

Testimony of Greta Thunberg
Climate Activist
Before the United States House of Representatives
Foreign Affairs Committee Subcommittee on Europe, Eurasia, Energy, and the Environment,
with the House Select Committee on the Climate Crisis
“Voices Leading the Next Generation on the Global Climate Crisis”

My name is Greta Thunberg.

I have not come to offer prepared remarks at this hearing

I am instead attaching my testimony. It is the IPCC Special Report on Global Warming of 1.5°C [SR1.5] which was released on October 8, 2018.

I am submitting this report as my testimony because I don't want you to listen to me. I want you to listen to the scientists. And I want you to unite behind the science.

And then I want you to take action.
