PROCEEDINGS AND DEBATES OF THE 116th CONGRESS, SECOND SESSION

Vol. 166

WASHINGTON, THURSDAY, OCTOBER 1, 2020

No. 171

House of Representatives

The House met at 9 a.m. and was called to order by the Speaker pro tempore (Mr. CUELLAR).

DESIGNATION OF SPEAKER PRO TEMPORE

The SPEAKER pro tempore laid before the House the following communication from the Speaker:

WASHINGTON, DC,
October 1, 2020.

I hereby appoint the Honorable HENRY CUELLAR to act as Speaker pro tempore on this day.

NANCY PELOSI,
Speaker of the House of Representatives.

MORNING-HOUR DEBATE

The SPEAKER pro tempore. Pursuant to the order of the House of January 7, 2020, the Chair will now recognize Members from lists submitted by the majority and minority leaders for morning-hour debate.

The Chair will alternate recognition between the parties, with time equally allocated between the parties and each Member other than the majority and minority leaders and the minority whip limited to 5 minutes, but in no event shall debate continue beyond 10:50 a.m.

HONORING KATIE DORSETT AND MARY McALLISTER

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from North Carolina (Ms. ADAMS) for 5 minutes.

Ms. ADAMS. Mr. Speaker, I rise this morning to honor two exceptional North Carolina women who left us this year, former Senator Dr. Katie Dorsett and former Representative Mary McAllister. I admired and was friends with both of them.

They were both educators who went into public service, proud products of

historically Black colleges and universities. Both advocates on behalf of African Americans, they founded and led organizations to combat sickle cell anemia.

They both knew the highs of winning elected office and doing exceptional work for their constituents and the lows of personal tragedy. Both women were predeceased by a child they loved like a best friend.

They were both county commissioners and State legislators and, most of all, trailblazers.

Katie Dorsett was the first Black woman on the Greensboro City Council, and I was proud to follow in her footsteps. After serving on the city council, she was elected to the county board of commissioners and went on to serve in Governor Hunt's administration and the North Carolina State Senate. We served together in the General Assembly, and Katie was a longtime friend and mentor whose friendship I cherished.

When the Greensboro News and RECORD remembered her in July, they wrote: "She carried herself with dignity and always spoke her mind."

That was Katie. She was a great leader and a strong advocate for her community, and the State of North Carolina is poorer without her.

Mary McAllister was also a legislator, a county commissioner who broke barriers for Black women. She was the first Black woman to win a countywide election in Cumberland County, North Carolina. She changed the way the county commission elected commissioners so she wouldn't be the last.

A fountain of confidence, Mary had a sense of humor, and she could build relationships with anyone. She wasn't afraid to stand up to the good ol' boys club in the legislature, and we became fast friends. It is no surprise that her first campaign slogan was "Mary Has Moxie."

I am humbled to have the opportunity to honor these strong, phenomenal women on the floor today.

Thank you, Mary, and thank you, Katie, for opening doors for the next generation of Black women leaders. I am here on the floor of the U.S. House today because you crossed the threshold first.

COUNTERING THREAT OF CHINESE COMMUNIST PARTY

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. JOYCE) for 5 minutes.

Mr. JOYCE of Pennsylvania. Mr. Speaker, after months of hard work and collaboration, the China Task Force has released our final report, which includes more than 400 solutions to counter the growing threat of the Chinese Communist Party. This report is the framework for combating the aggressive Chinese Communist regime.

After meeting with more than 130 experts, we developed realistic and achievable solutions that take a comprehensive approach to strengthening America's national security and holding the Chinese Government accountable.

We realized that out of our 400 recommendations, 180 are legislative solutions, of which 64 percent are bipartisan and one-third have already passed either the House or the Senate.

Mr. Speaker, these are commonsense solutions that we can vote on today to strengthen our strategic position for tomorrow.

As the only physician serving on the China Task Force, it was my privilege to delve into opportunities to strengthen our supply chains and ensure that Americans are never again beholden to the Chinese Government for key medicines or healthcare supplies.

On the Health and Technology Subcommittee, I led efforts to strengthen

the supply chains for medicines, semiconductors, and other vital materials.

Congress has passed several provisions aimed at advancing research and the manufacturing of critical medical supplies here in the United States. We also created new reporting requirements to help us better understand international supply chains and counter vulnerabilities in the system.

To bolster our technology supply chain, I cosponsored H.R. 7178, the CHIPS Act, to increase domestic production of advanced semiconductors, which will help Americans to develop next-generation telecom technology, fully automated systems, and, importantly, new weapons systems.

I also introduced the ORE Act, H.R. 7812, to incentivize the domestic production of rare earth materials, which is key to breaking the Chinese monopoly on critical supply chains.

America cannot allow China to win the race to next-generation technology. We want innovative breakthroughs to happen here in this country, and the China Task Force is making progress through the legislative process.

As a leader on the competitiveness committee, I focused on issues ranging from combating Chinese Communist-sponsored theft of intellectual property to exposing the influence of the Chinese in U.S. research institutions and countering the importation of illicit fentanyl.

Too often, American companies are being coerced to surrender intellectual property to the Chinese Government in order to gain entry into the Chinese marketplace. In extreme cases, we hear of outright theft by Chinese hackers and agents. The China Task Force has produced recommendations that direct the Federal Government to ramp up investigations of individuals acting as pawns of the Chinese Communist Party and enforce antitheft laws.

Our Nation has also seen wholesale efforts of the Chinese Government to steal research and gain influence at United States universities. In my own backyard, the FBI arrested a former Penn State researcher suspected of espionage. The task force has compiled provisions to increase transparency and accountability in the higher education system, and I introduced legislation to close loopholes and force the disclosure of all foreign money in our research systems.

Finally, we must stop illicit fentanyl from reaching our communities and killing our neighbors. The China Task Force has produced recommendations to stop the importation of these devastating analogues from China.

In the House, I cosponsored legislation to hold foreign nations, including China, accountable if they fail to cooperate with U.S. narcotics control efforts and prosecute the production of fentanyl in their countries. I thank Senator TOOMEY for championing this provision in the Senate.

By implementing these solutions, we can make America safer, stronger, and

better equipped to lead in the 21st century.

The China Task Force final report is a framework. It is our playbook to make a difference. While our work on this report has finished, our commitment to this cause must and will continue. Phase two starts today.

RETIRING WILLIE O'REE'S NO. 22

The SPEAKER pro tempore. The Chair recognizes the gentleman from Illinois (Mr. QUIGLEY) for 5 minutes.

Mr. QUIGLEY. Mr. Speaker, in sports there are many ways to honor great players. Most sports have all-stars, MVP honors, and halls of fame.

In some cases, teams choose to retire the number of their biggest stars to recognize their careers and legacies. But in a few rare cases, a league can choose to retire a player's number for every team.

That is how Major League Baseball chose to honor the monumental achievements and impact of Jackie Robinson's iconic No. 42. And that is why the NHL should retire Willie O'Ree's No. 22.

Willie is recognized as both an ambassador and a pioneer of the sport. O'Ree broke the NHL's color barrier and helped end segregation in professional hockey. He changed the game for the better, and he deserves this distinguished honor.

He made his debut in the NHL in 1958. His groundbreaking journey through the NHL inspired hundreds of other players, both men and women, and laid the groundwork for Hispanic, indigenous, and Asian players in the NHL, as well as the growth of the women's game.

But what makes Willie O'Ree's impact more impressive is the global impact he has made in the sport of ice hockey. There is no better way to say this: If Willie O'Ree had not broken the color barrier when he did, thousands of young hockey players would not be exposed to this sport.

Hundreds of organizations that provide inner-city youth opportunities to develop and expand social skills would not be here today. Athletic skills and professional skills through the sport of ice hockey would be drastically reduced, and the hockey community in the United States would remain far too homogenous.

In short, without Willie O'Ree, there is no American hockey culture that embodies and reflects the diverse makeup of our country. That is why I was proud to introduce the Willie O'Ree Congressional Gold Medal Act in this Congress to celebrate this man of profound strength who pushed the sport to embrace diversity and promote inclusion for all.

I hope you will join me in cosponsoring this resolution that highlights Willie's incredible moral character, impeccable hockey skills, and contributions to American history and culture.

Mr. Speaker, I look forward to seeing Willie's jersey retired in the near fu-

ture, and for Willie to celebrate this special moment with his family.

RECOGNIZING CASEWORKERS IN ILLINOIS' 15TH DISTRICT

The SPEAKER pro tempore. The Chair recognizes the gentleman from Illinois (Mr. SHIMKUS) for 5 minutes.

Mr. SHIMKUS. Mr. Speaker, I rise today to continue to thank my staff for excellent service to the constituents of my district and sometimes to those even outside my district.

In our organization, caseworkers live and work in Illinois. They work out of my district offices, which I have historically spread out throughout my large, mainly rural district. During this Congress, my offices have been in Maryville, Effingham, Harrisburg, and Danville.

My caseworkers are my representatives to that region. They also welcome visitors and forward legislative concerns to my legislative assistant, but their primary job is that of casework.

What is a case? A case is a concern, request, or correction by my constituents who feel that they are not receiving due benefits or having trouble just getting answers from the Federal Government. Our job is to get them an answer. I was always careful never to promise that I could solve their problem; I only promise that we would try. My caseworkers did all the work.

Mr. Speaker, those district caseworkers are:

Ballard, Mary; Buettner, Ruth; Bugger, Doug; Carlson, Brad; Davis, Rodney; Detmers, Deb (Fansler); Dillman, Jen; Flanigan, Matt; Graham, Donna; Hall, Mike; Hamilton, Daniel; Hanson, John; Hantz, Chuck; Healy, Holly (Linder); Hoffman, Doug.

Jamison, Reno; Madigan Andrea; Maxwell, Mary Ellen/Maria (Madonia); Merriman, Angie; Nelson, Jed; Newcomb, Nate; Holloway, Kay D.; Pickett, Matt; Pruitt, Jen; Rice, Matt; Rohan, Dora; Shull, Kristen; Tomaszewski, Steve; Von Burg, Peggy; Weber, Amy.

Mr. Speaker, over the years, my office has been able to assist literally thousands of people with their problems with the Federal Government. Here are just a few examples of things that they have been able to accomplish.

One of my constituents was born in Mississippi in the 1930s at home with a midwife. In her seventies, she tried to get a passport for a once-in-a-lifetime trip to Spain, but her birth was never recorded, and her parents were deceased.

My office assisted her in obtaining school records, baptismal certificates, marriage license, children's birth certificates, and certified letters from old friends. These documents, combined with a Census search showing her living with her grandmother in Mississippi in the 1940s, finally was ample information for her to obtain a passport.

Mr. Speaker, I have been able to present medals to deserving veterans across my district. Often the veterans

do not want to talk about their experience, but their awards are important to their children and their grandchildren. One of these veterans was the uncle of my veterans affairs caseworker, Doug Bugger. Another is a veteran from Robinson, Illinois, who had been shot and taken prisoner by the Germans during the Battle of the Bulge. After receiving the awards, he gave an interview to the Robinson Daily News and used a photograph of him with his medals, including his Purple Heart. Helping in the recovery of these military awards helps these veterans relay their experiences to family and friends.

Social Security disability is a long and frustrating process. One gentleman had been approved but had waited nearly a year for his backpay when he came to my Harrisburg office. It turned out it was coded incorrectly in the Social Security system. Within 2 weeks, my office got the situation corrected, and he received his backpay.

Some of our happiest casework is to help families with overseas adoptions, like the family that was in the process of adopting a child from Haiti just as the pandemic was shutting everything down. My office was able to work with the Embassy to get child humanitarian parole to come to the United States of America.

□ 0915

Mr. Speaker, I can go on and on like most offices could talking about the work that their caseworkers do. I don't have time to do that, so I will include these additional stories in the RECORD.

A veteran came to one of my Traveling Help Desks. He had recently undergone a partial amputation of his foot. The VA doctor missed the diagnosis, so a private doctor performed the procedure. The VA was refusing to pay for the surgery, but after our inquiry, the VA agreed the surgery was necessary and it was their mistake in missing the diagnosis and paid the bill for \$1,712.76.

A veteran had fallen off a crane during his time in the military. This resulted in a 3-inch gash to the head and subsequent severe seizures. He had been trying to get disability from the VA for 10 years. After our inquiry, he was granted a 100% service-connected disability and approved retroactively for 10 years (estimated \$227,440) and now receives \$1,940 per month.

A veteran requested our assistance in obtaining his father's silver star from WWI. We were able to obtain this, as well as his other medals and I presented them to the family at a family reunion. The family made a box for the medals and gave them to the American Legion to display. The family was very happy.

A constituent contacted our office on behalf of her husband. Medicare was denying his claims because there was an error in the paperwork that showed her husband had employer-provided insurance, when in fact he had been retired since 1986. Her husband was terminally ill, and she was spending a lot of time trying to resolve this situation. She had called more than 50 places before she called our office. After contacting our office, we were able to have the problem fixed and have the claims reprocessed and paid.

A union contacted our office on the issue of wage differentiation concerning government employees in Illinois. After our inquiry, it was determined there was an error when the wage differentiation was made, and a salary adjustment was made.

The local FSA was not allowing some constituents to mow their property that was enrolled in the CRP program. Not mowing the land would result in trees growing on the property, which would defeat the purpose of having the land in CRP. After an inquiry from our office, the state revised their rules.

A constituent came to us because Social Security was showing him as deceased, when in fact it was his wife who had passed away on May 20 of this year. We were able to expedite a correction of his records and have his retirement benefits reinstated. This was a Social Security Administration error.

A constituent received a notice from the IRS that after paying her debt of \$2,400 from her quarterly taxes of 9/87 and 12/87 on her previous business, she now owed \$3,184 in interest and penalties. She was never aware of the interest and penalties as she had repeatedly asked for a statement from the IRS for her \$100.00 payments and federal tax returns they had also been keeping. Also, she had never received the original bills because her business closed in 1990, and they had been sending these notices to that address. We ended up going with her to an IRS problem solving day and staying with her through several hours of negotiations. Eventually, her balance was zeroed. She was very grateful and ended up testifying at our IRS hearings.

A constituent was applying for a teaching position at one of the local schools. He needed transcripts from his alma mater in Oklahoma to obtain his provisional teaching certificate. The school was telling him they could not provide this because they did not keep records prior to 1985. We were able to intervene with the school, and obtain a letter verifying his completion of a 72-hour course from a former instructor. This worked for the teaching certificate and he received the job.

A constituent contacted our office regarding his request to help him obtain an answer from AT&T Broadband Services concerning the free internet service for schools that they have advertised. He contacted AT&T several times but never felt he got a straight answer as to when the service was going to be available to the school. I met with AT&T representatives and told them of this situation. AT&T got in touch with him and the school was hooked up. I was able to visit the school and see the technology area. The kids all sent me a thank you note.

A constituent worked at a small local newspaper. She had contacted us for assistance with child support enforcement. Her ex was in the Navy and then became a pilot. According to the law, he could lose his passport for being over \$5,000 in arrears. He owed \$10,330 and we were able to work with the appropriate enforcement agencies and he ended up paying \$5,500 of his debt and his monthly payment increased from \$200 a month to \$1,000 a month. She was very grateful to our office.

The Edwards County Coroner informed my office that the remains of a Sgt. Kenneth Cunningham of Albion had been identified 45 years after his plane went down over the Kon Tum Province in Vietnam. The coroner and family were working to bring the remains

home for a burial and were having some difficulty with the bureaucracy. We were able to talk to the Defense Department and help with the arrangements the family wanted. The family was able to be at the airport in Louisville, Kentucky when he arrived, and the Patriot Guard accompanied Sgt. Cunningham back to Albion where citizens lined up along the route to pay their respects. The VFW distributed 500 flags along the route and more than 200 local volunteers lined the route from the town to the cemetery with over 2,400 flags.

A constituent sought my help in March of this year during the COVID-19 pandemic to bring his daughter and his grandson back to the United States on the repatriation flights the Department of State offered. Working with the father and the State Department they both made it back to the United States two and half weeks after contacting us.

Also, in March we assisted 5 constituents stranded in Honduras after the border had been closed. They had problems receiving their transit letters from the U.S. Embassy so they could travel to the airport. We were able to assist, and they were able to get seats on a plane chartered by a church out of Lincoln, Nebraska.

The Sny Island Levee Drainage District protects 110,000 acres of prime farmland in west central Illinois. Due to the change in flow of the Mississippi, this privately owned and maintained levee was threatened with failing. We helped coordinate emergency repairs by the Corp of Engineers to protect the navigation channel at that location. This also protected the farmland.

"Lights On for Route 20" was a movement for a four-lane road between Springfield and Taylorville. Lobbied intensely by the local communities and concerned parents we were able to designate one million dollars for engineering. This was a small investment versus the total costs. This investment did get the attention of the state representative and the state senator who requested that this project be included in the governor's Build Illinois project list. We now have a four-lane road between Springfield and Taylorville.

Mr. Speaker, some cases resolve quickly. Many cases take months and even years to resolve. My caseworkers always show compassion and concern to my constituents. They answer their calls; they return their calls; and for that, I say thanks. I am very proud of the service that they have given to the people of southern Illinois.

CHANGE IS SWEEPING ACROSS AMERICA

The SPEAKER pro tempore. The Chair recognizes the gentleman from Texas (Mr. GREEN) for 5 minutes.

Mr. GREEN of Texas. Mr. Speaker, and still I rise in the name of liberty and justice for all.

Mr. Speaker, there is something happening in our country. It appears to me that the inescapable, irreversible winds of change are sweeping across our land. It seems to me that the people in this country have seen things that they did not anticipate they would see. They didn't expect to see what happened to George Floyd. They didn't expect to understand what has happened to

Breonna Taylor. And the people in this country seem to want to see change take place.

I am amazed at how one question by a moderator at an event has made a significant impact. The simple question was, and I am paraphrasing: Would you denounce white supremacy?

It was a simple question. It did not get the appropriate answer. As a result, people are starting to believe that we ought not allow an answer that is inappropriate to be acceptable.

I am just amazed at how persons across the aisle—and I am grateful to them—persons across the aisle have said that there should have been the appropriate answer given, which is: I condemn white supremacy; I condemn the supremacist.

That is the answer, simple, easy answer.

And persons across the aisle are sending a clear and perspicuous message to the Chief Executive Officer: He needs to change that response—walk it back; talk it back; crawl it back; just take it back.

I don't know that he will, but I do know this: When we have my friends across the aisle making it clear that this was wrong, something is happening here, and I am grateful to my friends. I thank you for taking the bold position that you are taking, not allowing this to be just another one of the many episodes wherein inappropriate statements have been made and not challenged. I thank you for what you have done, all of you, those who have said you need to condemn white supremacy.

Something strange is happening. There is a change taking place, and I am grateful to have lived long enough to see this change occur.

RECOGNIZING LAKE COUNTY MANAGER JEFF COLE

The SPEAKER pro tempore. The Chair recognizes the gentleman from Florida (Mr. SPANO) for 5 minutes.

Mr. SPANO. Mr. Speaker, I rise today to recognize Mr. Jeff Cole for his 30 years of distinguished service to the citizens of Florida, culminating this year with his retirement as the Lake County manager.

Mr. Cole began his public service career in 1990, supporting the Brevard County Board of County Commissioners. In 1994, he embarked on a 21-year journey with the St. Johns River Water Management District, overseeing intergovernmental affairs and public and media outreach.

His long record of accomplishments brought him to Lake County in 2016, where he took on heightened responsibilities and focused on enhancing government efficiencies and accountability, while improving the quality of life in Lake County.

Through challenges ranging from Hurricane Irma to COVID-19, Mr. Cole remained accessible and demonstrated unwavering leadership and dedication to our community.

Mr. Speaker, I wish Jeff and his wife, Audrey, the very best in the next chapter of their lives together. From the bottom of my heart, I thank Jeff for his commitment to our citizens and the legacy that he is leaving behind. He will be missed.

REMEMBERING SPECIALIST ALEXANDER J. MILLER

Mr. SPANO. Mr. Speaker, I rise today to remember Specialist Alexander J. Miller, a young soldier who served our Nation in the Armed Forces and was, sadly, killed in combat in Nuristan province, Afghanistan, on July 31, 2009.

Alex attended East Ridge High School in Clermont, Florida and, soon after graduation, enlisted in the U.S. Army, being assigned to the 1st Battalion, 32nd Infantry Regiment, 3rd Brigade Combat Team, 10th Mountain Division, Light Infantry, based in Fort Drum, New York.

Alex hoped to attend the University of Central Florida after completing his tour of duty, but that dream vanished when insurgents attacked his unit.

Miller was awarded two medals posthumously: the Purple Heart and the Bronze Star.

May his memory and sacrifices be a reminder to all of us of his service and love of country.

Our thoughts and prayers remain with the entirety of the Miller family and his community these many years later.

REMEMBERING FIRST LIEUTENANT IVAN D. LECHOWICH

Mr. SPANO. Mr. Speaker, today I rise to celebrate the legacy of a local resident and hero of Florida's 15th District, First Lieutenant Ivan Lechowich.

Lieutenant Lechowich was a devoted husband and loving father who served his country in uniform and was, sadly, killed in Ghazni province, Afghanistan, on September 28, 2011.

Lieutenant Lechowich graduated from the International Baccalaureate Program at King High School, earned his undergraduate degree from the University of Florida in 2007, and, after joining the U.S. Army in 2009, deployed to Afghanistan 2 years later.

Ivan was serving as a Sapper Platoon leader for the 515th Sapper Company out of Fort Leonard Wood, Missouri, when an improvised explosive device took his life.

Ivan was awarded the Purple Heart, Bronze Star, Army Commendation Medal, and NATO Medal.

To his beloved wife, Jenn; daughter, Natalie Marie; and the rest of the Lechowich family, our district and community still mourns the loss of Ivan these many years later. May his memory and many sacrifices be a reminder of his love for his family and his Nation.

REMEMBERING SERGEANT DANIEL MCKINNON ANGUS

Mr. SPANO. Mr. Speaker, I rise today in memory of Sergeant Daniel McKinnon Angus, a local hero in Flor-

ida's 15th District, who was killed in action in Afghanistan on January 24, 2010.

Daniel graduated from Armwood High School in 2000 and, in 2003, joined the U.S. Marine Corps where he knew he belonged and hoped to make a career of serving his community and country.

Daniel stood out among his peers and received the Combat Action Ribbon, two Good Conduct Medals, the Afghanistan and Iraq Campaign Medals, the Global War on Terrorism Service Medal, and a number of service decorations.

Daniel loved spending time with his wife, Bonnie, and his 1-year-old daughter. Now 11 years old, may she always know and treasure the knowledge of her father's heroism.

Men and women like Daniel who are willing to lay down their lives in defense of our country and in support of others many miles away are what make our Nation the greatest on Earth. Let us never take their sacrifice or that of their surviving families in vain.

HONORING DR. GOVINDAPPA VENKATASWAMY

The SPEAKER pro tempore. The Chair recognizes the gentleman from Illinois (Mr. KRISHNAMOORTHY) for 5 minutes.

Mr. KRISHNAMOORTHY. Mr. Speaker, today, on the 102nd anniversary of his birth, I rise to honor Dr. Govindappa Venkataswamy, an Indian ophthalmologist who devoted his life to preventing blindness in India and across the world.

Dr. Venkataswamy's work preserved the vision of millions of men, women, and children, allowing them the blessing of sight and the opportunity to enjoy independent, productive lives.

Though Dr. V suffered from a severe form of rheumatoid arthritis that left his hands permanently disfigured, he defied all odds to become an expert ophthalmologist and mastered the art of cataract surgery.

Having witnessed the terrible impact of blindness on those without the means to pay for their own care, Dr. V pursued an extraordinarily ambitious program to end preventable blindness in India.

In 1976, Dr. V and members of his family founded the first of what would later become a network of Aravind Eye Hospitals in Madurai, India.

The Aravind Eye Care System has been acclaimed by Harvard Business School and is the focus of an HBS case study. It has also been recognized for excellence in publications, including *Fast Company*, *Forbes*, and *The Wall Street Journal*, and it has inspired healthcare organizations throughout the developing world.

From its humble beginning in Madurai, the Aravind Eye Care System now provides care to over 4 million patients and performs over 500,000 surgeries each year in hospitals and clinics throughout south India.

Dr. V passed away in 2006, but his legacy continues to give eyesight to those who otherwise would be blind, and his story continues to inspire millions.

His life is best celebrated by his own words:

When we identify ourselves with all that is in the world, there is no exploitation. It is ourselves we are helping. It is ourselves we are healing.

RECOGNIZING FIRE PREVENTION WEEK

The SPEAKER pro tempore. The Chair recognizes the gentleman from Pennsylvania (Mr. THOMPSON) for 5 minutes.

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I rise as a former State certified firefighter one from Pennsylvania. As we kick off the month of October, I mention that next week is Fire Prevention Week.

In 1925, President Calvin Coolidge established Fire Prevention Week, and today it is the longest running public health observance in the Nation. It is celebrated each year during the week of October 9 to commemorate the devastating Great Chicago Fire.

This is an opportunity to educate one another on simple measures we can all take to prevent fires at home. You can bolster your family's safety by testing your fire alarms monthly, giving home heaters appropriate space, and having an escape plan if, God forbid, your home does catch fire.

We must also do more to prevent wildfires. As former chairman of the Subcommittee on Conservation and Forestry, I have been a part of many conversations, meetings, and hearings about how we can better prevent forest devastation as a result of wildfires.

We continue to see devastating wildfires on the West Coast. Homes, businesses, and forests are burning to the ground. The air quality is dangerous, and millions of Americans are at risk.

For decades, the health and resiliency of our national forests have been in decline due to a lack of management and, more recently, extreme environmental policies.

With nearly 90 million acres of forestland in need of urgent treatment, Congress needs to finally act and provide the tools and authorities to enable the Forest Service to proactively manage. Doing so will directly help prevent wildfire outbreaks, support our local communities, and restore the health of our Nation's forests. And a healthy forest is one of the largest carbon sinks in the world.

The 2018 House-passed farm bill contained bipartisan, commonsense forest management provisions to help prevent loss of life and property from these fires. These bipartisan authorities were created with input from the U.S. Forest Service under both the Obama and Trump administrations. These were ideas that were well vetted through hearings and markups and supported

by the House Agriculture Committee and on the floor.

However, Senate Democrats have refused to even discuss these needed reforms. Since these provisions were rejected, 3.5 million acres of Forest Service land have burned.

Wildfire response and recovery efforts should not be a partisan issue. We are blessed as a nation to have hundreds of millions of acres of beautiful forestlands, and the best way to prevent forest fires is through a well-managed forest.

Mr. Speaker, well-managed forests, again, are the largest carbon sinks in the world and the greatest filters for our watersheds that originate in those forests. Our forests provide great opportunities for outdoor recreation, but they are also unparalleled environmental tools. Our national forests serve as some of the Nation's largest carbon sinks.

This Fire Prevention Week, I would like to encourage everyone to brush up on their fire safety measures, and I reiterate just how crucial healthy forests are in preventing wildfires.

I thank the brave men and women who are on the front lines fighting those devastating fires out West.

MORE COVID RELIEF IS NEEDED

The SPEAKER pro tempore. The Chair recognizes the gentleman from Connecticut (Mr. COURTNEY) for 5 minutes.

Mr. COURTNEY. Mr. Speaker, as we stand here on October 1, a few hours ago the leadership of airline industries all across America announced very sad news for their workforce. The fact of the matter is that, with CARES Act money expiring at midnight last night, massive layoffs are now going to be implemented over the next few days and weeks.

American Airlines and United Airlines, together, about 32,000 workers are going to be laid off today, this morning. Again, other airlines are doing exactly the same thing.

The impact, the ripple effect in terms of the collapse of consumer demand because international air travel is virtually nonexistent, domestic air travel is way down and it is going to stay down for months to come, has resulted, again, in a ripple effect in the aerospace industry.

□ 0930

Raytheon Technologies up in New England, which is the parent company of Pratt & Whitney, announced 16,000 layoffs, again, because the commercial airline industry's demand is basically drying up.

Boeing industry announced 16,000 layoffs also because of the same reason. The commercial sector in terms of airline orders, again, has completely dried up.

They are not the only sector that are still struggling in this COVID recession. Talk to any restaurant owner in

any district all across America, talk to anyone who is involved in the tourism destination.

Disney announced 23,000 layoffs on Monday, again, because of the collapse in visits because of the COVID pandemic.

In Connecticut, we have two large, Native-American casinos, Foxwoods and Mohegan. They have started partial operations, but still, half their workforce, again, has not been recalled, again, because it is just not safe for people to have gatherings in large density.

Tuesday night, the President of the United States, before the American people, made the claim that: nothing to worry about; we are in a V-shaped recovery.

Well, tell that to the airline workers. Tell that to the people in the restaurant and hospitality sector. Tell that to the people in the tourism sector.

Again, all across America, 780,000 new unemployment claims yesterday across this country.

We are not in a V-shaped recovery. We have got a lot of businesses out there working their tails off to get back to work and to get normalcy back. But the fact of the matter is, as Jerome Powell, President Trump's own chairman of the Federal Reserve Board, has said repeatedly: Until we get control of COVID, we are not going to have a sustained economic recovery that is going to bring back the jobs that, again, we have lost in the millions.

So here we are. We are on the verge, again, of another wave of job losses in this country. And the question of the day is whether Congress is going to step up like it did four times previously on a bipartisan basis to pass COVID relief? The CARES Act being, obviously, the biggest one back in March, which, again, the American people are desperate for us to move out on.

A couple of days ago, the Speaker released a package, which for the first time included a COVID relief extension for airline workers, which, again, would avoid the bloodbath that is going to happen in terms of jobs in the next few hours in this country.

Finally, we have seen the Secretary of the Treasury show up here at the building 130 days after we passed the Heroes Act to have a serious conversation about getting some COVID relief out there to, again, stabilize this economy.

We can do this. And I say that because we have done it four times already acting on a bipartisan basis.

What we have to do, though, is just sort of drop the happy talk about the fact that this virus, we are on the other side of it, nothing to worry about, V-shaped recovery.

It is really just almost insulting to the American people to spin that kind of message out there when people are struggling, having their unemployment

benefits run out, their economic impact payments have long since been spent, they have got rent due, they have got utility bills due. They want to go back to work, but the fact of the matter is, we are still not there yet where we can have a sustained economic recovery.

Mr. Speaker, I plead with my colleagues on the other side, who, again, have whip notices going out to oppose any Heroes 2.0 or anything like it, to please just think about the success that we did back in March when we passed the CARES package, which to this day is still providing some benefit. Those new rapid tests that the President announced a couple of days ago, which is a wonderful development, was paid for by the CARES Act, but we need more.

And Jerome Powell has warned us repeatedly since May that the CARES Act was a great achievement by Congress, but we need to have more fiscal stimulus until we get past this pandemic.

Again, the clock is now ticking.

And, again, Mr. Speaker, for the sake of all of us and our fellow citizens, please let's come together and get a COVID relief bill passed this week.

RECOGNIZING MEMBERS OF THE ARMED FORCES

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from North Carolina (Ms. FOXX) for 5 minutes.

Ms. FOXX of North Carolina. Mr. Speaker, in November, thousands of marines will graduate from Marine Corps Infantry Training Battalion. These brave men and women will go on to serve and protect the United States and our allies across the world.

One such marine is Rece T. Rader from Winston-Salem. His mother, Angela, recently wrote to me about his graduation from boot camp at Parris Island and his subsequent move to Camp Geiger.

In her letter, she spoke passionately about how COVID-19 has made it incredibly hard for military families to celebrate alongside their loved ones who have completed their program requirements.

Her story applies to so many families, and it highlights the importance of recognizing the many accomplishments of these airmen, marines, soldiers, sailors, and guardsmen.

COVID-19 has disrupted the lives of all Americans in many ways.

It is, however, very unfortunate that COVID-19 has deprived the servicemembers of the physical and moral support that comes with the attendance of their families at graduation ceremonies.

To all servicemembers who are currently preparing for duty: We are incredibly proud of you. Your hard work and dedication have not gone unnoticed, and you serve as the role models that young people look to for inspiration.

Today and every day, we should celebrate your accomplishments and the strides you continue to make.

Though we may not be able to congratulate you all in person, please know we will always celebrate you no matter how close or how far away you may be.

May God bless you, your families, and the United States of America.

LIFE IS WINNING

Ms. FOXX of North Carolina. Mr. Speaker, life is winning.

Recently, a great new book by Marjorie Dannenfelser, President of the Susan B. Anthony List, has been published that is entitled, "Life Is Winning."

Currently, I am halfway through the book, but can wholeheartedly recommend it to anyone who is interested in learning about the fight for life in our country and to learn more about the role of elected officials in this fight.

Many people, publicly known and unknown, have been working diligently to preserve what our Declaration of Independence says we are guaranteed: life, liberty, and the pursuit of happiness.

Mr. Speaker, without question, life is the fundamental component to liberty and the pursuit of happiness.

Mr. Speaker, I thank Marjorie, all the staff at Susan B. Anthony, the staff at National Right to Life, and the wonderful people at the State and local levels who pray diligently and work every day to promote the culture of life, which we know is supported by a majority of Americans.

Mr. Speaker, I thank President Trump and Vice-President PENCE for their steadfast support of life. They understand that life must be protected and fought for at every turn.

CONTRACT DAY

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from the Virgin Islands (Ms. PLASKETT) for 5 minutes.

Ms. PLASKETT. Mr. Speaker, today we have been asked to wear white to honor Ruth Bader Ginsburg. She represents the tremendous struggle and fight for women's equality.

In the Virgin Islands, today, October 1, is formally known as Contract Day. It honors and celebrates four women, our four queens, that led the St. Croix Labor Rebellion of 1878, also known to us as Fireburn.

After slaves in the Danish West Indies organized, fought, and took their freedom from chattel slavery in 1848, a new type of slavery was formed in a labor bill in the following year to regulate the conditions of the now free workers.

The law stipulated a day wage, and confined workers to one plantation each year that could only change on Contract Day, October 1.

Former slaves worked on the same plantations as before, with little to no

improvement in their living conditions, healthcare, education, income, and their movement was restricted. I am sure many of my African-American brothers and sisters recall this happening in the United States after the Civil War.

The newly freed workers found that the low wages and new restrictions made living impossible. It was freedom in name only.

These conditions, along with the inability to vote, to participate in any aspect of the Danish Government at the time, created an incredibly untenable life.

Before October 1 of 1878, rumors circulated that the law was going to improve. When the workers realized on October 1 that those rumors were false, the frustration and anger from the past 30 years of unfair treatment and harsh labor practices after obtaining freedom ignited a protest that led to a rebellion in Frederiksted on the Island of St. Croix.

That rebellion, that uprising, was led by four women, our Virgin Island Queens: Mary Thomas, Mathilda Macbean, Susanna "Bottom Belly" Abrahamson, and Axeline "Queen Agnes" Salomon demanded all plantations improve workers' wages and repeal the Labor Act of 1849 that kept workers in serf-like conditions. More than half of the city of Frederiksted burned, along with the estates, the plantations across the western and northern part of the island.

The Danish Crown jailed about 400 and executed more than 100 people. Women were burned at the stake after molasses was poured on them, but their heroic and sacrificial acts, like those who earned our freedom 30 years prior, inspired change.

My ancestors, men and women, were willing not only to fight, but to die for the cause of equality and the dignity of a living wage and fair working conditions.

That fight, of course, continues today, not just for Virgin Islanders, but for indigenous people throughout our Nation and territories.

October is part of Indigenous Peoples Day, honoring the centuries-long struggle of people against the horrors of genocide, colonialism, imperialism, and the present conditions of unfair labor laws, discrimination, and unequal voting rights.

From Carib Indians fighting off Columbus on the island of Ay Ay—what is now the island of St. Croix in the Virgin Islands, the first place of armed resistance to Columbus in the New World—to the four queens, as I mentioned, of Fireburn; D. Hamilton Jackson, honored in November, fighting the Danish Crown for freedom of speech, people on my island and all over the world continue to demand and fight for freedom, equality, and fairness.

Much like the atmosphere of the Danish West Indies, our Nation is in a tumultuous but necessary time of change.

Let us heed that change. Let us do it peacefully, organized, with leaders.

The attention drawn to practices of systemic racism and police brutality against people of color has sparked a collective worldwide cry for justice, not just in this country, but governments around the world.

Protests, removal of statues of oppressors of people of color are taking place in this Nation and throughout the world.

What will this body do? What will this Congress do? How long will this Congress, this body, be part of the inequality of 4 million people living in the territories? Telling us, as I hear often from my colleagues, "It is so unfair. I wish it were different." But not doing anything to change those laws, the systemic laws that were written over 100 years ago that makes it so continually without end for us.

I pray that the spirit of those queens charge me with renewed conviction to keep pushing.

I pray that there is no Fireburn here, but what comes must come.

THREE PIECES OF GOOD NEWS, ONE PIECE OF BAD NEWS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Wisconsin (Mr. GROTHMAN) for 5 minutes.

Mr. GROTHMAN. Mr. Speaker, normally, or frequently, people use this microphone to give negative news, and I would like to lead off with three little positive stories that I don't think have been in the news enough, and then we will talk about a story—I don't know if it is true or not—but we are going to ask for a committee hearing.

First of all, I was at a committee about 10 days ago in which we had a hearing on Afghanistan. So many of us back home have heard stories, attended funerals of people, people frequently in the National Guard, who have died fighting in Afghanistan.

We have now gone 7 months without any combat deaths in Afghanistan. I don't think that story has been told enough. I am kind of really surprised it hasn't been told a lot during this campaign season, but it hasn't.

So let's celebrate the fact that we have gone 7 months, hard to believe, without a combat casualty in Afghanistan.

Now, the second piece of good news. I was talking to the head of the border patrol, and it was not long ago, about 15, 16 months ago, when 90,000 people a month were apprehended at the southern border and allowed in the United States, frequently given a hearing, an asylum hearing. But they were allowed in the United States, frequently lost track of, and people who we weren't appropriately vetting becoming a permanent part of our American fabric.

□ 0945

In the last month, in part due to three different things—a negotiation

that President Trump had with Mexico, where when we apprehend people, we send them back to Mexico, pending the asylum hearing; secondly, negotiations with Central America, where people walking through Central America headed to the United States are kept in Central America; and third, a directive that if people try to come into this country because of fears of COVID-19, they are also immediately turned around and led back—we now have gone from about 90,000 people to under 2,000, as a matter of fact, he told me under 1,000 people a month being let in this country who are apprehended or talked to by the Border Patrol.

There are still people who sneak across the border who are not apprehended by the Border Patrol. But among these people who they touch, we have gone from 90,000 to under 1,000. That is good news, and I am surprised how many people, even on the floor of this institution, do not know what an improvement we have had at the border.

The third piece of good news I am going to give a tip of the hat to, when I drove in 2 weeks ago, I took an Uber from the airport. I talked to the Uber driver, who not only was driving for Uber, but he also had a job, I believe he told me, with CVS, and he was living the American Dream.

When I asked him what was great about America, he said anybody can make it in America, the land of opportunity.

Here you have an Afghan Uber driver. He wasn't of European heritage. I don't believe he was Christian. I don't believe in the family growing up he could speak English. But despite all these disadvantages, he is living the American Dream—and it wasn't rocket science—driving an Uber, working at CVS.

I hope we remember him as other Congressmen, for whatever political reason, want to tear down America and say you can't make it in America. I will tell you, if that Afghan Uber driver can make it in America and live the American Dream, anybody can live the American Dream.

But now I would like to ask for a hearing because I had some, perhaps, bad news back home. I talked to a woman who had two children. One is \$30,000 in debt, one is \$40,000 in debt, from taking out student loans. She told me that she felt that if she and her husband weren't married, there would have been government programs, and her children wouldn't be so in debt.

She has raised good kids. Those kids are going to pay off their loans, even if they were discriminated against because their parents were married, or not.

But it occurred to me, at a time when so much of the rhetoric in this institution is about discrimination, we ought to have a hearing on the Education and Labor Committee: Is it really true that we have government programs out here penalizing people for getting married?

I would ask, again, that my wonderful chairman of the Education and Labor Committee have a hearing on this topic. We can find out whether it is the official policy of the United States, when determining government grants helping people go through school, that we discriminate against children of married couples. And they have to delay having children, delay buying a house, as they have to pay off their student loans.

So I would like to have a hearing. I hope what my constituent told me is not true, that it is the official policy of the United States Government to discriminate against people who decide to get married. But I am afraid it might be, and that is why I would like to have a hearing.

RECOGNIZING SERVICE OF CAROL BRICK-TURIN

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Florida (Ms. WASSERMAN SCHULTZ) for 5 minutes.

Ms. WASSERMAN SCHULTZ. Mr. Speaker, it is with great pleasure that I rise to recognize the remarkable career of Carol Brick-Turin.

After 12 years, Ms. Brick-Turin is retiring as the executive director of the Greater Miami Jewish Federation's Jewish Community Relations Council.

Carol originally moved to Washington, D.C., to join the U.S. Department of Agriculture, where she worked on public policy issues for more than a decade. A graduate of Cornell University with a bachelor of science degree in agricultural economics, she was recruited to join the Foreign Agricultural Service and served as a diplomat in Brussels, Belgium, in the U.S. Mission to the European Community.

She was the first married female to serve as an agricultural attache in the history of the FAS.

Carol attended the Foreign Service Institute, completed a study program taught by faculty of the Jewish Theological Seminary, and attended the University of Tel Aviv in 1973, both before and after the Yom Kippur War.

Having raised her children as Zionists, she now has three grandchildren who were born in Jerusalem, in addition to her two granddaughters in Miami.

As the JCRC's executive director, Carol has adroitly mobilized and energized Miami's Jewish community on many levels. She has led our citizen activists in building relationships with Members of Congress on both sides of the aisle, key to the success of the pro-Israel movement and the national agenda supported by the Jewish Council for Public Affairs.

We have worked together to address a multitude of issues facing our community, from the surge of anti-Semitism and senseless gun violence plaguing our schools and places of worship to ensuring we maintain our strong U.S.-Israel relationship.

Carol's commitment to Miami's Jewish community and the State of Israel is exemplary, and I am proud to call her my very dear friend.

I will miss her guidance and wisdom, but our loss is her husband, Alan, and her family's gain.

I wish her a hearty mazel tov on her retirement, and I am grateful for her invaluable work and her dear friendship.

RECOGNIZING SWISHER ACQUISITION, INC.

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Missouri (Mrs. HARTZLER) for 5 minutes.

Mrs. HARTZLER. Mr. Speaker, I rise today to recognize Swisher Acquisition, Inc., of Warrensburg, Missouri, on their success producing American-made products.

Swisher-branded products were chosen to participate in the White House's fourth annual Made in America Product Showcase on October 5. This event celebrates the hard work and dedication of American workers, businesses, and their products. Businesses from each of the 50 States have been invited to display their American-made products at the White House.

It is an honor and achievement for Swisher Acquisition, Inc. to be selected to represent the great State of Missouri, and I am proud to represent them in Congress.

Swisher Acquisition, Inc. is an outdoor power equipment manufacturer dating back to 1945. All products are American-made and commercially graded and carried in stores around the world, such as Home Depot, Cabela's, Atwoods, and more.

At the showcase, the Swisher Brand Outdoor Power Equipment; ESP Branded Safe Rooms, Tornado, and Storm Shelters; Swisher Branded Agricultural Products; and the new 2021 Huckleberry's Hammers and LogOX Brand Products will be on display.

I encourage all to take the opportunity to view all displayed American-made products and see the outcome of American ingenuity.

Please join me in congratulating Swisher Acquisition, Inc. on this tremendous accomplishment.

RECOGNIZING ALL SAINTS' CHURCH

Mrs. HARTZLER. Mr. Speaker, I rise today to recognize the All Saints' Church in Nevada, Missouri, and to celebrate its 150th year of incorporation as a parish on All Saints Day, which will be recognized on November 1.

In November 1870, the All Saints' Church in Nevada was officially organized, and their church building was completed. The parish began making positive impacts in their local community that continue today.

The All Saints' parish expresses their love for their fellow neighbors through supporting the community outreach food pantry with donations of food and volunteering.

All Saints' also has been a pivotal supporting figure through their care for domestic violence victims and their selfless service to their neighbors and strangers alike.

I want to congratulate the All Saints' Church in Nevada, Missouri, for 150 years of service to the Lord and to the community. I wish them God's continued blessings in the coming year.

May your next 150 years be just as impactful as your first 150 years.

HONORING THE LIFE AND SERVICE OF WILLIAM LANE

Mrs. HARTZLER. Mr. Speaker, last June marks the 70th anniversary of the beginning of the Korean war. I rise today to honor a selfless hero of that war, William Lane. He is a resident of Lebanon, Missouri, and a veteran of both the Korean and Vietnam conflicts.

Sergeant First Class Lane was a medic in the 24th Infantry Division, among the first contingent of U.S. soldiers sent to Korea in 1950. He frequently risked his life to render medical assistance and evacuate wounded soldiers in the Battles of Chonan, Taejon, and the Pusan Perimeter.

Assigned to the 3rd Infantry Regiment, his unit sustained a casualty rate of 39 percent by mid-August. By the end of the month, there were only 184 men of the original 1,898. This casualty rate is equivalent to some of the bloodiest battles of World War II.

Without the efforts of men like Sergeant Lane and his fellow soldiers, the outcome of the war may have been decisively different. Sergeant Lane would later go on to serve his country for 21 years in the United States Army.

From the frozen tundra of Korea to the jungles of Vietnam, Sergeant Lane went wherever his Nation called him. I commend him for his service, and I thank him for his commitment to defending our Nation and the freedom-loving people of Korea and Vietnam.

RECOGNIZING BATES COUNTY MEMORIAL HOSPITAL

Mrs. HARTZLER. Mr. Speaker, I rise today to recognize the Bates County Memorial Hospital and their continuous community service over the last 60 years.

In 1926, a dedicated community servant, Mrs. S.C. Stayton, saw a need for a local rural hospital in the growing city of Butler, Missouri. After renting a two-story house, she furnished the five rooms upstairs for patients, and the first patient was admitted shortly after, on June 17, 1926.

In 1932, during the Great Depression, Stayton convinced the city to purchase property for a new hospital. On September 16, 1960, Bates County Memorial Hospital officially opened. In its first 5 months, 564 patients were admitted, and 87 babies were born.

Over the years, Bates County Memorial has gone through many additions, improvements, and regulation demands. However, Stayton's original vision remains, a vision of keeping a healthy hospital presence in rural communities.

Please join me in congratulating Bates County Memorial Hospital on 60 years of service and giving a huge thank-you to all the staff for continuing to serve during these uncertain times.

SPEAKING TO THE SOULS OF AMERICA

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Texas (Ms. JACKSON LEE) for 5 minutes.

Ms. JACKSON LEE. Mr. Speaker, I am so glad that my colleague invoked God's name on the floor of the House. As I stand here, I can read the words "In God We Trust."

We are blessed by a Nation that has the right and the protections to express our faith, our love of the God we love. And so I thought this morning I was compelled to come to the floor because I believe in a God of love, and my Christian faith believes in the sacrifice He made so that we might live and, as well, to recognize that He protects us all.

As we go through this road of trepidation with COVID-19, as I mourn for more than 200,000 Americans, many of whom lost their lives because of ill-fated policies by the administration, I thought it was imperative that I speak to the souls of America because, as my predecessor, the Honorable Barbara Jordan, I have faith in this Nation. She was a good mentor for me and many others. She was a patriot, and I have tried to be every day of my life.

I honor the men and women who put on the uniform, young boys and girls almost, young men and women throughout the ages. I acknowledge the fact that, even with bondage in their DNA, slaves volunteered, ex-slaves, to fight in the Civil War, but they fought in wars before, including the Revolutionary War.

The heritage of African Americans and Black Americans in this country is wrapped in the love of the Nation. The times that we have stepped out to be able to demand justice for our Nation and for everyone, it has not been against the flag; it has been to empower the flag to symbolize the right thing.

How many people realize the number of African Americans who died during the civil rights movement? I didn't say the Civil War. We lost many in the civil rights movement.

□ 1000

Yes, we know, tragically, brave men and women who were not Black who came to help lost their lives. The three Mississippi boys, Viola Liuzzo, and others lost their lives because they believed in a better America.

Then I am reminded of the beginnings of the takeover of a beautiful country called Germany by Nazism. The words that I remember in a historical perspective is: It was the silence that killed us.

Dr. King said that it is not the good people who fail, but it is those who

stand by silently and say nothing—so, too, the head of this Nation.

It might have been a lot of bickering on Tuesday night in your mind, Mr. Speaker, but I can say to you that it was a painful experience for so many when we could not hear the simple words of condemnation of white supremacy, even when, as the senior member of the Homeland Security Committee, I have heard over and over again, a member of the Judiciary Committee, Director Wray of the FBI that the most dangerous domestic terrorist threat in the United States—not my words, his words—is white supremacy, or those words coming, as well, from the head of the Homeland Security Department, the Secretary.

I offered an amendment to the National Defense Authorization Act that was adopted that directs the Secretary of Defense to report to Congress the extent, if any, of the threat to national security posed by domestic terrorist groups and organizations motivated by a belief system of white supremacy such as boogaloo boys and proud boys extremists. I am proud of the House. Obviously, it was adopted in a bipartisan commitment. I am proud that Members joined in by their acquiescence and affirmation that this is not America.

But over these last couple of days, social media is raging. When that question was posed to the existing and sitting President of the United States, we heard these words when they asked would you condemn the proud boys' violence, "stand back and stand by."

Mr. Speaker, as I close, let me say that white supremacy is going to strangle us and our values. I beg of this leadership and I beg of all of us to stand against it, to fight against it, and to save lives, because those lives are precious American lives, and we are not that way. We are better than this, Mr. Speaker.

Mr. Speaker, I rise in opposition to efforts to legitimize violent White Nationalists groups.

Over the last several months, I have raised concerns over the role that Boogaloo and Proud Boys have played in bringing an element of violence into the otherwise peaceful protests following the death of George Floyd.

During the House Consideration of the NOAA, I offered an amendment that was adopted to direct the Secretary of Defense to report to Congress the extent, if any, of the threat to national security posed by domestic terrorist groups and organizations motivated by a belief system of white supremacy, such as the Boogaloo and Proud Boys extremists.

During the first Presidential debate the President had the opportunity to condemn Proud Boys, which he could not or would not do.

In the light of day, he claims ignorance of who or what Proud Boys is—which sounds like the same words he used about not knowing David Duke—a former Grand Wizard of the KKK who endorsed him during his first Presidential Election.

The President in the interviews with Robert Woodward has proven himself to be anything but ignorant or uninformed.

He has shown his willingness to use his knowledge for his benefit while keeping his knowledge hidden from others at their expense.

What I know is that Congress has been briefed on the national security threat posed by Proud Boys and Boogaloo Boys, which means the President has also been briefed.

On May 30, 2019, the FBI issued an Intelligence Bulletin on Anti-Government, Identity Based, and Fringe Political Conspiracy Theories Very Likely Motivate Some Domestic Extremists to Commit Criminal, Sometimes Violent Activity, which includes the activities associated with Proud Boys and Boogaloo Boys.

Proud Boys is described by the Southern Poverty Law Center as a hate group.

The ADL describes Proud Boys as:

Ideology: Primarily alt lite: Misogynistic, Islamophobic, transphobic and anti-immigration. Some members espouse white supremacist and anti-Semitic ideologies and/or engage with white supremacist groups.

In sum, the Proud Boys is a far-right neofascist organization that admits only men as members and promotes political violence.

The group believes men—especially white men—and Western culture are under siege; their views have elements of white genocide conspiracy theory.

While the group claims it does not support white supremacist views, its members often participate in racist rallies, events, and organizations.

The organization glorifies violence, and members engage in violence at events they attend; the Southern Poverty Law Center has called it an "alright fight club".

The President's message when asked about condemning the White Supremist Group—Proud Boys, was to say to them "Stand Back and Stand By."

It surprises absolutely no one that "Stand Back and Stand By," means to be ready.

Ready for what?

The intelligence community has been sending warnings to the White House and Congress that groups like Proud Boys are a threat to our national security and have been waiting for someone like the President to incite others to join them in order to grow their numbers to spread violence.

As I speak, the Internet is ablaze with activity from the Proud Boys in celebration and elation of their favorable recognition of the President.

Proud Boys created a new image to signify the President's message to them, "Stand Back and Stand By."

We know from experience how people like members of Proud Boys react when they believe they have legitimacy from the President; they take it as a license to continue their violent activities as we said four years ago, culminating in Charlottesville, Virginia.

Proud Boys may use the phrase "Stand Back and Stand By" to describe the overwhelming majority of white Americans who are not aware of or interested in the activities of the group or any white supremacist group, but may intend to support this President in November despite his obvious flaws.

The unfortunate truth for voters who think their vote this November is not at risk of sending an affirming nod to Proud Boys or groups like them—then they should think again.

President's own acts makes this election no longer about Red or Blue States, Democrats

and Republicans, but about whether you condone racism, misogyny, or political and election violence.

White Nationalists will interpret every white voter's vote for Trump as a vindication of their hate, misogyny, and rage against non-whites and independent women.

Let us not be fooled, these groups hate a lot of things—and the color of a person's skin is just one of those things—they also hate women who are educated, who are leaders, who dare to think for themselves; they hate white men who form families with persons of other races, and they hate white men who will hire, promote, and support persons of color and women in employment; they hate education, public order, peace and justice that adhere to equality for all.

They do love one thing—violence.

Our role as Members of Congress is to defend and protect the American people, no matter their race, ethnicity, gender, sexual orientation, or country of origin.

White Nationalists have been busy looking for fights and igniting violence at peaceful street protests.

We saw them in Charlottesville, Virginia and have seen them trying to end state and local measures to slow the spread of COVID-19 and carrying out violence at George Floyd protests.

Now the President is inviting Proud Boys to polling locations during ballot casting.

COVID-19 is presenting a heightened barrier and challenge to voting in the November 3rd election.

The validity of the American vote and the ability for Americans to exercise their vote is in jeopardy from a President who seems to be at war with the free and fair election process.

Over the years, it has become increasingly hard for citizens to realize their voting rights—particularly for African Americans and other minorities, as well as for students, the elderly, and individuals with disabilities.

Voter suppression measures across the country in the past included: new voter ID laws, reductions and cuts to polling places and early voting, and purging of voter rolls, but today there are challenges being made to mail-in voting during a time of COVID-19 when in-person voting would pose health risks to many voters.

The doubts the President is seeking to create around mail-in voting are resulting in significant burdens for individuals seeking to exercise their most fundamental constitutional right.

With varied systems of election administration and technology, polling place practices, and inexperienced poll workers, there is a real and dangerous threat that White Nationalists may take this opening provided by the President to compromise our nation's electoral process.

During a time when the voting rights of minorities and all Americans are under the greatest attack since the passage of the Voting Rights Act, it is imperative that the federal government take all necessary steps to ensure that the right to vote and the entire electoral process is fully protected and upheld.

It is important to know and understand that the Voting Rights Act and the Civil Rights Act never mention color, ethnicity, or race.

Both of these laws are to preserve and protect basic human rights and dignity owed to each person.

This may be the election year when the voting rights of a majority of Americans may need both of these laws.

That is why I am asking the Department of Justice, pursuant to its statutory authority and consistent with its historic role as a guardian of civil rights and liberties, to take immediate action and investigate the full scope of vulnerabilities, security threats and breaches to our electoral and voting process posed by groups like Proud Boys.

This President finds it too difficult to call out those among us who are the truly abhorrent and objectionable because they are at the heart of his political base.

The violence seen during the recent national movement to end the deaths of unarmed black men while in police custody is not the start of the events that have led to the Boogaloo movement or Proud Boys activity.

Groups like these have been around for over a century, most notable is the KKK, which is why they should not be invited to visit polling locations during a public election.

According to the Southern Poverty Law Center (SPLC), in the immediate aftermath of Election Day, a wave of hate crimes and lesser hate incidents swept the country with 1,094 bias incidents recorded in the first 34 days following Trump's Election on November 8, 2016.

Of these incidents, the SPLC reports that anti-immigrant incidents (315) remain the most reported, followed by antiblack (221), anti-Muslim (112), and anti-LGBT (109).

Anti-Trump incidents numbered 26 (6 of which were also anti-white in nature, with 2 non-Trump related anti-white incidents reported).

The threats from White Nationalist groups range from decentralized and leaderless accelerationist networks using social media platforms, such as the Boogaloo movement, to more structured, far-right militia extremist groups.

The ideologies undergirding these movements or groups have some similarities to other anti-government and white supremacist beliefs but are often not tied to a single, monolithic ideology.

In addition, in many cases, their adherents' decentralized, and coded use of digital tools poses unique challenges for law enforcement and government officials to identify and track their activity.

These developments in domestic terrorism, as reported in the media and government intelligence reports—coupled with recent arrests and successful violent attacks carried out by “Boogaloo boys” and militia extremists—are troubling.

My concern is that as the nation moves towards a historic national election, the activity of violence instigators like Boogaloo Boys or Proud Boys will increase and lead to attacks becoming more frequent.

This view is heightened given the President's instructions to Proud Boys to “Stand Back” and “Stand By.”

The domestic terrorism issues of greatest concern to me are:

The number of incidents, although small in number, that have involved government employees, contractors or military personnel;

The targeting of places of worship;

Politically motivated attacks or attempted attacks; and

Use of Social media for domestic and international hate groups to collaborate and stoke hate.

Increasingly everyday the President confirms his candidacy as candidate of white supremacy.

A quote from Lincoln's address to Congress in December 1862 come to mind, when he said to this body:

“Fellow-citizens, we cannot escape history. We of this Congress and this administration, will be remembered in spite of ourselves. No personal significance, or insignificance, can spare one or another of us. The fiery trial through which we pass, will light us down, in honor or dishonor, to the latest generation. We say we are for the Union. The world will not forget that we say this. We know how to save the Union. The world knows we do know how to save it. We—even we here—hold the power and bear the responsibility.”

Due to the rise in online activity of these groups spurred by the President's comments many law enforcement jurisdictions around the nation must prepare for the violence that may come as these groups seek to act out in advance of the election.

This will put additional strain on the budgets of local and state law enforcement agencies already burdened with COVID-19 emergency measures and tight budgets caused by the economic collapse due to this Administration's mismanagement of COVID-19.

Congress must send a unified message that there is no place in the body politic for these groups or these views.

I invite my colleagues on both sides of the aisle to do what the President did not do by joining me and Vice President Biden and millions of Americans in condemning the White Supremist Groups.

OPPOSITION TO DEFUNDING POLICE DEPARTMENTS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Indiana (Mr. BAIRD) for 5 minutes.

Mr. BAIRD. Mr. Speaker, I rise today to recognize the heroic efforts of West Lafayette Police Officer Brian Danosky.

On the morning of August 27, Officer Danosky found 22-year-old Troy Moffitt, who was bleeding from a gunshot wound. Not knowing if the shooter was still in the area, Officer Danosky ignored the danger to his life and rushed to save Mr. Moffitt. Officer Danosky applied a tourniquet to Moffitt's leg, an act that saved Mr. Moffitt's life.

Officer Danosky went above and beyond the call of duty and risked his own safety to save the life of a citizen he swore to protect and serve. For that, Officer Danosky will be the third officer in the last 10 years to receive the Silver Merit Award.

I commend Officer Danosky for his act of bravery, and on behalf of all Hoosiers in the Fourth District, I thank him for his service.

Mr. Speaker, I offer Officer Danosky's story to my colleagues not only to highlight his heroic actions, but to remind them that our police officers are dedicated public servants who want to protect their communities.

Unfortunately, there is a growing movement to disparage and defund our

law enforcement officers. There are even some in this Congress who advocate defunding police departments. We are already seeing the disastrous effects happening over our country in cities where they slice police budgets.

New York City took \$1 billion from their police budget amid rising crime. In July, the city saw a 59 percent increase in murders compared to last year.

The city of Minneapolis is pushing to eliminate their police department at a time when they are seeing a spike in murders.

What makes this rise in crime even more tragic is that the victims are often from underserved communities, the same communities, we are told, that will benefit from fewer police officers in their neighborhoods.

These communities are no different from the communities in my district. They want the same thing: good jobs, good schools, safe communities, and a place to raise their families.

I will continue to support our police officers and oppose any efforts to defund them.

SUPPORTING THE SECOND AMENDMENT

Mr. BAIRD. Mr. Speaker, I rise today to support the millions of Americans who are exercising their Second Amendment right and becoming law-abiding gun owners.

As people across our Nation and across our country watch riots and crime consume our cities and the elected leaders in those cities do little or nothing to stop it, people will ensure they have the means to defend themselves and their family. These millions of Americans who are purchasing these firearms are exercising their God-given and constitutional right to self-defense.

Since March of this year, at least 1.5 million firearms have been sold every month. I pledge to these new gun owners that I will not only work to restore law and order to our communities, but also protect the Second Amendment and make certain every American has the right to protect themselves and their families.

E PLURIBUS UNUM

Mr. BAIRD. Mr. Speaker, I rise today to remind my fellow citizens that, despite our differences and beliefs and our deep divisions, we can still come together as one nation under one flag.

We remember the words stitched on our Nation's first seal, “e pluribus unum,” “out of many, one.” No matter where you came from, what creed you follow, or the color of your skin, we are one nation united under the banner of freedom.

This great experiment in self-government that we call the United States of America has been able to achieve great things like defeating Nazi Germany and landing a man on the Moon because we came together as one. When we stand shoulder to shoulder, there is no obstacle our country can't overcome.

I ask every American to reflect and remember the bonds that unite us and

that they are stronger than those that divide us.

CELEBRATING INDEPENDENT RESTAURANTS

The SPEAKER pro tempore. The Chair recognizes the gentleman from Oregon (Mr. BLUMENAUER) for 5 minutes.

Mr. BLUMENAUER. Mr. Speaker, I rise today to celebrate the Independent Restaurant Coalition who have been my partners on the RESTAURANTS Act that is currently being negotiated between the Speaker and the White House. This coalition has willed this legislation into effect.

It is comprised of chefs Jose Andres, Nina Compton, Andrew Zimmern, Tom Colicchio, Naomi Pomeroy, Gregory Gourdet, Erika Polmar, Bobbie Stuckey, Robert St. John, and Will Guidara.

Mr. Speaker, these key leaders have represented 500,000 independent restaurants across America and their 11 million workers. They are sort of the point of the spear for the 180-member steering committee who have extended themselves in an extraordinary fashion in helping craft targeted legislation. They make the case to the American public that restaurants—independent restaurants—are the cornerstone and the very fabric of our communities.

It is hard to imagine your city or mine, Mr. Speaker, without these independent restaurants. For many people it is the first job that they get. They are representative of minorities, and they are disproportionately women-owned. They have an energy and a vitality. They provide an area for Americans to come together. In the time of COVID-19, we miss that opportunity to gather, and we need to take action to make sure that they remain in business.

That is what the coalition has done. Uniting behind the RESTAURANTS Act, they have made the case to people all across the country. They have driven Members in the House and the Senate to cosponsor legislation—well over 200 in the House and 40 companion bills in the Senate—making the case that there is something that we can do.

The need here is to have a tailored approach. Without something specific for independent restaurants, we face 85 percent of them closing their doors permanently by the end of the year. The restaurant industry of these independent restaurants are the hardest hit segment of the American economy. In April alone they accounted for half the unemployed.

We have united behind a proposal of \$120 billion in direct grants to restaurants. The PPP simply isn't working for them. It is too cumbersome; the time constraints don't work; and, as a practical matter, we don't need to change the format that we have developed. We have extensive research that documents if we are able to extend this \$120 billion lifeline to the independent

restaurants, then we will avoid over \$183 billion of costs for unemployment and having these institutions file bankruptcy rather than paying their taxes. They support the supply chains in every community. That includes not just the restaurant workers and owners but deals with the people who supply them with the linens, the fruits, the vegetables, and the wine. This is an extensive supply chain that stretches throughout the local economy.

The good news is that we have progress. The Heroes Act includes the RESTAURANTS Act in its entirety with the full \$120 billion. Yesterday there was extensive discussion with our leadership and the White House. We had earlier conversations in the White House with leaders from the Independent Restaurant Coalition. I heard from Will Guidara from New York City about the interaction he had with Secretary Mnuchin, and President Trump was there as a part of it.

This is something that we can do. We can come together, support this provision in the Heroes Act, and negotiate out in terms of the final package to make sure that we protect this lifeline for these vital institutions for all our communities.

I deeply appreciate the interest and momentum that has been developed in both the House and Senate; the people who are stepping forward to help their independent restaurants and the members of the coalition; and, most of all, I want to thank the members of the coalition who represent this critical industry and a potential solution to those problems.

BREAST CANCER AWARENESS MONTH

The SPEAKER pro tempore. The Chair recognizes the gentlewoman from Indiana (Mrs. BROOKS) for 5 minutes.

Mrs. BROOKS of Indiana. Mr. Speaker, October is Breast Cancer Awareness Month, so it is fitting that I rise today in support of H.R. 4078, the EARLY Act Reauthorization, which passed the House earlier this week. I am honored to have co-led this bipartisan legislation with my good friend, colleague, and breast cancer survivor, Representative DEBBIE WASSERMAN SCHULTZ.

This is an important public health bill to ensure that young women throughout the United States understand the importance of breast health and the value of regular breast cancer screenings.

This bipartisan bill raises public awareness about breast health and educates healthcare providers to encourage early detection of breast cancer. It also supports initiatives and research to help identify high-risk women by collecting family histories and educating patients about early warning signs.

These programs are vitally important. We all know the statistics. One in eight women in the United States will be diagnosed with breast cancer over

her lifetime, and many women with breast cancer typically have no symptoms.

This disease has taken far too many of our loved ones. In 2017, breast cancer was the number one most diagnosed cancer type in the United States and the number two most deadly.

Earlier this year, I lost a very dear friend to this terrible disease, Judy Christofilis. She and I had volunteered in the Junior League in Indianapolis over 20 years ago. She was a successful accountant, a pillar of the Indianapolis community, and, above all, a dedicated philanthropist.

She was on the board of the Indianapolis Day Nursery, Indiana's oldest and largest early childhood education nonprofit. She was extremely active in the Junior League of Indianapolis and the Indianapolis Art Center.

But in the last decade of her life, when she was battling breast cancer, she was a founding member of the Indianapolis American Cancer Society Guild and served as its treasurer. The guild's mission is to support the central Indiana office of the American Cancer Society by generating awareness, raising funds, and providing support for community outreach programs to achieve the shared goal of savings lives by helping people stay well, get well, find cures, and fight back.

□ 1015

This mission epitomizes Judy's fight against breast cancer. She battled metastatic breast cancer for more than a decade. Her resilience, and spirit, served as an inspiration to me and so many others in our community.

Her story is just a reminder of why breast cancer screening is vitally important, and it is often the best and only way to identify this cancer in its earliest stages. Women—even young women—are susceptible to this deadly disease, which is why regular breast screenings are so crucially important.

Our bill reauthorizes the program through fiscal year 2024, and it funds CDC programs to identify gaps in education and awareness, particularly among young women and healthcare providers. It supports young survivors through grants to organizations focused on helping them cope with the many unique challenges they face as young women and in implementing a targeted media campaign to reach young and higher-risk women.

The science is clear: Early detection is the single most effective way to stop these cancers before they become deadly.

In my very last conversation with Judy before she passed away in March of this year, she asked me to keep up the fight for all people battling cancer. This bill, in large part, for me, is dedicated to my very dear, close friend Judy Christofilis. She truly is one of my heroes.

Mr. Speaker, I urge our Senate colleagues to pass this important bill this month during Breast Cancer Awareness Month.

U.S. CENTER FOR SAFESPORT

Mrs. BROOKS of Indiana. Mr. Speaker, I urge my colleagues to pass S. 2330, the Empowering Olympic Paralympic and Amateur Athletes Act of 2020.

This bill is the result of several years of work that began in 2016. Indiana's very own Indianapolis Star broke the story about former USA Gymnastics' team doctor, Larry Nassar's abuse of athletes under his care. Several years have passed since Dr. Nassar went to prison, but Congress has continued to work to ensure this kind of abuse never happens again.

In 2017, I led the charge in the House to address the horrible situation by introducing the Protecting Young Victims from Sexual Abuse Act. I was grateful to see it pass the House and see it get signed into law.

That law established the U.S. Center for SafeSport as the entity responsible for developing policies that all U.S. Olympic governing bodies must implement to better protect their athletes and, most critically, the center was charged with investigating claims of abuse against amateur U.S. athletes.

The center has received hundreds of claims they are responsible for investigating. And, today, with the passage of this bill later today, we will help ensure they will be able to fulfill that mandate.

When it was originally conceived, the center was not provided a steady revenue stream, but today S. 2330 will require the U.S. Olympic and Paralympic Committee to provide direct funding to the U.S. Center for SafeSport to guarantee it stays committed to protecting athletes.

This reform, along with many others included in Empowering Olympic, Paralympic, and Amateur Athletes Act, will bring much-needed further reform to ensure our young athletes will not have to suffer at the hands of another in their quest for gold.

Mr. Speaker, I urge all my colleagues to support this measure.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess until 11 a.m. today.

Accordingly (at 10 o'clock and 18 minutes a.m.), the House stood in recess.

□ 1100

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Ms. DEAN) at 11 a.m.

PRAYER

The Chaplain, the Reverend Patrick J. Conroy, offered the following prayer: Loving God, we give You thanks for giving us another day.

Send us Your spirit of peace. Inspire the Members of the people's House this

day with Your spirit of wisdom, patience, and understanding in the work they do.

Throughout our country, the effects of the coronavirus plague continue. Keep safe those who are in harm's way: healthcare professionals, those engaged in delivering goods and services to our communities, and teachers at all levels.

Comfort and send Your spirit of healing to those who suffer from illness and those who mourn those who have died.

Lord God, have mercy on us.

May all that is done this day be for Your greater honor and glory.

Amen.

THE JOURNAL

The SPEAKER pro tempore. Pursuant to section 4(a) of House Resolution 967, the Journal of the last day's proceedings is approved.

PLEDGE OF ALLEGIANCE

The SPEAKER pro tempore. Will the gentleman from California (Mr. SCHIFF) come forward and lead the House in the Pledge of Allegiance.

Mr. SCHIFF led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore. The Chair will entertain up to 15 requests for 1-minute speeches on each side of the aisle.

EVERY AMERICAN DESERVES QUALITY HEALTHCARE

(Mr. SCHIFF asked and was given permission to address the House for 1 minute.)

Mr. SCHIFF. Madam Speaker, Martin Luther King, Jr. once said: "Of all the forms of inequality, injustice in health is the most shocking and the most inhuman because it often results in physical death."

As our Nation confronts the crisis of coronavirus, we must also confront the crisis of systemic racism in our society. Nowhere is the fight for racial justice more urgent than in the field of health.

The legislation I introduced this week would create a clear and forcible standard for equal healthcare, treating it as a civil rights issue, as it is, and provide strong tools to identify inequitable care and correct it wherever it is found.

I acknowledge and thank Dwayne Hall, whose own family experience with bias in healthcare was a driving force behind this legislation and without whose leadership this bill would not have been possible.

Every American deserves quality care and every American deserves equal care. I look forward to working with my colleagues on this bill to make health equity a reality in this country.

HONORING BLAKE HURST

(Mrs. WAGNER asked and was given permission to address the House for 1 minute.)

Mrs. WAGNER. Madam Speaker, I rise today to honor the tremendous service of a leader in Missouri agriculture, Mr. Blake Hurst.

Starting out as a young farmer in northwest Missouri, Blake rose through the ranks of the Missouri Farm Bureau to become a statewide board member, vice president, and, finally, president in 2010. Over his tenure, Blake brought the organization to new heights and developed a national reputation for his expertise in agriculture policy.

After decades of service, Blake plans to retire this year and spend more time on his farm with his loving wife, Julie, and their beautiful family.

Madam Speaker, I thank Blake for his unwavering support for Missouri farmers and wish him the very best as he begins this new chapter in his life.

AMERICA CAN AGAIN BE A WELCOMING NATION

(Mr. HIGGINS of New York asked and was given permission to address the House for 1 minute.)

Mr. HIGGINS of New York. Madam Speaker, one of the first actions of this administration was to shut down our Nation's doors to families, women, and children around the world fleeing violence and seeking refuge within our borders.

These bans showed a lack of decency and empathy, and they ignored the lessons of history. Immigrants built America, and they helped sustain and expand all that is good in a just and free society.

The President's ignorance of this history is perhaps the point of his policy, one that he uses to exploit and divide. Reports now show that the country intends to admit only 15,000 refugees this year, down from nearly 100,000 4 years ago.

The refugee community in western New York has helped revitalize entire neighborhoods, bringing diversity, culture, and new economic opportunity.

The organizations that support refugees, like the International Institute of Buffalo, Journey's End, Jewish Family Services, and others, continue to do their work with dwindling Federal support, but still they continue to do their good work.

I believe that we can once again be a generous and welcoming nation to the world's most vulnerable. It is imperative for our future that we do so.

The SPEAKER pro tempore. Members are reminded to refrain from engaging in personalities toward the President.

COMMEMORATING THE LIFE OF
WINSTON GROOM

(Mr. BYRNE asked and was given permission to address the House for 1 minute.)

Mr. BYRNE. Madam Speaker, I rise today to commemorate the life of a man I was proud to call a constituent and a friend, the great author Winston Groom.

Winston passed away recently in Fairhope, Alabama, after a long and vibrant life whose words touched untold millions around the globe. Most of America knows Winston is the author of "Forrest Gump," the timeless American novel adapted into the classic film of the same name.

Winston and I share a hometown, Mobile, and, as adults, lived near each other in Fairhope. I was blessed to be able to develop a friendship with Winston over the past several decades.

Our State of Alabama, particularly southwest Alabama, is renowned for the quality of writers we have produced. We are also renowned for the colorful qualities of many of those writers.

Winston was not only an incredible talent who will leave a lasting impact on the literary world, but one of the most colorful characters to ever call Alabama home. As Forrest Gump would say: "That's all I have to say about that."

I wish Winston's family all the best, and I thank them for sharing Winston with the world.

DEMOCRATS ARE FIGHTING FOR
ALL AMERICANS

(Mr. HOYER asked and was given permission to address the House for 1 minute.)

Mr. HOYER. Madam Speaker, since the beginning of this Congress, House Democrats have fought for the people. From lowering healthcare costs to raising wages by rebuilding America, to cleaning up corruption and strengthening democracy, House Democrats have passed major legislation and shown the American people what our priorities are.

At the same time, sadly, Republicans have also made clear what their priorities are, priorities the American people, in my view, do not share, for example, and particularly, on healthcare.

For years, Madam Speaker, President Trump and Republicans have been telling the American people that they have a plan that is better than the Affordable Care Act which will cover more Americans. As a matter of fact, the President said he would cover everybody at a lower cost and higher quality. Not a single Member of this House can rise and say, "I know what the President's bill is," because they have never seen it after 3 years and 8 months.

But after years with no plan being put forward, it is clear exactly what their plan really is: Eliminate the Af-

fordable Care Act and offer nothing in return. They continue to tell the American people, "You are on your own."

They tried to repeal or undermine the Affordable Care Act more than 65 times in Congress and failed. Now they are trying to overturn the law in court, and they are attempting to ram a Supreme Court nominee through in order to do what they failed to do through the legislative process, of course, after saying that we ought not to consider a Supreme Court nominee in an election year because we ought to let the people speak.

In fact, the people spoke in 2016 and voted for Hillary Clinton by over a 3 million disparity. Republicans didn't care. They wanted to know what the electoral college said. And, of course, that is our Constitution, but it is not the people speaking.

The fight over this nominee is very much about the ability of Americans to access quality, affordable healthcare.

When Democrats came into the majority, we took immediate action, Madam Speaker, to defend the Affordable Care Act in court and stand up for its protections for more than 130 million Americans with preexisting conditions.

What can we expect if Republicans succeed in ending the Affordable Care Act?

Free preventative screenings and services, gone.

The guarantee of coverage for those with preexisting conditions without higher premiums, gone.

The ability to get covered under your parents' plans if you are younger than 26, gone.

The ban on lifetime and annual limits of coverage, gone.

That is what we are defending for the people and what we will continue to protect.

Madam Speaker, we also took real action to lower prescription drug costs with the passage of H.R. 3 and other legislation—not a gimmick like President Trump's meaningless executive orders or his illegal coupon cards that endanger the future of Medicare, but real action to benefit those who need more affordable prescription drugs.

And when an unprecedented, deadly pandemic swept across the globe and on to our shores, House Democrats led the way with swift action, enacting four bipartisan laws and passing a fifth bill, the Heroes Act, 4½ months ago. No action in the United States Senate for 3½ months, and then a lame effort, which was not supported by Republicans in the Senate and certainly no Democrats in the Senate.

President Trump and the Republican Senate, however, have blocked the Heroes Act so necessary for those on unemployment, so necessary for those who are trying to feed their families, so necessary for family support, so necessary for small businesses, so necessary for hospital workers and those who are administering testing, and so

necessary for the States and localities that are hiring police, firefighters, sanitation workers—the critical personnel necessary to help confront this virus.

Where Democrats have said we are in this together, President Trump has said it is what it is.

Let me say to the American people: What it is does not have to be.

House Democrats have shown that there is a better way to lead and a more responsible way to govern in this crisis.

Democrats have also been fighting to make our economy work, Madam Speaker, for the people while Republicans fight to make our economy work for the wealthy. That is why they are fighting about the tax provision that they put into the CARES Act, which we think ought to be deleted because it is for the wealthy, not for those who are struggling.

In 2017, President Trump and Republicans enacted an unpaid-for \$1.5 trillion tax cut where 83 percent, more than 8 out of 10 Americans who got relief in that tax act were some of the wealthiest people in America, the top 1 percent. That bill also raised taxes on 86 million middle-class households.

In contrast, Madam Speaker, House Democrats have used our majority to benefit working families and grow our economy. We voted to raise the minimum wage and ensure equal pay for equal work for women. It lies unattended in the United States Senate. Senator McCONNELL will not bring it up.

We invested in new infrastructure and clean energy innovation that drives growth of new, high-paying American jobs. It sits unattended in the United States Senate.

□ 1115

House Democrats have been working to make government more transparent and accountable to the people.

Our majority moved swiftly, Madam Speaker, to pass the strongest and most comprehensive government reform legislation in decades, the For the People Act.

That bill will hold government officials more accountable, increase transparency and ethical standards, and increase voter protections while instituting national redistricting reforms.

Where is it? In the Senate left unattended, unconsidered by the United States Senate, because it is on McCONNELL's desk and he will not move it.

While this President and Republicans continue to make it harder for Americans to vote, and sow confusion and uncertainty about balloting, House Democrats passed H.R. 4 to restore the John Lewis Act, to restore the protections in the Voting Rights Act that so many fought for, demonstrated for, and died for.

But unfortunately, too many in this country are trying to make it more difficult, not easier, to cast that central facet of being a citizen in a democracy, the right to vote.

That is one of the 340 bipartisan bills that are languishing on Senator MCCONNELL's desk. He will not call them up before the Senate for a vote, muzzling democracy.

That is 340 important bipartisan bills blocked, stalled, or ignored.

Madam Speaker, let's not forget that we began our majority in the middle of a damaging and irresponsible government shutdown, the longest shutdown that I have experienced in the 40 years I have been here.

We moved swiftly to end that shutdown and prioritize the passage of funding bills last year and this year before the end of July in order to prevent another shutdown of our government.

So last year we passed 8 of the 10 appropriation bills by June 26. This year, we passed 8 of those 10, notwithstanding COVID, by July 26.

The Senate has not passed out of committee a single appropriation bill, not one, Madam Speaker.

What have they been doing? Judge after judge after judge after judge. That is what they are doing, to serve their ideological agenda, hoping that they can control through the courts that which they cannot control in the democratic process.

We have shown, Madam Speaker, what it means to govern for the people, and over the next few weeks, Americans will have a chance to choose the direction our country follows in the years ahead. They know that Republicans have failed them: no healthcare bill, no infrastructure bill that the President talked about in the campaign, "I am going to invest in infrastructure." No bill has been presented by the President to do that, no healthcare bill.

They know that our Republican colleagues have failed them through their inaction and irresponsibility.

And they know, Madam Speaker, that Democrats have offered a serious agenda of leadership, have demonstrated the capacity to govern responsibly, and have shown ourselves always to be for the people.

Madam Speaker, today we will be considering a bill. We are in negotiations. I hope those negotiations work. Frankly, Speaker PELOSI and Secretary Mnuchin reached four bipartisan deals. Mr. MEADOWS was not chief of staff, of course, at that point in time. Let us hope that we can reach a bipartisan deal.

We were supposed to consider our Heroes 2 bill, our offer, our proffer, our statement of what we think is necessary to uplift the American people, to let them know they are not on their own, we are with them, we are together.

We will consider that bill today if there is not an agreement. I hope there is an agreement. I hope we have a bipartisan piece of legislation that we can pass in the near future, because the American people need it, and that is what we have done in the past. Let's hope we can do it today.

BREAST CANCER AWARENESS MONTH

(Mr. GUEST asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GUEST. Madam Speaker, October is Breast Cancer Awareness Month, a time to call attention to this deadly disease, to recognize the advancement our Nation has made in the battle against breast cancer, and to spread information about the fight to save the lives of those impacted.

It is estimated that more than 275,000 new cases of breast cancer will be diagnosed this year. For this reason, it is vital that those at risk take proper steps to reduce their risk for this disease.

Our medical personnel have made great progress in our fight to cure breast cancer, but we must continue to do more.

Madam Speaker, I hope everybody will join me this month in spreading awareness about breast cancer, comforting those who have been impacted or are fighting cancer right now, and thanking our medical personnel for their dedication to treat and cure this deadly disease.

DON'T TAKE THE RIGHT TO VOTE FOR GRANTED

(Ms. SCANLON asked and was given permission to address the House for 1 minute.)

Ms. SCANLON. Madam Speaker, our elections are foundational to our democracy, the pulse of our Nation, and the most sacred form of protest that we as Americans have at our disposal.

We, the people, have a right to vote without obstruction, without fear, without intimidation, and with the assurance that every vote will be counted.

Madam Speaker, I want to take a minute to assure the American people who are receiving mail-in ballots for the first time, making a plan to vote on election day, looking for locations where early voting is taking place, signing up to volunteer, or feeling a sense of uncertainty as we participate in one of the most important elections of our lifetime: your vote is safe, your vote is secure, and your vote matters.

And, Madam Speaker, to the young people who will be casting their votes for the first time: you are the future of this country, and we need you to participate in our government now more than ever.

To those who have lost faith in our government: we, the people, are the gatekeepers of our democracy, and our participation has never been more important.

There is far too much on the line for us to take voting for granted.

THE GIFT OF ADOPTION

(Mr. MURPHY of North Carolina asked and was given permission to address the House for 1 minute.)

Mr. MURPHY of North Carolina. Madam Speaker, I would like to reach out today to the thousands of Americans who have opened their homes to the gift of adoption. Giving a child a home and a better life is one of the greatest gifts we can give.

I especially want to applaud Judge Amy Coney Barrett's effort to help bring two children from Haiti out of the depths of despair to a better life here in America.

I was doing medical relief work in Haiti after the 2010 earthquake, which made 80,000 children orphans instantly. Children who would literally be 10 feet apart from their parents would be separated in the chaos, never to see them again.

The Barrett family did a beautiful thing by adopting an orphaned child in the aftermath of this horrible disaster. Her family gave a toddler a new life after one of the worst earthquakes in recorded history.

Unfortunately, some misguided souls in this country have turned that beautiful act of kindness into one of creating racial division rather than unity. They purport evil motives in a selfless act of sacrifice just to create further division in our Nation.

Judge Coney Barrett is now a Supreme Court nominee. Let her example of knocking down racial barriers and creating unity rather than division be an example for all of us to follow.

I look forward to her successful placement on the Nation's highest court.

WE ARE A NATION IN CRISIS

(Ms. DEAN asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. DEAN. Madam Speaker, more than 207,000 Americans are dead, and there is no end in sight. One in six Americans is jobless.

These are not just numbers. These are people. They have lost their livelihoods, their health, their careers. Many have lost everything. It did not have to be this way.

Our Nation had its first confirmed COVID case in January, and yet 9 months later, there is no national testing strategy, no leadership from the White House.

We have a President who would rather save face, save power to himself, than save lives, who corrosively continues to play politics as people die.

We are a Nation in crisis. People are in despair.

Government has a role to play. We must act with urgency and decency as we support one another with direct cash relief, funds for State and local governments, widespread testing, and the guarantee of free COVID treatment and vaccines for all.

Let us live up to Elijah Cummings' command: "We are better than this."

THE UNITED STATES SUPPORTS
INDIA

(Mr. BURCHETT asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BURCHETT. Madam Speaker, it is in the best interests of the United States of America to build and maintain strong partnerships with our allies across the globe.

In that spirit, I rise today in recognition of our important relationship with one of those allies, the Republic of India.

India, the world's largest democracy, is under constant threat from the Chinese Communist Party. The Chinese Communist Party has been acting aggressively towards India in recent years and infringing on Indian territory.

India is an effective counterweight to the Chinese Communist Party's desire for dominance in southeast Asia, Madam Speaker, and a strong India is critical to preventing expansion of the Chinese Communist Party's global influence.

I am proud to stand on the floor of the House of Representatives today with a strong, clear message for our friends in India: The United States supports you in your struggle against Chinese aggressors. Together, our two democratic, free nations will stand against the communism that only seeks to rob citizens of their individuality and beliefs.

HONORING JONATHAN "J.T."
TENNANT

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Madam Speaker, I rise today to honor 20-year veteran harbor pilot Jonathan "J.T." Tennant of Brunswick, Georgia, who played a pivotal role in ensuring the safety of all crew members aboard the Golden Ray carrier when it shipwrecked over a year ago on September 8, 2019.

If you visit St. Simons Island in Georgia's First Congressional District, it is hard to miss the Golden Ray, which is a 656-foot-long car carrier that remains capsized in the St. Simons Sound.

As the investigation into the incident by the U.S. Coast Guard and the National Transportation Safety Board continues, we have been able to gain valuable insight from crew members and others involved.

Although he had steered a city-block-sized cargo ship from the Brunswick River to the St. Simons Sound several thousand times, nothing could have prepared J.T. for what happened the morning of September 8.

The Golden Ray was sailing normally, but the rudder and the propeller came up out of the water to where J.T.

had no operational control of the vessel, and it started capsizing rapidly.

He endured flames melting the steel and smoke emanating from airboxes the entire length of the ship.

As testament to his extensive experience piloting more than 5,000 ships in and out of the Port of Brunswick, J.T. drove the Golden Ray as far up on the Sound as possible that day to ensure all 23 mariners aboard were safe and rescued.

When you see the giant cargo ship in the Sound and realize there was no loss of life, it is nothing short of a miracle and a testament to the hardworking crew, including J.T.

Although it is an unfortunate situation, I am thankful for the courage and determination J.T. and the entire crew displayed that day.

A DOMESTIC MINERAL SUPPLY
CHAIN IS ESSENTIAL FOR OUR
NATIONAL SECURITY

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, for decades, America's mining industry has suffered at the hands of foreign competition from China.

Yesterday, President Trump signed an executive order to expand the domestic mining industry, supporting thousands of American mining jobs and reducing our dependence on China for critical minerals.

A domestic mineral supply chain is essential for our national security, because they are used for military, infrastructure, and energy projects.

America certainly should not be depending on China for precious materials that are critical to our national defense. This should rest solely in our hands.

By streamlining development of critical minerals at home and creating jobs for American workers along the way, this executive order is a win-win.

With all the push for renewable energy in this country and electric vehicles, we certainly need to have this supply chain come from our country and not somewhere else.

Madam Speaker, I am grateful for President Trump's bold action to continue our economic growth while also taking bold action against a foreign adversary.

CHILDHOOD CANCER HEARING
LOSS

(Mr. BUDD asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BUDD. Madam Speaker, over 15,000 American children are diagnosed with cancer every year. Having the most innocent among us receive such a gut-wrenching diagnosis is devastating.

Thankfully, incredible progress has been made in treating cancer among children. As more kids become survivors, we need to make a concerted effort to improve their lives and to strive to develop treatments that do not carry permanent side effects.

For example, I have constituents whose children have experienced permanent hearing loss, which can occur when young patients undergo chemotherapy. That is why I recently sent a letter to the Agency for Healthcare Research and Quality asking them to identify any research efforts to reverse this loss of hearing.

We owe it to our young survivors to help them thrive and maintain a high quality of life. I encourage Federal researchers to keep producing the medical miracles that will help our kids prevail in the fight against cancer.

Ms. SCANLON. Madam Speaker, for the purpose of debate only, I yield the customary 30 minutes to the gentlewoman from Arizona (Mrs. LESKO), pending which I yield myself such time as I may consume. During consideration of this resolution, all time yielded is for the purpose of debate only.

GENERAL LEAVE

Ms. SCANLON. Madam Speaker, I ask unanimous consent that all Members be given 5 legislative days to revise and extend their remarks.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Pennsylvania?

There was no objection.

Ms. SCANLON. Madam Speaker, on Wednesday, the Rules Committee met and reported a rule, House Resolution 1164, providing for consideration of H. Res. 1153, condemning unwanted, unnecessary medical procedures on individuals without their full, informed consent, under a closed rule.

The rule self-executes a manager's amendment offered by Chairman NADLER, which clarifies the last statement in the resolved clause. The rule provides 1 hour of debate, equally divided and controlled by the chair and ranking minority member of the Judiciary Committee.

The rule also provides for consideration of H. Res. 1154, condemning QAnon and rejecting the conspiracy theories it promotes, under a closed rule. The rule provides 1 hour of debate, equally divided and controlled by the chair and ranking minority member of the Judiciary Committee.

Madam Speaker, I am proud to offer the rule for two timely and necessary resolutions, one that addresses allegations of gross human rights violations conducted under the watch of the United States Government and the other a long-overdue resolution that forcefully condemns QAnon, an anti-Semitic, racist, and, frankly, unhinged conspiracy theory that has infiltrated the internet and infected the rightwing of our Nation's politics.

Let's start with H. Res. 1153, offered by my colleague, Congresswoman JAYAPAL of the House Judiciary Committee, in response to some of most repulsive and inhumane allegations ever directed at a U.S. Federal agency.

In mid-September, just a couple of weeks ago, a whistleblower came forward to disclose that women who have been detained for immigration offenses at Irwin County Detention Center in Georgia, operated by a private prison company, LaSalle Corrections, have been subjected to a pattern of non-consensual and inappropriate medical treatment, including forced partial and full sterilization.

This complaint was submitted to the Office of Inspector General at the Department of Homeland Security and outlined concerns raised by a nurse at the facility and numerous immigrant detainees at the facility.

While the IG's investigation is just beginning, many of the central allegations in the complaint have already been confirmed in reporting by The New York Times and by a delegation of a dozen of my colleagues who visited the detention center last weekend, interviewed women who had suffered through these procedures, and consulted with medical professionals who have reviewed the women's medical records relating to those incidents.

Madam Speaker, I include in the RECORD The New York Times article from yesterday entitled "Immigrants Say They Were Pressured Into Unneeded Surgeries."

[From the New York Times, Sept. 29, 2020]

IMMIGRANTS SAY THEY WERE PRESSURED INTO UNNEEDED SURGERIES

(By Caitlin Dickerson, Seth Freed Wessler, and Miriam Jordan)

IMMIGRANTS DETAINED AT AN ICE-CONTRACTED CENTER IN GEORGIA SAID THEY HAD INVASIVE GYNECOLOGY PROCEDURES THAT THEY LATER LEARNED MIGHT HAVE BEEN UNNECESSARY

Wendy Dowe was startled awake early one morning in January 2019, when guards called her out of her cellblock in the Irwin County immigration detention center in rural Georgia, where she had been held for four months. She would be having surgery that day, they said.

Still groggy, the 48-year-old immigrant from Jamaica, who had been living without legal status in the United States for two decades before she was picked up by immigration authorities, felt a swell of dread come over her. An outside gynecologist who saw patients in immigration custody told her that the menstrual cramping she had was caused by large cysts and masses that needed to be removed, but she was skeptical. The doctor insisted, she said, and as a detainee—brought to the hospital in handcuffs and shackles—she felt pressured to consent.

It was only after she was deported to Jamaica and had her medical files reviewed by several other doctors that she knew she had been right to raise questions.

A radiologist's report, based on images of her internal organs from her time at Irwin, described her uterus as being a healthy size, not swollen with enlarged masses and cysts, as the doctor had written in his notes. The cysts she had were small, and the kind that occur naturally and do not usually require surgical intervention.

"I didn't have to do any of it," Ms. Dowe said.

The Irwin County Detention Center in Ocilla, Ga., drew national attention this month after a nurse, Dawn Wooten, filed a whistle-blower complaint claiming that detainees had told her they had had their uteruses removed without their full understanding or consent.

Since then, both ICE and the hospital in Irwin County have released data that show that two full hysterectomies have been performed on women detained at Irwin in the past three years. But firsthand accounts are now emerging from detainees, including Ms. Dowe, who underwent other invasive gynecological procedures that they did not fully understand and, in some cases, may not have been medically necessary.

At least one lawyer brought the complaints about gynecological care to the attention of the center's top officials in 2018, according to emails obtained by The New York Times, but the outside referrals continued.

The Times interviewed 16 women who were concerned about the gynecological care they received while at the center, and conducted a detailed review of the medical files of seven women who were able to obtain their records. All 16 were treated by Dr. Mahendra Amin, who practices gynecology in the nearby town of Douglas and has been described by ICE officials as the detention center's "primary gynecologist."

The cases were reviewed by five gynecologists—four of them board-certified and all with medical school affiliations—who found that Dr. Amin consistently overstated the size or risks associated with cysts or masses attached to his patients' reproductive organs. Small or benign cysts do not typically call for surgical intervention, where large or otherwise troubling ones sometimes do, the experts said.

The doctors stressed that in some cases the medical files might not have been complete and that additional information could potentially shift their analyses. But they noted that Dr. Amin seemed to consistently recommend surgical intervention, even when it did not seem medically necessary at the time and nonsurgical treatment options were available.

In almost every woman's chart, Dr. Amin listed symptoms such as heavy bleeding with clots and chronic pelvic pain, which could justify surgery. But some of the women said they never experienced or reported those symptoms to him.

Both the reviewing doctors and all of the women interviewed by The Times raised concerns about whether Dr. Amin had adequately explained the procedures he performed or provided his patients with less invasive alternatives. Spanish-speaking women said a nurse who spoke Spanish was only sporadically present during their exams.

The diagnoses and procedures are "poorly supported" and "not well documented," said Dr. Sara Imershein, a clinical professor at George Washington University and the Washington, D.C., chair of the American College of Obstetricians and Gynecologists.

Even if the patients had reported the symptoms recorded by Dr. Amin, "there

would have been many avenues to pursue before rushing to surgery," she said. "Advil for one."

"He is overly aggressive in his treatment and does not explore appropriate medical management before turning to procedures or surgical intervention," said Dr. Deborah Ottenheimer, a forensic evaluator and instructor at the Weill Cornell Medical School Human Rights Clinic.

But the doctors who reviewed the cases noted that aggressive overtreatment is all too common among doctors—especially with patients who do not have the resources to seek a second opinion.

Dr. Ada Rivera, medical director of the ICE Health Service Corps, said in a statement that the whistle-blower's allegations "raise some very serious concerns that deserve to be investigated quickly and thoroughly." She added, "If there is any truth to these allegations, it is my commitment to make the corrections necessary to ensure we continue to prioritize the health, welfare and safety of ICE detainees."

Dr. Amin's lawyer, Scott Grubman, said in a statement that the physician "strongly disputes any allegations that he treated any patient with anything other than the utmost care and respect."

"Dr. Amin also strongly disputes that any patient was treated without full informed consent," the statement continued. Mr. Grubman said that patient privacy laws prevented him from discussing any specific patient's treatment, but in each case it "was medically necessary, performed within the standard of care, and done only after obtaining full informed consent."

The statement added that Dr. Amin always uses an interpreter when treating patients who do not speak English and "always attempts to treat his patients with more conservative treatment, including medicine and less invasive procedures, before even recommending surgery," which he views as a last resort.

Independent doctors that provide treatment for ICE detainees are paid for the procedures they perform with Department of Homeland Security funds. Procedures like the ones that Dr. Amin performed are normally billed at thousands of dollars each.

Dr. Amin's billings had previously come to the attention of federal authorities. In 2013, the Justice Department named him in a civil case alleging that he and several other doctors had overbilled Medicare and Medicaid by, among other things, performing unnecessary procedures on terminal patients and leaving the emergency room staffed by nurses while billing for diagnoses and treatments as if they had been performed by doctors. The case was settled for \$520,000 with no admission of fault on the part of the defendants.

I COULD NOT ASK ANY QUESTIONS

In many cases, Dr. Amin's patients said they were confused about why they ended up being sent to his office in the first place—some after raising medical issues that had nothing to do with gynecology.

Yuridia, a 36-year-old immigrant from Mexico, sought out a nurse at the center soon after she arrived because she was having pain in her rib after a fight with her abusive ex-partner just before she was picked up by ICE. She asked to be identified by her first name because she feared for her safety.

She was sent for a medical exam at Dr. Amin's office, where she said he began to prepare an ultrasound machine. "I was assuming they were going to check my rib," she said. "The next thing I know, he's doing a vaginal exam."

Dr. Amin recorded in his notes that Yuridia had cysts in her ovaries and sched-

uled a surgery to remove them. He also wrote that she had complained of heavy menstruation and pelvic pain. She said that she never experienced or reported those conditions and that she had not asked to see a gynecologist.

Weeks later, she underwent surgery. Pathology reports show that she did not have dangerous cysts, but small ones of the kind that occur naturally in most women and do not call for surgical intervention.

Yuridia said she had expected only a minor procedure that would be performed vaginally, but she was surprised when she woke up to find three incisions on her abdomen and a piece of skin missing from her genital area.

"I woke up and I was alone, and I was in pain and everyone spoke English so I could not ask any questions," Yuridia said. Three days later, still sore and recovering, she was deported.

Yuridia's case bears striking similarities to others that the panel of doctors reviewed. Many of them led to two surgical procedures performed simultaneously: "dilation and curettage," often referred to as a "D & C," which involves inserting tools into a woman's vagina and scraping tissue from the uterus, and laparoscopy, in which three incisions are made to insert a camera into the abdominal cavity to examine or perform procedures on the reproductive organs.

The cases suggest a pattern of "excessively aggressive surgical intervention without adequate trial of medical remedies," Dr. Ottenheimer said.

A REPORT REVEALS LONGSTANDING COMPLAINTS

It was the Irwin County center's handling of the coronavirus pandemic that inspired Ms. Wooten, the nurse whose whistle-blower complaint was first reported by The Intercept, to come forward about another issue that troubled her: Dr. Amin's surgeries. She said in an interview that she had for years noticed that an inordinate number of women were being referred to Dr. Amin. She said she would hear reports that they had undergone surgeries but that they had no idea why the surgeries were performed.

"After they get up from general anesthesia," Ms. Wooten said, the women would ask, "Why'd I have this surgery?"

"And I don't have an answer for why," she said. "I am just as shocked as they are. Nobody explained it to them."

Data from ICE inspection reports show that the center, which is operated by a private prison company, Lasalle Corrections, refers more than 1,000 detainees a year for outside medical care, far more than most other immigration detention centers of the same size. It is not clear how many of these referrals are for gynecological care. Lasalle Corrections did not respond to requests for comment.

Concerns from women detained at Irwin emerged long before Ms. Wooten came forward.

Ms. Dowe, after being told by Dr. Amin that she had a mass the size of a "cantaloupe" on her uterus, had reached out in early 2019 to Donald Anthonyson, an immigrant advocate she had met through a fellow detainee. She was asking for help, Mr. Anthonyson said.

"She expressed real concerns about going to that doctor," he said. "She was concerned about what was happening to her and what she was hearing from other women."

Unlike some of the women who had no gynecological complaints, Ms. Dowe was experiencing intense menstrual cramping, which the doctors who reviewed her case said could sometimes justify the procedure she underwent—but only if the patient understands the options and elects to move forward. Even

then, the doctors raised questions about several seemingly healthy and naturally occurring cysts that Dr. Amin might have removed unnecessarily while he was operating on her.

After the procedure, Dr. Amin wrote in his notes that Ms. Dowe requested a second surgery—a full abdominal hysterectomy and removal of her ovaries.

