TRIBUTE TO TIMOTHY P. WHITE

● Mrs. FEINSTEIN. Mr. President, I rise today to recognize and pay tribute to the honorable service of Dr. Timothy P. White, who will be retiring as chancellor of the California State University, CSU.

Chancellor Timothy P. White has served as the California State University's seventh chancellor since December 2012. His leadership of the Nation's largest and most diverse university system—23 campuses, 482,000 students, 53,000 faculty and staff, and 3.8 million alumni—has been characterized by his heartfelt and unwavering dedication to the students.

In fact, it was that commitment to student success that led Chancellor White in 2015 to launch the "Graduation Initiative 2025," an ambitious systemwide effort to increase graduation rates and to eliminate equity and opportunity gaps between underserved students and their peers. The initiative has already resulted in record numbers of baccalaureate degrees earned.

Further, Chancellor White has been a strong advocate for diversity and gender equity, ensuring campus leaders, faculty, and staff reflect the communities they serve. In July 2018, CSU achieved national recognition for having 12 female campus presidents—representing more than half of the CSU's campuses—quadrupling the number of female presidents from the time Chancellor White assumed office and far surpassing the national average of 30 percent female leadership at higher education institutions.

A caring and forward-thinking leader, he has been committed to compassionate action on behalf of Dreamers and has spearheaded efforts to support title IX rights and to prevent sexual assault on campus. Chancellor White commissioned the first-ever study of homelessness and hunger among university students and has instituted innovative programs to help students meet their basic needs. He has also worked to ensure that the CSU shines as a leader on environmental sustainability and climate change education and policy.

The COVID-19 pandemic has proven to be a difficult challenge for higher education, but Chancellor White has displayed bold leadership, delaying his
