street. Guess when the argu-
ment is scheduled to be heard. It is
to be heard on November 10, sending
the Trump administration to pick a
Supreme Court. So 18 Republican State
attorneys general filed a lawsuit to
eliminate the Affordable Care Act. And
then the Trump administration said:
We are on board too. Let’s get rid of it
completely.

Two million dollars was the bill.
Before the Affordable Care Act, in-
surance companies imposed arbitrary
annual and lifetime limits on how
much they would actually reimburse a
patient for medical bills. If you pass
limits, you are on the hook person-
ally. That is why for years, medical
care was a leading cause of bankruptcy
in America.

A fellow like Tom, racing along here,
looking as healthy and fit as possible,
ends up with a cancer diagnosis and
goes through months and months of
therapy and a bill of 2 million bucks,
and the insurance company says: It is
all yours. There is a limit in your pol-
icy.

That is the way it used to be before
the Affordable Care Act. The Afford-
able Care Act put an end to that pre-
ventable. It does not exist. That is why John McCain and
two other Republican Senators said:
You can’t eliminate the Affordable Care Act
unless you have a replace-
ment that is as good or better. Other-
wise, too many American families will
lose their insurance and lose their pro-
tection.

We had a hearing a few weeks ago,
and I asked the leaders in the health
community under the Trump adminis-
tration the basic question: What have
you heard about the Republican sub-
stitute for the Affordable Care Act?
President Trump has told us over and
over and over and again that it is

the real reason. The real reason for the
mad dash of the Senate Judiciary Com-
mitee to fill the Supreme Court vac-
cy, the real reason why Republican
Senators are asked to march in lock-
step and say that what they pledged 4
years ago meant nothing today—the
real reason they put an end to the Af-
fordable Care Act.

Let me tell the story, if I can, about
the Affordable Care Act. I voted for it
and am proud to have done it. Twenty
million Americans have insurance be-cause of it—600,000 in Illinois—and, I
might add, protections for people all
across America. Let me discuss one of
the protections of the Affordable Care Act that will go away and be elimi-
nated if President Trump, the Repub-
lican Attorney General, and the Repub-
lican Senators who are supporting
MITCH MCCONNELL have their way.
Here is one of the provisions in the law.
Here is the story.

A couple of years ago, Tom from Pal-
atine, Illinois, took a trip to Chicago. He
wants to continue working and con-
tribute to society, he said he is scared to death. He is “terrified”—in
his words—that protections for pre-
existing conditions would be ended.

Thousands of other Americans could
also be right there with him without
the Affordable Care Act. Although Tom
wants to continue working and con-
tributing to society, he said he is scared to death. He is “terrified”—in
his words—that protections for pre-
existing conditions would be ended.

Imagine the frustration of MITCH
MCCONNELL have their way.
Here is one of the provisions in the law.
Here is the story.

A couple of years ago, Tom from Pal-
atine, Illinois, took a trip to Chicago. He
wants to continue working and con-
tribute to society, he said he is scared to death. He is “terrified”—in
his words—that protections for pre-
existing conditions would be ended.

Thousands of other Americans could
also be right there with him without
the Affordable Care Act. Although Tom
wants to continue working and con-
tributing to society, he said he is scared to death. He is “terrified”—in
his words—that protections for pre-
existing conditions would be ended.

This is all about. This is the Affordable Care Act like the devil hates holy water.

We are on board too. Let’s get rid of it
completely.
just a week or two away. So what have you heard about preparedness?

They said: Nothing. We have heard nothing.

There is no Republican substitute for the Affordable Care Act. They are just dutifully the Senate Republicans and, sadly, the consequences would be awful.

That is what this is about. So if you think, I don’t want to tune in to this whole debate about a new Supreme Court Justice from Indiana; I don’t want to hear all these arguments because what difference does it make to me—if you are that person in America—I would say to you, please, take a look at what we are really facing here—an effort to fill a vacancy on the Supreme Court just in case brazen as to say he wants to fill that spot on the Supreme Court just in case he runs into an election contest.

You know this, there would be a chorus—a bipartisan chorus—of outrage for that statement by the President. Not so. There may have been other arguments against paper ballots and how fraudulent they are. There are five States—five States in America—that use mail-in ballots exclusively. They include, of course, the State of Oregon, which might have been one of the first, and they include the State of Utah, as well, and Hawaii. Other States do it. How much fraud is there? Almost none. But that doesn’t stop the President from claiming that mail-in ballots are fraudulent.

How about the President vote, incidentally? By mail-in ballot. What hypocrisy for him to make that kind of statement when he is casting his own vote with a mail-in ballot.

So now he said that he wants that Supreme Court vacancy filled: Do it now because I need nine Justices sitting on that Supreme Court if there is any election contest to follow.

It is pretty obvious what this is all about. The President needs a sure vote on the Confirmation. What a shame that we have reached this point, that we have denigrated the U.S. Senate to the point that we change the rules at our convenience, that we have reached the point where we are prepared to eliminate protections for 20 million Americans with nothing to replace it, and that we have reached a point where a President is so brazen as to say he wants to fill that spot on the Supreme Court just in case he runs into an election contest.

You know this, there would be a chorus—a bipartisan chorus—of outrage for that statement by the President. Not so. There may have been others—and I will scour the records to make sure—but two Republicans stepped up and said that the President’s public statement on not abiding by election returns was terrible.

Who were those two? Senator Mitt Romney, of course, the only Republican Senator I know of. If there were more, I will come back and correct the record. But I heard him clearly say that what the President said was intolerable. Then there was the Republican Governor of Massachusetts. I watched that press conference, wasn’t just declarative. He was upset to think that any President of either party would make that kind of statement. That is what we are up against.

Two weeks from yesterday, they want to hold a hearing in the Senate Judiciary Committee on this nominee, Judge Barrett, and they want the vote before the election, before the argument on the Affordable Care Act, and before the President faces any possibility of losing.

What a point we have reached in this country. The silence of Republicans across the Nation is deafening. They ignore the obvious.

You cannot have a viable, trustworthy election if you don’t have viable, trustworthy elections, and in order to have that happen, you need Presidents of both political parties who are committed to fairness, committed to honesty, and committed to our Constitution. Sadly, at this moment in time, we do not have a President who is, and there are too many of his own political party who stand back in the shadows in silence, recanting on pledges they made 4 years ago, doing whatever is necessary to win the favor of this President.

I hope another day will come soon with different leadership and a different view of this country. I am genuinely concerned about what we face on November 3 and the days that follow, but I have never given up on America, and I never will. I believe this democracy will prevail, and I hope that after he is gone, some Republicans will step forward and say: It is time to create a party not in his image.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. MCCONNELL. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. MCCONNELL. Madam President, I ask unanimous consent that when the Senate completes its business today, it recess until 12 noon, Wednesday, September 30; further, that following the prayer and pledge, the time for the two leaders or their designees to be on the floor later in the day; further, that following leader remarks, the Senate resume consideration of H.R. 8337; finally, that all time during recess of the Senate and leader remarks count post cloture on H.R. 8337.

The PRESIDING OFFICER. Without objection, it is so ordered.

MORNING BUSINESS

VOTE EXPLANATION

Ms. STABENOW. Madam President, I was unable to attend the rollcall vote No. 181 on the motion to invoke cloture on the nomination of Edward H. Meyers, of Washington, DC, to be judge of the Court of Federal Claims. Had I been able to attend, I would have voted to oppose cloture.

I was unable to attend the rollcall vote No. 185 on the motion to confirm the nomination of Edward H. Meyers, of Washington, DC, to be judge of the Court of Federal Claims. Had I been able to attend, I would have voted to oppose confirmation.

I was unable to attend the rollcall vote No. 186 on the motion to invoke cloture on the nomination of Andrea R. Lucas, of Virginia, to be a Member of the Equal Employment Opportunity Commission. Had I been able to attend, I would have voted to oppose confirmation.

I was unable to attend the rollcall vote No. 187 on the motion to confirm the nomination of Andrea R. Lucas to be a Member of the Equal Employment Opportunity Commission. Had I been able to attend, I would have voted to oppose confirmation.

I was unable to attend the rollcall vote No. 188 on the motion to invoke cloture on the nomination of Keith Sonderling to be a Member of the Equal Employment Opportunity Commission. Had I been able to attend, I would have voted to oppose confirmation.

I was unable to attend the rollcall vote No. 189 on the motion to confirm the nomination of Keith Sonderling to be a Member of the Equal Employment Opportunity Commission. Had I been able to attend, I would have voted to oppose confirmation.

NATIONAL BLACK BUSINESS MONTH

Mr. PERDUE. Madam President, I rise today to recognize the great work of the Georgia Greater Black Chamber of Commerce. The Georgia Greater Black Chamber has focused on recognizing the integral contributions of Black-owned businesses to the strength of both our State and our Nation’s economy during National Black Business Month in August. For 7 straight years, Georgia has been named the No. 1 place in the country in which to do business, and the Georgia Greater Black Chamber has been instrumental in making that possible.

As I mentioned, August was National Black Business Month, and the Georgia Greater Black Chamber celebrated by honoring an important Georgian: Mr. Herman J. Russell.
H. J. Russell was the epitome of the American entrepreneur. Despite all the obstacles in his way, he worked hard to achieve his dreams. His business started as a plastering company, and he grew it into one of Atlanta's best real estate firms. Wherever you look in Atlanta, you will see the incredible landmarks that the H. J. Russell Company has worked on: the Georgia Dome, Hartsfield-Jackson Airport, and Castleberry Hill. As a business guy myself, I am inspired by all that Herman J. Russell did in his life. Simply put, Atlanta would not be what it is today without H. J. Russell and the H. J. Russell Company. His children carry on this entrepreneurial spirit to this day. I recently had the opportunity to visit with his sons Michael and Jerome. They and their sister Donata Russell Ross are dedicated to continuing Black entrepreneurship.

Recently, I had the privilege of visiting the Russell Center for Innovation and Entrepreneurship—RCIE—located on the campus of Morehouse College. The Russell Center assists African-American entrepreneurs by providing workspace, networking opportunities, and educational resources. RCIE converted a 43,000-square-foot corporate headquarter space into space for 100 emerging entrepreneurial companies. RCIE is a testament to the efforts of African-American entrepreneurs to uplift each other.

As the Georgia Greater Black Chamber and other organizations in my State look to support growth in Black business and entrepreneurship, I will continue to work to support them. Through a recent conversation with Dr. David Thomas, president of Morehouse College, I was made aware that approximately 45 percent of the young men who start as freshmen at Morehouse will not graduate. I have appealed to business community leaders to support HBCU's and hire their graduates as part of the solution to this problem. I was also proud to work with Congressman David Scott on a scholarship program for the “1890s” land-grant institutions like Fort Valley State to help ensure they can continue to produce farmers and agribusinesses that are of critical importance to Georgia’s economic future.

African-American unemployment and business ownership accounts for nearly 3 million businesses in the United States and nearly a million employees. Before COVID-19, African-American unemployment was at its lowest point in U.S. history. These are remarkable statistics, but we must continue to advance the important work of supporting Black businesses, as this is key to empowering communities and individuals to move out of poverty and into prosperity.

H. J. Russell developed a deep love for working with the Georgia Great Black Chamber of Commerce and other Chambers in Georgia to ensure Georgia remains the best place in America for all businesses.

MESSAGE FROM THE HOUSE ON SEPTEMBER 24, 2020

At 1:28 p.m., a message from the House of Representatives, delivered by Mr. Novotny, one of its reading clerks, announced that the House has passed the following bills, without amendment:

S. 785. An act to improve mental health care provided by the Department of Veterans Affairs, and for other purposes.

S. 1646. An act to designate the community-based outpatient clinic of the Department of Veterans Affairs in St. Augustine, Florida, as the “Leo C. Chase Jr. Department of Veterans Affairs Clinic.”

S. 4072. An act to designate the clinic of the Department of Veterans Affairs in Bend, Oregon, as the “Robert D. Maxwell Department of Veterans Affairs Clinic.”

The message further announced that the House has passed the following bills, in which it requests the concurrence of the Senate:

H.R. 451. An act to repeal the requirement to reserve and auction the T-Band spectrum, to amend the Wireless Communications and Public Safety Act of 1999 to clarify acceptable 9-1-1 obligations or expenditures, and for other purposes.

H.R. 2523. An act to name the Department of Veterans Affairs community-based outpatient clinic in Gilbert, Arizona, as the “Alfonso Palacios, Jr. Community-Based Outpatient Clinic.”

H.R. 5226. An act to designate the Department of Veterans Affairs community-based outpatient clinic in Youngstown, Ohio, as the “Cari Nunziato VA Clinic.”

H.R. 5245. An act to amend title 38, United States Code, to provide for a bar on the recovery of certain payments or overpayments made by the Department of Veterans Affairs by reason of delays in processing of certain information, and for other purposes.

H.R. 7193. An act to provide for greater accountability of the Secretary of Veterans Affairs in caring for homeless veterans during a covered public health emergency, to direct the Secretary of Veterans Affairs to carry out a retraining assistance program for unemployed veterans, and for other purposes.

H.R. 7947. An act to designate the medical center of the Department of Veterans Affairs in Ann Arbor, Michigan, as the “Lieutenant Colonel Charles S. Kettles Department of Veterans Affairs Medical Center.”

H.R. 8247. An act to make certain improvements relating to the transition of individuals to service from the Department of Veterans Affairs, suicide prevention for veterans, and care and services for women veterans, and for other purposes.

MESURES PLACED ON THE CALENDAR ON SEPTEMBER 24, 2020

The following bill was read the second time, and placed on the calendar:

S. 4675. A bill to amend the Health Insurance Portability and Accountability Act.

The following bill was read the first and second times by unanimous consent, and placed on the calendar:

S. 5245. An act to amend title 38, United States Code, to provide for a bar on the recovery of certain payments or overpayments made by the Department of Veterans Affairs by reason of delays in processing of certain information, and for other purposes.

MESSAGE FROM THE PRESIDENT

A message from the President of the United States was communicated to the Senate by Ms. Roberts, one of his secretaries.

EXECUTIVE MESSAGE REFERRED

As in executive session the Presiding Officer laid before the Senate a message of the President of the United States submitting a nomination which was referred to the Committee on Judiciary.

INTRODUCTION OF BILLS AND JOINT RESOLUTIONS

The following bills and joint resolutions were introduced, read the first and second times by unanimous consent, and referred as indicated:

By Mr. BENNET, one of its reading clerks, announced that the House has agreed to the following concurrent resolution, without amendment:

S. Con. Res. 45. Concurrent resolution providing for the use of the catafalque in the crypt beneath the Rotunda of the Capitol in connection with memorial services to be conducted in the Supreme Court Building and the Capitol for the Honorable Ruth Bader Ginsburg, Associate Justice of the United States Supreme Court.

S. 4739. A bill to amend the Arms Export Control Act to provide for better monitoring and verification of the use of defense articles and defense services by countries of concern, and for other purposes; to the Committee on Foreign Relations.

S. 4983. A bill to designate the Department of Veterans Affairs campus of the New York Harbor Health Care System of the Department of Veterans Affairs as the “Margaret Cochran Corvis Campus of the New York Harbor Health Care System.”

S. 2225. A bill to designate the Lieutenant Colonel Charles S. Kettles Department of Veterans Affairs Medical Center in Ann Arbor, Michigan, as the “Lieutenant Colonel Charles S. Kettles Department of Veterans Affairs Medical Center.”

S. 5240. A bill to support public health infrastructure, to the Committee on Education, Labor, and Pensions.

S. 4741. A bill to prohibit transfers of individuals between ICE facilities and Federal, State, and local facilities, to ensure physical distancing inside ICE facilities, and for other purposes; to the Committee on Homeland Security and Governmental Affairs.

By Mr. BENNET (for himself and Mr. MERKLEY):

S. 4742. A bill to improve title XIX of the Social Security Act to promote access to lifesaving therapies for Medicaid enrollees by ensuring coverage of routine patient costs.
for items and services furnished in connection with participation in qualifying clinical trials, and for other purposes; to the Committee on Finance.

By Mr. MOUDOS:
S. 4743. A bill to amend the Act of August 10, 1966, to provide for the payment of pay and allowances for certain officers of the Army who are assigned to the Corps of Engineers; to the Committee on Environment and Public Works.

By Mr. CRUZ:
S. 4744. A bill to authorize the Daughters of the Republic of Texas to establish the Repub-

clic of Texas Legation Memorial as a com-
memorative site in the District of Colum-
bia, and for other purposes; to the Com-
mittee on Energy and Natural Resources.

By Ms. SMITH (for herself, Mrs. MUR-
RAY, Ms. SHAHEEN, Ms. HIRONO, Ms.
HASSAN, and Ms. KLOBUCHEK):
S. 4745. A bill to prevent surprise medical bills with respect to COVID-19 testing; to the Committee on Health, Education, Labor, and Pensions.

By Mr. DAINES:
S. 4746. A bill to permit reenrollment and establishment by retiree beneficiaries of monthly enrollment fee payment for TRICARE Select at any time during 2021, and for other purposes; to the Committee on Armed Services.