But Ms. Dowe insists she never made any such request. A note in her medical records from the detention center appears to corroborate her denial. "Detainee is requesting a second opinion to have a hysterectomy," it reads, "OB/GYN scheduled hysterectomy and patient refused."

Complaints about Dr. Amin had also been raised with senior officials long before Ms. Dowe's case.

In November 2018, a woman named Nancy Gonzalez Hidalgo was left shaken after several visits with the physician, during which she said he performed rough vaginal ultrasounds and ignored her when she cried out in pain. Ms. Gonzalez Hidalgo's lawyers sent an email to the warden of the center, David Paulk.

In the email, Erin Argueta, a lawyer at the Southern Poverty Law Center, explained that Ms. Gonzalez Hidalgo's health was worsening because of complications she was experiencing from an earlier miscarriage.

"Nancy hesitated to seek medical attention because her last experience with Dr. Amin was so painful and traumatic that she did not want to be sent back to him," Ms. Argueta wrote.

She referred in her email to several previous verbal complaints about Dr. Amin that lawyers had taken to the center's inmates services director, Marteka George. "Ms. George stated that this was not the first time someone complained about Dr. Amin, and she said that she would look into whether Nancy could see a different provider," the lawyer wrote.

The warden responded twice, stating on Nov. 30 that Ms. Gonzalez Hidalgo had been scheduled for an appointment with an outside provider "that is unassociated with Dr. Amin." The other doctor, Warden Paulk said, was "reportedly well thought of by his patients."

Warden Paulk did not respond to requests for comment.

Other women who questioned Dr. Amin's care in the past said they had also faced challenges when they tried to seek answers.

On the morning of Aug. 14, Mileidy Cardentey Fernandez said, there was no interpreter present at the Irwin County Hospital when she was presented with consent forms in English to sign for a procedure she was undergoing that day.

She asked the technician, "Spanish, please? Little English." The woman urged her to sign the forms—and so she did.

Afterward, she said, she filled out a form on numerous occasions at the detention center requesting her medical records but got no response.

"I wanted to know everything they had done," she said. "I made requests for the biopsy, analyses, and they don't want to give them to me. They said they don't have the results. How can they not have the results?"

When she was released from detention on Sept. 21, she called her daughter in Virginia and then headed straight to Dr. Amin's clinic with her lawyer to demand her records, which she received.

Some women said they had managed to avoid surgeries by Dr. Amin but not without facing resistance.

Enna Perez Santos said she objected when Dr. Amin suggested that she undergo a procedure similar to the ones that other women had complained about. Dr. Amin, she said,

counseled her that it was a mistake to forgo the treatment and he wrote in his notes that she had asked to speak to a mental health care provider.

Back at the detention center on the same day, Ms. Perez Santos was given a psychiatric evaluation. "I am nervous about my upcoming procedure," Ms. Perez Santos told the examiner, according to the practitioner's notes. "I am worried because I saw someone else after they had surgery, and what I saw scared me."

Ms. Perez Santos was brought three more times to Dr. Amin's office over the next several months, she recalled. Each time, she said, Dr. Amin raised the prospect of a surgery. She felt "pressured" to agree, she said, but each time she told him she did not consent.

Three board certified gynecologists who reviewed Ms. Perez Santos's medical files say that her instincts appear to have been correct. "Based on what I see here, Amin was inappropriately suggesting a D & C scope," Dr. Ottenheimer said. "There is nothing at all there to support the procedure."

Ms. SCANLON, Madam Speaker, the whistleblower complaint raises multiple serious questions which should concern every Member of this body and the administration.

First, these women were apparently subjected to unnecessary and inappropriate medical care without their consent, which, in many cases, has rendered them unable to have children, one of the most precious decisions a family can make.

Second, think about the circumstances. Many of these women did not speak English and had no access to interpreters to explain the procedures to which they were subjected. They were being held in detention, awaiting adjudication of their legal applications to stay in this country, not for any crime. But they had no access to family members, their family doctors, or legal counsel.

Many report that they went to the doctor for unrelated medical conditions and only learned that they had been subjected to surgery after the fact.

Finally, we must determine how such outrageous and inhumane treatment of human beings in the custody of a U.S. agency could be allowed to occur, and we must hold that agency, as well as the detention center, the facility, the private prison operator, and the medical personnel, accountable.

I cannot even begin to express how appalling these allegations are and the stain that, if found to be accurate in their entirety, they will leave on this country.

I am sure there is not a single Member of this body who doesn't want to see a full independent investigation into these claims, and that is exactly why we are offering this resolution today.

This resolution expresses the sense of Congress that this investigation must begin immediately. Any delay is simply unacceptable.

Members of this body have already been forced to intervene in ICE's attempts to deport witnesses central to the investigation since the complaint

was filed. This further affirms the necessity for the investigation and that the very nature of how Federal agencies like ICE and DHS are operating under this administration, in violation of the rule of law and without accountability, that this is unacceptable.

Our current administration is aware of the structural flaws in our immigration system and exploits them to great political effect. What we are left with is a leader and a party that vilify immigrants as a tool for political gain. Then they systematically round up and detain immigrants in some of the most horrific ways possible, using private detention centers, separating children from their parents, denying basic medical treatment such as flu shots or COVID prevention, and inflicting lifelong trauma on our fellow humans, creatures of God.

The allegations from the Irwin County detention facility are repugnant, but they are consistent with a pattern of inhumane and similar injustices that have been perpetrated by this administration. ICE and DHS operate with impunity under a President who is using them as a secret police force.

I hope all of my colleagues will join me in passing this necessary resolution, but more than that, I hope that we can come together to reform our broken immigration system.

Our current system harms significantly more than it helps, inflicting physical and emotional pain without protecting our borders. We are long overdue for serious changes that will better reflect our values and interests as a country.

Next, Madam Speaker, we have H. Res. 1154, a resolution condemning the rightwing conspiracy theory QAnon.

I am not entirely sure where to start with QAnon, but basic research tells us it is a rightwing conspiracy theory concocted in some of the darkest corners of the internet that purports to hail President Trump as a savior of the country by combating shadowy members of a deep state who kidnap children in order to drink their blood.

This is a theory so ludicrous that it could be considered absurd if not for the thousands of Americans who have fully bought into these premises and the rash of violence, hatred, and criminal activity that these wild theories have encouraged.

In August 2020, a woman in Colorado was arrested and charged with attempted kidnapping of her daughter, who had been placed in foster care as her mother was deemed unfit to care for her. The woman is a fervent QAnon follower and was even found to have consulted other QAnon believers in a plot to kidnap her son, also in the foster care system.

Then there is the case of an Arizona man who was a QAnon follower. He was charged with aggravated assault and making terroristic threats after he was inspired by QAnon theories to use an armored van to block a bridge over the Hoover Dam and demand release of a

report he believed existed that would expose the deep state, whatever that is.

The court ultimately blocked his guilty plea as the judge determined that the sentencing would have been too lenient for the crimes he had committed.

One of the most high-profile QAnon incidents came after an alleged leader of the Gambino crime family in New York was murdered by a QAnon supporter who, according to his testimony, believed that the murder would assist President Trump.

While my colleagues on the other side of the aisle continue to flirt with these fringe conspiracy theories, including riling up their base with allegations of invasions by antifa, which have been debunked by the administration's own FBI, QAnon and those who have bought into it are genuine threats to our democracy.

We are talking about a coordinated, sophisticated cult that is poisoning the brains of more and more Americans each day.

In our Rules Committee meeting last night, many of my colleagues claim to have never even heard of this deadly cult. I cannot possibly believe that these skilled political operatives are so clueless, but that is beside the point.

President Trump is certainly aware, and his tacit support and encouragement of these dangerous narratives are a threat to the law and order he so noisily embraces.

I hope that every single one of my Republican colleagues joins us in condemning QAnon today for the sanity of this country. It is particularly important that we do so now because the Republican Caucus may not be united on this front in the next Congress.

Madam Speaker, with more than 15 QAnon believers on the ballot this November across the country, it appears likely that at least one or two of them may be taking seats in Congress next term.

In the meantime, every single Member on both sides of the aisle must take their share of blame if these Hallowed Halls are going to be contaminated by Representatives of a deranged conspiracy theory.

In any case, I look forward to seeing how Minority Leader McCARTHY will find a spot for this kind of expertise next Congress.

Madam Speaker, I reserve the balance of my time.

□ 1145

Mrs. LESKO. Madam Speaker, I yield myself such time as I may consume, and I thank Representative SCANLON for yielding me the customary 30 minutes.

Madam Speaker, this rule consists of two nonbinding resolutions, H. Res. 1153, regarding allegations made against the Irwin County Detention Center, and H. Res. 1154, condemning QAnon and rejecting the conspiracy theories it promotes.

First, H. Res. 1153 is a complete disregard to our Nation's due process system. If the accusations from the

women at Irwin County Detention Center are true, they are obviously horrific, and this resolution would be, obviously, an appropriate response.

However, we don't know anything for certain yet. In fact, the Office of the Inspector General and the Department of Homeland Security are currently conducting investigations.

We could open up a committee investigation, too. We could go through a normal committee oversight process where we have a hearing and bring in witnesses to get to the truth. That would be appropriate, not this.

Guess what. ICE agrees with us. Acting ICE Director Tony Pham issued a statement on September 18, 2020, saying: "The recent allegations by the independent contracted employee raise some very serious concerns that deserve to be investigated quickly and thoroughly. ICE welcomes the efforts of both the Office of the Inspector General as well as the Department of Homeland Security's parallel review.

"As a former prosecutor, individuals found to have violated our policies and procedures should be held accountable. If there is any truth to these allegations, it is my commitment to make the corrections necessary to ensure we continue to prioritize the health, welfare, and safety of ICE detainees."

In fact, I, along with my colleague from New Jersey, Representative CHRIS SMITH, sent a letter to DHS last week to state that the allegations are alarming and must be investigated thoroughly.

It also said in our letter that these accounts don't comport with the statement of Dr. Ada Rivera, the medical director of the ICE Health Services Corps, who stated that, since 2018, only two individuals at Irwin County Detention Center were referred to certified, credentialed medical professionals at gynecological healthcare facilities for hysterectomies. Dr. Rivera also said that detainees are afforded informed consent, and a medical procedure like a hysterectomy would never be performed against a detainee's will.

On September 18, the Associated Press published an article citing the results of its own internal investigation. It stated that the AP's review did not find evidence of mass hysterectomies as alleged in a widely shared complaint filed by a nurse at the detention center.

The AP also noted that one attorney investigating the case had found that Dr. Amin has performed surgery or other gynecological treatment on at least eight women detained at Irwin County Detention Center since 2017, including one hysterectomy.

As a member of the Homeland Security Committee and the co-chair of the Bipartisan Women's Caucus, I am very concerned about these accusations in this situation. However, what happened in this body to due process?

The way the House is moving forward today on this resolution sets a very dangerous precedent. For instance, in

the resolution itself, it states: "Whereas these allegations indicate a failure by U.S. Immigration and Customs Enforcement to conduct rigorous oversight to protect the health and safety of people in its custody."

However, we do not even know if the allegations are true. It should, instead, read: "If true, these actions indicate a failure."

We can't just base it on allegations. This is an example of my Democratic colleagues' acting first and learning later.

Right now, we need to investigate, not bring a resolution condemning ICE to the floor. This is backwards, and it is just wrong. America needs to see us together on this issue. Unfortunately, my Democratic colleagues clearly do not want to work with Republicans to make that a reality.

Madam Speaker, this rule also contains H. Res. 1154.

At the outset, let me be clear, Republicans are concerned with and do not embrace QAnon.

I have to admit, although I must confess I know little to nothing about this idea, organization, whatever it is, if what they say on Wikipedia is true, then, of course, we oppose it. In fact, on August 20, the House Republican leader, Mr. MCCARTHY, stated very clearly that there is no place for QAnon in the Republican Party.

It is a serious issue, and Republicans don't discriminate on which dangerous organizations or groups we take seriously. We don't just condemn groups because it is politically convenient. Because, unlike many of our colleagues across the aisle, we also take the threat of antifa seriously.

It is clear, unfortunately, that many of my Democratic colleagues refuse to condemn antifa. Chairman NADLER said here right on the floor of the U.S. House of Representatives something to the effect that antifa was a myth, a fantasy. Just the other night, Vice President Biden refused to condemn antifa at the debate.

That is why, last night, I offered an amendment to this resolution in the Rules Committee to include condemning antifa, so we, as a governing body, could unite against at least two threatening groups and ideologies, not just one.

Unfortunately, all of my Rules Committee Democratic colleagues voted against my commonsense amendment, even though FBI Director Wray, himself, testified recently in Judiciary Committee: "Antifa is a real thing. It is not fiction." In other words, antifa is not a myth as some on the other side believe. According to the FBI and the Department of Justice, antifa is involved in the rioting and looting across our Nation.

So while I do wish that the majority would have included a resolution condemning antifa in this rule for floor consideration today, I am glad Republicans can put country first and agree when a group poses a threat.

Madam Speaker, I urge opposition to the rule, and I reserve the balance of my time.

Ms. SCANLON. Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, I am so pleased to hear that we should all be working together to get to the bottom of this, because that is exactly what the resolution puts forward. It says that these are allegations. It doesn't say that they are conclusively proved. But the resolution asks for an investigation, and it asks our government to pull out all the stops to do that.

The reason we need a resolution and a sense of Congress about this is because we see ICE and the Department of Homeland Security undermining this investigation already. When the news broke 2 weeks ago, they promptly moved to deport one of the central witnesses. One of our colleagues, SHEILA JACKSON LEE, had to get that witness removed from a plane. She was on the tarmac ready to be sent overseas, where she then would not be available to testify.

That same person was given humanitarian relief. She is allowed to stay in the country. Today, this morning, as we speak here, she reported to check in to ICE, as she was required to and as most immigrants do in our system, and when she reported, they tried to arrest her and deport her again.

As we speak, Members of this body are having to work to keep ICE from undermining this investigation. So, yes, we need this resolution to move forward.

Madam Speaker, I yield 3½ minutes to the gentleman from Massachusetts (Mr. MCGOVERN), who is the distinguished chairman of the Committee on Rules.

Mr. MCGOVERN. Madam Speaker, I want to thank the distinguished member of the Rules Committee, Ms. SCANLON, for yielding me the time.

Madam Speaker, I rise in strong support of this rule and the underlying resolutions. We must pass the resolution from Congresswoman JAYAPAL. Medical procedures being done on immigrants without their consent harkens back to a dark time in our Nation's history when medical abuse against the poor and people of color happened again and again and again.

I rise today, though, to discuss the bipartisan resolution condemning the collective delusion known as QAnon. I don't say that description lightly, Madam Speaker, but we all must call it what it is: a sick cult.

We are not talking about a group of people with just some differing political views. Americans respect political disagreement. But what we do not respect and what this House should not tolerate are people using conspiracy theories from the darkest corners of the internet to spread hate and lies.

QAnon isn't some harmless distraction. It is an extremist ideology that exploits children and opens the door to

real-life violence. That is what we are talking about here: reality versus delusion; political discussion versus political violence.

Just ask the sponsor of this resolution, Congressman MALINOWSKI. In an interview that was published yesterday, he talked about the death threats and hundreds of hate-filled attacks sent to him from QAnon supporters after introducing this bill.

He is not the only Member of Congress who has been targeted. Sadly, there are candidates across the country running to serve in Congress who peddle this trash.

It is sick; it is wrong; and it is dangerous.

It is frustrating that the President wouldn't condemn QAnon. He says they like him. But, then again, I never thought I would see the day when a President of the United States would tell a white supremacist group to stand down and stand by in a national debate. He didn't use a dog whistle; he used a blow horn.

Extreme views like these are dangerous.

Are we really going to stand by and do nothing, Madam Speaker?

That is not who we are as a nation. All of us, especially my Republican colleagues, must condemn QAnon or risk being complicit in their dangerous hate peddling.

So let's make it crystal clear: This is a sick and a twisted ideology.

Mrs. LESKO, Madam Speaker, I yield myself such time as I may consume.

Madam Speaker, let's be clear: I already said it, but we agree. We condemn QAnon, but we also ask the majority to condemn antifa.

Why is the majority condemning one group and not the other group? That is the point.

But let me go on to what my colleague, Representative SCANLON, said on H. Res. 1153. This was said in the Rules Committee last night, too, that all this resolution does is call for an investigation.

That is inaccurate. This resolution goes beyond that. In fact, it says it right here, and I said it last night. It says: "Whereas these allegations indicate a failure by U.S. Immigration and Customs Enforcement."

So, if all it did was call for an investigation, fine, but that is not what it all does. It says: Whereas these allegations indicate a failure by ICE.

Madam Speaker, you saw in the comments that Representative SCANLON gave that she was going after ICE. That is what this is about.

Madam Speaker, I yield 5 minutes to the gentleman from Georgia (Mr. AUSTIN SCOTT).

□ 1200

Mr. AUSTIN SCOTT of Georgia. Madam Speaker, I thank my colleague for yielding, and I thank all of my colleagues for their comments.

Madam Speaker, I would like to focus my comments on the attacks on the

Irwin County Hospital and the staff at the Irwin County Hospital. And one of the things that I would like to make very clear is: While I was not invited to the event at the Irwin County Detention Center that my colleagues had—even though it is in my district—I was on the telephone with people who were there at the time, including our local hospital administrator. I have been to that facility, and one of the things I want everybody in this Congress to understand is, surgical procedures are not done at the Irwin County Detention facility. They are not. They are done at the Irwin County Hospital.

So when you talk about procedures being done at the Irwin County Detention facility, it is just false. They are done at the Irwin County Hospital. The detention facility is not set up to do surgical procedures.

So the question is: How do we get here?

Well, there was a whistleblower complaint filed by a group named Project South on September 14, 2020. I have a copy of the complaint. The complaint focuses on COVID and the challenges that the facility may or may not have had with COVID. And every facility in the United States, including this Congress, had challenges with personal protective equipment and COVID, and how we were handling those issues.

Now, in this complaint, which focuses predominantly on COVID, they make an allegation of hysterectomies. And I read to you from one of the AP articles: "But a lawyer who helped filed the complaint said she never spoke to any women who had hysterectomies. Priyanka Bhatt, staff attorney at the advocacy group Project South, told The Washington Post that she included the hysterectomy allegations because she wanted to trigger an investigation to determine if they were true."

And the investigation has been triggered. And we all want the investigation to go forward, and we want the facts to come out. And nobody wants the facts to come out more than those of us who live in that area. Nobody wants the facts to come out more than the doctor and the hospital and the staff at that hospital and the people who work at the detention facility.

Madam Speaker, I share with you a couple of quotes from some other AP articles. This is from The Washington Post: "The advocacy group that filed the complaint, Project South, did not make the hysterectomy allegations the focus of its September 14 complaint to DHS, a complaint that alleged there is poor medical care and novel coronavirus risks at the ICE facility."

The attorney at Project South who was the lead investigator for the complaint said in an interview with The Washington Post that she did not speak to or identify any women who had undergone a hysterectomy.

Madam Speaker, I include in the RECORD the Washington Post article.

[From the Washington Post, Sept. 22, 2020]
HOSPITAL WHERE ACTIVISTS SAY ICE DETAINEES WERE SUBJECTED TO HYSTERECTOMIES SAYS JUST TWO WERE PERFORMED THERE
(By Nick Miroff)

A hospital in rural Georgia where a physician has been accused of performing a large number of hysterectomies on immigrant detainees said its records show that just two women in immigration custody have been referred to the hospital for the procedure since 2017.

Heath Clark, an attorney for ERH Healthcare, which operates the Irwin County Hospital, said both of the procedures were performed by Mahendra Amin, the physician whom activists have accused of carrying out forced sterilizations on immigrant women in U.S. Customs and Immigration Enforcement custody.

According to a complaint filed last week by immigrant advocates and attorneys, a former nurse who worked at the Irwin County Detention Center, Dawn Wooten, claimed that a doctor known as "the uterus collector" was subjecting female ICE detainees to unwanted hysterectomies. The doctor was later identified in news reports as Amin. Through attorneys, he has denied the accusations, and calls to his office were not answered Tuesday.

Clark said hospital records show that Wooten's claims are "demonstrably false."

"These allegations are disturbing and sensational, but they are not supported by reality," said Clark, speaking by phone from Nashville. "Dr. Amin is a longtime member of the Irwin County Hospital medical staff and has been in good standing for the entirety of his service to the Irwin County community."

The allegations of forced sterilizations received significant attention from lawmakers, news organizations and human rights groups last week. Attorneys who represent several women have come forward to say that their clients received gynecological treatments from Amin that they did not agree to or fully understand, including one former Irwin detainee, Pauline Binam. Binam said that one of her fallopian tubes was removed without consent.

Binam's deportation to Cameroon was halted last week at the behest of Rep. Sheila Jackson Lee (D-Tex.).

Amin has a private clinic near the detention facility, but the hospital is the only place where such a procedure would be performed in small Irwin County, Clark said. Amin does not have an ownership stake in the hospital, contrary to some news reports, Clark said.

Rep. Bonnie Watson Coleman (D-N.J.), one of the lawmakers who participated in a virtual hearing Monday to discuss the ICE report, called Wooten's allegations of sterilization procedures on ICE detainees "one of the most inhumane things I have ever heard."

Rep. Pramila Jayapal (D-Wash.) wrote a letter signed by 173 lawmakers demanding a DHS inspector general investigation.

"There may be at minimum 17 to 18 women who were subjected to unnecessary medical gynecological procedures from just this one doctor, often without appropriate consent or knowledge, and with the clear intention of sterilization," Jayapal said.

In a subsequent interview, Jayapal acknowledged that she did not know the details of each of those cases, but the number she cited referred to the clients of attorneys with whom she had spoken.

The advocacy group that filed the complaint, Project South, did not make the hysterectomy allegations the focus of its Sept. 14 complaint to DHS, a complaint that alleged there is poor medical care and novel

coronavirus risks at the ICE facility. But it was the allegations of forced sterilizations that triggered a firestorm.

“The rate at which the hysterectomies have occurred have been a red flag for Ms. Wooten and other nurses at ICDC,” the Project South complaint said, without identifying other nurses.

According to Project South, “Ms. Wooten explained: ‘We’ve questioned among ourselves like goodness he’s taking everybody’s stuff out That’s his specialty, he’s the uterus collector. I know that’s ugly . . . is he collecting these things or something Everybody he sees, he’s taking all their uteruses out or he’s taken their tubes out.’”

Priyanka Bhatt, the attorney at Project South who was the lead investigator for the complaint, said in an interview with The Washington Post that she did not speak to or identify any women who had undergone a hysterectomy. Bhatt said she included the allegations to spark an investigation into their validity.

The legal director at Project South, Azadeh Shahshahani, said by email Tuesday: “We have already heard from multiple attorneys representing numerous women who have suffered abuses reflected by Ms. Wooten’s whistleblowing disclosures. Some of these women are considering speaking up because Ms. Wooten courageously stepped forward. There has been a troubling pattern of misreporting on the health and welfare of detained immigrants held inside ICE facilities, and we look forward to Congress, the Inspector General, and all other relevant offices conducting a full investigation and applying immediate, necessary, corrective actions.”

ICE said its own records show that two female detainees at Irwin have been referred for hysterectomies since 2018. Officials at ICE said the agency would have records of such procedures, which would require the approval of a supervising medical officer at the agency. ICE officials say they are cooperating with investigators.

Mr. AUSTIN SCOTT of Georgia. Madam Speaker, here is another article from Reuters: “Mexican Foreign Minister Marcelo Ebrard said on Thursday that the government has not yet found any proof of forced sterilization of Mexican women being held at migrant detention facilities in the United States.”

Madam Speaker, I include in the RECORD this article.

[From Reuters, Sept. 24, 2020]

NO EVIDENCE OF STERILIZATION OF MIGRANT MEXICAN WOMEN, SAYS FOREIGN MINISTER

(By Reuters Staff)

MEXICO CITY (Reuters).—Mexican Foreign Minister Marcelo Ebrard said on Thursday that the government has not yet found any proof of forced sterilization of Mexican women being held in migrant detention facilities in the United States.

The comments came after U.S. immigration officials earlier this month said a federal watchdog would investigate complaints made by a whistleblower nurse in a Georgia immigration detention facility who alleged detainees had improperly received hysterectomies and other gynecological procedures.

Ebrard told reporters that 20 of 24 female Mexican nationals being held at detention centers in the U.S. states of Georgia and Texas had been interviewed and none of them had been subjected to such procedures.

He added, however, that an investigation was ongoing as more women still needed to be interviewed.

Ebrard at the time described such potential abuse as “unacceptable” and said that if the procedures were confirmed, measures would have to be taken, without giving details.

Mr. AUSTIN SCOTT of Georgia. Madam Speaker, now somewhere between September 14 and September 25, H. Res. 1153 was drafted. And I think that that date is extremely important because the resolution was drafted before you even went to the ICE detention facility in Irwin County. It was drafted before you even got on the site to see what was actually happening. The hospital administrator was there at the facility on the 26th. And there are a couple of things I want to point out:

One, the hospital administrator is a lady. She is a good lady and she is a good hospital administrator. And the doctor is an immigrant.

Now, everyone who came to that facility had the opportunity to meet with the hospital administrator, and every single one of you refused the opportunity to get the facts from the hospital administrator.

Never mind the facts. And you wonder why people hate us up here.

Madam Speaker, I have a statement I would read from the Irwin County Hospital, who wants a complete and thorough investigation: “Irwin County Hospital is aware of various allegations of misconduct against individuals being detained at the Irwin County Detention Center.

“Irwin County Hospital is committed to the safety and welfare of everyone in our care, including patients referred for care from the Irwin County Detention Center. From 2017 to the present, two individuals in detention at the Irwin County Detention Center were referred to Irwin County Hospital for hysterectomies.”

You have made accusations of mass sterilization. You should be embarrassed by your conduct.

You don’t want an investigation because you don’t want the facts.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mrs. LESKO. Madam Speaker, I yield an additional 1 minute to the gentleman from Georgia.

Mr. AUSTIN SCOTT of Georgia. Madam Speaker, “From 2017 to the present, two individuals in detention at the Irwin County Detention Center were referred to Irwin County Hospital for hysterectomies. Mahendra Amin, MD, performed these two procedures. Dr. Amin is a long-time member of the Irwin County Hospital medical staff and has been in good standing for the entirety of his service to the Irwin County community.

“Irwin County Hospital is and will continue to cooperate with any and all regulatory investigations related to healthcare services provided at Irwin County Hospital.”

Dr. Amin has only performed two hysterectomies in 3.5 years on detainees at Irwin County Hospital. This has

been acknowledged by independent reviews by ICH, ICDC, ICE, and even the Associated Press.

Independent peer review has confirmed those cases were medically necessary.

Irwin County Hospital is the closest hospital facility to the Irwin County Detention Center.

The CEO of Irwin County Hospital was available to the Hispanic Caucus during their visit to the detention center. The warden made the Caucus aware of her presence at the facility and availability and no questions nor interaction was made by the Caucus. You absolutely refused to even speak to the lady that runs the local hospital because you don’t want the facts.

Madam Speaker, I include in the RECORD this statement released by the hospital.

Irwin County Hospital is aware of various allegations of misconduct against individuals being detained at the Irwin County Detention Center.

Irwin County Hospital is committed to the safety and welfare of everyone in our care, including patients referred for care from the Irwin County Detention Center. From 2017 to the present, two individuals in detention at the Irwin County Detention Center were referred to Irwin County Hospital for hysterectomies. Mahendra Amin, MD performed these two procedures. Dr. Amin is a long-time member of the Irwin County Hospital medical staff and has been in good standing for the entirety of his service to the Irwin County community.

Irwin County Hospital is and will continue to cooperate with any and all regulatory investigations related to healthcare care services provided at Irwin County Hospital.

Ms. SCANLON. Madam Speaker, I yield 2 minutes to the gentleman from California (Mr. CORREA).

Mr. CORREA. Madam Speaker, I thank Ms. SCANLON for yielding, and I rise in support of H. Res. 1153.

First of all, let me say to my colleague from Georgia, I was there on that trip and I was not aware that the hospital administrator was offering to meet with us. I was meeting with the people that would want to meet with me and would want to talk to me. As a matter of fact, I had a lot of discussions with a lot of members of ICE while I was there.

As a member of the Committee on Homeland Security, I have visited a number of ICE detention centers, especially in the State of California. But I must say nothing has prepared me or had prepared me for what I had found, what I saw and what I heard at the Irwin Detention Center.

This was the first time that I have heard individuals in ICE custody desperate to be let out—anywhere—to get out. Women crying, asking not to be left alone. They cried that we—please not forget us—don’t forget them.

And yet, their stories had one very common theme. When asking for medical care, when asking for gynecological care, the care they received was without their consent and they had no idea what was going on, what they were doing to them.

The medical doctor that was delivering the healthcare—and I believe my colleague from Georgia mentioned his name—is a doctor that has allegedly been fined half a million dollars. He and his medical practice paid half a million dollars in fines.

So I would ask, why does the U.S. Government, why would ICE, contract with a healthcare provider that has been fined half a million dollars?

And if these women complained about their medical problems, they were placed in what was called isolation for observation. Many of them described it as solitary confinement for days. Solitary confinement that caused psychological pain. These women were scared. They were traumatized, they were scared to ask for further medical treatment and they wanted to be sent home.

The SPEAKER pro tempore. The time of the gentleman has expired.

Ms. SCANLON. Madam Speaker, I yield an additional 30 seconds to the gentleman from California.

Mr. CORREA. Madam Speaker, first, we had child separations. Now we have mistreatment of women. This has to stop.

We need investigations. We need oversight. We need accountability. This is not going away.

Madam Speaker, I thank my colleague, Ms. JAYAPAL, for bringing this resolution forward, and I ask all the Members of this body to support this resolution.

Mrs. LESKO. Madam Speaker, yield myself such time as I may consume. Again, we are all for investigations. Two investigations are already going on; one by the office of Inspector General; one by DHS. I wrote a letter, along with Representative CHRIS SMITH, to the DHS Secretary Chad Wolf last week, saying: Please investigate this, get back to us.

The problem that I have with this resolution is that it also condemns ICE, just based on allegations that haven't even been investigated. The findings haven't been done yet. So how can you condemn an agency based on allegations that haven't even been proven yet? That is the point.

That is what Mr. SCOTT was trying to say. There are opposing viewpoints. One side said this happened, another said it didn't.

So last night, in addition, in Rules Committee, I said: Why don't we postpone this resolution until October 9? Give it a week. Let's go through committee and find out what is exactly going on. Let's have DHS come in. But, no, they opposed that, too.

Madam Speaker, I yield 5 minutes to the gentleman from Georgia (Mr. COLLINS), my good friend.

Mr. COLLINS of Georgia. Madam Speaker, it is not a surprise why we are here. To the gentlewoman from Arizona, it is not a surprise. They have nothing else to put on the floor except political statements a month before an election and to further an agenda that

they don't like with ICE and the immigration process, which we have heard now in the Committee on the Judiciary for well over 2 years. Again, there are no actionable items that actually can fix them but a lot of talk.

So let's continue with this just amazing reason we are here on the floor. Because the majority has embraced this absurd and baseless accusation that employees and doctors at the Irwin County Detention Facility in my State of Georgia are engaged in a conspiracy—this is amazing—with local doctors to systematically sterilize illegal aliens.

They have proven to the American people that no story is too outlandish to use in furtherance of their radical agenda.

It would be a completely different situation if we were standing here today to take action on substantiated claims of mistreatment, but we are not.

We are here today so that the majority can attempt to squeeze one last bit of value out of the false claims propagated by Project South's complaint about the Irwin County Detention Center in Ocilla, Georgia. The left knows these complaints are not true, but they are hoping we will ignore the mountain of evidence contradicting them—Madam Speaker, I have news for them—we are not.

If claims of mass hysterectomies were true, or even if they were substantiated by the smallest amount of evidence, then there would be swift action. But to the contrary—and to the dismay of my Democrat colleagues—the claims of mass hysterectomies were quickly proven false mere days after the complaint was released. In fact, as Mr. SCOTT said, just days later, both the hospital and the detention center confirmed only two such hysterectomies were performed since 2017.

Madam Speaker, that didn't stop the whistleblower. That didn't stop Project South. That didn't stop us from bringing this show to the floor of the House.

In fact, in the complaint Ms. Wooten called the doctor at the center a uterus collector. Where does he go to get his reputation back from somebody who in a group who makes basic claims?

I need to remind Project South; they don't have speech and debate privileges like we do. They ought to be careful about who they are slandering and how they are doing it.

Ms. Wooten said she has spoken out about several inmates who have had hysterectomies. Even more sensationalized, Ms. Wooten stated that: Everybody he sees has a hysterectomy—just about everybody. This is what she is saying about the doctor.

Project South alleges that a detainee at the facility had talked to five different women detained between October and December 2019 who had hysterectomies done. But both the detention facility and the local hospital have clear evidence directly contra-

dicting this hearsay: records showing that only two detainees have had hysterectomies since 2017. Let that sink in: Only two since 2017.

How can they claim mass hysterectomies performed by the uterus collector are true? The simple answer is they are not.

In fact, Project South's attorneys and lead investigator admitted to The Washington Post that she had not even spoken to or identified a detainee claiming to have undergone a hysterectomy. The group providing these claims has no evidence to back them up, but nonetheless, we are here embracing them and continuing to perpetrate a falsehood. Sounds like a little bit of another resolution that we are dealing with here today.

As the facts have come out to disprove these absurd claims, did the Democrats acknowledge they were wrong? No. There has been no acknowledgment of their wrong. They conveniently shifted their argument to uninformed consent and expanded the allegation to medical procedures generally and the lack of adequate translation services to strengthen their faulty arguments. But even those failed.

According to the employees at the facility, the center has 24-hour access to interpreters for virtually every language, which they consistently utilize. In fact, they even have several remote interpreters who specialize in relaying medical terms and advice to non-English speakers.

Clearly, the majority does not care about the credibility of their witnesses and their whistleblowers. They want the publicity. They want the political aspect of this because we are coming to the real reason. As long as they espouse these claims, it allows them to continue their attack on two places: The President and law enforcement. We have seen this during the sham impeachment, and we are seeing it here again today.

The Democrats have already expended a lot of time and effort trying to make the claim in this complaint true by writing letters to DHS IG and traveling to Ocilla. In fact, just 2 days after the release of Project South's complaint, 173 Democrats wrote DHS IG urging an investigation centering their call almost entirely on Ms. Wooten's debunked claims of mass hysterectomies.

Madam Speaker, now that is a mass progression to something—173 on a debunked complaint that has already been done. They have conveniently failed to update the DHS IG and the American public that their claims of a eugenics conspiracy in south Georgia have been proven false.

They have also conveniently failed to mention that, according to its website, Project South is committed to ending the use of local police to enforce what they characterize as the Federal Government's draconian and racist immigration policies. Further, the group

boasts a goal of shutting down immigration centers and is a frequent user of the hashtag, #abolishICE.

To set the record straight, Representative AUSTIN SCOTT and I wrote a letter to the DHS IG to shed light on the developments that followed Project South's complaint and the group's anti-law enforcement, anti-Trump agenda.

□ 1215

The SPEAKER pro tempore. The time of the gentleman has expired.

Mrs. LESKO. Madam Speaker, I yield an additional 3 minutes to the gentleman from Georgia.

Mr. COLLINS of Georgia. Madam Speaker, in the quest of their further radical agenda, the left has cast a shadow over an entire town in Georgia.

This is more than just political fodder here for this floor when the majority has nothing else to put on this floor and is wasting the American people's time here. This goes back to disparaging a respected doctor in the community, an Indian-American immigrant, who provides free medical services to low-income patients simply for political gain. The doctor has been viciously slandered by the left's accusation that he carried out mass hysterectomies.

Frankly, he should sue these organizations.

It is truly sad to see the lengths that the majority is willing to go to advance their own misguided policies, and they should apologize to the doctor and to the center.

It is clear to me that Project South has ulterior motives, and it is dangerous that the majority is permitting the group's complaint to serve as the foundation of a resolution when so many of the claims have already failed under scrutiny, and the credibility of the entire complaint is shattered by Project South's anti-ICE motives.

Despite Democrats' wishes, the American people deserve to know the truth, and they deserve to see the motives behind the claim. An investigation is always there; an investigation can start. But it is pretty amazing that the investigation—173 of my majority colleagues rushed to sign a letter without even knowing the facts, and especially because it has salacious details that they could get at ICE and to get at a system that they don't like, actually protecting the American public, enforcing our immigration laws.

Project South is an anti-law enforcement organization that has a stated mission of shutting down detention facilities. They included patently false claims in a complaint to the DHS IG.

Detention facilities like the Irwin County Detention Center serve an important purpose in upholding our Nation's immigration laws, and efforts like this one to disparage them and shut them down by choosing to ignore facts in favor of fiction is disgraceful, not even meeting with the hospital administrator.

Again, what are we here for? This is shown to be exactly what it is. This

train is on the tracks. We are putting this up here for political purposes because, frankly, Madam Speaker, the majority has nothing else to put up, so let's get a last couple of days in to throw at our favorite targets: ICE and this administration. And who cares who we hurt, a hospital, a community, and a doctor who simply was doing his job.

This is an investigation that needs to happen, and the smear needs to stop now.

Ms. SCANLON. Madam Speaker, I yield myself such time as I may consume.

Wow, that was hard to follow. Just to take a couple pieces there.

There is no allegation here of mass hysterectomies. What there are allegations of, which have been strengthened over the intervening 2 weeks, are allegations that numerous women were subjected to inappropriate medical care. And their medical records, as we begin to receive them, are starting to confirm that there were a variety of procedures that were committed upon these people without their consent, including total and partial sterilization, but a range of procedures.

You know, Madam Speaker and I both come from Pennsylvania. We have seen this kind of corruption before in our prison systems, where you have a private prison system that gets involved in providing care—in Pennsylvania, it was called the "kids for cash" scandal, where public officials were being given kickbacks for interning children.

Now, is that what is going on here? The investigation may substantiate that or it may not, but there is a lot that needs to be dug into: the appropriateness of the medical care, whether someone was profiting off what happened there, the humanity of what happened to these women. All of that needs to be looked into.

That is what the resolution is asking for, that this be investigated, because the allegations are so serious, and everything we have seen so far has supported them.

Now, the IG is moving to investigate, and Congress has started to investigate. While there was a general invitation to folks to attend the codel that went down there last week, nearly a dozen of our colleagues did go. They met with people down there.

This is just a first step. There will be hearings. We will get to talk to the professionals from the community.

No one is saying that the investigation is complete, and no one is saying that it is completely proven, but it is absolutely something this body must do: to act, to make sure that our government agencies are not participating in a scheme that deprives people of their basic human rights.

Madam Speaker, I yield 3 minutes to the gentlewoman from New Hampshire (Ms. KUSTER).

Ms. KUSTER of New Hampshire. Madam Speaker, I thank the gentle-

woman from Pennsylvania for the time to speak as colead on this important resolution, to establish a thorough investigation. I know that we have colleagues across the aisle who want this investigation, and I ask them to join us today.

Before having the privilege to serve in Congress, I was an adoption attorney for 25 years. I sat with 300 birth mothers as they make the most profound, private, and consequential decision of their lifetime.

In America, the government should not interfere in this most personal and intimate decision. Any type of sterilization, without consent, is a shocking and wrong interference.

I ask my colleagues: How many hysterectomies would be sufficient for a resolution? Would a partial hysterectomy without consent, for those who hold themselves out to be pro-life? These are women who want to have children. We can find common ground.

In America, the government should not interfere, and that is why I and so many Members of this Congress were shocked and horrified, first, to read about the whistleblower complaint; then the expose in The New York Times, with even more detail; and, finally, to speak with our colleagues, the codel that took the time to go to Irwin, Georgia, over the weekend and to sit and speak with the women who have had unspeakable surgery on them without their consent or understanding.

This chilling report outlines invasive gynecological procedures, ranging from full abdominal hysterectomy to the removal of ovaries and fallopian tubes.

We will acknowledge, not every surgery was a full hysterectomy, but that should not keep us from helping these women who have come forward detailing the pain and the trauma that these procedures have inflicted with life-changing consequences.

These procedures, performed without consent, in some cases result in the woman's inability to ever have a child, to ever bear a life. We have removed that life choice without her consent. And women who want to bear a child should have that right.

In America, the decision of whether to have a child rests squarely with women and is protected by the United States Constitution and 50 years of precedent under the law; yet we find ourselves amidst a renewed national conversation about whether women can make healthcare decisions about their own bodies and whether they can have the choice to bear a child.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Ms. SCANLON. Madam Speaker, I yield an additional 30 seconds to the gentlewoman from New Hampshire (Ms. KUSTER).

Ms. KUSTER of New Hampshire. Madam Speaker, these are the most difficult and private decisions that women will make, and the government should never have a role in that decision.

So make no mistake about it: Women's reproductive health and well-being is under attack in America, and whether that battleground may be a detention facility in Georgia or the highest court in the land, we must speak out, in unequivocal terms, to condemn efforts that take away a woman's ability to make her own healthcare decisions, including when and whether to bear a child.

Mrs. LESKO. Madam Speaker, I yield myself such time as I may consume.

If we defeat the previous question, I will offer an amendment to the rule to immediately consider Small Business Committee Ranking Member STEVE CHABOT's H.R. 8265, to reopen the Paycheck Protection Program to America's 30 million small businesses.

Madam Speaker, I ask unanimous consent to insert the text of my amendment in the RECORD, along with extraneous material, immediately prior to the vote on the previous question.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Arizona?

There was no objection.

Mrs. LESKO. This amendment would ensure our Nation's smallest and most vulnerable firms get the support they need by allowing an opportunity for a second PPP loan with specific funds set aside for small businesses with 10 or fewer employees, expand the list of eligible covered expenses, simplify the loan forgiveness process, and extend PPP through the end of 2020.

Madam Speaker, I yield 3 minutes to the gentleman from Texas (Mr. ROY).

Mr. ROY. Madam Speaker, to this body, I say enough, enough of the swamp games.

The House needn't wait for the powers that be to meet in a dark room and come out and tell us what so-called deal has been cut, whether it is the Speaker, the Treasury Secretary, or anybody else. And I shouldn't have to learn what is in the bill from K Street on Twitter.

Nor should the House take up a partisan \$2 trillion bill with no chance of becoming law, and you know exactly that is what it is.

This is the people's House. We should act like it. We should debate. We should vote. We should actually do our job and amend.

To my House Democratic freshman colleagues: Your Speaker is playing political games with people's lives.

We are used to it. We are used to the Speaker playing games:

With immigrant's lives, shouting: kids in cages, for Obama policies rather than supporting security;

Refusing to call out antifa, or refusing to come to this floor and have this body stand with our law enforcement officers—not once;

Supporting Iran over Israel;

Refusing to stand against the extermination of babies born alive;

Seeking to destroy American oil and gas and energy freedom and cheap en-

ergy in favor of radical Green New Deal policies;

Working to take away your private doctors, taking away your private insurance; and

Killing 6 months of this body's time with partisan impeachment proceedings.

But this is a whole other level.

In June, the Heroes Act, \$3 trillion in partisan hackery with no chance of passage.

But in June, I, along with freshman Democrats, led by my friend DEAN PHILLIPS, worked together and passed the PPP Flexibility Act. We saved jobs.

We now know that, according to the S&P, 13.6 million jobs have been saved nationally; in the district I represent, 90,000 jobs, 18,500 businesses, \$633 million.

But small businesses are still struggling. Forty-seven percent of PPP borrowers say they need additional support to survive.

Right now, we have a bipartisan piece of legislation specifically designed and ready to help small businesses, but we are not debating or voting on it. Instead, the Speaker chooses what? Political messaging resolutions that won't do a darn thing.

Worse yet, the Speaker is again purposely choosing legislation that is designed to fail: a tax cut that will go exclusively to the wealthy; banking for marijuana businesses; PPP loans to Planned Parenthood; billions to bail out State and local governments; environmental justice grants; weed diversity studies; soil health studies; stimulus checks for illegal immigrants; bailouts for Amtrak; and bailouts for the National Endowment for the Arts. And the kicker? Refusing to call out antifa.

And the one thing cut from the first Heroes Act? Law enforcement funding: \$300 million for COPS grants, \$300 million for State and local law enforcement officers.

Why won't the Speaker—why won't Democrats—stand with our law enforcement? Why won't they stand for small businesses instead of playing games on the floor of this House, the people's House? It is an absolute abomination.

I urge my colleagues to reject the ways of the swamp. Let's unite together and vote "no" on the previous question and work to help small businesses right now.

Ms. SCANLON. Madam Speaker, of course, I look forward to joining my colleagues in passing another round of coronavirus relief, as we did unanimously or near unanimously the first four times, because we know our communities, our colleges, our schools, our State and local governments, our law enforcement officers, our healthcare systems all need that relief that has been held up by the Senate and the White House since May.

Madam Speaker, I yield 1 minute to the gentleman from Tennessee (Mr. COHEN).

Mr. COHEN. Madam Speaker, I came here for the purpose of commending Representatives MALINOWSKI and RIGGLEMAN for bringing the resolution condemning QAnon and its baseless, racist theories. But having heard some of the remarks today, I have to tell you: Speaker PELOSI is standing up for American values and standing up for the least of us, while the Republicans are standing for the most of us.

The Republicans passed a \$150 billion tax break for the richest Americans, people like Donald Trump who don't pay taxes. They get a 4-year backlog to file losses in real estate deals to cut out their taxes.

They won't do anything for children in a child tax credit, but they think that that policy of giving people, on average, a \$1.6 million tax benefit to the richest 1 percent is good values. That is not good values. That is bad values.

That is not good values; that is bad values. And the Republicans ought to object to that because it is making them the party of greed and tax weasellers and the bad people in America and not caring about the least of these.

I look forward to them joining this bipartisan effort, supporting the Heroes bill that we have offered under the leadership of Speaker PELOSI.

I rise today to support both H. Res. 1153 and H. Res. 1154.

I traveled to Irwin County this past weekend, but my exposure to this tragedy was not just that day; just last week, with butterflies in my stomach, if you will, and concern for a young woman, 29 years old, about to enter onto a plane that she obviously was directed to go to a place that she had never been, or had not been since she was 2 years old, a young woman from Cameroon who did have, who admits that her fallopian tube was removed without her consent.

So people of color are not unused to having medical procedures without our consent. Women are not unused to and unfamiliar with having medical procedures without their consent.

Think about these women, speaking mostly a different language, detained for civil matters, and that is, not being stashed. Young women, women intimidated in the midst of COVID-19 in a facility where there is one physician who

is supposed to be an OB/GYN, and you are carted off like cattle in a bus with one diagnosis: Oh, you need a fallopian tube removed.

Let my friends on the other side of the aisle be reminded that they have been throwing the word "uterus" and other words around the floor of the House.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Ms. SCANLON. Madam Speaker, I yield the gentlewoman from Texas an additional 30 seconds.

Ms. JACKSON LEE. Madam Speaker, this is not a condemnation of ICE. Read the language. It just says that they should engage in more vigorous oversight, and they are doing that with an inspector general's investigation.

Look at this. This is from one of the women:

Liberty, we are daughters and we are mothers, but you are stopping us from doing that.

And H. Res. 1154 that I join in supporting, as well, condemning QAnon, talks about a better America, that we are not the way it is described in this resolution.

I ask my colleagues to support this rule and the underlying bills because we are daughters and we are mothers, and what is going on there is an atrocious condition that should not exist.

I ask my colleagues to join me, and I thank my good friend from Pennsylvania for yielding.

Mrs. LESKO. Madam Speaker, I yield to the gentleman from Ohio (Mr. CHABOT) for the purpose of a unanimous consent request.

Ms. FOX of North Carolina. Madam Speaker, I ask unanimous consent to call up H.R. 8265 to extend the Paycheck Protection Program to keep millions of employees on the payroll of America's small businesses.

Mr. BUDD. Madam Speaker, I ask unanimous consent to call up H.R. 8265 to extend the Paycheck Protection Program to keep millions of employees on the payroll of America's small businesses.

The SPEAKER pro tempore. The Chair understands that the gentleman from Pennsylvania has not yielded for that purpose; therefore, the

unanimous consent request cannot be entertained.

Mrs. LESKO. Madam Speaker, I yield myself the balance of my time.

Madam Speaker, in closing, we need to help the American people. The House should be considering a bipartisan COVID-19 relief package right now, not binding resolutions that simply have the purpose of making political points.

Our constituents need us, so let's get to work on a bipartisan package that could actually be signed into law because, let's face it, anything else is worthless to the American people.

Madam Speaker, I urge "no" on the previous question, "no" on the underlying measure, and I yield back the balance of my time.

Ms. SCANLON. Madam Speaker, I yield myself the balance of my time.

We are in trying times. We have an erratic administration that operates with the primary, if not exclusive, goal of winning reelection at any cost and a Republican Party willing to do anything necessary to aid in that goal.

We are in the midst of a global pandemic that has already upended virtually every facet of our lives. Millions of people are unemployed or facing unemployment, and over 207,000 of our friends and neighbors have died.

Many of my constituents are facing eviction or are struggling to find food for their families.

The fact that much of this suffering could be alleviated if not for the apathy of Senate Republicans is tough to reckon with, but the American people know who is on their side.

This Congress has passed more than 600 bills, and a quarter of them have become law. Over 350 bipartisan bills lie untouched on MITCH MCCONNELL's desk while he focuses all of his energy on confirming as many rightwing judges as he can.

We stand ready to negotiate, and we will pass a COVID relief bill every day and twice on Sundays if that is what we have to do to get MITCH MCCONNELL's attention. And we will do it while passing other legislation that is for the benefit of all the American people—not just a select few, not just for those who dodge taxes—because that is what governing is, and that is what we will continue to do.

We have a duty to provide an equal opportunity for all Americans to live, work, and thrive in this country, and that is a responsibility the administration and Senate majority leader have abdicated.

So far all of the criticism lobbed from the other side of the aisle for taking up important resolutions like the ones we do today while a COVID package still hasn't been signed into law, your words are misplaced and you know exactly who to blame.

We were elected to govern, and that is exactly what we are going to do. You are more than welcome to join us, but we are not going to let you stand in our way while we move to protect human

rights and advance the best interests of the American people.

Madam Speaker, I urge all of my colleagues to support the rule and underlying legislation.

The text of the material previously referred to by Mrs. LESKO is as follows:

AMENDMENT TO HOUSE RESOLUTION 1164

At the end of the resolution, add the following:

SEC. 3. Immediately upon adoption of this resolution, the House shall proceed to the consideration in the House of the bill (H.R. 8265) to amend the Small Business Act and the CARES Act to establish a program for second draw loans and make other modifications to the paycheck protection program, and for other purposes. All points of order against consideration of the bill are waived. The bill shall be considered as read. All points of order against provisions in the bill are waived. The previous question shall be considered as ordered on the bill and on any amendment thereto to final passage without intervening motion except: (1) one hour of debate equally divided and controlled by the chair and ranking minority member of the Committee on Small Business; and (2) one motion to recommit.

SEC. 4. Clause 1(c) of rule XIX shall not apply to the consideration of H.R. 8265.

Ms. SCANLON. Madam Speaker, I yield back the balance of my time, and I move the previous question on the resolution.

The SPEAKER pro tempore. The question is on ordering the previous question.

The question was taken; and the Speaker pro tempore announced that the ayes appeared to have it.

Mrs. LESKO. Madam Speaker, on that I demand the yeas and nays.

The SPEAKER pro tempore. Pursuant to section 3 of House Resolution 965, the yeas and nays are ordered.

Pursuant to clause 8 of rule XX, further proceedings on this question are postponed.

QUESTION OF PERSONAL PRIVILEGE

Mr. KING of Iowa. Madam Speaker, I rise to raise a question of personal privilege.

The SPEAKER pro tempore. The Chair has been made aware of a valid basis for the gentleman's point of personal privilege.

The gentleman from Iowa is recognized for 1 hour.

Mr. KING of Iowa. Madam Speaker, I appreciate being recognized here on the floor of the United States House of Representatives, and throughout the years I have had the privilege to serve Iowans and Americans here. This is a great deliberative body, although sometimes we miss the facts.

And I know that there is a phrase that I heard back in a political era, which is, whenever you lose a vote, you can sometimes use this analysis:

Nor is the people's judgment always true: the most can err as grossly as the few.

And that has happened a number of times in my 18 years that I have served in this Congress. This is the 116th Con-

gress, and if someone were to ask me, well, what was your favorite session of Congress, I don't have to worry about the 116th being on that list.

□ 1300

But I rise to focus on a specific circumstance here, and that is a misquote of me that was driven into just a national feeding frenzy. It was validated by this Congress, this misquote.

And when I stood on the floor of this Congress and made a statement to describe what likely happened in an interview with *The New York Times* that took place in early January of 2019, I made the point on what that statement was, and the statement was regarding white nationalists, white supremacists. There always was a pause between those two odious ideologies and the term "western civilization."

I advised Congress that there would be a distinct pause to demonstrate a new thought started rather than jamming those three ideologies together.

Who would compare white nationalism and white supremacy, those odious ideologies, who would compare them to western civilization, the very foundation of American civilization, the foundation of the First World, and here, America, the flagship of western civilization today? There is no comparison and should never be equated between the two.

Yet, I didn't tie that thought together, but the stenographers did.

And I am not here to be a critic, because they have done terrific work for me over the years, and their skill set, and their professionalism are second to none. They are the best in the world, as far as I am concerned, but if they can make a mistake, so can *The New York Times*, which is my point.

So in this narrative, Madam Speaker, I will take you back a little way. And I want the Congress to know what all has transpired here that brought us to the point of the feeding frenzy and the political lynch mob that was here that day on about January 12 or so, or January 13, and it was this: that during my election in the year 2018, November of 2018, there was a national media focus on attacking me. That happens in other races, but I don't know that it ever happened as intensively as it did in my race.

In any case, we came through that with a 3.4 percent victory, and I thought that was the end of it. I expected that I would come back. You know, even your political opposition needs a rest from time to time, and so after the election is when they take a deep breath, retool, and get ready for the legislative session.

But I sat down with a political operative, who was one of the top political campaign managers at the presidential level in the Nation, and a successful one at that. He came in to give me a little bit of his advice, and as I am listening to that, he said: They are going to try again. They are going to try again to drive you out of office with a

national media assault on you, and they are going to attack you with everything. They will throw everything at you. He didn't say but the kitchen sink, but I got the message.

And when he first brought that up, Madam Speaker, I passed it off, because I didn't take it seriously. Nothing like that had ever happened before in the history of this country that I knew.

And he brought it up a second time, and I passed it off again, because I didn't take it seriously. But the third time, he got my attention.

And the third time he brought it up, he said: They are going to make another run at you.

This was the day before Thanksgiving of 2018, by the way. He said: They are going to make another run at you, and they believe that they were—this meaning Democrats, yes, but also Republicans, establishment, the swamp creatures, the elitists, those folks, and also the media. They are going to make another run, because they believe that the midterm elections of 2018 were a bit distracting, they had other races to be concerned about, and so, therefore, they couldn't bring all their guns to bear on this Member of Congress from the Fourth District of Iowa.

So he did have my attention by then. And as much as it didn't seem plausible, his advice to me was this: They have a messenger that they will send to the President, a messenger whom the President trusts and who has his ear, who is going to be directed to convince the President to send out a negative tweet on Congressman KING, and that negative tweet will be the trigger that launches another media assault, all the broadsides that they can get on this Member of Congress. And he used these words: And they believe they can force you to resign.

Now, that is a hard concept to get into your head when nothing like that had ever happened before and there was no substance for that to be based upon, but he did convince me.

So I set about preempting this, at his advice, and I did, to the extent I could, preempted it at the White House. And I think history proves that that has been successful. President Trump has not taken a shot at me, even though there were many others who couldn't resist the press's temptation to take a cheap shot, but the President did not. So I take it that the effort to preempt it at the White House was at least partially successful.

Yet, I couldn't get a meeting with the messenger until January 8, 2019. So on January 8, I had that meeting with the person that was at least named as the potential messenger, and in that conversation, I was assured: I would never do that to you, STEVE. Be assured that that won't happen.

Well, I was fairly confident that those words were honest, and actually felt pretty happy about it when I walked out of that meeting. But I also suspected that the people that were

around that individual might find out about the meeting that I had just finished and might know that I understood the gambit that was going to be run against me. That was January 8.

January 9, amazingly, I have a primary opponent that announced on Twitter at 11:23 a.m.—He might have announced earlier than that, except he was busy deleting all of his tweets for the previous 10 years, and then once the tweets were deleted—He announced on Twitter that he was going to challenge me in a primary. He didn't have a website, didn't have a roll-out plan, didn't have a media plan, didn't have an interview set up. He just sent out a tweet.

So that seems to me that he hadn't been planning that very long. I think he got a phone call the night before that morning that said: You are going to have to announce now. That was January 9.

January 10, The New York Times story came out. And The New York Times story that has been the subject of this turmoil here on the floor of the House that had the whole Nation fixated on a few words, it actually turned out to be about 13 words.

It is still pretty stunning to think how you can mobilize the United States Congress over whether or not there is a hyphen or a period where it ought to be.

But here is what we have, Madam Speaker. We have to protect the Constitution of the United States, and the First Amendment of the Constitution is freedom of speech, religion, press, and peaceable assembly.

And freedom of speech, whatever our speech is—I know that I was sitting in a meeting with some folks in Europe about 2 or 3 years ago, and they are prosecuting people for what they call hate speech and for asking a rhetorical question. I have a couple of friends over there that I happen to know that have been persecuted, prosecuted, and convicted for hate speech that was actually just a rhetorical question.

I was making the case to them, I said: You need American-style constitutional protection for freedom of speech. You don't have freedom of speech here in Europe, and you are going to be a lot more robust society, you can address your problems and have open discussion, but you shut down any dialogue by hate speech prosecutions.

And they said: We have more freedom of speech than you have in America.

Now, that will bring a person up short, Madam Speaker. And so I asked: Why?

And his answer was: In America you can start a corporation, you can be a CEO, you can write a check to an unfavored not-for-profit group—or a profit group, excuse me—and once the public finds out about that, then they put that out all over the internet and they just—they named the people that had lost their companies because of a tweet or because of a donation to an unpreferred entity.

And as they made their case, I realized they kind of stumped me a little bit. We have freedom of speech in the Constitution. But they said they don't lock people up for hate speech, they just prosecute them, convict them, turn them loose, and they generally learn their lesson. But here, we have watched since that time, since that time back in—this conversation took place in August 2018, freedom of speech has been diminished in this country incrementally. And it is a tragedy that we are going down that path.

But here in this Congress, here is what happened: from the meeting that took place on January 8, the announcement of one primary opponent on January 9, The New York Times story on January 10, and after that, there was nothing I could have said or done that was going to change the inertia that was created.

They actually carried out what they had given me the heads-up they were going to do. They actually brought all media broadsides against me. And it didn't matter what was fact and what was fiction. It mattered that they had mobilized all those forces because they thought that they could force me to resign.

And for what purpose? I can give you a lot of reasons, Madam Speaker, but I think what is better to do at this point is to examine The New York Times.

The New York Times interview took place on January 5 of 2019 on a phone call that I received from the reporter Trip Gabriel right about 8:30 in the morning.

I had advised him that he should go through my communications director, but I also had told him that I thought I would be open at about 8:30 until 10:30 that day.

So he called me directly. And I had just gotten out of the shower to get ready to come down here and go to work. I didn't get a chance to check the email from my communications director first. That came in at 7:48 a.m., and it said: Don't do the interview. It is a trap. I have been trying to shut this reporter down. I know he is coming at you with a trap. Don't do the interview.

I didn't see that until much, much later. Had I seen that, there wouldn't have been an interview.

But it was 56 minutes long. And there is no tape. And as far as I can determine, there aren't even any notes that are available to the public.

And we have asked him: What was the question that you asked? What was the leading question? What was the context of the answer that I gave?

And KEVIN MCCARTHY is critical of me, because he says that he can remember every word that he has used in the last 6 months in an interview, and that includes also the punctuation, because that is the topic we were talking about.

I don't think that is even humanly possible. I don't think anybody can do that.

And Trip Gabriel says: Don't worry about whether I am accurate or not, because I can type as fast as anybody can talk.

Well, I have asked our wonderful stenographers down here how fast they can type, and what I learned was at about 130 words on a conventional keyboard is just about the limit to be certified, but maybe 150 or 160 on the magic keyboard that is going right down there right now.

And I say: Can you keep up with me when I am talking at a fast pace?

And they say: No. I have to listen to the tape.

But I respect the professionalism we have here. Anybody can make a mistake.

And then I asked about the precision of punctuation when you are doing a transcript on the keyboards even that we have here, let alone the conventional one that Trip Gabriel was using. And they say: Well, we will get the words right if you talk at a pace that we can keep up, but we can't guarantee the punctuation.

So there is a great big difference in whether—there is a great big difference in whether the meaning of a phrase has got a hyphen in it or whether it has a comma in it.

Trip Gabriel put in a comma, and he insists he is right. And I would ask, how could he know? How could he know whether he is right or not, because his memory is not any better than KEVIN MCCARTHY, not as good as KEVIN MCCARTHY says it is.

So I want to go through this. So what happened shortly after that, this thing all hit, and on Monday early in the month of January, I had a meeting with our leader here, and it lasted about an hour. And it wasn't a happy meeting for either one of us, but he was determined, he was determined that I am wrong, The New York Times is right.

And I don't know how our leader can defend President Trump against The New York Times and attack me for the opposite.

If you just Google, lying New York Times, you get hundreds of hits on a Google of lying New York Times. Their credibility has been essentially destroyed.

And this little piece, I would say this: 18 years in this Congress, 45 years in the construction business, 6 years in the Iowa Senate, our family goes back three generations on the dirt that we are on right now where we live, and throughout all that time, The New York Times and others have sent reporters into my neighborhood to try to find somebody that has got something derogatory to say about me or some insult to my character, and they have failed every time; The New York Times, The Washington Post, Huffington Post, you can name all of them. It used to be The Weekly Standard, and they rightfully are defunct now because of their overreach and their political bias that they rolled out. But in

all that time, they have never found a single person.

And no one has gone on record in this Congress in 18 years, serving on the Judiciary Committee for 16 of those years, the most polarized committee on the Hill and the most racially diverse committee on the Hill, and not one of those folks, and many of them trade in the race issue, has ever made a statement that I had been disrespectful or disparaging in any way whatsoever.

□ 1315

And so there is no substance. I have no accusers, no individual accusers that have stood up. But this whole mass of people in this place were accusers on that day in early January of 2019.

So I am here to assert that—I am asking this Congress and this CONGRESSIONAL RECORD to correct the RECORD and to place a hyphen in the terms from that day where I said I was going to pause—I did pause; I have watched the videotape of it since then several times—that the language be: white nationalist, white supremacist, hyphen.

That is a pause, and it is a new thought, and the new thought then became: Western civilization, now how did that language become offensive? Why did I sit in classes teaching me about the merits of our history and our civilization just to watch Western civilization become a derogatory term in political discourse today?

The very statement itself refutes The New York Times' characterization. It refutes the characterization that was delivered at me by KEVIN MCCARTHY and others. It refutes the characterization that was the presumption of this Congress. But the presumption of this Congress didn't look at the evidence. They didn't look at the facts. They just got swept up in the herd mentality and went ahead and did what they did.

And by the way, the resolution that was brought, I believe, by Mr. CLYBURN that day, the resolution was actually honest because it said: whereas Congressman KING has been quoted as saying.

And that was the qualifier, and then they put the quote in out of The New York Times. Well, I was quoted as saying that. That was an honest statement. It was a misquote. They didn't bother saying that. But I was misquoted in The New York Times, but the way it was printed in the resolution was accurate. And all the other whereas that rejected the odious ideologies were all accurate.

My own rejection of it in the previous week was stronger than the resolution itself. I wish they had used my language. Mine was stronger, and mine was better, but I agreed with all the words that were in that. And I asked this body, vote "yes" on this resolution.

I had, I will say, dozens of friends here that were prepared to come to this floor and vote against that resolution in order to guard my back, just on the

principle that they knew I am not the person that that resolution implied that I am.

But, instead, rather than divide our conference, rather than divide this Congress, rather than ask them to vote against a resolution that happened to be technically true, I asked them all, instead, vote for this resolution because it is technically true, and that is not the argument.

Now, only one person voted against it; that was the gentleman from Illinois, Chicago. BOBBY RUSH, former Black Panther, voted against the resolution because he thought I should have been sanctioned or censured even more.

Well, aren't we supposed to look at evidence in this place? Do facts matter? Does reason matter? Or are we just caught up in the political inertia of what goes on, and we try to fit ourselves into the stream so that we don't stand out very much?

So I have given you some of that, but none of the context of my quote was included in The New York Times story.

We called up Trip Gabriel and said: What question did you ask me?

He—first, I asked him: Do you have a tape? He would not even answer the question of whether he had a tape.

Then we asked him: What question did you ask Congressman KING that brought forth this answer that is only about just a handful of words, 13 words altogether, and what is the context of that? What was the question? What was the answer? Did you feed those words to him, and did he repeat them back to you?

And he wouldn't answer that question either. It took two phone calls to squeeze some out.

But what we learned was he didn't expect that that would be the quote that would do it. That is almost an exact quote out of him. He didn't think that that would be the quote. He thought it would be something else in the article.

So that indicates to me he knew it was a hit job when he did the interview, and that is also what Mark Steyn says. He says that is not a good faith interview request, and this is said just the day after this incident.

And Mark Steyn went on to say—he said: He made a mistake, STEVE KING. He agreed to give an interview on national immigration policy to The New York Times. That is not a good faith interview request. They are only asking you, and he should know this, they are only asking you to stitch you up, to talk to you for 3 hours and get you to use one phrase in there that they can lift out and kill you with.

Well, I think Mark Steyn had that figured out, and I think he is really accurate. He went on to say: This guy, STEVE KING, was trapped. Trapped. The words he said about when did that become controversial, he meant the phrase, Western civilization.

How come Mark Steyn knows this the day after and this Congress can't understand this 2 years after?

And he went on to say: He is not a white supremacist. He is not a white nationalist. It is all stupid talk.

So you have just surrendered the phrase, Western civilization. I don't get that, said Mark Steyn. I don't see what is in it for conservatism in surrendering that phrase and accepting the left's view that the term, Western civilization, is beyond the pale.

He also said that conservatives, Republicans, have trouble finding a hill that they believe is worth dying on. But when you sacrifice this issue and that issue and another issue, and you get to Western civilization and you sacrifice the hill of the very foundation of the First World, our country, and the founding of our country, the founding documents, the ideology that I would trace you all the way back to Moses and bring through the Greeks and the Romans in Western Europe and the rule of law and free enterprise capitalism and the industrial revolution and God-given liberty and natural law and the deep reading and understanding that was done by our Founders who shaped this country, who found America to be and shaped America to be a giant petri dish for God-given liberty.

Think of what it was like. Here is this land, this huge Western Hemisphere that hadn't seen any aspect of what we consider to be modern life. And on this land, here came, at the dawn of the industrial revolution, the idea—it will be Adam Smith, he wrote "Wealth of Nations", published 1776, the same year the Declaration was published. And this petri dish, this giant petri dish of freedom and liberty and rule of law and unlimited natural resources—so we thought at the time—and the concept of manifest destiny and the wars that were fought to secure those things, all of that, all of that that is so rich in America's history and makes us the greatest Nation the world has seen, but we can't defend Western civilization?

And I will say, 2 years ago, when this came down, people didn't understand what is happening. But today, Western civilization is under assault, and I have been 100 percent correct on this. I have been more correct on this than I thought I was going to be, Mr. Speaker.

But I would just want to add that nobody in America ever sat in the class to learn about the merits of white nationalism or white supremacy, and the content of that quote makes it clear. All the contemporaneous evidence supports what I have been saying.

In fact, all of the things that I have said since then, no one has found a hole in any of them. No one has said this is marginally untrue or untrue. No one has ever looked at the language that I have used and said that it isn't accurate.

In fact, what I have done is I introduced a fact-check document, and that fact-check document was first published March 6, 2019. KEVIN MCCARTHY

gave me 24 hours to prove a negative—24 hours. Well, he didn't actually. I asked for 24 hours. He gave me 1 hour.

Now, philosophers have—and everywhere from philosophers to barflies have argued for centuries that it is impossible to prove a negative. Well, no, it is logically possible to prove a negative, and I did that. And I did it in a fact-check document filed in this Congress and published on my website February 3—excuse me—March 6 of 2019. And then some other facts came to bear, and I published a follow-up of that.

I deleted nothing from this. I just added some more facts. And that was published February 3 of this year, 2020.

So some of the things that I want people to think about is, I had done—we had done the LexisNexis search and asked it: Had STEVE KING ever said white nationalist anywhere in history? We went back to the year 2000. That is about as far as we can trust the records, I think. And at no time, I had never, ever been quoted as ever even uttering the words that identify that odious ideology.

And so when I was asked: What is a white nationalist by DAVE PRICE on a television station in Des Moines, Iowa, it caught me off guard because I hadn't been ever asked to define it before. I had never said the term before. In fact, I didn't use that term when I answered the question.

But I did say it is a derogatory term. It might have meant something different 1, 2, or 3 years ago, but today it means racist. That was my definition off the cuff from a question that I didn't anticipate. Maybe it could have been a little more artful, but it is true, and it is true because the term has been weaponized and essentially unused.

And so, we looked through the record of LexisNexis and said: Where is the first documented instance of where I ever used the phrase white nationalist? And that turns out to be in an interview that was done right before Christmas of 2018 with the Christian Science Monitor. And there, I was making the case that some of this language has been weaponized. And did I use the terms—I said, I used the terms—if I can find it here, I added a couple of other terms that were part of that, such as, well, racist is weaponized; Nazi is weaponized; fascist is weaponized; white nationalism is weaponized; and white supremacy is weaponized. Now they are trying to weaponize Western civilization. When that happens, our civilization will be on its way out the door.

But I was clearly making a statement, defending Western civilization and rejecting the odious ideologies.

So we looked it up, and I asked the question—just a minute. This, Mr. Speaker, is a chart of LexisNexis that charts the frequency of the utilization of the term, white nationalist or white nationalism, a derivative of that. So it goes back to the year 2000, and you can

see all the way up till 2015, it is virtually unused. It wasn't in our American vernacular. No one could be expected to have the precise and perfect definition for that in their head from a—I will say—a quick response type of a question if we are not using it in our language.

It wasn't in our political discourse. It may be in academia. That is probably where—one to 200 times a year is about what that is down on the bottom.

And then you see that 2015, it picked up just a little bit. But 2016, it went from virtually unused to 10,000 times a year. And then, in 2017, it went to 30,000 times a year. 2018, it is still up there at 20,000 times a year.

This term, white nationalism, was weaponized, and it was used against conservatives. They knew they had worn out the term racism, so they had to come up with some new terms, and that was one of them.

Here is another example. This is the year. This is the year 2016. It was, I could say, almost virtually unused up until November of 2016. And what happened in November of 2016? Oh, Donald Trump was elected President wasn't he, on about November 8.

And the following Sunday, about the 12th or 13th of November, the top people in the Democratic Party met at the Mandarin Hotel here in Washington, D.C. The articles that I read about it are articles that were written around their star person there, George Soros, who was in that hotel and presumably led some of the discussions that were there and contributed, likely, to the cause.

And so from the moment that they went into that hotel, that Sunday, it doesn't really show very much utilization of it. But on the following day, Monday, it shoots off the charts. There is no question that this synchronizes almost exactly with the meeting in the Mandarin Hotel, which, I believe, strategically decided: We are going to launch white nationalism and white supremacy as weaponized terms, and we are going to use them against Republicans.

So this is actually, Mr. Speaker, the picture of November itself and broken down day by day. And so you can see, the 11th, the 12th, here is the 13th. That was Monday. They called into the hotel. Thirteen is Sunday, excuse me. And so they were checking in.

But on Monday, here we go. Tuesday, that is how they triggered the weaponization of language, and that is what I was describing in that interview, although I thought I was right because my guts were speaking to me. My instincts were speaking to me. I didn't have the data, but it is pretty clear that I was more right than I imagined that I would be.

That is the circumstances that we are dealing with here, and the hyperactivity of a planned ambush of a Member of Congress in an effort to try to drive him out of office and force him to resign, based upon false stories and false allegations without substance.

□ 1330

So I will take you to this, Mr. Speaker. We went to Congressional Research Services, CRS, and asked them: Who has been removed from all of their committees presumably for disciplinary reasons? And what do you know about as far as you can go back in the search engine or into modern history?

We found out that James Traficant was removed from all of his committees. He was subsequently convicted of a Federal felony and went to prison—several Federal felonies, as a matter of fact.

Then we have had, I can think of two, three cases since that time, fairly contemporary. I don't want to say their names because I remain a person who—well, I regret what they were convicted of, but, nonetheless, it is this.

There have been five Members of Congress who were removed from their committees for disciplinary reasons in all of modern history according to CRS. One of them is fairly recent down in Kansas. The other two, in addition to James Traficant, were subsequently convicted of Federal felonies. So the charges on the Kansas issue are Federal felonies.

So here I stand, the sole person in 233 years of the American Republic who has been denied a full-throated representation of his 750,000 constituents by an arbitrary decision of the leader of the Republican Party, who had no evidence except his faith that the dishonest reporter of The New York Times was more honest than a very honest Member of Congress standing before him.

No one in this Congress has ever asserted that I misinformed them willfully. Maybe I made a couple of mistakes on data, and if I caught them, I went back and fixed it as quickly as I could. But that assertion has never been made. There has never been made of any personal disparagement, as I said earlier. All of that holds together.

No one in this body has ever heard me utter even a swearword under my breath. Yet this is what happens to the freedom of speech and representation.

I would add this. I had more votes for me in the previous election in November of 2018 than either the current leader of the Republican Party or the Conference chair, yet they have got a sanctimonious attitude about what is right and what is wrong.

So I would assert, Mr. Speaker, that the CONGRESSIONAL RECORD did err. It is easy to determine that because there is a C-SPAN tape. We have a tape of one thing, and that was there is a distinct difference between the two odious ideologies and Western civilization. I made the point. I did the pause. It is natural for me to talk and think that way. It is not natural for me to advocate for something that I disagree with.

Further, this fact-checked document makes it real clear that of all of the time that it has been out here, a year and a half or better, not a soul has

found anything false in it, anything mischaracterized, anything biased, or any hole in the logic that says that could not have happened with *The New York Times*. It is a false and erroneous misquote is the nicest way that I can put that.

Mr. Speaker, I have gone through a number of these things that are the factual components of it, but here is another piece: How often was white nationalist used in this Congress? I said it was virtually unused for all those years on up until 2018. We went back through the CONGRESSIONAL RECORD and did a search, too. I will just read you the text of this fact-checked document, Mr. Speaker, to give you some of the flavor of it.

It says: Another indicator of the recent weaponization of the phrase “white nationalism” can be found in a study of the CONGRESSIONAL RECORD. According to the CRS, no Member of Congress has ever said, in their original words, the term “white nationalist” on the House floor prior to President Donald Trump being elected.

That is out of a CRS report.

So how could it be that, oh, that is attributed to me, and there is a thought process that is attributed to me?

But it says that KEVIN MCCARTHY’s decision to remove KING from all three of his committees for a misquote of *The New York Times* is unprecedented with no analogous case to mine. Apart from party switches/level of party support, KING is only the fourth Member of Congress’ history—that is this report prior to the Kansas incident I mentioned—according to the CRS to be stripped of all committee assignments, and he is the only one who was removed from committees for a reason that has no basis—no basis in history, in House or Conference rules or Federal law. Or, I will say, no basis in truth either.

So one has to come to a conclusion here as to what actually happened.

Mr. Speaker, you can believe the version of events that are relied upon by KEVIN MCCARTHY to strip KING of committee assignments, but if that is so, one must believe that an unreasonable but sensational interpretation for which no evidence exists is more likely to be accurate than a reasonable, non-controversial interpretation which is internally supported by context clues and externally supported by data and other contemporaneous published accounts.

One must also believe that *The New York Times*, which is a hostile, liberal paper, which has had other articles about me, STEVE KING, written by the same author thoroughly debunked as completely bogus, set aside its animus in this particular case and wrote an objective article for the first time on me.

This document that I am speaking from contains hyperlinks to source material. Parties interested in reviewing this can go to my website steveking.house.gov and pull one of these documents down.

Mr. Speaker, another piece of this was Brit Hume, a legendary journalist and reporter. Brit Hume is publicly no fan of STEVE KING. He read through an article that was written by Trip Gabriel just about on January 15 of 2019, and Trip Gabriel brought up a whole series of quotes that proves that I am a racist. Brit Hume read down through that and said that it is completely bogus. Most of the articles and most of the quotes don’t have anything to do with race whatsoever, and none of the comments were racist. That is Brit Hume.

Between Brit Hume, Mark Steyn, and multiple others who are objective, I think we get the idea of what happened here.

Going home to spend time with my grandchildren is not what I regret, Mr. Speaker, but what I regret is the precedent that is established here that there is no place to appeal.

I recall when I was first elected to the Iowa Senate, I had what turned out to be a future constituent who found himself in an administrative law judge position where the administrative law judges had ruled against him. It was a domestic issue. I knew that he was honest; I knew that he was the target; and I knew he was the victim of stack of lies. So I set about trying to get him an appeal so that his case could be heard.

As I checked the fences, so to speak, as we say in Iowa, or perhaps Texas as well, as we checked the fences, it always will go under the next one, the next one, the next one. But once you went around, it was a corral, and there was no way for him. He is back appealing to the very person who ruled against him in the first place.

So, Mr. Speaker, what you are really down to is you can go through some motions, but you have to ask the decider to change their mind. That is the only appeal. When you have got the pressure of a nation, the media pressure and the political politics that go on here, then they are not going to change their mind. There is too much narcissism involved for that.

By the way, there is a significant amount of mendacity, while we are talking about personal characteristics, because KEVIN MCCARTHY promised me that he would go to the Steering Committee and ask them to restore me to all of my committees. That happened April 19 of this year. I have the transcript of that phone call. Yet, when McCarthy was asked about that in a press conference, he denied it and made me out to be the liar. That is another piece that has got to be changed in the history of all of this.

What I regret is, if there is a due process, then there needs to be a place where there can be an appeal. There needs to be a place to roll the facts out and there needs to be a way that you can put people who sit in judgment, who actually have to evaluate the facts and be subjected to criticism for their decision that they would make. None

of that exists in this Congress. It may exist over on the other side of the aisle, but it doesn’t exist on this side of the aisle.

So I have my obligations here, and one of the obligations is to deliver the truth. I am confident everything I have said here today is objectively true. I have dug through this for a good, long period of time.

After the primary election, I sat down on my deck out on the east side before the Sun came up in the morning and took my keyboard and began to type. After a few weeks, I had 60,000-some words, and that is a book. That will be in print real soon. The title of that is “Walking Through the Fire.”

I was able to call Andrew Breitbart, a close, personal friend. When he tragically passed away at age 43 several years ago, I was given the honor to give the eulogy for him at the national memorial here in Washington, D.C., for Andrew Breitbart, whose imprint is on our society to this day.

Andrew would say to us: Walk towards the fire. Walk towards the fire. Their bullets aren’t real. They just want to scare you. They want to shut you up. They don’t like your ideology, so they will attack you personally, and they will call you a whole series of names.

He was more eloquent about that than I.

I started out the book that way, “Walk towards the fire,” but the title of my book is “Walking Through the Fire” because, once that fire was lit in front of me, I could have either turned and run or walked through it. I said: If you are going to do this to me, you are going to have to shoot me down in the middle of Main Street at high noon with everybody watching.

That is pretty much what happened. They mounted that kind of effort and did everything they could to destroy my reputation.

But the facts stand the same. I have no accusers. All of the logic of this fact-checked document supports what I have told you here today, Mr. Speaker, all of it. There is not a hole in it. No one has found a hole in it, even when it would behoove them to find a hole in it or several holes in it.

I think that my reputation here among the people who know me is solid. But, also, I will have a shorter list of friends maintenance after this last experience over these 2 years.

I don’t regret going home. I don’t regret spending more time with my grandchildren.

I got a phone call from one of our county chairs here a month and a half or so ago. He said: I am calling to tell you that God is showing you how much He loves you because He is guaranteeing you more time. He is sending you home to spend more time with your grandchildren.

That is as good a way to put that as you can.

I have made good friends here in this place, but the list of them is shorter

than I thought it was. So I think it is very important that people coming into this Congress, the freshmen whom I have never gotten a chance to know over a 2-year period of time because, if they are seen talking to STEVE KING, the leader might not give them the committee assignment that they want, I didn't get to know them. That is too bad. I am sure there are good people there. But that list is shorter than I thought it would be.

We need more and deeper character in this Congress, and we need to tie back to facts and policy. What I have seen happen here in the time that I have been in this Congress is, when young Members come in, they come in pretty strong ideologically, for the most part. They want to make a difference, and they want to pass legislation. They are policy people, and they are ideological people.

And I meet them and I like them and I like the spark that is in their eyes, but pretty quickly, sometimes there are even one or two or three, even on the first day, who decide: Mine is going to be a political equation. Over time, they give up on the policy. They give up on the ideology. They find out that their job is to either work for this team or work for this team over here. They slowly become a political barometer. And when an issue comes up in front of them and they have to make a decision, the question will be: How does this help me? If it doesn't help them, then that question is: How do I avoid dealing with this issue?

I came here to correct the wrongs that I had seen in life and to fix the injustices. I didn't anticipate I would see them so starkly in front of me, but I have. So I wanted to come to the floor here today, Mr. Speaker, and let you know some of these things that I am thinking about. Hopefully, this body will learn from the experiences that we have all been part of here. The freshmen need to be thinking about this and have an independent voice.

Mr. Speaker, I have said that one of the ways that you can have an independent voice here in this Congress—and perhaps the only way you can have an independent voice—is you have to have constituents who will support you; you have to have a fundraising network that is independent from the people who can take it away from you; and you have to have a national media voice so that the truth restrains the people who want to undercut you.

There is a major component that I left out of my presentation here, Mr. Speaker, and that is I am a Member of Congress from Iowa. I am the dean of the Iowa congressional delegation.

I have been engaged in the first-in-the-Nation Iowa caucus for a long time, and I am the only Member that I know of at this elected level who has ever made an endorsement of a Presidential candidate and taken all the heat from the other candidates that comes from that, but I think it is important to do that.

I have had, along with just a handful of other people, an extraordinary opportunity to get to know these Presidential candidates one on one, 17 of them the last time. I brought 12 of them into a Freedom Summit down in Des Moines to launch the national Presidential race. I put 1,250 people in the seats and standing room only. They were rock-ribbed, principled, full-spectrum, constitutional Christian conservatives.

□ 1345

And when they heard something they liked, they stood, stomped their feet, and applauded and cheered.

When they heard something they didn't like, they might look at their watch, boo, hiss, or walk away.

They were sorting these candidates and batching up with what they believed in. The conservatives did well that day, but the moderates didn't do so well. And a couple of moderates didn't show up. So when I see that, when the moderates don't show up and the conservatives do show up, and—let's see, Walker got a big bounce out of that that day, Donald Trump got a big bounce, TED CRUZ got a big bounce, Ben Carson got a big bounce that day. They all spoke at the Freedom Summit. And that helped launch them into a very competitive Presidential campaign.

I did everything I could to provide access to the candidates so that they could be in Iowa and meeting these caucus-goers and shaking hands and doing the things necessary to have a chance at the nomination. That functions really well. But what we did, we built the platform around that. And the platform for the Presidential candidates was actually built in Iowa. And then we put three or four of those candidates on that platform, once they come out of the Iowa Caucus, and we send them off to New Hampshire. New Hampshire does pretty good, but sometimes they will pull a nail or two out. And then they will take that platform and send those candidates down to South Carolina and, thankfully, they put a lot of those nails back in.

So by the time you are done with South Carolina, the platform for the nominees is settled. And that is the platform that makes it to the national convention. That is the platform that arrives in the Oval Office. That is the platform that exists there today.

When I walk into the Oval Office, and I look around, I think, My gosh, we really did accomplish this. We accomplished the agenda on immigration, for example, and we accomplished the agenda to repeal ObamaCare. We didn't get it all done, but it is on there.

I have in my pocket a picture of all the promises that Donald Trump made, there are a lot of checkmarks behind the ones that have been accomplished. Those promises, many of them were made in Iowa at the launch of this.

And that is one of the things that has brought out the opposition, the estab-

lishment people in this country don't want conservatives to have a loud voice on who the nominees are going to be. But I say, the heart of the heartland is where the families are. It is where the small businesses are. Where we are the farthest away from the big businesses, we are insulated from that. So our ideology—Democrat and Republican—is closer to the real people than you might find if you go someplace where there is an expensive media market.

In launching Democrat and Republican candidates, we must have that hands-on where they have to meet people and get to know the American people. We want real candidates out there on that stage. And the folks that had the money—for example, Jeb Bush spent \$139 million, and he got something like three or five delegates. He is not very happy with how that opportunity didn't exist for him in a way that it might have for a TED CRUZ or a Ben Carson or a Donald Trump or a Scott Walker. So they decided that they don't want to have that voice in northwest Iowa. And that is a big piece of this as well.

Mr. Speaker, the forces behind this, the forces of the swamp that have mobilized themselves like never before and pulled off something that had never been accomplished before and done with—I will say a strategy and millions of dollars, and a network of media that was coordinated across this country is all part of this. It is all part of my book. I can't begin to express it all here in the time that I have, but I do appreciate the time that I have been allowed here on the floor of the House of Representatives.

Mr. Speaker, I want you to know that I appreciate serving with you, a man of a happy attitude that expresses it across the aisles in a bipartisan way.

Mr. Speaker, I urge this Congress to take a look at the C-SPAN tape, correct the CONGRESSIONAL RECORD, put the hyphen in where it belongs, and recognize that I have been right on this all along. No one has found a hole in anything that I have said. You can look through every word put out the last 2 years. Everything I have said stands up. It doesn't stand up with the New York Times. It doesn't stand up with KEVIN MCCARTHY. It stands up when I say it.

I make that point as I step aside here because it is a challenge. Show me where I am wrong. Show me where I have been—I should say—where I haven't been factual. No one has been able to do that. They won't be able to do that. The fact-checked document stands on its own. It is completely logical, and it proves a negative, even though philosophers have long said that is not possible to do.

Mr. Speaker, I appreciate being recognized here to address you on the floor of the House of Representatives, and I yield back the balance of my time.

GENERAL LEAVE

Ms. GARCIA of Texas. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Texas?

There was no objection.

Ms. GARCIA of Texas. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 8124, the Criminal Judicial Administration Act of 2020 is a bipartisan piece of legislation that makes two very modest but important amendments to current law, promoting the efficient, effective, and fair administration of justice.

The first part of this bill concerns out-of-custody criminal defendants, particularly those who are released pending trial to live in communities that are located far from the courthouse where their cases are being heard.

The majority of Federal criminal defendants are detained pending trial, and the United States Marshals Service is responsible for housing and transporting them to court hearings, including trial. In addition, under current law, the court may order the U.S. marshals to provide funds for a criminal defendant who is released pending trial but cannot afford the cost of travel to cover the defendant's travel to the location of the courthouse for hearings or trial.

However, the defendant must fund their own way back home, and a defendant in this position would not be able to receive financial support from the U.S. marshals for subsistence, such as lodging and meals. For an indigent defendant, these costs are sometimes insurmountable.

For instance, a defendant from Hawaii who must attend their 2-week trial in the Southern District of New York, would have to figure out how to pay for 2 weeks of lodging in New York City, or a defendant released to live at

home on the Navajo Reservation, who has a pretrial hearing at the Federal courthouse in Phoenix, Arizona, may not be able to afford gas for the 6-hour ride back home.

For years, our Federal courts have struggled with how to assist indigent defendants when they find themselves in these difficult situations. But unfortunately, the courts' efforts have come up against the text of the statute. This bill would authorize courts in the interest of justice to order the U.S. marshals to cover roundtrip travel and subsistence for defendants who must attend court hearings but cannot afford to pay this on their own. The Judicial Conference of the United States has urged us to correct this grave unfairness. I am pleased to see that we are finally doing that with this bill.

The second part of this bill concerning Federal magistrate judges is also supported by the Judicial Conference. Magistrate judges have trial jurisdiction over certain misdemeanors, except for class A misdemeanors, for which the maximum sentence is up to 1 year in custody. With a defendant's consent, however, a magistrate judge may exercise trial jurisdiction over a case involving a class A misdemeanor.

Magistrate judges frequently do so and often hear class A misdemeanor cases all the way through judgment and sentencing. Under current law, a magistrate's jurisdiction ends after judgment is entered in a misdemeanor case and post-judgment jurisdiction reverts to the district court.

Indeed, magistrate judges are not authorized to hear post-judgment motions, such as motions to vacate a sentence, even though they are the ones that handled the entire matter at the trial level and are best equipped to hear such post-judgment motions.

Among other things, this bill would authorize a magistrate judge to hear post-judgment motions in misdemeanor cases in which she or he exercised trial jurisdiction. This amendment clearly improves judicial economy. It makes perfect sense. This is a straightforward and bipartisan measure that will help our criminal justice system in a more effective and fair manner.

Mr. Speaker, I reserve the balance of my time.

Mr. RESCHENTHALER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 8124, the Criminal Judicial Administration Act of 2020.

This bill strengthens existing laws about transportation and subsistence for indigent criminal defendants. It does this when they are brought to court proceedings.

H.R. 8124 allows a magistrate judge to decide post-judgment motions in a misdemeanor case where the magistrate judge was the judge who handled the underlying misdemeanor case.

This bill will also improve the efficiency of our court systems by allowing our courts to manage caseloads in a more efficient and economic manner.

I thank the bipartisan effort of my colleagues, the sponsors of this legislation, Representatives JEFFRIES and ROBY.

Mr. Speaker, I urge my colleagues to join me in supporting this bill, and I reserve the balance of my time.

Ms. GARCIA of Texas. Mr. Speaker, I yield 4 minutes to the gentleman from New York (Mr. JEFFRIES).

Mr. JEFFRIES. Mr. Speaker, I thank the distinguished gentlewoman from Texas for her leadership and for yielding.

Mr. Speaker, I rise in support of H.R. 8124, the Criminal Judicial Administration Act of 2020.

This bipartisan bill will bring more efficiency and fairness to the criminal justice system by making two commonsense improvements to the administration of justice in America.

First, the bill would authorize courts to direct the U.S. Marshals Service to provide subsistence and return transportation to the very small group of noncustodial defendants who are required to travel to court proceedings but are financially unable to cover the costs of doing so. While current law provides subsistence and travel to proceedings, there is a gap in the statute.

H.R. 8124 will expand the statute to cover transportation, lodging, and food for defendants who are innocent until proven guilty, as they return home from these proceedings.

Second, the bill will authorize magistrate judges to decide post-judgment motions in misdemeanor cases in which they have already exercised trial jurisdiction. Magistrate judges try and sentence individuals in misdemeanor cases, but to consider a post-judgment motion, current law requires a referral by a district judge or the party's consent.

This provision in H.R. 8124 will facilitate judicial economy and help reduce the caseloads of Article III district court judges by removing this requirement. The more efficient we can make our court system, the more effective and just it will be. These two non-controversial changes would meaningfully improve the ability of our Federal courts to deliver equity and justice to the people that they serve.

The Judicial Conference of the United States, the national policymaking body for our Federal court system, supports this important and necessary legislation.

I thank the Committee on the Judiciary, and both sides of the aisle, for approving this bill by voice vote last month.

I would also like to thank my colleague and partner, Representative MARTHA ROBY, the ranking member of the Subcommittee on Courts, Intellectual Property, and the Internet, for partnering with me on this effort.

I urge all of my colleagues to vote "yes" on H.R. 8124.

□ 1400

Mr. RESCHENTHALER. Madam Speaker, I reserve the balance of my time.

Ms. GARCIA of Texas. Mr. Speaker, the Criminal Judicial Administration Act of 2020 is a modest but important bill. I commend our colleagues, Representatives JEFFRIES and ROBY, for their leadership in bringing these important issues to our attention.

I strongly urge my colleagues to join me in supporting this bipartisan bill, and I yield back the balance of my time.

Mr. RESCHENTHALER. Mr. Speaker, I just want to say that, once again, I urge my colleagues to vote "yes" on H.R. 8124, the Criminal Judicial Administration Act of 2020, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Texas (Ms. GARCIA) that the House suspend the rules and pass the bill, H.R. 8124, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from California (Ms. BASS) and the gentleman from Pennsylvania (Mr. RESCHENTHALER) each will control 20 minutes.

The Chair recognizes the gentlewoman from California.

GENERAL LEAVE

Ms. BASS. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from California?

There was no objection.

Ms. BASS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I worked with Representatives KATHERINE CLARK and BRENDA LAWRENCE, along with my colleagues on the other side of the aisle, GUY RESCHENTHALER and DEBBIE LESKO, to introduce the bipartisan H.R. 7718, Protecting the Health and Wellness of Babies and Pregnant Women in Custody Act, which will improve the prenatal and postpartum care women receive while in BOP custody and provides additional funding for States to do the same.

Since the early 1980s, the number of women in Federal and State custody has increased by 700 percent. Women are the fastest growing segment of the incarcerated population, and women are incarcerated mainly for nonviolent offenses. Over 60 percent of women in

prison are mothers with children under the age of 18.

The purpose of this bill is to take a comprehensive look at how women are cared for while in custody. This bill addresses a series of health-related concerns raised by women in custody as well as the American College of Obstetricians and Gynecologists.

This bill would require that once a determination that a woman is pregnant is made, that her doctor devise a plan that would allow for reasonable accommodations for her care while in custody. This plan would be provided to the warden of each prison.

The plan would take into account a woman’s individual healthcare needs during pregnancy and postpartum, which includes access to healthcare professionals, such as OB/GYNs, nurses, doulas, and midwives, to address the conditions in prison that, if modified, would significantly improve her chances of having a healthy pregnancy.

Reasonable accommodations include food and nutrition and access to nutritious food. According to healthcare professionals, good maternal nutrition can contribute positively to the delivery of a healthy newborn of an appropriate weight.

We have heard stories of women who are incarcerated given an additional peanut butter and jelly sandwich to address their nutritional needs. This is obviously not adequate for a woman who is pregnant.

Another accommodation is transferring a woman from a top bunk to a lower bunk, as pregnant women are at high risk for falls, and falls are dangerous for pregnancies. In addition, women who are pregnant need access to bathrooms and water for the duration of their pregnancy. I know it sounds strange, but in some prisons, this is actually an issue.

Meeting the healthcare needs of women has a positive impact on the pregnancy and allowing women access to OB/GYNs as their primary caregiver is vital.

Birth by caesarean section, on average, can cost \$7,000 to \$10,000 more than a natural birth, and dealing with women appropriately during pregnancy reduces the number of caesarean sections.

For women who are determined to have pregnancies that are considered at high risk by their doctor, it might be appropriate to say incarceration in a prison is not the best way and maybe women could be housed closer to home in halfway houses.

After a baby is born, birth mothers will be provided with postpartum care and also will receive information regarding family preservation and their parental rights.

So this is a comprehensive bill, and I advise all of my colleagues to support the bill.

Mr. Speaker, I reserve the balance of my time.

Mr. RESCHENTHALER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the bipartisan Protecting the Health and Wellness of Babies and Pregnant Women in Custody Act will improve care and outcomes for pregnant women in prison as well as for their children.

I was proud to introduce this important legislation with Representatives BASS, LESKO, and CLARK. I just want to say that Chairwoman BASS was incredible to work with. In particular, we did one virtual meeting, which consisted of tear-jerking stories that really addressed the need for change in this area.

Mr. Speaker, women are the fastest growing population in Federal prisons, yet the system was designed with just men in mind.

In 2018, Congress and President Trump took action to address these inequities with the FIRST STEP Act. H.R. 7718 will build upon that critical work by addressing the unique healthcare needs of incarcerated women who are pregnant, as well as those of their babies, which will ensure positive outcomes for their families.

H.R. 7718 establishes minimum standards of care for pregnant women, unborn children, and newborns in Federal custody. Further, the bill limits the use of restraints and restrictive housing for pregnant women and postpartum prisoners.

By providing incarcerated women with access to pregnancy-related healthcare and services, we can ensure better outcomes for mothers and babies.

Again, I want to thank Chairwoman BASS, Representative LESKO, and Representative CLARK for working with me on this important piece of legislation.

Mr. Speaker, I urge the House to support this important legislation, and I reserve the balance of my time.

Ms. BASS. Mr. Speaker, I yield myself such time as I may consume. To date, the United States incarcerates more women than any other country in the world. However, Federal, State, and local facilities have not fully met the needs of pregnant women in their care. I would like to share a few stories with you.

Last Congress, Pamela Winn, while she sat in the Chamber during the passage of the FIRST STEP Act, was a registered nurse who specialized in obstetrics. She knew her pregnancy was in distress after she fell while her wrists and ankles were shackled in her 20th week of pregnancy.

For weeks after the fall, Ms. Winn asked for medical help, which she did not receive. She began bleeding in her cell and was brought to the hospital in shackles. While still in the hospital, Ms. Winn asked the guard what happened to her baby, and he told her that her baby was thrown in the trash. That is how Ms. Winn discovered she miscarried.

No one should experience what she had to endure.

Andrea Circle Bear is the first woman to die in custody as a result of

COVID-19. Ms. Circle Bear entered custody while pregnant and contracted COVID-19 while in BOP's care. She later gave birth on a ventilator by caesarean and died without meeting her child.

Ms. Circle Bear, the mother of five children, was a high-risk pregnancy and could have easily been released. She was in on a drug charge. Instead, she now leaves behind six children.

Recently, I spoke with Nicole Bennett, who lives in Los Angeles. Nicole is the mother of four and shared her experience being pregnant with her second child while in custody. Ms. Bennett did not receive proper prenatal care or nutrition. She was shackled during labor and immediately after.

Ms. Bennett, like most women in custody, was not a violent offender. Yet, she was not allowed to hold her infant daughter when she was born. It would be 6 months before Ms. Bennett saw her daughter again.

Today, her daughter is 8 years old, and Ms. Bennett still carries a lot of guilt and pain for being shackled, not having access to proper prenatal care, and having her child in custody without friends or family. Ms. Bennett firmly believes this impacted her ability to bond with her child.

Tammy Jackson is a woman struggling with mental illness. She was brought into custody while in her final trimester. Ms. Jackson informed the officers that she was in labor, and it took 6 hours for her to receive medical help. Ms. Jackson gave birth to her child in her cell, alone.

Diana Sanchez could not pay for her bond for a traffic violation while in her final trimester of pregnancy. Ms. Sanchez requested medical help after she began experiencing severe cramps. She informed the on-duty nurse, as well as the officers on duty, yet Ms. Sanchez was left alone in her cell for 5 hours and gave birth alone in her cell. The entire nightmare was caught on video. You can see Ms. Sanchez screaming. She should not have been left alone in her cell in her third trimester, and she should have received medical care from an obstetrician.

This is a comprehensive and strong bipartisan bill, and I urge all of my colleagues to support H.R. 7718. Support pregnant women in custody.

Mr. Speaker, I reserve the balance of my time.

Mr. RESCENTIALER. Mr. Speaker, I, again, want to urge my colleagues to vote "yes" on H.R. 7718, the Protecting the Health and Wellness of Babies and Pregnant Women in Custody Act.

Again, I reiterate that it was an absolute honor to work with Chairwoman BASS on this important piece of legislation.

Mr. Speaker, I yield back the balance of my time.

□ 1415

Ms. BASS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, one day I hope that these mothers mentioned here earlier are the last to have experienced not receiving appropriate care while in custody and pregnant.

As we begin to institute criminal justice reform to stem the increase of people entering the system, we must improve the resources provided to those who are currently in custody. Support H.R. 7718. Support pregnant women in custody.

Mr. Speaker, I yield back the balance of my time.

Ms. JACKSON LEE. Mr. Speaker, as a senior member of the Committee on the Judiciary and Co-Chair of the Congressional Children's Caucus, I rise in strong support of H.R. 7718, the "Protecting the Health and Wellness of Babies and Pregnant Women in Custody Act," introduced by our colleague Congresswoman BASS of California.

This legislation requires the Bureau of Justice Statistics to collect and report data relating to the demographics and physical and mental health needs of incarcerated women who are pregnant, in labor, or in post-partum recovery, at the Federal, State, tribal, and local levels.

