SEC. 412. SENSE OF THE CONGRESS ON THE NEED FOR A NEW GREAT LAKES ICEBREAKER.

(a) FINDINGS.—The Congress finds the following:

(1) The Great Lakes shipping industry is crucial to the American economy, including the U.S. manufacturing base, providing important economic and national security benefits.
(2) A recent study found that the Great Lakes shipping industry supports 237,000 jobs and tens of billions of dollars in economic activity.

(3) United States Coast Guard icebreaking capacity is crucial to full utilization of the Great Lakes shipping system, as during the winter icebreaking season up to 15 percent of annual cargo loads are delivered and many industries would have to reduce their production if Coast Guard icebreaking services were not provided.

(4) Six of the Coast Guard’s nine icebreaking cutters in the Great Lakes are more than 30 years old and are frequently inoperable during the winter icebreaking season, including those that have completed a recent service life extension program.

(5) During the previous 10 winters, Coast Guard Great Lakes icebreaking cutters have been inoperable for an average of 65 cutter-days during the winter icebreaking season, with this annual lost capability exceeding 100 cutter-days, with a high of 246 cutter-days during the winter of 2017–2018.

(6) The 2019 ice season provides further proof that current Coast Guard icebreaking capacity is inadequate for the needs of the Great Lakes shipping industry, as only six of the nine icebreaking cutters are operational and millions of tons of cargo was not loaded or was delayed due to inadequate Coast Guard icebreaking assets during a historically average winter for Great Lakes ice coverage.

(7) The Congress has authorized the Coast Guard to acquire a new Great Lakes icebreaker as capable as Coast Guard Cutter MACKINAW (WLBB–30), the most capable Great Lakes icebreaker, and $10 million has been appropriated to fund the design and initial acquisition work for this icebreaker.

(8) The Coast Guard has not initiated a new acquisition program for this Great Lakes icebreaker.

(b) SENSE OF THE CONGRESS.—It is the sense of the Congress of the United States that a new Coast Guard icebreaker as capable as Coast Guard Cutter MACKINAW (WLBB–30) is needed on the Great Lakes and the Coast Guard should acquire this icebreaker as soon as possible.

PURPOSE OF LEGISLATION  
The purpose of H.R. 3409, as amended, is to authorize $11.1 billion in discretionary funding for the United States Coast Guard (hereafter, Coast Guard or Service) in fiscal year 2020, and $11.6 billion in fiscal year 2021. The bill authorizes the end-of-year strength of 44,500 active duty personnel and maintains existing military training student loads for fiscal years 2020 and 2021. The bill also authorizes $29 million in fiscal year 2020 and $29.6 million in fiscal year 2021 for the Federal Maritime Commission (FMC). Finally, the bill makes reforms to Coast Guard authorities and laws governing shipping and navigation.

BACKGROUND AND NEED FOR LEGISLATION  
Coast Guard  
The contemporary Coast Guard was established on January 28, 1915, through the consolidation of the Revenue Cutter Service (established in 1790) and the Lifesaving Service (established in 1848). The Coast Guard later assumed the duties of three other agencies: the Lighthouse Service (established in 1789), the Steamboat Inspection Service (established in 1838), and the Bureau of Navigation (established in 1884).

Under section 102 of title 14, United States Code, the Coast Guard has primary responsibility to enforce or assist in the enforcement of all applicable federal laws in, under, and over the high seas and waters subject to the jurisdiction of the United States; to ensure safety of life and property at sea; to protect the marine environment; to carry out icebreaking activities; and to ensure the safety and security of vessels, ports, waterways, and related facilities.

As one of the five Armed Services, the Coast Guard also maintains defense readiness and may be called upon to operate as a specialized service in the Navy upon the declaration of war or when the President directs. The Coast Guard is composed of approximately 40,990 military personnel, 7,000 reservists, and 9,600 civilian employees. The Coast Guard or its predecessors have defended the Nation in every war since 1790.

In fiscal year 2018, the Coast Guard responded to over 15,000 search and rescue cases, saving over 3,900 lives. Additionally, the Coast Guard conducted over 11,574 boardings of vessels entering American ports, screened over 117,000 commercial vessels entering American ports for potential security threats, maintained over 45,000 aids to navigation, and detained 602 smugglers carrying 209.6 metric tons of cocaine.
H.R. 3409, as amended, authorizes the Coast Guard for the next two years at fiscally responsible levels to continue to carry out these missions, while helping to replace and modernize the Coast Guard’s aging legacy assets in a cost-effective manner, enhance oversight, and reduce inefficiencies to save taxpayer dollars.

Pursuant to section 202 of the Frank LoBiondo Coast Guard Authorization Act of 2018 (Public Law 115–441, the LoBiondo Act), the operational activities of the Coast Guard are authorized through FY 2019 at $7.9 billion. H.R. 3409, as amended, authorizes $8.1 billion in discretionary funding for the Coast Guard in FY 2020 and $8.5 billion in 2021.

Investment in Coast Guard capabilities

The diversity of the Coast Guard’s eleven statutory missions stretches assets and resources thin as they protect American economic and national security. Enforcing federal laws in, under, over the high seas and waters subject to the jurisdiction of the United States is a complicated task requiring a highly trained workforce, skilled in areas from marine and aviation operations to marine safety. It also requires a substantial number of physical assets from offshore cutters and aircraft, to buoys and shoreside facilities.

The full utilization of assets will improve the efficiency of the Coast Guard as it executes its missions, and the Committee recognizes the importance of using the best available technology to ensure mission success. The Coast Guard has taken significant steps to improve its asset management, awareness of developing technologies, and strategic use of resources to accomplish the Service’s challenging missions. However, while the Service has made strides to utilize and integrate new systems, such as unmanned or autonomous technologies, the Committee finds that such systems remain underutilized within the Coast Guard and understands that continued research and pilot programs are necessary to enhance the Service’s overall awareness.

While capitalizing on the review of new and emerging technologies is essential, the Committee also recognizes that continued focus on the Coast Guard’s ongoing recapitalization of existing offshore legacy assets, systems, and infrastructure is just as vital. The Coast Guard has reached a pivotal moment in these efforts with the initiation of its Offshore Patrol Cutter program of record—the most important and expensive segment of the entire approved recapitalization program. In addition, the Coast Guard has finally initiated a long overdue program to recapitalize its decrepit heavy icebreaker fleet, another expensive acquisition that will further stretch the Coast Guard’s Procurement, Construction and Improvements (PC&I) account. The Committee recognizes that it is imperative for the Coast Guard to successfully carry out each critical program. Accordingly, the bill authorizes $2.7 billion for the PC&I account in fiscal year 2020, and $2.8 billion in fiscal year 2021, which should allow sufficient budget authority for these two programs. Additionally, it should allow room for new investments in the Coast Guard’s nascent program to replace its legacy fleet of inland river tugs and buoy tenders.

The Committee has expressed concerns about the inadequacy of capital investment in Coast Guard housing and shoreside infrastructure. Most recently in 2019, the Government Accountability
Office (GAO) confirmed that there is a substantial $2.7 billion backlog of structurally unsound buildings, facilities and structures across the Coast Guard that remain unaddressed. Worse, no meaningful management system exists within the Service to monitor, maintain, repair, or replace existing assets. The Committee remains concerned that deterioration of Coast Guard assets and infrastructure will erode Coast Guard mission readiness and operational capability, and the bill increases discretionary funding levels to address this gaping hole and growing liability. Throughout H.R. 3409, as amended, focus is placed on improving the Committee’s oversight of the Service’s acquisition capabilities to ensure that the procurement of new assets and systems is executed in a timely, efficient, and cost-effective manner.

The Coast Guard depends upon the availability of a ready force of surface vessels, aircraft, and personnel that are capable of taking on an array of maritime law enforcement and safety issues; from protecting the Nation’s maritime borders from terrorist threats, illegal drugs, undocumented migrants, and contraband, to protecting the Nation’s waters from environmental threats and carrying out search and rescue and crisis response operations.

The Committee believes the Coast Guard must be structured to serve the needs of its diverse active duty and reserve servicemembers, prevent and respond forcefully to sexual assault and harassment within its ranks, and should be able to communicate effectively with the culturally diverse maritime industry it regulates and protects. Such a structure will contribute to building a stronger, more capable, and more cohesive workforce. H.R. 3409, as amended, enables the Service to encourage diversity at all levels; not only the active duty force but also through the Coast Guard Academy and the Coast Guard Reserve. The recruitment of future cadets and servicemembers will prioritize an environment where individuals of all backgrounds are represented and included.

Several provisions in the bill will advance improved quality of life for servicemembers, such as new intermission period authority to allow servicemembers to meet personal or professional needs and be able to return to the Service. The Committee is particularly concerned that members of the Coast Guard should be able to live and work within their means and the bill encourages the allocation of housing funds to ensure servicemembers can afford accommodations within a reasonable commute to their duty stations. H.R. 3409, as amended, also institutes new standards for personnel administration, health care, training, and career advancement to enhance recruitment and retention and improve quality of life for all current and future active duty servicemembers.

The Committee remains extremely concerned with the long-term fall-out and after effects of the recent lapse in Department of Homeland Security appropriations which occurred from mid-December 2018 to late January 2019 that forced the Coast Guard—the only U.S. Armed Force not funded within the Department of Defense—to operate without any ability to pay its active duty servicemembers, reservists, or contractors. While the Federal government is now open, the Committee is united in acting to ensure that such a travesty never happens again in the event of another lapse in Department of Homeland Security appropriations.
During the shutdown, 41,000 members of the active duty Coast Guard missed a paycheck. Moreover, the pension checks for 50,000 Coast Guard military retirees were put at risk. Many Coast Guard members are deployed around the country and around the world. They do not have large family networks near them because they move every few years. Military servicemembers cannot quit, find a temporary job, or just not show up for work—that would be illegal and could result in a court-martial.