By Mr. CASEY (for himself and Mr. RYAN):
S. 4747. A bill to amend title IV of the So-
cial Security Act to require States to pro-
vide information about available benefits and services to kinship caregivers; to the Committee on Finance.

By Ms. DUCKWORTH:
S. 4748. A bill to require the Bureau of Pris-
tons to submit to Congress an annual sum-
mary report of disaster damage, and for other purposes; to the Committee on the Judiciary.

By Mr. CORNYN (for himself and Mr.
BOOKER):
S. 4749. A bill to address the public health risks posed by wildlife markets, and for other purposes; to the Committee on Foreign Relations.

By Mr. HEINRICH:
S. 4750. A bill to establish Tribal entities in deploying broadband using the 2.5 GHz spec-
trum band; to the Committee on Commerce, Science, and Transportation.

By Mr. DAINES (for himself, Mr.
GRASSLEY, and Mr. ROBERTS):
S. 4751. A bill to amend the Internal Rev-
enue Code of 1986 to limit the charitable de-
ductions for qualified conservation contrib-
utions; to the Committee on Finance.

By Ms. WARREN:
S. 4752. A bill to establish the Truth and Healing Commission on Indian Boarding School Policy in the United States, and for other purposes; to the Committee on Indian Affairs.

By Mr. BOOKER (for himself and Mrs.
BLACKBURN):
S. 4753. A bill to require the Secretary of Veterans Affairs to establish a pilot program to furnish doula services to veterans; to the Committee on Veterans’ Affairs.

By Mr. PERDUE (for himself and Mr.
CASSIDY):
S. 4754. A bill to amend the Internal Rev-
enue Code of 1986 to establish COVID Recov-
ery Bonds, and for other purposes; to the Committee on Finance.

By Mr. BOOKER:
S. 4755. A bill to prohibit private passenger automo-
obile insurers from using certain in-
come proxies to determine insurance rates and eligibility; to the Committee on Bank-
ing, Housing, and Urban Affairs.

By Mr. KENNEDY:
S. 4756. A bill to amend the Communica-
tions Act of 1934 to narrow the scope of the limitation on liability provided under sec-
tion 230 of that Act, and for other purposes; to the Committee on Commerce, Science, and Transportation.

By Mr. DURBIN:
S. 4757. A bill to amend the Animal Welfare Act to establish additional requirements for dealers, and for other purposes; to the Committee on Agriculture, Nutrition, and For-
estry.

By Mr. MANCHIN (for himself and Mr.
CORNYN):
S. 4758. A bill to require reporting of sus-
picious transmissions in order to assist in criminal investigations and counterintel-
ligence activities relating to international terrorism, and for other purposes; to the Committee on Commerce, Science, and Transportation.

SUBMISSION OF CONCURRENT AND SENATE RESOLUTIONS
The following concurrent resolutions and Senate resolutions were read, and referred (or acted upon), as indicated:

By Mr. PERDUE (for himself, Mrs.
LOEFFLER, and Mr. MURPHY):
S. Res. 729. A resolution honoring Rosalynn Smith Carter’s 50 years of mental health advocacy; to the Committee on the Judiciary.

ADDITIONAL COPSPONSORS
S. 450
At the request of Mr. DAINES, the name of the Senator from Mississippi (Mrs. HYDE-SMITH) was added as a co-
spoonor of S. 450, a bill to restore the application of the Federal antitrust laws to the business of health insurance to protect competition and con-
sumers.

S. 511
At the request of Mrs. GILLIBRAND, the names of the Senator from Min-
nesota (Ms. SMITH) and the Senator from Montana (Mr. DAINES) were added as co-
spoonors of S. 511, a bill to pro-
mote and protect from discrimination living organ donors.

S. 514
At the request of Mr. BOOZMAN, the name of the Senator from Montana (Mr. DAINES) was added as a co-
spoonor of S. 514, a bill to amend title 38, United States Code, to improve the benefits and services provided by the Department of Veterans Affairs to women veterans, and for other pur-
pouses.

S. 764
At the request of Mr. LEE, the name of the Senator from Michigan (Mr.
PETERS) was added as a co-
spoonor of S. 764, a bill to provide for congressional approval of national emergency dec-
larations, and for other purposes.

S. 3608
At the request of Mr. KENNEDY, the name of the Senator from Georgia (Mr.
PERDUE) was added as a co-
spoonor of S. 3608, a bill to amend the CARES Act to
provide flexibility in use of funds by States, Indian Tribes, and municipalities.

S. 417

At the request of Mr. Cramer, the name of the Senator from Nebraska (Mr. Sasse) was added as a cosponsor of S. 417, a bill to provide automatic forgiveness for paycheck protection program loans under $150,000, and for other purposes.

S. 4166

At the request of Ms. Sinema, the name of the Senator from Massachusetts (Ms. Warren) was added as a cosponsor of S. 4166, a bill to require the Secretary of Veterans Affairs to secure medical opinions for veterans with service-connected disabilities who die from COVID-19 to determine whether their service-connected disabilities were the principal or contributory causes of death, and for other purposes.

S. 4258

At the request of Mr. Cornyn, the names of the Senator from New Jersey (Mr. Menendez), the Senator from Kansas (Mr. Roberts), the Senator from Maryland (Mr. Van Hollen), and the Senator from Virginia (Mr. Kaine) were added as cosponsors of S. 4258, a bill to establish a grant program for small live vendor operators and talent representatives.

S. 4284

At the request of Mr. Scott of South Carolina, the names of the Senator from Oklahoma (Mr. Lankford) was added as a cosponsor of S. 4284, a bill to provide for emergency education freedom grants, to amend the Internal Revenue Code of 1986 to establish tax credits to encourage individual and corporate taxpayers to contribute to scholarships for students through eligible scholarship-granting organizations, and for other purposes.

S. 430

At the request of Mr. Warner, the name of the Senator from Maryland (Mr. Van Hollen) was added as a cosponsor of S. 430, a bill to provide reinsurance to the employees of Air America.

S. 4433

At the request of Mr. Cornyn, the name of the Senator from North Carolina (Mr. Tillis) was added as a cosponsor of S. 4433, a bill to authorize the National World War II Foundation to establish a commemorative work in the District of Columbia and its environs, and for other purposes.

S. 4442

At the request of Mr. Warner, the name of the Senator from Nevada (Ms. Cortez Masto) was added as a cosponsor of S. 4442, a bill to amend subtitle A of title II of division A of the CARES Act to provide Pandemic Unemployment Assistance to individuals with mixed income sources, and for other purposes.

S. 4553

At the request of Ms. Stabenow, the name of the Senator from Alaska (Mr. Sullivan) was added as a cosponsor of S. 4553, a bill to protect the continuity of the food supply chain of the United States in response to COVID-19, and for other purposes.

S. 472

At the request of Mrs. Gillibrand, the name of the Senator from Delaware (Mr. Coons) was added as a cosponsor of S. 4572, a bill to amend title 38, United States Code, to provide for a presumption of service connection for certain diseases associated with exposure to toxins, and for other purposes.

S. 4608

At the request of Mr. Lee, the name of the Senator from Georgia (Mr. Perdue) was added as a cosponsor of S. 4608, a bill to amend the Servicemembers Civil Relief Act to provide for the portability of professional licenses of members of the uniformed services and their spouses, and for other purposes.

S. 4609

At the request of Mrs. Loeffler, the name of the Senator from Mississippi (Mrs. Hyde-Smith) was added as a cosponsor of S. 4609, a bill to provide that for purposes of determining compliance with title IX of the Education Amendments of 1972 in athletics, sex shall be recognized based solely on a person’s reproductive biology and genetics at birth.

S. 4658

At the request of Mr. Lankford, the name of the Senator from Mississippi (Mrs. Hyde-Smith) was added as a cosponsor of S. 4658, a bill to amend title XV of the Social Security Act to allow for greater State flexibility with respect to excluding providers who are involved in abortions.

S. 4671

At the request of Mrs. Feinstein, the name of the Senator from Hawaii (Ms. Hirono) was added as a cosponsor of S. 4671, a bill to prohibit Federal law enforcement officers from wearing camouflage uniforms in the United States.

S. 4683

At the request of Ms. Duckworth, the name of the Senator from Hawaii (Ms. Hirono) was added as a cosponsor of S. 4671, a bill to prohibit Federal law enforcement officers from wearing camouflage uniforms in the United States.

S. 4701

At the request of Mrs. Feinstein, the name of the Senator from California (Ms. Harris) was added as a cosponsor of S. 4683, a bill to designate the Battleship IOWA Museum, located in Los Angeles, California, as the National Museum of the Surface Navy, and for other purposes.

S. 4703

At the request of Mr. Rounds, the name of the Senator from North Dakota (Mr. Hoeven) was added as a cosponsor of S. 4704, a bill to require reforms to programs of the Natural Resources Conservation Service, and for other purposes.

S. 4708

At the request of Mr. Landford, the name of the Senator from Indiana (Mr. Braun) was added as a cosponsor of S. 4708, a bill to establish a commission to review certain regulatory obstacles to preparedness for, response to, and recovery from the Coronavirus SARS-CoV-2 pandemic and other pandemics, and for other purposes.

S. 4714

At the request of Mr. Durbin, the name of the Senator from Michigan (Mr. Peters) was added as a cosponsor of S. 4714, a bill to preserve health benefits for workers.

S. 4736

At the request of Ms. Klobuchar, the name of the Senator from Illinois (Mr. Durbin) was added as a cosponsor of S. 4736, a bill to prepare the United States for the impacts of climate change, and for other purposes.

S. Res. 709

At the request of Mr. Graham, the names of the Senator from New Hampshire (Ms. Hassan), the Senator from Wyoming (Mr. Enzi), the Senator from Michigan (Mr. Peters), and the Senator from Nebraska (Mr. Sasse) were added as cosponsors of S. Res. 709, a resolution expressing the sense of the Senate that the August 13, 2020, and September 11, 2020, announcements of the establishment of full diplomatic relations between the People’s Republic of China and the United Arab Emirates and the State of Israel and the Kingdom of Bahrain are historic achievements.
At the request of Mr. McConnell, his name was added as a cosponsor of S. Res. 709, supra.

S. Res. 716

At the request of Mr. Murphy, the name of the Senator from Iowa (Ms. Ernst) was added as a cosponsor of S. Res. 716, a resolution designating the week of October 5 through October 9, 2020, as “Malnutrition Awareness Week”.

AMENDMENT NO. 1551

At the request of Mr. Cornyn, the name of the Senator from Tennessee (Mrs. Blackburn) was added as a cosponsor of amendment No. 1551 intended to be proposed to S. 2657, a bill to support innovation in advanced geothermal research and development, and for other purposes.

STATEMENTS ON INTRODUCED BILLS AND JOINT RESOLUTIONS

By Mr. Durbin:

S. 4757. A bill to amend the Animal Welfare Act to establish additional requirements for dealers, and for other purposes; to the Committee on Agriculture, Nutrition, and Forestry.

Mr. Durbin. President, I ask unanimous consent that the text of the bill be printed in the RECORD.

There being no objection, the text of the bill was ordered to be printed in the RECORD, as follows:

S. 4757

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Puppy Protection Act of 2020”.

SEC. 2. ADDITIONAL REQUIREMENTS FOR DEALERS.

(a) Humane Treatment of Dogs by Dealers.—Section 13(a) of the Animal Welfare Act (7 U.S.C. 2143(a)) is amended by adding at the end the following:

“(9) In addition to the requirements under paragraph (2), the standards described in paragraph (1) shall, with respect to dealers, include requirements—

“(A) that the dealer provide adequate housing for dogs that includes—

“(i) completely solid flooring;

“(ii) indoor space sufficient to allow the tallest dog in an enclosure to stand on his or her hind legs without touching the roof of the enclosure;

“(iii) with respect to dogs over 8 weeks in age, primary enclosures that, with the length of the dog measured from the tip of the nose to the base of the tail, provide at least—

“(I) 12 square feet of indoor floor space per each dog measuring not more than 25 inches long;

“(II) 20 square feet of indoor floor space per each dog measuring more than 25 but less than 35 inches long; and

“(III) 30 square feet of indoor floor space per each dog measuring not less than 35 inches long;

“(B) that appropriate and nutritious food be provided to each dog at least twice per day, in an amount sufficient to maintain the good health and physical condition of each dog;

“(C) that each dog has continuous access to potable water that is not frozen and is free of feces, algae, and other contaminants;

“(D) that each dog receives adequate veterinary care:

“(i) a thorough, hands-on examination by a veterinarian at least once each year, which shall include a dental exam;

“(ii) core vaccinations recommended by the latest version of the American Animal Hospital Association Canine Vaccination Guidelines and other vaccines approved by the attending veterinarian for canine use;

“(E) that each dog receives adequate veterinary care, including—

“(i) prompt treatment of any disease, illness, or injury by a licensed veterinarian;

“(ii) a thorough, hands-on examination by a licensed veterinarian at least once each year, which shall include a dental exam;

“(iii) core vaccinations recommended by the latest version of the American Animal Hospital Association Canine Vaccination Guidelines and other vaccines approved by the attending veterinarian for canine use;

“(iv) medications to prevent intestinal parasites, heartworm disease, fleas, and ticks that are approved by a licensed veterinarian for canine use;

“(V) allows the dog to extend to full stride, play, and engage in other types of mentally stimulating and social behaviors; or

“(ii) if the dealer obtains a certification from the attending veterinarian stating that a dog should not have unrestricted access to an outdoor exercise area for a specific medical reason, an alternative exercise plan prescribed by the veterinarian for the dog that meets the applicable requirements under section 3.4 of the Federal Regulations (or successor regulations);

“(E) that each dog has continuous access to potable water that is not frozen and is free of feces, algae, and other contaminants;

“(F) that each dog has adequate exercise, including—

“(i) completely solid flooring;

“(ii) indoor space sufficient to allow the tallest dog in an enclosure to stand on his or her hind legs without touching the roof of the enclosure;

“(iii) with respect to dogs over 8 weeks in age, primary enclosures that, with the length of the dog measured from the tip of the nose to the base of the tail, provide at least—

“(I) 12 square feet of indoor floor space per each dog measuring not more than 25 inches long;

“(II) 20 square feet of indoor floor space per each dog measuring more than 25 but less than 35 inches long; and

“(III) 30 square feet of indoor floor space per each dog measuring not less than 35 inches long;

“(IV) enclosures that are not stacked or otherwise placed on top of or below another enclosure; and

“(V) temperature control that—

“(I) is appropriate for the age, breed, and condition of each dog in the enclosure; and

“(II) in the case of dogs 15 and 85 degrees Fahrenheit, when dogs are present in the enclosure;

“(IV) (having a maximum weight range at maturation)

“(I) is between 45 and 85 degrees Fahrenheit;

“(II) is appropriate for the age, breed, and condition of each dog in the enclosure; and

“(V) temperature control that—

“(I) is between 45 and 85 degrees Fahrenheit;

“(II) is appropriate for the age, breed, and condition of each dog in the enclosure; and

“(VI) that each dog be housed with other dogs, unless health or behavioral issues make group housing unsafe; and

“(ii) if the dealer obtains a certification from the attending veterinarian stating that a dog should not have unrestricted access to an outdoor exercise area for a specific medical reason, an alternative exercise plan prescribed by the veterinarian for the dog that meets the applicable requirements under section 3.4 of the Federal Regulations (or successor regulations);

“(G) with respect to safe breeding practices for dogs, including—

“(i) a screening program for known prevalent inheritable diseases that may be disabiling or likely to significantly affect the lifespan or quality of life of the mother or the offspring;

“(ii) prohibitive breeding, unless each dog bred—

“(I) has been screened by a licensed veterinarian prior to each attempt to breed; and

“(II) is found in the screening under subclause (I) to be free from health conditions that may be disabling to, or likely to significantly affect the lifespan or quality of life of, the mother or the offspring; and

“(iii) prohibiting the breeding of a female dog to produce—

“(I) more than 2 litters in any 18-month period; or

“(II) more than 6 litters during the lifetime of the dog;

“(IV) that a female dog of any small breed (having a weight range at maturation that is less than 40 pounds) not be bred—

“(I) before reaching the age of 18 months; or

“(II) after reaching the age of 9 years;

“(V) that a female dog of any large breed (having an expected weight range at maturation that includes 40 or more pounds) not be bred—

“(I) before reaching the age of 2 years; or

“(II) after reaching the age of 7 years; and

“(VI) that any caninesarian section be performed by a licensed veterinarian;

“(H) that dogs be housed with other dogs, unless health or behavioral issues make group housing unsafe; and

“(i) such as with an adoptive family, rescue organization, or other appropriate owner for that dog; and

“(ii) not including selling at auction or online placing a retired breeding dog with another breeder for breeding purposes.”;

(b) CONFORMING AMENDMENT.—Section 15(a)(2)(B) of the Animal Welfare Act (7 U.S.C. 2143(a)(2)(B)) is amended by inserting “subject to paragraph (9),” before “for exercise of dogs”.

(c) REGULATIONS.—Not later than 18 months after the date of enactment of this Act, the Secretary shall issue final regulations establishing the standards for the care of dogs by dealers, as required by this section, and the amendments made by this section.