In addition, the bill will help ensure that appropriate medical services and programs related to pregnancy and childbirth are provided in the Bureau of Prisons (BOP) and made available to women in custody.

The bill also prohibits the use of restraints or restrictive housing, while in BOP or U.S. Marshals Service custody, during the period of pregnancy, labor, and postpartum recovery, unless these measures are necessary.

Over the past four decades, the total U.S. prison population has skyrocketed.

There are almost 2.3 million people currently in our nation's prisons and jails, 36 which represents a more than 500 percent increase over the last 40 years.

During the period from 1980 to the present, the federal prison population has grown from approximately 25,000 to 180,000—an increase of over 600 percent.

A topic that is not as widely discussed is the fact that women are the fastest-growing segment of the incarcerated population.

In the same time period, the number of women in the state prison population has grown by 834 percent, at more than double the pace of men.

Today, the overall incarcerated population has begun to decrease slightly, although almost all of the reduction has been among men, and the proportion of incarcerated women remains on the rise.

Since 2000, the jail incarceration rate for women has risen 26 percent while the rate for men has fallen by 5 percent.

In addition, at the present time, there are more women in prison than at any point in U.S. history.

Nationally, 64 out of every 100,000 women were in prison in 2016.

Since 2013, the percentage of women prosecuted federally has consistently hovered around 13 percent.

At the state level, the rate at which women are incarcerated varies greatly; the state with the highest rate of female imprisonment is Oklahoma and the states with the lowest incarceration rates for women are Rhode Island and Massachusetts.

In 35 states, women's incarceration numbers have been higher than men's, and in a few states, the growth of women's prison populations have counteracted any reductions in men's incarceration numbers.

Further, women in jail are the fastest growing correctional population in the country, increasing 14-fold between 1970 and 2014.

This trend is even greater in small counties, where there has been a 31-fold increase between 1970 and 2014.

Significantly, nearly half of all incarcerated women are held in jails.

Mr. Speaker, somewhere between 3 percent and 6 percent of women entering the prison system are pregnant, with the highest rates of pregnancies being in local jails.

Statistics from the Bureau of Prisons show that there were 171 pregnancies in federal prison in 2018.

While the prison health care system is barely adequate for men, it fails to meet incarcerated women's basic needs.

The situation is even more dire for pregnant women in prison who have additional and unique health needs.

A significant portion of women come into the prison system with a history of poverty, substance abuse, and trauma and abuse.

Women who enter prison are also less likely to have had access to regular health care before their incarceration, especially appropriate prenatal care.

Moreover, women in prison are more likely to suffer from undiagnosed chronic illnesses, such as diabetes and high blood pressure, that can cause a high-risk pregnancy.

Another salutary aspect of H.R. 7718 is that provides education and technical assistance by the National Institute of Corrections to state and local corrections facilities on appropriate medical care for pregnant women and to ensure training of BOP correctional officers at facilities housing women and of deputy U.S. Marshals, on the requirements of the bill.

Finally, the legislation directs GAO to study and report to Congress the services and protections provided for pregnant incarcerated women in local and State correctional settings and in Federal pretrial detention facilities and authorizes the Attorney General to make grants to State, tribal, and local governments, to promote and support the health needs of incarcerated pregnant women.

Mr. Speaker, H.R. 7718 complements and expands on the SIMARRA Act I introduced in the 114th and 115th Congress (i.e., H.R. 5130, H.R. 3410) and incorporated in the Violence Against Women Reauthorization Act, legislation which directs the Bureau of Prisons to establish a pilot program to allow incarcerated women who give birth and children born during such incarceration to reside together in a separate prison housing unit.

I strongly support this legislation and urge all Members to join me in voting to pass H.R. 7718, the "Protecting the Health and Wellness of Babies and Pregnant Women in Custody Act."

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from California (Ms. BASS) that the House suspend the rules and pass the bill, H.R. 7718, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from California (Ms. BASS) and the gentleman from Pennsylvania (Mr. RESCHENTHALER) each will control 20 minutes.

The Chair recognizes the gentlewoman from California.

GENERAL LEAVE

Ms. BASS. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from California?

There was no objection.

Ms. BASS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 8225, the Fight Notario Fraud Act of 2020, would address notario fraud, the practice of the provision of unauthorized immigration legal services, which has not been effectively curbed by existing Federal, State, and local efforts.

The practice continues to cause irreparable harm to immigrant communities. Notario fraud proliferates all over the United States because there is an overwhelming need for representation in immigration proceedings.

In any given year, United States Citizenship and Immigration Services receives approximately 6 million applications from individuals and businesses seeking an immigration benefit, humanitarian relief, or naturalization. Immigration proceedings are notoriously and unusually complex, as one editorial described them, dizzyingly Byzantine. The high demand for assistance with this complex set of laws at-

tracts charlatans who prey on unsuspecting victims.

Unfortunately, efforts to curb notario fraud for the past several decades have fallen short. Education campaigns by local governments, bar associations, and grassroots organizations have raised public awareness and have stemmed notario fraud somewhat.

While 34 States and the District of Columbia have some type of statute outlawing the unauthorized practice of immigration law, only a handful have more comprehensive laws, like California, Illinois, New York, and Washington. Most jurisdictions address the issue by limiting the activities of licensed notaries public. But this is rarely effective, and even where laws have been enacted at the State level, these efforts have done little to meaningfully rein in notario fraud.

Leadership from the Department of Justice is needed. The Federal Government plays a singular role in immigration proceedings, so it must also undertake efforts to protect the integrity of the immigration process and to protect vulnerable victims from fraud and illegal deceit.

We must strengthen the ability of Federal prosecutors to hold notarios accountable for their malfeasance.

Congress must act carefully when creating new crimes. There must be strong need and justification for them, but this is one instance where State and local efforts have fallen short, and Federal enforcement has been almost nonexistent.

This bill’s comprehensive approach would not only criminalize notario fraud at the Federal level and in 16 States that have yet to enact such legislation, but it would also establish an enforcement apparatus within the Department of Justice to combat fraudulent notario schemes nationwide.

Importantly, this bill requires the Department of Justice to post information on the internet aimed at protecting consumers from fraud, including maintaining a public list of individuals who have been convicted of unlawful conduct under this bill or have been found by the State or Federal agency to have unlawfully provided immigration services.

The Fight Notario Fraud Act will help prevent fraud and protect vulnerable victims. Mr. Speaker, I urge all of my colleagues to support this legislation, and I reserve the balance of my time.

Mr. RESCHENTHALER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, H.R. 8225, the Fight Notario Fraud Act of 2020, addresses a problem that already has a remedy in current law.

The U.S. Department of Justice and State and local officials fight against fraud every day, including fraud related to immigration laws. In addition, the Executive Office for Immigration Review maintains a Fraud and Abuse Prevention Program as a centralized

place for anyone to make complaints about issues of fraud, immigration scams, and the unauthorized practice of immigration law.

These existing efforts to fight immigration fraud are working. For example, in San Antonio, Texas, the DOJ charged Eric Jon Alva and his wife, Jessica Rivas Alva, in a scheme to defraud undocumented immigrants by falsely claiming to work on behalf of two San Antonio attorneys. Although they pled guilty and were sentenced to 6 months in Federal prison, they could have been sentenced up to 5 years, and that is 5 years under current law.

By contrast, the bill before us today would impose only a 1-year sentence for similar crimes. In rare circumstances, the defendant may receive a 3-year sentence.

So the Democrats’ response to a problem in the immigrant community is apparently to go soft on crime and reduce the penalties for immigration fraud. That doesn’t make sense.

We also should not be in the business of complicating the immigration system, but this bill does just that.

This bill prohibits the unauthorized practice of law specific to immigration, but the unauthorized practice of law, no matter the type, is already illegal.

Additionally, by dedicating prosecutors specifically to notario fraud and creating burdensome requirements for prosecuting this fraud, H.R. 8225 could leave other types of immigration crimes understaffed and unaddressed.

Mr. Speaker, I truly appreciate the sentiment behind this bill, I truly do, but if we are going to create a new category of immigration fraud, we should make it as strong as existing law and work to simplify, not to complicate, the current system. Immigrants following the legal system deserve as much.

Mr. Speaker, I reserve the balance of my time.

Ms. BASS. Mr. Speaker, I yield 3 minutes to the gentlewoman from Texas (Ms. GARCIA).

Ms. GARCIA of Texas. Mr. Speaker, I rise today on the House floor to express my strong and unwavering support for the Fight Notario Fraud Act of 2020.

This bill would hold public notaries accountable that abuse their power to take advantage of vulnerable communities with language barriers or who cannot read or who cannot fully understand the legal system.

Many Spanish-speaking immigrants, for example, turn to notaries because in their home countries a notario publico refers to a lawyer.

H.R. 8225 criminalizes notario fraud schemes to ensure that no one can take advantage of the literal-sounding translation of notario publico.

Significantly, some grifters have fraudulently used the notary public title to hold themselves out as authorized to provide advice and services.

When I was a legal aid lawyer, I remember seeing firsthand many deceitful practices at the expense of poor

people due to the language barrier, due to the immigration status, or due to the fact that people could not read the papers that they brought to the notario publicos. That was wrong then, and it is still wrong today.

As Members of Congress, we have a responsibility to protect the well-being and livelihoods of the most vulnerable among us, including American families across the country. Certainly, courts have recognized the widespread prevalence of notario fraud, and the negative impact on immigrants and their families is clear.

Mr. Speaker, I want to thank my comadre and good friend, Congresswoman DEBBIE MUCARSEL-POWELL of south Florida, for exemplary leadership on this issue and for sponsoring this bill. I urge all of my colleagues to vote in favor of this very important legislation. Let's put an end to these fraudulent schemes.

Mr. RESCHENTHALER. Mr. Speaker, I have no further speakers at this time, and I am prepared to close. I yield myself such time as I may consume.

Mr. Speaker, I have concerns that H.R. 8225 will only further complicate the immigration system and hurt rather than help the very people it is meant to protect. So with immigrants in mind, I have concerns with this bill as written.

Mr. Speaker, I yield back the balance of my time.

Ms. BASS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, the harms brought by notario schemes can be devastating. This bill's combination of enforcement and public education is critically needed to protect some of the most unsuspecting and vulnerable victims of fraud.

The Department of Justice must refocus its efforts to target notario fraud, and we are enabling them to do so with this bill.

Mr. Speaker, I thank Representative MUCARSEL-POWELL for championing this issue, and I urge my colleagues to join me in supporting this bill.

Mr. Speaker, I yield back the balance of my time.

Ms. JACKSON LEE. Mr. Speaker, as a senior member of the Committee on the Judiciary, I rise in strong support of H.R. 8225, the "Fight Notario Fraud Act," introduced by the gentlelady from Florida, Congresswoman Murcasel-Powell.

I support this legislation because it protects persons who are the most vulnerable in society against unconscionable predatory conduct from fraudulent "notarios publicos" who use the "notary public" title to hold themselves out as authorized to provide immigration legal advice and services.

Specifically, H.R. 8225 would criminalize the provision of fraudulent legal services, certain misrepresentations by individuals who claim to be authorized to practice immigration law, and threats and retaliation associated with the provision of fraudulent legal services.

Additionally, the bill would require the Attorney General to create no fewer than 15 Spe-

cial United States Attorney positions to prosecute notario fraud crimes.

Mr. Speaker, the roots of modern "notario fraud" in the United States stem from a practice in parts of Latin America where "notarios publicos," (which could be literally translated to "notaries public") are lawyers and, as such, are authorized to provide legal services.

Unlike in the United States, because "notario pblicos" in Latin America have a law license and can represent others in court, many Spanish-speaking immigrants in the United States turn to notaries thinking they are attorneys able to represent them in legal proceedings, especially cases involving immigration claims.

On account of linguistic and cultural differences in meaning, notario fraud disproportionately targets immigrants from Latin America who are not fluent English speakers or familiar with the difference between the Latin American and American legal systems.

Notarios often gain the trust of the immigrant families they defraud, making extravagant promises and preying on the desperation of families.

The effect of the breach of trust can often be dire and multifaceted. Notarios often make mistakes in these filings and proceedings, which can result in irreversibly negative immigration consequences for their clients.

A notario's legal errors can lead to an unfavorable review in immigration courts and may prejudice the immigrant-appellant on appeal.

Fly-by-night notarios may skip town with important documentation immigrants need to file for immigration relief or they may apply for relief without the immigrant-applicant's knowledge.

A notario's advice to a parent may impact the separate and independent relief a child applicant may have.

Currently, equitable relief for this malfeasance is not available in the immigration proceedings and, even worse, defrauded immigrants can be charged with filing false claims.

Immigrants have been defrauded of hundreds or even thousands of dollars by unscrupulous notarios only to find out they will not receive the services they were promised and, in some cases, these individuals find themselves in worse conditions than when they originally sought help with their immigration matters.

After they discover that they have been bilked, many immigrants are afraid to report notaries; by some estimates, only one in every hundred cases are reported.

In one civil action initiated by the Federal Trade Commission in 2011, investigators recovered evidence of 2,785 defrauded immigrants, but only 99 consumer complaints associated with the notario grifter—a reporting rate of 3.55 percent.

Because many of the victims of notarios also do not have legal immigration status, they fear negative immigration outcomes if they attempt to bring a complaint.

Courts across the country have recognized the widespread prevalence of notario fraud.

The proposed explicit criminalization of notario fraud is necessary to focus criminal fraud prosecution on widespread scams that target some of the least sophisticated and most vulnerable individuals in our society.

I strongly support this legislation and urge all Members to join me in voting for its passage.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from California (Ms. BASS) that the House suspend the rules and pass the bill, H.R. 8225, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

EMPOWERING OLYMPIC, PARALYMPIC, AND AMATEUR ATHLETES ACT OF 2020

Ms. BASS. Mr. Speaker, I move to suspend the rules and pass the bill (S. 2330) to amend the Ted Stevens Olympic and Amateur Sports Act to provide for congressional oversight of the board of directors of the United States Olympic and Paralympic Committee and to protect amateur athletes from emotional, physical, and sexual abuse, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

S. 2330

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Empowering Olympic, Paralympic, and Amateur Athletes Act of 2020".

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) The courageous voice of survivors is a call to action to end emotional, physical, and sexual abuse in the Olympic and Paralympic movement.

(2) Larry Nassar, the former national team doctor for USA Gymnastics, sexually abused over 300 athletes for over two decades because of ineffective oversight by USA Gymnastics and the United States Olympic Committee.

(3) While the case of Larry Nassar is unprecedented in scale, the case is hardly the only recent incident of sexual abuse in amateur sports.

(4) Survivors of Larry Nassar's abuse and all survivors of abuse in the Olympic and Paralympic movement deserve justice and redress for the wrongs the survivors have suffered.

(5) After a comprehensive congressional investigation, including interviews and statements from survivors, former and current organization officials, law enforcement, and advocates, Congress found that the United States Olympic Committee and USA Gymnastics fundamentally failed to uphold their existing statutory purposes and duty to protect amateur athletes from sexual, emotional, or physical abuse.

(6) USA Gymnastics and the United States Olympic Committee knowingly concealed abuse by Larry Nassar, leading to the abuse of dozens of additional amateur athletes during the period beginning in the summer of 2015 and ending in September 2016.

(7) Ending abuse in the Olympic and Paralympic movement requires enhanced oversight to ensure that the Olympic and Paralympic movement does more to serve athletes and protect their voice and safety.

SEC. 12. SEVERABILITY.

If any provision of this Act, or an amendment made by this Act, is determined to be unenforceable or invalid, the remaining provisions of this Act and the amendments made by this Act shall not be affected.

The **SPEAKER** pro tempore. Pursuant to the rule, the gentlewoman from California (Ms. BASS) and the gentleman from Pennsylvania (Mr.

RESCHENTHALER) each will control 20 minutes.

The Chair recognizes the gentlewoman from California.

GENERAL LEAVE

Ms. BASS. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The **SPEAKER** pro tempore. Is there objection to the request of the gentlewoman from California?

There was no objection.

Ms. BASS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of S. 2330, the Empowering Olympic, Paralympic, and Amateur Athletes Act of 2020, a bipartisan bill that restores integrity to the Olympic movement and provides much-needed protections to our country's amateur athletes in the wake of the Larry Nassar sexual abuse scandal.

S. 2330 was introduced after bipartisan investigations, launched in both the House and the Senate, revealed systemic failures within the Olympic community that contributed to widespread instances of sexual abuse of athletes, including minors.

□ 1430

These include a lack of effective oversight of the U.S. Olympic and Paralympic Committee and amateur sports national governing bodies, the failure of these organizations to uphold their duty to protect athletes from abuse by failing to report allegations of wrongdoings to appropriate law enforcement authorities, and concealing these failures and neglecting to enact serious reforms.

S. 2330 addresses these issues through a series of governance and oversight reforms, including increasing the liability of the USOPC and NGB for failing to take appropriate action in response to allegations of abuse, providing congressional authority to dissolve the USOPC board and decertified NGBs, increasing the level of amateur athletes' representations on the USOPC board and NGB governing structures, and requiring the USOPC to establish clear procedures and reporting requirements to protect athletes.

Importantly, the bill also strengthens the work and independence of the Center for SafeSport, the nonprofit organization that is responsible for investigating allegations of sexual abuse against athletes. The bill requires USOPC to provide the Center for SafeSport \$20 million in funding each year to cover its operating costs.

The bill also prevents potential conflicts of interest by prohibiting individuals who are employed by the USOPC or an NGB from serving the Center for SafeSport and limiting the ability of former employers and board members from serving.

S. 2330 is supported by the USOPC, the Center for SafeSport, and a coalition of hundreds of Olympic and

Paralympic athletes, coaches, sports leaders, and sexual abuse survivors.

The bill passed by the Senate by unanimous consent on August 4, 2020, and its companion bill, H.R. 7881, has bipartisan support here in the House as well.

I commend the work of Senators BLUMENTHAL and MORAN, as well as Representatives TED LIEU, JOHN CURTIS, DIANA DEGETTE, SUSAN BROOKS, ANN KUSTER, and MICHAEL BURGESS for their tireless work on this bill.

I urge all of my colleagues to vote in favor of this bill, and I reserve the balance of my time.

Mr. RESCHENTHALER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of S. 2330, the Empowering Olympic, Paralympic, and Amateur Athletes Act of 2020.

In 2016, we were shaken by the revelations of abuse that permeated USA Gymnastics and the Olympic community. While the blame for this abuse falls squarely at the feet of the predator, USA Gymnastics and the U.S. Olympic & Paralympic Committee also failed the victims.

In 2017, the U.S. Olympic Committee created the U.S. Center for SafeSport. SafeSport is an independent organization entrusted with responding to reports of abuse and misconduct within the Olympic Committee.

S. 2330 supports the work that SafeSport is doing and helps address the shortcomings in the committee that allowed the abuse to occur. One of the most important reforms in this bill is a requirement that athletes serve on the governing bodies that oversee their sports, ensuring that athletes finally get a seat at the table.

I thank Senator MORAN and the other Senators who investigated these issues and developed these important reforms.

I urge my colleagues to support this important piece of legislation.

Mr. Speaker, I have no further speakers, and I yield back the balance of my time.

Ms. BASS. Mr. Speaker, I again acknowledge the leadership and commitment of so many of my colleagues who worked in a bipartisan fashion on this important bill.

Mr. Speaker, I support S. 2330, and I yield back the balance of my time.

Ms. DEGETTE. Mr. Speaker, I rise today in support of the Empowering Olympic, Paralympic and Amateur Athletes Act.

The Olympics are meant to be a celebration. A coming together of our Nation's finest, who have given their all to represent us on the world's stage.

And yet, over the past several years, abuse allegations have filtered into every corner of the Olympic sports.

USOP—the very body that was created to care for our athletes—became more concerned about protecting its brand than the athletes themselves. We know now that USOPC and USA Gymnastics officials knew about the horrific sexual assault allegations brought against Larry Nassar, and still chose to ignore them.

It is long past time for a change.

Our Olympic athletes devote their entire lives to representing the United States of America. Today, Congress is making good on our promise to represent them.

This legislation includes my bill to form an independent, blue-ribbon commission to study and reform the Nation's top sport's governing body.

The 16-member independent commission would be made up of, at least, eight Olympic or Paralympic athletes and will be tasked with studying how the U.S. Olympic and Paralympic Committee operates, and provide Congress a list of recommendations to better protect the nation's top athletes.

A gold medal is not worth the lives that have been torn apart because of this.

I'm thrilled that we're passing this bill, but today's victory is only the first step towards much needed reform of the U.S. Olympic and Paralympic Committee.

I look forward to continuing to work with the USOPC, National Governing Bodies, and athletes across the nation so that we may strive towards a more resilient Team USA.

We must continue to find ways to give our athletes a voice in the process—and to ensure that it's putting their well-being above all else.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from California (Ms. BASS) that the House suspend the rules and pass the bill, S. 2330.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

CORRECTING THE ENROLLMENT OF S. 2330

Ms. BASS. Mr. Speaker, I ask unanimous consent to take from the Speaker's table the concurrent resolution (S. Con. Res. 46) to correct the enrollment of S. 2330, and ask for its immediate consideration in the House.

The Clerk read the title of the concurrent resolution.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from California?

There was no objection.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from California (Ms. BASS) and the gentleman from Pennsylvania (Mr. RESCHENTHALER) each will control 20 minutes.

GENERAL LEAVE

Ms. BASS. Mr. Speaker, I ask unanimous consent that all Members have 5 legislative days to revise and extend their remarks and include extraneous material on the bill under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from California?

There was no objection.

Ms. BASS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of H.R. 6813, the Promoting Alzheimer's Awareness to Prevent Elder Abuse Act. This bill requires the Justice Department's training materials to address treating, protecting, and caring for people living with Alzheimer's and related dementias.

More than 5 million Americans are currently living with Alzheimer's or dementia. One study estimates that over 50 percent of these individuals may experience some type of elder abuse. Neglect is the most often reported type of abuse, followed by financial exploitation.

Building upon the Elder Abuse Prevention and Prosecution Act of 2017, H.R. 6813 addresses the need for better training of law enforcement officers, first responders, social workers, prosecutors, and judges. This legislation would strengthen the best practices and training materials available to medical professionals and financial services personnel who interact with this special population.

Significantly, the bill would also establish a new requirement to address situations in which individuals living with Alzheimer's or dementia may be involved in a criminal case as a victim or a witness.

In addition, the bill requires greater collaboration and consultation between government agencies at the Federal, State, and local levels, as well as with nationally recognized nonprofit associations with relevant expertise.

According to one recent report, deaths attributed to Alzheimer's disease and dementia rose to more than 20 percent above normal this summer. In June alone, there were more than 61,000 dementia-related deaths, 10,000 more than the same period last year. Increased isolation, stress, and staff shortages at nursing homes are all likely contributing factors to the higher-than-normal death toll.

Our seniors living in long-term care facilities are particularly vulnerable and isolated given current physical distancing measures that limit contact with family members and other visits. Most of these residents have some form of cognitive impairment and are at an even greater risk of mistreatment or exploitation. This legislation would expand the quality and scope of dementia-specific training materials, leading to improved practices and processes to combat elder abuse and exploitation.

As this public health crisis continues, our senior citizens face even greater risk. This legislation addresses an important and timely need for this uniquely vulnerable population.

I thank Representative DEUTCH for introducing this legislation that has strong bipartisan support and for his leadership in expanding protections for our vulnerable citizens living with Alzheimer's and dementia.

Mr. Speaker, I ask my colleagues to join me in supporting this important bill, and I reserve the balance of my time.

Mr. RESCHENTHALER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am glad that today the House is considering the Promoting Alzheimer's Awareness to Prevent Elder Abuse Act, which I introduced with fellow Judiciary Committee member Representative TED DEUTCH.

Elder abuse, which includes financial fraud, physical abuse, and neglect affects at least 10 percent of senior citizens each year. Seniors living with Alzheimer's and other forms of dementia are especially vulnerable to elder abuse.

It is estimated that up to 50 percent of these individuals fall prey to fraud, exploitation, and other harm. Often seniors suffering from these conditions have a harder time communicating with first responders and other professionals, which, in turn, makes it harder to provide help.

H.R. 6813 will help Americans struggling with Alzheimer's and dementia by equipping first responders and caregivers with essential tools to prevent and respond to incidents of elder abuse. Specifically, this legislation directs the Department of Justice to develop best practices for assisting professionals, including law enforcement, emergency personnel, and medical professionals who encounter and support people living with Alzheimer's and other forms of dementia.

I continue to hear from seniors in southwestern Pennsylvania about the strain COVID-19 has placed on their lives and the prevalence of virus-related scams. I hope this bill will alleviate some of those burdens.

Again, I thank my colleague, Representative TED DEUTCH, for working with me to help stop elder abuse and to protect our Nation's seniors. I urge my colleagues to support this legislation.

I reserve the balance of my time, Mr. Speaker.

Ms. BASS. Mr. Speaker, I yield 4 minutes to the gentleman from Florida (Mr. DEUTCH).

Mr. DEUTCH. Mr. Speaker, I thank my friend from California for yielding.

I stand in strong support of H.R. 6813, the Promoting Alzheimer's Awareness to Prevent Elder Abuse Act. This bill is as simple as it is bipartisan.

Too many of the folks who are charged with protecting older Americans don't have the specialized knowledge and training needed to assist people with Alzheimer's and other forms of dementia. This knowledge gap will be a growing problem as our Nation's population continues to age.

In 2019, there were about 5.8 million people in the United States who were living with Alzheimer's. By 2050, the population is estimated to grow to close to 14 million people. And while not all of those with dementia are seniors, 81 percent of people living with Alzheimer's in the United States are 75 years of age or older.

People living with Alzheimer's and other forms of dementia are especially vulnerable to the ongoing coronavirus pandemic, and they are frequent targets for fraud and other scams. This means more interactions between people with Alzheimer's and first responders, adult protective services, the courts, and others in the community.

Families and other caregivers know the challenges of dementia. These diseases steal so much from their loved ones, but caregivers step up every day to help people with dementia stay safe and stay healthy. Unfortunately, the strategies and caregiving practices that they use aren't known by others who are charged with preventing elder abuse and fraud.

□ 1445

This bill will close that gap in knowledge.

The bipartisan Promoting Alzheimer's Awareness to Prevent Elder Abuse Act will ensure that first responders, court officers, and other social services personnel have access to the best practices and necessary training to assist people with Alzheimer's.

This bill will bring everyone together—the Department of Justice; Department of Health and Human Services; State, local, and Tribal adult protective services; law enforcement, aging, social, and human services agencies; and nonprofit associations—to develop best practices and training materials to get everyone on the same page to help.

By ensuring that everyone knows how to support people with Alzheimer's, we can better protect against fraud and abuse.

Mr. Speaker, I thank my colleague from Pennsylvania, Congressman RESCHENTHALER, for his strong work and strong support of this bill. We have built a strong, bipartisan coalition that supports this legislation.

Mr. Speaker, I also want to extend appreciation to the Alzheimer's Association for their expertise and for their advocacy. They have done so much to support people with Alzheimer's and their caregivers. This bill will put Federal Government support behind their important work. It will help to support people with Alzheimer's and other forms of dementia. It will help their caregivers who look out for this vulnerable population.

Mr. Speaker, I strongly urge passage of this bill.

Mr. RESCHENTHALER. Mr. Speaker, I reserve the balance of my time.

Ms. BASS. Mr. Speaker, I yield 2 minutes to the gentlewoman from Texas (Ms. JACKSON LEE).

Ms. JACKSON LEE. Mr. Speaker, I thank the gentlewoman from California (Ms. BASS) for yielding me the time.

I hope my time has not started running. We are trying to be COVID-19 safe.

Mr. Speaker, let me thank the sponsor of this bill, Mr. DEUTCH, and his bipartisan cosponsors, and indicate my strong support for H.R. 6813, Promoting Alzheimer's Awareness to Prevent Elder Abuse, and to let him know that this is something that I think is enormously important and is seen throughout our districts.

As I talk about this legislation, however, let me say what a pleasure it was for me to do a video to celebrate our virtual walk right in Houston, Texas, 2020 Walk to End Alzheimer's, where thousands will be walking in their front yards, they will be walking in backyards, they will be walking on trails, they will be walking in parks. They will be committed to ending Alzheimer's through the Houston Alzheimer's Association and the region.

Mr. Speaker, I want to thank them for their great leadership. I have joined

them every year at the University of Houston. These are committed and dedicated caretakers and others who want to make sure that they keep seniors safe.

This bipartisan legislation strengthens the Elder Abuse Prevention and Prosecution Act passed by Congress in 2017 by providing for better collection and use of data on elder abuse and requiring the Department of Justice's Elder Justice coordinator to develop best practices and training materials for professionals treating, protecting, and caring for people living with Alzheimer's and related dementia.

This is an important initiative with a companion bill.

According to the National Council on Aging, seniors who have been abused have a 300 percent higher risk of death when compared to those who have not been mistreated. Combine that with COVID-19 and caretakers getting COVID-19 and sometimes strange persons coming in to take care of your loved one. This is an important initiative.

During the current pandemic, the health and safety of people living with Alzheimer's and other forms of dementia are at an even greater risk. Approximately 7 out of 10 residents in long-term facilities have some form of cognitive impairment, with 29 percent having mild impairment, 23 percent moderate impairment, and 19 percent severe impairment.

We know when the misguided recommendations came from the Federal Government that it was only elders that got COVID-19, we understood that, of course, that was not true, but we know COVID-19 was in nursing homes.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Ms. BASS. Mr. Speaker, I yield an additional 15 seconds to the gentlewoman from Texas.

Ms. JACKSON LEE. Mr. Speaker, so this is, of course, a very important initiative for helping to safeguard our elder population.

But more importantly, I want to say that we need to end Alzheimer's, or dementia, as we know it, and I join my colleagues in supporting this very important legislation.

I know Mr. DEUTCH's commitment to fighting Alzheimer's, ending it in our lifetime, providing a cure, and also to end elder abuse.

Mr. Speaker, I ask everyone to support H.R. 6813.

Mr. Speaker, as a senior member of the Committee on the Judiciary and as a cosponsor, I rise in strong support of H.R. 6813, the "Promoting Alzheimer's Awareness to Prevent Elder Abuse Act," introduced by Congressman DEUTCH of Florida.

This bipartisan legislation strengthens the Elder Abuse Prevention and Prosecution Act passed by Congress in 2017, by providing for better collection and use of data on elder abuse and requiring the Department of Justice's Elder Justice Coordinator to develop best practices and training materials for professionals treating, protecting, and caring for

people living with Alzheimer's and related dementias.

Companion legislation (S. 3703) passed the Senate on August 6, 2020.

Mr. Speaker, according to the National Council on Aging, seniors who have been abused have a 300 percent higher risk of death when compared to those who have not been mistreated.

During the current pandemic, the health and safety of people living with Alzheimer's and other forms of dementia are at even greater risk.

Approximately seven out of ten residents in long-term care facilities have some form of cognitive impairment, with 29 percent having mild impairment, 23 percent moderate impairment, and 19 percent severe impairment.

According to one study, over 50 percent of nursing home staff admitted to mistreating (e.g. physical violence, mental abuse, neglect) older patients within the prior year.

With current social isolation measures limiting contact with family members and other visitors, these individuals are at even greater risk of abuse and exploitation.

Several federal agencies currently collect elder abuse data on an ongoing basis. Two distinct data sets include the National Adult Mistreatment Report System (NAMRS) (which collects state-level adult protective services data) and the Financial Crimes Enforcement Network (FinCEN) (which collects data on suspected elder financial exploitation submitted by financial institutions).

Although many cases may go unreported, the National Adult Mistreatment Report System (NAMRS) (which collects state-level adult protective services data) reflects data on elder abuse cases reported to state and local authorities.

Based on the most currently reported data, neglect comprised the highest percentage across types of elder abuse, followed by financial exploitation.

Financial exploitation causes large economic losses for elders, families, businesses, and government programs, and one of the key factors that makes the elderly more susceptible to financial exploitation is cognitive decline.

According to data collected by the Financial Crimes Enforcement Network (FinCEN), financial exploitation lasts longer than average in cases where the targeted person has a diminished cognitive capacity.

Such person are particularly vulnerable to scams as their condition makes it more difficult for them to communicate the crimes to law enforcement or to seek critical assistance from first responders or other social services personnel.

People living with Alzheimer's or dementia often have difficulty understanding or explaining situations; and their behaviors may be misunderstood as uncooperative, disruptive or combative.

The Elder Abuse Prevention and Prosecution Act required the Justice Department to create training materials to help criminal justice, health care, and social services personnel assess and respond to elder abuse cases.

Under the Act, the Elder Justice Coordinator is responsible for evaluating training models to determine best practices and creating or compiling and making publicly available replication guides and training materials for law enforcement officers, first responders, social workers,

prosecutors, judges, individuals working in victim services, adult protective services, medical personnel, mental health personnel, financial services personnel, and any other individuals that encounter and support people living with Alzheimer's and other types of dementia.

The legislation before us builds upon existing requirements for training materials by requiring the Elder Justice Coordinator to engage in greater consultation with relevant entities and stakeholders.

H.R. 6813 would also require further training materials relating to victims and witnesses who have Alzheimer's disease and related dementias.

One study determined that a significant subset of individuals with dementia illnesses could reliably report on emotional events and were even able to report details of the event accurately and to recall the same event with the same accuracy after a short time delay.

Crime victims with dementia should be evaluated for their ability to remember emotional events in order to determine whether they can provide testimony about the criminal events.

This legislation would require the Elder Justice Coordinator to develop specific training materials for these types of cases.

The bill also aligns with the latest recommendations from the National Plan to Address Alzheimer's Disease, which includes disseminating information on abuse of this vulnerable population and educating law enforcement about interacting with these individuals.

Mr. Speaker, dementia-specific training materials will improve the quality of professionals' interactions with individuals living with Alzheimer's and other dementia, and will also help protect them from elder abuse and exploitation.

Mr. Speaker, in this time when the nation is being ravaged by the coronavirus pandemic, greater dissemination of best practices and improved training materials will help first responders, law enforcement, medical professionals and other individuals effectively interact with people living with Alzheimer's and other dementia who are targeted by fraud and in need.

I strongly support this legislation and urge all Members to join me in voting for its passage.

Mr. RESCHENTHALER. Mr. Speaker, in closing, I just wanted to again reiterate what an honor it was to work with my friend and colleague, Representative TED DEUTCH, on this important piece of legislation.

Mr. Speaker, I once again urge my colleagues to vote "yes" on H.R. 6813, and I yield back the balance of my time.

Ms. BASS. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, this issue touches millions of families across America who have a loved one living with Alzheimer's or dementia.

For this vulnerable population, there is far too great a risk of elder abuse, neglect, or financial exploitation, and the current pandemic has taken a tremendous toll. Across the country, residents of long-term care facilities are facing increased risk around COVID-19, as well as greater mortality rates.

Therefore, Mr. Speaker, I ask my colleagues to join me in supporting pas-

sage of H.R. 6813 today, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from California (Ms. BASS) that the House suspend the rules and pass the bill, H.R. 6813.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Michigan (Mrs. DINGELL) and the gentleman from Virginia (Mr. WITTMAN) each will control 20 minutes.

The Chair recognizes the gentlewoman from Michigan.

GENERAL LEAVE

Mrs. DINGELL. Mr. Speaker, I ask unanimous consent that all Members

may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the measure under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Michigan?

There was no objection.

Mrs. DINGELL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of S. 3051, America's Conservation Enhancement Act.

This bill is an example of Democrats and Republicans coming together to pass legislation to benefit nature, fishermen, hunters, and nature enthusiasts of all kinds.

Mr. Speaker, I thank and commend my colleagues from both sides of the aisle and the Hill for their hard work on this very important piece of legislation.

I am greatly appreciative of Representative MIKE THOMPSON for his leadership in the House and for Senators BARRASSO and CARPER for getting this package through the Senate.

Mr. Speaker, I also commend the numerous bipartisan Members of Congress for their critical contributions to this legislation.

The ACE Act could not come at a more necessary time, as we are reckoning with the tragic and dangerous impacts of the climate crisis. Scientists around the world are sounding the alarm that we are on the cusp of an extinction crisis caused by human impacts. The ACE Act protects and enhances wildlife and habitat throughout the country, and reduces conflicts between wildlife, humans, and livestock.

According to the Intergovernmental Science-Policy Platform on Biodiversity and Ecosystem Services, three-quarters of the terrestrial environment and about two-thirds of the marine environment have been significantly altered by human actions.

Protecting habitat is one of the most important things we can do for biodiversity and climate resiliency, and this bill accomplishes that in several ways.

It conserves wetlands by reauthorizing the popular and successful North American Wetlands Conservation Act.

It protects the largest estuary in the country, the Chesapeake Bay, by creating and reauthorizing several programs that restore the Bay and promote its resilience to climate change.

It also authorizes an innovative program called the National Fish Habitat Partnership, which leverages public-private partnerships to enhance fish habitat across the country, benefiting not only the fish, but the strong tradition of angling in this country.

Hunters, who are some of our best conservationists in this country, will be pleased to hear that this legislation contains provisions to combat chronic wasting disease, or CWD, a fatal disease that impacts animals like deer, elk, and moose, and which is spreading and has now been found in 26 States across this country.

Invasive species are also a growing threat to biodiversity throughout the United States, and they are managed by a multitude of agencies. Crucially, this bill addresses this issue by requiring Federal agencies to consult with one another and with stakeholders when developing strategic plans for invasive species.

The ACE Act also contains a bipartisan provision that I worked on with my colleague, Congressman DON YOUNG, for a long-term reauthorization of the National Fish and Wildlife Foundation. This strong, bipartisan program has a track record of success, and will continue to play a vital role in safeguarding our environmental legacy.

Finally, the ACE Act addresses conflicts between wildlife, livestock, and humans. The legislation creates a prize competition to spur innovations that reduce conflicts between humans and predator species. It also addresses losses of livestock due to depredation by federally-protected species.

With the ever-encroaching human footprint, there will inevitably be more conflicts between us and wildlife, and these provisions offer a responsible pathway forward.

During the pandemic, so many Americans have found respite in nature. Whether you are a hiker, an angler, a hunter, a bird-watcher, or just a wildlife enthusiast, it is so important that we protect the iconic wildlife and habitat across our Nation. Particularly in the face of the climate crisis, the time to act is now.

Mr. Speaker, I urge my colleagues to vote “yes” on this legislation to protect species and habitat.

Mr. Speaker, I reserve the balance of my time.

Mr. WITTMAN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in strong support of S. 3051, America's Conservation Enhancement Act.

It is an incredible honor to manage this suspension debate for the ACE Act, arguably one of the most important pieces of environmental legislation for the Chesapeake Bay, national wetlands, and fish habitat in years.

This bipartisan package of conservation and resource protection policies will have tremendous benefits for both our environment and individuals for years to come.

The ACE Act is a once-in-a-generation advancement to clean up the Chesapeake Bay and protect and conserve natural resources across America. The Chesapeake Bay is a national treasure, and the ACE Act provides additional resources and extends critical conservation programs that preserve wetlands, reduce pollution, and increase recreational opportunities both in the Commonwealth of Virginia and across our great United States.

□ 1500

Title I of this bill includes important reauthorizations for programs such as

the North American Wetlands Conservation Act, the National Fish and Wildlife Foundation Establishment Act, the Chesapeake Bay Program, the Chesapeake Bay Initiative Act of 1998.

These are all very important programs, not only to the folks back home in my district, but to all Americans who wish to have clean air to breathe, clean water to drink, and an overall healthier environment where our fish and wildlife populations are sustainable and thriving.

This bill also includes initiatives important to sportsmen, such as the establishment of a chronic wasting disease task force with the goal of researching this dangerous threat to white-tailed deer, mule deer, elk populations, and moose populations.

This bill also has some practical solutions to offer farmers and ranchers vital tools to help manage their herds and protect them from predation.

Title II is a provision I am especially proud of and glad that we are advancing through the House and on to the President's desk for his signature. This includes the National Fish Habitat Conservation Through Partnerships provision, a bill that I championed. This title establishes a national fish habitat board that supports a successful public-private partnership to restore fish habitat.

I would like to thank the ranking member of the Natural Resources Committee, ROB BISHOP, and the ranking member of the Subcommittee on Water, Oceans, and Wildlife, TOM MCCLINTOCK.

I would also like to thank all of my colleagues on the other side of the aisle for their ceaseless efforts and commitment to making sure we do everything we can to conserve, protect, and enhance the resources that we are in charge of taking care of.

I look forward to continuing to advance other important provisions, but this bill, hopefully, will be on its way to the President's desk.

As co-chair of the Chesapeake Bay Watershed Task Force, I would specifically like to acknowledge my friends and colleagues in the bay delegation who have labored so hard for so long to help clean up our great Chesapeake Bay.

Representative BOBBY SCOTT, Representative JOHN SARBANES, and Representative ANDY HARRIS and I are proud to see the passage of these important provisions to protect the Chesapeake Bay.

Mr. Speaker, the American Conservation Enhancement Act does much to advance our bipartisan goals of conserving fish and wildlife populations and preserving the environment for the enjoyment of untold future generations of Americans.

The ACE Act will also give Americans increased opportunities to get out and enjoy the natural beauty and wildlife in our country, from the Gulf Coast to the Great Lakes, from Puget Sound to the Chesapeake Bay.

I urge adoption of the measure, and I reserve the balance of my time.

Mrs. DINGELL. Mr. Speaker, I yield 2 minutes to the gentlewoman from Virginia (Mrs. LURIA).

Mrs. LURIA. Mr. Speaker, I rise today in support of America's Conservation Enhancement Act and the inclusion of my bill, the Chesapeake Bay Program Reauthorization Act.

As my colleague, Mrs. DINGELL, said, this is truly an example of a bipartisan bill where we have been able to work across the aisle and across the bay, and I would like to thank my colleague, Mr. WITTMAN from Virginia, as well for his strong cooperation on this program.

The Chesapeake Bay is a national treasure, and its health is critical to the environmental and economic well-being of coastal Virginia and beyond. The Chesapeake Bay generates \$33 billion in economic value annually and is home to spectacular natural beauty and ecological diversity.

The EPA's Chesapeake Bay Program coordinates regional conservation efforts and supports the work of States in meeting their restoration commitments under the Chesapeake Bay Watershed Agreement. Funding for the bay program goes directly to localities to improve conservation efforts. However, Congress has not reauthorized this program since 2005.

By passing the ACE Act and, simultaneously, my bill, Congress will reaffirm that all States in the watershed and the EPA must work together to achieve these restoration goals. This includes ensuring that all States have plans in place enabling them to achieve these goals.

I want to thank my colleagues in the House and the Senate who worked hard to secure the passage of this bill.

Again, I would like to thank Mr. WITTMAN, my colleague, Congressman BOBBY SCOTT from Virginia, as well as Mr. SARBANES from Maryland for being initial cosponsors on this bill. I urge all Members to support America's Conservation Enhancement Act.

Mr. WITTMAN. Mr. Speaker, I yield myself such time as I may consume.

I would like to reflect upon the words of Representative LURIA. This really is a true bipartisan bill.

I would like to thank not just the colleagues on the other side of the aisle but those colleagues from all of our States, Representative LURIA, the rest of the Virginia delegation. As I talked about the folks from the Chesapeake Bay delegation, everybody has an interest in this bill. It is an extraordinary effort across many, many different areas where there is common interest, and it is a great example of what we can get done when we are willing to focus on things we have in common rather than those places where we have differences.

The one thing we do have in common is the great treasures that have been bestowed upon us by our Creator and our obligation, as humanity, to protect

and to enhance those resources, not only now, but for generations to come.

Mr. Speaker, I reserve the balance of my time.

Mrs. DINGELL. Mr. Speaker, I yield 2 minutes to the gentleman from Maryland (Mr. SARBANES).

Mr. SARBANES. Mr. Speaker, I rise today in support of S. 3051, America's Conservation Enhancement, or ACE, Act.

I just want to thank Congressman WITTMAN for all his work. We partnered together, as he indicated, on the Chesapeake Bay Watershed Task Force with Congressman HARRIS and Congressman SCOTT.

I want to salute the efforts of Congresswoman LURIA in introducing and authoring the Chesapeake Bay Program Reauthorization Act, which I was proud to cosponsor.

This is an exciting day. This bill has taken a winding road, as these things do. But we are close to the finish line here, and we look forward to passage of the bill. It is bipartisan. It is bicameral.

We conserve and protect fish and wildlife habitat, support outdoor recreation, and combat invasive species, as we have heard. It includes several bipartisan provisions that will protect the long-term health of the Chesapeake Bay, specifically, as I indicated, two bills: one, the Chesapeake Bay Program Reauthorization Act, and another one, the Chesapeake Watershed Investments for Landscape Defense Act, or Chesapeake WILD Act, which would establish a grant program to bolster habitat restoration and protection throughout the watershed.

It also includes a bill I was proud to introduce, the Chesapeake Bay Gateways and Watertrails Network Reauthorization Act, which would expand recreational opportunities for millions of Marylanders and bay watershed residents across the region.

It is comprehensive. It will significantly boost the health of the bay and ensure that it remains an environmental treasure and an economic driver for years to come.

As Congressman WITTMAN said, we have worked together on the Chesapeake Bay Watershed Task Force, and through that task force, we have pulled together real bipartisan support for this effort.

As the largest estuary in the U.S., the Chesapeake Bay is an important ecosystem, a model for restoration efforts throughout the country. That is, in large part, due to our successful bipartisan work at the Federal, State, and local levels.

I would like to thank Chair GRIJALVA, our House leadership, and their staffs for their work to negotiate a bipartisan and bicameral environmental conservation package.

I urge my colleagues to vote in favor of this important legislation so that our Nation's natural habitats and scenic landscapes, like the Chesapeake Bay, can be enjoyed for generations to come.

Mr. WITTMAN. Mr. Speaker, I reserve the balance of my time.

Mrs. DINGELL. Mr. Speaker, I yield 2 minutes to the gentleman from South Carolina (Mr. CUNNINGHAM).

Mr. CUNNINGHAM. Mr. Speaker, when I came to Washington, I promised that I would help to champion legislation that would make this planet a better place for future generations, and that is why I am proud the ACE Act will be signed into law.

The ACE Act is a bipartisan sportsmen's package that ensures that we leave this planet in better shape than we found it.

The ACE Act serves as a thank-you to the outdoor enthusiasts of South Carolina's First District, and the millions like them across the United States, by providing reauthorizations for vital conservation programs. The Lowcountry's hunters and anglers are some of the strongest stewards of our natural resources, and this bill is a promise that this partnership will continue for generations.

I want to thank Representative MIKE THOMPSON for his leadership. I look forward to working with my colleagues on both sides of the aisle to get the ACE Act past the House and signed into law.

Mr. WITTMAN. Mr. Speaker, I yield myself the balance of my time, and I will close quickly.

I would like to thank my colleague, Representative DINGELL, for all of her efforts.

Obviously, the Natural Resources Committee has a lot of input on this. But, again, this is a great example of what we can all do when we look at those things that we have in common.

We have been bestowed these fantastic natural resources, gifts from our Creator. We have an obligation to protect them. And what we see today is that common idea of that obligation and how we fulfill that obligation. Today really is one of those days where we should remember historically about all the different elements that have come together.

We know it is an arduous path for many of these pieces of legislation, but today should really be a reminder of what we can do when we look at those things we have in common, when we look at our responsibilities and obligations to this Nation and to the treasures that we have here before us.

Today is indeed a great day. I urge my colleagues to support this bill. It truly is an indication of what makes this Nation great.

Mr. Speaker, I yield back the balance of my time.

Mrs. DINGELL. Mr. Speaker, I yield myself such time as I may consume.

The ACE Act is the culmination of months of bipartisan work between the House, the Senate, committee staff, and key stakeholders.

I want to thank my colleague, Mr. WITTMAN, who is managing this bill today, and all of my colleagues on the Natural Resources Committee. But so many people have worked to get us

here, and for me, it is almost a special moment because decades of work have resulted—today is the opening of the Detroit International Wildlife Refuge, which will benefit from this legislation. It makes me kind of emotional today.

This passage will authorize critical funding for America's fish and wildlife habitat. It is an example of what happens when we all come together to protect our natural resources.

I urge my colleagues to support this legislation, and I yield back the balance of my time.

Mr. SCOTT of Virginia. Mr. Speaker, I rise today as a co-chair of the Chesapeake Watershed Task Force in support of the Chesapeake Bay Provisions within America's Conservation Enhancement Act. I am proud to represent Virginia's 3rd Congressional District, located near the mouth of the Chesapeake Bay which President Reagan declared a "national treasure" in 1984, a declaration President Obama echoed in 2009. Unfortunately, President Trump has not supported the bipartisan effort to restore the Bay, proposing to slash funding for the Chesapeake Bay Program, a misguided step that I am proud to have worked with my colleagues across the aisle to correct.

America's Conservation Enhancement Act represents a crucial opportunity to support the ongoing restoration of the Chesapeake Bay. Under the Environmental Protection Agency's Total Maximum Daily Load (TMDL) mandate, some progress has been made in restoring the Bay. Current increases in underwater grasses and the blue crab population indicate these efforts are working, however, more resources and continued partnership are necessary to ensure that these gains are maintained and that the Chesapeake Bay is restored. The Chesapeake Bay provisions included in this bill would make significant progress, not just in improving the health of the Bay, but also in conserving habitat and increasing access to restoration throughout its 64,000 square-mile watershed.

I am especially pleased the America's Conservation Enhancement Act includes Chesapeake WILD, a bill I introduced with Reps. WITTMAN and SARBANES, fellow co-chairs of the Chesapeake Bay Watershed Taskforce, and Senator VAN HOLLEN. The Fish and Wildlife Service (FWS) is well equipped to leverage their expertise in wildlife and habitat conservation beyond their reserves and throughout the Chesapeake Bay Watershed. My bill fosters such partnerships by creating a grant program for on the ground restoration efforts to be carried out by the FWS. In addition to conserving fish and wildlife habitat; increasing access to recreation; mitigating flooding; and improving drinking water quality, the grant program this bill creates will also contribute to the precedent-setting effort to conserve the Chesapeake Bay.

America's Conservation Enhancement Act also includes a bill led by Rep. SARBANES and Sen. CARDIN that would reauthorize the Chesapeake Bay Gateways and Watertrails grant program. The pandemic has reminded many of the many benefits of outdoor recreation yet, for far too many, parks, trails, beaches, and other recreational areas are largely inaccessible. The reauthorization of this grant program will help remedy that by in-

creasing access to recreation in the Bay Watershed and I am proud to be an original co-sponsor of the bill.

America's Conservation Enhancement Act also includes critical legislation, led by my colleagues Rep. LURIA and Sen. CARDIN, to reauthorize the Chesapeake Bay Program. In 1978, my first year as a member of the Virginia House of Delegates, I was part of a joint Virginia-Maryland legislative advisory commission focused on determining what actions were necessary to address Bay issues. We concluded that restoring the Bay would require more than just Virginia and Maryland, but rather, the collaboration of the entire watershed. That remains true today and the level of collaboration required is made possible by the Chesapeake Bay Program.

I am also proud to have introduced this legislation with my colleagues which would also authorize an incremental increase in spending for the Bay Program, reaching \$92 million annually by 2025. Strong funding for the Bay Program leading up to 2025 is essential because that is the date by which the EPA, along with the six Bay watershed states and the District of Columbia have committed to making the Bay fishable and swimmable.

Passage of America's Conservation Enhancement Act is a major step towards meeting that agreement. As critical as these measures are to the ecological and economic health of the region, we also recognize that pollution knows no boundaries. As Wendell Berry, the great poet, philosopher, and farmer wrote, we all ought to "do unto those downstream as you would have those upstream do unto you." The restoration this bill supports throughout the Chesapeake Bay Watershed does more than just improve the health of the Bay—it enhances carbon sequestration, protects wildlife, improves the quality of water entering the Atlantic, and sets an important precedent for the restoration of other large watersheds and multi-jurisdictional cooperative environmental agreements.

I thank the Committee on Natural Resources and the Committee on Energy and Commerce for their work on this essential legislation and urge my colleagues to support it.

Mr. THOMPSON of California. Mr. Speaker, I rise in support of this bill and thank the Chairman for his tireless dedication to our natural resources and to supporting efforts to get folks outside to enjoy our National treasures.

The COVID-19 pandemic has made it clear just how desperately our communities need access to the outdoors for their emotional and physical well-being.

The provisions included in America's Conservation Enhancement Act will do just that by increasing access to public lands and reauthorizing wildlife conservation programs, so our hunters, anglers, and birdwatchers can continue doing what they love.

The ACE Act will create more opportunities for the people in America to enjoy the outdoors, while providing critical financial relief to the businesses around these public lands.

This legislation is a win for our environment, our economy, and for our sportsmen and women who will be able to access these lands for generations to come.

As a longtime outdoorsman, I am proud of this legislation and urge my colleagues to vote yes.

The SPEAKER pro tempore (Mr. CLEAVER). The question is on the motion offered by the gentlewoman from

Michigan (Mrs. DINGELL) that the House suspend the rules and pass the bill, S. 3051.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

DIRECT ENHANCEMENT OF SNAPPER CONSERVATION AND THE ECONOMY THROUGH NOVEL DEVICES ACT OF 2020

Mrs. DINGELL. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5126) to require individuals fishing for Gulf reef fish to use certain descending devices, and for other purposes, as amended.

The Clerk read the title of the bill.

“SEC. 321. REQUIRED POSSESSION OF DESCENDING DEVICES.

“(a) **REQUIRE GEAR IN THE GULF REEF FISH FISHERY.**—It shall be unlawful for a person on board a commercial or recreational vessel to fish for Gulf reef fish in the Gulf of Mexico Exclusive Economic Zone without possessing on board the vessel a venting tool or a descending device that is rigged and ready for use while fishing is occurring.

“(b) **SAVINGS CLAUSE.**—No provision of this section shall be interpreted to affect any program or activity carried out by the Gulf Coast Ecosystem Restoration Council established by the Resources and Ecosystems Sustainability, Tourist Opportunities, and Revived Economies of the Gulf Coast States Act of 2012 (33 U.S.C. 1321 note), or any project contained in an approved Restoration Plan developed by any Natural Resources Damage Assessment Trustee Implementation Group to reduce post-release mortality from barotrauma in Gulf of Mexico Reef Fish Recreational Fisheries.

“(c) **DEFINITIONS.**—In this section:

“(1) **DESCENDING DEVICE.**—The term ‘descending device’ means an instrument that—

“(A) will release fish at a depth sufficient for the fish to be able to recover from the effects of barotrauma;

“(B) is a weighted hook, lip clamp, or box that will hold the fish while it is lowered to depth, or another device determined to be appropriate by the Secretary; and

“(C) is capable of—

“(i) releasing the fish automatically;

“(ii) releasing the fish by actions of the operator of the device; or

“(iii) allowing the fish to escape on its own.

“(2) **VENTING TOOL.**—The term ‘venting tool’ has the meaning given to it by the Gulf of Mexico Fishery Management Council.

“(3) **GULF REEF FISH.**—The term ‘Gulf reef fish’ means any fish chosen by the Gulf of Mexico Fishery Management Council that is in the reef fishery management plan for the purposes of this Act.”.

(b) **CIVIL PENALTIES.**—Section 308(a) of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1858(a)) is amended by inserting “or section 321” after “section 307”.

The budgetary effects of this Act, for the purpose of complying with the Statutory Pay-As-You-Go Act of 2010, shall be determined by reference to the latest statement titled “Budgetary Effects of PAYGO Legislation” for this Act, submitted for printing in the Congressional Record by the Chairman of the House Budget Committee, provided that such statement has been submitted prior to the vote on passage.

The **SPEAKER pro tempore**. Pursuant to the rule, the gentlewoman from Michigan (Mrs. DINGELL) and the gentleman from Louisiana (Mr. GRAVES) each will control 20 minutes.

The Chair recognizes the gentlewoman from Michigan.

GENERAL LEAVE

Mrs. DINGELL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the measure under consideration.

The **SPEAKER pro tempore**. Is there objection to the request of the gentlewoman from Michigan?

There was no objection.

Mrs. DINGELL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 5126, the creatively and aptly named Direct Enhancement of Snapper Conservation and the Economy Through Novel Devices Act, or the **DESCEND Act**.

This bill requires every commercial and recreational fisherman to possess a venting tool or a descending device

when fishing for reef fish, like the prized red snapper, in the Gulf of Mexico EEZ.

In addition, the bill requires the Department of Commerce to contract with the National Academy of Sciences for a report on discard mortality in Gulf reef fish fisheries.

The bill also requires Commerce and the Gulf Fishery Management Council to develop guidance for reporting discards and associated mortality and to develop a plan to assess the effectiveness and usage of barotrauma-reducing devices.

□ 1515

The United States has some of the most sustainable fisheries in the world, but the issue of bycatch is still a very serious concern. Anglers sometimes catch fish that they don't want or are allowed to keep, so they need to be returned to the ocean. According to some estimates, global bycatch may amount to 10 percent of the world's total catch.

However, deepwater reef fish like snapper and grouper experience pressure changes when they are brought to the surface. This can damage the fish's swim bladder and even cause death, and it can also leave injured fish exposed to predators at the surface. If the fish are just thrown back, it is very likely that they will die, which is both a waste and unhelpful for promoting healthy fish populations.

Fishers can help reduce this mortality by using a venting tool or a descending device, which is inexpensive, and ease the pressure changes in these fish. Similar requirements exist in other parts of the country but have been held up in the Gulf.

The DESCEND Act would get around the bureaucratic roadblock and implement this commonsense, proconservation practice. This bill offers a simple path forward for reducing the mortality of some of the most prized reef fish in this country, which will serve to create the more sustainable, profitable, and enjoyable fisheries for anglers in this Nation.

Mr. Speaker, I reserve the balance of my time.

Mr. GRAVES of Louisiana. Mr. Speaker, I yield myself such time as I may consume.

I thank my friend from Michigan, and I want to thank Chairman GRIJALVA and Ranking Member BISHOP for their work on this legislation, the DESCEND Act.

Mr. Speaker, years ago, the Federal Government tried to tell our communities—all of us grew up fishing and, many, for sustenance and for recreation. It is our outdoors. The Federal Government told us that we would only get 3 to 9 days to fish for red snapper.

Mr. Speaker, when I was a kid, we did it year-round. That is our recreation. As much as I would love to have them, we don't have mountains and the other recreational opportunities that go along with those types of elevation changes.

I will say it again: Fishing is our outdoors. It is what we do at home, and that was being taken away from us.

Congressman HUFFMAN from California and I will tell you, Mr. Speaker, we totally disagreed on the solution there. He and I butted heads for years trying to work through a solution. On this bill, my most-of-the-time friend Mr. HUFFMAN and I are in lockstep. We are joined as cosponsors on this bill and are moving this one together because we believe this is the right solution, as you heard Mrs. DINGELL just explain.

What happens is that we do have a season on red snapper. You can only fish for a certain number of days a year, yet you can't tell which fish is going to bite your line when it is down under the water.

Red snapper spend the majority of their life at 100 feet or below. They have a swim bladder, as was explained, that operates somewhat like a ballast and allows them to stay at certain depths. When they are caught and reeled in, they are brought up too fast. The ballast does not exhaust, and, therefore, you have a fish that cannot go back down.

They have technologies, Mr. Speaker, as simple as ones like this, a descending device like this, where you can release the fish back down at the proper depth. They have venting tools that look like a fortified straw that also can help release the pressure. They are very easy tools to use.

Mr. Speaker, we are talking about 2½ million fish every 5 years that are discarded or lost. If we are having conflicts between recreational and commercial fishers in terms of the access to the fisheries, the pounds, the days, and we are discarding 2½ million fish every 5 years, it is a huge opportunity for us to actually grow the pie, and, as my friend from Michigan (Mrs. DINGELL) stated, to actually ensure the sustainability of these fisheries not just for us, but for our children and grandchildren for generations to come. It is a better management tool, and it is successfully used in other areas.

This legislation would provide for the use of descending and venting tools as well as freeing up additional research dollars associated with red snapper and descending tool use and the further management of the fisheries.

So I want to thank, again, Chairman GRIJALVA and Ranking Member BISHOP for their work. I want to thank Bill Ball, Christine Sur, Lora Snyder, and all the staff that did a great job working on this, as well as Dustin Davidson in our office.

Mr. Speaker, I reserve the balance of my time.

Mrs. DINGELL. Mr. Speaker, I have no further requests for time, and I would inquire whether my colleague has any remaining speakers.

Mr. GRAVES of Louisiana. Mr. Speaker, I yield 3 minutes to the gentleman from Georgia (Mr. CARTER).

Mr. CARTER of Georgia. Mr. Speaker, I thank the gentleman for yielding.

Mr. Speaker, I thank my colleagues for allowing me the time to speak on an issue that is important to my district and something I want other parts of the country to benefit from as well.

As you can see, Mr. Speaker, I know a thing or two about fishing. In fact, Mr. Speaker, it has been said that fish tremble at the mention of my name. Mr. Speaker, it has been said that, if you put me in water, I will catch fish.

This is a red snapper. This is a red snapper. It was not caught on the Gulf Coast; it was caught on the Atlantic Coast. You see, Mr. Speaker, I represent the best district in the Nation, the entire coast of Georgia, and this was caught off the coast of Georgia.

But in our district fishing, is not just a hobby, it is a way of life. In fact, it is an essential part of coastal economies. That is why it is critical that we maintain and manage our fisheries in a sustainable way.

This bill that we are discussing today, the DESCEND Act, would help do just that by expanding mandatory use of descending devices in the Gulf of Mexico when fishing for popular reef fish. We use these devices on the Atlantic Coast now. In fact, I have used them before when I have fished.

Reef fish, like red snapper that you see here, are very popular fish to fish for, but they are mostly caught, as was pointed out earlier, near the bottom of the ocean, and often they must be released because they are out of season or because of size restrictions.

Unfortunately, though, when they are reeled to the surface, as Representative GRAVES so accurately described, when they are reeled to the surface, the decreased water pressure on the fish's internal organs allow for gases to expand faster than their bodies can compensate. This makes it nearly impossible for the fish to return to the bottom, where their organs can function normally, resulting in the death of the fish that are caught and released.

Descending devices like was shown earlier by Representative GRAVES fix this issue by releasing the fish into depths sufficient enough for the fish to be able to recover from these damaging effects. This is an effective conservation practice supported by fishermen and regulators alike, and it has been successful in places like my district along the coast of Georgia in the south Atlantic and the West Coast.

I support this effort to bring this to the Gulf Coast, and I urge my colleagues to as well. It is a simple and effective approach to improve the survival of fish that are caught and released that will help maintain healthy populations going forward.

Mr. Speaker, we want to help our partners in the Gulf Coast so that perhaps, possibly, they could catch a fish this big, and certainly that is the intent, and this will certainly help them.

Mrs. DINGELL. I am prepared to close if the gentleman is, Mr. Speaker.

Mr. GRAVES of Louisiana. Mr. Speaker, I yield myself the balance of my time.

I want to thank my friend from Georgia. I appreciate him bringing that cute little picture of the fish for us to see the size. Of course, that fish was actually born in Louisiana and swam over there.

I did notice, Mr. Speaker, in the picture, my friend from Georgia appeared to be more slim than he is today, and so my explanation earlier of the swim bladder, perhaps my friend from Georgia's swim bladder is a little elevated right now from not being able to go to the gym.

In any case, Mr. Speaker, I do seriously want to thank my friend from Georgia, all the Republicans and Democrats, and Mr. WITTMAN from Virginia, everyone, for coming together and working on this legislation.

Mr. Speaker, I include in the RECORD a letter from the American Sportfishing Association, Angler Action Association, BoatUS, Center for Sportfishing Policy, Coastal Conservation Association, Congressional Sportsmen's Foundation, Guy Harvey Ocean Foundation, International Game Fish Association, Marine Retailers Association of the Americas, National Marine Manufacturers Association, Theodore Roosevelt Conservation Partnership, and Wild Oceans that expresses support for the legislation.

SEPTEMBER 29, 2020.

Hon. NANCY PELOSI,
Speaker of the House,
Washington, DC.

Hon. KEVIN MCCARTHY,
Republican Leader of the House,
Washington, DC.

DEAR SPEAKER PELOSI AND REPUBLICAN LEADER MCCARTHY: On behalf of the nation's recreational fishing and boating community, thank you for bringing H.R. 5126, Direct Enhancement of Snapper Conservation and the Economy through Novel Devices Act of 2020 (DESCEND Act), to the floor of the U.S. House of Representatives. The DESCEND Act unanimously passed the Committee on Natural Resources on March 11. We urge final passage of this bill sponsored by Congressmen GARRET GRAVES (R-La.) and JARED HUFFMAN (D-Calif.) and thank them for their leadership in support of Gulf of Mexico reef fish conservation.

The Gulf of Mexico's recreational fisheries contribute \$13.5 billion to the economy annually and support 138,817 jobs. The region's recreational fishing community is comprised of 2.6 million saltwater anglers and thousands of fishing-dependent businesses who strongly support healthy marine resources. Part of this commitment to conservation includes minimizing bycatch and maximizing survival of released fish to ensure the health of our fisheries for generations to come.

Red snapper and other reef fish are often thrown overboard for a variety of reasons (e.g., being caught out of season or undersized). Due to the rapid change in pressure from being brought to the surface from depth many of these fish cannot swim back down and end up dying at the surface. As a result, hundreds of thousands of Gulf red snapper are wasted each year. This is an economic and conservation travesty. Unfortunately, a bureaucratic roadblock related to an important oil spill recovery-funded project has prevented regulation from moving forward at the Gulf of Mexico Fishery Management Council that would address this problem.

For fisheries as important and valuable as Gulf reef fish, we should be doing everything

we can to conserve these fish stocks. By requiring reef fish fishermen in the Gulf of Mexico to possess devices that help fish avoid the fatal effects of barotrauma, and by clarifying that oil spill recovery funds can be used for related projects, the DESCEND Act would be a tremendous step toward reducing wasteful discard mortality and ensuring the sustainability of the iconic Gulf red snapper and other reef fish. Furthermore, it would align Gulf regulations with several West Coast states and South Atlantic federal waters where descending devices are required on board.

We are grateful for the many victories during this Congress benefiting natural resource conservation, and we hope you will add to that legacy by passing the science-based conservation measures included in the DESCEND Act.

Sincerely,

American Sportfishing Association, Angler Action Foundation, BoatU.S., Center for Sportfishing Policy, Coastal Conservation Association, Congressional Sportsmen's Foundation.

Guy Harvey Ocean Foundation, International Game Fish Association, Marine Retailers Association of the Americas, National Marine Manufacturers Association, Theodore Roosevelt Conservation Partnership, Wild Oceans.

Mr. GRAVES of Louisiana. Lastly, Mr. Speaker, I want to thank a number of people who were really instrumental in helping us to strike this bipartisan balance: Mike Leonard with the American Sportfishing Association; Cmac, with the Theodore Roosevelt Conservation Partnership; David Cresson and Rad Trascher with the Coastal Conservation Association; and Jeff Angers with the Center for Sportfishing Policy.

Mr. Speaker, I urge adoption of the legislation, and I yield back the balance of my time.

Mrs. DINGELL. Mr. Speaker, I yield myself the balance of my time.

I want to thank my colleague, Mr. GRAVES, for all of the work that he has done.

There was a lot of discussion that we had in committee on snapper. I want to thank both of my Republican colleagues and suggest that we go fishing, because there was a trip with several colleagues here who all thought I would catch nothing, and I caught more than they all caught together, so I think we need a bipartisan fishing trip.

Having said that, Mr. Speaker, I would like to thank all of, again, the leadership of the Natural Resources Committee, the sportsmen's groups, and everybody who worked on this to try to find consensus on something that does matter.

The DESCEND Act will help safeguard our reef ecosystems and help eliminate bycatch in a sustainable way.

I thank my colleagues for the good work. Some of it got tense. I also want to thank Representative HUFFMAN for his work on the bill.

Mr. Speaker, I urge my colleagues to support this legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by

the gentlewoman from Michigan (Mrs. DINGELL) that the House suspend the rules and pass the bill, H.R. 5126, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

WOMEN WHO WORKED ON THE HOME FRONT WORLD WAR II MEMORIAL ACT

Mrs. DINGELL. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5068) to authorize the Women Who Worked on the Home Front Foundation to establish a commemorative work in the District of Columbia and its environs, and for other purposes, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 5068

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

(2) ON EXPIRATION OF AUTHORITY.—If upon expiration of the authority for the commemorative work under section 8903(e) of title 40, United States Code, there remains a balance of funds received for the establishment of the commemorative work, the Women Who Worked on the Home Front Foundation shall transmit the amount of the

balance to a separate account with the National Park Foundation for memorials, to be available to the Secretary of the Interior or Administrator (as appropriate) following the process provided in section 8906(b)(4) of title 40, United States Code, for accounts established under section 8906(b)(2) or (3) of title 40, United States Code.

SEC. 3. DETERMINATION OF BUDGETARY EFFECTS.

The budgetary effects of this Act, for the purpose of complying with the Statutory Pay-As-You-Go Act of 2010, shall be determined by reference to the latest statement titled "Budgetary Effects of PAYGO Legislation" for this Act, submitted for printing in the Congressional Record by the Chairman of the House Budget Committee, provided that such statement has been submitted prior to the vote on passage.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Michigan (Mrs. DINGELL) and the gentleman from Virginia (Mr. WITTMAN) each will control 20 minutes.

The Chair recognizes the gentlewoman from Michigan.

GENERAL LEAVE

Mrs. DINGELL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the measure under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Michigan?

There was no objection.

Mrs. DINGELL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of H.R. 5068, the Women Who Worked on the Home Front World War II Memorial Act, introduced by Representative ELEANOR HOLMES NORTON. H.R. 5068 would authorize the establishment of a memorial to commemorate the nearly 19 million women who worked on the home front during World War II.

With mass male enlistment leaving significant vacancies in the industrial and defense industries, women across the country filled thousands of jobs that were historically held by men to support the war effort and to keep America running.

I am proud of the fact that my district is home to Rosie the Riveters, which were a good example of women being able to do it.

As the men fought abroad, these women worked in defense plants, flew military aircraft, delivered mail, and performed countless other duties necessary to keep the home front running.

In addition to the women working on the home front, nearly 350,000 women served in uniform, both at home and abroad, directly supporting the war effort as code breakers, as Air Force service pilots, and as volunteers for organizations such as the Army Nurse Corps.

The work carried out by women on the home front during World War II opened the door for women to hold more types of jobs than ever before, and it is long past time that Congress recognized their contributions to our Nation.

I would like to thank my colleague, Representative NORTON, for introducing this important legislation. I would also like to extend my gratitude to Ms. Raya Kenney, who developed the idea for this memorial when she was in fifth grade, for her tireless efforts to ensure that the millions of women who worked on the home front during World War II are recognized and celebrated.

Mr. Speaker, I urge my colleagues to vote "yes" on H.R. 5068, and I reserve the balance of my time.

□ 1530

Mr. WITTMAN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of H.R. 5068, which would authorize the Women Who Worked on the Home Front Foundation to establish a commemorative work in Washington, D.C., to recognize the commitment and service represented by women who worked on the home front during World War II.

These 19 million American women stepped up to support their Nation during America's involvement in World War II. Women worked in a huge variety of critical professional roles, including code breakers, aircraft testing pilots and trainers, welders, steamfitters, telegraph operators, radio and electrical engineers, crane operators, surveyors, assembly line workers, as they replaced men who were heading off to war.

Some 300,000 Virginians served in uniform and more than 11,000 never returned home. For many women, the war provided increased opportunities to serve their community, their Nation, and to aid in the war effort.

The work women did during World War II can never be fully measured, and their impact on our national welfare for the decades that followed should forever be enshrined in our national story.

The beneficial contribution women made during the war were felt locally here in Virginia, as well as across the Nation.

For example, the Richmond Engineering Company employed women welders who made bomb heads. At Newport News shipyard, women worked as crane operators, electricians, mechanics, and more, as critical members of the Defense production workforce.

In recent years, Congress also has established the Rosie the Riveter National Historical Park in California to further highlight the work of these incredible patriots during the war. Authorizing this commemorative work in our Nation's capital is another fitting tribute to the brave, strong, multitalented, intelligent women who helped us win the war.

Mr. Speaker, I urge adoption of the measure, and I reserve the balance of my time.

Mrs. DINGELL. Mr. Speaker, I yield 5 minutes to the gentlewoman from the District of Columbia.

Ms. NORTON. Mr. Speaker, I thank my good friend for yielding.

Mr. Speaker, I thank Chair GRIJALVA for taking the Women Who Worked on the Home Front World War II Memorial Act through committee and bringing it to the floor. I appreciate that he allowed me to sit in and ask questions, and he conducted a hearing and pressed it forward quickly.

Mr. Speaker, this bipartisan bill would authorize the establishment of a memorial on Federal land here in the District of Columbia commemorating the efforts of 18 million American women who kept the home front running during World War II. Women are dramatically underrepresented in our memorials.

A 17-year-old constituent of mine, Raya Kenney, the founder of the Women Who Worked on the Home Front Foundation—yes, her own foundation—came up with the idea to honor the women on the home front who supported the World War II effort. Raya wondered why the women on the home front, whose efforts were so instrumental in maintaining the stability of the country during World War II, have not received much recognition for their contributions compared to the men who fought bravely in World War II.

This bill would authorize the Women Who Worked on the Home Front Foundation to establish a memorial to honor these women. The memorial is designed to be interactive and to educate visitors on the important roles women played during World War II. No Federal funds would be required.

Between 1940 and 1945, the percentage of women in the workforce increased from 27 percent to nearly 37 percent. And by 1945, one in four married women worked outside the home. The work done by women on the home front opened doors for women in the workplace generally and had a profound effect on the job market going forward, and even up to today.

As a result of their efforts, women on the home front redefined many occupations that were especially considered men's work.

Mr. Speaker, I thank the gentlewoman for yielding.

Mr. WITTMAN. Mr. Speaker, I have no further speakers, and I yield back the balance of my time.

Mrs. DINGELL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I thank the gentleman and all the leadership on the Committee on Natural Resources, again, for making this a reality. I thank my colleague, Ms. ELEANOR HOLMES NORTON, for the work that she did.

Mr. Speaker, as we are talking about this bill, several years ago with my then-Republican colleague, Candace Miller, we did the first honor flight of the Rosie the Riveters. We went to the World War II Memorial, and it was incredible. But to have a place to take them will be very special, and I hope we are able to do it while some of them can appreciate what we are doing.

This bipartisan legislation will honor the 18 million American women who

played a key role in our Nation's war effort during World War II through their efforts on the home front.

Mr. Speaker, I urge my colleagues to support this legislation, and I yield back the balance of my time.

Ms. JACKSON LEE. Mr. Speaker, as a co-sponsor and a senior member of the House of Representatives, I rise in strong support of H.R. 5068, the "Women Who Worked on the Home Front World War II Memorial Act," which would authorize the establishment of a memorial on federal land in the District of Columbia, commemorating the efforts of the 18 million American women who kept the home front running during World War II.

I would like to thank Congresswoman ELEANOR HOLMES NORTON for introducing this important piece of legislation.

It is no secret that women are dramatically underrepresented when it comes to our memorials.

Despite being instrumental in maintaining the stability of the country during World War II, the women of World War II have not received much recognition for their contributions.

This bill would change that by authorizing the Women Who Worked on the Home Front Foundation to establish a memorial to honor these women.

The memorial is designed to be interactive and to educate visitors on the crucial roles women played during World War II.

For instance, millions of American women took jobs to support their families and the country at large during World War II, forever redefining what "women's work" looked like.

In fact, more than 10,000 women served behind the scenes of World War II as codebreakers.

Women were also trained to fly military aircraft so that male pilots could leave for combat duty overseas.

More than 1,100 female civilian volunteers flew nearly every type of military aircraft as part of the Women Airforce Service Pilots (WASP) program.

WASPs flew planes from factories to bases, transported cargo and participated in simulation strafing and target missions.

Between 1940 and 1945, the percentage of women in the workforce increased from 27 percent to nearly 37 percent, and, by 1945, one in four married women worked outside of the home.

The work done by women on the home front had a profound effect on the job market going forward.

As the nation continues to mourn the loss of the 'Notorious RBG', an unmatched constitutional scholar and Supreme Court Justice who irrevocably advanced the women's movement, I can think of no better way to honor her legacy than by voting for this bill to commemorate the women whose sacrifices and decisions to enter the workforce during World War II also helped to change perceptions about gender roles in society.

We, as Members of Congress, have a duty to recognize and celebrate these revolutionary patriots for their service to this country.

As a proud leader of this bill, I encourage my fellow colleagues to vote in favor of H.R. 5068.

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Michigan (Mrs. DINGELL) that the House suspend the

rules and pass the bill, H.R. 5068, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

MAKING CERTAIN TECHNICAL CORRECTIONS TO KLAMATH BASIN WATER SUPPLY ENHANCEMENT ACT OF 2000

Mrs. DINGELL. Mr. Speaker, I move to suspend the rules and pass the bill (S. 3758) to amend the Klamath Basin Water Supply Enhancement Act of 2000 to make certain technical corrections.

The Clerk read the title of the bill.

The text of the bill is as follows:

SEC. 2. CONTINUED USE OF PICK-SLOAN MISSOURI BASIN PROGRAM PROJECT USE POWER BY THE KINSEY IRRIGATION COMPANY AND THE SIDNEY WATER USERS IRRIGATION DISTRICT.

(a) AUTHORIZATION.—Notwithstanding any other provision of law and subject to subsection (b), the Secretary of the Interior (acting through the Commissioner of Reclamation) shall continue to treat the irrigation pumping units known as the "Kinsey Irrigation Company" in Custer County, Montana and the "Sidney Water Users Irrigation District" in Richland County, Montana, or any successor to the Kinsey Irrigation Company or Sidney Water Users Irrigation District, as irrigation pumping units of the Pick-Sloan Missouri Basin Program for the purposes of wheeling, administration, and payment of project use power, including the applicability of provisions relating to the treatment of costs beyond the ability to pay under section 9 of the Act of December 22, 1944 (commonly known as the "Flood Control Act of 1944") (58 Stat. 891, chapter 665).

(b) LIMITATION.—The quantity of power to be provided to the Kinsey Irrigation Com-

pany and the Sidney Water Users Irrigation District (including any successor to the Kinsey Irrigation Company or the Sidney Water Users Irrigation District) under subsection (a) may not exceed the maximum quantity of power provided to the Kinsey Irrigation Company and the Sidney Water Users Irrigation District under the applicable contract for electric service in effect on the date of enactment of this Act.

The SPEAKER pro tempore. Pursuant to the rule, the gentlewoman from Michigan (Mrs. DINGELL) and the gentleman from Virginia (Mr. WITTMAN) each will control 20 minutes.

The Chair recognizes the gentlewoman from Michigan.

GENERAL LEAVE

Mrs. DINGELL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on the measure under consideration.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from Michigan?

There was no objection.

Mrs. DINGELL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of S. 3758, which addresses two issues regarding Bureau of Reclamation water and power management.

First, the bill amends Klamath Basin Water Supply Enhancement Act of 2000 to support water conservation and efficiency measures in the Klamath Basin. This bill provides additional authorization for Reclamation to work with Klamath Basin irrigators on activities that align water supplies and demand.

Further, this legislation would extend the use of drought relief funding to certain conservation measures, land idling, and groundwater uses.

Second, the bill also carries provisions to make two irrigation districts in eastern Montana eligible to continue to receive project use power rates from the Bureau of Reclamation.

Mr. Speaker, I appreciate the efforts from Senators MERKLEY and WYDEN to advance this bill, and I urge my colleagues to support its adoption.

Mr. Speaker, I reserve the balance of my time.

Mr. WITTMAN. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in reluctant support of S. 3758. While this bill makes important technical corrections that will provide relief to the Klamath Basin irrigators which have been hard hit by drought, it also includes a provision that perpetuates a 75-year mistake.

In 1946, the Bureau of Reclamation entered into contracts with two irrigation entities in Montana to provide project use power, better known as PUP.

Normally, these subsidized power rates are reserved for Federal projects. However, for reasons lost to history, these two entities—which are not part of any Federal project, and in fact, one is a private company—have been able to obtain and renew their project use power or PUP contracts.

Recently, the Bureau of Reclamation realized it lacked the authority to provide these two entities PUP rates and has decided to let these contracts expire December 31, 2020. It is extremely concerning that it took the Bureau of Reclamation 75 years to realize it made a mistake, which makes this situation quite unique. This unfortunate mistake by bureaucrats left more than 130 family farms in limbo, uncertain if they will be able to afford to maintain their farmland after January 1, 2021.

While we are not opposing this fix today, the committee wants to be clear that this is a one-off, unique situation. We do not see this as a pathway or precedent for other irrigation districts to follow.

Mr. Speaker, I include in the RECORD two legal opinions from the Department of the Interior, Office of the Solicitor, which indicate that the department did not have the legal authority to enter into PUP contracts with the two Pick-Sloan Missouri Basin Program entities because there is no Federal nexus.

OFFICE OF THE SOLICITOR,

Memorandum

To: Michael J. Ryan, Regional Director, Bureau of Reclamation, Great Plains Region, Billings, Attn: GP-4100 (Fern Thompson)

From: Karan L. Dunnigan, Field Solicitor, Office of the Solicitor, Rocky Mountain Region (Billings)

Subject: Authority to Enter Into a Pick-Sloan Missouri Basin Program (P-SMBP) Project Use Power (PUP) Contract with Kinsey Irrigation Company (Company)

I. QUESTION

In an October 31, 2013 memorandum, you asked: (1) whether the Bureau of Reclamation (Reclamation) had or has the authority to enter into a PUP contract with the Company; (2) if not, whether Reclamation should continue to honor its current contract with the Company until the contract expires; and (3) if so, if Reclamation should approve the Company's request for an increased contract rate of delivery.

II. BRIEF ANSWER

Reclamation does not and did not have the authority to enter into a PUP contract with the Company, because the United States has had no interest in the unit and there has been no federal nexus with the unit since the title transfer of the Kinsey facilities in the 1940's. Because Reclamation has no authority to provide PUP to the Company, Reclamation should seek to terminate the provision of PUP to Kinsey as soon as is practical. And any increased deliveries to the Company should not be at a PUP rate.

III. BACKGROUND

The Farm Security Administration constructed the Kinsey project in 1937. The project was referenced in Senate Document 191, 78th Congress, 2nd Session, 1944, and thus appears to have been contemplated to be (and indeed was briefly) a P-SMBP unit. However, in 1945 the Company purchased the federally-owned Kinsey project facilities from the United States, rendering the Kinsey project entirely private. The Kinsey project has no other federal nexus.

In 1946, Reclamation entered into a power contract with the Company, providing power at the PUP rate of 2.5 mills per kilowatt-

hour. Reclamation's regional office raised concerns about providing PUP power to a private district on several occasions, but for reasons lost to history, the Commissioner of Reclamation's office instructed the region to continue providing PUP power to the district, and at the original 2.5 mill rate. The contract has been renewed and extended over the years, and currently terminates on December 31, 2020.

The Kinsey project does appear in the 1963 "Report on Financial Position, Missouri River Basin Project" (1963 Report) as a project entitled to PUP.

IV. ANALYSIS

Pursuant to Reclamation Law and Policy, PUP is available only where it has been specifically authorized by Congress and, unless Congress specifically provides otherwise, only to Reclamation projects. Here, while the Kinsey project was initially a federal project, and briefly an authorized unit of the P-SMBP, title transfer to the Company divested the Kinsey project of its status as an authorized P-SMBP unit and rendered it entirely private. Accordingly, the Company is not entitled to PUP.

A. Project Pumping Power

Authority to produce and supply PUP is implied in the Town Sites and Power Development Act of 1906 (Act of April 16, 1906, ch. 1631, 34 Stat. 116). PUP is further contemplated under the Reclamation Project Act of 1939, at section 9(c), which provides that:

Any sale of electric power . . . made by the Secretary in connection with the operation of any project or division of a project, shall be for such periods, not to exceed forty years, and at such rates as in his judgment will produce power revenues at least sufficient to cover an appropriate share of the construction investment at not less than 3 per center per annum . . .

Thus, under the 1939 Act, PUP must also be "in connection with the operation of any project or division of a project." And under further Reclamation law and policy, PUP is only available to Reclamation projects for which PUP was explicitly authorized. The Reclamation Act of 1902 provides that "the title to and the management and operation of the reservoirs and the works necessary for their protection and operation shall remain in the Government until otherwise provided by Congress." §6. So, without further authorization from Congress, Reclamation projects must be owned by the United States.

The Reclamation Manual at FAC 04-06 provides that "[p]roject use power is used to meet the electrical service requirements of a Reclamation project pursuant to congressional authorization." Further, the Reclamation Manual defines Reclamation Project as "those facilities or features of a project constructed/developed/or transferred to Reclamation under the authority of Federal Reclamation law (or the Water Conservation and Utilization Act) for which ownership is retained by the United States, unless otherwise authorized by Congress." As with the 1902 and 1939 Acts, under the Reclamation Manual project use power can only be provided to project facilities owned by the United States unless Congress authorizes otherwise.

The Flood Control Act of 1944 authorized the P-SMBP. Subsection (a) of Section 9 of that Act approved the general comprehensive plans set forth in H.D. 475 and S.D. 191, 78th Congress 2nd Session. S.D. 191, at page 22, provides:

In the plan proposed, irrigation pumping with its incidental power requirements plays a large part. The cost of such power will be an important element in the irrigators' annual expenses, and must be low if success is

to be achieved. Experience and study indicate that the cost per kilowatt-hour should not exceed 2½ mills for energy delivered to major project pumping plants.

(The current PUP rate is of course much higher than the rate contemplated in 1944, but still a fraction of the market rate.)

The Kinsey project was a federal irrigation project, transferred to Reclamation as a part of the Flood Control Act of 1944. Therefore, the Kinsey project was briefly a P-SMBP unit. However, the Kinsey project ceased to be a Reclamation project when the Company bought it two years later. Without specific Congressional authority, facilities transferred by title transfer are no longer able to receive PUP because they are no longer federal projects.

B. The 1963 Report

Although the 1963 Report indicates in its exhibits that the Kinsey project receives PUP, we interpret this inclusion as an oversight resulting from the fact that the Kinsey project was initially a P-SMBP unit and had continued to receive PUP.

Congress adopted the "1963 Report" by passing the 1965 Garrison Diversion Unit legislation:

In addition to reauthorizing the initial stage of the Garrison diversion unit, the approval of this legislation will indicate acceptance by the Congress of the Department's recommendations with respect to the overall financial position of the Missouri River Basin project. About 3 years ago, the committee requested the Department of the Interior to study ways and means of placing the Missouri River Basin project in a sound financial position and to report its findings and recommendations to the Congress. A "sound financial position" was interpreted to mean that commercial power and municipal and industrial water investments would be repaid with interest in not to exceed 50 years and that irrigation investments would be repaid within 50 years plus any authorized development period, including that portion to be repaid from power revenues.

H.R. Rept. No. 282, 89th Cong., 1st Sess. 8 (1965). Identical language appeared in the 1964 report, H.R. Rept. No. 1606, 88th Cong., 2d Sess. 8 (1964), and the Senate committee report contained a similar acknowledgement, S. Rept. No. 470 (on S. 34), 89th Cong., 1st Sess. 4 (1965).

Thus, as with our recent memorandum on PUP at Frenchman-Cambridge Unit, we interpret the presence or absence of a unit in the 1963 Report as evidence of Congress's intent for that unit. But even where the Kinsey project's inclusion in the report is contrary evidence, it is not sufficient to indicate clear Congressional intent to provide PUP to a project that is otherwise completely private and without a federal nexus.

C. The Current Contract with the Company

The provision of power to the Company at a PUP rate has never been authorized, so Reclamation should seek to raise the rate or terminate the current contract as soon as it is practical. The contract contains a "Modification of Rates" provision allowing for the United States to promulgate a new rate schedule for the contract (General Power Contract Provisions, ¶F). The provision sets forth the procedure by which the United States gives notice to the Company of a new rate schedule, and the Company has the option to terminate its contract instead of accepting the new rate.

V. CONCLUSION

Without clear Congressional intent to the contrary, privately owned facilities are not eligible to receive PUP. The Kinsey project was transferred to the Company in 1946, and has been private for 68 years. The project has

no other federal nexus. Reclamation has no authority to provide power to the Company at PUP rates. Reclamation should stop doing so as soon as it is practical.

OFFICE OF THE SOLICITOR,
Billings, Montana, November 30, 2017.
Memorandum

To: Michael J. Ryan, Regional Director, Bureau of Reclamation Great Plains Region, Billings, Attn: GP-4100 (Margaret Ventling)
From: Karen L. Dunnigan, Field Solicitor, Office of the Solicitor, Rocky Mountain Region (Billings)
Subject: Authority to Enter Into a Pick-Sloan Missouri Basin Program (P-SMBP) Project Use Power (PUP) Contract with Sidney Water Users Irrigation District (Sidney)

I. QUESTION

In a November 9, 2017 memorandum, you asked if the Bureau of Reclamation (Reclamation) is authorized to enter into a PUP contract with Sidney.

II. BRIEF ANSWER

Reclamation does not have and never had the authority to enter into a PUP contract with Sidney, because the United States never had an interest in Sidney's project, there is no federal nexus with Sidney, and no other authority exists to allow Reclamation to provide PUP to Sidney. This situation is similar to that of Kinsey Irrigation Company, addressed in our memorandum dated March 10, 2014, except that Kinsey was originally a Reclamation project.

III. BACKGROUND

The Sidney project was constructed by the State of Montana in 1938. Reclamation entered into Contract No. L79R-449 with Sidney's predecessor-in-interest, the Montana State Water Conservation Board, on July 31, 1946, for seasonal irrigation pumping power. Contract No. L79R-449 terminated and was replaced by Contract 14-06-600-9164 on May 15, 1967. The latter contract was supplemented and extended, and ultimately was to expire on December 31, 2000. The State assigned the contract to Sidney on June 30, 1997, and the Western Area Power Administration extended the contract until December 31, 2020.

IV. ANALYSIS

Pursuant to Reclamation Law and Policy, PUP is available only where it has been specifically authorized by Congress and, unless Congress specifically provides otherwise, only to Reclamation projects. While the Kinsey project referenced above was initially a federal project, the Sidney project has never been federal or had a federal nexus. Accordingly, Sidney is not and never was entitled to PUP.

Authority to produce and supply PUP is implied in the Town Sites and Power Development Act of 1906 (Act of April 16, 1906, ch. 1631, 34 Stat. 116). PUP is further contemplated under the Reclamation Project Act of 1939, at section 9(c), which provides that:

Any sale of electric power . . . made by the Secretary in connection with the operation of any project or division of a project, shall be for such periods, not to exceed forty years, and at such rates as in his judgment will produce power revenues at least sufficient to cover an appropriate share of the construction investment at not less than 3 per cent per annum . . .

Thus, under the 1939 Act, PUP must also be "in connection with the operation of any project or division of a project." And under further Reclamation law and policy, PUP is only available to Reclamation projects for

which PUP was explicitly authorized. The Reclamation Act of 1902 provides that "the title to and the management and operation of the reservoirs and the works necessary for their protection and operation shall remain in the Government until otherwise provided by Congress." § 6. So, without further authorization from Congress, Reclamation projects must be owned by the United States.

The Reclamation Manual at FAC 04-06 provides that PUP "is used to meet the electrical service requirements of a Reclamation project pursuant to congressional authorization." Further, the Reclamation Manual defines a Reclamation project as "those facilities or features of a project constructed/developed/or transferred to Reclamation under the authority of Federal Reclamation law (or the Water Conservation and Utilization Act) for which ownership is retained by the United States, unless otherwise authorized by Congress." As with the 1902 and 1939 Acts, under the Reclamation Manual PUP can only be provided to project facilities owned by the United States unless Congress authorizes otherwise.

The Flood Control Act of 1944 authorized the P-SMBP. Subsection (a) of Section 9 of that Act approved the general comprehensive plans set forth in H.D. 475 and S.D. 191, 78th Congress 2nd Session. S.D. 191, at page 22, provides:

In the plan proposed, irrigation pumping with its incidental power requirements plays a large part. The cost of such power will be an important element in the irrigators' annual expenses, and must be low if success is to be achieved. Experience and study indicate that the cost per kilowatt-hour should not exceed 2½ mills for energy delivered to major project pumping plants.

(The current PUP rate is of course much higher than the rate contemplated in 1944, but still a fraction of the market rate.)

Sidney was always a state project, and it is unclear why it was ever provided PUP. Without specific Congressional authority, non-federal projects are not eligible to receive PUP.

V. CONCLUSION

Without clear Congressional intent to the contrary, non-federal facilities are not eligible to receive PUP. Sidney is not and has never been federal, and has no federal nexus. Reclamation has no authority to provide power to Sidney at PUP rates.

If you have any questions, please contact Bryan Wilson in this office.

Mr. WITTMAN. Mr. Speaker, I yield 2 minutes to the gentleman from Oregon (Mr. WALDEN).

Mr. WALDEN. Mr. Speaker, I thank my colleagues for bringing this legislation forward, and especially Chairman GRIJALVA and Ranking Member BISHOP. I also thank Oregon senators, MERKLEY and WYDEN, for their efforts on this, too.

Irrigators in the Klamath Basin, which I represent, face another drought-stricken year. There have been a lot of things we have done to help them over time. I have been involved in these issues for more than 20 years now, and it is one of the most vexing water systems in the country when you try and parse it all together and make it all work, and couple that with Federal requirements and Tribal rights, and then get a drought year, we get in really bad shape.

This year, I welcomed Secretary of Interior David Bernhardt and Bureau of Reclamation Commissioner Brenda Burman to the Klamath Basin. They got a firsthand look at what our farmers were facing there. Secretary Bern-

hardt was the first Secretary of the Interior to visit the Klamath Basin in about 20 years, so we are really appreciative that he took time personally to come out there.

We are thankful to the Trump administration for listening to us. They have committed to provide funding to ensure we have the best science available to make better decisions by the Federal Government when it comes to the allocation of water.

Today, in this legislation, we are providing yet another tool to help farmers. This legislation will give the Bureau of Reclamation the authority to spend \$10 million each year over the next 4 years to implement measures including groundwater pumping and water movement through the Bureau of Reclamation facilities. This is simply essential for the survival of irrigated agriculture in the Basin.

Mr. Speaker, I look forward to continuing to work with Congress, the administration, and local officials to find durable, lasting solutions for the farmers, ranchers, fish, and Tribes in the Klamath Basin.

Mr. Speaker, I thank my colleagues for bringing this bill forward, and urge its passage.

Mrs. DINGELL. Mr. Speaker, I have no further requests for time, and I reserve the balance of my time.

Mr. WITTMAN. Mr. Speaker, I am prepared to close, and I yield myself such time as I may consume.

Mr. Speaker, I commend Congressman GREG WALDEN for his sponsorship of the House companion bill, H.R. 7116, that makes the needed noncontroversial technical corrections to the Klamath Basin Water Supply Act so that all the benefits can be accessed.

Congressman GIANFORTE is also supporting his constituents as the House sponsor of H.R. 3471, which mirrors Montana's provisions that are contained within S. 3758.

Again, I thank all my colleagues on both sides of the aisle who worked hard to resolve this issue so that folks in these regions can have certainty about the water that they so desperately need.

Mr. Speaker, I yield back the balance of my time.

Mrs. DINGELL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I, too, commend my colleague, Mr. WALDEN, for his leadership and trying to bring this together with Mr. GIANFORTE and finding an answer. I am going to miss my friend deeply so he better stay engaged to make sure we do this right.

I thank Mr. WITTMAN for working with him this afternoon on the passage of this and several other critical bills. And all the leadership of the Committee on Natural Resources. And, again, what happens when Republicans and Democrats work together, we can really get things done.

Mr. Speaker, this legislation will help address water conservation and the power challenges in the Klamath Basin.

Mr. Speaker, I urge my colleagues to support this legislation, and I yield back the balance of my time.

□ 1545

The SPEAKER pro tempore. The question is on the motion offered by the gentlewoman from Michigan (Mrs. DINGELL) that the House suspend the rules and pass the bill, S. 3758.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

SENATOR KAY HAGAN AIRPORT TRAFFIC CONTROL TOWER

Mr. DEFAZIO. Mr. Speaker, I ask unanimous consent to take from the Speaker's table the bill (S. 4762) to designate the airport traffic control tower located at Piedmont Triad International Airport in Greensboro, North Carolina, as the "Senator Kay Hagan Airport Traffic Control Tower", and ask for its immediate consideration in the House.

The Clerk read the title of the bill.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Oregon?

There was no objection.

The text of the bill is as follows:

S. 4762

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. DESIGNATION.

The airport traffic control tower located at Piedmont Triad International Airport in Greensboro, North Carolina, and any successor airport traffic control tower at that location, shall be known and designated as the "Senator Kay Hagan Airport Traffic Control Tower".

SEC. 2. REFERENCES.

Any reference in a law, map, regulation, document, paper, or other record of the United States to the airport traffic control tower referred to in section 1 shall be deemed to be a reference to the "Senator Kay Hagan Airport Traffic Control Tower".

The bill was ordered to be read a third time, was read the third time, and passed, and a motion to reconsider was laid on the table.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from Oregon (Mr. DEFAZIO) and the gentlewoman from West Virginia (Mrs. MILLER) each will control 20 minutes.

The Chair recognizes the gentleman from Oregon.

GENERAL LEAVE

Mr. DEFAZIO. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous material on H.R. 5139, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Oregon?

There was no objection.

Mr. DEFAZIO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 5139, the Stop Sexual Assault and Harassment in Transportation Act, as amended.

The number one goal in transportation of people, whether it is across town, across the ocean, in the air, on the ground, or on the sea, is that there should be comprehensive policies in place for those companies that are entrusted with their well-being. While it is estimated that 90 percent of U.S. companies have a sexual harassment policy on the books, one in five does not offer training to prevent such incidents. This can leave passengers vulnerable and personnel unequipped to adequately address incidents when they occur.

Some people may wonder whether this problem is as rampant as many may suggest and ask if there is enough robust, organized data out there that sheds light on this issue. Unfortunately, I have to say no. That is exactly the problem.

There is no accumulated data. There is no Federal clearinghouse for transportation-related sexual assault and harassment incidents.

The lack of centralized data leaves the traveling public in the dark about the risk. But in reality, sexual assault and harassment constitute a growing problem in transportation.

For example, FBI investigations of in-flight sexual assaults in passenger airplanes rose from 38 in 2014 to 119 in 2019. Those are only the ones that are reported. Many people don't report.

According to a 2018 national study, 17 percent of all respondents experienced sexual harassment while using mass transportation. Since 2016, 260 sexual assaults aboard cruise ships have been reported to the DOT. It is by far the most frequently reported crime on cruise ships.

In recent years, there may be no other industry that issue has plagued more than transportation network companies such as Uber and Lyft.

In September 2019, 14 women sued Lyft, citing the company's failure to address a sexual predator crisis among its drivers. Uber identified nearly 6,000 sexual assaults and attempted sexual assaults on its platform in 2017 and 2018 alone.

Anecdotal evidence suggests that sexual assault is a big problem with transportation network companies and traditional taxis alike, but TNCs and taxi companies don't share the data that would provide a complete picture of the problem.

In my own hometown—I live in Springfield, Oregon, but in our urban area of Eugene-Springfield, we had one of the TNCs operating. All of their drivers had been through their intensive background checks, which are laughable, but then the Eugene police insisted that they go through real background checks. They found 12 people totally disqualified by the own standards of that company, Uber: one murderer, one rapist, and 10 serious felons. They were picking up women alone from bars at 1 o'clock in the morning, et cetera. The company didn't know it.

In fact, those companies have fought—we are the last State that isn't bound by State law. They have been lobbying all the States to say you can't keep track of this; you cannot require more vigorous background checks. Unfortunately, 49 of the States have caved in to them, under threat of losing their services. My State hasn't. And, you know, this has to stop.

That is why the Committee on Transportation and Infrastructure passed my bill, H.R. 5139, the Stop Sexual Assault and Harassment in Transportation Act. This bill will:

One, require transportation providers to establish formal policies addressing sexual assault and harassment;

Two, direct employees to receive specific training for not just how to handle sexual assault or harassment incidents, but also how to recognize and respond to potential human trafficking activities, something that has been identified numerous times by flight attendants who have alerted authorities and other workers in transportation; and,

Three, charge the DOT with establishing the first-ever Federal clearinghouse for transportation-related sexual

assault, harassment, and child trafficking, to allow the traveling public to fully understand the scope of the problem and spur further action.