Regrettably, during the shutdown active duty servicemembers and their families relied on food banks and the charity of others to support themselves. Other servicemembers shipped out for overseas deployments—ironically and oftentimes, in support of the other Armed Services that were operating under an appropriation—without knowing if they would receive a paycheck during the months away. The Committee acknowledges the recent government shutdown hurt Coast Guard military readiness, jeopardized national security, and threatened the reliability and safety of the U.S. maritime supply chain. Additionally, the Committee remains concerned about potential negative consequences on future Coast Guard recruitment and the retention of highly-trained active duty servicemembers.

Resolute in the belief that such circumstances should never again befall our Coast Guard, this bill includes the language of H.R. 367, the Pay Our Coast Guard Parity Act of 2019, to ensure that should there ever be another lapse in Department of Homeland Security appropriations, and should the other four Armed Services be operating under an appropriation, that the Coast Guard will be treated like all Armed Forces have historically been treated—they will be paid as they continue to perform their critical missions.

The Committee also remains focused on the Coast Guard’s internal processes for the disposition of excess real estate under its control. In particular, the Committee is extremely concerned to learn the Coast Guard requested that the designated property recipients of a Coast Guard property conveyed by legislation purchase additional real property outside of the terms of the conveyance for which the recipient had no use, in order to cover the Coast Guard’s environmental cleanup costs on the property designated for transfer. Such action was entirely contrary to the intent of Congress, would have required a sale at rates inflated well above the asset’s true value, and would have forced property recipients to pay to clean up an environmental mess caused by the Coast Guard. The Committee anticipates that the Coast Guard will not engage in such duplicitious actions in the future. Furthermore, if the Coast Guard does offer real property for sale to any tribe, Alaska Native village, or regional corporation in the future, the Committee expects the Service to provide the Committee written notification of such offer at the time it is made, including the process used to determine the property’s value and disclosure of any non-financial quid pro quo upon which the sale depends.

Federal Maritime Commission

The Federal Maritime Commission (FMC) is the independent federal agency established in 1961 to oversee and regulate the U.S. international ocean transportation system for the benefit of U.S. exporters, importers, and consumers. The LoBiondo Act authorized
activities of the FMC through fiscal year 2019. H.R. 3409, as amended, reauthorizes the FMC at $29 million in fiscal year 2020 and $29.6 million in fiscal year 2021.

Under title VII of the LoBiondo Act, Congress enacted several targeted and strategic amendments to the Shipping Act to improve the legal standing of U.S. port service providers in their business interactions with large, foreign flag ocean carrier alliances. Additionally, this title strengthened the authority of the FMC to oversee and intervene, if necessary, in the future to ensure fair competition and compliance with anti-trust requirements. These new responsibilities more than justify the modest increases in authorized funding levels to support the FMC’s implementation of these new authorities.

Maritime transportation

The maritime transportation system is essential to the nation’s economy and vital to our national security. The U.S. maritime industry currently employs more than 650,000 Americans providing nearly $41 billion in annual wages. There are more than 41,000 non-fishing related commercial vessels currently flying the American flag. The vast majority of these vessels are engaged in domestic commerce, or coastwise trade, moving over 115 million passengers and $300 billion worth of goods between ports in the United States on an annual basis. Each year, U.S. seaports account for over $4.6 trillion in annual economic activity.

Unlike the domestic coastwise fleet, over the last 35 years the number of U.S. flagged vessels sailing in U.S. international trade has dropped from 850 vessels to less than 100 vessels. In the same period, the United States has lost over 300 shipyards and thousands of American maritime-related jobs. The Committee is alarmed at the perilous declines in both sectors and recognizes that preserving and strengthening our Nation’s maritime industry is vital to our economic and national security.

Since 1789, Congress has passed laws to help keep the U.S. merchant marine competitive in the global economy and maintain a sealift and shipyard industrial capacity necessary for national security. The Jones Act, the Federal Ship Financing Program (Title XI), and cargo preference requirements are notable examples. In addition to these authorities, Congress has enacted more recent programs, such as the Maritime Security Program, and promoted programs for the transition of separating service members into the maritime industry as a way to sustain federal support for the U.S. maritime industry. Accordingly, the bill also clarifies the application of the Jones Act to vessels servicing offshore activities in the U.S. Exclusive Economic Zone.

H.R. 3409, as amended, would further promote the American maritime industry by clarifying existing law and ensuring that cargo financed by American taxpayers is transported on U.S. flagged vessels crewed with U.S. mariners. The Committee is concerned that cargo preference has not been executed to the full extent of the law, thereby limiting the effectiveness of a program that has for decades been an indispensable pillar supporting U.S. flagged vessels and providing crucial vessels, labor, and assets necessary to sustain the Nation’s military sealift and security needs. The study authorized under Section 413 of H.R. 3409, as amended,
will help the Committee determine if the law is being followed by analyzing federal agency compliance with cargo preference requirements and the Maritime Administration’s oversight of this program.

A thriving U.S. maritime industry relies on a dedicated, supported, and skilled labor force. The Committee intends to support the maritime workforce that drives the economic prowess of the United States and seeks to improve recruitment and retention of highly trained deck officers, engineers, and unlicensed seafarers. Several provisions included in the bill provide continued support to labor by clarifying documentation requirements for personnel working on, but not operating, vessels. Moreover, the bill simplifies the renewal process for merchant mariner licenses. The bill also includes other proactive measures to ensure that American mariners and shipbuilders have access to training and job opportunities in the coastwise trade.

Vessel safety

Safety on the water is critical to protecting crew, passengers, and equipment. The Committee passed the most expansive package of marine safety improvements during the 115th Congress (Title II, Maritime Safety, Public Law 115–265). The Committee continues to investigate maritime safety issues and remains steadfast in its commitment to improve maritime safety wherever possible. In recent years, active use of laser pointers directed towards vessels has emerged as a new threat and alarmed vessel operators. As a result, H.R. 3409, as amended, includes a provision making it a federal crime to point a laser pointer at federally-owned vessels. In addition, the Committee recognizes that the use of electronic charts has become commonplace on commercial vessels with no detrimental effect on navigation safety. The bill, as amended, includes language amending Chapter 31 of title 46 United States Code, to allow equivalent use of either electronic or paper charts until the Coast Guard promulgates regulations.

As the coastal zone experiences greater commercial activity, both in volume and the number of competing uses (e.g. offshore renewable energy, precious metal and other mineral extraction, ocean aquaculture, etc.), and changing oceanographic and ecological conditions, the Committee recognizes that federal agencies may need new authorities to effectively regulate and facilitate these uses. Moreover, the bill grants the Coast Guard specific authority to establish navigation fairways for commercial vessels and marine safety zones outside the U.S. territorial sea and within the U.S. Exclusive Economic Zone.

The Committee also remains interested in improving the safety of the U.S. commercial fishing fleet. Comprehensive safety reforms passed as part of the Coast Guard Authorization Act of 2010 (Section 604, Public Law 111–281) have been modified over the past ten years, especially to provide greater flexibility for vessel owners to meet new safety standards. Recognizing that these modifications may have created confusion, H.R. 3409, as amended, includes in title V a reorganization of Chapter 45, United States Code, to clarify alternate safety compliance options for the construction of new fishing vessels.
Finally, the Committee remains focused not only on commercial vessel safety, but also recreational boating safety. The Boating Safety Division of the Coast Guard Office of Auxiliary and Boating Safety found that 98 recreational boating deaths and 128 recreational boating injuries would likely have been prevented had an engine cut-off switch been used. As a response, H.R. 3409, as amended, includes a new requirement that, unless the Commandant determines such requirement is not necessary for recreational boating safety, boat owners must use an engine cut-off switch for boats under 26 feet in length. Use of such switches will address one source of recreational boating fatalities and injuries.

§ 2113. Eligibility of officers for consideration for promotion

(a) An officer on the active duty promotion list becomes eligible for consideration for promotion to the next higher grade at the beginning of the promotion year in which he completes the following amount of service computed from his date of rank in the grade in which he is serving:

(2) three years in the grade of lieutenant;
(3) four years in the grade of lieutenant commander;
(4) four years in the grade of commander; and

(b) For the purpose of this section, service in a grade includes all qualifying service in that grade or a higher grade, under either a temporary or permanent appointment. However, service in a grade under a temporary service appointment under section 2125 of this title is considered as service only in the grade that the officer concerned would have held had he not been so appointed.

(c) No officer may become eligible for consideration for promotion until all officers of his grade senior to him are so eligible.

(d) Except when his name is on a list of selectees, each officer who becomes eligible for consideration for promotion to the next higher grade remains eligible so long as he—
(1) continues on active duty; and
(2) is not promoted to that grade.

(e) An officer whose involuntary retirement or separation is deferred under section 2156 of this title is not eligible for consideration for promotion to the next higher grade during the period of that deferment.

(f) The Secretary may waive subsection (a) to the extent necessary to allow officers described therein to have at least two opportunities for consideration for promotion to the next higher grade as officers below the promotion zone.

(g)(1) Notwithstanding subsection (a), the Commandant may provide that an officer may, upon the officer’s request and with the approval of the Commandant, be excluded from consideration by a selection board convened under section 2106(a).

(2) The Commandant shall approve a request under paragraph (1) only if—
(A) the basis for the request is to allow the officer to complete a broadening assignment, advanced education, another assignment of significant value to the Coast Guard, a career progression requirement delayed by the assignment or education, or a qualifying personal or professional circumstance, as determined by the Commandant;
(B) the Commandant determines the exclusion from consideration is in the best interest of the Coast Guard; and
(C) the officer has not previously failed of selection for promotion to the grade for which the officer requests the exclusion from consideration.