SUBMITTED RESOLUTIONS

SENATE RESOLUTION 726—HONORING ROSALYNN SMITH CARTER’S 50 YEARS OF MENTAL HEALTH ADVOCACY

Mr. Perdue (for himself, Mrs. Loeffler, and Mr. Murphy) submitted the following resolution; which was referred to the Committee on the Judiciary:

S. Res. 726

Whereas Rosalynn Smith Carter, since 1970, when her husband, future President of the United States Jimmy Carter, was a candidate for Governor of Georgia, has been a leading advocate for raising awareness about mental health and the quality of life of people with mental health disorders to recover and live happy and fulfilling lives;

Whereas Mrs. Carter emerged as a national driver for mental health reform during Jimmy Carter’s presidential administration, Mrs. Carter became the active honorary chair of the President’s Commission on Mental Health;

Whereas the work of President Carter’s Commission on Mental Health resulted in passage of the Mental Health Systems Act of 1980, which offered reforms to publicly-funded mental health programs;

Whereas, in 1982, President and Mrs. Carter founded The Carter Center, which is dedicated to improving the quality of life for people in the United States and in the developing world through programs that promote peace and health;

Whereas, from 1985 to 2016, Mrs. Carter hosted the annual Rosalynn Carter Symposium on Mental Health Policy, bringing together national leaders in the mental health community to discuss a specific topic each year, including promoting access to appropriate and affordable behavioral health care services, improving the quality of such services, and reducing the stigma and isolation associated with mental health disorders and substance use disorders;

Whereas The Carter Center’s Mental Health Program, established in 1990 and continuing under the leadership and guidance of Mrs. Carter, strives to build consensus in
order to effect positive change in mental health and substance use policy and systems, with a focus on vulnerable populations, including children and the elderly.

Whereas, in 1996, Mrs. Carter established the Rosalynn Carter Fellowships for Mental Health Journalism, which have provided training and support to more than 220 journalists in the United States and abroad to report accurately and sensitively about and reduce the stigma surrounding mental health disorders, mental health care, mental health law and policy, and related issues;

Whereas Mrs. Carter, who has long been a champion of the physical and mental health, strength, and resiliency of family caregivers, established the Rosalynn Carter Institute for Caregiving in 1987, where she continues to serve as President of the Board of Directors;

Whereas, throughout Mrs. Carter’s 50 years of advocacy for mental health, she has been an effective champion for the elimination of stigma and discrimination against people with mental health disorders, which are among the most common health conditions around the world; and

Whereas, at 93 years of age, Mrs. Carter continues her devoted work to improving the lives of those affected by mental health disorders and substance use disorders in the United States and around the world; Now, therefore, be it

Resolved, That the Senate—

(1) hereby expresses its profound gratitude, on behalf of the people of the United States, to Rosalynn Smith Carter for her lifetime of accomplishments and commitment on behalf of those affected by mental health disorders and substance use disorders;

(2) recognizes, praises, and appreciates the improvements in wellbeing and the betterment of society Mrs. Carter’s contributions have engendered; and

(3) encourages all people of the United States to follow Mrs. Carter’s example of putting compassion into action through a lifetime of service to humanity.

AMENDMENTS SUBMITTED AND PROPOSED

SA 2670. Mrs. Loeffler submitted an amendment intended to be proposed by her to the bill S. 2657, to support innovation in advanced geothermal research and development, and for other purposes; which was ordered to lie on the table.

SA 2671. Mrs. Loeffler submitted an amendment intended to be proposed by her to the bill S. 2657, supra; which was ordered to lie on the table.

SA 2672. Mr. Daines submitted an amendment intended to be proposed by him to the bill H.R. 8337, making continuing appropriations for fiscal year 2021, and for other purposes; which was ordered to lie on the table.

TEXT OF AMENDMENTS

SA 2670. Mrs. Loeffler submitted an amendment intended to be proposed by her to the bill S. 2657, to support innovation in advanced geothermal research and development, and for other purposes; which was ordered to lie on the table.

Subtitle I—People’s Republic of China

Prohibition on Participation

SEC. 1901. PROHIBITION ON PARTICIPATION FOR CERTAIN ENTITIES.

(a) Short Title.—This section may be cited as the “Securing our Energy Future Act of 2020”.

(b) Definitions.—In this section:

(1) Controlling Shareholder.—The term “controlling shareholder” means a shareholder that owns more than 5 percent of the total shares in a company, entity, or organization, or any entity that serves as President of the Board of Directors;

(2) Covered Entity.—The term “covered entity” means any company, organization, or entity—

(A) that is primarily based in the People’s Republic of China;

(B) the primary owner of which is a resident or citizen of the People’s Republic of China;

(c) Prohibition on Certain Entities.—No covered entity shall be eligible for any grant or contract, or to participate in any program, authorized under this title or the amendments made by this title;

(d) Prohibition on Certain Products and Services.—Any company, entity, or organization otherwise eligible for any grant or contract, or to participate in any program, authorized under this title or the amendments made by this title shall be ineligible if the company, entity, or organization, as applicable,

(1) partners or subcontracts with a covered entity;

(2) uses products or services provided by any company owned in whole or in part by the Chinese Communist Party;

(3) uses products or services provided by any entity which deems a national security risk by the Department of Commerce, the Department of Defense, the Department of Energy, or the Department of State;

(4) engages in trade with China; or

(5) engages in substantial business dealings with China; or

(6) is—

(i) an individual that is a resident or citizen of the People’s Republic of China;

(ii) a company, entity, or organization, as applicable, engaged in business with China;

(iii) the controlling shareholder of which is—

(A) that is primarily based in the People’s Republic of China;

(B) the primary owner of which is a resident or citizen of the People’s Republic of China;

SA 2671. Mrs. Loeffler submitted an amendment intended to be proposed by her to the bill S. 2657, to support innovation in advanced geothermal research and development, and for other purposes; which was ordered to lie on the table; as follows:

Subtitle D—People’s Republic of China

Prohibitions

SEC. 2401. PROHIBITION FOR CERTAIN ENTITIES, PRODUCTS, AND SERVICES.

(a) Short Title.—This section may be cited as the “Securing American Infrastructure from China Act of 2020”.

(b) Definitions.—In this section:

(1) Controlling Shareholder.—The term “controlling shareholder” means a shareholder that owns more than 5 percent of the total shares in a company.

(2) Covered Entity.—The term “covered entity” means any company, organization, or entity—

(A) that is primarily based in the People’s Republic of China;

(B) the primary owner of which is a resident or citizen of the People’s Republic of China;

(C) in the case of a publicly traded company, the controlling shareholder of which is—

(i) an individual that is a resident or citizen of the People’s Republic of China; or

(ii) an entity that is primarily based in the People’s Republic of China.

(D) a company, entity, or organization that serves as President of the Board of Directors;

(E) is—

(i) a company, entity, or organization, as applicable, engaged in business with China;

(ii) the controlling shareholder of which is—

(A) that is primarily based in the People’s Republic of China;

(B) the primary owner of which is a resident or citizen of the People’s Republic of China;

(F) engages in trade with China; or

(G) engages in substantial business dealings with China; or

(H) is—

(i) an individual that is a resident or citizen of the People’s Republic of China;

(ii) a company, entity, or organization, as applicable, engaged in business with China;

(iii) the controlling shareholder of which is—

(A) that is primarily based in the People’s Republic of China;

(B) the primary owner of which is a resident or citizen of the People’s Republic of China.

SA 2672. Mr. Daines submitted an amendment intended to be proposed by him to the bill H.R. 8337, making continuing appropriations for fiscal year 2021, and for other purposes; which was ordered to lie on the table; as follows:

Strike section 4604.

RECESS UNTIL TOMORROW

Mr. McConnell. Madam President, if there is no further business to come before the Senate, I ask unanimous consent that it stand in recess under the previous order.

There being no objection, the Senate, at 7:13 p.m., recessed until Wednesday, September 30, 2020, at 12 noon.

NOMINATIONS

Executive nomination received by the Senate:

SUPREME COURT OF THE UNITED STATES

Amy Coney Barrett, of Indiana, to be an Associate Justice of the Supreme Court of the United States, Vice Ruth Bader Ginsburg, deceased.

NOTICE

Incomplete record of Senate proceedings. Today’s Senate proceedings will be continued in the next issue of the Record.
EXTENSIONS OF REMARKS

VETERAN'S PROSTATE CANCER TREATMENT AND RESEARCH ACT

SPEECH OF

HON. NEAL P. DUNN
OF FLORIDA
IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 22, 2020

Mr. DUNN. Mr. Speaker, I rise to speak in favor of H.R. 6092, the Veteran's Prostate Cancer Research and Treatment Act. This bill will support our Nation's heroes who are diagnosed with prostate cancer.

September is recognized as National Prostate Health Month, or Prostate Cancer Awareness Month. The timing could not be better to advance the Veteran's Prostate Cancer Research and Treatment Act from the House floor.

Prostate cancer is the number one cancer diagnosed at the Veterans Health Administration (VHA) and this bill will improve the care our veterans receive every step of the way. Whether it be at an early screening, the difficult moment a veteran receives a prostate cancer diagnosis, during treatment, during recovery, or while receiving end of life care, our veterans deserve the best.

The VA is already a notable leader in prostate cancer research and the goal of this legislation is to help the agency build on its success. A clearly defined national clinical pathway for the treatment of prostate cancer is needed because 500,000 veterans are being treated for it in the VHA today. 16,000 veterans are diagnosed with prostate cancer annually—nearly 43 each day.

The most common cancer diagnosed in the VA health system should be met with the most recent clinical data, national expertise, and state-of-the-art technology. Another element of my bill is the creation of a national prostate cancer registry. Cancer registries are important because they inform research and lead to improved treatment protocol, and thus, outcomes. The creation of a registry supports the goals of the clinical pathway and allows for updates and improvements as researchers learn more about the disease.

I thank my colleague Mr. CUNNINGHAM for working with me as the democratic lead on this bill. I encourage all of my colleagues to work with me as the democratic lead on this bill. I encourage all of my colleagues to support the Veteran’s Prostate Cancer Research and Treatment Act today so that the VA may better support our veterans’ health moving forward.

COMMENDING THE LIFE AND WORK OF REVEREND LEON FINNEY, JR.

HON. BOBBY L. RUSH
OF ILLINOIS
IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Mr. RUSH. Madam Speaker, today I rise to honor and commemorate the life of Reverend Leon Finney, Jr., who stood at the forefront of advancing the cause of justice in Chicago and throughout the nation.

A spiritual mentor of mine at McCormick Theological Seminary, where he founded the African American Leadership Program, which was responsible for the training of innumerable African American Pastors in receiving their master’s degrees. Rev. Finney’s work in Chicago’s spiritual, educational, and civil rights communities was deeply intertwined and catalyzed positive change for the most vulnerable members of our society.

Rev. Finney was an organizer’s organizer. Shortly after serving his country in the Marine Corps, he would join the Woodlawn Organization, a community group in Chicago’s Woodlawn neighborhood where Rev. Finney worked tirelessly to revitalize Woodlawn after the neighborhood was nearly decimated in the 1960s and 1970s. Rev. Finney’s activism would open the eyes of those across Chicago and the United States to what is really possible when communities come together. The arc of Rev. Finney’s legacy is long andfar-reaching.

A deeply spiritual man with an unparalleled understanding of how faith could help uplift entire communities, Rev. Finney served as the pastor of three churches, and was the founder of the Christ Apostolic Church, which would later merge with the Metropolitan Apostolic Community Church where Rev. Finney continued to serve the people of Chicago’s South Side as a senior pastor. Rev. Finney’s sense of justice was also evident throughout his career in public service, beginning with his three decades of service on Chicago’s city planning commission, followed by a chairmanship of Chicago State University’s board of trustees, and continuing as a board member of the Chicago Housing Authority for five years thereafter. His strong commitments to equity and community empowerment enabled these organizations to better serve the people of Chicago for years to come.

Madam Speaker, I along with countless others, are in deep mourning due to Rev. Finney’s transition, but we all remain committed to furthering his life’s pursuit. My condolences are extended to his immediate family, his church, and to his many friends. His legacy lives on.

HONORING THE LIFE OF JORGE NUN˜EZ

HON. SHARICE DAVIDS
OF KANSAS
IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Ms. DAVIDS of Kansas. Madam Speaker, I rise today to honor the life of Jorge Nuñez, a tireless fighter for peace and social justice.

In the 1980s, Jorge made the difficult decision to immigrate to the United States in order to flee the terrible violence that had fallen on his beloved countrymen and women in El Salvador. Although he was new to this country, he continued to dedicate his life mission to fight for the oppressed and the dignity of all human beings.

If you ask Angelenos about Jorge Nuñez, they will tell you he is known for his social service work. He started his advocacy efforts as a community organizer in Los Angeles with the Salvadoran American Leadership and Educational Fund (SALEF), where he promoted the vote of Salvadorans and Latinos. He later became a respected staff member for State Assembly Speaker Fabian Nuñez, and subsequently completed his career as Assistant to the President of the State Senate, Kevin De León, and as Board Member Emeritus of SALEF.

Regardless of his titles, Jorge devoted himself to working tirelessly for the rights of immigrants and their families, including TPS holders, day laborers and braceros. He never said no, and his desire to help was always present, even in his last days.

Jorge’s humility and commitment to his values were his finest characteristics. His kindness and sense of humor were a couple of the reasons he was so well-liked and respected in all social circles.

Jorge leaves behind a beautiful family, his wife Sonia, and four children, Damaris, Edwin, Jorge and Marvin.
Madam Speaker, Jorge Nuñez left us a priceless legacy to honor, to continue to build a better world. With that, I ask my colleagues to join me in remembering and celebrating the life of Jorge Nuñez.

HONORING THE CAREER OF LEROY JACKSON

TUESDAY, SEPTEMBER 29, 2020

Mr. T. LIEU of California. Madam Speaker, I rise to honor the career of Mr. LEROY JACKSON who is retiring from his position as City Manager of Torrance, California at the end of September 2020. Mr. LEROY has served the city of Torrance for 54 years and is one of the longest serving city managers in the state of California and the country. I had the honor of working with Mr. LEROY when I served on the Torrance City Council. Torrance is a better place to live, work and play because of Mr. LEROY’s distinguished service.

Mr. LEROY is a native Californian who has lived in Torrance since 1967 and graduated from California State University, Long Beach with a degree in Political Science and Public Administration. He first started his career serving Torrance in 1966 as a Personnel Analyst. After serving in various positions on the City Manager’s staff, he was appointed as the city’s fourth City Manager in 1983 and has spent 37 years serving in that position. As City Manager he helps lead a city of over 146,000 people and oversees ten departments with over 2,000 employees and a budget exceeding $320 million. In his five decades serving Torrance, Mr. LEROY has helped the city grow and thrive through multiple recessions and served alongside numerous mayors, council members and department heads.

Torrance Mayor Patrick Furey stated that Mr. LEROY’s “thoughtful leadership, fiscal foresight and dynamic approach to city planning have helped groom our City’s strong executive staff.” Former Mayor Frank Scotto said, “the key to his longevity is that he’s exceptionally good at seeing the best things in other people and getting good people around him.” Mr. LEROY’s management style has helped the city succeed throughout the decades he has served Torrance.

Mr. LEROY is confident that the organization he has helped create will continue to serve Torrance well. I would like to thank Mr. LEROY for his incredible public service, and wish him, his wife Connie and their family all the best.

HONORING IVETTE DOMINGUEZ DRAWE, OWNER AND PRESIDENT OF ALPINE BUICK GMC

TUESDAY, SEPTEMBER 29, 2020

Mr. CROW. Madam Speaker, it is my honor today to recognize the accomplishments of Ms. Ivette Dominguez DRAWE who will be honored by The Chamber of Northwest Douglas County as a “Woman Who Soars.”

Ms. Dominguez DRAWE is an outstanding businesswoman. She is one of just 13 Hispanic female car dealership owners among thousands of General Motors dealerships nationwide. Her first location, opened in Denver in 2007, consistently outperforms any other Buick GMC dealership in the state of Colorado.

In 2017 and 2018, Ivette acquired struggling dealerships in Illinois and quickly turned them into thriving communities. She purchased Alpine Buick GMC South in late 2018 and Post Oak Toyota in late 2019. In Summer 2020, she will officially open Alpine Buick GMC’s hallmark location in Douglas County, Colorado.

Ivette currently serves on the Denver Metro Chamber of Commerce Board, on the Habitat for Humanity of Metro Denver Board, and is immediate past chair of GM’s Minority Development Deanship. She also supports local women and families through her dealership’s general business and serves as a sponsor of Habitat for Humanity’s Alpine Cares program, which grants up to $15,000 per year to organizations such as the Colorado Ovarian Cancer Alliance and is a sponsor of Habitat for Humanity’s annual builds. Ivette and Alpine Buick GMC are also longtime supporters of Children’s Hospital Colorado.

A tireless volunteer, advocate, and community supporter, I can think of few others more deserving of this honor and I congratulate Ms. Dominguez DRAWE for being recognized as a “Woman Who Soars.”