We can no longer allow sexual violence and abuse to persist on our roads, on our waters, or in our skies. We must be doing everything in our power to ensure our transportation system is safe for those who work in it and for everyone who uses it. This bill, which will allow us to finally track, respond to, and ultimately prevent sexual assault and harassment within all areas of our transportation system, brings us one step closer to attaining that goal.

I want to acknowledge and express my appreciation for the supporters of this bill. It has been endorsed by the American Association of Justice, the Association of Flight Attendants, the Air Line Pilots Association, the Association of Professional Flight Attendants, the National Center on Sexual Exploitation, Rights4Girls, Survivors for Solutions, and the Transportation Trades Department.

I urge my colleagues to support this legislation, and I reserve the balance of my time.

Chairman, Committee on Transportation and Infrastructure,
House of Representatives, Washington, DC.

DEAR CHAIRMAN DEFAZIO: This is to advise you that the Committee on the Judiciary has now had an opportunity to review the provisions in H.R. 5139, the "Stop Sexual Assault and Harassment in Transportation Act," that fall within our Rule X jurisdiction. I appreciate your consulting with us on those provisions. The Judiciary Committee has no objection to your including them in the bill for consideration on the House floor, and to expedite that consideration is willing to forgo action on H.R. 5139, with the understanding that we do not thereby waive any future jurisdictional claim over those provisions or their subject matters.

In the event a House-Senate conference on this or similar legislation is convened, the Judiciary Committee reserves the right to request an appropriate number of conferees to address any concerns with these or similar provisions that may arise in conference.

Please place this letter into the Congressional Record during consideration of the measure on the House floor. Thank you for the cooperative spirit in which you have worked regarding this matter and others between our committees.

Sincerely,
JERROLD NADLER,
Chairman.

HOUSE OF REPRESENTATIVES,
COMMITTEE ON TRANSPORTATION
AND INFRASTRUCTURE,
Washington, DC, February 7, 2020.

Hon. JERROLD NADLER,
Chairman, Committee on Judiciary,
House of Representatives, Washington, DC.

DEAR CHAIRMAN NADLER: Thank you for your letter regarding H.R. 5139, the Stop Sexual Assault and Harassment in Transportation Act, which was ordered to be reported out of the Committee on Transportation and Infrastructure on November 20, 2019. I appreciate your willingness to work cooperatively on this legislation.

I acknowledge that by foregoing formal consideration on H.R. 5139, the Committee

on Judiciary does not waive any future jurisdictional claims to provisions in this or similar legislation, and that your Committee will be consulted and involved on any matters in your Committee's jurisdiction should this legislation move forward. In addition, should a conference on the bill be necessary, I would support your effort to seek appointment of an appropriate number of conferees to any House-Senate conference involving provisions within this legislation on which the Committee on Judiciary has a valid jurisdictional claim.

I appreciate your cooperation regarding this legislation, and I will ensure that our exchange of letters is included in the Congressional Record during floor consideration of H.R. 5139.

Sincerely,
PETER A. DEFAZIO,
Chair.

Mrs. MILLER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of the goal of H.R. 5139 to prevent incidents of sexual assault and harassment in transportation.

Passengers should feel safe while traveling, and transportation workers should feel safe in their workplace. No one condones sexual misconduct in the transportation sector, or anywhere, for that matter.

That is why the Transportation and Infrastructure Committee and Congress took such a strong bipartisan stance against this type of behavior in air transportation in the FAA Reauthorization Act of 2018.

I appreciate Chair DEFAZIO working with the minority to address technical concerns with the bill to avoid unintended implementation issues.

I urge support of this legislation, and I reserve the balance of my time.

Mr. DEFAZIO. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I thank the gentlewoman for her support and the support of the other Republican members of the committee. There were some technical issues relating to particular modes of transportation, and the minority wanted to get this bill done, and we worked out those concerns. I think everybody should support this today. Hopefully, it will be unanimous.

Mr. Speaker, there was a section that got left out of my opening remarks, and this is a stunning number.

On U.S. airlines alone, 68 percent of flight attendants say they have experienced sexual harassment during their careers. In fact, on November 8, 2019, a flight of a major airline diverted due to a passenger groping another passenger. The risk of an unwelcome and even threatening environment is real for both passengers and transportation workers alike.

Mr. Speaker, I reserve the balance of my time.

Mrs. MILLER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I don't think there is any doubt that all Members support the intent of H.R. 5139. Like all of you, I want to help ensure that sexual misconduct in transportation is eliminated.

Mr. Speaker, I urge support of this legislation, and I yield back the balance of my time.

Mr. DEFAZIO. Mr. Speaker, I yield 2 minutes to the gentlewoman from Washington, D.C. (Ms. NORTON).

Ms. NORTON. Mr. Speaker, I strongly support the Stop Sexual Assault and Harassment in Transportation Act, which would institute reporting requirements for incidents of sexual assault and harassment in passenger transportation carriers including airlines, vessels, buses, commuter and intercity passenger railroads, and transportation network companies like Uber and Lyft.

I am pleased that this bill includes provisions that direct the Department of Transportation to collect information on the number of sexual assault and harassment incidents and to make that information publicly available, which Representative Rick Crawford and I included in our bipartisan AWARE Act. I believe that until we collect this information, the full magnitude of the problem will not be understood. We have heard some of it reported by my good friend just now from Oregon just now.

In a 2018 survey of 2,000 flight attendants, one in five said they had been harassed, witnessed a passenger being sexually assaulted, or received a report of passenger-on-passenger sexual assault. Nearly 70 percent reported experiencing sexual harassment, and almost one in five reported being sexually assaulted by passengers.

In fiscal year 2014, 38 instances of in-flight sexual assault were reported to the Federal Bureau of Investigation. This number increased to 63 reported cases in 2017, but many instances of in-flight sexual assault remain unreported, because victims are fearful of contacting the authorities. FBI statistics indicate that as many as 75 percent of incidents go unreported.

On cruise ships, sex crimes outweigh any other major offense. A 2013 congressional report found that minors were victims in one-third of reported sexual assaults.

There was bipartisan support for a provision in the Federal Aviation Administration Reauthorization Act of 2018 to establish a sexual misconduct working group to develop best practices for addressing sexual misconduct on flights, employee training, and law enforcement notification.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Mr. DEFAZIO. Mr. Speaker, I yield an additional 1 minute to the gentlewoman from Washington, D.C. (Ms. NORTON).

Ms. NORTON. This legislation builds upon that work, requiring passenger transportation carriers to establish formal policies, training, and reporting structures for sexual assault and harassment and adds penalties for individuals who physically or sexually assault or threaten to assault transportation personnel.

I support the passage of the Stop Sexual Assault and Harassment in Transportation Act so that every person can feel safe from violence and harassment while traveling.

□ 1600

Mr. DEFAZIO. Mr. Speaker, I am prepared to close, and I have no further speakers. I yield back the balance of my time.

Ms. JACKSON LEE. Mr. Speaker, as a senior member of the House Judiciary Committee, I rise in strong support of H.R. 5139, the "Stop Sexual Assault and Harassment in Transportation Act," which establishes formal sexual assault and harassment policies for the transportation industry.

I would like to thank Congressman DEFAZIO for his leadership on this vital piece of legislation.

While the United States prides itself for being an innovator and leader in transportation, we are severely lacking in our protections of personnel and travelers from sexual assault and harassment.

There have been too many accounts of women and children being sexually assaulted on airplanes and groped on crowded trains, as well as flight attendants being sexually harassed daily in their workplaces.

According to a survey of students at San José State University conducted by Metro Magazine, almost two-thirds (63 percent) of respondents had experienced some form of harassment while using transit.

Verbal harassment was the most common form of harassment, with 41 percent experiencing "obscene/harassing language" and 26 percent being subjected to sexual comments.

Among non-verbal types of harassment, 22 percent had been stalked and 18 percent had been victims of indecent exposure.

With respect to physical harassment, 11 percent of students had experienced groping or inappropriate touching.

These facts and figures are representative of a larger issue of sexual assault and harassment in the public transportation industry across the country.

Things must change.

H.R. 5139 seeks to help prevent sexual assaults and sexual harassment on airplanes, buses, passenger vessels, commuter and intercity passenger railroads, and ridesharing vehicles by establishing formal policies to which transportation providers must adhere.

For example, passenger transportation providers are required to facilitate the reporting of sexual harassment and assault incidents, develop procedures that limit or prohibit future travel for individuals who perpetuate these incidents, as well as train personnel to recognize and respond to such incidents.

The bill also establishes a maximum civil penalty of \$35,000 for individuals who physically or sexually assault transportation personnel.

Furthermore, H.R. 5139 not only establishes a data collection program within the Department of Transportation regarding the number of incidents of sexual assault or harassment reported by transportation personnel and passengers each year, but it also streamlines the reporting process for individuals involved in an incident.

By doing so, individuals will be able to report allegations to law enforcement in a con-

fidential and separate manner from the reporting processes offered by the transportation provider.

It is simply not enough to condemn sexual harassment and assault.

It is time for actionable solutions that stop these incidents from occurring altogether, and this bill is a great step in that direction.

I encourage my fellow colleagues to vote in favor of H.R. 5139.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from Oregon (Mr. DEFAZIO) that the House suspend the rules and pass the bill, H.R. 5139, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

FRIENDLY AIRPORTS FOR MOTHERS IMPROVEMENT ACT

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. CARBAJAL) and the gentlewoman from West Virginia (Mrs. MILLER) each will control 20 minutes.

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. CARBAJAL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on S. 2638.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. CARBAJAL. Mr. Speaker, I yield myself such time as I may consume, and I rise in support of S. 2638, the Friendly Airports for Mothers Improvement Act.

Introduced in the Senate by Senator TAMMY DUCKWORTH from Illinois, this is a commonsense bill that requires small hub airports to maintain lactation areas for nursing mothers and a baby-changing table in men's and women's restrooms.

As a result of this legislation, small hub airports will begin to come in line with the medium and large hub airports, which were charged with meeting the same requirements as the result of the FAA Reauthorization Act of 2018.

Similar legislation was introduced in the House by Representative CAROL MILLER and passed in this Chamber December 2019.

I want to thank both Senator DUCKWORTH and Representative MILLER for their leadership on this issue and urge my colleagues to vote in favor of S. 2638.

Mr. Speaker, I reserve the balance of my time.

Mrs. MILLER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of S. 2638, the Friendly Airports for Mothers Improvement Act.

Traveling with infants is often stressful on new mothers and new fathers. I think back to when I was a young mom traveling with my sons, Chris and Sam, and now traveling with their wives, who just blessed us with our sixth grandchild, and to all moms and dads across the country who face the distinct challenges of traveling with their babies, let alone babies plus a sibling who could be a toddler, which is often the case.

This bill helps to lessen anxiety when traveling and allows mothers to have a quiet private space to care for their young ones. I introduced similar legislation, H.R. 3362, earlier this year to help accomplish this goal, and I am pleased to see this issue brought to a vote today.

As air travel continues to be one of the most preferred and popular means of transportation, we need to make sure that airport infrastructure is properly updated to fit the needs of American mothers and fathers and American families.

S. 2638 would require small hub airports to construct mothers' rooms, which are areas where mothers can nurse their children in privacy, rather than a restroom. Think how disgusting

that would be. Moms know that there is nothing comforting or nurturing about nursing a baby in an unsanitary condition of an airport bathroom.

The FAA Reauthorization Act of 2018 required all large and medium hub airports to construct mothers' rooms by 2021. This bill would help fill the remaining gap and similarly require small hub airports to install mothers' rooms, extending the coverage to 97 percent of all travelers.

With the pandemic, travel has become even more difficult, so the timing of this bill couldn't be more appropriate because it emphasizes the need for Congress to come together to pass bipartisan support in the COVID crisis, without which our airports may continue to be empty.

Mr. Speaker, I urge all of my colleagues to support S. 2638, and I reserve the balance of my time.

Mr. CARBAJAL. Mr. Speaker, I reserve the balance of my time.

Mrs. MILLER. Mr. Speaker, I yield 3 minutes to the gentleman from Louisiana (Mr. GRAVES), the ranking member of the Aviation Subcommittee.

Mr. GRAVES of Louisiana. Mr. Speaker, I thank the gentlewoman from West Virginia.

Mr. Speaker, I want to thank Chairman DEFAZIO and Ranking Member SAM GRAVES for their work on this legislation.

Once again, Mr. Speaker, this is a demonstration of bipartisan cooperation, what we were sent here to do, as opposed to the politics that we have all seen that have hijacked our government in recent months. The reality is that they are real needs of the American public, and this is an example of that.

This legislation is very simple. Airports are not like traditional roadways. You have a runway that is usually, at most airports, one runway, and that is it. So when that runway goes down, that airport can't function. You can't have flights come in. You can't have commercial or general aviation operations. So this legislation, very simply, allows for incentive-based contracting, where you can reduce the amount of time that it takes you to do your construction project. It diminishes delays on vacations, family visits, business travel, and all the important things that are facilitated by our aviation infrastructure by airports.

Again, it simply allows us to more quickly address safety issues, capacity issues, and expansion issues in airports. The bottom line is this ultimately is a saver for taxpayers, because if we can resume operations, it allows the traveling public to advance and the economy to flow, and it allows aviation taxes to also continue flowing.

Mr. Speaker, again, I want to thank Mr. DEFAZIO, Congressman LARSEN, Congressman SAM GRAVES, and all those who worked together on this important legislation, and I urge adoption.

Mrs. MILLER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, as stated, the aim of this bill, ensuring that mothers and families with young children have proper facilities while traveling, is a need that is long overdue, and it is high time that we fix it.

I have a personal story. In the 1980s, I was traveling with my husband and my two sons. One was in diapers, and one was a toddler. I handed the one in diapers to my husband when I realized that the baby needed to be changed. He took the baby and the paraphernalia with him to the men's restroom to take care of the baby.

When he comes back, he hands me a child who is crying, looks at his mommy, and reaches out. My husband goes: I did the best I could with what I had.

Well, he went into a bathroom that had sinks lined up on the wall, so he had to place the baby on top of two sinks to take care of business. I will leave the rest up to you, but we did do the best we could.

Thank the Lord, we are now going to be in modern times and take care of families the way they should be, having the appropriate things in both bathrooms.

Mr. Speaker, I urge all Members to support this bill, and I yield back the balance of my time.

Mr. CARBAJAL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, affording women lactation stations is something that I was very proud to have done, as we are now doing with small airports. We did it for all county facilities in county government when I was a county supervisor.

I am really glad to see this bipartisan bill is moving forward. Mr. Speaker, I urge my colleagues to support the legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. CARBAJAL) that the House suspend the rules and pass the bill, S. 2638.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

REINVIGORATING LENDING FOR THE FUTURE ACT

Mr. CARBAJAL. Mr. Speaker, I move to suspend the rules and pass the bill (S. 4075) to amend the Public Works and Economic Development Act of 1965 to provide for the release of certain Federal interests in connection with certain grants under that Act, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

S. 4075

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Reinvigorating Lending for the Future Act" or the "RLF Act".

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. CARBAJAL) and the gentlewoman from West Virginia (Mrs. MILLER) each will control 20 minutes.

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. CARBAJAL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on S. 4075.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. CARBAJAL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of S. 4075, the Reinvigorating Lending for the Future Act.

This bipartisan legislation will help cut the red tape and allow greater levels of local investment in economic development projects by allowing the Economic Development Administration to waive Federal interest in certain revolving loan funds.

The EDA supports economic development by providing seed capital to revolving loan funds that offer low-interest loans to help new businesses get off the ground. Those loans are repaid with interest to the RLF manager,

which then loans the funds out again to other businesses. This strategy has been highly effective, and more than 500 RLFs are in operation today.

But unlike other EDA grants, the Federal interest in these funds remain in perpetuity. RLF managers must report and the EDA must track these funds, no matter how many times they are lent out and repaid. The funds can never be repurposed for other economic development projects.

The RLF Act fixes this bureaucratic nightmare by allowing the Secretary of Commerce to release the Federal interest in these funds after 7 years, provided that the funds are used for other approved economic development projects like the development of public infrastructure or workforce training.

This bill cuts through the red tape and allows for the local control our regions need to invest in the most beneficial economic development projects for their communities.

This legislation has broad bipartisan support and is endorsed by the National Association of Development Organizations and the International Economic Development Council, two of the largest economic development advocacy groups in the country.

Mr. Speaker, I urge my fellow colleagues to support this bill, and I reserve the balance of my time.

□ 1615

Mrs. MILLER. Mr. Speaker, I yield myself such time as I may consume.

S. 4075, the RLF Act, would release the Federal interest in the Economic Development Administration's revolving loan funds after 7 years if requested by the recipient.

I thank Congressman KATKO, the ranking member of the Subcommittee on Economic Development, Public Buildings, and Emergency Management, for his leadership and work on this issue.

This fix to reduce the administrative burden of RLF funds was requested by the administration, as well as by State and local economic development officials.

Even after the funds have turned over in these RLFs, local officials continue to be saddled with unnecessary paperwork. Releasing the Federal interest when the government's role is over will also release officials of the extra paperwork.

Mr. Speaker, I urge support of this legislation, and I reserve the balance of my time.

Mr. CARBAJAL. Mr. Speaker, I reserve the balance of my time.

Mrs. MILLER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, S. 4075 will cut red tape and reduce paperwork for the communities that receive EDA grants for revolving loan funds.

Mr. Speaker, I urge support of this important legislation, and I yield back the balance of my time.

Mr. CARBAJAL. Mr. Speaker, I urge my colleagues to support this legisla-

tion, and I yield back the balance of my time.

Mr. PETERSON. Mr. Speaker, I rise today in support of the Senate companion to my bill, S. 4075 the Reinvigorating Lending for the Future Act of 2020. The U.S. Economic Development Administration and its Revolving Loan Fund program provide desperately needed loans to small businesses and local community organizations across the United States.

This funding is often a lifeline to rural communities overlooked by traditional financing. However, under current burdensome regulations, EDA RLF grantees must report on these funds “in perpetuity”—even on loans made and paid back decades ago. I have heard from the Minnesota Association of Development Organizations, 8 of the 10 organizations serve my district, that this requirement takes away valuable time from the work at hand which is providing access to capital and supporting businesses.

Now more than ever, as many Americans are struggling to stay afloat during the COVID-19 pandemic, the RLF Act is a vital sign of support to our small businesses back home. My bill would remove this unnecessary requirement and allow local communities the freedom they need to recover their economies. This bipartisan legislation requires no additional funding, and creates more flexibility for regional economic development. The RLF Act returns decision making to the local units of government, eliminates unnecessary reporting and is just good common sense. I urge my colleagues to support this important bill.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. CARBAJAL) that the House suspend the rules and pass the bill, S. 4075.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill was passed.

A motion to reconsider was laid on the table.

EXPEDITED DELIVERY OF AIRPORT INFRASTRUCTURE ACT OF 2020

Mr. CARBAJAL. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 5912) to amend title 49, United States Code, to permit the use of incentive payments to expedite certain federally financed airport development projects, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 5912

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Expedited Delivery of Airport Infrastructure Act of 2020”.

SEC. 2. ALLOWABLE COST STANDARDS FOR AIRPORT DEVELOPMENT PROJECTS.

(a) IN GENERAL.—Section 47110(b)(1) of title 49, United States Code, is amended—

(1) by striking “(1) if the cost necessarily” and inserting “(1)(A) if the cost necessarily”;

(2) by striking the semicolon at the end and inserting “; or”; and

(3) by adding at the end the following:

“(B) if the cost is an incentive payment incurred in carrying out the project described

in subparagraph (A) that is to be provided to a contractor upon early completion of a project, if—

“(i) such payment does not exceed the lesser of 5 percent of the initial construction contract amount or \$1,000,000;

“(ii) the level of contractor’s control of, or access to, the worksite necessary to shorten the duration of the project does not negatively impact the operation of the airport;

“(iii) the contract specifies application of the incentive structure in the event of unforeseeable, non-weather delays beyond the control of the contractor;

“(iv) nothing in any agreement with the contractor prevents the airport operator from retaining responsibility for the safety, efficiency, and capacity of the airport during the execution of the grant agreement; and

“(v) the Secretary determines that the use of an incentive payment is likely to increase airport capacity or efficiency or result in cost savings as a result of shortening the project’s duration;”.

(b) TECHNICAL CORRECTION.—Section 47110(e)(7) of title 49, United States Code, is amended by striking “(7) PARTNERSHIP PROGRAM AIRPORTS.—” and inserting “(7) PARTNERSHIP PROGRAM AIRPORTS.—”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. CARBAJAL) and the gentleman from Missouri (Mr. GRAVES) each will control 20 minutes.

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. CARBAJAL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 5912, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. CARBAJAL. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in support of H.R. 5912, the Expedited Delivery of Airport Infrastructure Act of 2020, introduced by Representative SAM GRAVES, the ranking member of the House Committee on Transportation and Infrastructure. The bill incentivizes the early completion of airport projects funded by the Federal Aviation Administration’s Airport Improvement Program, AIP.

Although current airline passenger traffic has declined precipitously due to the coronavirus pandemic, there will come a time when domestic and global air travel will return to its prepandemic heights and continue to grow further. Airports will once again have to keep up with growing passenger demand. This legislation will help to address this future need by allowing airports to use their AIP funding to offer incentive payments to contractors for early completion of airport development projects.

Importantly, H.R. 5912 includes conditions that ensure projects completed early do not have a negative impact on airport safety, efficiency, or capacity.

I support this legislation and urge my colleagues to do the same.

Mr. Speaker, I reserve the balance of my time.

Mr. GRAVES of Missouri. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 5912, the Expedited Delivery of Airport Infrastructure Act of 2020.

This bill, which I am very proud to have introduced, gives airports the option to use some of their Airport Improvement Program, or AIP, money to expedite early completion of airport projects.

Incentives such as these are commonly used in the surface transportation area, as encouraging early completion of road projects obviously can spare drivers additional weeks or months of congestion and sitting in traffic.

An airfield is no different. Taking a runway or taxiway out of commission can impair airport efficiency and capacity, and it results in flight delays, upset travelers, you name it.

Additionally, some airports, particularly in cold weather States, are racing against the clock to complete projects during a limited construction season. Even if a project is on schedule, an early winter or late spring can grind construction to a halt, costing the airport time and money.

This bill is going help ensure that airports have the tools necessary to avoid these situations and get runways back into service faster.

This bill allows airports to achieve cost savings. Projects completed early means a greater chance of avoiding construction price increases due to inflation.

Mr. Speaker, I urge my colleagues to support H.R. 5912, and I yield back the balance of my time.

Mr. CARBAJAL. Mr. Speaker, I urge my colleagues to support this legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. CARBAJAL) that the House suspend the rules and pass the bill, H.R. 5912, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

GREAT LAKES ST. LAWRENCE SEAWAY DEVELOPMENT CORPORATION

Mr. CARBAJAL. Mr. Speaker, I move to suspend the rules and pass the bill (H.R. 4470) to rename the Saint Lawrence Seaway Development Corporation the Great Lakes St. Lawrence Seaway Development Corporation, as amended.

The Clerk read the title of the bill.

The text of the bill is as follows:

H.R. 4470

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. GREAT LAKES ST. LAWRENCE SEAWAY DEVELOPMENT CORPORATION.

(a) RENAMING THE SAINT LAWRENCE SEAWAY DEVELOPMENT CORPORATION.—The Act of May 13, 1954 (33 U.S.C. 981 et seq.) is amended—

(1) in section 1 (33 U.S.C. 981), by striking “Saint Lawrence Seaway Development Corporation” and inserting “Great Lakes St. Lawrence Seaway Development Corporation”; and

(2) in section 2(b) (33 U.S.C. 982(b)), by striking “Saint Lawrence Seaway Development Corporation” and inserting “Great Lakes St. Lawrence Seaway Development Corporation”.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. CARJABAL) and the gentleman from Missouri (Mr. GRAVES) each will control 20 minutes.

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. CARBAJAL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on H.R. 4470, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. CARBAJAL. Mr. Speaker, I yield myself such time as I may consume, and rise in strong support of H.R. 4470.

This legislation, introduced by the gentlewoman from Ohio, Representative MARCY KAPTUR, is simple in its intent but strong in its meaning. H.R. 4470 would rename the Saint Lawrence Seaway Development Corporation as the Great Lakes St. Lawrence Seaway Development Corporation.

The binational Saint Lawrence Seaway is a 328-nautical-mile deep-draft waterway between the Port of Montreal and Lake Erie. It connects the Great Lakes with the Atlantic Ocean through the Saint Lawrence River. The U.S. portion of the Seaway was authorized in 1954 and is operated by the Saint Lawrence Seaway Development Corporation within the United States Department of Transportation.

This change would more accurately portray the geographical scope of the agency and would clarify the agency’s

mission is of benefit to the Saint Lawrence region, as well as the entire Great Lakes region.

I thank Representative KAPTUR for her work on this bill.

Mr. Speaker, I urge all Members to support H.R. 4470, and I reserve the balance of my time.

Mr. GRAVES of Missouri. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in support of H.R. 4470.

By adding the words “Great Lakes” to the name of the Saint Lawrence Seaway Development Corporation, the corporation will better reflect its geographic location and its economic importance to this significant region of the Nation.

Located within the Department of Transportation, the corporation is charged with operating and maintaining all U.S. infrastructure and waters of the Saint Lawrence Seaway. The corporation is also tasked with developing trade focused on driving economic activity for the entire Great Lakes-Saint Lawrence Seaway system.

I urge support of the bipartisan legislation to better represent what this federally owned corporation means to the Great Lakes.

Mr. Speaker, I reserve the balance of my time.

Mr. CARBAJAL. Mr. Speaker, I reserve the balance of my time.

Mr. GRAVES of Missouri. Mr. Speaker, I don’t have any speakers.

I urge support of H.R. 4470, and I yield back the balance of my time and.

Mr. CARBAJAL. Mr. Speaker, I urge my colleagues to support the legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. CARBAJAL) that the House suspend the rules and pass the bill, H.R. 4470, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

SAVE OUR SEAS 2.0 ACT

Mr. CARBAJAL. Mr. Speaker, I move to suspend the rules and pass the bill (S. 1982) to improve efforts to combat marine debris, and for other purposes, as amended.

The SPEAKER pro tempore. Pursuant to the rule, the gentleman from California (Mr. CARBAJAL) and the gentleman from Missouri (Mr. GRAVES) each will control 20 minutes.

The Chair recognizes the gentleman from California.

GENERAL LEAVE

Mr. CARBAJAL. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on S. 1982, as amended.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

Mr. CARBAJAL. Mr. Speaker, I yield myself such time as I may consume.

I rise in full support of S. 1982, important bipartisan legislation to further improve our national capabilities to respond to the global problem of marine debris, especially impacts caused by plastic waste on the ocean environment.

Marine debris is essentially any trash or litter that ends up in the marine environment or the Great Lakes. It originates from a wide variety of locations and often travels great distances before ending up in the ocean.

Marine debris is everywhere. It is found around every major body of water on the planet and along every shoreline in the world, no matter how remote.

These materials pose a substantial threat to marine life that might ingest or get entangled in marine debris or have their habitats degraded. But equally important, marine debris threatens public health and safety in the form of degraded water quality, increased exposure to pathogens and chemicals, and damage to vessels.

The legislation before us this afternoon incorporates the contributions of no less than six different committees that reviewed and offered several targeted amendments to improve provisions under each committee's jurisdiction.

Of note, I want to thank Chair GRIMALVA, Chair ENGEL, Chairwoman JOHNSON, Chair PALLONE, Chair PETERSON, and their respective staffs for their cooperation in refining this non-controversial legislation so that it could be considered today.

As amended, this legislation will provide an increase in annual funding under the Marine Debris Act to \$15 million, a 50 percent increase over existing authorized funding levels.

This funding increase should help to strengthen current programs administered by NOAA and the U.S. Coast Guard and prioritize efforts to combat marine debris through innovation and entrepreneurship programs.

Moreover, this legislation authorizes new approaches to address the international complexity of marine debris, most notably through the establishment of a charitable nonprofit Marine Debris Foundation.

It also provides specific direction to Federal agencies to maintain international leadership on marine debris and provides enhanced support for plastic waste mitigation.

Even though the bill is not perfect, on balance, it is a very positive addition to the legislation passed last Congress to reauthorize the Marine Debris Act.

□ 1630

And considering the scale of the marine debris challenge, it stands to reason that this will not be the last bill Congress enacts to address this serious environmental problem.

Mr. Speaker, I thank my colleague from Oregon, Congresswoman SUZANNE BONAMICI, for her leadership on this issue and tireless advocacy to get this bill through the House.

In closing, Mr. Speaker, this is good, bipartisan legislation that deserves support from Members on both sides of the aisle, and I urge its passage today.

Mr. Speaker, I reserve the balance of my time.

Sincerely,

PETER A. DEFAZIO,
Chair.

Mr. GRAVES of Missouri. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I am very pleased today that S. 1982, the Save Our Seas 2.0, or SOS 2.0, Act is scheduled for consideration today.

Last Congress, we passed the Save Our Seas Act building upon the work of the Marine Debris Act, which combats ocean-based solid waste pollution.

Save Our Seas 2.0 develops these existing programs by establishing a Marine Debris Foundation to enhance Federal and private efforts to combat marine debris and authorizing a genius award to promote improved ocean cleanup technology.

The bill also authorizes studies, grant programs, and international negotiations to better understand the causes of ocean pollution and improve how we prevent and eliminate this pollution.

Mr. Speaker, I commend Representative DON YOUNG for his work and leadership on the House companion to this bill. His district was hit particularly hard by marine debris arriving from Japan after the 2011 tsunami.

That tsunami drove one ghost fishing boat all the way from the coast of Japan to the Gulf of Alaska before being sunk by the U.S. Coast Guard; just one example of how far debris can travel.

Mr. Speaker, I also thank Chairman DEFAZIO for working with us on minor changes to this bill.

Mr. Speaker, I urge support for this legislation, and I reserve the balance of my time.

Mr. CARBAJAL. Mr. Speaker, I yield 3 minutes to the gentlewoman from Oregon (Ms. BONAMICI).

Ms. BONAMICI. Mr. Speaker, I thank my colleague for yielding. I also thank Chairman DEFAZIO for his ongoing efforts to help us bring this important bill to the floor today.

As the co-chair of the House Oceans Caucus, I rise in strong support of Save Our Seas 2.0, a bill to clean up marine debris.

Every minute, the equivalent of a garbage truck full of plastic is dumped into our ocean. According to the United Nations, that is more than 8 million tons a year. Plastic bottles, straws, grocery bags, cigarette butts, fishing gear, and abandoned vessels litter the ocean.

After the tsunami hit the coast of Japan in 2011, large materials, like docks and boats that carried invasive species, ended up on the shores of northwest Oregon.

Tiny pieces of plastic also make their way into marine life, blocking digestive tracts, altering growth, and in some cases killing marine mammals and fisheries.

We still don't know how long it takes for plastic to completely biodegrade. Estimates range from 450 years to never. A recent study from the Pew Charitable Trusts found that without action, by 2040, the annual flow of plastic into the ocean could nearly triple to 29 million metric tons.

Let me be clear: We need to fundamentally change our reliance on plastics. Plastics pollute our ocean and exacerbate the climate crisis. The fossil fuel and plastics industries are deeply connected, and plastics contribute a significant share of industrial emissions in the United States.

A problem this pervasive, a global problem of this magnitude, cannot be solved with a single bill. We cannot limit our action to removing existing plastic from the ocean, and we can also not recycle our way out of plastic waste that ends up on our shores.

We need comprehensive action, but today we have the opportunity to build on our foundation, a bipartisan, bicameral effort to strengthen the NOAA Marine Debris Program.

Save Our Seas 2.0 will improve the domestic response to marine debris by creating a Marine Debris Foundation to support NOAA's work, advance the removal and prevention of plastic waste, and establish a pilot program to provide incentives for the proper disposal of marine debris collected at sea.

The bill will incentivize international engagement to address marine debris by raising awareness about the sources of plastic waste and the effects of mismanaged waste and assess the potential for a new international agreement to address marine debris.

Save Our Seas 2.0 will strengthen domestic infrastructure to prevent the

creation of new marine debris by establishing grant programs to assist States and localities in improving local waste management systems and review opportunities to minimize the production of new plastic waste.

The ocean is resilient, and we can help it heal, but we cannot afford to wait. We have significant work ahead to prevent marine debris and Save Our Seas 2.0 continues to build on our bipartisan foundation to protect the ocean.

Mr. Speaker, I want to close by thanking my colleague and co-chair of the House Oceans Caucus, Representative DON YOUNG from Alaska, for his partnership on this bill, and to our Senate colleagues, Senator DAN SUL-LIVAN and Senator SHELDON WHITEHOUSE.

Mr. Speaker, I urge all of my colleagues to support this bill to strengthen the Federal response to marine debris.

Mr. GRAVES of Missouri. Mr. Speaker, I yield such time as he may consume to the gentleman from Alaska (Mr. YOUNG), the dean of the House.

Mr. YOUNG. Mr. Speaker, I thank the gentleman, Congressman GRAVES, for yielding to me.

Again, I support this bill, S. 1982, Save Our Seas 2.0. This is a great bipartisan bill.

Mr. Speaker, I congratulate my colleague, the caucus co-chair, Congresswoman SUZANNE BONAMICI, for this bill. This is our bill. It is a Senate bill we are taking up, but we have been working on this bill.

Again, it is an issue. I agree with everything that has been said about the pollution in our oceans.

This is probably bigger than the oil spill of the Exxon Valdez, the plastics that are in our seas, and we have got to take up and address this issue.

This is just the beginning. We need to do more, but we have to take the short step first, and then we will continue to do it.

You know, in Alaska, the ocean is our highway. We need to clean it; we want to work on it. We have to address that issue at sea, too.

You know, plastic is one of those things that really does not deteriorate very rapidly, but when it does, fish will eat it, and we get condemned and contaminated fish. We do not need that in Alaska.

It will clean up our oceans, as I mentioned before, and asks for cooperation from other countries.

America is not the worst polluter. There are other countries that pollute just as equally or more, and it all collects in the middle of the Pacific Ocean. We have an area out there as big as the State of Texas full of pollution. We have to start cleaning it up and stop it if we can.

Mr. Speaker, again, as has been mentioned, I thank Chairman PETER DEFAZIO and Ranking Member GRAVES for their work, Chairman ENGEL for his work, and the staffs, especially John

Rayfield and Dave Jansen from the Transportation and Infrastructure Committee. I thank my personal staff, Kevin Swanson and Kayla Rillo. They worked very hard on this legislation, a lot of work.

The bill is truly a bipartisan bill. What a way to finish up this session, with a bipartisan bill, working together to solve a universal problem: debris in our oceans. It shows that we can work together, and I encourage continuation of this type of effort to make sure our oceans are clean forever.

Mr. Speaker, I urge my colleagues to support S. 1982. And remember, DAN SULLIVAN introduced it on the Senate side, that is why we are taking up the Senate bill, but it is really a House bill.

Mr. Speaker, I thank my ranking member and my chairman, though he is not here.

Mr. CARBAJAL. Mr. Speaker, I yield 1 minute to the gentleman from Hawaii (Mr. CASE).

Mr. CASE. Mr. Speaker, the air, land, and oceans of our Earth are in mortal danger and must be saved. But it is our oceans that are the most vast and unknown of these and with the most complex and extensive risk from climate change, to pollution, extraction, and marine debris.

Debris is especially acute in my own Pacific and its epicenter, the 1,500-mile-long Hawaiian Islands chain, which acts as a giant comb for all manner of marine trash. Fifty-two metric tons of debris clutter our Papahānaumokuākea Marine National Monument annually, with tons more on the shores of the main Hawaiian Islands.

The results are human health and safety problems, habitat destruction, wildlife entanglements, vessel damages, navigational hazards, invasive species transport, and beach and coastline destruction.

The Save Our Seas 2.0 Act ups our national ante on this critical issue by bolstering and funding actions that can make a real difference.

Mr. Speaker, I urge passage.

Mr. GRAVES of Missouri. Mr. Speaker, I don't have anyone else to speak, so with that, I urge my colleagues to support the bill, and I yield back the balance of my time.

Mr. CARBAJAL. Mr. Speaker, I urge my colleagues to support the legislation, and I yield back the balance of my time.

The SPEAKER pro tempore. The question is on the motion offered by the gentleman from California (Mr. CARBAJAL) that the House suspend the rules and pass the bill, S. 1982, as amended.

The question was taken; and (two-thirds being in the affirmative) the rules were suspended and the bill, as amended, was passed.

A motion to reconsider was laid on the table.

“SEC. 202. REPORT AND GUIDANCE ON UNREGULATED CUSTODY TRANSFERS.

“(a) **SENSE OF CONGRESS.**—It is the sense of Congress that:

“(1) Some adopted children may be at risk of experiencing an unregulated custody transfer because the challenges associated with adoptions (including the child’s mental health needs and the difficulties many families face in acquiring support services) may lead families to seek out unregulated custody transfers.

“(2) Some adopted children experience trauma, and the disruption and placement in another home by unregulated custody transfer creates additional trauma and instability for children.

“(3) Children who experience an unregulated custody transfer may be placed with families who have not completed required child welfare or criminal background checks or clearances.

“(4) Social services agencies and courts are often unaware of the placement of children through unregulated custody transfer and therefore do not conduct assessments on the child’s safety and well-being in such placements.

“(5) Such lack of placement oversight places a child at risk for future abuse and increases the chance that the child may experience—

“(A) abuse or neglect;

“(B) contact with unsafe adults or youth; and

“(C) exposure to unsafe or isolated environments.

“(6) The caregivers with whom a child is placed through unregulated custody transfer often have no legal responsibility with respect to such child, placing the child at risk for additional unregulated custody transfers.

“(7) Such caregivers also may not have complete records with respect to such child, including the child’s birth, medical, or immigration records.

“(8) A child adopted through intercountry adoption may be at risk of not acquiring United States citizenship if an unregulated custody transfer occurs before the adoptive parents complete all necessary steps to finalize the adoption of such child.

“(9) Engaging in, or offering to engage in, unregulated custody transfer places children at risk of harm.

“(b) REPORT TO CONGRESS.—

“(1) IN GENERAL.—Not later than 1 year after the date of the enactment of this section, the Secretary of Health and Human Services shall provide to the Committee on Education and Labor of the House of Representatives, the Committee on Ways and Means of the House of Representatives, the Committee on Finance of the Senate, and the Committee on Health, Education, Labor and Pensions of the Senate a report on unregulated custody transfers of children, including of adopted children.

“(2) ELEMENTS.—The report required under paragraph (1) shall include—

“(A) the causes, methods, and characteristics of unregulated custody transfers, including the use of social media and the internet;

“(B) the effects of unregulated custody transfers on children, including the lack of assessment of a child’s safety and well-being by social services agencies and courts due to such unregulated custody transfer;

“(C) the prevalence of unregulated custody transfers within each State and across all States; and

“(D) recommended policies for preventing, identifying, and responding to unregulated custody transfers, including of adopted children, that include—

“(i) amendments to Federal and State law to address unregulated custody transfers;

“(ii) amendments to child protection practices to address unregulated custody transfers; and

“(iii) methods of providing the public information regarding adoption and child protection.

“(c) GUIDANCE TO STATES.—

“(1) IN GENERAL.—Not later than 180 days after the date specified in subsection (b)(1), the Secretary shall issue guidance and technical assistance to States related to preventing, identifying, and responding to unregulated custody transfers, including of adopted children.

“(2) ELEMENTS.—The guidance required under paragraph (1) shall include—

“(A) education materials related to preventing, identifying, and responding to unregulated custody transfers for employees of State, local, and Tribal agencies that provide child welfare services;

“(B) guidance on appropriate pre-adoption education and post-adoption services for domestic and international adoptive families to promote child permanency; and

“(C) the assistance available through the National Resource Center for Special Needs Adoption under section 203(b)(9).

“(d) DEFINITIONS.—In this section:

“(1) STATE.—The term ‘State’ means each of the several States, the District of Columbia, and any commonwealth, territory, or possession of the United States.

“(2) UNREGULATED CUSTODY TRANSFER.—The term ‘unregulated custody transfer’ means the abandonment of a child, by the child’s parent, legal guardian, or a person or entity acting on behalf, and with the consent, of such parent or guardian—

“(A) by placing a child with a person who is not—

“(i) the child’s parent, step-parent, grandparent, adult sibling, legal guardian, or other adult relative;

“(ii) a friend of the family who is an adult and with whom the child is familiar; or

“(iii) a member of the Federally recognized Indian tribe of which the child is also a member;

“(B) with the intent of severing the relationship between the child and the parent or guardian of such child; and

“(C) without—

“(i) reasonably ensuring the safety of the child and permanency of the placement of the child, including by conducting an official home study, background check, and supervision; and

“(ii) not later than the first day of the fifth plan year beginning on or after the date of the adoption of the amendment;

“(D) specify that, as of the amendment’s effective date, no further benefits shall accrue under the defined benefit component of the multiemployer plan; and

“(E) specify that, as of the amendment’s effective date, the plan sponsor of the multiemployer plan shall be the plan sponsor of both the composite plan component and the defined benefit plan component of the plan.

“(3) SPECIAL RULES.—If a multiemployer plan is amended pursuant to paragraph (1)—

“(A) the requirements of this title and title IV shall be applied to the composite plan component and the defined benefit plan component of the multiemployer plan as if each such component were maintained as a separate plan; and

“(B) the assets of the composite plan component and the defined benefit plan component of the plan shall be held in a single trust forming part of the plan under which the trust instrument expressly provides—

“(i) for separate accounts (and appropriate records) to be maintained to reflect the interest which each of the plan components has in the trust, including separate accounting for additions to the trust for the benefit of each plan component, disbursements made from each plan component’s account in the trust, investment experience of the trust allocable to that account, and administrative expenses (whether direct expenses or shared expenses allocated proportionally), and permits, but does not require, the pooling of some or all of the assets of the two plan components for investment purposes; and

“(ii) that the assets of each of the two plan components shall be held, invested, reinvested, managed, administered and distributed for the exclusive benefit of the participants and bene-

ficiaries of each such plan component, and in no event shall the assets of one of the plan components be available to pay benefits due under the other plan component.

“(4) NOT A TERMINATION EVENT.—Notwithstanding section 401A, an amendment pursuant to paragraph (1) to incorporate the features of a composite plan as a component of a multiemployer plan does not constitute termination of the multiemployer plan.

“(5) NOTICE TO THE SECRETARY.—

“(A) NOTICE.—The plan sponsor of a composite plan shall provide notice to the Secretary of the intent to establish the composite plan (or, in the case of a composite plan incorporated as a component of a multiemployer plan as described in paragraph (1), the intent to amend the multiemployer plan to incorporate such composite plan) at least 30 days prior to the effective date of such establishment or amendment.

“(B) CERTIFICATION.—In the case of a composite plan incorporated as a component of a multiemployer plan as described in paragraph (1), such notice shall include a certification by the plan actuary under section 305(b)(3) that the effective date of the amendment occurs in a plan year for which the multiemployer plan is not in critical status for that plan year and any of the succeeding 5 plan years.

“(6) REFERENCES TO COMPOSITE PLAN COMPONENT.—As used in this part, the term ‘composite plan’ includes a composite plan component added to a defined benefit plan pursuant to paragraph (1).

“(7) RULE OF CONSTRUCTION.—Paragraph (2)(A) shall not be construed as preventing the plan sponsor of a multiemployer plan from adopting an amendment pursuant to paragraph (1) because some collective bargaining agreements are amended to cease any covered employer’s obligation to contribute to the multiemployer plan before or after the plan amendment is effective. Paragraph (2)(B) shall not be construed as preventing the plan sponsor of a multiemployer plan from adopting an amendment pursuant to paragraph (1) because some participants cease to have contributions made to the multiemployer plan on their behalf before or after the plan amendment is effective.

“(c) COORDINATION WITH FUNDING RULES.—Except as otherwise provided in this title, sections 302, 304, and 305 shall not apply to a composite plan.

“(d) TREATMENT OF A COMPOSITE PLAN.—For purposes of this Act (other than sections 302 and 4245), a composite plan shall be treated as if it were a defined benefit plan unless a different treatment is provided for under applicable law.

“SEC. 802. FUNDED RATIOS; ACTUARIAL ASSUMPTIONS.

“(a) CERTIFICATION OF FUNDED RATIOS.—

“(1) IN GENERAL.—Not later than the one-hundred twentieth day of each plan year of a composite plan, the plan actuary of the composite plan shall certify to the Secretary, the Secretary of the Treasury, and the plan sponsor the plan’s current funded ratio and projected funded ratio for the plan year.

“(2) DETERMINATION OF CURRENT FUNDED RATIO AND PROJECTED FUNDED RATIO.—For purposes of this section:

“(A) CURRENT FUNDED RATIO.—The current funded ratio is the ratio (expressed as a percentage) of—

“(i) the value of the plan’s assets as of the first day of the plan year; to

“(ii) the plan actuary’s best estimate of the present value of the plan liabilities as of the first day of the plan year.

“(B) PROJECTED FUNDED RATIO.—The projected funded ratio is the current funded ratio projected to the first day of the fifteenth plan year following the plan year for which the determination is being made.

“(3) CONSIDERATION OF CONTRIBUTION RATE INCREASES.—For purposes of projections under this subsection, the plan sponsor may anticipate contribution rate increases beyond the term of

the current collective bargaining agreement and any agreed-to supplements, up to a maximum of 2.5 percent per year, compounded annually, unless it would be unreasonable under the circumstances to assume that contributions would increase by that amount.

“(b) ACTUARIAL ASSUMPTIONS AND METHODS.—For purposes of this part:

“(1) IN GENERAL.—All costs, liabilities, rates of interest and other factors under the plan shall be determined for a plan year on the basis of actuarial assumptions and methods—

“(A) each of which is reasonable (taking into account the experience of the plan and reasonable expectations);

“(B) which, in combination, offer the actuary's best estimate of anticipated experience under the plan; and

“(C) with respect to which any change from the actuarial assumptions and methods used in the previous plan year shall be certified by the plan actuary and the actuarial rationale for such change provided in the annual report required by section 103.

“(2) FAIR MARKET VALUE OF ASSETS.—The value of the plan's assets shall be taken into account on the basis of their fair market value.

“(3) DETERMINATION OF NORMAL COST AND PLAN LIABILITIES.—A plan's normal cost and liabilities shall be based on the most recent actuarial valuation required under section 801(a)(5)(A) and the unit credit funding method.

“(4) TIME WHEN CERTAIN CONTRIBUTIONS DEEMED MADE.—Any contributions for a plan year made by an employer after the last day of such plan year, but not later than two and one-half months after such day, shall be deemed to have been made on such last day. For purposes of this paragraph, such two and one-half month period may be extended for not more than six months under regulations prescribed by the Secretary of the Treasury.

“(5) ADDITIONAL ACTUARIAL ASSUMPTIONS.—Except where otherwise provided in this part, the provisions of section 305(b)(3)(B) shall apply to any determination or projection under this part.

“SEC. 803. REALIGNMENT PROGRAM.

“(a) REALIGNMENT PROGRAM.—

“(1) ADOPTION.—In any case in which the plan actuary certifies under section 802(a) that the plan's projected funded ratio is below 120 percent for the plan year, the plan sponsor shall adopt a realignment program under paragraph (2) not later than 210 days after the due date of the certification required under such section 802(a). The plan sponsor shall adopt an updated realignment program for each succeeding plan year for which a certification described in the preceding sentence is made.

“(2) CONTENT OF REALIGNMENT PROGRAM.—

“(A) IN GENERAL.—A realignment program adopted under this paragraph is a written program which consists of all reasonable measures, including options or a range of options to be undertaken by the plan sponsor or proposed to the bargaining parties, formulated, based on reasonably anticipated experience and reasonable actuarial assumptions, to enable the plan to achieve a projected funded ratio of at least 120 percent for the following plan year.

“(B) INITIAL PROGRAM ELEMENTS.—Reasonable measures under a realignment program described in subparagraph (A) may include any of the following:

“(i) Proposed contribution increases.

“(ii) A reduction in the rate of future benefit accruals, so long as the resulting rate is not less than 1 percent of the contributions on which benefits are based as of the start of the plan year (or the equivalent standard accrual rate as described in section 305(e)(6)).

“(iii) A modification or elimination of adjustable benefits of participants that are not in pay status before the date of the notice required under subsection (b)(1).

“(iv) Any other lawfully available measures not specifically described in this subparagraph

or subparagraph (C) or (D) that the plan sponsor determines are reasonable.

“(C) ADDITIONAL PROGRAM ELEMENTS.—If the plan sponsor has determined that all reasonable measures available under subparagraph (B) will not enable the plan to achieve a projected funded ratio of at least 120 percent for the following plan year, such reasonable measures may also include—

“(i) a reduction of accrued benefits that are not in pay status by the date of the notice required under subsection (b)(1); or

“(ii) a reduction of any benefits of participants that are in pay status before the date of the notice required under subsection (b)(1) other than core benefits as defined in paragraph (4).

“(D) ADDITIONAL REDUCTIONS.—In the case of a composite plan for which the plan sponsor has determined that all reasonable measures available under subparagraphs (B) and (C) will not enable the plan to achieve a projected funded ratio of at least 120 percent for the following plan year, such reasonable measures may also include—

“(i) a further reduction in the rate of future benefit accruals without regard to the limitation applicable under subparagraph (B)(ii); or

“(ii) a reduction of core benefits;

provided that such reductions shall be equitably distributed across the participant and beneficiary population, taking into account factors, with respect to participants and beneficiaries and their benefits, that may include one or more of the factors listed in subclauses (I) through (X) of section 305(e)(9)(D)(vi), to the extent necessary to enable the plan to achieve a projected funded ratio of at least 120 percent for the following plan year, or at the election of the plan sponsor, a projected funded ratio of at least 100 percent for the following plan year and a current funded ratio of at least 90 percent.

“(3) ADJUSTABLE BENEFIT DEFINED.—For purposes of this part, the term ‘adjustable benefit’ means—

“(A) benefits, rights, and features under the plan, including post-retirement death benefits, 60-month guarantees, disability benefits not yet in pay status, and similar benefits;

“(B) any early retirement benefit or retirement-type subsidy (within the meaning of section 204(g)(2)(A)) and any benefit payment option (other than the qualified joint and survivor annuity); and

“(C) benefit increases that were adopted (or, if later, took effect) less than 60 months before the first day such realignment program took effect.

“(4) CORE BENEFIT DEFINED.—For purposes of this part, the term ‘core benefit’ means a participant's accrued benefit payable in the normal form of an annuity commencing at normal retirement age, determined without regard to—

“(A) any early retirement benefits, retirement-type subsidies, or other benefits, rights, or features that may be associated with that benefit; and

“(B) any cost-of-living adjustments or benefit increases effective after the date of retirement.

“(5) COORDINATION WITH CONTRIBUTION INCREASES.—

“(A) IN GENERAL.—A realignment program may provide that some or all of the benefit modifications described in the program will only take effect if the bargaining parties fail to agree to specified levels of increases in contributions to the plan, effective as of specified dates.

“(B) INDEPENDENT BENEFIT MODIFICATIONS.—If a realignment program adopts any changes to the benefit formula that are independent of potential contribution increases, such changes shall take effect not later than 180 days after the first day of the first plan year that begins following the adoption of the realignment program.

“(C) CONDITIONAL BENEFIT MODIFICATIONS.—If a realignment program adopts any changes to the benefit formula that take effect only if the bargaining parties fail to agree to contribution

increases, such changes shall take effect not later than the first day of the first plan year beginning after the third anniversary of the date of adoption of the realignment program.

“(D) REVOCATION OF CERTAIN BENEFIT MODIFICATIONS.—Benefit modifications described in subparagraph (C) may be revoked, in whole or in part, and retroactively or prospectively, when contributions to the plan are increased, as specified in the realignment program, including any amendments thereto. The preceding sentence shall not apply unless the contribution increases are to be effective not later than the fifth anniversary of the first day of the first plan year that begins after the adoption of the realignment program.

“(b) NOTICE.—

“(1) IN GENERAL.—In any case in which it is certified under section 802(a) that the projected funded ratio is less than 120 percent, the plan sponsor shall, not later than 30 days after the date of the certification, provide notification of the current and projected funded ratios to the participants and beneficiaries, the bargaining parties, and the Secretary. Such notice shall include—

“(A) an explanation that contribution rate increases or benefit reductions may be necessary;

“(B) a description of the types of benefits that might be reduced; and

“(C) an estimate of the contribution increases and benefit reductions that may be necessary to achieve a projected funded ratio of 120 percent.

“(2) NOTICE OF BENEFIT MODIFICATIONS.—

“(A) IN GENERAL.—No modifications may be made that reduce the rate of future benefit accrual or that reduce core benefits or adjustable benefits unless notice of such reduction has been given at least 180 days before the general effective date of such reduction for all participants and beneficiaries to—

“(i) plan participants and beneficiaries;

“(ii) each employer who has an obligation to contribute to the composite plan; and

“(iii) each employee organization which, for purposes of collective bargaining, represents plan participants employed by such employers.

“(B) CONTENT OF NOTICE.—The notice under subparagraph (A) shall contain—

“(i) sufficient information to enable participants and beneficiaries to understand the effect of any reduction on their benefits, including an illustration of any affected benefit or subsidy, on an annual or monthly basis that a participant or beneficiary would otherwise have been eligible for as of the general effective date described in subparagraph (A); and

“(ii) information as to the rights and remedies of plan participants and beneficiaries as well as how to contact the Department of Labor for further information and assistance, where appropriate.

“(C) FORM AND MANNER.—Any notice under subparagraph (A)—

“(i) shall be provided in a form and manner prescribed in regulations of the Secretary of Labor;

“(ii) shall be written in a manner so as to be understood by the average plan participant.

“(3) MODEL NOTICES.—The Secretary shall—

“(A) prescribe model notices that the plan sponsor of a composite plan may use to satisfy the notice requirements under this subsection; and

“(B) by regulation enumerate any details related to the elements listed in paragraph (1) that any notice under this subsection must include.

“(4) DELIVERY METHOD.—Any notice under this part shall be provided in writing and may also be provided in electronic form to the extent that the form is reasonably accessible to persons to whom the notice is provided.

“SEC. 804. LIMITATION ON INCREASING BENEFITS.

“(a) LEVEL OF CURRENT FUNDED RATIOS.—Except as provided in subsections (c), (d), and (e), no plan amendment increasing benefits or establishing new benefits under a composite plan may be adopted for a plan year unless—

“(1) the plan’s current funded ratio is at least 110 percent (without regard to the benefit increase or new benefits);

“(2) taking the benefit increase or new benefits into account, the current funded ratio is at least 100 percent and the projected funded ratio for the current plan year is at least 120 percent;

“(3) in any case in which, after taking the benefit increase or new benefits into account, the current funded ratio is less than 140 percent and the projected funded ratio is less than 140 percent, the benefit increase or new benefits are projected by the plan actuary to increase the present value of the plan’s liabilities for the plan year by not more than 3 percent; and

“(4) expected contributions for the current plan year are at least 120 percent of normal cost for the plan year, determined using the unit credit funding method and treating the benefit increase or new benefits as in effect for the entire plan year.

“(b) **ADDITIONAL REQUIREMENTS WHERE CORE BENEFITS REDUCED.**—If a plan has been amended to reduce core benefits pursuant to a realignment program under section 803(a)(2)(D), such plan may not be subsequently amended to increase core benefits unless the amendment—

“(1) increases the level of future benefit payments only; and

“(2) provides for an equitable distribution of benefit increases across the participant and beneficiary population, taking into account the extent to which the benefits of participants were previously reduced pursuant to such realignment program.

“(c) **EXCEPTION TO COMPLY WITH APPLICABLE LAW.**—Subsection (a) shall not apply in connection with a plan amendment if the amendment is required as a condition of qualification under part I of subchapter D of chapter 1 of the Internal Revenue Code of 1986 or to comply with other applicable law.

“(d) **EXCEPTION WHERE MAXIMUM DEDUCTIBLE LIMIT APPLIES.**—Subsection (a) shall not apply in connection with a plan amendment if and to the extent that contributions to the composite plan would not be deductible for the plan year under section 404(a)(1)(E) of the Internal Revenue Code of 1986 if the plan amendment is not adopted.

“(e) **EXCEPTION FOR CERTAIN BENEFIT MODIFICATIONS.**—Subsection (a) shall not apply in connection with a plan amendment under section 803(a)(5)(C), regarding conditional benefit modifications.

“(f) **TREATMENT OF PLAN AMENDMENTS.**—For purposes of this section—

“(1) if two or more plan amendments increasing benefits or establishing new benefits are adopted in a plan year, such amendments shall be treated as a single amendment adopted on the last day of the plan year;

“(2) all benefit increases and new benefits adopted in a single amendment are treated as a single benefit increase, irrespective of whether the increases and new benefits take effect in more than one plan year; and

“(3) increases in contributions or decreases in plan liabilities which are scheduled to take effect in future plan years may be taken into account in connection with a plan amendment if they have been agreed to in writing or otherwise formalized by the date the plan amendment is adopted.

“SEC. 805. COMPOSITE PLAN RESTRICTIONS TO PRESERVE LEGACY PLAN FUNDING.

“(a) **TREATMENT AS A LEGACY PLAN.**—

“(1) **IN GENERAL.**—For purposes of this part and parts 2 and 3, a defined benefit plan shall be treated as a legacy plan with respect to the composite plan under which the employees who were eligible to accrue a benefit under the defined benefit plan become eligible to accrue a benefit under such composite plan.

“(2) **COMPONENT PLANS.**—In any case in which a defined benefit plan is amended to add a composite plan component pursuant to section 801(b), paragraph (1) shall be applied by sub-

stituting ‘defined benefit component’ for ‘defined benefit plan’ and ‘composite plan component’ for ‘composite plan’.

“(3) **ELIGIBLE TO ACCRUE A BENEFIT.**—For purposes of paragraph (1), an employee is considered eligible to accrue a benefit under a composite plan as of the first day in which the employee completes an hour of service under a collective bargaining agreement that provides for contributions to and accruals under the composite plan in lieu of accruals under the legacy plan.

“(4) **COLLECTIVE BARGAINING AGREEMENT.**—As used in this part, the term ‘collective bargaining agreement’ includes any agreement under which an employer has an obligation to contribute to a plan.

“(5) **OTHER TERMS.**—Any term used in this part which is not defined in this part and which is also used in section 305 shall have the same meaning provided such term in such section.

“(b) **RESTRICTIONS ON ACCEPTANCE BY COMPOSITE PLAN OF AGREEMENTS AND CONTRIBUTIONS.**—

“(1) **IN GENERAL.**—The plan sponsor of a composite plan shall not accept or recognize a collective bargaining agreement (or any modification to such agreement), and no contributions may be accepted and no benefits may be accrued or otherwise earned under the agreement—

“(A) in any case in which the plan actuary of any defined benefit plan that would be treated as a legacy plan with respect to such composite plan has certified under section 305(b)(3) that such defined benefit plan is or will be in critical status for the plan year in which such agreement would take effect or for any of the succeeding 5 plan years; and

“(B) unless the agreement requires each employer who is a party to such agreement, including employers whose employees are not participants in the legacy plan, to provide contributions to the legacy plan with respect to such composite plan in a manner that satisfies the transition contribution requirements of subsection (d).

“(2) **NOTICE.**—Not later than 30 days after a determination by a plan sponsor of a composite plan that an agreement fails to satisfy the requirements described in paragraph (1), the plan sponsor shall provide notification of such failure and the reasons for such determination—

“(A) to the parties to the agreement;

“(B) to active participants of the composite plan who have ceased to accrue or otherwise earn benefits with respect to service with an employer pursuant to paragraph (1); and

“(C) to the Secretary, the Secretary of the Treasury, and the Pension Benefit Guaranty Corporation.

“(3) **LIMITATION ON RETROACTIVE EFFECT.**—This subsection shall not apply to benefits accrued before the date on which notice is provided under paragraph (2).

“(c) **RESTRICTION ON ACCRUAL OF BENEFITS UNDER A COMPOSITE PLAN.**—

“(1) **IN GENERAL.**—In any case in which an employer, under a collective bargaining agreement entered into after the date of enactment of the Giving Retirement Options to Workers Act of 2020, ceases to have an obligation to contribute to a multiemployer defined benefit plan, no employees employed by the employer may accrue or otherwise earn benefits under any composite plan, with respect to service with that employer, for a 60-month period beginning on the date on which the employer entered into such collective bargaining agreement.

“(2) **NOTICE OF CESSATION OF OBLIGATION.**—Within 30 days of determining that an employer has ceased to have an obligation to contribute to a legacy plan with respect to employees employed by an employer that is or will be contributing to a composite plan with respect to service of such employees, the plan sponsor of the legacy plan shall notify the plan sponsor of the composite plan of that cessation.

“(3) **NOTICE OF CESSATION OF ACCRUALS.**—Not later than 30 days after determining that an em-

ployer has ceased to have an obligation to contribute to a legacy plan, the plan sponsor of the composite plan shall notify the bargaining parties, the active participants affected by the cessation of accruals, the Secretary, the Secretary of the Treasury, and the Pension Benefit Guaranty Corporation of the cessation of accruals, the period during which such cessation is in effect, and the reasons therefor.

“(4) **LIMITATION ON RETROACTIVE EFFECT.**—This subsection shall not apply to benefits accrued before the date on which notice is provided under paragraph (3).

“(d) **TRANSITION CONTRIBUTION REQUIREMENTS.**—

“(1) **IN GENERAL.**—A collective bargaining agreement satisfies the transition contribution requirements of this subsection if the agreement—

“(A) authorizes payment of contributions to a legacy plan at a rate or rates equal to or greater than the transition contribution rate established by the legacy plan under paragraph (2); and

“(B) does not provide for—

“(i) a suspension of contributions to the legacy plan with respect to any period of service; or

“(ii) any new direct or indirect exclusion of younger or newly hired employees of the employer from being taken into account in determining contributions owed to the legacy plan.

“(2) **TRANSITION CONTRIBUTION RATE.**—

“(A) **IN GENERAL.**—The transition contribution rate for a plan year is the contribution rate that, as certified by the actuary of the legacy plan in accordance with the principles in section 305(b)(3)(B), is reasonably expected to be adequate—

“(i) to fund the normal cost for the plan year;

“(ii) to amortize the plan’s unfunded liabilities in level annual installments over 25 years, beginning with the plan year in which the transition contribution rate is first established; and

“(iii) to amortize any subsequent changes in the legacy plan’s unfunded liability due to experience gains or losses (including investment gains or losses, gains or losses due to contributions greater or less than the contributions made under the prior transition contribution rate, and other actuarial gains or losses), changes in actuarial assumptions, changes to the legacy plan’s benefits, or changes in funding method over a period of 15 plan years beginning with the plan year in which such change in unfunded liability is incurred.

The transition contribution rate for any plan year may not be less than the transition contribution rate for the plan year in which such rate is first established.

“(B) **MULTIPLE RATES.**—If different rates of contribution are payable to the legacy plan by different employers or for different classes of employees, the certification shall specify a transition contribution rate for each such employer.

“(C) **RATE APPLICABLE TO EMPLOYER.**—

“(i) **IN GENERAL.**—Except as provided by clause (ii), the transition contribution rate applicable to an employer for a plan year is the rate in effect for the plan year of the legacy plan that commences on or after 180 days before the earlier of—

“(I) the effective date of the collective bargaining agreement pursuant to which the employer contributes to the legacy plan; or

“(II) 5 years after the last plan year for which the transition contribution rate applicable to the employer was established or updated.

“(ii) **EXCEPTION.**—The transition contribution rate applicable to an employer for the first plan year beginning on or after the commencement of the employer’s obligation to contribute to the composite plan is the rate in effect for the plan year of the legacy plan that commences on or after 180 days before such first plan year.

“(D) **EFFECT OF LEGACY PLAN FINANCIAL CIRCUMSTANCES.**—If the plan actuary of the legacy plan has certified under section 305 that the plan is in endangered or critical status for a

plan year, the transition contribution rate for the following plan year is the rate determined with respect to the employer under the legacy plan's funding improvement or rehabilitation plan under section 305, if greater than the rate otherwise determined, but in no event greater than 75 percent of the sum of the contribution rates applicable to the legacy plan and the composite plan for the plan year.

“(E) OTHER ACTUARIAL ASSUMPTIONS AND METHODS.—Except as provided in subparagraph (A), the determination of the transition contribution rate for a plan year shall be based on actuarial assumptions and methods consistent with the minimum funding determinations made under section 304 (or, if applicable, section 305) with respect to the legacy plan for the plan year.

“(F) ADJUSTMENTS IN RATE.—The plan sponsor of a legacy plan from time to time may adjust the transition contribution rate or rates applicable to an employer under this paragraph by increasing some rates and decreasing others if the actuary certifies that such adjusted rates in combination will produce projected contribution income for the plan year beginning on or after the date of certification that is not less than would be produced by the transition contribution rates in effect at the time of the certification.

“(G) NOTICE OF TRANSITION CONTRIBUTION RATE.—The plan sponsor of a legacy plan shall provide notice to the parties to collective bargaining agreements pursuant to which contributions are made to the legacy plan of changes to the transition contribution rate requirements at least 30 days before the beginning of the plan year for which the rate is effective.

“(H) NOTICE TO COMPOSITE PLAN SPONSOR.—Not later than 30 days after a determination by the plan sponsor of a legacy plan that a collective bargaining agreement provides for a rate of contributions that is below the transition contribution rate applicable to one or more employers that are parties to the collective bargaining agreement, the plan sponsor of the legacy plan shall notify the plan sponsor of any composite plan under which employees of such employer would otherwise be eligible to accrue a benefit.

“(3) CORRECTION PROCEDURES.—Pursuant to standards prescribed by the Secretary, the plan sponsor of a composite plan shall adopt rules and procedures that give the parties to the collective bargaining agreement notice of the failure of such agreement to satisfy the transition contribution requirements of this subsection, and a reasonable opportunity to correct such failure, not to exceed 180 days from the date of notice given under subsection (b)(2).

“(4) SUPPLEMENTAL CONTRIBUTIONS.—A collective bargaining agreement may provide for supplemental contributions to the legacy plan for a plan year in excess of the transition contribution rate determined under paragraph (2), regardless of whether the legacy plan is in endangered or critical status for such plan year.

“(e) NONAPPLICATION OF COMPOSITE PLAN RESTRICTIONS.—

“(1) IN GENERAL.—The provisions of subsections (a), (b), and (c) shall not apply with respect to a collective bargaining agreement, to the extent the agreement, or a predecessor agreement, provides or provided for contributions to a defined benefit plan that is a legacy plan, as of the first day of the first plan year following a plan year for which the plan actuary certifies that the plan is fully funded, has been fully funded for at least three out of the immediately preceding 5 plan years, and is projected to remain fully funded for at least the following 4 plan years.

“(2) DETERMINATION OF FULLY FUNDED.—A plan is fully funded for purposes of paragraph (1) if, as of the valuation date of the plan for a plan year, the value of the plan's assets equals or exceeds the present value of the plan's liabilities, determined in accordance with the rules prescribed by the Pension Benefit Guaranty

Corporation under sections 4219(c)(1)(D) and 4281 for multiemployer plans terminating by mass withdrawal, as in effect for the date of the determination, except the plan's reasonable assumption regarding the starting date of benefits may be used.

“(3) OTHER APPLICABLE RULES.—Except as provided in paragraph (2), actuarial determinations and projections under this section shall be based on the rules in section 305(b)(3) and section 802(b).

“SEC. 806. MERGERS AND ASSET TRANSFERS OF COMPOSITE PLANS.

“(a) IN GENERAL.—Assets and liabilities of a composite plan may only be merged with, or transferred to, another plan if—

“(1) the other plan is a composite plan;

“(2) the plan or plans resulting from the merger or transfer is a composite plan;

“(3) no participant's accrued benefit or adjustable benefit is lower immediately after the transaction than it was immediately before the transaction; and

“(4) the value of the assets transferred in the case of a transfer reasonably reflects the value of the amounts contributed with respect to the participants whose benefits are being transferred, adjusted for allocable distributions, investment gains and losses, and administrative expenses.

“(b) LEGACY PLAN.—

“(1) IN GENERAL.—After a merger or transfer involving a composite plan, the legacy plan with respect to an employer that is obligated to contribute to the resulting composite plan is the legacy plan that applied to that employer immediately before the merger or transfer.

“(2) MULTIPLE LEGACY PLANS.—If an employer is obligated to contribute to more than one legacy plan with respect to employees eligible to accrue benefits under more than one composite plan and there is a merger or transfer of such legacy plans, the transition contribution rate applicable to the legacy plan resulting from the merger or transfer with respect to that employer shall be determined in accordance with the provisions of section 805(d)(2)(B).”.

(2) PENALTIES.—

(A) CIVIL ENFORCEMENT OF FAILURE TO COMPLY WITH REALIGNMENT PROGRAM.—Section 502(a) of such Act (29 U.S.C. 1132(a)) is amended—

(i) in paragraph (10), by striking “or” at the end;

(ii) in paragraph (11), by striking the period at the end and inserting “; or”; and

(iii) by adding at the end the following:

“(12) in the case of a composite plan required to adopt a realignment program under section 803, if the plan sponsor—

“(A) has not adopted a realignment program under that section by the deadline established in such section; or

“(B) fails to update or comply with the terms of the realignment program in accordance with the requirements of such section,

by the Secretary, by an employer that has an obligation to contribute with respect to the composite plan, or by an employee organization that represents active participants in the composite plan, for an order compelling the plan sponsor to adopt a realignment program, or to update or comply with the terms of the realignment program, in accordance with the requirements of such section and the realignment program.”.

(B) CIVIL PENALTIES.—Section 502(c) of such Act (29 U.S.C. 1132(c)) is amended—

(i) by moving paragraphs (8), (10), and (12) each 2 ems to the left;

(ii) by redesignating paragraphs (9) through (12) as paragraphs (12) through (15), respectively; and

(iii) by inserting after paragraph (8) the following:

“(9) The Secretary may assess against any plan sponsor of a composite plan a civil penalty of not more than \$1,100 per day for each violation by such sponsor—

“(A) of the requirement under section 802(a) on the plan actuary to certify the plan's current or projected funded ratio by the date specified in such subsection; or

“(B) of the requirement under section 803 to adopt a realignment program by the deadline established in that section and to comply with its terms.

“(10)(A) The Secretary may assess against any plan sponsor of a composite plan a civil penalty of not more than \$100 per day for each violation by such sponsor of the requirement under section 803(b) to provide notice as described in such section, except that no penalty may be assessed in any case in which the plan sponsor exercised reasonable diligence to meet the requirements of such section and—

“(i) the plan sponsor did not know that the violation existed; or

“(ii) the plan sponsor provided such notice during the 30-day period beginning on the first date on which the plan sponsor knew, or in exercising reasonable due diligence should have known, that such violation existed.

“(B) In any case in which the plan sponsor exercised reasonable diligence to meet the requirements of section 803(b)—

“(i) the total penalty assessed under this paragraph against such sponsor for a plan year may not exceed \$500,000; and

“(ii) the Secretary may waive part or all of such penalty to the extent that the payment of such penalty would be excessive or otherwise inequitable relative to the violation involved.

“(11) The Secretary may assess against any plan sponsor of a composite plan a civil penalty of not more than \$100 per day for each violation by such sponsor of the notice requirements under sections 801(b)(5) and 805(b)(2).”.

(3) CONFORMING AMENDMENT.—The table of contents in section 1 of such Act (29 U.S.C. 1001 note) is amended by inserting after the item relating to section 734 the following:

“PART 8—COMPOSITE PLANS AND LEGACY PLANS

(b) AMENDMENT TO THE INTERNAL REVENUE CODE OF 1986.—

(1) IN GENERAL.—Part III of subchapter D of chapter 1 of the Internal Revenue Code of 1986 is amended by adding at the end the following:

“Subpart C—Composite Plans and Legacy Plans

“Sec. 437. Composite plan defined.

“Sec. 438. Funded ratios; actuarial assumptions.

“Sec. 439. Realignment program.

“Sec. 440. Limitation on increasing benefits.

“Sec. 440A. Composite plan restrictions to preserve legacy plan funding.

“Sec. 440B. Mergers and asset transfers of composite plans.

“SEC. 437. COMPOSITE PLAN DEFINED.

“(a) IN GENERAL.—For purposes of this title, the term “composite plan” means a pension plan—

“(1) which is a multiemployer plan that is neither a defined benefit plan nor a defined contribution plan,

“(2) the terms of which provide that the plan is a composite plan for purposes of this title with respect to which not more than one multiemployer defined benefit plan is treated as a legacy plan within the meaning of section 440A, unless there is more than one legacy plan following a merger of composite plans under section 440B,

“(3) which provides systematically for the payment of benefits—

“(A) objectively calculated pursuant to a formula enumerated in the plan document with respect to plan participants after retirement, for life, and

“(B) in the form of life annuities, except for benefits which under section 411(a)(11) may be immediately distributed without the consent of the participant,

“(4) for which the plan contributions for the first plan year are at least 120 percent of the normal cost for the plan year,

“(5) which requires—

“(A) an annual valuation of the liability of the plan as of a date within the plan year to which the valuation refers or within one month prior to the beginning of such year,

“(B) an annual actuarial determination of the plan’s current funded ratio and projected funded ratio under section 438(a),

“(C) corrective action through a realignment program pursuant to section 439 whenever the plan’s projected funded ratio is below 120 percent for the plan year, and

“(D) an annual notification to each participant describing the participant’s benefits under the plan and explaining that such benefits may be subject to reduction under a realignment program pursuant to section 439 based on the plan’s funded status in future plan years, and

“(6) the board of trustees of which includes at least one retiree or beneficiary in pay status during each plan year following the first plan year in which at least 5 percent of the participants in the plan are retirees or beneficiaries in pay status.

“(b) TRANSITION FROM A MULTIEMPLOYER DEFINED BENEFIT PLAN.—

“(1) IN GENERAL.—The plan sponsor of a defined benefit plan that is a multiemployer plan may, subject to paragraph (2), amend the plan to incorporate the features of a composite plan as a component of the multiemployer plan separate from the defined benefit plan component, except in the case of a defined benefit plan for which the plan actuary has certified under section 432(b)(3) that the plan is or will be in critical status for the plan year in which such amendment would become effective or for any of the succeeding 5 plan years.

“(2) REQUIREMENTS.—Any amendment pursuant to paragraph (1) to incorporate the features of a composite plan as a component of a multiemployer plan shall—

“(A) apply with respect to all collective bargaining agreements providing for contributions to the multiemployer plan on or after the effective date of the amendment,

“(B) apply with respect to all participants in the multiemployer plan for whom contributions are made to the multiemployer plan on or after the effective date of the amendment,

“(C) specify that the effective date of the amendment is—

“(i) the first day of a specified plan year following the date of the adoption of the amendment, except that the plan sponsor may alternatively provide for a separate effective date with respect to each collective bargaining agreement under which contributions to the multiemployer plan are required, which shall occur on the first day of the first plan year beginning after the termination, or if earlier, the re-opening, of each such agreement, or such earlier date as the parties to the agreement and the plan sponsor of the multiemployer plan shall agree to, and

“(ii) not later than the first day of the fifth plan year beginning on or after the date of the adoption of the amendment,

“(D) specify that, as of the amendment’s effective date, no further benefits shall accrue under the defined benefit component of the multiemployer plan, and

“(E) specify that, as of the amendment’s effective date, the plan sponsor of the multiemployer plan shall be the plan sponsor of both the composite plan component and the defined benefit plan component of the plan.

“(3) SPECIAL RULES.—If a multiemployer plan is amended pursuant to paragraph (1)—

“(A) the requirements of this title shall be applied to the composite plan component and the defined benefit plan component of the multiemployer plan as if each such component were maintained as a separate plan, and

“(B) the assets of the composite plan component and the defined benefit plan component of the plan shall be held in a single trust forming part of the plan under which the trust instrument expressly provides—

“(i) for separate accounts (and appropriate records) to be maintained to reflect the interest which each of the plan components has in the trust, including separate accounting for additions to the trust for the benefit of each plan component, disbursements made from each plan component’s account in the trust, investment experience of the trust allocable to that account, and administrative expenses (whether direct expenses or shared expenses allocated proportionally), and permits, but does not require, the pooling of some or all of the assets of the two plan components for investment purposes, and

“(ii) that the assets of each of the two plan components shall be held, invested, reinvested, managed, administered and distributed for the exclusive benefit of the participants and beneficiaries of each such plan component, and in no event shall the assets of one of the plan components be available to pay benefits due under the other plan component.

“(4) NOT A TERMINATION EVENT.—Notwithstanding section 4041A of the Employee Retirement Income Security Act of 1974, an amendment pursuant to paragraph (1) to incorporate the features of a composite plan as a component of a multiemployer plan does not constitute termination of the multiemployer plan.

“(5) NOTICE TO THE SECRETARY.—

“(A) NOTICE.—The plan sponsor of a composite plan shall provide notice to the Secretary of the intent to establish the composite plan (or, in the case of a composite plan incorporated as a component of a multiemployer plan as described in paragraph (1), the intent to amend the multiemployer plan to incorporate such composite plan) at least 30 days prior to the effective date of such establishment or amendment.

“(B) CERTIFICATION.—In the case of a composite plan incorporated as a component of a multiemployer plan as described in paragraph (1), such notice shall include a certification by the plan actuary under section 432(b)(3) that the effective date of the amendment occurs in a plan year for which the multiemployer plan is not in critical status for that plan year and any of the succeeding 5 plan years.

“(6) REFERENCES TO COMPOSITE PLAN COMPONENT.—As used in this subpart, the term ‘composite plan’ includes a composite plan component added to a defined benefit plan pursuant to paragraph (1).

“(7) RULE OF CONSTRUCTION.—Paragraph (2)(A) shall not be construed as preventing the plan sponsor of a multiemployer plan from adopting an amendment pursuant to paragraph (1) because some collective bargaining agreements are amended to cease any covered employer’s obligation to contribute to the multiemployer plan before or after the plan amendment is effective. Paragraph (2)(B) shall not be construed as preventing the plan sponsor of a multiemployer plan from adopting an amendment pursuant to paragraph (1) because some participants cease to have contributions made to the multiemployer plan on their behalf before or after the plan amendment is effective.

“(c) COORDINATION WITH FUNDING RULES.—Except as otherwise provided in this title, sections 412, 431, and 432 shall not apply to a composite plan.

“(d) TREATMENT OF A COMPOSITE PLAN.—For purposes of this title (other than sections 412 and 418E), a composite plan shall be treated as if it were a defined benefit plan unless a different treatment is provided for under applicable law.

“SEC. 438. FUNDED RATIOS; ACTUARIAL ASSUMPTIONS.

“(a) CERTIFICATION OF FUNDED RATIOS.—

“(1) IN GENERAL.—Not later than the one-hundred twentieth day of each plan year of a composite plan, the plan actuary of the composite plan shall certify to the Secretary, the Secretary of Labor, and the plan sponsor the plan’s current funded ratio and projected funded ratio for the plan year.

“(2) DETERMINATION OF CURRENT FUNDED RATIO AND PROJECTED FUNDED RATIO.—For purposes of this section—

“(A) CURRENT FUNDED RATIO.—The current funded ratio is the ratio (expressed as a percentage) of—

“(i) the value of the plan’s assets as of the first day of the plan year, to

“(ii) the plan actuary’s best estimate of the present value of the plan liabilities as of the first day of the plan year.

“(B) PROJECTED FUNDED RATIO.—The projected funded ratio is the current funded ratio projected to the first day of the fifteenth plan year following the plan year for which the determination is being made.

“(3) CONSIDERATION OF CONTRIBUTION RATE INCREASES.—For purposes of projections under this subsection, the plan sponsor may anticipate contribution rate increases beyond the term of the current collective bargaining agreement and any agreed-to supplements, up to a maximum of 2.5 percent per year, compounded annually, unless it would be unreasonable under the circumstances to assume that contributions would increase by that amount.

“(b) ACTUARIAL ASSUMPTIONS AND METHODS.—For purposes of this part—

“(1) IN GENERAL.—All costs, liabilities, rates of interest, and other factors under the plan shall be determined for a plan year on the basis of actuarial assumptions and methods—

“(A) each of which is reasonable (taking into account the experience of the plan and reasonable expectations),

“(B) which, in combination, offer the actuary’s best estimate of anticipated experience under the plan, and

“(C) with respect to which any change from the actuarial assumptions and methods used in the previous plan year shall be certified by the plan actuary and the actuarial rationale for such change provided in the annual report required by section 6058.

“(2) FAIR MARKET VALUE OF ASSETS.—The value of the plan’s assets shall be taken into account on the basis of their fair market value.

“(3) DETERMINATION OF NORMAL COST AND PLAN LIABILITIES.—A plan’s normal cost and liabilities shall be based on the most recent actuarial valuation required under section 437(a)(5)(A) and the unit credit funding method.

“(4) TIME WHEN CERTAIN CONTRIBUTIONS DEEMED MADE.—Any contributions for a plan year made by an employer after the last day of such plan year, but not later than two and one-half months after such day, shall be deemed to have been made on such last day. For purposes of this paragraph, such two and one-half month period may be extended for not more than six months under regulations prescribed by the Secretary.

“(5) ADDITIONAL ACTUARIAL ASSUMPTIONS.—Except where otherwise provided in this subpart, the provisions of section 432(b)(3)(B) shall apply to any determination or projection under this subpart.

“SEC. 439. REALIGNMENT PROGRAM.

“(a) REALIGNMENT PROGRAM.—

“(1) ADOPTION.—In any case in which the plan actuary certifies under section 438(a) that the plan’s projected funded ratio is below 120 percent for the plan year, the plan sponsor shall adopt a realignment program under paragraph (2) not later than 210 days after the due date of the certification required under section 438(a). The plan sponsor shall adopt an updated realignment program for each succeeding plan

year for which a certification described in the preceding sentence is made.

“(2) CONTENT OF REALIGNMENT PROGRAM.—

“(A) IN GENERAL.—A realignment program adopted under this paragraph is a written program which consists of all reasonable measures, including options or a range of options to be undertaken by the plan sponsor or proposed to the bargaining parties, formulated, based on reasonably anticipated experience and reasonable actuarial assumptions, to enable the plan to achieve a projected funded ratio of at least 120 percent for the following plan year.

“(B) INITIAL PROGRAM ELEMENTS.—Reasonable measures under a realignment program described in subparagraph (A) may include any of the following:

“(i) Proposed contribution increases.

“(ii) A reduction in the rate of future benefit accruals, so long as the resulting rate shall not be less than 1 percent of the contributions on which benefits are based as of the start of the plan year (or the equivalent standard accrual rate as described in section 432(e)(6)).

“(iii) A modification or elimination of adjustable benefits of participants that are not in pay status before the date of the notice required under subsection (b)(1).

“(iv) Any other legally available measures not specifically described in this subparagraph or subparagraph (C) or (D) that the plan sponsor determines are reasonable.

“(C) ADDITIONAL PROGRAM ELEMENTS.—If the plan sponsor has determined that all reasonable measures available under subparagraph (B) will not enable the plan to achieve a projected funded ratio of at least 120 percent the following plan year, such reasonable measures may also include—

“(i) a reduction of accrued benefits that are not in pay status by the date of the notice required under subsection (b)(1), or

“(ii) a reduction of any benefits of participants that are in pay status before the date of the notice required under subsection (b)(1) other than core benefits as defined in paragraph (4).

“(D) ADDITIONAL REDUCTIONS.—In the case of a composite plan for which the plan sponsor has determined that all reasonable measures available under subparagraphs (B) and (C) will not enable the plan to achieve a projected funded ratio of at least 120 percent for the following plan year, such reasonable measures may also include—

“(i) a further reduction in the rate of future benefit accruals without regard to the limitation applicable under subparagraph (B)(ii), or

“(ii) a reduction of core benefits, provided that such reductions shall be equitably distributed across the participant and beneficiary population, taking into account factors, with respect to participants and beneficiaries and their benefits, that may include one or more of the factors listed in subclauses (I) through (X) of section 432(e)(9)(D)(vi), to the extent necessary to enable the plan to achieve a projected funded ratio of at least 120 percent for the following plan year, or at the election of the plan sponsor, a projected funded ratio of at least 100 percent for the following plan year and a current funded ratio of at least 90 percent.

“(3) ADJUSTABLE BENEFIT DEFINED.—For purposes of this subpart, the term ‘adjustable benefit’ means—

“(A) benefits, rights, and features under the plan, including post-retirement death benefits, 60-month guarantees, disability benefits not yet in pay status, and similar benefits,

“(B) any early retirement benefit or retirement-type subsidy (within the meaning of section 411(d)(6)(B)(i)) and any benefit payment option (other than the qualified joint and survivor annuity), and

“(C) benefit increases that were adopted (or, if later, took effect) less than 60 months before the first day such realignment program took effect.

“(4) CORE BENEFIT DEFINED.—For purposes of this subpart, the term ‘core benefit’ means a

participant’s accrued benefit payable in the normal form of an annuity commencing at normal retirement age, determined without regard to—

“(A) any early retirement benefits, retirement-type subsidies, or other benefits, rights, or features that may be associated with that benefit, and

“(B) any cost-of-living adjustments or benefit increases effective after the date of retirement.

“(5) COORDINATION WITH CONTRIBUTION INCREASES.—

“(A) IN GENERAL.—A realignment program may provide that some or all of the benefit modifications described in the program will only take effect if the bargaining parties fail to agree to specified levels of increases in contributions to the plan, effective as of specified dates.

“(B) INDEPENDENT BENEFIT MODIFICATIONS.—If a realignment program adopts any changes to the benefit formula that are independent of potential contribution increases, such changes shall take effect not later than 180 days following the first day of the first plan year that begins following the adoption of the realignment program.

“(C) CONDITIONAL BENEFIT MODIFICATIONS.—If a realignment program adopts any changes to the benefit formula that take effect only if the bargaining parties fail to agree to contribution increases, such changes shall take effect not later than the first day of the first plan year beginning after the third anniversary of the date of adoption of the realignment program.

“(D) REVOCATION OF CERTAIN BENEFIT MODIFICATIONS.—Benefit modifications described in paragraph (3) may be revoked, in whole or in part, and retroactively or prospectively, when contributions to the plan are increased, as specified in the realignment program, including any amendments thereto. The preceding sentence shall not apply unless the contribution increases are to be effective not later than the fifth anniversary of the first day of the first plan year that begins after the adoption of the realignment program.

“(b) NOTICE.—

“(1) IN GENERAL.—In any case in which it is certified under section 438(a) that the projected funded ratio is less than 120 percent, the plan sponsor shall, not later than 30 days after the date of the certification, provide notification of the current and projected funded ratios to the participants and beneficiaries, the bargaining parties, and the Secretary. Such notice shall include—

“(A) an explanation that contribution rate increases or benefit reductions may be necessary,

“(B) a description of the types of benefits that might be reduced, and

“(C) an estimate of the contribution increases and benefit reductions that may be necessary to achieve a projected funded ratio of 120 percent.

“(2) NOTICE OF BENEFIT MODIFICATIONS.—

“(A) IN GENERAL.—No modifications may be made that reduce the rate of future benefit accrual or that reduce core benefits or adjustable benefits unless notice of such reduction has been given at least 180 days before the general effective date of such reduction for all participants and beneficiaries to—

“(i) plan participants and beneficiaries,

“(ii) each employer who has an obligation to contribute to the composite plan, and

“(iii) each employee organization which, for purposes of collective bargaining, represents plan participants employed by such employers.

“(B) CONTENT OF NOTICE.—The notice under subparagraph (A) shall contain—

“(i) sufficient information to enable participants and beneficiaries to understand the effect of any reduction on their benefits, including an illustration of any affected benefit or subsidy, on an annual or monthly basis that a participant or beneficiary would otherwise have been eligible for as of the general effective date described in subparagraph (A), and

“(ii) information as to the rights and remedies of plan participants and beneficiaries as well as

how to contact the Department of Labor for further information and assistance, where appropriate.

“(C) FORM AND MANNER.—Any notice under subparagraph (A)—

“(i) shall be provided in a form and manner prescribed in regulations of the Secretary of Labor,

“(ii) shall be written in a manner so as to be understood by the average plan participant.

“(3) MODEL NOTICES.—The Secretary shall—

“(A) prescribe model notices that the plan sponsor of a composite plan may use to satisfy the notice requirements under this subsection, and

“(B) by regulation enumerate any details related to the elements listed in paragraph (1) that any notice under this subsection must include.

“(4) DELIVERY METHOD.—Any notice under this part shall be provided in writing and may also be provided in electronic form to the extent that the form is reasonably accessible to persons to whom the notice is provided.

“SEC. 440. LIMITATION ON INCREASING BENEFITS.

“(a) LEVEL OF CURRENT FUNDED RATIOS.—Except as provided in subsections (c), (d), and (e), no plan amendment increasing benefits or establishing new benefits under a composite plan may be adopted for a plan year unless—

“(1) the plan’s current funded ratio is at least 110 percent (without regard to the benefit increase or new benefits),

“(2) taking the benefit increase or new benefits into account, the current funded ratio is at least 100 percent and the projected funded ratio for the current plan year is at least 120 percent,

“(3) in any case in which, after taking the benefit increase or new benefits into account, the current funded ratio is less than 140 percent or the projected funded ratio is less than 140 percent, the benefit increase or new benefits are projected by the plan actuary to increase the present value of the plan’s liabilities for the plan year by not more than 3 percent, and

“(4) expected contributions for the current plan year are at least 120 percent of normal cost for the plan year, determined using the unit credit funding method and treating the benefit increase or new benefits as in effect for the entire plan year.

“(b) ADDITIONAL REQUIREMENTS WHERE CORE BENEFITS REDUCED.—If a plan has been amended to reduce core benefits pursuant to a realignment program under section 439(a)(2)(D), such plan may not be subsequently amended to increase core benefits unless the amendment—

“(1) increases the level of future benefit payments only, and

“(2) provides for an equitable distribution of benefit increases across the participant and beneficiary population, taking into account the extent to which the benefits of participants were previously reduced pursuant to such realignment program.

“(c) EXCEPTION TO COMPLY WITH APPLICABLE LAW.—Subsection (a) shall not apply in connection with a plan amendment if the amendment is required as a condition of qualification under part I of subchapter D of chapter 1 or to comply with other applicable law.

“(d) EXCEPTION WHERE MAXIMUM DEDUCTIBLE LIMIT APPLIES.—Subsection (a) shall not apply in connection with a plan amendment if and to the extent that contributions to the composite plan would not be deductible for the plan year under section 404(a)(1)(E) if the plan amendment is not adopted. The Secretary of the Treasury shall issue regulations to implement this paragraph.

“(e) EXCEPTION FOR CERTAIN BENEFIT MODIFICATIONS.—Subsection (a) shall not apply in connection with a plan amendment under section 439(a)(5)(C), regarding conditional benefit modifications.

“(f) TREATMENT OF PLAN AMENDMENTS.—For purposes of this section—

“(1) if two or more plan amendments increasing benefits or establishing new benefits are

adopted in a plan year, such amendments shall be treated as a single amendment adopted on the last day of the plan year,

“(2) all benefit increases and new benefits adopted in a single amendment are treated as a single benefit increase, irrespective of whether the increases and new benefits take effect in more than one plan year, and

“(3) increases in contributions or decreases in plan liabilities which are scheduled to take effect in future plan years may be taken into account in connection with a plan amendment if they have been agreed to in writing or otherwise formalized by the date the plan amendment is adopted.

“SEC. 440A. COMPOSITE PLAN RESTRICTIONS TO PRESERVE LEGACY PLAN FUNDING.

“(a) TREATMENT AS A LEGACY PLAN.—

“(1) IN GENERAL.—For purposes of this subchapter, a defined benefit plan shall be treated as a legacy plan with respect to the composite plan under which the employees who were eligible to accrue a benefit under the defined benefit plan become eligible to accrue a benefit under such composite plan.

“(2) COMPONENT PLANS.—In any case in which a defined benefit plan is amended to add a composite plan component pursuant to section 437(b), paragraph (1) shall be applied by substituting ‘defined benefit component’ for ‘defined benefit plan’ and ‘composite plan component’ for ‘composite plan’.

“(3) ELIGIBLE TO ACCRUE A BENEFIT.—For purposes of paragraph (1), an employee is considered eligible to accrue a benefit under a composite plan as of the first day in which the employee completes an hour of service under a collective bargaining agreement that provides for contributions to and accruals under the composite plan in lieu of accruals under the legacy plan.

“(4) COLLECTIVE BARGAINING AGREEMENT.—As used in this subpart, the term ‘collective bargaining agreement’ includes any agreement under which an employer has an obligation to contribute to a plan.

“(5) OTHER TERMS.—Any term used in this subpart which is not defined in this part and which is also used in section 432 shall have the same meaning provided such term in such section.

“(b) RESTRICTIONS ON ACCEPTANCE BY COMPOSITE PLAN OF AGREEMENTS AND CONTRIBUTIONS.—

“(1) IN GENERAL.—The plan sponsor of a composite plan shall not accept or recognize a collective bargaining agreement (or any modification to such agreement), and no contributions may be accepted and no benefits may be accrued or otherwise earned under the agreement—

“(A) in any case in which the plan actuary of any defined benefit plan that would be treated as a legacy plan with respect to such composite plan has certified under section 432(b)(3) that such defined benefit plan is or will be in critical status for the plan year in which such agreement would take effect or for any of the succeeding 5 plan years, and

“(B) unless the agreement requires each employer who is a party to such agreement, including employers whose employees are not participants in the legacy plan, to provide contributions to the legacy plan with respect to such composite plan in a manner that satisfies the transition contribution requirements of subsection (d).

“(2) NOTICE.—Not later than 30 days after a determination by a plan sponsor of a composite plan that an agreement fails to satisfy the requirements described in paragraph (1), the plan sponsor shall provide notification of such failure and the reasons for such determination to—

“(A) the parties to the agreement,

“(B) active participants of the composite plan who have ceased to accrue or otherwise earn benefits with respect to service with an employer pursuant to paragraph (1), and

“(C) the Secretary of Labor, the Secretary of the Treasury, and the Pension Benefit Guaranty Corporation.

“(3) LIMITATION ON RETROACTIVE EFFECT.—This subsection shall not apply to benefits accrued before the date on which notice is provided under paragraph (2).

“(c) RESTRICTION ON ACCRUAL OF BENEFITS UNDER A COMPOSITE PLAN.—

“(1) IN GENERAL.—In any case in which an employer, under a collective bargaining agreement entered into after the date of enactment of the Giving Retirement Options to Workers Act of 2020, ceases to have an obligation to contribute to a multiemployer defined benefit plan, no employees employed by the employer may accrue or otherwise earn benefits under any composite plan, with respect to service with that employer, for a 60-month period beginning on the date on which the employer entered into such collective bargaining agreement.

“(2) NOTICE OF CESSATION OF OBLIGATION.—Within 30 days of determining that an employer has ceased to have an obligation to contribute to a legacy plan with respect to employees employed by an employer that is or will be contributing to a composite plan with respect to service of such employees, the plan sponsor of the legacy plan shall notify the plan sponsor of the composite plan of that cessation.

“(3) NOTICE OF CESSATION OF ACCRUALS.—Not later than 30 days after determining that an employer has ceased to have an obligation to contribute to a legacy plan, the plan sponsor of the composite plan shall notify the bargaining parties, the active participants affected by the cessation of accruals, the Secretary, the Secretary of Labor, and the Pension Benefit Guaranty Corporation of the cessation of accruals, the period during which such cessation is in effect, and the reasons therefor.

“(4) LIMITATION ON RETROACTIVE EFFECT.—This subsection shall not apply to benefits accrued before the date on which notice is provided under paragraph (3).

“(d) TRANSITION CONTRIBUTION REQUIREMENTS.—

“(1) IN GENERAL.—A collective bargaining agreement satisfies the transition contribution requirements of this subsection if the agreement—

“(A) authorizes for payment of contributions to a legacy plan at a rate or rates equal to or greater than the transition contribution rate established under paragraph (2), and

“(B) does not provide for—

“(i) a suspension of contributions to the legacy plan with respect to any period of service, or

“(ii) any new direct or indirect exclusion of younger or newly hired employees of the employer from being taken into account in determining contributions owed to the legacy plan.

“(2) TRANSITION CONTRIBUTION RATE.—

“(A) IN GENERAL.—The transition contribution rate for a plan year is the contribution rate that, as certified by the actuary of the legacy plan in accordance with the principles in section 432(b)(3)(B), is reasonably expected to be adequate—

“(i) to fund the normal cost for the plan year,

“(ii) to amortize the plan’s unfunded liabilities in level annual installments over 25 years, beginning with the plan year in which the transition contribution rate is first established, and

“(iii) to amortize any subsequent changes in the legacy plan’s unfunded liability due to experience gains or losses (including investment gains or losses, gains or losses due to contributions greater or less than the contributions made under the prior transition contribution rate, and other actuarial gains or losses), changes in actuarial assumptions, changes to the legacy plan’s benefits, or changes in funding method over a period of 15 plan years beginning with the plan year in which such change in unfunded liability is incurred.

The transition contribution rate for any plan year may not be less than the transition con-

tribution rate for the plan year in which such rate is first established.

“(B) MULTIPLE RATES.—If different rates of contribution are payable to the legacy plan by different employers or for different classes of employees, the certification shall specify a transition contribution rate for each such employer.

“(C) RATE APPLICABLE TO EMPLOYER.—

“(i) IN GENERAL.—Except as provided by clause (ii), the transition contribution rate applicable to an employer for a plan year is the rate in effect for the plan year of the legacy plan that commences on or after 180 days before the earlier of—

“(I) the effective date of the collective bargaining agreement pursuant to which the employer contributes to the legacy plan, or

“(II) 5 years after the last plan year for which the transition contribution rate applicable to the employer was established or updated.

“(ii) EXCEPTION.—The transition contribution rate applicable to an employer for the first plan year beginning on or after the commencement of the employer’s obligation to contribute to the composite plan is the rate in effect for the plan year of the legacy plan that commences on or after 180 days before such first plan year.

“(D) EFFECT OF LEGACY PLAN FINANCIAL CIRCUMSTANCES.—If the plan actuary of the legacy plan has certified under section 432 that the plan is in endangered or critical status for a plan year, the transition contribution rate for the following plan year is the rate determined with respect to the employer under the legacy plan’s funding improvement or rehabilitation plan under section 432, if greater than the rate otherwise determined, but in no event greater than 75 percent of the sum of the contribution rates applicable to the legacy plan and the composite plan for the plan year.

“(E) OTHER ACTUARIAL ASSUMPTIONS AND METHODS.—Except as provided in subparagraph (A), the determination of the transition contribution rate for a plan year shall be based on actuarial assumptions and methods consistent with the minimum funding determinations made under section 431 (or, if applicable, section 432) with respect to the legacy plan for the plan year.

“(F) ADJUSTMENTS IN RATE.—The plan sponsor of a legacy plan from time to time may adjust the transition contribution rate or rates applicable to an employer under this paragraph by increasing some rates and decreasing others if the actuary certifies that such adjusted rates in combination will produce projected contribution income for the plan year beginning on or after the date of certification that is not less than would be produced by the transition contribution rates in effect at the time of the certification.

“(G) NOTICE OF TRANSITION CONTRIBUTION RATE.—The plan sponsor of a legacy plan shall provide notice to the parties to collective bargaining agreements pursuant to which contributions are made to the legacy plan of changes to the transition contribution rate requirements at least 30 days before the beginning of the plan year for which the rate is effective.

“(H) NOTICE TO COMPOSITE PLAN SPONSOR.—Not later than 30 days after a determination by the plan sponsor of a legacy plan that a collective bargaining agreement provides for a rate of contributions that is below the transition contribution rate applicable to one or more employers that are parties to the collective bargaining agreement, the plan sponsor of the legacy plan shall notify the plan sponsor of any composite plan under which employees of such employer would otherwise be eligible to accrue a benefit.

“(3) CORRECTION PROCEDURES.—Pursuant to standards prescribed by the Secretary of Labor, the plan sponsor of a composite plan shall adopt rules and procedures that give the parties to the collective bargaining agreement notice of the failure of such agreement to satisfy the transition contribution requirements of this subsection, and a reasonable opportunity to correct

such failure, not to exceed 180 days from the date of notice given under subsection (b)(2).

“(4) SUPPLEMENTAL CONTRIBUTIONS.—A collective bargaining agreement may provide for supplemental contributions to the legacy plan for a plan year in excess of the transition contribution rate determined under paragraph (2), regardless of whether the legacy plan is in endangered or critical status for such plan year.