§ 2118. Selection boards; submission of reports

(a) A board convened under section 2106 of this title shall submit its report to the Secretary. If the board has acted contrary to law or regulation, the Secretary may return the report for proceedings in revision and resubmission to the Secretary. After his final review, the Secretary shall submit the report of the board to the President for his approval, modification, or disapproval.

(b) If any officer recommended for promotion is not acceptable to the President, the President may remove the name of that officer from the report of the board.
(c) Upon approval by the President the names of officers selected for promotion by a board convened under section 2106 of this title shall be promptly disseminated to the service at large.

(d) Except as required by this section, the proceedings of a selection board, including a special selection board convened under section 2120, shall not be disclosed to any individual who is not a member of the board.

(c) PRESERVATION OF POSITION AND STATUS OF OFFICERS APPOINTED.—

(1) The temporary positions authorized under this section shall not be counted among or included in the list of positions on the active duty promotion list.

(2) An appointment under this section does not change the position on the active-duty list or the permanent, probationary, or acting status of the officer so appointed, prejudice the officer in regard to other promotions or appointments, or abridge the rights or benefits of the officer.

(d) BOARD RECOMMENDATION REQUIRED.—A temporary promotion under this section may be made only upon the recommendation of a board of officers convened by the Secretary for the purpose of recommending officers for such promotions.

(e) ACCEPTANCE AND EFFECTIVE DATE OF APPOINTMENT.—Each appointment under this section, unless expressly declined, is, without formal acceptance, regarded as accepted on the date such appointment is made, and a member so appointed is entitled to the pay and allowances of the grade of the temporary promotion under this section beginning on the date the appointment is made.

(f) TERMINATION OF APPOINTMENT.—Unless sooner terminated, an appointment under this section terminates—

(1) on the date the officer who received the appointment is promoted to the permanent grade of lieutenant, lieutenant commander, commander, or captain;
(2) on the date the officer is detached from a position described in subsection (b)(2), unless the officer is on a promotion list to the permanent grade of lieutenant, lieutenant commander, commander, or captain, in which case the appointment terminates on the date the officer is promoted to that grade; or
(3) when the appointment officer determines that the officer who received the appointment has engaged in misconduct or has displayed substandard performance.

§ 2150. Captains; continuation on active duty; involuntary retirement

(a) The Secretary may, whenever the needs of the service require, but not more often than annually, convene a board consisting of not less than six officers of the grade of rear admiral (lower half) or rear admiral to recommend for continuation on active duty officers on the active duty promotion list serving in the grade of captain, who during the promotion year in which the board meets will complete at least three years' service in that grade and who have not been selected for promotion to the grade of rear admiral (lower half). After his final review the Secretary shall submit the report of the board to the President for his approval. Except as required by the procedures of this section, the proceedings of the board shall not be disclosed to any person who is not a member of the board.

(3) RETURN TO ACTIVE SERVICE.—

(A) SPECIAL OR INCENTIVE PAY OR BONUS.—Subject to subparagraph (B), upon the return of a member to active service after completion by the member of participation in a program—

SUBCHAPTER II—LIGHTHOUSE SERVICE

§ 2531. Personnel of former Lighthouse Service

(a) Any [person] individual of the former Lighthouse Service commissioned as an officer in the Coast Guard shall be an extra number in his grade and in the grades to which he may be promoted. He shall take precedence (1) with other officers commissioned in his grade from the former Lighthouse Service as the Secretary of the Treasury may determine, and (2) with other line officers in his grade in accordance with the respective dates of their commissions in such grade. He shall be eligible for promotion, if otherwise qualified, at such time as the officer in a regular number in line of promotion next above him on the seniority list becomes eligible for promotion; or if there be no such officer in his grade, he shall be eligible for promotion, if otherwise qualified, when a vacancy occurs in the next higher grade. An officer so commissioned shall be assigned to duty for which he is specially qualified, and professional examinations for promotion given to such officer shall embrace only subjects which pertain to the duty to which he is assigned.

(b) Each vacancy (1) hereafter occurring in the extra numbers of such officers; (2) existing on August 5, 1939, in positions in the Lighthouse Service formerly held by personnel eligible for such commissions; and (3) created by the retirement, resignation, death, or separation from the service for any other cause, of such personnel who do not possess the qualifications prescribed by the Secretary of the Treasury or who, being qualified, do not accept a commission thereunder, shall operate to increase by one the total authorized number of line officers of the Coast Guard.

(c) All [persons] individuals of the former Lighthouse Service commissioned, appointed, or enlisted in the Coast Guard shall be subject to all laws and regulations for the government of the Coast Guard, and nothing contained in this title shall be construed to prevent the application to any of such [persons] individuals of laws and regulations concerning the military discipline of commissioned and warrant officers and enlisted members of the Coast Guard.
(d) In computing length of service, for the purpose of retirement in the Coast Guard, of any individual of the former Lighthouse Service commissioned, appointed, or enlisted in the Coast Guard, there shall be included all service computable for retirement under the provisions of section 763 of title 33; and after July 1, 1948, in computing longevity for the purpose of pay of such individual there shall be included all service of such individual in the Lighthouse Service.

(e) No individual so commissioned, appointed, or enlisted in the Coast Guard shall suffer any reduction in the total of the annual compensation and allowances which he was receiving on the date of his commission, appointment, or enlistment. Upon his retirement from active duty in the Coast Guard, the retired pay of any individual so commissioned, appointed, or enlisted, shall not be less than an annuity computed in accordance with the provisions of section 763 of title 33, substituting, however, for purposes of such computation, the annual compensation which he was receiving on the date of his commission, appointment, or enlistment in the Coast Guard for the average annual pay received by him for the last five years of service.

(f) Notwithstanding any other provision of law, chapter 51, subchapter III of chapter 53, and sections 5542–5546 of title 5 shall not apply to civilian keepers of lighthouses and to civilians employed on lightships and other vessels of the Coast Guard.

(g)(1) The head of the department in which the Coast Guard is operating under regulations prescribed by him, may regulate the hours of duty and the pay of civilian keepers of lighthouses and civilians employed on lightships and other vessels of the Coast Guard, but such personnel may be called upon for duty in emergency circumstances or otherwise at any time or all times. The existing system governing the pay of such employees may be continued or changed except that overtime compensation, night differential, and extra pay for duty on holidays shall not be paid to such employees. In lieu thereof additional annual compensation may be authorized, which may be prescribed either as a fixed differential or as a percentage of the basic compensation otherwise applicable to such employees. In no case shall basic compensation exceed $15,000 per annum, except that nothing contained in this subsection shall operate to decrease the basic compensation of any individual employed by the Coast Guard on the date of enactment of this subsection, and in no case shall additions thereto exceed 25 percent of such basic compensation. Provision may be made for compensatory absence from duty when conditions of employment result in confinement because of isolation or in long periods of continuous duty; and provisions may likewise be made for extra allowance for service outside of the continental limits of the United States.

SUBTITLE III—COAST GUARD RESERVE AND AUXILIARY

* * * * * * *

CHAPTER 1 —COAST GUARD RESERVE

* * * * * * *

SUBCHAPTER I—ADMINISTRATION

* * * * * * *

§ 3706. Temporary members of the Reserve; eligibility and compensation

A citizen of the United States, its territories, or possessions who is a member of the Auxiliary, an officer or member of the crew of a motorboat or yacht placed at the disposal of the Coast Guard, or an individual (including a Government employee without pay other than the compensation of that individual's civilian position) who by reason of special training and experience is considered by the Commandant to be qualified for duty, may be enrolled by the Commandant as a temporary member of the Reserve, for duty under conditions the Commandant may prescribe, including part-time and intermittent active duty with or without pay, without regard to age. The Commandant is authorized to define the powers and duties of temporary members of the Reserve, and to confer upon them, appropriate to their qualifications and ex-
perience, the same grades and ratings as provided for members of the Reserve. When performing active duty with pay as authorized by this section, temporary members of the Reserve are entitled to receive the pay and allowances of their rank, grade, or rating.

§ 3707. Temporary members of the Reserve; disability or death benefits

(a) If a temporary member of the Reserve is physically injured, or dies as a result of physical injury, and the injury is incurred incident to service while performing active duty, or engaged in authorized travel to or from that duty, the law authorizing compensation for employees of the United States suffering injuries while in the performance of their duties, applies, subject to this section. That law shall be administered by the Secretary of Labor to the same extent as if the member was a civil employee of the United States and was injured in the performance of that duty. For benefit computation, regardless of pay or pay status, the member is considered to have had monthly pay of the monthly equivalent of the minimum rate of basic pay in effect for grade GS–9 of the General Schedule on the date the injury is incurred.

(b) This section does not apply if the workmen’s compensation law of a State, a territory, or another jurisdiction provides coverage because of a concurrent employment status of the temporary member. When the temporary member or a dependent is entitled to a benefit under this section and also to a concurrent benefit from the United States on account of the same disability or death, the temporary member or dependent, as appropriate, shall elect which benefit to receive.

(c) If a claim is filed under this section with the Secretary of Labor for benefits because of an alleged injury or death, the Secretary of Labor shall notify the Commandant who shall direct an investigation into the facts surrounding the alleged injury or death. The Commandant shall then certify to the Secretary of Labor whether or not the injured or deceased person was a temporary member of the Reserve, the person’s military status, and whether or not the injury or death was incurred incident to military service.

(d) A temporary member of the Reserve, who incurs a physical disability or contracts sickness or disease while performing a duty to which the member has been assigned by competent authority, is entitled to the same hospital treatment afforded a member of the Regular Coast Guard.

