

Carol's commitment to Miami's Jewish community and the State of Israel is exemplary, and I am proud to call her my very dear friend.

I will miss her guidance and wisdom, but our loss is her husband, Alan, and her family's gain.

I wish her a hearty mazel tov on her retirement, and I am grateful for her invaluable work and her dear friendship.

#### RECOGNIZING ALL SAINTS' CHURCH

Mrs. HARTZLER. Mr. Speaker, I rise today to recognize the All Saints' Church in Nevada, Missouri, and to celebrate its 150th year of incorporation as a parish on All Saints Day, which will be recognized on November 1.

In November 1870, the All Saints' Church in Nevada was officially organized, and their church building was completed. The parish began making positive impacts in their local community that continue today.

The All Saints' parish expresses their love for their fellow neighbors through supporting the community outreach food pantry with donations of food and volunteering.

All Saints' also has been a pivotal supporting figure through their care for domestic violence victims and their selfless service to their neighbors and strangers alike.

I want to congratulate the All Saints' Church in Nevada, Missouri, for 150 years of service to the Lord and to the community. I wish them God's continued blessings in the coming year.

May your next 150 years be just as impactful as your first 150 years.

#### HONORING THE LIFE AND SERVICE OF WILLIAM LANE

Mrs. HARTZLER. Mr. Speaker, last June marks the 70th anniversary of the beginning of the Korean war. I rise today to honor a selfless hero of that war, William Lane. He is a resident of Lebanon, Missouri, and a veteran of both the Korean and Vietnam conflicts.

Sergeant First Class Lane was a medic in the 24th Infantry Division, among the first contingent of U.S. soldiers sent to Korea in 1950. He frequently risked his life to render medical assistance and evacuate wounded soldiers in the Battles of Chonan, Taejon, and the Pusan Perimeter.

Assigned to the 3rd Infantry Regiment, his unit sustained a casualty rate of 39 percent by mid-August. By the end of the month, there were only 184 men of the original 1,898. This casualty rate is equivalent to some of the bloodiest battles of World War II.

Without the efforts of men like Sergeant Lane and his fellow soldiers, the outcome of the war may have been decisively different. Sergeant Lane would later go on to serve his country for 21 years in the United States Army.

From the frozen tundra of Korea to the jungles of Vietnam, Sergeant Lane went wherever his Nation called him. I commend him for his service, and I thank him for his commitment to defending our Nation and the freedom-loving people of Korea and Vietnam.

#### RECOGNIZING BATES COUNTY MEMORIAL HOSPITAL

Mrs. HARTZLER. Mr. Speaker, I rise today to recognize the Bates County Memorial Hospital and their continuous community service over the last 60 years.

In 1926, a dedicated community servant, Mrs. S.C. Stayton, saw a need for a local rural hospital in the growing city of Butler, Missouri. After renting a two-story house, she furnished the five rooms upstairs for patients, and the first patient was admitted shortly after, on June 17, 1926.

In 1932, during the Great Depression, Stayton convinced the city to purchase property for a new hospital. On September 16, 1960, Bates County Memorial Hospital officially opened. In its first 5 months, 564 patients were admitted, and 87 babies were born.

Over the years, Bates County Memorial has gone through many additions, improvements, and regulation demands. However, Stayton's original vision remains, a vision of keeping a healthy hospital presence in rural communities.

Please join me in congratulating Bates County Memorial Hospital on 60 years of service and giving a huge thank-you to all the staff for continuing to serve during these uncertain times.

#### SPEAKING TO THE SOULS OF AMERICA

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Texas (Ms. JACKSON LEE) for 5 minutes.

Ms. JACKSON LEE. Mr. Speaker, I am so glad that my colleague invoked God's name on the floor of the House. As I stand here, I can read the words "In God We Trust."

We are blessed by a Nation that has the right and the protections to express our faith, our love of the God we love. And so I thought this morning I was compelled to come to the floor because I believe in a God of love, and my Christian faith believes in the sacrifice He made so that we might live and, as well, to recognize that He protects us all.

As we go through this road of trepidation with COVID-19, as I mourn for more than 200,000 Americans, many of whom lost their lives because of ill-fated policies by the administration, I thought it was imperative that I speak to the souls of America because, as my predecessor, the Honorable Barbara Jordan, I have faith in this Nation. She was a good mentor for me and many others. She was a patriot, and I have tried to be every day of my life.

I honor the men and women who put on the uniform, young boys and girls almost, young men and women throughout the ages. I acknowledge the fact that, even with bondage in their DNA, slaves volunteered, ex-slaves, to fight in the Civil War, but they fought in wars before, including the Revolutionary War.

The heritage of African Americans and Black Americans in this country is wrapped in the love of the Nation. The times that we have stepped out to be able to demand justice for our Nation and for everyone, it has not been against the flag; it has been to empower the flag to symbolize the right thing.

How many people realize the number of African Americans who died during the civil rights movement? I didn't say the Civil War. We lost many in the civil rights movement.

□ 1000

Yes, we know, tragically, brave men and women who were not Black who came to help lost their lives. The three Mississippi boys, Viola Liuzzo, and others lost their lives because they believed in a better America.

Then I am reminded of the beginnings of the takeover of a beautiful country called Germany by Nazism. The words that I remember in a historical perspective is: It was the silence that killed us.

Dr. King said that it is not the good people who fail, but it is those who