“(e) NONAPPLICATION OF COMPOSITE PLAN RESTRICTIONS.—

“(1) IN GENERAL.—The provisions of subsections (a), (b), and (c) shall not apply with respect to a collective bargaining agreement, to the extent the agreement, or a predecessor agreement, provides or provided for contributions to a defined benefit plan that is a legacy plan, as of the first day of the first plan year following a plan year for which the plan actuary certifies that the plan is fully funded, has been fully funded for at least three out of the immediately preceding 5 plan years, and is projected to remain fully funded for at least the following 4 plan years.

“(2) DETERMINATION OF FULLY FUNDED.—A plan is fully funded for purposes of paragraph (1) if, as of the valuation date of the plan for a plan year, the value of the plan’s assets equals or exceeds the present value of the plan’s liabilities, determined in accordance with the rules prescribed by the Pension Benefit Guaranty Corporation under sections 4219(c)(1)(D) and 4281 of Employee Retirement Income and Security Act for multiemployer plans terminating by mass withdrawal, as in effect for the date of the determination, except the plan’s reasonable assumption regarding the starting date of benefits may be used.

“(3) OTHER APPLICABLE RULES.—Except as provided in paragraph (2), actuarial determinations and projections under this section shall be based on the rules in section 432(b)(3) and section 438(b).

“SEC. 440B. MERGERS AND ASSET TRANSFERS OF COMPOSITE PLANS.

“(a) IN GENERAL.—Assets and liabilities of a composite plan may only be merged with, or transferred to, another plan if—

“(1) the other plan is a composite plan,

“(2) the plan or plans resulting from the merger or transfer is a composite plan,

TITLE VI—COVID-19 COMPASSION AND MARTHA WRIGHT PRISON PHONE JUSTICE

SEC. 601. FINDINGS.

Congress finds the following:

(1) Prison, jails, and other confinement facilities in the United States have unique telecommunications needs due to safety and security concerns.

(2) Unjust and unreasonable charges for telephone and advanced communications services in confinement facilities negatively impact the safety and security of communities in the United States by damaging relationships between incarcerated persons and their support systems, thereby exacerbating recidivism.

(3) The COVID-19 pandemic has greatly intensified these concerns. Jails and prisons have become epicenters for the spread of the virus, with incarcerated persons concentrated in small, confined spaces and often without access to adequate health care. At Cook County jail alone, hundreds of incarcerated persons and jail staff have tested positive for the virus since its outbreak.

(4) To prevent the spread of the virus, many jails and prisons across the country suspended public visitation, leaving confinement facility communications services as the only way that incarcerated persons can stay in touch with their families.

(5) All people in the United States, including anyone who pays for confinement facility communications services, should have access to communications services at charges that are just and reasonable.

(6) Unemployment has risen sharply as a result of the COVID-19 pandemic, straining the incomes of millions of Americans and making it even more difficult for families of incarcerated persons to pay the high costs of confinement facility communications services.

(7) Certain markets for confinement facility communications services are distorted due to reverse competition, in which the financial interests of the entity making the buying decision (the confinement facility) are aligned with the seller (the provider of confinement facility communications services) and not the consumer (the incarcerated person or a member of his or her family). This reverse competition occurs because site commission payments to the confinement facility from the provider of confinement facility communications services are the chief criterion many facilities use to select their provider of confinement facility communications services.

(8) Charges for confinement facility communications services that have been shown to be unjust and unreasonable are often a result of site commission payments that far exceed the costs incurred by the confinement facility in accommodating these services.

(9) Unjust and unreasonable charges have been assessed for both audio and video services and for both intrastate and interstate communications from confinement facilities.

(10) Though Congress enacted emergency legislation to allow free communications in Federal prisons during the pandemic, it does not cover communications to or from anyone incarcerated in State and local prisons or jails.

(11) Mrs. Martha Wright-Reed led a campaign for just communications rates for incarcerated people for over a decade.

(12) Mrs. Wright-Reed was the lead plaintiff in *Wright v. Corrections Corporation of America*, CA No. 00-293 (GK) (D.D.C. 2001).

(13) That case ultimately led to the *Wright* Petition at the Federal Communications Commission, CC Docket No. 96-128 (November 3, 2003).

(14) As a grandmother, Mrs. Wright-Reed was forced to choose between purchasing medication and communicating with her incarcerated grandson.

(15) Mrs. Wright-Reed passed away on January 18, 2015, before fully realizing her dream of just communications rates for all people.

SEC. 602. REQUIREMENTS FOR CONFINEMENT FACILITY COMMUNICATIONS SERVICES, DURING THE COVID-19 PANDEMIC AND OTHER TIMES.

(a) IN GENERAL.—Section 276 of the Communications Act of 1934 (47 U.S.C. 276) is amended by adding at the end the following:

“(e) ADDITIONAL REQUIREMENTS FOR CONFINEMENT FACILITY COMMUNICATIONS SERVICES.—

“(1) AUTHORITY.—

“(A) IN GENERAL.—All charges, practices, classifications, and regulations for and in connection with confinement facility communications services shall be just and reasonable, and any such charge, practice, classification, or regulation that is unjust or unreasonable is declared to be unlawful.

“(B) RULEMAKING REQUIRED.—Not later than 18 months after the date of the enactment of this subsection, the Commission shall issue rules to adopt, for the provision of confinement facility communications services, rates and ancillary service charges that are just and reasonable, which shall be the maximum such rates and charges that a provider of confinement facility communications services may charge for such services. In determining rates and charges that are just and reasonable, the Commission shall adopt such rates and charges based on the average industry costs of providing such services using data collected from providers of confinement facility communications services.

“(C) BIENNIAL REVIEW.—Not less frequently than every 2 years following the issuance of rules under subparagraph (B), the Commission shall—

“(i) determine whether the rates and ancillary service charges authorized by the rules issued under such subparagraph remain just and reasonable; and

“(ii) if the Commission determines under clause (i) that any such rate or charge does not remain just and reasonable, revise such rules so that such rate or charge is just and reasonable.

TITLE VII—PROMOTING AND ADVANCING COMMUNITIES OF COLOR THROUGH INCLUSIVE LENDING

SEC. 701. SHORT TITLE.

This title may be cited as the “Promoting and Advancing Communities of Color through Inclusive Lending Act”.

SEC. 702. FINDINGS; SENSE OF CONGRESS.

(a) FINDINGS.—The Congress finds the following:

(1) The Coronavirus 2019 (COVID-19) pandemic and the resulting recession have led to more than 4.8 million cases and at least 157,000 deaths in the United States as of August 6, 2020; a 7.6 percent increase in the unemployment rate from February to June, or approximately 12 million more persons who have lost their job; and an estimated 36 percent of renters and 4.1 million homeowners who are struggling to pay their rent and mortgages.

(2) According to the Centers for Disease Control, “long-standing systemic health and social inequities have put some members of racial and ethnic minority groups at increased risk of getting COVID-19 or experiencing severe illness”.

(3) Minority-owned businesses are also facing more difficult economic circumstances than others as a result of the COVID-19 pandemic. In April 2020, the Federal Reserve Bank of New York reported that minority- and women-owned businesses were not only more likely to show signs of limited financial health, but also twice as likely to be classified as “at risk” or “distressed” than their non-minority counterparts.

(4) During the Coronavirus 2019 (COVID-19) pandemic, community development financial institutions (CDFIs) and minority depository institutions (MDIs) have delivered needed capital and relief to underserved communities, many of which have borne a disproportionate impact of the COVID-19 pandemic. Through August 8, 2020, CDFIs and MDIs have provided more than \$16.4 billion in Paycheck Protection Program (PPP) loans to small businesses with a smaller median loan size of about \$74,000 compared to the overall program median loan size of \$101,000.

(5) In addition to establishing relief funds and services for local businesses and individuals experiencing loss of income, CDFIs and MDIs have provided mortgage forbearances, loan deferments, and modifications to help address the needs of their borrowers. CDFIs and MDIs are reaching underserved communities and minority-owned businesses at a critical time.

(6) The Community Development Financial Institutions Fund (CDFI Fund) is an agency of the U.S. Department of the Treasury and was established by the Riegle Community Development and Regulatory Improvement Act of 1994. The mission of the CDFI Fund is “to expand economic opportunity for underserved people and communities by supporting the growth and capacity of a national network of community development lenders, investors, and financial service providers”. As of September 15, 2020, there were 1,137 certified CDFIs in all 50 States, District of Columbia, Guam, and Puerto Rico.

(7) Following the 2008 financial crisis and the disproportionate impact the Great Recession had on minority communities, the number of MDI banks fell more than 30 percent over the following decade, to 143 as of the second quarter of 2020. Meanwhile, MDI credit unions have seen similar declines, with more than one-third of such institutions disappearing since 2013.

(b) SENSE OF CONGRESS.—The following is the sense of the Congress:

(1) The Department of the Treasury, Board of Governors of the Federal Reserve System, Small Business Administration (SBA), Office of the Comptroller of the Currency, Federal Deposit Insurance Corporation, National Credit Union Administration, and other Federal agencies should take steps to support, engage with, and utilize minority depository institutions and community development financial institutions in the near term, especially as they carry out programs to respond to the COVID-19 pandemic, and the long term.

(2) The Board of Governors of the Federal Reserve System should, consistent with its mandates, work to increase lending by minority depository institutions and community development financial institutions to underserved communities, and when appropriate, should work with the Department of the Treasury to increase lending by minority depository institutions and community development financial institutions to underserved communities.

(3) The Department of the Treasury and prudential regulators should establish a strategic plan identifying concrete steps that they can take to support existing minority depository institutions, as well as the formation of new minority depository institutions consistent with the goals established in the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA) to preserve and promote minority depository institutions.

(4) Congress should increase funding and make other enhancements, including those provided by this legislation, to enhance the effectiveness of the CDFI Fund, especially reforms to support minority-owned and minority led CDFIs in times of crisis and beyond.

(5) Congress should conduct robust and ongoing oversight of the Department of the Treasury, CDFI Fund, Federal prudential regulators, SBA, and other Federal agencies to ensure they fulfill their obligations under the law as well as implement this title and other laws in a manner that supports and fully utilizes minority depository institutions and community development financial intuitions, as appropriate.

SEC. 707. ENSURING DIVERSITY IN COMMUNITY BANKING.

(a) SENSE OF CONGRESS ON FUNDING THE LOAN-LOSS RESERVE FUND FOR SMALL DOLLAR LOANS.—The sense of Congress is the following:

(1) The Community Development Financial Institutions Fund (the “CDFI Fund”) is an agency of the Department of the Treasury, and was established by the Riegle Community Development and Regulatory Improvement Act of 1994. The mission of the CDFI Fund is “to expand economic opportunity for underserved people and communities by supporting the growth and capacity of a national network of community development lenders, investors, and financial service providers”. A community development financial institution (a “CDFI”) is a specialized financial institution serving low-income communities and a Community Development Entity (a “CDE”) is a domestic corporation or partnership that is an intermediary vehicle for the provision of loans, investments, or financial counseling in low-income communities. The

CDFI Fund certifies CDFIs and CDEs. Becoming a certified CDFI or CDE allows organizations to participate in various CDFI Fund programs as follows:

(A) The Bank Enterprise Award Program, which provides FDIC-insured depository institutions awards for a demonstrated increase in lending and investments in distressed communities and CDFIs.

(B) The CDFI Program, which provides Financial and Technical Assistance awards to CDFIs to reinvest in the CDFI, and to build the capacity of the CDFI, including financing product development and loan loss reserves.

(C) The Native American CDFI Assistance Program, which provides CDFIs and sponsoring entities Financial and Technical Assistance awards to increase lending and grow the number of CDFIs owned by Native Americans to help build capacity of such CDFIs.

(D) The New Market Tax Credit Program, which provides tax credits for making equity investments in CDEs that stimulate capital investments in low-income communities.

(E) The Capital Magnet Fund, which provides awards to CDFIs and nonprofit affordable housing organizations to finance affordable housing solutions and related economic development activities.

(F) The Bond Guarantee Program, a source of long-term, patient capital for CDFIs to expand lending and investment capacity for community and economic development purposes.

(2) The Department of the Treasury is authorized to create multi-year grant programs designed to encourage low-to-moderate income individuals to establish accounts at federally insured banks, and to improve low-to-moderate income individuals’ access to such accounts on reasonable terms.

(3) Under this authority, grants to participants in CDFI Fund programs may be used for loan-loss reserves and to establish small-dollar loan programs by subsidizing related losses. These grants also allow for the providing recipients with the financial counseling and education necessary to conduct transactions and manage their accounts. These loans provide low-cost alternatives to payday loans and other nontraditional forms of financing that often impose excessive interest rates and fees on borrowers, and lead millions of Americans to fall into debt traps. Small-dollar loans can only be made pursuant to terms, conditions, and practices that are reasonable for the individual consumer obtaining the loan.

(4) Program participation is restricted to eligible institutions, which are limited to organizations listed in section 501(c)(3) of the Internal Revenue Code and exempt from tax under 501(a) of such Code, federally insured depository institutions, community development financial institutions and State, local, or Tribal government entities.

(5) Since its founding, the CDFI Fund has awarded over \$3,300,000,000 to CDFIs and CDEs, allocated \$54,000,000,000 in tax credits, and \$1,510,000,000 in bond guarantees. According to the CDFI Fund, some programs attract as much as \$10 in private capital for every \$1 invested by the CDFI Fund. The Administration and the Congress should prioritize appropriation of funds for the loan loss reserve fund and technical assistance programs administered by the Community Development Financial Institution Fund.

(b) DEFINITIONS.—In this section:

(2) In February 2014, the United States and nearly 30 other nations launched the Global Health Security Agenda (GHSa) to address several high-priority, global infectious disease threats. The GHSa is a multi-faceted, multi-country initiative intended to accelerate partner countries’ measurable capabilities to achieve specific targets to prevent, detect, and respond to infectious disease threats, whether naturally occurring, deliberate, or accidental.

(3) In 2015, the United Nations adopted the Sustainable Development Goals (SDGs), which include specific reference to the importance of global health security as part of SDG 3 “ensure healthy lives and promote well-being for all at all ages” as follows: “strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks”.

(4) On November 4, 2016, President Obama signed Executive Order 13747, “Advancing the Global Health Security Agenda to Achieve a World Safe and Secure from Infectious Disease Threats”.

(5) In October 2017 at the GHSa Ministerial Meeting in Uganda, the United States and more than 40 GHSa member countries supported the “Kampala Declaration” to extend the GHSa for an additional 5 years to 2024.

(6) In December 2017, President Trump released the National Security Strategy, which includes the priority action: “Detect and contain biothreats at their source: We will work with other countries to detect and mitigate outbreaks early to prevent the spread of disease. We will encourage other countries to invest in basic health care systems and to strengthen global health security across the intersection of human and animal health to prevent infectious disease outbreaks”.

(7) In September 2018, President Trump released the National Biodefense Strategy, which includes objectives to “strengthen global health security capacities to prevent local bioincidents from becoming epidemics”, and “strengthen international preparedness to support international response and recovery capabilities”.

SEC. 209. DEFINITIONS.

In this title:

(1) **APPROPRIATE CONGRESSIONAL COMMITTEES.**—The term “appropriate congressional committees” means—

(A) the Committee on Foreign Affairs and the Committee on Appropriations of the House of Representatives; and

SEC. 210. SUNSET.

This title (other than section 205), and the amendments made by this title, shall cease to be effective on December 31, 2024.

TITLE III—SECURING AMERICA FROM EPIDEMICS ACT

SEC. 301. FINDINGS.

Congress finds the following:

(1) Due to increasing population and population density, human mobility, and ecological change, emerging infectious diseases pose a real and growing threat to global health security.

(2) While vaccines can be the most effective tools to protect against infectious disease, the absence of vaccines for a new or emerging infectious disease with epidemic potential is a major health security threat globally, posing catastrophic potential human and economic costs.

(3) The 1918 influenza pandemic infected 500,000,000 people, or about one-third of the world's population at the time, and killed 50,000,000 people—more than died in the First World War.

(4) The economic cost of an outbreak can be devastating. The estimated global cost today, should an outbreak of the scale of the 1918 influenza pandemic strike, is 5 percent of global gross domestic product.

(5) Even regional outbreaks can have enormous human costs and substantially disrupt the global economy and cripple regional economies. The 2014 Ebola outbreak in West Africa killed more than 11,000 and cost \$2,800,000,000 in losses in the affected countries alone.

(6) The ongoing novel coronavirus outbreak reflects the pressing need for quick and effective vaccine and countermeasure development.

(7) While the need for vaccines to address emerging epidemic threats is acute, markets to drive the necessary development of vaccines to address them—a complex and expensive undertaking—are very often critically absent. Also absent are mechanisms to ensure access to those vaccines by those who need them when they need them.

(8) To address this global vulnerability and the deficit of political commitment, institutional capacity, and funding, in 2017, several countries and private partners launched the Coalition for Epidemic Preparedness Innovations (CEPI).

CEPI's mission is to stimulate, finance, and coordinate development of vaccines for high-priority, epidemic-potential threats in cases where traditional markets do not exist or cannot create sufficient demand.

(9) Through funding of partnerships, CEPI seeks to bring priority vaccine candidates through the end of phase II clinical trials, as well as support vaccine platforms that can be rapidly deployed against emerging pathogens.

(10) CEPI has funded multiple partners to develop vaccine candidates against the novel coronavirus, responding to this urgent, global requirement.

(11) Support for and participation in CEPI is an important part of the United States own health security and biodefense and is in the national interest, complementing the work of many Federal agencies and providing significant value through global partnership and burden-sharing.

SEC. 302. AUTHORIZATION FOR UNITED STATES PARTICIPATION.

(a) IN GENERAL.—The United States is hereby authorized to participate in the Coalition for Epidemic Preparedness Innovations.

(b) BOARD OF DIRECTORS.—The Administrator of the United States Agency for International Development is authorized to designate an employee of such Agency to serve on the Investors Council of the Coalition for Epidemic Preparedness Innovations as a representative of the United States.

(1) The United States planned contributions to the Coalition for Epidemic Preparedness Innovations and the mechanisms for United States participation in such Coalition.

(2) The manner and extent to which the United States shall participate in the governance of the Coalition.

(3) How participation in the Coalition supports relevant United States Government strategies and programs in health security and biodefense, to include—

(A) the Global Health Security Strategy required by section 7058(c)(3) of division K of the Consolidated Appropriations Act, 2018 (Public Law 115–141);

(B) the applicable revision of the National Biodefense Strategy required by section 1086 of the National Defense Authorization Act for Fiscal Year 2017 (6 U.S.C. 104); and

(C) any other relevant decision-making process for policy, planning, and spending in global health security, biodefense, or vaccine and medical countermeasures research and development.

(d) APPROPRIATE CONGRESSIONAL COMMITTEES.—In this section, the term “appropriate congressional committees” means—

(1) the Committee on Foreign Affairs and the Committee on Appropriations of the House of Representatives; and

(2) the Committee on Foreign Relations and the Committee on Appropriations of the Senate.

TITLE II—PRISONS AND JAILS

SEC. 201. SHORT TITLE.

This title may be cited as the "Pandemic Justice Response Act".

SEC. 202. EMERGENCY COMMUNITY SUPERVISION ACT.

(a) FINDINGS.—Congress finds the following:

(1) As of the date of introduction of this Act, the novel coronavirus has spread to all 50 States, the District of Columbia, and at least 4 territories.

(2) As of September 27, 2020, more than 7,119,400 people in the United States had been infected with the coronavirus and at least 204,400 had died.

(3) Although the United States has less than 5 percent of the world's population, the United

States holds approximately 21 percent of the world's prisoners and leads the world in the number of individuals incarcerated, with nearly 2,200,000 people incarcerated in State and Federal prisons and local jails.

(4) Studies have shown that individuals age out of crime starting around 25 years of age, and released individuals over the age of 50 have a very low recidivism rate.

(5) According to public health experts, incarcerated individuals are particularly vulnerable to being gravely impacted by the novel corona virus pandemic because—

(A) they have higher rates of underlying health issues than members of the general public, including higher rates of respiratory disease, heart disease, diabetes, obesity, HIV/AIDS, substance abuse, hepatitis, and other conditions that suppress immune response; and

(B) the close conditions and lack of access to hygiene products in prisons make these institutions unusually susceptible to viral pandemics.

(6) The spread of communicable disease in the United States generally constitutes a serious, heightened threat to the safety of incarcerated individuals, and there is a serious threat to the general public that prisons may become incubators of community spread of communicable viral disease.

(b) DEFINITIONS.—In this section:

(1) COVERED HEALTH CONDITION.—The term “covered health condition” with respect to an individual, means the individual—

(A) is pregnant;

(B) has chronic lung disease or asthma;

(C) has congestive heart failure or coronary artery disease;

(D) has diabetes;

(E) has a neurological condition that weakens the ability to cough or breathe;

(F) has HIV;

(G) has sickle cell anemia;

(H) has cancer; or

(I) has a weakened immune system.

(2) COVERED INDIVIDUAL.—The term “covered individual”—

(A) means an individual who—

(i) is a juvenile (as defined in section 5031 of title 18, United States Code);

(ii) is 50 years of age or older;

(iii) has a covered health condition; or

(iv) is within 12 months of release from incarceration; and

(B) includes an individual described in subparagraph (A) who is serving a term of imprisonment for an offense committed before November 1, 1987, or who is serving a term of imprisonment in the custody of the Bureau of Prisons for a sentence imposed pursuant to a conviction for a criminal offense under the laws of the District of Columbia.

(3) NATIONAL EMERGENCY RELATING TO A COMMUNICABLE DISEASE.—The term “national emergency relating to a communicable disease” means—

(A) an emergency involving Federal primary responsibility determined to exist by the President under the section 501(b) of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5191(b)) with respect to a communicable disease; or

(B) a national emergency declared by the President under the National Emergencies Act (50 U.S.C. 1601 et seq.) with respect to a communicable disease.

(c) PLACEMENT OF CERTAIN INDIVIDUALS IN COMMUNITY SUPERVISION.—

(1) AUTHORITY.—Except as provided in paragraph (2), beginning on the date on which a national emergency relating to a communicable disease is declared and ending on the date that is 60 days after such national emergency expires or is terminated—

(A) notwithstanding any other provision of law, the Director of the Bureau of Prisons shall place in community supervision all covered individuals who are in the custody of the Bureau of Prisons; and

(B) the district court of the United States for each judicial district shall place in community supervision all covered individuals who are in the custody and care of the United States Marshals Service.

(2) EXCEPTIONS.—

(A) BUREAU OF PRISONS.—In carrying out paragraph (1)(A), the Director—

(i) may not place in community supervision any individual determined, by clear and convincing evidence, taking into account the individual's offense of conviction, to be likely to pose a specific and substantial risk of causing bodily injury to or using violent force against the person of another;

(ii) shall place in the file of each individual described in clause (i) documentation of such determination, including the evidence used to make the determination; and

(iii) not later than 180 days after the date on which the national emergency relating to a communicable disease expires, shall provide a report to Congress documenting—

(I) the demographic data (including race, gender, age, offense of conviction, and criminal history level) of the individuals denied placement in community supervision under clause (i); and

(II) the justification for the denials described in subclause (I).

(B) DISTRICT COURTS.—In carrying out paragraph (1)(B), each district court of the United States—

(i) shall conduct an immediate and expedited review of the detention orders of all covered individuals in the custody and care of the United States Marshals Service, which may be conducted sua sponte and ex parte, without—

(I) appearance by the defendant or any party; or

(II) requiring a petition, motion, or other similar document to be filed;

(ii) may not place in community supervision any individual if the court determines, after a hearing and the attorney for the Government shows by clear and convincing evidence based on individualized facts, that detention is necessary because the individual's release will pose a specific and substantial risk that the individual will cause bodily injury or use violent force against the person of another and that no conditions of release will reasonably mitigate that risk;

(iii) in carrying out clauses (i) and (ii), may—

(I) rely on evidence presented in prior court proceedings; and

(II) if the court determines it necessary, request additional information from the parties to make the determination.

(3) LIMITATION ON COMMUNITY SUPERVISION PLACEMENT.—In placing covered individuals into community supervision under this section, the Director of the Bureau of Prisons and the district court of the United States for each judicial district shall take into account and prioritize placements that enable adequate social distancing, which include home confinement or other forms of low in-person-contact supervised release.

(d) LIMITATION ON PRE-TRIAL DETENTION.—

(1) NO BOND CONDITIONS ON RELEASE.—Notwithstanding section 3142 of title 18, United States Code, beginning on the date on which a national emergency relating to a communicable disease is declared and ending on the date that is 60 days after such national emergency expires or is terminated, in imposing conditions of release, the judicial officer may not require payment of cash bail, proof of ability to pay an unsecured bond, execution of a bail bond, a solvent surety to co-sign a secured or unsecured bond, or posting of real property.

(2) LIMITATION.—

(A) IN GENERAL.—Beginning on the date on which a national emergency relating to a communicable disease is declared and ending on the date that is 60 days after such national emergency expires or is terminated, at any initial appearance hearing, detention hearing, hearing

on a motion for pretrial release, or any other hearing where the attorney for the Government is seeking the detention or continued detention of any individual, the judicial officer shall order the pretrial release of the individual on personal recognizance or on a condition or combination of conditions under section 3142(c) of title 18, United States Code, unless the attorney for the Government shows by clear and convincing evidence based on individualized facts that detention is necessary because the individual's release will pose a specific and substantial risk that the individual will cause bodily injury or use violent force against the person of another and that no conditions of release will reasonably mitigate that risk.

(B) REQUIRED CONSIDERATION OF CERTAIN FACTORS.—If the judicial officer finds that the attorney for the Government has made the requisite showing under subparagraph (A), the judicial officer shall take into consideration, in determining whether detention is necessary—

(i) whether the individual's age or medical condition renders them especially vulnerable; and

(ii) whether detention will compromise the individual's access to adequate medical treatment, access to medications, or ability to privately consult with counsel and meaningfully prepare a defense.

(C) JUVENILES.—

(i) IN GENERAL.—Beginning on the date on which a national emergency relating to a communicable disease is declared and ending on the date that is 60 days after such national emergency expires or is terminated, notwithstanding sections 5031 through 5035 of title 18, United States Code, and except as provided under clause (ii), in the case of a juvenile alleged to have committed an act of juvenile delinquency, the judicial officer shall release the juvenile to their parent, guardian, custodian, or other responsible party (including the director of a shelter-care facility) upon their promise to bring such juvenile before the appropriate court when requested by the judicial officer.

(ii) EXCEPTION.—A juvenile alleged to have committed an act of juvenile delinquency may be detained pending trial only if, at a hearing at which the juvenile is represented by counsel, the attorney for the Government shows by clear and convincing evidence based on individualized facts that detention is necessary because the juvenile's release will pose a specific and substantial risk that the juvenile will use violent force against a reasonably identifiable person and that no conditions of release will reasonably mitigate that risk, except that in no case may a judicial officer order the detention of a juvenile if it will compromise the juvenile's access to adequate medical treatment, access to medications, or ability to privately consult with counsel and meaningfully prepare a defense.

(iii) LEAST RESTRICTIVE DETENTION.—In the case that the judicial officer orders the detention of a juvenile under clause (ii), the judicial officer shall order the detention of the juvenile in the least restrictive and safest environment possible, taking the national emergency relating to a communicable disease into consideration.

(iv) CONTENTS OF DETENTION ORDER.—In the case that the judicial officer orders the detention of a juvenile under clause (ii), the judicial officer shall issue a written detention order that includes—

(I) findings of fact;

(II) the reasons for the detention;

(III) a description of the risk identified under clause (ii);

(IV) an explanation of why no conditions will reasonably mitigate the risk identified under clause (ii);

(V) a statement that detention will not compromise the juvenile's access to adequate medical treatment, access to medications, or ability to privately consult with counsel and meaningfully prepare a defense; and

(VI) a statement establishing that the detention environment is the least restrictive and

safest possible in accordance with the requirement under clause (iii).

(e) **LIMITATION ON SUPERVISED RELEASE.**—Beginning on the date on which a national emergency relating to a communicable disease is declared and ending on the date that is 60 days after such national emergency expires, the Office of Probation and Pretrial Services of the Administrative Office of the United States Courts shall take measures to prevent the spread of the communicable disease among individuals under supervision by—

(1) suspending the requirement that individuals determined to be a lower risk of reoffending, or any other individuals determined to be appropriate by the supervising probation officer, report in person to their probation or parole officer;

(2) identifying individuals who have successfully completed not less than 18 months of supervision and transferring such individuals to administrative supervision or petitioning the court to terminate supervision, as appropriate; and

(3) suspending the request for detention and imprisonment as a sanction for violations of probation, supervised release, or parole.

(f) **PROHIBITION.**—No individual who is granted placement in community supervision, termination of supervision, placement on administrative supervision, or pre-trial release shall be reincarcerated, placed on supervision or active supervision, or ordered detained pre-trial only as a result of the expiration of the national emergency relating to a communicable disease.

(g) **PROHIBITION ON TECHNICAL VIOLATIONS AND CERTAIN MANDATORY REVOCATIONS OF PROBATION OR SUPERVISED RELEASE.**—

(1) **RESENTENCING IN CASES OF PROBATION AND SUPERVISED RELEASE.**—

(A) **IN GENERAL.**—Beginning on the date on which a national emergency relating to a communicable disease is declared and ending on the date that is 60 days after such national emergency expires, and notwithstanding section 3582(b) of title 18, United States Code, a court shall order the resentencing of a defendant who is serving a term of imprisonment resulting from a revocation of probation, or supervised release for a Grade C violation for conduct under section 7B1.1(c)(3)(B) of the United States Sentencing Guidelines, upon motion of the defendant.

(B) **RESENTENCING.**—The court shall order the resentencing of a defendant described in subparagraph (A) as follows:

(i) In the case of a revoked sentence of probation, the court shall resentence the defendant to probation, the duration of which shall be equal to the period of time remaining on the term of probation originally imposed at the time the defendant was most recently placed in custody, unless the court determines that decreasing the length of the term of probation is in the interest of justice.

(ii) In the case of a revoked term of supervised release, the court shall continue the defendant on supervised release, the duration of which shall be equal to the period of time the defendant had remaining on supervised release when the defendant was most recently placed in custody, unless the court determines that decreasing the term of supervised release is in the interest of justice.

(2) **RESENTENCING IN CASES OF PAROLE.**—

(A) **IN GENERAL.**—Beginning on the date on which a national emergency relating to a communicable disease is declared and ending on the date that is 60 days after such national emergency expires, the court shall order the resentencing of a defendant who is serving a term of imprisonment resulting from a technical violation of the defendant's parole.

(B) **RESENTENCING.**—The court shall resentence the defendant to parole, the duration of which shall be equal to the period of time remaining on the defendant's term of parole at the time the defendant was most recently placed in

custody, unless the court determines that decreasing the length of the term of parole is in the interest of justice.

(3) **HEARING.**—The court may grant, but not deny, a motion without a hearing under this section.

(4) **NO MANDATORY REVOCATION.**—

(A) **IN GENERAL.**—Beginning on the date on which a national emergency relating to a communicable disease is declared and ending on the date that is 60 days after such national emergency expires, a court is not required to revoke a defendant's probation or supervised release under sections 3565(b) and 3583(g) of title 18, United States Code, based on a finding that the defendant refused to comply with drug treatment.

(B) **DISSEMINATION OF POLICY CHANGE.**—Not later than 10 days after the date of enactment of this title, the Judicial Conference of the United States shall issue and disseminate to all district courts of the United States a temporary policy change suspending mandatory revocation of probation or supervised release for refusal to comply with drug testing.

may, taking into account the individual's offense of conviction or adjudication, order the temporary release of the individual, for a limited period ending not later than the expiration or termination of the COVID-19 emergency, if such release is for the purpose of avoiding or mitigating the risks associated with imprisonment during the covered emergency period, either generally with respect to the individual's place of imprisonment or specifically with respect to the individual.

(2) **APPOINTMENT OF COUNSEL.**—The court shall appoint counsel for indigent defendants or prisoners, at no cost to the defendant or prisoner, as early as possible to effectuate the purposes of this section and the purposes of section 3582(c)(1)(A) of title 18, United States Code.

SEC. 207. COVID-19 CORRECTIONAL FACILITY EMERGENCY RESPONSE ACT OF 2020.

Title I of the Omnibus Crime Control and Safe Streets Act of 1968 (34 U.S.C. 10101 et seq.) is amended by adding at the end the following:

“PART OO—PANDEMIC CORRECTIONAL FACILITY EMERGENCY RESPONSE

“SEC. 3061. FINDINGS; PURPOSES.

“(a) **IMMEDIATE RELEASE OF VULNERABLE AND LOW-RISK INDIVIDUALS.**—The purpose of the grant program under section 3062 is to provide for the testing, initiation and transfer to treatment in the community, and provision of services in the community, by States and units of local government as they relate to preventing, detecting, and stopping the spread of COVID-19 in correctional facilities.

“(b) **PRETRIAL CITATION AND RELEASE.**—

“(1) **FINDINGS.**—Congress finds as follows:

“(A) With the dramatic growth in pretrial detention resulting in county and city correctional facilities regularly exceeding capacity, such correctional facilities may serve to rapidly increase the spread of COVID-19, as facilities that hold large numbers of individuals in congregant living situations may promote the spread of COVID-19.

“(B) While individuals arrested and processed at local correctional facilities may only be held

for hours or days, exposure to large number of individuals in holding cells and courtrooms promotes the spread of COVID-19.

“(C) Pretrial detainees and individuals in correctional facilities are then later released into the community having being exposed to COVID-19.

TITLE IV—JABARA-HEYER NO HATE ACT

SEC. 401. SHORT TITLE.

This title may be cited as the “Jabara-Heyer National Opposition to Hate, Assault, and Threats to Equality Act of 2020” or the “Jabara-Heyer NO HATE Act”.

SEC. 402. FINDINGS.

Congress finds the following:

(1) The incidence of violence known as hate crimes or crimes motivated by bias poses a serious national problem.

(2) According to data obtained by the Federal Bureau of Investigation, the incidence of such violence increased in 2017, the most recent year for which data is available.

(3) In 1990, Congress enacted the Hate Crime Statistics Act (Public Law 101-275; 28 U.S.C. 534 note) to provide the Federal Government, law enforcement agencies, and the public with data regarding the incidence of hate crime. The Hate Crimes Statistics Act and the Matthew Shepard and James Byrd, Jr. Hate Crimes Prevention Act (division E of Public Law 111-84; 123 Stat. 2835) have enabled Federal authorities to understand and, where appropriate, investigate and prosecute hate crimes.

(4) A more complete understanding of the national problem posed by hate crime is in the public interest and supports the Federal interest in eradicating bias-motivated violence referenced in section 249(b)(1)(C) of title 18, United States Code.

(5) However, a complete understanding of the national problem posed by hate crimes is hindered by incomplete data from Federal, State, and local jurisdictions through the Uniform Crime Reports program authorized under section 534 of title 28, United States Code, and administered by the Federal Bureau of Investigation.

(6) Multiple factors contribute to the provision of inaccurate and incomplete data regarding the incidence of hate crime through the Uniform Crime Reports program. A significant contributing factor is the quality and quantity of training that State and local law enforcement agencies receive on the identification and reporting of suspected bias-motivated crimes.

(7) The problem of crimes motivated by bias is sufficiently serious, widespread, and interstate in nature as to warrant Federal financial assistance to States and local jurisdictions.

(8) Federal financial assistance with regard to certain violent crimes motivated by bias enables Federal, State, and local authorities to work together as partners in the investigation and prosecution of such crimes.

GENERAL LEAVE

Mrs. LOWEY. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the House amendments to the Senate amendments to H.R. 925.

The SPEAKER pro tempore. Is there objection to the request of the gentlewoman from New York?

There was no objection.

Mrs. LOWEY. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise in strong support of this updated version of the Heroes Act.

The health and economic catastrophe facing our country continues to cry out for urgent action. In May, a bipartisan majority in the House passed the Heroes Act to provide critical support for our country to crush the coronavirus so that we can protect lives and reopen our economy.

Unfortunately, that legislation has lingered for more than 4 months as President Trump continues to downplay the severity of this pandemic.

This updated version of the Heroes Act seeks to meet Republicans halfway while addressing needs that have grown since May. As Speaker PELOSI and Secretary Mnuchin continue their negotiations, the House's consideration of this legislation formalizes this body's proffer in these negotiations.

To that end, we have updated the earlier versions of the Heroes Act by including strengthened support for small businesses, additional assistance for airline industry workers, and more funds for the children, for schools, for postsecondary education, and for childcare.

Near and dear to my heart, we have also added a substantial investment in global public health that will save lives at home and abroad.

Moreover, House Democrats have maintained many of the earlier priorities of the Heroes Act. That includes: \$436 billion for State, local, territorial, and Tribal governments to pay vital frontline workers; \$75 billion for coronavirus testing, contact tracing, and isolation measures; and \$28 billion for procurement, distribution, and education campaigns for a safe and effective vaccine; additional direct payments to families; strong, enforceable workplace safety standards; changes to preserve healthcare for unemployed Americans; an extension of unemployment benefits; housing assistance so renters and homeowners can stay in their homes; food assistance so struggling families can put food on the table; and protections for our democracy, with funding for safe elections, an accurate Census, and the Postal Service.

Mr. Speaker, this legislation represents a compromise that delivers for American families. Negotiations are continuing, and I ardently hope that we can soon return to this floor with a bipartisan agreement.

In the meantime, a strong vote tonight will show our will to act and bring us closer to delivering much-needed relief to American families.

I urge support for this critical legislation, and I reserve the balance of my time.

Ms. GRANGER. Mr. Speaker, I yield myself such time as I may consume.

Mr. Speaker, I rise today in opposition to this bill.

Unfortunately, by considering this bill today, we are abandoning a spirit of bipartisanship that has allowed us to

work across the aisle four times this year to pass critical coronavirus relief legislation. This bill was crafted without input from Members on our side of the aisle, and it does not have the support needed to pass the Senate or be signed by the President.

There are some things included that I support, such as helping small businesses that are desperate for a lifeline, enabling the airline industry to continue to pay its employees, providing additional assistance to help schools continue reopening, and increasing testing for the virus.

Yet, I cannot overlook, nor can I overstate, the significant problems I have with this bill.

First, it totals more than \$2 trillion, which is more than we appropriate for an entire year.

But what may be even more concerning is that buried in the more than 2,000 pages of text are partisan provisions that are unrelated to the pandemic. These additions will not move us any closer to defeating this virus. In fact, they will only further divide us.

For example, there is language in the bill that encourages State and local governments to release violent criminals in order to get more funding. It prohibits immigration laws from being carried out and enforcement actions to be taken. It enables illegal immigrants to receive direct payments.

It stalls the Census that is required by the law to occur every 10 years.

It imposes sweeping changes to elections and provides more than \$3 billion in election assistance grants.

Including so many unnecessary items just to cater to the demands of a few could result in gridlock at a time when compromise and real results are still in reach.

After all the good work we have done together to provide relief and hope to the American people, I am very disappointed that this is the bill that the majority has chosen to bring to the floor.

I hope my colleagues on the other side of the aisle will come back to the negotiating table and work with us to put the needs of the American people first, just as we have done four other times since the beginning of this devastating pandemic.

It is time for our leaders to come together rather than take a vote on this damaging partisan bill.

Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I reserve the balance of my time.

Ms. GRANGER. Mr. Speaker, I yield 2 minutes to the gentleman from Illinois (Mr. RODNEY DAVIS), the ranking member of the House Administration Committee.

Mr. RODNEY DAVIS of Illinois. Mr. Speaker, today we find ourselves in the exact same situation as we were 5 months ago, voting on a so-called coronavirus relief bill filled with 71 pages of Federal election mandates that have nothing to do with providing

relief to those impacted by the coronavirus. It is yet another attempt by Democrats to federalize our elections.

The bill mandates States provide same-day registration, 15 days of early voting. It requires specific rules for polling locations, no-excuse vote-by-mail for every person, nationalizes ballot harvesting, and the list of Federal election mandates goes on and on.

Unlike what my Democrat colleagues continue to tell the American people, these provisions have nothing to do with the pandemic because they were part of H.R. 1, which passed the House nearly a year before the pandemic began.

That said, I have a bill, Mr. Speaker, that would address election issues caused by the pandemic. It is called the EASE Act, and I would welcome House Democrats bringing it up for a vote.

Not only am I troubled by this attempt to federalize our elections, but it would change the rules midgame. Many States are already voting, including my home State of Illinois. The U.S. Elections Project estimates that more than a million people have already voted, meaning some people would vote under one set of rules and, if this passed, others would vote under another set of rules. This is not how fair elections are run in the United States.

We have seen what happens when States have last-minute voting changes. It creates mass voter confusion and leads to people being disenfranchised.

This bill becoming law would be a disaster for election administrators and lead to even more confusion surrounding the 2020 election in 33 days, and, ultimately, more people would be disenfranchised.

If this bill was a serious attempt at helping schools reopen safely, businesses keep their employees on payroll, or others impacted by the coronavirus, 71 provisions aimed at federalizing our elections would not be included.

My friends on the other side of the aisle should drop these provisions and offer a clean bill to help our constituents, the parents, business owners, workers, and others who have found their lives turned upside down because of this pandemic.

Mrs. LOWEY. Mr. Speaker, I am pleased to yield 5 minutes to the distinguished gentleman from Virginia (Mr. SCOTT), the chairman of the Committee on Education and Labor.

Mr. SCOTT of Virginia. Mr. Speaker, I rise in support of the bill. And since House Democrats first passed the Heroes Act in May, congressional Republicans and administration officials have refused to advance any meaningful COVID-19 relief plan that would help our community survive this pandemic.

As a result, the American people are continuing to bear the brunt of an economic and public health crisis that is needlessly dragging on and getting worse.

State and local governments are still facing massive budget shortfalls. Without Federal support, these shortfalls will slash public education funding and other critical public services.

School districts are starting the new academic year without resources they need to open safely, keep their staff on payroll, operate high-quality programs remotely, and other things that they need to make sure that our students can become the best that they can be.

Millions of workers are still unemployed and can no longer access the enhanced unemployment benefits that kept them afloat before they expired in July. Those working during the pandemic are suffering from unsafe working conditions with little protection from COVID-19 infections.

Most significantly, more than 7 million Americans have been infected, and over 200,000 have lost their lives due to the pandemic, and we still do not have a coherent strategy to deal with COVID-19.

Moreover, far too many people still do not have access to affordable healthcare as the virus continues to accelerate in 32 States and in Puerto Rico, according to ABC News.

The updated Heroes Act offers us another chance to get meaningful relief into the hands of students, educators, workers, and families.

First, the updated Heroes Act dedicates over \$400 billion to help State and local governments avert massive budget shortfalls. You cannot evaluate any relief package without first looking at what you are doing for State and local support. That is because if you don't have State and local support, there will be massive cuts.

For example, budget shortfalls projected right now for State and local governments suggest that education budgets for State and local governments will be cut by hundreds of billions of dollars.

This package protects and expands student access to quality education by increasing the relief for students, K-12 districts, and institutions of higher learning by more than \$200 billion.

□ 1700

The updated Heroes Act also ensures that no Federal student loan borrower has to worry about loan payments, interest accrual, or collections through September of next year.

This package also invests \$58 billion to save our childcare industry from collapse and ensures essential workers will be able to access affordable childcare and early learning options. The estimates are that, if we don't put \$10 billion a month into the childcare industry, it will slowly dissolve.

The updated Heroes Act supports individuals and families hit by the economic downturn of this crisis by putting money directly into their pockets. The legislation includes a second round of stimulus checks and extends the \$600 weekly enhanced unemployment benefits through next January, and it also helps in the housing crisis.

To protect workers who have to work during this pandemic, the legislation directs the Occupational Safety and Health Administration to finally issue enforceable Federal workplace standards that protect all workers from contracting COVID-19. Presently, in spite of all the problems in the meatpacking industries, prisons, nursing homes, and healthcare, there is still no enforceable standard to protect workers from COVID-19.

This legislation also puts the medical and family back into medical and family leave, like expanding access to emergency paid FMLA, family leave protections that were passed in previous relief bills.

The legislation also provides access to healthcare by creating a broad, open enrollment period so that individuals and families can obtain coverage through the Affordable Care Act marketplaces and offers enhanced subsidies for many workers who have lost their jobs.

Regrettably, Mr. Speaker, in America, most workers who lose their jobs also lose their health insurance, and this is a safety net to help them maintain their health insurance coverage.

Finally, the legislation provides robust investments in some of our vital community programs such as the Low Income Home Energy Assistance Program, better known as LIHEAP, and the Older Americans Act programs like Meals on Wheels.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mrs. LOWEY. Mr. Speaker, I yield the gentleman from Virginia an additional 1 minute.

Mr. SCOTT of Virginia. The House first passed the Heroes Act 4 months ago because we have a responsibility to help our constituents recover from this global health emergency. Since then, the need has only grown.

Instead of denying the consequences of this pandemic, we must put politics aside and pass this Heroes Act. The economists have told us, if we don't spend the money now, the economic downturn will be much worse in the future, and so we have to pass this bill.

Mr. Speaker, I urge my colleagues to support the legislation, and I urge the Senate to take it up immediately.

Ms. GRANGER. Mr. Speaker, I yield 2 minutes to the gentleman from Florida (Mr. RUTHERFORD), who is a member of the Appropriations Committee.

Mr. RUTHERFORD. Mr. Speaker, I thank the gentlewoman from Texas for yielding.

Mr. Speaker, I rise today in disbelief—disbelief—that we are back here again wasting Americans' time considering a stimulus package that has absolutely no chance of ever becoming law. The first Heroes Act was bad enough, and this version may actually be worse.

Unfortunately, the Speaker wrote this bill without any input from the rest of Congress. Americans want a bipartisan response, and we stand ready

to deliver it, but that is impossible when the Speaker writes bills all on her own.

Now, whether they will admit it or not, I know my colleagues on the other side of the aisle are equally disappointed with this partisan process. In fact, 21 Democrats signed on to a letter urging the Speaker to work with Republicans to find a compromise, and yet here we go again with a 2,000-page version of the Heroes Act filled with the same radical proposals and poison pills that, again, I cannot support.

Here are the facts: The Heroes Act provides PPP loans to bail out Planned Parenthood, bans States from legislating their own voter ID laws, releases illegal immigrants from prison and then allows them to receive stimulus checks from the government. Also, it releases thousands of Federal inmates back out onto the street. It even defunds police support that was in the previous bill.

A Heroes Act? Hardly. These are just a few of the reasons why, as a former first responder, I could never support this legislation.

There is a solution I support, and it is sitting right on the Speaker's desk waiting to be brought to the floor. My colleagues introduced a simple, clean piece of legislation to make available another round of PPP loans with the \$137 billion that is left in that program. Who in this Congress would not support that?

Mr. Speaker, I urge Speaker PELOSI to bring a bipartisan bill to the floor so we can get assistance to those struggling American families who deserve our support.

Mrs. LOWEY. Mr. Speaker, I yield 5 minutes to the distinguished gentleman from Massachusetts (Mr. NEAL), who is from my class and is the chair of the Committee on Ways and Means.

Mr. NEAL. Mr. Speaker, I stand today in support of the updated Heroes Act.

The previous gentleman was dismissive of the idea that there is some import to this moment in terms of getting a package done.

So that means expanding unemployment insurance? That is not important, unemployment insurance that we might consider now which is part of the need of the American family?

A reminder: There are 26 million Americans right now collecting unemployment insurance.

Let me put this in terms of what an economist might say. If we don't expand unemployment insurance and keep the \$600 supplement, the challenges that people are going to have in terms of daily sustenance for food, paying the rent, and paying their utility bills is going to mean, eventually, that the landlord can't collect rents that then, subsequently, are used to pay for property taxes and mortgage payments, which means then that they can't make their payments to the credit unions or community bankers,

which, overwhelmingly, are the custodians of America's origination in terms of the mortgage markets.

So maybe we, as two parties, might agree on the following: If you don't defeat the virus, Mr. Speaker, you are never going to expedite economic recovery. That is the real argument in front of this Chamber at this moment.

Mr. Speaker, 200,000 Americans—actually, about 205,000 Americans as of today—have died from the pandemic. Every one of us at home are hearing the desperation of our constituents.

Let me submit this as well: When the CARES Act came before this House, only five Members of this institution voted against the CARES Act.

Mr. Speaker, do you know what else we can all agree on? The CARES Act saved the American economy. You hear that at home from conservatives, liberals, moderates, Republicans, and Democrats. They all rally around that theme.

The number of people who are still out of work is astounding. Family members are sick, they are having trouble paying for food, and Republicans suggest somehow you can handle this on your own?

This is about the national principle. We all come to the aid of the American family at moments like this. We don't ask if you are a Democrat or a Republican, from a red State or a blue State, or how you voted in the last Presidential election. We say that is the family, and we have to take care of them. They are looking to this institution today to help them survive this pandemic.

The economic challenges that we have are not about corruption, and it is not about economic malfeasance. It is about the reality that the world is confronting the worst pandemic since 1918. The American people are looking to us for leadership, and House Democrats have stepped up to the plate.

Just think of it. May 15 we passed the Heroes Act. So when the other side says things like, "Well, if we just do something in a bipartisan fashion," what, through this intervening period of time, did they offer? Not much.

We have taken the affirmative position here. The American people need help. The idea of the stimulus checks was, as I noted a moment ago, not just to provide sustenance, but most economists would say, well, also to help create simultaneous demand. The speed with which we moved these payments along was extraordinary, even by contrast to how the institution usually responds.

How about the jarring testimony of the Chairman of the Federal Reserve Board last week about what this economy needs? How unsettling was it to hear the testimony from the Fed about what we should be doing?

I am really proud of the role the Ways and Means Committee played in developing the legislation and unemployment insurance.

How about expanding the retention tax credit? Everybody on the other side

of the aisle supports expanding the retention tax credit, but that will get in the way of the eventual vote here later on this evening because somehow it doesn't square with their philosophic beliefs.

This moment calls for leadership, and the chaos that this country has exhibited as it relates to defeating the virus leaves a good deal to be desired. Leadership doesn't mean telling suffering Americans it is what it is. This is about the American family. Our front-line workers need us now more than ever.

The SPEAKER pro tempore. The time of the gentleman has expired.

Mrs. LOWEY. Mr. Speaker, I yield the gentleman from Massachusetts an additional 1 minute.

Mr. NEAL. Every person in this Nation right now needs us more than ever. This is a crisis unlike any we have faced in our lifetimes. It calls for real solutions, and it puts the American family first.

We need to get this done for the American people. Vote for this legislation. It is a good piece of constructive work on behalf of the American people.

Ms. GRANGER. Mr. Speaker, I yield 2½ minutes to the gentleman from New York (Mr. ZELDIN).

Mr. ZELDIN. Mr. Speaker, this is not a bill, a vote, and a debate that is about national principle. This is about politics; this is about grandstanding; this is about political calculations; and this is about the election.

Mr. Speaker, do you want to talk about leadership?

Right now, there is a real deal, a real counteroffer that is on the table: \$150 billion more for education, \$75 billion more for testing and tracing, \$250 billion more for State and local government funding, \$400 weekly enhanced unemployment insurance, \$15 billion more in food assistance, and \$60 billion more in rental and mortgage assistance. It actually adds up to \$1.6 trillion, which is more than the House Democrats who are members of the Problem Solvers Caucus asked for. They asked for \$1.5 trillion. This is a real counteroffer.

Instead, what you are seeing, Mr. Speaker, is a political calculation that is getting made, and real lives are at stake. This is a serious offer that is on the table, and instead of sending this Chamber home and ending up with nothing, how about we do our jobs and cut a deal?

This debate right now is exactly what the American public hates about Congress. They hate us for this kind of a debate. They want to see us working together, Republicans and Democrats, to cut a deal.

We have a chair of the Appropriations Committee from New York. I view this as a New Yorker. She is a New Yorker. We have an MTA that needs money. Our State needs money. New York City, the Port Authority, and our local governments on the east end of Long Island, hey, we should be

working together to get something done.

This bill has poison pills in it that make this bill dead on arrival. There are certain pieces in here where we know this is never going to become law: stimulus checks for people who are not in our country legally, nationwide cashless bail, nationwide ballot harvesting, prohibition on voter ID, and releasing criminals from prison. None of that will ever become law.

Why are we doing that when we have real lives, real people?

Go talk to that person who works for the airline and they are being furloughed first thing this morning. They don't have a job to go to. Go to talk to the MTA, the largest mass transit system in the entire country. What they want us to do is to work together to get something done.

The Speaker is staking her political capital on what benefits her the most politically, and what is crazy is that she benefits the most by having the highest death count. She is benefiting the most by having our economy suffering as much as possible.

The SPEAKER pro tempore. The time of the gentleman has expired.

Ms. GRANGER. Mr. Speaker, I yield the gentleman from New York an additional 1 minute.

Mr. ZELDIN. Mr. Speaker, this is the type of political calculation that my constituents absolutely hate. The Speaker's biggest decision, when we all go home and we go home without a deal, is picking between which of her expensive flavors of gourmet ice cream to eat or which closed-down salon to get her next blowout at; but for that furloughed airline worker, they are expecting us to get the job done.

I will tell you what, Mr. Speaker. There is a real deal on the table, and right now, before we leave, I beg my colleagues—I see Congressman ESPAILLAT here. He has been leading the charge on MTA funding. I thank the gentleman.

We are all working together as Republicans and Democrats to get the victory over the finish line. This Chamber cannot leave without actually getting this done. I tell my Republican colleagues and my Democratic colleagues in the House and in the Senate: Do not leave without getting a deal done. This Heroes Act is dead on arrival, and we all know that.

□ 1715

Mrs. LOWEY. Mr. Speaker, I would address my friend from New York. Thank you for expressing the real needs of New York, and I do hope you will vote for this bill.

Mr. Speaker, I yield 3 minutes to the gentleman from South Carolina (Mr. CLYBURN), the majority whip.

Mr. CLYBURN. Mr. Speaker, I thank the gentlewoman for yielding me the time.

Mr. Speaker, the Select Committee on the Coronavirus Crisis has been working to ensure that our response to

this pandemic is effective, efficient, and equitable.

The Heroes Act will make this outcome possible. The Select Committee has heard from public health experts that testing, tracing, and targeted containment are needed to safely reopen. This bill includes \$75 billion for these public health measures.

We heard from essential workers risking their lives, doing their jobs during this pandemic. Mayors of both political parties told us significant Federal assistance is needed to prevent sharp cuts to jobs and vital services.

This bill includes \$436 billion for State, local, territorial, and Tribal governments to support our heroes and those they serve. It protects workers by directing OSHA to issue an effective infection control standard.

The Select Committee's investigations have found that PPP and other relief programs need to be improved to reach the most vulnerable businesses. The Heroes Act sets aside funds for the smallest businesses, struggling non-profits, and second loans to the businesses that have suffered the most. The bill would assist restaurants and airport concessionaires who have been especially hard hit.

Educators and public health experts advised us how to safely reopen schools. This legislation provides robust funding to enable schools to educate students while minimizing health risks.

Mr. Speaker, the current Federal Reserve chair and his two immediate predecessors told us that Congress must provide additional fiscal support for a strong recovery. This bill extends enhanced unemployment benefits, provides additional direct payments, expands food assistance, and provides housing support.

Finally, voting rights advocates and infectious disease doctors alike, told the Select Committee that to ensure a free, fair, and safe election, we must follow science-based recommendations for expanded mail-in voting, early voting, and polling places. The Heroes Act provides the funds for election administration and the Postal Service needed to safeguard our democracy.

Mr. Speaker, I always say that if the difference between me and an opponent on any issue requires five steps, I don't mind taking three of them. But I hope the other side will meet us by taking two.

Ms. GRANGER. Mr. Speaker, I yield 2 minutes to the gentleman from Georgia (Mr. ALLEN).

Mr. ALLEN. Mr. Speaker, here we are once again debating a partisan messaging bill that will never become law. The Heroes Act 2.0 is the Democrat's costly attempt to appease their far-left base, and it comes with a \$2.2 trillion price tag.

To name just a few of the progressive provisions of this bill, their social wish list includes allowing illegal immigrants to receive direct stimulus payments, defunding the police, sub-

sidizing ObamaCare, and removing safeguards that would prevent taxpayer money from bailing out Planned Parenthood.

While American families, workers, and businesses are keeping their heads down working to revitalize our economy, Speaker PELOSI and the Democratic leadership are moving forward with a bill that largely has nothing to do in addressing the COVID-19 pandemic, and are ignoring moving forward legislation that could immediately support our small businesses.

Thanks to the leadership of our Governor in my home State of Georgia, we are open for business and leading the Nation in economic recovery. Our biggest problem is that we do still have businesses that need help. But I hear from business leaders every day that we must stop this expanded unemployment because, as their requirements grow, they need their employees to come back to work.

Our COVID cases are down 28 percent. Hospitalizations are down 60 percent. But, yes, we still have businesses that need help. That is why I signed the discharge petition, right down there, to bring legislation to the floor to extend the Paycheck Protection Program, and I urge my colleagues to sign that so that we can get meaningful help to those businesses that need it.

Mr. Speaker, I urge the Speaker to stop holding hostage critical assistance for our small businesses and oppose this partisan power grab.

Mrs. LOWEY. Mr. Speaker, I yield 2 minutes to the distinguished gentlewoman from Florida (Ms. WASSERMAN SCHULTZ), the chairwoman of the Military Construction, Veterans Affairs and Related Agencies Subcommittee.

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I thank the gentlewoman for yielding.

Mr. Speaker, after four, long painful months, Senate Republicans continue to block the House-passed Heroes Act to provide coronavirus relief to the fed-up American people. Since May, thousands more businesses have folded, millions remain jobless, and U.S. deaths doubled to 200,000.

Democrats have been negotiating in good faith. We were at \$3 trillion for our original Heroes Act. We have asked the Republicans who were at \$1 trillion to meet us halfway, and here we are, with them still stuck in the mud, refusing to do what the American people need us to do, to help make sure they can recover from this deadly viral pandemic.

Sadly, Republicans think we are being too generous with the American people, so many of whom are struggling to stay healthy amid a global pandemic and pay their bills since the worst recession since the Great Depression. My Governor just let a moratorium on evictions expire. He just reopened the State to 100 percent capacity, as if the virus is not still rampaging through our State.

Democrats offered this updated Heroes Act to defeat this virus and put

money in the pockets of stressed Americans. It is way past time for Republicans to meet us halfway.

This bill improves the Paycheck Protection Program for small businesses and non-profits and provides billions to local governments and schools.

This bill funds testing and tracing, provides \$1,200 in direct payments to Americans, extends \$600—not \$400—of Federal unemployment payments, and extends the vital Payroll Support Program for airline workers, thousands of whom were laid off starting today.

It also funds daycare, spreads Affordable Care Act coverage, and bolsters housing and food assistance, while protecting our elections by strengthening the Census and the Postal Service.

It does not go as far as Democrats would like—that is because we are here to compromise, because we know the American people need us to do that—but it goes a long way to offer what Americans desperately need right now. Republicans need to stop standing in the way of relief and come to the table so that we can send home a package that is going to take care of the American people in this dire time.

Ms. GRANGER. Mr. Speaker, I yield 3 minutes to the gentleman from Louisiana (Mr. SCALISE), the Republican whip.

Mr. SCALISE. Mr. Speaker, I rise today in opposition to this partisan bill that is not focused on helping families and small businesses. Everybody in this Chamber knows that this bill is going nowhere because they didn't even work with Republicans to try to draft a proposal that could actually address the needs of families who are struggling.

There is a bill already filed at the door right over there, a bill that would help every small business, renew the Paycheck Protection Program using existing money—there are \$138 billion frozen in an account that we unlock with Chabot's bill. Congressman CHABOT has a bill with a discharge petition that would actually, in a bipartisan way, help small businesses go for a second round of Paycheck Protection funding.

And what do we get? Do we get today a bill that was brought together by both sides to solve this problem?

No, we don't.

We have a bill that was drawn up basically using the old-failed roadmap of the original Heroes Act. Now they had the Heroes Act passed in a partisan way—it was never going to go anywhere—months ago.

Did they say, okay, let's work with Republicans? Let's work with the President?

No, they didn't. They said, Okay, we want to present a scaled-down bill.

Mr. Speaker, when they scaled the bill down, did they cut the billions of dollars of funding to illegal immigrants that was in the original Heroes Act?

No, they didn't.

Did they cut the hundreds of billions of dollars that go to failed States,

States that had billion-dollar deficits prior to COVID?

No, they kept that money.

And in fact, if you look at the things that had nothing to do with COVID—for example, mandating that States that currently require picture IDs have to remove that, ballot harvesting, which we have seen in so many States, leads to voter fraud. That is what is in the original Heroes Act. That still remains in this bill. What does that have to do with COVID relief?

And so if you look, take the original bill, the original Heroes Act had \$600 million for police funding, community policing, things that have been proven effective to make our community safer, that was in the original Heroes Act. When they decided to cut—again, they didn't cut the billions for people here illegally, they still get cash payments if they are here illegally. They cut the police, zeroed out—\$600 million defunding the police at a time when our communities need help. This was the original bill. The \$600 million, it is gone. That is what they cut. They kept the illegal money, checks going to illegals.

Everybody knows this bill is going nowhere because it is a partisan hack job.

The SPEAKER pro tempore (Mr. CARSON of Indiana). The time of the gentleman has expired.

Ms. GRANGER. Mr. Speaker, I yield an additional 1 minute to the gentleman.

Mr. SCALISE. Mr. Speaker, 23 Democrats, just a few days ago sent a letter to the Speaker saying, "Passing a bipartisan COVID-19 relief package should be our number one priority in the coming days. It is our request that you continue to negotiate towards a bipartisan deal. Otherwise, a discharge petition is the only potential option for COVID-19 related action. . . ." That was 23 Democrats.

Mr. Speaker, that is enough people, if they go down, right over there and sign that discharge petition, it will bring that bipartisan relief package bill to the floor, helping small businesses. We already helped millions of small businesses stay afloat with the original Paycheck Protection Program, an incredibly bipartisan success story that we came together to pass. Over 50 million jobs were saved by that.

Mr. Speaker, we know now some of those businesses are doing better, but some of those businesses are still struggling, in fact, dying on the vine. And this bill will give them relief. They can go for a second round of relief requests, PPP funding with money that already exists, not \$2.2 trillion borrowed from China.

Let's pass a real bill, the Chabot bill. Let's reject this partisan exercise.

Mrs. LOWEY. Mr. Speaker, I yield 2 minutes to the distinguished gentleman from Rhode Island (Mr. CICILLINE).

Mr. CICILLINE. Mr. Speaker, I thank the gentlewoman for yielding.

Mr. Speaker, I am mindful today that the Major League Baseball playoffs are starting. While House Democrats are ready, once again, to step up to the plate and pass urgently needed relief for our constituents, Senate Republicans and the White House refuse to play ball. But sadly, unlike a ball game, their refusal will have deadly consequences.

This updated, much-needed bill addresses the seriousness of both the public health crisis and the economic crisis American families are dealing with. It provides strong support for small businesses, non-profits, and gives a lifeline to the struggling restaurant industry and independent live-venue operators.

It gives additional assistance for airline industry workers, extending the Payroll Support Program, and adds more funds to bolster education and childcare.

Living up to its name, Heroes 2.0 honors our heroes on the front line by providing assistance to State and local governments who desperately need funding to pay vital workers, like first responders and healthcare workers who are keeping us safe. It provides funds for coronavirus testing, tracing, and ensures every American can access free coronavirus treatment.

These are not radical ideas. This is the basic responsibility to keep the American people healthy and safe.

It provides additional direct payments with a more robust second round of economic stimulus checks of \$1,200 per taxpayer and \$500 per dependent.

It ensures worker safety by requiring OSHA to issue a strong, enforceable standard for all workplaces to develop and implement infection control plans.

And it protects Americans from losing their employer-provided health insurance by making unemployed Americans automatically eligible to receive the maximum ACA subsidy on the exchanges.

□ 1730

It restores the \$600 weekly unemployment benefits through next January.

It helps struggling families afford a safe place to live, assisting renters and homeowners make monthly rent, mortgage, and utility payments, preventing homelessness in the middle of a global health pandemic.

It addresses rising hunger with an increase in maximum SNAP benefits.

Finally, it safeguards our democracy with new resources to ensure safe elections, an accurate Census, and preserving the Postal Service.

I have heard my Republican friends say these are radical, far-left ideas. These are core American responsibilities that we should address in a bipartisan way.

We have met you halfway. That is the compromise. Your constituents are suffering. They need your help. Vote "yes."

Ms. GRANGER. Mr. Speaker, I yield 2 minutes to the gentlewoman from

North Carolina (Ms. FOXX), the ranking member of the Education and Labor Committee.

Ms. FOXX of North Carolina. Mr. Speaker, our colleagues across the aisle try to convince Americans that this bill is a compromise and bipartisan. That is a joke, Mr. Speaker. Compromise, to Democrats, means do it their way.

When it comes to spending taxpayer dollars, hard-earned money, though, the Democrats just can't seem to help themselves. The latest example is this \$2.2 trillion socialist wish list, which is riddled with radical left priorities that are unrelated to the pandemic.

For example, it props up failing pension plans for select community newspapers. What does this have to do with the COVID-19 pandemic? The newspaper industry has been in decline for decades, and these companies have had a longstanding inability to meet their pension obligations.

The bill also forgives up to \$10,000 of private student loan debt. Again, this does nothing to combat COVID-19. But massive loan forgiveness, despite the high cost to taxpayers, has long been a Democrat objective.

So why are we considering this partisan scheme? Because come election day, Democrats are hoping to cash in on this bill's many empty promises.

It is disingenuous and it is disappointing. We all must vote "no."

Mrs. LOWEY. Mr. Speaker, I yield 1 minute to the gentleman from New York (Mr. ESPAILLAT).

Mr. ESPAILLAT. Mr. Speaker, the Heroes Act is what America needs. It is what my State of New York needs.

Nearly \$7 billion for public transportation, that is a compromise.

Aid to struggling small businesses, including restaurants, that is a compromise.

Billions of dollars to help schools operate safely and to help parents afford childcare and get back to work, that is a compromise.

Another round of stimulus checks for the American people, that is a compromise, Mr. Speaker.

Billions of dollars for emergency rental assistance as people face evictions and people don't know where they are going to get the money to pay their rent, they are backed up, that is a compromise.

And, finally, Mr. Speaker, help for States and local government—not red States and blue States, all States. Last time I checked, it was all the United States of America. Let's help all the States. They are not getting the revenue that they need. That is a compromise.

I said the last time we passed the Heroes Act back in May that it was a good thing. I say today that this is a real good thing, and it is a compromise.

Mrs. GRANGER. Mr. Speaker, I yield 3 minutes to the gentleman from South Carolina (Mr. RICE).

Mr. RICE of South Carolina. Mr. Speaker, Democrats claim to be the

party of the little guy. It is easy to talk, but actions speak louder than words.

Republicans have offered plan after plan to help ordinary people who need it and to help small businesses struggling to survive, businesses like the 1,700 restaurants along the Myrtle Beach Grand Strand back home that have been devastated by this pandemic. If Speaker PELOSI would allow a vote on any of these bills, they would pass the House and Senate easily, and folks back home would get the help they need.

But Democrats have blocked every plan to help the little guy unless we also bail out broke blue States and restore the deduction for State and local taxes for millionaires and billionaires. You see, 90 percent of the benefit of the State tax deduction goes to earners in the top 10 percent. Over 50 percent of the benefit goes to millionaires and billionaires in the top 1 percent, who don't need a bailout.

Take Michael Bloomberg, for example. He made over \$3.5 billion last year. Mr. Bloomberg works in New York City, which has a combined State and local income tax rate of 12.5 percent. That means restoring the State and local tax deduction would reduce Mr. Bloomberg's taxes by \$160 million. That is right, Mr. Bloomberg would get a \$160 million bailout.

For months, the Democratic leadership has held back help for the little guy who desperately needs it as ransom unless we agree to give a bailout to billionaires like Michael Bloomberg, who would get an extra \$160 million. Why would they do that?

Remember in the Presidential debate when Michael Bloomberg bragged that he spent \$100 million to buy 21 new Democrat seats and put NANCY PELOSI in charge? Now we know why.

Mrs. LOWEY. Mr. Speaker, I yield 1 minute to the gentleman from Texas (Mr. GREEN).

Mr. GREEN of Texas. Mr. Speaker, how can one say you love the police but you won't fund the municipality that pays the police?

How can you say that you want your children to be taught well in a safe environment, but you won't fund the bill that would fund the school system so that they can be taught well and be in a safe environment?

How can you say you want your fires to be fought but you won't protect firefighters? This bill does that.

Here is why you can't say you protect firefighters and would fund the police: It is because Senator McCONNELL has said, openly and notoriously, he would have the States go bankrupt.

Bankruptcy is not the way to go for heroes, for firefighters, for police officers, for teachers.

It is time to compromise. This is the bill to be voted on, not the one that is in your mind. Compromise, not the mind.

Ms. GRANGER. Mr. Speaker, I yield 2 minutes to the gentleman from Wisconsin (Mr. GROTHMAN).

Mr. GROTHMAN. Mr. Speaker, there are a lot of provisions in this bill that are offensive. My colleague, Congressman RICE, just pointed out the tax cut aimed primarily at the very wealthy. But I am going to focus on the \$1,200.

In my prior life, I used to be an estate planning attorney, and I would write out wills. People would come in to see me, and one of their goals was to leave a shot in the arm, leave something for the next generation, save up some money and give them part of a house, part of a bank account.

In this bill, the \$1,200 to everybody in the country, including people who do not need any extra assistance because of this, is a little bit offensive.

I don't know who put together this bill, but kind of unlike the Greatest Generation that always wanted to leave a little more assets to their children and grandchildren, this bill lets everybody spend \$1,200 so they can leave increased debt to their children and grandchildren. I think that is a little bit embarrassing.

The second thing that I would point out is that the \$1,200 goes not just to American citizens but to illegal immigrants, and this is part of a scary trend around here. Whether you are talking about free medical care for illegal immigrants, welfare for illegal immigrants, or, now, \$1,200 checks to illegal immigrants, it is just sending us down the wrong way and pretending we don't even have a country here at all.

Not to mention, at least, when I went to my local Walmart, he said the last time you sent out these checks, there were huge amounts of increase in spending in the electronics department. So we are going to send the next generation further into debt so this generation can buy more, or at least part of this generation can buy more, electronic junk from China at Walmart.

I just can't imagine what went on in the room when they put together this deal, but I am voting "no" tomorrow or later tonight.

Mrs. LOWEY. Mr. Speaker, I yield 2 minutes to the gentlewoman from California (Ms. LEE), a senior member of the Appropriations Committee.

Ms. LEE of California. Mr. Speaker, I thank the Chair for her tremendous leadership and that of her staff for getting us to this point on behalf of the American people and ensuring that we put forth a bill that will ensure that they know that we care about their health and economic security during this very serious moment.

Also, I just want to thank Speaker PELOSI and Chairman PALLONE for including language that will help reach communities disproportionately impacted by this deadly virus, as in the African-American, indigenous, Black and Brown community, the AAPI communities, and also treat them as partners to defeat COVID.

Now, it has been 4½ months since the House passed the Heroes Act. Since January, over 200,000 people have died.

People are terrified about keeping their families healthy and safe. They are terrified about keeping their jobs and their homes and their businesses. And, still, Republicans continue to block this critical relief from moving forward.

Sadly, but not surprisingly, Black and Brown people are getting the worst of this. Forty thousand African Americans have died from COVID, one out of every five COVID deaths in America. Indigenous and Latinx people are each 50 percent more likely to die from COVID than White Americans. And 20 percent of all deaths in my district are from the AAPI community.

It is clear that the President has no plan. That is why Democrats are taking action, to be sure that we have the robust national testing, tracing, and treatment efforts to reduce the transmission and the deaths that we are experiencing every day. All of us know people who have died from this horrific pandemic.

Also, we were able to include funding for SNAP benefits, unemployment payments, childcare, and education, including funding for my own community in Alameda County.

I am also pleased that the bill contains necessary contributions to the global efforts to fight COVID. This pandemic does not respect borders. We need to work with partners around the globe if we are going to get COVID under control.

The SPEAKER pro tempore. The time of the gentlewoman has expired.

Mrs. LOWEY. Mr. Speaker, I yield an additional 1 minute to the gentlewoman from California.

Mr. LEE of California. Mr. Speaker, let me also say how important it is that we really understand and recognize that this is a global pandemic and it knows no borders.

This bill will also ramp up testing, contact tracing, and outreach to ensure that those communities most impacted are supported. It strengthens outreach to medically underserved communities. Again, Black and Brown and indigenous people have suffered the most from COVID.

This bill will ensure that the testing and tracing efforts treat people of color as partners in engaging their communities.

This is a health and economic pandemic of enormous proportions that we have never experienced in our lifetime. We must make sure that people have safe places to work and attend school. Their health and economic needs are addressed in this bill. We cannot have one without the other.

So let's pass this comprehensive relief. Let's begin to try to heal our country. Please support this bill, and I ask for an "aye" vote.

Ms. GRANGER. Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I yield 1 minute to gentleman from Colorado (Mr. NEGUSE).

Mr. NEGUSE. Mr. Speaker, I rise today in support of the updated Heroes Act.

I want to thank House leadership and, of course, our distinguished chair of the Appropriations Committee, Chairwoman LOWEY, for introducing this vital update.

First, let me just say, look, we are all entitled to our own views and opinions in this Chamber, but we are not entitled to our own set of facts.

As I have heard some of the comments from my friends on the other side of the aisle, I have been a bit confused because, as we all know, 4 months ago, this Chamber passed, on a bipartisan basis, the Heroes Act, \$3.4 trillion, to provide an economic lifeline to small business and working families struggling across this country.

The Senate declared a so-called pause, decided that they would do nothing, wouldn't meet us halfway, wouldn't come talk to the House Democrats to try to reach a compromise bill. So we continued to get to work, and we put together an updated Heroes Act that is now a \$2 trillion bill that provides an economic lifeline to so many Americans across our great country.

The fact that House Democrats continue to make every effort to work with anyone in good faith to deliver for the people of our country, in my view, is something that we should continue to pursue in this great Chamber.

□ 1745

The SPEAKER pro tempore. The time of the gentleman has expired.

Mrs. LOWEY. Mr. Speaker, I yield an additional minute to the gentleman from Colorado (Mr. NEGUSE).

Mr. NEGUSE. Mr. Speaker, I want to say one of the reasons I support this bill is because it includes significant relief for small businesses, which are the backbone of Colorado's economy.

My Republican colleague and I, JOHN CURTIS, introduced a bill just a few weeks ago to provide EIDL relief, essentially ensuring that we would exclude the EIDL advance when determining forgiveness for PPP loans.

We have heard from countless business owners in my district, in Fort Collins and Loveland, who are struggling and who have told us that this provision would provide needed relief to ensure that they can continue to keep their businesses solvent, keep their doors open, serving the people of our great State of Colorado and, of course, my colleague, the State of Utah, and small business owners across the country.

That provision is in this bill. It is in the updated Heroes Act, alongside so many other important provisions to help small businesses in our country recover.

I say to my colleagues: Let's get this done. Let's pass this bill. Let's provide the relief that the American people are counting on us to provide.

Ms. GRANGER. Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I am pleased to yield 1 minute to the gentle-

woman from Washington (Ms. SCHRIER).

Ms. SCHRIER. Mr. Speaker, the people in my district continue to struggle with the economic effects of COVID-19. My constituents and small business owners will be so relieved to know that help that they need is one step closer to being here, including more assistance to small businesses, funding for childcare and education, enhanced unemployment benefits, and rental assistance.

Several of my bills to help children and families have been included in this package as well, including increasing funding for child abuse prevention and more help fighting hunger and boosting access to fresh fruits and vegetables.

Finally, as a doctor, I am very happy that my legislation to improve education about vaccines, including a future or many future COVID-19 vaccines, is in this package. It is important that the American people feel confident that whatever vaccine does get approval, it is truly safe and effective, and that education begins now.

Mr. Speaker, I urge my colleagues to support this bill.

Ms. GRANGER. Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I am delighted to yield 5 minutes to the gentlewoman from California (Ms. WATERS), the chair of the Committee on Financial Services.

Ms. WATERS. Mr. Speaker, I rise in strong support of the House amendment to H.R. 925, the updated version of the Heroes Act.

Mr. Speaker, Democrats have been working every single day to respond to this pandemic and provide much-needed relief and protection for families across the country. 139 days ago, House Democrats voted to pass the Heroes Act. Unfortunately, President Trump, MITCH MCCONNELL, and Senate Republicans have blocked the bill and prevented the essential relief the legislation provides from reaching our neighborhoods and our communities.

Meanwhile, the Nation continues to suffer during this crisis. Even before this pandemic, over half a million people in the United States were experiencing homelessness, including more than 50,000 families with children. It is likely that this number has grown significantly due to the pandemic.

We also continue to head toward a catastrophic eviction crisis as families struggle to pay rent and months of unpaid back rent pile up. Today, the rent is due, but an estimated 14.2 million renter households cannot pay it and are at risk of eviction and homelessness.

In my State of California, there are 1.7 million renter households who are behind on rent and facing eviction. At the same time, more than 8 million homeowners, including almost 780,000 homeowners in California, have already fallen behind on their mortgage payments. Making matters worse, over 1 million small businesses have closed.

To address the ongoing crisis, the updated Heroes Act creates a \$50 billion emergency rental assistance fund and a \$21 billion homeowner assistance fund, and it provides \$5 billion in funding for homeless services providers.

Through no fault of their own, millions of people are also unable to make payments on credit cards, car loans, and their mortgages or rent. By suspending negative credit reporting during the COVID-19 period, the Heroes Act ensures that these innocent consumers do not suffer further damage.

The Heroes Act also suspends debt collection for consumers, small businesses, and nonprofits during this pandemic. Additionally, private student loan borrowers in economic distress, who are disproportionately people of color, will get up to \$10,000 in debt relief under the bill.

The Nation continues to face shortages of essential medical supplies and equipment. For example, our heroic healthcare workers are still reusing N95 respirator masks at a time when cases of COVID-19 continue to rise. The Heroes Act strengthens the Defense Production Act to supercharge the production of these supplies and works to ensure that funds are directed to alleviate those shortages.

The updated Heroes Act also builds upon my efforts and those of members of my committee to remove barriers for Community Development Financial Institutions—that is, the CDFIs—and the minority depository institutions, better known as MDIs, trying to serve low- and moderate-income communities during the pandemic.

For example, the bill provides \$15 billion in capital and other assistance for CDFIs and MDIs to bolster financing activity in minority communities, which have been hardest hit by this pandemic.

Mr. Speaker, I am so pleased that the bill provides another round of stimulus payments for families and additional funding for small business, including \$120 billion for restaurants and airport concessionaires.

Importantly, the bill directs the Treasury Secretary to work with the global community to immediately provide \$2 trillion in relief through the International Monetary Fund, which will immediately support developing countries that are experiencing some of the worst effects of COVID-19.

Mr. Speaker, this bill isn't everything that is needed, but it is a good faith effort to bridge the gap in negotiations with our Republican colleagues. It is time for Republicans to stop blocking coronavirus relief and support this legislation.

Ms. GRANGER. Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I yield 1 minute to the gentlewoman from Texas (Ms. JACKSON LEE).

Ms. JACKSON LEE. Mr. Speaker, the American people cannot wait. Help is on the way, and the only thing I can ask from my Republican friends is to

take a walk in neighborhoods in their districts around the Nation where mothers and fathers are waiting on a disbursement needed to put food on their table.

This \$2.2 trillion bill is going to help businesses, nonprofits, and faith institutions with the PPP. It is going to give us protective equipment. Yes, the engine of our communities, small independent restaurants, are getting close to \$120 billion; more funds to bolster education and childcare; schools that cannot open because they do not have the resources; money for testing—I have opened 33 testing sites in our neighborhoods; contact tracing, of course; making sure the cities' and counties' essential workers and hazard pay is paid.

Is anyone asking the American people if they are suffering and need this resource to help them? To fight COVID-19, we have to stop the evictions; stop the foreclosures; give healthcare, clothes, food, and security; make sure we take care of small businesses, education; and give our people a lifeline.

The American people can't wait. Now is the time to help them. Vote on the Heroes Act for this money and this relief.

Ms. GRANGER. Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I am delighted to yield 1 minute to the gentlemen from Illinois (Mr. GARCÍA).

Mr. GARCÍA of Illinois. Mr. Speaker, I want to thank Representative LOWEY for this minute.

Mr. Speaker, I rise in strong support of the revised Heroes Act because my community cannot wait.

Schoolteachers, flight attendants, and working families are facing layoffs, and they need our help now.

Tenants and homeowners facing evictions and homelessness need our support now.

Immigrants with U.S.-born children and U.S. citizens who never received the stimulus check need our support now.

We passed the Heroes Act 4½ months ago. Republicans in the Senate wouldn't even consider it. But this is a bill that we are offering as a compromise, and it is common ground because, just like my colleagues across the aisle, I am headed home to my constituents, and I don't want them to think that we failed them.

House Democrats have done our jobs. We passed relief, and we are doing it again. It is the President and Senate Republicans who refuse to pass relief that have failed.

Give the American people the relief that they need so urgently. I urge adoption.

Ms. GRANGER. Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I am delighted to yield 1 minute to the distinguished gentlewoman from California (Ms. PELOSI), the Speaker of the House.

Ms. PELOSI. Mr. Speaker, I am honored to be on the floor today to support

a bill brought to the floor by the distinguished chair of the Appropriations Committee, NITA LOWEY from New York. Her service on that committee for decades has been a blessing to our country.

I have seen firsthand her leadership for America's families, for our country, for our communities, and for our children. We have worked together on women's issues, HIV/AIDS, you name it, every subject, minority health issues and the rest.

And here we are today with this legislation that is so needed for our country.

It is really hard to understand what it is that people would oppose in the legislation. The Appropriations Committee has done a masterful job.

You have been a maestro, Madam Chair, as well as your staff, for putting this legislation together.

I am in Congress because of children. I am always here for the children. I wanted to start my comments by saying what this legislation would mean to a family of four.

□ 1800

This is a lifeline for workers and families who are facing this coronavirus disaster. For a family of four earning \$24,000, Heroes 2 would mean direct payments, a \$3,400 direct payment; unemployment benefits of \$600 per week in enhanced UI benefits; tax credits up to \$5,920 through the EITC, and a fully refundable \$4,000 tax credit, equaling an additional \$1,200 in refunds.

I mention that because some have said: Why don't you like this other bill and that bill? None of that that I just said, the tax credits, the earned income tax credit, the fully refundable child tax credit, none of that is in any of the Republican bills. None of the bills that you have seen other than this bill has that consideration for children.

So when people say: Well, why don't you take a half a loaf? Because the children need more than the heel of a loaf of bread. They need the best we can do for them.

It has an increase in SNAP benefits, an increase of \$100 a month in most States, plus rental assistance and the ACA premium subsidy. This gives immediate eligibility for parents losing their jobs for the maximum health insurance premium subsidy under the Affordable Care Act, a benefit worth \$1,386 per month.

Now, we can't do everything in a bill that is coronavirus focused. We have challenges in our country that we must address in a bigger way. But what we have here is coronavirus-centric, and that is important to note because people are suffering in a different way. Many of these families are food insecure. Millions of children in our country are food insecure, and this Heroes Act addresses some of that.

So in addition to thanking NITA LOWEY for her leadership, I salute BOBBY SCOTT for our children and for our workers. We want our children to

go back to school. We want them to do so in a way that is safe. And BOBBY SCOTT has provisions in here for that, whether it is actually in school, whether it is virtual, whether it is hybrid, or whether it calls for the ventilation that is needed.

And, again, for their fathers and mothers to go to work in a safe atmosphere by having strong OSHA language in here to protect workers. That is not in the Republican bill. That is not in the Republican bill.

We can come to terms on money, but the language is what is important.

The Energy and Commerce Committee chairman, FRANK PALLONE, 4½ months ago, and even before that, proposed a strategic plan that I am sure he will talk about, and I thank him for that, a strategic plan in order to crush the virus.

The Republicans want to crush the Affordable Care Act in a time of a pandemic, going into the Supreme Court to crush the Affordable Care Act. Why don't we just come together, crush the virus? We can open our economy and our schools in a safe way.

And I thank you, Chairman PALLONE, for your leadership.

The Natural Resources Committee, Chairman RAÚL GRIJALVA, what he has in the legislation is so important, especially addressing the needs of our Tribal communities in our country, which are so disproportionately affected by the coronavirus. I thank him for his leadership that in so many ways is in the legislation, but that being such an essential piece.

I thank the Oversight Committee chairwoman, CAROLYN MALONEY, for her leadership for the Postal Service, and I think we have finally gotten the message across on the Postal Service. Hopefully, we will get some cooperation there.

But not yet on the Census. The Census is so important. It is the life blood of who we are, the DNA of America, the people, and we are having a problem with that. It is not even about money. It is about policy. So I thank Representative MALONEY for her ongoing leadership, 4 years culminating in this legislation now.

Small Business Committee Chairwoman NYDIA VELÁZQUEZ, so knowledgeable, for decades the chair or ranking member of the Small Business Committee. She knows about women and minority-owned businesses, and the most optimistic thing a person can do is to, I say, plant a flag for a small business.

How more optimistic can you be than to start a business? Perhaps, get married, but you kind of know what your risks are there.

But a small business, so needed the help in here for PPP, other help for hospitals—excuse me, for restaurants. Hospitals are in Mr. PALLONE's section of the bill and the language for the healthcare providers is there.

But back to NYDIA VELÁZQUEZ. This is a big piece of the bill.

So what do we do for PPP? What do we do for restaurants? What do we do for arenas, small spaces around the country for entertainment and bringing people together—spatially distanced, of course. How do we balance all of this?

That is language that we are trying to resolve in our negotiations. I am optimistic that we can get there, but we couldn't do the best job possible without the leadership of NYDIA VELÁZQUEZ.

The Veterans' Affairs Committee, I thank MARK TAKANO for his important work for our veterans and the resources we have in the bill for our veterans.

Ways and Means Committee Chairman RICHIE NEAL just has been brilliant in how we put money in people's pockets with direct payments and some of the other tax provisions that I talked about earlier for children that have no reference in the Republican bill as far as the children are concerned. And, again, my top priority is the children.

I thank PETER DEFAZIO, the chair of the Transportation and Infrastructure Committee for his leadership and having the language in here, not just for the airlines, which is very, very important, and that is important because it is an essential—it is important, but people should know, when they say, "Well, why should we help airline employees?" well, we do because they have to have special certifications and special security clearances and the rest. If they lose a job and come back, it is months before they can come back, not like any other industry. So that is important.

But Mr. DEFAZIO also has an important chunk of money in the bill for transportation, writ large and some other ways, that is urgent and coronavirus connected. And that is very important, as well, and I thank him for his leadership in that regard.

But read the bill. I salute the chairs. This is about having scientific, institutional, academic bases for the amount of money that we are asking for.

We had a bigger bill, 3.4. The other side said: We are not going there.

So we came down a trillion dollars.

No, not yet.

We came down another \$200 billion, not by violating any of our priorities, but by shortening the time, just shortening the timeframe and moving some issues to the other arena that Madam Chair works in and that are in our regular appropriations bills as we go forward.

So this is really important. One bill is not as good as another.

Why not take something instead of nothing?

Why should that be the standard for America's children? We have to fight for the best that we can get for them, and I feel certain that we will have a level of success. People have to know.

One of the problems that I have, the difference between the Democrats and the Republicans on this issue is, in the

Republican bill, they have a \$150 billion benefit for some of the wealthiest people in our country—\$150 billion.

In our bill, we strive to have \$149 billion for our children for the earned income tax credit, for full refundability and the rest.

No.

So we took it down to \$54 billion, and it was still waiting to see if we get acceptance of that.

\$150 billion for the wealthiest people in America, tax, net operating loss.

149 for America's working families, no. We took it down to 54. We took off \$100 billion to gain agreement.

This is not just a money debate and a language debate; it is a values debate. It is important for people to know what this fight is about.

So it is called the Heroes Act, and it is called the Heroes Act because we are honoring our heroes. Everybody wants to wave and have cutouts at the game and all that. Honor our heroes by making sure they have their jobs.

These are our healthcare workers, our police and fire first responders, our teachers, our transportation, our sanitation, our food workers and the rest who make our lives function. We couldn't do what we do without them doing what they are doing. Many of them are risking their lives to save lives, and now they may lose their jobs. Why?

Let the States go bankrupt. That is what MITCH MCCONNELL said. Let the States go bankrupt.

And what did the President say? Well, those blue States, why should we send them any money?

Because the people have needs, and we have to meet them.

We lose all ability to thank them if we say: That is nice, but we don't care if you lose your job. You can go on unemployment insurance.

What have we accomplished? We have diminished the services to people, probably raise taxes in some of these places, and people lose their jobs. Over a million, closer to a million and a half of State and locals have lost their jobs already, and it is predicted that 3½ million more will lose their jobs if we don't act on this.

So this is an important pillar of this bill, supporting State and local government. That is one of the areas that we are, shall we say, negotiating.

Next, crush the virus. Mr. PALLONE has a plan. Crush the virus so that we can again open our schools, our businesses, our economy. And we are long overdue.

Well, this bill is 4½ months old because, at the time we passed it, the leader in the Senate, Mr. MCCONNELL, pushed the pause button. He pushed the pause button. We have got to wait and see.

Since that time, over 100,000 people have died. Hundreds of thousands have become infected because he pushed the pause button and said: Let the States go bankrupt.

So this is why we come here today, to debate policy on how we think we

can best meet the needs of the American people. And we think we can best meet the needs of the American people with the provisions in this bill. I thought it was really important for us to formally put forth the work of our chairs, which is excellent, which meets the needs of the people.

Representative WATERS, you heard from her earlier. Families are on the verge of eviction. Families on the verge of eviction get support in this legislation.

People who can't pay their mortgages are helped in this legislation. I thank Chairwoman WATERS for that as well. It is her work on the restaurant legislation to help many more small businesses get help from this legislation.

This is a tall order.

People say, well, we should have a skinny package. No, we don't have a skinny problem; we have got a massive problem.

Now, you don't believe so much more in the role of government than we do. Let's come together, find our common ground, but let's not just say let the children pay the price because we want to have a bipartisan bill.

No, we don't want the children to pay the price so we can have a bipartisan bill. We want to have a bipartisan bill that supports the children. I feel confident that we can do that.

But we can't do that if we take the path of least resistance and just say let's do whatever they put forth. That is doing their bill. That is not doing the people's work.

So, again, over 200,000 people, we know 207,000 people have already died, more than 7 million affected. A million people in the world have died.

We have legislation because of Chairwoman LOWEY's expertise, respect in the world. We have provisions in the bill that affect our relationship in terms of how we fight the COVID virus globally, because none of us is safe unless we make sure that all of us are safe.

So I urge a "yes" vote on this legislation. It goes a long way to doing what we need to do. It sets an example that, as I say, we cut a lot out by just cutting the time on it. Pretty soon, we will have to have legislation again. That will be probably next year. And this legislation goes to early next year rather than later next year, but the timing is really important to do it now. It is long overdue. It is what this country needs.

And, again, I say thank you to our heroes. We thank you by making sure you have the job, the benefits, and the rest that you have earned, and by not just giving you empty gratitude but the gratitude of supporting you and the important roles that you play in our lives with assurance that you will have your job as you risk your lives to save lives.

□ 1815

Your children will be able to go to school safely whether it is virtual, actual, or a hybrid, and when they do

that, they will do so in a way that we have enabled, because education has some funds in here, but without State and local, the education function cannot be borne out to its fullest extent.

Mr. Speaker, again, I thank the distinguished chairwoman for yielding me the time. I have great excitement because of the work of our chairs about the quality of this legislation and the necessity that we come as close to it in a negotiation for the children.

Ms. GRANGER. Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I yield 2 minutes to the gentlewoman from Connecticut (Ms. DELAURO), the chair of the Labor, Health and Human Services, Education, and Related Agencies Subcommittee, and a hardworking, distinguished leader on all these issues.

Ms. DELAURO. Mr. Speaker, the people of Connecticut and of the United States deserve no less than the full support of the Federal Government to get them to the dawn of a recovery.

While the House passed a comprehensive bill for the American people back in May, the Senate has failed to act. So we advanced this \$2.2 trillion package that includes \$2.7 billion for Connecticut to protect lives, livelihoods, and the life of our democracy.

As chair of the Labor, Health and Human Services, Education, and Related Agencies Appropriations Subcommittee, I am proud of the investments here for patients, working people, children, seniors, and public education.

For health, we provide \$75 billion for coronavirus testing, contact tracing, and isolation measures, and \$28 billion for a safe and effective vaccine.

For working people, we must save jobs, protect workers and their families, so we strengthen, expand, and protect emergency paid leave. We restore the expanded \$600 unemployment benefit through the end of January. And we continue to support work share programs.

For children and families, we must not allow a generation to be lost or to let their bright futures darken. We provide \$182 billion for K–12 education, nearly \$39 billion for post-secondary; along with the Child Care Is Essential Act, which I introduced with Chairman BOBBY SCOTT, for \$15 billion to save the childcare industry; and then my legislation to make the child tax credit fully refundable, to make it accessible to all, including the one-third previously excluded, including half of Black and Latinx children.

I am proud of the provisions to increase the maximum SNAP benefit by 15 percent, to aid nutrition programs, food banks, farmers and producers, as well as small businesses and restaurants.

Mr. Speaker, let us put politics second and let us put people first. Let us vote “yes” on this relief bill for the people of this country, for the seniors, for the children, and those who every day are looking toward the Federal

Government because they are in desperate shape and they need our help. They need this legislation.

Ms. GRANGER. Mr. Speaker, I reserve the balance of my time.

Mrs. LOWEY. Mr. Speaker, I yield 1 minute to the gentleman from Maryland (Mr. HOYER), the distinguished majority leader.

Mr. HOYER. Mr. Speaker, we live in an interesting age.

I rise in strong support of this legislation.

I have heard my Republican friends lament the fact that we have things in this bill that they don't like and apparently that the Senate doesn't like. I have been here long enough to know and to serve when the Republicans were in charge.

They passed bill after bill with partisan provisions that they knew President Obama wouldn't sign and that could not pass the United States Senate because they couldn't get enough Democrats to get to 60 votes. They knew that.

So both sides pass legislation that they think is good, notwithstanding the fact that the other side does not agree with some of the provisions in the bill.

But, Mr. Speaker, this bill responds to the needs of the American people at a time of crisis. The House passed the Heroes Act more than 4½ months ago.

Normally what would happen is when a bill goes to the Senate, they would pass a bill of their own unless they believed: Ladies and gentlemen of America, you are on your own. And States, as Senator MCCONNELL said, you can go bankrupt.

The minority leader of this House said: Let's wait and see what happens.

And we waited and we waited and we waited, and 120,000 additional Americans have died since May 15.

How long are we going to wait?

The House did its job in May for the American people, yet the Republican Senate and President Trump have still not done theirs.

They talk about compromise on that side of the aisle and working together. So what did the Republican leader of the Senate do? There was a trillion-dollar offer on the table, so he came back with a compromise and cut it in half to \$500 billion. And the only reason that bill got a majority of Republicans in the United States Senate—it didn't get a majority of the United States Senate; it did, because there are enough Republicans—is because they thought it wouldn't go anywhere, it was a message bill. That is the only reason it passed with 51. It didn't pass, of course, because it needed 60.

Now, let me tell you what John Boehner did and what Paul Ryan did when the Freedom Caucus wouldn't give them the votes, Mr. Speaker, for the Republicans to pass legislation that they knew was needed, the debt limit, fiscal bills. They knew they were needed. So what did John Boehner do? He walked across the aisle, talked to

the Speaker, talked to me, and said, “We need some votes,” and we made a deal.

The ranking member of the Appropriations Committee is one of those people who wants the House to work. I am a friend of hers and I respect her, because she is a Member that I have experienced who wants to make it work.

But Senator MCCONNELL doesn't walk across the aisle and say, Let's make a compromise.

So don't preach at us, Mr. Speaker. Don't preach at us about reaching across the aisle. We have seen tax bills that slam bam, there it goes, and so you come up with a bill.

Negotiations are ongoing right now. And I want to congratulate the Speaker of the House. She has been in Washington more than any of the rest of us in the last 6 months—I know that, because I talk to her on a regular basis—trying to get this to work, trying to make a deal.

Mr. Speaker, I applaud Secretary Mnuchin. There are some others who don't make deals, and who have a history of not making deals and have a history of undermining deals that Paul Ryan wanted to make or that John Boehner wanted to make. Not Democrats.

But negotiations are continuing, and I hope we will reach a bipartisan agreement.

Frankly, if we had reached a bipartisan agreement yesterday, we would not have this bill on the floor. If we had reached it the day before or the day before, we wouldn't have this bill on the floor, because we know we want a bill signed.

But we also know we want to let the American people know where we stand, not for just one bill that helps this group or that group or the other group, but all Americans who are suffering and are at risk. So we believe that this bill is a reasonable compromise.

That is why today we will pass a bill that achieves the goals of the Heroes Act and represents a reasonable compromise.

Some people, Mr. Speaker, are saying to themselves, This isn't reasonable.

Remember, McConnell goes from \$1 trillion down to half a trillion, which clearly did not cover the needs. Every economist tells us that.

Notwithstanding the passage of this bill, House Democrats will continue to negotiate to reach the kind of bipartisan agreement that we believe is necessary to help Americans get through this crisis. The airlines need the money now, and we ought to be that close.

But our position is clear. The Federal Government cannot shirk its responsibilities to the people it serves, not just some of the people.

We have in this bill the help for small businesses that people on that side of the aisle have been talking about. We are talking about it. They need it.

It includes support for State, local, Tribal, and territorial governments.

I have a letter here—and letters can be sent from the National Governors

Association only if they are unanimous—which says: “Every major economist, regardless of party or ideological bent, came to the same conclusion after the 2007–2009 financial crisis: The lack of support for State and local governments slowed the Nation’s economic growth for more than a decade. As we begin to recover and rebuild from the COVID–19 crisis”—unanimously, Republican and Democratic Governors—“we cannot afford to repeat the mistakes of the past,” i.e., not giving aid to State and local governments.

That is what the Governors are saying, all of them, Republican and Democrat.

My Governor is a Republican. His name is Hogan. His father served here in the House of Representatives. He is one of those who came up, with Mr. Cuomo, with the amount of money that was needed by State and local governments.

Why do we aid State and local governments? Because they hire police. We hear about defunding police. They are hemorrhaging revenues and they cannot support the personnel they have, the police, fire, emergency medical response teams, sanitation workers, nurses at public hospitals. All of these State and local governments are critical if we are going to solve the economic problem and the COVID–19 problem.

While the Heroes Act provided the level of fiscal support unanimously recommended by the National Governors Association—I want to repeat that. This is not a Democratic idea. Unanimously, the Governors of our States, red and blue States, said we need this money—this bill recognizes the reality that—faced with a Senate Republican leader who suggested that the States go bankrupt—that level might not be possible.

So we reduced that sum in half, cut out \$1 trillion of the proposal we thought had merit; actually, \$1.2 trillion.

So we offer a compromise: 1 year of funding, cutting in half that which was in the Heroes Act, yet still sufficient to get us into next year.

This legislation renews the expanded emergency unemployment insurance benefits that millions of people are relying on.

And by the way, it goes to them, but what do they do with it, Mr. Speaker? They spend it in the economy at those small businesses that Republicans are worried about, that all of us are worried about.

When we give a family the sustenance that they need to support themselves and the family, they go spend it where? Small businesses and large businesses.

We give that \$600 a week through the end of January 2021, which will help small businesses and the general economy.

It will provide another round of direct payments to Americans of \$1,200 for each individual adult and \$500 to el-

igible dependents to help families make ends meet.

□ 1830

I think all of you have voted—it might have been a voice vote on the CARES Act, but everybody voted for it. And we are making sure college students aren’t left out.

Our bill offers a second round of the Paycheck Protection Program to help small businesses remain viable through the pandemic and includes additional support for workers in the airline, restaurant, and live-entertainment industries. It covers a whole lot of folks who need help.

For 4½ months after we passed the bill, the Senate has not sent us a single piece of legislation, not a single piece because Senator MCCONNELL will not compromise so he can get votes from the Democrats, which he needs to pass a bill, just as John Boehner and Paul Ryan crossed the aisle because they needed the votes for bills they thought were critically important for our country.