RECOGNIZING HYDROCEPHALUS AWARENESS MONTH

TUESDAY, SEPTEMBER 29, 2020

Mr. DOGGETT. Madam Speaker, I rise today to recognize Hydrocephalus Awareness Month. Every September patients, caregivers and their families come together throughout the nation in support of the more than 1,000,000 people of all ages living with hydrocephalus in the United States. As co-chair of the Congressional Pediatric and Adult Hydrocephalus Caucus, I believe Congress has an important role to play in both raising awareness of this condition, as well as crafting policies that result in better treatments and potentially a cure. I urge my colleagues to join the caucus to learn more about this devastating condition.

Anyone can develop hydrocephalus, an abnormal accumulation of cerebrospinal fluid in the brain, at any time. This can include premature babies, active duty service members, veterans, and seniors. Individuals can also be born with hydrocephalus, develop it as part of the aging process, or acquire it as a result of infections, brain tumors or traumatic brain injuries, among other causes. The only present treatment for this condition is brain surgery.

From children to veterans, the prevalence of this condition is reflected in my own district. The physicians and staff at the Children’s Hospital of San Antonio perform the brain surgeries necessary to treat many of the one in 770 babies across the country who develop hydrocephalus per year. Nationwide, these cases alone cost the U.S. health care system $2 billion annually. For active military personnel, such as those stationed at Joint Base San Antonio, are also disproportionately affected. Medical researchers believe that two-thirds of our nation’s current and former military service members suffering from moderate to severe traumatic brain injuries are at risk of developing hydrocephalus.

In the midst of this pandemic, it is now more important than ever to improve the federal government’s partnership with the hydrocephalus community. Many individuals with hydrocephalus live with other serious medical comorbidities, putting them at a higher risk for severe illness from COVID-19. We must do all we can to help patients, health care professionals and families as they struggle to maintain and improve quality of life during these challenging times.

I urge my colleagues to join me in recognizing Hydrocephalus Awareness Month and the 1 million Americans living with hydrocephalus by joining the Congressional Pediatric and Hydrocephalus Caucus.
The Birch Bayh Lecture

(By Jesse Wegman)

I’d like to thank everyone for having me today: the McKinney School of Law community, Dean and, of course, the MacDonoughs, especially Kitty Bayh, who has been so generous with her time, her assistance and her memories over the past few years.

I am the first Birch Bayh lecture since his passing in March of last year. And while I’m sad not to be with you in person, I think it’s very appropriate for this to begin reading a short section of my book. To be fair, this is not included in the book, although as I’ll explain, I really wish it had been.

The Aero Commander 680, a twin-engine prop, descended through heavy fog as it approached Barnes Airport, in western Massachusetts. It was late Friday evening, June 19, 1966. On board were two junior United States senators, Ted Kennedy of Massachusetts and Birch Bayh of Indiana, along with Bayh’s first wife, Marvela, and an aide to Kennedy named Ed Moss.

The four were en route from Washington, D.C., to the Massachusetts Democratic Convention, where Bayh was scheduled to give the keynote speech. They had planned to leave the capital earlier in the afternoon, but were held up by the Senate’s long-de- layed vote on the landmark Civil Rights Act, which finally passed at around 4:00 p.m.

Both Kennedy and Bayh voted yes.

By the time the Aero Commander took off, the day’s calm weather had turned thunderstorms dotted the route, and the pilot, Ed Zimny, had to weave his way around the rain and winds. As the plane descended, it was knocked around like a piñata. “It seemed so dark and foggy.” Marvela told a reporter a few days later. “I whispered to my husband, ‘Aren’t we in trouble?’” He replied, “Oh, no, we’re doing fine.”

As soon as they broke beneath the cloudline at 600 feet, it was clear something was very wrong. Bayh looked out the window and saw that “I thought it was another storm, but it was the tops of trees,” he said.

They had flown directly into an apple orchard, the plane skidded along “like a to- boggan,” as Kennedy put it, until the left wing snagged on a large tree, cartwheeling the aircraft to the left and shearing off parts of both wings. “I came to, he said, I thought I was outside the plane; I turned my head three miles short of the runway, its il- luminated beacon slowly spinning, its nose crumpled like a soda can.”

“I thought they were coming in and ab- solute silence,” Kennedy recalled. The sile- nce was broken by the sound of Marvela’s voice calling out for her husband, who had managed to free himself from his seat belt and escape through a broken window. Bayh’s stomach was badly bruised and his right arm was broken, but he seemed otherwise unharmed. Marvella walked through the window and laid her on the grass. He then returned to the plane and called out, “Are you all right up there? Can anyone hear us?” and couldn’t move or answer.

Birch Bayh headed off to find help, then became aware of the smell of gasoline. “The plane might catch on fire,” he said, running back. Hearing this, Kennedy found his voice. “I’m still alive!” he cried. Bayh reached in and found a family of maneuvers through the window, probably saving the 32-year-old’s life.

“It’s not the kind of crash you’re supposed to walk away from,” Bayh told reporters afterward.

Years later, he still couldn’t believe what he’d done. “We’ve heard adrenaline stoi- ries about how a mother can lift a car off a trapped infant,” he said. “Well, Kennedy was no small guy, and I was able to lift him out of there like a sack of corn under my arm.”

After extracting his wife and his fellow lawmaker, Bayh limped down to the road and tried to flag down a passing car. Nine days by then he was too shaken to think about it, but to him and his colleagues it was one of those moments on which history is made.

Over the decade following the crash, Bayh would find himself at the center of the nation’s biggest constitutional debates, and, in the process he became one of the most influen- tial lawmakers in American history.

As I said, Birch Bayh holds a rare distinc- tion: he is the only American other than James Madison to have spearheaded multiple successful amendments to the Constitution. He has two under his belt so far: the 26th, adopted in 1971, lowering the voting age to 18; and the 27th, adopted in 1973, replacing a president or vice president who dies, resigns or becomes unable to govern; and the 28th, adopted in 1971 to lower the voting age for presidential elections to 18.

Bayh’s almost unparalleled record of constitutional reform speaks for itself, but the amendment that would have had the most profound effect on the American government and society was the one he failed to pass—the one that got away, as his staffers called it.

Between 1966 and 1970, the young Indiana senator led a vigorous, high-profile campaign to abolish the Electoral College and elect the president by direct popular vote—a goal he came closer to achieving than anyone since the 1787 convention in Philadelphia.

Back then, it was a Pennsylvania delegate named James Wilson, the first Supreme Court justice, who pushed through the summer for a direct vote. Like Wilson, Senator Bayh fought hard and came up short.

Civil War, Wilson was a Southern politicians intent on protecting their outitized power, which they had seized and maintained through centuries of system- atic racial violence and subjugation.

Unlike Wilson, however, Senator Bayh didn’t start out as a believer in the popular vote. He favored modest tweaks to the Elec- toral College, not a complete overhaul. Then he learned more about the College’s historical unfairness and the harms it continued to do. For the next 70 years, he became a convert to the cause of a direct presidential election. And but for a handful of Senate votes one late September after- noon in 1970, he may well have converted the nation.

Did you know about any of this? I didn’t. Nor did most of the people I’ve asked over the past few years, many of whom were po- litically active adults in the late 1960s. What explains this mass amnesia? An effort like Bayh’s on an issue like the Electoral College should be burned into America’s history books. But like Wilson’s valiant but unsuccess- ful push for a popular vote in Philadelphia, Bayh’s has almost completely disappeared down the memory hole. I’d like to pull it back up and see what we can teach us.

The lead report on the Senate’s passage of the civil-rights bill. The headline read: “Sen- ator Kennedy Hurt In Air Crash; Bayh In- jured, Too.”

Birch Bayh got top billing. He was the brother of a fallen president and a rising member of the nation’s most prominent po- litical dynasty, Bayh, despite his late-night, middle-aged, unknown vote. At 36, he was not yet two years into his first term as senator. Had he died that night, like most people do when their airplane crashes, he would have been remembered as a young, progressive Indiana politician who got along well with his colleagues. But he didn’t die. And the shock of coming closer to death helped to be one of those moments on which history is made.
I’ve spoken about Birch Bayh’s astonishing record of accomplishment. But as someone who grew up following Boston sports in the 1970s and 1980s, I have always been less attuned to the successes than to the failures, to the near misses.

In this talk I want to focus on the one that got away: The Electoral College amendment.

Obviously this matters to me because I wrote a book about it. But, if I may, I also feel a sort of kinship with Senator Bayh. He did not enjoy the electoral constitutional reform. After several years, however, he found himself where virtually everyone who spends that much time studying the electoral College is unashamed advocate for a popular vote.

In following his journey of discovery into the way we choose our president, I found myself on a similar track: one of skepticism that transformed into full-on belief.

I will start in the early 1960s, with Birch Bayh as a first-year senator from Indiana looking to make a name for himself in the world’s greatest deliberative body. I’m going to tell a shorter version of the story that’s in Chapter 5 of my book:

Despite his unspectacular- sounding name, the Senate Judiciary Committee’s Subcommittee on Constitutional Amendments was a sleepy affair in 1963. In that era, the significant role to play-drafting amendments to the Constitution and introducing them into Congress to be voted on—but in practice the subcommittee had done little of note since the days of Prohibition. When its longtime chair, Estes Kefauver, died of a heart attack that August, no one immediately stepped up to take his place, and the job wasn’t that appealing.

“It was a graveyard,” Bayh recalled years later. “How often do you amend the Constitution, for heaven’s sakes?” (For the record, 27 times, the first 10 of which, known collectively as the Bill of Rights, were adopted almost before the original Constitution’s ink was dry. Since then, we’ve ratified a new amendment on average once every 13 years.)

Bayh also knew that sitting on a committee was the best way for a young senator to gain experience on special issues he was interested in. By the time he had arrived so of 1963, only a few months after getting elected to the Senate for the first time, Bayh had only patience with the Judiciary Committee. It was a prestigious post that involved interviewing Supreme Court nomi- nees, among many other high-profile responsi- bilities. The problem for Bayh was that he didn’t want to be a member of a gang; he wanted to lead one, and all the Judiciary’s subcommittee chairmanships were spoken for. Then Estes Kefauver died.

Bayh didn’t volunteer to take over Kefauver’s seat at first, because it wasn’t being offered. James Eastland, the Judiciary Committee chairman, had begun the process of shuttering the subcommittee entirely. By chance, Kefauver’s former chief of staff knew of Bayh’s ambitions and suggested that he go to Eastland and make the case for saving it. In a 2009 interview, Bayh remem- bered his first meeting with Eastland, a staunch segregationist from Mississippi:

“So I got an appointment and saw Senator Eastland in his office. I don’t think he didn’t really drink at the time, but I may have taken a sip or two of it. And I made my pitch: “Mr. Chairman, when I went to law school, constitutional law was my most ex- citing subject. Boy, it would be my dream come true if I could be Chairman of that Subcommittee.”

He said, Birch, I hope you under- stand here, but Allen Ellender [a conserva- tive senator from Louisiana] has been giv- ing us a rough time, I sort of told him I’d close this down. I hope you understand, boy.”

“I just made up my mind, Birch. I hope you understand.”

“Thank you, Mr. Chairman,” and I left.

The next morning, 9/30, my secretary said, “You’ve got Chairman Eastland on the phone.”

“Birch?”

“Yes, Mr. Chairman.”

“I want you to be Chairman of that Subcommittee. I think you’d be a good one.”

Click.

Whenever else could a plantation owner, one step away from master, a avowed segregationist, ever do anything to get a little chit with a liberal young turk like me?

If Bayh had any pretensions about the new job, they were snuffed out fast, Eastland, who had apparently taken Bayh’s won’t-cost- a-nickel promise literally, parked the subcommittee and its small staff in a converted men’s room on the third floor of the Capitol building. Jay Berman, an aide and later the senator’s chief of staff, described it to me. “It had no windows and it was very small. No claustrophobic could’ve worked there.”

On the plus side, the toilets had been re- moved.

In politics as in life, everything can change in an instant. Bayh was officially named chair on September 30. Fifty-three days later, President John F. Kennedy was assas- sinated. And just like that, a graveyard job run out of a bathroom was about to become one of the most important in the country.

Bayh was faced with a suddenly urgent challenge: What happens to the president becomes incapacitated while in office? Previous presi- dents had informal arrangements in place to deal with such a scenario, but the Constitu- tion itself provided no next steps. It said only that if a president can’t serve, the vice president takes over, and any further details can be hammered out by Congress.

The nation was still absorbing the shock of Kennedy’s death when Bayh got to work. On December 12, he introduced a resolution to amend the Constitution by adding clear rules for presidential emergency and presidential suc- cession in cases of emergency.

Under Bayh’s guidance, the bill passed both houses of Congress and went out to the states for ratification. The Twenty-Fifth Amendment went into effect a little more than three years after Bayh first introduced it. It was a remarkable accomplishment for a junior senator who, in the words of a 1970 New York Times profile, “had flunked his bar exam the first time and had practiced law only a couple of months before coming to Washington.”

Bayh’s success on the Twenty-Fifth Amendment transformed him into a re- spected lawmaker whose opinions mattered, particularly when it came to the Constitu- tion.

That’s why President Lyndon Johnson turned to him for his next big project: amending the Electoral College.

There have been, since the nation’s found- ing, roughly 800 attempts to amend or abol- ish the Electoral College. With the exception of one—the 12th Amendment—all have failed. So what was Lyndon Johnson trying to do?

He was trying to save the Democratic party from the death threat of third-party segregationist candidates like Strom Thurmond. Longtime Democrats like Strom Thurmond in South Carolina were saying, ‘You who consider yourselves so fair and equitable, and they were running third-party campaigns to try to undercut the national party.

Across the south, they urged electors to be “faithless”—that is, to break their pledges to vote for the Democratic nominee in favor of third-party segregationist candidates like Thurmond. This alarmed the leadership of both major parties, and especially President Johnson, whose support depended on southern Democrats. So he asked Birch Bayh to lead on drafting an amendment that would eliminate the risk of faithless elec- tors.

Senator Bayh took up the challenge. In February 1966, he held the first hearing on amending the Electoral Col- lege.

Right out of the gate, he shot down any possibility of abolition, a prediction that Johnson himself had made. “It’s the idea that Congress fails to do anything a state or states want it to do,” said the senator. “The country is not divided by states; it’s divided by the national party.”

But even Bayh’s most ardent supporters knew that amending the Constitution was a protracted process. Bayh knew that the amendment would certainly not pass in 1966, and he was willing to wait. But he did want to get a vote.

He thought he might actually have a shot at passing the amendment in the Senate, and if not, he would at least get a vote. “We were looking for one. We didn’t want to lose the opportunity,” he told a reporter. “We had to have a vote.”

Birch Bayh had come to see, as he would later quote from the historian John Roche, that the College was “merely a jerry-rigged im- provise, which has been endowd with a high theoretical content.”

On top of that, the nation in the early 1960s was in the midst of a democratic awakening. From the civil rights movement to the one-person-one-vote cases at the Supreme Court, from the abolition of the poll tax to the Voting Rights Act, America’s long history of ra- cial discrimination and exclusion from the ballot box was being challenged like never before. Birch Bayh wasn’t just sensitive to all of this, he was energized by it. And when he got to the bigger picture, the prob- lems with the Electoral College seemed much more serious.

Jay Berman, Bayh’s staff who recorded to me the feeling that emerged after months of hearings. “All of a sudden, you’re in the weeds and people are saying, ‘You’re amend- ing the Constitution for this!’ Look, we have worked hard all our lives, we are close to losing so much time and effort to expand the fran- chise. You’ve been involved in all these civil rights battles. What are you doing for the present system if the person with the most votes doesn’t win? What was all this about if it doesn’t mean that every vote should count?”

On May 18, after months of hearings and expert witnesses and statistical reports, Birch Bayh stood up on the floor of the Sen- ate and gave what I consider one of the strongest and most eloquent arguments for the popular vote in the nation’s history. I will quote from it at length, because his words are full of hope and inspiration, and they deserve being repeated.

Mr. President, from the inception of our nation, controversy and complexity has sur- rounded the question of how to choose the President of the United States.

Indeed, one of the framers of the Constitu- tion, James Wilson, described this problem as “the most difficult of all” to resolve at the Convention.

Bayh acknowledged the hundreds of failed efforts to fix the system, then he said, “Today, Mr. President, the situation is dif- ferent. Today, for the first time in our his- tory, we have achieved the goal of universal suffrage regardless of race, religion or sta- tion in life.”

He then went on to build on the next logical outgrowth of the persistent and inevitable movement toward the democratic ideal is the popular election
of our national officers—an election in which each person has the right to vote for President without an artificial barrier separating him from the choice of his Chief Executive.

Bayh then noted that the subcommittee had considered many different amendment proposals, before rejecting them all.

It is true, however, that some procedural changes in the present system could be like shifting around the parts of a creaky and dangerous automobile engine, making it no less creaky and no less dangerous. What we may need is a new engine, Mr. President, because we are in a new age.

... Some may say this proposal is too new, too drastic and would weaken the system. I think all honesty, Mr. President, I was among that number only a few short months ago. Then, we began hearings on the problem. I consulted with scholars in the field. I did a great deal of study and reflection. I came to the conclusion that this idea was not truly a break with tradition as it was. It was, in fact, a logical, realistic and proper continuation of this nation’s tradition and history—a tradition of continuous expansion of the franchise and equality in voting.

