IN THE HOUSE OF REPRESENTATIVES

A BILL

To allow coastal States to participate in regional ocean partnerships with one or more other coastal States that share a common ocean or coastal area with the coastal State to conserve living resources, expand and protect valuable habitats, enhance coastal resilience, and address such other issues related to the shared ocean or coastal area as are determined to be a shared, regional priority by those States.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Regional Ocean Part-
3 nership Act of 2021”.

4 **SEC. 2. FINDINGS; SENSE OF CONGRESS; PURPOSES.**

5 (a) FINDINGS.—Congress makes the following find-
6 ings:

7 (1) The ocean and coastal waters of the United
8 States are foundational to the economy, security,
9 global competitiveness, and well-being of the United
10 States and continuously serve the people of the
11 United States and other countries as an important
12 source of food, energy, economic productivity, recre-
13 ation, culture, beauty, and enjoyment.

14 (2) Over many years, the resource productivity
15 and water quality of the ocean and coastal areas of
16 the United States have been diminished by pollution,
17 increasing population demands, economic develop-
18 ment, and natural and man-made hazard events,
19 both acute and chronic.

20 (3) Ocean and coastal areas of the United
21 States are managed by State and Federal resource
22 agencies and regulated on an interstate and regional
23 scale by various overlapping Federal authorities,
24 thereby creating a significant need for interstate co-
25 ordination to enhance regional priorities, including
26 the ecological and economic health of those areas.

1 (4) Tribes and Indigenous communities have
2 unique expertise and knowledge important for the
3 stewardship of our ocean and coastal waters.

4 (b) SENSE OF CONGRESS.—It is the sense of Con-
5 gress that—

6 (1) the United States should seek to support
7 interstate coordination of shared regional priorities
8 relating to the management, conservation, resilience,
9 and restoration of ocean and coastal areas to maxi-
10 mize efficiencies through collaborative regional ef-
11 forts by regional ocean partnerships, in consultation
12 with Federal and State agencies, Tribal govern-
13 ments, and local authorities;

14 (2) such efforts would enhance existing and ef-
15 fective State coastal management efforts based on
16 shared regional priorities; and

17 (3) regional ocean partnerships should either
18 directly include representation from Tribal govern-
19 ments or have dedicated consultation with such gov-
20 ernments.

21 (c) PURPOSES.—The purposes of this subtitle are as
22 follows:

23 (1) To complement and expand cooperative vol-
24 untary efforts intended to manage and restore ocean

1 and coastal areas spanning across multiple State
2 boundaries.

3 (2) To expand Federal support for monitoring,
4 data management, and restoration activities in ocean
5 and coastal areas.

6 (3) To commit the United States to a com-
7 prehensive cooperative program to achieve improved
8 water quality in, and improvements in the produc-
9 tivity of living resources of, all coastal ecosystems.

10 (4) To authorize regional ocean partnerships as
11 intergovernmental coordinators for shared interstate
12 and regional priorities relating to the collaborative
13 management of the large marine ecosystems, thereby
14 reducing duplication of efforts and maximizing op-
15 portunities to leverage support in the ocean and
16 coastal regions.

17 (5) To empower States and Tribes to take a
18 lead role in managing oceans and coasts.

19 (6) To incorporate Tribal interests in the man-
20 agement of our oceans and coasts and provide fund-
21 ing to support Tribal and Indigenous ocean and
22 coastal resiliency activities in coordination with re-
23 gional ocean partnerships.

24 (7) To enable regional ocean partnerships, or
25 designated fiscal management entities of such part-

1 nerships, to receive Federal funding to conduct the
2 scientific research, conservation and restoration ac-
3 tivities, and priority coordination on shared regional
4 priorities necessary to achieve the purposes described
5 in paragraphs (1) through (4).

6 **SEC. 3. REGIONAL OCEAN PARTNERSHIPS.**