To help reopen the economy safely, the bill also includes \$75 billion for testing, contact tracing, and other public health initiatives.

And it provides a lifeline to the Postal Service. Now, I know that may be objectionable to some people because they may want to see the mail delayed, for whatever reasons.

I want to thank Chairwoman LOWEY of the Appropriations Committee and all the other chairs and members of all of our committees who worked hard on this legislation. It includes input and contributions from many Members, including many of our outstanding freshmen.

This bill represents a substantial reduction, a 35 percent reduction. I tell my friends who served on the Appropriations Committee with me, if I was in charge and we wanted to make a deal and I said, “Well, I will come down 35 percent,” they would have taken it like that.

It is approximately the level of funding—somebody mentioned \$2.2 trillion. The CARES Act was \$2.2 trillion, and all of you voted for it. It was a voice vote, unanimous. I don’t know specifically whether you were here or whether you would say, “No, no. Silently, I voted no.” Nobody voted against it, \$2.2 trillion.

It is extraordinary the amount of money we are spending, Mr. Speaker. But then again, no one in this body, of whatever age, has experienced the crisis that America has found itself in over the last 8 months—no one.

Every economist said it required that kind of response, and that is why we voted for four bills in a bipartisan way. But then the leadership on the other side of the aisle, Mr. Speaker, said: Let’s wait and see what happens.

And, as I said: 120,000 people have died. That is what happened.

We passed an emergency supplemental appropriations bill, 415–2. We

passed the Families First Act, 363–40. We passed the CARES Act by voice vote. Nobody voted against it, at least audibly. And the Paycheck Protection Program and Healthcare Enhancement Act was passed by the House on April 23 by a vote of 383–5.

What has changed? The politics have changed.

The needs, Mr. Speaker, have not changed. All four of those bills passed the Senate and were signed into law. Some passed by unanimous consent by the United States Senate.

I urge President Trump and Senate Republicans to work with us to reach bipartisan agreement without further delay.

Yes, we have differences. But we have great needs, and I agree with those on the other side of the aisle and on this side of the aisle who said we must meet those needs if we are going to keep our economy going, keep our families intact, and make sure that we have jobs for the future.

Millions of American families, workers, and small business owners are looking to Congress for help.

Let us, Mr. Speaker, come together, as we have four times come together overwhelmingly and said—not this is a lot of money. It is a lot of money. I am boggled by the figures that we are dealing with. But I am also boggled by the challenge that we confront.

This bill represents a significant compromise, while addressing the priorities we share.

Mr. Speaker, I hope we can show the American people that we can come together to govern responsibly in this crisis and provide much-needed relief to the people we serve.

People pick out individual items in this bill and, unfortunately, deeply mischaracterize some of them. Fake facts are being debated on this floor, Mr. Speaker. I don’t have the time to go into all those fake facts.

One of them, though, was that we are defunding the police. There was \$600 million in the COPS program in the Heroes bill. Then, subsequently, we passed an appropriations bill at \$343 million.

By the way, the Senate hasn’t passed a single bill to fund anything—anything—Mr. Speaker.

What did the President do? The President zero-funded—if you will check your budget—zero-funded the COPS program. Zero-funded it. Check it out.

Mr. Speaker, I urge my colleagues to vote for this bill, and I guarantee you that we are going to continue tomorrow and tomorrow and tomorrow to try to get an agreement that we can pass in the House and the Senate, and that the President will sign, because we understand the American people are in need. That is what this bill does, responds to them.

If the Senate doesn’t like it, have them pass a bill. Let us go to conference. Let’s get it done. We will be here to do it every day.

Ms. GRANGER. Mr. Speaker, I yield 2 minutes to the gentleman from Ohio (Mr. GONZALEZ).

Mr. GONZALEZ of Ohio. Mr. Speaker, I rise in opposition to the legislation before us today.

The gentleman was referencing the budget. We are still waiting for his budget. We will take it whenever he is ready.

Let's be clear about what we are doing today. We are going to be voting on a piece of legislation that was not negotiated, will be dead on arrival in the Senate, and will do nothing for the millions of Americans who are relying on this body to find a solution.

This bill before us today is about wanting the politics of the issue more than results. This is a bill that rejects \$1.7 trillion in bipartisan COVID aid that will help families navigate some of the most difficult moments of their lives in favor of zero dollars that will help absolutely no one except for a handful of politicians who want the message more than the result. What a disgrace.

The sad truth is my colleagues know exactly what they are doing. How, in good faith, could they say that this legislation, which takes steps to federalize U.S. elections, that provides a tax break for millionaires and billionaires in blue States—that is right—and directs ICE to release individuals in custody, is an attempt to help their constituents, knowing full well that these provisions will not be signed into law?

Just this morning, the Speaker of the House said that we are not only having a dollars debate, but we are having a values debate. Well, I have heard from the people of Ohio's 16th District and many around the country about what they value since this pandemic broke out.

My constituents value a Congress that puts the people over the politics. They value a Congress that could care less about which party wins or loses an election, so long as, in their greatest moment of need, their government is there for them.

The people are sick and tired of watching this town fight like cats and dogs over who "wins" the day. They want to win, and they win when we do our job. That is not what is happening today, and the American people are rightly disgusted.

Just 2 weeks ago, my colleagues from the Problem Solvers Caucus, with 25 members from each side of the aisle, put forward a proposal that showed that we can and should work together on a proposal that keeps our small businesses open, protects our children and schools, helps those who are still unemployed, and offers additional aid to States and localities.

I heard from people across all sides of the political spectrum that this caucus and our package gave them hope that Congress could actually do something for a change. Yet, here we are.

The SPEAKER pro tempore. The time of the gentleman has expired.

Ms. GRANGER. Mr. Speaker, I yield the gentleman from Ohio an additional 1 minute.

Mr. GONZALEZ of Ohio. Yet, here we are, ready to let down the people we serve yet again.

Despite all of this, there remains a path forward to a solution, but it will take leadership on both sides of the aisle to cast aside their partisan hats and negotiate in good faith.

Let me be clear in saying that leadership doesn't need to just come from our elected party leaders. Each Member of the House has a say in how they choose to vote today. A "yes" vote is for the status quo, political messaging, and nothing for the American people. A "no" vote is a recognition that there is more work to be done and that there is still an opportunity for us to act in the best interest of our constituents.

We have to deliver. It is time.

Mrs. LOWEY. Mr. Speaker, I am very pleased to yield 5 minutes to the distinguished gentleman from New Jersey (Mr. PALLONE), the chairman of the Committee on Energy and Commerce, a member of my class in the Congress.

Mr. PALLONE. Mr. Speaker, I want to thank the chairwoman and commend her for putting together a bill which, while it reduces the amount of money from the original Heroes Act, in my opinion, because of the lessons we have learned in the last few weeks, improves the Heroes Act because of what we have learned.

I know that is not an easy task, Madam Chair. I know that is not an easy task, what you have accomplished here today, so I want to congratulate you.

I also want to say, in response to my colleague on the other side from Ohio, this is a serious attempt to put something forward that we believe that the Republicans can support. Now, maybe they are not going to do it today.

But I just want to say that our Speaker—when I say "our," I mean the Speaker, because she is, you know, the Speaker for the entire House and the entire country—has worked so hard over the last few weeks and months to try to come together with the Republicans. She just met yesterday, and maybe even today again, with Mr. Mnuchin from the White House.

To suggest in any way that this is anything other than a serious attempt by Democrats to put forward something that we think the Republicans can ultimately adopt, or come close to what they would ultimately support, I think is unfortunate because that is what we are doing here today.

I want to go back to what Speaker PELOSI said earlier when she said that what we are really trying to do is crush the virus, and I want to talk about that because much of that language that would accomplish that comes from the Energy and Commerce Committee that I chair.

This is the United States of America. I know we are elected from individual districts, but we come here to rep-

resent the whole country. The fact of the matter is the only way that we can crush this virus and end this pandemic is if we work together on a national level to accomplish it.

So what we say in the Heroes Act, both the old one and the new one, is that we need a national plan, and we need a way to bring forth that national plan.

What is happening now is every State competes. I get so mad when I watch the TV and they say Ohio is doing better this week, or New Jersey is doing worse this week. That is not what this is about.

This has to be a united effort. It is the United States of America. And that is not what we have right now because each State is competing, competing for testing, competing for medical supplies, deciding on an individual basis. The hospitals even compete between themselves, and that is not the way it should be.

What we say in the Heroes Act, and it is carried forth again in this legislation today, is a national plan, someone in charge at a national level—I will call it a supply czar for the supply chain—that sets parameters, if you will, for how to crush the virus, guidelines for the schools, for how you should wear a mask, not necessarily all the details, but essentially a national plan, and then delivers the testing supplies, the medical supplies, and, ultimately, the vaccine.

One of the things that is such an improvement in this bill is not only do we continue the \$75 billion for testing and contact tracing and quarantine, but we also provide another \$25 or \$26 billion for distribution, development, and awareness of the vaccine when it is eventually developed because, again, this has to be done equitably. It has to be done nationally. That is what I really want to stress today.

I don't necessarily need to use all my time, Madam Speaker, because I want to stress that we have to do this together, and that is what this bill puts forward.

Let me just say, in addition to that, because I do want to mention a few other things, we have \$2 billion in new funding to get essential workers their protective personal and work equipment that they need.

We also have new provisions to address insurance companies declining to cover COVID testing. In the CARES Act, we said that everyone should be able to get a test for free, no out-of-pocket expense.

The bill extends that to the treatment, to the drugs and the vaccine. But the insurance companies, in many cases, are not doing that. So we want to make it quite clear that they have to cover it free, and there is no out-of-pocket expense. And that would be true for the treatment; that would be true for the vaccination as well.

Again, we are one country. I can't stress that enough.

Now, the other thing that is a major problem, and I want to mention it

briefly, is the ability to connect to the internet because the bottom line right now is if you are not in school and you are learning remotely, or you are working remotely, you need to have an internet connection.

□ 1845

There is a lot of inequality with that around the country, too, so the legislation addresses the digital divide by providing \$12 billion to schools and libraries for distance learning, for remote learning.

We also continue to help low-income households afford internet service by saying they have to have a discount for service by \$50 a month. We have to continue and enhance the lifeline program, which helps people of low income pay the bills for those internet connections.

The last thing I want to mention also is that, finally, we also prevent the shutoffs for any kind of utilities, water service, and other shutoffs, because that is important as well.

So I thank the chair again for the time.

Ms. GRANGER. Mr. Speaker, I yield 1 minute to the gentleman from California (Mr. MCCARTHY), who is the Republican leader.

Mr. MCCARTHY. Mr. Speaker, I thank the gentlewoman for yielding.

I just listened to the last speaker, Mr. Speaker. He said that he had a bill that he thought and hoped maybe the Republicans could support, and he used the word, "united."

Do you know the easiest way to know if the Republicans support it? Ask them. Let them in the room. Actually work with them. That is probably a quicker way. The united part is a little difficult if you want to unite people and you leave them out.

So let me recap. Having been the leader on this side of the aisle and having worked on numerous COVID relief bills, let's recap what we have gone through each and every time we try to bring America relief.

Mr. Speaker, do you know what? Let's not take my word for it. Let's just read the headlines. I think that will work best.

March 22, The New York Times: "Emergency Economic Rescue Plan in Limbo as Democrats Block Action."

Yes, that was The New York Times. That was March 22.

So let's go to April 9. Let's go to the NPR: "Senate Democrats Block GOP Effort to Boost Small Business Aid."

A week later, we watched the Speaker of this House appear on "The Late Show," bragging about blocking the relief while eating high-end ice cream. For reference, there were 22 million unemployed Americans at that time.

August 3, CBS News said: Democrats Reject White House Offer for Short-Term Extension of Unemployment Benefits."

Let's go to September 10, Politico: "Senate Democrats Block Republican COVID Relief Proposal."

That is weird. All those headlines, and I never heard "united." I did hear "blocking." I did see the Speaker.

Now, Mr. Speaker, let me tell you a little bit of my personal experience. When we wanted to do the CARES Act, the Senate worked with Republicans and Democrats by committee. They put the bill together. You listened to Leader SCHUMER, that night, say: Yes, we are ready to go. The bill is prepared.

I took the red-eye and flew back. The Speaker did, too. We went into the meeting together. And do you know what, Mr. Speaker? Just read one of these headlines. The Speaker was able to stop it for another whole week.

How many people were laid off that week?

But do you know what? There was change in the bill. The John F. Kennedy Center for the Performing Arts got a little more, but that was the only thing, and then we were able to pass it.

In there, we were able to produce the PPP for small businesses. It allows you to pay your rent and your utilities. But you took that money and you paid your employees.

Why were you paying your employees? Because government shut down your business.

Was it successful? Whoa, was it successful.

Did it go to the owner? No. It went to the people. It went to the workers. Fifty million workers were saved. It was so powerful and so successful that the money was running out.

So do you know what, Mr. Speaker? The Treasury Secretary sent a letter to us and said: You don't need to change anything. Just add a little more money because it is so successful at saving so many jobs.

Well, we got our answer. One person stopped it all, and she did it on "The Late Show" for all of America to see.

Mr. Speaker, do you remember her smiling as she opened that refrigerator and denied those 22 million people, that they were going to join those unemployment lines, and she was going to smile about it because she had her ice cream.

Do you know what happened, Mr. Speaker? I listened to the Speaker's words. She said: Do you know what? We are going to get this done. We are not going to leave.

Because she has all the power of whether we stay in here and do our job or not. It doesn't matter if one-third on the other side stays home and votes by proxy and still gets their paycheck. She had everybody leave.

But then I had hope. I had hope for those who were unemployed. I had hope for those who wanted to go back to school and needed the money, because the Speaker called an emergency meeting and forced us to come back here. So I thought maybe she changed, maybe actually what she said she meant this time. So she was going to force Congress back, and she did.

Do you know what? One-third on other side didn't show because they didn't think it was an emergency.

Was it about COVID relief? Was it about the American people who were hurting? No. No. No. No. No. It was about the post office. It was political. So we should have everybody come back.

When you are in the minority, there are only certain rules you have and certain options to put something on the floor. So do you know what the Republicans chose to do that day, Mr. Speaker, when the Democrats chose to talk about the post office? We put COVID relief on the floor. So there was an option. There was an opportunity.

The power of the Speaker rose again. She put her thumb down and everybody else on the other side followed.

So do you know what, Mr. Speaker? The American public lost that day, too. They lost one more time.

The facts speak for themselves. The common denominator in holding up relief for the American people is very simple: Speaker PELOSI. She spent the last several months stonewalling negotiations instead of working to solve problems.

You know why we are here today, Mr. Speaker? It is because Republicans put a discharge petition on the floor.

I wonder why we got out early last Friday. Hmm. The discharge petition must have become ripe where people could sign it.

When her Members revolted, she responded by recycling an old, unrelated liberal wish list from her first bill.

Now, at a time when 837 more Americans are filing for unemployment and small businesses are closing permanently, she is wasting Americans' time on yet another multitrillion-dollar special interest bailout that rewards K Street and not Main Street.

Today's so-called compromise isn't realistic or responsible. It is the Pelosi pipe dream 2.0, and it is filled with the same radical, reckless, and ridiculous ideas as the first bill.

Instead of prioritizing new money for small businesses through the Paycheck Protection Program, it provides a massive tax break to the millionaires and billionaires who are totally unrelated to the coronavirus.

Now, let me give you an example. Let's take one person in America who is going to benefit from this. Mr. Speaker, you actually ought to rename this bill the Mike Bloomberg bill.

Mike Bloomberg is reported to have made \$3.5 billion last year. He lives in New York. So if you take the State and local taxes and you combine it, it is 12.5 percent. So that would mean, if this bill passes, you just gave him \$160 million in his pocket.

That is an interesting number, 160 million. I wonder if \$160 million is how much he would save. How would that affect him?

Well, I just read a couple reports, Mr. Speaker. Do you know Michael Bloomberg just put \$100 million into Florida to win it for Joe Biden?

In another interesting report, he had given the Democrats \$60 million to help

them try to keep the majority this year.

What is even more interesting, Michael Bloomberg ran for President, and when he was on stage, do you know what he said? He said he bought the Democrats the majority. He said he spent \$100 million. He bragged about the individuals that he was able to spend that money on.

Hmm. Some people would wonder if that was money well spent. Some people might wonder if they read that bill: Hmm, \$160 million.

What does that mean to the person who is unemployed? I don't think Mike Bloomberg needs that.

I know a lot of small businesses and I know a lot of unemployed workers who need the money, but you chose somebody else to respond to. You chose somebody else to reward. Shame on you.

Instead of guaranteeing common-sense protections against frivolous lawsuits for schools, for small businesses, for childcare, and for churches, it gives amnesty, work visas, and taxpayer-funded stimulus checks to illegal immigrants.

Lots of times when you read a bill, you see what you prioritize.

Instead of boosting jobs, it bails out the cannabis industry.

Mr. Speaker, have you read your own bill? In fact, it mentions cannabis more than it mentions jobs. Did you read the bill? It mentions cannabis more than it mentions jobs.

I would challenge anybody in this body to name me one time in their district in one meeting that it mentioned cannabis more than it mentioned jobs with what you are going through right now. Our districts may be different, but I don't believe anybody has that.

Instead of reopening the economy, it releases criminals to our communities. Democrats think the economy should be locked down, but they don't think serial killers should be locked up.

But the Speaker's latest bill does have a noteworthy difference from the original.

At a time when the leftwing mobs are creating chaos in our cities, the bill unequivocally embraces the left's defund the police agenda. In fact, it removes \$600 million of the emergency funding for State and local enforcement and community-oriented policing that was in the first bill. That is where they cut. Democrats actually believe the top priority of Congress is fewer cops and more criminals.

Again, sometimes when you read the bills, it lets people know their priorities.

I listened to the Speaker before. She always told me that bills show your values. I heard the Speaker recently say that the Democrats' values are different from Republicans'.

These are your values. Yes, they are. Yes, they are.

Another striking difference is the tens of billions of dollars for public education to combat misinformation about the coronavirus vaccine.

Mr. Speaker, I was happy to hear my colleague on the other side speak a little earlier about the vaccine. I was excited because the Democrat nominee for President and the person he choose to be his running mate don't think that people should take the vaccine even though it is going to be safe and effective and save people's lives.

It is interesting. The individual who is running for President on the Democrat side said that he is the Democratic Party.

Joe Biden, KAMALA HARRIS, and Speaker PELOSI actively spread in public, over the last few weeks, misinformation about an ability to save lives. American families, workers, and small businesses will continue to pay the price for Democrats' refusal to take this crisis seriously.

It doesn't have to be this way. That is the worst part of all of this. It doesn't have to be this way. As the past several months have proven, targeted and timely relief related to COVID hardship actually works.

Fifty million people are without a paycheck because of PPP.

I can't tell you how many people got laid off for every time Speaker PELOSI has delayed our bills.

I can't tell you how many households and how many businesses have gone bankrupt because she didn't keep her word and say that we would stay here and do it.

I can't tell you how many more people wonder if their kids can go to college because NANCY PELOSI, our Speaker, called us back for an emergency, but it wasn't about COVID.

□ 1900

Instead of using American's suffering as leverage to pass a socialist agenda, Congress should be working on getting the American people back to work safely and back to school safely.

Republicans have spent months using every tool available to the minority to build on the CARES Act and get support to Main Street. The American public actually ought to see how people vote here, because just yesterday we put on the floor a vote for PPP. Every single Democrat voted "no." Every single one. It is something they have already supported before. Money is already sitting there—more than \$130 billion.

This month, our efforts culminated in a discharge petition to reopen the Paycheck Protection Program, which I have said, has already saved 51 million jobs.

Mr. Speaker, to the American public, what does a discharge petition mean? You see, the Speaker, whoever he or she is, has all the power. They can determine what comes to the floor. But a discharge petition gives the power to the Members. All it takes is 218 Members to sign it. The public knows what it is. All it would do is take the money that is there for the Paycheck Protection Program and make sure the bill comes to the floor and could be voted

on. It will be really telling to know how many people back home say they support it and how many times they come here and are fearful, fearful if there are threats if they sign the discharge petition.

The petition is being led by Ranking Member STEVE CHABOT, and JAIME HERRERA BEUTLER. I thank both of them. Because you know what they have done? They put the American people first.

STEVE CHABOT, ranking member of Committee on Small Business, when we were crafting the CARES bill, where the PPP was created—yes, it was him who worked so hard to make sure the small businesses, those who are employed by them, got resources. He did an amazing job.

JAIME HERRERA BEUTLER is probably one of the most bipartisan Members in this body. They didn't do it for political gain. They did it because they listened to their district.

As of Friday, this commonsense solution officially became open for signatures—just 218 to earn a vote on the floor. I think it deserves a vote. I think if you took it to the public, they would pick that a lot sooner than they would pick what this bill is doing.

Mr. Speaker, every Member of this body must make a choice tonight. Members who endorse the Speaker's reckless actions can vote "yes" on this recycled liberal wish list. Then they can go home and explain to small businesses in their district why they prioritized politics over people.

They could stand up and say, No, we worked hard for cannabis, a lot harder than we worked for jobs. We made sure the police got cut, and we made sure Mike Bloomberg got paid back. Now that \$160 million that he is spending in the campaign today, he will get it all back because the taxpayers will pay him for it. That is exactly what this bill does. It could be the Michael Bloomberg, Cannabis, Cut-the-Cops bill. That is power. That is real power. You can make sure Michael Bloomberg does not lose \$1 of the \$160 million he has invested to make sure that Joe Biden and the Democrats stay in power.

If you are that proud of this bill, why don't you name what it does? It makes sure all Americans know that cannabis is your number one priority, not jobs.

It makes sure that you take care of those who take care of you in a campaign—Michael Bloomberg.

And it makes sure everybody knows you do not care about the safety of our streets, that you are going to cut the police by \$600 million.

That is one heck of a campaign. That is amazing. What is interesting, so many times the leaders, people have said here, the Speaker of the House, she is the Speaker for all of America. And she always tells us, This will tell you what your values are. And I remember what she recently said, That our values are different.

I want to agree with the Speaker. Our values are different. On this side of

the aisle, we believe in a commitment to America. We believe that we will defeat this virus because we will create a safe and secure vaccine. The other difference in our values? Our commitment to America. You can read it. You can go to [CommitmentToAmerica.com](https://www.CommitmentToAmerica.com). And we actually reject defunding the police. We say we will spend \$1.75 billion more on the police, not cut by \$600 million. You know what we will do with the money? Community policing, more training, and 500,000 body cameras.

We also have a plan. We can tell you how many jobs we are going to create. We are going to create 10 million new jobs. I don't know how big you will expand the marijuana business, but in here, it mentions that more than jobs.

We are going to end the dependency on China. We don't just say it, we actually do it. We just came out with a task force that not only shows you the problem, it shows you the solution.

Mr. Speaker, you know what we did different than what you did with this bill? We didn't produce something and say, Well, we think the Democrats might like some of this. We actually invited you to join us.

Mr. Speaker, a year ago, I went to the Speaker, and I asked her if we could create a bipartisan committee dealing with China. China is representing its 71st anniversary. There is no more freedom in China today than there was 31 years ago in Tiananmen Square.

It took me 8 months of negotiation with the Democrat leadership until they finally said, yes. We actually picked the people who were going to be on it. And right before we went to name it, they decided no. They didn't want to be a part of it. This was before COVID. I just don't understand it. I just don't understand why our values are that different.

Members who want to bring an end to the Speaker's excuses, who believe this is a moment to work for Main Street not K Street should vote "no" and sign the Herrera Beutler-Chabot discharge petition. By adding your name, you will be advancing a fair process towards making bipartisan law for American families. That is what our neighborhoods need. They need us to legislate for them, not posture for November.

Mr. Speaker, I urge all my Democrat colleagues to join us. Make a commitment to America, not to Michael Bloomberg, not to cannabis. Focus on who actually voted for you to get here. Do not be so intimidated because somebody supplied so many millions of dollars to try to persuade people to vote a certain way. Listen to those who have been laid off.

I know what it is like to have a dream to open a small business. I know what the hardships are like, but I have not witnessed personally the hardship of what the virus has done when they have been shut down. The least I would expect is this body would act, would

put people before politics. But, unfortunately, yes, the values of one side are different than ours.

Every chance we have we have put forth relief for the American public, and the only opportunity we have now is the discharge petition, because no one definitely can vote for this.

Mrs. LOWEY. Mr. Speaker, I yield 2 minutes to the gentleman from Georgia (Mr. BISHOP), the distinguished chair of the Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies.

Mr. BISHOP of Georgia. Mr. Speaker, I thank the gentlewoman for yielding. Mr. Speaker, I rise in support of this updated Heroes Act. This bill is about people and not about politics.

As chairman of the Subcommittee on Agriculture, Rural Development, Food and Drug Administration, and Related Agencies, I will highlight the important provisions of this bill from my section, which touches the lives of every American in some way.

It provides a total of \$15.4 billion to help Americans put food on the table, to keep their homes, protect agricultural products from pests and diseases, deliver stress assistance to our farmers and producers, and evaluate coronavirus vaccine applications.

We provide \$10 billion to SNAP, an additional \$400 million for WIC, for working families who have lost their jobs and are laid off due to the COVID-19 emergency. We included \$450 million for TEFAP food banks, and \$1.2 billion for nutrition assistance for the territories. All of these programs will increase food security during this crisis.

To keep our food supply safe and thriving during the COVID-19 pandemic, we provided \$350 million for the Agricultural Quarantine Inspection Program. We included \$2.5 million for the USDA Office of Inspector General to increase their monitoring and oversight activities.

For our farmers and producers who are under increased pressure in an already difficult environment, we provided \$20 million to activities and services to provide stress assistance resources.

For our rural Americans, we included \$10 million to address the increased workload for the Rural Development program employees; \$2.6 billion for grants to our rural electric co-ops so the lights can stay on; and \$309 million to the Rural Housing Service to assist rural tenants who have lost their jobs in this pandemic.

Finally, so we can begin to see light at the end of this COVID-19 tunnel, we provided \$1.5 million to the Food and Drug Administration to support their safety evaluations of the coronavirus vaccine applications going forward.

Mr. Speaker, I urge my colleagues to support this bill. This is a good bill. It is long overdue. The American people need it and deserve it, and I urge my colleagues to pass it.

Ms. GRANGER. Mr. Speaker, I urge a "no" vote, and I yield back the balance of my time.

Mrs. LOWEY. Mr. Speaker, I urge a "yes" vote, and I yield back the balance of my time.

Ms. JACKSON LEE. Mr. Speaker, as a senior member of the Committees on the Judiciary and on Homeland Security, I rise in strong support of Senate amendments to H.R. 925—America's Conservation Enhancement Act (an update of The Heroes Act), a much needed installment of the necessary assistance and relief provided by Congress to address the adverse health and economic impacts of the COVID-19 pandemic.

To date, there are more than 7,213,419 confirmed cases, over 206,402 dead, including 748,967 cases and 15,711 deaths in my home state of Texas.

I want to thank our frontline healthcare workers and essential workers for their sacrifice and commitment during this crisis.

I have worked along side medical professionals and public health experts in my city of Houston to open 33 remote testing sites.

This update of the HEROES Act provides an additional \$2.2 trillion for protects lives, livelihoods and the life of our democracy.

This update to the HEROES Act is needed in order to have the economic vitality to reopen that allows a science-based path to safely reopen our country and helping ensure that every American can access free coronavirus treatment.

In support this legislation also because it provides strong support for our heroes fighting the pandemic on the front lines with nearly \$1 trillion for state, local, territorial and tribal governments who desperately need funds to pay the health care workers, police, fire, transportation, and EMS personnel, along with teachers and other vital workers who keep us safe and are in danger of losing their jobs.

The Heroes Act update provides for: small businesses, by improving the Paycheck Protection Program to serve the smallest businesses and struggling nonprofits, hard-hit businesses with second loans, and targeted assistance for the struggling restaurant industry and independent live venue operators.

The bill also provides additional assistance for airline industry workers, extending the highly successful Payroll Support Program to keep airline industry workers paid.

There are more funds to bolster education and childcare, with \$225 billion for education—including \$182 billion for K-12 schools and nearly \$39 billion for postsecondary education—and \$57 billion to support child care for families.

Another reason to support this bill is that it puts money in the pockets of workers with a second round of direct payments to families of \$1,200 for adults and \$500 for each child, new payroll protection measures to keep 60 million workers connected with their jobs, and restores the weekly \$600 federal unemployment payments through January 2021.

On top of that, by taking the necessary measures to slow the pandemic and 'flatten the curve' so as not to overwhelm the nation's health care system, economic activity in the United States has experienced a severe shock to the system.

There have been more than 36 million initial unemployment claims in the past month alone.

In addition, on March 23, 2020, the Dow Jones Industrial Average (DJIA) dipped to 18,321.62, which is even lower than it was on Election Night 2016, and far below the 19,827 mark where it stood on January 20, 2017.

In other words, Mr. Speaker, all the gains that were made to the stock market and heralded by this Administration as evidence of its genius have been wiped out, depleting the retirement savings and 401(k) fund of millions of ordinary Americans.

The situation is so dire that Federal Reserve Chair Jerome Powell, appointed by the current President, stressed the importance of Congress providing further fiscal relief, stating this week:

“While the economic response has been both timely and appropriately large, it may not be the final chapter, given that the path ahead is both highly uncertain and subject to significant downside risks. Additional fiscal support could be costly, but worth it if it helps avoid long-term economic damage and leaves us with a stronger recovery.”

The U.S. economy lost over 20 million jobs in April with the unemployment rate spiking to 14.7 percent, the worst since the Great Depression, but actual job losses were near 20 percent according to some estimates.

And in addition to the highly inequitable gender and racial impacts, this economic downturn reveals a strong class dimension to the unemployment wave, with 18.1 million of the 19.5 million jobs lost in the private sector last month classified as production and non-supervisory workers as opposed to managers.

So, we have simultaneously a public health emergency and an economic calamity, both of which are addressed in the legislation before us.

But before we can get back on our feet economically and restore the booming economy inherited by the current Administration, Americans must be assured and confident that there is a plan and strategy to combat COVID-19; and the resources and commitment needed to implement the plan and execute the strategy.

And that means testing, testing, and more testing, along with contact tracing.

Mr. Speaker, the occasion demands that we rise, and I urge all Members to join me in voting to pass H.R. 925—America’s Conservation Enhancement Act (an update of The Heroes Act).

Ms. DEGETTE. Mr. Speaker, I rise today in strong support of the Heroes Act.

Our country has weathered almost seven months of unrelenting tragedy.

200,000 Americans have died. Millions are out of work and millions more are struggling to get by. Families and businesses across the country need our help and they need it now.

As lawmakers, we have a responsibility to ensure we’re doing everything in our power to respond to a crisis of this magnitude. The bill we have before us today is exactly the type of bold response that our country desperately needs.

We know that we can’t fix our economic crisis without first addressing our public health crisis. The Heroes Act relies on a science-based approach to safely reopening our country, which is essential to ensuring the long-term success of rebuilding our communities.

Until we have a safe plan for vaccine development and distribution, Americans will not feel comfortable returning to work, schools, restaurants, or businesses at pre-pandemic levels.

And until we have a robust national testing and contact tracing system in place, we cannot begin to fully stem this pandemic.

The Heroes Act commits another \$75 billion for testing, tracing and treatment.

It also commits another \$20 billion to procure vaccine testing and vaccine candidates to prevent the spread of COVID-19, including a bill I authored that requires the Department of Health and Human Services to create a plan to distribute and administer vaccines to stop the spread of COVID-19 once such vaccines are developed and authorized.

We can’t just work to prevent the spread of the disease, though. We must also find creative ways to ensure health care is accessible for every American who might need it.

No family should have to choose between putting food on the table or accessing COVID-19 treatment. It’s not just wrong, it’s dangerous.

I’m proud to say that our bill will require coverage of items and services related to the treatment of COVID-19, ensuring all Americans can seek treatment for COVID-19 without concern for how they’re going to pay for it.

It will also provide a 12 month ban on evictions and foreclosures alongside \$50 billion in emergency rental assistance and \$21 billion in emergency homeowner assistance. On top of everything else they are going through, Americans do not need to worry about being thrown out of their home.

Additionally, the legislation includes my bill to make state and local governments eligible for paid leave payroll tax credits for workers affected by the coronavirus. Without these tax credits, the costs of providing paid leave could undermine successful local coronavirus responses at a time when budgets are already strained due to reduced tax revenues caused by the economic fallout of the pandemic.

Tens of millions of families and small businesses are becoming increasingly desperate amid the ongoing pandemic. House Democrats have been advocating for more money to be put directly into the pockets of these workers and families for months. The Heroes Act would provide a second round of direct payments to families, new payroll protection measures, and extended unemployment payments.

We cannot sit and wait for a solution—we must take bold legislative steps to protect our communities, and to prevent any more tragedy and loss.

The answer is clear: we have before us a bill that will help struggling families. A bill that will reinvigorate our economy, and take concrete steps to limit the spread of the virus.

This is the second time that we’ve had to vote to approve a version of the Heroes Act. The American people are depending on us. Let’s do what we were elected to do, and pass it on behalf of all of them.

Mr. NADLER. Mr. Speaker, I rise in strong support of the updated Heroes Act (H.R. 925), a stimulus package that rises to the seriousness of the crisis that our Nation is facing.

I am pleased that this legislation once again provides economic relief for American families by providing stimulus checks, restoring and expanding the weekly \$600 federal unemployment payments through next January, improving unemployment benefits for contract and mixed income workers, bolstering housing assistance through direct rent relief, and strengthening food access for families disproportionately impacted by the pandemic through a 15 percent increase in SNAP benefits. The updated Heroes Act also includes robust support for small businesses by improving the Paycheck Protection Program and pro-

viding the hardest-hit small businesses, non-profits, and entrepreneurs with second loans.

I am incredibly proud that this package contains two pieces of legislation that I cosponsored to provide additional targeted assistance for struggling restaurants and live venues—the Restaurants Act and the Save Our Stages Act. New York City independent restaurants and live entertainment venues and theaters have been devastated by the economic impacts of the pandemic, and this bill will provide the immediate relief they need to ensure they can survive as the lifeblood of our city and our neighborhoods. After leading the call for robust funding for our public transit agencies, I am pleased that this package contains substantial assistance for the MTA, which will allow it to continue operations into 2021. The economic relief in the updated Heroes Act is vital to New York City’s ability to rebuild and restore its economy.

In addition to economic relief, the updated Heroes Act invests in the health and safety of the American people by providing an additional \$75 billion for testing and tracing, an additional \$28 billion to procure a safe and effective vaccine and strengthening worker safety protections. The package also includes provisions that will protect unemployed Americans losing their employer-provided health insurance by ensuring they receive the maximum ACA subsidy on the healthcare exchanges. The updated Heroes Act provides additional support by creating a special enrollment period in the ACA exchanges for unemployed Americans.

After fighting for urgently needed funding for New York City’s schools, I am proud that this package includes \$182 billion for K-12 schools, \$39 billion to higher education institutions, and \$57 billion to support childcare for families. The package also includes desperately needed funding for museums and libraries and targeted funding to support research universities that are leading clinical research into improving COVID-19 management.

Finally, I am proud that this legislation invests in safeguarding our democracy by fully funding the Postal Service, providing states with new resources to safeguard the safety and security of our elections, and ensuring the integrity of the 2020 Census.

It’s been more than four months since House Democrats gathered on this floor to pass a \$3.4 trillion COVID-19 relief package that included urgent funding to protect the lives and livelihoods of American families. Unfortunately, MITCH MCCONNELL and Senate Republicans failed to pass that bill and chose instead to “wait and see” how much worse the pandemic could get. Well they waited and they saw, and they still did nothing, even as the pandemic spread and millions of Americans remained out of work. Since House Democrats passed the stimulus package in May, the U.S. COVID-19 death toll has more than doubled to top 200,000. The American people are demanding relief, and it is long past time for Congress to assist them. I urge my colleagues across this aisle to stop playing politics and accept this robust and reasonable compromise for the good of the American people.

I urge my colleagues to vote Yay.

Ms. JOHNSON of Texas. Mr. Speaker, I rise in strong support of the updated Heroes Act we are considering on the floor today. We must recognize that the Nation is in great

need of continued emergency assistance—and this legislation, though not a total solution, is a step in the right direction. It prioritizes the needs of the Americans so that they are better prepared to endure the pandemic, as we continue to work together towards a long-term solution.

This updated bill includes several provisions from the original Heroes Act, which passed in the House of Representatives back in May. It also includes much-needed funding for hospitals, community health centers, testing, vaccine research, and related items that would ensure that our country can make a healthy recovery from the pandemic.

To address the economic impact of COVID-19, this bill assists millions of Americans by reinstating the Pandemic Unemployment Assistance, providing a special enrollment period for the health care marketplace, and creating additional tax credits for plans offered that are affordable for everyone.

I am pleased that this bill also addresses the priorities for my district, including emergency funding to resources for affordable housing and homelessness prevention. As co-chair of the Congressional Homelessness Caucus, I have been adamant that any stimulus package must include emergency rental assistance, which is included at \$50 billion to help low-income renters avoid eviction due to our Nation's recent economic turmoil. This updated bill also includes \$5 billion for Emergency Solutions Grants, which is critical to address the impact of coronavirus on individuals who are homeless or at risk of homelessness.

For the millions of small businesses across the country affected by the pandemic, this bill enhances the Paycheck Protection Program and allows for businesses to apply and receive a second PPP loan. It also helps restaurants struggling to survive the pandemic by creating a \$120 billion grant program specifically for their industry. Finally, it eases the process for businesses to get their PPP loans forgiven by simplifying loan forgiveness for loans less than \$150,000.

Additionally, this legislation provides assistance to state and local governments across the country, many of which have felt first-hand the adverse impacts COVID-19. This assistance would ensure that first responders and health professionals, who have been on the front lines keeping us safe during the pandemic, would no longer be faced with the possibility of losing their jobs. It would also help these governments continue to provide enhanced services during this time of crisis.

Unlike the CARES Act, this updated version of the Heroes Act would provide funding that would also go to smaller local governments with populations smaller than 50,000. I have heard from local government officials in my district, in cities like Cedar Hill and Lancaster, on how this additional funding would greatly impact the level of service they would be able to provide to their residents.

Over the past few months, I have heard from many constituents in my district employed by businesses in the transportation industry about the adverse effects of COVID-19 on their work. Workers in the aviation industry, who were at risk of being furloughed if Congress failed to act on updated relief legislation, will be provided with job security and additional benefits through the Payroll Support Program. The bill also includes \$32 billion in funding for transit-related relief, which will help

transit agencies retain employees and continue maintaining regular service.

One of the more important discussions we have had during the pandemic is how to safely reopen schools so that parents, students, teachers, administrators, and other school staff can remain safe and healthy. That is why I was glad to see that this bill provides \$225 billion for education—including \$182 billion for primary and secondary schools alone—and almost \$39 billion for institutions for higher learning. This critical funding will help schools purchase the personal protective equipment necessary to protect the wellbeing of school officials and their students.

In the event of a second COVID-19 wave, schools may be forced to transition to hybrid or remote learning. Therefore, this bill takes a proactive approach to this possibility by providing \$12 billion in funding for students to stay connected with mobile hotspots and devices like laptops and tablets. This funding stream would go a long way in helping close the homework gap and allowing internet access to rural and underserved communities across the country.

I am heartened that the Heroes Act also includes provisions to start to address the devastating impacts that the pandemic has had on university research as well as on our federal research agencies. Federally funded research, particularly research carried out at our universities, has long been a critical enabler of U.S. leadership in science and innovation, which in turn will play an important role in assuring our future competitiveness and economic well being. In addition, university research also plays a key role in preparing the next generation of STEM professionals.

The ongoing pandemic has put that research enterprise in serious jeopardy. Without assistance from the federal government, I am deeply concerned that many institutions may not survive, that years of important research will be lost, and that we will suffer irreparable harm to our talent pipeline. I am especially concerned that the fallout from this pandemic will undercut the gains we have made in diversifying our STEM pipeline, including the geographic diversity that will help communities across the Nation revitalize their economies in the coming years. To help deal with the disruptions to university research caused by the pandemic, this legislation provides almost \$2.9 billion to the National Science Foundation (NSF), funding that will allow extensions of existing research grants, cooperative agreements, scholarships, fellowships, and apprenticeships. The Heroes Act also contains funding for NOAA, DOE, and NIST to help address the impact of the pandemic on those agencies operations and capabilities.

Taken together, these funding provisions are an important first step, but more needs to be done to mitigate the harmful impact of the pandemic on America's research enterprise and on the students and early-career researchers whose activities have been disrupted. I will continue to advocate for such measures in future legislation.

Finally, this bill provides a second round of direct cash assistance to qualifying Americans in the form of Economic Impact Payments. This new round of cash assistance would extend to mixed families and to students attending college up to the age of 24.

Mr. Speaker, overall, this bill takes great strides to help Americans suffering because of

the pandemic, including those with COVID-19, those left unemployed, those on the front lines, and many others. I urge my colleagues to support it.

Mr. HORSFORD. Mr. Speaker, I am thankful for this bill being brought forward on COVID relief before the House goes out of session.

It is important to demonstrate to the American People that we are leading and willing to negotiate to provide real relief.

Unfortunately, this bill does not include a pivotal provision—the Worker that would provide federal assistance to cover the full cost of COBRA premiums for laid off and furloughed workers.

That policy is the only one that would protect the hard-earned benefits that union members and working families have fought for.

So while this bill takes many important steps to protect Medicaid and private coverage, it provides premium tax credits for unemployed Americans—I am concerned that protections for employer-sponsored plans were not included.

I urge this body to include all coverage measures in our relief package—including COBRA coverage for workers who have come to rely on their employer-sponsored plans.

The SPEAKER pro tempore. Pursuant to House Resolution 1161, the previous question is ordered.

The question is on the motion offered by the gentlewoman from New York (Mrs. LOWEY).

The question was taken; and the Speaker pro tempore announced that the yeas appear to have it.

Mrs. LOWEY. Mr. Speaker, on that I demand the yeas and nays.

The SPEAKER pro tempore. Pursuant to section 3 of House Resolution 965, the yeas and nays are ordered.

REQUEST TO CONSIDER S. 886, INDIAN WATER RIGHTS SETTLEMENT EXTENSION ACT

Mr. BISHOP of Utah. Mr. Speaker, I ask unanimous consent to take from the Speaker's desk S. 886 entitled the Indian Water Rights Settlement Extension Act, and ask for its immediate consideration in the House.

The SPEAKER pro tempore. Under guidelines consistently issued by successive Speakers, as recorded in section 956 of the House Rules and Manual, the Chair is constrained not to entertain the request unless it has been cleared by the bipartisan floor and committee leaderships.

PARLIAMENTARY INQUIRIES

Mr. BISHOP of Utah. Parliamentary inquiry, Mr. Speaker.

The SPEAKER pro tempore. The gentleman will state his parliamentary inquiry.

Mr. BISHOP of Utah. Mr. Speaker, since the minority leader is supportive, or I wouldn't be here, and I am the ranking member and I am supportive of it, and the Navajo Nation has been told. The chairman of the committee is in support of it, does that not constitute the clearance guidelines that would allow the Speaker to entertain the motion?

The SPEAKER pro tempore. A unanimous consent request for consideration of that measure would have to receive clearance by the majority and minority floor and committee leaderships. The Chair is unaware of such clearance; therefore, the Chair cannot entertain that request at this time.

Mr. BISHOP of Utah. Mr. Speaker, further parliamentary inquiry.

The SPEAKER pro tempore. The gentleman will state his parliamentary inquiry.

Mr. BISHOP of Utah. Mr. Speaker, does that clearance have to be in the form of a written statement to the Chair?

The SPEAKER pro tempore. As the Chair previously advised, that request cannot be entertained absent the appropriate clearance, which has not been received by the Chair.

Mr. BISHOP of Utah. Mr. Speaker, one final parliamentary inquiry.

The SPEAKER pro tempore. The gentleman will state his parliamentary inquiry.

Mr. BISHOP of Utah. Mr. Speaker, is the Speaker telling me that if the Republicans have cleared this bill and are in favor of it, it has to have a written clearance from the Democrat side more than simply verbal commitment to the Tribes?

The SPEAKER pro tempore. The Chair has previously stated the clearance is required and has not been received by the Chair.

Mr. BISHOP of Utah. Mr. Speaker, did you tell me the form the clearance has to have? In what form must it be?

The SPEAKER pro tempore. The Chair has advised only that appropriate clearance must be provided. It has not been so provided, and so the Chair cannot entertain the gentleman's request.

Mr. BISHOP of Utah. Mr. Speaker, thank you for your enlightenment.

REPLACING JUSTICE RUTH BADER GINSBURG

(Ms. ADAMS asked and was given permission to address the House for 1 minute.)

Ms. ADAMS. Mr. Speaker, Ruth Bader Ginsburg was the conscience of the Court and one of the greatest fighters American women have ever had. Justice Ginsburg's dissents spoke for all of us—with a righteous anger, a moral clarity, and an eye to equality.

Her lifetime of advocacy for women extended far beyond her service on the bench.

Though she is irreplaceable, Justice Ginsburg will have a successor. But Americans deserve better than an impeached President's last-minute nomination just weeks before the election.

We must honor Justice Ginsburg's dying wish that she not be replaced until the next President is installed. This nominee will shape the future of our country, and the American people deserve a say.

SUPPORT NOMINATION OF JUDGE AMY CONEY BARRETT

(Mrs. WALORSKI asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. WALORSKI. Mr. Speaker, I rise today along with members of the Indiana delegation in support of the nomination of Judge Amy Coney Barrett to the U.S. Supreme Court. We can think of no one better qualified to serve on the Nation's highest court than our fellow Hoosier, Judge Barrett.

Her record as a law professor and appellate judge demonstrates her first-rate legal mind and her unwavering commitment to constitutional principles. She graduated summa cum laude and first in her class at Notre Dame Law School, clerked for Judge Antonin Scalia, and returned to her alma mater as a highly respected professor.

In 2017, she was confirmed by the Senate on a bipartisan vote as judge on the Seventh Circuit Court of Appeals, where she currently serves.

Finally, Judge Barrett is a woman of faith and a dedicated mother of seven. Given her impeccable credentials, she should be qualified and confirmed without delay.

Mr. Speaker, we applaud President Trump for fulfilling his promise to appoint judges who will faithfully uphold the rule of law, defend the Constitu-

tion, and protect the life and liberty of every American.

IN PRAISE OF THE HEROIC ACTIONS OF HEIDI DREES

(Mr. CUNNINGHAM asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CUNNINGHAM. Mr. Speaker, I rise today to praise the heroic actions of Heidi Drees, a Jefferson Award winner.

On July 1, 2020, Heidi saved the life of a wounded Charleston County deputy, Mike Costanzo, after deciding to stop when she saw a crumpled human on the ground. Not only did she pull over to report and update details of the accident to 911, Heidi did what any courageous and kindhearted person would do; she comforted Deputy Costanzo in his dire time of need. Heidi held his hand, kept him alert, and she did not leave his side until medical professionals arrived on the scene.

Heidi and Mike have mutually agreed that they are connected for the rest of their lives, and Heidi knows that it was a higher power that put her there on that day.

I rise today to honor Heidi with the hope that she may be an inspiration to us all if we find ourselves in similar situations.

CELEBRATING THE LIFE OF BLAKE LOVETTE

(Ms. FOXX of North Carolina asked and was given permission to address the House for 1 minute.)

Ms. FOXX of North Carolina. Mr. Speaker, on Tuesday, Blake Lovette, a true giant not only in the North Carolina agriculture community, but in the civic community, passed away unexpectedly.

Blake was a good friend, and to say he made a profound impact on the Wilkes County community would be an understatement.

From his time on the Wilkes Board of Education to his role as the president of ConAgra Poultry, Blake was never satisfied with the status quo and believed that complacency was never an option. As chairman of the Wilkes County Republican Party, Blake exercised a level of diligence and grace that was second to none.

To Blake's family, I pray that God will continue to bless you and give you comfort during this difficult time.

HONORING JUSTICE RUTH BADER GINSBURG

(Ms. WASSERMAN SCHULTZ asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. WASSERMAN SCHULTZ. Mr. Speaker, I rise to honor a fearless visionary woman who has transcended

generations with her legal mind, compassion, and wit.

As a Jewish woman, she was a personal inspiration to me, my daughters, and millions of others who follow in her footsteps and are guided by the same values of justice and *tikkun olam*.

In Hebrew, there is a saying: “May your memory be for a revolution.” And that aim is our promise to Justice Ginsburg.

Around this country, access to vital reproductive healthcare is hanging on by a thread.

Yesterday marked the 44th anniversary of the Hyde Amendment.

Low-income women and women of color are forced to make tough economic decisions every day that often put their own lives and that of their families at risk because of their inability to access critical family planning.

Just Ginsburg fought for these women. For all women. She was a tireless defender of our Nation’s promise of freedom, justice, and equality for all.

Yet with her passing, we find ourselves in a push to subvert reproductive rights and dismantle healthcare protections that 135 million people, including me, with a preexisting condition, rely upon.

Justice Ginsburg passed on Erev Rosh Hashanah, the start to the Jewish new year. They say that those who die on this day are a *tzadik*, or a person of righteousness. Ruth Bader Ginsburg was certainly that and more.

May Justice Ginsburg’s memory be a blessing and her example a righteous inspiration for us all.

CELEBRATING HISPANIC HERITAGE MONTH

(Mr. NEWHOUSE asked and was given permission to address the House for 1 minute.)

Mr. NEWHOUSE. Mr. Speaker, today I rise in celebration of Hispanic Heritage Month.

In my home district of central Washington, the history and the culture of Hispanic Americans is woven into the fabric of our communities. From small businesses in manufacturing to agriculture and artistry, the success of our communities is dependent on the success of our diverse and vibrant Hispanic populations.

Earlier this year, the House passed legislation to finally establish the National Museum of the American Latino in our Nation’s Capital. It is my hope that this museum will empower all of us to learn about and engage with the history of Hispanic Americans and their contributions to our history and our culture.

In central Washington and across the country, we are proud of our Hispanic friends and neighbors who prove that the American Dream is alive and well. Because of them, we are a stronger, more diverse, more prosperous society, and I urge my colleagues to join me in celebrating Hispanic Heritage Month.

FORT BEND COUNTY ROCKS ON

(Mr. OLSON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. OLSON. Mr. Speaker, COVID-19 hit Fort Bend County hard in March. Our local concert venue, the Smart Financial Centre, has not rocked since, yet Fort Bend County has rocked on.

The Fort Bend Hope Clubhouse kept rocking—proof: ROCKS I received from the director, Kerry Beth Cottingham. We met Monday back home. She gave me these two rocks with a common message, #clubhouserocksTexas.

They rock because they are giving people with mental conditions the skills they need to build confidence and independence. Members choose every day where they want to work: work in the kitchen, go to class, clerical work, technical work, or just outreach about the magic happening at the clubhouse.

Keep rocking, Fort Bend Hope Clubhouse. Let’s rock into Mental Health Awareness Week that starts next week. Mahalo.

PAY TRIBUTE TO JUSTICE RUTH BADER GINSBURG BY VOTING

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. JACKSON LEE. Mr. Speaker, I take this time to not only speak to the American people about voting, but also just take a brief moment to pay a beginning tribute to Justice Ruth Bader Ginsburg. She deserves a much longer period of acknowledgment, and I am going to do so as we return back to Washington in the coming days and weeks. In fact, I believe that we should dedicate weeks and days of honoring Justice Ginsburg, even in the midst of this potential nomination to replace her.

I want to speak to the American people as we begin our journey toward November 3 and let them know of the precious right to vote, that citizenship gives them that very precious right to make their own decision. I have no right to tell them that, but as a Member of the United States Congress, I have an obligation to ensure that their vote is protected, however they vote.

I must ensure that there is a truthful understanding of mail ballots. Some States have been voting with mail ballots for decades. I must ensure that the mail ballots are protected, the early vote is protected, and, as well, it is protected on November 3.

I just want to indicate, Justice Ginsburg said in the Shelby case that the majority’s logic was akin to “throwing away your umbrella in a rainstorm because you are not getting wet.”

Justice Ginsburg believed in voting and voting protection. Let’s pay tribute to her and vote.

Mr. Speaker, today I rise to honor Supreme Court Justice Ruth Bader Ginsburg, who died

on Friday, September 18, 2020 at the age of 87 years old.

As a direct beneficiary of her advancement of women’s rights and a long-time admirer of her vigorous defense of the Constitution, I am honored but heartbroken to pay tribute to Justice Ginsburg, an American hero, feminist icon, and role model to millions.

Today, tomorrow, and forever, the American people mourn the loss of a true titan, an American legend, and an inspiration.

Our thoughts and prayers are with Ruth’s family, friends, and loved ones.

Ruth Bader Ginsburg dedicated her life to defending the Constitution and protecting the sanctity of America’s democratic ideals, and we will forever be indebted to her service to this country.

Joan Ruth Bader, fondly nicknamed Kiki, was born on March 15, 1933 to an immigrant family and grew up in Brooklyn’s Flatbush neighborhood.

Ruth Bader Ginsburg often spoke of her mother’s large ambitions for her, and how the devastating loss of her mother’s death at an early age instilled in her the determination to live a life that her mother would have been proud of.

And so, she did.

Ruth Bader attended Cornell University where she met Martin D. Ginsburg, her future husband and love of her life to whom she was married for 54 years.

At the age of 21, Ruth Bader graduated Phi Beta Kappa from Cornell with a Bachelor of Arts degree in Government on June 23, 1954, and was the highest-ranking female student in her graduating class.

A month after graduating from Cornell, Ruth and Martin were married and moved to Fort Sill, Oklahoma, where Martin was stationed as a Reserve Officers’ Training Corps officer in the U.S. Army Reserve after his call-up to active duty.

To help support the family, Ruth Bader Ginsburg worked for the Social Security Administration office in Oklahoma, where she was demoted after becoming pregnant with her first child, Jane, who was born in 1955.

In the fall of 1956, Ruth Bader Ginsburg enrolled at Harvard Law School, where she was one of only 9 women in a class of about 500 men.

Harvard Law Dean Erwin Griswold reportedly invited all the female law students to dinner at his family home and asked the female law students, including Ginsburg, “Why are you at Harvard Law School, taking the place of a man?”

When her husband took a job in New York City, Ruth Bader Ginsburg transferred to Columbia Law School and became the first woman to be on two major law reviews: Harvard Law Review and Columbia Law Review.

In 1959, she earned her law degree at Columbia and tied for first in her class but despite these enviable credentials and distinguished record of excellence, no law firm in New York City would hire her as a lawyer because she was a woman.

Ruth Bader Ginsburg became a crusader for women’s rights and an unstoppable force who transformed the law and defied social convention.

Ruth Bader Ginsburg, later affectionately known as the ‘Notorious RBG,’ was as instrumental and historically significant to the cause of women’s rights as was Thurgood Marshall

to the cause of civil rights for African Americans.

As a young lawyer and Director of the Women's Rights Project of the American Civil Liberties Union, Ruth Bader Ginsburg litigated six landmark cases before the Supreme Court, winning five out of the six cases.

Like Justice Marshall, Ruth Bader Ginsburg's uncanny strategic instincts and careful selection of cases were vital in her persuasion of the all-male Supreme Court to start dismantling the legal institution of sex discrimination one case at a time.

In 1975, Ruth Bader Ginsburg litigated and won *Weinberger v. Wiesenfeld*, which would become a landmark case in antidiscrimination jurisprudence.

In this case, the widower had been denied survivor benefits, which would allow him to stay at home and raise his son, based on a Social Security provision that assumed only women were secondary providers with unimportant incomes.

While some questioned Ginsburg's choice to challenge instances of sex discrimination by representing a male plaintiff, Ruth Bader Ginsburg saw it as an opportunity to show the court that childcare was not a sex-determined role to be performed only by women.

As with many of her cases, her goal was to free both sexes, men as well as women, from the roles that society had assigned them and to harness the Constitution to break down the structures by which the state maintained and enforced those separate spheres.

As Ruth Bader Ginsburg continued to challenge the stereotypical assumptions of what was considered to be women's work and men's work, she was able to persuade the Court and the nation that discriminating on the basis of sex was not only wrong but also a violation of the 14th Amendment of the Constitution, which guarantees equal protection to all citizens under the law.

As the courts began to recognize the changing roles of men and women, Ruth Bader Ginsburg was able to advance gender equality with the understanding that women are capable of being heads of households or sole providers for their family.

In 1993, President Bill Clinton appointed Ruth Bader Ginsburg to the Supreme Court, making her the second woman to fill this position.

This historic appointment further symbolized the principle that women were equal to men in every respect, that they could have successful careers and also could, if they chose, be devoted wives or mothers, thereby breaking barriers for generations of women to follow in her footsteps.

In fact, many of Ginsburg's opinions helped solidify the constitutional protections she had fought so hard to establish decades earlier.

While we commemorate Justice Ginsburg's work for advancing the women's movement both as a Justice and as a lawyer, all are in her debt who cherish the progress made in the areas of LGBTQ+ equality, immigration reform, environmental justice, voting rights, protections for people with disabilities, and so much more.

Throughout her life, Ruth Bader Ginsburg worked to make the law work so that America would be more just, equitable, fairer, and better for all.

Whether it be in her legendary dissenting opinions or as leader when in the majority,

Justice Ginsburg continued to advocate for the marginalized and most vulnerable.

In recent years, she may not have been able to control the outcome of the rulings, but she grew bolder in her dissents, often stating what should have been the outcome.

Throughout her tenure on the bench, Ruth Bader Ginsburg displayed her rigorous and incisive legal mind and employed her formidable skills as a consensus builder, but she could be tough and forceful when the moment demanded.

Nothing illustrates this better than her famous dissent in *Shelby County v. Holder*, in which the 5-to-4 majority negated the Voting Rights Act of 1965 by invalidating section 4 of the law, which neutralized section 5, the provision of the act that required jurisdictions with a history of racial and ethnic discrimination in voting to obtain preclearance from the federal government before any changes in voting procedures, from polling stations to voter photo IDs could go into effect.

It was in her scathing dissent Justice Ginsburg stated, "Hubris is a fit word for today's demolition of the VRA" and that the majority's logic was akin to "throwing away your umbrella in a rainstorm because you are not getting wet."

Unlike the others, Justice Ginsburg was able to see the ramifications of the ruling and its allowances for reinvigorated efforts of voter suppression.

Today, I join millions of individuals who are mourning the loss of this legal giant, feminist, and trailblazer.

Justice Ginsburg loved this country, so much so that she served the nation while enduring illnesses and undergoing treatments that would have incapacitated lesser mortals.

She inspired generations of women then and now to shatter glass ceilings, and her legacy will inspire new generations of women in the years to come.

As the news of her passing continues to reverberate across the country and around the world, it is important that we remember and honor what she stood for and continue fighting to realize the goal of equal justice under law.

I am honored to be able to pay tribute to the memory of Supreme Court Justice Ruth Bader Ginsburg, the 'Notorious RBG,' one of the greatest jurists in our nation's history, a tireless and unyielding champion for equal justice, and a fierce defender of the Constitution.

ABANDONED WELLS MUST BE PLUGGED

(Mr. THOMPSON of Pennsylvania asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. THOMPSON of Pennsylvania. Mr. Speaker, last week, I introduced H.R. 8332, the Plugging Orphan Wells and Environmental Restoration Act, or the POWER Act. This bill would authorize the Federal orphan well remediation program under the Energy Policy of 2005 for 5 years at \$50 million per year.

The POWER Act would also establish a grant program for environmental restoration and reclamation of orphaned wells on State as well as private and Tribal lands, authorized at \$400 million per year for 5 years.

It is estimated that Pennsylvania has more orphaned wells than any other State. Pennsylvania is the birthplace of the modern petroleum industry, and the Commonwealth's oil and gas industry has helped lead America to energy independence.

We have both an economic and environmental responsibility to ensure abandoned wells are plugged, and the POWER Act would ensure these legacy sites are appropriately handled to protect the environment, while also stimulating jobs in the oil and gas sector. This will be a win-win for America and a win-win, certainly, for Pennsylvania.

I thank GUY RESCHENTHALER, my colleague from Pennsylvania, for joining me on this legislation, and I urge my colleagues to support oil and gas well remediation through the POWER Act.

COMMITTEE RESOLUTION

LEASE—DEPARTMENT OF HOMELAND SECURITY
UNITED STATES CITIZENSHIP & IMMIGRATION
SERVICES NATIONAL, CAPITAL REGION

Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that pursuant to 40 U.S.C. §3307, appropriations are authorized for a lease of up to 247,000 rentable square feet of space, including 4 official parking spaces, for the De-

partment of Homeland Security (DHS)—Citizenship and Immigration Services currently located in two locations at 2200 Crystal Drive in Arlington, VA, and 131 M Street NE in Washington, DC a proposed total annual cost of \$12,350,000 in Washington, DC; at a proposed total annual cost of \$9,633,000 in Northern Virginia; or at a proposed cost of \$8,645,000 in Suburban Maryland for a lease term of up to 20 years, a prospectus for which is attached to and included in this resolution.

Approval of this prospectus constitutes authority to execute an interim lease for all tenants, if necessary, prior to the execution of the new lease.

Provided that, the Administrator of General Services and tenant agency(ies) agree to apply an overall utilization rate of 187 square feet or less per person, except that, if the Administrator determines that the overall utilization rate cannot be achieved, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided that, except for interim leases as described above, the Administrator may not enter into any leases that are below prospectus level for the purposes of meeting any of the requirements, or portions thereof, included in the prospectus that would result in an overall utilization rate of 187 square feet or higher per person.

Provided that, to the maximum extent practicable, the Administrator shall include in the lease contract(s) a purchase option that can be exercised at the conclusion of the firm term of the lease.

Provided further, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Provided further, that the Administrator shall require that the delineated area of the procurement is identical to the delineated area included in the prospectus, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided further, not later than 30 calendar days after the date on which a request from the Chair or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

Provided further, the Administrator of General Services may not enter into this lease if it does not contain a provision barring any individual holding a Federally-elected office, regardless of whether such individual took office before or after execution of this lease, to directly participate in, or benefit from or under this lease or any part thereof and that such provision provide that if this lease is found to have been made in violation of the foregoing prohibition or it is found that this prohibition has been violated during the term of the lease, the lease shall be void, except that the foregoing limitation shall not apply if the lease is entered into with a publicly-held corporation or publicly-held entity for the general benefit of such corporation or entity.

Provided further, prior to entering into this lease or approving a novation agreement involving a change of ownership under this lease, the Administrator of General Services shall require the offeror or the parties requesting the novation, as applicable, to identify and disclose whether the owner of the leased space, including an entity involved in the financing thereof, is a foreign person or a foreign-owned entity; provided further, in such an instance, the Administrator of General Services shall notify the occupant agency(ies) in writing, and consult with such occupant agency(ies) regarding security concerns and necessary mitigation measures (if any) prior to award of the lease or approval of the novation agreement.

Provided that, to the maximum extent practicable, the Administrator of General Services shall require that the lease procurement consider the availability of public transportation consistent with agency mission requirements and that the space to be leased be renovated for all cost effective improvements, including renewable energy upgrades, water efficiency improvements, and indoor air quality optimization, that reduce greenhouse gas emissions.

Executive Summary

The General Services Administration (GSA) proposes a lease for approximately 247,000 rentable square feet (RSF) for the Department of Homeland Security (DHS)–Citizenship and Immigration Services (USCIS), currently located in two locations at 2200 Crystal Drive in Arlington, VA, and 131 M Street NE in Washington, DC, under leases that expire on October 1, 2020, and September 7, 2026. The proposed lease will house USCIS in one location, providing continued housing as well as modern, streamlined, consolidated, and efficient operations. This prospectus addresses the tactical housing needs of USCIS within the overall context of the strategic DHS consolidation plan.

The lease will provide continued housing for USCIS, improving the office utilization rate from 91 to 78 usable square feet (USF) per person while increasing the overall utilization rate from 156 to 187 USF per person.

Description

Current USF/Person:	156
Estimated USF/Person:	187
Proposed Maximum Leasing Authority:	20 years
Expiration Dates of Current Leases:	10/01/20 and 09/07/26

Current Total Annual Cost:	\$6,953,303
Estimated Rental Rate for DC ² :	\$50.00 / RSF

¹ Security requirements may necessitate control of parking at the leased location in addition to the official parking spaces identified in the prospectus. If the additional parking resulting from security requirements is included in the leasehold interest in the building, the proposed total annual cost and maximum proposed rental rate may exceed the amounts indicated above.

² This estimate is for fiscal year FY 2021 and may be escalated by 2.0 percent annually to the effective date of the lease to account for inflation. The proposed rental rate for each of the jurisdictions of the NCR is fully serviced including all operating expenses whether paid by the lessor or directly by the Government. GSA will conduct the procurement using prevailing market rental rates as a benchmark for negotiating this lease or leases to ensure that lease award is made in the best interest of the Government.

Acquisition Strategy

In order to maximize flexibility in acquiring space to house USCIS, GSA plans to issue a single, multiple-awards solicitation that will allow offerors to provide blocks of space able to meet these requirements in whole or in part. Although the delineated area for the overall procurement includes all three National Capital Region jurisdictions—Washington, DC; Suburban Maryland; and Northern Virginia—this requirement must be housed in one or more geographically proximate buildings in a single political jurisdiction.

Background

The USCIS mission is to secure America’s promise as a nation of immigrants by providing accurate and useful information to its customers, granting immigration and citizenship benefits, promoting an awareness and understanding of citizenship, and ensuring the integrity of the immigration system. USCIS oversees lawful immigration to the United States, providing services that include citizenship, immigration of family members, visas, verification of legal rights to work in the United States, humanitarian programs, adoptions, civic integration, and genealogy.

Justification

The current lease for space at 2200 Crystal Drive expires on October 1, 2020. USCIS has a continuing need to house personnel working in this location to carry out its mission at the NCR Potomac Service Center (PSC). There are five USCIS service centers in the continental United States. Each center processes various immigrant benefit cases in a multi-state area.

The current lease for space at 131 M Street NE expires on September 7, 2026. USCIS has a continuing need to house its personnel currently working in this location, but by

³ Any new lease may contain escalation clauses to provide for annual changes in real estate taxes and operating costs in each of the three jurisdictions of the NCR.

consolidating the Immigrant Investor Program Office (IPO) and its personnel with the NCR Potomac Service Center, the agency will realize co-location space efficiencies that will also lower the overall utilization rate. The IPO administers the EB-5 Program for entrepreneurs (and their spouses and unmarried children under 21) who are eligible to apply for a green card (i.e., permanent residence) if they 1) make the necessary investment in a commercial enterprise in the United States and 2) plan to create or preserve 10 permanent full-time jobs for qualified U.S. workers.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Solicitation for Offers and other documents related to the procurement of space for which this prospectus seeks authorization. GSA encourages offerors to work with energy service providers to exceed minimum requirements set forth in the procurement.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

Interim Leasing

GSA will execute such interim leasing actions as are necessary to ensure continued housing of the tenant agency prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

ALTERATION—CONSOLIDATION ACTIVITIES
PROGRAM, VARIOUS BUILDINGS

Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that pursuant to 40 U.S.C. § 3307, appropriations are authorized for the reconfiguration and renovation of space within government-owned and leased buildings during Fiscal Year 2020 to improve space utilization, optimize inventory, decrease reliance

on leased space, and reduce the Government's environmental footprint at a total cost of \$15,500,000, a prospectus for which is attached to and included in this resolution.

Provided, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Provided further, not later than 30 calendar days after the date on which a request from the Chair or Ranking Member of the Com-

mittee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

FY 2020 Project Summary

The General Services Administration (GSA) proposes the reconfiguration and renovation of space within Government-owned and leased buildings during fiscal year (FY) 2020 to support GSA’s ongoing consolidation efforts to improve space utilization, optimize inventory, decrease reliance on leased space, and reduce the Government’s environmental footprint.

Since inception of the Consolidation Activities Program in FY 2014, GSA has received \$283 million in support of the program. Through FY 2018, the Consolidation Activities Program has funded 75 projects.¹ When complete, the 75 projects will result in more than a 1.59 million usable square foot (USF) reduction, reduce agency rental payments to GSA by \$65 million annually, and generate \$130 million in annual Government lease cost avoidance.

FY 2020 Committee Approval and Appropriation Requested\$75,000,000

Program Summary

As part of its ongoing effort to improve space utilization, optimize inventory, decrease reliance on leased space, and reduce the Government’s environmental footprint, GSA is identifying consolidation opportunities within its inventory of real property assets. These opportunities are presented through surveys and studies, partnering with customer agencies, and through agency initiatives. Projects will vary in size by location and agency mission and operations; however, no single project will exceed \$20 million in GSA costs. Funds will support consolidation of customer agencies and will not be available for GSA internal consolidations. Preference will be given to projects that result in an office utilization rate of 130 USF per person or less and a total project payback period of 10 years or less.

Typical projects include the following:

- Reconfiguration and alteration of existing Federal space to accommodate incoming agency relocation/consolidation. (Note: may include reconfigurations of existing occupied Federal tenant space); and
- Incidental alterations and system upgrades, such as fire sprinklers or heating, ventilation, and air conditioning, needed as part of relocation and consolidation.

Projects will be evaluated using the following criteria:

¹ These figures include 4 projects that will be undertaken with FY 2018 appropriations received of \$20,000,000. GSA is awaiting Resolution of the FY 2018 Prospectus by the Committee on Environment and Public Works of the U.S. Senate before obligating these funds.

-
- Preference will be given to projects that are identified as a reduction opportunity by both GSA and the subject agency, and that meet the other criteria.
 - Proposed consolidation projects will result in a reduction in annual rent paid by the impacted customer agency.
 - Preference is given to consolidations within or into owned buildings over consolidations within or into leased space.
 - Consolidation of expiring leases into owned buildings will be given preference over those business cases for lease cancellations that include a cancellation cost.
 - Co-location with other agencies with shared resources and special space will be given preference.
 - Links to other consolidation projects will be given preference.

Justification

GSA continually analyzes opportunities to improve space utilization and realize long-term cost savings for the Government. Funding for space consolidations is essential so that GSA can execute those opportunities.

Projects funded under this authorization will enable agencies to consolidate within Government-controlled leased space or relocate from either Government-controlled leased or federally owned space to federally owned space that more efficiently meets mission needs. These consolidations will result in improved space utilization, cost savings for the American taxpayers, and a reduced environmental impact.

Prospectus Number: PFP-0001-MU20

FY 2020 Project Summary

This prospectus proposes alterations to upgrade, replace, and improve fire protection systems and life safety features in Government-owned buildings during FY 2020.

Since FY 2010, GSA has received \$121,000,000 in support of this program. These funds supported 101 projects in 86 Government-owned buildings.

FY 2020 Committee Approval and Appropriation Requested.....\$30,000,000

Program Summary

As part of its fire protection and life safety efforts, GSA currently is identifying projects in Federal buildings throughout the country through surveys and studies. These projects will vary in size, location, and delivery method. The approval and appropriation requested in this prospectus is for a set of retrofit projects with engineering solutions to reduce fire and life safety hazards. Typical projects include:

- Replacing antiquated fire alarm and detection systems that are in need of repair or for which parts are no longer available.
- Installing emergency voice communication systems to facilitate occupant notification and evacuation in Federal buildings during an emergency.
- Installing or expanding, as necessary, fire sprinkler systems to provide a reasonable degree of protection for life and property from fire in Federal buildings.
- Constructing additional exit stairs or enclosing existing exit stairs to facilitate the safe and timely evacuation of building occupants in the event of an emergency.

Justification

GSA periodically assesses all facilities to identify hazards and initiate correction or risk-reduction protection strategies so that its buildings do not present an unreasonable risk to Government personnel or the general public. Completion of these proposed projects will improve the overall level of safety from fire and similar risks in federally owned buildings in GSA's portfolio nationwide.

¹ These figures include 14 projects in 14 Government-owned buildings that will be undertaken with FY 2018 appropriations received of \$25,000,000. GSA is awaiting Resolution of the FY 2018 Prospectus by the Committee on Environment and Public Works of the U.S. Senate before obligating these funds.

Proposed Project

The project proposes to address multiple building infrastructure and system deficiencies including the complete demolition of and upgrades to the restrooms in the basement and floors 1 through 4. The existing roofing systems on the main tower, childcare, and auditorium will be replaced, and asbestos and lead paint abatement and removal at the roofs will be undertaken. The existing Rainwater and non-operable window washing systems will be replaced. HVAC upgrades, including the replacement of five air handler units and related fans and ducts, along with the replacement of multiple diffusers and variable air volume (VAV) devices, will be undertaken, and the air intake grilles currently located at ground level will be replaced and relocated to the roof level of the tower building. Plumbing upgrades include the replacement of the tepid water system with a cold and hot water supply. Electrical upgrades, including replacement of all wiring and lighting with LED fixtures throughout the work areas. The main switchgear will be replaced along with the distribution panelboards on each floor in electrical closets.

SSA's ability to respond effectively and efficiently to the changing needs of components housed in the FHFB.

The completion of the proposed upgrades and replacements will address exigent safety issues and deficiencies while extending the useful life of the building. The renovation of the restrooms for the basement to the 4th floor will complete the restrooms modernization for the entire building and meet the Architectural Barriers Act Accessibility Standard (ABAAS) requirements. The replacement of the roofing systems and the rainwater and stormwater drains will ensure building's water tightness for a number of years. Replacement of the existing tepid water system with a new dual pipe water system will lessen the risk of Legionella propagation. Replacement of five air handling units in the basement will complete the replacement of all the air handling units in the past few years. Extending the exterior air intakes to the top of the roofline of the building reduces the building's risk of contamination. Replacement of the electrical switchgear will lessen the risk of another whole building electrical outage.

Summary of Energy Compliance

This project will be designed to conform to requirements of the *Facilities Standards for the Public Buildings Service*. GSA encourages design opportunities to increase energy and water efficiency above the minimum performance criteria.

FY 2020 Project Summary

The General Services Administration (GSA) proposes a repair and alteration project for the Regional Office Building (ROB), located at 301 7th Street SW, in downtown Washington, DC. This project will renovate and modernize the building in preparation for the Department of Homeland Security’s (DHS) occupancy. Major building systems will be upgraded to accommodate up to 4,074 personnel, resulting in a maximum, all-in utilization rate (UR) of 150 usable square feet (USF) per person. The proposed DHS consolidation provides an annual lease cost avoidance of approximately \$13,000,000 and an annual agency rent savings of approximately \$525,000.

It contains approximately 941,463 gross square feet, of which there are approximately 845,169 rentable square feet or 612,593 USF. The building was originally built as a warehouse between 1929 and 1932; it was later adapted for office use in a

haphazard fashion resulting in poor circulation and office layout. The building contains seven floors above grade and a basement. Its electrical system has both capacity and distribution issues that make even minor space alterations difficult and costly. Building elevators are far beyond their useful life, resulting in frequent outages of one or more elevators, and often require custom or rebuilt parts for repair. The building's HVAC system is also well past its useful life; air distribution issues create hot and cold areas throughout the building, regardless of the external temperature. The building also has ongoing plumbing issues, and occasionally pipes burst, damaging interior walls and carpet.

Tenant Agencies

Proposed Project

The project will provide for upgrades of most of the major systems in the building, including the conveyance, plumbing, HVAC, electrical, and fire protection systems. A redesign of the building's circulation pattern will recapture rentable office space and increase the space efficiency by utilizing an open-plan office concept to the greatest extent possible. Furthermore, the project will aim to provide an open architecture systems approach to the infrastructure to allow for a high-performance workspace that focuses on the health, safety, and comfort of personnel, and to provide flexibility and ease of accommodation for the operators of the building.

Fire Protection Upgrades	3,707,000
Hazardous Materials Abatement	<u>1,224,000</u>
Total ECC	\$82,308,000

Justification

ROB currently includes outdated HVAC and lighting equipment, insufficient illumination in several mechanical spaces, and outdated interior office finishes. The proposed accommodation of additional DHS personnel into the ROB requires an open office environment to maximize the building capacity. Additionally, the location of mechanical rooms, electrical and telecommunication closets, and restrooms varies from floor to floor, resulting in inefficient distribution of electrical and plumbing systems and consequent energy waste.

A majority of the building's major systems are outdated and have reached or surpassed the end of their useful lives, resulting in poor indoor air quality and pronounced tenant discomfort in the winter and summer months. Approximately one-fifth of the air handling units are more than 30 years old, and the steam piping and condensate return lines are greater than 50 years old. The HVAC system consists of a central chilled water plant in the basement and rooftop cooling towers, with heating provided by steam supplied by GSA's central heating plant. In accordance with *Facilities Standards for the Public Buildings Service (GSA P-100)*, the existing steam station will be upgraded along with a steam-to-hot water converter to supply heating and hot water to the building's mechanical systems. Six cooling towers located on the roof are in fair to poor condition and require replacement.

The existing sub-power and lighting distribution panels throughout the building are in fair to poor condition and will be replaced. Multiple electrical panels are more than 40 years old, and the associated feeders are well beyond the end of their expected useful life. Both the panels and the feeders will be replaced.

The building’s vertical transportation systems include 10 passenger elevators and 3 freight elevators, 1 of which has not been operational for several years. Periodic passenger entrapments occur. Such incidents result from high use of aging elevators that run on pulley systems rather than hydraulic systems. Many of the necessary replacement parts are obsolete and can be difficult to obtain. All elevators will be replaced.

The existing fire protection system is outdated and will be upgraded/replaced in renovated space. The entire system will be expanded to provide protection in approximately 40 percent of the building, which is currently without sprinklers.

Summary of Energy Compliance

This project will be designed to conform to requirements of the *Facilities Standards for the Public Buildings Service (GSA P-100)*. GSA encourages design opportunities to increase energy and water efficiency above the minimum performance criteria.

Proposed Project

The proposed project includes replacing air distribution systems including variable air volumes, fan coil units, heating terminal units, distribution piping, duct work, the building automation system (BAS), and the fire alarm system. Outside air intakes will be relocated from the ground level to the roof level. Air handling units and distribution will be upgraded. A new radiator will be provided for the emergency generator. Justification

The majority of the HVAC system is past its useful life and inefficient. The BAS is obsolete resulting in ongoing issues, especially with temperature control and poor air circulation affecting tenant comfort; therefore, comprehensive improvements are required. The proposed project will improve indoor air quality and energy efficiency. Completion of this project will reduce emergency repairs and the risk of a catastrophic system failure.

There are fire and life safety deficiencies, including lack of a fall arrest system on the roof and inadequate smoke control. The air intakes are at ground level, which is a security risk. The fire alarm system is outdated and does not provide voice annunciation. Proposed upgrades will meet current standards.

Building

The Mollo Federal Building is an 11-story office building with a basement. The building was constructed in 1974 of prefabricated aggregate facade with a structural reinforced concrete framework on a poured concrete foundation. The building is connected by secure bridges to the Thurgood Marshall U.S. Courthouse and the Metropolitan Correction Center (MCC).

The Javits Federal Office Building is located at 26 Federal Plaza, New York, NY. It consists of three interconnected buildings: a 45-story Federal office building plus basement, an 8-story courthouse and office building built in 1967 (the James L. Watson Court of International Trade), and a 45-story addition (Annex) built along the west side of the original 45-story building in 1977. The two 45-story buildings function together as the Jacob K. Javits Federal Office Building. The Watson Court of International Trade (CIT) is connected to Javits via a 4-story pedestrian bridge. The entire Javits complex consists of approximately 2.9 million gross square feet.

existing structure to meet current standards for seismic and security and screening. The scope of the Mollo project includes complete replacement of building systems, including the facade, roofing, HVAC, electrical infrastructure, and elevators. The project also includes accessibility upgrades, a new integrated main entrance, and construction of tenant space for the USAO Criminal Division and USMS. Swing space in the Javits building will be required so tenants can vacate the existing facility and this work can be executed. The swing space will be constructed on two floors in the Javits Federal Building to accommodate the USAO Criminal Division and USMS and, at the conclusion of this project, will be reused to permanently house the Civil Division of the USAO, currently located in leased space, and USAO Administrative Services operations, currently located in Government-owned space at 201 Varick Street, New York, NY.

This request includes funding for design of the entire project, and construction and M&I for the swing space. GSA intends to submit a prospectus in a future year for the construction portion of the Mollo project.

Major Work Item

HVAC Replacement	\$8,181,000
Electrical Replacement	7,521,000
Interior Construction	5,938,000
Demolition	5,426,000
Fire Protection Replacement	1,477,000
Plumbing Replacement	<u>580,000</u>
Total ECC	\$29,123,000

Justification

It is imperative that the Southern District of New York USAO's Criminal Division remain located long term at the Mollo Federal Building. This location provides USAO with easy access to both the Daniel Patrick Moynihan and Thurgood Marshall U.S. Courthouses, as well as the MCC, the Federal prison serving Manhattan. The commercial real estate market makes it highly unlikely that office space for the USAO Criminal Division could be found in one location within a reasonable distance from the courthouses. If the USAO Criminal Division were to be housed elsewhere, the transit times from the correctional facility and courthouses would be longer, and there would be a chance its operations would have to be split up among multiple locations, impacting security and operational efficiency and resulting in a significantly higher cost to the taxpayer.

Mollo Building systems are outdated, at risk for failure, and not in compliance with current codes and standards. Deferring the proposed work will result in running a risk of encountering complicated and costly emergency repairs. In addition, mechanical systems in the Mollo Federal Building provide air conditioning (chilled water) and heating (reduced pressure steam) to the adjacent MCC, so that a failure of the steam reducing system and the chillers at the Mollo Federal Building could result in a lack of heating or air conditioning at the MCC.

Tenant space, as currently configured, is inefficient and does not meet the needs of the agencies. The modernization of the Mollo Federal Building will eliminate and/or minimize these deficiencies. Additionally, security will be enhanced, and the interior space will be handicapped accessible.

Summary of Energy Compliance

This project will be designed to conform to requirements of the *Facilities Standards for the Public Buildings Service*. GSA encourages cost effective design opportunities to increase energy and water efficiency above the minimum performance criteria.

FY 2020 Project Summary

The General Services Administration (GSA) proposes a repair and alteration project for the Department of Health and Human Services, Food and Drug Administration (FDA), Forensic Chemistry Center (FCC) located at 6751 Steger Drive in Cincinnati, OH. The proposed project will modernize the building’s outdated systems and expand FDA’s laboratory spaces in order to meet the agency’s long-term requirements.

The project also proposes the buildout of approximately 20,400 usable square feet of office space at the John Weld Peck Federal Building (Peck FB) in Cincinnati, OH. The space will house the FDA District Office that is currently located in the FCC and a component of FDA that is in leased space. The office space consolidation in the Peck FB will allow for the needed expansion of laboratory space in the FCC and provide an annual lease cost avoidance of approximately \$177,000.

Building

The FCC was constructed in 1998 as a build-to-suit lease specifically for FDA's use. GSA exercised a \$500,000 firm fixed price lease purchase option and assumed ownership of the asset in June 2018. The building, which is located on an 8-acre site within the City of Cincinnati, has approximately 77,000 gross square feet, one story above grade, and underground parking for 29 spaces. The building is steel-framed with a concrete and steel curtain wall. FDA's requirement for laboratory space at this location has expanded over the years. A building addition was constructed in 2004.

The Peck FB, located at 550 Main St. in Cincinnati, Ohio, was constructed in 1964 to house Federal agencies. The approximately 792,000 gross square foot steel-framed masonry limestone and glass office building has 10 stories above grade, a basement with inside parking spaces, and a sub-basement. A service and pedestrian tunnel beneath Main Street connects the Peck FB to the Potter Stewart U.S. Courthouse.

Proposed Project

The project scope in FCC includes demolition of the existing FDA District Office space to accommodate the expansion of the FDA's laboratory. The existing lab will be partially demolished and upgraded with new finishes. Renovations will be made to the building's systems including HVAC upgrades, lighting upgrades, emergency power upgrades, repairs to the building's exterior and roof, replacement of the fire alarm system, restroom upgrades, and improvements to the loading dock. The project will also consolidate the existing FDA District Office space and an office leased for the FDA Resident Post into vacant space within the Peck FB. To accommodate this consolidation, building demolition, interior alterations, electrical, HVAC, and life safety upgrades will be undertaken.

Justification

The FCC provides forensic analyses for high-profile samples collected within FDA's Office of Regulatory Affairs and other Federal and State agencies. The FCC's specialized forensic analysis activities include product tampering, counterfeiting of pharmaceuticals, detection of contaminants in foods and pharmaceuticals, and economic fraud related to foods and pharmaceuticals and illegal drugs. FCC scientists perform original research to develop methodology to identify poisons and other hazardous materials in pharmaceutical and food matrices. Criminal casework and regulatory sample submissions are projected to grow along with an increase of personnel at the FCC. The existing lab is outdated and does not allow the agency to effectively perform critical activities.

Consolidating FDA from leased space and the District Office from the FCC into vacant space in the Peck FB will allow FDA to share resources and will make for efficient operations for FDA's district, regional, State, and Federal agency partners. Approximately \$177,000 in annual lease costs will be avoided by relocating FDA from leased space into the Peck FB.

VBA currently occupies approximately 113,000 usable square feet in the Celebrezze Building. They have been housed on the 10th through 13th floors of the Federal building since it opened in 1966. Aside from minor space modifications and upgrades to the building's mechanical systems, the VBA office space has not undergone a major renovation. The modernization will provide VBA with contiguous space that meets its current requirements and will assist them in providing veterans services more effectively. Hazardous materials abatement needs to be completed in the renovated spaces to replace the ceiling, lighting and fireproofing, which are original to the building. OWCP and Education will backfill space vacated by VBA.

The project proposes to consolidate the USBC, currently in leased space, into the Bricker Federal Building. The project will create two USBC courtrooms, three chambers, clerk space, and support spaces. Buildings

The Holloway CT is located at 200 Northwest Fourth Street in downtown Oklahoma City. The site is located immediately to the south of the former Alfred P. Murrah Federal Office Building that was destroyed in the 1995 bombing.

Constructed in 1960, the five-story building contains 308,691 gross square feet and is eligible for listing in the National Register of Historic Places. The exterior walls are composed of cast concrete panels with limited ornamental detailing and marble veneer at the upper portion of the front facade. A full basement includes a small parking garage. A steel-framed skywalk connects this building to the PO-CT at the third floor level.

The PO-CT, located at 215 Dean A. McGee Avenue, opened in 1912. It was the first monumental building in Oklahoma City and was designed in the Beaux-Arts style. The building was expanded in 1919 and again in 1932. In 1988, GSA restored the public areas, including the former postal lobby, second floor courtroom (1912), and sixth floor courtroom (1932).

The 221,497 gross square foot building was listed in the National Register of Historic Places in 1974 and is an early symbol of the Federal presence in the State of Oklahoma. It is a massive, nine-story (plus basement) structure.

Tenant Agencies (both buildings)

Judiciary, Department of Justice—U.S. Marshals Service, Department of the Interior, Department of Labor, Department of Agriculture, Department of Defense, GSA, and other smaller agencies.

Proposed Project

The project will provide full design for repair and alteration of both the Holloway CT and the PO-CT. The first phase is repair and alteration of the Holloway CT which requires modernization of outdated building systems, including a complete HVAC replacement. Proposed interior construction in this building includes the replacement of finishes and fixtures in restrooms and common areas, reconfiguration of underground parking areas, and upgrades to comply with the Architectural Barriers Act Accessibility Standards (ABAAS). Electrical system components and the building's lighting system will be replaced. Building envelope upgrades include window replacement and repair of exterior stone. Fire and life safety upgrades include replacement of the entire fire alarm system, installation of additional stairwells for egress, and seismic upgrades. Plumbing fixtures and associated piping will be replaced. Site improvements proposed include replacement of caulking and correction of cracks in the plaza slab, landscape and lighting replacement, and accessibility upgrades.

The second phase includes repair and alteration of the PO-CT. Proposed interior construction includes replacement of finishes and fixtures in restrooms and common areas, as well as repair of water damage to interior woodwork and stone. The HVAC system also will be upgraded. Electrical work includes additional lighting and replacement of electrical panels. Building envelope upgrades include exterior stone restoration and window film for blast and window reinforcement. The mechanical penthouse roof will be replaced and the walls repaired. Fire and life safety upgrades

include seismic modifications and enhancements to the fire sprinkler system. Plumbing fixtures will be replaced in all restrooms and a basement drainage system installed. Site improvements include walkway repair, landscaping upgrades, and the installation of an accessible entry landing and ramp at the main building entry.

Major Work Items

Plumbing Replacement/Upgrades	3,792,000
Site Upgrade	<u>917,000</u>
Total	\$125,257,000

Justification

Water infiltration has caused damage to building interiors. Interior stairwells are required to bring emergency egress into compliance with fire safety codes. Reconfiguration of underground parking areas will maximize efficiency. The HVAC systems have exceeded their useful lives and need to be replaced for tenant comfort and efficient operation. Outdated HVAC control systems and related electronic components need frequent repairs, and parts are no longer available. In addition, new controls will support separate control of air on different floors, which will improve tenant comfort and satisfaction. The supply, return, ventilation, and exhaust fans are all original to the buildings and nearing the end of their useful lives. In both buildings, public restrooms, elevator lobbies, and common areas need upgrades for ABAAS compliance.

A replacement of lighting systems and electrical system components is needed to increase efficiency and comply with current code. Together, the buildings obtain only marginal energy performance. Inefficient and leaking windows are original to both buildings. Correction of window system deficiencies, along with repair to plaster, woodwork, and stone damaged by window leaks, is essential to the project. The potential failure of the stone exterior is a serious life safety concern. The fire alarm system is outdated and needs to be replaced. Seismic upgrades are included to address increased seismic activity in the area.

FY 2020 Project Summary

The General Services Administration (GSA) proposes a repair and alteration project for the Joseph F. Weis, Jr. U.S. Courthouse (Weis Courthouse) located at 700 Grant Street in Pittsburgh, PA. The project includes upgrading/replacing the heating, ventilation, and air conditioning (HVAC) system; upgrading the electrical system; replacing a portion of the roof; and space alterations for the U.S. Bankruptcy Court to support the court’s relocation from leased space into approximately 31,000 usable square feet (USF) of vacant space in the Weis Courthouse. Relocating the U.S. Bankruptcy Court into Federal space provides an annual lease cost avoidance of \$1,300,000 to the Government and an annual rent savings of approximately \$800,000 to the Judiciary.

Tenant Agencies

Judiciary, Department of Justice, GSA, Department of Agriculture, and Department of Veterans Affairs

Proposed Project

The project proposes replacing 13 air handler units and the associated steam, hot water heating, and chilled water system components in the building. Electrical upgrades, to support the HVAC upgrades and interior construction will be undertaken. In addition, all new and existing equipment, including electrical systems, will be tied into a recently installed building automation system. After the new rooftop cooling towers are installed, the roof over the affected areas of the sixth floor will be replaced.

The project also includes an interior space alteration project to support the U.S. Bankruptcy Court consolidation project. The U.S. Bankruptcy Court will be relocated from leased space to the Weis Courthouse and will reduce its footprint from approximately 43,000 USF to 31,000 USF. As part of this relocation and backfill into Federal space, the Circuit Library and Department of Justice – U. S. Marshals Service, current tenants of the Weis Courthouse, will also be reducing the amount of space they occupy to accommodate the U.S. Bankruptcy Court consolidation project.

Justification

The Weis Courthouse currently supports the operations of the U.S. Court of Appeals for the Third Judicial Circuit and the Western District of Pennsylvania for the U.S. District Court. The majority of the HVAC system is more than 50 years old and has exceeded its expected useful life. Older units still utilize the antiquated original pneumatic and communication controls. With multiple system components exceeding the expected service life and in a deteriorated condition, there is increased risk for a system failure and outage to portions of floors. Failures would lead to a significant disruption to the Judiciary's ability to meet caseload requirements.

The sixth floor roof is proposed as part of this project due to the placement of the cooling towers. Both cooling towers are located on the sixth floor roof, and the roof will be affected by the replacement of both towers.

The sixth floor roof will be replaced after the new rooftop cooling towers are replaced.

The proposed project for the Weis Courthouse will result in an annual lease cost avoidance of approximately \$1,300,000 and an annual rent savings of approximately \$800,000 for the Judiciary. The project fits into the overall asset strategy to repurpose vacant space for the courts and court-related functions, and enables space reduction for three court-related agencies. In addition, combining the HVAC system work with the proposed tenant renovation will reduce future tenant disruptions.

The Weis Courthouse has a significant amount of vacant space. Over the last several years, GSA worked with agencies in leased space to reduce their footprint and relocate into federally owned space. The U.S. Bankruptcy Court, currently located in one of the more costly GSA leases within Pittsburgh, will reduce its space by more than 30% by moving into the Weis Courthouse, including space currently occupied by the Circuit Library. The Circuit Library will be relocating into smaller space on another floor within the Weis Courthouse.

Summary of Energy Compliance

This project will be designed to conform to requirements of the *Facilities Standards for the Public Buildings Service*. GSA encourages cost effective design opportunities to increase energy and water efficiency above the minimum performance criteria.

Building

The Pickle FB, constructed in 1964, has 11 stories (including a partially below-grade ground level and a basement level) and approximately 275,000 gross square feet. In addition to the Federal office space, the building also houses a suite of rooms used by President Lyndon B. Johnson during his term of office. The building is part of a master facility that includes a large plaza and is connected by an underground tunnel to the smaller Homer Thornberry Building. The Pickle FB is listed in the National Register of Historic Places.

Tenant Agencies

Department of Treasury–Internal Revenue Service, Department of Homeland Security, Department of Transportation, Department of Agriculture, Congressional Offices, and other smaller agencies.

Proposed Project

History: Prospectus No. PTX-0227-AU14 includes modernization of a number of outdated internal building systems, as well as some exterior work. HVAC work includes replacement of the entire distribution system and of the restroom exhaust system. The window systems will be replaced with an energy-efficient insulated glass that will be chosen with sensitivity to the historical aspect of the building’s facade. Plaster damaged by window leaks will be repaired. The roof will be replaced with a more energy-efficient roof system with a davit and fall protection system. The entire existing fire alarm system will be replaced. Electrical system components will be replaced. The underground storage tank for the emergency generator is over 20 years old and must be replaced. Exterior cleaning and replacement of exterior caulking and correction of cracks in the plaza slab are also part of the project. Swing space needed to accommodate tenant moves during construction is included in the project.

Current Project: The proposed window system solution will replace the window assembly, including all glass and frame components. While this solution does not allow for retention of the original window frames as originally planned, GSA determined that replacing the building’s window system is necessary to resolve air and water infiltration issues that are damaging the interior of the building.

Major Work Items

HVAC/Mechanical Replacement	\$10,895,000
Exterior Construction	10,031,000
Exterior Construction (window replacement)	16,717,000
Electrical Replacement	3,696,000
Interior Construction	3,523,000
Life Safety/Emergency System Replacement	2,200,000
Plumbing Replacement	1,573,000
Roof Replacement	1,236,000
Total ECC	\$49,871,000

Justification

History: The building systems are outdated and have reached the end of their useful life. Outdated HVAC control system and related electronic components need frequent repairs, and parts are no longer available. The majority of the components of the facility's central plant are approaching the end of their useful life, thereby requiring the removal and replacement of boilers, cooling towers, and a chiller. Upgrades to the building's exterior include roof replacement as well as work on the windows and the plaza. The fire alarm is outdated and needs to be replaced to ensure life safety. The windows have been leaking at the Pickle FB for some time, damaging plaster in tenant spaces. In addition, window glazing is extremely stained and window gaskets are near the end of their useful lives. Installation of a waterproof membrane is needed in the plaza between the Pickle FB and Thornberry Building to prevent further water infiltration. This will prevent leakage into Pickle FB office space beneath the plaza. Additionally, replacement of the emergency generator's aging underground storage tank used to store fuel is a critical part of the project to prevent leakage or tank failure, which would be costly and environmentally hazardous.

Current Project: Implementation of the window replacement has proven more complex and costly than originally anticipated in order to fully address air and water infiltration issues as well as satisfy blast, energy, and historic preservation requirements. A window mock-up determined that the original FY 2014 design for the windows did not adequately solve water infiltration issues and created the need for extensive recurring maintenance. Additionally, while the original design included blast protection, the Facility Security Level of the building has increased since the project was authorized, increasing blast protection requirements.

To date, execution of this project has been in two phases. Phase I included all exterior work (except for the window replacement) and was completed in 2017. Costs for the Phase II proposals, for the interior work and the window replacement, were higher than the remaining

funding; therefore, GSA removed the window replacement from Phase II and reserved it for Phase III. Heavy rain events continue to cause further water damage to the building interior. The additional funding is needed to proceed with window replacement to avoid damage to the interior work performed in Phase II, which is to be completed in 2019.

The already saturated construction market was further affected by the 2017 hurricane season. The upsurge in demand for labor and materials along the Texas Gulf Coast has increased prices statewide, particularly for labor, as the workforce is being drawn from other cities, including Austin.

Summary of Energy Compliance

This project will be designed to conform to requirements of the *Facilities Standards for the Public Buildings Service*. GSA encourages cost effective design opportunities to increase energy and water efficiency above the minimum performance criteria.

AMOUNT REQUESTED IN FY 2020 (Design): \$3,200,000

WORK ITEM SUMMARY: Exterior construction, demolition, heating ventilation and air conditioning (HVAC) upgrades

DESCRIPTION

The General Services Administration (GSA) proposes the design of a future repair and alteration project for the Major General Emmett J. Bean Federal Center located at 8899 E. 56th Street, Indianapolis, IN, that will complete critical repairs and upgrades to the building's exterior. The project proposes rebuilding the existing roof parapet of the building, replacing the north portion of the roof, recoating the building's exterior, repairing the building's windows, and replacing the cooling tower.

The Bean Center is a three-story, concrete-framed structure with brick and stone exterior walls. The building measures approximately 1,660,000 gross square feet and is situated on a 72-acre site. It was constructed in 1953 as a Department of Defense records storage facility. Ownership of the building was transferred to GSA in 1996, at which time the facility was renovated for its current office use.

The building is experiencing a serious structural failure that poses a life safety hazard to its occupants and visitors. The roof parapet is separating from the roof and moving outwardly over the building's perimeter facades. There is a significant risk of large portions of the roof parapet falling off the building, and the risk increases as the parapet continues to move further. The movement is also causing delamination of the building's exterior coating which continues to fall off the building. Access to portions of the exterior has been restricted and temporary protective netting and scaffolding have been installed to protect tenants from any falling debris.

The north roof of the building, which has reached the end of its useful life, is experiencing leaks. The windows are allowing water intrusion into the building during rain events. The building cooling tower has reached the end of its useful life.

Overview of Project

The San Luis I LPOE was constructed 1984. Originally processing both commercial and noncommercial traffic, the port became exclusively noncommercial in 2010 when San Luis II began processing commercial traffic.

The project includes relocation and expansion of northbound vehicle primary and secondary inspection facilities; replacement of the headhouse to allow for proper sightlines for officers to observe activities at secondary inspection, the main building, and kennels; and development of southbound inspection and detention facilities that comply with the Department of Homeland Security, Customs and Border Protection (CBP) design guide.

Justification

The San Luis I LPOE is the busiest noncommercial LPOE in Arizona, processing over 3,000,000 vehicles and 2,500,000 pedestrians a year. The port currently processes much greater traffic than it was originally designed to accommodate. Existing facilities are significantly undersized and no longer meet the mission requirements of the Department of Homeland Security. All major building systems are past their useful lives. The expanded facilities will reduce wait times and provide additional capacity for cross-border travelers.

LEASE—FEDERAL BUREAU OF INVESTIGATION,
CHANTILLY, VA

Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that pursuant to 40 U.S.C. §3307, appropriations are authorized for a lease of up to 188,000 rentable square feet of space, including 613 official parking spaces, for the Federal Bureau of Investigation currently located at 15020–15030 Conference Center Drive in Chantilly, VA at a proposed total annual cost of \$7,332,000 for a lease term of up to 20 years, a prospectus for which is attached to and included in this resolution.

Approval of this prospectus constitutes authority to execute an interim lease for all tenants, if necessary, prior to the execution of the new lease.

Provided that, the Administrator of General Services and tenant agency(ies) agree to apply an overall utilization rate of 175 square feet or less per person, except that, if the Administrator determines that the overall utilization rate cannot be achieved, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided that, except for interim leases as described above, the Administrator may not enter into any leases that are below prospectus level for the purposes of meeting any of the requirements, or portions thereof, included in the prospectus that would result in an overall utilization rate of 175 square feet or higher per person.