(e) In administering section 8133 of title 5, for a person covered by this section—

(1) the percentages applicable to payments under that section are—

(A) 45 percent under subsection (a)(2) of that section, where the member died fully or currently insured under title II of the Social Security Act (42 U.S.C. 401 et seq.), with no additional payments for a child or children so long as the widow or widower remains eligible for payments under that subsection;

(B) 20 percent under subsection (a)(3) of that section, for one child, and 10 percent additional for each additional child, not to exceed a total of 75 percent, where the mem-
member died fully or currently insured under title II of the Social Security Act; and
(C) 25 percent under subsection (a)(4) of that section, if one parent was wholly dependent for support upon the deceased member at the time of the member's death and the other was not dependent to any extent; 16 percent to each if both were wholly dependent; and if one was, or both were, partly dependent, a proportionate amount in the discretion of the Secretary of Labor;
(2) payments may not be made under subsection (a)(5) of that section; and
(3) the Secretary of Labor shall inform the Commissioner of Social Security whenever a claim is filed and eligibility for compensation is established under subsection (a)(2) or (a)(3) of section 8133 of title 5. The Commissioner of Social Security shall then certify to the Secretary of Labor whether or not the member concerned was fully or currently insured under title II of the Social Security Act at the time of the member's death.

§ 3708. Temporary members of the Reserve; certificate of honorable service

In recognition of the service of temporary members of the Reserve, the Secretary may upon request issue an appropriate certificate of honorable service in lieu of a certificate of disenrollment issued to any [person] individual following disenrollment under honorable conditions from service as a temporary member. Issuance of a certificate of honorable service to any [person] individual under this section does not entitle that [person] individual to any rights, privileges, or benefits under any law of the United States.

(b) Equivalents.—The Secretary may accept a substitution for associated equipment performance or other safety standards for a recreational vessel if the substitution provides an equivalent level of safety.

§ 4311. Penalties and injunctions

(a) A person willfully operating a recreational vessel in violation of this chapter or a regulation prescribed under this chapter shall be fined not more than $5,000, imprisoned for not more than one year, or both.

(b)(1) A person violating section 4307(a) of this title is liable to the United States Government for a civil penalty of not more than $5,000, except that the maximum civil penalty may be not more than $250,000 for a related series of violations.

(2) If the Secretary decides under section 4310(f) that a recreational vessel or associated equipment contains a defect related to safety or fails to comply with an applicable regulation and directs the manufacturer to provide the notifications specified in this chapter, any person, including a director, officer or executive employee of a corporation, who knowingly and willfully fails to comply with that order, may be fined not more than $10,000, imprisoned for not more than one year, or both.

(3) When a corporation violates section 4307(a), or fails to comply with the Secretary's decision under section 4310(f), any director, officer, or executive employee of the corporation who knowingly and willfully ordered, or knowingly and willfully authorized, a violation is individually liable to the Government for a penalty under paragraphs (1) or (2) in addition to the corporation. However, the director, officer, or executive employee is not liable individually under this subsection if the director, officer, or executive employee can demonstrate by a preponderance of the evidence that—

(A) the order or authorization was issued on the basis of a decision, in exercising reasonable and prudent judgment, that the defect or the nonconformity with standards and regulations constituting the violation would not cause or constitute a substantial risk of personal injury to the public; and

(B) at the time of the order or authorization, the director, officer, or executive employee advised the Secretary in writing of acting under this subparagraph and subparagraph (A).

(c) A person violating section 4312(b) of this title is liable to the United States Government for a civil penalty of not more than—

(1) $100 for the first offense;

(2) $250 for the second offense; and

(d) A person violating any other provision of this chapter or other regulation prescribed under this chapter is liable to the Government for a civil penalty of not more than $1,000. If the vio-
lation involves the operation of a vessel, the vessel also is liable in rem for the penalty.

(d) When a civil penalty of not more than $200 has been assessed under this chapter, the Secretary may refer the matter of collection of the penalty directly to the United States magistrate judge of the jurisdiction in which the person liable may be found for collection procedures under supervision of the district court and under an order issued by the court delegating this authority under section 636(b) of title 28.

(e) The district courts of the United States have jurisdiction to restrain a violation of this chapter, or to restrain the sale, offer for sale, introduction or delivery for introduction into interstate commerce, or importation into the United States, of a recreational vessel or associated equipment that the court decides does not conform to safety standards of the Government. A civil action under this subsection shall be brought by filing a petition by the Attorney General for the Government. When practicable, the Secretary shall give notice to a person against whom an action for injunctive relief is contemplated and provide the person with an opportunity to present views and, except for a knowing and willful violation, shall provide the person with a reasonable opportunity to achieve compliance. The failure to give notice and provide the opportunity does not preclude the granting of appropriate relief by the district court.

(f) A person is not subject to a penalty under this chapter if the person—

(1) establishes that the person did not have reason to know, in exercising reasonable care, that a recreational vessel or associated equipment does not conform with the applicable safety standards of the Government or that the person was not advised by the Secretary or the manufacturer of that vessel, equipment or component that the vessel, equipment or component contains a defect which creates a substantial risk of personal injury to the public; or

(2) holds a certificate issued by the manufacturer of that recreational vessel or associated equipment to the effect that the recreational vessel or associated equipment conforms to all applicable recreational vessel safety standards of the Government, unless the person knows or reasonably should have known that the recreational vessel or associated equipment does not so conform.

(h) Compliance with this chapter or standards, regulations, or orders prescribed under this chapter does not relieve a person from liability at common law or under State law.

§ 30506. Limit of liability for personal injury or death

(a) APPLICATION.—This section applies only to seagoing vessels, but does not apply to [pleasure yachts] recreational vessels, tugs, towboats, towing vessels, tank vessels, fishing vessels, fish tender vessels, canal boats, scows, car floats, barges, lighters, or non-descript vessels.

(b) MINIMUM LIABILITY.—If the amount of the vessel owner’s liability determined under section 30505 of this title is insufficient to pay all losses in full, and the portion available to pay claims for personal injury or death is less than $420 times the tonnage of the vessel, that portion shall be increased to $420 times the tonnage of the vessel. That portion may be used only to pay claims for personal injury or death.

(c) CALCULATION OF TONNAGE.—Under subsection (b), the tonnage of a self-propelled vessel is the gross tonnage without deduction for engine room, and the tonnage of a sailing vessel is the tonnage for documentation. However, space for the use of seamen is excluded.

   (1) giving notice of, or filing a claim for, personal injury or death to less than 6 months after the date of the injury or death; or
   (2) bringing a civil action for personal injury or death to less than one year after the date of the injury or death.

(c) Effect of Failure to Give Notice.—When notice of a claim for personal injury or death is required by a contract, the failure to give the notice is not a bar to recovery if—
   (1) the court finds that the owner, master, or agent of the vessel had knowledge of the injury or death and the owner has not been prejudiced by the failure;
   (2) the court finds there was a satisfactory reason why the notice could not have been given; or
   (3) the owner of the vessel fails to object to the failure to give the notice.

(d) Tolling of Period to Give Notice.—If a claimant is a minor or mental incompetent, or if a claim is for wrongful death, any period provided by a contract for giving notice of the claim is tolled until the earlier of—

(a) Except as provided under subsection (d) of this section, a person claiming a lien on a vessel documented, or for which an application for documentation has been filed, under chapter 121 may record with the Secretary a notice of that person's lien claim on the vessel. To be recordable, the notice must—
   (1) state the nature of the lien;
   (2) state the date the lien was established;
   (3) state the amount of the lien;
(4) state the name and address of the person; and
(5) be signed and acknowledged.

(b)(1) The Secretary shall record a notice complying with subsection (a) of this section if, when the notice is presented to the Secretary for recording, the person having the claim files with the notice a declaration stating the following:
(A) The information in the notice is true and correct to the best of the knowledge, information, and belief of the individual who signed it.
(B) A copy of the notice, as presented for recordation, has been sent to each of the following:

(c)(1) On full and final discharge of the indebtedness that is the basis for a notice of claim of lien recorded under subsection (b) of this section, the person having the claim shall provide the Secretary with an acknowledged certificate of discharge of the indebtedness. The Secretary shall record the certificate.

Venue in such an action shall be in the district where the vessel is found or where the claimant resides or where the notice of claim of lien is recorded. The court may award costs and attorneys fees to the prevailing party, unless the court finds that the position of the other party was substantially justified or other circumstances make an award of costs and attorneys fees unjust. The Secretary shall record any such declaratory order.

(d) A person claiming a lien on a vessel covered by a preferred mortgage under section 31322(d) of this title must record and discharge the lien as provided by the law of the State in which the vessel is titled.

(2) On expiration of a notice of claim of lien under paragraph (1), the Secretary shall remove such expired notice.

(f) This section does not alter in any respect the law pertaining to the establishment of a maritime lien, the remedy provided by such a lien, or the defenses thereto, including any defense under the doctrine of laches.

CHAPTER 605—DISCRIMINATING DUTIES AND RECIPROCAL PRIVILEGES

The license shall be issued without cost to the recreational vessel.
§ 70003. Port access routes

(a) Authority to designate.—Except as provided in subsection (b) and subject to the requirements of subsection (c), in order to provide safe access routes for the movement of vessel traffic proceeding to or from ports or places subject to the jurisdiction of the United States, the Secretary shall designate necessary fairways and traffic separation schemes for vessels operating in the territorial sea of the United States and in high seas approaches, outside the territorial sea, to such ports or places. Such a designation shall recognize, within the designated area, the paramount right of navigation over all other uses.

(b) Limitation.—

(1) In general.—No designation may be made by the Secretary under this section if—
(A) the Secretary determines such a designation, as implemented, would deprive any person of the effective exercise of a right granted by a lease or permit executed or issued under other applicable provisions of law; and
(B) such right has become vested before the time of publication of the notice required by paragraph (1) of subsection (c).

