A BILL

To allow Americans to earn paid sick time so that they can address their own health needs and the health needs of their families.

1 *Be it enacted by the Senate and House of Representa-*
 2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Healthy Families Act”.

5 **SEC. 2. FINDINGS.**

6 Congress makes the following findings:

7 (1) Working people need time to meet their own
 8 health care needs and to care for family members.
 9 The absence of paid sick time has forced working
 10 people to make untenable choices between needed in-
 11 come and jobs on the one hand and caring for their
 12 own and their family’s health on the other. It is in
 13 the national interest to ensure that all working peo-

1 ple can care for their own health and the health of
2 their families while prospering at work.

3 (2) Twenty-nine percent of the private sector
4 workforce and 9 percent of the public sector work-
5 force lack paid sick time. Millions more theoretically
6 have access to sick time, but have not been on the
7 job long enough to use it. Millions more lack sick
8 time they can use to care for a sick child or ill fam-
9 ily member.

10 (3) Working people without paid sick days are
11 more likely to go to work sick and delay or forgo
12 needed health care. A 2016 study in the journal
13 Health Affairs found that working adults without
14 paid sick days are 3 times more likely to forgo med-
15 ical care for themselves, and 1.6 times more likely
16 to forgo medical care for their family, compared to
17 working adults with paid sick days. Lack of paid
18 sick days is also a barrier to receiving annual health
19 screenings and preventive care, according to a 2017
20 study in the American Journal of Nursing.

21 (4) Nearly 1 in 4 parents without paid sick
22 time reports sending a sick child to school or child
23 care because the parent has to go to work. When
24 children go to school and child care sick, they risk
25 their own health and that of other children, teach-

1 ers, and administrators. Research suggests that
2 schools play a key role in transmitting contagious ill-
3 nesses like influenza.

4 (5) A 2012 study published in the American
5 Journal of Public Health found that a lack of work-
6 place policies like paid sick days contributed to an
7 additional 5,000,000 cases of influenza-like illness
8 during the H1N1 pandemic of 2009.

9 (6) A National Bureau of Economic Research
10 analysis examining influenza rates following the im-
11 plementation of comprehensive paid sick time laws
12 in 7 major cities in the United States found that
13 when workers gained access to paid sick time in
14 those cities, the general influenza rate in the popu-
15 lation decreased by 5.5 to 6.5 percent. This analysis
16 estimates that those laws helped prevent about 100
17 influenza-like infections per week for every 100,000
18 people.

19 (7) Paid sick days contribute to more cost-effec-
20 tive use of health care resources. A 2011 study by
21 the Institute for Women’s Policy Research found
22 that a universal paid sick days policy would reduce
23 preventable visits to the emergency room and result
24 in cost savings of \$1,100,000,000 per year, includ-

1 ing \$500,000,000 in savings for public health insur-
2 ance programs like Medicare and Medicaid.

3 (8) The American Productivity Audit completed
4 in 2003 found that lost productivity due to illness
5 costs \$226,000,000,000 (\$308,000,000,000 in 2019
6 dollars) annually, and that 71 percent of that cost
7 stems from presenteeism—the practice of employees
8 coming to work while ill. Studies in the *Journal of*
9 *Occupational and Environmental Medicine* and the
10 *Journal of the American Medical Association* show
11 that presenteeism is a larger productivity drain than
12 either absenteeism or short-term disability.

13 (9) Working while sick also increases a worker’s
14 probability of suffering an injury on the job. A 2012
15 study published by the *American Journal of Public*
16 *Health* found that workers with access to paid sick
17 leave were 28 percent less likely than workers with-
18 out paid sick leave to suffer nonfatal occupational
19 injuries.

20 (10) Workers’ access to paid sick time varies
21 dramatically by wage level, as demonstrated by the
22 following:

23 (A) For private sector workers—

24 (i) for workers in the lowest quartile
25 of earners, 55 percent lack paid sick time;

1 (ii) for workers in the next 2 quar-
2 tiles, 27 and 17 percent, respectively, lack
3 paid sick time; and

4 (iii) even for workers in the highest
5 quartile, 10 percent lack paid sick time.

6 (B) For public sector workers—

7 (i) for workers in the lowest quartile
8 of earners, 21 percent lack paid sick time;

9 (ii) for workers in the next 2 quar-
10 tiles, 5 and 3 percent, respectively, lack
11 paid sick time; and

12 (iii) for workers in the highest quar-
13 tile, 5 percent lack paid sick time.

14 (11) Workers' access to paid sick days also var-
15 ies depending on their occupation and race. For ex-
16 ample, more than 80 percent of workers in food
17 preparation and serving occupations lack access to
18 paid sick days, compared to only 23 percent of work-
19 ers in management occupations. More than half of
20 Latino workers and nearly half of Native American
21 or Alaskan Native workers do not have access to
22 paid sick days, compared to nearly 40 percent of
23 White and Black workers.