Provided that, to the maximum extent practicable, the Administrator shall include in the lease contract(s) a purchase option that can be exercised at the conclusion of the firm term of the lease.

Provided further, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Provided further, that the Administrator shall require that the delineated area of the procurement is identical to the delineated area included in the prospectus, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided further, not later than 30 calendar days after the date on which a request from the Chair or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

Provided further, the Administrator of General Services may not enter into this lease if it does not contain a provision barring any individual holding a Federally-elected office, regardless of whether such individual took office before or after execution of this lease, to directly participate in, or benefit from or under this lease or any part thereof and that

such provision provide that if this lease is found to have been made in violation of the foregoing prohibition or it is found that this prohibition has been violated during the term of the lease, the lease shall be void, except that the foregoing limitation shall not apply if the lease is entered into with a publicly-held corporation or publicly-held entity for the general benefit of such corporation or entity.

Provided further, prior to entering into this lease or approving a novation agreement involving a change of ownership under this lease, the Administrator of General Services shall require the offeror or the parties requesting the novation, as applicable, to identify and disclose whether the owner of the leased space, including an entity involved in the financing thereof, is a foreign person or a foreign-owned entity; provided further, in such an instance, the Administrator of General Services shall notify the occupant agency(ies) in writing, and consult with such occupant agency(ies) regarding security concerns and necessary mitigation measures (if any) prior to award of the lease or approval of the novation agreement.

Provided that, to the maximum extent practicable, the Administrator of General Services shall require that the lease procurement consider the availability of public transportation consistent with agency mission requirements and that the space to be leased be renovated for all cost effective improvements, including renewable energy upgrades, water efficiency improvements, and indoor air quality optimization, that reduce greenhouse gas emissions.

Executive Summary

The General Services Administration (GSA) proposes a lease of approximately 188,000 rentable square feet (RSF) for the Department of Justice, Federal Bureau of Investigation (FBI), currently located at 15020-15030 Conference Center Drive in Chantilly, VA. The FBI has occupied this space since 2014 under a lease that expires on May 15, 2023. GSA is proposing to continue leasing space for the FBI at the current location pending the results of a cost-benefit analysis, including relocation and duplication costs of real and personal property needed for the FBI to accomplish its mission.

The lease will provide continued housing for the FBI and will maintain the office and overall space utilization rates at 68 and 175 usable square feet (USF) per person, respectively.

Description

¹ The RSF/USF at the current location is approximately 1.12; however, to maximize competition a RSF/USF ratio of 1.2 is used for the estimated proposed maximum RSF as indicated in the housing plan.

² This estimate is for fiscal year 2023 and may be escalated by 2 percent annually to the effective date of the lease to account for inflation. The proposed rental rate is fully serviced including all operating expenses, whether paid by the lessor or directly by the Government. GSA will conduct the procurement using prevailing market rental rates as a benchmark for the evaluation of competitive offers and as the basis for negotiating with offerors to ensure that lease award is made in the best interest of the Government.

³ New leases may contain an escalation clause to provide for annual changes in real estate taxes and operating costs.

Acquisition Strategy

In order to maximize the flexibility and competition in acquiring space for the FBI, GSA may issue a single, multiple-award solicitation that will allow offerors to provide blocks of space able to meet requirements in whole or in part. All offers must provide space consistent with the delineated area defined by this prospectus.

Background

The mission of the FBI is to protect and defend the United States against terrorist and foreign intelligence threats; to uphold and enforce the criminal laws of the United States; to provide leadership and criminal justice services to Federal, State, municipal, and international agencies and partners; and to perform these responsibilities in a manner that is responsive to the needs of the public and is faithful to the Constitution of the United States.

The current location houses the several technology divisions as well as one support function. The Intelligence Technology and Data Division (ITADD) works to deliver innovative software to help FBI employees accomplish their unique missions and provide agents and analysts with relevant data when and where they need it. The Cyber Division mission is to identify, pursue, and defeat cyber adversaries targeting global U.S. interests through collaborative partnerships and unique combinations of national security and law enforcement authorities. The Operational Technology Division delivers technology-based solutions that enable and enhance the FBI's intelligence, national security, and law enforcement operations. The Operational Technology Division works to counter current and emerging threats through applied technology. The Financial and Facilities Division has created a partnership to improve financial and facility portfolio management and logistics services to provide responsive customer service in support of the FBI's mission.

Justification

The current lease at 15020-15030 Conference Center Drive in Chantilly, VA, expires on May 15, 2023, and this location serves as a Continuity of Operations facility for the divisions housed here as well as their counterparts in the greater Washington, DC, metro area.

The unique nature of operations requires levels of security not easily acquired on the open market. Based on an analysis of other potential locations within the delineated area, GSA will consider whether the FBI's continued housing needs should be satisfied in the existing location. If other potential locations are identified, GSA will conduct a cost-benefit analysis to determine whether the Government can expect to recover the

relocation and duplication costs of real and personal property needed for the continued housing the FBI requires to carry out its mission.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. GSA encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure, and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

Interim Leasing

GSA will execute such interim leasing actions as are necessary to ensure continued housing of the tenant agency prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

Acquisition Strategy

In order to maximize the flexibility and competition in acquiring space for the FBI, GSA may issue a single, multiple-award solicitation that will allow offerors to provide blocks of space able to meet requirements in whole or in part. All offers must provide space consistent with the delineated area defined by this prospectus.

Background

The mission of the FBI is to protect and defend the United States against terrorist and foreign intelligence threats; to uphold and enforce the criminal laws of the United States; to provide leadership and criminal justice services to Federal, State, municipal, and international agencies and partners; and to perform these responsibilities in a manner that is responsive to the needs of the public and is faithful to the Constitution of the United States.

The current location houses the Northern Virginia Resident Agency (NVRA), which supports the greater Washington Field Office (WFO) through five divisions: the Administrative Division, the Counterintelligence Division, the Counterterrorism Division, the Intelligence Division, and the Criminal Division. These divisions provide human, technical, and capital asset resources to support the priorities of WFO.

Additionally, NVRA identifies, collects, recruits, neutralizes, and eliminates the activities and capabilities of hostile foreign intelligence services by leveraging the capabilities of the United States Intelligence Community partners and friendly foreign nations. NVRA also collects, identifies, evaluates, and disseminates intelligence. NVRA proactively identifies emerging threats, targets, and trends. NVRA personnel also provide analytical support to operations within the FBI and other agencies, as necessary.

Justification

The current lease at 9325 Discovery Boulevard in Manassas, VA, expires on November 30, 2022.

The unique nature of operations requires levels of security not easily acquired on the open market. Based on an analysis of other potential locations within the delineated area, GSA will consider whether the FBI's continued housing needs should be satisfied in the existing location. If other potential locations are identified, GSA will conduct a cost-benefit analysis to determine whether the Government can expect to recover the relocation and duplication costs of real and personal property needed for the continued housing the FBI requires to carry out its mission.

FBI has 56 field offices located in metropolitan areas throughout the United States. The field office locations carry out investigations, assess regional crime threats, and work with partners on cases and operations. The FBI field office in Newark, New Jersey, covers five resident agent offices as well as the counties of Essex, Hudson, and Union in New Jersey. The current location at 11 Centre Street was a build-to-suit lease completed in 2002 for FBI as the sole tenant.

¹ Security requirements may necessitate control of land near the leased location in addition to the official parking spaces identified in the prospectus. This may be accomplished as a lessor-furnished service, under an operating agreement with the lessor or part of the Government's leasehold interest in the building(s).

² This estimate is for fiscal year 2023 and may be escalated by 2 percent annually to the effective date of the lease to account for inflation. The proposed rental rate is fully serviced including all operating expenses, whether paid by the lessor or directly by the Government. GSA will conduct the procurement using prevailing market rental rates as a benchmark for the evaluation of competitive offers and as the basis for negotiating with offerors to ensure that lease award is made in the best interest of the Government.

Background

The mission of DOJ is to enforce the law and defend the interests of the United States according to the law; to ensure public safety against threats foreign and domestic; to provide Federal leadership in preventing and controlling crime; to seek just punishment for those guilty of unlawful behavior; and to ensure fair and impartial administration of justice for all Americans.

**PROSPECTUS – ALTERATION
ALMERIC CHRISTIAN FEDERAL BUILDING
ST. CROIX, VI**

Prospectus Number: PVI-0008-SC20
Congressional District: At Large

Building

The Almeric L. Christian Federal Building, located half a mile from the Caribbean Sea, is the only Federal building on St. Croix, U.S. Virgin Islands. The 76,000 gross square foot, masonry and steel building was constructed in 1992 and houses the St. Croix Division of the District Court of the U.S. Virgin Islands, along with several Federal agencies. It was named after Almeric L. Christian, who was appointed by President Dwight Eisenhower in 1954 to serve on the seven-member commission that would determine which Federal laws should be applicable to the U.S. Virgin Islands.

Tenant Agencies

Judiciary—U.S. District and Magistrate Courts, Public Defender, Probation; Department of Homeland Security—U.S. Citizenship and Immigrations Services; Department of Justice—U.S. Marshals Service, U.S. Attorneys; Department of Commerce—National Oceanic and Atmospheric Administration; Small Business Administration

Proposed Project

The project proposes to replace the entire domestic and storm water systems and portions of the building's sanitary sewer system. The cast iron piping in the storm water system and portions of the sewer system will be replaced. In addition, a new solar water heater system and a new potable water treatment plant will be installed, and the existing copper piping in the potable water system will be replaced. Incidental repairs to the system replacements will also be undertaken.

Demolition and replacement of the existing water and sewer system piping lines will impact the ground, pavers and concrete around the exterior of the building, the ceilings and the interior of all restrooms and kitchenette areas. Repairs will be made to all disturbed areas, all restrooms noncompliant with the Architectural Barriers Act Accessibility Standards will be replaced to meet current requirements, and all public restroom and kitchenette fixtures will be replaced with water-conserving-type fixtures, faucet and valves.

The existing storm water collection system on the roofs will be replaced, and hot water solar collectors will be installed. Electrical work for the pumps and filtration systems will be undertaken. Incidental repairs due to the major work items will be undertaken.

Major Work Items

Plumbing Replacement/Upgrades	\$2,126,000
Interior Construction	1,517,000
Selective Building Demolition	348,000
Electrical Upgrades	66,000
Site/Exterior/Roof Repairs	<u>46,000</u>
TOTAL ECC	\$4,103,000

Justification

The existing domestic water, storm sewer and portions of the sewer piping systems in the Almeric L. Christian Federal Building and Courthouse are experiencing failures and frequent leaks due to extensive corrosion and cracking from the water quality. Due to the presence of chlorides and low alkalinity, the indoor water is highly corrosive for the piping systems, causing thickening loss of up to 85 percent, extensive pitting and cracking, and numerous leaks. The failures are widespread within the building and have been severe enough to interfere with occupant agency operations, cause damage to furniture and equipment, and leave the space vulnerable to mold growth. The conditions may lead to catastrophic failure at any time, which would result in mandatory building closure. In addition, the potable water supplied to the facility has a yellow or brownish color. Due to the chemicals in the water and its color, the water has been deemed not potable. GSA provides water bottles and has placed five-gallon cooler dispensers throughout the building for building occupants and visitors to the building.

Hurricanes Irma and Maria devastated the U.S. Virgin Islands in September 2017 and caused significant damage to the Almeric L. Christian Federal Building and Courthouse. While the disaster repairs are ongoing, the issues with the existing domestic water, storm sewer and sewer piping systems and the impotability of the water were not caused by the hurricanes and are not a part of the scope of the repairs funded under the supplemental appropriation. This project will be coordinated with the disaster repairs.

Summary of Energy Compliance

This project will be designed to conform to requirements of the *Facilities Standards for the Public Buildings Service*. GSA encourages design opportunities to increase energy and water efficiency above the minimum performance criteria.

FY 2021 Project Summary

The General Services Administration (GSA) proposes the reconfiguration and renovation of space within Government-owned and leased buildings during fiscal year (FY) 2021 to support GSA’s ongoing consolidation efforts to improve space utilization, optimize inventory, decrease reliance on leased space, and reduce the Government’s environmental footprint.

Since inception of the Consolidation Activities Program in FY 2014, GSA has received \$296 million in support of the program. Through FY 2019, the Consolidation Activities Program has funded 81 projects. When complete, the 81 projects will result in a more than 1.64 million usable square foot (USF) reduction, reduce agency rental payments to GSA by \$68 million annually, and generate \$145 million in annual Government lease cost avoidance.

FY 2021 Committee Approval and Appropriation Requested\$50,000,000

Program Summary

As part of its ongoing effort to improve space utilization, optimize inventory, decrease reliance on leased space, and reduce the Government’s environmental footprint, GSA is identifying consolidation opportunities within its inventory of real property assets. These opportunities are presented through surveys and studies, partnering with customer agencies, and agency initiatives. Projects will vary in size by location and agency mission and operations; however, no single project will exceed \$20 million in GSA costs. Funds will support consolidation of customer agencies and will not be available for GSA internal consolidations. Preference will be given to projects that result in an office utilization rate of 130 USF per person or less and a total project payback period of 10 years or less.

Typical projects include the following:

- Reconfiguration and alteration of existing Federal space to accommodate incoming agency relocation/consolidation. (Note: may include reconfigurations of existing occupied Federal tenant space); and
- Incidental alterations and system upgrades, such as fire sprinklers or heating, ventilation, and air conditioning needed as part of relocation and consolidation.

Projects will be evaluated using the following criteria:

- Preference will be given to projects that are identified as a reduction opportunity by both GSA and the subject agency, and that meet the other criteria.
- Proposed consolidation projects will result in a reduction in annual rent paid by the impacted customer agency.

- Preference is given to consolidations within or into owned buildings over consolidations within or into leased space.
- Consolidation of expiring leases into owned buildings will be given preference over those business cases for lease cancellations that include a cancellation cost.
- Co-location with other agencies with shared resources and special space will be given preference.
- Links to other consolidation projects will be given preference.

Justification

GSA continually analyzes opportunities to improve space utilization and realize long-term cost savings for the Government. Funding for space consolidations is essential so that GSA can execute those opportunities.

Projects funded under this authorization will enable agencies to consolidate within Government-controlled leased space or relocate from either Government-controlled leased or federally owned space to federally owned space that more efficiently meets mission needs. These consolidations will result in improved space utilization, cost savings for the American taxpayers, and a reduced environmental impact.

FY 2021 Project Summary

This prospectus proposes alterations to upgrade, replace, and improve fire protection systems and life safety features in Government-owned buildings during fiscal year (FY) 2021.

Since FY 2010, the General Services Administration (GSA) has received \$151,000,000 in support of this program. These funds supported 112 projects in 96 Government-owned buildings.

FY 2021 Committee Approval and Appropriation Requested.....\$50,000,000

Program Summary

As part of its fire protection and life safety efforts, GSA is currently identifying projects in Federal buildings throughout the country through surveys and studies. These projects will vary in size, location, and delivery method. The approval and appropriation requested in this prospectus is for a set of retrofit projects with engineering solutions to reduce fire and life safety hazards. Typical projects include:

- Replacing antiquated fire alarm and detection systems that are in need of repair or for which parts are no longer available.
- Installing emergency voice communication systems to facilitate occupant notification and evacuation in Federal buildings during an emergency.
- Installing or expanding, as necessary, fire sprinkler systems to provide a reasonable degree of protection for life and property from fire in Federal buildings.
- Constructing additional exit stairs or enclosing existing exit stairs to facilitate the safe and timely evacuation of building occupants in the event of an emergency.

Justification

GSA periodically assesses all facilities to identify hazards and initiate correction or risk-reduction protection strategies so that its buildings do not present an unreasonable risk to Government personnel or the general public. Completion of these proposed projects will improve the overall level of safety from fire and similar risks in federally owned buildings in GSA's portfolio nationwide.

FY 2021 Committee Approval and Appropriation Requested..... \$12,500,000

Program Summary

The Judiciary Capital Security Program is dedicated to improving physical security in buildings occupied by the Federal judiciary and USMS. These projects are in lieu of constructing new facilities, thereby providing cost savings and expedited delivery. These projects will vary in size, location, and delivery method, and are designed to improve the separation of circulation for the public, judges, and prisoners. Funding provided for the security improvement projects will address elements such as adding doors, reconfiguring or adding corridors, reconfiguring or adding elevators and sallyports, and constructing physical or visual barriers.

Justification

This program provides funding to address security deficiencies in existing Federal facilities in a timely and less costly manner than constructing a new courthouse. The projects in this program are based on studies undertaken by the judiciary. This prospectus requests separate funding to address security conditions at existing Federal courthouses. GSA uses the judiciary's asset management planning process to assist in the identification of potential projects that involve courthouses with poor security ratings nationwide.

FY 2021 Project Summary

The General Services Administration (GSA) proposes a repair and alteration project to optimize the utilization of space and correct major building deficiencies in the Ralph H. Metcalfe Federal Building (Metcalfe FB) located at 77 W. Jackson Boulevard, Chicago, IL. The project will downsize the Department of Housing and Urban Development (HUD) and will relocate United States Secret Service (USSS) to this building from leased space, resulting in approximately \$3,700,000 in annual lease cost avoidance, and a combined annual agency rent savings of \$1,750,000.

The project will also upgrade the building's heating, ventilation, and air conditioning (HVAC), electrical, conveyance, plumbing and fire protections systems; and improve building common services including conference center and childcare spaces.

a loan from the Federal Financing Bank, which was paid in full in 2014. The building is constructed of structural steel framing with a facade of glass and structural steel plate spandrels.

Tenant Agencies

Environmental Protection Agency, HUD, Department of Agriculture–Food and Consumer Service, Department of State, Department of Health and Human Services–Centers for Disease Control, Department of Homeland Security–USSS, U.S. Commodity Futures Trading Commission, and GSA.

Proposed Project

The project will allow HUD to reduce the amount of space it occupies in the building and improve its utilization rate. As part of this project, HUD will release approximately 55,000 usable square feet, and USSS, currently in leased space, will backfill approximately 67,000 usable square feet. The project will result in annual lease cost avoidance of approximately \$3,700,000.

The project will also modernize the building's 17 passenger elevators and 1 freight elevator, replace the building's chiller plant, and upgrade other HVAC components including the Building Automation System, controls, and air handling units.

Building common services, including restrooms, the conference center, former cafeteria space, and daycare center, will also be improved. The childcare center will be reconfigured to improve its efficiency. A two-stop elevator and stairwell will be added to facilitate the safe movement of children between floors that will comply with accessibility requirements, and security countermeasures will be upgraded. The existing conference center will be expanded to meet the conference space needs of federal agencies housed in a number of federal assets. An egress stair will be added to meet National Fire Protection Association requirements.

GSA**PBS**

**PROSPECTUS - ALTERATION
RALPH H. METCALFE FEDERAL BUILDING
CHICAGO, IL**

Prospectus Number: PIL-0303-FY21
Congressional District: 7

Justification

The space occupied by HUD at the Metcalfe Federal Building is original to the building and therefore outdated and underutilized. The proposed space reduction and reconfiguration will provide efficient, modern space to better support the agency in carrying out its mission and result in significant rental savings to the agency. The space HUD releases, together with existing vacant space, will provide the space needed to relocate USSS to the building from leased space, resulting in an annual lease cost avoidance of approximately \$3,700,000.

The elevators are well beyond their useful lives and do not comply with code. Elevator entrapments and prolonged shutdowns due to emergency repairs have led to disruption of mission-critical tenant operations and frequent complaints from building tenants. Replacement parts, particularly the controllers and motor generators are antiquated technology and are not readily available. The building has only one freight elevator and disruption is problematic. The elevators do not meet the latest fire and life safety standards and do not have any energy-efficient features.

The chiller plant is at the end of its useful life and inefficient. The chiller plant must be replaced in order to avoid a failure that would cause severe disruption to building operations and the tenants' ability to carry out their missions. In addition, the building's HVAC equipment, including the Building Automation System, controls, and air handling units, are obsolete, inefficient, and beyond their useful lives.

The existing restroom fixtures and plumbing are original and do not comply with national water efficiency standards or Architectural Barriers Act Accessibility Standards.

The building's conference center serves the entire Chicago Federal Center and is undersized to meet the needs of both building tenants and the Federal community.

The second floor former cafeteria space is underutilized. Repurposing the cafeteria to expand the childcare center, provide flexible/hoteling space for the use of Federal workers, and provide a small kitchen area for rotating food vendors will optimize the use of this space.

Interior Construction	6,476,000
Exterior Construction	6,614,000
HVAC Upgrades	<u>2,518,000</u>
Total ECC	\$37,937,000

Justification

The building is experiencing a serious structural failure that poses life safety hazard to its occupants and visitors. The roof parapet is separating from the roof and moving outwardly over the building’s perimeter facades. There is a significant risk of large portions of the roof parapet falling off the building, and the risk grows greater as the parapet continues to move further. The movement is also causing delamination of the building’s exterior coating, which continues to fall off the building. Access to portions of the exterior has been restricted, and temporary protective netting and scaffolding have been installed to protect tenants from any falling debris.

The north roof of the building, which has reached the end of its useful life, is experiencing leaks. Failed window sealant is allowing water intrusion into the building, causing water damage to the interior side of the gypsum board below the windows and corrosion of metal studs. The water infiltration below the windows has the potential for mold growth. The building cooling tower is corroding and has reached the end of its useful life.

Building

The Whittaker CT is a 13-story, 674,508 gross square foot building located on the northeast side of the Kansas City Central Business District. The crescent-shaped courthouse was originally constructed in 1998 and is primarily utilized as a courthouse. The building is 250 feet high and is more typical of a 22-story building because the ceiling heights of courtrooms are twice as high as those of standard office buildings.

Proposed Project

The proposed project will replace the deteriorating curtain wall system along with roofing components. The project will replace existing curtain wall at the north, south, east, and west elevations with new curtain wall including framing, glazing, and sealants. The project will replace the punched windows on the east and west elevations. The project will provide new sealants at joints between existing exterior precast panels and provide new draft-stopping at the existing air-intake louvers. Fenestration and skylights will be blast protected for a 35' setback. The project will also replace the existing roof drains and the south-side interior roof gutter, and replace the coping at precast crown structures with fall protection.

The project will construct temporary interior barriers to prevent dust and debris from entering tenant space. Interior alterations are limited to those required to complete the facade and replace mechanical shades on the south side.

Major Work Items

Building Exterior Replacement	\$46,353,000
Interior Alterations	2,520,000
Roof Upgrades	<u>807,000</u>
Total ECC	\$49,680,000

Justification

The curtain wall system is original to the building. It is deteriorating and posing serious safety hazards. The windows are losing integrity throughout the building, resulting in water infiltration in widespread areas. These issues have been specifically noted in the fenestration's structural sealant and pressure plate. Water infiltration is occurring at the north and south elevations curtain walls and at the punched windows on the east and west elevations. Repair work has created additional water infiltration, which may create potential for mold, further deterioration, and fall hazards. In numerous curtain wall areas, temporary supports have been installed to maintain panel integrity and fasten trim material. Window gasketing is separating from the facade. Windows are at risk of failing, creating potential risk to people inside and outside of the building.

Until a full replacement curtain wall system is completed, building occupants have been notified to stay away from the windows and not to lean against them or place any type of load against them. To protect the building occupants and the general public, windows in public areas have been barricaded off.

FY 2021 Project Summary

The General Services Administration (GSA) proposes a consolidation project at the 201 Varick Street Federal Office Building (Varick Street) in New York, NY. The proposed project will renovate approximately 195,000 usable square feet (USF) of space for the Department of Homeland Security, Immigration and Customs Enforcement–Homeland Security Investigations (ICE-HSI), and Veterans Affairs–Veterans Benefits Administration (VBA). ICE-HSI will be relocating from a costly lease in Manhattan into space being vacated by the Department of Veterans Affairs–Veterans Benefits Administration (VBA) which is consolidating into approximately 48,000 USF. The project will result in agency rent savings to VBA of approximately \$3,100,000 annually, and the Government will realize \$13,000,000 in annual lease cost avoidance, while ICE-HSI will benefit from \$7,000,000 in annual agency rent savings.

Proposed Project

The proposed project will build out approximately 147,000 USF of space for ICE-HSI that is being vacated by VBA and consolidate VBA into approximately 48,000 USF on another floor within the building.

Restacking of the building is necessary to allow for a separate entrance for secure vehicle access for ICE occupancy in contiguous space, along with separate secure internal vertical transportation. VBA is relocating to the fourth floor. As part of an ongoing project, a health unit will also be relocated from the fourth floor to the eleventh floor to allow VBA to fully occupy the floor.

Proposed Project

The building is suffering from recurring flooding caused by the aged domestic water piping system and significant temperature and indoor air quality issues caused by the insufficient and outdated HVAC system. Electrical system components will be replaced to support the HVAC systems. Mitigation of hazardous materials and associated sprinkler modifications will be accomplished in disturbed areas as part of the project.

To repair the building's domestic water system, the piping will need to be exposed, abated of asbestos, inspected, and repaired. Concurrently, the building's induction unit system will be removed, abated of asbestos, and upgraded to a four-pipe fan coil system. Due to the invasive nature of this work and the presence of hazardous materials, the majority of building tenants will be moved into internal swing space.

The less invasive aspects of the project include repairing the storm water system, replacing the building automation system, replacing the air handling units, partial conversion to variable air volume serving interior zones, replacing the heating and chilled water systems, and replacing the boilers.

As noted above, this renovation is in an occupied building so the proposed project includes allowances for internal swing space. The project minimizes tenant impact by using internal swing space and hazardous materials enclosures, as well as by completing the scope items together.

Fire and Life Safety Repair / Replacement	940,000
Roof Repairs	<u>125,000</u>
Total ECC	\$81,245,000

Justification

The project will address the failing domestic water piping system that has flooded the building three times since 2013, creating millions of dollars in damage to the building and personal property. The damage has displaced tenants for months at a time and interfered with their ability to carry out their missions. The threat of another major flood remains, and there is a serious risk that additional flooding could potentially damage the historic rotunda, which would be enormously costly to repair. If left unaddressed, the building could potentially become uninhabitable and would need to be considered for disposal.

Due to the major disruption caused by the repair of the plumbing system, GSA determined that this project is the best opportunity to upgrade the deficient HVAC systems. The HVAC systems in the buildings are approximately 20 years beyond their useful lives and are vulnerable to a large-scale failure in both the air handling units and the branch piping leading to the perimeter induction units. There have been longstanding temperature and indoor air quality issues caused by a system that was not designed for office space. In addition to affecting occupant comfort, poor dehumidification has caused the paint, plaster, and wall materials to peel at numerous locations in the building, including in the historic rotunda and in areas with lead-based paint. The two pipe induction system is highly inefficient, forcing entire building switchover between heating and cooling to address unseasonable temperatures (e.g. cooling in the winter and heating in the summer). Simultaneously completing these projects will save the Government approximately \$13 million in duplicative costs, while minimizing disruption to building tenants.

Justification

On an average day, 12,250 POVs and approximately 12,000 pedestrians enter the U.S. through this LPOE. The existing facilities are undersized relative to existing traffic loads and obsolete in terms of inspection officer safety and border security. The space required to accommodate modern inspection technologies is not available in the existing facility. When completed, the project will provide the port operation with adequate operational space, reduced traffic congestion, and a safe environment for port employees and visitors.

Summary of Energy Compliance

This project will be designed to conform to requirements of the *Facilities Standards for the Public Buildings Service*. GSA encourages cost effective design opportunities to increase energy and water efficiency above the minimum performance criteria.

Overview of Project

GSA and DHS have worked collaboratively to update and revise the original DHS HQ consolidation program at the St. Elizabeths West Campus. In January 2015, GSA and DHS finalized an updated program, referred to as the Enhanced Plan, which seeks a more efficient utilization of space at a lower cost. The West Campus is a 176-acre National Historic Landmark, plus an additional 8 contiguous acres of Shepherd Parkway acquired from the National Park Service (NPS). Improvements include existing buildings containing approximately 1 million gross square feet (GSF) and newly constructed buildings such as the Douglas A. Munro Coast Guard Headquarters Building (Munro Building).

In 2015, DHS and GSA cut back on the overall scope of the program. DHS components require less space through realized efficiencies and improved utilization rates; new construction that was planned for the East Campus is planned for the West Campus. The West Campus will continue to be developed in accordance with guidelines set out in the Master Plan as amended and/or as a result of continued compliance with NHPA and NEPA during specific project designs.¹ GSA and stakeholders are updating the Master Plan in accordance with established processes. and DHS have also updated the campus occupancy plan to focus tenancy on those agencies with missions that require the most upfront Federal investment, maximizing long-term lease cost avoidance.

Committee approval and appropriations for **Phase 1** of the project—i.e., construction of a new headquarters facility for the U.S. Coast Guard (USCG) named the Munro Building—have already been obtained. Development of **Phase 2a** includes construction of office space to consolidate DHS headquarters and the re-scoped DHS Operations Center (DOC), house various DHS leadership components, and provide amenity space. **Phase 2b** includes construction of a new headquarters facility for the DHS Cybersecurity and Infrastructure Security Agency (CISA), (Building 1), a headquarters facility for Intelligence & Analysis (I&A) (Building 2) to execute its mission. Parking is also included with these later phases. **Phase 3** will accommodate DHS Immigration & Customs Enforcement (ICE) headquarters and a portion of the headquarters of Customs and Border Protection (CBP) (Building 3) via new construction. This phase also will include the future rehabilitation of existing space.

Site Acquisition (Martin Luther King, Jr. Avenue) (ARRA)	500,000
Site Acquisition (Shepherd Parkway) (ARRA)	3,500,000
Total Acquisition Budget⁵	\$6,722,000

II. INFRASTRUCTURE PROGRAM SUMMARY

Infrastructure repair/replacement costs include: demolition of specific buildings identified by the Master Plan; replacement of site utilities including electricity substations and local utility requirements, an addition to the existing powerplant for a fully functional central utility plant with cogeneration capability; campus support structures; distribution systems for electricity, natural gas, domestic water, storm water, waste water, data systems, and telecommunications; roadways, surface parking, and sidewalks; refurbishment of historical ornamental landscape and creation of new landscape features as needed, including flora; cleanup/repair of existing tunnels on site to improve safety and for potential use as systems distribution pathways; and site security fencing, entry gates, guard stations, and other site security features. The \$46 million for the access road construction originally included in the Infrastructure budget in prior years has been moved to the Highway Interchange program budget in Section III of this prospectus.

⁴ Per a Transfer of Jurisdiction Agreement between GSA and NPS recorded on 12/02/2016, approximately 8 acres of Shepherd Parkway were transferred to GSA control for construction of the access road to Malcolm X Avenue.

⁵ Unused project funds originally requested for acquisition of parcels along Firth Sterling Avenue were redirected to Phase 1b of the project to cover unforeseen conditions. Please see Section V, Phase 1b footnotes.

The planned alterations are necessary to preserve, maintain, and reuse this historic site. Existing infrastructure and the landscape have suffered from aging and deferred maintenance. The utility distribution systems are antiquated and deteriorated. Building repairs include repair and improvement of structural and life safety systems while maintaining historic integrity. The landscape will be maintained, protected, and preserved to the extent feasible.

III. HIGHWAY INTERCHANGE PROGRAM SUMMARY

The Highway Interchange Program that was developed as part of the Master Plan proposed an access road to the St. Elizabeths West Campus that extends between Firth Sterling Avenue to the north and Malcolm X Avenue to the south, parallel to Interstate-295. Funds for construction of the access road in the amount of \$46 million were originally included in the Infrastructure program described above, but additional transportation improvements have subsequently been identified. A new, reconfigured interchange between Malcolm X Avenue and I-295 is one of these improvements. This reconfiguration is necessary to direct St. Elizabeths traffic onto the access road that, in turn, will mitigate the impacts of additional traffic that is anticipated as the result of the redevelopment of St. Elizabeths. GSA worked closely with the Federal Highway Administration (FHWA) and the DC Department of Transportation to prepare an Interchange Justification Report to facilitate required modifications to the Malcolm X Interchange. Other related transportation improvements that are needed as a result of the St. Elizabeths development are also included below as separate line items.

IV. HISTORIC PRESERVATION MITIGATIONS PROGRAM SUMMARY

As of December 9, 2008, GSA and DHS along with NCPC entered into a Programmatic Agreement (PA) with the Advisory Council on Historic Preservation (ACHP), the DC Historic Preservation Office (DCHPO), and FHWA. The PA outlines five specific mitigation actions that GSA must undertake to “resolve adverse effects from certain complex project situations.”⁸ These actions are as follows:

1. Documentation and recordation including buildings and site as needed, archives, historic structure reports, building preservation plans, landscape preservation treatment and management, and archaeological resources treatment and management;
2. Public outreach, interpretation, and education, including the establishment of a citizens advisory panel, a permanent interpretative exhibit, a museum and visitors education center, signage, and public relations materials;
3. Public access program to be developed by GSA and DHS;
4. Conservation and artifact preservation; and
5. Actions for the 19th century cemetery including interpretative program, perpetual care, and public access.

COMMITTEE RESOLUTION

LEASE—FEDERAL AVIATION ADMINISTRATION,
QUEENS, NY

Resolved by the Committee on Transportation and Infrastructure of the U.S. House of Representatives, that pursuant to 40 U.S.C. §3307, appropriations are authorized for a lease extension of up to 209,244 rentable square feet of space, including 815 official parking spaces, for the Federal Aviation Administration currently located at One Aviation Plaza in Queens, NY at a proposed total annual cost of \$14,333,214 for a lease term of up to 5 years, a prospectus for which is attached to and included in this resolution.

Approval of this prospectus constitutes authority to execute an interim lease for all tenants, if necessary, prior to the execution of the new lease.

Provided that, the Administrator of General Services and tenant agency(ies) agree to apply an overall utilization rate of 430 square feet or less per person, except that, if the Administrator determines that the overall utilization rate cannot be achieved, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided that, except for interim leases as described above, the Administrator may not enter into any leases that are below prospectus level for the purposes of meeting any of the requirements, or portions thereof, included in the prospectus that would result in an overall utilization rate of 430 square feet or higher per person.

Provided that, to the maximum extent practicable, the Administrator shall include in the lease contract(s) a purchase option that can be exercised at the conclusion of the firm term of the lease.

Provided further, that the General Services Administration shall not delegate to any other agency the authority granted by this resolution.

Provided further, that the Administrator shall require that the delineated area of the procurement is identical to the delineated area included in the prospectus, except that, if the Administrator determines that the delineated area of the procurement should not be identical to the delineated area included in the prospectus, the Administrator shall provide an explanatory statement to the Committee on Transportation and Infrastructure of the House of Representatives prior to exercising any lease authority provided in this resolution.

Provided further, not later than 30 calendar days after the date on which a request from the Chair or Ranking Member of the Committee on Transportation and Infrastructure of the House of Representatives is received by the Administrator of General Services, the Administrator shall provide such Member a response in writing that provides any information requested regarding the project.

Provided further, the Administrator of General Services may not enter into this lease if it does not contain a provision barring any individual holding a Federally-elected office, regardless of whether such individual took office before or after execution of this lease, to directly participate in, or benefit from or under this lease or any part thereof and that

such provision provide that if this lease is found to have been made in violation of the foregoing prohibition or it is found that this prohibition has been violated during the term of the lease, the lease shall be void, except that the foregoing limitation shall not apply if the lease is entered into with a publicly-held corporation or publicly-held entity for the general benefit of such corporation or entity.

Provided further, prior to entering into this lease or approving a novation agreement involving a change of ownership under this lease, the Administrator of General Services shall require the offeror or the parties requesting the novation, as applicable, to identify and disclose whether the owner of the leased space, including an entity involved in the financing thereof, is a foreign person or a foreign-owned entity; provided further, in such an instance, the Administrator of General Services shall notify the occupant agency(ies) in writing, and consult with such occupant agency(ies) regarding security concerns and necessary mitigation measures (if any) prior to award of the lease or approval of the novation agreement.

Provided that, to the maximum extent practicable, the Administrator of General Services shall require that the lease procurement consider the availability of public transportation consistent with agency mission requirements and that the space to be leased be renovated for all cost effective improvements, including renewable energy upgrades, water efficiency improvements, and indoor air quality optimization, that reduce greenhouse gas emissions.

Executive Summary

The General Services Administration (GSA) proposes a lease extension of up to 5 years for up to approximately 209,244 rentable square feet (RSF) to house the Federal Aviation Administration (FAA), currently located at One Aviation Plaza in Queens, NY. FAA has occupied space in the building since April 3, 2000, under a lease that expires on April 2, 2020.

Extension of the current lease will enable FAA to provide continued housing for current personnel and meet its mission requirements. FAA will maintain its office and overall space utilization rates at 253 and 430 usable square feet (USF) per person, respectively.

Description

Current USF/Person:	430
Estimated/Proposed USF/Person:	430
Expiration Dates of Current Lease(s):	04/02/2020
Proposed Maximum Leasing Authority:	5 years
Delineated Area:	North: S. Conduit Ave. from Lefferts Blvd. to Rockaway Blvd.; East: Rockaway Blvd. to Brookville Blvd. through Head of Bay to Jamaica Bay; South: Jamaica Bay to Bergen Basin; West: Bergen Basin to Lefferts Blvd.

Scoring:	Operating
Current Total Annual Cost:	\$9,907,087
Estimated Rental Rate ² :	\$68.50 / RSF
Estimated Total Annual Cost ³ :	\$14,333,214

¹ This estimate is for fiscal year 2020 and may be escalated by 2 percent annually to the effective date of the lease to account for inflation. The proposed rental rate is fully serviced including all operating expenses, whether paid by the lessor or directly by the Government. GSA will conduct the procurement using prevailing market rental rates as a benchmark for the evaluation of competitive offers and as the basis for negotiating with offerors to ensure that lease award is made in the best interest of the Government.

² New leases may contain an escalation clause to provide for annual changes in real estate taxes and operating costs.

Background

FAA's mission is to provide the safest, most efficient aerospace system in the world. FAA's Eastern Region is responsible for the FAA's aviation-related work in the States of Delaware, Maryland, New Jersey, New York, Pennsylvania, Virginia, and West Virginia, as well as Washington, DC. This Regional Office serves as the primary liaison regarding aviation issues and activities within the greater Northeast corridor.

Justification

The current lease is for a total of 209,244 RSF at One Aviation Plaza and expires on April 2, 2020. FAA occupies 174,040 and there is also approximately 35,000 RSF of vacant space.

FAA requires continued housing to carry out its mission uninterrupted. This extension will provide GSA and FAA the necessary time to fully develop a future housing strategy which could result in consolidation of smaller leases with the regional office requirement, in relocation (of either a smaller or consolidated requirement), or in a reduction of the existing footprint.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

Interim Leasing

GSA will execute such interim leasing actions as are necessary to ensure continued housing of the tenant agency prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

Acquisition Strategy

In order to maximize the flexibility and competition in acquiring space for FEMA, GSA may issue a single, multiple-award solicitation that will allow offerors to provide blocks of space able to meet requirements in whole or in part. All offers must provide space consistent with the delineated area defined by this prospectus.

Background

FEMA's mission is to help people before, during, and after disasters. FEMA seeks to reduce the loss of life and property and protect communities nationwide from all hazards, including natural disasters, acts of terrorism, and man-made disasters.

The Robert T. Stafford Disaster Relief and Emergency Assistance Act, Public Law 100-707, was signed into law on November 23, 1988. It amended the Disaster Relief Act of 1974, Public Law 93-288, and created the system in place today by which a Presidential disaster declaration of emergency triggers financial and physical assistance through FEMA. The Act gives FEMA the responsibility for coordinating governmentwide relief efforts.

Justification

FEMA headquarters was originally planned to relocate to the St. Elizabeths Campus that was master-planned to accommodate those Department of Homeland Security (DHS) components directly involved in programmatic functions for mission execution. Unfunded requests for construction funding for the DHS Headquarters Consolidation project and the increasing financial impact of short-term leases created the need to adjust the overall planning at the St. Elizabeths Campus. FEMA's space requirements are more easily housed in leased space and at a significantly lower cost when taking into account all costs. The components slated to occupy the St. Elisabeths campus have significantly higher tenant improvement costs than FEMA, requiring hundreds of millions in the aggregate of specialized DHS buildout costs to configure the space to meet the mission needs of the Cybersecurity and Infrastructure Security Agency, Office of Intelligence and Analysis, U.S. Immigration and Customs Enforcement, and Customs and Border Protection organizations.

GSA will consider whether FEMA's continued housing needs should be satisfied in the existing location. If other potential locations are identified, GSA will conduct a cost-benefit analysis to determine whether the Government can expect to recover the

relocation and duplication costs of real and personal property needed for the continued housing FEMA requires to carry out its mission.

Summary of Energy Compliance

GSA will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. GSA encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure, and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required rentable area.

FY 2021 Project Summary

The General Services Administration (GSA) proposes a repair and alteration project for the Thomas G. Abernethy Federal Building (Abernethy Building), located at 301 West Commerce Street in Aberdeen, Mississippi. Heating ventilation and air conditioning (HVAC) system failures led to the inability of the systems to regulate humidity, heat, and air quality. These system failures and water infiltration from the building envelope resulted in mold propagation and the relocation of the Judiciary and Department of Justice. The project will replace the building’s outdated and failed HVAC, building automation and associated electrical systems; remediate mold; abate asbestos-containing materials and lead-based paint; and undertake exterior envelope repairs and life safety upgrades. The Judiciary and Department of Justice will return to the building upon completion of this proposed project.

Building

The Abernethy Building, constructed in 1973 as a Government facility, contains three stories with a mechanical penthouse, and is the only federally owned building in Aberdeen, Mississippi. The 56,720 gross square foot building is one of the more prominent buildings in downtown Aberdeen and houses the U.S. District Court for the Northern District of Mississippi, which serves 13 counties in the State.

Tenant Agencies

Judiciary—U.S. District Court, U.S. Office of Probation and Pretrial Services; Department of Justice—U.S. Marshals Service; USPS

Proposed Project

The proposed project includes full replacement and modernization of the HVAC, abatement of hazardous materials including asbestos-containing materials and lead-based paint, remediation of the exterior envelope, including replacement of the roof and windows, and construction of an entry vestibule to mitigate the loss of conditioned air. Alterations of the interior space impacted by the modernization and remediation efforts will be completed.

In addition to addressing the indoor air quality, mold propagation, HVAC and envelope failures, limited building repairs and enhancements will be made to allow for the safe re-occupancy of the building. Enhanced building fire protection and suppression, life safety features, upgrades to the building's electrical system including replacement of the switchgear and transformers, sufficient capacity to support the new HVAC and fire suppression system and a temporary power system for USPS will be installed. This combination of work items will substantially enhance the preservation and efficiency of the building, thereby enabling the premises to be reoccupied.

Failures in the Abernethy Building’s exterior envelope have allowed water intrusion and outside air infiltration that, when combined with a failing mechanical system, have created untenable conditions for the Judiciary and the Department of Justice. Indoor air quality concerns and the presence of mold have resulted in the relocation of the Judiciary and Department of Justice occupants to other locations in Mississippi. Currently, the Judiciary operates from the U.S. Bankruptcy Court offices in Aberdeen, the Gilmore Foundation Building in Amory, Mississippi, and the Federal Building/U.S. Courthouse in Oxford, Mississippi, as well as leased space for the Office of Probation and Pretrial Services in Tupelo, Mississippi.

The HVAC system is original to the building and has lost the ability to regulate indoor air temperatures and relative humidity, as is evidenced by the presence of hot and cold spots, condensation buildup on interior walls, mold blooms on interior surfaces, and respiratory complaints from the occupants. The building’s roofing system requires full replacement to prevent further water intrusion. Window replacement and the addition of an entry vestibule are needed to control air and moisture infiltration. The building automation system and associated electrical components have also sustained damage due to excessive humidity and are difficult to operate and service. Replacement of the associated existing electrical systems with additional capacity including replacement of the switchgear and transformers will provide a reliable source of power for the building. USPS has elected to remain in the building during construction and will require temporary power while work is underway. A fire suppression system does not currently exist in the building, and fire alarm upgrades are needed for the safety of the building occupants. Mold, asbestos-containing materials and lead-based paint associated with the original HVAC system require remediation and abatement. Mold damaged interiors require repair or replacement.

Lease:	\$88,448,000
New Construction:	\$24,798,000

GSA has determined that renovating the existing Thomas G. Abernethy Federal Building is the most efficient means of housing the U.S. District Court in Aberdeen, Mississippi. The 30-year, present value cost of renovation is \$2,344,000 more than the cost of new construction, with an equivalent annual cost disadvantage of \$110,000, and \$63,650,000 less costly than leasing, with an annual cost advantage of \$3,001,000. At this time, the Federal Buildings Fund has the necessary funds available to support the repair and alteration project without additional appropriations. Significantly, the repair and alteration project will provide a long-term housing solution for the U.S. District Court more quickly than constructing a new courthouse.

FIRE FACTS

The SPEAKER pro tempore. Under the Speaker's announced policy of January 3, 2019, the Chair recognizes the gentleman from Arkansas (Mr. WESTERMAN) until 10 p.m. as the designee of the minority leader.

GENERAL LEAVE

Mr. WESTERMAN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks and include extraneous material on the topic of this Special Order.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Arkansas?

There was no objection.

Mr. WESTERMAN. Mr. Speaker, fires are ravaging the West. I want to talk a little bit about what is going on with the fires, and I want to talk about what is not going on here in Congress.

To start with, I just want to take a quick look at the science of fire.

This fire triangle shows that three things are required to have a fire. You have to have fuel, heat, and oxygen.

There is a lot of talk about the role climate change is playing in these fires. Climate increasing temperatures can draw fuel. If it gets windy, you can have more oxygen. Lightning can be one of the things to ignite fires, but a lot of fires obviously are ignited by man-made ways.

When we talk about putting out fire, the first thing we do is try to get the fuel out of the way, or we use water to cool the fire and remove the oxygen. But we have to spend way too much time working on extinguishing fires when we can take the actions to reduce the fuel to reduce the fires.

Any time I talk about forest management, I get accused of wanting to clear-cut the national forests, and I can promise you the last thing I want to do is clear-cut the national forests. I want to use good management on the national forests. That is what we should be doing. But I often wonder if those people who talk about clear-cutting even have any idea of what a clear-cut is.

I have put this chart together that shows a comparison between a clear-cut and a catastrophic wildfire, and I will go on the record and say that catastrophic wildfires are worse than clear-cuts.

Look at the data.

During a clear-cut, the trees are killed. During a catastrophic wildfire, the trees are killed.

During a clear-cut, the trees are removed. During a catastrophic wildfire, you are left with dead snags that can be fuel for additional wildfires. All vegetation is killed. That is what happens in a catastrophic wildfire. At least in a clear-cut you leave the residual grasses and the shrubs.

□ 2145

Stream zones are protected when a clear-cut is done. You leave vegetation

around the stream. Catastrophic wildfires burn to the edge of the water.

Soil and organic materials are all burned up in a catastrophic wildfire. Special care is taken to protect the soil in a clear-cut.

When a clear-cut is planned, a plan for reforestation is also in place. Often on catastrophic wildfire, there is no reforestation.

As far as planting goes, it is extensive with a clear-cut. It is unplanned and uncontrolled in a catastrophic wildfire.

The size of a clear-cut, in California, it is less than 20 acres. Wildfires are huge, burning millions of acres. We have almost burned 8 million acres to date in the wildfire season this year in the U.S.

We can continue going down the list, but you can see, even talking about carbon, at least with a clear-cut, you are putting the wood into material that stores carbon. With a wildfire, you are releasing the carbon into the air. And these dead snags eventually rot. And they are not just releasing carbon dioxide like the fire does; they are releasing methane, which is a worse greenhouse gas.

Clear-cutting is not something that we want to do in a national forest, but people who are not allowing good forest management—and that is Congress with the rules that we have—are doing something much more devastating than clear-cutting by allowing these catastrophic wildfires to continue unabated.

Just as an example, this is the Angora fire. That is a natural clear-cut. That is a stand replacing fire.

This is 12 years later, where you have no regrowth on the site.

On top of that, according to the USGS, in 2018, the carbon emissions from wildfires released the same amount of carbon as the emissions that would be produced by generating enough electricity to power California for a whole year.

Mr. Speaker, we need to take action. It is not that the Forest Service doesn't know how to manage the land, it is that we have tied their hands and we have allowed activists and lawyers to manage the forests rather than the professionals in the Forest Service.

If we don't want to see the same things repeating over and over, with loss of life, loss of property, loss of a resource that actually pulls carbon dioxide out of the air and could be used to reduce the effects of climate change, we should do something proactive and actually start managing these forests.

It is time to act, and unfortunately, Congress has sat on their hands while we continue to watch the West burn.

Mr. Speaker, I yield to the gentleman from Arizona (Mr. GOSAR).

Mr. GOSAR. Mr. Speaker, first of all, I thank the gentleman from Arkansas (Mr. WESTERMAN), my friend, for organizing this Special Order and for his leadership and expertise on forestry issues.

The events of the last month and the last decade plus show how poorly our current forest management policies are and that they are broken and in drastic need of reform.

Nearly every corner of the West has been touched by catastrophic wildfire. My district has been home to several major fires this year, including the Bush fire that burned over 193,000 acres. 700,000 acres of land has been burned across my State.

Even before this year's fire season, the evidence of our forest management practices being broken are clear. In the last 10 years alone, wildfires have burned over 74 million acres of land in the West, and our Federal Government's reaction to this has been extremely lacking.

These catastrophic fires have devastating impacts on the environment and human health. For example, one large wildfire is roughly the equivalent of a major volcanic eruption, releasing large amounts of dangerous particles into the air. This increase of air pollution exacerbates respiratory illnesses, such as COVID-19.

Because of this, earlier this year, I wrote a letter to Agriculture Secretary Perdue and Interior Secretary Bernhardt. This letter urged them to act quickly to secure contracts with private businesses to ensure that firefighters could be properly protected from COVID-19 and that the aerial support they needed to adequately fight catastrophic fires was there.

Recent studies conducted at George Mason University showed that on average, a fire stands a higher probability of being contained within 24 hours if air tankers are deployed on that fire within the first few hours. Fires that do not receive air tanker support for a period of 13 hours or more are likely to take days or weeks to achieve containment.

I also wrote a letter to Attorney General Barr that urged him to ensure that the Justice Department's Natural Resources Division was adequately resourced to fight frivolous lawsuits from radical leftwing environmental organizations.

Lawsuits from radical environmentalists are nothing new. We have seen this already in Arizona with the disastrous WildEarth Guardians lawsuit regarding the Mexican Spotted Owl. In that case, a U.S. District Court judge in Tucson issued a ruling based on bad and debunked science that stopped active forest management activities in six national forests, including the Tonto National Forest in Arizona, which was the home of the Bush fire.

This decision was a massive setback, and it is directly contributing to the enhanced fire risk that threatens our communities that we are seeing across the West.

A devastating wildfire season is not inevitable. It isn't something that we must just accept. There are steps that can be taken now to ensure that our communities are protected.

I will continue to urge the Federal agencies tasked with managing our forests and fighting catastrophic fires that bold action is necessary. Lives depend on it.

Just last year, as chairman of the Congressional Western Caucus, I had the opportunity to visit the district of my friend from California, Mr. MCCLINTOCK, where aggressive forest management practices in the Lake Tahoe Basin have prevented catastrophic fire. This active management was made possible by getting unnecessary red tape out of the way and putting what is most important first: protecting our communities from the destruction of wildfire.

Just in the last 2 years, this administration has taken steps to manage vegetation inside utility corridors, build additional firebreaks, and reform the NEPA process within the Forest Service. However, after so many years of inaction, there is a long road to hoe to where we have to get, which is why I am so pleased we are here tonight calling for serious action by this House.

There are a few pieces of legislation that have been introduced. Just to name a few: H.R. 7978, a bipartisan, comprehensive forestry reform bill led by the gentleman from California (Mr. LAMALFA), as well as H.R. 2607, the Resilient Federal Forests Act, by Mr. WESTERMAN, both of which I am proud to support.

The Democratic leadership in this House has been transparent about the fact that they do not view forest management to prevent wildfires as a legislative priority, and that has deadly consequences.

Again, Mr. Speaker, I thank my friend from Arkansas for holding this Special Order and for his leadership and expertise on this issue.

Mr. WESTERMAN. Mr. Speaker, I thank the gentleman from Arizona (Mr. GOSAR) for being here tonight.

Mr. Speaker, I yield to the gentleman from Washington (Mr. NEWHOUSE).

Mr. NEWHOUSE. Mr. Speaker, I thank the gentleman from Arkansas (Mr. WESTERMAN), my good friend, for yielding.

As we all know, the West has been on fire.

In my home State of Washington, over 700,000 acres have burned, causing thousands of families to evacuate, leaving their homes, their businesses, and their farms behind. Whole towns have essentially been wiped off the map.

Smoke blanketed central Washington, with fires raging up and down the West Coast. The air quality of our cities and our rural areas ranked the worst in the world.

As the people of central Washington and many of my colleagues in Congress understand, healthy, resilient forests are the key to wildfire prevention. We have made significant progress, but there is still much work to be done.

Without our leadership in Congress, families will continue to lose their

homes and their businesses, and jobs will continue to be lost, and our public health will continue to be threatened.

While a loss of homes and livelihoods is heartbreaking, there is nothing more tragic than the loss of life.

Today, I join the people of central Washington in mourning the loss of 1-year-old Baby Hyland, whose life was tragically cut short as his parents fled to escape the Cold Springs fire that was raging across Okanogan County. The Hyland family has suffered immeasurable loss with the deaths of both their toddler as well as the death of their unborn child. My heart aches and my prayers go out for the Hylands as they recover from their own wounds in this unimaginable heartbreak.

These tragic circumstances fall on us, Mr. Speaker. We are responsible, as the Federal Government, for failing to deliver a management strategy that enables us to prevent these catastrophic events.

We cannot continue to sit idly by.

We have to responsibly log our forests and graze our lands, or we will watch them burn.

These wildfires and this year have truly tested our resilience, but of this I am certain: in the face of catastrophe, central Washington will recover.

Now it is the Federal Government's responsibility to do everything in its power to prevent another disaster like this again.

For years, extreme environmentalist groups have insisted that we leave our forests and natural lands alone, leaving them in their quote "natural state." But as we witness, year-after-year, that strategy simply does not work.

Many point to climate change as a contributing factor; I am not here to refute that. At the end of the day though, the facts remain: our land management—or lack thereof—is a serious problem.

Decades of mismanagement, misguided environmental policies, and lackluster forestry and grazing practices have led to forests and grasslands that act as tinder for wildfires, just waiting to be set ablaze each summer.

We cannot continue to sit idly by. We have to responsibly log our forests and graze our lands, or we will watch them burn.

As I have stated all along throughout the many challenges this year has presented: Central Washington's communities are resilient.

Wildfire recovery is no easy feat, but I have seen firsthand how citizens, volunteers, local organizations, and government entities work together to revive our communities, rebuild our fallen structures, and actively work to prevent future devastation.

I have heard stories of students and volunteers jumping into action, working to clear burnt areas, making way for new structures. Fairgrounds and community groups opened to help house and treat evacuated or injured livestock and animals. Donations continue to pour in from across the state, region, and country to families and firefighters in need.

I am working closely with FEMA and USDA to ensure our communities receive the federal assistance they need, and I stand ready to help the people of our district in any way I can.

These wildfires—and this year—have tested our resilience, but of this I am certain: In the face of catastrophe, Central Washington will recover. Now it is the federal government's responsibility to do everything in its power to prevent another disaster like this again.

Mr. WESTERMAN. Mr. Speaker, I thank the gentleman from Washington (Mr. NEWHOUSE) for his comments tonight.

Mr. Speaker, I yield to the gentleman from Alabama (Mr. PALMER).

Mr. PALMER. Mr. Speaker, I thank the gentleman from Arkansas (Mr. WESTERMAN) for holding this discussion about forest management.

Mr. Speaker, I rise today because "California's forests suffer from neglect and mismanagement, resulting in overcrowding that leaves them susceptible to disease, insects and wildfire." These are not my words. They are the words of the Little Hoover Commission, an independent State oversight agency in California.

In their 2018 report entitled "Fire on the Mountain," the Little Hoover Commission called for a transformational change in California forest management practices after "A century of mismanaging Sierra Nevada forests has bought an unprecedented environmental catastrophe that impacts all Californians." That is a direct quote from the report.

California's own Legislative Analyst's Office agreed and found that limitations on timber harvests and emphasis on fire suppression and an increasing number of environmental permitting requirements have led to unhealthy dense forests.

Thankfully, both groups recognize that commonsense forest management practices could not only help prevent wildfires, but also reduce carbon emissions. Properly managed and healthy forests are more resilient and sequester more carbon than overgrown forests.

Simple recommendations like shifting from fire suppression to using fire as a tool and setting up long-term forest management strategies are just a couple of the low-cost solutions that can help us achieve healthier forests.

Unlike policies such as the Green New Deal, these practices would actually help address wildfires and would not cost trillions of dollars to implement. Furthermore, these actions can all be taken today, and they fall in line with some of the things that my Republican colleagues and I have been suggesting on the Select Committee on the Climate Crisis: that if we take action to mitigate and adapt to the climate change that we know is going to occur, we could avoid some of the catastrophes that we are seeing play out in California right now and in other places in the West.

If you care about protecting our citizens from wildfires and reducing carbon emissions, then you should support responsible forest management. Instead of wasting time on unrealistic solutions, we should take serious action to prevent unnecessary wildfires and

improve the carbon sequestration potential of our forests.

Mr. WESTERMAN. Mr. Speaker, I thank the gentleman from Alabama (Mr. PALMER) for his comments.

Mr. Speaker, I yield to the gentleman from Pennsylvania (Mr. THOMPSON).

Mr. THOMPSON of Pennsylvania. Mr. Speaker, I thank the gentleman from Arkansas (Mr. WESTERMAN) for hosting this Special Order on wildfire.

Mr. Speaker, over the past decade, there has been an average of 64,100 wildfires and 6.8 million acres burned every year.

With over 10 million acres burned, we saw the highest number of Federal acres burned in 2015—and nearly that amount in 2017.

But this year, it has been even worse. 2020 has been an extremely difficult wildfire year for our firefighters, our responders, and many rural communities in and near the forests.

As of today, October 1, over 44,000 wildfires have burned nearly 7.7 million acres this year alone.

In addition to the destruction of these forests, homes, and property, we sadly continue to see lost lives.

Over the past 25 years, active management has plummeted across the national forest system; consequently, it is no coincidence that the larger, more intense fires are happening on Federal lands, where there is less management, versus State and private lands.

More individual fires occur in the East, but the wildfires in the West are larger and burn more acres. Wildfires also have significant impacts on eastern forests because of the budgetary effects on the Forest Service's ability to manage and personnel.

We must be encouraging more active forest management across the National Forest system. This includes thinning, prescribed fires, and hazardous fuels reduction, especially in the roughly 19 million acres of Federal lands that are already known to be at high risk.

Mr. Speaker, I thank my colleague, Mr. WESTERMAN, for his great work during the last farm bill and his leadership with the Resilient Federal Forests Act and the Trillion Trees Act.

Through the next farm bill, I am hopeful that we can continue to build on those commonsense reforms, and we will provide more authorities to help the Forest Service better manage and encourage more partnerships.

Mr. WESTERMAN. Mr. Speaker, I thank the gentleman from Pennsylvania (Mr. THOMPSON) for being here tonight.

Mr. Speaker, I just want to illustrate here that this isn't difficult. It is not rocket science.

This is a control in the first picture. You see all the underbrush, the ladder fuels. This is on Federal land as well.

You see the forest management in the middle where you thin it out, you do controlled burns. You do those every few years, and you get a resilient forest that looks like this.

California and Oregon and Arizona and Washington State, Nevada, they

could have forests that look like this. Now, it would be those species that are out there, and the management would be done accordingly, but there is no reason we can't do this.

It is Speaker PELOSI's State that is on fire. It is Chairman GRIJALVA's State that is on fire. It is Chairman DEFAZIO's State that is on fire.

I wish that Democrats would take time to do what is right, to address these fires, to quit playing politics with relief bills that are going nowhere and do something that could really help the people and their States.

We want to help, but we can't do it on our own. We are in the minority.

We will work together and offer suggestions, but it is going to take a bipartisan effort to change these rules so that management can take place.

Mr. Speaker, I yield back the balance of my time.

Mr. CALVERT. Mr. Speaker, I rise to honor our firefighters who put their lives on the line to keep our communities safe every day. As new wildfires start every week, these brave men and women selflessly join the fight to protect life and property, while their families must live with the uncertainty of the threats they face on the frontlines. I commend these individuals, and Congress must provide all the support necessary to ensure our firefighters can return safely to their families.

I also commend the heroes joining the fight from across the country. California's firefighting resources are strained by the sheer number and size of the fires we face, and it is a testament to our nation's highest ideals that firefighters from across the West have come to our aid as these historic fires rage in every corner of our state.

Riverside County has already faced four distinct fires this wildfire season, burning over 60,000 acres in and around my district. In these fires alone, 17 individuals have been injured, and one firefighter lost his life trying to put out the El Dorado fire. Charlie Morton was a 14-year veteran of the Forest Service, and I send my deepest condolences to Charlie's family for their terrible loss.

Nearly every year California seems to break some record during the fire season.

It doesn't have to be this way.

For years, top congressional Democrats have rejected bipartisan proposals to reform our nation's forest management practices. Many Democrats have outright rejected the idea that how we manage our National Forests has anything to do with the increasing frequency and intensity of wildfires in the West.

Well, here are some of the facts:

Since 2010, approximately 150 million trees have died across federal, state, and private lands in California.

It is estimated that over 2 million properties are at extreme risk of wildfire due to high fuel loads nearby.

Between 60 and 80 million acres of national forest are at high- to very-high risk of catastrophic wildfire, but the Forest Service treats between just 1 and 2 percent of high risk acres each year.

In January, a study in Nature found that California needs to treat approximately 20 million acres to meaningfully impact wildfire risk. We treat closer to 13,000 acres annually.

Bureaucratic delays and frivolous lawsuits have halted much of this proactive work. The town of Berry Creek, received a grant to remove hazardous fuels, but it took the state nearly two years to review the project and allow it to proceed. By the time they did, it was too late, and the North Complex fire was already raging, destroying more than 50 homes in this community.

Salvage logging is another example of a win-win solution where companies still have an economic incentive to harvest the timber while helping prevent the next catastrophic wildfire. Charred trees left in the wake of wildfires are extremely flammable and hazardous fuels. Salvage operations must be conducted quickly or the economic value is lost, and extreme environmental groups frequently file lawsuits to halt these efforts.

In 2018 when I served as Chairman of the Interior Appropriations Subcommittee, I worked in a bipartisan fashion with Congresswoman MCCOLLUM to prioritize forest management and fuel reduction on our federal lands. We worked in good faith to achieve some meaningful reforms including a funding fix for the Forest Service and some limited regulatory reforms. Still, much more needs to be done to protect our communities.

We need to eliminate the red-tape that prevents these common-sense management efforts. We must take forest management decisions out of the courts and put the forest managers back in the driver's seat. Fortunately, House Republicans have solutions.

Congressman MCCLINTOCK's Proven Forest Management Act takes lessons learned from a pilot program in Lake Tahoe National Forest. Land managers were able to approve the first forest management project in under four months in a 16-page report, compared to an average of 4.5 years and 500 pages. We should pass this bill and expand this successful program nationwide.

Congressman WESTERMAN's Resilient Federal Forests Act is another example. This legislation has passed the House twice with overwhelming bipartisan support but was never considered by the Senate. This bill would streamline permitting for a wide array of forest management projects. When it comes to forest management, time is of the essence, and this legislation would dramatically increase our national capability to reduce the frequency and severity of catastrophic fires across the West.

I call on Speaker PELOSI to take up these bills and pass meaningful, comprehensive forestry reform. More bureaucracy is not the answer to our wildfire crisis, and we in Congress must act like there are lives at stake, because that is the reality of the threat we face.

PROCEEDINGS AND DEBATES OF THE 116th CONGRESS, SECOND SESSION

Vol. 166

WASHINGTON, THURSDAY, OCTOBER 1, 2020

No. 171

Senate

The Senate met at 12 noon and was called to order by the President pro tempore (Mr. GRASSLEY).

PRAYER

The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.

Eternal God, our heavenly Father, we cry to You, but sometimes You seem so far away. In our despair, You sometimes seem distant, and we are tempted to surmise that we are all alone.

When we shout, we seem to hear the echoes of our anguish. Nonetheless, we know that You are holy, mighty, and good. We have trusted You too long to let go.

Empower our Senators for these challenging times. Remove from their minds all bitterness and contempt for one another. Keep their hearts clean, their spirits courageous, and their minds clear as they face these daunting times.

We pray in Your omnipotent Name. Amen.

PLEDGE OF ALLEGIANCE

The President pro tempore led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

RESERVATION OF LEADER TIME

The PRESIDING OFFICER (Mrs. FISCHER). Under the previous order, the leadership time is reserved.

The President pro tempore.

Mr. GRASSLEY. Madam President, I ask unanimous consent to speak for 1 minute in morning business.

The PRESIDING OFFICER. Without objection, it is so ordered.

ELECTION SECURITY

Mr. GRASSLEY. Madam President, President Trump was rightly criticized

for dodging a question about the peaceful transfer of power. Instead, Trump criticized mail-in ballots and rejected the premise that he will lose.

No, that doesn't mean that he is planning some sort of coup, but it is important for any President to choose their words very carefully.

The same is true for partisans on the other side whipping up fear that our democracy is in jeopardy or that the ballots will not be counted. Even worse is the rhetoric setting the stage to delegitimize any future Trump victory.

We now hear full-blown conspiracy theories. Let me mention a few. A group of Biden supporters conducted a war game speculating that the President will not leave office without a Biden landslide, questioning what the military would do.

The Chairman of the Joint Chiefs of Staff stepped in with a simple civics lesson. The U.S. military has no role in the elections, he said.

Democrats have doubled down on this debunked theory that the Postal Service is plotting with Trump to disrupt the election mail. The Postal Service does not answer to the President of the United States. It has plenty of capacity to deliver election mail. Plus, the Federal Government doesn't run elections; the 50 States run those elections.

A key goal of Russian "active measures," dating back to the Cold War, has been to get Americans to doubt their government, its leaders, and democratic institutions. Let's not do Russia's dirty work for them. No American should be questioning our free and fair elections.

Now to my State of Iowa. Our people who have requested absentee ballots will have ballots mailed to them starting on October 5. Remember to fill it out completely, including your driver's license or voter PIN number, and mail them to your county auditor well before election day but not later than the day before.

Your ballot can be tracked on the secretary of state's website. Check out where your ballot is.

I have great faith in Iowa's election officials and our postal workers. Iowans who vote in person or absentee can be assured that your vote will count—the same as any election.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. MCCONNELL. Madam President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

RECOGNITION OF THE MAJORITY LEADER

The PRESIDING OFFICER. The majority leader is recognized.

NOMINATION OF AMY CONEY BARRETT

Mr. MCCONNELL. Madam President, at this time last week, the Nation did not know whom President Trump would be nominating to the Supreme Court, but, amazingly, we did know what kinds of false attacks the far left would deploy against whoever it was.

Democrats and special interests have been telling the country for 45 years—45 years—that every Supreme Court vacancy under a Republican President was going to bring about the apocalypse. John Paul Stevens, they said, was anti-woman. David Souter, they said, wanted to hurt vulnerable people. John Roberts was out to get health insurance.

And wouldn't you know, the President had barely finished saying Judge Amy Coney Barrett's name before the same old attacks began rolling in. Our 77-year-old male former Vice President and our 69-year-old male Senate Democratic leader have tried to inform

S6009

American women that this 48-year-old working mom wants to roll back her own rights as a woman—roll back her own rights as a woman.

Democrats have tried to fearmonger around a 4-year-old academic paper that reinforced one unfair penalty in ObamaCare, which Congress, by the way, already eliminated 3 years ago.

As an aside, if the American people are interested in which Senators are serious about protecting Americans with preexisting conditions, they can simply look up the vote Senators took last night—just last night. Every single Democrat voted against legislation from Senator TILLIS that would have cemented protections for these vulnerable Americans.

Democrats voted to block protections for preexisting conditions just like they voted to block hundreds of billions of dollars for coronavirus relief and just like they voted to block police reform—and a thousand other things they tell Americans they support but vote against to block bipartisan progress.

So here is another one of the made-up attacks: Democrats are demanding that Judge Barrett commit in advance—in advance—to recuse herself from entire categories of cases for no reason. This is another totally invented standard. Nobody has ever suggested that Supreme Court Justices should categorically sit on the sidelines until the President who nominated them has left office. What an absurd suggestion.

Justices Ginsburg and Breyer were confirmed during President Clinton's very first term. Justices Sotomayor and Kagan were confirmed during President Obama's first term. All four of these Justices went on to participate in election-related proceedings while the President who had nominated them was on the ballot.

Justices Breyer and Ginsburg participated actively in Clinton v. Jones and other matters connected to President Clinton's eventual impeachment. In fact, they urged and attempted to get the Supreme Court even more involved.

This is a sideshow—a sideshow. If Judge Barrett is confirmed, she will swear an oath. She will have a lifetime appointment. Nobody seriously is suggesting she lacks any bit of the integrity which everyone trusted Justice Ginsburg, Justice Breyer, Justice Sotomayor, Justice Kagan, and countless others to exercise. In fact, her integrity and independence are precisely what Judge Barrett's peers across the political spectrum go out of their way to applaud.

Judge Barrett has no obligation to make any of the bizarre—bizarre—prejudgments that our Democratic colleagues are demanding. Like I said, much of the script has been entirely predictable.

I will tell you one thing I did not predict. I honestly did not expect the Democratic leader to come to the Senate floor and say that concerns about

anti-religious discrimination are “manufactured hysterics.” I didn't expect that.

I do not expect we will hear the leader of the Democratic conference stand on the Senate floor and say that America's freedom of religion is “an imaginary issue.”

The Democratic leader claimed indignantly that his fellow Democrats would never—never—make an issue out of a nominee's personal religious beliefs. He took great offense that such a thing would even be suggested.

But the whole country knows that, 3 years ago, when the Judiciary Committee was considering this very nominee—this one—for her current position, Senate Democrats did precisely that, exactly that. The senior Senator from California literally implied in front of the entire country that Judge Barrett was too Catholic—too Catholic—to be a judge. Here was the quote: “The dogma lives loudly within you,” she said. “And that's of concern.”

The senior Senator from Illinois asked Judge Barrett in the official record—listen to this—“Do you consider yourself an ‘orthodox Catholic?’”

The junior Senator from Hawaii felt compelled to tell the nominee—listen to this—“You would be a Catholic judge.” “You would be a Catholic judge.”

No one imagined these exchanges, but they happened on video before the entire Nation. Multiple sitting Senators fretted in an open hearing that Judge Barrett's religious views created doubts about her fitness to serve.

Outside the Senate, it was not imaginary when one faith group in which Judge Barrett and her family participate reportedly came under cyber attack a few days ago. Their membership directory was reportedly hacked, just as Judge Barrett emerged as a frontrunner.

Nobody had to imagine the ominous articles from AP, Reuters, the Washington Post, and POLITICO, all implying there was something questionable—questionable—or problematic about Judge Barrett's faith practices.

Nobody had to imagine POLITICO sending a contributing editor to snoop around the church buildings and report what a youth group had written on their whiteboard.

So, no, Americans don't have to imagine this elite disdain. All they have to do is read it.

It is not just this one nominee. Nobody imagined it when the junior Senator from Vermont accused a different nominee of hatred and Islamophobia because he had previously expressed a personal view that Christianity gets things right, which Islam gets wrong.

It is not imaginary when the junior Senator from California cast aspersions on yet another nominee for—listen to this—belonging to the Knights of Columbus. And another Democrat implied he should quit this mainstream Catholic group if he wanted to hold public office. Quit the Knights of Columbus if

you want to hold public office? In America?

The Democratic leader says these are manufactured hysterics. He says people who call this out are hysterical. Frankly, it would be better for our country if that were true, but that is not the case.

Just yesterday, 24 hours after the Democratic leader swore that Democrats would not make this an issue, the junior Senator from Hawaii tried to say Judge Barrett's faith is “irrelevant” but immediately proceeded to question “whether her closely held views can be separated from her ability to make objective, fair decisions.” No one—no one—should be deceived by these thinly veiled euphemisms.

This is the exact form that religious discrimination had taken in America for decades—for decades—especially when it comes to public service.

We do not often hear people say they simply dislike a particular religion altogether. Thank goodness we are mostly past that kind of bigotry. No, going all the way back to Jack Kennedy, the more common accusation has been something a little more subtle—that people of deep faith or certain faiths are incapable of being fair or objective; that they are incapable of doing certain jobs well; that such Americans are torn between divided loyalties and not to be trusted.

Here is what the left is trying to say: Oh, we have no problems—no problems—with Judge Barrett's faith in an abstract sense. We just think it disqualifies her from this promotion.

Madam President, that is the definition of discrimination.

About a century ago, openly anti-Catholic political cartoons pictured the Pope or the Catholic Church as an octopus wrapping its tentacles around the institutions of American Government. Thankfully those displays are long gone, but the core attitude clearly is not.

Americans of faith are not imagining the increasingly hostile climate that the political left and the media have spent literally years sowing. And, no, there is no free pass, as some commentators have suggested, because many prominent liberal voices or prominent Democrats themselves identify as Catholic. You don't get a free pass just by calling yourself a Catholic.

More than one-fifth of our country belongs to the same church as Judge Barrett—one-fifth of our country. Tens and tens of millions of Americans—all of them—like all Americans, must be free to live their faiths in diverse and different ways without being barred—without being barred—from public service. These kinds of aspersions do not become any more acceptable if the call is coming from inside the house.

Sadly, none of these problems are imaginary. The American people's concerns are not manufactured.

The Little Sisters of the Poor did not wake up thinking it would be good fun if the Obama-Biden administration tried to force them to violate their own

consciences. These nuns did not manufacture their lengthy legal battle for the fun of it. It was the secularizing left that went on offense.

Churches all across America did not go looking for one of this cycle's Democratic Presidential contenders to suggest places of workshop should lose their tax exempt status if they preach or practice traditional teaching. It was the secularizing left that went on offense.

If parts of the elite American left have become this out of touch with mainstream religious beliefs held by millions and millions of their fellow citizens, it will take more than victim blaming to dig out of it. They could start this week. They could start today.

They could commit to evaluating Judge Barrett on her credentials and her qualifications, and they could stop gawking at deeply religious Americans like they have encountered extra-terrestrial life or bought a ticket for a safari.

MEASURES PLACED ON THE CALENDAR—S. 4773, S. 4774, S. 4775

Mr. MCCONNELL. Madam President, I understand there are three bills at the desk due for a second reading, en bloc.

The PRESIDING OFFICER. The leader is correct.

The clerk will read the bills by title for the second time.

The senior assistant legislative clerk read as follows:

A bill (S. 4773) to establish the Paycheck Protection Program Second Draw Loan, and for other purposes.

A bill (S. 4774) to provide support for air carrier workers, and for other purposes.

A bill (S. 4775) to provide continued emergency assistance, educational support, and health care response for individuals, families, and businesses affected by the 2020 coronavirus pandemic.

Mr. MCCONNELL. In order to place the bills on the calendar under the provisions of rule XIV, I would object to further proceedings, en bloc.

The PRESIDING OFFICER. Objection being heard, the measures will be placed on the calendar, en bloc.

PROTECT ACT—MOTION TO PROCEED

Mr. MCCONNELL. Madam President, I move to proceed to Calendar No. 554, S. 4675.

The PRESIDING OFFICER. The clerk will report the motion to proceed.

The senior assistant legislative clerk read as follows:

Motion to proceed to S. 4675, a bill to amend the Health Insurance Portability and Accountability Act.

The PRESIDING OFFICER. The assistant Democratic leader.

UNANIMOUS CONSENT REQUEST—H.R. 5602

Mr. DURBIN. Madam President, I come to the floor today to speak to one

of the most significant issues facing the security of our Nation. It is a question of domestic terrorism, specifically the threat of violent White supremacists.

In Tuesday's Presidential debate, moderator Chris Wallace asked President Trump to condemn White supremacists and rightwing militia. President Trump refused. Instead, he replied—and I quote—“Proud Boys, stand back and stand by.”

The Proud Boys, a far-right group that promotes and engages in violence, viewed President Trump's words as a call to action. The group's leader Joe Biggs said he took the President's words as a directive to “[F] . . . them up.”

I was appalled, but not surprised, by the President's words. He has a long history of inflammatory, racist remarks. Now, President Trump claims that violence is a “left-wing problem, not a right-wing problem”—his words.

Let me be clear. I join Vice President Biden in condemning all violence, but we know that White supremacists pose a great threat. An unclassified May 2017 FBI-DHS joint intelligence bulletin found that “white supremacist extremism poses [a] persistent threat of lethal violence.” This was a finding by the lead law enforcement agencies of the Trump administration. They went on to say that White supremacists were responsible for more homicides from 2000 to 2016 than any other domestic extremist movement. The director of the FBI, Christopher Wray, in response to a question I posed in the Senate Judiciary Committee last year, said that the majority of domestic terrorism arrests involved White supremacists.

Now, for years, I have urged the Trump administration to respond to the ongoing threat of violent White supremacists and other far-rightwing extremists. Instead, they have repeatedly downplayed this very lethal and real threat.

Attorney General Barr has never responded to the multiple letters I have sent, asking what the Department of Justice was doing to combat White supremacist violence.

Unfortunately, as we have learned from former Trump administration officials themselves, the Trump administration has downplayed the threat of violent White supremacists. POLITICO recently reported that a draft homeland threat assessment report from DHS was edited to weaken language on the threat posed by violent White supremacists. And a DHS whistleblower alleged that DHS officials, including Ken Cuccinelli, requested the modification of the report to make the threat of White supremacists “appear less severe” and add information on violent leftwing groups.

It is not enough to just stand here and condemn the President's remarks at the infamous debate. The American people sent us to Congress to act. There is something we can do now.

There is something that we can do that will show we are prepared to respond to this threat to law and order, to this threat of violent White supremacists.

I am the lead sponsor of the Domestic Terrorism Prevention Act, bipartisan legislation that would address the threat of violent White supremacists and other domestic terrorists.

Our bill would establish offices to combat domestic terrorism at the Department of Justice, the FBI, and the Department of Homeland Security. It would require these offices to regularly assess the domestic terrorism threat and focus their limited resources on the most significant threats. Critically, they would provide training resources to assist State, local, and Tribal law enforcement in addressing the domestic terrorism threat. The House companion to my bill was introduced by my colleague and friend Congressman BRAD SCHNEIDER of Illinois.

Just last week, the House of Representatives passed our bill on a unanimous voice vote. The Senate should pass it today.

In a few moments, staff will provide me with the language to ask for a unanimous consent. I am waiting so there is an opportunity for both sides to discuss the procedure moving forward. In the meantime, several of my colleagues have asked to come to the floor and address the issue. I would yield to them for comment or question, through the Chair, with the hopes that when the procedural language arrives, I might be able to make the unanimous consent request.

The PRESIDING OFFICER. The Senator from Connecticut.

Mr. BLUMENTHAL. Madam President, I am here today on probably one of the most serious national security issues that we will confront. I say that as a member of the Armed Services Committee, having received a variety of classified briefings on threats to this country. Some of them regarding ongoing foreign interference in our election are truly chilling. But the threat to our national security from White supremacists, now operating so openly that the Director of the FBI has said they are one of the paramount threats and an ongoing security threat to our Nation, demands that there should be action now.

The bill that my colleague Senator DURBIN is offering passed unanimously by the House of Representatives within recent days. Let me repeat. It passed unanimously by the House of Representatives. It reflects the real and urgent danger of this threat.

The President has refused to denounce White supremacists. The President has told one of the most prominent of those groups to stand by. That failure—an abject failure on the part of the Commander in Chief—to respond to an ongoing security threat demands this action now. We must stand up for the integrity of our elections, the security of our Nation, and the fundamental freedoms that we prize as American people.

We will not allow this cancer to metastasize in this country and thwart the will of Americans who are going to the polls, in effect, right now. The ballots are being cast. The threat to our electoral will is ongoing.

I am proud to join my colleagues who are here on the floor who represent an ideological spectrum, as did the House of Representatives in unanimously approving this bill. The paramount threat to our Nation and the integrity of our elections is White supremacy, violent extremism, and nationalism that potentially jeopardize the very pillars of our democracy.

I yield the floor.

Mr. DURBIN. The Senator from Virginia.

The PRESIDING OFFICER. The Senator from Virginia.

Mr. KAINÉ. Madam President, I rise to support the efforts of my colleagues to bring the unanimous House bill establishing legal procedures for dealing with White supremacy to the floor of the Senate. I do so in honor of four Virginians.

In August of 2017, a group called Unite the Right held a White supremacist rally in Charlottesville, VA. They started on a Friday evening, when Jewish residents of Charlottesville were gathering in synagogues and when students were coming to the University of Virginia to start their academic careers. They rampaged through the campus and community chanting slogans from Nazi rallies like “Jews will not replace us” or “Blood and soil.”

As if that were not terrorizing enough, on the next day, they escalated physical attacks against many. Heather Heyer was a Charlottesville resident and paralegal with an amazing background and story who was peacefully protesting that day, and a White supremacist from another State revved his car up, hit her and killed her.

DeAndre Harris was a special education instructional aide in Charlottesville, and he was set upon by a number of White supremacists and beaten severely with objects.

There were two Virginia State Troopers, Jay Cullen and Berke Bates, both of whom I knew. Jay Cullen often flew me in a helicopter when I was Governor, and I met Berke Bates, the trooper, because he was part of Governor McCullough’s security detail. They were called out on that day, which would have been a day off. They were called out on that day because they needed to provide extra security as this White supremacist rally ran amuck in Charlottesville. On that day, both of them lost their lives as their helicopter malfunctioned.

I stand on the floor of the Senate thinking of these four Virginians—two of whom I knew, three of whom lost their lives, and one who was injured severely in this Unite the Right rally—to say that it is time we have laws in this country that would enable us to appropriately deal with the chief source of domestic terrorism. For that, I thank my colleague.

I yield the floor.

The PRESIDING OFFICER. The Senator from Alabama.

Mr. JONES. Thank you, Senator DURBIN for this bill. Thank you for the colleagues who are on here.

I was struck when Senator KAINÉ rose in honor of those who died in Virginia. The list goes on and on. You can go to Emmett Till. You can go to the four girls, Addie Mae Collins, Carole Robertson, Denise McNair, and Cynthia Wesley. You can go to those who lost their lives in a church in Charleston, SC. The thing that connects them all is not just that they died because of the color of their skin, not just because of the White supremacists who were trying to change the political dynamic in this country. It is an unbroken stream that goes back decades and generations. It goes back to the time of the great original sin of slavery, when White supremacy tried to dominate this country, and it goes back to a string of unbroken deaths that are occurring even as we speak.

Hate crimes across this country have proliferated, whether it is not just White on Black or it is the Tree of Life synagogue. It is so many things that we have to stop.

The interesting thing to me of what happened this week is that the day after the Presidential debates when the President of the United States refused to condemn White supremacy, the Governor of the State of Alabama, my friend Kay Ivey—Republican Governor of the State of Alabama—apologized to the victims of the 16th Street Baptist Church bombing that occurred 57 years ago. It was an implicit acknowledgement that words matter, that statements of public officials have an effect on people. They give a green light to violence, often even unintended.

This bill Senator DURBIN has proposed that passed, as Senator BLUMENTHAL and others said, unanimously is a statement that we cannot allow this to continue. It is a statement that we will—as law enforcement, as citizens, as people in a free country—we will put an end to this kind of rhetoric and this kind of hate.

Folks, we cannot let this moment pass in this body. The House passed this bill unanimously and so should the U.S. Senate. We should make a stand with our colleagues in the House—Republican and Democrat—that this is an important statement right now because what is unsaid so much right now is that we see this playing out in this country. We see it playing out in the streets. And we can talk about it from the right or the left, and we can talk about it from Republicans or Democrats, but the fact is, we need to be talking about it in terms of people and victims—innocent victims. That is what this bill is about—protecting the lives of all Americans, regardless of the color of their skin, regardless of their religion, regardless of their political persuasion. This bill will do that.

Give the FBI the tools necessary. Give the statement from the U.S. Sen-

ate that we will not stand for this. Support this bill.

I yield the floor.

The PRESIDING OFFICER. The Senator from New Jersey.

Mr. BOOKER. I am really grateful, Madam President.

It has been said, and it is quite true, that the only thing necessary for evil to be triumphant is for good people to do nothing.

Here we are at a time where we know our history. Since 9/11, the greatest terrorism we have seen in our country, actions from a church in South Carolina to a synagogue in Pittsburgh, to a Walmart in El Paso, time and time again, the violence that we have seen and the greatest terrorist activities since 9/11 have been domestic terrorism—rightwing extremists, the majority of them White supremacists.

The warnings we are now getting from our intelligence officials, according to one Judiciary hearing from the Department of Homeland Security, are that the most significant threat right now to the security of our country is White supremacy and violent White supremacy.

The FBI has given a number of warnings. We now are heading toward an election where we are seeing signs of increased activity, increased hate, increased focus. This body—this good body, friends on both sides of the aisle—this is not a time where we can do nothing. We must act. We must take measures and steps to end this kind of violent scourge in our country.

Obviously, this will not accomplish everything. But in a time like this, we must do something. I join my colleagues in support of this legislation. I want to, again, affirm the fact, quite encouraging, that it passed in a bipartisan manner in the U.S. House of Representatives. That is so encouraging. We should do the same here.

The PRESIDING OFFICER. The assistant Democratic leader.

ADDITIONAL COSPONSOR

Mr. DURBIN. Madam President, I ask unanimous consent that Senator MANCHIN’s name be added as a cosponsor to S. 3190.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. DURBIN. Madam President, we are asking for unanimous consent to pass a bill that has passed the House of Representatives unanimously by a voice vote—unanimously—to empower and direct the law enforcement agencies of the United States to use their talents and resources to stop domestic terrorism, to stop the killing. We are identifying, in the course of it, the White supremacy and far-right extremism as one of the sources.

Listen to what a Trump administration Department of Justice official wrote last year in the New York Times:

White supremacy and far-right extremism are among the greatest domestic-security threats facing the United States. Regrettably, over the past 25 years, law enforcement at the Federal and State levels have been slow to respond.

Killings committed by individuals in groups associated with far-right extremist groups have risen significantly. We are not manufacturing a crisis. The Trump administration Department of Justice official concurs with our actions that they are needed.

How did I get involved in this? It goes back to 2012. As chairman of a Senate Judiciary subcommittee, I held a hearing on the threat of violent rightwing extremism after a White supremacist murdered six worshippers at a Sikh gurdwara in Oak Creek, WI. Officials from the Department of Justice, Homeland Security, and FBI—even at that time—testified about the threat posed by violent domestic extremists.

When President Trump was asked and challenged to condemn this violence, he refused.

The question is whether the U.S. Senate, now given the same opportunity, will stand as the House of Representatives has on a unanimous, bipartisan basis to say “enough” when it comes to domestic terrorism inspired by White supremacy and rightwing extremism.

Let me add that there is nothing in this bill to stop the efforts of those same agencies to police and stop leftwing extremism—all extremism. I have no problem in condemning all of it, but we are focusing on the one that is the most significant in the words of the Department of Justice.

I ask unanimous consent that the Committee on the Judiciary be discharged from further consideration of H.R. 5602 and that the Senate proceed to its immediate consideration; further, that the bill be considered read a third time and passed; and that the motion to reconsider be considered made and laid upon the table with no intervening action or debate.

The PRESIDING OFFICER. Is there objection?

The Senator from Wisconsin.

Mr. JOHNSON. Madam President, reserving the right to object, I just found out about this bill a couple of hours ago. I have been busy. I haven't really been able to really research it, and that is part of the problem with what our Democratic colleagues are trying to do here in just quickly rushing it through the U.S. Senate. Maybe this has had a full vetting in the House of Representatives, but here, in the U.S. Senate, it hasn't gone through any committee process whatsoever.

Unfortunately, I also have to make the point—because I am sure they are trying to make a political point as opposed to trying to make law today—that I am opposed to all forms of domestic terrorism, including White supremacists. I think I speak for all of my Republican colleagues, and I think I speak for every U.S. Senator: We all abhor domestic violence and terror, including White supremacists.

Again, I don't have much knowledge about this even though I am chairman of the committee of jurisdiction of one of the Departments that would be sub-

ject to this piece of legislation. I know that the Department was not consulted on this piece of legislation. I have been given notice here that the Department of Justice does not support this piece of legislation because it says it would seriously impede its ability to work in the domestic terrorism space. Again, I am not exactly sure why the Department of Justice does not like this piece of legislation. Suffice it to say that it doesn't. The Department of Homeland Security was not even consulted on this. As chairman of the Homeland Security Committee, I don't know anything about this bill.

This is not the way to pass a serious piece of legislation that deals with a serious issue. If it is a good piece of legislation, the sponsors should have no problem running it through the normal committee of jurisdiction process. In this case, apparently, it is with the Judiciary Committee, but I would think my committee would also have some pretty strong equities in this space, not to mention the fact that I have been working with my ranking member on precisely these types of issues.

Instead of just trying to make a political point, what I have always tried to do is get a result and make law, but that has to go through a thoughtful process that uses the full committee process, which is not the case here.

So I object.

The PRESIDING OFFICER. Objection is heard.

Mr. DURBIN. Madam President, yes, I am trying to make a political point, and it should be a bipartisan political point. It should be Republicans and Democrats in the Senate, as there was a unanimous voice vote in the House of Representatives on that same measure, and I am sorry my colleague from Wisconsin has left.

The Senate's version of this bill has been pending for 9 months—for 9 months. The House has moved its version of it. It is a timely issue. Why waste a day in making America safer? Why not tell our law enforcement agencies: Now, roll up your sleeves. Go to work. Find the most dangerous things happening in this country, and stop them.

We know one of them is White supremacists and their rightwing extremism. The President fumbled and couldn't come up with an answer 2 days ago. Today, sadly, from the Republican side, we get an objection to coming together on a bipartisan basis, as they did in the House, to address this very real issue. I am troubled by this. It is a sad moment.

I do believe the Senator from Wisconsin and many others will say they are against extremism. They had a chance to prove it by passing a measure here and refused.

I yield the floor.

The PRESIDING OFFICER. The Senator from Alabama.

Mr. JONES. Madam President, I am compelled to talk about this process that I just heard about.

There is no process, folks. Let's just be candid. This Senate is not the deliberative process body that the Senator from Wisconsin talked about. We don't have that. This bill has been pending for 9 months. But we don't have that. This is not the Senate in which I worked in 1979, where there was a deliberative attempt. There were debates on the floor, and there were debates in committee. This is not a process. Whether it is on the floor of this Senate or whether it is in the media or wherever else, when someone says that this should go through the normal process, those processes were killed a long time ago. I have been in this body for almost 3 years, and we have had only a relatively handful of amendments on any bill that has come here. We have had virtually no markups and debates in committees. Those don't exist. This bill has been pending for 9 months, which is more than adequate time for the Homeland Security Committee to have taken a look at it, more than enough time for the Committee on the Judiciary to have taken a look at it, and more than enough time to have had a hearing on it.

Apparently, our colleagues in the House felt it was OK, but this body has gotten to be so dysfunctional that, to send a statement, we will not allow a unanimously passed bill that has been pending in the Senate of the United States for 9 months to be passed.

There is one thing with which I might disagree a little bit with Senator DURBIN. For me, this is not a political statement. This is a statement about law enforcement and increasing the ability of law enforcement. It is a statement to protect victims of crime. That is what this bill is about for me. I have seen it all too often in my State and throughout the South. Again, that unbroken string—that is what I see this bill as.

So I don't need lectures about process when I see a Senate that does not function but that leapfrogs substantive legislation simply to ram a Supreme Court nominee through—one that hasn't been pending for very long, either. This is the kind of thing the Senate needs to be doing and passing, and we should be ashamed of ourselves for not doing it. Hopefully, that will change.

I yield the floor.

RECOGNITION OF THE MINORITY LEADER

The PRESIDING OFFICER. The Democratic leader is recognized.

Mr. SCHUMER. Madam President, before I get into the subject of this pending vote, I do want to thank my colleagues from Illinois and Connecticut for bringing this important topic before the Senate.

President Trump's refusal to condemn violent White supremacist groups in the Presidential debate has been around for several days. We have hardly heard anything out of most of our colleagues, and no one—no one, no one—is going to buy the argument that it came too suddenly. White supremacy

hasn't come too suddenly. The President's remarks have been out there for several days. It is the flimsiest of excuses to avoid criticizing the President even when every American of decency—the overwhelming majority of all Americans—would know he should be condemned.

They don't care if you are a Democrat or a Republican or are liberal or conservative. You never know how low President Trump can go, but his refusal to condemn White supremacy is among the lowest things he has done, and—boy, oh, boy—there are lots of them lined up. I am ashamed of my Republican colleagues and ashamed—for America, for decency—that they have chosen to block this.

S. 4653

Madam President, now, on another issue of great importance to America, the nomination of Judge Amy Coney Barrett to the Supreme Court has thrust the issue of healthcare back into the spotlight. Her confirmation to the highest Court in the land could put healthcare for hundreds of millions of Americans at risk.

As you would imagine, taking away healthcare is deeply unpopular with the American people. So it seems the strategy from the Republican majority is to invent some new distraction—a fresh outrage—to talk about. My colleagues on the other side would rather talk about anything besides the fact that their President, their party, and their Supreme Court nominee pose a dire threat to Americans' healthcare.

The outrage from the Republican leader was directed today, once again, at the idea that the Democrats would attack a nominee's religious beliefs, but of course, in their zeal to manufacture this issue, the Republican Senators began telegraphing this line of attack even before the nominee had been named. One Republican Senator wrote me a letter to warn against anti-Catholic attacks that hadn't happened yet against a nominee who had not been named. That is how transparent this Republican diversion—ruse—is.

It appears the Republican majority will crank up the outrage machine to any level of absurdity to avoid talking about America's healthcare—the healthcare that so many Americans desperately want and need. In fact, all week, the Republican leader has mocked the idea that a far-right Supreme Court majority might strike down the Affordable Care Act and that Judge Barrett might play a decisive role. Of course, President Trump promised to nominate Supreme Court Justices who would terminate the Affordable Care Act, and he picked Judge Barrett. Those are the President's words. He is only going to pick Justices who would terminate the Affordable Care Act, and it is no mystery why he picked Judge Barrett.

In both major cases brought against the ACA, Judge Barrett twice sided against the law. She publicly criticized Justice Roberts for upholding the law

and said that, if the Supreme Court were to read the statute the way she does, they would have to “invalidate it.” President Trump: “terminate it.” Judge Barrett: “invalidate it.” Guess what, President Trump and Republican attorneys general are in court right now, suing to do just that—invalidate our healthcare law in a case that will be heard 1 week after the election.

The threat to Americans' healthcare is very, very real, and Senate Republicans are tying themselves in knots in trying to explain how it is not. Leader McCONNELL, from the floor of the Senate, called it a joke—a joke—that Judge Barrett and the far-right majority of the Court might vote to take away healthcare or to turn back the clock on women's rights.

Maybe he didn't get that message around to his conference, because the Republican Senator from Utah, only a few days earlier, claimed that the Affordable Care Act was unconstitutional and that striking it down shouldn't tarnish Judge Barrett if that is what she chooses to do.

Another Republican Senator said he wanted to see evidence that the nominee understood that Roe was wrongly decided, that Roe was an act of judicial imperialism, and I do believe Amy Coney Barrett's record bears that out. That was his quote.

The junior Senator from Missouri expressed confidence that Judge Barrett believes Roe v. Wade was wrongly decided. On the Supreme Court, a Justice Barrett could enforce that view.

So which is it, Republican leader? Is it absurd to think that Judge Barrett might strike down the Affordable Care Act, or is it a good thing that shouldn't tarnish her reputation?

Is it a joke that Judge Barrett could curtail women's fundamental rights, or are Republican Senators relieved to think that she thinks Roe v. Wade is judicial imperialism?

Americans are starting to get pretty sick of these double standards and mealy-mouthed talking points—pretty sick of politicians who, just 4 years ago, declared they couldn't possibly confirm a Democratic nominee to the Supreme Court in the early months of an election year but are now rushing to confirm a Republican nominee in the middle of an election that is already underway. Most of all, pretty sick are Republicans claiming they support protections for Americans with preexisting conditions while, at the same time, they support a lawsuit that would eliminate them.

Well, we are about to put a few of these Senate Republicans on the record. Soon, the Senate will vote on a bill that, if passed, would protect the healthcare of hundreds of millions of Americans and prevent efforts by the Department of Justice to advocate that courts strike down the Affordable Care Act. I was able to move this measure to the floor despite the fact that Republicans didn't want it, and now we will have a vote.

Will Republican Senators vote to stop President Trump's Justice Department from spending taxpayer dollars trying to eliminate the taxpayers' healthcare? We will see very shortly.

If Senators truly want to support protections for Americans with preexisting conditions, they would vote to damage President Trump's legal effort to eliminate them. It is as simple as that.

No amount of sophistry or explanation is needed. Yes or no?

Madam President, I ask unanimous consent that I be given a chance to finish my remarks in the next few minutes.

The PRESIDING OFFICER. Without objection, it is so ordered.

Mr. SCHUMER. Thank you, Madam President.

It is as simple as that. Are they with the people who want protection or not, or are they standing with President Trump, who wants to destroy it? It is that simple, because if President Trump and the Republican lawsuit are successful, every single American stands to lose vital healthcare protections or access to care. Millions of Americans would see drug costs skyrocket. Tens of millions of families would lose healthcare coverage during the worst health crisis in a century. More than 130 million Americans with preexisting conditions would lose vital protections, including every American who contracted COVID, which would be treated as a preexisting condition. Women would see their country hurtle backward to a time when they could be charged more than men for insurance simply because they are women.

This vote, which I was fortunate enough to obtain, will show America which party stands with protecting Americans' healthcare and protections for preexisting conditions and which party opposes it.

It is plain and simple. Are you with Leader McCONNELL, who wants to rip away people's protections? Are you with President Trump, who wants to wound our American healthcare by eliminating ACA? Are you with the American people, who desperately need these protections? Are you with the mother or father whose son or daughter has cancer and the insurance company says “You are not getting any insurance,” or are you going to require that company to give them the insurance that family so desperately needs?

The eyes of America are on this body and on Republican Senators right now. Whose side are you on—President Trump's or the American people who want healthcare?

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. JOHNSON. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER (Mr. YOUNG). Without objection, it is so ordered.

Mr. JOHNSON. Mr. President, I ask unanimous consent that the mandatory quorum call be waived.

The PRESIDING OFFICER. Is there objection?

Without objection, it is so ordered.

UNANIMOUS CONSENT REQUEST—S. 4756

Mr. KENNEDY. Mr. President, I want to talk just for a few moments about the internet and social media, and I want to make it clear, first, that I believe firmly in free will and responsibility. I believe that no matter what kind of day you are having or what is going on in your life, that you are responsible for your actions.

But I think we all know, as a matter of experience and common sense, that there are things in this world that can influence our actions. Social media, which I consider to be an American invention, has many virtues and many advantages, and we know that. I think it has brought the world closer today. I think it has given many people a voice. I think it is an extraordinary source of knowledge.

But like other innovations in this world, it has a downside. And one of those downsides is the fact that, too often, social media becomes an endless electronic brawl, and rather than bringing us together and exposing us to other points of view and causing us to test our assumptions against the arguments of others, it brings us apart. I think social media is, in part, responsible for that.

We all know that many social media platforms are free. Let's take Facebook, for example. Facebook is a free service. You open an account; you go on Facebook; and you can find out what your high school friends had for

dinner Saturday night. Now, we give up a lot from that privilege of watching what our high school friends had for dinner Saturday night. Facebook collects an enormous amount of information about us. And, once again, I am not just picking on Facebook. I am using them as an example because it is such a popular platform that we all know about. Facebook uses that information in a number of ways.

First, Facebook uses it to make money. They know a lot of stuff about us from collecting information about us so they can sell advertisers' ads, and they can tailor those ads to the individuals who are on Facebook according to the information that the social media platform—in this case, Facebook—has about them. You can even sell more ads if you can keep people who are on Facebook coming back and coming back and coming back.