(2) CONSULTATION REQUIRED.—The Secretary shall make the determination under paragraph (1)(A) after consultation with the head of the agency responsible for executing the lease or issuing the permit.

(c) CONSIDERATION OF OTHER USES.—Before making a designation under subsection (a), and in accordance with the requirements of section 70004, the Secretary shall—

(1) undertake a study of the potential traffic density and the need for safe access routes for vessels in any area for which fairways or traffic separation schemes are proposed or that may otherwise be considered and publish notice of such undertaking in the Federal Register;
(2) in consultation with the Secretary of State, the Secretary of the Interior, the Secretary of Commerce, the Secretary of the Army, and the Governors of affected States, as their responsibilities may require, take into account all other uses of the area under consideration, including, as appropriate, the exploration for, or exploitation of, oil, gas, or other mineral resources, the construction or operation of deepwater ports or other structures on or above the seabed or subsoil of the submerged lands or the Outer Continental Shelf of the United States, the establishment or operation of marine or estuarine sanctuaries, and activities involving recreational or commercial fishing; and
(3) to the extent practicable, reconcile the need for safe access routes with the needs of all other reasonable uses of the area involved.

(2) to the extent that the Secretary finds reasonable and necessary to effectuate the purposes of the designation, make the use of designated fairways and traffic separation schemes man-
mandatory for specific types and sizes of vessels, foreign and domestic, operating in the territorial sea of the United States and for specific types and sizes of vessels of the United States operating on the high seas beyond the territorial sea of the United States;

(3) may, from time to time, as necessary, adjust the location or limits of designated fairways or traffic separation schemes in order to accommodate the needs of other uses that cannot be reasonably accommodated otherwise, except that such an adjustment may not, in the judgment of the Secretary, unacceptably adversely affect the purpose for which the existing designation was made and the need for which continues;

(4) shall, through appropriate channels—
   (A) notify cognizant international organizations of any designation, or adjustment thereof; and
   (B) take action to seek the cooperation of foreign States in making it mandatory for vessels under their control to use, to the same extent as required by the Secretary for vessels of the United States, any fairway or traffic separation scheme designated under this section in any area of the high seas.

(5) shall, unless otherwise authorized by the Secretary, and notwithstanding any other provision of this chapter, require—
   (A) a 2-nautical-mile buffer between the parallel outer or seaward boundary of a traffic lane and any offshore structure affixed to the submerged land of the Outer Continental Shelf; and

(a) IN GENERAL.—The Secretary of Homeland Security is authorized, empowered, and directed to define and establish anchorage grounds for vessels in all harbors, rivers, bays, and other navigable waters of the United States whenever it is manifest to the said Secretary that the maritime or commercial interests of the United States require such anchorage grounds for safe navigation and the establishment of such anchorage grounds shall have been recommended by the Chief of Engineers, and to adopt suitable rules and regulations in relation thereto; and such rules and regulations shall be enforced by the Revenue-Cutter Service under the direction of the Secretary of the Treasury: Provided, That at ports or places where there is no revenue cutter available such rules and regulations may be enforced by the Chief of Engineers under the direction of the Secretary of Homeland Security. In the event of the violation of any such rules and regulations by the owner, master, or person in charge of any vessel, such owner, master, or person in charge of such vessel shall be liable to a penalty of up to $10,000. Each day during which a violation continues shall constitute a separate violation. OIL POLLUTION ACT OF 1990

* * * * * * *

TITLE I—OIL POLLUTION LIABILITY AND COMPENSATION

* * * * * * *

SEC. 1004. LIMITS ON LIABILITY.
(a) GENERAL RULE.—Except as otherwise provided in this section, the total of the liability of a responsible party under section 1002 and any removal costs incurred by, or on behalf of, the responsible party, with respect to each incident shall not exceed—
(1) for a tank vessel, the greater of—
(A) with respect to a single-hull vessel, including a single-hull vessel fitted with double sides only or a double bottom only, $3,000 per gross ton;
(B) with respect to a vessel other than a vessel referred to in subparagraph (A), $1,900 per gross ton; or
(C)(i) with respect to a vessel greater than 3,000 gross tons that is—
(I) a vessel described in subparagraph (A), $22,000,000; or
(II) a vessel described in subparagraph (B), $16,000,000; or
(ii) with respect to a vessel of 3,000 gross tons or less that is—
(I) a vessel described in subparagraph (A), $6,000,000; or
(II) a vessel described in subparagraph (B), $4,000,000;
(2) for any other vessel, $950 per gross ton or $800,000, whichever is greater;
(3) for an offshore facility except a deepwater port, the total of all removal costs plus $75,000,000; and
(4) for any onshore facility and a deepwater port, $350,000,000.
(b) DIVISION OF LIABILITY FOR MOBILE OFFSHORE DRILLING UNITS.—
(1) TREATED FIRST AS TANK VESSEL.—For purposes of determining the responsible party and applying this Act and except
as provided in paragraph (2), a mobile offshore drilling unit which is being used as an offshore facility is deemed to be a tank vessel with respect to the discharge, or the substantial threat of a discharge, of oil on or above the surface of the water.

(2) TREATED AS FACILITY FOR EXCESS LIABILITY.—To the extent that removal costs and damages from any incident described in paragraph (1) exceed the amount for which a responsible party is liable (as that amount may be limited under subsection (a)(1)), the mobile offshore drilling unit is deemed to be an offshore facility. For purposes of applying subsection (a)(3), the amount specified in that subsection shall be reduced by the amount for which the responsible party is liable under paragraph (1).

(c) EXCEPTIONS.—

(1) ACTS OF RESPONSIBLE PARTY.—Subsection (a) does not apply if the incident was proximately caused by—

(A) gross negligence or willful misconduct of, or
(B) the violation of an applicable Federal safety, construction, or operating regulation by,
the responsible party, an agent or employee of the responsible party, or a person acting pursuant to a contractual relationship with the responsible party (except where the sole contractual arrangement arises in connection with carriage by a common carrier by rail).

(2) FAILURE OR REFUSAL OF RESPONSIBLE PARTY.—Subsection (a) does not apply if the responsible party fails or refuses—

(A) to report the incident as required by law and the responsible party knows or has reason to know of the incident;
(B) to provide all reasonable cooperation and assistance requested by a responsible official in connection with removal activities; or
(C) without sufficient cause, to comply with an order issued under subsection (c) or (e) of section 311 of the Federal Water Pollution Control Act (33 U.S.C. 1321), as amended by this Act, or the Intervention on the High Seas Act (33 U.S.C. 1471 et seq.).

(3) OCS FACILITY OR VESSEL.—Notwithstanding the limitations established under subsection (a) and the defenses of section 1003, all removal costs incurred by the United States Government or any State or local official or agency in connection with a discharge or substantial threat of a discharge of oil from any Outer Continental Shelf facility or a vessel carrying oil as cargo from such a facility shall be borne by the owner or operator of such facility or vessel.

(4) CERTAIN TANK VESSELS.—Subsection (a)(1) shall not apply to—

(A) a tank vessel on which the only oil carried as cargo is an animal fat or vegetable oil, as those terms are used in section 2 of the Edible Oil Regulatory Reform Act; and
(B) a tank vessel that is designated in its certificate of inspection as an oil spill response vessel (as that term is defined in section 2101 of title 46, United States Code) and that is used solely for removal.
(d) Adjusting Limits of Liability.—

(1) Onshore Facilities.—Subject to paragraph (2), the President may establish by regulation, with respect to any class or category of onshore facility, a limit of liability under this section of less than $350,000,000, but not less than $8,000,000, taking into account size, storage capacity, oil throughput, proximity to sensitive areas, type of oil handled, history of discharges, and other factors relevant to risks posed by the class or category of facility.

(2) Deepwater Ports and Associated Vessels.—

(A) Study.—The Secretary shall conduct a study of the relative operational and environmental risks posed by the transportation of oil by vessel to deepwater ports (as defined in section 3 of the Deepwater Port Act of 1974 (33 U.S.C. 1502)) versus the transportation of oil by vessel to other ports. The study shall include a review and analysis of offshore lightering practices used in connection with that transportation, an analysis of the volume of oil transported by vessel using those practices, and an analysis of the frequency and volume of oil discharges which occur in connection with the use of those practices.

(B) Report.—Not later than 1 year after the date of the enactment of this Act, the Secretary shall submit to the Congress a report on the results of the study conducted under subparagraph (A).

(C) Rulemaking Proceeding.—If the Secretary determines, based on the results of the study conducted under subparagraph (A), that the use of deepwater ports in connection with the transportation of oil by vessel results in a lower operational or environmental risk than the use of other ports, the Secretary shall initiate, not later than the 180th day following the date of submission of the report to the Congress under subparagraph (B), a rulemaking proceeding to lower the limits of liability under this section for deepwater ports as the Secretary determines appropriate. The Secretary may establish a limit of liability of less than $350,000,000, but not less than $50,000,000, in accordance with paragraph (1).

(2) Deepwater Ports and Associated Vessels.—

(A) In General.—If the Secretary determines that the design and operation of a deepwater port results in a lower risk of oil pollution than the design and operation of such deepwater ports as existed on the date of the enactment of the Coast Guard Authorization Act of 2019, the Secretary may initiate a rulemaking proceeding to lower the limitation of liability under subsection (a)(4) for such deepwater port and each other deepwater port which achieves such lower risk level through such port's design and operation.