He ran through the list: ending property qualifications for voting; allowing the vote to poorer white people; the abolition of slavery and the enfranchisement of blacks ... of women, of Jews and Catholics.

Today we have witnessed the climax of the long struggle to guarantee Negroes the right to exercise the franchise—the 14th, 15th and 24th Amendments; the Civil Rights Acts of 1957, 1960, and 1964, and the Voting Rights Act of 1965.

In fact, we have only one election remaining. Mr. President, wherein some votes are not equal and wherein millions of votes do not count in the final result—and that is in the election of the most powerful political officer in the world, the President of the United States.

It is not radical to suggest that we abolish the Electoral College and elect our President by direct popular vote—no more so than if we suggested the advantages of groundng an open-cockpit biplane in favor of a supersonic jet.

Direct election of the President would make that office truly national. We elect our local official locally; our Congressmen by their constituencies. But no one can be elected President of the United States to whom he is responsible.

Direct election would greatly encourage voter participation. Today, if a state votes traditionally in the column of one party, voters of the other party correct all illusion that their vote will count for naught. Under direct election, these votes will be as important as votes cast anywhere else.

In sum, direct popular election brings with it many virtues and no vices; it would substitute clarity for confusion, decisiveness for danger, and simplicity for political change.

Bayh finished with what we would today call the “mic drop”:

James Madison, the father of our Constitution, knew that the President had to be independent. He knew, also, that in deciding upon a means of choosing a President some compromise would be reached. But he had his own ideas as to how the President should be elected and replace it with a direct popular vote.

Madison said that “the people at large ... was the fittest in itself.”

We are at long last arriving at the place and time in our history where meaning has been brought to the preamble of our Constitution—“We, the People of the United States ... As I said, we are, indeed, “We, the People ...”

If there was doubt about it in the early years of the Republic, there can be no doubt today. Let the American people have the vote. Let us put our trust in the people.

This was the key. More than any political or partisan advantage, Senator Bayh wanted what was best for the American people.

And it is, people, as it turned out, felt the same way.

On the same day as Bayh’s speech, Gallup’s first national poll of a direct vote for president found that forty-two percent of Americans said they favored dumping the Electoral College for a popular vote. Twenty percent opposed it, and 17 percent had no opinion.

Soon the movement had support from across the political spectrum—from the Chamber of Commerce to the League of Women Voters from organized labor to the American Bar Association. In a report that would later be quoted in the New York Times, the ABA called the Electoral College “archaic, complex, ambiguous, indirect, and dangerous.”

The range and depth of support for a popular vote was such that he was on the right track. Still, he moved cautiously. As the 1968 presidential race heated up, he pulled back on the popular vote campaign. Merits aside, any debate over how America might choose its president in the future would surely get tangled up in the politics of how America was choosing its president in 1968.

What Bayh couldn’t know was how much that year’s election—and the collective heart attack it gave the nation—would help his cause.

The 1968 election was primarily between Richard Nixon and Hubert Humphrey. But it was a third-party candidate—George Wallace, the former Alabama governor and arch-segregationist—who nearly managed to deadlock the vote and force Congress to pick the winner. Wallace won the most votes through the Electoral College, the last time any third-party candidate has won any at all. His aim was not to win the election outright, but to prevent either Humphrey from winning a majority of Electoral College votes. In that scenario, the Constitution orders the House of Representatives to choose the president, with each member casting one vote. Wallace thought that if both candidates needed him to help push them over the top, he could make whatever demands he wanted. Wallace failed in the end. Nixon won a majority of electoral votes. But he succeeded in highlighting just how bizarre and dangerous the Electoral College could be. It was the first time a candidate gave the system a thought. The prospect of an unconstructed racist extorting the presidency horrified them. The best-selling author James Michener wrote a whole book advocating a switch to the popular vote.

He called the Electoral College a “time bomb lodged near the heart of the nation.”

Meanwhile, Birch Bayh, following the wave of the 1968 election, gathering support across the country for a major constitutional reform. By the end of that year, polls showed presidential candidates in favor of a national popular vote for president.

In September 1969, the House voted overwhelmingly. Bipartisan College, and replace it with a direct popular vote. It was a bipartisan effort. Even President Nixon got on board, and polls of state legislators suggested strong support throughout the country. All signs pointed to another successful amendment for Mr. Bayh and a constitutional change in the way Americans chose their presidents.

All signs but one.

As soon as the amendment cleared the Senate, it was blocked by Southern segregationists, led by Strom Thurmond of South Carolina, who were well aware that the Electoral College had been created to appease the slaveholding states. They were also aware that it continued to warp the nation’s politics in their favor, since millions of black voters throughout the South were effectively disenfranchised by registration and voting laws. Even those who were able to vote rarely saw their preferences reflected by a single elector. A popular vote would make their voices equal and their votes matter—and would encourage them to turn out at higher rates.

The Southerners delayed and filibustered the amendment for months. On Sept. 29, 1970—50 years ago this month—the last attempt to end the filibuster failed by five votes. It was another echo of the way the Electoral College had been designed for the benefit of white political power, particularly in the south.

Now here’s the really interesting part. The segregationists had help from a key constituency: blacks and ethnic minorities in northern cities like New York City and Chicago? Because New York City was the nation’s biggest and most important swing state. And racial and ethnic minorities in the big cities decided how it swung. These voters understood that the Electoral College, using statewide winner-take-all laws, gave them disproportionate power in choosing the President. They didn’t want to give up that power any more than they had to.

Strom Thurmond took advantage of this fact. He sent personal telegrams to prominent black and Jewish leaders, warning them of the consequences of supporting a direct popular vote. This made Birch Bayh furious. Here’s what he said in a 2009 interview:

He told these people, “What you’re going to do is, you’re going to give up your advantage of having influence in the Electoral College if you have a direct popular vote. It will just be confined to one person, one vote. You won’t be able to sway the group of electors,” which is true, of course.

A couple of these guys ... came to my office and said, “You’re going to have to back away from this.”

I said, “What do you mean?”

They said, “Well, it would give us less power.”

I finally said—the only time while I was there, in my eighteen years—I said, “Look, I busted my tail to see that each of you and your constituencies get one person, one vote. Now you’re telling me to give it back to a big group of electors?”

Senate Bayh reintroduced his Electoral College Amendment in every session of Congress through the 1970s, until he lost re-election in 1980.

With Bayh’s departure, the Senate lost its most effective advocate for a national popular vote.

“Now was a better legislator than he was and he couldn’t get it done,” Jay Berman told me. “It’s just such an empty feeling because it was so right to do. And we couldn’t do it.”

For the final portion of this talk, I’d like jump forward a half century, to today. The question of whether we have the right to vote—whether “one person, one vote” is the law of this land—a question that has barely been defined by the Electoral College’s anti-majoritarian distortions.
It happened first on Nov. 7, 2000, when Vice President Al Gore was the choice of the American people, with more than half a million more votes around the country than George W. Bush, who won the White House thanks to a few hundred ballots in Florida, and a recount stopped short by the Supreme Court. It happened again in 2016. Two times in less than two decades. And there’s a very plausible chance it could happen again in November.

If Senator Bayh were here, I know he would say this is a crisis for our democracy. It is a crisis for our republic.

In fact I don’t have to speculate. He stayed deeply involved in the politics of electoral reform after leaving the Senate. In 2005, a team of lawyers and activists devised a plan to eliminate the president by a national popular vote, not by abolishing the Electoral College but by using it exactly as it was designed in the Constitution. They came to Washington to test the political waters, to see whether they could get support for this plan. The first person they spoke to was Birch Bayh.

I was lucky enough to meet the senator—two years ago, at his home on the eastern shore of Maryland. It was the last interview he gave before his death. We were joined by his wonderful wife, Kitty, and Kevin Feerick, one of his longtime Senate staffers.

When I asked him about his early life, he recalled a childhood spent working on his grandfather’s farm in Terre Haute. “Nobody in my family background had ever been involved in politics,” he said. “When my father found out what I was doing, I think he wondered what I’d done wrong as a parent.”

On the topic of the popular-vote amendment, the pain of the loss was still there. If anything, it was keener, now that the Electoral College had denied the White House to two popular-vote losers in the past two decades.

“I don’t know,” he told me when I asked how he thought of the issue today. “I like to think as a country, as we grow older, we learn. It just makes such good sense.”

I asked about the familiar charge that eliminating the Electoral College would lead to “mob rule.” He was unphrased. As he saw it, the “mob” was the American people. He said, “The positive end of it. Why shouldn’t they be able to determine their own destiny?”

This was emblematic of Bayh’s broader commitment to equality and democracy. According to a biography, Birch Bayh’s America is a big, open, welcoming place. It has room for everyone, and it treats all of us as equals.

I think it’s fair to say that Birch Bayh was one of this nation’s founding fathers. He changed the country for the better, and he would have done even more if he could. The fact that he is focused on changing how we choose our President . . . well, Madison didn’t get everything he wanted either. But we choose our President . . . well, Madison changed the country for the better, and he was, he would say, the single greatest disappointment of his career.

As an example, in the fall of 2000, John Feerick, the former dean of Fordham Law School and an instrumental figure in the passage of the 25th Amendment, was teaching a seminar at Georgetown Law School, and invited Senator Bayh as a guest speaker.

In a few weeks, the nation would be upended with the drama and chaos of a contested election—the recount in Florida, the butterfly ballot, the hanging chads, the Brooks Brothers riot, and finally, a tense resolution by the Supreme Court, giving George W. Bush a bare Electoral College majority, and sending the first popular-vote loser to the White House in more than a century.

All of that was in the future when Feerick, sitting next to Bayh in his law-school seminar, posed the question that seemed at the time like an innocent hypothetical.

“I put the question to him,” Feerick said. “‘What do you think the reaction of the American people would be if there’s a difference between the electoral vote and the popular vote winner?’”

“And his response to me was that the people would accept the legal system we have, and the outcome of that system. The one we have. And then he started to cry.’”

I want to return to the words Birch Bayh spoke on the Senate floor in 1666. A national popular vote is “a logical, realistic and proper continuation of this nation’s tradition and history—a tradition of continuous expansion of the franchise and equality in voting.”

That is the essence. In my book I write, “Bayh’s is the real American exceptionalism: our nation was conceived out of the audacious, world-changing idea of universal human equality. And though it was born in a snarl of prejudice, plus one, and exclusion, it harbored in its DNA the code to express more faithfully the true meaning of its founding principles. Over multiple generations, and though the tiresome work and bloody sacrifices of millions of Americans—some powerful but most just regular people who wanted to be treated the same as everybody else—made the uncode, and those principles, slowly but surely, have found expression.”

I believe a central reason Birch Bayh’s effort in the late 1960s came so close was that this was his argument. It was irrefutable, and it resonated with millions of Americans.

When I spoke with him 50 years later, facing the same questions he faced, fighting the same battles he fought, and relying all along on his wisdom, his vision and his humanity to help us find our way to an answer—and to a more perfect Union.
up, he was a member of both the Cub Scouts and Boy Scouts before beginning high school. He graduated from Shippensburg High School in 1962, and from the Barber School Harrisburg the following year. He was a member of the AV Club in addition to the proud owner of a 1952 Chevy Coupe, his first car. Jake started his career with the Montgomery County Sheriff's office in 1968, working part-time until 1970. He returned in 1972 as a full-time Community Development Coordinator working from the Shippensburg location, and has been with the agency since, becoming Housing Counselor in 1994. With Community Action, Jake has helped thousands achieve their goals, connecting first-time homebuyers to needed resources, and promoting economic self-sufficiency.

While working for Community Action, he managed to balance a litany of other roles that serve as a testament to his character. He worked at both the Carlisle and Chambersburg Hospitals in the 1980s and 90s, graduated Columbia School of Broadcasting in 1980, and honed his craft at WSHP radio, all while owning his own business—JB’s Disc Jockey Service, which operated into the 2000s.

Jake is a cancer survivor of 26 years, and remains active in marching bands while being a world-renowned Masters Powerlifting Champion. He is a member of the Reilly Raiders Drum & Bugle Corps and the leader of the Dungeon Powerlifting Crew at the Front Street YMCA, holding numerous world records for his age group. Jake is also a member of the Mt. Pisgah AME Zion Church and the Locus Grove Cemetery Committee Firefighter Vigilant Hose Company No. 52. He loves gardening, the LA Dodgers, trains, fireworks, motorcycles, books, firearms, mini whiskey bottles, music, and enjoys collecting African-American relics.

Jake will tell you that his biggest and proudest accomplishment, by far, is his family. He is the proud father of five children (Andrew, Gerald, Mike, Kacey, and Ashley), 11 grandchildren, and 2 great-grandchildren. Jake has lived his life by his personal mantra: “Never stop learning. Live everyday as if it were your last. Put your faith in God and never give up.”

With great honor, I commend Gerald “Jake” Burke’s distinguished career of service to Tri-County Community Action, the Commonwealth of Pennsylvania, and the United States of America.

HONORING THE FAITHFUL SERVICE OF ASSISTANT CHIEF DEPUTY DOUGLASS TACKETT

HON. MARK E. GREEN
OF TENNESSEE
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Mr. GREEN of Tennessee. Madam Speaker, I rise today to recognize the service of Assistant Chief Deputy Douglass Tackett.

Mr. GREEN. Madam Speaker, I rise today to recognize the service of Assistant Chief Deputy Douglass Tackett.

Mr. Tackett began his career in law enforcement as part of the Army Military Police Corps. Upon leaving the Army, he transitioned to working in civilian law enforcement with the Montgomery County Sheriff’s Department. On account of his persistent work ethic, he quickly rose through the ranks, serving as Jail Administrator, Deputy Chief, Captain, and finally as Assistant Chief Deputy.

Charged with the supervision of the hundreds of inmates housed in the Montgomery County Jail on a daily basis, Assistant Chief Deputy Tackett sought to maintain order and discipline while trying to aid inmates who wanted to change their ways. His constant fidelity and excellence throughout his career stands as an example to be followed by all those who are charged with upholding law and order.

Assistant Chief Deputy Tackett’s four decades of service to the Montgomery County Sheriff’s office have been invaluable and he has made an impact in his community for years to come. His service exemplifies the virtues of steadfastness and dedication. It is fitting that we honor him as he concludes a long and faithful career in service to the people of Montgomery County. On behalf of the United States Congress, I wish to commend Assistant Chief Deputy Tackett for his service, and I congratulate him on the occasion of his retirement from the Montgomery County Sheriff’s office.

RETIREMENT OF DANIEL SPATZ

HON. GREG WALDEN
OF OREGON
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Mr. WALDEN. Madam Speaker, I rise today to honor Daniel Spatz as he retires after 12 years as the Washington, D.C. Trip Scheduler for The Dalles Community Outreach Team. Daniel’s dedication, diligence, and passion to support others by helping the Community Outreach Team the success it is today.

Spatz was born in Portland, Oregon, and raised outside of White Salmon, Washington, and graduated from Columbia High School. He went on to earn his degree in journalism and business from Eastern Oregon State College after working at the White Salmon Enterprise as a high school student. After college, Dan began his career in the newspaper business working for every other newspaper in the Columbia River Gorge: Hood River News, Goldendale Sentinel, The Dalles Reminder, and lastly, The Dalles Chronicle. During this time, Dan learned all the nuances of newspaper production including running a printing press, running advertisement sales, directing news meetings, writing for publication, and ultimately serving as an editor and general manager. Additionally, he became an award-winning journalist recognized by both the National Newspaper Publishers Association (NNPA) and the Oregon Newspaper Publishers Association (ONPA).

While working at The Dalles Reminder, Dan met his wife, Michele, when he interviewed her for a news story. Together they built a family and raised two daughters, Melissa and Kathryn, who are now, respectively, a general surgeon and an emergency room physician. In fact, Dan and Michele have always shared a welcoming home, especially since they developed a high school student exchange program between The Dalles and its sister city, Miyoshi City, Japan. For several years the Spatz home has served as a homestay family and hosted numerous Miyoshi City students, visitors, and adult charter flights.

After 30 years in regional journalism, Dan left to join Columbia Gorge Community College (CGCC) as their Chief Institutional Advancement Officer where he serves today as the Executive Director of Institutional Advancement. His outstanding accomplishments at CGCC include negotiating intergovernmental agreements securing $14.6 million for capital construction programs to build the Treaty Oaks Skills Center and student housing on The Dalles CGCC campus. Dan also supported CGCC’s Hispanic Serving Institution designation by creating and facilitating the college’s Latinx Advisory Council, which represents community organizations, school districts, and other groups with a mission to identify barriers to college recruitment, retention, and academic completion of Latinx students.