So this is what happens. Some see this as a virtue, and some see it as a vice. A social media platform like Facebook gathers an enormous amount of information about us, and they learn, in intricate detail, what motivates us and what our interests are. Another way of saying that would be they learn what our hot buttons are. And they continually show us—what is the word I am looking for—advertisements, information, and postings of other people on Facebook that reinforce our beliefs, and, in some cases, they show us very radical bits of information that really push our hot buttons.

Now, why do they do that? Well, No. 1, it will keep us coming back to Facebook, and it will keep us on Facebook longer, which means that advertisers like us better because we are seeing their ads, and it means that Facebook can sell more ads at a higher price. I am not criticizing them. That is just the way the business works.

But the downside of it is that we only see one point of view. Our point of view is reaffirmed. We never see other points of view. We are never encouraged to question our assumptions or to test our assumptions against the arguments of others.

Now, how does Facebook do this? And, again, I don't mean to just pick on Facebook, but it is an example we are all aware of. They use algorithms. I am not going to try to explain algorithms, but that is how they show us information that pushes our hot buttons.

The social media platforms contend that they are not involved in content and that they are just publishers. So when somebody pushes your hot button and you get angry and you say something that you probably shouldn't say—that is why Facebook has turned into an endless electronic brawl—Facebook says: Hey, it is not our fault. We are just a publisher. That is why, under the law, Facebook enjoys what we call section 230 liability.

But as long as these algorithms are used to push our hot buttons, to reaffirm our points of view, to not show us

other points of view—one point of view is that Facebook and other social media platforms are not just publishers. They are clearly content providers, and they are having an impact on our behavior.

My bill is very simple. It just says that if you are a social media platform and you use algorithms based on the information you, the social media provider, have collected about us, if you use that information to push our hot buttons by continuously showing us information that just reaffirms our point of view without showing us other points of view, that is fine. That is perfectly legal. That is your business model. But in return, you are no longer going to enjoy section 230 liability.

This would not eliminate section 230 liability in a pervasive manner, but it would say that if you are going to use algorithms to push hot buttons and to keep other points of view away from us and monetize that practice, then you shouldn't enjoy section 230 liability. That is all my bill does.

For that reason, as if in legislative session, I ask unanimous consent that the Committee on Commerce be discharged from further consideration of S. 4756, which is my Don't Push My Buttons Act, to which I just referred, and the Senate proceed to its immediate consideration. I further ask unanimous consent that the bill be considered read a third time and passed and that the motion to reconsider be considered made and laid upon the table, all in the vein of, we have talked now for years about section 230 liability, and I think we ought to actually try to do something about it.

The PRESIDING OFFICER. Is there objection?

Mr. WYDEN. Reserving the right to object.

The PRESIDING OFFICER. The Senator from Oregon.

Mr. WYDEN. Mr. President, this bill is, on its surface, a privacy bill. It appears to have been introduced 2 days ago, and the sponsor has arrived on the floor of the Senate and says that this bill ought to be passed immediately and without debate.

My guess is that a small circle of beltway insiders have seen the text, but I just want the Senator to know that passing this bill this way would just make a mockery of the proposition that we ought to have open, public debate on significant laws. We are dealing with a rush job here.

I will just tell you that based on what we have picked up, the legislation certainly leaves more questions than answers.

First, who does the Senator from Louisiana intend to target with the bill? On a first reading, it could apply to anybody, from Glassdoor, to Spotify, to Cloudflare, to my neighbor's blog, to local media outlets.

At a higher level, if my colleague wants to protect Americans' data from collection and abuse, this bill certainly doesn't do that. On the contrary, his

legislation would push the platforms to simply force users to consent to their data being collected and used as a condition of using their service. That is already being done now, and this bill wouldn't change a thing for Americans' privacy.

Very significantly, our reading is that the Kennedy bill only requires consent if user data is both collected and used by the same company, and it has a massive loophole for data brokers and other shady middlemen who are already compiling dossiers of Americans' sensitive data and selling it to just about anybody with a credit card.

For the last several years, I have been blowing the whistle on these data brokers and these shady middlemen. We have investigated sector after sector where we are seeing these people who really adhere to some of the sleaziest business practices engaging in these tactics where they can get their hands on Americans' sensitive data and basically just sell it to anybody with a credit card.

I guarantee you, there is not a Senator in this body who is going to go home this weekend and tell their constituents: Gee, I want those data brokers and those middlemen to be able to sell my sensitive data to hither and yon, whatever nefarious purposes somebody might want to buy it for.

The Facebooks, the Googles, and the Twitters of the world have all the resources to pay these guys to outsource their data collection and be A-OK. Yet again, as I have said for some time, it is the startups and the little guys who are going to be left behind.

I have been working on these issues since I came to the Senate, and the only person here, really, who knew how to use the computer was the wonderful Senator from Vermont, Senator LEAHY. So as we began to write these formative laws, I said that my interest is the startup and the little guy because the big guys always do great.

That is why, when we were on the floor talking about the change to 230 before, who sold out the little guys? Facebook. And all that happened was the bad guys went off to the dark web.

So this is another bill where the Facebooks and the Googles all have the resources to pay the guys to outsource data collection, as I have been talking about, and the little guy is going to be left behind.

This bill does not require consent to collect your data. It doesn't require consent to use it and follow you around the internet. It wouldn't stop Chinese companies from harvesting American data and selling it to the Chinese Government.

If the Senator from Louisiana wants to protect Americans' sensitive data, I have a bill for doing that. I have comprehensive privacy legislation. It is called the Mind Your Own Business Act. We have been soliciting input on it literally for years. It is the toughest bill in terms of holding the executives actually accountable, for example, if

they lie about their privacy policy, if an executive of one of the major companies, generating billions in revenue, lies about their privacy policy.

The Mind Your Own Business Act is the bill that is the toughest in terms of protecting the consumer. It sets tough privacy and cyber security standards for companies that collect Americans' private data, gives the Federal Trade Commission more authority to issue serious fines, and it is backed up with the strongest enforcement provisions on offer if a CEO lies to the government.

It is not as if you can't write tough privacy proposals. It certainly can be done, and others have ideas on how to do it. But based on everything I have read, and particularly this provision that is going to be a holiday for data brokers and shady middlemen to be able to get people's sensitive data, for all of those reasons and, frankly, others that are too numerous to mention, I object.

The PRESIDING OFFICER. The objection is heard.

UNANIMOUS CONSENT REQUEST—H.R. 451

Mr. MARKEY. Mr. President, I rise today on behalf of the first responders in our country. Every day, brave women and men on the frontlines of the COVID-19 pandemic rely on T-Band, a spectrum that makes it possible for them to communicate with each other.

T-Band is the radio frequency that is set aside for these public safety officials so that they can talk to each other to keep all of us safe, all of us healthy. In 11 metropolitan areas, the T-Band system enables our courageous public safety personnel to work quickly and effectively during life-and-death situations.

T-Band allows emergency medical service teams to relay important information about patients' conditions. T-Band permits 9-1-1 dispatchers to send first responders to emergency scenes. Firefighters use T-Band to quickly coordinate strategy.

After the Boston bombing, after the marathon bombing, first responders used T-Band to communicate with each other during the ensuing manhunt.

This resource is nothing short of a lifesaver. T-Band really stands for "trusted band." It is the resource public safety can rely upon.

Unfortunately, the Middle Class Tax Relief and Job Creation Act of 2012 required the Federal Communications Commission to begin to auction off the T-Band, the trusted band, by February of 2021, but it would cost between \$5 billion and \$6 billion for first responders—police and fire—to relocate from the T-Band. That is much more money than an auction of that spectrum would ever generate.

Plus, for many first responders, there is simply no alternative to the T-Band; this is their only option. That is why this body must pass the Don't Break

Up the T-Band Act, which repeals the requirement that public safety stop using this spectrum.

The heroes who jump into action when we need them shouldn't have to scramble to figure out how they will communicate with each other. They shouldn't be left in limbo.

My legislation has support from an inspiring coalition of advocates and public safety groups. The International Association of Fire Chiefs, the International Association of Chiefs of Police, the National Sheriffs' Association, the National League of Cities, the United States Conference of Mayors, the National Association of Counties, the Association of Public-Safety Communications Officials, the National Public Safety Telecommunications Council, and many others are demanding that we preserve the T-Band.

These groups and the people they represent are not asking for a favor; they are just asking to be allowed to do their jobs effectively.

I thank Leader SCHUMER for his partnership on this issue and his longstanding commitment to the public safety community. I also want to thank Ranking Member CANTWELL and Ranking Member SCHATZ for their work and dedication to this effort.

But don't just take our word for it. Listen to what the current Republican chairman of the Federal Communications Commission recently said about T-Band. Earlier this year, Chairman Ajit Pai stated: "An FCC auction of the T-Band is a bad idea."

This is not a partisan issue. It is a public safety imperative. There is no cost associated with stopping the T-Band auction, and Congress must ensure that the people who step up to keep us safe are taken care of.

If we fail to act, the FCC will have no choice but to move forward and strip this resource from our first responders. To allow that to happen during a public health crisis like the one we face today would be reckless.

First responders already face enormous strain economically and enormous pressure to address the pandemic, as well as deadly natural disasters across the country. The last thing we should be doing is saddling them with millions or billions of dollars in costs to needlessly alter their critical communications system.

Congress can no longer drag its feet. We have run out of time. The FCC has called on this body to stop the T-Band auction, but the Commission has no choice but to start laying the groundwork to auction the T-Band. We can and we must resolve this problem today. Today is the day to do it.

Mr. President, as in legislative session, I ask unanimous consent that the Committee on Commerce, Science, and Transportation be discharged from further consideration of H.R. 451 and that the Senate proceed to its immediate consideration. I further ask that the bill be read a third time and passed and that the motion to reconsider be con-

sidered made and laid upon the table with no intervening action or debate.

The PRESIDING OFFICER. Is there objection?

The Senator from Wyoming.

Mr. BARRASSO. Mr. President, reserving the right to object, I am here today to object to this unanimous consent request on behalf of the junior Senator from Texas, Senator CRUZ.

As the Senator from Massachusetts knows, Senator CRUZ is also deeply interested in this issue. Both Senators have complementary pieces of legislation. They have had the language of their legislation agreed to unanimously by both the majority and the minority of the Commerce Committee.

So I would ask the Senator from Massachusetts to reach out to the Senator from Texas, and I understand he is fully willing to work with the Senator from Massachusetts on amending the House bill to ensure that it passes the Senate with the Cruz amendment that would not be objectionable to supporters of this bill.

As a result, I object.

The PRESIDING OFFICER. Objection is heard.

Mr. MARKEY. Mr. President, I just think that we are missing an enormous opportunity here. It is a shame the Senate is not acting with the urgency it needs in order to help our brave men and women who are first responders in our country.

We can work on issues of spectrum going to the private sector. We can do that in a separate bill, and we can do it together. But, here, we have an opportunity to help our first responders, the brave men and women who every day risk their lives, and we have to make sure they have the spectrum they need to communicate.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The PRESIDING OFFICER. The Senator from Nebraska.

Mrs. FISCHER. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

REMEMBERING LAURIE SMITH CAMP

Mrs. FISCHER. Mr. President, less than 2 weeks ago, this country lost one of its most brilliant legal minds—Justice Ruth Bader Ginsburg. Her passing has left a void that can be felt all across our Nation from Nebraska to Washington.

Sadly, Nebraska recently lost another great jurist—Judge Laurie Smith Camp. Judge Smith Camp was the first woman to serve my State as a Federal judge, a position she had held since 2001. This body voted 100 to 0 to confirm her just 6 weeks after President George W. Bush nominated her. That doesn't happen very often anymore, and her unanimous approval was a testament to her incredible talent.

Judge Smith Camp grew up in Omaha, but she left Nebraska to attend college at Stanford University. She graduated with distinction. And I am glad to say that she came back home to attend the University of Nebraska Law School where she distinguished herself again as editor-in-chief of the Nebraska Law Review.

Before becoming a Federal judge, she served her State through a series of jobs that spanned the legal profession. She began her career in private practice but soon moved on to become general counsel for the Nebraska Department of Correctional Services, the head of the Nebraska attorney general's civil rights section, and then the chief deputy attorney general for criminal matters for the Nebraska attorney general. These wide-ranging experiences were part of what made her an exceptional Federal judge.

Another part was her love for the law and the compassion that flowed from it. She was well known for her dedication to equal treatment for all, regardless of background, and for a sentencing philosophy that preferred rehabilitation to punishment.

She also understood that success isn't just about achieving your professional goals. She was profoundly generous with her time and, when she wasn't leading Nebraska's district court, she could be found promoting women's participation in the legal profession or mentoring young Nebraska attorneys. This was in addition to recently being elected president of the Omaha Bar Association—a job that she had held since June.

Laurie was also my friend. She spoke at an event I held in 2016 called Bridging the Gap, which aims to encourage women to engage in their communities at the local, State, and Federal level. I am lucky to have known her personally and to have seen up close the wise advice and the quick wit that made her famous among her colleagues and those she mentored.

Through her example, she inspired a generation of young women in Nebraska and beyond to pursue careers as attorneys, advocates, and community leaders, just as Justice Ginsburg did. Both of these extraordinary women blazed a trail that today's young women and girls can follow. I join with both their families in mourning their passing and celebrating their lives.

I yield the floor.

I suggest the absence of a quorum.

ANNIVERSARY OF THE ROUTE 91 HARVEST FESTIVAL SHOOTING

Ms. CORTEZ MASTO. Mr. President, immediately after a tragedy, we wake up each day and feel the full force of it

again. The shock, sorrow, and anger can hit us so strongly, it is hard to breathe, and that is the first part of mourning.

Eventually, the darkest times in our lives start to feel more familiar. They still hurt as much as ever, but they don't surprise us, and they become part of us.

Three years ago tonight, bullets split the air at the Route 91 Harvest Music Festival in my hometown of Las Vegas, NV. They sounded like fireworks, like a celebration, but these were the first shots in the worst mass shooting in modern American history.

Within minutes, those present at the outdoor festival understood at least some of what was happening. A gunman, high up in a hotel room, had taken aim at the people below. Hundreds of people were shot, and hundreds more wounded trying to get to safety. Fifty-eight people lost their lives that night and 2 more have passed from grievous wounds since.

Within minutes, Nevadans began working together to save lives and help those in need. From those with years of training as first responders to just bystanders whose only qualification to help was a car at the ready, Las Vegans pulled together. Nurses and doctors rushed to hospitals, and ordinary Nevadans stood in line to give blood. Individuals and corporations donated their time and energy, as well as blankets, food, and other support.

In the 3 years since, many all over the State of Nevada have worked to mark what happened through memorial crosses, sculpture, a commemorative community center, and many scholarships honoring the memory of those who lost their lives.

Those 3 years have not erased the loss of the victims, the pain of the survivors, or the scars of the first responders who rushed into danger to save lives. If anything, the legacy of the Route 91 shooting has expanded during that time, not contracted.

Like ripples on a pond, the impacts of this shooting linger. It affects different people in different ways. For many, fireworks on the Fourth of July are a reminder of what they went through that day. Geena Marano has learned to prepare herself for Independence Day and New Year's Eve, but if a car backfires unexpectedly, she has to start the process of reminding herself: You are safe. It is OK.

Her sister Marisa, who was also at the festival with her, says that her own daughter has picked up the habit of reacting to loud noises. She says: "It breaks my heart because my trauma has passed to her."

The fear resurfaces for these sisters in so many situations—on anniversaries, including of all the shootings since then; at high schools where Geena was doing outreach to students and feared that she was putting herself at risk of another shooting; passing the Strip, eerily empty during the pandemic like it was on the days after the

festival; anywhere where there is darkness and music, even on an evening out.

The Marano sisters are not alone. While the tragedy of the Route 91 shooting may be 3 years behind us, for many survivors, a moment can bring it all roaring back. This is one of the reasons I am so committed to getting more funding and support for mental health and substance abuse treatment in this country. Just because you can't see many of the scars from the Route 91 festival, it doesn't mean they are not there. That is true for mental health in general. So many Americans deal, on a daily basis, with challenges that even their closest loved ones can struggle to understand.

Many first responders, for instance, carry the trauma they see at scenes of crime, disaster, and tragedy with them. I introduced legislation to provide confidentiality to Federal law enforcement who use peer counseling services and to track law enforcement suicides in order to develop more effective prevention programs for our first responders.

For everyone struggling with mental health concerns, peer support can be key, which is why I have introduced the Virtual Peer Support Act to help these key behavioral health programs move online to meet huge community needs during this pandemic because it really does take a community of support to help people through tough times.

Treating the wounds, visible and invisible, from the Route 91 Harvest Festival shooting is only one part of what we owe the survivors. The other part is to take more action at the Federal level, to prevent attacks like this in the first place, to reduce the gun violence that we have become far too accustomed to.

Overwhelming majorities of Americans want commonsense gun reform, including many responsible gun owners like those in my own family. We can do this here in Congress. Nevada has done it. At the State level, we have banned the bump stocks used in the Route 91 shooting; we have closed the loophole that lets private sellers sell guns without background checks.

We can and should do all of these things at the Federal level. I have pushed for all of these things during my time here in the Senate because no family should have to go through what I saw that Monday night at the Reunification Center in Las Vegas when families were waiting to hear what happened to their loved ones the night before at that concert. No one should have to struggle for years with chronic pain, physical or mental, when we can take sensible measures to prevent it.

To all of the families I met who have been touched by this tragedy and for the hundreds more that I have spoken with, I want you to know that Nevadans haven't forgotten you. We are all still Vegas Strong. We are all still here with you. We are still working together

to get you what you need in the wake of a tragedy whose impact has not faded over time; it has just changed and shifted.

Tonight, at home, let us all remember those who felt the impact of the Route 91 shooting, from survivors, to families, to firefighters, nurses, and volunteers. Let us move toward an America that protects its communities from violence and that helps those who lived through it heal.

I yield the floor.

The PRESIDING OFFICER. The Senator from Nevada.

Ms. ROSEN. Mr. President, 3 years ago on this very date, in my hometown of Las Vegas, a gunman opened fire from the 32nd floor of the Mandalay Bay Hotel onto the unsuspecting crowd below. This horrific attack lasted just over 10 minutes, but in that brief window of time, 58 innocent lives were taken and over 400 were injured. It was the worst mass shooting in American history. I stand here today to recognize the third anniversary of this act of terror.

I want to speak today about how that October 1 shooting changed Nevada. This mass shooting irrevocably altered the lives of countless families in Las Vegas, NV, and across the country forever.

Many of that night's victims are still dealing with the injuries, visible and not visible. Many are still grieving and working through the effects of this devastating trauma. All of them have suffered through a pain that no family, no friend, no spouse, no child should ever, ever have to endure.

In the 3 years since the shooting, two more victims have passed away due to injuries they sustained that night—1 in 2019 and 1 earlier this year—bringing the number of lives lost up to 60—sons, daughters, parents, friends, neighbors—people who were loved, people who were part of our community, people who were taken from us far too soon, 60 families who will forever have an empty chair at their Thanksgiving table.

Amidst the violence and the terror, there were also heroes who made the choice to run toward danger and help others, like the courageous first responders who risked their lives to provide aid and everyday citizens who helped others escape in their cars.

Nevada remembers October 1 because it showed us the darkest side of humanity, but in the aftermath, it also showed us the brightest and best of who we are.

Today we commemorate the 60 lives that were lost. Today we recognize those who were injured and are still struggling. Today we celebrate. We celebrate the heroism of our community—not just in the immediate aftermath of that attack but in the days, weeks, months, and years since. We saw heroes spring into action that night and the following days to save lives. In the following days, we saw so many members of our community display incredible

heroism. Our community lined up to donate blood. They helped to reunite friends and family in the aftermath, and they helped to financially support victims and their families.

The phrase “Vegas Strong” came into being after that time, and let me assure you, it is a phrase that could not be more true. The strength of our city is simply astounding. We work to build ourselves back up from crisis, side by side, arm in arm. It has taken time. It hasn’t been easy. Even now, we are still not all the way there, but every day, the people of Las Vegas show unparalleled resilience. Nevadans carried that resilience with them. They carry it in every challenge and in every crisis that we face.

I stand here today to honor the men and women who lost their lives on October 1, those who were injured in the attack, and the heroes who helped bring our city back.

I also call on Congress to show the same kind of strength that the people of Las Vegas have shown. Our Nation currently faces many challenges. However, my colleagues must recognize the threat that gun violence poses to our communities. We must honor the memories of those who were lost. We must take commonsense action to reduce gun violence and ensure that more lives aren’t lost.

As a legislative body, we must act. The Bipartisan Background Checks Act—a bill passed by the House 582 days ago—has been waiting for a vote here in the Senate. Today, in honor of the memories of the lives that were lost, I request that the Senate bring this bill, this important bill, for a vote.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER. The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

Mr. CORNYN. Mr. President, I ask unanimous consent that the order for the quorum call be rescinded.

The PRESIDING OFFICER. Without objection, it is so ordered.

NOMINATION OF AMY CONEY BARRETT

Mr. CORNYN. Mr. President, yesterday I had the pleasure of meeting—or should I say re-meeting—Judge Amy Coney Barrett, who has been nominated, as we all know, to the U.S. Supreme Court, to the vacancy left by the death of Justice Ruth Bader Ginsburg.

Over the last few days, Judge Barrett’s nomination has been applauded by people across the political spectrum—and for good reason. Her background in practicing law and academia and on the Federal bench has provided her with an unquestionable knowledge of the law. Much of the praise has come from her colleagues who worked closely with her over the years.

Marcus Cole, who is dean of the University of Notre Dame Law School, where she teaches, said:

Judge Amy Coney Barrett is an absolutely brilliant legal scholar and jurist. She is also

one of the most popular teachers we have ever had here at Notre Dame Law School.

A group of her former students have published a piece recently that said:

While we hold a variety of views regarding how best to interpret statutes in the Constitution, we all agree on this: The nation could not ask for a more qualified candidate than the professor we have come to know and revere.

We have also seen support for Judge Barrett from unlikely sources. Harvard University Law Professor Noah Feldman clerked with Judge Barrett at the Supreme Court more than 20 years ago. He was also a prominent witness for Democrats during the impeachment process earlier this year. But he has written an opinion piece titled “Amy Coney Barrett Deserves to Be on the Supreme Court.” He wrote that he knows her to be a “brilliant and conscientious lawyer who will analyze and decide cases in good faith, applying the jurisprudential principles to which she is committed. Those are the basic criteria for being a good justice. Barrett meets them and exceeds them.”

There is really no question that Judge Barrett has a brilliant legal mind and deep respect for the Constitution and an unwavering commitment to the law, but these qualities alone are not what set this exceptional judge apart. Both Republicans and Democrats who have worked with Judge Barrett throughout her career have spoken about her personal qualities, like humility and integrity. These make her an ideal candidate for this influential position.

A group of her former students wrote about the kindness that she has shown to them, both in the classroom and during meals they shared at her home. They said:

Her genuine interest in the personal lives of her students outside the classroom, and the seamless way that she modeled for all of us the integration of her professional and family life, reinforces that there is more to life than the pursuit of professional accolades.

She has certainly proven that to be the case. In addition to rising to the very top of her field, Judge Barrett is a mother of seven children ranging from the age of 8 to 19. Following her nomination on Saturday, Judge Barrett credited her family’s ability to balance her and her husband’s successful careers with the needs of their children to the unwavering support of her husband Jesse, who is also an accomplished attorney.

In every respect, Judge Barrett is an inspiring role model for young people and I could say as the father of two daughters, of young women in particular, who are pursuing their professional and personal ambitions with equal vigor.

If confirmed, Judge Barrett—soon-to-be Justice Barrett—would become the first mother of school-age children to serve as a Justice and only the fifth woman throughout American history to serve on the U.S. Supreme Court. Considering the woman whose seat she

will fill if confirmed, the significance of that fact cannot be overstated.

She would be the only current Justice with a degree from a law school other than Harvard or Yale and bring much needed educational diversity to the Bench.

I have always thought it bizarre that, among all the highly qualified lawyers and judges in America, for some reason, it is overly populated with people educated in the Northeast, on the coast.

On top of that, she would join Justice Thomas as the only Justice born in the South and bring another perspective to the Court, whose members largely hail from the coast.

If confirmed, Judge Barrett would bring an underrepresented view to the Supreme Court. I know we would all be proud to have somebody like her—a woman of such strong character—serving our Nation in this very important capacity.

I want to commend President Trump for selecting this outstanding nominee. I was glad to spend some time with her yesterday. She has an unquestionable character, a brilliant mind, and the kind of temperament needed to serve on the Court. I am eager for the American people to see that for themselves as we begin the public confirmation process.

As we know, this is the second time Judge Barrett has appeared before the Judiciary Committee in the last few years. It was 3 years ago when the committee and the Senate confirmed her to her current position on the Seventh Circuit Court of Appeals. However, there were some warning flags.

During her confirmation hearing back then, 3 years ago, the Democrats on the committee raised questions over Judge Barrett’s strong Catholic faith and questioned whether it would somehow disqualify her or impair her ability to discharge her responsibilities.

One Senator went so far as to say: “The dogma lives loudly within you, and that’s of concern.” Another asked her whether she was an “orthodox Catholic.” Well, this statement and that insinuation were discriminatory at best and unconstitutional at worst.

The Constitution itself includes that there is no religious test. Article VI reads: “No religious Test shall ever be required as a Qualification to any Office or public Trust under the United States.”

This is not the first time somebody has been targeted for one’s Catholic faith. I was reminded of the speech that John Fitzgerald Kennedy gave in 1960 in Houston, TX, to the Greater Houston Ministerial Association. In addressing some of the explicit and implicit arguments that somehow he would be beholden to the Vatican rather than be able to discharge his responsibilities as President of the United States, he pointed out, as a Catholic, it was not the only concern because, if people would do that to a Catholic, why not do it to a Baptist or a Muslim or a Jew?

He said:

For while this year it may be a Catholic against whom the finger of suspicion is pointed, in other years it has been, and may someday be again, a Jew—or a Quaker or a Unitarian or a Baptist. It was Virginia's harassment of Baptist preachers, for example, that helped lead to Jefferson's statute of religious freedom. Today I may be the victim, but tomorrow it may be you—until the whole fabric of our harmonious society is ripped at a time of great national peril.

He made the important point that seems so obvious that he shouldn't have had to make.

He said:

I am not the Catholic candidate for president. I am the Democratic Party's candidate for president, who happens also to be a Catholic.

Finally, he said:

But if this election is decided on the basis that 40 million Americans lost their chance of being president on the day they were baptized, then it is the whole nation that will be the loser—in the eyes of Catholics and non-Catholics around the world, in the eyes of history, and in the eyes of our own people.

Throughout her career, Judge Barrett has impressed the brightest legal minds with her deep understanding of the law and commitment to judicial independence. She made it clear at her hearing 3 years ago that she would be loyal to her oath, and that is to uphold and defend the Constitution and laws of the United States.

It is clear, under the appropriate canons of judicial ethics, that if for some reason a judge can't apply the law because of some personal opinion or conviction, then one needs to disqualify oneself. President Kennedy said that, if it violates your conscience and your faith and you can't reconcile the two, you should resign.

Well, there is just no legitimate reason to question whether Judge Barrett's religious beliefs would make her unfit to serve on the Supreme Court, and I hope our colleagues on the other side will refrain from, once again, imposing a religious test on Judge Barrett as we consider her nomination.

CORONAVIRUS

Mr. President, on another matter, with the school year well underway, I, like, I am sure, many of my colleagues, am continuing to listen to and learn from our teachers and administrators about how this unprecedented school year is unfolding. Whether kicking off the year in person or online or with some hybrid model, educators are facing a whole new range of challenges that have made the past several weeks anything but ordinary.

Over August, I spent some time talking to kindergarten through 12th grade teachers and students to learn how they were preparing to overcome the hurdles brought on by this pandemic. I also visited our colleges and universities to see how they were handling the start of the new year, and since then, I have stayed in close contact with all of them to learn more about how it is proceeding.

Our college campuses, for example, in most cases, are home to more than just classrooms and libraries. They are whole communities unto themselves with student housing, offices, dining facilities, gyms, convenience stores, and with, in some cases, full-service utility companies.

Lee Tyner, who serves as general counsel for Texas Christian University in Fort Worth, testified before the Judiciary Committee earlier this year and compared running a campus to leading a small city. You have a vast set of responsibilities that extend far beyond the education you are providing to your students, and those responsibilities have only grown more challenging during the pandemic.

Back in July, I spoke with some of the chancellors of our public colleges and universities to learn more about how they were preparing to deal with the immense challenges higher education was facing, and last Friday, I was able to catch up and see how things had gone—whether they had gone according to plan or whether they had encountered problems they had not been able to anticipate.

I learned about the University of Texas System's comprehensive plan to keep students and staff safe at each of their campuses across the State, which involves a serious testing infrastructure. Four institutions have built labs on their own campuses to conduct the testing that is necessary, and each has the capacity to test between 500 and 2,000 people each day. Other campuses are partnering with the UT Health Science Center institutions for their own testing, and these are providing a no-out-of-pocket cost testing opportunity for students, faculty, and staff.

The University of North Texas System has reopened campuses with a mix of in-person, online, and hybrid instruction, and it has been very effective at stopping the transmission of the virus. If a student or any close relative tests positive, there are clear guidelines for isolating and then contact tracing to minimize the spread.

When I spoke last week with the chancellors, UNT had only 27 active cases on campus, and it has seen no evidence of COVID-19 transmission in the classrooms or buildings where they conduct face-to-face activities.

This is the trend most campuses are seeing. There is a low to zero transmission rate in classrooms, thanks to these preparations and these precautions. The biggest risk to students, staff, and the surrounding communities actually comes from off-campus activities or people who bring it onto the campus who are not part of that student body or administration.

In Texas and States across the country, we have seen news articles about how off-campus parties and gatherings have been linked to clusters of these new cases. Appropriately, the universities have cracked down on these campus groups or individuals hosting those events, and they are trying to do what

they can to identify them and then stop the spread.

John Sharp, who is the chancellor of the Texas A&M University System, talked about one unconventional way that A&M is trying to pinpoint potential outbreaks as soon as possible.

A&M has adopted the practice of wastewater surveillance, which has been used for years as a way to detect viruses or diseases within a community. Now it is being used to find the source of individual COVID-19 cases or clusters of cases in student housing, particularly dormitories. The university takes wastewater samples from sewage systems on campus, and a positive test allows them to then go back and target individuals for testing.

Obviously, if there is no virus detected, they know there is no need for that conditional testing, at least at this time. This practice can help to detect an outbreak at a dorm that can otherwise go unnoticed for several days and, thus, be spread far and wide.

Our colleges and universities across the State have gone to great lengths to manage the crisis that did not come with a manual. They have implemented the best practices to protect the health and safety of students and staff members and to ensure that their students have access to a quality education, which is the very purpose for which they exist.

In our conversation last week, these chancellors told me how helpful the CARES Act funding has been over the last several months, and they reiterated that they need more help. They need Congress to come together and provide more help. It is not just colleges and universities. It is also our elementary, middle, and high schools.

Congress has already provided more than \$30 billion in emergency relief for education, including \$2.6 billion in Texas alone. This funding has gone a long way to prepare for this school year and to allow these leaders to manage the risks associated with the spread of the virus.

They say they need more help, and it is incredibly frustrating that, despite this being a bipartisan goal and something we were able to do together in four separate bills, we have now been unable to pass another relief bill to give our schools and our children the resources they need in order to be safe. You would think this would be a priority.

The two House proposals we have seen—one of which passed the House earlier this year and the other of which was introduced last week—did include additional funding for education, and a bill we proposed over the summer included another \$105 billion for education—more than tripling the investment that has already been made in the CARES Act.

History has proven that legislation gets harder to do the closer we get to an election, and perhaps nothing is better evidence of that than where we find

ourselves today, but the need for additional help should transcend those partisan differences.

I spoke to Secretary Mnuchin less than an hour ago, and he continues talking to Speaker PELOSI, but at some point, while talking is good—it is better than not talking—sometimes it is important not just to talk but to actually do something. In this case, that would mean the House and the Senate working with the President to agree on another bill. So I hope we are at a point at which we can see some relief soon.

I am thinking about the airline industry and the tens of thousands of airline employees who are being furloughed, actually, starting today. American Airlines and Southwest Airlines are headquartered in my State. I know, through no fault of their own, the airlines are struggling. We have tried to help them, and we have helped them, but we need to help the airlines' employees by providing them with more assistance during this challenging time. We can do that if we would get off of dead center and work out some mutually agreeable compromise.

Nobody is going to get everything one wants. It is not the nature of life or the nature of this business, but the American people are depending on us to do our jobs, and we cannot let them down.

I yield the floor.

I suggest the absence of a quorum.

The PRESIDING OFFICER (Mr. SCOTT of Florida). The clerk will call the roll.

The senior assistant legislative clerk proceeded to call the roll.

BLACK REVOLUTIONARY WAR PATRIOTS

Mr. GRASSLEY. Mr. President, America's founding principles, including that all men are created equal and endowed by our Creator with unalienable rights, are timeless and apply equally to all Americans.

Commitment to these founding principles is what ties us together as Americans, so it is vital that all Americans feel connected to them.

That is why I have been working for years to establish a memorial on the National Mall to those Black Revolutionary War patriots who fought for our founding ideals.

I commend to all Americans the insights of the founder of the organization working to build this memorial, who argues that these patriots' service and sacrifice completed the Founders' vision.

VOTE EXPLANATION

• Mr. TESTER. Mr. President, I was absent due to an urgent family matter requiring my attention when the Senate voted on vote No. 200 on the motion to invoke cloture on the motion to proceed to Calendar No. 551, S. 4653. On vote No. 200, had I been present, I would have voted yea. •

YOM KIPPUR

Mr. LEAHY. Mr. President, Rabbi Michael Cohen is a longtime friend of Marcelle and me. He occasionally sends me a Sunday sermon, which I thoroughly enjoy and share with family members. Following a week of mourning the passing of Justice Ginsburg, it was comforting to have this sermon to read after church this last Sunday.

I ask unanimous consent that this sermon be printed in the RECORD.

There being no objection, the material was ordered to be printed in the RECORD, as follows:

[From the Jerusalem Post, Sept. 24, 2020]

THE ECHOES OF YOM KIPPUR

(By Rabbi Michael M. Cohen)

When the gates of heaven close during the Ne'ila service of Yom Kippur, many of us put the avodah, the work, of Yom Kippur behind us. But that is an illusion. As the expression goes, when one door closes, another opens.

Commentating on the Kol Nidre service at the beginning of Yom Kippur, when the gates are open wide, Rabbi Max Arzt teaches the goal of Yom Kippur is, "to lessen the distance between what we are and what we ought to be."

If the long day of introspection has worked, then at Ne'ila those gates close on who we were and open to a lighter, better and more refined version of who we are.

But that too is an illusion. It is a fleeting moment of personal triumph. Like the sunset that gives way to the night, the dawn to the morning, the moon and its phases, the high tide and the low tide; stasis is not derech haolam, the way of the world.

Each morning the siddur, the prayer book, reminds us, "Day after day You renew creation." In that unfolding story we are, truth be told, composed of stardust. Most of the elements of our bodies originated in stars and the Big Bang.

Like the rest of the universe, our course is one of continual renewal. Yom Kippur highlights that awareness and the work we began on Rosh Hodesh Elul, the beginning of the month of Elul, 40 days earlier. Our work reaches a higher level on Rosh Hashanah and the Ten Days of Repentance, aseret yomei teshuva, culminating with Yom Kippur.

Those 40 days parallel the period when Moses returned to Mount Sinai to receive

the second set of tablets following the incident of the Golden Calf. Moses, Moshe rabbeinu, Moses our teacher, literally models teshuva, repentance, return, when after the first tablets lay shattered at his feet he turned around and returned to once again climb Mount Sinai.

We are no different, as the echo of Yom Kippur is always with us, pushing us to climb the mountain all year long. Yom Kippur Katan, the small Yom Kippur, observed by some in most months on the day preceding Rosh Hodesh, is one of those echoes. It includes a daylight-hours' fast and special liturgy.

Rabbi Shefa Gold elucidates the origins of Yom Kippur Katan, teaching, "Kabbalists were moon watchers. The lenses through which they gazed were intensely focused on issues of exile and redemption. And so as the moon waned, the exile of the Shechina (the Divine Presence) was noted and mourned.

With the moon's return came the celebration of the miracle of redemption, a redemption that could be tasted and known but briefly before the cycle of exile continued. They based their custom on a legend that was recorded in the Babylonian Talmud in which God says to Israel, "Bring atonement upon me for making the moon smaller." (Hullin 60b) THAT EPISODE in the Talmud is fascinating in and of itself. There God admits after God made the moon smaller than the sun that God had wronged the moon, and because of that God needed to do teshuva! Implied within that radical text: If God can admit to wrongdoing and address transgression, who are we not to?

In addition to Yom Kippur Katan, another echo of Yom Kippur is the sixth paragraph of the weekday Amidah prayer. There we say the confessional selach lanu, forgive us, in the same manner that we say the confessional prayers ashamnu and al chet of Yom Kippur. Interspersed within the al chet Yom Kippur liturgy itself we also say selach lanu as we do during the rest of the year: "Ve'al kulam eloha selichot selach lanu. Mechal lanu. Kaper lanu." And for them all, God of forgiveness, please forgive, pardon us, help us atone." The selach lanu paragraph follows the fourth and fifth paragraphs of the Amidah. We first ask for binah, understanding, including self-understanding, so we can ask in the next prayer for help with teshuva, repentance. There is a logic within the order of the Amidah: first self-understanding followed by repentance, and only then forgiveness.

Three times a day the weekday Amidah is said. This means three times a day—evening, morning, and afternoon—we ask for forgiveness. In Judaism there is the concept of not saying a bracha levatala, a blessing whose purpose is not going to be fulfilled. This means that when we ask for forgiveness throughout the day there is the implied understanding, since we can't say the bracha in vain, that we did something wrong in the morning, afternoon and evening.

For some this is proof Judaism is a religion of guilt. Rabbi Art Green teaches the opposite when he says that Judaism is actually about guilt relief. This system provides us precious moments throughout the day to check in with ourselves and recalibrate as needed.

Elaborating, Rabbi Daniel Kamesar, z"l (of blessed memory), looks to the past daily sacrificial system of the Temple in Jerusalem as a model for that guilt relief when we would bring a chatat or an asham offering as expiation for our wrong choices, for missing the mark. Watching the smoke rise heavenly could be a cathartic, like watching the breadcrumbs of the Tashlich service float downstream away from us.

"Burn it up and let it go," Daniel points out. "Most therapists are trying desperately to help us achieve that."

While we are talking about the echoes of Yom Kippur throughout the year, we also note on Yom Kippur itself we have echoes of the Temple service. The chatat offering became the al chet prayer, and the ashram offering became the ashamu of the Yom Kippur liturgy.

One of the most profound moments in our daily prayer life emanates from the Ne'ila service. The Talmud (Yoma 87b) discusses the wording for the service. Shmuel and Ulla bar Rav suggest we say, "What are we? What is our life? What is our kindness? What is our righteousness? What is our salvation? What is our power? What is our might?" THOSE QUESTIONS eventually migrated into the daily morning prayers of the siddur. In the context of the Talmud and the siddur they are traditionally understood as questions arising from a sense of "our iniquities too many to count," as Rav Judah states.

However, they can also be read as seven existential questions addressing the essence of our lives. We start by asking, "What are we?" The ultimate question, but in some ways too immense to answer, and so we fine tune and arrive at, "What is our life?" That is to say, what do we do with our lives, this precious gift? We want to define who we are. To answer that question, we realize our lives are measured by how we treat others, and so we ask, "What is our kindness?" and "What is our righteousness?" In other words, what care and consideration do we bring to others, and in a broader social reach, how do we strengthen justice in our communities and the world?

Our lives are also measured and grounded by our inner spiritual lives, and so we ask, "What is our salvation?" Answering and living by the answers to these questions takes energy, and so we conclude by asking, "What is our power? What is our might?"

While they are the final questions, they are both cautionary, giving us pause to think how we use our strength and efficacy while at the same time reminding us that we have agency.

There is another lesson with these questions. Only the first two actually appear in the Talmud. As the scholar of Jewish liturgy Lawrence Hoffman points out, "Frequently, prayers were ad libbed. They began with a starting point, like Mah anu? Mah chayeinu? What are we? What is our life? But they then moved in whatever direction the prayer leader preferred. It could be made up on the spot. What was done one year would not have been the same as in later years. There were no "right" and "wrong" as we think of them.

"Right" was just making up the prayer and delivering it on the proper theme, with, ideally, some biblical texts to support the idea. Congregants would recognize the biblical support and nod in recognition. So the Talmudic writer of this section might have had his own practice in mind, or no practice in mind at all, other than the idea that we start with the citation in question, and then develop the theme in a way that makes sense at the time.

Such a process invites us to go deeper than the printed words on the page of the siddur. It asks us to drink from the essence of its message. What a liberating, creative, empowering approach; an approach with immense responsibility as well.

Ne'ila metaphorically suggests the gates of heaven close at the end of Yom Kippur, while at the same time we remember those daily Yom Kippur touch points and messages throughout the year. They remind us throughout the year that we always have the gift and opportunity to improve who we are, as well as to repair our shared world.

Egypt will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The prime contractor will be the Advanced Technology Systems Company (ATSC), McLean, VA. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will require annual trips to Egypt involving U.S. Government and contractor representatives for technical reviews, support, and oversight for approximately five years.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

NOMINATION OF AMY CONEY
BARRETT

Mrs. BLACKBURN. Mr. President, I don't think I am overstating the severity of the situation when I say that this past week has been one of the most chaotic and divisive in our Nation's history. The American people met the news of Supreme Court Justice Ruth Bader Ginsburg's death with an outpouring of sympathy; but, of course, rather than let an opportunity go to waste, radicals and activists, fueled by the same hatred that still fills our streets with violence, emerged from the shadows and exploited a nation's grief.

Rarely—or perhaps, never before—in the history of this country have the so-called progressive movement, the activist left, and even some members of the Senate minority worked so tirelessly to scare the American people into submission.

Their willingness to use differences in family, religion, and personal morality to impugn the integrity and competence of Supreme Court Associate Justice nominee Judge Amy Coney Barrett without giving her the benefit of even a single conversation shocks the conscience. It is a scandal beneath the dignity of this body.

In the coming weeks, I would encourage my colleagues on both sides of the aisle to meet with Judge Barrett, as I did today. I think you will find that she is not trying to get off easy. As a fellow conservative woman who cherishes a deep faith and commitment to family, I can assure you, she has already been tested by fire and passed with flying colors.

ONLINE FREEDOM AND VIEWPOINT
DIVERSITY ACT

Mrs. BLACKBURN. Mr. President, this week, the Senate Committee on Commerce, Science, and Transportation subpoenaed testimony from Mr. Jack Dorsey of Twitter, Mr. Sundar Pichai of Alphabet, Inc., and Mr. Mark Zuckerberg of Facebook.

I supported the issuance of these subpoenas, and I look forward to hearing testimony on the content moderation policies used by their respective platforms.

Over the past few months, I have worked with many members of this body on a statutory fix to section 230 of the Communications Decency Act, specifically to the ingrained liability shield that platforms like Facebook use to defend their content moderation policies. Over the years, we have seen Big Tech's biggest players stretch this shield beyond all recognition, far beyond the limits Congress envisioned when they passed the original act in 1996.

Now, content moderators wield their power with abandon, banning and deleting content they disagree with right alongside content of the most vile, universally repulsive nature. Last month,

in response to growing outcries over censorship, I introduced the Online Freedom and Viewpoint Diversity Act with Chairman LINDSEY GRAHAM and Chairman ROGER WICKER to introduce accountability into our dealings with digital platforms and services.

This bill is unique because it doesn't do specifically what so many here in Washington would like it to do: It doesn't delete section 230 from the U.S. Code, nor does it put the power to decide what information should and should not be available online in Congress's or regulators' hands. All it does is remove ambiguities from the original statutory language to help companies and consumers better understand when that liability shield is and is not applicable.

Still, as we move forward with legislation, it is important to remember that we are creating policy for the internet we have now and will have in the future and not the internet we had back in 1996, hence the reason for the subpoenas we are sending to those three Silicon Valley executives. They are the ones who created the internet we have today, and their justifications and perspectives regarding the future of content moderation could prove useful. Subpoenas do change the tone of the conversation, but we view this as a rare opportunity to glean both insight and accountability from the tech industry.

TRIBUTE TO FRANK CALVELLI

Mr. WARNER. Mr. President, I rise today to recognize and celebrate the career of an outstanding civil servant, Mr. Frank Calvelli, who is one of my constituents. Mr. Calvelli recently announced his plan to retire after 34 years of government service, most recently as the Principal Deputy Director for the National Reconnaissance Office, where he has provided commendable leadership and operational management for the past 8 years. Mr. Calvelli will complete his government service at the end of this year.

During Frank's 30-year tenure at the NRO, he has been responsible for leading various internal organizations and overseeing the acquisition and operation of many of our Nation's most vital overhead reconnaissance assets. These platforms perform essential intelligence collection roles to better inform U.S. Government and allied partner nation defense policies and deter potential aggressors. Frank contributed to 11-plus-years of consecutive clean financial audits, an unequaled record within the U.S. intelligence community. Mr. Calvelli has played an important role developing a permanent employee cadre and leading the more than 3,000 people who work at the NRO. When called upon in 2019 to take on the responsibility of acting in the capacity of the Director, he often testified on behalf of the NRO before Congress and specifically the Senate Select Committee on Intelligence.

While Mr. Calvelli has shouldered the responsibility of overseeing large, complex government acquisition programs, his fondest memories will be of the NRO's people. Like any successful organization, the NRO relies on its talented and skilled workforce to accomplish its national security mission. Their wellbeing and success have always been a top priority for him, and it is especially important that the women and men of the NRO have leadership that backs them in their primary imperative as intelligence professionals: to speak truth to power.

I also understand that Frank's love of NASCAR is well known at the NRO. I, too, share an appreciation of NASCAR and hope he has greater opportunities to enjoy racing and more time with his family. On behalf of a grateful nation, as he transitions to future opportunities, I would like to publicly thank Mr. Calvelli for his valuable contributions to the Nation and our national security, and I personally thank the Calvelli family for their critical role in supporting him throughout his service to the Nation.

TRIBUTE TO ROBINSON DESROCHES

Mr. PAUL. Mr. President, I rise today to honor one of Louisville's finest, Louisville Metro Police Officer Robinson Desroches. Police work is an unquestionably difficult and dangerous job, but it is among the noblest callings. Each and every day, officers risk their lives to keep our communities safe. Officers such as Louisville Metro Police Officer Robinson Desroches meet the challenges they encounter every day with professionalism, class, and courage. Officer Desroches joined the LMPD in 2019. Serving to keep the peace in Louisville during a time of uncertainty, Officer Desroches has served his community with class and courage during this difficult time. Dedicated service from officers like Officer Desroches during times of protest is important to keep protests peaceful instead of a riot. Officer Desroches and his fellow officers deserve and have our respect and admiration. Officer Desroches was shot on Wednesday night during the protest in Louisville. Fortunately, he is expected to make a full recovery. I join my fellow Kentuckians in wishing Officer Desroches a speedy recovery.

TRIBUTE TO AUBREY GREGORY

Mr. PAUL. Mr. President, I rise today to honor one of Louisville's finest, Louisville Metro Police Major Aubrey Gregory. Police work is an unquestionably difficult and dangerous job, but it is among the noblest callings. Each and every day, officers risk their lives to keep our communities safe. Officers such as Louisville Metro Police Major Aubrey Gregory meet the challenges they encounter every day with professionalism, class,

and courage. Major Gregory joined the LMPD in 1999 and leads Louisville Metro Police Special Operations Unit. Serving to keep the peace in Louisville during a time of uncertainty, Major Gregory has led his fellow officers with class and courage during this difficult time. Dedicated service from officers like Major Gregory during times of protest is important to keep protests peaceful instead of a riot. Major Gregory and his fellow officers deserve and have our respect and admiration. Major Gregory was shot on Wednesday night during the protest in Louisville. Fortunately, Major Gregory is expected to make a full recovery. I join my fellow Kentuckians in wishing Major Gregory a speedy recovery.

ADDITIONAL STATEMENTS

THE MAGIC CITY DISCOVERY CENTER

• Mr. CRAMER. Mr. President, I recognize today the city of Minot, the Minot Air Force Base, and other community members who have come together to present their youngest citizens a gift they will enjoy for generations to come.

Groundbreaking will be held on October 7 for the Magic City Discovery Center, a children's museum that will develop 12 interactive galleries on math, engineering, technology, science, and art for children up to 14 years old. The museum will encourage children of all ages to learn both independently and in groups as they invent, play, discover, and create.

Making this center a reality has been a significant challenge to its supporters, and only with many partners could the nearly \$14 million in construction costs be met. A large boost came from the Minot Air Force Base, which worked with the community to secure a \$6.3 million grant from the Defense Community Infrastructure Pilot Program. This Department of Defense program helps fund projects that prioritize quality of life for Active military families. The commanders of the Minot Air Force Base supported this grant so their more than 1,300 children of military families from kindergarten through fifth grade have year-round learning opportunities.

I congratulate the city of Minot and Minot Air Force Base on another successful community partnership. The men and women stationed at the base perform exemplary work every day critical to the safety of our Nation. We must do all we can to support them and their families during their time as North Dakota residents.

North Dakota's quality of life is consistently ranked as one of the best in the Nation. An excellent example of why we have this high ranking is the dedication of the citizens of Minot to give their children a Magic City Discovery Center.●

(4) recognizes the human toll of cancer and pledges to make the prevention and cure of cancer a public health priority; and

(5) reminds the people of the United States that these children are the definition of bravery, and commends and honors their courage.

SENATE RESOLUTION 743—SUPPORTING THE GOALS AND IDEALS OF NATIONAL RETIREMENT SECURITY MONTH, INCLUDING RAISING PUBLIC AWARENESS OF THE VARIOUS TAX-PREFERRED RETIREMENT VEHICLES, INCREASING PERSONAL FINANCIAL LITERACY, AND ENGAGING THE PEOPLE OF THE UNITED STATES ON THE KEYS TO SUCCESS IN ACHIEVING AND MAINTAINING RETIREMENT SECURITY THROUGHOUT THEIR LIFETIMES

Mr. ENZI (for himself, Mr. CARDIN, Ms. COLLINS, Mr. YOUNG, Mr. ALEXANDER, Mrs. MURRAY, Ms. HASSAN, and Mr. BARRASSO) submitted the following resolution; which was considered and agreed to:

S. RES. 743

Whereas people in the United States are living longer, and the cost of retirement is increasing significantly;

Whereas Social Security remains the bedrock of retirement income for the great majority of the people of the United States but was never intended by Congress to be the sole source of retirement income for families;

Whereas data from the Employee Benefit Research Institute indicates that, in the United States—

(1) up to 40 percent of households in which the head of household is between the ages of 35 and 64 are likely to run out of money in retirement; and

(2) the amount that workers have saved for retirement is much less than the amount those workers need to adequately fund their retirement years;

Whereas the financial literacy of workers in the United States is important so that those workers understand the need to save for retirement;

Whereas saving for retirement is a key component of overall financial health and se-

curity during retirement years, and the importance of financial literacy in planning for retirement must be advocated;

Whereas many workers may not—

(1) be aware of their various options in saving for retirement; or

(2) have focused on the importance of, and need for, saving for retirement and successfully achieving retirement security;

Whereas, although many employees have access to defined benefit and defined contribution plans through their employers to assist such employees in preparing for retirement, many of those employees may not be taking advantage of those plans at all or to the full extent allowed by Federal law;

Whereas saving for retirement is necessary even during economic downturns or market declines, underscoring the importance of continued contributions;

Whereas all workers, including public and private sector employees, employees of tax-exempt organizations, and self-employed individuals, can benefit from developing personal budgets and financial plans that include retirement savings strategies that take advantage of tax-preferred retirement savings vehicles;

Whereas effectively and sustainably withdrawing retirement resources throughout an individual’s retirement years is as important and crucial as saving and accumulating funds for retirement; and

Whereas the month of October 2020, has been designated as “National Retirement Security Month”: Now, therefore, be it

Resolved, That the Senate—

(1) supports the goals and ideals of National Retirement Security Month, including raising public awareness of the importance of saving adequately for retirement;

(2) acknowledges the need to raise public awareness of the variety of tax-preferred retirement vehicles that are used by many people in the United States, but remain underutilized; and

(3) calls on States, localities, schools, universities, nonprofit organizations, businesses, other entities, and the people of the United States to observe National Retirement Security Month with appropriate programs and activities, with the goal of increasing the retirement savings and personal financial literacy of all people in the United States and enhancing the retirement security of the people of the United States.

SENATE RESOLUTION 744—CONGRATULATING THE NATIONAL FEDERATION OF FEDERAL EMPLOYEES ON THE CELEBRATION OF ITS 51ST CONVENTION ON OCTOBER 5, 2020, AND RECOGNIZING THE VITAL CONTRIBUTIONS TO THE UNITED STATES MADE BY THE MEMBERS OF THE NATIONAL FEDERATION OF FEDERAL EMPLOYEES FOR 103 YEARS

Mr. VAN HOLLEN (for himself and Mr. CARDIN) submitted the following resolution; which was referred to the Committee on Homeland Security and Governmental Affairs:

S. RES. 744

Whereas the National Federation of Federal Employees (referred to in this preamble as the “NFFE”) was created in 1917 as the first union in the United States to exclusively represent civil service Federal employees;

Whereas the NFFE preserves, promotes, and improves the rights and working conditions of Federal employees and other profes-

sionals through all lawful means, including collective bargaining, legislative activities, and contributing to civic and charitable organizations;

Whereas the contributions of the NFFE are noted in history through a century of achievements for the Federal labor movement, including numerous reforms to work-force policies and working conditions;

Whereas members of the NFFE serve the United States by performing critical functions throughout Federal agencies, including the Department of Defense, the Department of Housing and Urban Development, the Department of Veterans Affairs, the Bureau of Land Management, the Forest Service, the National Park Service, the Federal Aviation Administration, the General Services Administration, the Indian Health Service, the Passport Service of the Bureau of Consular Affairs, and the Corps of Engineers;

Whereas, through a partnership with the International Association of Machinists and Aerospace Workers and the American Federation of Labor and Congress of Industrial Organizations, the NFFE promotes better working conditions and an improved quality of life for working families across the United States;

Whereas the NFFE represents more than 110,000 Federal employees; and

Whereas the NFFE continues to ensure that the voices of Federal civil servants are properly represented: Now, therefore, be it

Resolved, That the Senate—

(1) congratulates and honors the National Federation of Federal Employees on the celebration of its 51st Convention; and

(2) recognizes the vital contributions of the members of the National Federation of Federal Employees to the United States during the 103-year period since the founding of the National Federation of Federal Employees.

SENATE RESOLUTION 745—HONORING THE LIFE, LEGACY, AND EXAMPLE OF FORMER ISRAELI PRIME MINISTER YITZHAK RABIN ON THE 25TH ANNIVERSARY OF HIS DEATH

Mr. CARDIN (for himself, Mr. PORTMAN, Mr. LEAHY, Mrs. CAPITO, Mr. MURPHY, Ms. COLLINS, Mrs. FEINSTEIN, Mr. CRAMER, and Mr. KAINÉ) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 745

Whereas Yitzhak Rabin was born March 1, 1922, in Jerusalem;

Whereas Yitzhak Rabin served as Ambassador to the United States from 1968 to 1973, Minister of Defense from 1984 to 1990, and Prime Minister from 1974 to 1977 and from 1992 until his assassination in 1995;

Whereas, in 1975, Prime Minister Yitzhak Rabin signed the interim agreement with Egypt which laid the groundwork for the 1979 Camp David Peace Treaty between Israel and Egypt;

Whereas, on September 13, 1993, in Washington, D.C., Yitzhak Rabin signed the Declaration of Principles framework agreement between Israel and the Palestinians, also known as the Oslo Accords;

Whereas Yitzhak Rabin, along with Shimon Peres and Yasser Arafat, received the 1994 Nobel Peace Prize for their efforts to create peace in the Middle East;

Whereas, in his acceptance speech for the Nobel Prize, Rabin said, “We will pursue the course of peace with determination and fortitude. We will not let up. We will not give in. Peace will triumph over all our enemies,

because the alternative is grim for us all. And we will prevail. We will prevail because we regard the building of peace as a great blessing for us, and for our children after us.”;

Whereas, on October 26, 1994, Yitzhak Rabin and King Hussein of Jordan signed a peace treaty between Israel and Jordan, saying at the time: “There is only one radical means of sanctifying human lives. Not armored plating, or tanks, or planes, or concrete fortifications. The one radical solution is peace.”;

Whereas, on November 4, 1995, Yitzhak Rabin was assassinated after attending a peace rally in Tel Aviv, where his last words were, “I have always believed that the majority of the people want peace, are prepared to take risks for peace . . . Peace is what the Jewish People aspire to.”;

Whereas Yitzhak Rabin dedicated his life to the cause of peace and security for the State of Israel by defending his nation against all threats, including terrorism and invasion, and undertaking courageous risks in the pursuit of peace;

Whereas, in the years following Yitzhak Rabin’s assassination, successive United States administrations have sought to help Israel and the Palestinians achieve a negotiated two-state solution that ends their conflict; and

Whereas, twenty-five years later, the leadership of Yitzhak Rabin can be a model for securing peace during a time of conflict: Now, therefore, be it

Resolved, That the Senate—

(1) honors the historic role of Yitzhak Rabin for his distinguished service to the Israeli people and extends its deepest sympathy and condolences to the family of Yitzhak Rabin and the people of Israel on the 25th anniversary of his death;

(2) recognizes and reiterates its continued support for the close ties and special relationship between the United States and Israel;

(3) expresses support and admiration for community leaders and government officials who work tirelessly to encourage co-existence and cooperation between the Israelis and Palestinians; and

(4) reaffirms its strong support for a negotiated solution to the Israeli-Palestinian conflict resulting in two states—a democratic Jewish State of Israel, and a viable, democratic Palestinian state—living side-by-side in peace, security, and mutual recognition.

EXTENSIONS OF REMARKS

IN RECOGNITION OF MARK ANTHONY

HON. LAUREN UNDERWOOD

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Ms. UNDERWOOD. Madam Speaker, I rise to recognize Mark Anthony for his service in my office in Washington, D.C.

Mark joined our office as a legislative fellow and served as an advisor for my work on the House Committee on Veterans' Affairs, in addition to handling a policy portfolio that included defense, foreign affairs, agriculture, and trade. Among other accomplishments, he coordinated legislation to improve mental health care delivery at the VA and worked with our agricultural community to navigate the challenges of COVID-19 and ongoing trade tensions. Mark was instrumental in the development and introduction of the Lethal Means Safety Training Act, the Veterans in STEM Act, and the No Coronavirus Copays for Veterans Act.

Mark's professionalism, work ethic, and dedication were invaluable assets throughout his time in my office. I commend his drive to advance mental health and suicide prevention services for veterans and to improve outcomes for women veterans and younger veterans. Although Mark may be leaving our office, our veterans in northern Illinois and our community members who support and honor them will continue to benefit from the results of his hard work and expertise.

Prior to joining my staff, Mark earned a Bachelor of Science from George Mason University and served our country as an officer in the United States Marine Corps, where he deployed twice in support of Operation Enduring Freedom. I am grateful he chose to continue his career in public service by joining my office. Our office will miss his kindness, diligence, and friendship.

Madam Speaker, I would like to formally thank Mark Anthony for his service to my office, to Illinois' 14th Congressional District, and to our country.

UYGHUR FORCED LABOR DISCLOSURE ACT OF 2020

SPEECH OF

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 30, 2020

Ms. JACKSON LEE. Mr. Speaker, as a cosponsor and a senior member of the Committees on the Judiciary and Homeland Security, I rise in strong support of H.R. 6270, the "Uyghur Forced Labor Disclosure Act of 2020", which directs the Securities and Exchange Commission to issue rules requiring U.S. publicly traded companies to disclose imports of manufactured goods and materials

that originate in or are sourced in part from the Xinjiang Uyghur Autonomous Region (XUAR) on an annual basis.

With this bill, companies would also be required to disclose that the goods and materials did not originate from forced labor as well as describe the nature and extent of commercial activity related to the products.

Furthermore, companies must also provide the gross revenue and net profits attributable to the good.

The legislation also stipulates that companies must say whether they intend to continue importing from that entity.

H.R. 6270 ensures that both the SEC and GAO would be required to report to Congress on compliance, oversight, and effectiveness.

For years, the Chinese government has engaged in a systematic campaign of repression targeting Uyghurs and other Muslim groups.

Chinese authorities have used the pretext of terrorism to suspend the Uyghurs' civil and political rights and pursue the internment of Uyghurs in "educational training centers" where they are forbidden from practicing their religious and cultural beliefs.

These same education centers are forced labor camps.

According to the BBC, approximately one million Uyghurs have been detained without trial, forced into mass internment camps, and subjected to forced labor, torture, political indoctrination, forced renunciations of faith, and other severe human rights abuses.

The U.S. Holocaust Museum's Simon-Skjoldt Center for the Prevention of Genocide recently determined that there is reasonable basis to believe crimes against humanity are being committed in the XUAR.

Furthermore, satellite imagery, leaked official documents from the Chinese government, and the testimony of camp survivors have confirmed a widespread and pervasive forced labor system that exists inside the mass internment camps.

This is a systematic, widespread, and shocking violation of basic human rights for which the Government of China must be held accountable.

The United States cannot and should not sit idly by while these gross injustices are happening.

According to numerous reports, forced labor by the Uyghur detainees in labor camps and factories feed into the supply chains of more than 80 well-known global brands.

In its 2019 Annual Report, the Congressional-Executive Commission on China found that goods produced with forced labor included textiles, electronics, food products, shoes, tea, and handicrafts.

Mr. Speaker, companies have a moral duty to ensure the goods they purchase are made using free workers who are paid a fair wage, and the transparency measures in this bill are key to ending the persistence of modern-day slavery in supply chains.

Importing products made wholly or in part from forced or prison labor is not only against U.S. law but also international human rights standards.

However, audits and due diligence efforts to ensure clean supply chains are nearly impossible due to government surveillance and the pervasiveness of forced labor in the regional economy.

Time and time again, the United States has been the beacon of freedom in the world and a fierce defender of human rights.

Today, we, as Members of Congress, have a duty to continue that legacy by condemning the heinous human rights violations against the Uyghur people in the XUAR.

By passing H.R. 6270, our actions send a message to China that Congress not only stands in solidarity with the Uyghur people but also that we will always speak up for the vulnerable and the voiceless whether that is in the Xinjiang region of China or anywhere else in the world.

Lastly, Mr. Speaker, I wish to thank Congresswoman WEXTON for introducing this vital piece of legislation, and I am proud to do my part in leading this bill through the House.

I urge my colleagues on both sides of the aisle to join me in voting for H.R. 6270.

HONORING THE LIFE OF JUDY CHRISTOFOLIS

HON. SUSAN W. BROOKS

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mrs. BROOKS of Indiana. Madam Speaker, I rise today to honor the life and legacy of my dear friend, Judy Christofolis. Not only was she my close friend, she was also a community leader and a successful businesswoman. Over the last ten plus years of her life, she exhibited her incredible spirit and determination as she bravely fought metastatic breast cancer. Sadly, she lost her battle on March 12, 2020. I will forever cherish my memories of her.

Judy was born on January 19, 1962, in Indianapolis, Indiana, to Gerald and Martha Morford. She proudly attended school in Warren Township in Indianapolis at Moorehead Elementary, Woodview Junior High, and graduated from Warren Central High School in 1980. Judy attended Butler University, graduating in 1984 with a Bachelor of Science in accounting and finance.

Judy began her career as a CPA with Geo. S. Olive, a regional accounting firm. There she met her future husband, Ted, whom she married in 1986. Judy later was controller at Baker & Daniels law firm but eventually founded her own accounting business, Windsor Accounting Services, which later became Redwood Accounting Services. In 1998, she and Ted started Redwood Investment Advisors, an independent fee-only investment advisory firm. In 2011, Judy joined my campaign team, and served as my treasurer since 2012.

Judy and I met as members of the Junior League of Indianapolis, an organization of women committed to promoting voluntarism,

developing the potential of women and improving the community through the effective action and leadership of trained volunteers. Judy was an exemplary and active member, serving as treasurer twice and was a board member for multiple years. She used her financial skills in the volunteer world, developing the investment strategy for the Junior League's endowment, making the Indianapolis chapter one of the most successful chapters in the country. The Indianapolis Art Center (IAC) benefitted from her accounting, financial and investment skills during her tenure on its board. Ted and Judy enjoyed taking clients and friends to ArtSparkle, the summer party supporting IAC. In addition, Judy was on the board of Indianapolis Day Nursery, Indiana's oldest and largest early childhood education non-profit.

In the last decade of Judy's life, while she battled breast cancer, she was a founding member of the Indianapolis American Cancer Society Guild and served as its treasurer. The Guild's mission is to support the Central Indiana office of the American Cancer Society by generating awareness, raising funds and providing support for community outreach programs to achieve the shared goal of saving lives by helping people stay well, get well, find cures and fight back. This mission epitomized Judy's fight against breast cancer.

Judy was known for her compassion and friendship and lived her life with passion. She was cherished by many, including her dear friends in her book club as well as the "Kool Kat" Club, made up of long-time high school girlfriends. Every Christmas, she entertained clients and friends at a much anticipated and beloved party, exclusively catered by Judy. She learned her skills from studying at the Culinary Institute of America in New York. The cookies and dog treats were especially prized by those fortunate enough to attend!

Judy had a love for animals that was unmatched. Often times, Judy found dogs but sometimes they found her as was the case with Jasmine, one of her favorite strays. Ted and Judy's beautiful homes were always full of dogs adored by them both.

Judy spent summers at Lake Wawasee in Syracuse, Indiana as a child, and later she and Ted built a beautiful home on Syracuse Lake which was always full of family, friends and fun. I was pleased to be a guest there several times.

She was a loving wife, sister, daughter, aunt and friend who will be missed deeply by so many people. She was strong and courageous throughout her entire fight with breast cancer, never lost her positivity and fought hard until the very end.

I stand today in honor of the wonderful life my friend Judy lived. I know so many will miss her and remember her as a shining light in their lives. I send my sincerest condolences to her husband Ted, her fur babies Jasmine, Big Boy Joe, J.B., Josie and the late Brady, her brother Richard and his family and all who were fortunate enough to know her.

CELEBRATING FILIPINO AMERICAN HISTORY MONTH

HON. BEN McADAMS

OF UTAH

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. McADAMS. Madam Speaker, I rise today in celebration of Filipino American History Month which commemorates the arrival of the first Filipinos, or "Luzones Indios," landing in what is now known as Morro Bay, California on October 18, 1587. For over 400 years, Filipino Americans have been key participants in the American experiment, striving towards equality and justice for all.

This continues today. As our nation battles the COVID-19 pandemic, Filipino American healthcare workers have been essential in our response to the virus. Nearly 150,000 healthcare workers across the country are second or third-generation Filipino American. I deeply appreciate the hard work and sacrifice of these heroes who fight every day to protect and heal their fellow Americans.

Since 1900, Filipino Americans have enriched the fabric of Utah as artists, farmers, educators, healthcare workers, and activists. Over 15,000 Filipino Americans call Utah home and are one of our state's fastest growing communities. As we commemorate Filipino American History Month, I am so grateful for the contributions that have been made to our great state and Nation by Filipino Americans.

OF SOUTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. CUNNINGHAM. Madam Speaker, I rise today to celebrate the 100th birthday of Judge Richard E. Fields of Charleston, South Carolina. I am in awe of his continued public service to the Lowcountry and his trailblazing legacy for the African American community of our state.

After graduating from Howard University School of Law in 1947, Judge Fields was the first black attorney to open a law firm in Charleston. He found success after success as a South Carolina Circuit Court judge until his retirement in 1992.

Judge Fields is a proud worshiper at the historic Centenary Methodist Church, where he was elected as Treasurer in 1950 and still holds that position to this date. For more than 50 years, he served as the delegate to the South Carolina Annual Conference and was a member of the Merger Committee that desegregated the white and Black conferences of the United Methodist Church during the late 1960s and early 1970s. A voting rights "champion," Judge Fields helped form the Charleston County Political Action Committee where he organized black voters and helped elect Black South Carolinians to office.

Anyone who knows Judge Fields can attest that he is a friend who quickly becomes family. He is more than willing to offer legal advice or spiritual affirmations and he does so with integrity and kindness. Not many people can say they have a U.S. Post Office named after

them like Judge Fields; even less can say they have lived such a fulfilling and philanthropic life like Judge Fields. I thank Judge Fields for an incredible century of service to South Carolina.

HOMELAND SECURITY ACQUISITION PROFESSIONAL CAREER PROGRAM ACT

SPEECH OF

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 30, 2020

Ms. JACKSON LEE. Mr. Speaker, I rise in support of H.R. 5822, the "Homeland Security Acquisition Professional Career Program Act," which would authorize an acquisition professional career program (APCP) within DHS.

This program, which DHS established in 2008, is a pipeline for a cadre of acquisition professionals to support the Department's multi-billion dollar investments in goods and services.

Under APCP, DHS hires individuals, many of which are new to the Federal government or recent college graduates, at the GS-7 grade level to work in one of six acquisition positions.

Upon successful completion of the three-year program, participants are placed into permanent full-time positions at the GS-12 grade level.

The bill outlines the requirements for the program, which includes acquisition training, on-the-job experience, Department-wide rotations, mentorship, shadowing, and other career development opportunities for participants.

The bill also requires the Secretary of Homeland Security to report annually to Congress through fiscal year 2026 on various aspects of the program, including the DHS components and offices that participated, attrition and retention rates, and the Department's recruiting efforts for the program.

The Department of Homeland Security is the third largest Department of the U.S. government, with a workforce of 229,000 employees and 22 components including TSA, Customs and Border Protection, Immigration and Customs Enforcement, U.S. Citizenship and Immigration Services, FEMA, the Coast Guard, Secret Service, Federal Law Enforcement Training Centers, the National Protection and Programs Directorate, and the Science and Technology Directorate.

This year, the House Appropriations Committee approved \$50.72 billion in FY 2021 discretionary funding, including \$48.1 billion in

nondefense discretionary funding, for the Department of Homeland Security.

These taxpayer dollars must be used in a manner consistent with the mission and purpose of the Department of Homeland Security, while using the best methods for assuring adherence to good government principles.

I ask my colleagues to join me in supporting this bill.

RECOGNIZING THE ACHIEVEMENTS OF LIEUTENANT GENERAL ASHLEY

HON. ADAM B. SCHIFF

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. SCHIFF. Madam Speaker, I rise today to recognize Lieutenant General Robert Ashley on the eve of his retirement, after over 35 years of service to his nation as an Army intelligence officer.

As testament to his competence and character, on two-separate occasions, the Nation entrusted General Ashley with the responsibility to lead different elements of our Intelligence Community.

The congressional intelligence committees are unique as they must truly partner with the organizations they are charged to oversee.

In my time on the Intelligence Committee, and his time leading military intelligence organizations, I have appreciated General Ashley's candor and ability to think strategically.

As the Army's Intelligence Chief, he implemented reforms that saved struggling acquisition programs and delivered tools directly to warfighters.

Most recently, in his tenure as Director of DIA, General Ashley led key initiatives that ensured continuing the transformation of the DIA.

Perhaps most importantly, and in the best tradition of service, General Ashley took time out of his busy schedule to mentor junior intelligence officers. I am confident that this next generation of intelligence professionals will be his most significant and lasting legacy.

General Ashley has done his part to leave the Army, the Department of Defense, the Defense Intelligence Agency, and the Intelligence Community in a stronger position for his successors and the Nation. We wish him well.

HONORING WILLIAM LANSON FOR HIS UNIQUE AND INVALUABLE CONTRIBUTIONS TO THE CITY OF NEW HAVEN

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Ms. DELAURO. Madam Speaker, I am honored to rise today to join the Amistad Committee, the City of New Haven, and all of those gathered today in paying tribute to a pioneering African American who quite literally changed the landscape of the City of New Haven, William Lanson, and who ultimately faced defamation and destitution from a white Majority that used its levers of state power to put him into ruin. But, today, we return him to his rightful and honorable place in the history of our town as a bronze statue is dedicated in his honor.

According to a Hartford Courant piece in 2001, quote, "William Lanson was an extraordinary figure in early 19th-century New Haven. Almost certainly an escaped slave, Lanson overcame incredible odds to become a highly successful businessman, one of the earliest black entrepreneurs in Connecticut." William Lanson was a man ahead of his time in many ways, none more so than in the innovative engineering concepts that he brought to his successful projects in the City of New Haven. Though little is known about his earliest years, we do know that Lanson and his family moved to New Haven around 1803 and within just seven years he became the city's principal wharf builder.

In 1810, he was the only contractor able to complete the complicated 1,350-foot extension to the city's Long Wharf, enabling larger boats to dock in the city's port and allowing the city to compete with nearby ports including New York. The extension was only possible because he employed specially designed scows, carefully designed by Lanson himself, capable of carrying twenty-five tons of stone at a time. The stone was quarried by him and his laborers, from nearby East Rock, floated on the scows to the harbor where they were installed to stabilize the pilings for the wharf's extension. Following his success at Long Wharf, Lanson was contracted to build the retaining wall for the newly planned Farmington Canal where it flowed into the harbor basin. These two projects changed the very character of New Haven Harbor and the City itself, further

allowing both to thrive and prosper—a feat which would have not been accomplished without William Lanson's invaluable contributions.

It was more than the architecture of the city to which he contributed. It was its business landscape, its civic culture, and its moral fiber, as an African American leader who fought their disenfranchisement. He was a successful businessman, operating a hotel, grocery, and livery service, as well as a founding member of the Temple Street Church, which later became the Dixwell Avenue Congregational United Church of Christ. He was a fierce abolitionist and advocate for voting rights.

According to research by Yale, in 1811, the Reverend Timothy Dwight, President of Yale College, praised William Lanson, as quote, "honourable proof of the character which they sustain, both for capacity, and integrity, in the view of respectable men." But, as the Yale research said, quote, "By the end of the 1820s such praise had all but vanished . . . and Lanson found himself beset financially and attacked and ridiculed." According to Amy L. Trout, curator at the New Haven Colony Historical Society, quote, "he was constantly harassed by the police. The minute he was released from the police station and got home, he would be arrested for something else."

Late in life, Lanson wrote that he was jailed five times in six years for a total of 450 days, for selling liquor at his hotel, the Liberian, a very common practice. The pressure continued until he died forgotten, defamed, and destitute. So, we right that wrong. And, we must. Lanson was an unbelievably important and impressive man, an African American who reshaped, reformed, and re-invigorated. Doing so as an African American in the 19th century. He was a force.

William Lanson left an indelible mark on the City of New Haven and I am glad to be able to witness our community coming together to recognize, celebrate, and preserve his story. My deepest thanks to the dedicated members of the Amistad Committee and the City of New Haven who have ensured that William Lanson's contributions to our community will always be remembered.

COVID PREPAREDNESS, RESPONSE, AND EFFECTIVE PLANNING FOR ADVANCED REQUIREMENTS BY THE EXECUTIVE BRANCH ACT OF 2020

SPEECH OF

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 30, 2020

Ms. JACKSON LEE. Mr. Speaker, as the Founding Chair of the Coronavirus Task Force and a senior member of the Judiciary and Homeland Committees, I rise in strong support of H.R. 7496, the "COVID PREPARE Act," which requires every federal agency to submit a report to Congress on the steps they are taking to respond to a potential resurgence of COVID-19, including measurable goals, anticipated challenges, and how they will consult with Congress.

I would like to thank Representatives BRAD SCHNEIDER and JOHN KATKO for introducing and leading this important piece of legislation.

By passing this bipartisan bill today, Congress has taken it upon itself to ensure that all federal agencies are aware of the risks associated with any resurgence in coronavirus cases and are prepared to address them efficiently.

This legislation stipulates that Congress will receive regular updates from these agencies until the President ends the emergency declaration related to the coronavirus pandemic.

At the beginning of this pandemic, the federal government's response to COVID-19 was delayed, disorganized, and haphazard.

It is because of these inefficiencies that the United States currently has over 7 million cases of the coronavirus and over 205,000 related deaths.

In the state of Texas alone, there are currently 761,332 cases of the virus and approximately 15,820 deaths.

We must not make the same mistakes again.

As the COVID-19 pandemic continues to wreak havoc on American communities and take thousands of American lives, experts have warned that things might get even worse in the fall, especially as schools, businesses, and communities continue to reopen.

Over the last six months, federal agencies have learned many hard lessons, and they have crafted new, effective strategies that will protect families and communities across the country fight against a possible resurgence of coronavirus cases this fall.

We must put our faith in science and continue to invest in testing, contact tracing, as well as vaccine development.

In my own district, I have facilitated the opening of 32 testing sites since the beginning of the pandemic in an effort to curb the spread of the virus.

Mr. Speaker, Congress has a duty to assure the American people that the federal government is doing everything in its power to beat back the dual health and economic crises of this pandemic.

H.R. 7496 honors that responsibility entrusted to us by the American people, and I urge my colleagues on both sides of the aisle to come together and vote for this important legislation.

COMMEMORATING THE VICTIMS
OF THE NAZI MASSACRE AT
BABYN YAR IN UKRAINE BE-
TWEEN 29-30 SEPTEMBER 1941

HON. ELIOT L. ENGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. ENGEL. Madam Speaker, I rise today to commemorate all those who lost their lives in the Holocaust and honor the memory of those who were so brutally murdered in the atrocities that took place between 29-30 September 1941 at Babyn Yar in Ukraine.

It is of great importance to me to bring this issue to the attention of the United States Congress because of my Jewish heritage and family ties to Ukraine, but also to shine a light on one of the darkest chapters in our shared history. The past must never be forgotten, and the lessons we learn, especially the painful ones, should guide us to a better future.

As we see a resurgence of antisemitism and Holocaust denial across the world, and when

there are fewer and fewer living survivors to tell the story first hand, it is essential that we learn the tragedies of the past and educate future generations so we can prevent these events from never happening again.

Today, it is critically important to remember one of the Holocaust's most oft-forgotten horrors—the massacre that took place at Babyn Yar in Ukraine and in other Eastern Europe countries, silenced for so long by the former Soviet Union.

The massacre of Kyiv's Jews at Babyn Yar was one of the largest mass killings by the Nazi regime at a single location during World War II. It is incumbent upon us to remember the sorrow and grief of the victims and their families of the Babyn Yar massacre, and I commend the Ukrainian people for coming together to deal with this tragedy and commemorate the horrific atrocity at Babyn Yar.

In honor of the 79th anniversary of the horrifying massacres at Babyn Yar, where it was officially estimated that up to 100,000 people were murdered during the Nazi occupation of Kyiv from 1941 to 1943, I rise today to honor all those who lost their lives, remind our colleagues and the world of the tremendous evil that took place at Babyn Yar, and commend the people of Ukraine for their commitment to remembering these horrific events. We must continue to stand up and say, "never again."

A review of the timeline of events surrounding the Babyn Yar tragedy are an important part of our solemn duty to ensure that terrible events like these can never happen again:

On September 19, 1941, Axis forces occupied Kyiv. A week later, the Nazi occupational government and SS leadership convened at Rear Headquarters Army Group South and made the decision to exterminate the Jews of Kyiv.

On September 28, 1941, the Nazi occupiers of Kyiv posted the following notice: "All [Jews] living in the city of Kiev and its vicinity are to report by 8 o'clock on the morning of Monday, September 29, 1941, at the corner of Melnykova and Dokterivska Streets (near the cemeteries). They are to take with them documents, money, valuables, as well as warm clothes, underwear, etc. Any [Jew] not carrying out this instruction and who is found elsewhere will be shot. Any civilian entering homes vacated by [Jews] and stealing property will be shot".

On September 29-30, 1941, the eve of Yom Kippur, the holiest day of the year in Judaism, 33,771 Jewish civilians were shot and killed by machine-gun fire at Babyn Yar, a ravine northwest of Kyiv. Between September and early October 1941, about 38,000 Jews were murdered at or near Babyn Yar; and the total Jewish death toll there until the Nazi retreat was around 40,000.

When Nazi forces retreated from the Soviet Union, they attempted to hide evidence of the massacres at Babyn Yar by exhuming the bodies and burning them, but in 1991, the government of independent Ukraine erected a monument in the shape of a menorah dedicated to the Jewish victims at Babyn Yar. Sadly, the names of many of these civilians who perished have been lost forever.

IN RECOGNITION OF ADAM GROGG

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mrs. CAROLYN B. MALONEY of New York. Madam Speaker, I would like to take this opportunity to recognize the extraordinary service of Adam Grogg, who served in the House's Office of General Counsel as an Associate General Counsel. During his tenure, Mr. Grogg played an integral role in safeguarding the legal interests of the House of Representatives and its Members, Officers, and employees in connection with federal court litigation involving issues of the highest institutional importance. Specifically, Mr. Grogg provided invaluable legal counsel and representation to numerous Committees of the House, greatly assisting them both in fulfilling their constitutionally authorized oversight functions and defending those prerogatives in litigation. In particular, Mr. Grogg's legal work has significantly contributed to the Committee on Oversight and Reform's investigation and litigation related to the 2020 decennial census.

Additionally, Mr. Grogg has provided vital legal counsel to the House regarding the presidential impeachment, as well as with respect to the defense of long-standing institutional powers, including the House's constitutional authority to adopt rules permitting its Members to participate in the legislative process remotely by proxy during an unprecedented global pandemic.

Mr. Grogg's work on behalf of the House has been of the highest caliber and I have no doubt that his next employer will benefit from his exceptional legal counsel. On behalf of the entire House community, I thank Mr. Grogg for his dedicated service to the House, and I wish for him the very best in all of his future endeavors.

HON. BRIAN BABIN

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. BABIN. Madam Speaker, had I been present, I would have voted: NAY on Roll Call No. 212, P.Q. for H. Res. 1161, and NAY on Roll Call No. 213, Adoption of H. Res. 1161.

INTRODUCTION OF A BILL TO
GRANT HONORARY PROMOTION
TO WORLD WAR II VETERAN,
PRIVATE FIRST CLASS DELBERT
LITRELL TO CORPORAL

HON. GREG WALDEN

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. WALDEN. Madam Speaker, I rise today to introduce a bill to grant an honorary promotion to World War II veteran, Private First Class Delbert Littrell of the United States Marine Corps from Private First Class to Corporal.

PFC Delbert Littrell is an extraordinary World War II veteran. PFC Littrell served in

five major campaigns as a member of the 14th Marine Regiment, 4th Marine Division. He not only survived the combat rigors and horrors of Iwo Jima, but also assaults on the Marshall Islands, Saipan, Tinian, and Okinawa. All of these battles were some of the heaviest battles fought in the Pacific theater during World War II.

The Secretary of the Navy when recommending this honorary promotion said, "Littrell's extraordinary service to the Marine Corps is noteworthy and rises to the service that warrants favorable consideration for this unique honor. The recommendation to concur with the request is a testament to his enduring selflessness and sacrifice."

In addition to his service during the war, PFC Littrell has long served his community. The Marine Corps League Coquille River Detachment recognized PFC Littrell as their 2016 Marine of the Year. In 2019, he was awarded with a Marine Corps League Distinguished Service Award and was also recognized as the Marine Corps League Marine of the Year for the Department of Oregon.

PFC Littrell reliably and honorably performed his duties in the Marine Corps throughout his period of active service. PFC Littrell is worthy of an honorary promotion to Corporal. By passing this legislation, we have the opportunity to honor the notable service of this outstanding veteran.

This honorary promotion is championed by the Navy and Marine Corp and I strongly urge my colleagues to support this bill's swift passage.

IN REMEMBRANCE OF GERRY
LYNN

HON. BRETT GUTHRIE

OF KENTUCKY

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. GUTHRIE. Madam Speaker, I rise today in remembrance of Gerald Allen "Gerry" Lynn of Brandenburg, Kentucky. Gerry passed away on September 6, 2020, and I will miss him deeply.

Gerry was a passionate servant of his community. He always tried to bring people together. I first met him when he served in the Kentucky State House of Representatives. He then went on to serve as the Meade County Judge Executive, a role in which he worked tirelessly to better Meade County and the region. I always enjoyed spending time with him because he was interested in everything—and he could do anything. Whether it was paragliding, wiring his own home, or working hard to help Meade County, he accomplished anything he put his mind to. In addition to serving his community, Gerry also served our Nation in the Army.

Of all of Gerry's accomplishments, it was his proudest of his family. My prayers are with his wife Nancye, his children, and his grandchildren. Gerry was an honorable man and a pillar in our community who will be missed by all.

HONORING SHELBY HAMLETT

HON. H. MORGAN GRIFFITH

OF VIRGINIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. GRIFFITH. Madam Speaker, I rise in honor of Shelby Paisley Hamlett, who passed away on September 14, 2020 at the age of 82. Shelby was dedicated to helping others in an array of volunteer and charitable organizations.

Shelby was born in Wytheville, Virginia on August 20, 1938, to Alton and Rachael Paisley. She grew up in the town and then attended Hollins University, which took her to the Roanoke area where she would spend much of the rest of her life.

Shelby was deeply devoted to several causes and organizations that sought to improve lives in her community and around the world. At the age of 18, she became involved in the General Federation of Women's Clubs (GFWC), starting with the Brambleton Jr. Woman's Club in Blue Ridge District, GFWC Virginia. The organization became a lifelong commitment, and Shelby went on to serve in post after post, including Virginia President 1980 to 1982 and ultimately International President 2000 to 2002. In this role, she helped develop the GFWC Leadership Education and Development Seminar, attended the Women's World Vision Conference in China, and participated in an Operation Smile Medical mission.

Her passion for helping others extended to other causes. I met Shelby when I served on the board of Easter Seals Virginia, an organization devoted to helping Americans living with disabilities, which she assisted in creating and longed served as a member of the Board of Directors. She was also on the national Board of Directors. As the local level, she was part of the Roanoke County PTA Association, helped develop special education classes for the county's schools, and was a longtime active member and deacon at Heights Community Church in Roanoke.

Shelby is survived by her son David, brothers Monte and Randal Paisley, and several nieces and nephews. I would like to extend my condolences to them on their loss.

STATE AND LOCAL CYBERSECURITY IMPROVEMENT ACT

SPEECH OF

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, September 30, 2020

Ms. JACKSON LEE. Mr. Speaker, I rise in support of H.R. 5823, the State and Local Cybersecurity Improvement Act, which authorizes a new DHS grant program to address cybersecurity vulnerabilities on State and local government networks.

The new grant program would be authorized at \$400 million with a graduating cost-share that incentivizes States to increase funding for cybersecurity in their budgets.

Under the bill, State, tribal, and territorial governments would be required to develop comprehensive cybersecurity plans to guide the use of grant funds.

This bill tasks the Cybersecurity and Infrastructure Security Agency (CISA), the Nation's cyber risk advisor, that works with partners to defend against today's threats and collaborating to build more secure and resilient infrastructure for the future to provide support to state and local governments.

The bill also requires CISA to develop a strategy to improve the cybersecurity of State, local, tribal, and territorial governments, among other things, identify Federal resources that could be made available to State and local governments for cybersecurity purposes, and set baseline objectives for State and local cybersecurity efforts.

CISA would also be required to assess the feasibility of implementing a short-term rotational program for the detail of approved State, local, Tribal, and territorial government employees in cyber workforce positions at CISA.

Lastly, the bill establishes a State and Local Cybersecurity Resiliency Committee comprised of representatives from State, local, tribal, and territorial governments to advise and provide situational awareness to CISA regarding the cybersecurity needs of such governments.

As a member of the House Committee on Homeland Security since its establishment, and current Ranking Member of the Judiciary Subcommittee on Crime, Terrorism and Homeland Security. This bill is of importance to me.

The threats we face—digital and physical, man-made, technological, and natural—are more complex, and the threat actors more diverse, than at any point in our history. CISA is at the heart of mobilizing a collective defense as we lead the Nation's efforts to understand and manage risk to our critical infrastructure.

I am a cosponsor of H.R. 5823, and ask my colleagues to join me in supporting this important step to improving cybersecurity of state and local governments.

HONORING SENATOR BILL
MONNING

HON. JIMMY PANETTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. PANETTA. Madam Speaker, I ride today to honor Bill Monning, the retiring Senator representing the 17th Senate District of California, for his career in advocacy and public service and his commitment to serving the people of the central coast of California. His leadership has improved the lives of many, and I am honored to acknowledge this legacy today.

Senator Monning was born in Culver City, California, in 1951 and raised in Pasadena. After finishing high school at Flintridge Preparatory School, where he excelled as an athlete, Monning attended college at the University of California, Berkeley. Following his graduation, he attained his Juris Doctorate from the University of San Francisco. His time spent in the Bay Area in the 1970s led him to commit himself to a career of advocating for and serving others.

After passing the California Bar Examination, Senator Monning worked as an attorney protecting the rights of migrant farm workers

at the United Farm Workers of America and the Migrant Farm Worker Project at California Rural Legal Assistance. Monning served as the Director of the Salvadoran Medical Relief Fund from 1982 through 1987 and was the Executive Director of the Nobel Peace Prize winning organization International Physicians for the Prevention of Nuclear War from 1987 through 1991. Monning then went on to serve as a professor at the Monterey College of Law and Monterey Institute of International Studies and president and co-founder of Global Majority, Inc., an organization committed to education, training and advocacy in the field of non-violent conflict resolution.

Senator Monning's service in the California State Legislature began with his election as Assemblymember for the 27th Assembly District, representing parts of Monterey, Santa Cruz, and Santa Clara counties from 2008 to 2012. In 2012, he was elected Senator of the 17th Senate District, which includes all of San Luis Obispo and Santa Cruz counties and portions of Monterey and Santa Clara counties. He was reelected in 2016 and served as Senate Majority Leader from 2015 through 2018. Currently, Monning serves as Vice Chair of the Joint Committee on Rules and is a member of the Joint Legislative Audit Committee and the Senate Committees on Budget, Health, Judiciary, Natural Resources and Water, and Rules. He also represents the Senate on the California Air Resources Board. Throughout his time as a legislator, he has been a leader in protecting natural resources and the environment, improving the health of all Californians, and serving veterans.

As Senator Monning prepares to celebrate his retirement, I am proud to commend him on his lifetime of serving others. I have no doubt he will enjoy spending this time with his wife, Dr. Dana T. Kent, his two children, and three grandchildren. On behalf of Central Coast residents, I ask my colleagues to join me in thanking Senator Bill Monning for his public service and wishing him a long and healthy retirement.

HONORING FRANK VARDEMAN, JR.

HON. LUCY MCBATH

OF GEORGIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mrs. MCBATH. Madam Speaker, I rise today in honor of the life of Frank Burton "Burt" Vardeman, Jr., a life built on faith, service, and family. Mr. Vardeman passed away peacefully on September 13, 2020 at the age of 95. He is survived by his wife Martha Frances Hay Vardeman, their four children Frances, Frank, Cile, and Marty; nine grandchildren; and seven great-grandchildren.

The first of four brothers, Burt was born in Columbus, Georgia and grew up in Covington. He attended public schools and graduated from Covington High School in 1942. During his freshman year at North Georgia College, Burt was drafted into the United States Army Air Corps. He served his country during World War II as a Flight Radio Operator on B-24 Liberator bombers with the 15th Air Force, surviving 31 combat missions over Nazi-occupied Europe. During one mission, Nazis destroyed three of the engines on Burt's plane, and he and his crewmates considered jumping

into the Aegean Sea. Fortunately, they spotted an airstrip in the distance, where they landed and were housed by the Tuskegee Airmen, who frequently escorted his Bomb Group, while waiting for another plane. Burt frequently said throughout his life, "I owe my life to the Red Tails."

After the war, Burt came home and studied at Auburn University using the GI Bill, where he met Martha, his "Sweetie Pie." Graduating in 1949 with a B.S. in Building Construction, Burt and Martha moved to Tuscaloosa, Alabama to join Martha's father, a Presbyterian minister who had just been named president of Stillman College, a historically black college. Serving as Business and Property Manager at Stillman College, Burt helped the school become an accredited four-year institution by overseeing the construction and management of IO major campus buildings, a considerable achievement during the Civil Rights Movement.

Burt, Martha, and their four children moved to Atlanta in 1965, where Burt worked until his retirement in 1989. His accomplishments during that career included overseeing the construction and administration of the Presbyterian Church USA headquarters. In retirement, he spoke of a deep gratitude for the heroism of the Tuskegee Airmen and was made an honorary Tuskegee Airman himself. Burt volunteered for numerous organizations, including North Decatur Presbyterian Church and Kiwanis, enjoyed golfing and fishing, and was an avid bowtie enthusiast. More than anything, however, he cherished his family.

Burt and Martha built a family rooted in love and support. He selflessly served his American family overseas by defending democracy and at home by building the foundation for a more just and equal future. Through his children, grandchildren, and great-grandchildren, Burt's legacy of faith, service, and family is destined to live on for generations.

It is my distinct privilege to help honor and celebrate the storied life of Burt Vardeman. As his family continues to grieve this profound loss, I offer my deepest condolences. On behalf of myself, the Sixth Congressional District, and the United States House of Representatives, I am eternally grateful to Burt for his unbounded dedication to the betterment of humanity and the overflowing passion with which he lived.

HONORING THE LIFE AND MINISTRY OF PASTOR DAVID E. KELLER OF FORT WAYNE, INDIANA

HON. JIM BANKS

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. BANKS. Madam Speaker, I rise today to honor the life and ministry of Pastor David E. Keller of Fort Wayne, Indiana. After 34 years of service to the Greater Fort Wayne community, Pastor Keller is retiring from his role as Senior Pastor of Abundant Life Church.

In June of 1986, Pastor Keller began his ministry at a small church just across the street from Saint Francis College in Fort Wayne. Through the help of God, he sought to grow his church to include every culture, every tongue, and every nationality. After a signifi-

cant investment of his own finance and will, what started as an 1,800 square foot facility has grown to a massive 98,000 square foot facility that is completely debt free.

Pastor Keller has established a diverse outreach that now ministers to 3 major ethnic groups: Asian, Hispanic, and African. This is in addition to a ministry dedicated to the deaf and hard of hearing, and the main weekend congregation. He has also helped sponsor and establish a Bible school and Christian orphanage in India, and fostered a multi-campus ministry in Ghana, Africa.

Today, Pastor Keller is leaving behind a thriving, dynamic, and diverse congregation that ministers to hundreds of people each week. Under his leadership, the Abundant Life congregation has truly become a multi-cultural, multi-ethnic and multigenerational assembly who understand that "we are all level, at the foot or the cross."

I wish Pastor Keller, his wife Marta, and their children and grandchildren the very best as he moves on to the next chapter of his life. While we will sorely miss his leadership, there can be no doubt that many in the community are better off today because of his great work.

THE NOMINATION OF JUDGE AMY CONEY BARRETT TO THE UNITED STATES SUPREME COURT

HON. LARRY BUCSHON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. BUCSHON. Madam Speaker, I rise today to thank President Trump for nominating Judge Amy Coney Barrett to the United States Supreme Court, and urge her immediate confirmation.

Currently serving on the Seventh Circuit of the United States Court of Appeals in South Bend, Indiana, Judge Barrett has shown throughout her highly-successful legal career that she has an outstanding legal mind and that she is more than qualified to serve on the Supreme Court.

As a fellow Hoosier, I have the utmost confidence that Judge Barrett would honorably carry out the duties of a Supreme Court Justice and would help defend the constitutional rights of all Americans.

I also believe that she appropriately understands the role of the Federal Judiciary in our Republic is to rule on the law—not to make it up from the bench.

I thank Indiana's Senators for indicating their support of Judge Barrett's nomination, and urge the rest of the United States Senate to follow suit and quickly confirm this highly-qualified Hoosier to the bench.

HONORING THE LIFE AND LEGACY OF JUSTICE RUTH BADER GINSBURG

HON. BARBARA LEE

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Ms. LEE of California. Madam Speaker, I rise today to honor the life and legacy of Justice Ruth Bader Ginsburg. I want to thank my

friends, the co-chairs of the Democratic Women's Caucus, Representatives SPEIER, FRANKEL, LAWRENCE, HAALAND, and ESCOBAR, for organizing and convening this fitting tribute to a trailblazing American heroine.

As a lawyer with the ACLU and as the second woman on the Supreme Court, Justice Ginsburg was a pioneer for reproductive rights, civil rights, and equal protection under the law. Without her leadership and conviction, the world would be a different place for women, people of color, the LGBTQI community, and others who have not been afforded equity and justice under the law. Her tenacious fight for gender equality in the face of powerful opposition, and her historic opinions and dissents on the bench, bent the arc of history towards justice.

Her legal brilliance, bravery, and her commitment to a democracy that serves all, make her a model for the next Supreme Court Associate Justice and for all justices who follow.

When Justice Ginsburg wrote decisions, she wrote with a clarity that helped the broader public understand the moral and legal issues at stake. She also had an empathy for the experiences of others. When I had the chance to meet and have dinner with her, I felt that she understood the particular challenges that Black women and women of color faced. And she was a powerful ally for justice movements whether they sought to dismantle unjust systems built along lines of race, ethnicity, gender, class, sexual orientation or gender identity.

We mourn the loss of such a brilliant, bold and visionary woman whose legacy will continue to live. We have a responsibility to continue her fight for equality and justice.

My thoughts are with her children, grandchildren and loved ones during this difficult time.

SUPPORTING AMY CONEY
BARRETT

HON. JAMES R. BAIRD

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. BAIRD. Madam Speaker, today I rise in support of fellow Hoosier Amy Coney Barrett to be confirmed to the Supreme Court.

Barrett is immensely qualified to serve as a Supreme Court justice.

She clerked for Justice Antonin Scalia before teaching law school in Indiana at the University of Notre Dame, where she received the "Distinguished Professor of the Year" award three times.

Three years ago, she was confirmed with bipartisan support to the Seventh Circuit of the Court of Appeals. There she developed a reputation of being an exemplary jurist who follows and upholds the Constitution.

In addition to her distinguished record and qualifications, Mrs. Barrett is a role model for women. She is a devoted wife and a loving mother to seven children, while still effectively performing her responsibilities as a justice.

Judge Barrett will be an excellent addition to the United States Supreme Court, and I look forward to her confirmation without delay.

HONORING SUPERVISOR JANE
PARKER

HON. JIMMY PANETTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, October 1, 2020

Mr. PANETTA. Madam Speaker, I rise today to honor Jane Parker, the retiring County Supervisor for the Fourth District of Monterey County, for her commitment to serving the people of the central coast of California.

Supervisor Parker was raised on the Monterey Peninsula and graduated from Monterey High School. After studying at the Monterey Institute for International Studies and LaVarenne Cooking School and traveling

across Europe, Parker made a name for herself as a chef in southern California, where she lived for 15 years. After travelling through Asia and Africa, Parker felt it was time to return home and settled in Monterey once again in 1991. There, she established a healthy meal preparation service for working families and homebound seniors.

Back at home on the Central Coast, Supervisor Parker felt a responsibility to give back to her community. In 1995, she began working for Planned Parenthood Mar Monte, eventually serving as vice president of development until 2005. As part of the organization's executive leadership team, Parker helped Planned Parenthood Mar Monte serve a record number of patients and earn it the title of most successful Planned Parenthood in the nation. During this time, Parker ran for and was elected to serve on the Monterey Peninsula College (MPC) Board of Trustees from 1999 to 2003. As a Trustee, she effectively advocated for policies to protect MPC's reputation for providing outstanding and affordable education and student services. From 2005 to 2009, Parker was Associate Director of the ACTION Council of Monterey County, where she helped address unmet needs in the county and improve the quality of life for residents through the pursuit of economic and social justice.

Supervisor Parker was first elected as County Supervisor for the Fourth District of Monterey County in 2008 and reelected in 2012 to 2016. As a County Supervisor, Parker has prioritized delivering responsible land-use policies, equitable healthcare access and high-quality healthcare services, water and mass transit solutions, increased accountability and customer service for County services, and prevention-based law enforcement strategies. As a result of efforts she has led, the Board now posts Agenda packets online for the public to view and conducts performance evaluations of the Chief Administrative Officer and other direct reports.

As she begins her retirement, I have no doubt that Jane will continue to serve her community. We, on the Central Coast, are grateful for her contributions to our community and celebrate her successful career.