(B) Risk Determination.—In determining the risk of oil pollution, the Secretary shall take into account, as applicable—

(i) the size of the deepwater ports and associated vessels;
(ii) oil storage capacity of the deepwater ports and associated vessels;
(iii) oil handling capacity of the deepwater ports and associated vessels;
(iv) oil throughput;
(v) proximity to sensitive areas;
(vi) type of oil handled;
(vii) history of oil discharges; and
(viii) such other factors relevant to the oil pollution risks posed by the class or category of deepwater port and associated vessels as the Secretary determines appropriate.

(C) LIMIT OF LIABILITY; TRANSPORTATION OF OIL.—For deepwater ports used in connection with the transportation of oil, the Secretary may establish a limitation of liability under subparagraph (A) of not more than $350,000,000 and not less than $50,000,000.

(D) LIMIT OF LIABILITY; TRANSPORTATION OF NATURAL GAS.—For deepwater ports used in connection with the transportation of natural gas, the Secretary may establish a limitation of liability under subparagraph (A) of not more than $350,000,000 and not less than $1,000,000.

(3) PERIODIC REPORTS.—The President shall, within 6 months after the date of the enactment of this Act, and from time to time thereafter, report to the Congress on the desirability of adjusting the limits of liability specified in subsection (a).

(4) ADJUSTMENT TO REFLECT CONSUMER PRICE INDEX.—The President, by regulations issued not later than 3 years after the date of enactment of the Delaware River Protection Act of 2006 and not less than every 3 years thereafter, shall adjust the limits on liability specified in subsection (a) to reflect significant increases in the Consumer Price Index.

*MAGNUSON-STEVENSON FISHERY CONSERVATION AND MANAGEMENT ACT*

**TITLE III—NATIONAL FISHERY MANAGEMENT PROGRAM**

SEC. 305. OTHER REQUIREMENTS AND AUTHORITY.

(a) GEAR EVALUATION AND NOTIFICATION OF ENTRY.—
(1) Not later than 18 months after the date of enactment of the Sustainable Fisheries Act, the Secretary shall publish in the Federal Register, after notice and an opportunity for public comment, a list of all fisheries—
(A) under the authority of each Council and all fishing gear used in such fisheries, based on information submitted by the Councils under section 303(a); and
(B) to which section 302(a)(3) applies and all fishing gear used in such fisheries.

(2) The Secretary shall include with such list guidelines for determining when fishing gear or a fishery is sufficiently different from those listed as to require notification under paragraph (3).

(3) Effective 180 days after the publication of such list, no person or vessel may employ fishing gear or engage in a fishery not included on such list without giving 90 days advance written notice to the appropriate Council, or the Secretary with respect to a fishery to which section 302(a)(3) applies. A signed return receipt shall serve as adequate evidence of such notice and as the date upon which the 90-day period begins.

(4) A Council may submit to the Secretary any proposed changes to such list or such guidelines the Council deems ap-
appropriate. The Secretary shall publish a revised list, after notice and an opportunity for public comment, upon receiving any such proposed changes from a Council.

(5) A Council may request the Secretary to promulgate emergency regulations under subsection (c) to prohibit any persons or vessels from using an unlisted fishing gear or engaging in an unlisted fishery if the appropriate Council, or the Secretary for fisheries to which section 302(a)(3) applies, determines that such unlisted gear or unlisted fishery would compromise the effectiveness of conservation and management efforts under this Act.

(6) Nothing in this subsection shall be construed to permit a person or vessel to engage in fishing or employ fishing gear when such fishing or gear is prohibited or restricted by regulation under a fishery management plan or plan amendment, or under other applicable law.

(b) Fish Habitat.—(1)(A) The Secretary shall, within 6 months of the date of enactment of the Sustainable Fisheries Act, establish by regulation guidelines to assist the Councils in the description and identification of essential fish habitat in fishery management plans (including adverse impacts on such habitat) and in the consideration of actions to ensure the conservation and enhancement of such habitat. The Secretary shall set forth a schedule for the amendment of fishery management plans to include the identification of essential fish habitat and for the review and updating of such identifications based on new scientific evidence or other relevant information.

(B) The Secretary, in consultation with participants in the fishery, shall provide each Council with recommendations and information regarding each fishery under that Council’s authority to assist it in the identification of essential fish habitat, the adverse impacts on that habitat, and the actions that should be considered to ensure the conservation and enhancement of that habitat.

(C) The Secretary shall review programs administered by the Department of Commerce and ensure that any relevant programs further the conservation and enhancement of essential fish habitat.

(D) The Secretary shall coordinate with and provide information to other Federal agencies to further the conservation and enhancement of essential fish habitat.

(2) Each Federal agency shall consult with the Secretary with respect to any action authorized, funded, or undertaken, or proposed to be authorized, funded, or undertaken, by such agency that may adversely affect any essential fish habitat identified under this Act.

(3) Each Council—

(A) may comment on and make recommendations to the Secretary and any Federal or State agency concerning any activity authorized, funded, or undertaken, or proposed to be authorized, funded, or undertaken, by any Federal or State agency that, in the view of the Council, may affect the habitat, including essential fish habitat, of a fishery resource under its authority; and

(B) shall comment on and make recommendations to the Secretary and any Federal or State agency concerning any such activity that, in the view of the Council, is likely to substan-
tially affect the habitat, including essential fish habitat, of an anadromous fishery resource under its authority.

(4)(A) If the Secretary receives information from a Council or Federal or State agency or determines from other sources that an action authorized, funded, or undertaken, or proposed to be authorized, funded, or undertaken, by any State or Federal agency would adversely affect any essential fish habitat identified under this Act, the Secretary shall recommend to such agency measures that can be taken by such agency to conserve such habitat.

(B) Within 30 days after receiving a recommendation under subparagraph (A), a Federal agency shall provide a detailed response in writing to any Council commenting under paragraph (3) and the Secretary regarding the matter. The response shall include a description of measures proposed by the agency for avoiding, mitigating, or offsetting the impact of the activity on such habitat. In the case of a response that is inconsistent with the recommendations of the Secretary, the Federal agency shall explain its reasons for not following the recommendations.

(c) **EMERGENCY ACTIONS AND INTERIM MEASURES.**—(1) If the Secretary finds that an emergency or overfishing exists or that interim measures are needed to reduce overfishing for any fishery, he may promulgate emergency or overfishing regulations or interim measures necessary to address the emergency or overfishing, without regard to whether a fishery management plan exists for such fishery.

(2) If a Council finds that an emergency or overfishing exists or that interim measures are needed to reduce overfishing for any fishery within its jurisdiction, whether or not a fishery management plan exists for such fishery—

(A) the Secretary shall promulgate emergency or overfishing regulations or interim measures under paragraph (1) to address the emergency or overfishing if the Council, by unanimous vote of the members who are voting members, requests the taking of such action; and

(B) the Secretary may promulgate emergency or overfishing regulations or interim measures under paragraph (1) to address the emergency or overfishing if the Council, by less than a unanimous vote, requests the taking of such action.

(3) Any emergency regulation or interim measure which changes any existing fishery management plan or amendment shall be treated as an amendment to such plan for the period in which such regulation is in effect. Any emergency regulation or interim measure promulgated under this subsection—

(A) shall be published in the Federal Register together with the reasons therefor;

(B) shall, except as provided in subparagraph (C), remain in effect for not more than 180 days after the date of publication, and may be extended by publication in the Federal Register for one additional period of not more than 186 days, provided the public has had an opportunity to comment on the emergency regulation or interim measure, and, in the case of a Council recommendation for emergency regulations or interim measures, the Council is actively preparing a fishery management plan, plan amendment, or proposed regulations to address the emergency or overfishing on a permanent basis;
(C) that responds to a public health emergency or an oil spill may remain in effect until the circumstances that created the emergency no longer exist. Provided, That the public has an opportunity to comment after the regulation is published, and, in the case of a public health emergency, the Secretary of Health and Human Services concurs with the Secretary's action; and

(D) may be terminated by the Secretary at an earlier date by publication in the Federal Register of a notice of termination, except for emergency regulations or interim measures promulgated under paragraph (2) in which case such early termination may be made only upon the agreement of the Secretary and the Council concerned.

(d) Responsibility of the Secretary.—The Secretary shall have general responsibility to carry out any fishery management plan or amendment approved or prepared by him, in accordance with the provisions of this Act. The Secretary may promulgate such regulations, in accordance with section 553 of title 5, United States Code, as may be necessary to discharge such responsibility or to carry out any other provision of this Act.

(e) Effect of Certain Laws on Certain Time Requirements.—The Paperwork Reduction Act of 1980 (44 U.S.C. 3501 et seq.), the Regulatory Flexibility Act (5 U.S.C. 601 et seq.), and Executive Order Numbered 12866, dated September 30, 1993, shall be complied with within the time limitations specified in subsections (a), (b), and (c) of section 304 as they apply to the functions of the Secretary under such provisions.

(f) Judicial Review.—(1) Regulations promulgated by the Secretary under this Act and actions described in paragraph (2) shall be subject to judicial review to the extent authorized by, and in accordance with, chapter 7 of title 5, United States Code, if a petition for such review is filed within 30 days after the date on which the regulations are promulgated or the action is published in the Federal Register, as applicable; except that—

(A) section 705 of such title is not applicable, and

(B) the appropriate court shall only set aside any such regulation or action on a ground specified in section 706(2)(A), (B), (C), or (D) of such title.

(2) The actions referred to in paragraph (1) are actions that are taken by the Secretary under regulations which implement a fishery management plan, including but not limited to actions that establish the date of closure of a fishery to commercial or recreational fishing.

(3)(A) Notwithstanding any other provision of law, the Secretary shall file a response to any petition filed in accordance with paragraph (1), not later than 45 days after the date the Secretary is served with that petition, except that the appropriate court may extend the period for filing such a response upon a showing by the Secretary of good cause for that extension.