24 (12) According to the Centers for Disease Con-
25 trol and Prevention, more than 1 in 3 women and

1 more than 1 in 4 men in the United States report
2 having experienced rape, physical abuse, or some
3 form of unwanted sexual contact at some point in
4 their lives. Women and men of color are even more
5 likely to report being impacted by intimate partner
6 violence. Too many people, and especially women,
7 are forced to risk losing their jobs or critical income
8 when they need to take time away from work to ad-
9 dress domestic-violence-related issues, such as ob-
10 taining a restraining order or finding housing, in
11 order to avoid or prevent physical or sexual abuse.

12 (13) Without paid sick time that can be used
13 to address the effects of domestic violence, these vic-
14 tims are in grave danger of losing their jobs. In a
15 2018 survey of domestic violence survivors, nearly $\frac{3}{4}$
16 (73 percent) reported that financial problems forced
17 them to remain with their abusers longer than they
18 wanted or to return to their abusers after having
19 left, and more than half (53 percent) said they lost
20 a job because of the abuse. The loss of employment
21 can be particularly devastating for victims of domes-
22 tic violence, who often need economic security to en-
23 sure safety.

24 (14) The Centers for Disease Control and Pre-
25 vention has estimated that intimate partner violence

1 costs over \$700,000,000 annually due to the victims’
2 lost productivity in employment.

3 (15) A 2018 study published in the American
4 Journal of Orthopsychiatry found that workers with-
5 out paid sick leave benefits have higher levels of psy-
6 chological distress and are 1.45 times more likely to
7 report that their distress symptoms interfere “a lot”
8 with their daily life activities.

9 (16) Efforts to assist abused employees result
10 in positive outcomes for employers as well as em-
11 ployees because employers can retain workers who
12 might otherwise be compelled to leave.

13 (17) Dozens of States, cities, and localities have
14 or will soon have paid sick time laws in place and
15 evidence shows that those laws are working well for
16 workers, businesses, and the economy.

17 (18) A 2009 study by the Center for Economic
18 and Policy Research found that, of 22 countries with
19 comparable economies, the United States was 1 of
20 only 3 countries that did not provide any paid time
21 off for workers with short-term illnesses.

22 **SEC. 3. PURPOSES.**

23 The purposes of this Act are—

24 (1) to ensure that working people can address
25 their own health needs and the health needs of their

1 families by requiring employers to permit employees
2 to earn up to 56 hours of paid sick time including
3 paid time for family care;

4 (2) to diminish public and private health care
5 costs by enabling workers to seek early and routine
6 health care for themselves and their family members;

7 (3) to assist employees who are, or whose fam-
8 ily members are, victims of domestic violence, sexual
9 assault, or stalking, by providing the employees with
10 paid time away from work to allow the victims to re-
11 ceive treatment and to take the necessary steps to
12 ensure their protection;

13 (4) to address the historical and persistent
14 widespread pattern of employment discrimination on
15 the basis of gender by both private and public sector
16 employers;

17 (5) to accomplish the purposes described in
18 paragraphs (1) through (4) in a manner that is fea-
19 sible for employers; and

20 (6) consistent with the provision of the 14th
21 Amendment to the Constitution relating to equal
22 protection of the laws, and pursuant to Congress'
23 power to enforce that provision under section 5 of
24 that Amendment—

1 (A) to accomplish the purposes described
2 in paragraphs (1) through (4) in a manner that
3 minimizes the potential for employment dis-
4 crimination on the basis of sex by ensuring gen-
5 erally that paid sick time is available for eligible
6 medical reasons on a gender-neutral basis; and

7 (B) to promote the goal of equal employ-
8 ment opportunity for women and men.

12 hours worked, to be used as described in subsection
13 (b). An employer shall not be required to permit an

15 hours of paid sick time in a year, unless the em-
16 ployer chooses to set a higher limit.

17 (2) EXEMPT EMPLOYEES.—

18 (A) IN GENERAL.—Except as provided in

20 an employee who is exempt from overtime re-
21 quirements under section 13(a)(1) of the Fair
22 Labor Standards Act of 1938 (29 U.S.C.
23 213(a)(1)) shall be assumed to work 40 hours
24 in each workweek.

1 (B) SHORTER NORMAL WORKWEEK.—If
2 the normal workweek of such an employee is
3 less than 40 hours, the employee shall earn
4 paid sick time based upon that normal work-
5 week.

6 (3) SPECIAL RULE FOR SMALLER EMPLOY-
7 ERS.—A smaller employer may provide paid sick
8 time as provided under paragraph (1) but if such
9 smaller employer opts not to do so, the smaller em-

12 for the same purposes and under the same condi-

14 an employee to earn more than 56 hours of
15 earned paid sick time at a given time.

16 (6) EMPLOYERS WITH EXISTING POLICIES.—

17 Any employer with a paid leave policy who makes
18 available an amount of paid leave that is sufficient
