CELEBRATING PUERTO RICO'S
CHEMIST DAY

HON. JENNIFFER GONZÁLEZ-COLÓN

OF PUERTO RICO

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 18, 2020

Miss GONZÁLEZ-COLÓN of Puerto Rico. Madam Speaker, as we celebrate Puerto Rico Chemist's Day, I would like to thank these professionals for their extraordinary and invaluable contributions to the advancement of science, public health and safety and both basic and applied research and development.

Their core scientific disciplines are essential for every technology we enjoy today, and their work helps create, deliver and ensure the safety of foods, fuels, drinking water, clean air, drugs and medical supplies, industrial processes, raw and processed materials and finished products that are indispensable to our society.

In particular, chemical scientists play a key role in many of Puerto Rico's prime industries, including most notably the biopharmaceutical and medical devices industry, as well as the aerospace and agriculture sectors, which are central to the economic development of the Island.

I especially want to recognize today the Puerto Rico Chemists' Association, which is celebrating its 79th annual conference with this year's theme: The Chemist, Always Creating Solutions for our Society.

Since 1941, this organization has acquired significant scientific and technical expertise to move Puerto Rico forward, while also maintaining standards of excellence in such a distinguished profession, promoting unity among its members, and increasing understanding and education of the chemical sciences.

With the great need for the expansion of scientific knowledge and its application to address the needs of a changing world, it is just that we recognize the work of this branch of the sciences, encourage new generations of students to pursue this discipline, and support them in their continued tasks.

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 18, 2020

Mr. WITTMAN. Madam Speaker, I rise today in recognition of John Kuhnle, and his dedicated service to Virginia's First District. John joined my Stafford District Office two years ago as a part of the Wounded Warrior Fellowship Program and has been an integral part of our team ever since.

John has been a significant member of the District Team in Virginia's First District throughout these past two years. He was dedicated to handling military and veteran casework, and he provided years of knowledge and experience to the office. John never shied away from a challenge, and he would spend hours researching the latest information on veteran affairs and military topics in order to assist constituents.

John is a model caseworker. Staff routinely went to John for advice and guidance on military and veteran affairs procedure. John set the bar high, and often went above and beyond to make sure veterans and their families received the information and help they needed. I am confident that constituents in Virginia's First District have been in good hands for the past two years, through the selfless service of John Kuhnle.

RETIREMENT OF CHP
COMMISSIONER WARREN STANLEY

HON. KAREN BASS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 18, 2020

Ms. BASS. Madam Speaker, I have the honor of recognizing a public servant who has given 40 years of outstanding service to my state: California Highway Patrol Commissioner Warren Stanley, who retired on November 16, 2020. He is one of only a few people in the history of the CHP to hold every position, from Officer to its top executive. Governor Edmund G. Brown, Jr. appointed him as the 56th Commissioner of the California Highway Patrol (CHP) in 2017, the first African American to attain the rank of Commissioner in the history of the agency.

I first worked with him when he became Chief of CHP's Southern Division while I was the California Assembly Speaker. I greatly valued his ability to serve as a bridge between the CHP and local residents, a role he would play for his entire career.

Warren's career focus led to his assignment as a member of the Protective Services Detail and as a Field Training Officer. He excelled and rose through the ranks, supervising the CHP's Border Division Investigative Services Unit as a Lieutenant, and then serving as Commander of the CHP Academy. He has completed many elite training programs, including the FBI National Executive Institute.

He reached the rank of Chief in 2008 and assumed command of Coastal, then Southern division. Before his appointment as Commissioner, he served as Deputy Commissioner, responsible for the day to day operation of the largest state law enforcement agency in the nation, with more than 11,000 employees in his charge.

As a law enforcement leader, Commissioner Stanley has spearheaded a number of innovative highway and traffic safety initiatives, including the Impaired Driving Section, responsible for implementing new laws facilitating new research into how cannabis affects driving behaviors. Commissioner Stanley worked to bolster the Highway Safety Corridor Program, which has promoted education, enforcement and coordination on California's roadways with high crash rates. Under his leadership, the CHP achieved a national profile in addressing the special needs and concerns of elderly drivers, as well as collaborating on initiatives to promote responsible driving among teens.

Warren's first commitment has always been to the people, both those under his command and the communities that they serve. He will be remembered for his humility and for his compassionate leadership style. I wish him and his family all the best wherever the next chapter of life may take him.