(B) A response of the Secretary under this paragraph shall include a copy of the administrative record for the regulations that are the subject of the petition.

(4) Upon a motion by the person who files a petition under this subsection, the appropriate court shall assign the matter for hearing at the earliest possible date and shall expedite the matter in every possible way.
(g) Negotiated Conservation and Management Measures.—

(1)(A) In accordance with regulations promulgated by the Secretary pursuant to this paragraph, a Council may establish a fishery negotiation panel to assist in the development of specific conservation and management measures for a fishery under its authority. The Secretary may establish a fishery negotiation panel to assist in the development of specific conservation and management measures required for a fishery under section 304(e)(5), for a fishery for which the Secretary has authority under section 304(g), or for any other fishery with the approval of the appropriate Council.

(B) No later than 180 days after the date of enactment of the Sustainable Fisheries Act, the Secretary shall promulgate regulations establishing procedures, developed in cooperation with the Administrative Conference of the United States, for the establishment and operation of fishery negotiation panels. Such procedures shall be comparable to the procedures for negotiated rulemaking established by subchapter III of chapter 5 of title 5, United States Code.

(2) If a negotiation panel submits a report, such report shall specify all the areas where consensus was reached by the panel, including, if appropriate, proposed conservation and management measures, as well as any other information submitted by members of the negotiation panel. Upon receipt, the Secretary shall publish such report in the Federal Register for public comment.

(3) Nothing in this subsection shall be construed to require either a Council or the Secretary, whichever is appropriate, to use all or any portion of a report from a negotiation panel established under this subsection in the development of specific conservation and management measures for the fishery for which the panel was established.

(h) Central Registry System for Limited Access System Permits.—

(1) Within 6 months after the date of enactment of the Sustainable Fisheries Act, the Secretary shall establish an exclusive central registry system (which may be administered on a regional basis) for limited access system permits established under section 303(b)(6) or other Federal law, including limited access privileges, which shall provide for the registration of title to, and interests in, such permits, as well as for procedures for changes in the registration of title to such permits upon the occurrence of involuntary transfers, judicial or nonjudicial foreclosure of interests, enforcement of judgments thereon, and related matters deemed appropriate by the Secretary. Such registry system shall—

(A) provide a mechanism for filing notice of a nonjudicial foreclosure or enforcement of a judgment by which the holder of a senior security interest acquires or conveys ownership of a permit, and in the event of a nonjudicial foreclosure, by which the interests of the holders of junior security interests are released when the permit is transferred;

(B) provide for public access to the information filed under such system, notwithstanding section 402(b); and
(C) provide such notice and other requirements of applicable law that the Secretary deems necessary for an effective registry system.

(2) The Secretary shall promulgate such regulations as may be necessary to carry out this subsection, after consulting with the Councils and providing an opportunity for public comment. The Secretary is authorized to contract with non-Federal entities to administer the central registry system.

(3) To be effective and perfected against any person except the transferor, its heirs and devisees, and persons having actual notice thereof, all security interests, and all sales and other transfers of permits described in paragraph (1), shall be registered in compliance with the regulations promulgated under paragraph (2). Such registration shall constitute the exclusive means of perfection of title to, and security interests in, such permits, except for Federal tax liens thereon, which shall be perfected exclusively in accordance with the Internal Revenue Code of 1986 (26 U.S.C. 1 et seq.). The Secretary shall notify both the buyer and seller of a permit if a lien has been filed by the Secretary of the Treasury against the permit before collecting any transfer fee under paragraph (5) of this subsection.

(4) The priority of security interests shall be determined in order of filing, the first filed having the highest priority. A validly-filed security interest shall remain valid and perfected notwithstanding a change in residence or place of business of the owner of record. For the purposes of this subsection, “security interest” shall include security interests, assignments, liens and other encumbrances of whatever kind.

(5)(A) Notwithstanding section 304(d)(1), the Secretary shall collect a reasonable fee of not more than one-half of one percent of the value of a limited access system permit upon registration of the title to such permit with the central registry system and upon the transfer of such registered title. Any such fee collected shall be deposited in the Limited Access System Administration Fund established under subparagraph (B).

(B) There is established in the Treasury a Limited Access System Administration Fund. The Fund shall be available, without appropriation or fiscal year limitation, only to the Secretary for the purposes of—

(iii) ADJUSTMENT OF ALLOCATIONS.—After the evaluation required by clause (i), the State of Alaska shall make a determination, on the record and after an opportunity for a hearing, with respect to the performance of each entity participating in the program for the criteria described in clause (ii). If the State determines that the entity has maintained or improved its overall performance with respect to the criteria, the allocation to such entity under the program shall be extended by the State for the next 10-year period. If the
State determines that the entity has not maintained or improved its overall performance with respect to the criteria—

(I) at least 90 percent of the entity's allocation for each species under subparagraph (C) shall be extended by the State for the next 10-year period; and

(II) the State may determine, or the Secretary may determine (if State law prevents the State from making the determination), and implement an appropriate reduction of up to 10 percent of the entity's allocation for each species under subparagraph (C) for all or part of such 10-year period.

but does not include a plan that allocates fishery resources to the program.

(2)(A) The Western Pacific Council and the Secretary may establish a western Pacific community development program for any fishery under the authority of such Council in order to provide access to such fishery for western Pacific communities that participate in the program.

(i) has unique military design, construction, manning, or operating requirements; and

(ii) cannot fully comply with the special area requirements of Regulation 5 of Annex V to the Convention because compliance is not technologically feasible or would impair the operations or operational capability of the ship.

(3)(A) Not later than December 31, 2000, the Secretary of the Navy shall prescribe and publish in the Federal Register standards to ensure that each ship described in subparagraph (B) is, to the maximum extent practicable without impairing the operations or operational capabilities of the ship, operated in a manner that is
consistent with the special area requirements of Regulation 5 of Annex V to the Convention.

(B) Subparagraph (A) applies to surface ships that are owned or operated by the Department of the Navy that the Secretary plans to decommission during the period beginning on January 1, 2001, and ending on December 31, 2005.

(g) WAIVER AUTHORITY.—The President may waive the effective dates of the requirements set forth in subsection (c) of this section and in subsection 1003(e) of the National Defense Authorization Act for Fiscal Year 1994 if the President determines it to be in the paramount interest of the United States to do so. Any such waiver shall be for a period not in excess of one year. The President shall submit to the Congress each January a report on all waivers from the requirements of this section granted during the preceding calendar year, together with the reasons for granting such waivers.

(h) [(h)] The heads of Federal departments and agencies shall prescribe standards applicable to ships excluded from this Act by subsection (b)(1) of this section and for which they are responsible. Standards prescribed under this subsection shall ensure, so far as is reasonable and practicable without impairing the operations or operational capabilities of such ships, that such ships act in a manner consistent with the MARPOL Protocol.

(i) [i] SAVINGS CLAUSE.—Nothing in this section shall be construed to restrict in a manner inconsistent with international law navigational rights and freedoms as defined by United States law, treaty, convention, or customary international law.

PROCEDURE

SEC. 5. (a) The Secretary shall, as soon as practicable after the date of enactment of this Act, and after consultation with other Federal agencies, issue regulations to carry out the purposes and provisions of this Act, in accordance with the provisions of section 553 of title 5, United States Code, without regard to subsection (a) thereof. Such regulations shall pertain to, but need not be limited to, application, issuance, transfer, renewal, suspension, and termination of licenses. Such regulations shall provide for full consultation and cooperation with all other interested Federal agencies and departments and with any potentially affected coastal State, and for consideration of the views of any interested members of the general public. The Secretary is further authorized, consistent with the purposes and provisions of this Act, to amend or rescind any such regulation.

(b) The Secretary, in consultation with the Secretary of the Interior and the Administrator of the National Oceanic and Atmospheric Administration, shall, as soon as practicable after the date of enactment of this Act, prescribe regulations relating to those activities involved in site evaluation and preconstruction testing at potential deepwater port locations that may (1) adversely affect the environment; (2) interfere with authorized uses of the Outer Continental Shelf; or (3) pose a threat to human health and welfare. Such activity may thenceforth not be undertaken except in accordance with regulations prescribed pursuant to this subsection. Such regulations shall be consistent with the purposes of this Act.

(c)(1) Any person making an application under this Act shall submit detailed plans to the Secretary. Within 21 days after the receipt of an application, the Secretary shall determine whether the application appears to contain all of the information required by paragraph (2) hereof. If the Secretary determines that such information appears to be contained in the application, the Secretary shall, no later than 5 days after making such a determination, publish notice of the application and a summary of the plans in the Federal Register. If the Secretary determines that all the required information does not appear to be contained in the application, the Secretary shall notify the applicant and take no further action with respect to the application until such deficiencies have been remedied.

(2) Each application shall include such financial, technical, and other information as the Secretary deems necessary or appropriate. Such information shall include, but need not be limited to—

(A) the name, address, citizenship, telephone number, and the ownership interest in the applicant, of each person having any ownership interest in the applicant of greater than 3 percent;

(B) to the extent feasible, the name, address, citizenship, and telephone number of any person with whom the applicant has made, or proposes to make, a significant contract for the construction or operation of the deepwater port, and a copy of any such contract;

(C) the name, address, citizenship, and telephone number of each affiliate of the applicant and of any person required to be disclosed pursuant to subparagraphs (A) or (B) of this para-
graph, together with a description of the manner in which such
affiliate is associated with the applicant or any person required
to be disclosed under subparagraph (A) or (B) of this para-
graph;
(D) the proposed location and capacity of the deepwater port,
including all components thereof;
(E) the type and design of all components of the deepwater
port and any storage facilities associated with the deepwater
port;

tion of each phase, including anticipated dates of completion
for each of the specific components thereof;
(G) the location and capacity of existing and proposed stor-

transported through the deepwater port, to the extent known
by the applicant or any person required to be disclosed pursuant
to subparagraphs (A), (B), or (C) of this paragraph;
(H) with respect to any existing and proposed refineries
which will receive oil transported through the deepwater port,
the location and capacity of each such refinery and the antici-

to the extent known by the applicant or any person required
to be disclosed pursuant to subparagraphs (A), (B), or (C) of
this paragraph;
(I) the financial and technical capabilities of the applicant to
construct or operate the deepwater port;
(J) other qualifications of the applicant to hold a license
under this Act;
(K) the nation of registry for, and the nationality or citizen-
ship of officers and crew serving on board, vessels transporting
natural gas that are reasonably anticipated to be servicing the
depthwater port;

erating, and maintaining the deepwater port, including sys-
tems of oil spill prevention, containment, and cleanup; and
(M) such other information as may be required by the Sec-

depthwater port.