Additionally, as Chief Institutional Advancement Officer, Dan embraced the task of scheduling the Community Outreach Team’s complement of Washington, D.C. meetings that occur each March and September. He was also instrumental in helping CGCC receive funding for a new National Guard Readiness Center, a Wind Energy Technician Training program, new 911 dispatch equipment for Wasco County, and construction dollars for The Dalles’ East Gateway Project. Dan secured meetings with Oregon and Washington Legislators, the American Wind Energy Association, the Department of Energy, and the Department of Education enabling the Community Outreach Team to advocate for and ultimately secure funding for the important community projects. Dan was also an integral member of the Community Outreach Team itself and made many trips to Washington, D.C. as a representative of CGCC and the City of The Dalles.

Finally, over the last two decades, Dan has also served in several other key leadership positions within The Dalles and Wasco County. From 2008 to 2016, he was elected to The Dalles City Council representing the communities of Wasco County and served on the Mid-Columbia Economic Development District Board, the Mt. Hood Economic Alliance Board, and as Vice-President of the QualityLife Intergovernmental Agency (QLife) Board. Additionally, through a CGCC subcontract with Wasco County, Dan served as the Wasco County Economic Development Coordinator where he crafted Wasco County’s comprehensive economic development strategic plan and led the Wasco 2000 initiative to develop wastewater treatment in rural Wamic, Oregon.

It’s hard to look around The Dalles without spotting something that hasn’t been touched by Dan’s efforts. The community and region are better off because of the time and energy he has invested in helping spur growth and development in the Gorge. Madam Speaker, I ask my colleagues to join me in recognizing Dan’s service, leadership, and dedication to the communities of Wasco County and The Dalles.

HONORING THE LIFE OF JOHN ERIC SWING

HON. JIMMY GOMEZ
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Mr. GOMEZ. Madam Speaker, I rise today to honor the life and leadership of John Eric Swing, whose service to the members of Los Angeles’ historic Filipinotown and greater Filipino-American community will not be forgotten.
John’s passion for service began even before he championed community service and empowerment in the community. It was during his college years as an ethnic-studies student at University of California, Riverside that John started learning about and developing his Filipino-American identity. Eventually starting the Asian American fraternity Psi Chi Omeueta, and continuing to serve in community organizations throughout college. Upon graduating, he served his country as part of the U.S. Marine Corps Reserve, receiving a National Defense Service Medal, a Good Conduct Medal, and a Rifle Expert Marksman badge during his six years with the Marine Corps. John then spent the rest of his career and life dedicated to advocacy and service.

John had only recently been appointed as the Executive Director of Search to Involve Pilipino Americans (SIPA), an organization in my district that seeks to enrich and empower Filipino Americans by providing important health and human services, community economic development, and cultural enrichment. Previously, he led SIPA’s small business counseling services and entrepreneurship program as a staff member. Even before his term as Executive Director began, John was out there on the frontlines. When the COVID-19 pandemic hit, he delivered food to seniors and underserved families and led wellness and cultural webinars. John even secured critical funding to support SIPA’s outreach programs and was later honored by the state legislature as one of the “Unsung Heroes of Southern California.”

What stands out to all those who worked with John over the years is his work ethic, his selflessness, and his unwavering commitment to serving all communities, regardless of people’s race, ethnicity or background.

John’s lifetime of dedication and service will be remembered and greatly missed by all whom he encountered and all those who were impacted by his tremendous work. May it bring comfort to his family, friends, and loved ones that so many are celebrating the life John led and praying for them at this time.

RECOGNIZING THE UKRAINIAN NATIONAL MUSEUM OF CHICAGO

HON. MIKE QUIGLEY

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Mr. QUIGLEY. Madam Speaker, I rise today to recognize the Ukrainian National Museum of Chicago (UNM), a cultural landmark in the heart of my district, on the occasion of its annual banquet. The UNM prides itself, for good reason, on its museum artifacts, library, and archives, which highlight Ukraine’s history, its ongoing fight for freedom and democracy, and the rich culture and contributions made by Ukrainian Americans and Americans of Ukrainian heritage, both to Chicago’s cultural tapestry and to that of the United States.

Each one of the four waves of immigration from Ukraine, as well as the generations of American Ukrainians who have followed, have brought with it a wealth of literary, music, artistic, and cultural artifacts, historical testimonials, relics, scientific patents, personal keepsakes and reminders, all of which speak to the importance of Ukrainian heritage and the personal and professional accomplishments of American Ukrainians across our country.

They themselves a part of the third wave of Ukrainian immigrants to the United States, Olexa Hankeywch, Julian Kamenshky and Orest Horkosky, founded the Ukrainian Library and Archival Center in 1952 in order to preserve books and other documents at risk of destruction in Ukraine. Shortly after the establishment of the Library and Archival Center, a call went out to the Ukrainian community, which enthusiastically responded. Several years later, the Museum Center grew into the Ukrainian National Museum of Chicago, fully funded by community donations.

While some artifacts in the Museum’s burgeoning collection were purchased in Ukraine, others were donated by Ukrainian American collectors and artists, as well as from personal libraries and individuals throughout the community, in Chicago and beyond. Over 100,000 Ukrainian Americans live in Chicago, and I am proud that the Museum has its roots in our great city.

The Ukrainian National Museum of Chicago too has much to be proud of, due to the hard work of its staff, board of directors, and officers. Unfortunately, only two of its past presidents remain with us—Dr. George Hrycelak and Jaroslav Hankeywch, son of the Museum’s founder, Olexa Hankeywch. Today, under the leadership of Lydia Tkaczuk, the Museum’s first female president, the UNM continues its work in one of Chicago’s most historic neighborhoods, Ukrainian Village. More than just engaging visitors and adding to their understanding of Chicago’s rich and diverse communities, it also serves as a window to Ukraine, its history, and its people.

The Museum’s diverse collection of folk-art, fine art, tapestry, traditional dress and artifacts help to illuminate the societal impact American Ukrainians have had on Chicago and across the United States. Its permanent exhibitions educate visitors on the history, heritage, politics, culture and religions of Ukraine and the broader Ukrainian American community, including exhibits on the Kozak period, Ukraine’s role in the World Wars and importantly, the Holodomor, the forced famine-genocide of nearly 4 million Ukrainians by Stalin across 1932 and 1933.

Madam Speaker, the Ukrainian National Museum is a place where visitors feel welcomed and engaged. It serves as a pillar of knowledge and culture for the Ukrainian community, for individuals of every background who call our city home, and for all the universities and students, artists, and authors throughout the world who have benefited from work in its archives. The City of Chicago is lucky to house such an institution, and it is my privilege today to recognize the Ukrainian National Museum here in Congress.

HONORING THE LIFE OF REGGIE ROBINSON

HON. SHARICE DAVIDS

OF KANSAS

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Ms. DAVIDS of Kansas. Madam Speaker, I rise today to honor and celebrate the life of Reggie Robinson, who passed away last week. Reggie was a fixture at the University of Kansas and inspired countless Jayhawks during his time there. He is survived by his wife and their two daughters.

Reggie attended KU both as an undergraduate and law student. While there, he was a member of the Student Union and went on to work as editor in chief of the Kansas Law Review. But his dedication to KU did not stop after earning these degrees.

Reggie devoted nearly 40 years of his life to KU and held numerous leadership roles. He was vice chancellor for public affairs at KU, director of KU’s School of Public Affairs and Administration, president and CEO of the Kansas Board of Regents, a faculty member at the Washburn and KU schools of law, and chief of staff to Chancellor Robert Hemenway. Most recently, Reggie served as CEO of the Kansas Health Foundation, a position he deeply loved.

Another way that Reggie gave back to the community was through service on several leadership boards, including for the Friends of the Spencer Museum of Art, Hall Center for the Humanities, Kansas Leadership Center, Douglas County Community Foundation, and Beth Nasch Community Mental Health Center. He was also a life trustee of KU Endowment and held advisory roles with the KU Alumni Association.

On a personal note, I had the opportunity to meet Reggie several times and I always found him to be incredibly passionate about his job and ready to represent the best interests of his students. Though we didn’t serve at the same time, Reggie and I were also both White House fellows. Reggie spent five years in Washington, D.C., including the time he served the White House fellow assigned to the office of then-Attorney General Janet Reno.

Madam Speaker, I offer my sincere and deepest condolences to Reggie’s family, friends, and all those who benefited from his kindness and mentorship. Reggie inspired many who walked the halls of KU and he will be dearly missed.

THE IMPROVING CYBERSECURITY OF SMALL ORGANIZATIONS ACT

HON. ANNA G. ESHOO

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Ms. ESHOO. Madam Speaker, I’m proud to introduce H.R. 8379, the Improving Cybersecurity of Small Organizations Act, a bipartisan and bicameral bill to help small businesses, nonprofits, and local governments implement strong protections against cyberattacks.

Many small businesses, small nonprofits, and small local governments can’t afford to hire cybersecurity professionals, yet they are still vulnerable to highly damaging cyberattacks. Ransomware and other attacks have caused critical government functions to become inoperable. Data breaches have harmed employees and customers of businesses. Devices managed by organizations have been turned into botnets used to attack other organizations.

H.R. 8379, the Improving Cybersecurity of Small Organizations Act simply requires federal agencies to recommend easy-to-understand and evidence-based guidance that small
organizations can adopt to improve their cybersecurity and protect everyone they serve. Specifically, H.R. 8379 directs the Cybersecurity and Infrastructure Security Agency (CISA) to issue guidance that documents and promotes evidence-based cybersecurity policies and controls for small organizations (i.e., small businesses and local governments); requires CISA, the Small Business Administration (SBA), and the Minority Business Development Agency to promote the cybersecurity guidance; requires the Secretary of Commerce to submit to Congress a report describing methods to incent small organizations to improve their cybersecurity; and requires the SBA to report on the state of small business cybersecurity every two years.

I thank Congressman JOHN KATKO, Senator JACKY ROSEN, and Senator JOHN CORNYN for partnering with me to introduce this bipartisan, bicameral bill, and I urge the House to take up this legislation in a timely fashion and ask my colleagues to support it.

HONORING DR. MONIQUE BUTLER,
CHIEF MEDICAL OFFICER OF
SWEDISH MEDICAL CENTER

HON. JASON CROW
OF COLORADO
IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Mr. CROW. Madam Speaker, it is my honor today to recognize the accomplishments of Dr. Monique Butler, who will be honored by The Chamber of Northwest Douglas County as a “Woman Who Soars.”

Dr. Butler has been the Chief Medical Officer for Swedish Medical Center since 2018 and her career is an inspiration to all aspiring female doctors. A board-certified internist, Dr. Butler graduated from the University of Michigan, Ann Arbor, and received her medical training at Wayne State University School of Medicine.

Dr. Butler also completed a Master of Business Administration from the University of Tennessee Physician Executive MBA program and holds an additional assistant professorship at Michigan State University’s College of Osteopathic Medicine. Prior to joining Swedish Medical Center, Dr. Butler came from the Children’s Hospital of Michigan—Detroit Medical Center, where she held positions as the Chief Medical Officer and Chief Operating Officer. Previously, she held the position of Chief Medical Officer at Detroit Receiving Hospital and Sinai-Grace Hospital.

Dr. Butler was awarded Woman of Excellence in STEM careers in Michigan, was recognized as one of the Michigan Chronicle’s 40 under 40, and most recently was identified as the Michigan State University’s 40 Under 40. She is the founder of The Women Physicians Network.

A dedicated leader who brings an exceptional background, knowledge, expertise, and record of success to our community, there are few others deserving of such an honor. I congratulate Dr. Butler for receiving recognition as a “Woman Who Soars.”

PERSONAL EXPLANATION

HON. JOE WILSON
OF SOUTH CAROLINA
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Mr. WILSON of South Carolina. Madam Speaker, on September 15, I joined President Trump for the historic signing ceremony at the White House. For this purpose, I was absent from votes.

Had I been present, I would have voted Nay on Roll Call No. 185, and Nay on Roll Call No. 186.

SALUTING AMERICAN PATRIOTS OF WWII FOR SERVICE WITH THE CANADIAN AND BRITISH ARMED FORCES

HON. TIM RYAN
OF OHIO
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Mr. RYAN. Madam Speaker, I rise today to formally honor the legacy of the Ohioans and all other Americans who volunteered to defend democracy, our nation, and our allies during the Second World War. These individuals joined the military by the thousands prior to the December 7, 1941 attack on Pearl Harbor, Hawaii. President Franklin Delano Roosevelt encouraged the volunteerism through words and initiatives, and Hollywood supported these efforts in feature films.

Notably, an outstanding patriots proactively fought the forces of Nazism and fascism before the U.S. was officially a combatant, which helped provide time for the United States to prepare. The practical skills and knowledge obtained through Canadian and British training and operations proved invaluable once our nation officially took up arms in Europe and Asia. The intrepid volunteers from the State of Ohio included Edward Tracey of Cortland, Donald James Matthew “Don” Blakeslee of Fairport Harbor, and Dominic Salvatore “Don” Gentile of Piqua. Gentile has been often referred to as a “One Man Air Force” and the “Ace of Aces.” I would be remiss if I did not mention Frank Zavakos of Dayton, who was a member of the famous No. 71 (Eagle) Squadron of the Royal Air Force, a unit largely comprised of American pilots, who gave his life.

Madam Speaker, those American women who served in the British Air Transport Auxiliary are also deserving of recognition. Among this group was Bessie Lee Pittman, more commonly known as Jacqueline “Jackie” Cochran. Cochran was a pioneer of women’s aviation and the first woman to fly a bomber across the Atlantic. She was the wartime leader of the Women Airforce Service Pilots and in the postwar era the first female to make a supersonic flight. Another was Helen Richey, who in 1934 won the premier air race in Dayton, Ohio, during the first National Air Meet for women. Richey was the first female pilot to be hired by a commercial airline in the United States. Ann Wood-Kelly was also an ATA standout, receiving the King’s Medal for Service in the Cause of Freedom and eventually becoming a businesswoman. She was the first U.S. attaché to London, a public relations manager for Northeast Airlines, and the first female vice-president of Pan American Airways.

There are certainly more heroes to note. Kermit Roosevelt, the son of President Theodore Roosevelt, Jr., secured a commission in the British Army. John Gillespie Magee, Jr., enlisted in the Royal Canadian Air Force and subsequently composed the immortal sonnet “High Flight.” William “Billy” Fiske III, who was the youngest gold medalist in any winter sport until 1992, died as a Royal Air Force aviator. Joseph Charles “Big Joe” McCarthy of the Royal Canadian Air Force flew on Operation Chastise, the famous Dams Raid. William Robert “Poppy” Dunn, either the first or second American ace of the conflict, served in the Canadian Air and Royal Air Force. William J. Vanderkloot, Jr., Prime Minister Winston Churchill’s personal pilot, flew for the Royal Air Force Ferry Command. Chesley Gordon “Pete” Peterson earned a Distinguished Flying Cross while flying with the Royal Air Force. Last but not least was the inspirational Vernon Charles “Shorty” Keough, who flew many missions during the Battle of Britain. Keough was the most diminutive aviator in the Royal Air Force; yet his legacy is lofty in the annals of history.

This year, 2020, marks the 75th anniversary of the formal ending of World War II. The bravery and foresight displayed by the volunteers from my state and the rest of the United States represent a story of valor. Therefore, I ask you and my other distinguished colleagues to join me in saluting them.

EXPANDING ACCESS TO SUSTAINABLE ENERGY ACT OF 2019

SPEECH OF

HON. BARBARA LEE
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 29, 2020

Ms. LEE of California. Madam Speaker, I rise in support of H.R. 4447, the Clean Economy Jobs and Innovation Act.

As we know from the devastating wildfires in my state, the reality of the climate crisis is here. The planet we share with our children is different from the one we were born on, and we have to reverse course now before it is too late.

I want to thank my colleagues who offered amendments to make this an even stronger green bill. In particular, I thank my friend Representative BARRAGÁN for offering an amendment I co-sponsored to invest in helping sea ports to make their operations more efficient and less polluting. And I thank the environmental groups who gave critical input on this legislation and on the urgent need for our country and for the world to close the chapter on the era of fossil fuels.

During this year’s unprecedented wildfires, smoke has been at unhealthy and even hazardous levels for weeks on end in my district. Wildfire smoke is especially damaging to vulnerable populations, for example unhoused people. H.R. 4447 includes the Smoke Planning and Research Act to help state and local governments protect their communities from wildfire smoke. I believe we have a critical need for this legislation to respond to a serious threat to public health—for example by creating shelters for at-risk populations or retrofitting schools with air filters so students can safely attend school.
H.R. 4447 also includes the Climate Smart Ports Act, which will help us address health disparities and other issues in communities near ports, which have often suffered from generations of environmental injustice. The legislation includes a $1 billion per year zero emissions ports infrastructure program to assist ports and port users with replacing cargo handling equipment, port harbor craft, drayage trucks, and other equipment with zero emissions equipment and technology. In West Oakland, the neighborhood bordering the Port of Oakland, the asthma hospitalization rate for children under the age of 5 is almost twice the rate for Alameda County as a whole. We must take action to reduce the massive amounts of fossil fuels burned by ports—both to address the climate crisis and to help our kids breathe.

I have heard the concerns expressed about some key provisions of this bill, and those concerns are valid. I do not support funding for projects that could result in further use of dirty or dangerous energy sources. I hope that we can work to improve this bill as it moves through the legislative process.

