### PUBLICATION OF BUDGETARY MATERIAL

STATUS REPORT ON CURRENT SPENDING LEVELS OF ON-BUDGET SPENDING AND REVENUES FOR FY 2020

HOUSE OF REPRESENTATIVES,  
COMMITTEE ON THE BUDGET,  
Washington, DC, October 16, 2020.

DEAR MADAM SPEAKER: To facilitate application of sections 302 and 311 of the Congressional Budget Act of 1974, I am transmitting an updated status report on the current levels of on-budget spending and revenues for fiscal year 2020. This status report is current through September 30, 2020, the end of the fiscal year. The term "current level" refers to the amounts of spending and revenues estimated for each fiscal year based on laws enacted or awaiting the President's signature.

Table 1 compares the current levels of total budget authority, outlays, and revenues to the overall limits filed in the Congressional Record on May 3, 2019, as adjusted, for fiscal year 2020. These comparisons are needed to implement section 311(a) of the Congressional Budget Act of 1974, which establishes a rule enforceable with a point of order against measures that would breach the budget resolution's aggregate levels.

Table 2 compares the current status of discretionary appropriations for fiscal year 2020 with the section 302(b) suballocations of discretionary budget authority and outlays among Appropriations subcommittees. The comparison is needed to enforce section 302(f) of the Congressional Budget Act of 1974 because the point of order under that section equally applies to measures that would breach the applicable section 302(b) suballocation. The table also provides supplementary information on spending authorized in excess of the base discretionary spending limits under section 251(b) of the Balanced Budget and Emergency Deficit Control Act of 1985.

Table 3 compares the current levels of budget authority and outlays for legislative action completed by each authorizing com-

mittee with the limits filed in the Congressional Record on May 3, 2019, for fiscal year 2020. These comparisons are needed to enforce the point of order under section 302(f) of the Congressional Budget Act of 1974, which prohibits the consideration of measures that would breach the section 302(a) allocation of new budget authority for the committee that reported the measure. It is also needed to implement section 311(c), which provides an exception for committees that comply with their allocations from the point of order under section 311(a).

Table 4 displays the current level of advance appropriations in fiscal year 2020 appropriations bills. This table is needed to enforce a rule against appropriations bills containing advance appropriations that: (i) are not identified in the statement of the Chairman published in the Congressional Record on May 3, 2019 or (ii) would cause the aggregate amount of such appropriations to exceed the level specified in section 2 of H. Res. 293.

In addition, a letter from the Congressional Budget Office is attached that summarizes and compares the budget impact of legislation enacted after May 3, 2019 against the budget aggregate in force.

If you have any questions, please contact Jennifer Wheelock or Raquel Spencer.

Sincerely,

JOHN YARMUTH,  
*Chairman.*

n.a. = not applicable; P.L. = public law. Sections 1001-1004 of the 21st Century Cures Act (P.L. 114-255) require that certain funding provided for 2017 through 2026 to the Department of Health and Human Services—in particular the Food and Drug Administration and the National Institutes of Health—be excluded from estimates for the purposes of the Balanced Budget and Emergency Deficit Control Act of 1985 (Deficit Control Act) and the Congressional Budget and Impoundment Control Act of 1974 (Congressional Budget Act). Therefore, the amounts shown in this report do not include \$567 million in budget authority and \$798 million in estimated outlays.

**STATUS REPORT ON CURRENT SPENDING LEVELS OF ON-BUDGET SPENDING AND REVENUES FOR FY 2021**

HOUSE OF REPRESENTATIVES,  
COMMITTEE ON THE BUDGET,  
Washington, DC, October 16, 2020.

DEAR MADAM SPEAKER: To facilitate application of sections 302 and 311 of the Congressional Budget Act of 1974, I am transmitting an updated status report on the current levels of on-budget spending and revenues for fiscal year 2021. This status report is current through October 2, 2020. The term “current level” refers to the amounts of spending and revenues estimated for each fiscal year based on laws enacted or awaiting the President’s signature.

Table 1 compares the current levels of total budget authority, outlays, and revenues to the overall limits filed in the Congressional Record on May 1, 2020 for fiscal year 2021 and for the 10-year period of fiscal years 2021 through 2030. These comparisons are needed to implement section 311(a) of the Congressional Budget Act of 1974, which establishes a rule enforceable with a point of order against measures that would breach the budget resolution’s aggregate levels. The table does not show budget authority and outlays for fiscal years 2022 through 2030 because annual appropriations will not be considered for those years until future sessions of Congress.

Table 2 compares the current status of discretionary appropriations for fiscal year 2021 with the section 302(b) suballocations of discretionary budget authority and outlays among Appropriations subcommittees. The comparison is needed to enforce section 302(f) of the Congressional Budget Act of 1974 because the point of order under that section equally applies to measures that would breach the applicable section 302(b) sub-allocation. The table also provides supplementary information on spending authorized in excess of the base discretionary spending limits under section 251(b) of the Balanced Budget and Emergency Deficit Control Act of 1985.

Table 3 compares the current levels of budget authority and outlays for legislative action completed by each authorizing committee with the limits filed in the Congressional Record on May 1, 2020, for fiscal year 2021, and for the 10-year period of fiscal years 2021 through 2030. These comparisons are needed to enforce the point of order under section 302(f) of the Congressional Budget Act of 1974, which prohibits the consideration of measures that would breach the section 302(a) allocation of new budget authority for the committee that reported the measure. It is also needed to implement section 311(c), which provides an exception for committees that comply with their allocations from the point of order under section 311(a).

In addition, a letter from the Congressional Budget Office is attached that sum-

marizes the budget impact of legislation enacted since May 1, 2020.

If you have any questions, please contact Jennifer Wheelock or Raquel Spencer.

Sincerely,

JOHN YARMUTH,
