## A BILL

To prohibit discrimination based on an individual's texture  
or style of hair.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

1   **SECTION 1. SHORT TITLE.**

2       This Act may be cited as the “Creating a Respectful  
3   and Open World for Natural Hair Act of 2021” or the  
4   “CROWN Act of 2021”.

5   **SEC. 2. FINDINGS; SENSE OF CONGRESS; PURPOSE.**

6       (a) FINDINGS.—Congress finds the following:

7               (1) Throughout United States history, society  
8   has used (in conjunction with skin color) hair tex-  
9   ture and hairstyle to classify individuals on the basis  
10   of race.

11              (2) Like one’s skin color, one’s hair has served  
12   as a basis of race and national origin discrimination.

13              (3) Racial and national origin discrimination  
14   can and do occur because of longstanding racial and  
15   national origin biases and stereotypes associated  
16   with hair texture and style.

17              (4) For example, routinely, people of African  
18   descent are deprived of educational and employment  
19   opportunities because they are adorned with natural  
20   or protective hairstyles in which hair is tightly coiled  
21   or tightly curled, or worn in locs, cornrows, twists,  
22   braids, Bantu knots, or Afros.

23              (5) Racial and national origin discrimination is  
24   reflected in school and workplace policies and prac-  
25   tices that bar natural or protective hairstyles com-  
26   monly worn by people of African descent.

1                     (6) For example, as recently as 2018, the  
2 United States Armed Forces had grooming policies  
3 that barred natural or protective hairstyles that  
4 servicemembers of African descent commonly wear  
5 and that described these hairstyles as “unkempt”.

6                     (7) The United States Army also recognized  
7 that prohibitions against natural or protective hair-  
8 styles that African-American soldiers are commonly  
9 adorned with are racially discriminatory, harmful,  
10 and bear no relationship to African-American serv-  
11 icewomen’s occupational qualifications and their  
12 ability to serve and protect the Nation. As of Feb-  
13 ruary 2021, the United States Army removed min-  
14 imum hair length requirements and lifted restric-  
15 tions on any soldier wearing braids, twists, locs, and  
16 cornrows in order to promote inclusivity and accom-  
17 modate the hair needs of soldiers.

18                     (8) As a type of racial or national origin dis-  
19 crimination, discrimination on the basis of natural  
20 or protective hairstyles that people of African de-  
21 scent are commonly adorned with violates existing  
22 Federal law, including provisions of the Civil Rights  
23 Act of 1964 (42 U.S.C. 2000e et seq.), section 1977  
24 of the Revised Statutes (42 U.S.C. 1981), and the  
25 Fair Housing Act (42 U.S.C. 3601 et seq.). How-

1 ever, some Federal courts have misinterpreted Fed-  
2 eral civil rights law by narrowly interpreting the  
3 meaning of race or national origin, and thereby per-  
4 mitting, for example, employers to discriminate  
5 against people of African descent who wear natural  
6 or protective hairstyles even though the employment  
7 policies involved are not related to workers' ability to  
8 perform their jobs.

9 (9) Applying this narrow interpretation of race  
10 or national origin has resulted in a lack of Federal  
11 civil rights protection for individuals who are dis-  
12 criminated against on the basis of characteristics  
13 that are commonly associated with race and national  
14 origin.

15 (10) In 2019 and 2020, State legislatures and  
16 municipal bodies throughout the United States have  
17 introduced and passed legislation that rejects certain  
18 Federal courts' restrictive interpretation of race and  
19 national origin, and expressly classifies race and na-  
20 tional origin discrimination as inclusive of discrimi-  
21 nation on the basis of natural or protective hair-  
22 styles commonly associated with race and national  
23 origin.

24 (b) SENSE OF CONGRESS.—It is the sense of Con-  
25 gress that—

1                             (1) the Federal Government should acknowl-  
2                             edge that individuals who have hair texture or wear  
3                             a hairstyle that is historically and contemporarily as-  
4                             sociated with African Americans or persons of Afri-  
5                             can descent systematically suffer harmful discrimi-  
6                             nation in schools, workplaces, and other contexts  
7                             based upon longstanding race and national origin  
8                             stereotypes and biases;

9                             (2) a clear and comprehensive law should ad-  
10                            dress the systematic deprivation of educational, em-  
11                            ployment, and other opportunities on the basis of  
12                            hair texture and hairstyle that are commonly associa-  
13                            ted with race or national origin;

14                            (3) clear, consistent, and enforceable legal  
15                            standards must be provided to redress the wide-  
16                            spread incidences of race and national origin dis-  
17                            crimination based upon hair texture and hairstyle in  
18                            schools, workplaces, housing, federally funded insti-  
19                            tutions, and other contexts;

20                            (4) it is necessary to prevent educational, em-  
21                            ployment, and other decisions, practices, and policies  
22                            generated by or reflecting negative biases and  
23                            stereotypes related to race or national origin;

24                            (5) the Federal Government must play a key  
25                            role in enforcing Federal civil rights laws in a way

1       that secures equal educational, employment, and  
2       other opportunities for all individuals regardless of  
3       their race or national origin;

4                 (6) the Federal Government must play a central  
5       role in enforcing the standards established under  
6       this Act on behalf of individuals who suffer race or  
7       national origin discrimination based upon hair tex-  
8       ture and hairstyle;

9                 (7) it is necessary to prohibit and provide rem-  
10      edies for the harms suffered as a result of race or  
11      national origin discrimination on the basis of hair  
12      texture and hairstyle; and

13                 (8) it is necessary to mandate that school,  
14      workplace, and other applicable standards be applied  
15      in a nondiscriminatory manner and to explicitly pro-  
16      hibit the adoption or implementation of grooming re-  
17      quirements that disproportionately impact people of  
18      African descent.

19                 (c) PURPOSE.—The purpose of this Act is to institute  
20      definitions of race and national origin for Federal civil  
21      rights laws that effectuate the comprehensive scope of pro-  
22      tection Congress intended to be afforded by such laws and  
23      Congress' objective to eliminate race and national origin  
24      discrimination in the United States.