Nonetheless, much of the content of this bill would make necessary steps toward the clean energy revolution that we are all working for. It encourages the innovation that we need to address the fossil fuel-driven climate emergency, while investing in renewable energy sources, electrification of transportation, reduction of carbon pollution from industrial and other sources, modernization of the grid and much more.

For these reasons, I support H.R. 4447 as a significant step away from fossil fuels and towards innovation and cleaner energy.

HONORING THE LIFE OF MADOXON ANN LATRICE CARTER

HON. BENNIE G. THOMPSON
OF MISSISSIPPI
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Mr. THOMPSON of Mississippi. Madam Speaker, I rise today to honor the life of Madoxon Ann Latrice Carter. Born on this day, September 29, 2004, Madoxon would have been sixteen years old. She was a resident of Clinton, Mississippi who adored her family and friends. She was kind, intelligent, and possessed a smile that could brighten any room. Regrettably, on June 18, 2018, Madoxon departed from this world leaving behind a community of family and friends that continue to cherish her memories. Her courageous spirit and profound empathy for others will never be forgotten. On behalf of the Second Congressional District of Mississippi, I send my continued thoughts and prayers to the Carter family.

Madam Speaker, I ask my colleagues to join me in honoring the life of Madoxon Ann Latrice Carter.

RECOGNIZING DR. KENNETH L. MATTOX

HON. DAN CRENSHAW
OF TEXAS
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Mr. CRENSHAW. Madam Speaker, I rise today to recognize Dr. Kenneth L. Mattox upon his retirement from public service at Harris Health System’s Ben Taub Hospital after 31 years as its Chief of Staff, having proudly served the sick and injured people of Harris County, Texas for nearly 60 years, as a medical student, resident, surgeon and faculty member of Baylor College of Medicine. Dr. Kenneth L. Mattox is responsible for much of what Ben Taub Hospital is known for today, including being one of only two elite Level I Trauma Centers serving the adult population of Harris County, with an emphasis on serving its most vulnerable residents.

As a faculty instructor, he was crucial in training both the present and future generations of surgeons serving southeast Texas and beyond, especially surgeons from the military branch who trained through the Joint Trauma Training Center established and operated at Ben Taub Hospital by the U.S. Department of Defense from 1998 to 2000. Madam Speaker, it is a pleasure to recognize him for a stellar career. I ask all of my distinguished colleagues to join me in recognizing his service to the community and people of Houston and Harris County, Texas.

HONORING THE LIFE OF BOBBY LEE VERDUGO

HON. JIMMY GOMEZ
OF CALIFORNIA
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Mr. GOMEZ. Madam Speaker, I rise today to honor the life and legacy of Bobby Lee Verdugo, a Chicano activist from Los Angeles, most known as the leader of the 1968 East Los Angeles high school walkouts. Growing up in the Lincoln Heights neighborhood of Los Angeles, Bobby lived the all-American life—he was a popular football player, a baseball team member, and his mother was part of the Parent Teacher Association and volunteered for Bobby’s Boy Scouts troop. Despite the active role Bobby’s family played in the community, he and his Latino classmates would get singled out for speaking Spanish in school and were subjected to paddlings by their white teachers as punishment. The Latino students at the school were also being tracked into vocational classes. They were not afforded college preparatory courses or resources, and made to feel as if their futures were all but bright. Eastside schools were notoriously rundown and overcrowded and had some of the worst dropout rates in the country. Encouraged by his social science teacher, Sal Castro, Bobby and other students across the Eastside of Los Angeles organized a walkout to protest the discrimination, abuse, and mistreatment. Soon thousands of Latino students across the country followed suit, bringing the attention of the entire nation to their cause.

Bobby eventually enrolled at UCLA but left after two years to work as a bus dispatcher and a labor organizer. He married Yolanda Rios, his high school sweetheart and fellow walkouts organizer, and they had two kids. After noticing the lack of resources for at-risk young men, particularly Latino youth, Bobby decided to enroll at California State University, his father Los Angeles at the age of 40 to become a social worker. In 1995, he co-founded Con Los Padres, a counseling program modeled after the Mesoamerican talking circles (círculos), giving teenage fathers the space to discuss their feelings, connect to their heritage, and receive the support they needed to navigate fatherhood.

His advocacy work led him to speaking invitations across the country and Bobby quickly became a frequent figure at Latino high school
youth and academic conferences. Bobby's infectious personality and humor drew thousands of students to him and to them, he became a father-figure and mentor.

Bobby was a trailblazing force that paved the way for the young Latino activists of today and his legacy lives on through their social justice work and activism. May Bobby's lifetime of leadership, passion, and service continue to be an inspiration to us all. Madam Speaker, I ask my colleagues to join me in remembering and honoring Bobby Lee Verdugo.

RECOGNIZING THE IMPORTANCE OF POLYCYSTIC OVARY SYNDROME (PCOS)

HON. DAVID SCOTT
OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Mr. DAVID SCOTT of Georgia. Madam Speaker, I rise today to recognize the seriousness of Polycystic Ovary Syndrome (PCOS).

PCOS is a genetic, hormone, metabolic and reproductive disorder that affects women and girls. PCOS can lead to lifelong complications such as infertility; anxiety, depression and other psychosocial disorders; obesity; severe hair and skin issues; endometrial cancer; type 2 diabetes; cardiovascular disease; non-alcoholic fatty liver disease and other life-threatening conditions. Many of these complications are a significant burden on quality of life, health, and the healthcare system.

PCOS affects over 10 million women and girls in the United States. Currently, there is no cure for PCOS, and women living with this disorder experience symptoms such as insulin resistance, menstrual irregularities, weight gain, thinning scalp hair, and depression and anxiety during puberty and throughout their lives. PCOS is a grave issue that affects hundreds of thousands of women in Georgia and millions more across the country. For far too long, PCOS has been a prevalent public health concern, threatening the mental and physical health and quality of life of girls, women and their families.

Increasing awareness about polycystic ovary syndrome is critical to our efforts to address the national maternal mortality crisis and prevent pregnancy-related deaths. Pregnant women with polycystic ovary syndrome are more likely to develop gestational diabetes, preeclampsia (pregnancy-related hypertension) and have emergency C-sections. Without access to quality prenatal care, many African American women with PCOS are not diagnosed until they have difficulty getting pregnant or experience dangerous pregnancy complications. PCOS is also the most common cause of female infertility. Many women living with the disorder often have miscarriages or premature deliveries.

There is a growing need to educate healthcare providers about PCOS because 50–70 percent of PCOS patients are going undiagnosed or misdiagnosed. According to the Centers for Disease Control and Prevention, about 50 percent of women with PCOS develop Type 2 Diabetes or prediabetes by the age of 40 and are at high risk for cardiovascular disease. Women and girls with this disorder are also at higher risk for uterine cancer, liver disease, and suicide.

Madam Speaker, I ask that you join me to advance this bipartisan effort and make PCOS a public health priority.

PERSONAL EXPLANATION

HON. JOE WILSON
OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Mr. WILSON of South Carolina. Madam Speaker, on September 24, I was in my district to celebrate the unveiling of the Advanced Manufacturing Collaborative to be located at the University of South Carolina Aiken, as well as attend the ribbon cutting for the Salt Waste Processing Facility at the Savannah River Site. Both of these programs will have positive impacts on our community and I look forward to their success.

For these reasons, I was absent for votes. Had I been present, I would have voted: NAY on Roll Call No. 202; NAY on Roll Call No. 203; NAY on Roll Call No. 204; YEA on Roll Call No. 205; and NAY on Roll Call No. 206.

IN RECOGNITION OF ROBERT S. CROUCH

HON. BRETT GUTHRIE
OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Mr. GUTHRIE. Madam Speaker, I rise today to recognize the service of Robert S. Crouch of Willisburg, Kentucky.

Following the attacks on our nation in Pearl Harbor, Bob answered the call to serve and arrived at his local recruiting depot on December 8, 1941, with the intention of signing up for the U.S. Army, though he saw the Marines in their dress blue uniforms and decided to sign up for the Marines instead. Bob was eventually deployed to the Pacific theatre. He earned a Purple Heart for his valiant efforts in the Battle of Iwo Jima. He was also awarded a Presidential Unit Citation, Campaign Ribbons, the WWII Victory Medal, and the Combat Action Ribbon. He retired from the Marine Corps as a Master Gunner Sergeant in 1984. In addition to his service in the Marines, Bob has served as a volunteer firefighter and serves as a deacon at his church.

I want to thank Bob for his service to our great Nation.

HONORING ZOE ROYER

HON. JASON CROW
OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Mr. CROW. Madam Speaker, it is my honor today to recognize the accomplishments of Ms. Zoë yer who will be honored by The Chamber of Northwest Douglas County as a “Woman Who Soars.”

Zoë’s story is heartbreaking and inspiring. When she was 14, her mother was killed by her father who then took his own life. She and her younger sister were suddenly homeless and entered the foster care system. Zoë was placed in more than a dozen homes in her teens and dropped out of high school. Through the help of a local non-profit, she was given hope and a future. She is a recent graduate of Metropolitan State University and now works to pay it forward.

Zoë has become a mental health advocate, a writer and activist. Zoë believes in fighting for a better and more equitable world through building relationships with her community. She is passionate about social change and hopes to inspire and empower others by telling her story.

Zoë has supported suicide prevention projects, charties assisting homeless students in education, and feminist non-profits throughout the state of Colorado. Zoë has been the president of several student organizations, including a women’s social justice honor society. She now holds a psychological sciences degree from Metropolitan State University of Denver and is looking forward to attending a Ph.D. program.

As a recent graduate, advocate, and a survivor of incredible adversity, she truly is deserving of such an honor. I congratulate Ms. Royer for being recognized as a “Woman Who Soars.”

HONORING PETER BLACKSTOCK

HON. JIMMY PANETTA
OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 29, 2020

Mr. PANETTA. Madam Speaker, I rise today to celebrate the career achievements and community dedication of Peter Blackstock, a prominent businessman, community steward, and philanthropist who has called the central coast of California his home for nearly 40 years.

Peter Blackstock was born on the East Coast and served in the Army as an officer in Vietnam before working for the Ford Motor Company. In 1982, Peter moved to the Central Coast and purchased the Leslie Motors Toyota dealership in Seaside and renamed it Victory Toyota. Later, he opened Lexus Monterey Peninsula, forming Victory Dealership Group.

During his time as owner of Victory Dealership Group, Peter was a significant supporter of the automotive dealer community. He advocated for and actively contributed to industry priorities as a member of the American International Automobile Dealers Association’s board of directors, President of the California New Car Dealers Association, and a director on the board of the National Automobile Dealers Association. He also held in high esteem by all he worked with for his personal integrity, thoughtful contributions, professional demeanor, and engaging personality.

Peter is an especially involved member of his community on the Central Coast. He has secured resources for and served in many roles in countless organizations, including the Monterey Peninsula Chamber of Commerce, Boy Scouts, Monterey Bay Symphony, Monterey Museum of Art, Make a Wish Foundation, AIM Youth Mental Health, Pac Rep Theatre Groups, SPICA, AT&T Junior Golf, Church
in the Forest, Hospice Giving, Arthritis Foundation, National WWII Museum, Marine Scholarship Foundation, Meals on Wheels, and Rancho Cielo. Most notably, he is Director Emeritus of the Boys & Girls Clubs of Monterey County, a past President of the Ventana Wildlife Society, instrumental in protections for the California Condor, falcons, and other raptors, trustee emeritus of the Naval Postgraduate School Foundation, and was Vice-Chairman of the Economic Development Committee of the Fort Ord Reuse Committee. He has also served on the Monterey County Sheriffs Advisory Council, the task forces of the City of Seaside, the boards of All Saints and Stevenson Schools, and as foreman pro tempore on the Monterey County Civil Grand Jury.

As he begins his retirement, I have no doubt that Peter will continue to find myriad ways to support his community and cherish his time with his beloved wife, Barbara, and his daughter, son-in-law, and three grandchildren, who are triplets. We, as a community, are grateful for his contributions to the Central Coast and celebrate his successful career.

IN HONOR OF THE EXTRAORDINARY LIFE AND LEGACY OF REVEREND ROBERT S. GRAETZ, JR.

HON. TERRI A. SEWELL
OF ALABAMA
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Ms. SEWELL of Alabama. Madam Speaker, I rise today to honor Reverend Robert S. Graetz Jr., a Lutheran minister and heroic Civil Rights Activist who passed away at the age of 92. In 1955, as a white minister Rev. Graetz, alongside his wife Mrs. Jeannie Graetz came to Montgomery, Alabama to serve the all-black congregation of Trinity Lutheran Church. Demonstrating tremendous courage, Rev. Graetz played a critical role in the Montgomery Bus Boycott by personally sacrificing his time and resources in the fight for equal rights. Born on May 1, 1928 in Clarksburg, West Virginia, Rev. Graetz studied Theology at Capital University in Ohio, where he became interested in civil rights through his studies, founding a campus group to discuss race relations. After graduating in 1950, he attended Trinity Lutheran Seminary in Columbus, Ohio where he founded the Columbus N.A.A.C.P. chapter. In 1951, Rev. Graetz and Jeannie Ellis were married in East Springfield, Pennsylvania and together they had seven children.

Shortly after his arrival in Montgomery, Rev. Graetz was appointed with the local N.A.A.C.P. youth council director Rosa Parks who held weekly meetings in the church pastored by Rev. Graetz. Rev. Graetz became active in the protest upon learning of the arrest of Rosa Parks. At his next Sunday service, he urged his parishioners to participate in the Bus Boycott and offered them a ride to work. What originally began as a single day on December 5, 1955 turned into over a year of boycotting that ended on December 20, 1956. Rev. Graetz spent three hours every morning driving black members of the community to work. With his increasing involvement, he became an instrumental part of the success of the Montgomery Bus Boycott.

Rev. Graetz became the Secretary of the Montgomery Improvement Association, where he worked closely with Rosa Parks and avidly supported Dr. Martin Luther King, Jr. Rev. Graetz was the only white minister to publicly support the efforts of the Montgomery Bus Boycott. For his family a target of the Ku Klux Klan. There were several threats and attempts on Rev. Graetz and his family's lives—including two firebombs that damaged their home but thankfully harmed no one. Not to be deterred, Rev. Graetz loudly and proudly continued to fight for what he believed was the work of God in securing and defending the equal rights of his black church members. In support of Rosa Parks, he attended her court hearing and even attempted to sit in the colored section in the courtroom. Later, when the FBI urged Rev. Graetz and his family to leave Montgomery for their safety, they refused and remained unwavering in their public support of the Civil Rights Movement.

After the end of the Montgomery Bus Boycott, Rev. Graetz and his wife Jeannie left Montgomery and returned to Columbus, Ohio in 1958 where Rev. Graetz served an overwhelmingly black congregation. In the following years, he and his wife traveled across the nation to advocate for civil rights—eventually spending 13 years in Washington, D.C. as a lobbyist for marginalized individuals. Throughout his life, Rev. Graetz authored several publications including: A Congregational Guide to Human Relations; An Informed Church Serves a Diverse Society; Montgomery—a White Preacher's Memoir; and A White Preacher's Message on Race and Reconciliation—Based on His Experiences Beginning with the Montgomery Bus Boycott. Rev. Graetz also received the following honors: Russwurm Award, National Negro Newspaper Publishers Association; Selma Humanitarian Award; Distinguished Alumnus, Trinity Lutheran Seminary; Doctor of Humanities, Capital University; Ohio Humanitarian Award; Ohio Governor's Humanitarian Award. After returning to Montgomery in 2007, Rev. Graetz and his wife dedicated their service to Alabama State University. He fueled his love of antique automobiles by being active in the Horseless Carriage Club of America and Wally Byam Caravan Club International. His family continues to cherish one of the most memorable final moments they shared together—when he went viral at a rally for President Donald Trump in February 2020. Mr. Julian captured the hearts of many when two men carried him down a flight of stairs at the Arizona Veterans Memorial Coliseum as the crowd chanted “U-S-A! U-S-A!” in the background.

On this day, we as a community would like to thank Mr. Julian for his service to our country and ask those who knew him to pray for his family during this time of mourning.

TRIBUTE TO MR. WALKER HARRIS JR., FOUNDER AND OWNER OF HARRIS ICE COMPANY

HON. DANNY K. DAVIS
OF ILLINOIS
IN THE HOUSE OF REPRESENTATIVES
Tuesday, September 29, 2020

Mr. DANNY K. DAVIS of Illinois. Madam Speaker, I rise today to pay tribute to an outstanding citizen, Christian, businessman,
church leader, family leader, community leader and all around wonderful human being.

Mr. Walker Harris started work in the ice business when he was eighteen years old while visiting with his sister and her husband while deciding what to do after high school. He had grown up in Louisiana and after school worked for a black owned business helping out; therefore, he knew that he wanted to be a businessman.

While 18 he was hired as an ice bagger, he quickly learned the business and its distribution process. After a few months he heard that one of the drivers was retiring and wanted to sell his route of thirty clients. Mr. Walker Harris purchased the client list, started his own company and was off and running. After a few years he heard that a distribution warehouse was available for sale, he purchased the warehouse, upgraded the building and hired drivers. His business acumen, delivery, and customer service were so effective that he became one of the top ice distributors in the city of Chicago. In the meantime, he was actively engaged with his church, became a developer of some affordable housing units and became known as a leader in the community. He has been acknowledged by several church, civic, business, and community groups for outstanding service and contributions to his community and the city of Chicago.