(3) Upon written request of any person subject to this subsection,
the Secretary may make a determination in writing to exempt such
person from any of the informational filing provisions enumerated
in this subsection or the regulations implementing this section if
the Secretary determines that such information is not necessary to
facilitate the Secretary’s determinations under section 4 of this Act
and that such exemption will not limit public review and evalua-
tion of the deepwater port project.

(d)(1) At the time notice of an application is published pursuant
to subsection (c) of this section, the Secretary shall publish a de-
scription in the Federal Register of an application area encom-
passing the deepwater port site proposed by such application and
within which construction of the proposed deepwater port would
eliminate, at the time such application was submitted, the need for
any other deepwater port within that application area.

(2) As used in this section, “application area” means any reason-
able geographical area within which a deepwater port may be con-
constructed and operated. Such application area shall not exceed a circular zone, the center of which is the principal point of loading and unloading at the port, and the radius of which is the distance from such point to the high water mark of the nearest adjacent coastal State.

(3) the Secretary shall accompany such publication with a call for submission of any other applications for licenses for the ownership, construction, and operation of a deepwater port within the designated application area. Persons intending to file applications for such license shall submit a notice of intent to file an application with the Secretary not later than 60 days after the publication of notice pursuant to subsection (c) of this section and shall submit the completed application no later than 90 days after publication of such notice. The Secretary shall publish notice of any such application received in accordance with subsection (c) of this section. No application for a license for the ownership, construction, and operation of a deepwater port within the designated application area for which a notice of intent to file was received after such 60-day period, or which is received after such 90-day period has elapsed, shall be considered until the application pending with respect to such application area have been denied pursuant to this Act.

(4) This subsection shall not apply to deepwater ports for natural gas.

(e)(1) Not later than 30 days after the date of enactment of this Act, the Secretary of the Interior, the Administrator of the Environmental Protection Agency, the Chief of Engineers of the United States Army Corps of Engineers, the Administrator of the National Oceanic and Atmospheric Administration, and the heads of any other Federal departments or agencies having expertise concerning, or jurisdiction over, any aspect of the construction or operation of deepwater ports shall transmit to the Secretary written comments as to their expertise or statutory responsibilities pursuant to this Act or any other Federal law.

(2) An application filed with the Secretary shall constitute an application for all Federal authorizations required for ownership, construction, and operation of a deepwater port. At the time notice of any application is published pursuant to subsection (c) of this section, the Secretary shall forward a copy of such application to those Federal agencies and departments with jurisdiction over any aspect of such ownership, construction, or operation for comment, review, or recommendation as to conditions and for such other action as may be required by law. Each agency or department involved shall review the application and, based upon legal considerations within its area of responsibility, recommend to the Secretary the approval or disapproval of the application not later than 45 days after the last public hearing on a proposed license for a designated application area. In any case in which the agency or department recommends disapproval, it shall set forth in detail the manner in which the application does not comply with any law or regulation within its area of responsibility and shall notify the Secretary how the application may be amended so as to bring it into compliance with the law or regulation involved.

(f) NEPA Compliance.—For all applications, the Secretary, in cooperation with other involved Federal agencies and departments, shall comply with the National Environmental Policy Act of 1969
Such compliance shall fulfill the requirement of all Federal agencies in carrying out their responsibilities under the National Environmental Policy Act of 1969 pursuant to this Act.

(g) A license may be issued only after public notice and public hearings in accordance with this subsection. At least one such public hearing shall be held in each adjacent coastal State. Any interested person may present relevant material at any hearing. After hearings in each adjacent coastal State are concluded, if the Secretary determines that there exists one or more specific and material factual issues which may be resolved by a formal evidentiary hearing, at least one adjudicatory hearing shall be held in accordance with the provisions of section 554 of title 5, United States Code, in the District of Columbia. The record developed in any such adjudicatory hearing shall be basis for the Secretary's decision to approve or deny a license. Hearings held pursuant to this subsection shall be consolidated insofar as practicable with hearings held by other agencies. All public hearings on all applications for any designated application area shall be consolidated and shall be concluded not later than 240 days after notice of the initial application has been published pursuant to section 5(c) of this Act.

(h)(1) Each person applying for a license pursuant to this Act shall remit to the Secretary at the time the application is filed a nonrefundable application fee established by regulation by the Secretary. In addition, an applicant shall also reimburse the United States and the appropriate adjacent coastal State for any additional costs incurred in processing an application.

(2) Notwithstanding any other provision of this Act, and unless prohibited by law, an adjacent coastal State may fix reasonable fees for the use of a deepwater port facility, and such State and any other State in which land-based facilities directly related to a deepwater port facility are located may set reasonable fees for the use of such land-based facilities. Fees may be fixed under authority of this paragraph as compensation for any economic cost attributable to the construction and operation of such deepwater port and such land-based facilities, which cannot be recovered under other authority of such State or political subdivision thereof, including, but not limited to, ad valorem taxes, and for environmental and administrative costs attributable to the construction and operation of such deepwater port and such land-based facilities. Fees under this paragraph shall not exceed such economic, environmental, and administrative costs of such State. Such fees shall be subject to the approval of the Secretary. As used in this paragraph, the term "land-based facilities directly related to a deepwater port facility" means the onshore tank farm and pipelines connecting such tank farm to the deepwater port facility.

(3) A licensee shall pay annually in advance the fair market rental value (as determined by the Secretary of the Interior) of the subsoil and seabed of the Outer Continental Shelf of the United States to be utilized by the deepwater port, including the fair market rental value of the right-of-way necessary for the pipeline segment of the port located on such subsoil and seabed.

(i)(1) The Secretary shall approve or deny any application for a designated application area submitted pursuant to this Act not later than 90 days after the last public hearing on a proposed license for that area.
(2) In the event more than one application is submitted for an application area, the Secretary, unless one of the proposed deepwater ports clearly best serves the national interest, shall issue a license according to the following order of priorities:

(A) to an adjacent coastal State (or combination of States), any political subdivision thereof, or agency or instrumentality, including a wholly owned corporation of any such government;
(B) to a person who is neither (i) engaged in producing, refining, or marketing oil, nor (ii) an affiliate of any person who is engaged in producing, refining, or marketing oil or an affiliate of any such affiliate;
(C) to any other person.

(3) In determining whether any one proposed deepwater port clearly best serves the national interest, the Secretary shall consider the following factors:

(A) the degree to which the proposed deepwater ports affect the environment, as determined under criteria established pursuant to section 6 of this Act;
(B) any significant differences between anticipated completion dates for the proposed deepwater ports; and
(C) any differences in costs of construction and operation of the proposed deepwater ports, to the extent that such differential may significantly affect the ultimate cost of oil to the consumer.

(4) The Secretary shall approve or deny any application for a deepwater port for natural gas submitted pursuant to this Act not later than 90 days after the last public hearing on a proposed license. Paragraphs (1), (2), and (3) of this subsection shall not apply to an application for a deepwater port for natural gas.

(j) LNG Tankers.

(1) Program.—The Secretary of Transportation shall develop and implement a program to promote the transportation of liquefied natural gas to the United States on United States flag vessels.

(2) Information to be Provided.—When the Coast Guard is operating as a contributing agency in the Federal Energy Regulatory Commission’s shoreside licensing process for a liquefied natural gas or liquefied petroleum gas terminal located on shore or within State seaward boundaries, the Coast Guard shall provide to the Commission the information described in section 5(c)(2)(K) of the Deepwater Port Act of 1974 (33 U.S.C. 1504(c)(2)(K)) with respect to vessels reasonably anticipated to be servicing that port.

(3) require such owners and operators to revise their initial telephonic or electronic notice to the Secretary and the National Response Center with an estimate of the amount of the product released, an estimate of the number of fatalities and injuries, if any, and any other information determined appropriate by the Secretary within 48 hours of the accident or incident, to the extent practicable.

(c) Updating of Reports.—After receiving revisions described in subsection (b)(3), the National Response Center shall update the initial report on an accident or incident instead of generating a new report.

Dear Chairman DeFazio:

I write to you regarding H.R. 3409, the “Coast Guard Authorization Act of 2019.”

H.R. 3409 contains provisions that fall within the jurisdiction of the Committee on Homeland Security. I recognize and appreciate your desire to bring this legislation before the House in an expeditious manner and, accordingly, I will not seek a sequential referral of the bill. However, agreeing to waive consideration of this bill should not be construed as the Committee on Homeland Security waiving, altering, or otherwise affecting its jurisdiction over subject matters contained in the bill which fall within its Rule X jurisdiction.

Further, I request your support for the appointment of Homeland Security conferees during any House-Senate conference convened on this or similar legislation. I also ask that a copy of this letter and your response be included in the legislative report on H.R. 3409 and in the Congressional Record during floor consideration of this bill.

I look forward to working with you as we prepare to pass this important legislation.