I now commend and congratulate Mr. Walker Harris for outstanding service to humanity as we celebrate his birthday and the great contributions made through his ownership and development of the Walker Harris Ice Company.

SENATE COMMITTEE MEETINGS

Title IV of Senate Resolution 4, agreed to by the Senate of February 4, 1977, calls for establishment of a system for a computerized schedule of all meetings and hearings of Senate committees, subcommittees, joint committees, and committees of conference. This title requires all such committees to notify the Office of the Senate Daily Digest—designated by the Rules Committee—of the time, place and purpose of the meetings, when scheduled and any cancellations or changes in the meetings as they occur.

As an additional procedure along with the computerization of this information, the Office of the Senate Daily Digest will prepare this information for printing in the Extensions of Remarks section of the CONGRESSIONAL RECORD on Monday and Wednesday of each week.

Meetings scheduled for Wednesday, September 30, 2020 may be found in the Daily Digest of today’s RECORD.

MEETINGS SCHEDULED

OCTOBER 1

9:15 a.m. Committee on Armed Services
Subcommittee on Readiness and Management Support
To hold hearings to examine supply chain integrity.

10 a.m. Committee on Commerce, Science, and Transportation
Business meeting to consider an authorization to subpoena the attendance of a

witness for purpose of a hearing to Mark Zuckerberg, Chief Executive Officer, Facebook.

SD–106

Committee on the Judiciary
Business meeting to consider S. 4632, to amend title 17, United States Code, to establish an alternative dispute resolution program for copyright small claims, to amend the Communications Act of 1934 to modify the scope of protection from civil liability for “good Samaritan” blocking and screening of offensive material, and the nominations of Benjamin Joel Beaton, to be United States District Judge for the Western District of Kentucky, Kristi Haskins Johnson, and Taylor B. McNeel, both to be a United States District Judge for the Southern District of Mississippi, Kathryn Kimball Mizelle, to be United States District Judge for the Middle District of Florida, and Thompson Michael Dietz, of New Jersey, to be a Judge of the United States Court of Federal Claims.

SR–325

OCTOBER 6

10 a.m. Committee on the Judiciary
To hold an oversight hearing to examine the Crossfire Hurricane investigation.

SD–106
Daily Digest

Senate

Chamber Action

Routine Proceedings, pages S5885–S5898

Measures Introduced: Twenty bills and one resolution were introduced, as follows: S. 4739–4758, and S. Res. 726.

Pages S5894–95

Measures Considered:

Continuing Appropriations Act and Other Extensions Act—Agreement: Senate resumed consideration of H.R. 8337, making continuing appropriations for fiscal year 2021, taking action on the following amendments proposed thereto:

Pages S5889–90, S5891–93

Pending:

McConnell Amendment No. 2663, to change the enactment date.

McConnell Amendment No. 2664, of a perfecting nature.

During consideration of this measure today, Senate also took the following action:

By 82 yeas to 6 nays (Vote No. 196), three-fifths of those Senators duly chosen and sworn, having voted in the affirmative, Senate agreed to the motion to close further debate on the bill.

A unanimous-consent agreement was reached providing for further consideration of the bill, post-closure, at approximately 12 noon, on Wednesday, September 30, 2020; and that all time during the recess of the Senate and Leader remarks count post-closure on the bill.

Healthcare Protections—Cloture: Senate began consideration of the motion to proceed to consideration of S. 4653, to protect the healthcare of hundreds of millions of people of the United States and prevent efforts of the Department of Justice to advocate courts to strike down the Patient Protection and Affordable Care Act.

Pages S5890–93

A motion was entered to close further debate on the motion to proceed to consideration of the bill, and, in accordance with the provisions of rule XXII of the Standing Rules of the Senate, a vote on cloture will occur upon disposition of H.R. 8337, making continuing appropriations for fiscal year 2021.

Page S5890

Nomination Received: Senate received the following nomination:

Amy Coney Barrett, of Indiana, to be an Associate Justice of the Supreme Court of the United States.

Pages S5898

Messages from the House:

Additional Cosponsors:

Pages S5895–97

Statements on Introduced Bills/Resolutions:

Pages S5897

Amendments Submitted:

Pages S5898

Record Votes: One record vote was taken today.

(Total—196)

Page S5891

Adjournment: Senate convened at 3 p.m. and recessed at 7:13 p.m., until 12 noon on Wednesday, September 30, 2020. (For Senate’s program, see the remarks of the Majority Leader in today’s Record on page S5893.)

Committee Meetings

(Committees not listed did not meet)

No committee meetings were held.
House of Representatives

Chamber Action

Public Bills and Resolutions Introduced: 37 public bills, H.R. 8406–8442; and 7 resolutions, H.J. Res. 96–97 and H. Res. 1155–1159 were introduced. Pages H5051–52

Additional Cosponsors: Pages H5053–55

Reports Filed: Reports were filed today as follows:

H.R. 8132, to require the Federal Trade Commission and the Secretary of Commerce to conduct studies and submit reports on the impact of artificial intelligence and other technologies on United States businesses conducting interstate commerce, and for other purposes (H. Rept. 116–539);

H.R. 3539, to amend the Public Health Service Act to direct the Secretary of Health and Human Services to develop best practices for the establishment and use of behavioral intervention teams at schools, and for other purposes, with an amendment (H. Rept. 116–540);

H.R. 1289, to amend the Communications Act of 1934 to provide for a moratorium on number reassignment after a disaster declaration, and for other purposes, with an amendment (H. Rept. 116–541);

H.R. 7293, to amend the Public Health Service Act to provide best practices on student suicide awareness and prevention training and condition State educational agencies, local educational agencies, and tribal educational agencies receiving funds under section 520A of such Act to establish and implement a school-based student suicide awareness and prevention training policy, with an amendment (H. Rept. 116–542);

H.R. 4861, to amend the Public Health Service Act to establish a program to improve the identification, assessment, and treatment of patients in the emergency department who are at risk of suicide, and for other purposes (H. Rept. 116–543);

H.R. 2519, to authorize the Secretary of Health and Human Services, acting through the Director of the Center for Mental Health Services of the Substance Abuse and Mental Health Services Administration, to award grants to implement innovative approaches to securing prompt access to appropriate follow-on care for individuals who experience an acute mental health episode and present for care in an emergency department, and for other purposes, with an amendment (H. Rept. 116–544);

H.R. 8128, to direct the Consumer Product Safety Commission to establish a pilot program to explore the use of artificial intelligence in support of the consumer product safety mission of the Commission, with amendments (H. Rept. 116–545);

H.R. 7948, to amend the Public Health Service Act with respect to the collection and availability of health data with respect to Indian Tribes, and for other purposes, with an amendment (H. Rept. 116–546);

H.R. 5572, to establish a grant program for family community organizations that provide support for individuals struggling with substance use disorder and their families, with an amendment (H. Rept. 116–547);

H.R. 5373, to reauthorize the United States Anti-Doping Agency, and for other purposes, with an amendment (H. Rept. 116–548);

H.R. 4764, to reauthorize the Stem Cell Therapeutic and Research Act of 2005, and for other purposes (H. Rept. 116–549);

H.R. 3131, to amend the Public Health Service Act to provide for research and improvement of cardiovascular health among the South Asian population of the United States, and for other purposes, with an amendment (H. Rept. 116–550);

H.R. 4439, to amend the Federal Food, Drug, and Cosmetic Act to make permanent the authority of the Secretary of Health and Human Services to issue priority review vouchers to encourage treatments for rare pediatric diseases, with amendments (H. Rept. 116–551);

H.R. 5469, to address mental health issues for youth, particularly youth of color, and for other purposes, with an amendment (H. Rept. 116–552);

H.R. 1109, to amend the Public Health Service Act to revise and extend projects relating to children and to provide access to school-based comprehensive mental health programs, with an amendment (H. Rept. 116–553);

H.R. 1754, to improve the integrity and safety of horseracing by requiring a uniform anti-doping and medication control program to be developed and enforced by an independent Horseracing Anti-Doping and Medication Control Authority, with an amendment (H. Rept. 116–554); and

H.R. 8161, to authorize implementation grants to community-based nonprofits to operate one-stop reentry centers, with an amendment (H. Rept. 116–555).

Speaker: Read a letter from the Speaker wherein she appointed Representative Cleaver to act as Speaker pro tempore for today. Page H4965

Suspensions: The House agreed to suspend the rules and pass the following measures:
Energy Emergency Leadership Act: H.R. 362, amended, to amend the Department of Energy Organization Act with respect to functions assigned to Assistant Secretaries; Pages H4966–68

Cyber Sense Act: H.R. 360, amended, to require the Secretary of Energy to establish a voluntary Cyber Sense program to test the cybersecurity of products and technologies intended for use in the bulk-power system; Pages H4968–69

Enhancing Grid Security through Public-Private Partnerships Act: H.R. 359, amended, to provide for certain programs and developments in the Department of Energy concerning the cybersecurity and vulnerabilities of, and physical threats to, the electric grid; Pages H4969–71

Preserving Home and Office Numbers in Emergencies Act: H.R. 1289, amended, to amend the Communications Act of 1934 to provide for a moratorium on number reassignment after a disaster declaration; Pages H4971–73

Horseracing Integrity Act: H.R. 1754, amended, to improve the integrity and safety of horseracing by requiring a uniform anti-doping and medication control program to be developed and enforced by an independent Horseracing Anti-Doping and Medication Control Authority; Pages H4973–83

Consumer Product Safety Inspection Enhancement Act: H.R. 8134, amended, to support the Consumer Product Safety Commission’s capability to protect consumers from unsafe consumer products; Pages H4983–88

AI for Consumer Product Safety Act: H.R. 8128, amended, to direct the Consumer Product Safety Commission to establish a pilot program to explore the use of artificial intelligence in support of the consumer product safety mission of the Commission; Pages H4988–90

Agreed to amend the title so as to read: “To direct the Consumer Product Safety Commission to establish a pilot program to explore the use of artificial intelligence in support of the mission of the Commission and direct the Secretary of Commerce and the Federal Trade Commission to study and report on the use of blockchain technology and digital tokens, respectively.”; Page H4990

American Competitiveness Of a More Productive Emerging Tech Economy Act: H.R. 8132, amended, to require the Federal Trade Commission and the Secretary of Commerce to conduct studies and submit reports on the impact of artificial intelligence and other technologies on United States businesses conducting interstate commerce; Pages H4990–96

United States Anti-Doping Agency Reauthorization Act: H.R. 5373, amended, to reauthorize the United States Anti-Doping Agency; Pages H4999–99

EARLY Act Reauthorization: H.R. 4078, amended, to reauthorize the Young Women’s Breast Health Education and Awareness Requires Learning Young Act of 2009; Pages H4999–5000

Helping Medicaid Offer Maternity Services Act: H.R. 4996, amended, to amend title XIX of the Social Security Act to provide for a State option under the Medicaid program to provide for and extend continuous coverage for certain individuals; Pages H5000–03

South Asian Heart Health Awareness and Research Act: H.R. 3131, amended, to amend the Public Health Service Act to provide for research and improvement of cardiovascular health among the South Asian population of the United States; Pages H5003–04

School-Based Allergies and Asthma Management Program Act: H.R. 2468, amended, to amend the Public Health Service Act to increase the preference given, in awarding certain allergies and asthma-related grants, to States that require certain public schools to have allergies and asthma management programs; Pages H5004–06

School-Based Health Centers Reauthorization Act: H.R. 2075, amended, to amend the Public Health Service Act to reauthorize school-based health centers; Pages H5008–10

Tribal Health Data Improvement Act of 2020: H.R. 7948, amended, to amend the Public Health Service Act with respect to the collection and availability of health data with respect to Indian Tribes; Pages H5010–12

Pursuing Equity in Mental Health Act: H.R. 5469, amended, to address mental health issues for youth, particularly youth of color; Pages H5012–14

Mental Health Services for Students Act: H.R. 1109, amended, to amend the Public Health Service Act to revise and extend projects relating to children and to provide access to school-based comprehensive mental health programs; Pages H5014–16

Improving Mental Health Access from the Emergency Department Act: H.R. 2519, amended, to authorize the Secretary of Health and Human Services, acting through the Director of the Center for Mental Health Services of the Substance Abuse and Mental Health Services Administration, to award grants to implement innovative approaches to securing prompt access to appropriate follow-on care for individuals
who experience an acute mental health episode and present for care in an emergency department;  

Effective Suicide Screening and Assessment in the Emergency Department Act: H.R. 4861, amended, to amend the Public Health Service Act to establish a program to improve the identification, assessment, and treatment of patients in the emergency department who are at risk of suicide;  Pages H5017–19

Suicide Training and Awareness Nationally Delivered for Universal Prevention Act of 2020: H.R. 7293, amended, to amend the Public Health Service Act to provide best practices on student suicide awareness and prevention training and condition State educational agencies, local educational agencies, and tribal educational agencies receiving funds under section 520A of such Act to establish and implement a school-based student suicide awareness and prevention training policy;  Pages H5019–21

Behavioral Intervention Guidelines Act: H.R. 3539, amended, to amend the Public Health Service Act to direct the Secretary of Health and Human Services to develop best practices for the establishment and use of behavioral intervention teams at schools;  Pages H5021–23

Creating Hope Reauthorization Act: H.R. 4439, amended, to amend the Federal Food, Drug, and Cosmetic Act to make permanent the authority of the Secretary of Health and Human Services to issue priority review vouchers to encourage treatments for rare pediatric diseases;  Pages H5023–25

Agreed to amend the title so as to read: “To amend the Federal Food, Drug, and Cosmetic Act to extend the authority of the Secretary of Health and Human Services to issue priority review vouchers to encourage treatments for rare pediatric diseases.”;  Page H5025

Grid Security Research and Development Act: H.R. 5760, amended, to provide for a comprehensive interdisciplinary research, development, and demonstration initiative to strengthen the capacity of the energy sector to prepare for and withstand cyber and physical attacks; and  Pages H5025–30

Reaffirming the House of Representatives’ commitment to the orderly and peaceful transfer of power called for in the Constitution of the United States: H. Res. 1155, reaffirming the House of Representatives’ commitment to the orderly and peaceful transfer of power called for in the Constitution of the United States, by a 2/3 yea-and-nay vote of 397 yeas to 176 nays, Roll No. 207. Pages H5035–36

Recess: The House recessed at 7:28 p.m. and reconvened at 7:34 p.m.  Page H5036

Question of Privilege: Representative Gohmert rose to a question of the privileges of the House and submitted a resolution. Upon examination of the resolution, the Chair determined that the resolution qualified. Subsequently, the House agreed to the Clyburn motion to table H. Res. 1148, raising a question of the privileges of the House, by a yea-and-nay vote of 223 yeas to 176 nays, Roll No. 207.  Pages H5035–36

Suspensions—Proceedings Postponed: The House debated the following measure under suspension of the rules. Further proceedings were postponed.

Family Support Services for Addiction Act of 2020: H.R. 5572, amended, to establish a grant program for family community organizations that provide support for individuals struggling with substance use disorder and their families. Pages H5006–08

Senate Referral: S. 2693 was held at the desk.

Senate Message: Message received from the Senate today appears on page 5008.

Quorum Calls—Votes: Two yea-and-nay votes developed during the proceedings of today and appear on pages H5036 and H5037.

Adjournment: The House met at 12 noon and adjourned at 9:46 p.m.

Committee Meetings

The Congressional Record (USPS 087-390). The Periodicals postage is paid at Washington, D.C. The public proceedings of each House of Congress, as reported by the Official Reporters thereof, are printed pursuant to directions of the Joint Committee on Printing as authorized by appropriate provisions of Title 44, United States Code, and published for each day that one or both Houses are in session, excepting very infrequent instances when two or more unusually small consecutive issues are printed one time. Public access to the Congressional Record is available online through the U.S. Government Publishing Office, at www.govinfo.gov, free of charge to the user. The information is updated online each day the Congressional Record is published. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800, or 866-512-1800 (toll-free). E-Mail, contactcenter@gpo.gov. To place an order for any of these products, visit the U.S. Government Online Bookstore at: bookstore.gpo.gov. Mail orders to: Superintendent of Documents, P.O. Box 979050, St. Louis, MO 63197-9000, or phone orders to 866-512-1800 (toll-free), 202-512-1800 (D.C. area), or fax to 202-512-2104. Remit check or money order, made payable to the Superintendent of Documents, or use VISA, MasterCard, Discover, American Express, or GPO Deposit Account. Following each session of Congress, the daily Congressional Record is revised, printed, permanently bound and sold by the Superintendent of Documents in individual parts or by sets. With the exception of copyrighted articles, there are no restrictions on the republication of material from the Congressional Record.

POSTMASTER: Send address changes to the Superintendent of Documents, Congressional Record, U.S. Government Publishing Office, Washington, D.C. 20402, along with the entire mailing label from the last issue received.
